Introduction.

KING'S COLLEGE was founded A. D. 1789, by an Act of the Provincial Legislature, chiefly through the exertions of the Right Reverend Charles Inglis, D. D., first Bishop of Nova Scotia. For this foundation funds were granted by the Provincial Legislature, and subsequently by the British Government.

By the Royal Charter granted in 1802, all the privileges of a University were conferred on King's College, which thus became the first University of British origin established in Canada.

A Provincial Act incorporating the Governors of King's College, and annulling the Act of 1789, was passed April 4th, 1853. It provides that the Royal Charter of Incorporation shall not be affected by it further than is necessary to give effect to its own enactments.

The Patron of the University is the Archbishop of Canterbury, to whose approval all "Statutes, Rules and Ordinances" of the Board of Governors are subject by resolution of the Board of Governors recorded in the Statutes of the University.

King's College is open to students of all denominations, and imposes no religious test either on entrance or on graduation in any faculty, excepting that of Divinity.

The University confers degrees in Arts, Divinity, Law, Engineering, Science, and Medicine. The School of Law, situated in St. John, N. B., was established in 1892.

Candidates for Matriculation may now be examined at distant centres under special regulations, which will be found in the Calendar.

The aggregate outlay necessary for the three years' residence and study qualifying for a degree will, of course, depend much

upon the tastes and economy of the student, but may be estimated at about \$250 per year. The mere money payment demanded need never, however, exclude a candidate really prepared to benefit by the course of instruction offered, inasmuch as many benefactors of the University possess the right of nomination. Each nominee is exempt from the payment of certain yearly fees, (See Stat. Cap. III, Sec. 2,) besides the fee for a B. A. degree. There being some forty certificates conferring this privilege, it is easy for students to obtain it. If a Divinity scholarship is held besides, nearly the whole cost of education will be covered. The unabridged Calendar supplies all necessary information with regard to these nominations.

Non-resident Undergraduates are admitted to the College Course and Graduations, under regulations which will be found in the Calendar.

The lists of members of the University, winners of Prizes, holders of Nominations, and much other matter are omitted from this Calendar, but will be published again in the full Calendar in 1902.

A general statement of the financial condition of the University is appended.

The examiners for the past Academical year, outside the Faculty, were as follows: *Classics*, the Very Rev. Dean Partridge, D. D.; *Hebrew*, the Venerable Archdeacon Smith, D. D.; *Divinity*, Rev. C. W. Vernon, M. A.

UNIVERSITY OF KING'S COLLEGE, WINDSOR, NOVA SCOTIA.

An Act of Parliament was passed in 1789 for the establishment of "King's College of Nova Scotia," in accordance with the recommendation of a Committee of the House of Assembly, November, 1787. The College was opened in 1790, and a Royal Charter was granted by His Majesty King George III, in 1802.

Examinations and Graduation.

TERMINAL EXAMINATIONS.

Every student is required to undergo an examination at the end of Michaelmas and Easter Terms in all the subjects in which he has attended lectures. Any Professor may, at his discretion, dispense with examination in optional subjects.

Every undergraduate, previous to presenting himself for any Terminal Examination, must obtain from each Professor whose lectures he has attended during the term, a certificate of attendance and good conduct.

No Professor will grant such certificate if more than two absences without leave, during the course of the term, are recorded against the applicant, or if his conduct has been in any way reprehensible.

Such certificate must then be handed in by the Senior of each class to the President, who shall post in the Commons' Hall a list of eligible candidates, previous to the beginning of the examination, and no undergraduate is allowed to present himself at any Terminal Examination unless he has complied with these regulations.

The list of candidates who have passed the Terminal Examination is published in the hall after the final meeting of the College Board for that term. GRADUATION IN ARTS—B. A. DEGREE.

Undergraduates presenting themselves for examination for this degree, are required to produce satisfactory certificates of attendance and conduct during the whole of the three years' course. The certificates must be signed by the various Professors whose courses of Lectures they have attended, or, in case they have not attended the whole course at King's College, they are required to produce similar certificates from the University which they have attended.

The examination is carried on mainly by written questions and answers, but the Examiners at all times have the power of examining *viva voce*.

An Examination for Degrees is held towards the end of Michaelmas and Easter Terms. Students are not permitted to offer themselves for this before their ninth term of residence, except those who intend to offer themselves for Honours, who may be examined in the Ordinary Degree subjects in their seventh term. In such case, the student must pass an examination in the honour subjects chosen by him before being admitted to a degree.

Every candidate for a Degree must give notice in writing, to the President of the University, of his intention to present himself for examination, such notice to contain a list of subjects prepared, and to be sent not later than twenty-one days previous to the date published in the Calendar for the holding of Degree Examination.

Prayers by the Rev. Canon Maynard.

The minutes of last annual meeting, 21st June, 1899, were read and approved.

The minute book of the Board of Governors and statements of the college finances were laid on the table.

Proxies were handed in, examined and reported correct.

The following were duly proposed and elected members of the Association :—

Rev. Dr. R. H. Bullock, Halifax, N. S.

Rev. J. R. DeW. Cowie, Sussex, N. B.

F. T. Handsombody, Windsor, N. S.

Robt. Paulin, Windsor, N. S.

Rev. Geg. D. Harris, Weymouth, N. S.

It was reported that the following gentlemen had been elected members, during the year, by the Executive Committee, under No. 9 of " Rules passed at Different Times " :—

Rev. W. J. Armitage, Halifax, N. S.

Charles Burrill, Weymouth, N. S., (Life member).

The Report of the Executive Committee (including the Treasurer's account) was submitted, considered clause by clause, slightly amended, and adopted as follows :—

REPORT OF THE EXECUTIVE COMMITTEE OF THE ALUMNI.

COLLEGE.

1. The work of the College during the past year has gone on steadily and well, and probably at no period since it was founded, one hundred and ten years ago, has the College been in a greater state of efficiency than at the present time. Yet notwithstanding this, there is no increase in the number of students, and your Committee would draw particular attention this fact.

STUDENTS' EXPENSES.

2. A year ago your Committee pointed out that the charges to resident students were greater than at any other colleges round about, and, although the students' rooms at King's College are greatly superior to those at colleges where the charges are less, there is no doubt that the question of expense keeps away many who would gladly avail themselves of the advantages which the College affords.

FOUR YEARS' COURSE.

3. The proposed four years course, with a shortening of the year as at other colleges, would no doubt be a partial solution of the difficulty; and the Governors still have this matter under consideration.

COLLEGIATE TRAINING OF PUBLIC SCHOOL TEACHERS.

4. Then too we are negatively affected by the fact that scarcely any of the teachers of our public schools and not one of the principals of the County Academies are Graduates of King's College, and naturally the influence of the teacher is brought to bear upon the pupils to induce them to take their college course elsewhere. To remedy this, we would recommend that every possible encouragement be given to intending teachers to take a course at King's College, especially by enabling them to adapt their course for the B. A. degree so as at the same time to qualify for the Grade "A" license, and a corresponding grade in New Brunswick and Prince Edward Island, if found practicable; and in the meantime we would urge upon all friends of the College the duty of doing what they can to make known the advantage which the College offers, and to influence others as far as possible in favour of the College.

CALENDAR.

5. Your Committee would also recommend the issue of the Calendar at an earlier date than at present, if possible, so that prospective students may be able to obtain the information which it supplies in time to assist them in making their plans for the coming year.

COLLEGIATE SCHOOL.

6. We note with pleasure the continued progress of the Collegiate School. The number of pupils is steadily increasing, and the school is generally in a very satisfactory condition.

CHURCH SCHOOL FOR GIRLS.

7. The Church School for Girls sustains well the high reputation it has already won for itself and is in a highly satisfactory state. More than seventy girls have been in attendance during the year. Fourteen girls have gone up for the King's College Local Examination this year—nine for the senior and five for the junior.

SUSTENTATION FUND.

8. The Sustentation Fund Committee has paid in \$100, a donation from Dean Hoffman of New York, who has contributed liberally on former occasions. The amount has been paid to the Governors to be disposed of as they deem best.

TREASURER'S ACCOUNT.

9. The Treasurer's account duly audited, and showing a balance in hand on current account of \$111.27, and investments amounting to \$5,946.33 is submitted herewith.

VACANCIES BY ROTATION.

10. Under Sec. 3, Cap. 66, Acts of 1853, Mr. C. E. W. Dodwell and Rev. Canon Vroom retire from the Board of Governors, and their successors are to be elected at this meeting.

The Vice-President of the Alumni, together with Messrs. W. L. Payzant, W. Bruce Almon, and Maynard Bowman retire under By-law IV, and it devolves on this meeting to fill the vacancies.

The meeting is also to "nominate" five members of the Board of Governors to serve on the Executive Committee of that Board under Sub-Section (b), Section I, of the Constitution of that Committee.

NECROLOGY.

11. Your Committee regret to note the death during the year of the following members of the University:—

REV. STANLEY BOYD,—Matriculated 1866; B. A., 1870; M. A., 1873.

JOHN E. ORAM, M. A.—Hon. 1876.

Halifax, N. S., 25th May, 1900.

R. J. WILSON,
Treasurer of Alumni, K. C. W.

Examined and found correct,

WM. L. PAYZANT, *Auditor*.

Rev. Canon Vroom was re-elected Vice-President of the Alumni for the ensuing two years.

Messrs. Wm. L. Payzant, Dr. W. Bruce Almon, and Maynard Bowman, who retired from the Executive Committee of the Alumni under by-law IV, were re-elected.

Messrs. Charles Burrill, Weymouth, and Robt. Paulin, Windsor, were elected members of the Board of Governors of the College, in place of Mr. C. E. W. Dodwell, and Rev. Canon Vroom, who retire under sec. 3, cap. 66, Acts of 1853.

Messrs. C. S. Wilcox, R. J. Wilson, J. Y. Payzant, R. Paulin and A. DeB. Tremaine, were "nominated" by ballot as members of the Executive Committee of the Board of Governors.

Money votes were passed as follows:—

The Governors,—towards the salary of the Professor of Modern Languages.....	\$300 00
The Secretary, for the past year.....	60 00

The following resolution was adopted:—

Whereas, King's College owes a debt of gratitude, if not its very existence, to the exertions of the Right Rev. John Inglis, D. D., third Bishop of Nova Scotia, who was—to quote the words of the resolution passed after his death, by the Board of Governors—"ever the indefatigable promoter of its interests, the faithful guardian of its trusts, and its warm, active, and zealous friend"; and

Whereas, The said Dr. Inglis was, himself, one of the first Students of the College, and one of its most illustrious members: and

Whereas, No visible memorial of the said Dr. Inglis exists in connection with the College; and

Whereas, A scheme of historical windows for the College Chapel has been approved by the Board of Governors to be filled up as opportunity may arise, as memorials to distinguished members of the College;

Therefore Resolved, That the Alumni recognize the fitness of filling one of the windows of the College Chapel with stained glass, as a memorial to the Right Rev. John Inglis, D. D., and request the President to nominate a small committee to solicit subscriptions for this purpose and to carry out the work, with the sanction of the Board of Discipline of the College.

Canons Vroom and Maynard, and Dr. M. A. B. Smith were nominated by the President as the Committee.

Reference being made to the fact that this (20th June) is the anniversary of the Queen's accession, it was on motion,

Resolved, That a Committee of—be appointed to draft on this the 63rd anniversary of her accession, an humble address to Her Most Gracious Majesty Queen Victoria, recognizing the success of the British arms in South Africa, and Britain's present proud position among the nations, as well as of thankfulness for Her Majesty's long and useful reign : said Committee to act jointly with a Committee from the Board of Governors, should such be appointed.

Very Rev. Dean Partridge, Rev. Canan Vroom, and Rev. Dr. Willets were appointed the Committee.

[At the annual meeting of the Board of Governors in the evening, the resolution of the alumni was endorsed by the Board, who appointed the same Committee to act for them.]

Referring to the question of expenses of students at the college, and the four years course, touched upon in clauses 3 and 4 of the Report of the Executive Committee, which will be under the consideration of the Board of Governors at their annual meeting this evening, it was, on motion,

Resolved, That the members of the alumni would press upon the attention of the Board of Governors, the question of the lessening the expenses of the students of the College, and of the lengthening of the course to four years, with the hope that the Governors will, if possible, carry the proposed arrangement into effect.

Thanks were voted to the D. A. R. for concessions in railway fares to those attending the closing exercises of the educational institutions at Windsor during the week : also to the I. C. R. and other lines of communication, for similar favors.

Adjourned at 5.50 p. m.
