CAMPAIGNING BY DOG TEAM

Candidate's Life in the Yukon Strenuous.

Sir Lomer Gouin in Montreal Speech—Battle Royal in North Toronto—Mr. King and Mr. Meighen in West.

(Canadian Press) Dawson, City, Y. T., Nov. 16.—Political campaigning in this territory is proving strenuous. There are immense distances to cover before election day and the candidates are compelled to travel by dog team and sled, mile upon mile daily.

The government candidate, Captain George Black, was last heard from at Mayo, where he reached on Nov. 1, after an overland trip of eighty miles by sled from Minto, on the Yukon River. He is expected here about nomination day and he will finish his campaign in Dawson and nearby in the succeeding fortnight.

F. T. Congdon, K. C., Liberal candidate, is now en route from British Columbia. A special train will meet him at the end of track at Whitehorse. He will travel the several hundred miles by stages to begin his campaign here. The Yukon will have twenty-six polling places, one to each town of "creek place" settlement.

Toronto, Nov. 16.—Major Gen. Robert Rennie, it was understood last night, will probably be the choice of the Liberal party in North Toronto. He has indicated his willingness. A battle royal is expected in this riding. Mr. Rennie, Thomas L. Church was nominated as the government candidate some time ago and Dr. H. P. Boyne was chosen as the Progressive standard bearer.

St. Louis, Mo., Nov. 16.—Speaking in support of Herbert Marler, Liberal candidate in the St. Lawrence-St. George division, this city, Sir Lomer Gouin said that he had the merit of having had Premier Meighen speak for the first time in Montreal on railway questions, "and in the heat of it." He declared that the present administration of the railway was leading to a solution of the railway party could find no solution to the program, "let them give it up to the Liberal party, which will give it up."

Instead of expatriating the Grand Trunk, he asked if it would be better to have been better to have financially aided it through the crisis that now prevails. He urged that the government should prevent policies penetrating the administration of railways operated by the state. In conclusion, he said that he was always against monopolies and had succeeded in breaking them. He was much opposed to a government monopoly as he was to a private one.

Hon. Mr. King in Calgary. Calgary, Nov. 16.—(Canadian Press, Staff correspondent).—Questions from members of the audience and his answers to these considerably enlivened a speech by Hon. W. L. Mackenzie King at last night's gathering in the Grand Trunk Hotel, when 3,000 persons gave the Liberal leader an attentive hearing. Questions were placed before the Liberal leader respectfully and answered in a similar manner.

In regard to the wheat board, Mr. King declared he was not in a position to make any immediate replies as to what he would do regarding reconstruction of this board. If returned to power, however, the Liberal party would secure the best advice it could on the board and general matters of marketing and would lay a course in the interests of all Canadians.

The question of the senate reform came up when Mr. King attacked senatorial appointments made recently. Asked if he intended to abolish the senate, Mr. King said that if there was an attempt by the "Tory" majority to block all reform measures, there would be an insistent demand for senate reform.

Winnipeg, Man., Nov. 16.—Regarding natural resources of the western provinces, Premier Meighen told a questioner last night that: "My opinion is that we should hand back the natural resources to the western provinces, if we can ever get agreement between the provinces as to terms." "I'm just as favorable to returning the natural resources for terms as my friend is," he said, "but I am not mountebank enough to get up on a platform and declare that it is an easy matter to arrive at terms which will be accepted as fair by all the provinces." He went on to state that the time for handing back the resources was before the question had been complicated by subsidies granted to those provinces which had not the benefit of their resources.

Shubacacade, N. S., Nov. 16.—Sir Herbert Tupper and Hon. F. P. McCrear, minister of public works, addressed a meeting held here last evening under the auspices of the Conservative party of Hants County.

Montreal, Nov. 16.—Hon. C. C. Balfour, minister of justice, issued a challenge to supporters of the Liberal party to propose any solution better than that which had been offered by the present government, viz., by utilizing government ownership and operation as the only possible way out of the difficulty.

In regard to the tariff question he said it had been forced on the country as a candidate, but this gentleman declined being put in nomination Dec. 1-4; May, 11-2; Oct. 28; May, 10-12.

Problem of Far East Now Is Taken Up

NO NATION READY AT OUTSET FOR DEFINITE PROPOSAL

Naval Armament Question Goes to Committee of Advisers of Great Powers—The Modifications Suggested by Britain and Japan.

(Canadian Press) Washington, Nov. 16.—With the Hughes arms reduction proposals referred to a committee of naval advisers of the five great powers as the accepted fundamental policy on naval armaments, the Washington conference turned its attention today to the other big subject of the meeting, the Far Eastern situation.

Apparently none of the nations were ready to press a comprehensive plan of settlement of the question last night at the outset and the delegations of all the nine interested powers seemed to have adopted a waiting attitude. They prepared to meet in executive session this morning, as a committee of the whole, to take up this phase of the conference.

Meanwhile the work of preparing a report on the U. S. proposals for reduction of the size of submarines, as well as alterations of the replacement plan, was accepted by them in principle and in spirit, along with France and Italy, at the opening session yesterday. It will go forward in the committee of five technical naval advisers appointed by the delegations of the big five powers in their later executive session.

With Theodore Roosevelt, assistant secretary of the navy as chairman and representative of the U. S., others composing this committee are Admiral Beatty for Great Britain, Vice Admiral Le Bon for France, Vice Admiral Kato for Italy and Vice Admiral Kato for Japan.

The committee, which will meet for the first time today, will take up the modifications desired by Great Britain for a sharp cut in the proposed maximums for submarine tonnage and for limitation of the size of submarines, as well as alterations of the replacement plan, and Japan's desire that she be permitted a higher ratio of major strength than sixty per cent of the British and U. S. forces respectively.

Settlement of the naval status of France and Italy to be embraced in an agreement based on the armament limitation programme proposed for the U. S. Great Britain and Japan also will come before the committee of naval advisers, it having been the desire of those countries that this programme be adopted had been accepted in principle by the committee on limitation armaments.

British Labor View. London, Nov. 16.—Commenting on the general principles of the U. S. naval proposals, George W. Harcourt, member of the cabinet, in a letter to the London Times set forth the position of the British government, which was stated in Washington.

The United States government, he says, has taken the place left open for France and Italy by the League of Nations and has struck a chord which will find ready response in the mind and heart of the British people.

Secretary Hughes' way is the way for which the masses of the people have been waiting since the termination of the Versailles peace conference, and argues that the U. S. proposals must be supported against the interests of the few who are raising their voices in protest.

TWELVE DIE; 60 INJURED IN A GERMAN FACTORY

Mayence, Nov. 16.—Twelve people have been killed and sixty injured in an explosion in a factory at Dattheim, a short distance from Wiesbaden, Prussia. The damage is estimated at 25,000,000 marks.

General Depoutte, commanding the French troops in that region, visited the scene and his men assisted in the rescue work.

BRITAIN IS DISPOSING OF WAR STORES

London, Nov. 16.—(Canadian Press).—The government is rapidly disposing of the large accumulation of war stocks. Surplus stores worth 275,000,000 have been disposed of since the armistice. The disposal is practically completed on the continent, and it is hoped soon to complete the disposal.

CRUCIAL TIME FOR KANSAS MINERS

Pittsburg, Kas., Nov. 16.—A showdown in the Kansas coal fields loomed here today when an order by representatives of the International Mine Workers Union becomes effective, directing all strikers in the field to go back to the pits. The order says that failure to obey the edict will bring revocation of local charters and automatic suspension of the members.

HAY, CORN AND FEED RATES FOR THE QUEBEC GOVERNMENT STAND

Ottawa, Nov. 16.—(Canadian Press).—Tariffs filed by the railways showing reduced rates on hay, corn and feed when shipped to the Quebec department of agriculture for feeding purposes were allowed to stand by the dominion board of railway commissioners yesterday. Complaint against these tariffs was filed by the Montreal and Quebec boards of trade and by the Canadian National's Millers Association.

CHICAGO GRAIN MARKET. Chicago, Nov. 16.—Opening: Wheat, Dec. 104 5-8; May, 107 3-4. Corn, Dec. 47 1-4; May, 51 1-2. Oats, Dec. 35; May, 36 7-8.

As Hiram Sees It

"Well," said Mr. Hiram Carpenter to the Times reporter, "there ain't quite so much fun pulled 'round 'em whippersnappers as they showed he wanted to line up with John Bull and get everybody to quit building battleships. He put one across in good style that time, 'specially if that there 'Woods' had feller if you got to know him. NEWS NOTES ABOUT PROMINENT BAPTISTS

(Maritime Baptist.) Rev. F. N. Atkinson has accepted the pastorate of the Barrington group of churches.

Rev. E. W. Williamson, at one time field secretary for our convention's board of religious education, writes that he has accepted a call to the pastorate of the Florenceville group of churches and that he will begin his work as pastor there on the 27th inst.

At the annual meeting of the Grand Ligne Mission, held at Montreal, October 11th, A. Ayer was re-elected president. This is Mr. Ayer's fifth year in the active work of the mission.

Rev. C. S. Young of Lower Millstream has been called to the pastorate of the Plaster Rock group of churches, where he spent nearly six years before coming to his present charge four and a half years ago. He has declined the call, and will remain in his present charge.

Miss Ethel Jones, who has been connected with the Maritime Baptist as bookkeeper and stenographer for ten years, has retired from that position and has accepted appointment with the Dominion Life Company, to which she had been giving part time for some length of time. Miss Jones had made many friends among our subscribers and patrons by her ladylike way of meeting and dealing with them. We were very sorry to part with Miss Jones, as her thorough knowledge of the business end of our work qualified her so admirably for the position, especially while the present manager was so new to the work.

We cannot, however, blame Miss Jones for accepting the attractive offer of the Dominion Life, which could be of aid in remuneration for her services. Her place has been taken in our office by Miss E. Rae Curry, who spent some weeks in training under Miss Jones and who is showing adaptability to our work.

STRONG FOR OSBORNE. Fredericton Gleaner.—One of the largest meetings ever held in this city took place last night when Colonel Osborne, Hon. D. W. Messersau and William A. Hay addressed the meeting. H. C. Greenlaw, a strong United Farmer, was chairman. The feeling in this part of the country is very strong for Osborne.

At New Maryland J. B. Dickson and E. A. McKay addressed one of the largest and most enthusiastic meetings ever held at that place, at which a large number of ladies were present.

Died in New York State. Word has been received of the death at Gouverneur, New York, on November 6th, of Charles H. Colby, aged sixty-four years. Deceased is survived by his widow, who was formerly Miss Theresa A. McMonagle of Oranoroto, and two sons, Arthur and Myron.

Hayes-McGivney. The wedding took place at St. Anthony's church, North Devon, today of Miss Loretta McGivney, R. N., and Leo Hayes, town marshal of Devon. The ceremony was performed by Rev. E. J. Conway.

PLANS TO WALK FROM MONTREAL TO CALIFORNIA. Montreal, Nov. 16.—Arthur Mainville of this city, ex-service man, and moving picture operator and chauffeur, will leave on Monday next on a hike, which he expects will last a year, to Universal City, Cal. He intends to work his way across the continent and will leave here without a cent.

He will represent St. Bridget's Association, a sporting club of which he is a member.

A SINISTER INFLUENCE

"We much regret that selfish interests are forever busy endeavoring to create prejudice, jealousy and unwholesome rivalry between the two American nations for the purpose of political advantage and commercial gain, as evinced by certain election propaganda by reactionary forces now at work in Canada."

THE STRAW MAN

An Ottawa despatch of great length to the Standard deals with "Canadian political leaders advocating free trade or even a radical revision downward."

THE NATIONS IN LEAGUE

The United States, which held back from an active part in the work of the League of Nations, has at last given that League, or a League, a clean bill of health.

revolution that has taken place in Central Europe, are guarantees that a new world order has arisen and will abide. People had become so accustomed to the old order of things that we can appreciate the feelings of the correspondent of the Echo de Paris when he called his paper as having been stung by a thunderbolt. It was generally expected that, in that first sitting, many pompous speeches would be delivered and that they would lead us quietly and smoothly to protracted pour-parlers."

THE PACIFIC PROBLEM

Conflicting interests in China and the divided state of that country are the chief elements in the eastern problem which the conference at Washington will attempt to solve. The relations between Japan and China, and the necessity imposed upon the latter by her dense population for a field of expansion beyond her own borders are only a part of the problem. Other nations have large interests in China, which offers an inviting field for exploitation. China is a country of vast population, and immense and undeveloped resources. How can the interests of the other nations be reconciled and China at the same time protected? She is a helpless country and not united. The government at Peking is not recognized in the south, which has a government of its own under President Sun Yat Sen, and it is declared that some of the northern and central provinces have little regard for the Peking authorities. The great first need appears to be a unified China, but how can other nations intervene to bring it about? Unity and good government are essential, and this the other powers must recognize. They must also arrive at a basis of agreement as to their own respective relations to China, and to each other in matters affecting that country's development. China must not be coerced, or any advantage taken of her weakness. She offers a great market and a great field for industrial as well as commercial enterprise. Because of concessions granted in the past, and loans accepted, there are foreign vested interests to be considered. The Chinese foreign minister pleads that the conference may not be too much concerned about his country's political and financial position, but will look to the China of the future, and make more easy the task of rehabilitation. The open door policy will undoubtedly be favored by the conference, and safeguards must be provided for the continuous protection of Chinese interests. A great test of the usefulness of the assembled powers will be their attitude toward China. The Pacific problem is indissolubly bound up with the fortunes of the country, and if its integrity can be assured, and the other nations can come to an amicable agreement respecting their mutual relations, the problem will disappear.

CHOCTAW HERO

Capturing 171 German prisoners single-handed, Joseph Okilombi, a Choctaw Indian, was decorated and cited by Marshal Pétain, of France, as the second greatest American hero that the war produced. Alvin York ranks first. Okilombi, which in Choctaw means "man-killer," lives in obscurity on a small farm near Label, Oklahoma. The citation reads: "Under a violent barrage he dashed to the attack of the enemy position, covering 200 yards through barbed wire entanglements. He rushed on machine gun nests, capturing 171 prisoners. He stormed a strongly held position containing a number of trench mortars, turned the captured guns on the enemy and held said position for four days, in spite of a constant barrage of large projectiles and gas shells. He crossed No. 10, and many times to get information concerning his wounded comrades."

IN LIGHTER VEIN

Awful Punishment. In a London play, U. S. supposed sufferers under prohibition are thus addressed: "What are these shrieks?" "Hilish (relentlessly) — "They have tied an American to a chair and are showing him a bottle of Scotch."

When Hostilities Commenced

Professor's Wife—"The war started the 1st of August, 1914, didn't it?" "Prof. (absent-mindedly)—No, my dear, we were really married in 1912."

Insurance Agent—"Under this policy you can't commit suicide within one year."

Prospective Victim—"I don't believe my wife would let me take it."

GOING TO CLEAR EVERY OVERCOAT; SEMI-READY SHOP

Suits Will Also be Included in the Big Sale at the Store in Charlotte Street.

George Creery will open the season with a great sale of Semi-Ready winter overcoats—to begin on Friday morning and continue until the last Saturday in November.

"I am going to give our customers what they have been asking for and hoping for—good overcoats at a cheap price. And I am not going to wait until everybody has their winter coat, but will start right away. The need is great, and when Old Probs shouts 'Put your winter clothes on!'"

George Creery has reduced to \$75. They were \$125 a year ago, and in 1914 the price for a real check-back double-weave Crombie was \$78.

PANCAKES DIDN'T STICK TO THE UN-GREASED GRIDDLE

And Tasted Better, Too, Because a "Wear-Ever" Aluminum Griddle Was Used.

Another complete surprise in matters culinary delighted those who attended the cooking demonstration at the store of W. H. Thorne & Co., Ltd. That pancakes can be cooked better and quicker on an ungreased griddle was demonstrated by Miss Chamberlain, of the Department of Household Economy of the "Wear-Ever" aluminum griddle.

When Miss Chamberlain had mixed the batter and was ready to cook the griddle, somebody said "They'll burn if you forget to grease your griddle." Miss Chamberlain, however, did not stop to cook, then turned them and, to the amazement of everybody, they didn't stick. They were perfectly cooked, cooked more quickly and evenly and, in taste were simply delicious.

Although no grease of any kind was used, there was not a vestige of odor, because the pancakes didn't burn, the reason for which was clearly explained by the demonstrator.

The test of "Wear-Ever" Aluminum Griddles was both interesting and convincing.

SIMPLIFIED CHINESE

Compensate Characters Reduced to an Alphabet of 39 Symbols.

Prospective students of the Chinese language will be gratified to learn that a system of simplified spelling, known as the "National Standard System," is now being introduced in China. The complicated characters which adorn the traditional Chinese laundry check are being reduced to much simpler symbols and many educational institutions among them Peking University, are teaching the new style to their students, so that they may spread it among their families and acquaintances after graduation or in vacation time.

The great Chinese Standard Dictionary, compiled by the famous Emperor Kang Hsi, contains some 40,000 ideographs or written characters, and of these one must learn to recognize some 4,000 in order to read with a fair degree of intelligence. Their complicated character, according to a bulletin of Peking University, has made learning to read an insurmountable task for the masses of Chinese, among whom the love of literature and learning is strong.

As an example of the phonetic system the traditional character for the word "holy," a most complex symbol, is pronounced with initial and final sound "sheh." In place of it has been substituted two much simpler characters, one standing for "sh," and the other for "eh." They represent these sounds wherever they occur, and most fortunately, there are only thirty-nine of these symbols, which really form a Chinese alphabet. Primers to teach the new method are being printed by the million, thousands of pamphlets of portions of Scripture have been distributed, and classes have been formed everywhere in schools and churches. Quantities of books have been published in the phonetic style, and old and new characters in many cases being presented in parallel columns.

The Christian Church in China is saluting the phonetic system to forward its principle of "every member a Bible reader," and entertains high hopes of what this may mean to the millions of illiterates in the country and to the development of the young republic in the years to come.

OPEN AIR CLASSES FOR LITTLE ONES UNDER WEIGHT

Taking a Special Course at St. Joseph's, Halifax, and Making Rapid Strides Towards Normal Physical Condition—Sleep, Nourishment and Fresh Air.

(Halifax Echo)

Of the many fine things accomplished by the School Board during the regime of Supervisor G. K. Butler, the most outstanding has been the starting of the Open Air Classes in the City schools. The manner in which the health programme has been carried out during the past four years reflects great credit upon the Supervisor, who from the first has aimed high as far as broadening the scope of the City schools and perfecting the same is concerned; upon the School Board without whose encouragement and co-operation the programme could not have been carried out, and last but not least upon the school nurses, doctors, dentists and teachers who have put these ambitious ideas into practice. Of course the programme is by no means complete, in fact it is just begun, but the way has been paved and the future looks bright indeed.

The idea of outdoor classes was planned by Supervisor Butler and the School Board about five years ago and it was decided to inaugurate it as soon as the school year was complete. Then came the explosion and the school routine was completely upset for the time being so that it was only this Fall that the plan was made clear to start outdoor classes, when the four new North End Schools were ready for occupation. On September 6th under the competent direction of Sister Ernestine of St. Joseph's School who took a special six week course in the subject at one of the finest institutions in the United States during the summer, the outdoor class room at St. Joseph's was opened to under-weight pupils of the 2nd and 3rd Grades, Sister Ernestine has been greatly assisted in this work by the School Nurse Miss M. Dempsey, whose work in that capacity has been most commendable. She has been assisted by the school nurses, and has proved that Supervisor Butler and the School Board were right in their plan for the children when they started the Health movement in the schools. Sister Ernestine teaches the children during their study period and watches over them while they sleep and each week Miss Dempsey weighs the children and makes a health chart. As the President of the Progressive Club remarked to a reporter "Miss Dempsey is always to be relied upon to do her duty and is interested heart and soul in the health work." The under-weight children enjoy her visits and are always eager to know who has won the gold star for gaining the most weight during the week.

The children come to the school room at St. Joseph's in the morning, a series of doors which when opened expose practically two sides of the roof, allow the clear invigorating breezes from the harbor to sweep through the room and though they are in the open air, they are kept warm because the kiddies haven't got their sides down dressing gowns yet, nevertheless they are kept warm and the children find it very easy to go to sleep in the semi-out-door room. At the end of the day when they are all bundled up in the warm blankets donated by the school, they are all tucked up and Sister Ernestine says that with the sunlight shining in one could not wish for a sunnier day than the day when the children were in the school room at St. Joseph's. The routine of the day is carefully planned so as to give the best possible results. The children come at 9 o'clock in half pint bottles and the children drink it through quills, thus saving dish washing and expense that would be incurred by the use of glasses. Each child brings bread. After this lunch they all lie down on large canvas cots supplied by the School Board, and covered warmly, they are soon very fast asleep. Even the ones that found it hardest to sleep do so very quickly and Sister Ernestine was engaged in the task of awakening them when the Evening News entered and it was amusing to note how very lethargic they were to open their eyes. Several with sleepy muzzles turned over and over for forty winks more. Sister Ernestine plays them a soft lullaby when the rest hour comes and they are soon in slumberland. At 10 o'clock have recreation in the school yard and at 11 return for an hour of study before proceeding to their homes for dinner. They are back at two o'clock in the afternoon, study for half an hour, take their milk at 3:30, sleep until 6 o'clock, study until 8:30 and then off they go for their homes.

M. CLEMENCEAU IS WRITING A BOOK

Will Embody Experiences of His Life—Out of Politics Forever.

(Special Cable to the New York Times and Montreal Gazette.)

Paris, Nov. 13.—The Editor of Paris publishes an account by Marcel Huttin of a visit paid to M. Clemenceau on the occasion of Armistice Day in the celebrated little flat in the Rue Franklin, where the ex-premier is again living. Although, as always, refusing to give anything but the nature of an interview, M. Clemenceau nevertheless discussed many subjects freely, but on the express understanding that no conversation should be published.

"Like Charles the Fifth, I've seen my funeral," he said with a laugh. M. Huttin, however, says he is able to state that the aged statesman is busily engaged in an important literary work in which he will embody all the vast experiences of his long life. He expects to be engaged in this undertaking for about three more years.

The work will be published only if he is able to conclude it to his own satisfaction. He has put a special clause in his will to the effect that the manuscript must be burned should he die before being able to finish it.

M. Clemenceau was emphatic in saying that the work must be no way regarded as being anything in the way of memoirs. Never, he said, during the periods in which he was in power had he kept any important documents nor ever made any notes. Therefore he relies solely on his memory.

He has left public life for ever, according to M. Huttin, and intends to end his days dividing his time between his Paris home and his native Vendée.

WAS LIKE OCEAN BREEZE

Speaking at the Armistice Day celebration in Brussels the British ambassador, Sir George Graham, said that when President Harding's invitation was received, Englishmen, from the prime minister down to the last private citizen, were like the ocean breeze.

The parents are beginning to see the value of this routine as the children have been gaining anywhere from a quarter to a pound and a half per week in this work both in the United States and Canada, explained that undernourishment occurs in the best homes as well as in the other type for it is not the amount of food a child eats but the amount of nourishing food builds up its weight. She cited the case of a Toronto School where the majority of the pupils came from the very best homes and the parents were very indignant when the health nurse reported that they had a larger percentage of underweight pupils than any other school in the City. Investigation proved this to be true and the parents began to realize the importance of the system. A child may eat a lot of candy, she said, and just pick up the good nourishing foods provided and thus be without real nourishment. Growth-up were just as bad she remarked, and lost weight because they satisfied their appetites with foods that lacked real nutrition.

The milk is supplied by private subscriptions, the I. O. D. E. having been particularly generous in this respect and the Woman's Council are supplying 12 cider down gowns while the Catholic Women's League are making 8 gowns and have presented blankets. Blankets have also been donated by Woods Bros., Murphy's Wholesale, Cabots, Mahon Bros., and the Red Cross. Among other

The class also receives a weekly visit from the School Instructor Mr. Basanta, who puts them through a series of breathing exercises and graceful movements physically benefiting. The manner in which the work is being carried on and the children improving in health is remarkable and it is planned to have the parents pay weekly visits on Wednesday afternoon very shortly so that others interested in this fine work would find it worth while to drop in also.

15-YEAR-OLD BRIDE SLAIN BY HUSBAND

Married in Italy Two Months Ago and Brought to America—Quarrel Precedes the Killing.

New York, Nov. 16.—Two months ago a little black-eyed Italian girl of fifteen years became the bride of Dominick Sorrentina, thirty-three years old, a laborer, who had brought back a fortune of \$1,000 to his native city in Italy. This week, the child bride was shot by her husband in front of her home at 188 Union avenue, Brooklyn. She died in the Greenpoint Hospital.

The husband was arrested after a chase of five blocks, but the police were unable to solve the mystery of why he had done the shooting. The girl had been unconscious from the time she was shot till the moment of her death, and made no statement.

From what information detectives could pick up from friends and relatives of the couple, it was learned that Sorrentina had brought his wife here from Italy immediately after the marriage. There was a quarrel, and the girl went to live with her aunt at 188 Union avenue, while the husband went to lodgings at 41 Havenuey street.

A quarrel in which the husband begged his bride to make a home for him is believed to have preceded the shooting. They had been talking on the sidewalk in front of her aunt's home, when the girl made a movement as if to go into the house. Then the man drew a pistol and fired three times, hitting his wife in the left breast, left forearm, and left hand.

Sorrentina started to run, but the shots had been heard by Patrolmen Garrity and Stevens, who chased him. After he had led them five blocks, they caught up with him and put him under arrest. According to the police, he still had the pistol with three exploded cartridges in his possession, and admitted the shooting. He will be arraigned in the Williamsburg police court on a charge of homicide.

WOMAN WAS SHOT BY "GOOD-KILLERS"

Refused to Pay Blackmail—Seven Bullets in Body.

Pittsburgh, Pa., Nov. 16.—Holding her five-year-old daughter, Mrs. Catherine Cardon, forty-two, sat in her home in Page street, McKees Rocks, when a crash of revolver shots shattered the window near her and she slipped to the floor dead, still clasping the child, who died in the Ohio Valley Hospital today. Seven bullets entered the mother's body.

RECENT DEATHS

Mrs. Thomas A. Goggia.
The death of Mrs. Thomas A. Goggia, of Elgin, occurred at her home on Sunday morning. Besides her husband she leaves four sons, Guy of Elgin; Coy and Robert at home; Leigh, who has been in the west, but is on his way home; also a stepson, Roy, of Elgin, and two daughters, Mrs. Walter Collier and Mrs. William Sutherland of Brookville, St. John county.

Hon. David I. Robinson.
A telegram was received by Hon. Dr. W. F. Roberts last evening to the effect that the Hon. David I. Robinson, of Gloucester, Mass., had passed away yesterday morning at his home in Mount Pleasant avenue, Gloucester. The late Dr. Robinson was a gentleman of outstanding character and sterling worth. He was beloved by all whose good fortune it was to have known him. His name was a household word throughout the Temple of Honor world, he having been an active member of this organization for more than fifty years and upon two occasions occupied the chair of supreme templar. Mr. Robinson has visited St. John upon several occasions, the first being the year of the St. John fire, 1877, when the Templars of Honor and Temperance of the World met in this city for the first time. They held their 1920 annual meeting at the Hotel, and Mr. Robinson at that time replied to the address of welcome to the convention tendered by His Worship Mayor Scheld at the Temple building, North End.

Dr. Fred Colter.
Frederickton, Nov. 15.—Word has been received here of the death of Marinette (Wife) of Dr. Fred Colter, aged fifty-eight years. He was a son of the late James Colter, Keswick, and attended the University of New Brunswick and graduated from the University of Pennsylvania. He is survived by his wife, one son, Lloyd, New York; his mother, Mrs. James Colter, of this city; four brothers and one sister: Dr. Roy B. Colter, Marquette (Wife); Samuel, Duluth (Minn.); Arthur N., California; Thomas, and Mrs. Allen Sterling, of this city.

Miss Hazel E. Campbell.
Sussex, N. B., Nov. 15.—Miss Hazel E. Campbell, daughter of Mr. and Mrs. D. Ludlow Campbell, died this evening at her home, Peter street, aged thirty years. Miss Campbell was of a likable disposition and was beloved by her many friends. She had been ill for several months. She is survived by her parents, one sister, Mrs. Warren Campbell, of Amherst, and one brother, Pearson, at home. The funeral will be held on Thursday afternoon at 8 o'clock and

You Need a Hoover

Why not get your order in now for Christmas?

A great many people think that all suction carpet sweepers are practically alike. This is a great mistake.

The Hoover cannot be compared with other machines, because it has in addition to its powerful suction, a motor-driven brush which actually beats loose all embedded grit and dirt that cannot be removed in any way but beating.

We will be glad to demonstrate the truth of this story to you, either at your home or in our carpet department.

POOR DOCUMENT

MC 2035

THE EVENING TIMES AND STAR, ST. JOHN, N. B., WEDNESDAY, NOVEMBER 16, 1921

LOCAL NEWS

A large audience gathered in the Prince Edward street church last evening to hear Mrs. E. W. Whittmore, who is delivering a series of lectures on rescue work in the United States.

The New Brunswick Power Company have inaugurated a rule that the name of the operator of the car be displayed. As each man takes charge he puts a card bearing his name in a frame near the entrance.

James Maher was found in an alleyway near John England's store about eleven o'clock by three men who were waiting for a bus. His face was bruised and the lip cut and at the time when he was found he was unconscious. First aid was rendered at Mowatt's drug store and the injured man was taken to the hospital where his injuries were dressed. Mr. Maher was allowed to go. Mr. Maher did not seem able to give a clear account of what happened and the detectives said

last night that he had not lodged a complaint.

John Mabec was struck by an automobile on Prince Edward street last evening when he ran into the road to recover his hat. The car, which was driven by Clarence Lunney, grazed the man and he was taken to his home.

The lecture given in the Ludlow street Baptist church last evening, "Twelve Years in the West Indies," was much enjoyed. Rev. E. F. Styles, who was to have delivered the lecture, was ill, and his place was taken by Walter Brindle. Miss Walton gave a recitation and solo.

The third session of the C. G. I. T. leaders' training corps met last night in the rooms of Main St. Baptist church when five more leaders were enrolled. Miss Mary Allison, maritime girls' work secretary, was the leader and the C. G. I. T. plan for mid-week sessions was discussed. Miss Allison left last night for Charlottetown and as she will be unable to return next week it was decided to postpone the next meeting.

CHORAL SOCIETY ELECTS OFFICERS

The St. John Choral Society held its annual meeting last night and re-elected its former officers almost by acclamation. The officers are as follows: President, A. C. Ritchie; 1st vice-president, Sydney Young; treasurer, Thomas Gray; secretary, Miss Louise Knight; executive, Miss P. Biederman; Miss M. E. Dougherty; Dean Gandy; Arthur Coster and A. I. Archibald. The meeting was held in the Natural History Society's rooms and was marked by the eagerness of the members to take up an active programme again. A short practice followed the business session. Reports of membership were particularly encouraging and showed that already there was a considerable increase over last year's enrollment. It was announced that J. S. Ford would be the conductor again this year. Mr. Ford's ability as a conductor is well known and to his efforts in no small degree last year's splendid success was attributed.

PLAN TO AMALGAMATE FIVE TOWNS AT BORDER

Society is to be organized; issue in Municipal Elections.

Windsor, Ont., Nov. 16.—Planning to organize a society to further amalgamation of the five border municipalities into one city, Ald. Samuel Keyser declares that this will be the issue in municipal election campaign.

Data collected by the alderman from records on file at Windsor city hall and the headquarters of the other municipalities show, he said, that approximately \$800,000 a year can be saved ratepayers of the five municipalities by merging, thus effecting centralization of government for all departments, police, fire, board of works, and hydro-electric system.

A meeting to elect provisional officers of the proposed society, which will be known as the Border Amalgamated Association, will be held within two weeks.

Court Fines Postman Leaving Chickens Unprotected From Rain.

Lynbrook, L. I., Nov. 16.—Henry Ritz, a poultry farm manager, is \$25 poorer but wiser as a result of his failure to protect crates of chickens from the rain. When arraigned before Justice of the Peace Edward T. Neu, Ritz claimed he did not know the ordinance requiring such protection.

Ritz, with a wagon-load of chickens, was driving to Inwood Thursday night when he passed William Beckert, an agent of the Society for the Prevention of Cruelty to Animals. It was raining hard. Beckert saw that the crates were unprotected, and served Ritz with a summons.

MARINE NOTES
Three vessels for Charlottetown were wrecked during the gale of Saturday and Sunday. They are the Arizona, Captain Harris, from North Sydney, with coal, which was wrecked between Wallace and Pugwash, N. S.; the Howard, Captain Galt Murray, of St. Peter's, N. S., with coal, lost at Pinette; the Havel Dell, Captain Boudreau of St. Peter's, wrecked off Cape Bear. In all three cases the crews were saved.
The Sistrum, five-masted schooner, with coal from Norfolk for Portland, went ashore on the Hedge Fence shoals yesterday. It is believed that she will be easily floated.
The four masted schooner Avon Queen, Captain Merriam, for Miramichi, had to anchor in a storm and could not lift anchor again.

Ten-Year-Old Jeffries-Johnson Bout to Be Shown in Chicago.
Chicago, Nov. 16.—Motion pictures of the Jeffries-Johnson prize fight, suppressed for ten years in Chicago, will be shown here under a permit granted by Chief of Police Pitamorris. The permit followed one issued for the exhibition of pictures of the Dempsey-Carpenter fight. "I cannot give a permit for the Dempsey-Carpenter pictures and withhold a permit for the Jeffries-Johnson fight," Chief Pitamorris said.

NOT PLEASED WITH MODIFICATIONS

Some London Papers on Balfour's Speech.

Misgivings and Disappointment, Says Westminster Gazette—Hon. Mr. Asquith Speaks of U. S. Proposals.

London, Nov. 16.—(Canadian Press)—The modifications to the United States disarmament proposals, suggested before the conference at Washington by Arthur J. Balfour, head of the British delegation, have met with a varied reception at the hands of the press.

The Westminster Gazette says that his statement gives cause for the "very gravest misgivings and disappointment," and proceeds to note in particular his suggestion that the programme of battleship replacement be carried on from year to year to save armament works from total destruction.

"The suggested reservation," it says, "amounts to a proposal that we keep alive not only the vested interests of war, but the whole spirit and tradition

of naval competition as a sacred flame, ready to burst into full blaze the moment the holiday is over.

"The best hope for the world is that this specification plan will go to rot and that the end of a decade it may seem worth nobody's while to have it put into order again."

The Daily News says regarding the suggestion that replacement be permitted continuously on a fixed scale.

"This seems a dangerous breach of the whole conception of a naval holiday, which might well prove fatal to the United States plan."

It believes that the British public would support an absolute embargo on submarines.

The most antagonistic of the morning papers is the Morning Post, which dilates on Great Britain's exceptional position in the need to protect all lines of communication. Britain and her dominions, it says, must be able to help one another across the oceans unhindered. Ships can always be built upon occasion, it adds, and what is required is to remove the occasion for war and in the solution of that difficulty resides the main purpose of the Washington conference.

The Telegraph strongly favors the idea mentioned by Mr. Balfour of banning submarines, but thinks it is a point for consideration whether the matter should be pressed at the present stage. On the whole, it considers Mr. Balfour's suggestion that the programme of battleship replacement be carried on from year to year to save armament works from total destruction.

"The suggested reservation," it says, "amounts to a proposal that we keep alive not only the vested interests of war, but the whole spirit and tradition

Mentholatum Cools and Heals Burns, Scalds, etc.

Men in public life continue to express favorable opinions on the general principles of the United States proposal.

Prominent among these is former Prime Minister Asquith, leader of the Liberal party, who in a speech here yesterday declared that it was with unspoken relief that the people of Britain read the accounts of what had transpired in Washington.

He said that in the course of a single week a longer step had been taken in advance than in the whole last three years. The proposals advanced by the United States, he added, would be received with unanimity by all the nations of the world as a means of escaping from the burdens of armament.

A prominent physician says that by far the largest number of women's ailments are not surgical ones, that is they are not caused by serious displacements, or growths. Symptoms similar in character are often brought about by much simpler conditions. We therefore urge every woman who suffers from back-ache, headaches, bearing down pains, side ache, irregularities, nervous despondency, or weakness to give Lydia E. Pinkham's Vegetable Compound a trial. It acts as a natural restorative and often prevents more serious troubles.

INDIANS OF NEW YORK STATE DISCUSS CITIZENSHIP ISSUE

Buffalo, N. Y., Nov. 16.—Representatives of six Indian nations discussed at the Autumn council of the New York State Indian Welfare Society here the question whether New York Indians would improve their condition by becoming citizens of the state. The nations represented were Tuscarora, Mohawk, Oneida, Cayuga and Seneca.

A. C. Parker, state archaeologist, a Seneca, responding to an address of welcome, referred to the formation in the sixteenth century of the league of peace among the Indians in the Great Lakes and the St. Lawrence regions.

"The Indians made a better job of it than the European diplomats did," he said.

The Rev. Louis Brassé criticized the government educational system on the Indian reservations.

The steamer Bay Queen, 86 tons register, in command of Capt. E. H. Lewis, arrived in Bridgetown last night to load for St. John, and it is expected that she will take the place of the Valinda which sank last week after colliding with one of the piers of the bridge over the Annapolis River.

The general contract for the restoration of St. Joseph's school, which was destroyed by fire early Monday morning, has been awarded to the firm of John F. Stone. During the progress of the repairs alterations will be made in the way of providing more adequate lighting facilities and a type of construction that will be more fire-resisting than the previous one.

W. H. Coulter, late gunner of the 1st Battery, C. E. F., who has just completed his hike from Vancouver to Halifax, and is on his way back to Vancouver, arrived on the Halifax train last night. He said he was not hiking as an experiment but in an attempt to obtain publicity concerning what he says is an unjust punishment inflicted on him during the war. Coulter wears four medals and claims that there are four more owing him from the last war.

A conclusion was reached but no findings were given in the arbitration proceeding concerning shore rights at Westfield between the St. John & Quebec Railway Co., Ltd., and eleven property owners in the Westfield district before Judge W. YALE USES MOTION PICTURES OF CREWS AS COACHING AID

New Haven, Conn., Nov. 16.—The idea of "teaching ourselves as others can see us" is the latest method of finding the flaws and learning correct stroking of the Yale crews. Yesterday afternoon crew practice was featured by Head Coach Cordey having ultra-low motion pictures taken of the first and second shells in action. The first time Yale has taken advantage of the "movies" in any athletic training. The films will be shown before a gathering of the crews and criticism made on the form displayed.

SIR A. MACPHAIL SHOT AND WOUNDED

Montreal, Nov. 15.—Sir Andrew Macphail, eminent surgeon and professor at McGill University, was shot through the shoulder at his office in Peel street here this afternoon by Louis Ogulnik.

Ogulnik then put a bullet into his own head, dying instantly.

Sir Andrew was taken to a hospital, where it is reported that he is not seriously injured.

The only other occupant of the Macphail office at the time of the shooting was Annie Johnson, a clerk. She told the police that Ogulnik came to the office and asked to see Sir Andrew. She admitted him and the moment Sir Andrew saw him he ordered him out of the place. Sir Andrew after this went into luncheon. While he was at his meal Ogulnik came back and demanded to see him. The girl told him he could not at the moment and Ogulnik said he would wait.

The girl then went out. Some time later she heard a shot fired. Almost immediately Sir Andrew rushed into a rear room and closed the door. The girl heard several shots fired. Sir Andrew asked her to get assistance. She ran out into the street and had to go half a mile before she got a policeman.

Girl Returns

She returned to the office and when the officer cautiously opened the front door with his revolver in his hand ready to shoot, Ogulnik's body was found in the hall.

Ogulnik was a next door neighbor of Sir Andrew Macphail. He was thirty-five years of age.

HASTLY AUTO RECORD

Toronto, Nov. 16.—There have been more automobile fatalities on the streets of this city in the past four months than in the first six months of the year. There were eight motor-car deaths in October of this year, as against nine in October, 1920, and five in October, 1919.

The automobile death record just issued by the Safety League shows a total of forty-one fatalities in the ten months of 1921 on Toronto streets, an average of four a month. In the first ten months of 1920 there were fifty-seven automobile deaths and forty-three in 1919.

RUSSIAN SCHOOLS SHARE IN GENERAL DISORGANIZATION

Commissar's Efforts to Preserve Them by Edict are Not Easy.

Petrograd, October 11.—(By a staff correspondent of The Associated Press.) Russia's school system has suffered in the general breakdown of the commissar, Lunacharsky, the Commissar for Education, is endeavoring to correct and preserve the free schools by edict, but it is a difficult task.

A great majority of the schools in the famine districts are not opening this year. It is extremely doubtful whether they can be opened this year. Even in the great cities like Moscow and Petrograd it is doubtful whether they can continue unless reorganization proceeds with great rapidity and energy.

In an effort to keep the schools going, parents have made contributions to teachers in the way of money and food and the children have often carried wood daily to the schools to keep warm. Books, paper, pencils and other supplies have been lacking.

Lunacharsky says in a recent statement that the Cheka, or Commission for the Prevention of Counter-Revolution, insists that the schools must be kept free of parental influence. To accomplish this, he announces that the Government will take charge of the schools and will empower these committees to collect money from the parents who are able to pay.

Fads Disappearing.

This fad is in line with the general decentralization policy which the Government is endeavoring to carry out since it altered its economic policy and went back to domestic free trade. Fads which were introduced in many of the schools have largely disappeared. Many of the teachers were extremely idealists in the earlier days of the Soviet Government and endeavored to work many innovations.

The plan of having school children do all the janitor work in the schools resulted in such unsanitary conditions that it was abandoned in many places and sharewomen came back.

The schools were badly crowded. In Moscow most of the small children go to school from 9 until 3, and the older children go in the afternoon and remain until 5 p.m.

In an effort to piece out their inadequate salaries, teachers work in as many

VICTORY FOR OPEN SHOP.

New York, Nov. 16.—With milk distribution more than eighty per cent of normal, more than 5,000 men taken on as permanent employees by the distributors, temporary injunctions obtained in New York and New Jersey against interference with deliveries and all efforts at amiable adjustment of differences abandoned, the strike of the milk wagon drivers seems about to end in a victory for the open shop.

Mayor Hylan's effort to settle the strike by conferences between employers and employees, with Health Commissioner Copeland as mediator, has failed, the distributors having refused to yield an inch of ground. On the other hand, the strikers, through Dr. Copeland, made several important concessions in the hope that they would gain recognition for their union. Each proposal met a cold refusal.

BELOVED FEATURES TO LIVE IN BRONZE Artist Seeks Funds to Make Bust of Sir Wilfrid Laurier.

(Toronto Globe.) An example of devotion to a combined political and artistic ideal is provided by J. A. de Guire, the French-Canadian artist, who arrived in the city yesterday.

Mr. de Guire, some years ago secured from the late Sir Wilfrid Laurier fifteen drawings, in the course of which was drawn the wonderful black-and-white picture of the great chieftain. This picture has now been engraved and published, and Mr. de Guire is devoting himself to the sale of the replicas, with the object of providing a fund to enable him to reproduce in bronze the features which he limited so faithfully and lovingly with his pen.

It took six months for Mr. de Guire to complete his black-and-white work; he estimates it will take him nearly a year to complete the modelling and casting of the replicas of Sir Wilfrid. Since his picture was completed the artist devoted himself to the sale of the replicas which, when the sale of his pictures is completed, he will be able to go to work on his statue.

SING SING PRISONERS SEE A COMEDY

Ossining, Nov. 16.—Oliver Morosco took his production, "Oh, Marion," to Sing Sing, where the regular cast played the comedy to a crowded house on the Belasco stage in the prison chapel.

Oliver Morosco, who arranged with Mr. Morosco to put on the play there. The players were induced to go to Sing Sing through the intervention of Leon Weinstock, vice-president of the State Prison Commission.

HAD BAD COUGH AND SORE THROAT

Never neglect a cough or cold however slight. If you do it can have but one result it leaves the throat or lungs, or both, affected. A single dose of DR. WOOD'S NORWAY PINE SYRUP will help to stop the cough, soothe the throat, and if the cough or cold has become settled on the lungs the healing virtues of the Norway pine tree along with the soothing and expectorant properties of other excellent herbs, roots and barks promptly eradicate the bad effects, and the persistent use cannot but bring about relief.

DO YOUR BOWELS MOVE REGULARLY, OR DO THEY BECOME CONSTIPATED

There is no medium through which disease so often attacks the human body as by allowing the bowels to become constipated, and there is no other trouble which does so much to injure the system as to be neglected, because material incumbrance may not be felt, at once, from irregular action of the bowels, and the whole system by being absorbed into it, causing violent skin and bilious headaches, internal bleeding or protruding piles, heartburn, jaundice, etc.

Comfort Your Skin With Cuticura Soap and Fragrant Talcum

A successful rummage sale was held in the Waterloo street church vestry yesterday afternoon, under the convener'ship of Mrs. W. H. Parlee and Miss Florence Kierstead. A satisfactory sum was realized for church purposes.

FATHER AND SON ARE BENEFITED

St. John Man Had to be Helped in and out of Bed—Now Feels Like a New Man.

"My father had been a sick man for twenty-six years and when I saw that Tanlac put him on his feet again I began taking it too," said F. Martret, 25 Princess St., St. John's N.E. "I suffered from indigestion even before I went to France, and after being gassed there my condition got a great deal worse and finally I had to be sent to a hospital, where I stayed for eight months. I got so weak I had to be helped in and out of bed, and when I did get up my digestion seemed absolutely ruined."

PLAN RELIEF OF UNEMPLOYMENT

A lengthy discussion of the unemployment situation prevailing in the city and methods to combat it, took place yesterday at the regular meeting of the city council. The laying of the water main from Little River to the city to help the situation was advanced to give work to the idle and the commissioners will bring in reports in the near future in regard to work that might be carried out in their various departments to relieve the situation.

HALIFAX SINGER IN ST. PHILIP'S CHURCH

The singing of Madame Donegan, of Halifax, was the special feature at a concert in St. Philip's A. M. E. church last evening before a large audience. Rev. C. A. Stewart acted as chairman, and Mrs. M. Lucas was accompanist. Madame Donegan was assisted by the choir of the local church in the jubilee songs and they were complimented on their showing by Adjutant Owens, J. Willard Smith and R. H. McIntyre in brief addresses at the close of the programme. Recitations were given by Mrs. Frank McAker, Mrs. Thomas Prudwell and Mrs. J. H. Graves.

EYES TIRED?

If your eyes are tired or overworked; if they feel, ache, burn or smart; if in any drug store and get a bottle of Bon-Opto tablets. Drop one tablet in a fourth of a glass of water and use to bathe the eyes from two to four times a day. You will be surprised at the rest, relief and comfort Bon-Opto brings.

FIVE GREAT ACTS AT OPERA HOUSE

It was like old times at the Opera House last night, for crowded houses at both performances thoroughly enjoyed a bang-up good vaudeville programme, full of snap and go from the start of the show until the final feat of the last act on the bill. Of course, the centre of attraction was Fields and Fink in a comedy sketch, "Don't Do That." Fields and Fink give and take in a verbal sparring match and each works a good punch; the course fourteen minutes of solid fun is too much of a good thing, and so they interrupt laughter with an occasional song.

DEATH OF CHILD.

Friends of Mr. and Mrs. Leonard Logan of 82 Chesley street, sympathetic with them in the death of their seven-month-old daughter, Greta Elida. Besides her parents, she leaves one brother, Hartley. The funeral was at four o'clock this afternoon.

LAST CAR CLUB.

Mrs. Thos. Sibley and Mr. Roy were the winners at progressive whist at the play of the Last Car Club last evening at the home of Mrs. Thos. Draycott, 14 Durham street. Consolation prizes went to Mrs. Nielson and Mr. Caddell. Dainty refreshments were served by the hostess, Mrs. Draycott, and all had a most enjoyable evening. Two members were added to the roster of this popular social club.

BURIED ON TUESDAY.

The funeral of Mrs. Catherine McCollum took place from her late residence, Eastmain, at half-past two on Tuesday afternoon, and was largely attended. A very impressive service was conducted at the house by Rev. R. T. McKim, assisted by Rev. Mr. Haslam and the choir of St. Bartholomew's church at Collierville. The flowers were many and showed the esteem in which Mrs. McCollum was held. Interment was made in the Methodist cemetery.

SIMONDS COURT.

Through the efforts of Councillors Donovan and Dalzell arrangements have been made to hold the police court for the Parish of Simonds in Peck's Hall at East St. John. This was decided upon on account of the fact that the holding of the court at Coronado has become difficult for the attendance of the county policeman and for the bringing of prisoners before the court in the evening. An effort is being made to hold morning sessions.

FORTY HOURS CLOSED.

The solemn closing of the Forty Hours Devotion took place in St. Peter's church last evening. His Lordship Bishop LeBlanc officiated and was assisted by Rev. George Daly, C. S. R.; Rev. James Wood, C. S. R.; Rev. Peter Costello, C. S. R.; Rev. James McCandlish, C. S. R.; and Rev. Dennis Goh, S. S. R. Following the chanting of the litany, a procession took place, the priests, altar boys, novices, children and members of the parish participating. The church was crowded to capacity.

DIED IN PORTLAND, ME.

William King of 87 High street today received the sad news of the death of his sister, Mrs. Elizabeth McLaughlin, in Portland, Me. She was a daughter of the late William King of the north end. Besides her husband and four sons and two daughters, she leaves her mother, Mrs. Mary King of Portland; sisters, Mrs. Charles McCall, Miss Marie Peris, Miss Gertrude Willis, Robert Maxwell, John Howe and A. W. Lingley. Much enthusiasm in the work of the school was manifested at the meeting.

PORTLAND METHODIST S. S.

A meeting of the officers and teachers of Portland Methodist church Sunday school was held last evening in the Y. M. A. hall. The superintendent, S. A. Kirk, was in the chair. Prayer was offered by F. S. Thomas. A report of the Sunday school conference held recently was given by William Wright. The report of the summer picnic was given by the secretary, Frank Merrill. A new picnic committee was appointed as follows: Charles McCall, Miss Marie Peris, Miss Gertrude Willis, Robert Maxwell, John Howe and A. W. Lingley. Much enthusiasm in the work of the school was manifested at the meeting.

BURIED TODAY.

The funeral of John A. Connolly took place this morning from his late residence, 18 Murray street, in St. Peter's church for high mass of requiem by Rev. G. Coffin, C. S. R. Interment was in the new Catholic cemetery. The funeral was attended by many and the floral and spiritual offerings were numerous.

THE COMMUNITY CHORUS A SUCCESS

About 120 Singers Assembled Last Evening—Community Orchestra Now Planned.

In conversation with F. J. Punter, secretary of the St. John Community Festival Chorus, he said that there was an attendance of about 120 singers at the second rehearsal of the chorus which was held last evening at the Central Baptist school room, and never had he remembered so much genuine enthusiasm. The hour of starting is eight o'clock and 7.30 for sight reading instructions, but before 7.30 there were more than sixty members seated waiting for a good start, and quite a number of new members from east and west St. John.

There were also a few visitors, and one was heard to remark that never had he heard a better balanced body of tone or seen greater possibilities for an excellent winter work than last night, nor more intelligent interest. Mr. Punter further said that the sight singing class was proving to be of great benefit to all, which was proved by so many arriving well ahead of the appointed time. During a short intermission an original poem, entitled "The Good Old Days," and dedicated to the chorus, was read by Miss Elizabeth Good. Her fine work was greatly enjoyed by the audience. It was planned to close the meeting at 9.30 but the chorus would insist on singing until ten o'clock. At the close of the rehearsal Mr. Brander announced that next Tuesday's rehearsal would be the last night on which new members would be received, as the chorus would be hard at work on the programme of their first concert which is planned for early in January.

A Community Orchestra. Owing to the repeated requests that have been coming in for the organization of a community orchestra, A. L. Brander would like any players of instruments who would like to join such an organization to write him, stating what instrument they play and also their proficiency and experience. Then he would arrange for place and date of meeting. Mr. Brander is an old orchestra man, and has had two years experience as first violin in a sixty piece symphony orchestra.

SOLDIER HIKER HERE.

W. H. Coulter, a former member of the 1st Battalion, C. F. A., who is on his way back to Ottawa after hiking from Vancouver to Halifax. He is endeavoring to obtain publicity concerning an unjust punishment which he alleges was inflicted while he was in the army.

PORT WORKERS WHO WILL NOT BE ABLE TO VOTE

Men Who Worked in Montreal and Quebec in Summer Cannot Register Here—The Status of College Students.

Port workers, railway and steamship employees, whose permanent homes are in St. John, but who have been in Montreal and Quebec all summer, will find themselves unable to vote if they happen to be in St. John for the winter port work on December 6 election day, according to Hon. J. R. Armstrong, registrar for St. John. Judge Armstrong said this morning that according to the act, an applicant's name cannot be registered on the voters list unless he was residing here for two months prior to October 8, the date on which the writ for the election was issued. Application for registration on behalf of two men coming within this class was made here today and the registrar refused to accept their names.

Asked regarding the status of college students, Judge Armstrong said the same rule would apply. If they were attending college on election day and had been in the city for the two months prior to October 8, they could register to vote in the constituency in which the college is situated, but it would be impossible for them to cast their ballots in their home constituency.

WHEN CANDIDATE WILL LOSE DEPOSIT

In St. John-Albert This Will Happen if Loser Has Less Than Half Lowest Victor.

Ottawa, Nov. 16.—(Canadian Press).—In view of the elections, the multiplying of candidates in many constituencies and the greater possibility of deposits being returned in the city was refused. He is instructed to register in Kings county.

VALINDA HAS BEEN RAISED

Word was received in the city this morning from Heber Vroom, regarding the sunken steam packet Valinda. Mr. Vroom states that the vessel was raised yesterday, and that the cargo is being discharged at Bridgetown. It was expected that the vessel would be towed to Bear River today, and a survey will be made. According to Mr. Vroom's letter it is not likely that the vessel will be a total loss as she does not seem to be badly damaged. Mr. Vroom will return to the city tomorrow.

WEST END LOOP LINE

Percy W. Thomson, manager of the N. B. Power Company in conversation with a Times representative this morning, said regarding the loop line West St. John, that he sincerely regretted being unable at the present time to place cars on that route. He said he would willingly do so for the convenience of the people upon certain conditions even though the service was an unprofitable one. At the present time, he said, there were three or four crossings in very poor condition and in order to resume a service new diamond crossings would have to be procured. This he said he would do if the residents of the section of West St. John would arrange with the city officials to stop the spasmoidic way service there, as if the city would take over the upkeep of the section on Rodney wharf.

MONTREAL STOCK EXCHANGE.

Montreal, Nov. 16.—(10.30)—Practically no trading occurred on the local stock exchange during the first half hour this morning. Abithi was fractionally weaker at 92, while Breweries was fractionally stronger at 87. Atlantic Sugar and Rindon were both unchanged at 82-1/2 and 6 respectively.

A B C

Electric Laundress

WASHES • WRINGS • IRONS

This last word in wash-day equipment should find space in every home in St. John.

At best, wash-day is a burden. Wringing clothes the old way harks back to pre-historic times and ironing not only is hard work, but with the A. B. C. Electric Laundress available it is wholly unnecessary.

The A. B. C. has so many points of superiority; it is such a peer in its field that space is here wholly inadequate to attempt a satisfactory and just description of the machine.

Come in person. See it work yourself. See how easy and economical it is to operate.

You'll eventually get one. You'll have to inspect it some time. Do it now. No obligation entailed in the least by your call.
