CHARGES THE ALMIGHTY WITH
THE MURDER OF WM. ANIS

Counsel for Capt. Hains De-
clares It Was the Act of
God—Insists That His
Client, Though Rational,
Was Insane—Trial Ends
Tomorrow

FLUSHING, Pa., May 10.—When
court opened today John F. McIntyre,
chief counsel for Captain Peter C.
Hains, Jr., on trial for killing Wm. E.
Anis, began his last plea to the jury
for his client. Mr. McIntyre said his
summing up would occupy about four
hours. There is a possibility that the
case may go to the jury late today, but
it is more likely Justice Garrison will
adjourn after both sides have their last
word to the jury and deliver his
charge tomorrow morning. In opening
his plea Mr. McIntyre said: "It was
the act of God that directed Captain
Hains when he took the life of the man
who ruined his home, the meeting be-
tween Anis and the defendant was
accidental, there was no intention to
kill."

Taking up the question of
Hains' sanity, Mr. McIntyre said: "The
burden is now on the people to con-
vince you beyond reasonable doubt
that he was sane. The law does not
require us to convince you beyond a
reasonable doubt that he was insane."
The state intends to show that he
was in a normal state of mind by a
few curious observations abstracted
from a mass of matter even though
his actions may have seemed rational
at times. Medical science shows that
insane people often speak and act
rationally.

"Was it a mental shock sufficient to
unbalance his mind when this unfor-
tunate man learned of his wife's in-
fantation from her own lips. It was
then that mad-scientists seated them-
selves beside the throne of reason and
afterward, taunted and tortured his
brain, accelerated his will and affected
the emotions of his heart."
Mr. McIntyre criticized the state's
hypothetical question and declared
that the speech and conduct of the
defendant as therein related was taken
from unimportant incidents, which
might have occurred to any man sane
or insane.
"I do not deny that this man had
had intervals and rational moments
when he talked and acted like a nor-
mal man. Many times he has had
such periods of rationality," said Mr.
McIntyre.

PROPERTY LOSSES IN
ASIA MINOR WERE SMALL
As Far as Americans Were Concerned—
Only a Few Buildings
Destroyed.

CONSTANTINOPLE, May 10.—A sur-
vey of the property losses during the
recent anti-Christian riots in Asia
Minor, shows that the American mis-
sionary stations did not suffer heavily.
It is believed \$10,000 will cover the
American property losses.
The only loss of life was at Adana,
where the Rev. Henry Maurer, Ex-
plorer, and his wife were shot down
while attempting to put out a fire that
threatened the missionary buildings
there. The financial losses have been
slight as follows:—In the province of
Adana, \$4,500; at Keasab, should the
reported burning of the missionary
buildings be confirmed, \$3,000; and in
the city of Adana, \$1,500.
This last was incurred through the
pulling down or burning of buildings
attached to the Girls' School.

ENTERTAINING THE U. S.
FLEET IN JAPAN

TOKYO, May 10.—The programme for
the reception of the third division of
the Pacific fleet of the American Navy
which is visiting Japan, extends the
time of entertainment to Rear-Admiral
Herbert and the officers and men un-
der him until May 15th. Several im-
portant affairs of both official and pri-
vate character are to be given for the
visitors including a garden party by
Prince Shimazu on Thursday.

STREET CAR IN MILWAUKEE
HELD UP BY ROBBERS

MILWAUKEE, Wis., May 10.—A
street car was held up by a masked
robber early today at the entrance of
Washington Park. He procured \$30.
A shot was fired at him but he es-
caped. He is supposed to be the man
who perpetrated two similar robberies
recently, in one wounding the conduc-
tor who resisted.

THE MAUTANIA AGAIN
BREAKS HER OWN RECORD

Clips Twenty Four Minutes Off the Best
Previous Time for the East-
ward Voyage.

QUEBEC, N. B., May 10.—The steam-
er Mautania arrived at Duquesne
Rock at 10:34 this morning, beating
her own previous record and all other
eastward bounds by 20 minutes. She
would have done still better had she
not been delayed by fog off Pointe.
The liner's time from the Ambroise
Lightship to Duquesne Rock was four
days 15 hours and 11 minutes. She
covered the entire distance, 2935 knots, at
an average speed of 23.5 knots an
hour. The best previous average speed
eastward was 23.61. From Thursday
noon until Sunday noon the steamer
plowed along at the rate of 13 knots
an hour, constituting a record for
three days. In this time she made also
a record for a single day's run east-
ward, 610 knots as against 609. She
made this distance between Friday
noon and Saturday noon. The daily
runs were 588, 608, 610, 600, and 632.

CHILD DRIVEN INSANE
BY COMPANION'S PRANK

Little Seelye Boy Lost His Reason When a
Playmate Threw a Dead Snake
Around His Neck.

TACOMA, Wash., May 10.—Raving
in his childish fashion, hysterical be-
yond all efforts of his parents to quiet
him, the seven-year-old son of Mr. and
Mrs. Seelye, wound whose neck in a
spiral of fear, a companion a week ago
wound a dead snake, may never re-
cover his reason. The children were
playing in the Seelye home when the
child found the dead snake. Picking it
up without being observed by the
other children, he boldly ap-
proached the Seelye child from behind
and suddenly wrapped it around his
neck, shouting as he did so that the
snake had jumped upon him. The
sight of the snake, with the excited
yell of the joker and the fact that the
child for a moment could not jerk the
snake away from his throat, toppled
the boy's reason.

ROOSEVELT CHARGED
BY A RHINOCEROS

But Made His Bullet Toll and Killed the
Animal—Expedition is Having
Great Luck.

NAIROBI, British East Africa, May
10.—From ex-President Roosevelt's
camp near Machakos word has been
brought down today that the luck of the
party continues and that fifteen vari-
eties of game, including a bull rhinoc-
eros have been bagged on the last ex-
pedition. The rhinoceros was charging
Mr. Roosevelt when the hunter fired.
The distance was fourteen paces and
animal fell dead. The naturalists of
the party are kept busy preparing the
trophies which are brought in daily.
Forty-five skins already have been pre-
pared for the Smithsonian Institute at
Washington.

120 NEW MEMBERS FOR
METHODIST CHURCHES

The weekly meeting of the Metho-
dist ministers was held in Centenary
Church this morning with Rev. S.
Howard in the chair. Reports of the
various churches was read and routine
business was transacted.
Reception services at which members
were admitted were reported at the
following churches: On May 2nd,
Queen Square, 32 members received;
Carlton, 4 members; On May 9,
Conventry, 4 members; Exmouth Street,
4 members; and Portland Street
Church, 42 members.

VICTORIAN ORDER OF NURSES

The monthly meeting of the directors
of the Victorian Order of Nurses will
be held at the residence of Hon. J. V.
Ellis this afternoon at four o'clock.
The most important business before
the meeting will be the problem of
raising funds. The annual grant of
\$1,000 formerly received from the city
has not been appropriated for them
this year and there are doubts as to
whether the civic finances will admit
of any grant. At any rate it will not
be more than half the previous amount
as all other similar grants that have
been made have been cut down to
that extent.

WARM PRAISE OF A
ST. JOHN GRADUATE

N. B. Girls Doing Good Work
in Southern College.

Sackville Agricultural Fair Oct. 6th—Rifle
Club Prepares for the Season—Prof.
Miller Goes to Edmonton.

SACKVILLE, N. B., May 10.—Warm
praise for St. John girls was given
here by Principal Landriff, of Belmont
College, Nashville, Tennessee, on
whom sat Miss Annie Maxwell, a
graduate of Mount Allison University and of Cor-
nell. She has been teaching at Bel-
mont for several years and Prof. Land-
riff speaks of her as one of his most
valued teachers. He also praised
warmly Miss Florence E. Webb, a
graduate of the Mount Allison Con-
servatory of Music and also of Mount Al-
lison, who this year joined the staff of
the musical department of Belmont.
Prof. Landriff was most pleased with
the institution here. Of the art de-
partment of the ladies college he said
that he could pronounce it better than
any outside of large cities.
At a meeting of the executive of
Sackville and Westmorland Agricul-
tural Society on Saturday afternoon
it was decided to hold the society's
annual fair on Wednesday and Thurs-
day, sixth and seventh.
At a meeting of the Sackville Rifle
Club on Saturday night officers for
the year were elected and steps were
taken to secure a range nearer town
than the one hitherto used. The
balance on hand is \$100 and twenty
dollars and forty-five cents. Elec-
tion of officers resulted in the
choice of Major F. B. Black, as Presi-
dent; James Anderson as captain,
Amos Lawrence as first lieutenant,
Fred Gethrocks as second lieutenant,
and C. C. Campbell as secretary-treas-
urer. Additional members of the
executive are A. C. Anderson, Walter
Dixon, W. W. Tingley, A. C. Anderson
was elected captain of the league team
for the season.
Official announcement is made of
the appointment of Professor A. D.
Miller of Mount Allison University
to the position of Professor of philosophy
in Alberta, Edmonton. At Alberta Mr.
Miller will work in the field of phi-
losophy as well as the philosophical
classes. He will leave Sackville early
in the summer.

YOUNG GIRL MISSING FROM
WEST ST. JOHN HOME

Friends Anxiously Searching for Miss
Annie Clark, Aged 17.

Friends of Miss Annie Clark, of
West St. John, are conducting an an-
xious search for the girl, who has been
missing from her home since Saturday.
She left with the expressed intention
of visiting an aunt who lives in Fal-
selle, and was to return yesterday.
When she did not come back her
mother made inquiries of her relatives
and found that they had not seen the
girl. Further inquiries revealed the fact
that she had been seen in Parville
yesterday and again early this morn-
ing before seven o'clock. The girl is
only seventeen years old and is with-
out funds and her family are natu-
rally anxious to know what has become
of her. Diligent inquiries around Fal-
selle this morning failed to reveal any
trace of her, and it is thought that she
may have left on the early train.
Her mother is presenting the case
in person, as she said this morning
that she did not wish any more pub-
licity to attach to the case than was
necessary. If the girl is not found
promptly, however, the police will be
asked to take a hand in the search.

PROBATE COURT

Estate of Joseph Buchanan, mariner:
Joseph Buchanan left the port of St.
John for Liverpool on the barque Ab-
bie B. as mate. He went from there
to St. Nazaire, in France. He wrote
to his mother in 1879 stating that he
had met with misfortune since he left
St. John having had an arm broken
and having sustained other injuries
and that he was then in the hospital,
where he expected to be for eight
weeks—since which time, though in-
quiries have been made, nothing fur-
ther has been heard from him. Follow-
ing the rule laid down in "Tristram
and Coates Probate Practice, 1902": P.
for the person applying for administra-
tion to swear that the said Joseph Bu-
chanan died in or since the year of his
disappearance. The affidavit being fur-
nished—there having been renuncia-
tions filed by the next of kin in favor
of the petitioner, George E. Day is ap-
pointed administrator. No real estate.
Personal estate, \$500. Mr. S. A. M.
Slinner, proctor.

THE SWORD OF OSMAN
GIVEN TO MEHMED 5TH

Imposing Ceremony Today—Christians
Excluded From the Sacred
Edifice.
CONSTANTINOPLE, May 10.—The
ceremony of girding the sword of Os-
man on Mehmed V, the new Sultan of
Turkey, in succession to Abdul Hamid,
occurred today in the Mosque Ayoub,
the only sacred edifice in Constantin-
ople where Christians are not allowed
to enter.
The function was carried out accord-
ing to the prearranged programme
and at its conclusion his majesty start-
ed to drive through Stamboul at the
head of an imposing procession.

BOYLE GETS A LIFE SENTENCE,
HIS WIFE TWENTY-FIVE YEARS

LEGISLATORS ON STRIKE
OVER THE PAYNE TARIFF

Ten Philippine Members Who Quit Work a
Week Ago Have Decided to
Return.

MANILA, May 10.—A legislative in-
cident terminated yesterday in the
return to the Philippine Assembly
of ten members of the Progressista
Minority, who have been on strike
for a month. They withdrew from the
house in a body when the Payne tar-
iff bill was under discussion several
weeks ago and refused to attend the
sessions or perform any legislative
work. The majority still had a quorum
and continued to hold daily sessions but
did not take up any important meas-
ures.
The majority at first proposed to
discipline the ten strikers rigorously,
but upon the advice of some of the
cooler tempered leaders, who feared
the political effect of such a move, they
opened private negotiations and in-
duced the bolters to return. The origi-
nal quarrel arose through an effort of
the minority to obtain a recommenda-
tion of the minority report on the Payne
bill after the assembly had disposed
adversely on the question.

STABBED BY MAN HE
ARRESTED IN ITALY

Italian in New York Attacked by a Fellow
Countryman for an Incident of
Ten Years Ago.

NEW YORK, May 10.—Because An-
tonio Crisento, then a policeman, ar-
rested Angelo Calventi in Italy ten
years ago, he was stabbed twenty-six
times early today in East 104th
street. At the time of the arrest Cal-
venti was on the sidewalk with an
enemy sitting on his chest and jab-
bing the blade of a pen knife into his
face and body.
Although terribly gashed, the hospi-
tal authorities say Crisento may not
be hurt because the blade of the knife was
short.

PLANNING BIG CAMPAIGN IN
INTERESTS OF MISSIONS

R. W. Allen Here to Address Meetings in
Connection With the Laymen's
Missionary Movement.

R. W. Allen, Secretary of the Lay-
men's Missionary Movement for the
Episcopal church in Canada, passed
yesterday and again today on his
way to Sussex where he will begin a
campaign in the interests of the move-
ment which has been arranged by the
provincial committee.
He will speak in St. Stephen tomor-
row night, in Fredericton on Wednesday
and in Chatham on Thursday. The
rest of his route has not been arranged
but it is possible that he may speak
in St. John next Sunday.
Mr. Allen has been travelling all
over the Dominion in the interests of
missions and has been to Victoria on
the Pacific Coast, and now reaches
the other end of the continent.
He says that a big campaign is plan-
ned for the fall by the laymen. Its
object will be to stimulate interest in
the work and secure more men who
will help the movement along.
So far the work done has touched
only the larger centres but it is plan-
ned to cover every district thoroughly
during the year and for this more vol-
unteer workers are needed.

PROFIT IN RACE TRACKS
WITHOUT GAMBLING

LOUISVILLE, Ky., May 10.—Man-
agers of the local course are enthusiastic
over the success of Pari-Mutuel ma-
chines last week. Instead of the loss
which was manifest last year, the end
of the first six days of racing has dis-
played a substantial profit here. By
many it is regarded as sealing the
doom of bookmakers so far as
this course is concerned. One of the
chief pleas made by the Latonia track
management which has a larger popu-
lation to draw from, is the fact that
the courses will have to be operated at
a loss if the "slot machines" are in-
stalled upon. More than half a million
dollars was handled in the Mutuels
last week here.

HOW MANY

was the question his

they were talking about
his new business. "I don't
know exactly," he said,
"but along toward 200,000."
Then he smiled. "You see

Abductors of Billy Whittia Will
Have Time for Regret—
Both Completely Collapsed
When the Sentence Was
Passed—Police Seeking
Other Persons Implicated

MORRIS, Pa., May 10.—James Boyle
was sentenced today to life imprison-
ment in the western penitentiary at
Pittsburg for the kidnaping of Billy
Whittia. Mary Boyle, indicted as Mary
Doe, received a sentence of 25 years
with a fine of \$5,000 and the costs of
the prosecution.
Although no official announcement
as to the effect of the fine has been
made it is customary in this state to
extend imprisonment until any fine
imposed has been paid.
Boyle did not utter a word prior to
his sentence. His counsel, however,
made a plea for both Boyle and his
wife pleading for leniency in both
cases. He stated that until a recent
year the extreme penalty for kid-
napping in this state was ten years,
and in view of the fact that the boy
had been treated with every consid-
eration and that all care had been
taken not to inflict unnecessary men-
tal anguish upon the parents he be-
lieved leniency might be asked for with
propriety.
Both Boyle and his wife collapsed
completely upon hearing their senten-
ces pronounced. When they were
started back from the jail from the
court room Boyle managed to walk
with assistance down the stairs, but
upon reaching the front door he be-
came limp and unable to stand.
He was lifted into the old-fashioned
omnibus in which the prisoners have
been transported for several days be-
tween the court house and the jail. He
was utterly unable to support himself
and had to be held all the way to the
jail and carried to his cell.
Mrs. Boyle was in an even worse
condition. She was unable to walk
down the steps from the court house to
the street and was carried down three
rights of stairs to the street. She
was lifted into the omnibus and when
the jail was reached she was again
lifted out by the officers and carried
to her cell, where she wept violently.
No handcuffs were placed on either
prisoner on the way back to the jail
and it was considered unnecessary to
manacle them in the condition in
which they were.

District Attorney Linniger today
issued the following statement:—I read
in Pittsburg newspapers on Saturday
and Sunday that a third party was al-
leged to have been implicated in the
kidnaping of Billy Whittia and also
that this party is alleged to have been
connected with an alleged murder in
Youngstown, Ohio. For the purpose
of giving Boyle and Mrs. Boyle an op-
portunity to bring this third party into
the case, I visited them in jail yester-
day and today and asked them for
the information which they claim to
possess in regard to these matters.
Both, however, continue to maintain
the state of mystery which has charac-
terized them, especially the woman.
"I want to state publicly that I am
still making an investigation and
should I find evidence warranting the
bringing into this case of a third
party I will prosecute him without fear
or favor. It does not make a material
difference whom the prosecution
may hit. In spite of the silence of the
Boyle, Mercer County officials are go-
ing ahead with the investigation and
will continue until such time as they
are absolutely convinced the case
can be dropped entirely."

At the Provincial Hospital favorable progress is being made at the construction of the new building. The work was started last week by the contractors and will be completed within the near future.
The fire department were called out at 9:35 o'clock yesterday morning by an alarm from box 31. The fire, which was in a manure bin adjoining Mr. Baxter's barn on Pitt street, was quickly extinguished by No. 1 chemical.

Inspector D. A. Noble of the I. C. R. who conducted the search for the guilty parties in the Dalhousie mail robbery, has made a report upon his findings to Dr. N. R. Colter, post office inspector. The report is a thorough one, and covers the full details of the case. Whether further action will be taken by Inspector Noble in the case depends upon the disposition of the postal authorities. Mr. Noble is awaiting instructions from Dr. Colter.
Albert Kerrison persisted in throwing banana pebbles into the hallway in the Jack building on Union street Saturday, despite the requests of Mr. Jack for him not to do so. Mr. Jack spoke of the matter to Policeman McCollom, and about the same time Mr. Kerrison peeled another banana and threw the peeling on the street in front of the officer. Kerrison has been reported at central station and will now have to explain his actions in the police court.
Motherless and with her father, William Guthrie, in jail, George, aged fifteen, and James, aged twelve, are living in a state of utter destitution. Last Saturday Patrolman Totten and Jones reported at the central station that two little lads, George and James Guthrie, were without food, fuel and clothing. The little boys are living on Pond street and are thrown upon the mercies of neighbors. The father seems to be a worthless drunkard and is doing time in jail. Possibly the S. F. C. A. will do something for the motherless and worse than fatherless children.
On inquiry at the hospital last evening it was learned that Justin Gallagher was resting comfortably. The young man was the victim of an unfortunate accident at noon on Saturday, which might have cost him his life. A rapidly moving electric car struck him on Douglas avenue. He was picked up unconscious, taken on board the car and conveyed to the junction of Math street. Dr. Pratt was summoned and had him taken to the hospital. Mr. Gallagher was bleeding profusely from a wound in the left ear and one of his hands was injured. There were indications that he had sustained a severe blow on the head. It was learned upon inquiry at the hospital that while Mr. Gallagher's injuries are of a painful nature they will not necessarily be dangerous, and that he will probably be about again in a few days. Mr. Gallagher is a son of Patrick Gallagher, proprietor of the Minto Hotel, Moncton. He is visiting relatives in the city.
Remnant Sale of Dress Goods at M. R. A.'s
Another of M. R. A.'s great value giving remnant sales will start tomorrow morning in the Dress Goods Department. This is one of the ladies should not miss. Hundreds of remnants of Broadeloths, Chevots, English Worsteds, Cordova Cloths, Tweeds, Panama Cloths, in plain and fancy weaves, will be offered at prices without precedent at any previous sale. Bonafide bargains in great plenty, but come early for first choice. Sale begins at eight o'clock sharp.

After suffering intense pain from terrible burns inflicted on Saturday morning, Byron Taylor, the young grandson of Director Robert Wisely, passed away yesterday about 11:10 a. m. at Mount Pleasant. The lad was frightfully burned while playing with matches.
James H. Hearn, K. C., of Sydney was in the city yesterday en route to Burton, where he will be associated with H. H. Pickett in the defense of John Endine, who was charged with the murder of one MacKay early in November of last year. The trial is to commence tomorrow. Premier Hazen is to conduct the prosecution.
Before a large congregation in the Centenary Methodist church last evening W. L. Archibald, Dominion parole officer, delivered an eloquent and forceful address on Prison Reform, one of the burning questions of the country today. The subject was undoubtedly an excellent one, and coming as it does from the head official of the parole system in Canada was greatly appreciated.
On Tuesday, Wednesday and Thursday next the Rev. David Lang will preach each night at St. Andrew's Presbyterian Church at 7:30 p. m., upon "The Life of Christ." All are most cordially invited. Next Sunday the Rev. Dr. Johnson, of the American Presbyterian Church, Montreal, will conduct the 15th anniversary service in St. Andrew's. He will also address a mass meeting for men at 4 p. m. the same day. Dr. Johnson will conduct two services each day during that week.
At the Reformed Presbyterian church last evening the Rev. R. A. Blair gave a stirring address which was listened to with absorbing attention by the large congregation who had assembled to hear the noted Chinese missionary. Mr. Blair also addressed a large congregation in the afternoon at the Sabbath school, when he spoke especially to the Chinese scholars. Mr. Blair is an eloquent speaker and very earnest in his endeavors.
Saturday night proved that the bear saloons have not yet knuckled down to the new law, but are endeavoring to evade it by selling groceries and other goods as a pretense for keeping open hours. The utter disregard of clear warnings is a direct challenge to the authorities who have not been slow in accepting it, for many houses have been reported and a few cases in on the fact. The result will have a decided and definite effect upon all bear saloons and will settle the question once for all.
It is now definitely announced that the Frank White Catering Company will take over the catering at Seaside Park for the summer. It is possible that anything extensive will be done in introducing new features, the only ones so far contemplated being a merry-go-round and shooting gallery, though others may be added. A restaurant will be opened for the sale of ice cream and soft drinks. The company will also run the attractions in Rockwood Park on a limited scale. After the formal opening on May 21, when the fishing privileges will start, they will run the shoot-the-chutes on stated days. The boats will be available every fine afternoon and evening during the season.
On Saturday Milton Price had an interview with W. L. Archibald, Dominion parole officer, at the Royal Hotel. It will be remembered that Mr. Price conducted the defense at the trial of the prisoner Downie. The gentlemen went into a thorough discussion of the various facts of the case, from the day of the robbery until the present time. Mr. Archibald will proceed to Dorchester today, where he will further inquire into the case and the prisoner's conduct, etc. He will report on the matter to the Minister of Justice. After his visit to Dorchester, Mr. Archibald's itinerary is somewhat indefinite. However, in all probability he will proceed by the Intercolonial to Quebec in connection with his office duties.
Major Rutledge and Sergt. McArthur, recruiting officers for the Royal Northwest Mounted Police, have sent sixteen men to the doctor for examination and eleven have passed. The names of those who have enlisted so far are A. P. Saunders, M. O'Donnell, A. Vincent, W. G. Choban, James McDevitt, James W. Corey, Allan Logan, William J. Seymour, and Charles, W. A. W. Burt and C. P. Stanley. Of these, Saunders, whose home is in Charlotte street, and O'Donnell, who lived in Chesley street, will leave for Regina today. The others will go on Wednesday, Thursday or Friday.

FOUR STRAIGHT SHUTOUTS FOR MILWAUKEE PITCHER

STONY MCGLYNN.

Look him over. Just now he is the whole show under the big top at Milwaukee. He's the prize chicken in the American Association. He is also Stony McGlynn, one time finger for the St. Louis National League team. Stony was some pumpkin in faster company once, but when Sir John McCloskey, the round and jovial manager, was retired to make room for Roger Bresnahan, he took Stony along, wagers being easy. Up to the present this McGlynn person has pitched four successive shutouts, which is quite some performance for one southpaw.

PERFECT DETAILS FOR THE OPENING

Details for the opening of the Inter-Society League were perfected at a meeting held Saturday evening, when representatives of the four societies were in attendance. The plans for the season were thoroughly discussed.
For the position of official umpire Arthur McHugh was selected and will make his initial appearance with the league in that capacity on Monday evening next, when St. Joseph's and St. Peter's will clash. A decision was reached that an official score for the league was unnecessary.

SEASON'S FIRST MATCH PLAYED AT ROTHESEY

At the Rothesay grounds an eleven of the St. John Cricket Club defeated the Rothesay College on Saturday by 37 runs, in the first cricket match of the season.
The Rev. W. R. Hibbard for Rothesay won the toss and put his opponents in first. F. R. Fairweather made 23; Connell, 15; Bogart, 15; Beckley, 15; The side was dismissed for 80.
On the college going in to bat, Hibbard made 29 and Cooper 3. The remainder did not put up much resistance to the bowling and the innings was concluded for thirty-seven, leaving the visitors victorious by 37 runs.
After the match the St. John eleven were entertained at tea. A return match will be played in St. John at an early date.

COLLEGE PLAYER WILL GET BIG SALARY

PRINCETON, N. J., May 9.—Bobby Vaughn, who for two seasons played second base for the Princeton team, and was elected captain of the 1909 nine, but was not allowed to play because of faculty restrictions, has been signed by the New York American League Club at a salary said to be the largest ever played to a college player. He will join the team on June 15. The contract he signed last week calls for \$800 a month, or \$4,800 a season. Vaughn is twenty-five years old and is a fast and handy player. He is a left-handed batter and hit over the 400 mark during his college career.

HOLMER DEFEATED

QUEBEC, May 9.—Fred Meadows of Quebec and Hans Holmer of Halifax, both former Quebecers, ran a fifteen mile race 1 1/2 on Saturday. The winners went to Meadows, who did the distance in 1:31.20, beating Holmer by five laps, each lap being a quarter mile.

ROBINSON INSURES HIS CATCHER FOR \$50,000

ST. LOUIS, Mo., May 9.—Stanley Robinson, owner of the St. Louis National Baseball Club, has taken out a \$50,000 insurance policy on his manager and leading catcher, Roger Bresnahan. The policy runs for five years and the annual premium is \$1,200. Bresnahan's release cost Robinson \$100,000. He is under a three-year contract to play for \$25,000. This makes Robinson's investment \$75,000 on Bresnahan. Bresnahan is known as a daring player and has been injured often. Two big agencies refused to take the risk because of Bresnahan's chances of being injured behind the bat.

ST. YVES AGAIN TAKES THE MEASURE OF A DOZEN STURDY RUNNERS

Stocky Little Frenchman Proves Too Speedy for Rest of the Bunch—His Time is 2:44.05.

NEW YORK, May 8.—The grand international Marathon, distance 26 miles 385 yards, purse of \$10,000, thirteen starters, first seven to finish to share in the prizes; \$5,000 to first, \$2,000 to second, \$1,500 to third, etc. Winner: St. Yves, France, time 2:44:05; second, John Svanberg, Sweden, time 2:50:54; third, Ted Cook, United States, time 2:52:19; fourth, Fred Simpson, American Indian, time 2:54:13; fifth, Fred Appleby, England, time 2:56:17; sixth, Dorando Pietri, Italy, time 2:58:19; seventh, Edouard Cibot, France, time 3:03:28; attendance, 20,000.

In a gruelling race during which runner after runner collapsed, only to stumble on again with almost superhuman effort to the end, Henri St. Yves, the stocky little Frenchman, who jumped into fame a month ago by defeating such runners as Donnan, Hayes, Shrub and Longboat in the first great professional outdoor Marathon Derby held in New York, today took the measure of twelve sturdy competitors in an international Marathon held at the Polo grounds and won by a margin of five laps or five-sixths of a mile.

John Svanberg, carrying the blue and yellow of Sweden, finished second after one of the pluckiest efforts ever witnessed on the running track, and Ted Cook, an unknown runner from Fall River, Mass., staggered over the tape in third place, thus earning a measure of glory for his country. The fourth and fifth men, Fred Simpson, the Indian, and Fred Appleby, the English entry, plodded their patient way to the end, as did Edouard Cibot, the French six day runner, who finished seventh.

John D. Marsh, the Canadian entrant, after running second to St. Yves for 15 miles, found the pace too much for him and gave it up in the 26th mile with the hope of qualifying for the purse money had been lost.

TWO MEETINGS AT CITY HALL TODAY

The first meeting of the newly constituted Board of Works will be held this afternoon for the purpose of passing upon the report of the Telephone Company for permission to extend its underground lines for electric power. The matter is generally thought, will be disposed of without discussion. A number of communications will also be disposed of.

At five o'clock the first meeting of the harbor committee will be held. Considerable interest attaches itself to this on account of the doubt that exists as to who is to be the permanent chairman. Upon the committee being worked in caucus it was suggested that it be a sub-committee of the Board of Works, the chairman of which, an ex officer, preside at the meetings. Since the work of the harbor facilities committee has been turned over to its care, however, the opinion has gained ground that the Mayor should direct its activities. The matter will be disposed of today. The committee is meeting ostensibly for the purpose of granting permission to J. Scammell, the engineer, in charge of the government's dredging, to proceed with the work now projected. Director Peters will also submit his report of the survey made in the matter of the transfer of fisheries rights at Sand Point. Mr. Peters has been engaged in this for some time.

INSURANCE BILL TO COME UP TOMORROW

OTTAWA, Ont., May 10.—The insurance bill amended by the sub-committee of the common banking and commerce committee will be presented to the commons on Tuesday. A number of amendments have been made to the bill as introduced earlier in the session, and it is understood that, in its present form, a satisfactory compromise has been reached on most of the contentious clauses, and the measure will probably go through the commons with comparatively little debate.

Mid-july is apt to be not anywhere; but given a sleeping-car that has already come on a journey long enough to leave little heaps of cinders in every crack and corner, and dust over everything, and to vibrate every cubic inch of air that remains stagnant despite the open windows, and few better places can be found.

WHAT "ARBOR DAY" SHOULD ACCOMPLISH.

To the Editor of The Star: Sir—Your article of Saturday on Arbor Day is worth attention from the school authorities. Your last paragraph speaks of vandalism and of a remedy by allowing the boys to help plant the trees. Just after the fire of '77 we practically proved your advice of Saturday. The example is to be seen in Forest street near the Marsh and beside the site of the old round house.

ST. JOHN, N. B., MAY 10, 1909.

INDIA'S COMMANDER-IN-CHIEF.

A successor to Lord Kitchener, who recently resigned from the post of commander-in-chief of India, has been announced by the British War Office. The new commander is also an Irishman and though not as well known as his distinguished predecessor, he has a long and honorable career behind him. His name is General Sir O'Moore Craig, and he celebrated his sixty-second birthday on the day he received the notice of his new honors.

Following a soldier and organizer of such unusual ability as Lord Kitchener, General Craig will have a hard task to keep the force up to the standard of efficiency in which he finds it on taking command. The same gifts which won recognition of Kitchener's genius on the Nile and in South Africa enabled him to do much to place the Indian army on a better standing than it had previously occupied. His unwillingness to brook opposition, which is quite a natural characteristic of a man of his strength of character, made it impossible for him to capitulate in India.

With the country seething with sedition and incipient rebellion, a strong hand is needed to take his place in India at present. If General Craig's other qualifications as a commander equal his personal bravery, there will be no doubt of his ability to successfully cope with the situation. In his long and active career he has shown himself courageous, grand resourceful and endowed with great ability as a leader.

The new commander received his training at Sandhurst and a few years later was given a lieutenancy on the Indian staff corps. Seven years later he was promoted to captain and shortly afterwards the Afghan war broke out. He was immediately sent to the front and joined the Khyber column. In this campaign he won the most coveted of all British military decorations—the Victoria Cross. This was granted for holding an outpost against a force ten times as strong as his company and maintaining an important line of communication. In the following Afghan war he also rendered distinguished service and earned steady promotion. When the Boxer rebellion broke out he was sent to China in command of the Second Brigade of the British force. He was stationed at Shanghai and saw no actual fighting, but his forward dash saved a big campaign. In recognition of this he was mentioned in the despatches and received the thanks of the secretaries of state for foreign affairs and for India, and the Order of the Rising Sun from the Emperor of Japan.

His latest promotion places General Craig in command of 33,000 troops, British and native, scattered over 2,000,000 square miles. The post also carries with it the responsibility for the safety of 300,000 people.

CRIME.

The presence of Parole Officer Archibald in St. John is always sufficient excuse for the discussion of crime. Mr. Archibald is a man of forgiving spirit; it is his business to overlook the sins of the delinquent classes and to again start fallen men and women on the road to honesty. He is wrapped up in his work, and indeed it can truly be said that he has created the parole system now so successfully operated in Canada.

It is not to be expected that every person in whom the instinct of crime has developed can in a short time be permanently reformed, and consequently it would be natural to find that many of those liberated from prison on parole would return to their criminal habits in view of existing conditions and the complexities of human nature, it is surprising, however, to see so few unworthy of the confidence reposed in them. Upwards of one thousand condemned criminals have been brought back to honesty during the past nine years, five or six hundred others are enjoying freedom though still on trial, and will be given full liberty whenever they have shown themselves fully worthy of renewed trust. Only thirty-five of those liberated have returned to prison.

From these figures it can be seen that the power conferred upon Mr. Archibald is not misused. His selections for parole are carefully made and strong ground is relied upon when there is a second chance will be more beneficial than continued confinement. Surely the reformation of fifteen hundred offenders, many of them pretty hard characters, is a record of which Canada may feel proud.

Mr. Archibald believes that too many people are sent to prison, and he is right beyond doubt. It is practically the only form of punishment we have. If a man robs a bank, or with him to

Dorchester; if a boy jigs school, down with him to jail. There is but one thought, that of punishment, in our system and scarcely any regard to the more important work of reform. We are trying to battle against crime by bruising its victims rather than by removing the causes. The man who is robbed of his money is not the victim of crime; the thief is the real loser for he has through the unnatural development of un-Christian conditions, been deprived of those qualities which, if retained, would have made him continue an honest man. Canada, although only a young country, finds the solution is easier now than it will be in a hundred years, and the longer we neglect preventive measures, the harder will be the ultimate task.

From time to time the world gives itself over to fads. Some get up a freakish cure for all the ills, moral, spiritual and physical, to which flesh is heir, and like a flock of sheep, the nations take up the new idea. These fads are usually ridiculous, but occasionally there appears a suggestion backed by sound common sense which makes an immediate and direct appeal. At the present time we are in the grip of one of these sensible movements. Fresh air and sunshine are being given the attention they deserve; Nature's own remedies are taking the place of human concoctions. No man who loves trees and flowers and bright sunny days can be an invalid, no one who keeps his windows open can die of consumption, and certainly it may be believed that a man in whose home the light and life of the outdoor world is found will rarely think of departing from the path of honesty and truth, which nature herself has laid down. Mr. Archibald believes this, he looks upon the sun as the hotbed of crime. No doubt he is right.

She—Fred, do you believe that the pen is mightier than the sword?
He—Well, you know a man comes along with a sword, do you?

Knicker—Did he give his son a college education?
Becker—Yes, he bought him a phonograph with a yell in it.

How inconsistent women are:
He'll shriek and scream at mice, And then go round with large-sized rats.
And think them very nice.

Wife—Our daughter is twenty, and she ought to be married. Husband—Oh, she has plenty of time. Let her wait till the right sort of a man comes along. Wife—Not at all. I didn't wait for the right sort of a man!

A visitor to an inn in Stirling descended to the breakfast table and complained to the manager that he had a force ten times as strong as his company and maintaining an important line of communication. In the following Afghan war he also rendered distinguished service and earned steady promotion. When the Boxer rebellion broke out he was sent to China in command of the Second Brigade of the British force. He was stationed at Shanghai and saw no actual fighting, but his forward dash saved a big campaign. In recognition of this he was mentioned in the despatches and received the thanks of the secretaries of state for foreign affairs and for India, and the Order of the Rising Sun from the Emperor of Japan.

THE DANGER OF THE HOUSEFLY

By DR. L. O. HOWARD

Get your screens up. Do it now. The fly is the principal cause of typhoid fever. It is also a big causative factor in tuberculosis and intestinal diseases.

Take the Spanish-American war for example. It furnishes the most striking instance of the danger of the typhoid fly, previously considered harmless. One man in every five who went to the front got typhoid fever during the campaign, the disease manifesting itself within the first two months of enlistment. Typhoid fever killed 80 per cent. of all the deaths in that war. Typhoid was four times as fatal as the typhoid bug, previously considered harmless.

A United States army medical commission was appointed, consisting of Dr. Walter Reed, U. S. A.; Dr. H. H. Vaughn, U. S. V.; and E. O. Shakespear, U. S. V. These men were commissioned specially to find the cause of this remarkable epidemic.

Most people thought that bad water was the cause of typhoid. It was not. Bad water brought on only a small percentage of the deaths. The real cause, as the medical commission learned after a thorough investigation, was the typhoid fly. They pursued every source of information, they analyzed every other theory. Unanimously they decided that the fly was the cause.

As it is in war, so it is in peace. Every year sees the typhoid statistics reaching a high figure. The fly is the cause of typhoid. It was not. Bad water brought on only a small percentage of the deaths. The real cause, as the medical commission learned after a thorough investigation, was the typhoid fly. They pursued every source of information, they analyzed every other theory. Unanimously they decided that the fly was the cause.

DR. L. O. HOWARD.

coming years, due to the increased use of automobiles and electric cars, the fly, having no breeding place, may die out or at least be less of a menace to society.

But in the meanwhile it is highly important for people to be on their guard. City ordinances governing stables and the disposition of refuse, and the placing of screens in windows and doors of houses, individuals, will help much in the meantime.

THE MAN WHO RULES THE GERMAN NAVY

ADMIRAL VON TIRPITZ. The man who is at the helm of the naval crisis in Germany strikes a popular note in the national affairs of the Fatherland. The man in command of the system of control which has reduced the navy to a state of confusion in the years between 1891 and 1896 the work that he accomplished at Kiel had such an effect upon the Admiralty that the dual authority which existed between the Naval Department and Kiel headquarters disappeared.

In the midst of his work at Kiel he was detached in command of the squadron with which Prince Henry of Prussia made the tour of the East in 1898, while in the following year he was recalled and given a free hand to carry out for himself the changes which he had consistently advocated. Germany's naval ambitions took definite shape in 1897, and since that time, under the fostering hand of the man who was responsible for their inception, they have grown into the present magnificent fleet.

The march of events has certainly assisted Admiral von Tirpitz to realize his ambition, for his credit has increased, in his early years of office, the populating impetus of a national illustration of the correctness of his views. Opportunistically, however, some of the men who are able to think for themselves, and to think a little in advance of their neighbors.

GERMANY WAKING UP. At the moment when he was struggling to win popular opinion to the support of his policy, and was finding it difficult by reason of the increasing burden of taxation which a big ship programme was throwing upon the shoulders of the people, there came, in the autumn of 1898, the Bundesrat, which had to give its assent to the bill that he had fought a battle and won a great and memorable victory.

Success was achieved in the Naval Law of 1898, which was born from the patriotic outbreak that the incident of the previous year had caused. Honors fell to Admiral von Tirpitz, and orders for big ships came to the yards. After two years' service at the Admiralty he was made a Vice-Admiral. The passing of the Naval Bill of 1900 brought the hereditary nobility, and the launching of the big ships for which that bill provided made him a full Admiral. The supplementary Naval Bill of 1907 won him the Order of the Black Eagle, while the present situation in Germany has shown that his policy has the support of the German people.

In appearance Admiral von Tirpitz scarcely suggests the man that his policy has shown him to be. Tall, stout, and bald, his manner is more academic and professional than bureaucratic. At the same time, there is nothing of the doctrine about him, and he explains his policy with a simple phrase that he has merely made good Germany's naval deficiencies. Short-sighted, with a flowing white beard shaped in the style of Dundreary's whiskers, his mien is national until the spirit of the man is roused by opposition.

MANY ICEBERGS. HALIFAX, N. S., May 9.—Having passed many bergs after a difficult passage through the ice off the Newfoundland coast, the Allan liner Siberian arrived in port tonight from Liverpool via St. John's (Nfld.). Cook says that never before had he seen so much ice at this season of the year. The northerly route, he said, was almost un navigable and even the southerly route is dangerous as the ice is floating far south.

MOTHERS' DAY WIDELY OBSERVED ON SATURDAY

White Carnations Worn in Honor of the Mothers' Mothers.

PHILADELPHIA, Pa., May 9.—Mothers' Day, the day set apart to honor "the best mother who ever lived—our own," was celebrated here today by the Philadelphia Rapid Transit Company, that their employees, motormen and conductors, might do homage to their mothers. The salons and marines at League Island navy yard, also were provided with the symbolic flowers.

So general was the demand that many who had neglected to order their flowers in advance were unable to purchase them at all. The flowers had to be content with white flowers of other varieties.

The move for the establishment of Mothers' Day as a world-wide holiday was originated in this city by Miss Anna Jarvis, whose mother died four years ago. Miss Jarvis has been notified that the governors of seven states, as well as the mayors of five cities, recognized the establishment of the new holiday. She has received word from London, Turkey and Japan, telling of the adoption of the idea in those countries.

Two hundred and fifty men attended the mass meeting held yesterday afternoon in the interests of the Laymen's Missionary Movement at the Y. M. C. A. Two very stirring addresses were delivered and heard with much evident attention. The meeting was presided over by Judge Forbes, who introduced Messrs. Findley and Stackhouse, the speakers of the occasion.

Mr. Findley was the first speaker. He is assistant general manager of the Massey Harris Company and has been closely identified with the movement since its inception in Canada. Mr. Findley spoke of the progress of the movement in Toronto. He was one of the one hundred who had met in St. James' Cathedral some years ago for the purpose of instituting the movement. Since that time he had actively followed its growth, which he considered real and very remarkable.

What was true of Toronto was equally true of the whole of Canada, stated Mr. Findley, and he saw in the stupendous progress of the movement an indirect and prominent good resulting to its prosecution. Incidental to this the speaker remarked that he had toured the Maritime Provinces two years ago. He had never been asked to speak nor could have done had he been invited. His present trip was no such success as he was scheduled to speak every night of his tour and all day the Sunday.

Rev. W. T. Stackhouse, general secretary of the Baptist end of the movement in Canada, followed Mr. Findley. Mr. Stackhouse spoke of Canada's obligation and her ability to meet it. He outlined the scheme of evangelization, the number of men required and the amount of money needed. Canada, said Mr. Stackhouse, must contribute 600 missionaries and expend \$3,000,000 as her share in the accomplishment of the work.

Continuing, he pointed out that this was quite feasible. Last year the product of Canada totaled \$40,000,000. One per cent. of this would pay Canada's share. The business of Canada's seventy-million population amounted last year to \$500,000,000. Less than one per cent. of this would pay Canada's share. It is his belief, he said, that if the people will supply wherever I will I will guarantee the man.

TONIGHT Kirk Brown opens his second and closing week at the St. John Opera House with one of his most successful plays. The selection will be "Captain Barrington," an American drama by Victor Mapes. Mr. Mapes has taken American history as a basis for his drama, and around some of the salient facts has woven a romance that has made his play the most successful of the recent colonial dramatizations. Mr. Brown will be presented in an entirely different role from any of his impersonations of the past week that is said to be one of his most successful parts. The scenic production will be a feature, and will display an assortment of stage settings that have not been seen as yet during this engagement. Tomorrow night Miss Purcell will be seen in her success of many seasons, "Sappho," Miss Purcell is an actress of the elite of the larger cities, and won an enviable reputation, and one that has preceded her here.

PORTLAND, Me., May 9.—The "G" buildings of Matthew Johnson, on Fort Hill, Gorham, were destroyed by fire late this afternoon, a yoke of oxen, a horse and two cows perishing in the flames. The farming tools were also destroyed, but a part of the furniture was saved.

THE MURDER OF RANKIN

In short, they terrorized the country, and so thoroughly did they do their work that in a few months they had wrecked all their private vengeance, and reduced a great section of the state to passive obedience to their whims.

WONDERFUL GROWTH OF UNITED STATES

WASHINGTON, D. C., May 9.—Of the 88,000,000 people in the United States, Alaska included, about one third live in the thirteen original states according to a statistical abstract of the United States to be issued today by the Bureau of Statistics.

ABRUPTNESS OF THE END

As the opening of the war was unexpected, so the conclusion came, in the opinion of Kuropatkin, with suddenness and abruptness just when the turn in the tide of affairs was most

"CAN I GET WELL?"

If Your Trouble comes from the Kidneys, or from Kidney Poisons in the Blood, YES! And if you have been ailing a long time don't lose your courage. It takes a little time—takes some constitutions longer than others. But Doan's Kidney Pills will gradually drain the poisons out of your system; the pain in your back will stop; the sediment in the urine will cease; there will be no rheumatic pains; you will feel fresher and brighter, and when the last of the poisons have gone you will be well.

There is no way of getting the kidney poisons out of the system except through the kidneys, and no medicine so effective in taking them out as Doan's Kidney Pills.

WOMEN WHO DO THE HOUSEWORK IN THEIR OWN HOMES ARE LISTED IN THE CANADIAN CENSUS AS HAVING 'NO OCCUPATION'

It is clear, therefore, that the war ended too soon for Russia, and before Japan had bested the army which was opposed to her.

There is one floor finish that endures — withstands hard usage — coats floors with a creviceless, glossy, wear-proof surface — is easily applied — dries hard overnight — repels dust — can be washed like glass — good for outdoor floors also. Send for color-card and free booklet.

LOVE'S TRANSLATION.

(By Smart B. Stone) After Hiram L. Bancroft, king of iron, copper and other necessary minerals, had finished the day's work, he rang for Tenney, his confidential aid.

Whereas Miss Bancroft blushed and looked at the floor. The count chattered again, and Tenney, sighing once more, translated, "I adore you."

"I have also observed," continued Mr. Bancroft, "that you are an excellent secretary with my daughter, Miss Julia—that you seem to understand each other perfectly."

Had the great mineral king been watching closely, he would have seen that Walter Tenney flushed violently at this.

OLD PRINTER PASSED AWAY

In the death of John Law, which occurred Saturday, St. John has lost one of its oldest and most respected citizens, and the printers of St. John, N. B., one of the standard agents of the organization, Mr. Law became connected with the printer's union in 1869 and has been an active and energetic officer and worker of the body ever since.

TENNEY, SIGHING, TRANSLATED "ADORE YOU"

And at that Miss Julia Bancroft, with a glad, little cry, and oblivious of the gathering count, came over and put her little hand in Tenney's. "Water, dear," she murmured, "you have made me happier than I can say. I was beginning to think you were afraid of me and would never speak."

NOT DRUGS

Food did it. After using laxative and cathartic medicines from childhood a case of chronic and apparently incurable constipation yielded to the scientific food, Grape-Nuts, in a few days.

WHO OWNS THE AIR?

How far up does land ownership extend? Evidently for some distance above the actual surface, for one can not live in two dimensions; we need space for two houses and barns. Just as evidently not to an indefinite distance—for to claim ownership of the heavenly bodies would be an absurd, especially as John Smith might then assert his right to Mars, Jupiter, and Venus, as his positions changed relatively to the earth. Where, then, shall we draw the line? Says Cassell's Magazine:

A WOMAN'S CREED.

I BELIEVE in the sacredness of human liberty. Before I am a daughter, sister, wife or mother, I am a human being, endowed with a brain to think and a heart to feel, a soul for which I alone am responsible, and a conscience which I must commit to no one's keeping.

I BELIEVE in the divinity of love and the strength of the ideal. Let me never seek to mature, give me life, let me never lose sight of the vision that gleams above and beyond the Real.

I BELIEVE in the Here and Now; the blessedness of our human relations and the inestimable privilege of communing with those who love and understand me.

I BELIEVE in my womanhood; I have a mission in the world co-equal with that of man; let me acknowledge my rank but that of heart and intellect, and stand steadfast for voice in framing laws that I and my daughters must observe.

I BELIEVE in the woman's right of self-sacrifice for those I love. In the hour of my eminence, when I have attained full stature as a human being before the law, take not away, I beseech Thee, this my chief recreation, the Temple, and I and my sisters are destined to keep light the fire upon altar. But for such as are barred out from the Temple for any cause whatsoever, I believe in perfect freedom; let them mingle with men in the market, and so forget to mourn that which they have missed.

I BELIEVE that I and my sisters even as we have great joys, are doomed to great sorrows; Pain and Distraction and Renunciation are the woman's portion; let me remember this, and be ever tender and forbearing and

I BELIEVE in a full life; let me not be content with the doll's house and the things of childhood when I have come to maturity; give me to feel both ecstasy and pain, happy laughter and bitter tears; stunt not my soul though I go in rags; give me LIFE, and strength to bear it. Thus only shall I grow to my full height and fulfill my destiny.

Spring Suits That Wear

For a good many years we have been building a reputation for selling suits that WEAR—suits that give absolutely satisfactory service.

We are rather proud of that reputation and are resolved to build it still higher.

That is why we especially recommend the purchase of this spring's models of the famous 20th Century Suits, which we have in a great variety of patterns and styles.

We find that the makers of this clothing have surpassed even their previous high grade of workmanship. And this means assurance of an extraordinary degree of "suit satisfaction" to the wearer.

Snappy, "college cut" models for young men. The best of conservative styles as well as extreme models for men of all ages and inclinations.

SERVICABLE Suits, \$10.00 to \$25.00.

P. Mooney has been reported by Policemen Crawford and Hughes for having a pile of bricks and lumber on Canterbury street without lights on Saturday and Sunday nights.

Mrs. Susan Burns, of North End, died last night at the General Public Hospital after a comparatively brief illness. Mrs. Burns was 82 years of age. She is survived by two brothers and two sisters. The funeral will take place from the residence of Mrs. Andrew Lane, 21 Brussels street, at 2 o'clock Tuesday.

MRS. GREER WAS NOT ADMITTED TO HOSPITAL

Superintendent Will Look Into Her Case—Greer is Sober Over Statements Published.

Ex-Policeman James Greer is feeling badly over the statements given out by S. Merritt Westmoreland, secretary of the Municipal Home to the effect that his five children were almost naked for want of clothing and that the house was bare of furniture. Greer says that he had earned money working longshore and has provided for his family, that he can prove by the gross and clothier that he has provided for his family, and that he has five rooms furnished. He says that his wife is unfortunately demented, and this morning he took her to the Provincial Hospital. He had a certificate from a physician for her admittance to the hospital, but the doctor informed him that he had seen articles in the press regarding Greer, and he would not accept the woman as a patient until he had made further enquiry into the case. Greer was therefore obliged to return to the city with his wife.

THE GUTHRO BOYS ARE NOT VERY HARD UP

Lads Reported to Desperate Circumstances Can Raise Money to Pay Their Father's Fine.

The case of destitution in the Guthro family as reported by Officers Totten and Jones does not appear to be as bad as was at first supposed. The officers reported that two Guthro boys were alone in a house on Pond street without fuel or food. It is true that the boys' father is in jail on a two months' sentence for being drunk and has for the past couple of weeks been out at work with the chain gang. One of the boys is an apprentice to a tinsmith and works steadily, and with his younger brother has had a number of visits to the jail and each time has carried food to his father. On Friday last one of the boys visited their father while he was employed breaking stone and gave him four dollars. This amount has been handed into the jail and the boys will be given his liberty this morning, when he returns to the jail with the other prisoners.

CANTON LATOUR IS INVITED TO LYNN

At the regular meeting of Canton La Tour, I. O. O. F., to be held on Wednesday evening of this week, the members will discuss an invitation to Lynn. It is the intention of the Lynn Canton to hold a big field day on June 17th, when Cantons from various parts of the Eastern States will be present. An elaborate programme of entertainment has been prepared and the gathering will be, from all indications, one of the most enjoyable fraternal meetings in years. It will be remembered that the Canton City of Lynn visited St. John last summer, when the members were the guests of Canton La Tour.

WHAT THE LAYMEN HAVE DONE IN ST. JOHN

Results of the Laymen's Missionary Movement.

Many Congregations Have Doubled Their Contributions—Deeper Interest Shown in Mission Work.

That the business men of St. John can make things move when they put their shoulders to the wheel is shown by the results of the Laymen's Missionary Movement in this city. This was started with a view to stimulating the work of the churches along and stirring up the congregation to greater activity. The feature of the campaign which has been most prominent in the eyes of the public is the educational campaign which has been carried on. A very complete organization has been built up and almost every congregation has a strong committee at work.

The movement has now advanced to a stage where the actual results can be seen and appreciated. There has undoubtedly been a great awakening of interest in missionary matters and the average church member is beginning to show a greater sense of his responsibility toward the mission work of the church. The object of the campaign is primarily the increase in subscriptions and already much has been done towards that end. In most of the churches the committee in charge of the work undertaken to raise some definite amount or to increase the average subscription by a certain percentage. Others have been more energetic and more successful, and the reports from a number of the churches show extremely satisfactory results.

The Methodists of St. John undertook this year to double the amount raised last year and at a meeting of the denominational committee held last week the reports submitted gave indications that this would be accomplished. Last year \$4,000 was raised, and this year the goal set is \$8,000. At a meeting of the committee of Portland Baptist church, held last week, it was shown that last year \$750 was raised and that this year pledges have been received for \$1,400 with a number of members yet to hear from.

The Baptist churches of the city set out to raise the average subscription \$100 for each communicant. A few of the churches have already passed this mark and some of the others hope to do so.

This will result in subscriptions at least double the amount previously subscribed.

The Anglicans of St. John also took \$5.00 per communicant as the goal of their efforts last year. As the result of their campaign all the churches are working to increase their subscriptions and last year the average came up to \$4.00 per member. This year the standard is being placed higher and an effort will be made to double the amount contributed last year.

The Congregational church as the result of the stimulus received from the movement last year doubled their previous subscriptions, bringing the average per communicant up to about \$5. A strong effort will be made this year to raise at least as much.

So far the Presbyterians of the city have not made any concerted move along the lines of the Laymen's campaign, but each congregation is expected to do what it can. St. David's church now contributes over two thousand dollars, which is an average of about \$4.75 per communicant. It is understood that members of St. David's have been urging that the other churches do more towards raising their share, as St. David's now contributes more than all the other Presbyterian churches in the central part of the city put together.

WARDENS ARE NOW OFF FOR THE SEASON

Provincial Government Does Not Think It Necessary to Protect Game Now—Is an Outrage.

(Campbellton Graphic.)

The Graphic has been informed from a reliable source that the provincial government has dispensed with the services of the local game wardens for the season, deeming it unnecessary to afford protection to our big game animals.

Just why the services of the guides have been dispensed with at this early date we could not ascertain, but it shows lack of judgment on the part of the department. The snow in the woods is still too deep to allow big game animals to roam at large, and it is just as easy now to run a moose into the deep snow in the close woods and kill it with an axe as it was during the winter.

At the present time there are a large number of men along the rivers, and a little fresh meat is always welcomed by the stream drivers, who in many instances would not hesitate to kill any game animal which crossed their path. The warden should have been kept on until June 1st at least.

While speaking on this topic the Graphic learned that from early last fall until late this spring there was ample evidence in many districts of wanton destruction of big game, and evidence that Rostreouche guides, or some of them, especially in the upper sections do not understand how to perform their duties. We were told of a yard not many miles from Campbellton, containing a herd of deer, which were all killed, of moose being killed and ample evidence left as to the locality and no action was taken.

We sincerely trust that Chief Warden Doyle will spend some weeks here and establish wholesale fear of the law in the minds of the poachers. The big game are one of our most valuable assets and if carefully protected will mean thousands of dollars to Rostreouche.

MOTHERS' DAY.

Mother's Day was celebrated in a very pretty way in Portland street Methodist Sunday school yesterday afternoon by the wearing of white carnations in honor of "Mother." A short programme was carried out at the close of the regular service. Although the observance of this day is spreading world-wide the Portland street church has been the first to take it up in St. John. See page four.
