MARCONI OPENS WIRELESS OVER ATLANTIC

Regular Service Inaugurated Yesterday Afternoon—The Premier Sends Message to British People.

MARCONI.

SYDNEY, N.S., Oct. 17.—(Special.)—This afternoon the system of wireless trans-Atlantic communication passed from its experimental stage into a formal announcement made by the inventor to a practical basis and for the first time in the history of the world messages are being transmitted and received to and from England, commercially.

The formal opening of the station here was attended by no special function, nor was there any actual demonstration made in test of the service. From early morning Mr. Marconi is said to have transmitted in day between five and ten thousand words.

The Formal Announcement. At 3.45 he left the operating room for a moment to announce officially to the representatives of the press the opening of the station for commercial work.

"I am perfectly satisfied," he said, "with the results of to-day's work. We are now prepared to accept a limited number of trans-Atlantic messages for transmission purposes. Of course," he said, "you must not confuse to-day's events with that of three years ago, when the first message was flashed across the ocean. Today we are merely throwing open our doors to the public and inaugurating the work for which our company was formed."

"Three years ago our messages were directed to the crowned heads of Europe. There is no need of that now. Indeed the bulk of our messages today emanated from the more important newspapers of the world."

"The message, however, addressed to the British people from the premier of Canada was sent, while two have been received from the Canadian commissioner in London. I am not permitted to give the text of these messages, but I may say they are all of a congratulatory nature and all emphasize the great benefit accruing to the empire by reason of the successful operation of our system."

Returned to the Key. Mr. Marconi then returned to the operating table, after expressing his regret that, because of the great amount of work to go thru, he would be unable to further speak of the day's happenings. Early in the afternoon the guests invited to attend the opening, together with the press representatives, began to arrive at the tower, and at 2.30 the whole party convened by the manager of the station, Mr. Vyvyan, set out on a tour of inspection.

No one was allowed to actually enter the operating room, although the party were permitted to view thru a window the work going on within. Marconi, assisted by another operator, could be seen seated at a table, alternately receiving and transmitting messages. Simultaneously with the pressing of the key of the transmitting instrument a blinding flash of blue flame was seen to be given off from a contrivance situated at the far end of the room, while a tearing sound not unlike the twanging of a deep bass string answered the flash as it traversed the wires overhead. The messages were recorded by means of a magnetic telephone receiver fastened to the head of the operator and connected to the receiving apparatus of the station. After an hour's wait the inventor appeared and publicly gave utterance to the announcement previously given, and he remarked: "No," said Mr. Marconi in an interview this evening. "We anticipate no real competition from the existence of other systems. There are many obstacles unforeseen in the theoretical work to contend with in making commercial wireless possible, that, having surmounted these, we believe ourselves to be years in advance of our nearest competitors. For, as you have just seen, to such an extent do we control the forces serving apparatus we are able to send messages at the rate of twenty words per minute to their destination undisturbed by either."

Continued on Page 7.

The Electrical Ring and Ontario Government's Cheap Power Policy.

The mask is off; the charlatan stands revealed! The Toronto Globe, in its leading editorials Wednesday and yesterday, shows its hand on the Beck-Whitney public power policy, and its hand is the hand of the enemy, the hand of the sinister electrical ring. Robert Jaffray, editor of The Globe and director of the Toronto Electric Light Company, has dropped his disguise of friendliness toward the public power policy and is out to break public ownership. With the fine sophistries for which his associate editor has a continental reputation, Mr. Jaffray has pretended to favor public ownership up to the present; but now he argues that the distribution in Toronto of Niagara power should be left in the hands of the Toronto Electric Light Company.

He admits that the Toronto Electric Light Company has been, and is now, charging exorbitant rates, but he pleads for further consideration on behalf of the corporation that has broken faith with this city, that has tried by underhand and despicable means to defeat public ownership, and that is the sworn foe of the public interest in every shape and form. Is this the time to make peace with the bear that walks like a man? Well does Robert Jaffray know that if he can, by creating disquietude in the minds of the people of Toronto, break the chain that binds this city to the Beck-Whitney public power policy, then the whole public scheme will fall to the ground, and the tyranny of the electrical ring will continue unto the third and fourth generation. This he and The Globe now are trying to do. But if the people of Ontario wish to see this province the centre of the manufacturing life of Canada, they must insist that Robert Jaffray, The Globe and the electrical ring be subordinated to the campaign for cheap Niagara power.

The voice of The Globe is the voice of its master, Robert Jaffray, who is the incarnation of the electrical ring. The voice of the people is the voice of Premier Whitney and the Hon. Adam Beck ringing clear for cheap power and confusion to the electrical tyrants now and forever.

The arguments advanced by The Globe in support of its contention that the city should come to terms with the Toronto Electric Light Company are of a very extraordinary character, looking to the published reports of the Hydro-Electric Power Commission, and the nature of the speeches and addresses made during the cheap power campaign by the chairman and the other members. The Globe bases its whole proposition on a bare statement made by the manager of the company to the effect that "the average payment received by the company from their customers for power is \$16 per horsepower per annum," and the question is triumphantly asked how the city can sell at this price, when it will have to pay \$17 per horsepower, delivered at its transmitting station. Now, on the face of it, Mr. Wright's assertion is the result of a calculation of one kind, since \$16 per horsepower per annum is less than a third of the lowest price the company charges to its customers. He does not give the data of his calculation, but it is evident that, if the commission's scheme enables lower prices to be charged its customers for power, on terms identical with those on which the company delivers its power, the same calculation will work out for the commission's scheme a much lower average price.

What, then, are the commission's figures for power actually delivered to consumers in the City of Toronto? They are contained in table 41, appended to their first report, issued on April 4th, 1906, and have

(Continued on Page 7.)

DAILY BABY'S TRAGIC DEATH

Died from Effects of Fall During Altercation at Windsor—Detroit Storekeeper Arrested.

WINDSOR, Oct. 17.—(Special.)—Baby Charles Baby died this afternoon as the result of a fractured skull, produced by a fall during an altercation with William Chevalier, a Detroit storekeeper. The fatal fall occurred at an early hour this morning in front of the British-American Hotel and Baby lived 12 hours, never having regained consciousness. Chevalier was arrested after boarding the ferry to return home and remanded to Sandwich jail for a week. The prisoner claims Baby fell accidentally, but the body of deceased shows marks of violence. It is reported the altercation was due to a division court action, but this has not been verified. Coroner Labelle has ordered an inquest and the nature of the charge will depend on the findings. The police think it will be manslaughter. Deceased was 54 years of age and came of a highly respectable French family. He was employed for 30 years as confidential clerk for W. J. McKee, former member of the legislature.

CHILDREN WANTED TO BE MARRIED IN CANADA

Police Arrested Two Youths and Two Girls at Windsor—Officer is Coming.

WINDSOR, Oct. 17.—(Special.)—The police arrested two youths and two girls who ran away from Nortonville, Mich., to be married here. The young girl was only 13. The combined assets of the quartet amounted to \$150. An officer is coming for the runaway.

TWENTY YEARS IMPRISONMENT.

VANCOUVER, Oct. 17.—(Special.)—Johnny Scotman, an Indian, convicted of manslaughter at Clinton Assizes, was sentenced to 20 years imprisonment.

KILLED IN CARTRIDGE FACTORY.

QUEBEC, Oct. 17.—An accident occurred at 4.30 o'clock this afternoon at the cartridge factory. A young man named A. Bucher, 24 years old, unmarried, was killed by the accidental explosion of some cartridges, and another named E. Guerin was slightly

EDWARDS NOMINATED AVERY WAS DROPPED

Frontenac Conservatives Met Behind Closed Doors—Kingston Agitation for Local Option.

KINGSTON, Oct. 17.—(Special.)—The Conservatives of Frontenac met here this afternoon in convention and nominated Dr. J. W. Edwards of Cataract for mayor. The convention was held behind closed doors, to which 178 accredited delegates were admitted. C. W. Longwell of Storrington presided. There were several complimentary nominations, including Dr. Spangle, J. S. Gallagher, M.L.A., and W. D. Black. The two that were really in the race were the nominee and Mr. Nielzer Avery, the present member for the commons. There was a wing of the party that insisted that Mr. Avery was entitled to the nomination, and their strength came out on the first ballot, aggregating 66, Edwards getting 111. A petition is being circulated with the object of asking the city council to submit the question of local option on Jan. 1 next.

LABOR REFUSES GRANT TO HELP ELECT JACOBS

London Unions Send Delegation to Toronto Trades and Labor Council.

London Labor men sent a delegate and petition to the Toronto Trades and Labor Council at the Labor Temple last night, requesting their cooperation and financial assistance in contesting the election for a member of the Dominion House. The request was turned down, but one of the more courageous members gave notice of a motion to vote the sum of \$10 towards the funds at the next meeting.

Shoulder Broken.

John Carson, 65 years, 159 Cumberland-street, fell two storeys from a house upon which he was working, at 34 Bowell-avenue. His right shoulder was fractured. He was removed to his home in the police ambulance.

Lloyd Thompson Assets.

The Lloyd Thompson Wire Company, Limited, Toronto and Watford, which has gone into voluntary liquidation, has assets of \$45,000 and liabilities of \$18,000 to the public and \$14,250 to the Town of Watford. A meeting of creditors will be held in Toronto on Oct. 25.

OLD MAN ONTARIO: Well, if I know James Whitney, that fat gent won't get there by either "knocking" or "pulling."

LANGFORD AHEAD OF TIME IN HIS WALK OF 138 MILES

Pedestrian Reaches Here, Fresh, After Half Journey, and Confident of Accomplishing Feat. In an effort to beat the pedestrian record David Langford of Renfrew, accompanied by Wm. Scattergood and "Jimmy" Reynolds, the Port Hope barber, who a year ago nearly accomplished the task, arriving in Toronto at 10.46 last night, having done the distance from Port Hope in seventeen hours and forty-six minutes. He was timed to arrive at the King Edward at 11. When he entered the hotel he was apparently fresh and ready to begin the return journey. He went to the wicket, where his trainer registered for him, and was then escorted to his room. At the King Edward, Langford was 69 miles, and if Langford accomplishes the feat he will have walked 138 miles. He hopes to do the distance in 32 hours. His schedule calls for his arrival back in Port Hope at 8 o'clock to-night.

Jimmy Reynolds, the veteran barber, who accompanied Langford on his first attempt, got away from the old gymnasium, got gassed with a dumpee and a freshman as a decoy, and when the country lads saw their comrade abused made the attack. The rick retreated to the gymnasium, locked the door, but left a window open. The freshmen, now eager for battle, climbed thru the window one by one when they were greatly surprised to find themselves immediately bound hand and foot, and put in a row against the wall. Their boots and socks were then removed, after which the chief of the opposing tribe demanded that they be tapped and branded. They were dipped in the bath, and had a large letter "T" stamped on the forehead and both cheeks with indelible ink of purple hue. The most amusing part of the proceeding followed, when all the shoes and socks were put in two large sacks and carried to the front of the new art building, where they were piled in a heap. The vanquished force, now one hundred strong, were again let loose and chased across the gravel and campus in their bare feet to the pile of footwear, and had to dig for their own.

OTTAWA IS LIQUIDATING MORE AND MORE AND MORE

Capital's Thirst Grows Greater as Years Go By—And the Figures Prove it. OTTAWA, Oct. 17.—(Special.)—Drunkness has increased in Ottawa 60 per cent. during the last ten years. In 1897, when the city had a population of 53,727, there were 231 arrests for drunkenness and intoxication, combined with disorderly conduct. Last year, out of a population of 67,572, there were 448 arrests for the same cause.

FOURTH ARREST AT WHITE HORSE.

VANCOUVER, Oct. 17.—A Dawson despatch says: "John F. McDonald, a Dawson jeweler, was arrested at White Horse yesterday on the arrival of the steamer Selkirk from Dawson, charged with complicity in the robbery of \$40,000 of Tanana gold from registered mail in Dawson July. This makes four arrests in the case."

ARRESTED FOR ARSON. BY DETECTIVE REBURN

Two Men Charged With Setting Fire to Stave Factory at Fesserton Recently. ORILLIA, Oct. 17.—On the night of Oct. 15 there was a fire started in W. W. Carter's stave factory at Fesserton. The matter was reported to the department and they sent Detective Reburn up, who, after making some investigation, had John McDonald and Wm. Craddock arrested at 5 o'clock this morning. They had been employed in the factory, but had left a short time before. They were taken by Detective Reburn and County Constable Evans to Barrie and brought before P. M. Radenburt. They were arraigned, but did not plead or elect, and were remanded till Wednesday next.

M.C.R.Y. IS GUILTY BEGS CLEMENCY OF THE COURT

Have Paid Large Damages Already on Account of the Explosion at Essex. WINDSOR, Oct. 17.—(Special.)—Justice Riddell reached the end of the assize docket this afternoon and left for Toronto. Just before the court closed D. Saunders, solicitor for the Michigan Central, pleaded guilty to indictments for the Essex explosion and begged clemency, stating that the company had already paid a large amount in settling damage claims. His lordship said he would deliver judgment a week hence. Aylesworth Calder, Roy McGregor and Arthur McKeon were indicted for conspiracy and perjury in connection with prosecution of Oscar McCracken on the charge of shooting with intent to kill. They were released on bail to appear at next assizes. The last civil action was that of Boyle v. Rothschild and other wealthy men of Detroit. This case was brought by Joe Boyle of Woodstock to recover something like half a million in connection with a mining deal. Boyle secured a valuable concession in Yukon and entered into a bargain with Detroit capitalists. The mine has proved a rich one, and while Boyle has received fat dividends, he thinks he is entitled to a considerable sum yet. M. J. Murphy, one of the millionaire defendants, was given severe grueling. His lordship at one stage asked Mr. Murphy if he thought he acted honestly. Judgment was reserved.

REPORT THAT BOYLE WINS.

WOODSTOCK, Oct. 17.—(Special.)—In the case of Jos. Boyle v. Sigismund Rothschild, tried to-day at Sandwich, judgment was awarded to the plaintiff for approximately half a million dollars. Jos. Boyle is a resident of this city.

CHILDREN'S CLOTHING DISCOVERED IN MAIL BAG

Mail Carrier Does Not Know How It Got There—Confiscated by Customs Officers. BROCKVILLE, Oct. 17.—(Special.)—In the postoffice at Morristown yesterday, Customs Officer Frank Gilday discovered in an American bag sent from here a quantity of valuable children's clothing addressed to a party in Cleveland. The mail carrier denied any knowledge of how the clothing came to be in the bag, and as no claimant was forthcoming to pay the duties it was confiscated.

WILL MEET IN WINNIPEG.

WINNIPEG, Man., Oct. 17.—(Special.)—Word was received to-day that the American Public Health Association will hold its annual convention in Winnipeg next year.

LONDON LIBERALS QUIT—WILL BE NO FIGHT

If Labor Candidate Drops Out Conservative Will Be Elected by Acclamation. LONDON, Oct. 17.—(Special.)—The old timers prevailed at to-night's convention of the Liberals of London, and there will be no Liberal candidate at the by-election. "Doc" Sippi and a man named Jones were full of fight, wanted a candidate at any price, but "Doc" and his friend were squelched early in the game. The old timers didn't want a fight, not without Charles Hyman, and Mr. Hyman was away, consequently no fight. But Mr. Gibbons says Mr. Hyman is coming back in the spring to run at the general election, and then his traders will have a chance. Ald. Jerry told the audience that he was assured that unless the Liberals brought out a man there could be no election. He heard on good authority that the labor man would drop out.

WHO ARE THEY?

They say that some of the very highest personages in this Canada of ours have great blocks of watered stock in the Niagara "district." Who are they?

DON'T BE RUSHED, JAMES!

There is no great hurry to settle the power policy for a few days. The ring are trying to rush the government into a quick deal and to divide up the contract. The disgust that the investing public have exhibited at the turn taken in watered stocks may grow even more pronounced—so pronounced that no one will touch them with a ten foot pole. Everything is going the way of the province and the people against the ring, the water-color artists and the monopolies. Take your time, Mr. Whitney, and get your policy right, then bring it on. Even the price of copper has been cut in two, making the construction of the province's own distribution line one-half of what was estimated recently. And it may be cheaper. Mr. Whitney is not a likely man to be rushed.

WOLVES IN SHEEP'S CLOTHING.

Where are the pretended friends of public ownership in regard to power? Where is The News, The Star? Are they with the Globe? It is a very fine to advocate public telegraph monopoly, but the empire, but what about public power in Ontario. What do Mr. Whitson and Mr. Flavell think of Mr. Robert Jaffray's campaign in The Globe to burst the power policy?

What does Mr. Flavell think of this deluge, this carnival of watered stock that has been flooded into the Canadian market? Millions and millions of absolutely rotten stuff got on to electric and traction from Stratton to Illinois? What business has Canada to be financing these propositions when it is impossible to get money for reliable municipal enterprises?

The Jaffray scheme, pure and simple, is to fasten up the province and the people of this province to these same water-color artists who have already injected twenty millions of water into their Ontario propositions and hope to make a hundred million dollar merger out of a monopoly in power in this province. Not one of these men is a capitalist as far as the actual supply of the money in the project is concerned—their sole capital is watered stock.

Never was there such a desperate made on the public as is being made in this city to-day to defeat public ownership and cheap light and power, professed friends of these projects are acting as the secret agents of a power ring that hopes to grow into a monopoly like that of the hard coal barons of Pennsylvania.

PEOPLE'S TELEPHONE LINES BRANCHING OUT

Five Hundred Miles in Alberta Will Be Completed—This Fall, Says Lieut-Governor Gulyea. WINNIPEG, Oct. 17.—(Special.)—Lieut-Gov. Gulyea of Alberta arrived in the city to-day from the west. He reports the crop situation better than expected in the Sunny Province. In regard to the provincial telephone system, which is being installed, Mr. Gulyea stated that almost 500 miles would be completed this fall. It is in operation between Calgary and Banff now, and also east from Edmonton along the C. N. R.

BUY A BROWN HAT.

The Brown Derby hat is winning for itself an earned reputation as the most reasonable bit of headwear, and it is already adopted by the business men who want to be dressy all the time. It's a hat that defies exhibition of the dust and dirt distributed by the October breezes, and it has founded an appreciation, which will be hard to eradicate this fall. See the exhibition of hats at Dineen's. The price is \$3 and the quality is the Dineen special quality, which means satisfaction and Temperance-streets, the finest hat store in America.

Contract Awarded.

The Thornton-Smith Co., 11 West King-street, have been awarded the contract for the extensive interior decorations of the Russell Hotel, Ottawa.

Hamilton Happenings

Park Superintendent HAS BEEN DISCHARGED

Seven Thousand Dollar Pavilion for Dundurn Park—General Hamilton News.

HAMILTON, Oct. 17.—(Special.)—Samuel Weaver, superintendent of Dundurn Park was dismissed by the park board this afternoon, and he will be given notice that his services will not be required after Dec. 1.

A NICE BLACK SUIT FOR \$18.00

With the rapid advance of materials and labor, it's getting to be quite a problem for most merchants to give anything like value for the money, as compared with old prices.

COME ON IN and see them.

OAK HALL CLOTHIERS

Right opp. the Chimes. King St. East J. COOMBS, Manager.

TWO VICTIMS WERE CANUCKS

Port Colborne People Were on Ill-Fated Cyprus.

PORT COLBORNE, Oct. 17.—Two Port Colborne people were drowned in the wreck of the steamer Cyprus, near Whitefish, on Friday night, James J. Norcross and N. L. Spencer.

Fireman Fell Under Truck

Fireman Alfred Beardsley of Aerial Truck No. 2, was slightly injured in a run to a fire yesterday. In jumping for the truck he fell and the wheels passed over his body.

OBITUARY

Mrs. J. D. Miller. KINCARDINE, Oct. 17.—(Special.)—A gloom was cast over this town this morning when it was learned that Mrs. J. D. Miller, wife of one of the leading merchants, had died.

MORRISBURG, Oct. 17.—Andrew J. Lafamme, collector of customs at this port, a very much respected citizen of Morrisburg, died at his residence here last night.

Andrew J. Lafamme. On Jan. 1, 1908, the North German Lloyd will assume the exclusive control and management of the Mediterranean-Levant service, which heretofore been conducted in connection with the German-Levant line.

FOUR HOME BANK OFFICES

New Branch Opened at Bloor and Bathurst.

The new branch office of the Home Bank of Canada, on the northeast corner of Bloor and Bathurst-streets, is now completely furnished and equipped, and the doors will be opened for business at 9 o'clock Saturday morning.

Ontario Veterinary College. The regular course of lectures at the Ontario Veterinary College commenced yesterday morning.

Ocean House Transfer. The transfer of the Ocean House, at the corner of King and Queen-streets, Sunnyside, from the Kay estate to J. E. Laxton, was ratified by the board of license commissioners yesterday.

THE WORLD'S HOME MAGAZINE FOR WOMEN EDITED BY LAURA E. McCULLY, B. A.

OMAR FOR HOUSEWIVES.

To-morrow a new Cook will come, you say. Yes, but where leaves the Cook of yesterday? And this sweet summer day that brings me Rose. Shall take Irene and Mary Jane away. I sometimes think that never Burns the Bread. So Black as when the Tea is Boiling Red. That every Cabbage plant the Garden wears. Knows more than any human Cabbage head. And this new Maid who looks so fresh and Green. On whom with all my woes I fain would Lean. Ah, lean upon her Lightly, for who knows How soon She will get up and Quit the Scene? Ah, my new Handmaid, fill the pan that clears the table. To-day of unwashed dishes, stacked in tiers. To-morrow? Why to-morrow I may be Myself Obligated to wash them—and for Years! A box of Biscuits underneath the Bough. A Can of Beans, a bag of Salt, and Flour. Burned out and Singing in the Wilderness. Ah, wilderness were Paradise now! So when the Angel of the Muddy Drink Called Coffee, throws the Grounds into the Sink. And taking her Departure leaves you there Alone to Clean Things Up, you should not Shrink. Ah, make the Best of so-called Help, my friend. Until we, too, into the Dust descend. Take up our Work where hirelings left it off. Sans Hope, sans Help, sans Dishcloth, and sans End. Ethelwyn Wetherald, in "Good Housekeeping."

Personal.

J. B. Tyrrell, M.A., B.Sc., F.G.S., has opened an office at 9 Toronto-street as a mining engineer and valuer of mines and mining properties. Mr. Tyrrell is one of the foremost mining engineers in the continent. He is a graduate of Toronto University of the year 1880. W. S. Crone, vice-president of the H. W. Nelson & Co., Limited, returned to the city yesterday after a very successful business trip to the Pacific coast. Dr. Charles Alexander Page has set up his practice at Kingsville, Ontario, and has gone abroad to spend two years in special post-graduate work in the colleges and hospitals of Europe. Dr. and Mrs. Page sailed by the Empress of Ireland on Oct. 4, and are now in Edinburgh. A fashionable wedding took place at St. Paul's Church yesterday afternoon, at 2.30, when Miss Charlotte Emily Nicholls, daughter of Mr. and Mrs. Frederic Nicholls, was married to Mr. Ernest Ernest, son of the late Mr. J. A. Proctor and Mrs. Proctor of Grenville-street. The ceremony was performed by the Rev. Canon Cody. The church was very prettily decorated with chrysanthemums and smilax. The bride, who was given away by her father, wore a gown of oyster-white liberty satin in princess effect, with yoke and panel of duchess lace and pearl ornaments. Her white veil fell over a wreath of orange blossoms and her bouquet was of white roses. Four bridesmaids attended—Miss Hazel Nicholls, sister of the bride, Miss Ethel Hughes, Miss Elise Oakland and Miss Muriel Cronyn. Miss Beattie Nicholls was maid of honor, and wore a gown of pale blue chiffon with a felt hat to match, while the bridesmaids wore dressed alike in cream marquisette, with cream hats, and carrying yellow chrysanthemum. Mr. A. H. C. Proctor, brother of the groom, was best man, and Messrs. Walter Nicholls, Fred Nicholls, Harold Thorpe and A. Howard Blight acted as ushers. Mr. Howard Blight rendered the bride's address. "The voice that breathed over Eden," during the signing of the register. Mr. Palmer presided at the organ and played Mendelssohn's "Wedding March." After the ceremony Mrs. Nicholls received the hundred and fifty odd guests at "Home-wood." The drawing-room was prettily decorated with chrysanthemums, and the dining-room, where a buffet was placed, with roses and lilies. Mrs. Nicholls wore a gown of ivory white chiffon tulle, with lace insets, and an ostrich feather stole and black plumed white felt hat. After the usual toasts and speeches the bride and groom left for their honeymoon on the Mendel-terranean. On their return they will reside at 9 Roxborough-street. Many beautiful gifts were received by the fortunate and popular young couple, including the following: A house in Roxborough-street, which Mr. Nicholls has built for his daughter; Mrs. Nicholls, a coal-wood dinner service; Mr. and Mrs. Harry Nicholls, a silver salver; Mr. Walter Nicholls, silver revolving dish; Mr. Fred Nicholls, six glass carafes and tumblers; Mr. Norman Nicholls, six glass finger bowls; Miss Hazel Nicholls, silver vegetable dish; Miss Beattie Nicholls, pepper castor and mustard; Mr. J. A. Proctor, cabinet of silver and cutlery; Mrs. Proctor, complete

World Pattern Department

GIVEN LEAVE OF ABSENCE.

Laval Will Await Result of Divorce Suit.

MONTREAL, Oct. 17.—The divorce proceedings, instituted by his wife, are settled, Dr. Lorr, an eminent French physician, cannot be employed by Laval University, and the doctor was yesterday given a year's leave of absence, his first term of engagement having been fixed at a year. As Dr. Lorr is a nephew of the famous Pateur, Laval authorities thought that the medical faculty had a "find" in him. However, Archbishop Bruchesi has refused to allow Laval to employ Dr. Lorr, the reason being that Madame Lorr is suing for divorce.

THE SECRET OF PERFECT HEALTH.

It used to be the general idea that there was some mystery about getting well and staying well. Sellers of quack nostrums took advantage of this fact and grew rich. We are growing wiser, however, and know that good food, fresh air and cleanliness are all that are required. Cleanliness, however, means that you must be clean inside as well as outside. If your kidneys, liver and bowels are not properly performing their functions, they are accumulating a mass of filth, as a result of your violation of some natural law, and you must assist nature in nature's way to cleanse the system. No necessity, however, to risk using some secret preparation. You can obtain a perfect compound of vegetable remedies, every one of which is endorsed by your physician. The formula of King Palmetto Compound is printed plainly on the wrapper. No secret, no mystery, just plain common sense. King Palmetto Compound will regulate the liver, bowels and kidneys, tone the system and prevent serious results which might arise from neglect. Give it a trial. Write for a free sample bottle to the King Palmetto Co., Bridgeburg, Ont. Sold and guaranteed by Burgess, Powell Co., 73 Yonge-street, Toronto.

A Big Moose

is waiting for you to get it. Moose, red deer and caribou are plentiful in Temagami regions. These famous hunting grounds are reached via the Grand Trunk Railway System. Write to J. D. McDonald, or call at city office, northwest corner King and Yonge-streets, for copy of "Haunts of Fish and Game."

VALIDITY OF LAND TITLES.

New Company Meets the Difficulties Complicated Of.

The insurance of real estate titles is something entirely new in Canada. Heretofore the only means of getting an absolute assurance of good title to land was to secure a certificate from the Registrar under the Land Titles Act (a Torrens Title). This, however, is usually a somewhat expensive and tedious matter, and for this reason only a very small proportion of titles have been put under this system. There has been some agitation recently for a simpler and cheaper means of getting a guarantee of title. A new and strong organization has opened up offices in the new Continental Life Building with the object of meeting this need. The Title Trust Company, Limited, a corporation and Trust Company, has been organized by real estate owners and mortgagees, holders of insurance guaranteeing titles against all loss or expense through the Torrens system. The advantages of such guaranteed titles are many. They give, in the first place, absolute security against loss. There is no delay under this system in the completion of sales, as the company can issue its policy in from two to five days from the receipt of the application. In case of subsequent sale of the property a guaranteed title can always be transferred most easily and at less expense. There is no need in connection with such subsequent transfers for full investigation of the title. The company has already fully and carefully examined it from the very beginning, and now a mere supplementary examination is necessary. Subsequent transfers, therefore, are made at much less expense and very promptly. The company's guarantee has practically all the advantages of a Torrens title, and has the additional advantage of being obtainable much more quickly and at a great deal less expense. Policies are secured by large deposits with the government. The company is under the direction of an exceptionally strong board, composed of the following gentlemen: President, E. E. B. Johnston, K.C.; first vice-president, Hon. W. A. Charlton; second vice-president, Noel Marshall; third vice-president, W. A. Gage; directors, George H. Hees, Toronto; W. K. George, Toronto; W. R. Hobbs, Toronto; W. W. Orlin, Orlin; J. B. Tudhope, Esq., M.L.A., Orlin; Allan McPherson, Longford Mills, Ont.; Jacob Kohler, M.L.A., Cayuga, Ont.; J. A. Kammerer, Toronto. The company also does a general trust company business, acting as executor, administrator, trustee, registrar and transfer agent and in every similar capacity.

GUILD OF CIVIC ART LARGE PARK COMMISSION

Deputation Waits Upon Park Committee—Simcoe Park Cottagers Must Wait.

In support of the recommendation that the city appoint a commission to report upon the extensive plan of park improvements, a deputation of the Guild of Civic Art waited upon the civic parks and exhibition committee yesterday. The visitors included George A. Howell, R. H. M. Smith, A. N. Campbell, A. E. Huestis, and W. A. Langton. Mr. Smith asserted that a comprehensive plan was needed, one that would cover the whole city, not merely the waterfront from the Don to the Humber, as planned for the lakeshore drive. He urged that the city act with the Dominion and provincial governments.

Mr. Campbell suggested that only a small commission was required, and that the expense to be involved need not be heavy, yet it could go into the question exhaustively. It was desired that the guild should have one representative. Consideration was promised. Many Dead Ones.

Commissioner Chambers was granted \$1000 for the removal of dead poplar trees. He said there were several of such dead ones throughout the city, and that there was danger to the lives and limbs of the public.

Controller Harrison's proposal that St. Patrick's Market be converted to playground uses found favor. It was recommended that negotiations be begun with the heirs of the Bontje estate, which dedicated the property to the city for market purposes in 1886. The agreement that the property, if not so used, should revert to the heirs, Commissioner Forman reported that he had been advised by E. H. Bickford that it was his intention to continue selling his raving property for building lots. The committee decided to ask Mr. Bickford to refrain from such action, pending the framing of another offer by the city, and also to recommend the repeal of the bylaw allowing a 50-foot roadway to be constructed through the ravine.

Mr. Chambers reported that the Kendall-avenue playground had been made ready for use.

Speedway Not Appreciated. Ald. Foster complained that horsemen were not showing respect for the Don speedway commensurate with the amount of money that had been expended thereon, and protested against any more money being spent on it.

Simcoe Parkers to Wait. At the meeting of the civic property committee yesterday afternoon, it was decided not to take any action on the application of Simcoe Park cottagers for 21 years' lease, until it had been properly ascertained whether the market and many other plans for the park were to be carried out.

The mayor took a stand for the cottagers. He had a distinct impression of Mr. Fleming having given the promise he asserted. However, the committee decided to wait.

Mr. Chamberlain reported that the feeling of uneasiness among residents of Yorkville lest the plans for reconstruction of St. Paul's Hall would result in the abolition of the hall as a place of public meeting. Property Commissioner Harris gave assurance, however, that no such act of vandalism was under consideration.

Septic Tank System. Dr. Sheard, City Engineer, and Waterworks Engineer, are recommending a system of septic tanks with bacteria beds, on the lakeshore between Greenwood-avenue and Woodbine. The cost of the plant is estimated at \$250,000, with \$800,000 for the site.

Hitherto the difference of opinion between Dr. Sheard and Mr. Rust as to whether crude sewage should be deposited in the lake has prevented an agreement, but the decision of the provincial board of health against such depositing has cleared away the obstacle.

The mayor says that if public feeling continues to run high, he will ask the board of control to recommend to the city council that the government appoint a commission to investigate the coal situation.

The Godson Contracting Co. advised the board of health that it had made a mistake in its tender for paving Dupont-street, from Kendall-avenue to Walmer-road, the distance having been underestimated.

Mr. Rust will report. Albert Chamberlain wrote complaining that the Bell Telephone Co. was very tardy in installing phones after application had been made for same.

The mayor termed the matter a serious one, and the letter will be forwarded to the company.

Mr. Rust Aggrieved. In his report to the works committee, Mr. Rust, who has evidently become much disgusted with the manner in which his recommendations are treated, declares that it is utterly useless for him to make any recommendations as extensions. As to the suggestion that the railway make greater use of York-street, he points out that the company has absolute powers as to routes. He still sticks to his recommendation for the protest of the property owners.

Sea Wall Plans. Mr. Rust submits two plans for a sea-wall from Dufferin-street to the Humber. One at \$50,000 provides for a sea-wall at a distance of 20 feet from the shore, from Bathurst-street to the Humber, with harbours for small craft. The other plan, at \$90,000, places a portion of the wall at a greater distance from the shore, and provides for an island lake between Dufferin-street and Sunville.

To expedite the work of laying the high pressure water system, the board of control has decided to employ night work, the cost will be 50 cents per cubic yard extra.

PRIVATE BANK FAILS. HOUSTON, Tex., Oct. 17.—W. House, private banker made a general assignment to-day. Liabilities over two million dollars.

"BRICK'S TASTELESS" REGISTERED

It is an extract of fresh cod livers, containing all the virtues of pure Cod Liver Oil without the nauseous grease, combined with Phosphorus in the form of the Compound Syrup of Hypophosphites, nutritious Extract of Malt and the Fluid Extract of Wild Cherry Bark.

It will promptly relieve, and if its use is continued, permanently cure chronic bronchitis, all pulmonary affections, croup, hoarseness, nervous disorders due to an exhausted condition of the system, prostration following fevers, debility at change of life, or constitutional weakness at any age, and all blood disorders.

We positively guarantee "Brick's Tasteless" to do exactly what we claim it will do as printed on the label of the bottle, or any advertising matter, and every druggist who sells "Brick's Tasteless" is authorized to refund to his customer the full purchase price if one bottle does not show a decided improvement, which improvement will result in a complete cure if additional bottles are taken.

We therefore request you to try a bottle of "Brick's Tasteless" on our recommendation, and if no improvement is shown after taking it, return the empty bottle to the druggist from whom you purchased it and he will refund your money. Can we be fairer?

SCHOOLS IN OLD LAND.

Inspector Hughes Saw Some Things Worth Copying.

"Impressions of the Schools of England and Germany" was the subject of an address by Chief Inspector Hughes before the Empire Club yesterday. ...

The inspector told how, in Munich, boys who leave the ordinary school at 14 and go to work must spend nine hours a week, for three or four years, at the trade schools, wherein education is provided free by the city. ...

Technical training and the regular physical training in the schools of Great Britain were described. Mr. Hughes advocated regular physical training for boys and girls in Toronto in the last week in November. ...

The inspector is an enthusiastic convert to the systems of the motherland, and he exhorted his hearers to use their influence with their friends and acquaintances so that the plan he had outlined might become the educational standard of this country. ...

WHO WILL HELP? Editor World: I am badly in need of help. I am a widow with a little baby, and I find it very hard to get along. ...

These pine needle oils are not intended for internal use, and when taken in any good drug store. To avoid substitution of some inferior pine product

The Electrical Ring and Cheap Power

been thus eighteen months before the public. The Globe, of course, makes no reference to them, also they have remained uncontradicted during that period.

Here are the figures for Toronto:

Table with columns: CLASS OF SERVICE, T.E.L. Co., COMMISSION ESTIMATED, and Scheme.

Table with columns: AVERAGE HORSE POWER USED and Price of 10-hour power per H.P. per annum.

If this table is correct, the benefit to the consumers of electricity for lighting and power purposes that will accrue from the adoption of either of the commissioners' schemes is very great.

The Globe talks about the evils of competition, and, in the same breath, complains that, even after the advent of Niagara power, the company has not reduced its prices.

Class of Service— Before Competition. Ottawa After Competition.

Ottawa suffered severely from excessive rates, and finds a competitive system pays, also it contracted to take 1500 horsepower, and only uses between 1000 and 1100 horsepower.

No unprejudiced individual can doubt for a moment the advantages which must accrue to any community from a service based on legitimate expenditure, and operated exclusively in the interest of the consumers.

The Globe talks about the evils of competition, and, in the same breath, complains that, even after the advent of Niagara power, the company has not reduced its prices.

But what of the stock-watering already done in the various companies controlled by the electrical ring? There is reason to believe that the cost of the electrical development plant was more than covered by the bond issue, and that the ordinary stock represents not one cent of real value.

Then again, what about the position of the city when its present street-lighting contract terminates, and the agreements with the Lighting and Street Railway companies expire.

Charged with the theft of more than a ton of sugar from the Canadian Lake and Ocean Navigation Company, Ermine Zarnke, 28 years, 34 McGill-street, and Michael Flannigan, 39 years, 64 Anne-street, were lodged in the Court-street police station last night.

STEAL A TON OF SUGAR TWO MEN UNDER ARREST

The thefts have been systematic and extend over the whole shipping season of the company. The men were arrested upon information furnished by the police by Noble's Dominion Detective Agency, which has had operatives at work upon the case at various times during the summer.

Zarnke, who is the company's foreman at its freight sheds at the foot of Bay-street, was arrested there at 6 o'clock by P. C. Redford last evening. He indignantly protested his innocence. Flannigan was arrested at his home at 740 O'clock by Acting Detective Guthrie after he had confessed and implicated the other man. He is now admitted to bail in the sum of \$400. The sugar, largely in bags, was recovered from a number of restaurants and private houses, where it had been sold by the thieves. It is stored in No. 1 station, where it was removed in the patrol wagons. Ten bags

was secured in one private house. The thefts as outlined in Flannigan's confession have been carried out upon an ingenious plan. Karmke went about in the evening taking orders for the sugar at the rate of \$8 per bag, having a market value of \$4.47. He represented himself as a salesman for a steamship company, and said that the sugar was excess cargo, and must be sold. Flannigan delivered the orders. Both collected and signed receipts.

Of the last lot disposed of, 16 bags were removed Oct. 3, and 17 bags on Oct. 4. The first clue to the theft was supplied to the company by an anonymous letter written by the wife of an employee about the dock. The bags in the sheds were counted Sunday, Oct. 6, after Zarnke had been taxed with the theft two days before. Flannigan was accused yesterday afternoon and admitted the deal, declaring that he had been only a tool in the hands of the other man and had not at first suspected anything wrong. The detectives then went to the sheds and called Zarnke into the office. He denied the theft and told them to count the bags. This was done, and it was found that 21 had been returned since the previous count. These had been collected from those to whom they had been sold, the people being told that there had been a mistake and the money refunded. The information against the men were sworn to by Hugh Young, traffic manager of the company. A. E. Noble and A. M. Allan, superintendent of the agency, worked up the case. Zarnke and Flannigan are young married men.

FARMING AND LIVE STOCK

CREAM PRODUCERS.
The move of the farmers and milk shippers to form a cream producers' association is a good one. Already the movement from cream to milk production has begun. Some farmers, finding that the prices for cream were not correspondingly as good, have changed to milk production. It is, therefore, necessary to organize in order to secure a price that is not only in harmony with the price of milk, but also one that is in sympathy with the high prices for feed of all kinds.

PANIC PRICES.
The big prices that are being paid for grain of all kinds to-day are due in some measure no doubt to panic.

There is no doubt but that the world has a shortage of marketable grains of all kinds. Statistics tell us this, and the world is fairly well covered with information bureau.

But there is a limit, when substitution takes the place of any article much desired. The likes and wants of the people have set the demands, but let that want change ever so little and let the tastes be diverted into some other channel and the prices fall away with almost unexplainable certainty.

What there is in the situation other than a big element of panic to justify the paying of record prices at this time of the year does not yet appear. The answer may come that the hard-headed men of business know enough about their figures not to be influenced by prevailing rumor or contagious panic. But do they? Have past years justified these men in their upward flights in certain commodities?

The fact that farmers and feeders generally are saving, added to the marketing of every available bushel, or rather the expectancy to market, will be factors that must be taken into account.

Not many farmers will feed oats at 60 cents per bushel, or barley to hogs at 30 cents. Hay at \$24 a ton will stay in the barns for later sale. Many farmers are feeding straw, corn and roots to save the hay for spring, in case they can get along without it. This means in all probability, a supply that will ease the demand. Many people thus are predicting lower prices in the spring. At any rate no farmer or feeder need purchase in a panic.

FARM CALENDAR.
Spenceley's Hackney sale, Box Grove, Oct. 22.
Shire sale, St. Thomas, Oct. 23.
McBrady's farm stock sale, Audley, Oct. 24.
Ontario County plowing match, Oshawa, Nov. 5.
W. D. Watson's sale, Bradford, Nov. 5.
Louis Richardson's sale, Whitby, Nov. 5.

SHEEP BREEDING.
The Sheep Breeder Publishes a New Book on Sheep Management.

"The sheep belongs to the genus ovis (signifying with horns) and is a remnant of the pair-toed section of hoofed animals. Naturalists agree that its origin is not traceable—Men of science give as their opinion that the sheep existed before the creation of the human race."

Thus does the Shepherd-Boy start out on a volume of interesting lore, actual history and the art of management of the sheep. The author has this nom de plume and many people in Ontario will be familiar with his former work, entitled "Fitting Sheep for Show Ring and Market."

RICHARDSON'S SALE.
In this issue we call attention to the sale of valuable Clydesdales, milking shorthorns and feed by Louis Richardson of the baseline, Pickering Township, two miles from Whitby Station. He has two brood mares (reg.) in foal to Sir Arthur, a yearling filly of exceptional merit from Holstein Chief, a colt by Sir Arthur and two big geldings, besides a standard-bred roaster, six years old, city broken. His Shorthorn cows cannot be excelled for strength of constitution and milking qualities. He has topped with some of Arthur Johnston's best stock. Remember the date, Nov. 5.

A CHANCE AT BRADFORD.
W. D. Watson of Bradford offers a big chance to farmers to secure horses, cattle and red clover seed on Nov. 5. Keep the date in view. Further announcements will be made.

Auction Sale of a Valuable 80-Acre Farm.
The close estate of the late W. Chapman, lot 3 and 4, con. 2, Scarborough (near Kingston-road, Highland Creek) on Thursday, Oct. 24, 1907. The farm is close to school, churches, postoffice, and about one mile from street cars; in a short time street cars will run close to the farm. Soil is a good clay loam. Well watered. About 20 acres plowed. On the premises there are a good stone house, containing three bedrooms, parlor, dining-room, kitchen, pantry, store kitchen, woodshed and cellar; barn, with stabling for five horses and nine head of cattle; wood cellar; driving shed, etc.; about one acre of choice orchard. Owing to its position, this property is constantly increasing in value. Terms: Ten per cent down on day of sale, balance in 30 days. Title indisputable. Will be sold subject to a reserve bid. Sale at 2 o'clock. D. Beidman, auctioneer.

The Farmstead. Wheat Production Limited?

Sunny October!
Don't get into a panic about feed.
In other words, keep your hat on.

Many a farm home was cheered by Dr. Potts' sermons.
Spenceley's sale is at his farm, Box Grove, southeast of Markham Village.

C. K. Geary sells his shires at St. Thomas next Tuesday. Here's a chance for a fine young mare.
Guy Fawkes' Day seems to be a favorite for sales and plowing matches.

What would Kipling write about were he to spend one of the bright days out upon our Ontario farmsteads?
Frank Batty of Brooklyn reports that he is well supplied with feed for his colts. The publication of his prize colt's picture on these pages has brought him several offers to purchase.

R. J. Baird of Oshawa has assumed charge as manager of the Western Bank at Whitby. This bank has proven a friend of the farmers.
J. G. Cornell of Scarborough reports that the cream producers are anxious for an organization similar to the milk producers. They have such an organization in Montreal of which Mr. Stephens is the secretary. There is a meeting called for to-morrow at the Albion Hotel.

The pork packers say that they are losing money on Canadian bacon. If the farmers would cease raising bacon hogs, or hogs at all, who would blame them?
Keep McBrady's sale date before you. Sheep are great property now. His Cotswolds are good ones. They shear lots of wool and the ram lambs this year sold for \$12 each. His cows are good milkers and his Yorkshire pigs are of the prolific kind.

The prices for feed of all kinds are high, but many think these are panic prices. They look for lower prices before winter goes by. Parties who are giving away their stock for a song may sing in a higher key in the spring.

William Duthie of Aberdeenshire has had a record sale of his shorthorn calves. Nineteen calves bred at Collymore were sold under the hammer for \$38,550, being an average of \$2050. The average last year was \$1250.
The first prize yearling shorthorn matchless bull, Dreamer, which was purchased in September by Messrs. Capers and Fawcett of Omaha, was sold by the Woods Investment Co. by auction. A spirited contest between McWhittie Bros. of Nebraska and G. H. White of Iowa, stimulated by the offer of Prof. Smith of Nebraska and Prof. Curtis of Iowa, to show him at the international for the buyer in case he went to a buyer from the state making the offer. G. H. White secured him for \$1050, and so Iowa will have him at Chicago.

Rosebud Blossom, a shorthorn cow purchased by J. M. Garthouse from James L. Davidson and subsequently sold to go to the Omaha sale, was purchased by Nebraska State University for \$250. She was bred by Alex. McTaggart of Sonya, Ont.
The picking of apples is seasonable work on the Ontario farm. All varieties, with the possible exception of the splines and Baldwin in the Iroquois valley are talking on a very beautiful red.

For stocked legs on horses or for those that are likely to stock the legs should be rubbed dry when they come in from work and a thorough rubbing given them. Care in feeding grain, and as a tonic for the following mixture is good. Mix in the feed night and morning: A tablespoonful of a mixture of equal parts of dried sulphate of iron, saltpetre and ground gentian and ginger roots. Plenty of rock salt should be at hand at all intervals of ten days may be necessary.

The Breeders' Gazette, in speaking of the prospect for horse prices during 1908, says that a great many young horses were shipped away from the central producing states to the Pacific coast, this leaving the supply of 4-year-old animals rather short. Indeed, the outlook for 1908 looks much brighter the more the situation is viewed.

THE QUESTION OF AREA.
The United States are not increasing their wheat area, the decrease in states east of the Missouri being equal to the increase in those west of that great dividing stream. The English buyer of American wheat has to pay the extra carriage, too, so that the American influence on our exchanges, which was depressing in the nineteenth century, has already, in the twentieth, become almost a fixed quantity on the bull and when, therefore, our ever increasing population requires a year hence some 30 million quarters loaves yearly beyond what it now requires, America not only will not be able to find any of them, but will have to ask a fraction more money for its old supplies.

The Russian Empire is not a quarter whence trustworthy statistics are easily derived. We find the Statesman's Year Book for 1907 almost useless for agriculture in Russia; it cannot tell us the area under wheat at all. The board of agriculture give us Russian yields in quantity and also in bushels per acre for 1905, but as they give no returns of area we must conclude that the information is derived from separate returns of separate and very possible rival bureaus in Russia. We know that the Russian bureau of statistics and the Russian ministry of agriculture have contradicted each other over the wheat crop to an extent largely exceeding the whole British production! The latest figures which we can make one readers to trust are these: In 1896 the Russian Empire had 44,546,025 acres under wheat, in 1898 the area was 47,024,000 acres. Apparently, therefore, the area tends to increase at the mean rate of 1,296,000 acres a year, which would add 1,858,500 quarters to the yield. The population, however, is increasing at a great many times the rate of 1,400,000 yearly and may be taken to consume 700,000 quarters, so that the net increase in Russian yields available for the market is 1,158,500 quarters yearly. But does such increase actually occur? The want of

Will Population Increase Too Fast For the World's Production of the Bread-Making Cereal?

The rise in grain prices which have occurred in Europe and America has set the subject of wheat production in the forefront. The question looms up occasionally in the minds of many as to whether the old world will continue to produce more wheat as the years pile up their increased population. To anticipate a shortage so great as to make the world breadless, is indeed a harrowing, if not a possible one. But the world's production looks big in figures. The following is a table showing the total crop of wheat in the principal producing countries for the last 15 years:

1906	3,407,400,000
1905	3,348,200,000
1904	3,134,200,000
1903	3,238,240,000
1902	3,067,273,000
1901	2,836,200,000
1900	2,853,200,000
1899	2,697,000,000
1898	2,824,200,000
1897	2,226,900,000
1896	2,393,115,000
1895	2,443,044,000
1894	2,558,320,000
1893	2,448,300,000
1892	2,340,540,000

Average Yields.
The probabilities of average yields are naturally considerable, says The Manchester Guardian. Now the American crop of 1907 is not deficient, 60,000,000 quarters is a fair yield; but in 1906 over 31,000,000 quarters were reaped, a better and a decided advance. An August taken for granted that a like yield would characterize the current season. Russia is said this year to have a better crop than 1906, but the figures are not yet of any real value. We need in the first place to know the area under cultivation, and in the second place, the yield of the spring as well as of the winter wheat are in progress. Argentina till now has succeeded in achieving the ideal of an average crop each successive year, but, of course, this apparent miracle has a natural explanation. The area sown has year by year increased, so that there was a continuous progress revealed. In a year of mediocre yield a slight advance would be seen, in an average year a decided advance. We appear, however, to have come to a point where the limits of wheat production are in sight. Meanwhile, population in the twentieth century is finding the situation interesting, the second decade may easily find it serious.

The writer in the journal referred to evidently considers Canada's area as not increasing. He should visit the unbroken wilds of this country.

FARMERS

Windsor Table Salt
—on chemical analysis—was found to be the purest of the principal brands on the British and American market.
Pure 173

A SPLENDID CANADIAN DRAUGHT MARE.
The above cut represents one of the best of Ontario's farm horses. A Clydesdale, weighing over 2000 pounds, clean-legged and active as a kitten, is a credit to Canadian stables. The above beast won first at Toronto, Markham, Ottawa, Ogdensburg, N. Y., and is worthy of all the honors. She was sired by "Two-in-One," a McQueen colt, whose merit was not known until he had left the country.
Nelson Wagg, the owner, may justly be proud of his animal. Breeders all over will do credit to the Clydesdale breed, and to farmers generally to give preference to the clean limb, the active step, the flinty bone and the well-made body.

GRAIN MARKETS WEAKER FUTURES ON DECLINE

Options at Chicago Are Under Pressure All Day—Liverpool is Also Lower. World Office. Thursday Evening, Oct. 17. Liverpool wheat futures closed today unchanged to 1/4 lower, and corn futures unchanged. At Chicago December wheat closed 3/4c lower than yesterday. December corn 1/4c lower, and December oats 1/4c lower. Chicago car lots today: Wheat 94, contract 84; corn 33 3/4; oats 27 1/2. Wheat, Oct. 14, new 28; year ago 24 1/2.

Table with columns for Month, Price, and Change. Rows include May, July, Dec, Jan, Feb, Mar, Apr, May, Jun, Jul, Aug, Sep, Oct, Nov, Dec for various commodities like wheat, corn, and oats.

ST. LAWRENCE MARKET.

Receipts of farm produce were 800 bushels of grain, 30 loads of hay, and a few dressed hogs. Wheat, fall, bushels, \$1.00 to \$1.14. Barley, 20 bushels sold at 85c to 87c. Hay—30 loads sold at \$22 to \$23 per ton. Dressed Hogs—Prices unchanged at \$8 to \$9 per cwt.

Advertisement for DODD'S KIDNEY PILLS. The Canadian Grocer issues the following on the bacon question. They evidently have overlooked the immense home consumption of bacon that has been going on. The drop in exports may not always mean a cessation of production.

THE BACON SITUATION. Farmers Are Declining in Their Exports of Hogs. The Canadian Grocer issues the following on the bacon question. They evidently have overlooked the immense home consumption of bacon that has been going on.

NEW YORK, Oct. 17.—Receipts: Beef—2,258; no trading; feeling steady; exports, 450 carloads of beef to Liverpool. Cattle—Receipts, 307 head; market steady; veals sold at \$5 to \$9.50 per 100 pounds; few tops at \$7; no grassers or westerns.

CHICAGO Gossip. Marshall, Spauld & Co., wired to J. G. Beatty at the close. For some time past we have repeatedly in attention to the ultimate result of the present financial situation of the world over, in its relationship to wheat values, and have clearly stated our opinion that wheat would sooner or later neutralize the actual or alleged bullishness existing in the wheat market and produce a decline of the recent high levels.

NEW YORK, Oct. 17.—Cattle—Receipts, 307 head; market steady; veals sold at \$5 to \$9.50 per 100 pounds; few tops at \$7; no grassers or westerns. Sheep and lambs—Receipts, 5,500; sheep steady; lambs slow, but not lower; sheep \$4 to \$5; sheep and yearlings mixed, \$5.50 to \$7.50; lambs, \$6.15 to \$7.00; Canada lambs, \$4.10 to \$4.25.

NEW YORK, Oct. 17.—Beef—Receipts, 2,258; no trading; feeling steady; exports, 450 carloads of beef to Liverpool. Cattle—Receipts, 307 head; market steady; veals sold at \$5 to \$9.50 per 100 pounds; few tops at \$7; no grassers or westerns.

TAKE THE BELL TELEPHONE LINE. Independent Line a Success, But Government Ownership Would Mean Needed Extensions. HALLEYBURY, Oct. 17.—(Special.) Why does not the railway commission take over the local telephone system in the Cobalt district?

Without Further Reaction—Mining Markets Are Firmer Than the Other Exchanges. Thursday Evening, Oct. 17. Considering the weakness on other exchanges, the mining markets are shown almost remarkably strong. In the local markets there was only a limited business and the selling had practically no influence on prices.

NEW YORK, Oct. 17.—Beef—Receipts, 2,258; no trading; feeling steady; exports, 450 carloads of beef to Liverpool. Cattle—Receipts, 307 head; market steady; veals sold at \$5 to \$9.50 per 100 pounds; few tops at \$7; no grassers or westerns.

VALUES WILL COUNT. When the Financial Stringency Has Passed Over. James A. McLean, mining broker, says this week in his market letter: We are of the opinion that with a loosening of financial stringency, Cobalt stocks would enjoy a sharp rally.

STRIKE ON THE BAILEY. A despatch from Cobalt says that the Bailey Cobalt made a good strike today in the shape of a 15-inch vein of decomposed malicite, cobalt and silver. The vein was made close to No. 2 tunnel, on the top of the hill. Supt. Minard will sink a shaft on the new vein. The vein is rich and contains a large amount of malicite.

NEW YORK, Oct. 17.—Beef—Receipts, 2,258; no trading; feeling steady; exports, 450 carloads of beef to Liverpool. Cattle—Receipts, 307 head; market steady; veals sold at \$5 to \$9.50 per 100 pounds; few tops at \$7; no grassers or westerns.

Rev. Canon A. J. Broughall Fifty Years in Ministry

Semi-Centennial of His Ordination
to be Celebrated in St. Stephen's
Church to-day.

To-day, St. Luke's Day, is the fiftieth anniversary of the ordination of Rev. Canon Broughall, M.A., D.D., of St. Stephen's Church. A special service will be held in the church to-night, conducted by the Archbishop of Toronto, to commemorate the occasion.

St. Stephen's Church was built by R. B. Denison on what was then his estate, in 1858, as a private chapel. The cornerstone was laid on July 1 of that year. The Rev. J. H. McCullum was the first rector.

In 1860 Mr. Denison deeded the church and the land it occupies to the Bishop and the Diocese of Toronto. On Easter Monday, 1861, the present rector was appointed to the parish, just forty-six years ago. At that time it was known as St. Stephen's-in-the-Fields. There was but a small population, and very few houses in the neighborhood. Side-walks were a curiosity, a single plank being considered a luxury.

The growth of the parish is well-known. On Easter Monday, 1862, the communicants numbered seventy-five, and the offering was \$38.69. Last Easter the communicants numbered 963, and the offering was \$290, over and above a special offering for the mortgage debt, etc., which amounted to \$625. This contrast shows something of the growth that has taken place during the present rector's ministry, at the church.

The church was almost burned to the ground in 1865, but was rebuilt the following spring. The present north wall of the church is intact as it is in the original structure, and the original corner-stone was also built into the present building.

Abraham James Broughall was born in Cobourg in 1832. He was educated at Victoria College, which was then situated in that town, and in 1853 he entered Trinity. He came to Toronto over

the old Kingston-road in a coach, as the railway was not built at that time. He was ordained by the Right Rev. John Strachan, Bishop of Toronto, in St. James' Cathedral. For three years he was curate under Rev. T. S. Kennedy in St. John's Church, Fortland-street, and came direct from that church to St. Stephen's.

During his forty-six years of ministry, Canon Broughall has been in full charge of the church, and is so at the present time, altho much of the burden of detail work rests on the shoulders of his son, the Rev. J. S. Broughall, who is assistant rector.

The canon is still hale and hearty, and takes a very active part in the ministry and in visiting the parishioners.

Of Course,
You Will Be Welcome

whenever you come to see our splendid showing of Fall Suits and Top Coats.

Step in at your convenience. We will gladly show you the handsomest effects—point out the exclusive patterns—and explain the changes in styles for the new season.

We will show you, too, why

Campbell's Clothing

wears so well—and holds its shapeliness so long—why there is more service, more satisfaction, in our suits.

Come to see at your convenience.

We leave the buying to your knowledge of worthy fabrics—fine tailoring—honest values—and correct styles.

York County and Suburbs

WOODBRIDGE FAIR IS A GRATIFYING SUCCESS

Ideal Weather and Big Crowds
Swell Receipts—Paving Starts
in Junction—Items.

WOODBRIDGE, Oct. 17.—(Special.)—Even in its palmy days it is questionable if the time-honored institution known as the "Woodbridge Fair" ever scored a more unqualified success than that of to-day.

From all parts of the Metropolitan County of York, and the neighboring city, they flocked to inspect the best in the products of the farm and well were they repaid. A moderate estimate placed the number of visitors at not less than 12,000, and the air of hearty good cheer and prosperity everywhere apparent was truly refreshing.

The C. P. R. provided an excellent service, and the 10 o'clock and 12:45 specials pulled into Woodbridge loaded to the doors.

The weather was all that could be desired, and flags and bunting floated from many of the principal places of business.

Some Who Were There.

Among those noticed on the grounds were: Dr. Forbes Godfrey, J. Lockie, Wm. Archie Campbell, M. P., Reeve; George F. Henry, J. W. Jackson, County Crown Attorney Drayton, Robert Graham, Capt. Tom Wallace, George W. Yerrill, D. McLeas, J. Charlton, John Gardhouse, J. Keeler, W. J. Hill, Alex. McCowan, M.L.A., David Duncan, A. B. Rice, ex-Mayor Jesse Smith, Warden Gilmour, Dave Spence, Jerry Nelson, Donald Mackenzie and a host of others.

If Woodbridge Fair excels in any one respect, it is in the display of horses, more especially the draught and agricultural class. To-day's exhibit in these two departments was a magnificent tribute to the farmers, more especially of West York, as indicating great care in the breeding and attention to detail generally manifested in these two classes the Judge, Thomas Graham of Clarendon, was called upon to give many decisions which required the keenest distinction, acquitting himself well.

List of Awards.

The awards in heavy horses were in part:

Four-year-old mare: Wm. Dobson 1, J. Peacock 2.

Agricultural mare and colt: E. Matheson 1, G. Mapez 2.

Spring colt: G. Mapez 1, T. and A. Macdougall 2, G. Matheson 3.

Filly or gelding, 3 years old: D. Craig 1, J. Atkinson 2, A. Ford 3.

Two-year-old agricultural class: J. Morrison 1, George McClure 2, George McClure 3.

Spring colt, draught: D. A. Macdougall 1.

One-year-old filly, agricultural: G. Mapez 1, D. Ashley 2, F. Worsley 3.

Field mare, agricultural: A. Reed 1, Sloan Bros. 2, checkered.

Spring colt or filly: J. T. Peacock 1, D. Fines 2, W. F. Caldwell 3.

Draught: John Gardhouse 1.

Agricultural team: Evans 1, J. Bule 2, R. J. Graham 3.

In this class the competition was very keen owing to the general excellence of the teams. Bred from "Balmanno," owned by W. J. Howard of Amber, York County, the winning team, consisting of John Gardhouse, Fred and John, were the victors.

The sweepstake for best mare of any age won by Joseph Slack of Mono Road, with a magnificent animal of beautiful conformation.

In the saddle horses there were five entries, and the winners were G. H. Pickering 1, J. McCarten 2, Fred Irwin 3.

Speeding Events Good.

The speeding events were all well contested, and the track was in the pink of condition. The events were:

Farmers' trot—Dolly Foster (Clark) 1 1 1, Mary Bell (McEwen) 2 2 3, Tony (Smith) on all fours 3 3 2, W. Bill (Johnson) 3 3 2, Knocker Chief 4 4 4, Time 2:29 1-2, 2:50, 2:49 1-4.

Riley B. (Burns & Sheppard) 1 1 1, Brian Boru (A. Kerr) 2 2 2, Annie (Beamish) 3 3 2, Time 2:31, 2:37.

2.50 class, trot or pace—Hilda B. 1 1 1, Dolly Foster 2 2 2, Annie 3 3 2, Floss 4 4 4, Golden Bell 5 5 5, Time 2:40, 2:39 1-4, 2:35 1-2.

Best Walking Team.

The prize for the best walking team was awarded to William Holley 1, G. Morrison 2.

The pony race resulted:

Alice 1 1 1, Dot 2 2 3, Pearl 3 3 3.

The two last named dividing second and third money.

The officials of the course were W. J. Bell, Beaton, and John Cole of Brampton.

Other Exhibits Good.

In sheep the show was one of the very best in the history of the society, the Hampshire and Oxford class, in which Henry Harding of Milliken's Corners, and Mr. Coulson of Peel County were the principal exhibitors, being well represented. Other classes were the Southdowns, Cotswolds, Dorset, Horned and Shrop.

In car and swine, in grain and field roots, there was much to interest and instruct. Music was supplied by the band of the G. G. B. G.

Banquet Was Kept Ever.

More than 600 sat down to the banquet in the evening, presided over by J. A. Cameron, president of the society, and the catering of which was largely supplied by the ladies of Woodbridge, which fact alone attests to the extent of the report.

The toast of "The King" and "Canada" were the only two on the list—and to the latter Archie Campbell, M. P., C. C. Watson, J. Lockie, Wm. F. C. Warden Gilmour, Dr. Godfrey, M. L. A., Reeve George Henry and Dr. McLean responded.

Much of the success of the fair is due to the untiring work of the secretary, T. F. Wallace, and the board of directors.

West York Agricultural Society, President, James A. Cameron.

HOME-MADE MEDICINE

Said to Relieve Kidney Trouble and Rheumatism.

One ounce Fluid Extract Dandelion;
One ounce Compound Salutarin;
Four ounces Compound Syrup Sarsaparilla.

Mixed and taken in teaspoonful doses after meals and at bedtime, is stated by a prominent physician to give most excellent results in kidney or urinary affections, and also in rheumatism and sciatica. The mixture opens the clogged pores of the kidneys, thus assisting them in their work of filtering all waste and poisonous matter from the blood, and expels these in the urine. To allow this poisonous matter to remain means that it will settle in the muscles, tendons, joints, and cause the untold misery known as rheumatism.

The mixture is composed of harmless vegetable ingredients which can be purchased at any good drug store, and mixed at home.

Anyone suffering from any of these afflictions will no doubt be pleased to learn of so simple and highly recommended a remedy.

First vice-president, J. W. Smithson
Second vice-president, T. A. Farr
Secretary-treasurer, Thomas F. Wallace.

Directors, T. F. Wallace, Samuel McClure, J. M. Gardhouse, W. H. Kowntree, Richard Willis, John Baylis, J. B. Smith, William Ellery and John Gardhouse.

Honorary directors, John Macdonald, George S. Henry, John T. Watson, J. Nelson, Jr., James W. Jackson, R. Barker, Dr. Wm. Thomas, Jacob Williams and David Norton.

Vaughan Tp. Agricultural Society.
Hon. president, William Farr.
President, William McClure.
First vice-president, D. Longhouse.
Second vice-president, Arthur Farr.
Secretary-treasurer, T. F. Wallace.

Directors, T. G. Wallace, A. T. Orth, A. J. Whitteborn, A. L. McNell, T. Smyth, John E. Elliott, Charles A. McNell, Amos Agar and M. Reaman.
Hon. directors, George F. Wallace and Henry Crockett.

TORONTO JUNCTION.

Citizens Deserted Town to Attend Woodbridge Fair.

TORONTO JUNCTION, Oct. 17.—The paving of Dundas-street has commenced at last in real earnest. The mixer is a powerful machine, and this morning there was promise of a good day's progress, but in some way got out of order several times, and it was not till about 3 p.m. that the laying of the concrete roadbed was commenced, beyond the concrete curb.

Work succeeded in laying about 30 yards on the south side of the street, west from Annette-street. Engineer Abrey states that if nothing happens to impede the work, Western-avenue will likely be reached by to-morrow night.

W. M. Anchor of 152 Bay-street, Toronto, reported to the Junction police to-night that a six-year-old boy named Frank Robinson of 35 Robert-street, Toronto, had left his home at 9 o'clock this morning, in a blue sweater, dark tweed pants, white collar and cuffs and a checkered cap.

Many Junction citizens went to the Woodbridge Fair to-day, James Greig of Keele-street got first prize for his road team and second for his carriage horses. The Junction visitors spent a very enjoyable day, and state that this year's fair is the best ever.

Mrs. Thomas Corrigan of 30 Western-avenue died suddenly last night after returning home from having a walk. Going into the front parlor she suddenly fell back in her mother's arms and expired. Heart disease was the cause.

Mrs. Corrigan was 29 years old, and had been married several years. The body will be taken to Port Credit to-morrow morning for interment.

The Ontario government has appointed A. M. Wilson, Justice of the Peace for the County of York. He will hold the office a few days ago.

The Ontario committee of the Upper Canada Bible Society for the year 1907 for the annual meeting to be held on Tuesday, Nov. 5, Rev. W. E. Hassard, field secretary, will address the meeting.

The Waverley Athletic Club will hold a dance in St. James' Hall on Wednesday evening, Oct. 30 (Thanksgiving Eve).

Use Connell's large clean Pea Coal for your range. Nothing better, and only \$5.50 per ton. Corner Dundas and Weston.

NORTH TORONTO.

NORTH TORONTO, Oct. 17.—Some boys around Daville seem to be in the habit of climbing the electric light poles. Yesterday Commissioner Wolcott warned them to desist the practice, but when he was gone one of the lads, Harold, climbed the pole on the corner of Glebe-road.

When the commissioner hove in sight again he slid down the pole and came such an extent that Dr. Bond had to put in eight stitches when dressing the wound.

The social given by John S. Stibbhart of Crescent-avenue for the benefit of the Ladies' Aid of the Epiphany Methodist Church to-night was well attended, a musical program was rendered in which these artists took part: Mrs. Withrow, Miss Nita Lawrence, Miss Winnifred Lawrence, Miss Gertrude Crown, and Messrs. W. J. Lawrence and E. G. Kirby.

Tax Collector J. M. Whaley is busy with a staff of clerks in the town hall making out the tax bills and collecting the taxes.

Many townpeople attended The World's Fair at Woodbridge to-day. Mrs. Wechin of York Mills has purchased the George McCormack farm at Lansing, consisting of 30 acres, for \$3000.

Joe Smith of Newtonbrook displays a second crop of black raspberries, which is remarkable for such a short season as 1907 was.

W. T. C. organist and choirmaster of the Free Park Presbyterian Church, has resigned his position, and his resignation has been accepted by the Young Men's Club of Epiphany Methodist Church at their meeting to-

DUNLOP TROPHY BICYCLE ROADRACE

SATURDAY, OCT. 19th
Starting 3.30 p. m. on the Danforth Road, near the terminus of the Broadview car line.
