**PROROGATION COMES WITH
FRENCH TREATY HELD UP AND
ALL-RED ROUTE AT STANDSTILL**

Special to The Standard.
Ottawa, Ont., May 19.—Parliament prorogued this afternoon after a sitting in which several interesting developments took place.

First of all Sir Wilfrid Laurier brought down the correspondence with regard to the coming conference on Imperial defence. A perusal of it will show that the Government made an extremely grudging and ungracious reply to the Imperial conference, and that the colonial office with skillful suavity converted a semi-refusal into an acceptance.

Treaty Held.
Further developments were that the Franco-Canadian treaty is further held up, the French Chamber of Deputies having withheld ratification until the wheels of the Allied Redoubt are driving heavily. Early in the hours of last night's protracted sitting, the Government was compelled virtually to apologize for having appointed Mr. J. S. Ewart as legal representative on the Hague Fisheries Arbitration.

Subsidiary Defence Conference.
The correspondence over the subsidiary defence conference is as follows:—
"On March 30th, Earl Grey forwarded to Lord Crewe particulars of the debate on Imperial defence of March 23rd.

On April 28, Lord Crewe acknowledged the despatch and stated that the Imperial Government noted with much satisfaction the action of the Canadian House.

On April 30, Mr. Asquith as president of the Imperial conference sent a message to Sir Wilfrid Laurier. After once more expressing satisfaction he continued: "The Dominion Government proposes that its defence minister should come here at an early date to confer with the Imperial and naval authorities upon technical matters arising upon that resolution. H. M. G. Government have also been recent patriotic proposals made by Australia and New Zealand demanding very cordial and careful consideration, both as to the principle and detail. I desire, therefore, to commend to you the following important suggestion, namely, that a conference of representatives of the self governing dominions convened under the terms of resolution one of the conference of 1907, which provides for such subsidiary conferences, should be held in London early in July. The object of the conference would be to discuss the general questions of naval and military defence of the Empire with special reference to the Canadian resolution and to the proposals from Australia and New Zealand to which I have referred.

"The conference would be merely consultative in character, private, and its deliberations would be assisted by the presence of the members of the committee of Imperial defence, or of other advisers of His Majesty's Government. I am addressing a circular message to the other members of the Imperial conference. I am intimating to the other Prime Ministers represented as in the case of Canada by their ministers of defence or failing them, by some other members of the Government assisted by expert advice.

Lord Crewe's Opinion.
In transmitting this message Lord Crewe added: "I am strongly of opinion that an early confidential ex-

**GOVERNMENT HAS DEFIED PUBLIC OPINION,
BROKEN ALL PROMISES FOR 'HOUSE CLEANING'
AND REFUSED REQUESTS FOR INVESTIGATIONS**

Special to The Standard.
Ottawa, Ont., May 19.—Mr. Borden this afternoon gave out the following interview with regard to the session: "The Government has been upon the defensive throughout the session. Their policy of refusing invitation and defying public opinion has been not only maintained but carried to a more extreme limit than ever before. The 'house cleaning' demanded by important Liberal journals immediately after the general elections has not even been commenced. No river of investigation has been poured through the Augean stables. The Cassels Commission made only a limited inquiry into one department, the government refused our motion to extend that inquiry to other great spending departments of which one at least is in a worse condition than was ever the Department of Marine and Fisheries. Investigation was refused into the St. John harbor dredging scandals, and the Government boldly announced that no attempt would be made to recover the \$35,000 paid out of the public treasury through the contractor for the exercise of political influence. In Great Britain upon the publication of a report such as that of the New Brunswick Central Railway Commission, public opinion would have compelled the immediate retirement of the minister concerned. Here the Government and its organs consider that virulent but ineffectual abuse of the commissioners is a sufficient answer to the charges. They do not even promise an investigation. While clinging to degenerate and unworthy methods of administration the government has made no advance in policy. Rather it has sought to repair its tattered policies of the past, for example by taking power to borrow money for the purpose of loan-

**BY MOST DARING DAYLIGHT
HOLD-UP ROBBERS SECURE
\$1,500 IN EXPRESS OFFICE**

Special to The Standard.
Truro, May 19.—One of the most daring hold-ups in the history of the town took place shortly after one o'clock this afternoon, when two strange men walked into the office of the Canadian Express Company, near the I. R. C. station, and while one covered Clerk Burgess with a revolver, the other went through the safe, taking cash amounting to \$1,500 and everything of value in sight.

The police were with the result that three persons were taken into custody, but all were released on being taken before Burgess, the subject of the hold-up, who declared they were not the men.

Is Not Clear.
However, Burgess is not clear as to the description of the men who went through the safe. He was too intent on watching the muzzle of the gun to take a good look at the customer, but he is quite clear as to the description of the man behind the gun, who was dressed in a faded brown suit.

Three Arrested.
The three men taken into custody were Michael McVarrish, Alexander Morris, and Jallop Smith, the latter belonging to Halifax, but Burgess stated that none of these was the man.

When the men entered the express office, Burgess, the clerk, was washing an ink bottle, the safe, which was open, standing nearby. The first intimation he had of what was going on was when he looked up into the muzzle of a 32 and was told to keep quiet.

The other man then coolly went through the safe, and having finished hurried from the building, the man with the gun continuing to cover the clerk till the robber with the loot was well out of the way.

Near by Burgess was a loaded revolver, but he was too frightened to make a break for it, and also too frightened to seize it and give chase to the man who had been holding him up.

Instead he walked to a door at the esplanade side of the building and called to some men standing before the express office, and asked them to send a cab for P. W. Leaton, the agent, who was at his home on Queen street, taking his noon meal. By this time the robbers were well under cover.

Saw Two Men.
Joseph Johnston says that he saw two men about that time enter Victoria Park, that they passed him, and asked what time it was. For several days past, two men answering the description of the two men have been about town, sleeping in a barn at nights. If these were the two men who committed the crime, they were getting the lay of the land, and they seemed to have studied the situation pretty well, as to time and values.

The express company's officials will not say what the loss is from what can be gleaned in apparently well informed circles, it foots up to \$1,500. The Royal Bank had deposited a package containing \$1,000. Davison Hills, M. L. A. \$100. However or in what way the other \$400 was made up could not be learned.

Detective Hanehan arrived from Halifax by the Maritime express, and is making investigations as to the men who committed the deed made their way to the woods they may continue on through Sheet Harbor and attempt to escape from the country by water.

Word of the hold up at Truro was received by the local police last evening together with a description of the suspects. The authorities here are on the look-out for them. They will have difficulty in passing St. John should they head this way.

**BIG JAM OF
LOGS ON THE
ST. JOHN RIVER**

Fredericton, May 19.—That there is a jam of logs containing about eight million feet at the St. John Lumber Company's sorting booms at Van Buren, is the word that has reached the St. John River Log Driving Company's head offices here.

It is stated that the sorting gaps at Van Buren have not been able to keep pace with the rush of logs.

When the international commission was at Van Buren recently there were about four million feet of logs in the jam, but it is said that since the commissioners' visit the sorting gaps have not at all coped with the run of logs and that daily the jam is increasing in size.

That there must be a big jam of logs up river is evident from the fact that there has been only a small day of logs into the booms for some time past.

The drives on the Lepraux for the Gregory company are making good progress and will likely reach the job in a few days. On the north branch the Hagerman drive consists of 2 1/2 million, while the Gregory drive on the west branch consists of about 3 million feet.

**HAVE GIVEN
UP STRUGGLE
IN TORONTO**

Special to The Standard.
Toronto, Ont., May 19.—After a fight of over two years to establish a nine hour working day the machinists and amalgamated engineers of Toronto have given up the struggle and have given permission to their members to work in any of the machine shops of the city. When the fight was commenced a large number of the small shops conceded the shorter work day, but the big shops resisted the demand of the Union, the trade depression existing at the time, consequently a large number of men were out of employment and when the strikers vacated their positions the unemployed machinists were only too glad to fill their places.

However, declare they have not given up hope of establishing the nine hour day and will wait for a more favorable opportunity to gain that concession for which they have been fighting.

FOR CROPS IN
ONTARIO**

Special to The Standard.
Toronto, May 19.—Hon. James Duff, is pessimistic over Ontario crop conditions.

"Unless we have a good spell of dry warm weather, agricultural conditions this year will be very serious," he said tonight.

"This is the most backward spring in forty years, and only a spell of steady warm and dry weather can save the situation."

Kingston, May 19.—Senator Sullivan is confined to his home here, and is very poor health. He was not able to attend to his sessional duties this year.

LARGE BARN BURNED.
Hartland, N. B., May 19.—Last evening fire destroyed the large barn on Dartus Nixon's farm at Lower Brighton. The building was one of the largest and finest in the county. The loss includes a hog, four huns, and a lot of oats, fifty tons of hay, and totals nearly \$2,000. There was some insurance. A small child, son of G. B. Nixon, the occupant of the premises, innocently set the fire.

**PROVINCIAL SECRETARY HAS
COMPLETED ARRANGEMENTS FOR
SUPPLYING OF NEW TEXT BOOKS**

The Standard learned from Hon. J. K. Flemming, Provincial Secretary, last night that arrangements have been completed whereby the new supply of new school books for the province will be ready long before the opening of the next school term. The entire stock will be in Fredericton by the first of July and there will be no delay in getting the books out to the vendors in the various parts of the province.

The stock includes the geography, health reader, grammar, arithmetic, French reader, and copy book.

A Superior Book.
The grammar is a new book and strongly recommended by the text book committee of the teachers of the province. Notwithstanding that it is much superior to the one in use at present the new grammar will be sold for 25 cents, while the present one costs 35 cents.

The copy book will sell for 3 cents instead of 8, the price at present. The pleath readers will be supplied at a great reduction. The latter are being bought by Messrs. J. and A. McMillan, of St. John. An excellent offer was made to Mr. Flemming in regard to the health readers by an outside firm but the Provincial Secretary finding that the work could be done quite as satisfactorily here, preferred to keep it within the province.

Each of the three parts of the new arithmetic will be sold for 10 cents instead of 15 cents as at present.

A Big Saving.
Mr. Flemming when asked about the arrangements with the vendors said that there will be enough difference between the net cost to the province and the price the vendor asks to pay the vendor his ten per cent. commission. This means that the cost to the province will be very small. In fact all the province will have to pay is the freight on the books going out to the vendor and some incidental expenses connected with the handling of the books at Fredericton.

Mr. Flemming will arrange to have the vendors secure a printed card showing the old cost of the books and the new price.

Treated All Alike.
In making his arrangements with the vendors the Provincial Secretary has not discriminated between Conservatives and Liberals. He has treated all alike. Right in his own town one of his strongest opponents applied for and was given the right to sell the books.

It will be seen by the above quotations that the saving to the province due to the decrease prices of school books will be very large.

UNVEILED**

Petersburg, Va., May 19.—After fighting today over historic roads and battlefields through clouds of choking white dust, President Taft attended the unveiling of a shaft of granite and a heroic figure in bronze placed on the bloody battlefield of Fort Mahone to commemorate the valor and heroism of General John F. Hartranft and the Pennsylvania soldiers of the Third Division of the Ninth Corps of the Union Army.

**ALLAN LINER MONGOLIAN
CAUGHT IN ICE OFF ST. JOHNS;
HALIFAX AGENTS ARE HOPEFUL**

St. John's, Nfld., May 19.—The Allan Line steamer Mongolian, bound from Glasgow and Liverpool for St. John's, Nfld., Halifax, N. S. and Philadelphia, with hundreds of passengers on board was caught in a dangerous ice jam one mile off this city today.

It is feared that if the wind increased before daylight, the Mongolian will be driven ashore and become a total wreck. Should such an accident occur, it is thought that the passengers can escape by walking over the densely packed ice floes.

Rescuer Caught in Ice.
Just returned from the ice-packed waters of Belleisle Strait, where she had been abandoned by her crew and later recovered, the coastal steamer Prospero had been despatched by the agents of the Allan Line here to attempt to reach the Mongolian and take on board the passengers for St. John's, Nfld., Halifax, N. S. and Philadelphia. The little steamer had but just passed the harbor mouth when the ice barrier became impregnable and further passage was arrested. There she kept company during the night with the greater steamer Mongolian which was equally helpless in the unrelenting grip of the surrounding ice.

Mongolian's Trip.
The Mongolian left Glasgow on May 5 and Liverpool a few days later with nearly 600 passengers for this port, Halifax and Philadelphia. She met the first of the great fields of ice yesterday but up to this morning her progress was fairly steady.

With the approach to shore the Mongolian met more strenuous resistance when the narrow harbor of St. John's was sighted, the great steamer forced its way through the ice floes until a position about a mile off the harbor opening had been gained. There she stopped, the power of the engines and the stout hull unable longer to successfully cope with the great irregular stretches of ice.

It is possible that should the steamer be able to back from the ice she may proceed to Halifax and land her passengers.

Built at Glasgow.
The steamer Mongolian was built at Glasgow in 1890 by D. and W. Anderson and Company. Since that time the steamer has been in the service of the Allan Line S. S. Company, Limited, of Glasgow, plying between various ports of Europe and North America. She flies the British flag.

The steamer has a gross tonnage of 4,388 and a net capacity of 3,088 tons. She is 298.2 feet long; she has a breadth of 45 feet and a depth of 34.4 feet. She has a gross tonnage of eight compartments and has two decks. Water is carried as ballast when necessary. Her engines, which are triple expansion, generate a nominal horsepower of 600.

Special to The Standard.
Brookville, Ont., May 19.—Believing that the best way to fight local option, is to live up to the law, the Brookville hotel keepers at a meeting held today, decided to observe the regulations to the letter, and to support the hands of the inspector. No selling will be done during prohibited hours. Bartenders offending will be summarily dismissed.

**FALL RIVER
MILLS TO CUT
WAGES SOON**

Fall River, Mass., May 19.—A reduction amounting to 10 per cent in the pay of thousands of workers in the print cloth mills of Fall River during the six months beginning June 14 is possible, according to an announcement made tonight. Under the sliding scale agreement between the workmen and manufacturers, the margin between the price of cotton and the price of print cloth is figured from time to time and every six months wages are adjusted to correspond with the margin. Tonight the textile council composed of representatives of labor unions made the final report in the margin for the six months ending in June and President James Tansey announced afterward that the margin had fallen to 74.922.

DEFICIT IS \$2,000,000.

Havana, May 19.—The Secretary of Finance, Senor Villegas, said yesterday that the forthcoming budget would reach a total of fully \$20,000,000 leaving a deficit over the regular revenues of \$2,000,000, which, is expected, would be covered by the receipts from the national lottery.

NOTES TO RAISE TOBACCO TAX.

St. Petersburg, May 19.—The Douma yesterday passed the first reading of the bill increasing the excise duty on tobacco.

ST. JOHN THE BAPTISTS BEAT PROGRESSIVE ALL RED AT STADSTADT

In a game which could weather and pasty grounds could not spoil, the St. John the Baptist team downed the Progressive all red team by a score of 7 to 1. The game went four innings and a half.

No Score For Two Innings.

The quality of the ball was highly pleasing to those who witnessed, although the threatening sky kept the attendance down to half of that at the opening game. Although the St. Johns scored a decisive win, they had no cinch on the game until their half of the fourth inning, when they added 4 points to the tally which they had tallied in the first. The A. O. H. run came also in the first inning.

Each Pitcher Batted Heavily.

Each pitcher was batted heavily. McGuigan struck out four men—Quigg, White and T. Toole, Quigg, of the A. O. H. struck out two men—McGuigan and Cregan. McGuigan's best work was done in the second inning, when he struck out the first two men.

Police were called on Asselin placed under arrest, ball being refused.

This morning he was arraigned in the police court, and pleaded not guilty. He was committed until Friday, ball again being refused.

Second Inning—No Score.

The A. O. H. were very short lived in their half of the second. Quigg opened by striking out, and White was handed the same dose. Downing propelled an infield fly into Cregan's glove.

Line Up.

St. J. B.—Cregan, ss; H. Thomas, 1b; H. Howe, 2b; T. Toole, 3b; McGuigan, p; Cregan, c; K. Kelly, cf; Keleher, lf; White, rf; Quigg, p.

London, May 19.—The Westminster authorities have declined permission to place the ashes of George Meredith in the Abbey.

CHANCELLOR EXCHEQUER

No political utterance for many years was awaited with such intense interest as was the British Budget Speech recently delivered by the Right Honorable David Lloyd-George, the Chancellor of the Exchequer.

Continued from page 1.

Mr. Foster observed that the despatch of the Imperial Government and the acquiescence of the Canadian Government, constituted an acceptance.

The French Treaty.

In reply to Mr. Foster, a statement as to the status of the French treaty was made by Mr. Fielding, the Finance Minister said that he had been sent to the Imperial Government for an assurance that the treaty would be ratified by the French Chamber of Deputies.

Mr. Foster asked if in view of the wider range which the affair was assuming any other Ministers would be sent.

Mr. Foster asked if in view of the wider range which the affair was assuming any other Ministers would be sent.

His Devotion Not Wasted.

His devotion was not wasted, for the boy's qualities of brain soon showed themselves. His delight in conflict, in struggle, was manifested equally early with his intelligence.

Mr. Lloyd-George in Parliament.

Entering Parliament at 27, Mr. Lloyd-George became soon a person of note. His ability in debate, his Celtic fervor, his repartee, soon made him a power.

Notice of Meetings.

A Japanese concert which will prove very interesting, is to be held in St. James' church Sunday evening, on Friday, May 21st. Admission of 10c. will be charged.

Elected Delegates.

At a meeting of the congregation of Centenary Church, held last evening, the representatives for the congregation on the quarterly board were elected as follows: Mr. Joseph Allison; Mr. J. A. Sinclair; Mr. W. G. Smith; Dr. G. G. Melvin; Mr. Percy Humphrey; Mr. Thomas Jenkins and Mr. R. P. Pierce.

First Group of Students Arrive Here.

The first group of U. N. B. students to be released for the summer vacation reached the city on last night's Boston train. They are members of the sophomore class, which is the first to complete its examinations.

Trust Board Met.

Sessions of the Trust Board of the Methodist Conference of New Brunswick and P. E. Island, were held in the Exchange street church, on Tuesday and Wednesday afternoons.

Will Enforce Compliance.

Asked as to the probable sequel of the examination and conditions of the sophomore class, which is the first to complete its examinations.

NEW LIFE, NEW ENERGY AND
LARGE INCREASE
MEMBERSHIP
SUBSTANCE OF PLEASING REPORT

The semi-annual meeting in St.
George, N. B., of the Grand Division,
Sons of Temperance, was brought to
a close at noon yesterday. The dele-
gates leaving for their homes in the
various parts of the Province in the
afternoon.
Mr. E. S. Hennigar, G. W. P., Rev.
C. W. Hamilton, Grand Scribe, Rev.
C. C. Flemington, P. G. W. P., R. M. J.
Steeves, of Moncton, Rev. R. H. Stav-
ert of Harcourt, Rev. R. W. Ferguson
of Centreville, Joshua Stark, Grand
Treasurer of St. John and others ar-
rived in the city late yesterday.
Mr. Hennigar talking to the Stand-
ard last night said that the meeting
had been a great success in every
way. The greatest enthusiasm pre-
valled and there was every evidence
of the wonderful growth of the tem-
perance cause throughout the Pro-
vince.
Since January Mr. Hennigar has
been visiting declining lodges. The
result has been new life, new energy
and a largely increased membership.
The Standard learned from some of
the delegates that Mr. Hennigar was
the recipient of many well-earned com-
pliments at the St. George meeting.
His work for the order has been un-
tiring. Mr. Hennigar was asked if his
business would allow him to devote
the greater part of his time to visiting
lodges which are growing less pros-
perous. This he will probably find dif-
ficult to do.

Resolution of Condolence
At yesterday morning's session the
reports of the several committees were
received and adopted. The following
resolution of condolence was submit-
ted by a special committee:
Whereas, since the last regular ses-
sion of the Grand Division, God in His
wise providence has seen fit to re-
move from our midst our highly es-
teemed brother, Mr. Chas. A. Everett,
of St. John. We, the members of the
Grand Division, now in session at St.
George, desire to place on record an
expression of our high appreciation of
the departed.
As a man Mr. Everett was true
and noble, as a friar royal devotee,
and as a member of our order
earnest and faithful, and long will
the memories of him either as a man,
friend or member of our order remain
in the minds of those who had the
pleasure of knowing him.
We also take this opportunity of ex-
tending to the bereaved family our
heartfelt sympathy, but feel that the
human sympathy can avail but little in
times of deep sorrow we would com-
mend them to the comfort and con-
solation of Him who alone knows our
every trial and we trust that He will
fill the place lately made
vacant in their lives.
We further would request the grand
scribe to forward a copy of this reso-
lution to the members of the bereav-
ed family.
Submitted in love, purity and fidel-
ity, Rev. R. H. Stavert, Rev. C. Flem-
ington, M. J. Steeves.
To Aid Monument
The treasurer was empowered by
the Grand Division to pay over to the
committee on the monument to Sir
Leonard Tilley the sum of one hun-
dred dollars, which had been voted in
1898.
A committee was appointed to draw
up a constitution to govern the young
people's societies in New Brunswick.
This work has been carried on under
the constitution of the order in Nova
Scotia.
In an open letter to the Division the
G. S. Y. P. W. makes a strong plea for
greater interest in the temperance
training of young people.
The auditors Mr. M. J. Steeves and
Rev. R. H. Stavert reported that they
had found all the accounts correct.
Following are the encouraging re-
ports read and adopted at the meet-
ing:
Report of G. W. P.
To officers and members of Grand
Division Sons of Temperance of New
Brunswick:
Officers and members:—At the last
annual session of the Grand Division
held in the City of St. John, I had
the honor of being elected Grand
Scribe and in that position as head
of the Order in New Brunswick. It
was with much fear and trembling
that I accepted the office conferred
upon me, I felt the office would de-
mand a lot of attention. Neverthe-
less, it has been my aim and earnest
desire to bestow as much time and
care and energy as possible for the
best interest of our noble Order.
I wish to express my heartfelt gratitude
to the members of the Order for this
mark of esteem and confidence, and
I can assure you there is no office
that could be conferred upon me by
my fellow workers that would be more
highly prized, than the one I now have
the honor to hold.
Therefore I beg leave to submit my
first report to the great Patriarch who
has crowned our efforts in connection
with the temperance cause with at
least a fair measure of success, and
with kindly recognition of the sym-
pathy and co-operation of my
brother officers, particularly that of
the Grand Scribe to whom I am great-
ly indebted. It is not the duty of the
G. W. P. to furnish you with statistics
of the financial and numerical strength
of the Order, no doubt full particu-
lars will be furnished by the G. S.
and G. Treasurer respectively.
I wish to express my belief that the
report of the Grand Scribe will be
both encouraging and gratifying.
Propagation Work.
At a meeting of this committee held
at Petford in December last, the
G. W. P. was requested to take hold
of this part of the work in connection
with organizing new divisions and re-
instating dormant divisions, and de-
voting as much time as possible to the
work, and so commenced on January
first and ended about March 10th,
feeling the responsibility very much,
he entered upon the work, a report
of which will be placed before the
Grand Division. The G. W. P. must
thank the members of the Order for
their very kind help, if it was not for
help rendered the work could not
have been carried on so well.

State of the Order.
Judging from communications re-
ceived from different divisions, I
have good reasons to believe that
the majority of our subordinate di-
visions are in a fairly healthy and
prosperous condition. Some of those
divisions have been in existence for
many years without any interrup-
tions, they never become weary in
well doing, but are holding their own
in numbers and increasing in influ-
ence for good. Upon the whole
our order is advancing, as you will
no doubt learn from the Grand
Scribe's report. It promises well for
the future, and no doubt as in the
past so in the time to come, the
members of our order will be found
occupying very promising positions
into the minds and hearts of the
people, and in moulding the masses
in favor of temperance reform.
Juvenile Work.
The G. S. Y. P. W. will, no doubt,
bring a report of a kindred nature
to this gathering. I would like to say
I am a great believer in training the
young and rising generation up in
the principles of total abstinence,
and by working with them when
they become of an age to enter our
division rooms they will be a great
help to our order, so I trust our sub-
ordinate divisions will take hold of
this important branch.
Deaths.
This Grand Division has been called
upon to mourn the death of one
of the oldest Sons of Temperance in
the province, F. G. W. P. Dr. C. A.
Everett of St. John, who passed
away on last Sunday morning in a
ripe old age. Bro. Everett will be
missed at the sessions of this grand
order, his advice was freely taken
by those in attendance.
In conclusion, I desire to express
my sincere thanks for the very
heartily welcomed and kind words
spoken to me on my official visits,
and the friendly relations existing
between the Grand Officers and my-
self, and the members of the order
generally. Personally I desire to
return my sincere thanks to our
Grand Scribe for the very great help
he has been to me since I took of-
fice. I must say he has been very
prompt in answering all correspon-
dence and has aided me very much.
I trust our meeting together at this
time will be productive of very
much good to the entire order, and
that we may go from here with a
stronger desire to work in the tem-
perance cause.

MESSINA
REFUGEES
WILL RETURN

Rome, May 19.—The Roman Earth-
quake Relief Committee has paid the
last grants to Messina and Reggio
refugees, closed the temporary shel-
ters and wound up its labors. The
committee's balance sheet shows that
it received \$207,765. It spent \$126,
940 for food, clothing, subsidies, me-
dicines and other assistance, and al-
located \$80,000 for building more huts
at Messina. The balance was handed
over to the Central Committee.
A mass despatch from Messina
says there is anxiety there over the
impending return of all refugees from
various towns in Sicily and Italy owing
to the cessation of charitable sup-
port. The population of Messina is
now about 20,000. The returning re-
fugees are estimated to number 15,000.
The total number of huts including
those built by foreigners, is only 6,
255. It is feared that serious riots
will follow the return of the refugees.
A committee is being formed for the
purpose of forcing the Government to
take some action. There are numerous
complaints that the work of subscrip-
tions have been squandered.

I beg leave to report for the first
half of this year that we have now
working in connection with the Grand
Division, six Bands of Hope, one hav-
ing been organized since Grand Divi-
sion at St. George with a membership
of one hundred.
Two or three bands have been dor-
mant during the year but are now
reorganizing for, I trust, more success-
ful work.
Reports from some officers have
been very encouraging but I regret to
say some duplicate letters of notice
I have written recently or sent a print-
ed circular have not condescended to
take the slightest notice of my com-
munications. It is impossible for your G. Supt. Y.
P. work to do the best for the young
when the Subordinate Division Offi-
cers act as if perfectly indifferent to
this momentous work.
Twenty Too Many.
We are pleased to know, however,
that two Subordinate Divisions have
made application for charters, but on
account of the demand of the Consti-
tution, that twenty young people are
necessary for organization, have not
been able to find that number. We
would respectfully ask that measures
be taken to permit of organization
with twelve instead of twenty, when
many a band could be started and
would eventually increase in numbers
as the order became better known.
I have sent circulars to all fifty
five deputies, and written personal let-
ters to all the band superintendents.
Besides this I have sent special let-
ters to all the band superintendents,
for the good of the order which seem
to have been very much appreciated.
I hope with the assistance of band
superintendents and deputies who may
yet see the wisdom of attending to
this duty to have a much more encour-
aging report for the annual meeting of
the Grand Division.
In conclusion may I ask that more
notice be taken of the Young People's
Work in the printed reports, giving
situation where band meets, superin-
tendent's name and present membership.

Grand Scribe's Report.
The report of the Grand Scribe,
Rev. C. W. Hamilton, showed that the
Order in this province is in a most
fourishing condition. The report
stated that the outlook for the pro-
vince for which it stands were never
more cheering.
For the quarter ending December 31
1908, reports from forty-three divisions
were received by the Grand Scribe.
For the quarter ending March 31, 1909
returns from forty-four divisions were
received.
Summary.
During the two quarters mentio-
ned, 589 members were initiated, 15
joined by card, fourteen were reinstat-
ed, making a total of 618 new mem-
bers. During the same period, 90 mem-
bers withdrew, 12 were expelled from
the Order, 140 were suspended, 5 died,
making a total of 247 lost. The net
increase in membership was 371.
A Large Membership.
The report to the National Division
made for the year ending March 31,
1909, showed the number of divisions
to be 54 with a membership of 2201.
This is an increase of sixteen divi-
sions and 84 members. The previous
year there had been a decrease of
eleven in the number of divisions and
of 141 in membership.
Suspended Charters.
Failure to report has caused the sus-
pension of the charters of the follow-
ing divisions: Nelson, No. 99; Camp-
bellton, No. 300; Ever Onward, No.
332; St. George, No. 353; Home Star,
No. 375; Sunbury, No. 385; Loyalist,
No. 431.
New Or Reinstated Divisions.
The following divisions are new or
reinstated: Centreville, No. 289; Cen-
treville, Carleton county; Safe Guard,
No. 58; Pennefield Centre, Charlotte
county; Harbor Light, No. 378; Beaver
Harbor, Charlotte county; Garibaldi,
No. 151; Beacon, Carleton county; Se-
cond Falls, No. 70; Second Falls,
Charlotte county; Lakeside, No. 420;
Sackville, Kings county; Red Granite,
No. 270; St. George, Charlotte county.
The Grand Scribe's report called
attention to the fact that juvenile
work has been neglected to a consider-
able extent. The hope was expressed
that this defect would be remedied.
Death of C. A. Everett.
The report also made feeling re-
ference to the death of Charles A.
Everett, the only member of the Grand
Division who has passed away dur-
ing the year.

Mr. Carvalho, "that seventy years con-

INQUISITIVE PENGUINS.
(London Standard.)
Dr. Lionville, who is with the Char-
cot expedition in a letter to Paris
says: "The Antarctic region is quite
one to be fascinated with these
weird landscapes, where everything
that nature shows is strange and un-
accustomed.
"The animals are prodigiously curi-
ous and the formations of the moun-
tains and glaciers very unexpected.
It is unfortunate that we cannot spend
ten days at this place, 'Deception', so
inaptnly named. The penguins are most
interested in my work. When I turn
over pieces of rock on the shores they
come up to what I am doing,
draw up closer and closer, elbow each
other to see better, peck the pieces
where I am digging and end up by
hustling me. I had to speak very plain-
ly to one this morning and he walked
away limping."
A MUSKOKA QUAKE.
Toronto, May 19.—Hot on the heels
of the recent reports of earthquakes,
and still unlocated seismic distur-
bances, comes the report of an authen-
tic earthquake close at hand, in Mus-
koka. Rev. E. C. Fox, of this city,
treasurer of the Baptist mission board
reports that early yesterday morning
while staying with Mr. Nixon, post-
master at Redwood, on Lake Joseph,
he was awakened from a sound sleep
by the first shock, which displayed it-
self in the form of a tremor and while
fully awake he felt a second shock
much more violent than the first, and
this time proceeding with a wave mo-
tion. Mr. Fox says this shock display-
ed every quality of earthquake he ex-
perienced in Peru over a year ago.

H. H. ROGERS TO HIS HEAD

London, May 19.—The following opinions on the British Budget have been expressed by some of the best-known financiers in the City of London: Lord Swaythling (Liberal) head of the firm of Samuel Montagu & Co. (bankers) "Mr. Lloyd-George has attempted to do too much in one year. If he had moderated this Budget to the extent of two or three millions, he might have taken off some of the rough edges, which are at present somewhat plentiful.

New York, May 19.—H. H. Rogers, the Standard Oil capitalist, died at his residence in this city today. He arose about 6 and about 6.30 he began to feel ill, complaining of numbness and nausea. Before anything could be done he sank and died. He went on Friday last to his country place at Fairhaven, Mass., and returned yesterday.

Paris, May 19.—The trial of James Henry Lemoine, the so-called "diamond maker" on the charge of fraud, preferred by Sir Julius Wernher, of London from whom he got a large sum of money for the establishment of a laboratory where he was to make diamonds through a certain secret process, began today.

Ontario Fruit Crop St. Catharines, Ont., May 19.—As the season advances, the prospects for the Ontario fruit crop are becoming brighter, despite the backward and chilly weather which has prevailed for some weeks.

A Large Dividend New York, May 19.—Central Trust Co. declared a special dividend of 200 cents a share and is expected to raise its capital from \$1,000,000 to \$3,000,000.

The following: Tinker, Sheppard and Evers are of the Champion Chicago Cubs. These three men rank with the best players in the profession and have aided materially in landing three pennants for the team from the Windy City.

BASEBALL NOTES. Roger Bresnahan is playing the game of his life. The veteran is catching, throwing and hitting in great style, and he has lots of rooters in the Hub apparently.

Stem does not show up well as a pinch hitter. But it is hard to expect a man who is kept on the bench to go up once in a week to bat and put it out when the regulars haven't been able to do the same stunt.

Jake Stahl is doing some fine hitting for the Red Sox. The big first baseman has certainly made good this season, and thousands of his Boston adherents are tickled over his great showing.

Frank Connolly, of the New England League staff is to umpire the annual game between the Boston and New York Stock Exchange teams, which takes place on Saturday at the Boston American League grounds.

Secretary Mose, of the New England league has received word that the New Bedford management that there had been an agreement between the club and the Oakland, Cal. club about Player Slattery, who was protested by Lawrence on the grounds that he was on the reserve list of the coast organization.

Burchell had hard luck in the first full game he has essayed to pitch this season. His last appearance was against Cincinnati at the barnstorming tour, and he also got his bumps on that occasion.

TINKER, CHICAGO SHORT STOP

SHEPPARD, CHICAGO LEFT FIELDER

STUHL, CHICAGO SECOND BASEMAN

FREDERICTON TO STRENGTHEN ITS TEAM

The Fredericton Victorias had their first workout on Monday. George Burden was named captain of the team. The team is to be played at first base. Concerning other positions on the team the manager says: "The third base position with the Victorias this year is likely to be filled by the acquisition of Dick Malloy, one of the smoothest infielders ever seen on local diamonds. He will prove a tower of strength and is understood to be favorable to doing all he can to help put the game on its feet again. Either Ernie Boone or George Brogan will be asked to join the pitching staff of the club and other additions will also be made to add to the strength of the team it is said."

APPLEBY WAS BEATEN BY INDIAN

Fred Appleby, the Marathoner, was trimmed at Winnipeg by Acoose, the Indian runner. An account of the race says: Fred Appleby, champion fifteen miler, lost by a lap to Paul Acoose, of Grenfell, Sask., on a track that was eleven laps to the mile in the Arena. The time was 1 hour, 22 minutes and 22 seconds. It was in the seventh and eighth miles that the Indian broke away and made the lap which in the eleventh and remaining miles the Englishman tried in vain to recover. Local records for all intervening distances were shattered. The race on a corral track and a second meeting has been secured by Appleby for May 24.

DECLINE IN YACHTING IN SYDNEY

The yachting season on Sydney Harbor will be in full swing in a very short time. The fleet of the Royal Cape Breton Yacht Club is being prepared for the summer season, and already several of the motor boat fleets have been launched. It would appear from the number of yachts which are offered for sale in the city that interest in this pleasant recreation is on the decline, but it is generally known that this lack of interest in yachting is confined to but a few of the citizens who have contracted the disease, which is aptly termed by a New York paper as automobilousness. It is probable that if sufficient interest can be aroused an effort will be made to have a yacht race on the 24th. The R. C. B. Y. C. will meet shortly to arrange for their summer programme and decide to upon the annual cruise.

MONCTON Y.M.C.A. RACE CALLED OFF

Moncton, N. B., May 19.—The Y. M. C. A.'s annual ten mile road race has been discontinued owing to objections from certain leading contributors to the association who claim that the distance is too great and effects of the race injurious especially to younger athletes. The race was established as an annual affair two years ago, and was for annual competition being conducted by a Montreal firm. This may be handed over to some local organization.

BASEBALL AT CHATHAM

Chatham, N. B., May 19.—Arrangements have been made by the Chatham Stars to have the Richibucto baseball team here on the 24th. The locals have been putting in a lot of hard practice for the past few weeks and a good game is expected.

RECTOR IS NOT ENTERED

Jimmy Rector, Virginia's sprint champion, will not be entered in the intercollegiate meet at Cambridge.

DETROIT DROPS TO THIRD PLACE

American League. Chicago, Ill., May 19.—Boston won the first game of the series from Chicago today by the score of 5 to 2. Steele held the locals to one hit until the ninth inning. Burns pitched his first game for Chicago and made a poor showing. Sullivan and Lord were forced to retire because of split fingers and Lebell was put out for disputing. Score: Chicago... 000010001-233 Boston... 002001200-5110

National League. Boston, Mass., May 19.—Although Manager Bowdler shifted the batting order, Boston could not win from St. Louis today, the visitors scoring a shut-out, 2 to 0, thus taking the entire series of four games. Besides Sallo's pitching, Charles' fielding was a feature. The score: St. Louis... 000100010-210 Boston... 000000000-000

Brooklyn, N. Y., May 19.—Score: Brooklyn... 000002000-270 Philadelphia... 00000100-021

CLIPPERS LIKELY TO ENTER. The Clippers are likely to enter a team in the Fredericton Y. M. C. A. relay race to be run in the Arctic Ring on the evening of Victoria Day. The distance will be a mile with four men to a team. The Victorias with whom the Clippers play a double header ball game on that day will have a strong team entered.

PENDELTON TO RACE CROMWELL. Robert Pendleton and Charlie Cromwell are matched for a five mile race about June 5. The prize will be a medal.

FACTS ABOUT AUSTRALIAN CRICKETERS

The Australians began the first game of their English cricket tour auspiciously, getting Nottingham out in the first inning for 339, of which A. O. Jones, captain, scored 125, not out, playing through the entire innings. The cornstalks hit up 389, including W. W. Armstrong's 106, V. Trumper 94, Bradbury 65, H. Carter 61, and A. Catter 22.

Four of the Australians, Bardsley, Whitty, O'Connor and Ransford, were making their first appearance in England, while Noble was also making his debut as captain and successor in office to Darling.

The 19th Team. The first band of Australian cricketers visited England 31 years ago, and this is the 19th team from those who have played the biggest innings of their careers, 276 and 205, while the pair in partnership added 271 for the second wicket, which is only 27 runs short of the record established by Shrewsbury and William Gunn for Nottingham against Sussex in 1890.

600 WILL COMPETE AT BROOKLINE. (Winnipeg Commercial) Wheat appeared above ground in many places and conditions very favorable for the young plant. It will be interesting to those who are watching the crop to know that it was not 15th two years ago that it became general. There is a difference between starting on May and finishing on that date.

Close to 600 entries have been received for the annual New England Intercollegiate which takes place on Technology Field, Brookline, on Friday and Saturday of this week.

Bowdoin Leads. Bowdoin, the winner of the Maine Intercollegiate last Saturday, has furnished the greatest number of entries of any of the colleges, with a total of 24. M. I. T. comes second with 79, followed by Amherst with 77 and Dartmouth with 74.

Dartmouth Picked. Dartmouth looks to be the winner of the big meet but victory will not come to the Hanover team without a hard struggle with Amherst, Tech, Williams Bowdoin and Brown.

Jim Delahanty, of Washington, will be allowed to play in Cleveland this year, Ben Johnson having lifted the suspension which affected Jim's playing in his home city. Johnson says he believes that Delahanty has been punished enough already.

JOE GANS IS ANGRY BECAUSE HE IS CALLED CONSUMPTIVE

Joe Gans, former lightweight champion, is highly incensed at the report crediting him with being a tubercular victim. The "Old Master" stated that he was in good health and that he contemplates obtaining a physician's certificate to that effect and having it published broadcast. After the Gans-White bout a story was current to the effect that the negro was a victim of the "white plague." It was said that he spat blood during the contest and that the poor fight put up by the former champion lent color to the rumor.

A GREAT ENTRY LIST FOR THE JULY RACES AT FREDERICTON. Special to The Standard. Fredericton, N. B., May 19.—A meeting of the directors of the Fredericton Park Association was held here this evening when the report of Secretary Black showed that the four early closing stake events for races here on June 30th, July 1st and 2nd, had filled well with a most generous list of nominations which were received for the opening meeting of the Maritime Circuit. The stake events were free-for-all, and 227 for trotters and pacers and 234 straight trot, each worth \$400, and conditions called for six to enter and five to start.

Second Payments June 1. Second payments in stakes will be due June 1, and entries in class races, 215, 217, and 219 for trotters and pacers will close June 15, purses being \$300 each.

Boxing Notes. The Sullivan twins have reached San Rafael, Cal., where they will train. Mike is matched with Kyle Whitney at Parrsboro, N. S., on the 24th. These two promising athletes who will run under the colors of the Y. M. C. A., are showing good form this year, and it would not be surprising to hear on the night of the 24th that they had cleaned up the field.—Chatham Commercial.

HERE AND THERE. W. Walling and Joe. Wood are training faithfully with a view of participating in the Citizens' Band Sports at Parrsboro, N. S., on the 24th. These two promising athletes who will run under the colors of the Y. M. C. A., are showing good form this year, and it would not be surprising to hear on the night of the 24th that they had cleaned up the field.—Chatham Commercial.

The matched race between H. C. Jewett's Cyclist, and Harry Herman to take place on the Fredericton track is attracting considerable attention. The race is for \$100 a side, and will be best two out of three in mile heats. According to the Fredericton Gleaner neither stallion is in good shape, and postponement of the race is likely.

Up in Kingston, Ont., they have legislators with decidedly athletic tastes. A recent Kingston despatch says: W. F. Nickel, M. P., and Ald. Harry Agnew were the battery at the opening game of the City Baseball League senior series on Saturday afternoon. Mr. Nickel was in the box. C. L. S., the locomotive works team defeated the Victorias by 3 to 2.

The Maritime Provinces Association Football League as reorganized will be composed of five teams. Springhill, Thistles, Springhill Rovers, Amherst Limited, Joggins and Moncton. The last named team holds the cup at present. The first scheduled match is for May 15th, the last for September 4th.

AUSTRALIA NO PLACE FOR CYCLE RACES

Erne Pye, the great Australian cyclist, says that bicycle racing in the Antipodes is in a bad way. "The bicycle game in Australia is dead-dead," said Pye, in speaking of the past season. "Why, we could not draw \$75 houses and believe me, I am glad to get back here. We were ashamed to be introduced as bicycle riders in Melbourne because really, it was a disgrace and we weren't as much as meal ticket prize fighters. The game is sure dead and I don't know whether it can ever be revived. The bringing in of foreign riders might revive it, but I am not sure of that."

MOOSEPATH NOMINATIONS CLOSE TODAY

Nominations for the stake events at Moosepath in July close today. Nominations for the other events are open until June 29. Good List. A first class list of nominations is expected but it will be Monday at least before all the entries reach Secretary Ross. It is expected that about 100 of the horses entered for the Fredericton July races will also race at Moosepath. In fact it is probable that there will be a larger field of entries for the local races than for those at the capital.

WELSH HAS TWO MATCHES IN VIEW

Freddie Welsh, the English lightweight will have another chance to prove his right to a match with Battling Nelson when he hooks up with Jack Goodman in a ten round bout at the Fairmont A. C. next Friday night. Welsh has enjoyed a much needed rest since his recent bout with Johnny Frayne and says he will put up a much better argument. Welsh will take Phil Brock, of Cleveland, on for twelve rounds at the Army A. A. Boston next Tuesday night at 133 lbs., scaling at 2 o'clock, more than seven hours before ring time.

Roger Bresnahan believes in setting a good example for his men. He stole a couple of bases Monday and made a timely single besides working with his usual vim behind the bat.

IF PUBLIC WANT SUNDAY TRAINS THEY SHOULD HAVE THEM, IS THE DOMINANT FEELING OF MINISTERS

A special meeting of the Evangelical Alliance was called for yesterday afternoon for the purpose of passing a strong resolution protesting against the Sunday train which is proposed to have leave St. John during the months of July and August.

At the opening of the meeting the president, Rev. James Crisp, spoke of the purpose for which the meeting had been called, and Rev. A. Graham stated that Mr. Pottinger, of the I. R. C., had stated in reply to an interviewer that in a probability the I. R. C. would have a Sunday train from here, but Hon. H. R. Emmer-son had intimated that the sentiment of the people did not favor a Sunday train.

Rev. Neil McLaughlin said: "As I understand the law, I think that while a train is permitted to pass through a station, yet it is not legal for a passenger train to be made up at any particular station on Sunday.

Rev. J. J. McCaskill was of the opinion that the members of the Evangelical Alliance as Christians, men should not contemplate protesting against any advances in the larger cities; and if the C.P.R. would have a train come here on Sunday it was an essential thing that the I. R. C. should make connections with Halifax, leaving St. John on Sunday.

Rev. A. A. Graham said: "If we refer to clause 'G' of the act we will find that the carrying of passengers and the work incidental thereto is allowed on Sundays.
