SOUTH BAY PLANT GETS EXEMPTION

None of the St. John City Bills Ready Today

James McDonald, Frederick Coachman, Fred Dyak on the Street Early This Morning.

FREDERICTON, N. B., March 8.—The sudden death occurred here at an early hour this morning of James McDonald, son-in-law of James Christie, the well known coachman. McDonald was found at two o'clock this morning lying on York street and was taken to his home, the Christie house, and within half an hour expired. The deceased was well known about the city and in later years had driven one of the Christie coaches. He is survived by a wife, formerly Miss Christie. The Municipalities Committee held a short session this morning. A delegation from St. John county council consisting of Ald. Potts, Councilors Dean, Connelly and Secretary Vincent appeared before the committee in support of the bill asking for exemption from taxation of the Canada Wooden Ware Company, the industry proposed to be erected at South Bay, for a period of fifteen years. Mr. Vincent and Ald. Potts were the chief speakers. The bill was recommended to the house with an additional section added, as proposed by the Hon. Mr. Maxwell. The effect of the work of construction must be begun within twelve months of the date of the act and must be completed within two years. No other bills were ready for consideration. One of the amendments proposed that the amendment to the St. John City Court Act might be considered. Mr. Maxwell replied that a delegation from St. John would be here on Thursday when all St. John bills might be taken up then. "You needn't think," said Mr. Maxwell, "that you can slide through a St. John bill in this easy way." The meeting then adjourned until the morning.

There is a large delegation here today from Woodstock and the Upper St. John to urge the construction of the St. John Valley Railway. They will probably be heard before the government some time today.

ST. JOHN TERMINUS OF AUSTRALIAN LINE

C. P. R. Announces Sailings in the New Service—First Boat From Montreal May 15th.

MONTREAL, March 8.—The C. P. R. today officially announced the opening of the Australian Canadian service direct. It is in name the New Zealand Shipping Company, but in reality the C. P. R. The first boat leaves Montreal May 15, the Austral. A month later the Whakarewa sails and monthly thereafter. The winter port will be West. St. John. The Australian ports will be Melbourne and Sydney. The New Zealand ports, Wellington, Auckland, Lyttelton and Dunedin. Cargo will be taken for all other ports subject to transshipment. The vessels are of 5,000 tons tonnage and have cold storage equipment.

ANTI-AMERICAN RIOTS DOWN IN COLOMBIA

Police Officer and Street Railway Driver Get Into a Dispute—U. S. Legation Sounded.

BOGOTA, Colombia, March 8.—A quarrel between the manager of an American owned street railway line and a police officer yesterday was followed by a riot during which a mob attempted to wreck the street cars. The traffic was stopped and the manager placed under arrest. The rioting continued for some time and reached the block in which the American legation is located. The police gathered in force in the vicinity but the mob after wreaking its vengeance on the rolling stock of the company attacked the United States legation stoning the building. The members of the legation were protected and though there were further disturbances during the night the authorities this morning appeared to be able to afford protection.

PRESENTATION MADE TO MR. AND MRS. MACODRUM

MONTCTON, N. B., March 8.—The occasion being the eighth anniversary of their wedding, and their coming to Montcton, N. B., and Mrs. Donald MacOdram were tendered a reception at their home yesterday afternoon and were presented with a beautiful dinner and tea set.

TWO BURNED TO DEATH IN STARCH FACTORY

And Many Others Injured, Following an Explosion

New German Battleship Passes Badly Damaged by Fire Which Started in the Magazine—Other Losses.

KIEL, Prussia, March 8.—The recently completed battleship *Posen*, one of the four Deutschland class ships to be built for the German navy, was damaged by fire yesterday and her first trial trip which had been set for Saturday will be delayed several weeks while repairs are being made.

CHICAGO, March 8.—The explosion of dry starch powder which occurred in the plant of the American Starch Products Co. at Roby, Ind., last night, probably killed two men, injured twenty-eight others, two possibly fatally, wrecked a three story building and broke windows in South Chicago and in Hammond, Ind., three and five miles away. Fire broke out in the plant, but was extinguished after three hours' hard work. A lamp which had been left in the magazine was responsible for the accident.

NEW YORK, March 8.—After having traveled unsuccessfully for five days in her coal bunkers, the freight steamer *Mauda* from Argentina, arrived in port today with the crew exhausted. The steamer was discovered on March 7 while the steamship was in West Indian waters. The speed was increased and the ship tried to extinguish the flames but the fire had started at the bottom of the coal bunker and could not be reached.

DR. MAGILL WILL HEAD COMMISSION TO INVESTIGATE GRAIN ELEVATOR PROBLEM IN SASKATCHEWAN—Premier Scott's Visit Explained.

The purpose of the visit recently made to the Maritime Provinces by Premier Scott of Saskatchewan, is revealed in the appointment of Dr. Robert Magill, of Dalhousie University, as chairman of a commission to investigate the grain elevator problem which has been troubling the western provinces recently.

Concerning the appointment, a Halifax despatch says:—Dr. Robert Magill, professor of philosophy at Dalhousie College, has been appointed by the Government of Saskatchewan chairman of a commission to investigate the grain elevator problem of that province. The commission will consist of three members. There are 700 or 800 elevators in Saskatchewan and the question for the commission to settle will be what change if any from the present private ownership system should be made. A proposal has been made for government ownership and operation by a commission. The commission will begin its work at the end of April and will continue for three months. Professor Magill has just finished his work as chairman of a commission appointed by the Nova Scotia Government to report on an eight-hour day in provincial industries. The commission found against it.

MAE WOOD MAKES CLAIM AS TOM PLATT'S WIDOW

Young Woman Who Was Indicted for Forgery in Case She Brought Against Senator, Wants His Estate.

NEW YORK, March 8.—Massed with banks of flowers, the coffin containing the body of former Senator Thomas C. Platt, one time leader of the Republican party in New York State, was taken today to Geneva, where interment will take place tomorrow. Members of the family accompanied the body of the late senator to his old home. The body was taken on a special car attached to the regular train.

YOUNG SENT UP ON MURDER CHARGE

Coroner's Jury Find Verdict of Murder at Toronto

Goldwin Smith Improving—Canadian Cities Unite in Fight Against Toronto Railway Bill.

PARRY SOUND, March 8.—In the preliminary court here yesterday Lewis Young was sent up for trial on the charge of the murder of M. J. Davis.

TORONTO, March 8.—The coroner's jury last evening returned a verdict of murder in the death of a man named Fabbro. It is alleged that Fabbro was killed by a bullet fired from a revolver. The coroner's jury must now face his trial.

PUBLIC WHIPPING FOR CAR CONDUCTOR

Vancouver Woman Wielded the Horsewhip

MONTREAL, March 8.—A body, apparently that of a murdered man, found on the ice of the St. Lawrence Sunday, has been identified as that of Albert Marney, twenty-one years of age, who lived on Champ de Mars at the corner of St. James and St. Louis streets. He was killed by a drunken fight and the body placed on the river by his companions in the hope it would be carried away in the spring break up.

VANCOUVER, B. C., March 8.—Because Nelson was not working and the ticket he bought at the former place, admittance has been denied to the city. He must return home to start anew. This was denied yesterday by the British Columbia appeal court which the Hinduo applied for an order compelling the government officials to admit him. He admitted that he changed his third class ticket at Hong Kong for a second class by the payment of fifty dollars.

THREE WERE FROZEN IN A DAKOTA BLIZZARD

Two Women and a Little Child Were Lost in the Storm, and Perished.

ABERDEEN, S. D., March 8.—Huddled down in their abandoned ditch two women and a little child were found yesterday by husband of one of the women frozen to death in the blizzard which swept the country three weeks ago. Mrs. Gilbert Majlor, her mother-in-law and her year-old son, in trying to drive from their home to a neighbor's were overtaken by the storm to pass. They slept and never awoke. The return of the team occasioned no uneasiness because it was supposed the animals had escaped from the corral where the visit was made.

COULDN'T PAY RENT SO HANGED HIMSELF

Lack of Enthusiasm in Suffrage Movement

Engine Nearly Tumbled in Niagara River—C. P. R. Telegraphers Want Better Pay.

WINNIPEG, Man., March 8.—John Hoerner, aged 26 years, shot himself through the heart yesterday with a revolver. Hoerner was a postal clerk in the employ of the royal mail service. He had been dead about eight hours when his body was found last night.

NIAGARA FALLS, Ont., March 8.—Jumping the tracks on the lower bridge at the United States end yesterday afternoon, the engine on the Grand Trunk train from Toronto nearly tumbled into the river. Traffic was blocked for forty-five minutes.

BUSINESS MEN TRY TO END THE STRIKE

United Effort Being Made by Citizens' Association to Resore Normal Conditions—More Cars Running.

PHILADELPHIA, March 8.—All Philadelphia hopes that the city wide general business strike yesterday by the United Business Men's Association to bring to a quick end the labor conflict has been the city of brotherly love in a turmoil for more than two weeks will meet with more success than any other.

Business especially in the centre of the city has suffered to an extent not slow less than 2,000 on strike. It is still impossible to accurately state the strength of the movement. Widely different claims continue to be made by both sides in the controversy. The union leaders say that the 25,000 workers they had anticipated would walk out are all on strike and have been joined by at least 20,000 men and women who heretofore were unorganized. The leaders say they have been so busily engaged in organizing those recruits to the cause of trade unionism that they have not had time to compile any table or other data showing exactly the number affected in each line of industry.

NOTHING NEW IN THE BANK SITUATION

ST. STEPHEN, N. B., March 8.—There is absolutely nothing new in the bank situation. Mr. Kessen will make no statement until he reports to the Bankers' Association and that will not be for several days. There are many rumors current, but the situation remains unchanged.

BODIES THROWN 1500 FEET INTO CHASM

Track at Rogers' Pass Will be Clear Tonight

One Man's Wonderful Escape—Liquor Dealer Offered to Make Money out of Business.

MONTREAL, Q. March 8.—To order a saloon keeper to make his business pay, or quit, was the unique action of the Council of Ville St. Paul today. He was granted a license on the following conditions:—

"The licensee must not sell in his store anything but liquor and no other merchandise, and if he cannot make a living in this way his license will be cancelled."

WESTMONT claims to be the richest city in Canada. Its assessment is \$23,481,800, which with its population of 125,000 figures out at \$188 per head. The debt is only \$128 per head and the municipal lighting plant shows a balance for the year of \$3,000. The tax rate is to be reduced at the end of the year.

TORONTO MAN CHARGED WITH ATTEMPTED MURDER

Shot a Painter With Whom He Had Business Dealings—Laborer's Fatal Fall.

WINNIPEG, March 8.—Thomas Windatt, employed on construction of the new Maltese Rubber building, slipped while removing material yesterday and fell five stories, dying while being taken to the hospital. He was 24 years old and unmarried.

MADRIZ RELEASING POLITICAL PRISONERS

May Send an Army Against Bluefields Where Estrada and His Few Followers Still Hold Out.

MANAGUA, Nicaragua, March 8.—President Madriz today liberated several political prisoners, among the number being Narciso Arilla. All of the insurgent prisoners probably will be released soon. This move on the part of the government is expected to conciliate the Granada Conservatives and is significant as indicating that President Madriz is confident of victory.

HORSE'S KICK PROVED FATAL

MONTCTON, N. B., March 8.—As the result of being kicked by a horse on Saturday last, a man named Graded died last evening at Notre Dame. He was in the employ of Mr. Dennis Hogan of Montcton.

Synopsis of Canadian North West Land Regulations.

Any person who is the sole head of a family, or any male over 18 years of age, may homestead a quarter-section of available Dominion land in Manitoba, Saskatchewan or Alberta. The application must be made at any agency, or Dominion Lands Agency or Sub-Agency for the district. Entry by pre-emption may be made at any agency, on certain conditions, by father, mother, brother, sister or other person or relative of the homesteader.

Duties—Six months' residence upon the farm of at least 80 acres solely owned by the homesteader. A homesteader may live within nine miles of his homestead on a leasehold or a quarter-section of homestead entry (including the time required to earn homestead patent) and cultivate 40 acres of land. A homesteader who has exhausted his homestead right and cannot obtain a pre-emption, may take a purchased section alongside his homestead. Price \$10.00 per acre. Duties—Must reside six months in each of three years, cultivate fifty acres and erect a house worth \$300.00.

W. W. CORY, Deputy of the Minister of the Interior. N. B.—Unauthorized publication of an advertisement will not be paid for.

STAR WANT ADS. BRING RESULTS

MRS. LANGE TAKES COMMAND. When Rudolph Lange, who arrived on a steamer from Hamburg with his wife and child, bound for Allen-ton, disembarked from the boat at 10 o'clock on Monday morning. On the day last week, he found that his pocket had been picked of \$30, all the money he possessed.

The man had no money to buy railroad tickets, and was in the depth of despair until his wife, from some mysterious place, produced \$25.

"Give that to me," said Lange. "America the true takes charge of the money and we will begin being Americans right now," said the wife.

"That's the proper spirit," said an immigrant officer who stood near by. "I guess you'd better give the kid \$10."

She did, and to cap the climax, Lange took him and never made a whimper Philadelphia Times.

SONG OF THE MOTORIST

Oh, I'm an auto-mo-bil-ist, And I sail the bounding pike, I give my high geared wheels a twist And go wherever I like.

I bound along o'er the country roads, Past fresh green fields and farms And with what joy my heart explodes As I treat the thank-you marmas!

I strew the way with butter and eggs When I sit a grocer's cart, And once in a while a grocer's legs And the grocer come apart.

To smash bang into a load of hay, And scatter it left and right, With a leave-ho-by and turn-it-ay, Is a source of sheer delight.

No care have I of the sort that chills The man who is soon to "bust," Whenever I note my unpaid bills I get out and raise the dust.

I raise it here, and I raise it there 'Till it reaches the spreading skies, And I shout enough to fill the air To throw in my creditors' eyes.

So it's ho for my trusty automobile And hi for the bounding pike! Let others rave over the horse and the tame and arduous bike; Let others rave o'er the brigantine That plows through the realm of the conch.

It's for me the car of gasoline That plows through the realm of the conch! With its gurgling honk-honk-honk! In the Washington Times

For the unexpected visitor or hurried lunch, you will find Reindeer Condensed Coffee and Reindeer Condensed Cocoa, unequalled. No waste. Each contains Milk and Sugar.

Wednesday morning, 3 a. m., at F. W. Daniel and Company's, Charlotte street, a remarkable offering of very pretty white and colored mercerized muslin, linonette waists, as well as many other interesting items, at removal sale prices. See advertisement on page five.

The special services of the Main St. Baptist Church will be continued during the week. The Alexander song books are used. Last evening's singing was well attended in spite of the disagreeable weather and quite a number of those present signified their intention of leading the Christian life.

On account of the inclemency of the weather the meeting of those interested in the co-operative movement held last evening was not very large. Rev. J. J. McCaslin was the speaker and his address dealt with the difficulties in the way of the movement. On account of the small attendance the reading of reports was postponed until this evening, when another meeting will be held.

The special evangelistic services will be continued in Victoria Street Baptist Church every night this week with the exception of Saturday night. The meetings will begin at 7.45 and the first fifteen minutes will be devoted to song. Much interest is being taken in these meetings. Last night a most successful meeting was held, with several persons taking part for the first time.

CANADIAN PLAYS

THE GOOD SAMARITAN

Wants to cure his friends

Mr. Everett L. Holland, a well known Canadian, moved to the United States some time ago. The change of climate brought on a serious and painful illness, which three physicians said was Stone in the Kidneys, but were unable to relieve his terrible sufferings.

In his agony Mr. Holland thought of an old and reliable remedy which had a great reputation in his Canadian home—the famous Gin Pills.

He wrote to his neighbor and secured a supply. On March 20th, last, Mr. Holland in a letter to the National Drug and Chemical Co., Toronto, said: "I am well."

He is now anxious to have Gin Pills put on sale in the United States. He desires to cure his new friends of Kidney and Bladder Troubles.

If you have any Kidney or Bladder Trouble take Gin Pills and we guarantee the cure or your money refunded.

Gin Pills are sold by all dealers at 50c a box, 6 for \$2.50. In order to show our faith in these pills, we will send you a free sample on request, National Drug and Chemical Co. (Dept. R. S.), Toronto.

A GENTLE REBUKE.

It was late in the year for strawberries, but Mrs. Beacon was determined to have some for Sunday dinner. Over the telephone came the news that they were "very fine, ma'am" very the indeed. "Very fine, however, a cautious housekeeper, she decided to look over the fruit herself, as the grocer was not to be trusted.

"They don't appear very good," she said some time later, examining carefully a basketful. "They look—here she extracted one and tasted it—"they look a little green. I don't know. Just let me try one." She took another. "I guess I'll take one box, please. You don't put very many in a box, do you?" she inquired.

"There was," said the grocer respectfully, "but there's been so many ladies locking 'em over that there ain't."

"You may give me two boxes," said Mrs. Beacon—Yours a Companion.

BOSTON, March 7.—Some surprising somersaults on the license question were made today by towns in the central and western parts of Massachusetts. Elections were held in nearly two-thirds of the 21 towns in Massachusetts. The aggregate vote on the license issue fell off. A considerable gain was made by the license forces.

The "Hops" on the Honor Boston were the most interesting feature of the elections. Middlefield for the first time in its history went "wet" by a vote of 23 to 30.

ST. JOHN STAR.

ST. JOHN, N. B., MARCH 8, 1910.

IS IT WORTH IT?

An increase of forty per cent. in the cost of living in Great Britain and Canada and of sixty per cent. in the United States shows that although those living in this country on fixed incomes may be having a hard time of it they may not be so badly off as if they lived on the other side of the border. It costs an extra per cent. to live in the United States, and there is little to show that the privileges are worth the price. Commenting on the figures gathered by the U. S. Consul-General to Canada the Monetary Times says:

"According to data collected by Mr. John G. Foster, United States Consul-General in Canada, rents have advanced in the principal cities of the Dominion about forty per cent. in the last ten years, and there has been a corresponding increase in foodstuffs. This information was presented by Senator Lodge to his select committee appointed at Washington to investigate the increased cost of living. The increase in the cost of rents and foodstuffs in the United States is estimated at sixty per cent. during the same period, and that in the United Kingdom was, as in Canada, forty per cent. If these conclusions, arrived at independently, are correct, as doubtless they are, at least approximately so, the people of the United States, though they possess the most abundantly productive country on earth, are paying twenty per cent. more than they ought to pay for food and shelter. Free trade Britain and Canada, the producers of a large surplus of foodstuffs for exportation, may be fairly taken as representative of the normal increase of prices due to the depreciation of gold. United States must be regarded as being to conditions peculiar and confined to that country. These are the protective fiscal system and the combinations of great concerns for raising prices. Together, these compel increases of wages, but not to the extent to which they add to the cost of living, while all who subsist on fixed incomes grow poorer as prices advance.

DEATH DEALING SAMPLES.

A sharp but much needed reprimand is aimed at those patent medicine vendors who distribute samples of their products from door to door, by the Toronto Star, which says—

"Pills have their place, but that place is not the doorstep. Week by week, however, samples of medicines, strong and weak, poisonous and non-poisonous, are not only left on the porches and steps of Toronto homes, but are thrust into the hallways through the letter-drops. A baby may be creeping around inside the house when the packet falls within its reach. If so, the child may sample the drugs before the distributor has gone a block. The wonder is that the experience is not often fatal. The pills may be perfectly harmless for adults, they may be quite the proper thing for the diseases which they are intended to cure, but the method of distribution which leaves them within the reach of babies should be made absolutely unlawful. It is a criminal negligence which the law cannot afford to overlook.

"In this and other ways the poisonous pill is made too easy of access to those for whom it is not intended. Three cases of death from pill-eating occurring in Ontario within a few weeks, two of them on consecutive occasions on Tuesday of this week, two year old Stella Antaya found pills in a cupboard at her home near Windsor, and died in convulsions a few minutes after eating them. On Wednesday Marjory Blackney, aged only fourteen months, played with a box of atropine pills, took some, and gave some to her dog. Both died that night. "These are deaths from what surely should be considered avoidable causes. When such things as this are due to the carelessness of parents, the responsible parties are at least punished by the awful pangs of remorse, but when death is thrust in at the letter drop the punishment falls only upon the innocent. There are legitimate ways of advertising medical compounds, but wholesale distribution of samples ought to be made as reprehensible in law as it is in fact."

PRAISE FOR ST. JOHN MEN.

The action of some St. John working men in offering to work for nothing for a while to help their employer is thus commended on by the Monetary Times—

"Much is heard regarding the dictatorial spirit of labor. As pleasing relief come two recent occurrences. A wood-working factory was recently destroyed by fire in St. John, N. B. Forty men, working inside, offered their labor for two weeks, and forty men on outside construction, for one week, in both cases without pay, in order that the industry might be rebuilt. It was a mutually advantageous arrangement,

but sometimes even that factor counts little. A well known copper mining company in British Columbia is considering two profit-sharing plans. One is that the employees shall have the right to subscribe at par for a certain amount of the treasury stock, and the other is that a scale of wages be put into force which shall be just to the price of copper. These examples of give-and-take between employer and employee are happy signs of the times."

PAVEMENT POLICY AND MAGNA CHARTA

P. E. I. Legislature Excited Over Citizen's Rights

But They Will Have to Pay Their Share of Improvements, Without Appeal, as Formerly.

CHARLOTTETOWN, March 8.—After running along smoothly for several weeks, in routine business and disposing of measures with but a small measure of debatable material the legislature has now entered upon a period of what promises to be breezy discussions. This week the newly elected city council applied for certain amendments to their act of incorporation, whereby the collections of the assessment levied for concrete sidewalks could be facilitated. For the past twelve years the law has been that the owners of property in front of which this concrete pavement runs are compelled to pay half the cost of construction, no appeal being allowed. This provision has met with general approval, being ratified by the several councils and by the legislature on two different occasions when the bill was up for codification and amendment. Recently several parties took advantage of technicalities in the act, to refuse to pay their share of the permanent works, on the ground that the proper notice had not been given. In order to collect these amounts and rectify the irregularities, the bill was submitted. In this occasion the opposition contended that the right of appeal should be allowed, and in the course of the debate reference was made to "Magna Charta," "liberty of our forefathers, secured by bloodshed," "rights of the subjects," and other phrases were freely used, even by some of the members who had acquiesced in the measure when before the House on previous occasions. It was held by the other side that if appeal were allowed it would be a retrograde step, and every trivial ground, to such an extent that the policy of constructing permanent works—a policy which has brought about such a marked improvement in the appearance of the city, would have to be practically abandoned.

ON OVERDOING IT!

"The tendency of the age," says a modern philosopher, "is to overdo everything." The same thought has occurred to the writer many scores of times, when, after swallowing a very moderate allowance of some sauce, he has been left with a palate apparently given over to an endless stringing and burning sensation, calculated to make a man forget the use of any sauce whatever. Have you ever been served that way? Ever suffered that way? Ever vowed eternal abstinence from sauces? Forget the suffering, break the vow, and try H. P. Sauce, a truly delightful compound. Neither too thick nor too thin, too hot nor too cold, too sweet or too sour. This sauce, which has been christened "H. P." in honor of the House of Parliament, is to be procured of all grocers, and it is in every respect a revelation of what a perfect sauce should be. We manufacture the Midland Vinegar Company, of England, the largest malt vinegar brewer in the world, that this most truly welcome addition to our tables is blended with pure malt vinegar by a secret process. We gladly accord the Midland Vinegar Company enthusiastic praise of their "process." H. P. is a sauce so deliciously blended that no one flavor predominates aggressively over the others, and so skillfully combined that it never separates, there is no sediment, and therefore requires no shaking. It is imperative, when buying, to look for the letters H. P., and a picture of the British Houses of Parliament on the label, for a sauce as good as this will often be imitated, though never in the opinion of the writer, equalled.

John Keller, a Prince Edward Island youth, fell through the trellis at Long Wharf last evening into the water. He grasped a post and his cries for help brought some sailors from the steamer Horn to his rescue and he was saved from drowning. Keller is only 15 years of age, and is on the tramp.

"Legends of the St. John River" will be the subject for a lecture to be delivered by the Venerable Archdeacon Raymond in Trinity Church school-room this evening at 8 o'clock under the auspices of the Young Men's Association. This subject should be of great interest to New Brunswickers, and all men are cordially invited.

The Evening Chit-Chat

By RUTH CAMERON

There is certain kind of person, the harm done by whom is in exact proportion to his good intentions.

And that is the person who never can see a need or desire without promising to fulfill it, and who, having promised, in nine cases out of ten never seems to think of the process again.

You chance to visit one of them in the spring and admire her huge apple orchard.

"Yes," she says, "we really have more apples than we know what to do with. Now, if you are so fond of them we must send you a box next summer. Which do you prefer, the early ones or the winter apples?"

The early ones? Well, you can expect a box the last of August, then.

And if this is your first experience with her you do expect them. But that's all, of course.

You see a male member of the species taking some pictures, and you ask him to let you take the film when he is through with the process again.

"I have no idea why more of these pickles were not provided, when such complete provision was made for all hospital supplies," says the story teller. "My informant said that one of the highest ladies of the land had visited that ward and asked what the boys most wanted. The answer was, pickled cucumbers. She immediately told them that she would supply that want, and would order a whole barrel of the coveted delicacies from a wholesale grocery house. The pickles never came and the boys were cruelly disappointed. The lady probably forgot her promise, or found it inconvenient to keep it. "Old Mammy isn't much on promises," said one of the wounded soldiers, "but she always fetches the pickles."

The reason people promise favors so readily is, of course, that while the gratitudes they will arouse looms up big in the present, the effort it will cost them is dwarfed in the distance of the future.

The impulse to do a kind thing, sometime in the future is usually ten times as strong as the impulse to do kind things right now.

But while the latter is an impulse to follow recklessly the former is an impulse to think over before you voice it.

They say Hell is paved with good intentions. I fancy some of the curbstones may be made of over ready promises.

You may not be able to do all the kind things for people that you would like to do, but you surely can avoid disappointing people by never promising what you are not absolutely sure you can and will fulfill.

Read Cameron

The Lighter Side of Life

Basil—Mummy, tell us a story about fairies and witches and imps. Mother—There was once a little imp and his name was Basil. Basil—Perhaps you'd better keep to fairies and imps. To a guard at a gate in the Broad Street station, Philadelphia, there recently rushed an excited individual with this query, "Have I time to say good-bye to my wife, who is leaving on this New York train?" "That, sir," responded the guard, with a polite smile, "depends on how long you have been married." Salesman (lately promoted to curio department)—This necktie, madame, was originally made for the Duke of Buckingham, who gave it to Anne of Austria. We're selling a lot of them. Father (left in charge)—No, you can't have any more cake. (Very serious.) Do you know what I shall have to do if you go on making that dreadful noise? Little Girl (sobbing)—Yes. Father—Well, what is it? Little Girl—Give me some more cake! And she was quite right. It was at a little northwestern town in New South Wales. A travelling Englishman stood on the verandah of the public house watching the sun go down across the Black Sod Plains in a splendor of purple and gold. "My Jove!" he exclaimed to an impassive bushman who was lounging against a post. "That is gorgeous, isn't it?" The bushman glanced his head a little and looked critically at the glowing west. "Not bad," he drawled; "not bad—fer a little place like Dogleg."

\$100,000 FOR NEW METHODIST COLLEGE

Generous Gift of Massey Es'q.—Western Ontario Suffers From Electrical Storms.

TORONTO, Ont., March 7.—The Massey estate will give one hundred thousand dollars toward the new college, which the Methodist church has decided to build at Regina. With subscriptions and the guarantee of the Saskatchewan Conference the church school street. The deceased was an elderly lady and the end was not unexpected. She is survived by her husband, two sons, Charles, of Boston, and John R., of St. John, two daughters, Mrs. L. Holland, of Dorchester, Mass., and Mrs. W. X. Chase, of this city, and one brother residing in Cambridge, Mass. She was a native of St. John and has always resided here. She was a life long member of St. Mary's Church and was greatly esteemed by all who knew her. The funeral will be held from her late residence, 1330 tomorrow, Wednesday, afternoon.

MRS. CHARLES BAIRD

After an illness of three weeks, due to hemorrhage of the brain, the death of Mrs. Mary J., wife of Charles Baird, took place last evening at her home, 17 Brunswick street. The deceased was an elderly lady and the end was not unexpected. She is survived by her husband, two sons, Charles, of Boston, and John R., of St. John, two daughters, Mrs. L. Holland, of Dorchester, Mass., and Mrs. W. X. Chase, of this city, and one brother residing in Cambridge, Mass. She was a native of St. John and has always resided here. She was a life long member of St. Mary's Church and was greatly esteemed by all who knew her. The funeral will be held from her late residence, 1330 tomorrow, Wednesday, afternoon.

A COLUMN FOR WOMEN

Fashions and Fads

Because most of the lingerie gowns will be collarless and with short sleeves, comfort will be characteristic of summer wear.

Linen crash for suits has never been cheaper than at present. It comes a yard wide, and is to be had in innumerable shades.

Marquise will be as popular as ever this summer. It may be had plain as well as figured, and in all shades and colors.

It is predicted that the lingerie gown will be more popular than ever this summer. Also, that it will be more elaborate than in the past.

Patent leather slippers are always suitable to go with anything, and may be varied by different colored hose worn with different frocks of the same color.

The return of the blouse and separate skirt restores the sash and belt to favor, and they are found in attractive styles in leather and silk.

The predictions are for a white summer for children. However, colored sashes and colored hair ribbons will be worn with the little white dresses.

The yoke is seen on many of the new wash skirts. It fits snugly over the hips, while the lower part is box-pleated and consequently quite full.

Blues will be favorite shades for the tailor-made gown this spring. When of the darker shades they will be lightened by touches of yellow and white.

The wide Gibson plait continues to give the broad shoulder effect in shirt-waists of the tailor kind.

Large bows and lace, twisted into shape, are being worn as ornaments with the flat collars.

Household Hints

A little grated cheese improves chicken soup.

If a wire clothesline is used, it should be painted.

Boiled meat should always be left in its own liquor to cool.

If lemons are peeled before squeezing, more juice may be had.

Seeded raisins, cut in half, will help an apple and nut salad.

In making a French dressing, use twice as much oil as vinegar.

Putting vegetables to cook in too hot water destroys their flavor.

A lay leaf added to a plain tomato soup will give it a pleasant flavor.

Iron napkins first on the wrong side, and then on the right, until perfectly dry.

Linamples leather should frequently be washed if silver is to be kept bright.

Rubbing spirits of camphor on the lips morning and night will give relief from cold sores.

Laces, embroideries and all kinds of braided work are best ironed over a flat surface.

When frying mush dip the slices first in white of egg. This will make the mush wide, with 3 yards of heading, 2 1/2 yards of ribbon, 3/4 yards of insertion and 3/4 yards of edging.

Price of pattern, 10 cents.

LADIES' NIGHT GOWN, Paris Pattern No. 3025. All Seams Allowed.

There are few women or girls who do not delight in the making of fine lingerie. This dainty gown is simply shaped and slips on easily over the head. It may be made as elaborate as one pleases by the addition of the embroidery and lace, or it may be made up entirely plain, just a row of ribbon heading at the neck edge to regulate the fullness. Cambric, muslin, raincoat and batiste are all used in the making of underwear. The pattern is in four sizes—32 to 44 inches bust measure. For 36-inch bust the night gown will require 5 1/2 yards of material 28 inches wide, or 4 1/2 yards of 36 inches wide, with 3 yards of heading, 2 1/2 yards of ribbon, 3/4 yards of insertion and 3/4 yards of edging.

Price of pattern, 10 cents.

JEFFRIES WILL TRAIN

NEAR SANTA CRUZ

Will Establish a Camp in the Woods—Hard at Work Now.

LOS ANGELES, March 8.—Jim Jeffries will train for his fight with Jack Johnson at a resort in the mountains near Santa Cruz, where a camp will be established April 1. This announcement was made last night by Sam Berger shortly after his arrival here for a conference with the fighter. Jeffries will leave here tomorrow for a ten days' hunting trip in the Tehachapi Mountains. After today he will do no more regular training until he goes into camp. Jeffries yesterday did eight miles of road work running three miles at full speed without apparent effort. Berger says that Jim Corbett and Frank Gotch will join Jeffries at the Santa Cruz camp June 1st. Until then he will be assisted by Roger Cornell, of

N. Y.'S "SKYSCRAPER CHURCH"

Novel Architectural Scheme in New Fifth Avenue Edifice.

NEW YORK, March 7.—In the new Fifth Avenue Baptist Church, known as "Rockefeller Church," as it is generally known, New York is to have a modern skyscraper edifice, which preserves the spirit of church architecture. A peculiar problem, confronts the architect of the modern city church. In order to economize land, or to prevent a church from being dwarfed among high buildings, an architect must build upward, much as in the case of office buildings or hotels. The varied activities of the up-to-date church, again, demand greatly increased floor space and a multiplication of offices and halls, all of which must be combined under a single roof, without of course losing the general spirit of ecclesiastical architecture.

The new Fifth Avenue "Rockefeller" church will occupy the site of the present edifice on the south side of Forty-sixth street, west of Fifth Avenue. The lot is 100 feet square, a very restricted area for so important an edifice. The architect, W. H. Bosworth, has succeeded so well in arranging its proportions, however, and in breaking up the facade, that the height is very deceptive. The Forty-sixth street front will be carried out in a light stone, with two shades of marble. The feature of the facade will be a large gable with rows of arches resting on a series of slender columns. Three large arched windows will light the main auditorium. The slender columns carry the eye from base to the decorations at the upper roof line, and decide one as to the actual height of the building. The building is in the Italian style of architecture in vogue in Pisa in the tenth century. The church will cost \$200,000.

The main auditorium will occupy practically the entire first floor and will have a ceiling nearly seventy feet in height. Above this will be three floors, while the roof will be utilized as a Summer Garden and playground. The upper floors will be reached by electric elevators at the front of the building. Beneath the main auditorium there will be a basement and under this a sub-basement for the machinery used for heating, lighting, ventilation and operating the elevators. The method of ventilating the new church is unique. Fresh air, heated to the proper temperature, will be forced through openings in the ceiling, while the vitiated air will be drawn off under the seats. This is a reversal of the methods followed in some halls and theatres of forcing the heated air upward under the seat. It is believed that the great auditorium will be draughtless. One of the novelties of the furniture of the auditorium will be the special acoustic apparatus in the seats. Above the ceiling of the church proper will be found the school floor and above this in turn the classroom floor and the church Sunday school floor. A complete flat for the use of the janitor will be located on the top floor. The

arrangement of the various floors has been worked out in great detail. In the auditorium section there will be a pastor's study, an usher's room and the choir and organ loft, with other retiring rooms. The floor above, to be known as the classroom floor, will have a large room especially equipped for the young men's Bible class. This will connect directly with a large parlor, so that practically the entire floor may be thrown into one room. The serving room on the floor above will be one of the most novel features of the church. The equipment makes it possible to serve dinner to 200 persons in this room. A library and a room for the trustees of the church will be located on the mezzanine floor above.

The upper floors of the new church suggest a modern office building. The immense activity of this church, its charitable work, and business interest will require a surprising number of offices and assembly rooms of all kinds. The electric elevators will be in use every day and all day. A special telephone central will be required to attend to the several branch wires running throughout the building. It is prophesied by some that New York with its ever increasing population, will be forced to resort to skyscraper churches, as it has come to adopt skyscraper office buildings and hotels, and that the Fifth Avenue Baptist church is a type of the New York church of the future.

YOUR GROCER SELLS IT

PROHIBITION IN THE ISLAND PROVINCE

Tendency is Towards Greater Strictness

Proposal That Government Shall Import and Sell Liquor Housed for Medical Purposes.

CHARLOTTETOWN, P. E. I., March 8.—Although the Prohibition Act on Prince Edward Island is being adversely criticized by the opponents of the Scott bill, now before the Senate, this act is still strongly supported by the majority of the people of this province. There has not been even a whisper of a movement to repeal it. Both political parties know that it means political death to do so. In fact the Temperance Alliance is seeking to have the measure strengthened. Complaints have been made that the druggists and vendors are so anxious for the privileges given them under the act, that it is likely the Legislature will be asked to pass some remedial measure. A number of plans are proposed, the principal being to have the whole business placed under the control of a commissioner, who shall be under bonds to the Government and receive a salary. It will be the business of this commissioner to import all liquors required for medicinal, sacramental and mechanical purposes, to appoint the vendors, supply them with liquors and see that they are legally sold, and that the vendors keep a complete register of all sales, and of all certificates, showing the details. According to this scheme, the commissioners and vendors will have no share whatever in the profits of the business, which are to be handed over to the Government. The Alliance also asks that druggists be allowed to sell pure alcohol only. These propositions, however, are still in the air, having not yet been embodied in a bill. At present Rev. H. E. Thomas, pastor of the Methodist Church in this city, is on a delegation to Ottawa, in connection with the Scott bill, prohibiting importation of liquors, from outside points, into non-prohibition counties or provinces. A similar measure had been passed by the local Legislature last year but this session the Minister of Justice reported to the House that it was ultra vires leaving the question of its validity to be determined by the courts. This bill, of course, is strongly supported by the Alliance. It has clauses permitting importation for personal use of liquor in one's household, each shipment being limited to five gallons. Importation for any purpose is prohibited within thirty days of an election or by anyone convicted within five years of violation of the Prohibition Act.

Mr. Thomas, who is President of the Alliance, in referring to the conditions in his address at the annual meeting, said that after having lived under several forms of license, under Scott Act and local option, he had never known any city so sober as that of Charlottetown. "I have statistics to prove it," said the reverend gentleman.

REBEKAH OFFICERS ON TOUR IN NOVA SCOTIA

Miss H. Smith, of St. John, and Others at Truro Last Night—Pleasant and Instructive Gathering.

TRURO, N. S., March 8.—Miss Harriet Smith of St. John, president of the Rebekah Assembly, I. O. O. F.; Miss Mary Essory of Charlottetown, vice-president; Miss Scollard of Shubenacadie, deputy president of this district; Mrs. Bayers of Halifax, junior past president; and Mrs. MacDowell of Truro, preceding past president, visited the Diamond Rebekah Lodge, Truro, last night. The visit was official, Miss Smith being on a tour of the lodges in Nova Scotia. The members gave the visiting party a most hearty fraternal welcome and the visitors made most instructive as well as complimentary addresses in reply to the speech of welcome from the presiding noble grand. A number of brothers, including Past Grand Master Walker, were also included in the speech making. Refreshments were served in the dining room of Phoenix

Lodge. On Saturday night President Smith and Vice-President Essory visited the Rebekah Lodge at Shubenacadie and were pleasantly welcomed.

THOMAS TO GO IN BY ACCLAMATION

CROCKET, OF YORK, HAS IMAGINATION

FREDERICTON, N.B., March 7.—Today was nomination day for mayor and aldermen of the city. Up to a late hour this evening no opposition has come forward to Mr. C. H. Thomas as mayor, and it is generally conceded he will be elected by acclamation. In all of the wards of the city there are full tickets nominated. In Wellington, H. T. Baird and ex-Ald. Moses Mitchell, Ald. Hooper and Ald. Ryan, St. Ann's, Ex-Ald. Woodall, ex-Ald. Yarrow, Ald. Kitchen, and Ald. Moore, Carleton, Ex-Ald. Walker, H. E. Harrison, Ald. Hurchill, P. J. Farrell, Queen's ward, D. J. Shea, W. J. Osborne, Ald. Jewett, Daniel Elliott, King's ward, N. Ward, W. G. Clark, Geo. Wilkes, Ald. Calder, C. W. Whelpley.

OTTAWA, March 7.—

The common sense of the bill today, Mr. Lachance (Quebec Centre) gave general support to the bill. He proclaimed himself a believer in ultimate independence of Canada. Mr. Perley and Mr. Crockett opposed the bill on the usual opposition grounds. The latter maintained that it was a covert step on the part of Sir Wilfrid Laurier towards separation from the mother land and his feared that under the provisions vested under the bill in the governor general Sir Wilfrid might possibly send Canada's navy to the assistance of France or even Germany.

OTTAWA, March 7.—

OTTAWA, March 7.—

Ontario main estimates for 1911 tabled in the house by Provincial Treasurer C. J. Matheson this afternoon are considerably larger this year, although the total, including supplementary estimates that will follow next year will show little increase in expenditure. The total is about \$7,825,000. Three important items are those providing for the construction of a new provincial reformatory near Guelph, for a new government house, and for the construction of an additional wing to the parliament building. The sums required for prison and government house will, according to Hon. Col. Matheson, be met from provincial surplus, but these amounts are more in the nature of a loan than expenditure since the sale of the present central prison and government house properties will return to the treasury amounts expended.

OTTAWA, March 7.—

A letter received today from Hon. Mr. Brodeur who is now at Pinehurst, South Carolina, states that he is rapidly convalescing from his serious illness of the past two months.

MONTREAL, March 7.—

The ice moved here today in the harbor and with the river open from Three Rivers down it looks as if navigation will open in the first week of April.

ACCIDENTS WILL HAPPEN!

Zam-Buk

The finest "first aid" is Zam-Buk for many reasons. It is antiseptic—kills the poison in any wound. It ensures any wound or skin injury, or disease against poison-germs in the air which are always ready to enter a sore place and set up poisoning and putrefactive change. Immediately they enter Zam-Buk they are instantly killed. While certain ingredients in Zam-Buk are thus protecting you against external dangers, the rich healing herbal essences in the balm penetrate the tissue, stimulate the cells, and bring about perfect healing. Working like it! Watch it work!

PROOF FROM THE HOMES.

Mrs. Halliday, of Worcester, Ont., says: "I have found Zam-Buk most beneficial in every case. I have used it for cuts, sores, and various skin diseases, and it has proved effective in every case. I would not be without a box of Zam-Buk in the house in case of emergency, and I recommend all mothers to have it."

Mrs. H. B. Levy, of Hackett's Cove, N.S., says: "I have found Zam-Buk most beneficial in every case. I have used it for cuts, sores, and various skin diseases, and it has proved effective in every case. I would not be without a box of Zam-Buk in the house in case of emergency, and I recommend all mothers to have it."

FIVE CENT PIECE MAY BE LARGER

Movement Afoot to Substitute Nickel for Silver

The Present Coin so Small as to be Almost a Nuisance—Seeking the Government Ear.

TORONTO, March 5.—The elusive little Canadian five cent piece, the least of the United States visitors to Canada, is doomed if many geologists, metallurgists and mining men have their way. It is the nickel, the adoption of a nickel coin worth the same amount of money would be an improvement. France, and other European countries have adopted nickel for coinage purposes, and why not Canada? The nickel is a characteristic metal and where abundant it is well adapted for the purpose. The nickel coin would be a much better coin than the present Canadian nickel, which is a mixture of nickel and copper. The nickel coin would be a much better coin than the present Canadian nickel, which is a mixture of nickel and copper.

NICKEL FOR COINAGE

Dr. W. G. Miller, Provincial Geologist and expert on the Canadian Mining Institute, is an enthusiastic advocate of the superiority of nickel for coinage purposes. In his presidential address he made the following reference to the matter: Heretofore the Dominion mint at Ottawa has been turning out copper and silver coins and British sovereigns. Now a nickel coin has been used by several European countries for coinage and found to be well adapted for the purpose. The present Canadian nickel is the smallest coin in the current circulation. It is also, perhaps, the most handled, and its size makes the handling of it extremely awkward. It is so near the size of a cent piece that it is not an easy matter to distinguish the two, unless by careful scrutiny.

CAN BE STAMPED

"Pure nickel can be stamped now," Dr. Miller stated, "an important step in the use of it for coinage. It wears hard and would be the size of a ten and a twenty-five cent piece, and it would be more easily distinguishable. The United States nickel wears better than copper and nickel amalgamated. The pure nickel coin is superior to the amalgamated nickel coin. It is not as heavy as silver. The present nickel is about the ratio of one to two. Silver is of great deal more value, and the question is, an ounce being worth forty cents.

WILL IT BE FAVORED?

The Federal Government has been impressed by metallurgists and others with the desirability of having a real nickel five cent piece coined in Canada. Nothing has been done yet, but the disciples of the "real nickel" are as enthusiastic as ever and expect that the question will be taken up seriously in the near future. Canada produces sixty-five per cent of the world's supply of nickel. New Caledonia being the closest competitor of the Dominion. It has been styled "Canada's nickel" and its value is increasing as its usefulness becomes more widespread. Many residents indicated their interest in the general masses, favor such an innovation. Certainly the visitor from across the line would be greatly relieved when he came to Canada for a business or pleasure visit to find that the "national little Canadian nickel" had been passed up, and a real nickel coin, net the greasy, half nickel, half copper five cent piece of Uncle Sam's domain, substituted. Advocates of the new coin are expecting a general crusade in its favor in the course of a few years. When once adopted, they contend, it will be a widespread favorite, even among street railway conductors, who will then be able to distinguish the cents more readily, though the faint mouth of the fare box would have to be enlarged.

REMAINS DISCOVERED

HORRIBLY MUTILATED

Young Farmer Killed on C. P. R. Tracks Near the Border—Murder Suspected

RICHMOND, Vt., March 7.—The frightfully mutilated body of Albert Morsay, a young farmer, was today found scattered along the tracks of the Canadian Pacific R. R. on both sides of the international boundary, about one mile north of here. The severance of the head, the two legs, and one arm are not such as to preclude the possibility of the body having been thrown by a swiftly passing train. Just the finding near the body of a blood-stained axe and the presence in the abdomen of a deep wound such as might be caused by an axe cut, indicated murder. Investigation is to be held to-morrow by a coroner. The body of the victim is expected to be held on the question of whether the authorities of the Canadian province of Quebec or of this state has jurisdiction in the matter.

LUCKY MR. MANN

TORONTO, March 7.—D. D. Mann of the Canadian Northern has secured a block of land in British Columbia said to be worth twenty million dollars. Mineral deposits exist on the property.

MacGURDY CLIPS AERIAL RECORDS

With Baddeck No. 2 He Remains in Air Half an Hour

Flights Accomplished With New Radiator on Machine—Earl Gray Interested.

BADDECK, N. S., Mar. 7.—All Canadian aviation records were broken today. Droning over the ice on the Bras d'Or Lakes started early this morning. About 7:15 a. m. J. A. D. MacGurdy took his seat at the steering wheel on Baddeck No. 2, accompanied by Fred W. Baldwin as passenger. The motor was started and after a run of nearly seventy-five to a hundred yards the machine took to the air, carrying the aviators with the grace of a bird. Mr. MacGurdy kept at an elevation of from six to eight feet from the ice, circled the bay for about seven minutes and alighted with ease. Then they made two more successful flights together of from four to six minutes duration.

This is the first time a passenger has been carried on any of the machines here. Change of radiators was then made and Mr. MacGurdy again took his seat and flew to twenty feet for sixteen minutes and alighted. Finding the motor cool and everything in good shape, Mr. MacGurdy, seating himself on the power, started the engine, and by remaining in the air for half an hour, at which time, as pre-arranged, he was to receive a signal to come down. These two flights were accomplished with the Canadian Aerodrome Company's new radiator on the machine, which is built on the same curves as the machine and of unique construction. Everything came off without a hitch. Mr. MacGurdy says he could have gone on in this flight for an indefinite time.

EXHIBITION PRIZES VASTLY INCREASED

From 50 to 125 Per Cent Greater—Horses, Cattle and Agricultural Products Apportioned More Money

The Dominion exhibition prize list in the hands of the printers and is to be issued in a short time. In the meantime there is naturally a great deal of interest among intending exhibitors to know what extent the various awards will be increased over former prize monies. It is a trifling matter to know, but the following outline of the chief sections of the list may convey some idea.

More than twice the 1908 appropriation will be paid in prizes for standard bred horses. A slightly competitive list is therefore anticipated.

OPERATION

HER OWN CHANCE

Was Cured by Lydia E. Pinkham's Vegetable Compound

Lindsay, Ont.—"I think it is no more than right for me to thank Mrs. Pinkham for what her kind advice and Lydia E. Pinkham's Vegetable Compound has done for me. When I wrote to her some time ago I was a very sick woman, suffering from female troubles. I had inflammation of the female organs, and could not stand or walk any distance. At last I was confined to my bed, and the doctor said I would never get up again. I had to go through an operation, but this I refused to do. A friend advised Lydia E. Pinkham's Vegetable Compound, and now, after using three bottles of it, I feel like a new woman. I most heartily recommend this medicine to all women who suffer with female troubles. I have also taken Lydia E. Pinkham's Liver Pills and think they are fine."—Mrs. FRANK ESTES, Lindsay, Ontario.

We cannot understand why women will take chances with an operation or the standard remedy for female ills, and has cured thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, indigestion, and nervous prostration.

Chamberlain's Cough Remedy

WILL CURE Your Cold. Try It

The uniform success that has attended the use of this remedy in the cure of bad colds has made it one of the most popular medicines in use. It can always be depended upon to effect a quick cure and is pleasant to take. It contains no opium or other narcotic, and may be given as confidently to a child as to an adult. Price 25 cents. Large size 50 cents.

MR. KNOX, JUNIOR, WEUS SHOP GIRL

Son of U. S. Secretary of State Principal in Romance.

PROVIDENCE, R. I., March 7.—Wearing a broad wedding band of gold and with a large diamond engagement ring sparkling upon her left hand, Miss May Boler, 21 years old, a former shop girl of this city, to-night coyly claimed Finland as her bridegroom. This is the first time a passenger has been carried on any of the machines here.

LOCAL NEWS

The Irish Literary and A. O. H. teams will bowl a postponed match tonight.

Pidgeon's Rubber Prices: Child's, 4c; Girl's, 4c; Women's, 5c; Boys', 8c; Men's, 8c. Match us if you can. Corner Main and Bridge Sts.

The meeting of the managing committee of the Carleton Cornet Band will be held at seven o'clock this evening.

The regular meeting of the Royal Arcanum will meet in Oddfellows' Hall tonight. Several prominent citizens will be initiated.

The effect of the recent evangelistic campaign is being felt in the suburbs. Special meetings are to be conducted at Brookville this week, the first service being held this evening. Rev. Mr. Champion will address the meeting.

The first of a series of five lectures on Partnership and Joint Stock Companies will be given by J. B. M. Baxter, Esq., in the Y. M. C. A. at 7:30 this evening. The lectures are open to all men interested whether members of the association or not.

Sgt. Campbell has reported the following for driving vehicles without licenses:—Fred Galbraith, John Sands, Howard H. Crabbe, Wm. Holloway, Edward P. Sprague, Hugh Sands, Otis London, Alfred Kierstead and Edward Driscoll.

The regular monthly meeting of No. 1 Salvage Corps was held last night when only regular business was transacted. After the business of the meeting the members were entertained by the four foremen to refreshments.

The Pickford and Black liner *Dahome*, Capt. Gust, arrived in port last night from the West Indies with about 1,500 tons of general cargo and twenty-five passengers. The ship docked this morning and will sail for Halifax about Thursday with a thousand tons of cargo. The *Dahome* had a fairly good voyage from Bermuda.

As the result of the heavy rains yesterday the ice in the river is considerably weakened and today quite a large quantity of floating ice was seen in the river at Indian Point. The ice in bad condition with "clear spaces showing" and residents along the banks are expecting the river to open at a rather early date this year.

BOARD OF TRADE URGES WIDER TAX EXEMPTION

Draft of Bill Sent to Common Council for Consideration—Too Late for Meeting.

A plan to extend the limits of tax exemption on industries in the city is being urged by the Board of Trade. A sub-committee of the Board has been working on the scheme for some time and have recently completed the draft of a bill. The draft was sent with a communication to the Common Council with the intention that it should be taken up at the monthly meeting yesterday. Through some delay in the mails it did not reach City Hall until this morning and is too late.

The bill provides for extensive exemption on new industries and an increase in the exemption on existing non-competitive industries, and is desired by the Board as an inducement to bring their campaign for new industries. The Board requests the Council to give the matter their consideration and to lay the bill before the Legislature if it meets with their approval. It is possible that the Council may deal with the matter at a special meeting during the week.

THOUSANDS COMING IN THE NEXT FEW WEEKS

Hesperian Landed Her Passengers This Morning—Donaldson Liner Will Arrive Tonight.

After a tempestuous trip from Liverpool, Allan Liner *Hesperian* docked at Sand Point at 8:45 o'clock this morning. The steamer reached port yesterday morning, but the strong winds prevented her from docking.

The passengers were unable to remain in dock during the nine days of the passage. On the second day out Patrick Doyle, of Dublin, died from heart failure. The man was forty years of age and his death was quite sudden. He had intended to visit his brother in Toronto. Doyle's body was buried at sea.

The Hesperian brought 925 passengers from Liverpool. There were ten saloons, 156 second cabin and 762 steerage. Of this number, 509 came to St. John. The passengers went forward today on special trains. Most of them were bound for the west.

Donaldson Liner *Lakonia* shifted over from McLeod's wharf to Sand Point at 11 o'clock this morning.

The Allan Liner *Virginian*, which will be due here on Saturday, has 1499 passengers on board.

Donaldson Liner *Athenia* will reach port this evening between eight and ten o'clock from Glasgow. The steamer has over 300 passengers on board.

Steamship officials say that incoming steamers will bring several thousands of passengers to St. John during the next few weeks.

WHOLESALE GROCERS WELCOME DECISION

Glad to Have Case Against Dominion Guild Settled Favorably But Do Not Expect Much Effect on Local Conditions.

Wholesale grocers in this city received with satisfaction the news of the acquittal of the Dominion Wholesale Grocers' Guild, who were charged with conspiring in restraint of trade. The local guild is affiliated with the Dominion organization, and they would probably have felt the effects of an adverse decision. As it is the situation remains unchanged except that they now know where they stand, and will feel greater freedom in conducting the activities of the guild.

Speaking to the Star today G. E. Harbour of the G. E. Harbour Co., Ltd., said that he did not think that the decision would materially affect the local guild or lead to any extension of their activities, but that it was a matter of satisfaction to have the case settled. The guild concerns itself chiefly with a few staple articles which formerly were handled on a very slight margin or at a loss. They endeavor to have the manufacturers fix a list price and adhere to it so as to make competition more fair. The guild itself, he said, did not fix prices.

DON'T WANT THE CITY TO APPOINT THE CHIEF

Moral Reform Council Will Pass Resolution Opposing the Scheme—Formation of Local Councils.

The Moral and Social Reform Council of New Brunswick is meeting in annual session in the Y. M. C. A. building this afternoon. The meeting was called to order at 2:30 o'clock with Rev. A. A. Graham in the chair.

The programme for the meeting is an important one. Many matters of interest were dealt with.

The council will draft a resolution expressing its opinion on the proposed bill, which has been introduced in the legislature vesting the appointment of the chief of police in the city governments. The provincial government now controls the appointment, and the reform council is said to be decidedly against the change.

Rev. Mr. Graham, speaking of the matter this morning, said that the change is contrary to the principles of law enforcement. The provincial government controlled the appointment. The council favor the organization of local branches. It is quite likely that steps will be taken to complete the formation of these branch councils.

The annual reports of the executive and of the treasurer will be presented to the meeting. The election of officers will also take place.

REPORT OF TOBIQUE DAM COMMITTEE ADOPTED

At Meeting of Council of Board of Trade This Morning—Will Oppose Project.

The report of the Tobique Dam Committee was adopted by the Council of the Board of Trade this morning after consideration and discussion, which occupied two mornings. Copies of the report will be sent to the local members and the Board will oppose the construction of the dam when the matter is taken up at Fredericton. The report was drawn after a very careful investigation of the subject and it is hardly likely in the face of the report that the project will be put through.

PERSONAL

F. R. Taylor returned to the city this morning on the Boston express.

R. L. Graham of Halifax is in the city.

A. B. Allan of Glasgow was in the city today.

Mrs. A. B. Kitchen and Mrs. J. Frank VonBuskirk are at the Royal.

Miss Evelyn Driscoll of West St. John will leave on the Empress of Britain on Friday for Liverpool, where she will visit her sister. It is learned that Miss Driscoll will be the principal in a happy event, which will take place at Belfast. The groom will be Captain Finley of the Alcides. Miss Driscoll's sister is the wife of a well known Battle line captain.

To the Electors of St. John:

Ladies and Gentlemen:

Notwithstanding the false reports being circulated, I will be a candidate for the office of Mayor, at the civic election to be held in April. Several public meetings in the interest of civic reform will be held before nomination, and the public are invited to be present and discuss civic problems. It is earnestly hoped that the ratepayers will awake to the necessity of strong, earnest and united effort to better the affairs of the city.
