THURSDAY MORNING SEPTEMBER 11, 1919

VOL. XXXIX.—No. 44183 TWO CENTS

EARLY ACQUISITION OF G.T.R. BY GOVERNMENT ASSURED

Toronto Starts War on High Rents

Winnipeg Strike Leaders Get Bail

TALL WAGES AND LORDS TO GET 10 PER CENT. ONLY ON GROSS VALUATION

Legislation Committee of City
Council Adopt Alderman
Ball's Suggestion to Obtain
Federal Restraint on Ex-
tortionate Toronto Rentals.

"Profiteers have been flourishing like a green bay tree," affirmed Mayor Church in a startling speech at yesterday's meeting of the legislative committee appointed by the city council. "The people are being bled to death all along the line. The thing has been a public scandal. Ottawa has been sleeping on a volcano for the past two years. A volcano broke in Winnipeg and it might break anywhere else if the federal authorities do not take drastic action. Trusts and combines are flourishing right in Toronto today and who is to stop them? If the government grant me the power I will start something, but I have no power."

Just before the mayor arrived and delivered his remarks the committee had been taking evidence regarding high rents and some glaring instances had been produced of profiteering in this line. Alderman Ball, who followed the mayor, brought the discussion back to rents and thought the remedy lay in immediate government action. He referred to what took place in the old country where the government passed legislation that rents were not to be raised during the war. He moved that the committee recommend to council that the Dominion government be requested to pass legislation at the present session restricting rentals of dwellings to a gross revenue per annum of 10 per cent. The question was raised as to whether this should be 10 per cent. of the assessed or actual value, and actual value was favored. Mayor Church suggested that the federal authorities should be requested to enact legislation forthwith along the lines of Alderman Ball's motion providing that for a period of twelve months from the date of such legislation there would be no further increase of rents. Alderman Ball was favorable to this being incorporated in the motion carried. A proposal by Alderman Blackburn that the Ontario government be requested to appoint a commissioner to investigate the rent question and that it be asked to introduce legislation protecting tenants of property was virtually laughed out of court.

The feeling of the committee was decidedly earnest that parliament should do something at this session without delay.

Mayor Affirms.
The mayor, who was completely confident on the subject, did not confine himself to rent but to profiteering in food and other necessities as well.

HOG PRICES OFF AGAIN

From \$24 per cwt. to \$18 per cwt. a straight decline, did not confine to live hogs, within the last few months, or a little more, is going some, but that is about what the Toronto market has shown in the time stated. Yesterday the prices of live hogs were quoted at \$18 to the farmer, \$18.25 f.o.b., \$19.25 fed and shalored, and \$19.50 weighed off cars. Friday, Saturday and Monday loading will be on the basis of 50 cents and maybe \$1.00 less.

In Chicago yesterday thousands of hogs were unsold at \$14.25 a clean cut since August 28 of \$17.75 per cwt. Up to that time the cut immediately preceding from \$16 was said to be the most sensational since 1907.

Industrial uncertainties, the falling off in the export business, and the threatened strike of the packing-house and stockyard employees, together with the apparent anxiety of the growers to get rid of their hogs all at once, are some of the reasons for the steady tumble in price. The packers are also said to be up against the abnormal weakness of foreign legislation.

On the board of trade in Chicago yesterday grain and provisions both showed a strong downward tendency in view of the \$14 hog.

OPEN UP TERAULEY

Avenue College into Grenville and by St. Vincent to Bloor—Take Congestion off Yonge.

Before the war the city started in to extend Terauley from the present street to Davenport road. It bought and has a lot of property on the line of the street this street is now open. But it failed to buy the key block, the frontage on College street (58 feet) and Grenville street (58 feet), immediately to the north.

This block, if opened up, would let Terauley into St. Vincent street, and on that thoroughfare to Bloor street. The city has already paid for the land from the Osborne estate to widen the thoroughfare by Christie street, along St. Michael's College.

And this one bit of land on College street would let all the thousands and foot traffic go north west of Yonge street and head for the present main street. The congestion at College and Yonge is one of the worst blockades in the city.

COCKSHUTT STATES HE FEARS GERMANY MAY RULE LEAGUE

Convinced More Shots to be
Fired—Lemieux Says
Article Ten Vital.

Canadian Press Despatch.
Ottawa, Sept. 10.—Debate on the peace treaty continued in the house throughout today's sitting. Tomorrow, it concludes, Hon. Rodolphe Lemieux, who took up the major portion of the afternoon, agreed that the covenant of the league was useless without Article 10. But, by ratifying the treaty, was Canada not surrendering full control over her military and financial powers? He described the Dominion government's war policy as one of exploitation, extravagance, profiteering and waste. There had been an utter disregard of statesmanship, with an abject surrender to party needs. He thought, too, that the Irish home rule bill should be enforced and "King Carson" silenced.

Mr. Cockshutt (Brantford) was critical of the league, also declaring he would vote for ratification. He predicted that the time might come when Germany, if admitted to the league, would largely constitute its voting power. And he was convinced that the last shot had not been fired, nor the last battle sunk.

With the conclusion tomorrow of the debate on the peace treaty, the debate on the address will begin. On Monday, business waiting on the order paper will be taken up. Owing to the illness of the prime minister, however, presentation of certain government legislation is being somewhat delayed, and it is probable that the house will not hold evening sittings throughout the week.

Mowat (Parkdale), in the house this afternoon, presented his bill to substitute election as a means of capital punishment. The bill was read a first time.

Treaty Invitations to Canada.
Mr. Rowell read correspondence which passed between Sir Thomas White, then acting premier, and Sir Robert Borden, at the time in London.

SPARE NO EXPENSE IN PROFIT PROBE

Attorney-General Promises Assistance of Crown Officials to Commerce Board.

"My instructions are that no expense will be spared not only in rendering aid to the board of inquiry, but in commerce, but in any prosecutions that may arise in connection with combines or profiteering," remarked yesterday, in discussing the investigation to be opened by W. P. O'Connor in the city hall this morning.

Mr. Lucas also stated that J. S. Lundy, special counsel for the Ontario government in the matter, had a long conference with the authorities at Ottawa and discussed with them certain lines of action or procedure to be taken at the investigation.

The attorney-general went on to say that, on behalf of the government of Ontario, he had addressed another letter to Mr. Lundy in Ottawa requesting him to co-operate with the board of commerce in every way in the probe relating to the high cost of living. He authorized the attorney to give every publicity by way of advertising if necessary to the objects of the investigation and the need for active co-operation of the public.

Mr. Lucas further stated that he had authorized the utilization of the services of any of the crown attorneys and provincial police and the employment of any special officers who might be able to render any assistance in bringing about the objects sought to be obtained by the board of commerce.

TAKING OVER GRAND TRUNK MATTER OF FEW DAYS ONLY

As Foretold in World Last Week, Government Will Acquire Railway by Agreement Almost Immediately.

By a Staff Reporter.
Ottawa, Sept. 10.—The World learns on good authority that the government and the Grand Trunk officials have practically reached an agreement, and in a few days the government will be in possession of both the Grand Trunk and the Grand Trunk Pacific. The exact terms could not be learned, but following a conference today, between members of the government and officials of the railway company, it was stated that the government would acquire the old Grand Trunk without being compelled to resort either to arbitration or liquidation.

CANADA TO OWN G.T.R.

National Railways of This Country Will Be the Greatest System in the World.

TORONTO A NATIONAL RAILWAY AND TELEGRAPH CENTRE

Some Indications of the Consolidations, Economies and Improvements to be Effected—Electrification to Follow.

THE absorption of the Grand Trunk into the Canadian National Railways makes the greatest system of public-owned railways in the world. But more significant than this is the revolution in transportation in Canada that will take place in consequence of this consolidation. Let us enumerate a few of the changes that will take place almost immediately.

Beginning with Toronto: the first important feature as far as this city is concerned will be that a new consolidated service will be created between Toronto and Ottawa direct, over the double track system of the Grand Trunk as far as Napanee, and then on the track of the Canadian Northern direct to Ottawa, via Smith's Falls. This single track portion of the Canadian Northern will undoubtedly be doubled right away. The distance between Toronto and Ottawa at present is:

| | |
|--|------------|
| Toronto to Ottawa, C. N. | 257 Miles. |
| Toronto to Ottawa, G. T. (via Kempton) | 265 " |
| Toronto to Ottawa, G. T. and C. N. | 247 " |

From these figures it will be seen that there will be a saving of 18 miles in distance and most of the run over the present double track system of the G. T. R. along the lake front towns and villages.

Another advantage of this consolidation will be that most likely the Canadian Northern will be double-tracked, not only from Napanee to Ottawa, but from Brighton to Napanee, and in this way a service will be given thru the heart of Trenton, Belleville and Deseronto. The Toronto-Ottawa service will be one of the most profitable in Canada.

The next great improvement in regard to traffic to and from Toronto that results from the consolidation is in the transcontinental services; and what applies to Toronto, will apply with equal force to Montreal, Ottawa and all other eastern points; namely, that the national transcontinental service will practically start at Halifax, will come via the Intercolonial, Transcontinental and the Grand Trunk to Montreal. From Montreal the service can go either by Grand Trunk or Canadian Northern to Ottawa; and from Ottawa by the Canadian Northern via North Bay and on the Canadian Northern to Long Lake, this side of Lake Nipigon, where the Canadian Northern has its nearest approach to the Transcontinental—only 25 to 30 miles to build between the systems. And once this link is made the transcontinental trains, instead of going by way of Port Arthur, will pass from the Canadian Northern at Long Lake to the Transcontinental, and over the Transcontinental to Winnipeg; and from there, via the Canadian Northern, to the west.

In the city of Montreal the National Railways, while it does not get the use of the Windsor Station of the C.P.R., gets the Bonaventure Station and under the mountain, gives much the best route to Ottawa and to the west, and may mean a greatly improved railway station in Montreal.

A further improvement that will result from the consolidation will be that the National Railways will give the Grand Trunk advantage and use of the connections that the Canadian Northern have already secured for joint uses of the trunk line, sidings, and over the Bonaventure Station and the west.

One of the outstanding advantages of this consolidation is that the National Railways gets possession of all the properties, sidings, stations and Niagara Falls, Hamilton, Brantford, Black Rock, London, Sarnia, Windsor and many other cities and towns in the Dominion, constituting of themselves the greatest group of railway assets in the country. The World has heard it said great good that the Grand Trunk's real estate, in the way of sidings, stations and the like, in Canada, is practically worth more than one-half of the total value of the system, and has ahead of it a potential of growing into enormous value. The bridges and what is an immense asset. It includes the new ferry routes and car-ferry routes that will be established.

Toronto's most valuable railway asset that comes to the nation is the sidings and terminals all about the City.

No one can begin to enumerate the changes, consolidations and savings that can be effected clear across the continent by unifying the Intercolonial, Transcontinental, Grand Trunk, Canadian Northern, Grand Trunk Pacific. Every city and nearly every town in Canada is on the great consolidated National Railways!

No one can begin to outline the improvements that will follow putting the Grand Trunk and Canadian Northern together in New Ontario. And we believe that the Timiskaming and Northern Ontario will be taken into the National Railways, putting most of the mines of Ontario on one system. The nickel, gold, silver mines of Ontario will be on the National Railways. Toronto ought to come forward with sites and other aid for such block or blocks.

The consolidation of railway offices will result in the consolidation of administration staffs. A lot of officials, men, clerks, other employees can be saved and turned into other work. No one will be dumped, but turned into more efficient work.

TWENTY-FOUR UNIONS IN STEEL INDUSTRY DECIDE ON STRIKE

Declare All Efforts to Secure Conference With Corporation Have Failed—Will Walk Out September 22.

Canadian Press Despatch.
Washington, Sept. 10.—Twenty-four international unions in the steel industry announced today that by unanimous vote it had been decided to go on strike September 22. "Having exhausted every honorable and possible means of securing a conference with the United States Steel Corporation for the purpose of discussing the intolerable and brutal conditions under which the men are compelled to work," In announcing the action the executive council of the union declared that efforts of President Wilson to obtain a conference between the steel corporation and the unions had been unavailing. Meanwhile, it was said, "the most un-American outrages and unlawful tactics were employed to destroy union."
The statement issued by the union heads said:
"The 24 international unions in the steel industry and affiliated with the American Federation of Labor, having exhausted every honorable and possible means of securing a conference with the U. S. Steel Corporation for the purpose of discussing the intolerable and brutal conditions under which the men are compelled to work and having failed in these efforts, have decided by unanimous vote to cease work on Monday, September 22."
"The representatives of these international unions have for the past four months tried every conceivable means to secure a conference with Judge Gary, representing the U. S. Steel Corporation. A personal letter from President Gompers to Judge Gary was totally ignored. Later on a committee waited upon Judge Gary in New York and was refused an audience. Subsequently they were advised that a letter signed by Judge Gary that he would not deal with union labor representatives, which is an absolute denial to his employees of the right of collective bargaining."
"The association of Labor brought the situation to the attention of President Wilson, for the purpose of securing co-operation in arbitration conference. Up until the present time the committee has not been advised that the efforts of the president have been in any more successful than efforts of President Gompers and the committee representing the employees."

THEY ALL SMILE NOW THE WAR'S OVER.

This is a new out of General Pershing, taken as he landed in New York on Saturday last. He was accorded a tremendous ovation in New York yesterday when he appeared at the head of the returned first American Division. Report says he will visit Canada soon.

WINNIPEG LEADERS ARE ALLOWED BAIL

Each Awaits Trial for Conspiracy Under Eight Thousand Dollar Bail.

Winnipeg, Sept. 10.—After twenty-six days' incarceration the eight strike leaders, who have been held in the provincial jail pending their trial on charges of seditious conspiracy, were at 5:30 p.m. today, in Judge's chambers, granted bail. Chief Justice Mathers, who together with Mr. Justice Macdonald and Mr. Justice McCall, heard the argument of counsel read the decision of the court. Bail was granted in the sum of \$4,000 each and two sureties of \$2,000 each.

Immediately the court had adjourned, E. J. McMurray, together with the bondsmen, left for the provincial jail, where the formal proceedings precede the release of the accused, were completed.

William Ivens was the first of the eight to be released. He was seen in appearance in the doorway of the jail was the signal for cheers from the crowd of workers numbering over 1,500, who had gathered to greet the leaders. Some one in the crowd started singing, "For he's a jolly good fellow," and the song was immediately taken up. Ivens was "chained" and carried around the square.

"I've gained eight pounds in the time I've been here," said Ivens, "and I think I'll go out and rob a bank to get back, they've treated us so well."

Alderman John Queen was the next to appear. He too received the same greeting from the crowd. The remainder of the men, Aldermen A. A. Heaps, George Armstrong, R. E. Bray, W. E. Pritchard, R. J. Johns and R. B. Russell came out together. They were immediately seized by their friends and chained.

BORDEN MUCH BETTER.

Ottawa, Sept. 10.—Sir Robert Borden's condition was reported tonight to be considerably improved. The prime minister, it is expected, will be able to resume his duties next week.

THE HAT SITUATION.

Buyers returning from England report great difficulty in having orders filled, and many of the best makers refuse to take on any more orders for spring delivery on account of scarcity of materials brought on by strikes, etc., and to add to this, prices have gone up and are still soaring, and as one manufacturer put it, the end is not yet come. The Dineen Company is issuing this warning to their customers not to expect present prices for men's hats to drop for some time.

Dineen Company stock of fall hats are now opened, and while the prices are much higher than they were a few years ago, they are very much less than they will be later on when further deliveries are received. Full lines of Christmas, Hilligley and Hen's hats, quality of English hats now opened, price \$8.00; other good makers, \$2.95 to \$6.00. Come into Dineen's and take advantage of present prices. 140 Yonge street.

EXTEND APPEAL TIME

It is officially announced that the time for appeals to add names to the voters' list has been extended for seven days. This will enable those who have been on summer vacations to make sure of their inclusion, but also permit of more soldiers returning from overseas to vote at the coming election and referendum.

US TO NATIONALIZE BRITISH COAL MINES

Trades Union Congress at Glasgow Passes Resolution by Overwhelming Majority.

Glasgow, Sept. 10.—By an overwhelming vote, the Trades Union Congress at today's session passed a resolution favoring the nationalization of the coal mines. The motion, presented by Robert Smillie, the miners' leader, was carried by a vote of 4,478-000 against 77,000.

The result of the vote was to throw virtually the entire congress solidly behind the coal miners' demands for the nationalization of their industry. The resolution pledges insistence by the body that the government adopt the majority report of the coal commission, presented last June, known as the Slesky report.

This report provides for the state ownership of the mines and for joint control of their operation, in which the miner would have an effective voice. The resolution passed today, calling for acceptance of the report by the government, adds:

"In the event of the government still refusing, a special congress shall be convened to decide what form of action shall be taken to compel the government to accept."

The resolution rejects the proposed alternative scheme of the government as "contrary to the best interests of the nation" and as creating the "distinct justification of the coal industry."

Nationalize All Industries

Mr. Smillie in advocating the passage of the resolution declared that labor's fight for the nationalization of all industries would not cease with the gaining of its demand for state purchase of the coal mines. The desired end would be achieved thru "the common sense realization of the justice of our claims," Mr. Smillie continued. He said he knew the hardship that strikes caused, but there were times when it was criminal for labor leaders not to call strikes to enforce justice. The miners, he declared, were really fighting an organized labor. The highest output was impossible, he insisted, under the present working conditions and the lack of modern machinery and equipment.

James Henry Thomas, general secretary of the National Union of Railwaymen, in seconding Mr. Smillie's motion, said the question had come to the point of a definite decision. He exhorted the delegates to be sure they saw clearly where they were going.

Jos. Havelock Wilson, president of the International Seamen's Union, in opposing the resolution, pointing to the failure of state control enterprises when he was interrupted with a shout of "What about the?"

President Bunning announced that a definite vote on the question of direct action would be taken on Friday.

WINNIPEG BRIDS PRINCE FAREWELL

His Royal Highness Greatly Delighted With Visit and Warm Reception.

Winnipeg, Sept. 10.—Smiling, waving his cap, and shouting "au revoir" as he leaned over the railing of the observation car on the royal train, his royal highness, the Prince of Wales, left Winnipeg tonight at 7 o'clock to continue his tour of the Canadian west.

That he was delighted with his experiences in the city, his royal highness emphasized with the greatest heartiness before boarding the train. "I am simply delighted. The spirit of the people has been splendid. Your fine city has impressed me greatly, and I am sure there is a great future before it. Nothing could have been finer than the reception given me. I shall remember it for all time and the remembrance will always give me a thrill of pleasure."

These were, in effect, the words to which, with face glowing and eyes shining with pleasure, the prince gave utterance in final hurried chats with the lieutenant-governor, Sir James Aikens, and Premier T. C. Norris on the Canadian Pacific Railway tracks before the train pulled out.

The send-off given His Royal Highness by the citizens of Winnipeg was not a whit less bolshoiyous than the reception accorded to him on Tuesday morning. Huge crowds thronged the vicinity of the Canadian Pacific Railway depot and they were not less restrained in their demonstrations of loyalty and good will.

Bought October Oats.

While watching the large blackboards with the hundreds of changing figures and listening to the beaming of the many traders endeavoring to sell on the Grain Exchange today, His Royal Highness the Prince of Wales, purchased 50,000 bushels of October oats at 83 1-2 cents. Immediately the deal was closed, the market fell off 1-8 cent to 82 3-8, October delivery eventually closing at 82 3-4, making a drop of 3-4 cents after the prince had made his speculation, which proved a temporary loss to himself of \$375.

The broker who sold to his royal highness promised him a profit of at least \$2,000 on his return from the west.

His Royal Highness the Prince of Wales was the guest of honor at a luncheon of the Canadian Club at the Royal Alexandra this afternoon, attended by the members of the royal party, civic, military and provincial officials, and prominent business men of the city.

COMPANY FOUND NEGLIGENT.

The Willys-Overland Motor Car Company, West Toronto, were found negligent in failing to provide proper protection over an excavation in the yard of their factory and also in failing to inform workmen of the danger of the spot. The above finding was attached to a verdict presented by the jury at the morgue last night inquiring into the death of Robert Conway. Conway was killed when a large motor truck ran in the hole and flung him under the machinery. Coroner Bateman conducted the investigation.

YORK PARENTS PROTEST HIGH SCHOOL FEES

York County Pupils Pay High for Attendance in City.

Protesting parents from many parts of York County through the board of education management committee yesterday afternoon, ask for relief from the new scale of Toronto high school fees for pupils from outside places. Various pathetic pleas on behalf of widows' children and others were made.

Trusting C. A. E. Brown, as chairman of the finance committee pointed out that where townships had no high school some financial arrangement could be made by the township council with the Toronto board of education.

Dr. John Noble said the York County council had two high schools, and he said if the county high schools are not good enough for you, and you want to send your children to school in Toronto, you will have to pay for it.

Miss Constance Boulton, Dr. John Noble and C. A. E. Brown, pointed out to the deputation that the Toronto board of control absolutely refused to pay for the education of York County pupils.

Dr. Noble said that the Toronto public schools were "all crowded to overflowing and the high schools were almost as bad."

Mrs. Groves advised action by Hon. Dr. Coyle and the Province of Ontario to ensure the highest education possible for the children of the province. In some of the states, the state government provides three-fourths of the cost to municipalities for the high school education of needy pupils.

referred to Committee.

The protests of the York County parents were referred to a special committee of the board of control that a combined deputation would wait upon the minister of education respecting the matter.

Dr. John Noble called attention to the overcrowding in the schools. At one school the other day he saw two pupils in one seat. Such conditions were altogether wrong, and no children should be taught in sheds, basements, or portable buildings, as they are all more or less badly lighted, poorly ventilated, and not sanitary.

Mr. Hunter moved for a report from the high school principals upon a solution of the overcrowding problem.

Principal Smith of Parkdale Collegiate, reported that the most critical overcrowding at high schools was the case of Oakwood.

Principal Gray expressed a willingness to try the double class system at Oakwood, if so ordered, but he expected it would be blocked by the resistance of parents, as it had been elsewhere in Toronto.

The committee decided to put the Oakwood Collegiate overcrowding once more up to the board of control.

J. Burnett read a protest from the high school teachers against a free transfer of high school teachers to public school principalships. With this prohibited, the high school teachers were said to be in certain cases \$300 a year worse off than public school principals, although they had to have better qualifications.

RIVERDALE WARD ONE FORMS LIBERTY BRANCH

Sixty Citizens Enroll in New Organization Against Prohibition Campaign.

Under the auspices of the Citizens' Liberty League a branch for ward 1 district was inaugurated at a well-attended meeting in Broadview Hall, Broadview avenue, last night Roy J. Tanner presided.

Edward Meek, K.C., in an able address on the personal liberty of the citizen, scored the government for its enactment of the prohibition measure. "My opinion of the liquor question was not formed yesterday," said the speaker, "but thru serious thought during the past fifty years, and I have always been opposed to prohibition. I think the act now enacted by any country. The men who passed the measure were not sane at the time, and the greatest evils in the sale of liquor are not due to the people, but to the government. It is the liquor that is the cause of our social and economic evils."

For the timely thing in Unionville, A. L. Brown and W. Caldwell will come together, as will J. A. Rennie and J. G. Cameron, and the lady ladies of Markham will play the winner of the Davison-Rennie set-to. Altogether it was a most interesting affair.

The greatest day that Unionville or York County in general ever saw in the line of bowling competition was that of yesterday, when no less than 18 rinks, all county men, participated in an all-day struggle for supremacy, which commenced again this morning, with a bare chance of being concluded this afternoon.

It was the annual match for the A. J. Eckardt trophy donated by Mr. Eckardt, an old Unionville boy, the rinks taking on the county men. The winners of the trophy were the Unionville club, followed by the Markham club, and one from Agincourt.

Will Play Winner.

EIGHT TEAMS FOR TROPHY

Likelihood That Royce Park Will Be Expropriated by City.

Called After H. R. H. President MacGregor Suggests Naming Property Prince Edward Park.

"Tonight will see Royce Park city property," declared Mayor Church at the luncheon given by the directors of the second Earls Court annual fall fair in the grounds of Royce yesterday.

While I am speaking, Col. Royce is at the city hall making arrangements for the transfer of this property to the city," he said.

In spite of cloudy weather Earls Court's second fall fair was formally opened by his worship, with him were Controller Alfred Maguire, Mayor Church, Aldermen Brook Sykes, George Birdsall, Col. President Alex. MacGregor and the general secretary.

Excellent Follow-up.

Mayor Church, in formally opening the fair, said: "I am proud to again come to this banner district of Toronto for this opening, which is a most excellent follow-up to the International Exhibition. Great thanks are due to the workers of this district, a district where H.R.H. the Prince of Wales was proud to visit. His visit to Canada will prove one of God's greatest gifts and will do more to ally the hearts of the English people with the Bolesheims than anything else. The prince's visit to Earls Court shows an evanescent memory of the early works of President Alex. MacGregor and the general secretary."

Arrangements having been completed so that the art gallery at the Exhibition Park can be electrically illuminated at night the management of the Canadian War Memorials Exhibition has changed the hours of admittance to view the paintings to 2 P.M. to 10 P.M., which will prove far more convenient to the general public. The attendance is increasing daily, a large proportion being out-of-town visitors and not a few have viewed the mammoth war paintings which previously saw them during the re-

DR. CODY ADDRESSES LIBRARIAN SCHOOL

The school for the professional training of librarians, which opened yesterday morning, was addressed by the Hon. Dr. Cody, minister of education, during the afternoon session. The minister declared that the public library is a great popular university extension movement. "There are two kinds of education," said Dr. Cody, "that which is given to a person and that which he attains himself," the latter being the kind that counts most of all. The minister spoke of the value of professional training in librarianship as being the most im-

Tribute to the women members of the auxiliary to the Knights of Columbus Catholic huts was given yesterday by an official in connection with hospital work. "The women who visit the hospitals go about their work so quietly and unassumingly that few except those they benefit know anything about it," was the statement made. The visitors go to the matrons of the military hospitals and find out what things are most needed, it may be ice cream, cake or fruit in season, it may be something else, but whatever the need, it is filled. Home to the City

BACK from holidays, your first act should be to get in touch with The Farmers' Dairy.

—and to double your regular milk order.

For this milk is the rich, nourishing food that helped your children so much in the country to win that glowing look of health.

It sustained them when they were too hot and tired to eat a proper meal. It served as a cooling, between-meals drink. It was a nourishing, sleep inducing, bedtime beverage. At meals it was satisfying, easily digested.

Now is the time to protect and maintain the good health they have gained.

Every time The Farmers' Dairy bottle is opened let it remind you of holidays and health.

Use it in soups, sauces, puddings, in creaming vegetables, on cereals, with fresh fruit, as a beverage—at every opportunity use Farmers' Dairy Milk.

Because— it is the best balanced, most economical, most nourishing food in the world.

It comes from the finest farms in Ontario. From fine cows—well-tended and well-fed to produce the richest milk.

And it is made safe by scientific pasteurization in the most up-to-date dairy in Canada.

THURSDAY MORNING, SEPT. 11.

The Gratuity Question.

General Currie's endorsement of the
proposal to have a conference for the
consideration of increased gratuities
for the returned soldiers gives the
matter a still firmer hold on the public
mind.

We believe that there is no objection
anywhere in Canada to fair,
square dealing with the soldiers.
What the Dominion is fairly liable
for, up to its ability to pay, the people
of Canada would not repudiate.

This, however, is an entirely different
matter from an unlimited demand
on the resources of the country, and
there has been no demand from responsible
representatives of the soldier
body for anything so unreasonable.

It is pretty certain that we have not
yet done our whole duty by the badly
wounded and totally disabled men,
for the dependents of those who
have been left behind in Flanders.

These have to be provided for, up to
our full ability.

There come the men who fought for
us, who maintained the integrity of
the nation on the field of battle, who
gave up years of their lives and broke
the vital ties that bound them to
social and business life in Canada.

They have to be reinstated, and the
re-establishment machinery is not
working as smoothly as it ought, or
the demands that are being made
would not have been heard.

It is not an unreasonable point of
view which the soldier takes when he
sees at the services he has rendered
in protecting the wealth of the Dominion
are to be recognized in such a
way that he will at least not be im-
poverished or greatly the loser for
his efforts. There would be little
honor or chivalry, as the best soldiers
readily admit, if their services had
nothing but a mercenary aim in view
all the time; but it is not mercenary
to ask for subsistence or the means
of gaining it.

If Canada has resources which were
wealth producing and fighting for
them must be sufficient wealth in
the country to meet its liabilities. This
is recognized by the plan which has
been put into operation of subsidizing
those veterans who desire to go
farming, up to as much as \$7,500.

Other assets and resources as well as
arable land ought to be good for any
liability the veterans can reasonably
claim against it. If our resources are
not so organized as to produce the
necessary cash, this again is a matter
of policy and administration. A country
as rich as Canada, which is willing
to have her mines and forests ex-
ploited by aliens, cannot very well
decline to give her own children necessary
assistance.

Large questions are raised by these
considerations, and they cannot be
settled by political side-stepping of
any kind, any more than the demands
they imply can be enforced by threats
or agitation.

Cool judgment will undoubtedly
agree about the wisdom of discussing
the whole problem in a properly con-
stituted and representative conference
or commission, with the object of find-
ing out what should be done, and how.

Ontario, Greatest Land on Earth.

Mr. Francis Grierson, who is stay-
ing in Toronto at present, and whose
long residence in the great capitals
of Europe and other famous cities
renders him a competent Judge, de-
clares that Toronto is the most beau-
tiful residence city he has seen. He
has driven thru miles after miles of
the homes of Ontario's capital, em-
bowered with trees, which to him are
an amazing sight. Occasional streets in
European cities have trees, or occa-
sional trees, but nowhere has he seen
in a city of this size such arboraceous
wealth and variety. The city suburbs
and residence districts are a revela-
tion of tasteful and comfortable
homes; the Beaches, Parkdale, Rose-
dale, High Park, the Annex, the Hill,
North Toronto, wherever one may be
disposed to go, there are charm and
change and challenge to comparison.

In this respect Toronto fairly repre-
sents the province of which she is the
chief city. Ontario is one of the
lovely countries of the world. The
legends of beauty in older lands are
largely the result of ancient memories
and associations, and the work of lit-
erary men, poets, and artists. A hun-
dredth part of the discrimination and
judgment lavished on Europe—even
on Great Britain and Ireland—would
prove Ontario to be supreme in beauty
as she is in natural wealth.

Just now Toronto is crowded with
returning tourists from east and west
and north. They have come from the
great heart of United States summers
to bathe themselves in the crystal and
other of Ontario. Our wonderful
northern lakes and rivers hold out
all the attractions and allurements of
Eden, and our cities are no longer

afraid of either apples or snakes. We
have the finest apples and the most
harmless snakes in the world. Our
forests and our streams offer the
sportsman, the naturalist, or the
dreamer unsurpassed facilities for the
vigilant life of primitive nature.

The settled haunts, about which
tourists are passing the Masonic sign-
al to each other all over the world,
are every year alluring greater and
more appreciative numbers. But Ont-
ario will not be crowded in this cen-
tury. With an area as great as
France and Germany combined, only
the population of Paris yet occupies
this great inheritance "by Blue Ont-
ario's shore."

Ontario is the natural play place,
camping ground and holiday resort of
America. Those who come once return
year after year, and United States
fiction begins to tell about the roman-
tic things that happen up by Tim-
agami and Timiskaming. And in less
frequented places, up the Montreal
River by Elk Lake; on the upper
reaches of the Ottawa; or in the fas-
cinating fastness of Hastings Coun-
ty; by the picturesque majesty of the
great rock dedicated to "Old Wall";
at Bon Echo; in the island-studded
lakes of Muskoka or the verdant
Georgian Bay; along the noble shores
of Ontario herself, in the old-time
loveliness of Cobourg, or the
quaintness of Trenton or Picton; by
Goderich in the north, or Barrie, on
Lake Simcoe; at Queenston on the
Niagara; everything that can bless
the eye or soothe the heart in per-
fect scenery is to be found.

The wonder of Ontario is that so
few people, comparatively, have dis-
covered it. We renew the prediction
that the best of the empire will event-
ually learn what a land Ontario is,
and will come and help us to raise a
commonwealth vaster and worthier
than anything Europe has to show.

We shall have the highest civiliza-
tion in the most beautiful homeland
on earth.

Handshaking the Prince.
These complaints that the Prince of
Wales is not receiving open-handed
hospitality in the west are apt to be
misunderstood. The loyalty of the
west is like Toronto's, which took too
close a grip on him and paralyzed his
pitching camp. Requests have been
issued to the westeners to go light
on the hand-shaking, and the hearty
grasp is to be cut out in favor of a
shoulder-high wabble or something
equally innocuous.

Those who think being a Prince of
Wales is some job ought to make an
attempt to shake hands straight thru
eight million people. It can't be done
without an eight ounce glove or steel
gauntlets. The prince tried to do it
palm to palm, and they had to x-ray
him. He is recovering from the cor-
rosivity of the grips he has received,
and will never complain if he meets a
close-fisted community.

"O'Connor Is Coming Hurrah! Hurrah!"
BY IDA L. WEBSTER.

The coming of W. F. O'Connor to
the city hall is being looked for with
about as much joy and anticipation
as the visit of the Prince of Wales to
this city, and the citizens are waiting
to receive him, not with the respect
with which they receive the citizens
turned out to admire and reverence their
coming sovereign, on the latter occasion
they will turn out to gaze
with awe upon the human being who
has offered himself as a sacrifice to
the altar of progress.

If ever man was needed that man
is W. F. O'Connor. His work of the
past assures the citizens that his
motto is, "Few close to the line, let
the chips fall where they may."

He spares not, neither does he for-
give—and that is exactly what this
province of Ontario wants, as well as
what this whole country of Canada
needs.

For weeks and months we as citi-
zens have been held up by the people
who depend on their living, our taxes,
our rents, our taxes, in fact, every
blessed thing which goes to make up
our lives, or as it has been, which goes
to make up our nightmares. We have
been skinned until the bones are all
most bare, and now we turn with eyes
wailing and watching and waiting,
to see if there will turn out to be
hope that he in his wisdom will re-
lease us from this bond of slavery, and
permit us to again sink our teeth
into juicy meat.

"Take the poor defenceless things
who are forced thru circumstances to
eat their meals in restaurants. Not
only is their food most indigestible,
for the most part, but it is so expen-
sive, that only an offspring of the
house of Rothschild could afford to
eat enough to fill himself.

"The public pays" is one of the
oldest sayings in the world, in fact,
so ancient is it that we have been told
it was made up by Solomon, and you
know you can hardly beat that for
antique wisdom. At any rate, whether
it was Solomon or Tommy Church
who founded the gag, it is neverthe-
less a mighty good one.

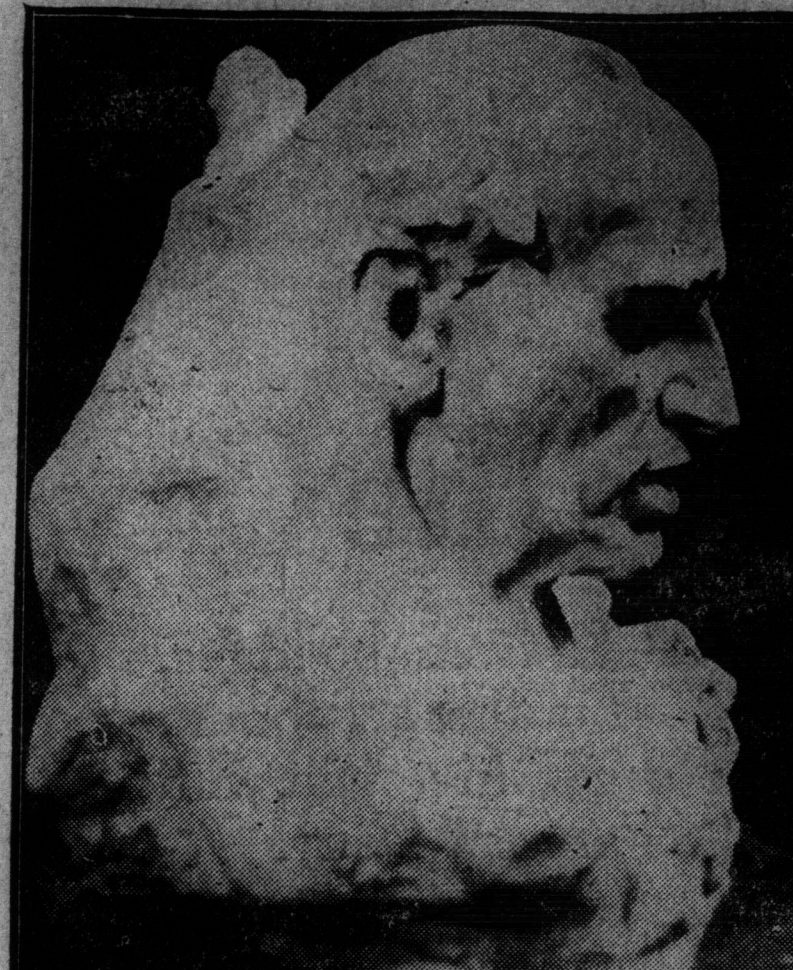

We poor creatures pay every time
that we take a breath. If it is not for
food, then it is to help the government
erect and maintain Orpington Hos-
pitals for Canadians, and where Cana-
dians rarely go.

So much have we paid that a wan-
derer to the country might well ask
what more we expect to have "drain-
ed" out of us? And we could only
answer, our teeth, and, indeed, in
some cases even those have gone in
the effort to keep the body and soul
from falling apart.

All this and more have we suffered.
O noble (?) political leaders, and now
at this time when after only four
years and six months of scrimping,
you send us this man to deliver us
into the land of Moses, we will fawn
and beseech you to accept our thanks
and our prayers, having taken all else
that we possess to do so.

Therefore, come unto us and deliver
us now, today, unto illustrious son
of Irish kings, and even the children
of the nation shall rise up and call you
blessed.

REMARKABLE BUST OF CARDINAL MERCIER.

Those who have seen the bust of Cardinal Mercier, just completed by Ruetola, the New York sculptor, declare it to be the work of a great genius, and Catholic societies are planning to have it reproduced in marble and placed in the city of Brussels. The bust is entitled "The Prince of Sorrows." The cardinal is now in America.

THE DAY AT OTTAWA
By TOM KING

Ottawa, Sept. 10.—Announcing that
he would vote for the peace treaty
and the covenant of the league of
nations, and urging all the other
members to do the same, Mr. F. Cocks-
butt, Unionist member for Brantford,
noted the demand for a cash allow-
ance to the returned soldiers. Mr.
Dewart roused a great enthu-
siasm when he read the con-
vention letter to Judge D. D. McKenzie
to be read on the floor of the
house of commons. "We propose,"
he said, speaking for the Liberals of
Ontario, that the money shall be re-
ceived from those who made unjust
profits during the war. (Applause.)
"The obstinacy of Sir Robert Borden,"
he went on, "to grant the Liberal de-
mand for the benefit of the veterans,
has brought the trouble to its present
height. Sir Robert and his govern-
ment have money for all man-
ner of commissions. They had \$40,000
to hand to Commissioner Meredith for
his unwelcome operations, but Sir
Robert Borden obstinately refused to
grant a commission to war veterans
of Canada. This contrast is start-
ling. It is the convention letter
cheered again when he read the reso-
lution passed at the Ottawa Liberal
convention.

Dewart's Letter.
His own letter was as follows: "To
Hon. D. D. McKenzie, House of Com-
mons, Ottawa: The good enough to
express on the floor of the house of
commons today the emphatic protest
of the Liberals of Ontario against Sir
Robert Borden's refusal of the vet-
erans' just request for a commission to
deal with war service gratuities and
other arrears of pay. The Ontario
Liberal party stands united in
support of the resolution of the
national convention on August
7, moved by Col. Ralston, declaring
for the adoption of a system of cash
grants to the soldiers and to the de-
pendents of those who have fallen as
the most satisfactory and effective
means of civil re-establishment, in
addition to the present gratuity and
pension for disabled men. Ontario
Liberal members will back Ontario
Canada and the empire."

Mr. Cocksbutt said that Mr. Lemieux
was very solicitous about the rights of
minorities in Canada, but was ready to
trample the minority in Ireland under
foot.

For himself, Mr. Cocksbutt opined
that the Irish question could no more
be settled than could the dispute be-
tween Ontario and Quebec over the
bilingual schools.

Today's sitting was entirely devoted
to the debate upon the peace treaty,
which closed tomorrow. Capt. Peter
McGibbon, Unionist member for Mus-
koka, led off with a good speech. He
believed the peace treaty aimed to pre-
serve the status quo of the world as it
was before the war. He declared that
nations had fought in a war so ter-
rible that there were 27 million
casualties and seven million deaths on
the world front alone. The treaty
created four new free states and gave
the right of self-government to 65 mil-
lion people who were formerly under
the autocratic rule of Germany, Aus-
tria and Russia. The mandatory sys-
tem which the treaty inaugurated
would place under different sur-
ward nations, and he believed it would
soon be generally adopted throughout
the world. His one criticism was the
smallness of the indemnity. Germany
was only required to pay 25 billion
dollars, while the financial losses of the
allies aggregated 150 billion.

He was followed by Hon. Rodolphe
Lemieux, who devoted much of his
speech to the speech of Hon. N. R. W. Rowell.
Hon. N. R. W. Rowell, who was
speech delivered by Mr. Rowell in 1912,
which he claimed contrasted strongly
with the present speech. He said
that Mr. Rowell had favored the most com-
plete autonomy for Canada and had
commended the Laurier Canadian
party on their most noble under-
standings he had become an ardent im-
perialist and was working to bring
about centralization.

Mr. Lemieux also contended strongly
against Mr. Rowell's doctrine that in
some unexplained way Canada had
ceased to be a part of the British em-
pire and had become a nation. He
sarcastically enquired why no Cana-
dian ambassador had been sent to
Washington, also parliament had ap-
propriated \$50,000 for the creation of
an embassy. He intimated that the
whole project had been vetoed by the
imperial government. He recalled that
the house some years ago had passed a
resolution in favor of creating a Cana-
dian consul for commercial purposes,
but when the resolution was forwarded
to London the colonial secretary of
that day had sent back an icy and
non-committal reply. He said he
seriously urged that any country was
a nation which had no power to send
ambassadors and consult to other na-
tions?

The feature of the sitting today was
given by Sir Thomas White. All
the members irrespective of party ap-
plauded when he entered the chamber
and congratulated him. He had re-
cently lost his seat three back from
the treasury benches.

OTHER PEOPLES' OPINIONS

The World will gladly print under
this heading letters written by our read-
ers, dealing with current topics. As
space is limited they must not be
longer than 200 words and written
on one side of the paper only.

PRACTICE AND PRECEPT.

Editor World: I am anxious to get
your opinion and, if possible, that of
your readers as to whether I am right
or wrong under the following cir-
cumstances: I maintain that if a man
or a body of men address themselves
to the public, advocating a certain
course of action or mode of life, the
least they can do, when asked to state
publicly and unreservedly that they
themselves strictly follow out the
course which they advocate for
others to follow, is to come forward
and justify their action. I believe
that they should do so, addressed a
letter to the referendum committee
suggesting that the members thereof,
and any connected directly or indi-
rectly with their propaganda, should
make a declaration and publish the
same either that they were lifelong
total abstainers or alternatively, at
least that since the O. T. A. be-
came law they had not used alcoholic

Dewart Tells of Letter Favoring
Gratuities to Troops.

Special to The Toronto World.
Bracebridge, Ont., Sept. 10.—H. H.
Dewart, provincial Liberal leader, who
has been swinging around the circle
of his province, arrived here this
afternoon and addressed the conven-
tion of the Muskoka Reform Associa-
tion. The constituency has been ap-
pointed responsible to return a member
to the government coalition. The local U. F.
O. have agreed not to put up a candi-
date and the Liberals will contest
the upcoming elections from
former government supporters that
they intend to oppose Premier Hearst.
The convention was most enthusiastic.
With reference to the demand for a
cash allowance to the returned sol-
diers Mr. Dewart roused a great enthu-
siasm when he read the con-
vention letter to Judge D. D. McKenzie
to be read on the floor of the
house of commons. "We propose,"
he said, speaking for the Liberals of
Ontario, that the money shall be re-
ceived from those who made unjust
profits during the war. (Applause.)
"The obstinacy of Sir Robert Borden,"
he went on, "to grant the Liberal de-
mand for the benefit of the veterans,

**U.F.O. IN W. LINCOLN
NAME NELSON CLINE**

St. Catharines, Ont., Sept. 10.—Nelson
Cline of Fenwick was this after-
noon chosen by the United Farmers of
Lincoln as their candidate for the
legislature. Cline, who has been a
Liberal, will oppose Duncan Marshall,
the present member, who has been
nominated by the Liberals and re-en-
dorsed since spring. Other nominees
for the U.F.O. convention, which was
held at Smithville, were Jason Merritt
and James A. Livingstone of Grimby
and H. G. Clark of Queenston. The
latter, who resides outside the consti-
tuency, contested the last ballot with
Cline and was defeated by 26 votes.
James A. Livingstone, the only one of
the nominees to declare himself op-
posed to prohibition, was dropped after
the first ballot. The Conservative con-
vention will be held at Smithville next
Wednesday.

**Anthracite Strikers

Scranton, Pa., Sept. 10.—Word came
today that John L. Lewis, acting presi-
dent of the United Mine Workers of
America, in session at Cleveland, that if
the miners of the Lackawanna, Hanna
and Hudson Companies is not
quickly ended, he will send the full
force of his organization here to convince
the strikers of their error in violating agree-
ments and the laws of the union.

**GREY U.F.O. NAME
COL. D. CARMICHAEL**

Convention is Enthusiastic—
Candidate Will Oppose
Hon. I. B. Lucas.

Special to The Toronto World.
Meaford, Ont., Sept. 10.—At the
most largely attended and most
enthusiastic convention ever held in
Grey county, Lieut.-Col. Douglas Car-
michael, M.C. with Col. D.S.O. with
hon. was unanimously elected as
Rocklyn this afternoon to stand as
United Farmers' candidate to oppose
Hon. I. B. Lucas at the next provin-
cial elections. Seven names were
proposed for Lieut.-Col. Carmichael, Geo. H.
Jolley, Elisha Parkinson, A. E. Camer-
on, W. C. McComb, D. H. Shore and
Robert Shaw, but with the exception
of the first two all withdrew. Later
Mr. Jolley removed his name and
moved that Carmichael's nomination
be made unanimous. This action was
greeted with prolonged cheering. The
candidate is a practical farmer of
Collingwood township. He is 33 years
of age. He was in the army for four
years, starting as a captain on ac-
count of militia experience and re-
turning in February of this year, hav-
ing been in command of the 15th
Battalion. He was twice wounded,
once at Amiens and once at Cambrai.
Morrison Chief Speaker.

W. J. Morrison, secretary of the U.
F. O. was the chief speaker. He was
glad that the ladies now had the vote,
claiming that it would hasten an in-
telligent electorate, since all the
questions would be thoroughly discus-
sed in the home. He denied that the
United Farmers are promoting class legi-
slation, saying that the farmers were
rumbled field artillery of every type
and back of the guns came the divisional
troops. It was a holiday for New York
and enormous crowds packed the line of
march.

Carmichael's Stand.
Speaking after his nomination
Lieut.-Col. Carmichael said he fully
realized the difficulties they had to
contend with, since their organization
was not as complete as the party
machines. He had always been inde-
pendent, voting as his conscience dic-
tated. He intended to continue to do
the same thing if elected.

**GEN. PERSHING HEADED
PARADE IN NEW YORK**

New York, Sept. 10.—With Pershing
at their head, the First Division of United
States regulars, consisting of 25,000 men,
marched on Fifth avenue today.

It was the crowning military spectacle
of the war for New York. Behind the
lines of their bayoneted gleaming
rumbled field artillery of every type
and back of the guns came the divisional
troops. It was a holiday for New York
and enormous crowds packed the line of
march.

"The present government has decided to give us eleven more days to get on the voters' lists. It seems funny to me that the government should be so considerate. There must be something behind it, but I am not smart enough to discover the secret for the government giving us this privilege."

Mr. Day appealed for voluntary workers and many responses were made. He went on to say that Canada had a free country was becoming the most despotic governed in the world.

Addressing the Liberal Policy Mr. Day said they stood for public ownership and reserve of water power for development; no opposition between hydro and government electric railways; government control and regulation of cold storage plants, abattoirs and stockyards.

H. J. VALLANTYNE GETS WILLIAMSON

Board of Management Appoints Soldier Teacher to Good Principalship.

OCASIONAL TEACHERS

Mrs. Groves Calls for Specially Paid Experienced Persons.

H. J. Vallantyne, returned soldier teacher, "one of the bravest and best men in the public staff," as described by Miss Constance Boulton, was nominated by the public school section of the management committee for the principalship of Williamson Road School, Kew Beach, with salary equal to that which he received when principal of Oriole Street School.

The nomination by the committee followed a series of incidents by trustees upon the board of inspectors' survey censures of the committee for rejecting the former complete recommendations for the reinstatement of soldier principals.

The committee, having hit back at the inspectors for having spoken out in plain English, was given an explanation that "no discount was given."

The recommendation that Mr. Vallantyne should be appointed to Ryerson was blocked by some members of the committee refusing to accept the final decision of the committee's opinion that the recent appointment of a high school staff man to Ryerson was inadvisable.

Dr. Steele and Trustee Hambly, chairman of the board, at first favored sending the matter on to the board without recommendation, but Miss Constance Boulton made such a fervid and apparently convincing appeal for the Williamson road appointment that it was sent on to the board almost with a "hurrah."

Occasional Teachers.

Unanimous approval was given to the motion by Mrs. Groves that, whereas the present system of occasional teachers is not such as to best serve the children, be it resolved that a whole reorganization of the system take place, whereby experienced teachers be placed in charge of the classes and where necessary are temporarily absent and that they be paid a sufficient extra sum of money to make it worth their while to take up this arduous and nerve-racking branch of the service.

Action was deferred on the principals' union of the school where Prin. Wm. Morrison has refused to accept a few months' leave of absence on full pay and then send in his resignation. As he claims the support of nearly a thousand Paper Avenue residents his avowed motto is "no surrender."

The following soldier teachers were granted leave of absence:

P. Muir, returning from overseas service, for one year to attend university; Garnet E. Mackie, teacher in Dewson street school, returning from overseas service, for one year, on account of personal illness; W. P. Grieve, returning from overseas service, for six months from July 1, on account of personal illness; James McCintion, teacher in McMurrich School, returning from overseas service, from October 1, 1919, to take the special course in medicine which is being given by the University of Toronto to returned soldiers.

The transfers of J. A. Hill to the principalship of Palmerston avenue, M. Holmes to Hillcrest, C. E. Rutledge to Cottingham street and Miss Jessie McGregor to Sackville street were concurred in.

WILLS AND BEQUESTS.

Samuel Earl Ralston, an acetylene welder, who died June 29, left an estate valued at \$2,761 to his wife, Mrs. Florence E. Ralston, 64 St. Mary street, and named her sole executrix.

Mrs. Ralston, not being of age, has nominated William Grant, of Orillia, as executor to apply for administration with the will annexed.

Mrs. Mary Alice Howard has applied for administration of the estate of her husband, Frederick G. Howard, who died intestate Sept. 8, 1918, leaving an estate of \$4,960. The heirs are the petitioner and Mrs. Gertrude Watson, Reginald F. Pearl and Ruby Howard, children of the deceased.

Mrs. Melvina Wakeford, 55 Green-sides avenue, and her daughter Olivia, will share equally in the estate of \$1,105 left by her husband, William E. Wakeford, who died in Toronto August 7, leaving no will.

A NEW PICTURE OF THE VICE-REGAL PARTY.

His excellency is here seen with his son and three daughters, the Duchess of Devonshire having been in England when this was made. Additional interest is lent this picture, which was taken at the Rideau Hall lawn, from the fact that seated by the duke's side is Lady Rachel Cavendish, who, it is reported, is to become the wife of the Prince of Wales.

SOCIETY NEWS

CONDUCTED BY MRS. EDMUND PHILLIPS.

The Timothy Eaton Memorial Church, decorated with autumn flowers, ferns and palms yesterday afternoon, was the scene of a wedding, when the marriage was solemnized by Gretta Josephine, eldest daughter of Mr. and Mrs. C. E. Burden, to Mr. William Earl Smith, son of the late Mr. W. H. Earl Smith, Messrs. and Mrs. Smith. The Rev. Prof. Michael read the service. Mrs. Blight played the wedding music, and while the register was being signed Mrs. Merry sang the bridal hymn.

The bride, who was brought in and given away by her father, looked lovely in a gown of white brocade with long train falling from the waist, lined with pink and beautifully embroidered with pearls on the corsage and sleeves.

The bride's veil, which was of excelsior, carried in a carriage, was carried by Miss Isobel Casseels, who was the bridesmaid, wearing pale pink tulle and georgette crepe, and the other in pale blue with black lace, and carrying bouquets of pink roses.

Miss Sidney Pepler and Miss Isobel Casseels were the bridesmaids, wearing pale pink tulle and georgette crepe, and the other in pale blue with black lace, and carrying bouquets of pink roses. The ushers were Major John Harman, Mr. Turner, R.N.R., and Mr. H. F. Flisen.

Mr. and Mrs. Finken held a reception after the ceremony at their house in Madison avenue, when Mrs. Flisen was wearing Burgundy georgette crepe with lace, and that to match. Captain and Mrs. Davidson, who were at 215 Heath street, after their wedding trip.

Mrs. Hoskin and Mrs. W. H. P. Jarvis and her children have gone to the island while Mr. Jarvis is away for a few weeks. Mr. and Mrs. R. S. Williams, Jr. and their family have returned from Miami.

Miss Laid and Miss Margaret Rhoad are at Nantucket. Mrs. Betty Spriess, who has returned to Bobcaygeon.

The ladies of the Rosedale Golf Club played a round yesterday at the latter club, with a win for Lambert. Captain Aubrey Greaves, C.A.M.C., who has recently returned from overseas, is acting O.C. at the Base Hospital.

The parish house of the Church of the Holy Family at 215 p.m. yesterday was the scene of the marriage of Babs, daughter of Mr. and Mrs. Plunkett Magann, to Master E. R. Ponton Armour, Canadian Field Artillery, son of Mr. and Mrs. E. Douglas Armour. The bride, who was given away by her father, wore a white satin gown, with long court train, and tulle veil, caught with orange blossoms, and carried sweetheart roses.

Mrs. and Mrs. Magann, after the ceremony, held a reception at their house in Dewling avenue, after which the bride and groom left for a shooting lodge on the Georgian Bay, lent for the occasion. On their return they will live at Mr. Magann's country house on the Credit until the winter sets in, when they will take a flat.

The engagement has been announced of Major W. T. Ewing, M.C., C.A.M.C., Victoria, B.C., and Dora Pauline, daughter of Mr. and Mrs. J. H. Ewing, of Toronto, who she did very charmingly.

ANITA M'FARLANE SUES "GRIF" CLARK

Recently - Married Motor Boater Faces Breach of Promise Suit.

Miss Anita McFarlane lives with her parents at 119 Booth avenue; Griffith B. Clarke is the president of J. R. Clarke and Company, leather and glove manufacturers, 633 Eastern avenue. Miss McFarlane alleges Mr. Clarke proposed marriage to her and then left her to marry another woman. The lady with the wouneece feelings thinks \$25,000 might heal her heart's wound somewhat—at any rate that is the sum she has—at any rate that is the sum she has alleged breach of promise of marriage. A writ claiming that sum was issued yesterday from Osgoode Hall.

It is just one month ago since Mr. Clarke married Miss Kathleen Smith, daughter of Mr. and Mrs. Norman Smith, of Montreal. The marriage seems to have been of an almost romantic nature and equals an airplane wedding for rapidity of transit. According to the Rev. C. Homer Smith, of St. Mark's Church, Niagara on the Lake, the ceremony, who performed the marriage ceremony, the Clarke party, consisting of the bridegroom, Miss Smith, and her brother, arrived at his rectory about six o'clock on the evening of August 8. They had come across the lake in Mr. Clarke's motorboat. The marriage license produced by the bridegroom was in perfect order and so he married them. After the ceremony the party went to the Queen's Royal Hotel.

Miss McFarlane claims to have several letters written to her by Mr. Clarke in support of her contention, and she also states that they were constantly together during the greater part of the summer months.

Should the case ever come to trial it promises to be full of interest.

Mr. Clarke's father was a victim of the Lusitania disaster in 1915, and it was at that period he succeeded to the presidency of the leather business. Mr. Clarke is well known in motorboat racing circles and is the owner of some of the fastest speed boats on the lake.

FOR EMERGENCY ONLY. I. S. Fairly, who prepared the memorandum, states that the relief granted by the railway board is expressly based on the hypothesis that it was to meet an emergency. All parties agreed that insufficient evidence was before the board to enable it to fix permanent rates, but the company urged that wages and cost of materials made it impossible to wait.

The city claims that the financial position of the company, as disclosed by its own statement, entirely controverts this.

Mrs. Florence Gill to Face Criminal Judge on Friday

Mrs. Florence Gill, 111 Strathmore boulevard, was arrested some months ago on a charge of abduction and held for nearly six weeks without bail, will appear on Friday before Judge Coatsworth in the criminal sessions.

Mrs. Gill originally faced four charges, three of which were dropped by Robert Wilson of the medical health department, as they all bore on the main charge of allegedly abducting a child of a girl mother.

ALDERMAN ENTERS SUIT.

Suit for \$500 was entered by Alderman C. MacGregor before Judge Donald and a jury yesterday against V. Stubbings.

According to evidence submitted, Ald. MacGregor, on April 28, was driving west on Shanley street, when a Stubbings car collided. Ald. MacGregor blames Stubbings and Stubbings blames MacGregor. Mr. Stubbings had entered a counter claim of \$500. The case is proceeding.

GRENADIER GUARDS BAND.

The announcement that the Grenadier Guards band will give further concerts at Massey Hall tonight and Friday and Saturday has struck a popular chord among the musical of Toronto.

Captain Williams has arranged magnificent programs for the continuation of the engagements. Among the numbers for tonight are noticed the selection from Wagner's "Lohengrin" and the "Grand Overture 1812." In this latter number the band will be reinforced by the organ at which Mr. Healy Wilkin will preside.

BEWARE OF DECEPTION

Statistics show that when egg albumen is used as a constituent of baking powder, the amount so used is too small (usually 15/100 of 1%) to affect the quality or effectiveness of the baking powder containing it, and when so used, is plainly for the purpose of fraud. Intelligent buyers will not permit themselves to be deceived by the water glass test.

MAGIC BAKING POWDER

contains no alum or egg albumen and is guaranteed to be composed of the ingredients printed on the label—and none other.

RUSSIAN SITUATION TOLD BY COL. YOUNG

Allies Must Aid Kolchak—
 Describes Bolshevik
 Atrocities.

Ottawa, Sept. 10.—Kolchak and Denikin must be given support by means of munitions and Red Cross supplies, if the menace of Bolshevism is to be swept from Russia, in the opinion of Lieut.-Col. Douglas H. Young, who went to France with the R. C. D. and who was a member of the British military mission in Siberia. Col. Young laid the facts about Russia before members of the house of commons this morning.

What Canada can do to help the down-trodden Russian people is to send Red Cross supplies, said Col. Young, who stated the men were being brought down from the line with their wounds bound up with dirty rags, and there was an entire absence of medical and surgical needs in the country.

"Bolshevism holds its sway by means of terrorism," said Col. Young.

Bolshevik Cruelties.
 Col. Young showed a number of photographs of atrocities committed at Ufa, Perm and Ekaterinburg. Prisoners were hacked to pieces before being despatched and in some cases, twenty or thirty tied to one rope were led out beside an open grave and every second person was shot. The remainder were then returned to prison and the performance repeated day after day, until the prisoners were knowing when their turn would come, were shot, or went insane. In many cases, persons only wounded were buried alive.

The Kolchak and Denikin forces on the other hand are in need of munitions and Red Cross supplies to carry on their campaign.

In the cities, jails are crowded and disease is rife and people go insane from terror. Fuel is scarce because since nationalization the output of the mines has been only about five per cent of normal, but the greatest danger of all is the German menace. Germany is striving by every means to gain control of Russia for the sake of her markets, which would give her the greatest commercial outlook in the world.

FEWER CIGARS USED, BUT MORE CIGARETS

Washington, Sept. 10.—Fewer cigars and less chewing and smoking tobacco were used in the fiscal year 1919 than in any of the last seven years, internal revenue statistics just issued by the treasury department here show. Cigarettes, however, show a rapidly increasing use, this year's consumption, on which taxes have been paid, being more than two and a half times larger than in 1913.

The increase is conjectured to be due to the increased consumption of cigars in the office, but the report, however, does not touch upon that.

The Pores of Your Skin

there are 7,000,000 of them—were designed by Nature to rid your body of poisonous matter and to oxygenate your blood. Therefore, an inactive skin is dangerous, because it throws an undue burden on the kidneys and is apt to cause derangement of the stomach and bowels. Take a Turkish Bath to make your skin function properly. There is nothing so good. It cleans you as nothing else can do, taking away the poisons by copious perspiration and the old dead skin by massage. It rests and refreshes you and makes you feel fine, mentally and physically. Excellent sleeping accommodation for guests remaining over night. Good meals served at moderate prices.

TO PREVENT FURTHER RIOTING AT FERMOY

Commander of Troops to Confine
 Soldiers to Barracks and
 Probe Charges.

Dublin, Tuesday, Sept. 9.—The total damage caused by the riots at Fermoy, near Cork, on Sunday night, is now estimated at 20,000 pounds sterling. There were no disorders today, the shops keeping their shutters in place during the day.

A public meeting was held for the purpose of calling upon military authorities to prevent a repetition of the riots. Col. Dobbs, commander of the troops in Fermoy, was present and after hearing a detailed account of the origin of the trouble, promised to confine the soldiers to their barracks tonight, and to investigate charges that officers participated in the wreckage of shops. Col. Dobbs said he would do all in his power to maintain the amicable relations which have hitherto existed between the troops and the people of the town.

NO RAID ACHIEVED ON BRITISH MONITOR

London, Sept. 10.—It was declared in official quarters today that there was no truth in the report printed this morning that a party of Sinn Feiners on a recent night had boarded a British monitor off Cork, overpowered the skeleton crew and raided the vessel. The report, printed in The Daily News, added that the raiders had escaped with a quantity of rifles, munitions and valuable instruments. Cognizance was taken of the report today by the government and an official denial made.

WOULD BE TREACHERY TO ABANDON RUSSIA

London, Sept. 10.—Colonel John Ward, labor member of the house of commons, who has just returned from Russia, in an interview said that to desert the Russians who had rallied to the British standard would be as stink in the nostrils of every non-Bolshevik Russian. "We went to Russia to prevent the Germans from transferring men to the western front," he said. "Are we now to say to those who rallied around us, 'You have served our turn, we are going, we wish you luck?'"

That, said Colonel Ward, is unthinkable. It would be black treachery to leave them to face the enemies they have made for our sakes without anything more substantial than our good will.

CAN HOLD THE ENEMY BEYOND THE ISHIM

Omsk, Sept. 10.—All is quiet in Omsk. The military authorities seemingly are confident of their ability to hold the enemy beyond the Ishim. The present front is to Tobolsk and thence paralleling the Ishim, 50 miles to the west, cutting the Petropavlovsk-Turgan railway midway between.

The Siberians have made gains along the Ishim-Tumen railway, driving the reds eight miles. Important military developments are forecast for the present week.

BERLIN IS EXPECTING NEW ALLIED NOTE

Paris, Sept. 10.—Despatches from Berlin today quoting the newspapers of that city indicate an expectation by the German government of the early receipt of a new note from the allies concerning the modification of the German constitution.

The German cabinet will take the note under consideration as soon as it is received with a view, it is stated, to the eventuality of calling the national assembly into session next week to revise the constitution, according to the allied requirements.

LATE CZAR'S BROTHER ESCAPES BOLSHIEVSKI

Stockholm, Sept. 9.—Former Grand Duke Michael Alexandrovich, brother of former Emperor Nicholas, was appointed regent of Russia when the Romanoff dynasty was overthrown, but later was exiled by the Bolsheviks, has succeeded in escaping from the Bolsheviks with his secretary and a sailor, according to an announcement by M. Skossiolnik, Michael's aide, in The Svenska Dagbladet. Michael is said to have made his escape in a motor boat, cruising along the River Haimi to Irkutsk, from which place he subsequently went abroad, and since has remained incognito.

Alberta Begins Action Against Canadian National and Northern

Edmonton, Sept. 10.—Action has been commenced by the provincial government against the Canadian Northern Railway Company, and the Canadian National Railways are co-defendants, to recover the amount of taxes under the act to supplement the revenues of the crown in the Province of Alberta for the years 1915 to 1918, both inclusive, and amounting with interest approximately to \$150,000.

No Trading With Germany, Says Australia's Premier

Melbourne, Australia, Sept. 10.—Premier Hughes addressing a meeting of the Nationalist Federation, said that Germany stood today the best organized nation in the world for a commercial war. He said some people had spoken to him of trade relations with Germany. If they wanted trade relations with Germany they must get somebody else.

GERMANS SEEKING ONTARIO TRADE

Firm of Violin Makers in
 Saxony Send Card to
 Kitchener.

Special to The Toronto World.
 Kitchener, Ont., Sept. 9.—The anxiety of German firms to resume business relations with Canadian business concerns is evidenced by the card received by a local firm from a German violin manufacturer of Markneukirchen, Saxony. After the usual address the card reads: "presuming that now at the close of this troublesome war, your esteemed house, too, will be desirous of reviving the good old relations with German manufacturers, I beg to present my best compliments and request you to hold my firm in remembrance when you require anything in my way."

Praises Handicraftsmen
 "A good old staff of excellent handicraftsmen having returned at last, I am now in a position to considerably extend my manufacture of stringed instruments which makes me capable and efficient to serve my customers in every respect."

"The excellent reputation of my house and of my produce offers a sufficient security for choice of goods, made by experts and free from all objections. They warrant a careful supply and cheapest prices. I am sure that a trial will surely satisfy you and that it will lead to permanent pleasant business relations with you."

WILL HELP TO ARRANGE INDUSTRIAL CONFERENCE

New York, Sept. 9.—The Dominion industrial conference to be held at Ottawa, beginning September 15, will exert a profound effect on the forthcoming American industrial conference recently called by President Wilson, according to W. J. Lauck, former secretary of the United States war labor board. Conditions in industry in the two countries are veritably the same, declared Mr. Lauck, and the problems to be solved run parallel. Mr. Lauck, who has been asked by Sir Robert Borden, premier of Canada, to aid in arranging the program of the conference and to speak at the opening session of the conference, will leave for Ottawa tomorrow.

TO RESCIND TELEPHONE RATES

Memorandum to be submitted to the Governor-General in Council on the order of the Day Board permitting the City of Toronto to increase the rates of the telephone company should be rescinded, as it is not in the public interest. The Board of Control should be authorized to call in its conclusions, use the judgment in the emergency only.

As they prepared the memorial to the relief granted by the board is expressly based on the hypothesis that it was a necessity. All parties agreed that the evidence was sufficient to fix the permanent rate. The company urged that the board should be authorized to call in its conclusions, use the judgment in the emergency only.

Life After Death

What Is It?
 Where Is It?
 Or Is There Any at All?

If So Can the Dead Be Communicated With?

All down the ages men have been asking this question, and it is only during the past generation that great scientists and thinkers have seriously taken up the experimental study of this great question.

Sir Oliver Lodge has bent all his great powers to a consideration of the question for over 30 years, and in next week's Sunday World he tells why he believes that he has talked with the dead.

Sir Conan Doyle has already told Sunday World readers why he agrees with Sir Oliver Lodge on this question of life after death, and still other great thinkers and writers will have their say in succeeding issues of Canada's greatest weekly newspaper.

You cannot afford to miss a single one of these important articles.

TO EXTRADITE BELA KUN.

Vienna, Sept. 10.—The Hungarian cabinet is reported to have signed a unanimous demand for the extradition of Bela Kun. Two thousand five hundred persons are awaiting trial in Hungary on the charge of being sympathizers with the soviet movement.

PREPARE TO ORGANIZE LEAGUE OF NATIONS

London, Sept. 10.—Reuter letters that preliminary organization of the league of nations is now proceeding. A committee representing all the adherents of the league will hold its first meeting in London immediately after the German peace treaty has been duly ratified.

The first matter to come before the committee will be the appointment of a commission to govern the Saar valley within a fortnight of the league's official birth.

It will also appoint a high commission for Danzig as soon as possible and confirm the appointment of Sir Eric Drummond as secretary-general of the league. It will prepare the agenda for the public inaugural meeting of the league at Washington which is unlikely will be held before March.

The temporary appointments to the secretariat include representatives of ten nationalities.

CALL IT ALLIANCE AND NOT A LEAGUE

Reservations and Amendments to Treaty Reported to U. S. Senate.

NATIONS WILL ACCEPT

Deny That Adoption Will Necessitate Reassembling of Peace Conference.

Canadian Press Despatch.

Washington, Sept. 10.—Characterized as an alliance and not a league, which will breed wars instead of securing peace, the German peace treaty, including the covenant for a league of nations, was formally reported to the senate today by the foreign relations committee, with 45 amendments and four reservations.

Accompanying the treaty was the majority report of the foreign relations committee, subscribed to by every Republican member, excepting Senator McCumber of North Dakota, explaining the amendments and reservations of which it was composed, and that is to guard American rights and sovereignty, the invasion of which would stimulate breaches of faith, encourage conflicts and generate wars.

The reservations propose:

(1) The unconditional right to withdraw from the league.

(2) Declination by the United States to accept any of the legal or moral obligations of the much discussed Article 10, or to accept any mandatory from the league "except by action of the congress of the United States."

(3) Reserving to the United States the exclusive right to decide what questions are within its own domestic jurisdiction.

(4) Absolute reservation of the Monroe Doctrine to the judgment of the United States alone.

The principal amendments are proposed to provide:

Equal voting power for the United States with Great Britain in the assembly of the league.

Giving to China instead of Japan the province of Shantung.

Relief of the United States from having representatives on commissions deciding matters in which it has no concern.

Others concern phraseology.

These amendments and reservations, the majority report says, are submitted "to preserve American independence and American sovereignty and thereby best serve the welfare of mankind."

Fears that other nations may not accept an amended covenant, the report dismissed with the statement:

"That is one thing that certainly will not happen. x x x The other nations will take us on our own terms, for without us their league is a wreck and all their gains from a victorious peace are imperilled."

That the adoption of amendments will necessitate re-assembling of the peace conference, the report denies, asserting that the conference will probably be in session for six months more in Paris and might as well be "at least as usefully employed" as they now are in dividing and sharing southeastern Europe and Asia-Minor.

German delegates, the report contends, could easily be brought to Paris and as Germany is not a member of the league, she need not be consulted about changes of the covenant.

INAUGURATE SHIP LINE MONTREAL TO NORWAY

Montreal, Sept. 10.—The inauguration of a direct line of steamers between Christiania and Montreal in the summer and Christiania and West St. John, N. B., in the winter is officially announced by the Canadian Pacific Ocean Services, Limited.

The service will be commenced with the steamer Raventford from Christiania via Bergen, on Oct. 10, arriving in Montreal on Oct. 20. The Raventford is a three-deck oil burner of about 3,000 tons. The service is for freight only.

G. Y. Chou Offers \$10,000 Gift Toward New Kingston Library

Special to The Toronto World. Kingston, Ont., Sept. 10.—Col. G. Hunter Ogilvie, chairman of the public library board, today received a letter from G. Y. Chou, registrar at Queen's University, in which he offered to subscribe \$10,000 towards a new building on condition that other subscriptions amounting to \$40,000 were secured. The city has at present a very small library that does not begin to meet the demands and it is felt that Kingston, for a university city, is away behind the times.

Newspaper Man in Truro Upsets Police Murder Story

Truro, N. S., Sept. 10.—Chas. Steel, for the alleged murder of whom Norman Nelson was arrested at Kempstown, Colchester county, last night, was found alive by a local newspaper correspondent, who visited Kempstown this morning. He found Steel in a stack there, badly injured by a beating inflicted by Nelson, but conscious and likely to recover.

Canadian Refiners in East Announce 50 Cent Sugar Rise

Sydney, Sept. 10.—Assurance that ten carloads of sugar are being shipped into Sydney this week is contained in a telegram received by Mayor Fitzgerald this morning from D. White of the Canadian board of commerce.

Wholesale dealers in Sydney have been notified by Canadian refiners that sugar has advanced in price fifty cents a hundred pounds.

London, Sept. 10.—Alfred G. Gardiner, editor of The Daily News since 1902, has resigned.

POST-WAR PROBLEMS WILL BE DISCUSSED

International Brotherhood to Meet in London on September Thirteenth.

London, Aug. 23.—Post-war problems will occupy the time of the International Brotherhood, which will meet here September 13 and continue in session for four days.

After the official brotherhood sermon, with which the convention will be opened in the city temple, Miss Maude Royden will preach a special sermon to women in the same church in the afternoon, while a further "official sermon" will be delivered in the evening under the auspices of the Anglican church.

Important questions for discussion will be "Brotherhood and Religion," which will be introduced by the Rev. Tom Sykes, the national secretary, and the Rev. W. J. Southern, President of the Winnipeg and Manitoba Provincial Brotherhood Federation.

At the Tuesday meeting Arthur Henderson, secretary of the Labor party, will open the discussion on "Brotherhood and Social Unrest." Sir Harry Hamilton Johnston, president of the African society, and Basil Matthews, editorial secretary of "Brotherhood and the Native Races," and Harendranath Maitra will talk on the "Eastern Peoples."

Lord Robert Cecil and Professor Gilbert Murray are to talk on the league of nations, and J. Alfred Spencer, editor of The Westminster Gazette, on "Brotherhood and the Press."

LADY MULHOLLAND ARRIVES IN CANADA

Montreal, Sept. 10.—Lady Joan Mulholland, lady-in-waiting to the Princess Mary, and who accompanied the Prince of Wales when he made his first airplane trip in England recently, has arrived in Montreal. Lady Mulholland leaves for the west with Mrs. Alfred Shaughnessy tomorrow night.

CITIZEN CAN INSURE AGAINST HOLD-UPS

New York, Sept. 10.—A new kind of insurance is being sold in New York now, insurance against highway hold-ups, offering some relief from the increasing danger of robbery in the streets.

Hereafter the careful citizen who is beaten up, perhaps shot, and robbed of his cash and jewelry, will not have to depend upon the police to get some of his property back.

Burglary insurance will be sold at a higher premium soon unless the police get better control of the burglars. The demand for burglary policies has greatly increased this summer.

PINTA AT KINGSTON WITH TORONTO BOYS

Special to The Toronto World. Kingston, Ont., Sept. 10.—The good ship Pinta, with six officers and 30 young sailors from Hamilton and Toronto, is in port and will leave Friday for a cruise with some 20 youngsters from Kingston, who have applicants for the roving life of a mariner.

The boys were inspected by Brig. Gen. Williams, O. C. C., and the captain of honor at a big banquet. The Pinta was one of the mystery ships constructed for the British government.

MURDERED HIS WIFE WHILE IN SWIMMING

Pickneyville, Ill., Sept. 10.—William Brolen, a railroad employe, is said to have confessed to Sheriff Thimmis that on July 8, while in swimming, he knocked his wife unconscious and held her under water until she drowned.

Two of his three children were playing on the bank of the stream while the crime was being committed, according to the sheriff.

A week later the man was married to Mary Brown, a sixteen-year-old girl, who was placed under arrest with him.

Brolen is 29 years old.

Total of 1582 People Sign Scotch Call to Quebec Pastor

Quebec, Sept. 10.—Rev. Duncan MacLeod of Linguleck, Que., in the eastern townships, has received a call from the presbytery in Tarbert, Harris, Scotland. The call was dealt with at a meeting of the Presbytery of Quebec, held in the Kirk hall last night, and a notable feature of the requisition was that it was signed by 1,582 people.

Much to the regret of the Quebec presbytery, Rev. Mr. MacLeod has decided to accept and will leave shortly to assume his ministerial duties in his highland parish.

Overwhelmed With Aspirants In Officers' Ranch Scheme

London, Sept. 10.—Brigadier Critchley, formerly commandant of the Canadian officers' training school at Boxhill, who evolved the scheme of taking America as ranchers, has been so overwhelmed with applicants that he has asked the former officers' federation to deal with them.

Berlin, Sept. 10.—German troops have completely evacuated Lithuania southward of the Memel River, according to a telegram received here from Koenigsberg.

Emptying the Jails

Actual Experience Shows Value of Ontario Temperance Act

ONTARIO'S experience with prohibition under the Ontario Temperance Act since September 16, 1916, has been all the argument any fair-minded man or woman wants, to prove that the Act should neither be repealed nor weakened by Amendments.

Total Jail Commitments for crimes and offences of all kinds have decreased more than one-third since 1915.

Jail Commitments for drunkenness alone decreased from 6,235 in 1915, the year preceding the Act, to 2,595 in 1918. It is believed the present year will show an equal, if not greater ratio of reduction.

Best Record in 17 Years

JAIL Commitments for drunkenness decreased by 3,640 in 1918 compared to 1915. And yet, unlike former laws, this Act makes drunkenness in public places a "prima facie" offence, punishable by fine or imprisonment, whether accompanied by "disorderliness" or not. And further the Ontario Temperance Act is more strictly enforced than was the Ontario License Act, and arrests for drunkenness are therefore proportionately greater in comparison.

Drunkenness has decreased under the Ontario Temperance Act to the point where a drunken man on the street has become a rare sight.

Crime in general has decreased as shown by record of jail commitments.

Do you want to see the taste for alcoholic beverages revived, and the population of Ontario's prisons, jails and lock-ups restored?

You are asked to vote on four questions. Two of these questions refer to beer of 2.51% alcohol by weight, equal to 5.46% proof spirits, more than double the strength at present permitted by the Ontario Temperance Act. Do not mistake the meaning of these questions. The beer of the ballot is intoxicating. If you are convinced that drunkenness is undesirable in this province mark X under the heading "No" after each question—"No" to the Repeal, "No" to each of the suggested Amendments.

"No!"—four times—"No!"

It should be expressly noted that each and every one of the four questions on the ballot paper in this Referendum must be answered or your ballot is counted "spoiled." Be sure you mark your ballot with an X after each question under the heading "No," or your vote will be lost to Temperance.

WORLD IS TIRED OF EXPERIMENTS

Except the Kind We Are Now Going to Try, Says President Wilson.

MINNEAPOLIS, Sept. 9.—Declaring that the peace treaty would end the regime of the balance of power, President Wilson told a crowd in the Minneapolis auditorium today that the new world order set up would be to the advantage of all nations rather than a few of the stronger.

UNDER the old balance of power, said the president, the people never "dared to speak out" against autocracy or against the burden of armaments. But now, he continued, the people were awake and had determined that "if the governments can't get together, they will destroy the governments."

"The people of the world," said Mr. Wilson, "are tired of every other kind of experiment except the kind we are going to try. The world has turned a corner that it's not going to turn again."

To destroy autocratic power, Mr. Wilson continued, was the object of the war; yet, he said, an autocratic government as cruel as that of the czar had been set up in Russia, and the United States must see to it that there was no similar movement in the United States.

"We will brook the control of no minority in the United States," he added, "I would as leave serve one kind of an autocracy as another."

"The peace of the world is everybody's business," said Mr. Wilson, "and this is the first interesting document that has recognized that fact."

J. E. Botterell is Elected By Winnipeg Grain Exchange

Winnipeg, Sept. 10.—John E. Botterell was elected president of the Winnipeg grain exchange at the annual meeting this afternoon. N. L. Leach was elected vice-president and Dr. Robert Magill, secretary. T. A. Anderson, the retiring president, in his annual address to the members, covered the work of the exchange during the past year, and dealt at length with efforts that had been made to secure open markets for handling of the Canadian wheat crop.

FINE SELF-SACRIFICE BY KINGSTON ORDERLY

REBELS ARE NEARING HONDURAN CAPITAL

Washington, Sept. 10.—Lacelba, on the north coast of Honduras, has been captured by the revolutionists opposing President Bertrand, who has placed the presidential powers in the hands of a cabinet. The rebels are reported within a few miles also of Tegucigalpa, the Honduran capital, and there is sniping in the city.

Commission to Probe Labor in Port Arthur Shipyards

Ottawa, Sept. 9.—The minister of labor has appointed a board of conciliation to investigate the dispute between the Port Arthur Ship Building Company and its employees. Justice J. S. MacLennan of Montreal has been appointed chairman of the board. W. Davies of Port William will represent the company, and W. M. Welsh, also of Port William, the employees.

RIPON CAMP WAS POPULAR

London, Sept. 10.—The mayor of Ripon at a council meeting today, read a letter from Brigadier Ormond, commandant of the Canadian camp which has just closed. General Ormond said that all Canadians would carry pleasant recollections of their stay in the beautiful Ripon area, adding that the camp had been the most popular of any in the British Isles.

President Bertrand Has Taken His Departure Under Protection of Foreign Diplomats.

Washington, Sept. 10.—Lacelba, on the north coast of Honduras, has been captured by the revolutionists opposing President Bertrand, who has placed the presidential powers in the hands of a cabinet. The rebels are reported within a few miles also of Tegucigalpa, the Honduran capital, and there is sniping in the city.

THE principal ports on the north coast, Lacelba, Tela, and Omapa, and probably Puerto Cortes, have fallen into the hands of the rebels, resistance having been formal. Americans at Lacelba have appealed for protection, and the United States ship Cleveland has been ordered to that port.

Bertrand took passage for Amapala September 8, under the protection of an American naval officer and members of the foreign diplomatic corps.

DOMINION CANNERS MAKES SHARP GAIN

Spanish River Sells at Highest of Year—Activity in Brazilian.

The fact that the New York market was closed yesterday as a tribute to General Pershing did not exercise any cramping effect upon dealings on the Toronto Exchange.

While Brazilian was the most active stock the real interest yesterday centered in Dominion Canners and Spanish River.

The report that the Maple Leaf Milling Co. is about to acquire the Campbell Flour Mills Co., Limited, a local enterprise, has had a very particular effect upon Maple Leaf stock which eased half a point to 198 1/2.

In the way loans the chief activity was in the Victory issues of 1918 and 1917, which were firmer at 104 1/8 and 105 1/4 respectively.

Canadian Money Not at So Big Discount

The Home Bank Monthly, in retrospect, brings up a point in connection with Canadian-American exchange that may serve to show that the present premium on American funds in Canada is not as serious as it might be.

MANY SHARP ADVANCES IN MONTREAL MARKET

Trading on Largest Scale in Months, With Spanish River Leading.

Montreal, Sept. 10.—Business on the Montreal Stock Exchange today increased by about 9,000 shares to 21,568, the largest total since the big markets earlier in the year.

There were in the order of most activity, Spanish River common with 3,448, Atlantic Sugar with 2,140, Laurentide with 1,920, Brompton with 1,296, Spanish River preferred with 1,234, and Ames-Holden preferred with 1,140.

Laurentide opened with an overnight gain of one point at 319, and sold up to 224, Spanish River common added 1 1/4 points at 48 7/8 and the preferred ran up 1 1/2 points to 112.

Elsewhere gains of one to five points were scored by the cotton and allied stocks, converters, negotiators for the past few days, came on the market at 65 to 66, with the close at the latter price, a net gain of two points.

Resumption of profit-taking sales forced a number of small price recessions in the mining market yesterday. Many showed traders accumulated long lines of silver stocks while the strike was in progress, and now that the men are returning to work, there is a natural reaction on the part of such traders to sell stocks on which a good profit has been made.

McIntyre was the strongest spot in the market yesterday, setting up a high mark on the current movement at \$1.75, with \$1.90 bid for more stock.

CORN IS DEPRESSED BY BREAK IN HOGS

Fear of Strike in Steel Industry Also Has Unsettling Effect.

Chicago, Sept. 10.—Big setbacks in the price of hogs had a weakening effect today on the corn market. Rallies which took place failed to last.

Hughes, Harcourt and Company, 307 Royal Bank Building, received the following news at the close of the Chicago market yesterday:

Winnipeg, Sept. 10.—Oats closed 4c higher for October delivery, December 3/4c lower, for October, December 3/4c lower for October, December 3/4c lower for October.

OLD NOVEL LONGEST IN ENGLISH LANGUAGE

Nowadays the short novel is in vogue as well as the short story. Occasionally a novel runs to 100,000 words and sometimes a little over, but 80,000 is about the limit as a rule.

"Martin Chuzzlewit" and "Dombey and Son" probably run to 100,000 words. The longest novel in the English language is Richardson's "Clarissa Harlowe," published in 1749. It was originally issued in eight volumes.

Simpson's---Second Floor.

We bought the entire stock of the discontinued "Argyle" pattern made by the Wm. Rogers Co.

The purchase price agreed upon was a remarkably fortunate figure, both for the Simpson Store and its customers, as an examination of the quality and values will reveal.

All of the pieces in the sale are the famous Rogers' sectional silver-plated ware, with extra thickness of silver deposit at points where most wear comes.

When you are buying for personal needs, it would be wise to anticipate your Christmas gift requirements, too. The sale starts at 8.30 this morning, with the following specials:---
