POOL TOURNAMENTS. In the inter-society pool tournament last evening the St. John Baptist club defeated the Y. M. C. A. duo 10 to 7. The winners were Arthur Malette and Roy Spear. The losing team was composed of James McNulty and C. Riley. The K. of C. team, composed of McGovern and Dwyer, defeated the St. Peter's team by the score of 100 to 98 in the inter-society pool tournament match shot at St. Peter's club rooms last evening.

LOCAL NEWS

The Hiram's Mission Circle of Central church met last night at the parlour and enjoyed an interesting programme. The devotional exercises were led by Miss Edna Austin.

Owing to a misunderstanding regarding the organization of a Civic Community Club, no action was taken last evening by those who gathered at Fenice Edward street for this purpose. It was decided to hold the meeting on Thursday evening.

Hon. D. W. Meserve, Minister of Agriculture for New Brunswick, was in the city yesterday. He had intended going to the Winter Fair at Amherst, but on account of indisposition decided to return to his home. Mr. Meserve has been suffering from a severe cold for several days.

Miss Ellen Donnelly, 811 Main street, had a narrow escape from serious injury last evening when she fell in trying to get clear of a moving street car at the corner of Douglas street and Main street. She luckily fell clear of the track and, outside of a slight cut on her temple received no injury.

The heavy rain of the night caused a partial washout of the recent fall-in of the excavations made at the head of King street and a West St. John street car went off the track on its way around the corner. At one time ten street cars were stalled near the head of King street and the service was held up for about half an hour.

Miss Grace Ayrth, a sixteen year old school girl of Weymouth, Maine, was almost instantly killed recently by a special C. P. R. passenger train from this city, according to advice received here yesterday. She was crossing the tracks in the main street of the village with a girl companion. A Maine Central train was on one track and she stepped past it directly in front of the C. P. R. special traveling at express train speed. She was hurled a distance of seventy-five feet and died of concussion of the brain.

The annual meeting of the Ladies' Auxiliary, A. O. H. Fairville, was held on Monday evening in St. Rose's Hall with Miss Mary Ryan presiding. The following officers were elected—Miss Mary Ryan, president; Miss Blanche

FIFTEEN MINUTES OF RADIO EACH DAY

By Edward N. Davis Formerly Technical Electrical Expert For U. S. Government

Lesson No. 180. THE GROUND ANTENNA.

During the War at several of the Naval Radio stations tests were conducted with an antenna consisting of a long wire on, or a short distance below, the surface of the ground. It was even found that signals could be received very well when an insulated wire was laid along the bed of a lake or the ocean and the wire terminated in the receiving station on shore. An antenna of this type is commonly called a ground antenna. While a bare wire will give fair results the wire should be insulated for maximum results.

It is believed that the front of the advancing waves bends at the surface of the ground and the wave penetrates the ground for a short distance, the amount of the penetration being dependent upon the wave length. The amount of energy received with such an antenna is considerably less than that received with the ordinary type of aerial and for that reason it is necessary to employ an amplifier.

The ground antenna is found to be very directional in its effects, the loudest signal being received when the wire extends in the direction of propagation of the waves. It is often possible to read signals received over a ground antenna when the aerial is rendered useless by nearby thunderstorms.

The length of the wire which should be employed in the ground antenna depends largely upon the wave lengths of the signals it is desired to receive, the longer wavelengths requiring longer wires than is necessary for the reception of short waves. The thickness of the insulation of the wire and the nature of the soil in which the wire is laid also affects the length of the wire to be used for best results.

In average earth, a ground antenna about 75 feet long is found to operate well for the reception of waves having lengths between 120 and 200 meters. For the reception of wave lengths over 4,000 meters a wire about 1,000 feet long may be necessary. A single rubber insulated number 14 wire buried from 6 inches to 2 feet below the surface of the ground is sufficient for practical purposes.

Louder signals are obtained when the wire is buried in wet soil or in water. When the wire is immersed in salt water, a slight increase in depth causes a great reduction in signal strength with no appreciable change in signal strength was noted up to a depth of 80 feet. It should be remembered that the ground antenna will not function with an ordinary crystal detector or with a single tube receiver, several stages of amplification being necessary for satisfactory operation of the device.

Tests made with transmitting equipment connected to ground antenna gave fair results but in no case was the range as great as could be obtained with the usual overhead antenna. There appears to be no advantage in employing this arrangement for transmitting purposes.

O'Brien, vice-president; Miss Agnes Culnan, treasurer; Miss Eileen Mallory, recording secretary; Miss Dorothy Bell, finance secretary; Miss Agnes Cody, chairman; Miss Blanche Hanlon, secretary; Miss Frances Murphy, mistress at arms.

The concert given by members of the Superior School in Fairville was repeated last evening to the Fairville Methodist Sunday school hall and met with a very gratifying appreciation.

A meeting of the committee to consider the matter of adequate fire protection for Fairville was held last evening in the Temperance hall with Councilor William Goulding presiding. Adjournment was made until Tuesday night.

The Tuxis boys of St. Luke's church conducted a successful debate last evening when "Resolved that Trial by Jury should be abolished" was discussed. The affirmative was supported by Vaughan Ross, Ronald Morrisey and Cecil Williams, while the negative team was made up of Edgar Adams, Percy Nase and George Green. Rev. A. L. Fleming, of Stone church was Judge and decided for the negative.

Havelock No. 7, Loyal Orange Lodge, held its regular meeting last night. The election of officers resulted as follows:— W. W. Mowry, worshipful master; L. S. Knowles, deputy master; Rev. F. W. Follett, chaplain; John Giles, recording secretary; G. Pettie, financial secretary; E. Cameron, treasurer; S. J. Holder, lecturer; H. Thornton, deputy lecturer; Bruce Weston, lumber typer; M. Fowling, outer guard; J. King Kelly, K. C. H. Campbell, H. F. Morrisey, B. Weston, C. Stevens, investigating committee; L. W. Mowry, S. J. Knowles, P. S. Purdy, hall committee.

The Carleton Curling Club held an enjoyable smoker last evening in their rooms with a large number being present. The club will have the best year in its history this coming year. The programme at the smoker consisted of the following numbers: Reading, J. A. Gregory; solo, Charles Stackhouse; quartette, F. McMullin, F. Stackhouse, C. Stackhouse, W. J. Grant; reading, E. R. W. Ingraham; boxing exhibitions, L. Donovan and "Al" Hogan, also Hogan and A. Shamus; Dr. J. B. M. Baxter was chairman for the evening.

Before H. O. McInerney, Judge of Probate, yesterday the claim of John J. Holland against the estate of the late Kate A. Hennessey was heard. Kelley & Ross appeared for the claimant and Daniel Mullin, K. C., for the administrators. Judgment in the case was reserved. The claimant testified that he had been engaged to marry Miss Hennessey and that he had opened a joint account at a local bank and had given her \$100 to deposit in it. She had given \$10 towards the account. At the time of her death, he said, the pass book was in her possession. Others giving evidence were Mrs. Mary Klerwin and Mr. Humphrey, the latter of the Bank of Montreal. Garnett A. Hennessey, brother of the deceased also gave evidence.

PRAISE FOR BOYS CLUB. Boston Restaurant, City. To the Editor of The Times: Sir—When I first came to St. John in 1885 I joined the Y. M. C. A. on Charlotte street. I stayed in it till it went to Chipman's Hill. In all the years I never saw any boys at the Y. I used to wonder why. Of course it was for young men, not boys. I can't recall any of the laboring class' sons in the Y. M. C. A. in those days. Now, however, the laboring men's sons have an association of their own, and it is likely to be an equal to the club on Chipman's Hill. The Boys Club on City road is non-sectarian, of which fact I am very glad, because in the East End there are many boys, both Catholic and Protestant to whom neither the Y. M. C. A. nor Y. M. C. I. appeals. In their own club they are free from restraint they think they would meet in the above association. The Boys' Club put on a two-night

A Gift Thought From Magee's

However many things to wear a man may have hanging in his wardrobe or tucked away in his bureau drawers, it is a safe wager his supply of hats is slim.

A smart new hat always makes an acceptable gift for a man. It is doubly acceptable when it bears the style and character which is built into it.

GENUINE VELOURS are the smartest of winter hats, and satisfy all men \$7.00, \$9.00

SOFT HATS in a decidedly complete array of styles, colors, prices. \$4.50, \$6.50, \$7.50

A DERBY A TWEED There are occasions when He will approve your no other hat is proper—and a derby makes a change choice. There's no hat compares with it for all kinds of from the soft felt, too— service— \$3.00 \$6.50, \$8.50

D. Magee's Sons, Ltd., St. John, N.B.

THE NORTHERN RADIO STATION (Edmonton Journal). One requires very little imagination to appreciate what the radio must mean to the country north of Edmonton. The development of the latter has had to wait on improved means of communication. The radio, at a comparatively small cost, can keep those who go in there in touch with the world's centre.

In May last The Journal urged on the government that it should establish a chain of stations throughout the north of Edmonton and Dawson. Mr. O. S. Finnie, the administrator of the Northwest Territories, who has been in the north during the summer, has gone on to Ottawa and it is known that he is urging strongly that an appropriation be made in the next estimates for this service. Ottawa in various branches of the government work are in a position to undertake the most important work. Finnie's recommendation with enthusiasm.

The administration should pay close heed to their representations. No wonder investment of public money could be made. The hope that Canada will become a really great country is bound up with the opening up of its northland. Along the vast waterway stretches an increasing number of settlements of various kinds. Once it is brought into closer touch with the outside world the investigation of its resources will proceed at a much more rapid rate.

The radio offers a great chance to help along this work which means so much from a national standpoint, and it would be a very short-sighted policy on the part of the government not to take advantage of it.

FATTENED SINCE WOMAN SUES RAILROAD. Kansas City, Dec. 13.—A Federal Circuit Court jury will be asked to determine whether injury Mrs. Loren Caldwell, twenty-two year old, asserts she suffered in a Chicago & Alton Railroad crash is responsible for the \$76 pounds she says she weighs. She is suing for \$80,000 damages.

She asserts one of the railroad's switch engines struck a motor car in which she was riding, and that in injury to an endocrine gland caused excessive obesity. She says in her petition she weighed 100 pounds at the time of the accident, December 21, 1921.

CANADIAN BOXING BODY MAY AFFILIATE WITH U. S. A. Montreal, Dec. 13.—To urge recognition of a uniform code of professional boxing throughout Canada and the rulings of one provincial commission by other controlling bodies in the Dominion Boxing and Wrestling Federation has been organized. P. J. Mulqueen, chairman of the Association of the United States is elected president. It is probable that the new organization will immediately get into touch with the National Boxing Association of the United States with a view to affiliating with that body so that the rulings of one will be accepted by the other.

Tuberculosis claims a victim every 14 hours in Oregon.

Silverware A Third to a Half Off

PLAN OF COLLEGE FEDERATION IS AGREED UPON

Representatives of Maritime Provinces and Newfoundland Reach a Decision at Halifax Meeting—Scheme to be Considered by Parties Involved.

Considerable progress was made yesterday towards maritime university federation at a conference of the representatives of the universities, colleges and government of the Maritime Provinces and the Dominion of Newfoundland, held in the Provincial Building in Halifax. A tentative arrangement was made whereby the scheme agreed upon will be placed before the universities and governments involved, and, if approved, will be submitted to the Carnegie Foundation, which was responsible for the present movement toward university federation.

The scheme of federation adopted today as a veritable basis for the final working out of the plan for the setting up in Halifax of the following institutions: Acadia University, Wolfville, N. S.; King's University, Windsor, N. S.; Mount Allison University, Sackville, N. B.; a Presbyterian college, a Catholic college, a non-denominational college, and a French-Canadian college.

It also provides for the establishment of a central university, embracing the faculties of arts and pure science, law, medicine, dentistry and applied science and charged with the work of organizing and supervising the operation of all the faculties of agriculture, pharmacy, forestry, fine arts and education.

Delaware university, Halifax, which would form the nucleus of the new university, under the scheme adopted, is to enter the federation as a non-denominational college, or to merge with any other body or bodies wishing to set up a non-denominational college or to give her funds and property set apart for arts to a body or bodies wishing to form the non-denominational college.

What Each Would Give. Under the scheme adopted today, Dalhousie would turn over to the central university all its professional staff, its right of admission and all its property and endowments not specially earmarked for arts purposes.

The right of admission and colleges involved would turn over the libraries and scientific apparatus to the central university but would retain their present status as constituent colleges.

The constituent colleges would teach, roughly, the first two years in arts. Full courses if they wished so to do in philosophy, psychology, economics, pedagogy and history, and a full course in the natural sciences.

The constituent colleges would not be set apart for arts purposes. The constituent colleges would teach, roughly, the first two years in arts. Full courses if they wished so to do in philosophy, psychology, economics, pedagogy and history, and a full course in the natural sciences.

BUYS MONGTON HOTEL. Moncton, Dec. 12.—A. H. Jones, acting for a syndicate, has purchased the American Hotel property in this city from Mrs. Margaret Wallace. The house, it is said, will be continued as a hotel by the new owners.

PLAN TO SMUGGLE DRUGS ENDS WITH THREE ARRESTS. Vancouver, Dec. 13.—A plan to smuggle morphine from the steamer Canadian Inventor was frustrated Saturday, when three men—Captain Wickes, L. C. Hog and G. Harvill—were arrested, according to the provincial police. The police say the drugs were taken from the Inventor at Chemainus, B. C., and brought to Vancouver.

Provision is also made for a minimum scale of salaries for members of the staff, that the present staff of professors and lecturers of the federating institutions shall be provided for as far as possible by reappointment or superannuation, and for the establishment of a permanent pension fund for the university and constituent college staffs.

The conference adjourned to meet at the call of the chair after passing resolutions thanking the members of the committee for their work in bringing down a most satisfactory report and the chairman for the able manner in which he had conducted the proceedings.

Delegates Present. The following named were in attendance at today's meeting: Government of New Brunswick, Chancellor C. C. Jones; government of Nova Scotia, Dr. F. H. Sexton; government of Newfoundland, Dr. W. P. Burke, Deputy Minister of Education, Dr. L. Curtis; Acadia University, Dr. A. Colborn, Dr. F. E. Wheelock, Rev. C. W. Rose, E. C. Whitman, O. P. Goucher, Dr. J. H.

SNAP In the Home means goodbye dirt THE GREAT HAND CLEANER 103

The Evening Times and Star

ST. JOHN, N. B., DECEMBER 13, 1922. The St. John Evening Times is printed at 27 and 29 Canterbury Street every evening (Sunday excepted) by The St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

THE HEALTH CENTRE

The formal opening of the Health Centre yesterday was an event of provincial as well as civic interest, for here will come many patients from beyond the city's bounds to attend clinics, and here also will be trained the nurses who will take up public health nursing in other parts of the province.

UNIVERSITIES

The Times is indebted to Rev. J. P. Tompkins of St. Francis Xavier College for some interesting comparisons between the expenditure on universities in the Maritime Provinces and those of other provinces and some American states.

THE BOY SCOUTS

The appeal to be made next Saturday for the Boy Scouts deserves a generous response. During the early part of next year we shall have the opportunity of welcoming again in St. John Sir Robert Baden-Powell, founder of the Boy Scouts, and with him will come Lady Baden-Powell, the Chief Girl Guide.

UNIVERSITIES

The Times is indebted to Rev. J. P. Tompkins of St. Francis Xavier College for some interesting comparisons between the expenditure on universities in the Maritime Provinces and those of other provinces and some American states.

PREMIER DINED BY MONTREAL HARBOR COMMISSION HEAD

Montreal, Dec. 12.—Hon. W. L. Mackenzie King, the Prime Minister, dined here tonight with Dr. W. L. McDougall, chairman of the Montreal harbor commissioners. The function was entirely private and no account of it was given out to the press.

MILK MUST BE PASTEURIZED AFTER MAY 1

At the Health Centre last night, Hon. W. F. Roberts announced that he was prepared to sign today the regulation making compulsory the pasteurization of milk in St. John on and after May 1. The announcement was greeted with hearty and prolonged applause.

MERCHANDISE

(From the Japan Advertiser) Milton Hayes, a music hall entertainer, is reported to have made an extraordinary "hit" by the rendition of the verse Merchandise on the stage in London. This is the first time a business subject treated in this way has occasioned popular acclaim.

“TIGER” SEES WORLD PARLEY SAVE EUROPE

Tells 3,500 Philadelphians Harding's Hint of Conference Gives Opportunity to Restore Order on Continent. (Boyden Sparkes in New York Tribune.) Philadelphia, Dec. 9.—Georges Clemenceau believes European diplomacy has been offered an excellent opportunity to restore order on the Continent in what he regards as an "overture" for new conference in President Harding's message read yesterday to Congress.

THE TONGUE AND THE PEN

(From the Washington Star) Winston Spencer Churchill, defeated for re-election to Parliament, will, for a time at least, turn to journalism. He will not be a novice in that field. He represented a London newspaper in South Africa during the Boer War, and had some lively experiences, showing an aptitude for correspondence and a spirit that led him far in quest of news.

LESS BOOSE, MORE AUTOS

(Forbes Magazine) Coincident with the recent vast increase in the expenditure of national income for automobiles, there has been a tremendous release of expenditures from drink. In 1911, when there were only 199,000 passenger cars produced, there were 2,170,000 gallons of wine and liquors consumed in the United States. In 1920, when there were 1,888,000 passenger cars produced there were only 920,000 gallons of wine and liquors consumed. Car production increased in the ratio of 9.1-2-2.

THE GOOD OLD DAYS

(Prestonian Witness) A Scottish journal says: Those who lament the good old days and compare them favorably with our own should be told that the beginning of the seventeenth century chairs for ordinary household use were unknown. Hats were worn at meals. Washing formed no part of the morning toilet even in Charles II's time, and very few in any country in Europe washed their faces every day. The use of fork did not become general until the eighteenth century, and food was picked from the mouth with the fingers.

## GENEVIEVE WARD'S WILL MADE PUBLIC

Famous Actress Bequeathed  
Interesting Souvenirs—  
£3,000 for Maid.

London, Nov. 16.—(By Mail)—Dame Genevieve Ward, D. B. E., of 22, avenue road, Regent's Park, N. W., the famous actress, who died on August 18 last, aged 88, daughter of Colonel Samuel Ward, of New York, left estate of the gross value of £28,384, with net personalty £8,876. By her will dated March 27 last she left to the National Gallery, for the use of the nation, the portrait of herself by Hugh Riviere; to the Royal Academy of Music, London, the portrait of herself as "Norma"; to the Garrick Club, London, the portrait of herself as "Ninon de L'Enclos"; and the illuminated testimonial album presented to her in connection with the Antigonish Performance at Melbourne, Australia, in 1884; to the Green Room Club, London, her eightieth birthday testimonial, to the Museum of the Theatre at Stratford-on-Avon, the bust of herself; to the Royal Victoria Hall (described by her as "familarly and affectionately known as the Old Vic"), the large photograph of herself as "Margaret of Anjou"; to General Macready, "My Portrait of myself"; to "my old friend, Madge Kendal, of 12 Portland place, W.", a diamond and sapphire brooch and earrings; to John E. Vendrenne of 12 Grafton street, W., six pictures as he has added, two cabinets and their contents and her Arthusa medal and chain; to Leslie, son of John E. Vendrenne, her diamond star, an acrobatic; to Cecil Crofton, of Streatham, her D. B. E. Orders, two emerald rings, and a green cameo brooch; to Father Burnham, of the Brompton Oratory, her pictures of a monk in Chapel; to the Rev. de Nancrede, of 12 Via della Mercede, Rome, her miniature of Mrs. Elizabeth in a garnet brooch; to Henry Bergen, of Sutton Court, Chiswick, her "Batavia" vase; to Sir Frank and Lady Benson, all her silver articles and silver plate, and all her books and a book cabinet; to Avelly, daughter of Dr. Byres Moir, of Weymouth street, the testator also left £5,000, her upright piano, her wardrobe and sewing machine, and all household effects not otherwise bequeathed as she may select to her maid, Amy Brown, "who has so faithfully and devotedly served me," £200 to her cook, Nancy Brewer; and the balance of her furniture to the Young Women's Christian Association for hostels in London. A bequest of £300 to the Rev. Mother Superior of the Sisters of Mercy, Harewood avenue, was revoked by codicil the day before her death, the testatrix stating that she had already made a gift. All the bequests are free of duty, and residue of the property is left to Sir

"THE GIFT OF GLADNESS"

**C. G. L. T. PRESENT PLAY.**  
A play entitled "The Torch" was given last evening by the C. G. L. T. of the Carmarthen street Methodist church and the school room was prettily decorated for the occasion. The cast consisted of: Miss Gladys Brindle, Ethel Brindle, Rhoda Craig, Gladys Loeb, Grace Maxwell, Bertha White, Margaret Jones, Doris Brindle, Ethel Maxwell, Edith Perkins, Mabel Russell. A comic sketch was also given by Miss Olive Estabrook, Miss Edna Watters and Miss Mildred Orchard and it was much enjoyed. Much credit was due the directors of the entertainment, Miss Olive Estabrook and Miss Ethel Brindle. Miss Clara Zey acted as pianist.

About 8 o'clock, yesterday afternoon, a truck belonging to the Gaskin Transfer Company, and driven by Ernest Chapman, was badly damaged in a collision with a shunting engine on the crossing at the head of Rodney wharf. While crossing the railway track Chapman did not see the engine until it was too late to avoid a collision and the engine struck the truck, smashing the rear axle. Mr. Chapman was slightly injured by being thrown from the truck.

**Beauty Unsuspected**  
The wonderfully refined, peaty-white complexion rendered, brings back the appearance of youth. Results are instant. Highly antiseptic. Exerts a soft and soothing action. Over 75 years in use.

ors; hall committee, W. S. Knowles and P. S. Purdy. These officers will be installed at the next meeting.

**ORANGE LODGES**  
ELECT OFFICERS

Officers for the ensuing term were elected and installed in Orange Lodge, No. 2, last evening in Orange Hall, Germain street. The reports submitted showed the lodge in a flourishing condition. The officers are as follows: Worshipful master, Robert F. Goodrich; deputy master, Clifford C. Allen; chaplain, John Smith; secretary, John C. Mowbray; financial secretary, Geo. A. Blair; treasurer, S. E. Logan; D. O. C., Robert O. Johnston; lecturer, W. A. Blair; committee, Samuel Ross, B. L. Sheppard, Samuel Maxwell, H. B. Whitbeck and C. H. McLean. During the meeting fitting reference was made to the death of John W. Rusk, who had been treasurer of the lodge for almost forty-four years.

**To Public Institutions of St. John**

Enjoy with us, at this glad festive season, the commemoration of our most successful year—a year unparalleled—in the enormous volume of Purity Ice Cream sales, a triumph due wholly to you and to all the good people of St. John. To express our keen sense of appreciation, we ask every public institution in St. John to

Accept, as Our Gift,  
a Christmas Supply of  
Purity Heathized  
Ice Cream

with our Heartiest Wishes for a Very Merry Christmas. And very glad we are to bring another pleasure to your festivities. Be sure, though, to tell us early, just how much Purity Ice Cream it will be our pleasure and privilege to send you this Christmas.

**Whiskey-Laden Ship Is Forced Into Port In Leaking Condition**

(Canadian Press Despatch).  
Sydney, Dec. 12.—With a cargo of 4,000 cases of Scotch whiskey on board, the steamer Bernard M. is tied up for repairs at Louisburg, where she arrived late on Monday, leaking badly. The vessel cleared from North Sydney for St. Pierre two days ago, but reports encountering very heavy weather.

Sir Henry W. Thornton, newly appointed head of the Canadian National Railway system, will arrive in St. John on Monday morning next at 9:45 o'clock. This advice reached R. E. Armstrong, secretary to the local Board of Trade, by telegram last evening. Sir Henry said he would be pleased to confer with board members and the Common Council.

Isn't it funny?

Speeders Travel "In Low" As Auto Death Toll Mounts High

ABOVE - JUDGE BARTLETT MAKING SPEEDERS LOOK OFF IN HOSPITAL - BELOW ATTENDING FUNERAL OF VICTIM IN CLEVELAND

TO LEFT - SPEEDERS DOING HARD LABOR IN LOS ANGELES -

New York, Dec. 12.—The speeder, greater menace to life and limb in the United States last year than snailpox, tuberculosis and several other diseases combined, is being forced to go into "reverse."

When he can't be induced to put on the brake voluntarily, the law is throwing on the emergency for him. The first American judge definitely to repudiate the fine system, and try to show the speeder the criminal nature of his offense in more forcible

manner was Judge Bartlett of Detroit, who personally accompanied a squad of speeders to the children's ward of a hospital, where they looked upon rows after rows of little tots maimed for life by automobiles like themselves. Then Traffic Judge Sawicki of Cleveland went the judge one better by sentencing speeders to attend, under police guard, the funeral of a 7-year-old girl killed by a motor car.

Now Judge Joseph F. Chambers of Los Angeles has also tried of the "10, please, and don't do it again" form of punishment, and is seeking a more effective way of making offenders run in "low."

LOCAL NEWS

CALENDAR TIME
The Times has received from the Stirling Typewriter Company a calendar depicting a pretty marine view.

ON THE KENNEBECASIS
Several residents of Bayswater arrived in the city yesterday by the ice route. They started across the Kennebecas from Bayswater to the Island and thence to the mainland. They report that the ice, in spots, is not more than two inches thick.

OVERHAULING STEAMERS
The river steamer Majestic is undergoing extensive repairs and alterations at a wharf near Marble Cove. It is understood that the Kennebec plates on her hull, repairs made to her boilers and machinery and changes throughout the interior. The steamer D. J. Purdy is also being overhauled and repaired.

FUNDY CHAPTER GRANTS
At a meeting of the Fundy Chapter, O. D. E., last evening, money was voted to the Good Fellowship Fund, Empty Stocking Fund, to the St. John County Hospital, and to the G. W. V. Arrangements were made to supply Christmas cheer and coal to several poor families. At the conclusion of the business a happy social hour was spent and refreshments were served.

W. G. SCOVILL TO HOSPITAL
W. G. Scovill, of Hampton, was brought to the city yesterday and taken to the General Public Hospital, where he will undergo treatment. Mr. Scovill has not been in the best of health for some time and about three weeks ago was found by his wife in the basement of his home unconscious. Since then he has not been making satisfactory progress toward recovery. His condition is about the same today.

HENRY W. PETERS DEAD
Henry W. Peters of St. Martins passed away yesterday in the St. John County Hospital after an illness of about five weeks. He was born in Germany fifty-nine years ago and had been residing in St. Martins for more than thirty years. He leaves to mourn his wife, who was formerly Miss Phoebe May Capron of St. Martins; two sons, Robert and William, and six daughters, Misses Emma, Myrtle, Annie, Flossie, Jennie and Helen. The funeral will take place on Thursday at two p. m. from the Baptist Church in St. Martins.

HOWE-DAYE
St. Peter's Church, Public Landing, was the scene of an interesting event today, when Rev. Craig Nichols united in marriage Miss Bertha Gibson Daye, daughter of Alex. Westfield, of Westfield, and Alexander McHard Howe of Welsford. The bride was unattended. She wore a traveling suit of navy blue with silver grey hat. Mr. and Mrs. Howe will leave today on a short trip through the province, and on their return will reside at Welsford, where the groom is employed with the McDonald Lumber Co. Up to the time of her marriage, Miss Daye was a valued employee of Emerson & Fisher, Ltd., this city. Many beautiful gifts were received for the bride and the young people, and their friends will wish them every happiness for many years to come.

DIED TODAY
Daniel S. Byron died early this morning at his home, 28 Peterborough, after a lengthy illness. He was eighty-five years of age and was born at Millstream, Kings county. About three years ago he came to this city, and since resided here. He is survived by six sons and two daughters. The sons are Walter J. of Sussex, James A., Daniel S., Philip H., Thomas A. and Leo W., all of this city; and the daughters are Mrs. James L. McNeill of East St. John and Bertha, at home. One sister, Mrs. Daniel Malone of Upper Campbell, Albert county, also survives. The body will be taken to Millstream tomorrow morning where regular high mass will be celebrated by Rev. Father Malcote, after which interment will take place in the family lot.

C. P. R. BOWLERS

FIX DATES FOR SKATING MEETS

Meeting in Montreal on Sunday—General Talk over Carnival Week Next Friday Night.

An invitation has been extended to D. J. Corr, secretary of the committee handling the international skating meet to be held here, to attend a meeting in the Windsor hotel Montreal, on Sunday to discuss the matter of dates for the different meets and also the number of skaters to be carried. The meeting will be attended by delegates from Chicago, Johnson City, Lake Placid, Saranac Lake, Plattsburg, Montreal and St. John. Mr. Corr expects to be present at the meeting. A meeting will be held in the Board of Trade rooms on Friday afternoon at which the question of an "International Week" for St. John will be thoroughly gone into and the details carefully considered. The idea of the carnival seems to have appealed to the citizens and with the co-operation of the affair should be an unequalled success. It is hoped there will be a large response to the invitations.

COMPLAINT OF MARSH CREEK CONDITIONS

C. N. R. Criticized at Meeting This Morning
Committee to Write W. A. Kingsland, General Manager of Eastern Lines, to Come Here to Investigate and Remedy Matters.

The Canadian National Railways was severely criticized by several speakers, including Premier Foster, at the meeting at City Hall at which matters pertaining to conditions surrounding the Marsh creek were discussed. It was the opinion of most of the speakers that the action of the railway in dumping ashes and other debris into the creek had so reduced the pondage area that during the times of heavy rains it was not sufficient to take care of the drainage from the high lands surrounding, and was causing damage to the lands along the creek and the provincial highway. It was also declared by some of the speakers that the openings in the abutment at the Marsh bridge were not large enough to allow for the passage of the water collecting above the bridge during high tides, particularly during heavy rains.

A committee consisting of Premier Foster, Commissioner Wigmore, representing the city, and J. M. Donovan, of the Great Marsh Commission, was appointed to invite W. A. Kingsland, of the C. N. R., general manager for eastern lines, to come to St. John to investigate conditions, endeavoring to have matters remedied through negotiations with local officials having proved of no avail. J. P. Clayton, secretary of the marsh commission, president, and others present included J. M. Donovan, member of the commission, Mayor Fisher and the four city commissioners. Dr. J. B. M. Baxter, city solicitor; Premier Foster, John Kelly, chairman, and T. M. Burns, secretary of the Board of Health; Councilor J. P. Mosher, of St. Allison; Mr. Donovan, secretary; and W. F. Burditt, of the Board of Trade; Ronald A. McAvity and W. S. Allison. Mr. Clayton took the chair on motion of Mayor Fisher.

Mr. Clayton said the matter of the Great Marsh was one of importance not only to the Parish of Simonds but to the City of St. John. He called on Mr. Donovan to explain the situation. Mr. Donovan said that the Marsh creek should be held in pondage to the high lands on the high level during rainy seasons so as to prevent the flooding of the low lands along the creek. Several times, he said, the C. N. R. and others had been warned about the dumping of ashes and other material into the Marsh Creek. He said that the health of the city was in question as well as the matter of drainage to the lands. The Premier said that there was a condition prevailing which should be remedied. The Premier said that the Marsh was at times flooded. There was no doubt the situation was becoming more acute, either on account of further dumping of the city, or on account of the filling in of the creek. The conditions should be corrected. The province was interested in being willing to deal with the question along joint lines. Legislation would have to be sought, he presumed; previous legislation did not make the city a party to it. Regarding the C. N. R. he said that he had treated the matter in an unfair manner, but he had promised to remedy conditions, they had made no move to carry out their promise. The city was interested. Mr. Donovan said, inasmuch as the land from the creek up to Christie's factory came under the marsh commission, the Marsh Bridge abutment, Commissioner Frink said, was built at a cost of \$80,000, the city, the province and the Dominion Government each paying one-third of the cost. The C. N. R. now had three or four tracks on land under which some years ago the bed of the creek lay. He declared they were continuing to narrow the creek by dumping ashes. The late recorder, C. N. Silmer had contended that the creek was a navigable stream and could not be obstructed. Mr. Frink said he had received a message from Mr. Torrington of the C. N. R. that he was unable to attend the meeting.

Mr. Clayton said the stream below the abutment was rapidly being filled in, which prevented the outflow from the pondage above the creek. At the landing crossing, he said, the C. N. R. had promised to withdraw all the piles after building a trestle with piling on twelve foot centres. He was since told that the intention was to cut the old piles off at the water line. This would aggravate the present condition. Commissioner Wigmore said the trouble today was that the area capable of taking care of all the drainage was so small that it would not take care of all the water during a heavy rain. He said there were times when the water backed up in the Forest street sewer and boiled out of the catch-basins at the foot of Wright street. Dr. Baxter suggested that the first thing to be done might be an attempt to make those responsible restore the pondage to its original dimensions. He thought that the matter was not too small to bring before Sir Henry Thornton when he was in the city. He said that J. A. Likely had no right to interfere with the stream when it affected anyone higher up the creek—nor had the Dominion Government. He said that action could not be taken against the Government but the same ends might be reached by proceeding against its employees of the railway. He thought a representative of the Provincial Government should be present to lay the matter before Sir Henry Thornton. Mr. Burditt asked if the commissioners had considered pumping equipment to take care of the water during the rainfall season. He felt that the matter of pondage would not solve the question of sewerage for the areas along the Marsh road and at Glen Falls.

JOYS OF A RIDE IN STREET CARS

Delightful Diversion on a Wet Evening—The Walking is Also Good.

The citizen who cannot find sufficient diversion in the ordinary channels of entertainment should pay a visit to East or West St. John, and make the street car. One citizen tried the experiment last evening, and says there was not a dull minute. He got in a car in St. James street. A heavy rain storm was in progress. As soon as he had seated himself he was diverted by drops of rain on his neck. When this lost the charm of novelty he found diversion in watching the drops fall on the necks of other passengers. When he got in the car on East St. John the drip was more pronounced, and he had to change his seat. Another passenger added to the gaiety of the journey by telling of his experience with rain drops in the car that took him to Haymarket Square. But the citizen had to come back. By that time the rain had ceased. On arrival at Haymarket Square no other car was waiting. The East St. John car waited for a time and went away. The Glen Falls car came and went. After waiting fifteen minutes the citizen also went by telling of his experience with rain drops in the car that took him to Haymarket Square. But the citizen had to come back. By that time the rain had ceased. On arrival at Haymarket Square no other car was waiting. The East St. John car waited for a time and went away. The Glen Falls car came and went. After waiting fifteen minutes the citizen also went by telling of his experience with rain drops in the car that took him to Haymarket Square. But the citizen had to come back. By that time the rain had ceased. On arrival at Haymarket Square no other car was waiting. The East St. John car waited for a time and went away. The Glen Falls car came and went. After waiting fifteen minutes the citizen also went by telling of his experience with rain drops in the car that took him to Haymarket Square. But the citizen had to come back. By that time the rain had ceased. On arrival at Haymarket Square no other car was waiting. The East St. John car waited for a time and went away. The Glen Falls car came and went. After waiting fifteen minutes the citizen also went by telling of his experience with rain drops in the car that took him to Haymarket Square. But the citizen had to come back. By that time the rain had ceased. On arrival at Haymarket Square no other car was waiting. The East St. John car waited for a time and went away. The Glen Falls car came and went. After waiting fifteen minutes the citizen also went by telling of his experience with rain drops in the car that took him to Haymarket Square. But the citizen had to come back. By that time the rain had ceased. On arrival at Haymarket Square no other car was waiting. The East St. John car waited for a time and went away. The Glen Falls car came and went. After waiting fifteen minutes the citizen also went by telling of his experience with rain drops in the car that took him to Haymarket Square. But the citizen had to come back. By that time the rain had ceased. On arrival at Haymarket Square no other car was waiting. The East St. John car waited for a time and went away. The Glen Falls car came and went. DOCTORS ASK BAN ON POOR WHISKEY

They Want Their Prescriptions Filled With Bottled-in-Bond Liquor Only.

Washington, Dec. 13.—Representatives of the American Medical Association and bonded distillers conferred with Secretary of the Treasury Mellon and told him that one step toward better enforcement of prohibition would be relaxation of the ban which Prohibition Commissioner Haynes has placed on medicinal liquor.

Such relaxation, within the provisions of the Enforcement act, according to Dr. W. C. Woodward, Secretary of the legal section of the A. M. A., and Edmund W. Taylor of Frankfort, Ky., representing the distillers, would do much to check disrespect for the law.

Messrs. Taylor and Woodward proposed a regulation whereby, they said, it would be possible for all bottled-in-bond whiskey necessary for medicinal purposes to be made available on physicians' prescriptions. They seek to have this done in two ways.

First, it is asked that the quantitative restrictions Mr. Haynes has imposed, by which withdrawals were brought down to 2,000,000 gallons during the last fiscal year, be only pure bottled-in-bond whiskey be handled by drug stores filling medicinal prescriptions.

After the conference it was stated that Mr. Mellon expressed sympathy with the proposal that inferior whiskey should not be supplied to patients for whom physicians prescribe under the law. He and Commissioner of Internal Revenue Blair, to whom an appeal had been made, have taken the proposed amendment of the regulations under consideration.

Dr. Woodward explained that his appearance at the Treasury was due to the fact that the American Medical Association at its convention last May in St. Louis urged in behalf of 8,000 physicians that bottled-in-bond liquor be supplied for medicinal use. He said the American Chemical Society and the American Drug Conference, which met a few days ago, also had endorsed the request.

"The President's declared policy of giving full effect to the Enforcement act," Mr. Taylor told the Secretary, "does not, in my view, propose to ignore the medicinal purposes. I earnestly believe much of the unrest comes from reputable sources—from those who, while obeying the law, reasonably desire legally to function under their administration."

NOT ENOUGH FOR DRY LAW ENFORCEMENT Washington, Dec. 13.—An appropriation of \$6,000,000, carried in the treasury supplementary bill for the enforcement of prohibition during the next fiscal year was declared by Senator Brewster, Democrat, Louisiana, in a speech in the U. S. Senate yesterday, to be inadequate to make the dry law effective among government officials and among those who forced the eighteenth amendment and the Volstead law upon us.

TWO WOMEN KILLED IN TRAIN COLLISION Reading, Pa., Dec. 13.—Two unidentified women were killed and other passengers were slightly injured last night when a freight train on the Philadelphia and Reading Railway was derailed and crashed into a passenger train standing at Fort Clinton, near here.

Clayton Co. Undertakers and Embalmers We are ready to serve you any hour day or night. Up to date stock and equipment at reasonable prices. 31 Princess St. Phone M. 718.

NOTICES OF BIRTHS, MARRIAGES AND DEATHS, 50 cents

BIRTHS DEMICK—To Mr. and Mrs. Amasa Demick, on Dec. 9, 1922, a son.

MARRIAGES HOWE-DAYE—At St. Peter's Church, Public Landing, on Dec. 10, 1922, by the Rev. Craig Nichols, Bertha Gibson Daye, of Westfield, to Alexander McHarg Howe, of Westford, N. B.

DEATHS PETERS—At the East St. John Hospital, on December 12th, Henry W. Peters, of St. Martins, N. B., leaving a wife and eight children to mourn. Interment at St. Martins Thursday, at 2:30 p. m., from the Baptist church.

NEVER A DIVORCE FOR PHYSICAL TRAINING ALUMNI, SAYS RODGERS

400 Savage School Graduates Witness Mock Wedding and Wooden Shower by Pair Who Exhibit "Perfect" Eugenic Child; Advise Health for Happiness.

New York, Dec. 13.—Eugenics came in for the most marked testimonial of its career on Saturday, when 400 alumni—mostly married of the Savage School for Physical Education, 809 West Fifty-ninth street, gathered to state the case for the making of the physically fit.

"Physical training for both husband and wife is the rock on which successful marriages are built," said Martin Rodgers, president of the alumni association and a superior in the New York public schools, "We know of no graduate of this school who has been divorced."

The ceremony was given a wooden shower. Mrs. Francis Brennan, of Manhattan Beach, graduates in the class of 1916, were exhibited in a physical culture muscle workout. Samples of the way in which eugenic marriages turn out. They have been married for five years, and after the ceremony were given a wooden shower. The ceremony took place in the school gymnasium, and they were attended by seven girls students. In athletic costume, who made a lane overhead with wands through which the bride party passed. John Woodcock, school registrar and a superior in the New York public schools, was a callisthenics instructor at Brighton Beach.

Two of the younger alumni, Frank Brooks and Joseph Connelly, were moved by the spirit of the occasion to make public announcement of their engagement. A hundred fellow graduates in a procession behind the bride and groom, and the bridegroom's prospective eugenic mates and marched around the gymnasium.

The Brennan brought along their daughter, Barbara, three and a half years old, proclaimed by experts a perfect child physically, as further examination of the virtues of eugenics. Francis, Jr., said also to be a perfect, was left at home, as he is only three years old. At least 100 other children were present, all healthy, erect and muscular.

"No doubt about it," Mr. Brennan testified. "When two people know how to keep themselves physically fit they are bound to have a happy married life. They are more cheerful and naturally more considerate."

He thought also that where each party to a union has a wholesome respect for the physically prowess of the other there is less danger of quarrels. Students at the Savage School are taught how to box.

Mrs. Brennan agreed with him. BONNE ENTRENE LEAGUE PROPOSES EXPERIMENT A delegation from the Bonne Entente League (whose object is a better understanding between the two races in Canada) appeared before the Management Committee of the Public School Board of Ottawa last week, to request that the French language be taught in the public schools as part of the school curriculum, and suggested that, as a commencement, and also an experiment, the language be taught in any one of the public schools for a period of, say, two years, to give it a fair trial.

The Chairman of the Management Committee promised careful consideration of the matter. THE CULT OF THE BATH IN ENGLAND (Daily Telegraph, London) Day by day we read of the new splendors with which this hotel or that is furnishing its bath-rooms. With each new liner the shipowners attempt a still more luxurious provision of the tub. The tub, however, at any rate, is offered more elaborate arrangement for his ablutions than the world has seen since the classical civilization was destroyed. In a new English house, be it ever so humble, we expect to find some sort of bath room, with water pipes, is necessary to human well-being.

PRINCE REGENT OF JAPAN IS DOWN WITH MEASLES Tokyo, Dec. 13.—Hirohito, the Prince Regent, is quite ill with measles. He is twenty-one years old.

SEARCH BOG FOR TWO MAINE GAME WARDENS Rockwood, Maine, Dec. 13.—A party of ten men left here yesterday to search the great bog on the north branch of the Penobscot River for trace of David F. Brown and M. E. Johnson, game wardens of Greenville, who have been missing since November 15.

The Ukrainian, of whom there are nearly 400,000 in Canada, is coming to the front educationally in the Canadian universities and colleges, no less than ten graduating from Manitoba University last spring, and as many more elsewhere. The Ukrainian children in the public schools are also apt pupils and, in many cases, are outstripping the children of English descent.

COURT QUANGONDY, I. O. F. Temple Building, Main street, tonight election of officers and other important business. All members requested to attend.

SENT UP FOR TRIAL Harold Bailey was this morning sent up for trial on a charge of breaking and entering the house of W. J. McDonald in Victoria street. Bailey is the lad who was handed over to the local police some time ago by the U. S. immigration authorities.

ASK ABOUT POTATOES. A communication was received this morning at the office of the Board of Trade from the Canadian Trade Commissioner in New York asking information on behalf of a Trinidad firm as to the price of potatoes—Irish, St. John and c. l. Trinidad. All information available on the subject has been forwarded.

VERDICT FOR DEFENDANT A verdict for the defendant was brought in this afternoon in the Circuit Court in the case of Worth v. Britain, an action for damages arising out of alleged breach of contract. The plaintiff claimed about \$1,000 for wages said to be due him. The defendant denied the making of any such contract and the jury returned in his favor today. J. Starr Tall appeared for the plaintiff and F. R. Taylor, K. C., for the defendant.

FAREWELL PRESENTATION Friends of Miss Nellie Dalsell called at the home of Mrs. O. O. Orchard, 84 Summer street, on Tuesday evening and tendered her a farewell party on the eve of her departure for Vancouver where she intends to make her home. A beautiful gift was presented to Miss Dalsell accompanied by a very appropriate address. Cards and dainties were enjoyed, refreshments served, and the party dispersed at midnight after a very pleasant evening and leaving her very good wishes with Miss Dalsell for her future success.

A PLEASANT EVENING In spite of the stormy evening nearly every member was present at the weekly night drive of the Last Car Club, held at the home of Mr. and Mrs. Mofford 65 St. David street. The winners were Mrs. T. C. Nielson and J. E. MacLean. The hosts gave copious refreshments during the interval. Auld Lang Syne finished a pleasant evening.

A HAPPY TIME The pastor and congregation of the Cherise street Baptist church, West St. John, were at home last evening to their friends of the winterport. The services were held in the evening and included a duet by Mrs. C. R. Freeman and Mrs. F. L. Webb; a reading by Mrs. W. Ingalls; a solo by Mrs. Stackhouse; a reading by Miss Wayne and a solo by Miss Nichols. The pastor presided. The evening was a social time spent. Refreshments were served by the Ever Ready Circle of ladies.

EUROPEAN WHEAT REQUIREMENTS WILL BE 640,000,000 BUSHELLS Washington, Dec. 8.—European requirements for wheat during the current crop year will aggregate about 640,000,000 bushels, according to cable advices today to the Department of Commerce. The requirements will be supplied about 8 per cent of the needs of the continent, it was stated. Before the war they supplied about 40 per cent of the requirements.

European buyers, according to advices, are holding off despite the heavy requirements, with the expectation of entering the Argentine markets. Italy has decided to continue the suspension of the importation of wheat from the United States, which has brought indefinite period, because of the shortage of supplies in Europe. The department was advised that dissatisfaction among the European farmers was becoming more and more general, owing to the widespread agricultural depression which has brought two successive unfavorable seasons.

HEADS DUNLOP RUBBER CO. Buffalo, N. Y., Dec. 13.—Edward B. Germaine, of Buffalo, will be president of the Dunlop Tire and Rubber Corporation of America, it is announced here today. Mr. Germaine is with Sir Eric Geddes, chairman of the Board of Directors of the corporation, who called for London last week. They will return to Buffalo tomorrow to open the \$20,000,000 plant which has been idle since its completion a year ago.

SEARCH FOR TWO MAINE GAME WARDENS Rockwood, Maine, Dec. 13.—A party of ten men left here yesterday to search the great bog on the north branch of the Penobscot River for trace of David F. Brown and M. E. Johnson, game wardens of Greenville, who have been missing since November 15.

FORMER SOCIAL SERVICE SECRETARY APPOINTED JUVENILE COURT JUDGE Winnipeg, Dec. 13.—D. B. Harkness, former secretary of the Manitoba Social Service Council, has been appointed magistrate for the Juvenile Court of Winnipeg and the eastern judicial district.

Died in Toronto. Frederick Glenister, a telegram received yesterday by Robert Woods announced the death, on Sunday, in a hospital in Toronto, of Mrs. Alice Woods, widow of Henry C. Woods, formerly of this city, now managing director of Warwick Road. Besides her husband she is survived by one daughter, Mr. and Mrs. Wood, formerly resided in Vancouver but three years ago removed to Toronto.

PERSONALS Miss Emma Carter of Moncton is visiting Miss Helen Irvine, 48 St. James street. Colin C. MacRae, of the New York staff of the Royal Bank of Canada, arrived in the city today and is staying with his brother, K. J. MacRae. Mrs. Hall, wife of Capt. C. M. Hall of the C. P. R. port staff, arrived in the city yesterday. Captain and Mrs. Hall are residing at the La Tour Hotel for the winter months.

COL. RUPPERT TO OWN YANKEE BALL CLUB

Buying Col. Huston's Share for \$1,500,000

Tomorrow May Come Definite News of Deal Involving Aaron Ward, Bob Meusel and Eddie Collins—Bush Washington Manager.

(Canadian Press) New York, Dec. 13.—Developments connected with the major league baseball seasons yesterday centered prominently around the affairs of the New York Yankees, American League champions.

Colonel Jacob Ruppert's formal announcement that he expected within a week to acquire sole ownership of the club by purchasing, for a reported consideration of \$1,600,000, the half interest of Colonel T. L. Huston, was followed by authoritative reports that the Yankees had closed a deal with the White Sox to trade Aaron Ward, Bob Meusel and a pitcher to the Westerners for Eddie Collins, veteran second sacker, and Dick Kerr, southpaw pitcher. It was said that official announcement of the trade would be made at tomorrow's session of American League club owners.

The only possibility of a hitch in the deal, as now indicated, centres around Kern, who failed to report to the White Sox last spring and must secure reinstatement from Commissioner E. J. Root before being permitted to play in major league ranks again.

Bush as Manager. Washington, Dec. 13.—Owen (Donnie) Bush, veteran infielder, will guide the fortunes of the Washington American League baseball club, as manager in the 1923 pennant race. Announcement was made at the annual meeting of the club, which was held at the home of Mr. and Mrs. Mofford 65 St. David street. The winners were Mrs. T. C. Nielson and J. E. MacLean. The hosts gave copious refreshments during the interval. Auld Lang Syne finished a pleasant evening.

The former infield star came to Washington as a utility player in the latter part of the 1921 season when he was traded to the White Sox. He had played shortstop and second base there since 1908. Bush, who is 34 years old, has a greater volume of inner tube exports than for any other month in 1922, but the total amount of exports, 73,910, was about average.

Relatively large shipments of rubber belling to Argentina, Cuba, Panama, Brazil, Peru, Spain, Japan, Australia, New Zealand and Portuguese East Africa accounted for most of the increase of 837,000 over the preceding month. Cuba, Argentina, Australia and New Zealand also took larger quantities of rubber belling than during October amounted to 228,841 pounds, valued at \$170,000. Our chief markets for rubber-soled canvas shoes were Argentina, Cuba, the British and French West Indies, Brazil, India, Australia and New Zealand.

England is the principal market for argulists' rubber sundries and the increase from 11,017 pounds valued at \$15,276 in September to 20,095 pounds valued at \$30,011 in October accounts for the large volume of October trade which was only exceeded during March of this year.

WAR MEMORIAL IN PADDINGTON STATION

A memorial erected by the G. W. R. in the famous Paddington station in London. It was recently unveiled and dedicated by Viscount Churchill and the Archbishop of Canterbury. Note the unusual pose of the soldier, with his great coat flung over his shoulders.

SURVIVOR OF WRECK

Harry Peckham Murray of Kingston was one of the nine survivors from the steamer Mapichurst which foundered in Lake Superior near Calumet, Michigan in December. Eleven members of the crew were lost.

RUBBER GOODS EXPORTS ON THE UPWARD TREND New York, Dec. 13.—Exports of rubber manufactures registered a distinct recovery in October, the total value, \$2,616,008, being close to \$3,000,000 in excess of the preceding month, according to compilations by the rubber division of the Department of Commerce. The principal commodities in which exports showed increases were automobile castings and tubes, rubber belting, canvas shoes with rubber soles and cravats and rubber sundries.

Reports of automobile castings from the United States increased in number from 107,487 to 113,000. The exports to Italy, Belgium, Sweden, Argentina, Uruguay and Brazil were larger than for any preceding month of the year. Seasonal activity in the Southern Hemisphere was further indicated by large shipments to Australia and British South Africa, Australia, Brazil, Brazil, Peru, Spain, Japan, Australia, New Zealand and Portuguese East Africa accounted for most of the increase of 837,000 over the preceding month. Cuba, Argentina, Australia and New Zealand also took larger quantities of rubber belling than during October amounted to 228,841 pounds, valued at \$170,000. A ST. JOHN INCORPORATION

Bail for John Shanks \$4,000—Marysville Arrest on a Charge of Giving Liquor to Indian.

(Special to The Times) Fredericton, N. B., Dec. 13.—C. H. Belyea, Ltd., has been incorporated with head office at St. John and total capital stock, \$9,900. The company is authorized to take over the business of Charles Henry Belyea, and to carry on as insurance and real estate agents. Those incorporated are C. H. Belyea and J. M. Belyea of St. John.

Rev. Waldron A. MacQuarrie of Hexton, Kings County, has been registered to solemnize marriages in New Brunswick. John Shanks, sent up for trial on a serious charge involving a girl aged thirteen years, was admitted to bail last evening on his own recognisance for \$2,000. P. J. Hughes, counsel for the accused, will make application for speedy trial for Shanks.

Archibald Ford of Marysville, was arrested by Sub-Inspector Fraser Saunders and Town Marshal Leo Hayes of Devon, on a warrant for giving liquor to an Indian. He is to appear on Friday to answer the charge.

The officers found some apparatus in the place and seized nine bottles of a product which the sub-inspector says gives indication of being intoxicating beverage.

REPORT ON THE VICTORIA RINK MAY BE NO HONOR LIST AT NEW YEAR'S London, Dec. 13.—(Canadian Press) It is understood that there will be no New Year list of honors issued on January 1 next. The honor list as independent member. Their decision was said to have been unanimous.

The report says in part: "While many of the framing timbers are decidedly out of alignment and the structure somewhat distorted there is no immediate danger of collapse taking place."

"We are of the opinion that the distortion was caused primarily by a settlement in the foundation due to the rotting out of the timber sills and footings. These were renewed recently and so far as we can learn no appreciable movement of this building has taken place since the work was completed."

"We would suggest that careful surveys of all the principal timbers be made at intervals of not more than six months with a view to arriving at a definite decision as to whether the building is still moving or is in a state of stability."

"So far as public safety department was concerned, they were not fully satisfied with the report, Com. Thornton said this afternoon, particularly in view of a previous report made by the building inspector. He proposed submitting the matter to the City solicitor for further report."

LATE SHIPPING PORT OF ST. JOHN. Arrived Today. S. S. Brant County, 3038, from Harre, France. Coastwise—Gas sscr Champion, 29, Baxter, from Annapolis Royal. Cleared Today. Coastwise—Gas sscr Champion, 29, Baxter, for Port Wade.

MARINE NOTES. S. S. Anna is expected to sail today for Havana, Cuba, with potatoes and a general cargo. The Canadian Volunteer will sail tomorrow with grain for London. The Brant County steamer will sail tomorrow from Halifax for St. John.

The British steamer, arrived this morning about seven o'clock from Havre and docked at No. 2 pier, Sand Point. She will load grain and sail for Havre and Hamburg on December 16. The Canada Steamship Lines, Ltd., will have a sailing from St. John to Newfoundland on December 20. The Manos will probably be the vessel. The Dunst Head arrived yesterday afternoon at four o'clock and docked at No. 4 pier.

The Rathlin Head is due on Friday afternoon from Cardiff and Swansea with coal. The Neils Nielsen, enroute for St. John to Monday afternoon with the crew of the Augusta Le Blond, which she picked up when the latter vessel foundered on last Thursday. She left on Monday night for Boston and will come here to load. She is expected to sail about December 20. The schooner Gertrude Parsons arrived at Vineyard Haven on Monday enroute to this port. The Methven sailed from London here on Monday night for Boston and will be brought to Victoria Hospital, where amputation took place.

The Lexington will sail on Saturday for Hull, via Halifax. The Bass is expected to complete loading and to sail on Saturday for South African ports.

CAMBRIDGE VICTOR OVER OXFORD AT SOCCER London, Dec. 13.—Cambridge defeated Oxford 2 to 0 in the annual soccer football game today.

HEALTH CENTRE  
IS THE OPEN  
TO THE PUBLIC

Generous Encouragement is Offered to the Project by Many Prominent Speakers at Formal Opening.

That those responsible for the foundation of the new health centre have the approval of the people and will receive their co-operation was amply demonstrated yesterday afternoon and evening at the opening of the building to the public. On every face were heard expressions of pleasure that St. John was so fortunate as to have such a centre where co-ordinated health interests were housed.

Speeches eulogistic of the energy and initiative of those to whom belongs the credit for the achievement were made and a very entertaining programme carried out. The committee in charge of the arrangements was heartily congratulated on the excellence of the preparations.

The chairman of the board of governors, Hon. H. A. McKewen, was the chairman for the programme, and the speeches were given from the first landing on the main stairway, so that the audience might be dispersed throughout the halls and rooms of the building. In the afternoon the excellent musical numbers included piano solos by Miss Hogan and vocal solos by Miss Florence Kieran and Miss Bernice Boden. Mrs. Ophelia was the accompanist for Miss Boden.

Chief Justice McKewen. In his introductory address in the afternoon, Chief Justice McKewen spoke of his pleasure in welcoming many of the formal opening and said such gatherings were invaluable in bringing public attention to the health laws, as a citizenship, uneducated, many and able, must be one of the first objects of the people. It had been thought wise to co-ordinate the various organizations in the city carrying on health work and, through the efforts of the industries and energetic Minister of Health, Hon. Dr. W. F. Roberts, this had been brought about and the palatial residence which was being gathered was assembled had been acquired as a home for upbuilding citizenship. The great respect and warm tribute to Dr. Roberts' foresight and his devotion to the cause of public health. The great respect and warm tribute to Dr. Roberts' foresight and his devotion to the cause of public health.

Premier Foster. Premier Foster was the next speaker and he prefaced his address with some warm commendation of Hon. H. A. McKewen for giving his time and great talents to the interests of public institutions. He referred to the fact that the health centre building, in which King George and Queen Mary had resided temporarily, was later used as military headquarters. He recalled how war had brought a fuller knowledge of the physical defects of the race, and told how he had urged the establishment of a department of health as a means of raising the physical standard of the people of the province. The department had been generally commended, and although some of its regulations had not at first met with popular favor he believed the people were now looking on the matter in a different light, realizing that the money appropriated for public health was well spent. The health centre, he said, was largely responsible for the establishment of the health centre, and he was glad to see it opened to the public.

health, and it devolved upon the citizens to support it. Irrespective of any outside divisions, it held its doors open to one and all, and he asked for its sympathy and support.

Rev. J. J. McDermott conveyed the good wishes of the Lordship Bishop of Halifax and brought assurance of the co-operation of the Great Church, whose servant he was. He believed that the public health centre was properly appreciated the tremendous good which the health centre was setting out to accomplish. He believed that the public health centre was properly appreciated the tremendous good which the health centre was setting out to accomplish.

Hon. Dr. Roberts. Hon. Dr. W. F. Roberts extended hearty thanks to all who had given royal support to the health centre project. It had not been an easy task to bring about, he said, and then he gave a review of the steps which led to its establishment. He had first moved to secure the co-operation of health organizations about three years ago, and had sought aid from the Rockefeller foundation, which had seemed almost within reach but at the last moment had not materialized. Representatives of the twenty or thirty organizations interested had then been called together and, having been raised by a tag day and a contribution from St. Peter's Y. M. C. A., an organization was formed to advance public health. Its aim was to give concerted effort in health work, prevent overlapping of efforts and unnecessary running expenses by housing the various organizations in one building. The clinics would have daily reports made and they would be placed before a central committee which would act as a clearing house and make possible a full knowledge of public health conditions.

He thanked the Red Cross Society, the Victorian Order or Nurses, the Anti-Tuberculosis Society, the Women's Institute and the I. O. O. E., which had come so nobly to the assistance of the health centre. In outlining the programme which it was hoped to carry out he mentioned the various clinics to be established—pre-natal clinic, well-baby clinic, mothers' meetings, pre-school clinic, medical school inspection clinic, dental clinic, industrial hygiene clinic, skin clinic, diphtheria prevention clinic, social hygiene clinic, psychiatric clinic, industrial hygiene clinic, and life extension clinic. The diphtheria clinic he spoke of for the first time yesterday and described the method to test children and see if they are immune from the disease, which would be available when the centre was opened.

He said it was with a great deal of pride that he referred to the splendid work of Miss H. C. McLellan, who, he said, was extending to the health centre, and the hearty applause which greeted this remark was a special tribute to these two who have given devoted service in the cause of public health. Dr. Roberts also thanked the various officials in his department, mentioning Dr. G. C. Melvin, Dr. H. L. Abrahamson and Dr. W. J. Macdonald. They all had worked to give the city and province the best of public health.

H. A. Powell was the last speaker and he thanked the health officials who had co-operated with him in the establishment of the health centre. He said that the health centre was a means of raising the physical standard of the people of the province. The department had been generally commended, and although some of its regulations had not at first met with popular favor he believed the people were now looking on the matter in a different light, realizing that the money appropriated for public health was well spent. The health centre, he said, was largely responsible for the establishment of the health centre, and he was glad to see it opened to the public.

Dr. Roberts. Dr. W. F. Roberts extended hearty thanks to all who had given royal support to the health centre project. It had not been an easy task to bring about, he said, and then he gave a review of the steps which led to its establishment. He had first moved to secure the co-operation of health organizations about three years ago, and had sought aid from the Rockefeller foundation, which had seemed almost within reach but at the last moment had not materialized. Representatives of the twenty or thirty organizations interested had then been called together and, having been raised by a tag day and a contribution from St. Peter's Y. M. C. A., an organization was formed to advance public health. Its aim was to give concerted effort in health work, prevent overlapping of efforts and unnecessary running expenses by housing the various organizations in one building. The clinics would have daily reports made and they would be placed before a central committee which would act as a clearing house and make possible a full knowledge of public health conditions.

"My Heart Would Palpitate, I Had Weak Spells"

Mrs. L. Whiting, 202 King St. West, Brockville, Ont., writes— "I look very sick with my nerves and stomach, and seemed to be all run down. At times my heart would flutter and palpitate so and I would take such weak spells in the pit of my stomach that I sometimes thought I would never get better. I had almost given up hope when a friend advised the use of Dr. Chase's Nerve Food. I did not stop until I had taken twenty-five boxes. It has done wonders for me and I want to recommend it to everyone."

DR. CHASE'S NERVE FOOD

50 Cents a box, all dealers, or Edmondson, Bates & Co., Ltd., Toronto

had had a two years' start on St. John, but he prophesied that the St. John health centre would outstrip that of Halifax because it was to be supported by the citizens and would not get its money so easily. He then described what the health centre's activities would be, mentioning in turn those departments to which Dr. Roberts had referred in the afternoon. He showed how such was co-ordinated to each other and how, being together in one building, they could more readily advance public health. His address was full of information and was an inspiration to redoubled effort for the health centre. He declared the health centre to be the greatest forward step taken by the city, and urged the people to make it a memorial to health and never let it lack for money.

Canon Armstrong. Rev. Canon R. A. Armstrong, in congratulating Dr. Roberts as the founder and Miss McLellan and Dr. Roberts as the chief workers for the health centre, referred to the fact that they had only achieved their goal by the most arduous and hard fight. It had been the case with Florence Nightingale, Lord Lister and Pasteur. He hoped the citizens would not let their hands be tied when it came to paying. He felt he could assure Mayor Fisher that the citizens would pay the payment of full grants to the various organizations under the health centre roof, even if it should mean more taxes. Health was the greatest blessing of the citizens, and he hoped that the health centre would be a means of raising the physical standard of the people of the province. He referred to the splendid work of Miss H. C. McLellan, who, he said, was extending to the health centre, and the hearty applause which greeted this remark was a special tribute to these two who have given devoted service in the cause of public health.

NEWS NOTES ABOUT BAPTISTS (Maritime Baptist) The First Baptist church at Willow Brook, N. S., has extended a call to Rev. F. F. Fosdy of Fairfield, Me. Rev. Mr. Fosdy is a son of the late Rev. Mr. Herber of this city, and for years pastor of Zion Baptist church, (Armstrong, N. S.). Rev. and Mrs. J. T. Hatton, of North Head, Grand Manan, gratefully report a surprise visit on the part of the members of the church and congregation at North Head, their efforts bringing with them beautiful parcels of groceries, etc.

At the communion service of the Lockport, N. S. United Baptist church, on Sunday, December 3rd, the resignation of Rev. Arthur Hurn was read. He has been pastor of the Lockport church for three years. Rev. G. F. Bolster, for some years the very successful pastor of the West End Church, Halifax, N. S., resigned the pastoral charge of the Nassau street church, Winnipeg, on last Sunday. His resignation was read and, having touched upon his pleasure in attending such a gathering, he gratefully thanked the action of the church in supporting public causes. He expressed pleasure that the public in general had been asked to attend the opening and that the centre was to give equal opportunities of health to rich and poor. He had been greatly struck by the splendid accommodation provided for the co-ordination of the work of the various bodies in the health centre and had been established through Dr. Roberts' leadership. He promised his support to the project and at the same time recommended the people to be generous in financial aid. The printed appeals in each room were very practical and had caused him, he said, to give. He explained that his term of office as governor had expired on November 1st and he was holding office because so requested. He did not know what the future had in store, but it would always delight him to attend such a gathering. Nothing was of more concern to the future welfare of a country than the health of its people, and he believed the greatest good must come from the health centre enterprise.

Major Fisher. Major Fisher heartily endorsed the health centre project and urged that every one present should spread abroad information concerning it. He expressed appreciation of the efforts of Dr. Roberts and all others who had brought about the co-ordination of the organizations. Dr. Franklin Royer. Dr. Franklin Royer, of Halifax, congratulated the new Brunswick on its leadership in a public health programme. He told of the health centre in Halifax, established with the disaster relief funds. Halifax, he said,

HYDRO MATTERS BEFORE COUNCIL

Decision on Transformers Deferred Until This Afternoon—City Survey Matter Held Up.

At the meeting of the City Council yesterday afternoon the recommendations adopted by the Civic Hydro Commission were placed before the meeting for approval but decision on the matter was postponed because Commissioner Thornton wished to investigate. Considerable time was taken with the adoption of the committee report, some objection being raised to the appointment of W. A. Charlton as harbor inspector and to the increased grant for the city survey.

After transacting routine business, the council went into committee to discuss the recommendations of the Civic Hydro Commission, which was represented by Mayor B. A. McAvity, the chairman, A. M. Rowan Herbert Phillips and James Lewis. Gordon Macquarrie, consulting engineer of the N. B. Electric Power Commission, also was present.

Mayor Fisher read the recommendations of the committee and declared he would not vote for any bond issue until all information pertaining to the erection of a distribution system was placed before him. He wanted to call for this immediately. "I was told today," continued Mr. Thornton, "that the transformers can be purchased for \$1,000 less than the price quoted by Mr. Frink. This interested Mr. Kriss, who asked who had given Mr. Thornton this information. "Never mind who gave it to me," rejoined Mr. Thornton. "Well, if you can do that, by all means take advantage of it," remarked Mr. Kriss.

Mayor Fisher said to Mr. Thornton that the sub-station must be erected regardless of the means taken by the city to distribute the energy from the transformers. The matter of the transformers needed four months' notice before delivery and, therefore, immediate action by the council was necessary. The price of the Canadian General Electric Co. Ltd. transformers was \$8,500; for the Packard make \$10,000.

Commissioner Frink did not see the order, in view of the fact that the order was not a reliable firm. Mr. Kriss replied that the reason he recommended the G. E. machine was because this company had manufactured hundreds of these machines to the city. The city had more experience in this line, he said. Mr. Thornton allowed this to be the case, but he thought the city should be able to get a better price for the transformers. He thought the city was doing well in this regard. The city had contracted for the current and should cut loose from the provincial body at every day's delay in placing the order for the transformers. He was asked to arbitrate for the property on which the sub-station was to be erected. The city had decided against arbitration proceedings, he said.

Mr. Frink declared he was not so much concerned with the obtaining of land or the matter of the \$1,000. He wanted a reasonable time to look into the proposals carefully. He moved the discussion be deferred until Thursday morning's committee meeting. Commissioner Bullock was for getting the matter as speedily as possible. The Civic Hydro Commission had been appointed by the council. It had made recommendations of an important nature to the council. Nothing was to be done until Thursday. Postponed Until This Afternoon. Mayor Fisher said he was surprised Commissioner Thornton should stand in the way of the matter. He thought the council should adjourn and take up the matter this afternoon at 8 o'clock. He declared against the sub-station. He decided against arbitration proceedings, he said.

FRASER'S NAVY CUT CIGARETTES

"You're a Wonder!"

Package of 10 - 20¢

Exam Tin - 100 - 1.00  
100 - 11.75

Mr. Frink declared he was not so much concerned with the obtaining of land or the matter of the \$1,000. He wanted a reasonable time to look into the proposals carefully. He moved the discussion be deferred until Thursday morning's committee meeting. Commissioner Bullock was for getting the matter as speedily as possible. The Civic Hydro Commission had been appointed by the council. It had made recommendations of an important nature to the council. Nothing was to be done until Thursday.

Commissioner Bullock read a letter, dated May 17, 1920, from G. G. Murdoch, engineer in charge of the city survey, in which Mr. Murdoch estimated that the cost of the survey would not exceed \$25,000 and that it would be completed by Jan. 1, 1922. Now said Commissioner Bullock, Mr. Murdoch is asking for an additional \$5,000. He thought the council should have a definite statement of what had been done and what remained to be completed. The survey had not been completed. Of course, when completed, it would be of great value to the city. Mayor Fisher produced a letter from Mr. Murdoch announcing that the amount needed to complete the survey was \$8,500. On the completion of the work, a calculating machine and transit instrument would be turned over to the city. Commissioner Wigmore said that he believed at the time that this work was very necessary and he felt it was necessary that it be completed. If it were not completed, the \$25,000 already expended would be lost. He thought it false economy to stop now. Commissioner Frink declared there should have been a signed contract for this work. His first thought on the matter had been that the city engineer should have undertaken the work. The city engineer had informed the council that the work could not be adequately done in view of the fact that important blueprints and plans were the private property of Mr. Murdoch. The motion that the question be referred back for further consideration in committee carried. Commissioners Frink and Wigmore voting "aye".

Other sections adopted without discussion referred to purchase of land from F. E. DeMille authority to Commissioner Thornton to expend an additional amount not to exceed \$1,000 in the Frink's murder investigation; relief of taxes for J. J. Jeffrey, 177 Millidge avenue. An application from H. E. Monahan for the erection of an electric sign at 20 Market street was referred to Commissioners Frink and Thornton for report. Commissioner Frink's motion that the "Imperial Oil Co. Ltd." be notified that the city public works had been credited, strongly with some 27,846 barrels, carried. The federal public works department, Mr. Frink explained, should have been credited with this amount. Mr. Frink explained, should have been credited with this amount.

HOME MISSIONS REPORT BEFORE LOCAL PRESBYTERY

At the afternoon session of the Presbytery of St. John yesterday the report of home missions was further considered. It was decided to ask the General Assembly to continue the forward movement committee for another year. An appreciation of the late Rev. J. Graham, who was minister of Grand Falls, was read. The budget for 1923 was followed the lines of that of 1922. A call from Prince William having been accepted by Rev. George Cameron, the Presbytery approved and appointed December 28 for induction with Rev. Mr. McLean, Rev. Mr. Swan and Rev. Mr. Marshall officiating. A call from Grand Falls to Rev. R. Miller, recently of Dunes, was approved and January 8 set for his induction. A committee to appoint standing

BRICKLEY WINS BOSTON SEAT

Boston, Dec. 13.—(Canadian Press)—Nineteen candidates yesterday waged a hard contest for three seats in the city council, President J. D. Brickley of the council, and James A. Watley, both followers of Mayor Curley, were re-elected and a Good Government candidate, Wm. C. S. Healey, a Harvard graduate and former state representative, won the third place. The contest attracted attention from the fact that Brickley had been a wide-spread charge against members of the council. "Watson had supported Brickley on the issues under protest." At a meeting of the Presbytery of St. John yesterday the report of home missions was further considered. It was decided to ask the General Assembly to continue the forward movement committee for another year.

For a Billious Headache

brew a cup of Celery King—natural herbs and roots—a gentle laxative and purifier. Tones up the liver and stimulates digestion. Makes you feel bright and vigorous. 50c and 60c, all druggists.

Stop that Cough

It distresses you and your friends—it is dangerous. A few drops of Shiloh, the 60-year old remedy, brings immediate relief. Shiloh stops that irritating tickling in the throat, loosens the phlegm and heals the tissues. Get Shiloh, your druggists, 50c, 60c and \$1.20.

SHILOH FOR COUGHS

SUCCEEDS WHERE DOCTORS FAIL

Lydia E. Pinkham's Vegetable Compound Often Does That—Read Mrs. Miner's Testimony. Chubbuck, N. Y.—"I was under the doctor's care for over five years for backache and had no relief from his medicine. One day a neighbor told me about your Vegetable Compound and I took it. It helped me so much that I wish to advise all women to try Lydia E. Pinkham's Vegetable Compound for female troubles and backache. It is a great help in carrying a child, as I noticed a difference when I didn't take it. I thank you for this medicine and I do not want to be without the Vegetable Compound. I give you permission to publish this letter so that all women can take your advice."—Mrs. PAUL MINER, Chubbuck, N. Y. It's the same story over again. Women suffer from ailments for years. They try doctors and different medicines, but feel no better. Finally they take Lydia E. Pinkham's Vegetable Compound and you can see its value in the case of Mrs. Miner. That's the truth of the matter. If you are suffering from any of the troubles which women have, you ought to try this medicine, as it can be taken in safety by young or old, as it contains no harmful drugs.

FEWER BIRTHS AND MORE DEATHS IN SIX MONTHS IN FRANCE. Paris, Dec. 13.—Vital statistics for the first six months of this year show a decrease of 25,000 births and an increase of 39,000 deaths compared with the corresponding period in 1921. The excess of births over deaths, which last year was 73,000, is only 9,000 this year. Births and deaths from January to July of this year numbered 396,000 and 387,000 respectively. In 1921 there were 421,000 births and 348,000 deaths.

STOMACH TROUBLE HAS VANISHED

St. John Miss Tells How Drego Tones Up Her Stomach, Improved Her Appetite and Built Her Up. Everyone should get out of bed in the morning feeling refreshed from a night of perfect sleep. There should be no aches, pains or twitches, no sore muscles or stiff backs, no headaches, dizziness, bad taste in the mouth, or constipation. This would prove that every organ was doing its duty, like a motor car hitting on all cylinders, but do you? That is the question. We have discovered the underlying cause of gas in the stomach, indigestion, nervousness, poor sleep, weak appetite, constipation, headaches, and dizzy spells. They have taken Drego and restored the vital organs to full action. Mr. Wm. Mattison, 95 Pond street, St. John, N. B., says: "I have found Drego a very good preparation for stomach trouble. I was bothered for years with my stomach, gas would come after each meal, causing dizzy spells. I had tried everything without results, but after taking a bottle of Drego I got relief, so I decided to keep it up, as I am positive it is the best remedy for any stomach trouble, for it has succeeded where other medicines have failed. My appetite is better, my food digests properly, I sleep at night through, thanks to Drego. I want everyone to know of the great results they can obtain from taking your wonderful preparation."

Go today to Ross Drug Co., St. John, and ask for Mr. Ross, who will give you a trial bottle of Drego, and let him explain the merits of this great remedy. There is no charge and he will tell you how to use it. Drego is also sold in other cities as follows: Moncton—Geo. O. Spencer. St. Stephen—Clark's Drug Store. Woodstock—Newman & Sillip. Fredericton—Dubbie's Drug Store, Ltd. Chatham—McKenzie's. Bathurst—W. F. Popper. Campbellton—Wynn's Drug Store. Charlottetown—E. A. Foster. Summerside—Gallant Drug Co., Ltd.

FIRE ON VESSEL IN LUNENBURG

(Canadian Press Despatch.) Lunenburg, N. S., Dec. 12.—Considerable damage was done to the foremast of the schooner "Clan MacLean" when a fire broke out on board the vessel on Tuesday morning. The fire started from a stove of the foremast. The protection pipe above had been removed and the fire took fire. The local fire brigade soon controlled the flames which at first seemed to threaten the entire ship.

THE CLOSING OF FRASER RIVER

Ottawa, Dec. 12.—Robert Gove is understood to be on his way to Ottawa to discuss with the government and members of the British Columbia Fisheries Commission the report made by the commission. William Duff, chairman of the commission, is expected in Ottawa this week and both will be in conference with the government on the matter. It is understood that Mr. Gove, in the name of the canners, will oppose the recommendations contained in the report, and will insist that which advises the closing of the Fraser River for five years.

PRESIDENT HARDING ON AMERICANIZATION

(From his address to Congress) There are pending bills for the registration of the alien who has come to our shores. I wish the passage of such an act might be expedited. Life and American opportunities are worth seeking, and the nation has the right to know who are citizens in the making or who live among us and share our advantages while seeking to undermine our cherished institutions. This provision will enable us to guard against the abuses in immigration, checking the undesirable whose irregular coming is his first violation of our laws. More, it will facilitate the needed acquaintances of those who mean to enroll as fellow citizens. Before enlarging the immigration quotas we had better provide registration for alien, those now here or continually pressing for admission and establish our examination boards abroad.

Christmas being the Children's Holiday we have in stock a record which all the Kiddies are sure to love containing the following songs: "Jack and Jill," "Three Little Kittens," "Ding Dong," "Hickory Dickory," "Lay Mary," "Little Bo-Peep," "Tom, Tom," "Pop Goes the Weasel," "Farmer in the Dell," "Three Blind Mice," "Tramp, Tramp," "Jack Horner," "Miss Muffet." These fifteen songs cost 75c. a song. Call and hear them at KERRETT'S 222 Union street.

long voyager find our doors closed after long voyages and wanted sailings, because they are unfit for admission. It would be kinder and safer to tell them before they embark. Our programme of admission and treatment of immigrants is very intimately related to the educational policy of the republic. With literacy estimated at from 2-10 of 1 per cent, to less than 2 per cent, in 10 of the foremost nations of Europe, it rivets our attention to a serious problem when we are reminded of a 6 per cent illiteracy in the United States. The figures are based on the test which defines an illiterate as one having no schooling beyond the first grade. Remembering the wide freedom of our public schools, with compulsory attendance in many states in the union, one is convinced that much of our excessive illiteracy comes to us from abroad, and the education of the immigrant becomes a requisite to his Americanization. It must be done if he is fitfully to exercise the duties as well as enjoy the privileges of American citizenship. Here is revealed the special field for Federal co-operation in furthering education. From the very beginning public education has been left mainly in the hands of the states. So far as schooling youth is concerned the policy has been justified, because no responsibility can be so effective as that of the local community alive to its task. I believe in the co-operation of the national authority to stimulate, encourage and

broader the work of the local authorities. But it is the especial obligation of the Federal Government to devise means and effectively assist in the education for the newcomer from foreign lands, so that the level of American education may be made the highest that is humanly possible.

JOHNSON DECLARES LANDIS BATTING 1,000 IN HIS ESTIMATION

(Canadian Press Despatch.) Chicago, Dec. 12.—All reports concerning a difference of opinion between K. M. Landis, baseball commissioner, and Ben Johnson, president of the American League, were dispelled by Johnson himself today previous to his departure for New York to attend the American League meeting there tomorrow. He declared that he was in full accord with the administration of Commissioner Landis, and that the commissioner stood 1,000 per cent in his estimation.

OBLIGED TO BURN A WRECKED TRAIN TO CLEAR TRACK

(Canadian Press Despatch.) Joliet, Ill., Dec. 12.—Three men were badly scalded and fourteen cars were derailed blocking the main line so that seven cars had to be burned when the engine of a freight train from Ottawa exploded four miles from this town today. The victims are: Engineer W. J. Martin, Fireman A. Plamond and Brakeman M. Heard, all of Joliet. It is believed all will recover.

ARISTOCRAT GOUT WIPED OUT BY SIMPLE DIETING

Modified Drinking and Tendency to Avoid Fancy Foods Eliminating Disease. London, Dec. 9.—(By The Associated Press.)—Bout, the old-age disease with which so many members of the aristocracy used to be afflicted, now is rarely extinct, according to Sir William Wilks, prominent physician, who declared in a recent lecture that he had not seen a case of primary gout that is, gout attacking a person for the first time—for several years. He attributed its disappearance to more temperate drinking habits and the modern tendency to get away from

NORTHUMBERLAND CIRCUIT COURT

Newcastle, Dec. 12.—The Northumberland county Supreme Court is sitting today with Judge Chandler presiding. In two criminal cases two bills were found by the grand jury, King vs. Sullivan, assaulting Father Timothy, Trappist monk, with intent to commit grievous bodily harm at Rogerville, Aug. 21, and the King vs. Albert, assault and stabbing George Royal, Grand Down, Mitanich, Hon. J. P. Byrne appears for the Crown. There is a large docket of civil cases. All non-jury cases are postponed until Jan. 8, and cases with jury are postponed until Jan. 10. The King vs. Sullivan will be heard tomorrow.

ORANGE BUILDING, GLACE BAY, BURNS

(Canadian Press Despatch.) Glace Bay, Dec. 12.—Estimated damage of \$75,000 was caused by a fire which destroyed the Orange building, a two-story wooden structure, here tonight. A heavy rain helped to keep the fire from spreading to the adjoining business district. I. N. Allan, clothes, lost a stock valued at \$25,000. He had \$400 insurance. M. Balch, shoe-maker, suffered \$10,000 loss. The offices of the London Life Assurance Company and of Mack's, Limited, an insurance company with headquarters at Amherst, were destroyed.

CREW RESCUED

(Canadian Press Despatch.) Sault Ste. Marie, Mich., Dec. 12.—The steamer J. H. Brown, of Buffalo, with a cargo of coal for Chicago went aground at Point Nichols, Bois Blanc Island, this morning during the worst snow and wind storm in years. Captain Madison and crew of twenty-eight men were taken off by the coast guard from Walker Point. The rescue was effected in a ragingizzard. The steamer is reported to have a hole in her hull and to be leaking badly.

MONGOLIA REFOATED WITHOUT DAMAGE

(Canadian Press Despatch.) New York, Dec. 12.—The American Line passenger ship, Mongolia, which went ashore on the Bay Ridge mud flats in the harbor last night, passed out through quarantine today bound for Hamburg. Her officers reported that she was not damaged.

COMING TO HALIFAX SHORT OF BUNKER COAL

(Canadian Press Despatch.) Halifax, Dec. 12.—The Swedish steamer Falas is due here tomorrow, short of bunker coal, according to local advice. The advice did not say where the vessel was from.

EARTHQUAKES REPORTED

(Canadian Press Despatch.) Penitence, Ore., Dec. 12.—Citizens of Hells, eighteen miles from here, reported three distinct earthquakes today. No damage was reported.

**DENIES HIRING GUNMAN TO SLAY HER HUSBAND**

**Detroit Wife Disputes Story of Detective Who Avers She Offered \$20,000.**

Detroit, Dec. 13. — Mrs. May Blinn Ford, charged with trying to engage a professional gunman to kill her wealthy husband, collapsed when taken into the municipal court for arraignment. A plea of not guilty was entered and she was taken to the county jail under \$25,000 bail. After she had recovered her composure, Mrs. Ford reiterated her previous statement that she was the victim of a "frame-up" that grew out of domestic difficulties, including a suit for divorce, filed last August, in which she charged cruelty, and a suit asking \$20,000 damages of her estranged husband, for alleged assault.

"Isn't it absurd," she said, "that I, a trained nurse, should attempt to engage a gunman to kill my husband after I had left him, when it would have been so easy for me to do it when I lived with him?"

She charged her husband, New J. Ford, a Dearborn farmer, with cruelty, adding that he had private detectives trail her and that on one occasion he had threatened to put her "behind the bars." "This," she added, "is the way he proposes to do it, I suppose."

Mrs. Ford asserted that she had no recollection of a meeting with Edward Kunath, a detective lieutenant, who claimed that she offered \$20,000 to him to kill her husband, believing the detective to be a professional gunman. Kunath and three other detectives who figured in the investigation that led to Mrs. Ford's detention averred the money was to be paid as soon as the case came into possession of her husband's estate, said to amount to \$230,000.

Mrs. Ford, the detective asserted, gave to him a photograph of her husband to make sure the right man was slain. Three other detectives swore they heard a conversation between Mrs. Ford and Kunath in which several plans for killing her husband were presented by Mrs. Ford. One was that he be shot in his farm home west of Detroit and others that he be shot or

**Quiet the Cough with Smith Brothers' S. B. Cough Drops**

They ease the throat, relieve sore throat and hoarseness. Children enjoy them like candy. Ask your druggist.

"Put one in your mouth at bedtime".

**KITCHENER WROTE INTERESTINGLY OF HIS LIFE IN EGYPT**

**Letters to Early Friends are Placed on Sale in London — Faulty Spelling and Punctuation Revealed.**

London, Nov. 17. — (By Mail) — Messrs. Patten and Simpson's sale today included a number of early letters of Lord Kitchener, all written from about 1881 to 1888 and addressed to Mrs. (afterwards Lady) Bovill and Sir Elliot Bovill, Chief Justice of the Supreme Court for Cyprus. They are extremely interesting and outspoken and deal exclusively with his life and adventures in Egypt and his work there as an army officer, both before and during the Nile Expedition and in the operations near Suakin. The earliest of all is a letter of eight pages, dated Suisun, December 7, 1881, to Mrs. Bovill.

"I had rather an adventure the other day while out surveying alone. I met an individual who turns out to be a murderer. He pointed his gun at me, so I rode round him out of range shouting at him, he dodging behind the stones, kept his gun pointed at me. I then went to a village near and got a boy to come with me, we found our friend not far off the place I first saw him in some bushes, he yelled out something and my valiant guide immediately fled. The murderer then fired at me out of the bushes, as I had nothing but a hunting crop, I rode off to another village but none of the people would come out."

Two of the three letters written in 1888 are dated from Cairo, and in one of these, August 8, he speaks of having had a lively time with cholera, and of having seen—

"The most beautiful want of forethought in both English and Egyptian H. Q. Officers. The English went on the principle of not panic, so nothing was done for a few days, then one evening orders for the whole lot to move in different directions next morning. No transport, nothing ready, utter confusion."

In March, 1884, he writes from Ab-

**Getting Too Fat? Try This—Reduce**

People who don't grow too fat are the fortunate exception. But if you find the fat accumulating or already cumbersome, you will be wise to follow this suggestion, which is endorsed by thousands of people who know. Ask your druggist for Marmola Prescription Tablets and follow directions. One dollar is the price the world over. Get them from your own druggist or send price direct to Marmola Co., 4612 Woodward Ave., Detroit, Mich. By doing this you will be safe from harmful drugs and be able to reduce steadily and easily, without starvation diet or thresome exercise.

The French Club met yesterday afternoon at the residence of Mrs. Miller Wood, 23 Horsfield street, and the programme for the meeting was an interesting one, consisting of the work and life of Mistral, the writer of Provence, who wrote only in the language of that province, his purpose being to keep alive the Langue d'oc speech. All his works were afterwards translated into French. Mademoiselle Le Roi gave several readings from Mistral's works. The members of the club were interested to learn that the Emma S. Fiske Memorial prize for French which was won by Miss Harriet Roberts, is to be presented to her some time this month.

**PHONE MESSAGE SAVES LAD IMPERILED BY ANGRY BULL**

London, Nov. 23. — (By Mail) — A telephone call recently was the means of saving a boy from being seriously injured or killed by a bullock, says an item in "The London Daily Mail."

Two Selby, Yorkshire, business men were traveling in an express train between Selby and Howden on Saturday afternoon. When nearing Wresale Station they saw a bullock attacking a boy in a field by the side of the railway.

The two men scribbled on slips of paper the words, "Bull killing boy near Wresale Station." They threw the notes out of the window at a level crossing. When the train reached Howden they told a signman. He telephoned to Wresale Station—about three miles distant. Help was sent at once and the boy was rescued. He was the son of Mr. Woods, a farmer.

The members of the Charlotte street Baptist church were at home last evening to the friends of the winter port. The pastor, Rev. Charles Freeman, presided and an address of welcome was read by D. C. Clark. Refreshments were served by the ladies of the Ever Ready class. An interesting programme was carried out, consisting of solos by Mr. Freeman and Miss Nichols; readings by E. L. W. Ingraham and Miss Weyner; duet, Mr. Freeman and Mrs. P. L. Webb; quartette selection; the Stackhouse brothers.

**Give Them Skates They'll Be Proud Of**

Give your girl and your boy skates they will be proud of—C. C. M. Automobile Skates.

The girl will love their style, their beauty, their lightness and the brilliantly nickeled finish that sparkles like a diamond.

The boy will admire his C. C. M.'s, too, but will also have a practical pride in the supreme quality and workmanship of his skates.

Being made of the same Special Chrome Nickel Steel as used in the finest motor cars and the best edge tools, the boy knows his C. C. M. Automobile Skates will take a keener and more lasting edge, will grip the ice better and glide along more smoothly and speedily than ordinary skates.

He knows, too, that, thanks to the C. C. M. method of heat-treating this steel, there is a tough "core" under the glass-hard exterior that makes C. C. M. Automobile Skates practically unbreakable.

Take your boy and girl down to the skate store. Let them choose the C. C. M. Models they like best. They will be delighted. And you'll be proud of your judgment for buying them skates of real quality.

Over a dozen different C. C. M. Models—pleasure, hockey, racing, figure-skating—for ladies, girls, men and boys.

**C. C. M. Automobile SKATES**

If your ankles tire quickly when skating, use C. C. M. Improved Steel Ankle Supports

**RAISE \$102,000 IN AN HOUR.**  
Montclair Presbyterians Nearly Wipe Out Debt on New Church.

Montclair, N. J., Dec. 12.—In sixty minutes \$102,000 was raised for the building fund of \$160,000 for the Central Presbyterian Church. The last-mentioned sum is amount still due on the new \$500,000 edifice which the congregation recently dedicated. The contributions came from many members of the church, and the total is said to be a record for one hour in raising funds in Montclair.

A. F. McCarraugh of the New Era movement presided at the meeting where the money was raised.

The Metagema concert party gave an excellent entertainment at the Seamen's Institute last evening and, in spite of the inclemency of the weather, a large crowd turned out to enjoy the programme. Mr. Riley, from the Metagema, acted as chairman last evening. Among those who took part last evening were: Mrs. Oscar Brentnall, Mrs. Thompson and Messrs. Campbell, W. Brindle Price, Harry Hammond, McGuire, Nicholson, Strachan and Wilbraham. Mrs. Thompson and Mr. Price acted as accompanists.

**Starr Skates**

The Popular Christmas Gift

Quality—Lightness—Resiliency

This is but natural, when you consider the wonderful popularity of skating during the last few years. Everybody skates; because of the keen, healthful, vigorous pleasure it provides—and it costs but little.

Nor is speed skating alone the favorite; fancy skating has taken a tremendous hold, skating clubs for the development of this art are being formed in every province.

But skating pleasure, in all its fulness, comes with the use of STARR SKATES which are clearly in a class by themselves, being favored the world over, many of the best skaters in the United States preferring to pay the heavy duty on the importation of STARR SKATES.

The great success and popularity of STARR SKATES are due to the fact that, since their inception over 56 years ago, QUALITY has been the chief consideration in their manufacture, only the finest steel and highest workmanship being employed. Their resiliency and lightness prevent weariness and the glass-hard blades save re-sharpening. The Starr tempering process places Starr Skates far above and beyond the rank-and-file.

MANY MODELS there are in Starr Skates. A perfect Hockey Model, Speed Skates, Figure Skates and Pleasure Skates.

Our STARR SKATE DISPLAY includes Starr "Velo" Starr "Imperial," Starr "Mimac," "Tuba Racer," "Tuba Pleasure," Starr "Bull-dog," Starr "Demon," Starr "Acme," Ladies' Starr "Glasier" and Ladies' Starr "Regis."

**QUEEN SQUARE TODAY**  
**Anita Stewart**  
The Woman He Married  
As fine a play as Anita Stewart has ever made—the tale of the way of a wife.  
Directed by Fred Niblo.  
It's Drama De Luxe.  
You'll Seldom See a Climax to Equal This.

**AT THE UNIQUE TODAY**  
**GLADYS WALTON**  
"TOP O' THE MORNING"  
No sex problem—no dark intrigue—no social hypocrisy. "Top of the Morning" is the kind of play that you want to take your wife or your mother or your sister to see.  
"Soul Herder" Western Comedy.  
"Cured" Comedy.  
THURS.—"GALLOPING KID" HOOT GIBSON

**EMPRESS THEATRE, West End**  
Wednesday and Thursday Night.  
"THE RIGHT THAT FAILED"  
A ringside romance with a two-fisted punch. It is a clean, gay, swift-moving comedy of a high-lowbrow pugilist who tries to square the social circle with the prize ring. Don't miss seeing this picture. A good two-reel comedy also. ADMISSION 50c and 10c.

**Kosierey is Ever Welcome**  
When one chooses the right kind, which is a simple matter, kosierey is a gift sure to please. In our Christmas assortments are all kinds from finest silk, either plain or cloaked, to a fine variety of woolen socks which so many men wear with Winter ox-fords.  
Silk Hose... \$1.25 to \$2.00  
Wool Hose... 75c to \$1.50  
**HENDERSON**  
MEN'S WEAR SHOP  
104 KING

**He Needs a Shirt Most of All**  
Besides the windows that tell you of all a man wishes for the big surprise, here is a thought on Shirts. Here you can find one of graceful design that will box up beautifully. At \$2.50 there are the woven stripes that give every assurance about color-fast. Silks and Tricolours are from \$6, but you make a satisfying choice at most any price. Make it easy by looking in on
