PEOPLE WILL VOTE ON DEAL WITH RAILWAY

Lake Erie & Northern Gives Time for Brantford Electors to Decide.

Special to The Toronto World. BRANTFORD, Dec. 3.—The Lake Erie & Northern Railway will not insist that the deal for the sale of the Grand Valley railway section between Paris and Galt be put thru immediately. The agreement will be allowed to stand until after the people vote on the deal in January next. Lieut.-Col. M. E. Cutcliffe of the 11th Brant Battalion, today announced the names of the staff which he had selected for the new battalion, approval of which was made at divisional headquarters, Toronto. Every member of the staff save Capt. W. W. Patterson, Capt. A. P. Vanomeren and Capt. H. K. Jordan, has been a member of the Dufferin Rifles for some time. The only officer who has seen active service is Capt. Cookshutt, who was with the 10th Battalion, was wounded, and was invalided home on furlough. By request he was transferred to the Brant Battalion, which gives him promotion to a captain. He is a son of W. F. Cookshutt, M.P.

William Phillips, 14, a son of Albert Phillips, North Park street, with some other boys, was playing with a revolver, when it was discharged, and the bullet entered his abdomen. The case is not a serious one.

GUILTY OF GRAIN THEFT FROM DUFFERIN FARMER

John Speers and Mervin Logan Offered to Enlist in Expedition.

Special to The Toronto World. ORANGEVILLE, Ont., Dec. 3.—In the county judge's criminal court today John Speers, Jr., and his hired man, Mervin Logan, pleaded guilty to the theft of wheat and oats from the farm of John George McKenna. Speers, a married man with two young children, has been out on bail, the hired man in jail. Both were arrested the evening after the theft, and the grain, stored in Speers' house, recovered. The men are strapping young fellows, and their counsel asked for clemency as it was their first offence, stating that they were prepared to enlist. The crown attorney concurred. Judge Fisher said that the crime deserved severe punishment. The men would be remanded to jail until the opening of the court, Dec. 14, and if they in the meantime enlisted and were accepted for overseas service, sentence would probably be suspended.

Killed by Horse's Kick. LONDON, Ont., Dec. 3.—Jack Player, 20, of Player and Sons of this city, was kicked in the abdomen by a horse at a livery barn of the firm this evening, and died 15 minutes later.

MANY RECRUITS SIGNED FOR WELAND CORPS

N. F. Davidson, K.C., Made Strong Appeal for Men to Finish the War.

Special to The Toronto World. BRIDGEBURG, Dec. 3.—The local theatre was crowded at the recruiting meeting for the 9th Lincoln and Welland Battalions. The home guard paraded with its band. Lieut. Hart was present as recruiting officer, accompanied by several men on active service. N. F. Davidson, K.C., as speaker of the evening, pressed home the seriousness of the situation and the duty of every fit young man to enlist to assist in the victory which must follow the turn in the tide now coming with the German decrease in effectiveness. The local committee is preparing a register of eligible men. Four recruits enlisted and more will follow. The new battalion has already recruited 170 men, and with the proposed organization of the counties it is expected to complete its establishment before the end of the year.

MOVING PICTURES AT CHURCH. An entertainment consisting of moving pictures, comprising interesting subjects and scenes, was given at Parkcourt Central Methodist Church, last evening, to a capacity audience. Rev. A. Wallace, B.A., presided.

FIGHTING THE VAN HORNE STREET FIRE

This photograph shows the firemen fighting the flames of the fire at the Gold Medal Furniture Company, Limited, factory, which was totally destroyed last night.

YORK COUNTY ...AND... SUBURBS

MIMICO HAS QUARREL WITH RAILWAY BOARD

Board of Trade Proposes Lodging Vigorous Protest Within Forty-Eight Hours.

The Mimico Board of Trade some time ago had a conference with the Dominion Railway Board relative to the building of a new G. T. R. station at Mimico, to replace the present unsightly and unsuitable building. An order was shortly afterwards made by the board, ordering the railway company to remove the present station from the north-to the south side of the tracks. Exception was taken to this by the company on the ground that there was not enough land on the point designated by the railway board on which to place the station. Further correspondence followed in which the G. T. R. wrote the Mimico Board of Trade that they had forwarded plans of the new station to the railway board, but the repeated requests were made by the members for an opportunity to examine the plans, they were refused on the ground that nothing could be done until permission was obtained from the board. Last night the station plans as formally approved by the board, were re-jected by the Mimico Board of Trade, and judging from the tenor of the conversation, a vigorous protest will be forwarded to the railway board within three or four days, according to a prominent member of the local board of trade, are wholly unsuitable in that the building is smaller than the present G. T. R. Mimico station, will be built of wood without sanitary convenience, extend to within three feet of the sidewalk, and will be heated by one stove. "Instead of one stove we will have two," said J. A. Gormly, member of the Mimico Board of Trade, last night. "After all our correspondence and work to think that we are to be asked to submit to this. Our quarrel now is not with the railway company but the Dominion Railway Board, and we are determined to see the thing thru. The whole town is aroused."

THIRTY-THREE STUDENTS SERVING WITH COLPS

Fact is Brought Out by Speaker at Oakwood Collegiate Commencement.

Oakwood Collegiate Institute, Oakwood and St. Clair avenues, was thronged with students, their relatives and friends last evening to the number of over 700, the occasion being the annual commencement exercises. Among those present on the platform were Principal R. A. Gray, B.A., and staff; School Trustees C. A. Brown, J. Hunter, M.D., W. O. MacTaggart, B.A.; G. J. Steele, D.D.S., and Prof. George M. Wrong. Principal Gray, in his opening remarks, stated that the large collegiate building was now filled to capacity with students, and the first step would soon have to be taken to provide additional accommodation. Prof. Wrong spoke on the overwhelming importance of education in national life. The musical portion of the program was contributed to by H. R. Sheppard and H. Fowler; piano selection, "Zampa"; Miss Lenora Kennedy, violin solo; Miss Margaret Kennedy, solo, "Perfect Day." The valedictory was given by Miss Eleanor M. S. Evans. W. H. Hodgson, chairman of the board of education, presented the diplomas and prizes, and in the course of his remarks stated that thirty-three former students were already at the front, a number of whom have matriculated. The remainder of the evening was spent in social entertainment.

CONTROLLER FOSTER WANTS NO LUXURIES

Says Necessities Only Should Be Considered by City at the Present Time.

Controller Foster and Ald. Cameron were the chief speakers at a meeting of the Toronto Tax Reduction Association, held in Playter's Hall last night. President Hanna was in the chair, and the meeting while lively was orderly thronged. Dealing with the matter of civic finances Controller Foster made a vigorous attack on the legislation recently secured enabling the city to increase the mill rate from 1/2 to 1 mill on the dollar for park purposes. Necessities only with luxuries strictly excluded in the mind of the controller ought to prevail during the coming year. Ald. Cameron, who announced his candidature for the board of control, said the mismanagement of former councils in spreading local improvement debentures, and the three-year periods was responsible for the present financial condition of the city.

KILLED IN RUNAWAY.

Robert Hall, Found Wedged Between Wagon Wheels and Box, Buried Yesterday.

The funeral of the late Robert Hall, whose death occurred on Wednesday night as the result of his team running away on returning from Whitby, was held yesterday afternoon from the family residence on Kingston road, east of Pickering. It was largely attended. Just how the accident occurred is not known, the body of the unfortunate man being found wedged in between the wagon box and the wheel in his own yard, where the team had run. The late Mr. Hall, who was highly respected, is survived by his wife and family.

MUCH SPECULATION AS TO NEXT WARDEN

Four Aspirants Will Contend for Honor if Not Defeated at the Polls.

There is a good deal of speculation throughout the county and more especially among the county council members present and prospective over the wardenship. Ordinarily the honor is bestowed thru length of service or due to some outstanding merit as in the case of ex-Warden Cameron of last year, who after a very brief term in the county council thru his great popularity was accorded the high honor. This year, assuming no unforeseen accident as a defeat at the polls occurs, at least four candidates will be in the running it is believed. These are J. G. Cornell, reeve of Scarborough, and a candidate for re-election; Charles Willoughby, reeve of North Gwillimbury; Leonard Wallace, reeve of Woodbridge, and W. J. Knowles, reeve of Aurora. Reeve Cornell and Reeve Wallace are about equal in length of service, while Mr. Knowles has been for some years a member of the town and county council. In political matters all are Conservatives but this fact is not thought to have been a very important factor in recent years in determining the choice of warden. The aspirants are said to be reasonably sure of re-election and one of the keenest fights in years was prophesied by the other members present at last week's session of the council.

KAISER MAY SUCCEED IN ZOLLVEREIN AIMS

German and Austro-Hungarian Economic Bodies Express Approval.

LONDON, Dec. 4.—News has reached London of a conference of German and Austro-Hungarian economic associations recently held in Dresden which passed resolutions in favor of an economic union of the two empires by means of a convention of long duration and also recommending a uniform tariff scheme. The resolutions concluded by remarking that "loyal fellowship in arms with Turkey and Bulgaria opens up new prospects and gives the Germans and Austrians tasks which they can accomplish only in unity." The resolutions assumed that official negotiations between the German and Austro-Hungarian Governments already had begun. A despatch to the Exchange Telegram Company from Amsterdam says advice received from Berlin are to the effect that the German Government has issued an order that after Jan. 3 all supplies of tea, coffee and cocoa in the empire must be reported to the authorities, and that any improper concealment of stores thereof will be punished according to the rules of war.

NOT OUT OF BOUNDS FOR SOLDIER BOYS

The excellent dining-room service of the Hotel Teck is not out of bounds for those wearing His Majesty's uniform. This explains why so many take advantage of the unexcelled menu obtainable there.

POULTRY DEPARTMENT IN HANDS OF JUDGES

Much of Live Stock Not Arrived at Guelph Winter Fair.

Special to The Toronto World. GUELPH, Dec. 3.—It cannot be said that the winter fair is yet in full swing, for much of the live stock has not arrived, but one portion of the big show is complete. That is the poultry department, with 554 exhibits. The judging of the poultry began promptly at 9 o'clock this morning and it will continue until Saturday night, when it is expected that every coop which contains a prize-winning bird will be marked.

PEACE PATTERN CAUSING INTEREST IN BRITAIN

But British Press and Public is for Fight to Finish.

LONDON, Dec. 3.—Much interest is displayed in the peace talk emanating from neutral countries and the proposed debate in the Reichstag next week, when the imperial chancellor is to be asked whether he is prepared to state the terms on which Germany would suggest placing the question of future Europe in the hands of diplomats. From neither the press nor the public does the talk of ending the war find any encouragement. The daily newspapers and the weekly reviews, in discussing the matter, all believe that the war must continue until Germany is defeated.

FUND IS SURE TO REACH HALF A MILLION

Latest Returns Indicate a Surplus Already of Seventy Thousand.

FIVE DOLLARS A HEAD

Hamilton's Loyal Support of the Empire in War is Demonstrated.

HAMILTON, Saturday, Dec. 4.—All expectations in the three-day campaign conducted here to raise \$400,000 for the patriotic fund were exceeded when the grand total of approximately \$470,000 from the city was reached last night. The above amount does not include the \$45,000 that Wentworth County will make to the fund, making a total of \$515,000 for the three days of the campaign with more to come. This is certainly a grand showing, when one considers how generously Hamilton has been giving since the war broke out. It demonstrates that the people are heart and soul with Britain in her fight, and that no appeal that will assist her in her struggle will be made in vain. Although the campaign is officially closed there are still a number of firms and individuals that have been unable to be called on, but who will be appealed to today.

More Coming. The Bank of Hamilton is holding back its donation until Monday, when the directors will decide upon the amount to be given.

The campaign has been a great success in every way, and one that Hamiltonians may well feel proud of. The total when finally completed will reach over the half million mark from the city alone, meaning an average of over \$5 a head, a figure that compares with any similar fund raised in the Dominion since the war started.

Officials estimate that the entire total will reach close to \$600,000. The official figures at noon were \$466,345, but this was augmented during the afternoon to the above sum. The leading cause yesterday were those captained by H. P. Champ with \$54,248 and Bruce Carney with \$44,818.

The committee wired Sir John C. Eaton in the afternoon and he immediately wired back \$1000 as a donation from the factory which the company is building here. As there are still numerous donations to be secured, some of which are not expected to be in for a week, the committee will be on hand to receive subscriptions at 12 East King street from any one who has not had a chance to subscribe thru one of the teams.

TAFT TO BE WITNESS IN NEW HAVEN TRIAL

Directors of Railway Approached Washington in Connection With Case.

AMPLY FOREWARNED

Traffic Agreement Made With Grand Jurors in Face of Nominations.

NEW YORK, Dec. 3.—Testimony intended to show that the directors of the New York, New Haven and Hartford Railroad approved the steps taken by Charles C. Mellen to make a traffic agreement with the Grand Jurors of the United States in the case of nomination by the attorney-general of the United States that the agreement was to be investigated as a violation of the Sherman law, was adduced today at the trial of the eleven former directors of the road on the charge of criminal violation of the law.

The government brought out during the progress of the grand jury investigation, which resulted in the indictment of Mellen, Smithers and Chamberlin, it came to Mellen's ears that the enquiry was to be enlarged so as to include the question of the alleged monopoly of the whole transportation system of New England.

The government expects to prove that Ledyard went to Washington, now Attorney-General Wickesham and President Taft, represented the effect that the inquiry would have upon the New Haven and the general financial situation, with the result that the entire investigation was dropped.

In connection with this testimony, which will probably be documentary, there is reason to believe that the defence will call both Mr. Taft and Mr. Wickesham. It was reported in court today that Mr. Taft had expressed a willingness to testify.

THEATRES

"Mikado" Next Week. "Mikado" will be presented at the Grand Opera House next week, under the auspices of the Grand Opera House.

"The Mikado" is perennially funny, and will be interpreted by the best of Canadian professional talent, including H. K. Mulvihill, George L. Lacey, Barbara Foster, Lucy Alkinson, Gladstone Brown, Charles Mahony, Bert St. John, George Maciver, Frederick Phillips and many other capable artists.

Fiske O'Hara at the Grand. Fiske O'Hara, in his new play, "Kill-kenny," by Augustus Pitou, will be the attraction at the Grand Opera House next week.

"The Frolics of 1915" will be at the Grand Theatre next week. All the principal comedians of the Grand Theatre are in the ranks of musical comedy and advanced burlesque and they have been carefully selected for their respective parts.

Next Week at Loew's. "The Dream Dancer," an unusual and pantomimic dancing spectacle, something that is different from the regular society dancing turns, heads the bill at Loew's Grand Theatre.

At the Gayety. "Best Trust Billy Watson and His Big Girls Show," is the title of the attraction billed for appearance at the Gayety Theatre, commencing with a matinee Monday.

Comedy at the Hippodrome. The comedy sketch "Playmates," a juvenile playlet, will headline the bill at the Hippodrome next week.

At Shea's Next Week. For next week the Shea management offer the bill at the Shea Theatre.

NEWS OF SPECIAL INTEREST TO WOMEN

DANCING CODDLES MULTITUDE OF SINS

Baptist Chancellor Gives Advice to Young People in Revolt.

THE CHURCH'S POSITION

No Special Privileges Granted to Candidates for Membership.

Quite a stir in Canadian Baptist circles has just been caused by the open revolt of a number of young members against the traditional restraints of the denomination against dancing, theatre-going, card-playing and other forms of amusement which within certain limits are permitted by some other churches. In one recent case certain young Baptist girls on being asked by their minister to join the church as regular members refused to do so unless their right to "dance and play cards" was fully recognized. The shocked Baptist pastor sent the particulars of the case to Rev. Dr. O. C. S. Wallace, the former well-known chancellor of McMaster University, Toronto, for counsel.

Favors Moral Suasion.

Dr. Wallace has prepared a pronouncement to cover not only the individual revolt, but also the unrest of the young Baptists of the whole of the Canadian denomination. The ex-chancellor says: "A question like this might arise in a church which was dominated by the spirit of legalism. In such a church a candidate might be asked if she danced or played cards. This might be one of the stock questions asked of all candidates.

"The position might be taken in a church that no one should be accepted who would not promise not to dance or play cards or smoke, or chew tobacco, or attend horse races, or buy a chance in the fish pond at a church fair, or do any one of a large number of things which many think doubtful which others think harmful, and which some think wrong.

"In such a case the well-meaning inquirers might come across a candidate who, while giving every other evidence of faith, would fail to give the desired answer at this point.

"Then what might happen? The happening would depend on a variety of circumstances, and each one may be left to his own guess.

Legislative Method Condemned. "For many years," Dr. Wallace makes the frank admission, "I have thought poorly of this legislative method of dealing with candidates. Few of us would venture to say that a person who did any one of the list of things named was an impudent soul.

"While I do not see of these things myself, and wish to lead others to shun them, my method is to seek this end by the power of grace rather than by the compulsory law. "When one applies to me I try to discover evidences of faith. As I pursue this investigation I carefully avoid raising any question on which Christians differ.

"But there may arise a situation in which a bumptious young gentleman or a worldly young lady has applied and has attached a rider that he or she shall be at liberty to do as he or she pleases on some matter concerning which he or she imagines the church at large will be in opposition to the course indicated. A church cannot do this. Dancing, perhaps more by implication than direct statement, is an ambulatory term in modern usage it covers and coddles a multitude of sins. It might somewhere mean something different. In any case there is every reason why no church should take an action granting a special privilege to any candidate.

A WOMAN'S MESSAGE TO WOMEN

If you are troubled with weak, tired feelings, headache, backache, bearing down sensations, bladder weakness, constipation, catarrhal conditions, pain in the sides regularly or irregularly, bloating or unnatural enlargements, sense of falling or misplacement of internal organs, nervousness, desire to cry, palpitation, hot flashes, dark rings under the eyes, or a loss of interest in life, I invite you to write and ask for my simple method of home treatment, with ten days' trial entirely free and postpaid, also references to Canadian ladies who testify how they have regained health, strength and happiness by this method. Write today. Address: Mrs. M. Summers, Box 65, Windsor, Ont.

DINEEN'S FURS FOR CHRISTMAS

The Ever Popular and Most Acceptable Gift for Every Member of the Family

THE W. & D. DINEEN COMPANY, LIMITED

140 YONGE STREET, TORONTO
ALSO AT HAMILTON, ONTARIO.

CONTRIBUTE PAINTINGS FOR BELGIAN EXILES

Toronto Artists Make Gift of About Thirty of Their Smaller Works.

To assist Mrs. Asar Adamson of Toronto in the splendid work she is doing for Belgian children exiled in France, three Toronto artists, Mr. and Mrs. George A. Reid and Miss Mary Winch, are giving a group of about thirty of their small paintings, which

will be sold for the benefit of the fund. In a few days the gift of pictures will be on view at the Royal Ontario Museum, Bloor street.

SUFFRAGISTS PLAN TO HELP RECRUITING

Securing List of Women to Fill Places of Men Who Go to Front.

Outstanding features of the Suffragists' War Auxiliary lately formed

in Toronto are the various methods decided upon for the purpose of stimulating recruiting.

They are asking all women able and willing to fill positions now occupied by men, to register at once with Miss Elizabeth Boulton of 1 Cluny avenue, who has been appointed convener of committee on registration.

Speakers for recruiting meetings are also asked for, those with ability in this direction being invited to communicate with Mrs. A. B. Ormsby, Mimico road, or Mrs. L. A. Hamilton, 32 St. Joseph street.

FAVORS CONSCRIPTION OF NATIONAL RESOURCES

Miss Constance Boulton Would Also Have Compulsory Training in the Schools.

Mrs. Andrew Scott, president, presided at the meeting of the Social Study Clubs, held at the residence of Mrs. Hayden, 215 Robert street, when Miss Constance Boulton delivered a most enjoyable and instructive address on "National Responsibility." The speaker advocated imperialism not militarism, British imperialism as based upon friendship and freedom rather than domination. Miss Boulton maintained that the volunteer system when all volunteer is the only fair way, and stated that compulsory training in schools should be favored, conscription of national resources favored, and the recent pacifist movement condemned. She was unofficial and contrary to the will of the people. She urged the necessity of education as regards national responsibility.

MAKING SACRIFICES TO ASSIST ALLIES

Canadian Nurses Who Leave for France Christmas Day, Vacating Good Positions.

The Canadian Association of Nurses have not yet succeeded in gathering the entire \$1000, which is the amount they started on to obtain for the traveling expenses and equipment of the ten Canadian nurses who will sail from St. John, N. B., on Christmas Day. This body of Canadian women is going in response to an appeal from the committee in England, who have undertaken to send nurses to the front. The girls from Canada will work in French military hospitals under the French flag, and were selected from amongst many volunteers by the Canadian National Association, who are now seeking to equip the nurses. Those selected are all graduates of accredited hospitals and have the extra recommendation of having a working knowledge of French, a very important item in this connection. The volunteers are practically offering their services free, as the salary from the French Government will be only \$20 a month. Miss Louise Hopkins, 75 St. Clements street, is in charge of the fund. In one of the operating rooms at the Toronto General Hospital, and Miss L. Robinson of 44 Avenue road, also from the General Hospital, are among those who will sail.

SMALL CHRISTMAS GIFTS FOR SOLDIERS AT FRONT

Sub-Committee Appointed to Arrange Final Details of the Plan.

Mrs. J. Bruce, Mrs. L. A. Hamilton, Mrs. Dignan and Mrs. Plumpré, were yesterday constituted a sub-committee to superintend the final details of the National Service Gift in Canada. It is expected that, when complete reports are in from the various local councils, the W.C.T.U., the King's Daughters, the I.O.D.E., and Women's Institutes, success will be assured. It will be remembered that this special work is to ensure a small Christmas gift to every Canadian soldier in the front lines. Mrs. Julia Henshaw, the special commissioner, sailed on Thursday by the Baltic for England to attend to the distribution. Contributions will be received for some days longer by Mrs. Bruce, treasurer, at 77 King street east.

At the fortnightly meeting of the Toronto Travel Club, held at the home of Mrs. Woodcock Palmerston avenue, Miss Hill was in the chair. Mrs. Huestis spoke on Mothers' Pensions, and Mrs. Hubbard told of her experiences while on a visit to Germany during war time. Miss March contributed the musical program.

MISS MORGAN'S CONCERT.

A concert replete with new and interesting features, arranged by Miss Hope Morgan will be held this evening under the distinguished patronage and in the presence of His Honor the Lieutenant-Governor and Lady Hendrie in the auditorium of the Technical School, Lippincott street. It is intended to illustrate the musical compositions of the periods during the century 1815-1915, and also the dress of the periods in which the music was composed. Miss Morgan is dividing it into 10 periods and selecting a musical composition from each 10 years, while the singer will be costumed in the style of the period in which the music was composed. The following-ones will be invited to take part: Miss Hope Morgan, Miss Grace Smith, Mr. P. Redferne Hollinshead, Mr. H. Redferne Hollinshead, accompanists, Mrs. H. M. Blight, Miss Lisa Garden.

THREE SCORE AND FOUR

64 years is a long time. A product that can hold the popularity of an entire Dominion for 64 years must be meritorious—

DEFENDABLE

EDDY'S MATCHES

Have been the same good matches since 1851. Like Eddy's Fibreware and Eddy's Washboards. They are considered standard by all loyal Canadians under the "made-in-Canada" banner.

SEND CHRISTMAS HAMPER TO FRIENDLESS SOLDIER

Man in Trenches Will Get Surprise From Reliance Garments, Limited, Employees.

Two girls, employees of the Reliance

Garments, Limited, who do not wish their names published, hearing of a Canadian soldier in the firing line who had no friends, sent a hamper of Christmas cheer by the out-going mail. The gift included, cake, biscuits, cookies, writing materials, cocoa, candy, tobacco, handkerchiefs, socks and other comforts.

SURETY OF PURITY

The Spotless Dairy Bathed in Sunshine

finest on the continent, so that we could say with assurance, "Milk from The Farmers' Dairy is the purest, richest, best obtainable." Every modern device and method for handling and delivering better milk is in use here.

Model Farms, Model Dairy, Model Methods

Good milk starts on good farms. The farms of our shareholders are the finest in Ontario, and are inspected and improved constantly. The dairy which handles this fresh, rich milk when it reaches the city, pasteurizes, bottles and delivers it, has been built and equipped by the most expert dairymen. Nothing has been left to chance. Every process is perfect.

Yet This Milk Costs No More

You can have the advantages of milk from The Farmers' Dairy at no greater cost than that of ordinary milk. Order a trial bottle today. Phone, write, or call one of our drivers.

Visit the Wonder Dairy

Creamery butter fresh daily from our own churns, 35 cents a pound. Order by phone, or from our driver.

WELSH AND WHITE WILL FIGHT IN SIX WEEKS

CLEVELAND, Ohio, Dec. 3.—It was admitted today by George P. Steele, head of the bankers' committee which is handling the affairs of C. V. Somers, owner of the American League Baseball Club, here, and by Somers, that Ban E. Johnson, president of the American League, is coming to Cleveland next week from Chicago to confer with the bankers.

Hockey Argos Elect Committee

WARMTH WITHOUT WEIGHT IN THESE MEN'S TOPCOATS—\$25

Not so much a matter of impressing the price on a man—for that's certainly on the "popular" side of the figure column—

But it's the grand value represented in the quality of the British wools from which these overcoats are made—the styles in which they are cut—the distinctive "bearing" of every garment—the faultless London tailoring—the exclusive and smart but gentlemanly colors and patterns—

Appropriate weaves and colors for the three different designs—the Chesterfield—the Balmacaan—the Slip-on—

Desirable weights—seasonable kinds—correct shapes—right dimensions—exceptional quality—reasonably priced—

Derby Hats \$2.50 to \$6.00
Soft Hats \$2.00 to \$8.00
Caps—Gloves—Umbrellas—Rugs—Canes

WELSH AND WHITE WILL FIGHT IN SIX WEEKS

NEW ORLEANS, Dec. 3.—Jess Willard, Minn., in the heavyweight championship of the world, tonight by promoter articles of agreement.

Argos Elect Committee

STRONG SENIOR HOCKEY TEAM FOR ARGONAUTS

St. Michaels Cast in Their Lot With the Double Blue—Officers.

That the withdrawal of St. Michaels from senior hockey will be a gain to the Argonauts was evinced last night at the annual meeting of the hockey section of the Argonauts. Among those present were Merrick and McManus of last year's St. Michaels' team. It was also announced that Dr. Jerry Lafamme has consented to act as honorary coach, and it is expected that he will have the playing fever before the season is far advanced.

BRIDGEN CUP GAMES ON THE BILL TODAY

Speculation is rife as to the outcome of the semi-final of the Bridgen Cup between Old Country and Ulster at Dunlop ground today. Both teams are very confident of winning, and it will be a hard game all thru.

It should also be a good game at Eaton's grounds, where Wyndwood and Gerrards play the third round for the cup. In this game we look for the "Woods" to be at full strength, which is enough to guarantee a good fast game from the word go.

QUEBEC SOCCER MEN PETITION THE D. F. A.

They Want Manufacturers' League Question Laid Over Till Next Season.

MONTREAL, Dec. 3.—After a protracted discussion, in which all angles of the Manufacturers' League question were touched on, the Province of Quebec Football Association, at their general meeting last night, finally adopted a resolution to the Dominion Football Association, drafted by F. B. Edwards, a recently appointed member of the board, in which the governing body are asked to suspend the Manufacturers' League rule for the coming season.

The adoption of the resolution was not exactly unanimous, since there was an amendment, by Tom Mitchell, representing the invictas, and an ex-president of the P.Q.F.A. asking that the P.Q.F.A. abide by the ruling of the D.F.A., since their delegates had seen fit to vote for the cause of the annual meeting, and, besides, the provincial board had helped to draft the D.F.A. constitution.

NEWS FROM THE CITY HALL

AGREEMENT READY FOR NEW RADIALS

Draft Bylaw to Be Presented Ratepayers Given Out Yesterday.

FINANCE AND ROUTE

Amount to Be Paid by City Over Four Million Dollars.

Toronto's part in the scheme to build a railway extending from Toronto to London was announced by Mayor Church yesterday when he issued copies of the bylaw which is proposed to place before the ratepayers on election day, and which calls for the authorization to issue debentures amounting to \$4,240,196, Toronto's share of a total expenditure of \$13,734,155, the estimated cost of the entire system.

Sir Adam Beck sent the draft copy of the bylaw to the board of control, and yesterday it was discussed at a private meeting. Next Tuesday, Sir Adam will appear before the board, and another private conference will be held with the traffic commission and this will be followed on Wednesday by a special meeting of the city council, when it is expected the bylaw will be passed and prepared for submission to the voters.

The draft bylaw estimates that sinking fund charges and interest will amount to \$273,228 for the first ten years and after that \$320,611 on the same basis as the apportioning of the cost of construction and operation.

Nineteen townships, five cities, three towns and four villages are affected by the proposed railway, namely, the townships of London, Trafalgar, Blanshard, Waterloo, Wilmet, Downie, South Easthope, Toronto, Nassagaweya, Guelph, Elgin, Norfolk, and Kent, the cities of London, Brantford, Hamilton, and the villages of Mimico, New Toronto, Port Credit and New Hamburg.

The commission agrees to construct, own and operate the railway, and to furnish these districts and to furnish first-class modern standard equipment as well as supply electrical power for operation at rates consistent with those charged to municipal corporations.

Each of the corporations agrees to act for itself alone and to bear its share of the cost of construction, equipping and operation, maintaining, repairing, etc. It agrees to issue debentures which will mature in fifty years, payable yearly at some bank in Toronto. The debentures will be deposited with the commission previous to the issuing of bonds, and may be held or disposed of by the commission from time to time upon such terms as the commission deems to be in the interests of the railway, and the proceeds will be used solely for the purposes of the commission.

The commission agrees to pay over any surplus that may accrue annually to the various corporations, and the division will be fixed according to the amount of capital invested by each corporation in the proportion of the bylaw active steps will be taken at once towards construction with a view to having the railway in operation as early as possible, after the execution of this agreement.

Power to increase the bond issue by any amount necessary to cover capital cost of extending the railway and to increase it to cover additional work to be given, and such work may be undertaken without the consent of the corporation, and in the proportion of the increase the corporation is to deposit additional debentures to be held or disposed of as collateral security. If the revenue is insufficient in any year to meet the operating expenses the deficit will be paid by the corporation upon demand, and in the proportion stated by the commission, and should a corporation fail to perform such obligation the commission holds the right to discontinue the service.

The agreement is good for 50 years, and at the end of that time may be subject to renewal without the consent of the corporations.

The passenger terminal in Toronto will be located near the bottom of Yonge street, and from it the line will run westerly to Sunnyside, using harbor board property as far as possible, and from Sunnyside to the Humber will parallel the G.T.R. tracks. The line continues from the Humber parallel with the G.T.R. tracks to the Credit River, which it crosses between the tracks and the Lake Shore road, leaving Port Credit and runs to a point north of Sheridan Postoffice, and goes directly to Milton. From Milton the G.T.R. tracks west of the station to the Township of Evesham, thence to Nassagaweya, Puslinch, and in the general direction of the Bramos River to Guelph.

Belin is the next point of importance, and the location lies north of the G.T.R. line. From here the new line will parallel the G.T.R. again until near Belin, when it branches off south just east of Stratford to enter the city. Westerly it continues to St. Mary's and then into London, after traversing southward thru Blidborough Township and London Township until it reaches the Thames River, which it follows a short distance, entering the City of London over private property and city streets.

The amount of debentures to be issued by respective municipalities for deposit with the commission is as follows:

Township of London	\$ 639,339

CITY HALL NOTES

Ald. Cameron, who has represented ward 4 for two years, has definitely decided to be a candidate for a seat on the board of control.

The Bank of Toronto has asked the school trustees to take up the overdraft of \$284,396 incurred by the equipping of the Technical School, and as a result the city treasurer has been asked by the finance committee to forward a cheque for the amount. City Treasurer Patterson had nothing to say in regard to the matter yesterday as he had not had time to consider what action should be taken.

BRAMPTON HORSES CONSIDERED GOOD

Sergt.-Major Simkins, in Service Forty Years, Passed Them.

INVESTIGATION GOES ON

Sir Charles Davidson Conducted Hearing Yesterday, Which Continues.

Sir Charles Davidson conducted a second hearing in the investigation into purchases of horses in Peel County, at the city hall yesterday, and will again to-day when Cecil Gott, a farmer who resides near Bolton, will be heard. It was stated yesterday by Wm. N. Plummer, a blacksmith of Bolton, that Gott had made the statement that he was eventually paid \$140 for a horse that he could not previously sell for \$125, and which was sold to J. R. Falls, M.L.A., a government buyer at the time.

The statement did not agree with the evidence given by Mr. Falls and because of this Gott will be called to explain the matter. The former stated that he had been asked \$150 but had only paid \$140.

Thomas Rowland, a Toronto veterinary surgeon, was asked at the first session to give his list of sales yesterday he presented a report which showed a profit of \$11.83 per horse bought thru the would only buy horses at an average cost was \$150.55, and the average sale price \$162.18. He secured a profit of \$11.83 on 130 horses brought thru Toronto, the total price being \$22,071.68.

Dr. James Campbell told the commission he had handled 800 horses, and as a general rule the Brampton horses were no up to high standard. Those from Hamilton were the worst he said. His only comment about the Brampton animals was that they were right. He had no recollection of seeing any that were dyes.

O. H. Dowey, a farmer living near Bolton, was asked if Mr. Falls had bought him a horse. He replied that he had not heard anything of the kind. W. N. Plummer repeated a conversation with Cecil Gott in which he (Gott) said he had received \$140 for a horse he could not sell for \$125.

It is on this point that Sir Charles Davidson's evidence was that he had asked \$155 but got \$140.

Mr. E. J. Jones, when called, stated that he had been offered the horse for \$180, but paid \$140 for it. He had given a government cheque for \$180 on this point that Mr. Gott will be called to-day.

Sergt.-Major Simkins, who has been in the permanent army for forty years, and said he thought the Brampton horses were good and all of them had passed thru his hands. He did not see any that were "dyes" or "blacked" out. Mr. Gibson of Georgetown declared he had stabled a number of horses, and in his opinion they were all good horses.

In concluding yesterday's session, John Thompson, K.C., counsel for the commission, produced a statement which he had received from Ottawa from the auditor-general, showing that the government had paid Mr. Falls \$62,450 in respect to the purchase of the horses, which he had covered the cost of 368 horses, which he had sold to the government before being appointed its agent.

MEASLES EPIDEMIC VISITS ONTARIO

Number of Cases in Province During November Largest on Record.

During the month of November Ontario passed thru one second worst measles epidemic in the history of the provincial health department. No less than 113 cases were reported to the department and 9 of them proved fatal, whereas in November, 1914, the figures were 201 cases, with 2 deaths. Toronto, with 896 cases, was the centre of the epidemic, while Grey Township, in Huron County, reported 121 cases. The only month which surpassed last November in the number of cases was March, 1913, when the cases reported numbered 1444.

The following comparative tables were issued by the provincial board yesterday, which shows that in every other contagious disease conditions are normal:

DISEASES.	1915	1914	1913
	Nov.	Nov.	Nov.
Smallpox	10	52	2
Scarlet fever	87	154	2
Diphtheria	233	329	310
Measles	1113	9	201
Whooping cough	38	42	1
Typhoid	61	12	95
Tuberculosis	107	64	94
Infantile paralysis	2	1	2
Cerebro-spinal meningitis	7	5	3

CLAIMS FOR DAMAGES FOR SUNNYSIDE BRIDGE

Official Arbitrator Drayton Took Evidence of Two Witnesses at Yesterday's Hearing.

The arbitration of damages caused by the construction of the Sunnyside bridge was continued yesterday before Official Arbitrator Drayton. In the morning F. J. Smith, witness for the McCausland estate, owners of the northeast corner of Queen street and Sunnyside avenue, stated that in his opinion the property had depreciated by \$29,125 on account of the diversion of traffic caused by the bridge. The property is occupied by a refreshment pavilion, and the proprietor of same claims damages as his business has been affected.

At the afternoon session G. W. Ormerod, another witness for the estate, declared that the property had decreased in value from \$43,750 to \$6812, the loss being entirely on the Queen street frontage, which is the only one affected.

CHAIRMAN APPROVED BY ALD. RAMSDEN

Didn't Like the Way Ald. Spence Conducted Business of Works Committee.

"You are running this committee absolutely rotten," said Ald. Ramsden, addressing Chairman Ald. Spence at yesterday's meeting of the works committee. The committee had been in session about two hours, during which time Ald. Ramsden had been paying strict attention to what was going on, but saying nothing, and his remark was occasioned by a call for order from the chairman, who was directing toward him as he had turned round to speak to a reporter.

No discussion on hand to-day, dealing with the order paper, which was unusually light.

Works Commissioner Harris will be asked to report on the question of applying for legislation to make ratepayers pay for flagstones in connection with the drainage of the city. The commissioner will also be asked to report on the minimum crown height recommended for road ways, as Ald. Cameron believes that the present crown on city roads is too high and makes it almost impossible for horses to keep their feet in frosty weather.

An unsightly fence at 107 Cowan avenue caused considerable comment. The committee had ordered the fence down two years ago, but it has since been rebuilt, by the permission, it was charged, by the chairman. "I never saw the lady," said Chairman Ald. Spence. "Every time she came to the house it had. He added: 'I didn't like it but I wasn't home.'"

The chairman declared that if the Ald. Ramsden was afraid to meet the lady so-called, he would be "kicked to death" to do so. But the committee refused to give the aideman a chance and ordered the fence to be taken down.

RIDDLED ALBATROSS WITH FIFTY BULLETS

Thrilling Air Duel Fought by French Aviator With German Off Ostend.

ENGAGED HIGH IN THE AIR

Hostile Machine Sank Slowly and Floated Wrecked on the Waves.

PARIS, Dec. 3.—Details of the aerial duel in which a German aeroplane was brought down into the sea off the Belgian coast on Nov. 28 are given by the French aviator who performed the feat.

"Altho it was very cold on that Sunday morning," said the aviator, "I set out on an aeroplane of the latest model, having with me as observer 2nd Lieut. M.—, justly recognized as one of our best marksmen. Regardless of the cold wind we flew at a high speed.

"As we approached the Diksmuide-Ypres sector my attention was attracted by a German aeroplane of the Albatross type. I made for it with all haste, but seeing itself discovered the enemy machine turned, about and headed toward the sea.

"The two machines were soon engaged above the sea, each using machine guns. Describing his manoeuvres during the duel the aviator continued: "I flew straight for a hundred yards and then dropped 30 yards under the Albatross, manipulating my machine so that the speed conformed to that of the enemy. My observer had prepared to fire on our adversary when bullets from the Albatross whizzed past our heads. I made another defensive movement, a little to the right. Just then my observer let go fifty cartridges.

"Began to Go Down.—The effect was immediate. I had just time to move out of the way when the Albatross gave a lunge. Was it hit or was it simply another manoeuvre? I had hardly asked myself this question, however, when I noticed that the momentum of the Albatross in its descent seemed to be increasing. "At this moment we were 4200 yards up. German anti-aircraft guns which had previously fired at us again sought our machine with their fire, but I had other things to think of than enemy shells, namely, whether the enemy machine was yet effective and would put us out of action if we flew a little higher. We were much relieved to see the Albatross drop a few more feet, and finally it was engulfed by the waves. In the clear weather thru the glasses of my observer old from the motor of the enemy machine could be seen spreading over the surface of the water, making a large spot on the immense field of blue.

Photographed Machine.—"For five minutes we circled above the wreckage, careful of the firing of the Germans, which failed to reach us. We could see boats leaving Middel-

ALDERMEN MAY OBJECT TO CITY BEING TAGGED

Controllers Would Prefer to See Civic Grant Given to Recruiting Depot.

Members of the city council are not at all unanimous regarding the recommendation of the board of control that a grant of \$60,000 be made to the Citizens Recruiting League, on account of the differences between the members of the league as to the division of the funds. It is on this point that the controllers would like to see the city's money go to the recruiting depot to advance the cause of the league. Ald. McBride objects to this and will be prepared to defend his stand at the next council meeting.

The controllers would like to see the city's money go to the recruiting depot to advance the cause of the league. Ald. McBride objects to this and will be prepared to defend his stand at the next council meeting.

ENEMY MAKES PLANS TO PARTITION SERBIA

Austro-Hungarian and Bulgarian Designs Exposed by Premier Radoslavoff.

FRIENDLY TO GREECE

Letter's "Just Aspirations" Will Not Be Ignored, He Says.

BERLIN, Dec. 2, via London Dec. 3.—The fate of Serbia is bound up with the fate of its fugitive king and dynasty. Bulgaria intends to annex all the regions with a Bulgarian population. Austria-Hungary will take the rest of the money and will insure future freedom from Serbian rackets and intrigues. The fate of the rest of Serbia cannot now be foretold, since no one knows the true intentions of the developments of the dynasty. The developments of the dynasty have not impaired Greco-Bulgarian relations, and as it is not in the interest of Bulgaria to ignore Greece's just aspirations.

This is the substance of an interview with M. Radoslavoff, the Bulgarian premier, by Leo Lederer, the Berliner Tageblatt's correspondent. The special messenger, who is here to confirm and supplement declarations made in an interview with him by the Associated Press several weeks ago.

M. Radoslavoff, after accepting the correspondent's congratulations on the quick work done by the Bulgarian army in the Serbian campaign, remarked, in answer to a question concerning the future status of the conquered districts:

Partition Plans.—"I think it better that questions which belong to the realm of the coming peace conference should not be discussed only to a limited extent. It may be taken for granted that, the national idea of Bulgaria having been accomplished, all Bulgarian soil which is now groaning under the hateful yoke of Serbia will be united for all time with Bulgaria. The future fate of the land will do everything necessary to eliminate for the future the political and military dangers of the past. What is to happen to the remaining Serbian territory, and indeed with Serbia, it is impossible to foresee at the present, the more so since nobody knows the future of the great Serbian dynasty."

DEATH OF AN EX-M.P. AT REGINA.

REGINA, Sask., Dec. 3.—Alex. N. Martin, ex-M.P. for North Welland, Ont., died in the hospital here today, after an operation. The remains will be taken to his former home at Mount Forest for interment.

GRAIN FREIGHT RATES UP.

PORT ARTHUR, Ont., Dec. 3.—Grain freight rates from Port Arthur Buffalo have risen from the rate of three and a half to four cents per bushel, which prevailed during the regular season to five and a half cents. The increase of the season and the great demand for shipping are given as the cause. In the two harbors to-day 14 vessels are being loaded, 26 are waiting and are due to arrive during the next 24 hours.

Imported Goods are not Always Best. For Instance, You Cannot Buy Better Than

"CEETEE"

UNDERCLOTHING

ALL PURE WOOL—GUARANTEED UNSHRINKABLE—MEANS ECONOMY PLUS COMFORT

"Ceetee" is manufactured from only the very finest Australian Merino Wool, scoured and combed over and over again until every particle of foreign matter is taken out and every strand is as clean as it is possible to be made.

It is made on exclusive machinery, very different from the ordinary under-wool machinery—each garment is fashioned to fit the human form. It has all salvage edges, every joint is knitted, not sewn, as with ordinary underwear.

People wear "CEETEE" Underclothing because they know it to be perfect.

Worn by the Best People—Sold by the Best Dealers.

In all sizes, for Men, Women and Children.

Made in Canada from all British material by

STUDENTS ENROLLED IN TORONTO SCHOOLS

Total in High Schools, Collegiate, Technical Schools, and High School of Commerce.

Toronto High Schools, Collegiate, the Technical School and High School of Commerce have a total attendance of 10,836. Over half of these pupils attend the Technical, where 5,819 pupils are registered.

As the attendance at the other schools is as follows:

Jarvis	471
Parkdale	502
Harbord	632
Riverdale	445
Oakwood	580
Humberstone	500
Malvern	211
North Toronto	151
High School of Commerce	1,553

Students at the Technical are registered as follows: 1st year, 605; 2nd, 160; 3rd, 82; 4th, 45; special, 693.

DEFICIT IN RAILWAY REVENUE

At the beginning of the year the estimated revenue from the Toronto Street Railway was fixed at \$904,244, and up to the end of November the receipts were \$808,929, showing a shortage to date of \$95,315. During the last three months the city's percentage of the earnings has been below \$59,000 per month, the highest return being for last month when the amount was \$46,301. Last year the percentage for December was \$56,610, and as it is not likely that this figure will be exceeded or even reached this month there will be a deficit on this account of close to \$50,000.

Chase's Nerve Food

Mrs. Geo. Chisholm, R.R. No. 1, Grafton, Ont., writes: "I have used Dr. Chase's Nerve Food for my little girl for what the doctors pronounced Chorea, a disease of the nerves. I consulted our family doctor and he gave her a liquid medicine, but do what we would, we could not get her to swallow it. A neighbor advised the use of Dr. Chase's Nerve Food, and, being in pill form, she took it without any trouble. She was seven years old, and got pale and run down. The muscles of the face were affected, and she became a pitiful sight. She seemed to improve right along under this treatment, and was entirely cured by using six boxes. She is nine years old now, and you cannot find a larger, healthier-looking child for her age. I shall always be grateful for what Dr. Chase's Nerve Food has done for us, and I can recommend it to all nervous people. You are at liberty to use this statement, so that others may benefit."

In children nervous exhaustion frequently takes the form of rickets, St. Vitus' dance or fits. In less advanced stages there are nervousness, excitability and irritability.

All such conditions indicate the need of Dr. Chase's Nerve Food to enrich the blood and nourish the starved and depleted nerve cells. Being natural and gentle in action, and at the same time powerful in its restorative and reconstructive influence, this food cure is admirably suited as a treatment for weak, puny, nervous girls and boys. It makes them strong, hearty and robust, and enables them to develop into healthy and useful men and women.

50 cents a box, 6 for \$2.50, all dealers, or Edmondson, Bates & Co., Ltd., Toronto.

AN EASIER EYE TEST

Lt.-Col. Marlow Issues Instructions for a Reduction of Standard of Vision.

Lt.-Col. W. Kingsmill, commander of Grenadiers 128 Battalion being formed in this city, will win the assistance of the recruiting depot, start in on Monday on a new campaign to get men to join the colors.

By common consent the politicians and newspapers which were debating hotly the question of conscription have dropped the conflict until the result of the work of Lord Derby's committee shall be made known.

There was a flurry of uncertainty over a statement made by Lord Derby, indicating that the government might enforce conscription upon unmarried men before any married classes are called out.

Col. Logie, commander of the Exhibition camp, has arranged for housing of active service men, headed by the battalion bands, to march thru the streets.

Major Le Grand Reed, chief recruiting officer of this city, stated that it was up to strength recruiting for the new 124th Highland Battalion, under command of Lt.-Col. "Auk" Chadwick, will commence, and recruiting will continue until all the battalions to be formed are up to strength.

ITALY'S ASPIRATIONS MUST BE SATISFIED

Foreign Minister Sonnino's Declaration Received With Great Enthusiasm.

ROME, Dec. 1, 3 p.m.—(Delayed in transmission).—The firm determination of Italy—army, king and country—to continue the war until national aspirations are satisfied, was emphasized today by Foreign Minister Sonnino in an address to the senate and chamber.

Baron Sonnino declared Greece had agreed to give the allies sufficient guarantee that she would maintain benevolent neutrality towards them.

The foreign minister's speech was constantly interrupted by applause.

J. M. Woods President. *Edouard G. G. G. G.* Hon. Treasurer.

TO THE SUBSCRIBERS—The Campaign Executive planned to publish the name of every subscriber and amount of each individual subscription received, and the newspapers promised to publish this list free of charge. It was the desire of the Executive that this should act as an additional receipt to the one given by the collector. However, owing to the immense amount of detail involved, it took a staff over a month to tabulate the names and amounts of returns and to set the newspapers now feel that this is "stale news". It would cost too much for the Society to pay for this publication—over \$500.00 for space in one newspaper alone—and the following alternative has been suggested: The Society's office book containing the "Subscription Records of the Fund," and an itemized statement of disbursements. This is open to the inspection of subscribers and to the public generally, and be gladly given.

It is interesting to note that the Toronto Campaign expenses amount to less than one per cent. of the total amount raised—while the amount of unredeemed pledges is practically half of one per cent.

over. These men will be uniformed right away and some will be used as recruiting sergeants for the battalion.

Changes Announced. The following are the changes in the eye test announced in the statement issued by Lieut.-Colonel Marlow at headquarters yesterday:

1. Squint or any morbid condition of the eyes or lids of either eye, liable to the risk of aggravation or recurrence, will cause the rejection of the candidate.

JOSEPH A. SKIRROW DEAD.

Joseph A. (Gus) Skirrow, for 34 years accountant with the William Rennie Seed Company, and who had just been appointed registrar of the company, died yesterday at his home, No. 24 Alvin avenue. He contracted a severe cold while on a tour of inspection of the western branches and only reached home a few days before he died. He leaves a widow and one daughter, two brothers, J. E. of the Consumers' Gas Company and W. A. with Kemp's. The late Mr. Skirrow was 50 years of age.

GERALD WHITE, M.P., ENLISTS.

OTTAWA, Dec. 3.—Capt. Gerald V. White, M.P. for North Renfrew, is the latest parliamentarian to enlist for overseas service. He has been offered and accepted the rank of senior major in the Lanark and Renfrew Battalion.

Major D. Forbes Keith, Capt. E. G. Joy and Capt. C. A. Moss of the 75th and 81st Battalions respectively, have been appointed a board to investigate and report on the death of Lance Corp. J. Baker of the military police, who was killed by motor car on Wednesday evening last.

Yesterday's camp orders contained several important promotions in the ranks. Lieut. H. F. Smith, assistant adjutant, was promoted to captain and will be second in command of a company of the 83rd Battalion. Lieut. H. E. Rooney of the Q. O. R. is appointed assistant adjutant, while Lieuts. H. Sneath, J. M. Ferguson and C. W. Jones, all of the Queen's Own, are pro-

Make Your Hair Curly And Wavy Over Night

To curl the hair, without at the same time burning it, nothing is so effective as the application of the hair curling cream. The cream is applied to the hair with clean hands, and the hair is then brushed with the fingers. The effect is really wonderful. It is in evidence in the morning. It will also be found an excellent dressing for the hair.

White Horse Scotch

Superb in flavor, smooth in body, most delicious bouquet

FORD HAS MADE WILL
SHIP STARTING TODAY

Hope of Crushing Militarism
Rests in England, He
Asserts.

ON BUSINESS MISSION

He Believes He Can't Be Excluded
From Britain and
Germany.

NEW YORK, Dec. 3.—Henry Ford today completed his arrangements for the conduct of his business affairs during his absence in Europe on his peace expedition and announced that he intended to visit both England and Germany, regardless of the fact that the state department has refused to issue passports to belligerent countries to his party. Incidentally Mr. Ford said that he had made his will last night as one of the final preparations for his trip.

On Business.
In an attack upon militarism and American advocates of "preparedness," Mr. Ford declared that if militarism is crushed it will be England that has done it.

In reference to his projected visit to England and Germany, Mr. Ford said he intended to visit these countries as an American business man and not as a peace missionary.

"Nobody is going to stop me from visiting those two countries," he said, "and I am going into England and Germany on business and not on a peace mission."

Bryan Going to Hague.
Mr. Ford made a Friday trip to Hoboken to look over the Oscar II, the ship on which his expedition will sail. It was stated that the liner would sail promptly on scheduled time, 2 o'clock tomorrow afternoon.

William Jennings Bryan arrived here this afternoon and went directly to the hotel where Mr. Ford is stopping. Bryan, it was said, expected to have a conference with Ford today concerning the latter's peace mission.

The former president, who declined to say anything about the conference, adding: "I will not go on the peace ship, but I will join the party later on at The Hague."

To Fly International Flag.
The Oscar II, it was announced, will fly the "international flag," the suggestion of Roger Babson, the economist and international political writer.

Belated applicants for accommodation on the Oscar II were being turned away at peace headquarters today. They overbudded the elevators and filled the corridors, but few, if any, got to the ship before the peace ship. The efficient lounge attendant to the Governor Hanna of North Dakota, the only chief executive who will make the trip, arrived at Ford headquarters today.

BRITISH RED CROSS FUND.
Letter from President and Treasurer
Regarding Three Days' Campaign.

The Toronto appeal made on behalf of the British Red Cross Society, which extended over three days, from the 19th to the 21st of October, resulted in a subscription of \$283,947.75, of which amount all has been paid in cash with the exception of \$3000, which will no doubt all eventually be paid.

On the 26th of October, five days after the close of the campaign, sufficient sum of money was forwarded to the provincial treasurer to enable him to cable £100,000 to the credit of the British Red Cross Society, London. A cheque for the balance of the fund has been handed to the provincial treasurer for remittance to England.

As the result of the appeal exceeded the most sanguine expectations of the committee. The statements of receipts and disbursements, duly certified, are published with this letter.

It is not possible to sufficiently express appreciation of the services of all who took part in the campaign. One and all did good work. The efforts of the Women's Committee are worthy of special mention. Through the church receiving stations, nurses stationed in departmental stores, banks, etc., Boy Scouts, Patriotic Leagues and other auxiliaries over 125,000 were added to the list. We do not think there was a church in Toronto that was not represented, and the number of parish contributions, and more of the larger subscriptions were made through the churches.

None who witnessed the procession of motors from the various schools in Toronto but were struck with the enthusiasm displayed by the children and younger members of the community, and it is to be hoped the appeal touched the school children was very gratifying to receive from them.

Thin People Can
Increase Weight

Thin men and women who would like to increase their weight with 10 or 15 pounds of head by "eaty there" fat should try eating a little Sargol with their meals. It is a good test worth trying. First weigh yourself and measure your waist. Then take Sargol—one tablet with every meal for two weeks. Then weigh and measure again. It is a sure question of how you measure will tell their own story, and the many thin men and women, we believe can easily add 10 to 15 to eight pounds in the first ten days by following this simple direction. And best of all, the new flesh stays on.

Sargol does not itself make fat, but the fats, sugars and starches it turns into energy, into rich, ripe fat-producing material in an easily assimilated form, which the blood can readily accept. Much of the nourishment comes from your body as waste. But Sargol works from the inside, and it is quick and it is very same meals you are eating now, develop pounds and pounds of healthy flesh between your skin and body. Sargol is pleasant, efficient and inexpensive. It is in large boxes—forty tablets in a package—on a guarantee of weight increase or money back as follows: If you find you gain 10 or 15 pounds in 10 days, you will be sent your post paid.

THE CANADIAN BANK OF COMMERCE

SIR EDMUND WALKER, G.V.O., LL.D., D.C.L., President.
HENRY AIRD, General Manager. H. V. F. JONES, Asst. General Manager.

EXTENSION OF CANADIAN TRADE
The Bank will make enquiries into the possibilities and requirements of markets abroad for exporters or importers who desire to extend their trade with British colonies or possessions. Owing to the large number of its correspondents and agents, it has unusual facilities for this work.

MODERATE ADVANCES ON STOCK EXCHANGE

London Sold Medium Quantity of American Securities in New York.

COPPERS AGAIN FIRM

Sugar Shares Get in Class by Themselves With Good Gain.

NEW YORK, Dec. 3.—The market was less active but more responsive to constructive conditions today, showing off much of its pessimism of the previous session and closing with moderate, but general gains. In the early dealings some irregularity was observed.

American was again a moderate seller of London securities here, but almost the only reflection of the foreign news was seen in another low record for German exchange. Marks fell to 114, a decline of 1-2 from its recent high, but business generally was quiet, with colonial bonds and specialties the most active. The feature of the trading was an advance of six points in Cuban Ports Company, Kaffirs and Rubber shipping shares were active and well supported.

Money was in better supply, and discount rates were inclined to ease off. American exchange declined to 4.70, and closed weak on heavy purchases.

RECOVERY IN STOCKS FOLLOWS EARLY DROP

Market at Montreal, After Weakness, Closes With Firm Undertone.

MONTREAL, Dec. 3.—Leading issues showed a loss of 1 to 2 points in the opening of today's stock exchange session. A general recovery soon set in, which resulted in substantially reducing the early losses. Final prices were about the same as at the close of the previous day, and the market closed with a good undertone.

ONTARIO MINERAL OUTPUT WELL UP TO RECORD

The combined value of the gold and silver output of the mines of the Province of Ontario to the end of September was nearly fourteen million dollars, or only \$27,061 less than the same period of 1914, notwithstanding the fact that the output of gold dropped over two million dollars. This was due to a decrease in the output of silver, which has since undergone a decided recovery. The figures for the last quarter of the year, at the present rate of increase, will show that the gold output has more than filled the gap.

INDUSTRIAL STOCKS HAVE NOTHING ON MINES

H. E. WILLS, in his weekly letter, says: "The advances recorded this week show conclusively what may confidently be expected in the mining securities of merit and for the amount invested, the profit-return unexcelled in that of any other market. As a matter of fact, serious investors have upon careful examination discovered that in so far as actual intrinsic value is concerned the rank and file of the industrial and railway issues cannot compare anywhere nearly with those of the mining. Outside of those who have intimate knowledge of existing mine conditions in Cobalt and Porcupine, none can fully realize the gap between current market quotations and demonstrated mine values and even the recent advances ranging from 25 to 50 per cent. have been recorded, still these important factors are not nearly on an equality."
