Charges Made at Meeting of North Toronto Ratepayers' Association.

Charges of favoritism in the awarding of contracts and lack of proper inspection while buildings are in course inspection while buildings are in course of construction, were freely made against the members of the board of education, at a meeting of the North Toronto Ratepayers' Association, held in the town hall on Saturday evening. The charges were made by a gentleman in the audience, and in a measure corroborated by members of the association present. So serious were the statements considered that a committee consisting of the president and two other members were appointed to two other members were appointed to confer with the members of the board of education relative to the charges

Mr. Proulx (Prescott) complained of the extravagant prices paid for the furnishing of the offices of the minister of justice and the secretar of state.
He read from the auditor-general's report to show that one rug for the latter's office had cost \$285.

"There is not so expensive a rug," declared Mr. Prouix, amid applause and laughter, "in Windsor Palace." He observed that the minister of public works was more economical than his colleagues. His office was not littered in with expensive expensive. up with expensive coucnes.

Mr. Pardee: "He never sleeps."

Mr. Sinclair (Guysboro) sought to ventilate a scandal in connection with the new postoffice building at Canning, N.S. He said that Sir Frederick Borden had offered a desirable site to the government for nothing, but the public works department had insisted upon purchasing an adjoining lot for \$1100.

The expenditure of \$105,000 upon a new armory at Amherst, N.S., was criticized upon the ground that the City of Amherst had no regiment and that the regiment for the county already had an armory at Spring Hill.

Mr. Rholes (Cumberland) said the Amherst armory was being used by the French-Canadian regiment of the second contingent.

ROME, April 4.—The prevailing impression in official centres here, undoubtedly based on direct confidential information from the Balkans, is that the Bulgarian attack on Serbia, altho suffi Bulgarian attack on Serbla, altho suffi-ciently serious, still has not exceeded the proportions of a frontier incident. Its importance is due to the well-known fact that the raid was instigated by a German agent, who is striving to persuade the Bulgarians that their aspirations in Macedonia are hopeless unless they avail themselves of the present favorable con-ditions to compel Serbia and Greece to come to terms and to make concessions. come to terms and to make concessions. The result of the German intrigue, how-ever, is disappointing, since Bulgaria has probably been warned that Italy and Roumania will not tolerate a war against Serbia, which Greece is determined to defend. Hence, she now fully realizes that it will be a blunder to follow the Austro-German policy. It is believed that the frontier incident may be amicably settled

NEW YORK, April 4 .- George F. Goulding of the Toronto Young Men's Christian Association, holder of many world's walking records, in spite of a long handicap, won the three-mile open walking race at the spring games of the 23rd Regiment, held in its Brooklyn Armory, last night.

The Canadian moved into second place passing the two and a half-mile post, and took the lead two laps from home. Some 40 yards behind Goulding came Richard F. Romer, formerly of the Irish-American Athletic Club, a 50-second starter. Joseph Pearman, representing the New York Athletic Club, who left with a 1.50 allowance, was third.

Al Voelimeke of the Pastime Athletic Club, finished second, but was disqualified. After receiving two warnings for "lifting," Voelimeke was ordered off the track in the last lap by the judge, but he refused to obey. Key to the Secret.

Ven. Archdeacon Cody preached on the resurrection. "Christ," said the preacher. "possessed the key to the secret of death. H came back from across the border from which no traveler returns. In these troublous and strenuous days, do not be a coward, for the assurance is given by holy writ that God is a living and abiding source of strength. Remember that God is ever with you. Who would fear the dark valley and the shadow with Christ with them? Fear not what comes after death, fear not to live, fear not to do, and fear not the great hereafter. Be of good cheer, for Christ is among you."

To Maintain Ideals. "Britain's part in the great conflict is not that of a seeker after teritory or gold," said Ven. Archdeacon Cody at St. Paul's Church, East Bloor street, last night. "It is a conflict in which Britons are fighting for the maintenance of ideals."

Referring to the German war-book, published by the general staff, and dis-tributed among the troops, the preach-er said, "A more frightful document was never issued. It teaches that the end will justify any means, so long as vic-tory is achieved. No scruples, it says, against an inhuman act must stand in

From time immemorial all men have compared all beauty, all stateliness, all love and all divinity to the lilles. In mehistoric the lily reigned, love and all divinity to the lilies. In times prehistoric the lily reigned, a lily as today, a fact shown by geological discoveries of all periods. In mythological times the goddess ruled over the lily fields of Elysium, and rested upon the Hly-beds of the rosy dawn. The "Songs of Solomon," with which no literature can ever compare, revel no literature can ever compare, revel allusions to the lily, the epitome of all desires.

Coming down to the Egyptians, we our own present-day knowledge, float-ed serenely on the blue waters centu-ries before Egypt was, and the legend runs that an angel, pursued in love by the sun, losing her way, dropped to earth, and hid her pure soul within the green enwrapping sanals they are the green enwrapping sepals than en-close the perfect bud, until the sun found her at last on earth, among the green shadows of the Nile. Regina's Assessment System

Publicity is the leading idea in the new assessment system adopted by Regina. It should commend itself to all except the bureaucrats. The belief that there is some special mystery about fixing an assessment which cannot be understood by an ordinary business man is at the root of most of the objections to improved methods. The privacy and secrecy maintained about property values contributes to this delusion. There is only one basis for any assessment. It is the value of property. The Ontario Assessment Act specifically states that property shall be assessed at its actual value, and assessors are sworn to make such assessments. In Toronto they plume themselves on violating the law, and civilized power, if indeed that were changes it. "

The German people are saving of some hundreds of rupees and to an agreement, or there would be no said to go wild with joy when they a return to India. British Guiana is purchases or sales. There is no mystery about settling the value of a piece of property which is bought and sold. All sensible assessing should keep that fact in view. The Regina system relies on the widest publicity all thru the assessment operations for arriving at a satisfactory result. In the first place, a number of the ratepayers, recognized as authorities in values, were cognized as authorities in values, were asked for their opinion of the value of the civil service, and Mr. Chinman Lal, a prominent business man of the united of trying to handle the tax return to India. There is no mys- hear of the death by bomb, shell or in special need of settlement and altho of the city. These values were then laid before a strong assessment board consisting of five members, four of them private citizens and not connected with the civic administration. The duty of this board, with the information before it, is to make an initial assessment which is open to the public for criticism and correction, when a final and revised assessment will be made.

There is nothing in this incompatible with the present system in Toronto if the Toronto assessors observed the law and assessed at actual values, and if the rolls were made public and subject to public comment and suggestion, without the present absurd provision of requiring a citizen to ap- a fixed wage and after ten years' resipeal against his neighbor's assessment should he know it to be unfair.

Germany's Submarine Blockade.

Notwithstanding the activities of the German submarines in the war zone the kaiser has delimited in British waters, they have done comparatively little damage. Up to the middle of last month the proportion of British ships entering and leaving the ports of the United Kingdom-an average of a hundred daily-that were challenged by submarines to those that escaped challenge was about one in 400, and the number of ships sunk to those that went in and out was only one in 800. The paper blockade is not effective in any real sense, annoying as have been the losses. It is to be remarked, too, that the ships sunk or damaged have been almost wholly of moderate tonnage and low speed, not a single ocean greyhound having been molested, nor have the submarines succeeded in impeding the transport of men and supplies between the home country and the British bases in France.

As against this limited toll taken by the German submarines, several of these pests have been sunk-six certainly, and even more if the hints given in the letters of naval correspondents are to be taken. This represents a serious German loss not at all compensated by the damage to British shipping. Even from the material point of view the kulser and his advisers may well ask themselves whether the game is worth the candle. In addition, Germany has suffered a further drop in her reputation as a

ROME, April 4.-The difficult pass to

and Austria have come has had no ap-

parent effect on Prince Von Buelow, the

derman ambassador, who is continuing

his efforts to bring about an adjust-

ment. He is now understood to

have proposed a new solution of

might cede to Italy be occu-

pled by Switzerland during the remain-

country to Italy when peace is conclud-

der of the war, and turned over by that

This suggestion was advanced as a

result of the representations made on

behalf of Austria to the effect that if

she should agree to cede to Italy suf-

ficient territory to bring about a set-ficient territory to bring about a set-tlement she must at the same time assure herself of Italy's continued neutrality. Therefore it was said that this territory would not be trans-ferred to Italy until after the war.

This suggestion was rejected at once by Italy and it was then proposed that the territory be held by Germany until

the conclusion of peace. Italy dis-sented from this plan also and Prince

Von Buelow accordingly proposed that Switzerland assume temportary guard-ianship of the territory in question. It is generally felt that the ambas-

ador's latest plan is impracticable.

The status of relations between Italy

und Austria has given rise to many darmist rumors. For example, a re-port is being circulated widely to the meet that Prince Von Buelow has left

aly secretly, believing war to be in-

evitable. The prince and princess are living in their villa in the suburbs.

Fighters at Havana Finish Their Training

Johnson Backers Ofter 6 to 5 Willard Men Ask 9 to 5

JACK JOHNSON LOOKS OVERWEIGHT **BUT WILLARD WANTS BIG ODDS**

Fighters Will Contest for the World's Championship Before Big Crowd Shortly After Noon Today-Heavy Sale of Tickets.

HAVANA, April 4.-With their training finished for the world's champion heavyweight battle on Monday, Johnson and Willard spent today idling and resting. With the struggle for premier honors only a few hours away, they were satisfied with a stiff walk early in the norning. Neither man is down to weight. and, as a consequence, both will abstain om taking liquids until after noon Monlay. As a matter of fact, according to eir statements, they have taken no

siquids in the past two days.

Johnson spent part of his leisure hours in packing his belongings, preliminary to leaving Havana after the fight. He plans to sail for Martinique Wednesday, and will go from there direct to France or South America, depending on the outcome of tomorrow's contest. His last word today was to tell the fans that he was in perfect condition and was sure of winning.

Johnson Looks Heavy.

Johnson says he will enter the ring weighing 225 pounds, his fighting weight, but he looks about ten pounds heavier than that. The gong will sound for the fight at 12.30, and Johnson expects to leave his quarters for the arena at noon. Willard, with a party of Kansas friends lounged about the plaza for an hour or two, listening to the band concert. Crowds gathered around him every time he stopped. He retired early.

Willard will take a brisk walk early tomerrow, and will leave for the ringside at 11 o'clock. e shows no signs of worry over the outcome of the match. He said he expects to beat Johnson any way the negro fights. The length of the battle, he declares, depends on the champion's tactics.

Willard's camp parings said that the in

are trying to get 9 to 5. The real fact is that everybody is alraid to bet big money, as it zeems impossible to figure the result.

The fight promoters announce that they will pay Johnson \$20,000, according to the agreement, at 11 o'clock Monday morning at his hotel. They also hope to take Willard if he is the winner to key West and northward Tuesday.

Final Training.

Johnson and Willard resterday completed their training for the 45-round light for the world's heavyweight championship. It was the last public appearance of the puglists before they enter the ring at the Marianao race course.

Their final work was watched by the biggest crowds since the arrival of the lighters in Cuba. At the end of the day's exhibition the same uncertainty and doubt as to the probable winner pervaded the minds of close followers of puglism as had been apparent during the past two weeks.

At Miramar a big gathering of men and women watched Willard box two rounds with each of his three sparring partners. He showed some of his old faults, a lack of fighting spirit, which, however, may have been due to a desire not to injure his opponents, and he sparred with his mouth open and jaw loose, blinking his eyes when leading or expecting a blow.

No Line on Johnson.

A great crowd gathered at the stadium to witness the six-round bout between Johnson and Sam McVey, which proved to be a burlesque. The champion did nothing but clinch and wrestle and smile, the did not lead a dozen times in the 18 minutes. Occasionally he shot forth a lightning jab and he showed fast footwork. McVey, always clever, hit the champion repeatedly, but lightly. The situation was extremely tuntuiting, as men with money hoped to get some actual idea of Johnson's form.

The afternoon was cold and cloudy, and the stadium was wind-swep; and Johnson said he was taking no chances.

Referee Lack Weish announced last night that he had seen and talked to the fighters, and had told them he would not decide the fight on a technicality. It must be won in a straight, strand-up

FIGHT RETURNS AT ARENA.

All arrangements for the giving of a full and detailed report on the big fight which takes place in Havana today, starting at 12.30, for the championship, are complete. The Havana cable is to be kept open strictly for the reports of the fight as it proceeds, from the announcing of the notables who will be at the ring-side until the battle is decided. There will be no unnecessary delay or interruptions in the report. There will be no reserved seats, one price of admission only to any seat. The doors of the Arena will open at 12 o'clock noon.

out the day and the fight promoters estimated the total sale so far at \$30,000.
They expect to dispose of tickets to the
value of \$50,000 more at the four gotes
of the Marlanae race course tomorrow.
The betting is very light, considering
the calibre of the contest, there being
only a few hundreds of dollars actually
in the stakeholders' hands, despite much
talk of wagers. The best offer of Johnson's backers is 6 to 5, the Willard men
are trying to get 9 to 5. The real fact
is that everybody is afraid to bet big
money, as it seems impossible to figure
the result.

The fight promoters announce that
they will pay Johnson \$30,000, according
to the agreement, at 11 o'clock Monday
merning at his hote! They also hope to
take Willard if he is the winner to Key
West and northward Tuesday.

DEVONIANS OPENED IN STRONG MANNER

Defeated Caledonians Three Goals, Altho Playing One Man Short.

Only one game of division 1 was played on Saturday, when the Devonians opened their season with an easy win over the Caledonians by 4 goals to nil. The game was not a brilliant one, aitho both sides played hard football: The winners played one man short thruout the game, which evened things up somewhat, and but for this the result might have been disastrous for the Scottish team. As it was, the Devonians had all the best of the first half, netting the ball on no less than three occasions. In the second half the Caleys put all their efforts forward to try to equal matters and kept the green shirts on the defensive for a considerable period, but failed to break thru. Just before the close Hopper added the fourth for the Devon men, which ended the scoring. The line up: Caledonians (9): Goal, Herdman; backs, Morrison and Peden; haives, Crawley, Carrick and Henderson; forwards, Gibb, Clark, Merrilees, McGregor and Pearson. Devonians (4): backs, Burmond and McKenzle; haives, Clancy, Leonard and Reynolds; forwards, Horne, Bruce, Hopper, Calver and Allen.

Referee—J. Dobbs,

made five against the Sons of Scotland.

At Harris Park Dunlop Rubber Co. defeated the Hearts of Midlothian team in their opening game by I goal to nil after a splendid game. The only score was made in the first half from a penalty by Avery. The game was fast and clean, both teams playing excellent footbail. The line-up:

Dunlops (1): Goal, Coombe; backs, Shore, Yets; halves, Lowe, Cowper and Avery; centre, Thompson; forwards, Barron, Howson, Corsey and Wood.

Hearts of Midlothian (0): Goal, Mc-Alpine; backs, Pavey, Buckin; halves, Winterburn, Young, Donaldson; centre, Buchanan; forwards, Attwood, McCuish, Allen and Vyse.

Referee—J. Hewitt.

Fraserburg found the Orchard team a fairly easy nut to crack, defeating them, by 3 goals to 0 on the Lappin avenue ground. The game was not at all brilliant, being for the most part ragged, doubtless due to the strong wind which was blowing. During the first half Orchards kept the game well in their opponents territory, but failed in the finishing touches, owing to the excellent goal-keeping of Lloyd. In the second half Fraserburg took every advantage of

shepherd, Bevington and McCall,

Lancashires: Dady, goal; Halt, and Featherstone, backs; Arden, S. Jones and Knowles, halves; A. Jones, Balnford, Bowman, Hammett and Abram, for-

Maple Leafs: Williams goal; Foxton, and Russell, backs: Burdett, Brackwell and Field, halves: Paton, Nash, Brown, Johnson and Finlayson, forwards.

Referee: J. A. Cameron.

The Bank of Commerce put up but a poor fight against their strong opponents or Saturday. The Street Railway boys had them thinking all the time and scored on six occasions thru splendid combination of their team. It was a very good game thruout, but most of the work was done by the winners.

Berkeley Street had quite a hard time in defeating the Cedarvales. Several times both teams came near scoring, but only one goal was scored. It was a good game.

Canadian Whist League Officers Re-Elected

At the election of officers of the Canadian Whist League, held at the King Edward Hotel, Saturday morning, J. F. Connolly of Toronto was unanimously elected honorary president for 1915. J. A. Connors of London was elected as president; Geo, B. Ball, Toronto, first rice-president; Peter Kennedy, Lindsay, second vice-president, and Geo. Duthie, Toronto, third vice-president. J. J. Higgins and J. T. Crawford were re-elected as treasurer and secretary respectively.

On the executive all of last year's members were re-elected, with the exception of J. H. Patterson, who takes the place of W. T. Allen.

A. J. Mouat of Chicago, president of the American Whist League, was a guest to the club during Saturday.

The following are the results of Friday night and Saturday morning sames:

By a Staff Reporter,

OTTAWA, April 3.-The afternoon sitting of the house today was entirely taken up with the estimates for the grain commission, the terminal and internal elevators and the administration of the Canada Grain Act. Sir
George Foster stated that ten million
bushels of grain had gone thru the
government elevator at Fort William
during the crop year of 1913. He intimated that parliament would be asked at this session to deal with the
question of grain shortage. He had
endeavored to bring about an agreement between the shipper at the head
of navigation, the lake carriers and the
eastern elevators, but had been unsuccessful so far as the eastern elevators were concerned. His suggestion

PUT TO DEATH IN THE FLESH, BUT MADE ALIVE IN THE SPIRIT

castern elevators. but had been unsuccessful so far as the castern elevators were concerned. His suggestion was that the shippers should make up any shortage to the extent of ten bushels in the thousand, and the eastern elevators any shortage above that. Of course in the case of any considerable discrepancy the parties affected would still have a right to appeal to the courts.

Oliver's Complaint.

Hon. Frank Oliver said no provision seemed to be made for the shortage which often ocurred in shipments from local stations to the terminal elevators. He read a letter from Mr. Campbell of Winnipeg complaining that the government weight of the same singment in Winnipeg differed from the government weight of the same singment of grain at Fort William by 300 pounds.

W. H. Sharpe (Lisgar) thought that all complaints as to shortages should be disposed of by the grain commission.

The minister said in reply that he could see no reason why a shipper of grain should be placed in a different position from the shipper of any other commodity. Farmers were shipping many products as were manufacturers, marchants and the people generally. Solicitor General Meighen took a different view. He said that every class of any loss in transit they had the courts.

Should Be No Delay.

Solicitor General Meighen took a different view. He said that every class in the tast when Jesus seemed to die. He did not die; that He, the

tion on this interesting and important subject.

The Bible presentation is in every way reasonable, consistent and harmonious. St Paul points out that "there is a natural body and there is a spirit body." He neither means nor says that the spirit body is a human body glorified. Quite to the contrary, he declares that "flesh and blood cannot inherit the Kingdom of God"—no matter how glorified. A human being is so totally different from a spirit being that, as St. John says, "It doth not yet appear what we shall be," in our resurrection change: and the Scriptures do not even attempt to give us an explanation—I John 3:2.

The Bible merely declares that as we now bear the image of the earthy—Adam—so we shall by the resurrection change be given a share in the nature and the likeness of the Second Adam, our glorious Lord. We shall be like Him and see Him as He is. But, be it noted we must be changed from 'lash and blood conditions to spirit conditions by resurrection nower, in order to see Him as He is. Surely this fact proves that our Lord Jesus is no longer flesh, as once He was—"in the days of His flesh."

Heavenly Bodies v. Earthly Bodies.

St. Paul calls attention to sports.

member of the champer of deputies, contributes to The Temps another of his occasional articles on the results of intemperance. In this article M Reinach gives what he declares is the usual course of the dock laborers' day, as follows:

NEW YORK CITY, April 4.—New York City Temple, where the Bible in motion pictures is exhibited twice daily and sunday afternoons, was used today in the morning and evening by Pastor cussell in addressing New York couseration. His dramazation of Earth's History will be resented this week at the Panamaratic International Exposition in San Francisco, beginning Monday. We report the Pastor's Easter discourse from the text, "With what body do they come?" (I Corinthians 15:35.) He said in part:

In our context' St. Paul shows that without God's purpose of a resurrection those who have fallen asleep in death would be presented this applies exposition to the surfering of death."—Hebrews 1015; 2:9.

No one questions that this applies expositions in San bart would be the condemned race. Thus again we read, "A body hast Thou prepared Me"—"for the suffering of death."—Hebrews 1015; 2:9.

see over conversed. He angested to the extent of ten our shortage above the extent of ten our shortage above the extent of the exten

effect.

Even if Jesus had appeared to this effect.

Even if Jesus had appeared to them as He did to Saul of Tarsus, this would not have been convincing and satisfactory. They might have said. Here is a phenomenon, but how can we positively associae it with the life and death of Jesus? Matters were different with Saul. He needed something to arouse him thoroly and to teach him for all time, and others thru him, that the Lord is not a man, but "that Spirit." Besides, the disciples were able to give Saul assurances of what they knew respecting Jesus' resurrection and ascension.

Our Lord adopted the only reasonable way of convincing His disciples that He was no longer dead, and that He was no longer human, but had been glorified and had become a spirit being. The two done at the same time.

VALUABLE COUPON.

THE AT-ONE-MENT BETWEEN
GOD AND MAN is one of Pastor
Russell's masterpieces, clarifying the
doctrine of blood atonement—the necessity of a Ransome-sacrifice. In
this comprehensive volume a very
interesting and entertaining examination is made of every verse in the
Bible in which the words Jehovah,
God, Lord, Son of God and Holy Spirl
occur. The birth of Jesus, from the
virgin Mary, is Scripturally, scientifically, but delicately considered. A
cogent, convincing, yet understandable answer is given to the question
"What is the Soul?" Over a hundred pages are devoted to the intensely interes'ing symbolisms of the
Hebrew Tabernacle rites, with illustrations familiar to all who have
taken a Masonic degree. This volume,
beautifully bound in English maroon
cloth, gold stamped, good type, 752
pages, will be sent to any address,
carriage prepaid, for 34c, accompanied
by this coupon. Address International Bible Students' Association, Brooklyng N.Y.

THE WORST IS OVER.

Commercial failures in the United States during March were 758 fewer than in January and less than half in liabilities, indicating that business has seen the worst of the war's effects.

For the quarter the showing is, says Dun's Review, the worst on record in the number of suspensions—7216. The \$105,-105,335 of liabilities was exceeded only in the second quarter of the panic year of 134 when the total was \$121,500,000.

BUSINESS IMPROVING

Backward Conditions Still Prevail, However, in South and Northwest.

NEW YORK, April 3 .- Despite the intervening holiday and the snowcommenication with outside points, today's two-hour market session manifested pronounced activity and breadth. Of the unusually large over-turn, however, more than the average amount of business was restricted to minor issues. like the local traction group, Rock Island, Eries and special-ties. The various motor shares also contributed more than a fair share to the whole.

DETROIT, April 4.—Announcement to make that the stockholders of the Detroit United Railway have authorized the directors of the company to accept the city's offer of \$24.990,000 for the purchase of the city street Railway lines.

According to the members of the municipal street railway commission, a few minor details concerning the transaction are yet to be arranged after which.

a few minor details concerning the transaction are yet to be arranged, after which the proposition will be submitted for the approval of the voters at a special election, which probably will be held in May.

The city's purchase price represents a mortgage debt of the lines, which the nite to continue to hold attention which had appeared to centre more on the big export clearances, 1,762,000 bushels for the day. In this connection, Kansas City despatches brought word that most of the three-fourths of a million bushels of wheat remaining there would be loaded out as fast as cars could be obtained and that stocks would be next to nothing by May 1.

less of the supposed better outlook for peace. In the end, belief seemed to have increased that Europe would be obliged to come to the United States for large quantities of breadstuffs this month, as tonnage promised to be scarce and vessel rates high for ship-

ments from Argentina.

Corn swayed with wheat. A late rally was helped by exports clearances and by bullish estimates of corn reserves on farms. Cats had only a narrow range. Trading was almost altogether local.

Instance of more competent management.

The basket section was so crowded that one could easily imagine they were in a Toronto street car at a rush hour. The vendors behind the tables were packed in so closely they could scarcely move, and the crowd of buyers in front found it almost impossible to pass along.

Of course, there was a large crowd out on Saturday, but conditions would have been greatly improved if the lessees of the vegetable stalls had been compelled to remove the large quantities of potatoes in bags which they keep in the passageways. J. P. Bickell reports the following fluc-tuations on the Chicago Board of Trade: Prev. Open. High. Low. Close. Close.

toes in bags which they keep in the passageways.

Then, too, this section was positively dirty. The country people who usually display their produce on the tables at the eastern side of this section informed The World's representative they had to secure a broom and sweep off these tables before they were even comparatively fit to use, and this is not the first time they have been in an unfit condition, as at another time the same table was overrun with chicken lice. It is deplorably bad management which allows these things to exist, and the sooner it is ended the better it will be for the market.
