NERVOUS DISEASES.

As a cure for every class of Nervous Discress, no remedy has been able to compare with the Nervine Tonic, which is very pleasant and harmless in all its effects upon the youngest child or the oldest and most delicate individual. Nine-tenths of all the ailments to which the human family is heir are dependent on nervous exhaustion and impaired diges-tion. When there is an insufficient supply of nerve food in the blood, a general state of debility of the brain, spinal marrow, and nerves is the result. Starved nerves, like starved muscles, become strong when the right kind of food is supplied; and a thousand weaknesses and ailments disappear as the nerves recover. As the nervous system must supply all the power by which the vital forces of the body are carried on. it is the first to suffer for want of perfect nutrition. Ordinary food does not con-tain a sufficient quantity of the kind of nutriment necessary to repair. the wear our present mode of living and labor imposes upon the nerves. For this reason it becomes necessary that a nerve food be supplied. This South American Nervine has been found by analysis to contain the essential elements out of which nerve tissue is formed. This accounts: for its universal adaptability to the cure of all forms of nervous de-

State of Indiana; Montgomery County, } 88:

The Great South American Nervine Tonic Which we now offer you, is the only absolutely unfailing remedy ever discovered for the cure of Indigestion, Dyspepsia, and the vast train of symptoms and horrors which are the result of disease and debility of

the human stomach. No person can afford to pass by this jewel of incal-culable value who is affected by disease of the stomach, because the experience and testimony of many go to prove that this is the ort and only one great cure in the world for this universal destroyer. There is no case of unmalignant disease of the stomach which can resist the wonderful curative powers of the South American Nervine Tonic.
