

THE LIBERAL PARTY HAS LOST NERVE

Speeches in the House Yesterday Lacked Vigor and Conviction.

HON. MR. MURPHY TRIES TO EXPLAIN.

Hon. Mr. Rogers Scores Opposition Leader for Attempt to Exceed all Parliamentary Rules and Practices.

Special to The Standard. Ottawa, Jan. 28.—Very simple, very harmless and very childish twaddle," was Hon. Mr. Rogers' apt description today of the speeches made by the opposition during the debate at the address, a debate which is still inconcluded.

It had been expected that Dr. Neely's amendment calling for the removal of the duties on wheat and wheat products would live up to the opposition, but expectations were not realized. The Liberals are still apathetic and as a fighting force they seem to have thrown up the sponge.

Hon. Charles Murphy made a lame attempt to clear himself of the charge that he had raised the race and religion cry in South Bruce. He declared Mr. Pelletier's statement as "misleading and untrue," and his argument was that he had never spoken at Walkerton, Ont. Mr. Pelletier quickly disposed of this by pointing out that the speech was made at Walkerton and the report was made by an independent paper. Mr. Pelletier could not deny that he had spoken at Midway.

At the opening of the house, Hon. Charles Murphy raised a question of privilege. Dealing with an extract read from the Midway Gazette, Bruce county, yesterday, by Hon. L. P. Pelletier, reporting him as having appealed to German racial prejudices, in the South Bruce election campaign, in connection with a speech delivered by him at Walkerton, Ont. Mr. Pelletier stated that the extract was both misleading and untrue. He had spoken of the anti-German character, not of the action of the house, but of the speech delivered by the minister of militia.

Neither had he appealed to the prejudices of Irish Roman Catholics. Hon. H. R. Emmerson again questioned the minister of railways in regard to the reported discontinuance of the Ocean Limited from Montreal to Halifax, and the cutting off of other intercolonial trains.

In reply Hon. Frank Cochrane stated that the Ocean Limited would be discontinued during February and March, as it was not paying, and read a list of other trains, mostly summer expresses, which had been also taken off.

Dr. Neely, of Humboldt, resumed the debate on the address. He said that by the lowering of the American tariff thousands of head of live stock were exported to United States markets. There had been a bountiful crop in the west, but the farmers had not been able to sell it in the United States market as they had their live stock. After a reference to high railway rates in the west, the speaker dealt with financial depression and unemployment in Canada.

He instanced the alleged departure of a large number of people from British Columbia and the farms of Alberta to the United States, seeking work. If they were not allowed to export wheat they would export themselves, the exodus had in fact already begun.

Mr. J. H. Burnham—"Why doesn't the United States admit wheat if it wants it?" Dr. Neely—"They want similar courtesies." Mr. Burnham—"Ah—"

Botha's Action May Lead to Trouble

Legality of Action in Deporting Labor Leaders Questioned by London Press—Unusual for British Subjects to be Held Out that Way.

London, Jan. 28.—The question of the legality of the deportation of the South African labor leaders and the searching of the hearts here, even among the papers which are most ready to applaud Premier Botha's vigorous and courageous action. The Daily Telegraph, in an editorial, which does not hesitate to accuse Botha and his colleagues of having started a revolution and fanned the militia at Johannesburg. Mr. Pelletier reads that a very delicate and difficult situation has arisen for the imperial government.

LABOR LEADERS HAD STEAMER TO THEMSELVES

Ten Men Departed from South Africa Were Ignorant of Destination—Take Months to Reach London.

Johannesburg, Jan. 28.—The most minute precautions were taken by the government to keep secret the deportation from South Africa of ten of the principal labor leaders and a strict press censorship was instituted. It was only by accident that the action

SCHOOL BUILDING IS BURNED

Was New Building—Fire Apparatus Sent from Halifax to Fight Flames—Loss \$30,000.

Halifax, Jan. 28.—The Greenvale School at Dartmouth was completely destroyed by fire early this evening. It was a new wooden building with eight class rooms and the domestic science department, and 450 children have to be looked after by the school board.

When the Dartmouth fire department could not cope with the flames, Halifax was asked for assistance and sent over four divisions and several pieces of apparatus. The origin of the fire is unknown. There was \$12,000 insurance on the building, and \$1,400 on the furnishings. The loss is about \$30,000.

NEARLY TWO MILLIONS WERE PAID

Auditor General's Report Shows Over Fifteen Thousand Fenian Raid Veterans Have Received Grants.

Ottawa, Jan. 28.—In a preface to the first and second volumes of the auditor general's report of the last fiscal year, tabled in the Commons today, Auditor General Fraser calls attention to the fact that when the act authorizing a bounty of \$100 each to Fenian raid veterans was passed in 1912, the minister of militia stated in the house that the estimated number to be paid was between eight thousand and ten thousand. "Up to December 12, 1912," says Mr. Fraser, "15,856 warrants had been issued amounting to \$1,556,600 or \$85,600 above the highest estimate."

MILITARY CONFERENCE IMPROBABLE THIS YEAR

Minister of Militia Don't Think Necessary to Make it Annual Event—Entails Considerable Expense.

Ottawa, Jan. 28.—In all probability there will be no military conference this year. For the past two years these conferences have been held, when representative delegates from all parts of Canada have been brought to Ottawa to discuss military affairs.

TRANS-ATLANTIC LINER BATTERED BY SEAS

New York, Jan. 28.—One of the worst trips ever made by the Atlantic transport line Minnesota conference today when, after a 24 hour anchorage near quarantine, enforced by the thick fog which held this city in its grip, the greater part of the last two days, the vessel finally reached her pier.

Last Saturday while steaming into the teeth of a heavy gale, what sailors call a "king wave" swept over the liner, damaging her bulwarks and twisting the forward deck stanchions. The enormous sea also wrecked the quarters of the firemen, smashing seven ports and flooded the saloon dining room.

MISTAKES OF THE STATES SHOULD BE A WARNING

Ex-President Taft Says Dominion Should Be Prompt in Dealing With Corporate Control—Women Should Show they Would Improve Electorate by Having Vote Before Franchise be Given Them.

Toronto, Jan. 28.—Ex-President William H. Taft this evening delivered before the Literary and Scientific Society of the University of Toronto an address on popular government. Canada, he said, with eight millions of people, had the advantage of profiting by the mistakes of the United States with a population of ninety million. In the past Canada had exhibited discretion in studying the defects that the United States systems had developed and in seeking to avoid them. Popular government should not be made a fetish. It was a means to an end, and if any form of popular government did not serve society best its adoption or continuance was not justified. It was important that the majority in its rule should be limited and controlled. The Magna Charta secured for the citizen a practical procedure by which he was most likely to secure justice. The principles contained in it were practical remedies for the vindication of the right of the individual. That was why Anglo-Saxon liberty had proved to be the light of freedom in the world.

Dealing with woman suffrage, Mr. Taft said that the gentler sex, in order to prove their case, must show either that they are suffering as a class because they have not the right to vote, or that, if added as part of the electorate, they would so improve the wisdom and patriotism of the electorate that it would be better for all the people. Militancy he characterized as 'hysteria' and a lack of a sense of proportion in those who participate in it does not commend them as a wholesome addition to the electorate. In the end he believed that woman suffrage was inevitable.

RUSSIAN COUNT APPEALS FOR TEMPERANCE

Asks Council of Empire to Stop Consumption of Spirits Which Threatens Destruction of the Nation.

St. Petersburg, Jan. 28.—The Council of the Empire was started today by a dramatic appeal from Count Witt the former premier to stop the consumption of spirits, which he declared was leading Russia to ruin. The Council of the Empire recently was occupied with the discussion of a bill aimed at the suppression of inebriety. Count Witt contends that his successors at the ministry of finance have mis-applied the spirit monopoly which he created.

Ice on Track Retards Progress of Train from Albert to Salisbury—New Time Table Starts Today.

Albert, Jan. 27.—The regular train left Albert on time yesterday morning but on account of ice on the track did not reach Hillsborough, 22 miles away, until 6 p. m., where an all night stop was made.

VILLA HAS NO DESIRE TO BE PRESIDENT OF MEXICO

Doesn't Want to Overshadow Carranza Whom He Looks Upon as Real Leader of Revolution—His Home a Miniature Bank.

Port Au Prince, Haiti, Jan. 28.—With the arrival today of the United States battleship South Carolina, and American and German bluejackets guarding the legations and patrolling the town, conditions at Port Au Prince took on a more cheerful aspect. A committee of public safety has been organized and it is believed that all danger to foreign residents is past. President Oreste is still aboard the German cruiser Vesta, and the country is without a government.

EXPECTED SENSATION MISSING AGAIN

Refuse to Make Direct Charges Against More Than Two Members of Council on Their Own Responsibility.

Quebec, Jan. 28.—Chief interest in the Quebec scandal today centered in the appearance of Messrs. Nichols and MacNab before the bar of the legislative council. The proceedings here were practically a repetition of what occurred in the assembly yesterday, and the newspaper men would make no direct charges on their own responsibility against any other councillors but Hon. Messrs. Berard and Bergevin, though they repeated the names of Hon. Messrs. Devarnais and Gillman as having furnished the Burns detectives with Mr. Mousseau, chairman of the private bills committee in the lower house.

FORCED TO HARBOR BANDIT, HE CLAIMS

Man Charged With Aiding in Escape Was Told Mason's Didn't Believe in Gallows.

Winnipeg, Man., Jan. 28.—A new turn was given today to the evidence before the Royal Commission inquiring into the escape of John Krafchenko, when John Westlake, charged with aiding in the escape declared that J. H. Buxton had told him that Krafchenko was a high Mason and that for that reason Krafchenko was being hospitable to his freedom. Masons, Buxton told Westlake, did not believe in the noose and for that reason he was working to save the desperado from the gallows. Buxton also told Westlake that he represented the upper strata of Krafchenko's friends but that the bandit had plenty of friends in the underworld.

"JIM CROW" LAW IS UPHELD IN ST. LOUIS

St. Louis, Mo., Jan. 28.—The "Jim Crow" law of Oklahoma was upheld by the United States Circuit Court of Appeals in a decision handed down today. The court affirmed the decision of the district court at Kansas City which refused to award Dr. William J. Thompson (colored) damages of \$50,000 against a railroad because of an attempt to enforce the "Jim Crow" law against him.

ST. JOSEPH'S FORWARD MOVEMENT STARTED WITH GREAT MEETING

York Theatre Crowded, Last Evening, with Friends of Catholic University—Speeches Told of Excellent Work Done and of Eminent Graduates.

Graduates of St. Joseph's University and friends of the institution assembled in a mass meeting in York Theatre last evening and decided to place the claims of the Catholic college before the people of the province, with the idea of securing a generous amount as an endowment fund.

At the meeting last evening both Catholic and Protestant friends of St. Joseph's told of the very high standard of scholarship maintained at the institution and urged on those present the great necessity of keeping St. Joseph's in existence and providing for its growth.

His Lordship Bishop LeBlanc occupied the chair, and with him on the platform were Rev. L. G. Guertin, Ph. D., H. A. Powell, K. C., Miles E. Agar, city commissioner of public works, His Worship Mayor Frink, Hon. J. E. Wilson, M. L. A., L. P. D. Tilley, M. L. A., Daniel Mullin, Richard O'Brien, A., and others.

Vera Cruz, Jan. 28.—John Lind has now spent five months in Mexico. The coolness with which he was received when he landed here is a striking contrast to the country last August.

THE PARCEL POST RATES ANNOUNCED

On account of the geographical position of the provinces of Canada and their being approximately the same size, when the three Maritime Provinces are considered as one, it was found that the provincial boundaries would be the most convenient to adopt as the limits of the zones, and consequently the rates were fixed by provinces.

THE PARCEL POST RATES ANNOUNCED

The rates on a parcel mailed from the Maritime Provinces to any part of Ontario are 12c, 20c, 28c, 36c, 44c, 52c, 60c, 68c, 76c.

ST. JOHN, N. B., THURSDAY, JANUARY 29, 1914.

LET THE GRITS WORRY.

In their eagerness to attack the Government because its supporters in the House of Commons, on Tuesday night, voted down an amendment made by Sir Wilfrid Laurier, the Grit newspapers seem to have forgotten that one privilege of a Government is to govern. In returning the Conservative party to power in the general elections, a little over two years ago, the people of Canada gave notice that they were not satisfied with what had gone before. They wanted a change of administration and were willing to trust the party led by Rt. Hon. R. L. Borden to conduct the affairs of this country for the next parliamentary term. If Mr. Borden and his colleagues do their work well their will be the credit; if they fail their's will be the responsibility. There was no mandate from the people that the Government should pay any heed to the wishes or desires of the group of Grits who had already been proven incompetent. Consequently, when the Government supporters in the House of Commons turned down Sir Wilfrid Laurier's motion on Tuesday night, they were properly within their rights. The Grit newspapers, however, would have the people believe that the Government's refusal to adopt the Laurier view is evidence that he does not intend to take any action regarding the cost of living. "Conservatives vote for no tariff relief," says the Telegraph. "The people of Canada have no hope of relief from tariff burdens while the Conservative party remains in power," chirps the Times. And all this outcry because the supporters of the Borden administration feel that tariff relief, or any other matter, is quite safe in the hands of Mr. Borden and his colleagues without accepting the suggestions of the man whose chief policy in 1911, if adopted, would have made Canada but an adjunct of the United States.

Despite the false claims of the Grit press the country is safe in the hands of the present Government. A commission is already enquiring into the causes of the high cost of living and when its report is submitted it may be expected to be thorough and complete. If it should be found, after hearing the evidence the commission will produce, that the necessities of the country require the reduction of the increase of the tariff on any article, it is reasonable to expect the Government to take such action as will fit the case. In the meantime the "people of Canada" need not be worried. Sir Wilfrid Laurier is not in power at Ottawa and the country is getting along quite nicely under a capable, and what is of more importance, an honest administration. Let the Grits do the worrying; they alone have the cause.

SIGNS OF DEVELOPMENT.

There are signs of much industrial development in St. John during this year. Yesterday, representatives of one of the best local industries waited upon the city council and unfolded plans for an enlargement of their plant which will make it one of the largest of its kind in Canada and will give employment to hundreds of men. Also, yesterday, announcement was made of the organization of a company to operate a packing business in this city with supply farms at several points in the province. Last evening a representative of one of the greatest automobile concerns in the world told The Standard of plans which will result in the location very near to St. John of another large industry. Meanwhile the work on the sugar refinery plant is well advanced and there is activity in the line of harbor development. The new C. P. R. grain elevator is practically completed and in such shape that grain has been handled through it for several weeks.

At the same time comparative reports from St. John and other cities in Canada show that there is less unemployment here than in practically any other centre, while the general outlook for business during the year is satisfactory. There is no occasion for pessimism as to the future of St. John or the Maritime Provinces.

THE HIGH COMMISSIONERSHIP.

The Montreal Star has accepted a campaign in favor of Lord Mount Stephen as the successor to the late Baron Strathcona and Mount Royal as Canadian High Commissioner in England. In support of its candidate the Star has interviewed the mayors of different Canadian cities and publishes their statements. That of Mayor Frink is of interest. His Worship says: "The late Lord Strathcona placed the standard of his office on a very high level, which must be maintained (if that be possible). This can only be accomplished by a man of marked ability, and whose knowledge of Canada, its people and conditions, past and present, is openly recognized, and who can take a hard look into to-

tomorrow; one whose life and character has been seasoned and tempered by contact with men who have been foremost in Canada's development and public affairs. The position demands, above all, a man who can acquit himself creditably on the discussion and decision of affairs, which are of vast importance to Canada and the Empire, and who may, in calm and unshaken, dispassionate and unselfish, kindly thought and consideration, which was so strongly exhibited in his illustrious predecessor. Unhindered by a shade of selfishness, and whose powers and usefulness of many, if Lord Mount Stephen cannot fulfill the contract, who in Canada can?"

LAURIER FORGETS

The Grits in their efforts to make political capital out of the financial stringency through which parts of Canada have been passing have entirely forgotten that in other years there has been a condition equally as bad as anything Canada has faced during the past few months. There was a more pronounced financial stringency in 1907 and a slackening of trade in the year following. Yet at that time the Grits held the reins of office at Ottawa and there was not a word to be said about it. Rodolphe Lemieux, in parliament the other night, qualified as a first class prophet of gloom, yet it is not on record that he made any public utterances during the period referred to when conditions were every whit as bad as now. In 1908 the Hon. Rodolphe was Sir Wilfrid Laurier's minister of labor, and W. L. Mackenzie King, deputy minister of the same department. The Labor Gazette, of that year, in reviewing conditions for the month of December, says: "With the setting of the winter season and the general cessation of most outdoor occupations, conditions are duller than those of last month, with large numbers of both skilled and unskilled workers out of employment. The continuance of the financial stringency has induced a slackening of activity in nearly all lines, and the problem of providing for the unemployed has become serious."

The opposition leader in his speech in the debate on the reply to the speech from the throne remarked on the number of men out of work in Canada during this year and conveniently forgot that conditions were equally as bad during his own tenure of office. It is a great thing to have a collapsible memory.

In its bright and new year letter "The Week on Parliament Hill," the Ottawa Journal has this to say regarding Hon. H. F. McLeod of York, N. B.: "H. F. McLeod, of York, N. B., who moved the address, made an excellent impression. He is a young man with considerable experience in politics, who won his way into the New Brunswick cabinet. Apart from ability, which he undoubtedly possesses, he exhibits a courtesy in debate which is pleasing, and which elicited for him a friendly reference from the leader of the opposition. Mr. McLeod thinks the Redistribution Bill is the most important subject mentioned in the Speech from the Throne. One's estimate of importance is usually the result of environment. To the men of the Maritime Provinces redistribution is a serious consideration. The positive—though not the proportionate—representation of the East grows less with every census, and must inevitably do so, unless the Maritime Provinces can begin to outstrip Quebec in birthrate."

"The Government is out of touch with the Canadian sentiment and with the great mass of the people. It lacks settled beliefs and a moral issue." This and more like it constituted the contribution of Mr. J. H. Sinclair, of Guysboro, N. S., to the debate on the address at Ottawa, and is regarded as one of the jokes of the session to date. When it is remembered that the doubly Nova Scotian made his declaration a little more than two years after the defeat of Grit mismanagement all over Canada, it looks as if he was the party who put the "guy" in Guysboro.

The Montreal newspaper situation appears to be giving concern to those directly interested in it. One report has it that the Herald has been acquired by the Liberal interests and will amalgamate with the Telegraph and Hon. W. B. Fielding as managing editor. Another report is that Sir Hugh Graham controls all the English papers in Montreal, with the exception of the Gazette. This latter rumor leads the Ottawa Citizen to remark that most of the Montreal newspaper men are eating Graham bread, and with no great certainty of a continuance of the supply.

The Provincial Legislature will open on February 26th, and as yet there is no prospect that the by-elections in the province will be contested by the Opposition party. The people are well satisfied with the administration of the Fleming Government has given

the province, and it looks as if the only opposition this session will come from the Madawaska County champion, Mr. H. Coles Dugal, who since the last election has constituted the entire provincial opposition.

The Telegraph remarks that the Liberals in caucus have agreed upon a fighting programme. This is important, for it shows more than another has marked the present season of parliament to date, it has been the entire absence of anything like a fighting spirit on the part of the opposition.

In the plainest possible terms The Standard accused the Times of publishing untruths. In reply the Times whined about "regard for the truth" and the "decorations of discussion." The Standard proved its case. The Times is silent. Apparently it is content to rest under the accusation.

Diary of Events

HISTORIC DAYS IN CANADA

Archibald Lampman, Canada's beloved poet, wrote his last poem fifteen years ago tonight, and on the following evening it began with the well known line: "The frost that stings like fire upon my cheek." Its concluding line was dedicated to a phase of that nature which he had no long worshipped—"To silence, frost and beauty everywhere." Nine days later the poet breathed his last, and his body was laid away in Beechwood cemetery, Ottawa, where a monument perpetuating his memory is a shrine for his many admirers. Among the many Canadians who have sought expression in English verse, Lampman ranks among the highest. To his pictures of the forests and fields he brought a rare classical spirit of culture. Considering that English poetry had its birth in Canada not much more than half a century ago, with the publication of Charles Healey's "Saul," the Dominion has produced a noteworthy group of bards. Charles Sangster was the first truly Canadian poet to write in English, since Healey's was Canadian neither by birth nor in theme. Sangster was a true poet of nature, although his work lacked the literary merit of Lampman's sweet and perfect lyrics. Andrew McLachlan, "the Canadian Burns," was another inspired by the beauties of the woods and meadows, while Charles Mair was the singer of wild, free life in the northwest.

THE HUMAN PROCESSION

DUKE OF THE ABRUZZI FORTY-ONE TODAY

Prince Luigi Amedeo Giuseppe Maria Ferdinando Francesco, Duke of the Abruzzi, commander of the Italian navy, and once spoken of to the extent of several columns a day for several years—as the suitor of Miss Katherine Elkins, will celebrate his forty-first birthday today. The recent marriage of Miss Elkins, with whom the Duke was supposed to be passionately in love, has not left him as disconsolate as might have been expected, for during the present social season the Duke has been among the gayest of the gay. He has won the title of the "tango dancer" in Italy, and has instructed hundreds of fair pupils in the tango art. The Duke's devotion to that form of terpsichorean expression has led to the accusation that he has "corrupted Italian society." Members of staid old families have appealed to the King and Queen. It is alleged, asking them to put a stop to their king's exploitation of the Argentine dance.

The recent appointment of the Duke of the Abruzzi as commander in chief of Italy's navy met with great favor. His many brave exploits as a naval officer and explorer have endeared him to his countrymen, who point with pride to the fact that the Duke was in command of the torpedo squadron that struck the first blow in the Italo-Turkish war, when the Turkish gunboats were torpedoes in Durazzo harbor. This attack almost led to international complications between Italy and Austria, and the government of the latter country immediately issued a warning against carrying the war into European-Turkish territory. The Duke was recalled and for a time he was in Taranto, a victim of diplomacy, until popular indignation forced his restoration to a better command.

It is declared that the Duke released Miss Elkins from her engagement only a few months before the heiress became Mrs. Holt. The Duke expected to be chosen King of Albania, in which event he would have been wed to the American girl. The rivalry between Italy and Austria, it is alleged, forced a secret agreement that with prior instruction the Italian prince be placed on the Albanian throne. Other "authorities" assert that no engagement ever existed between the Duke and Miss Elkins, and that their relations were only those of "mutual sympathy and admiration."

The Duke has had a distinguished career as an explorer. In 1900 he headed an expedition to the North Pole that penetrated nearer to the goal than had been done at that time. He has ascended Mount St. Elias in Alaska and many other mountains, and has written several books descriptive of his expeditions.

Dr. August Wilhelm Hohenzollern, otherwise Prince August, fourth son of the German emperor, will celebrate his twenty-seventh birthday today. He is a doctor of political science, having received that degree from the University of Bonn. The army and navy have no appeal for the most scholarly of the Kaiser's offspring, and he will adopt a civil career. The Prince married Princess Alexandra Victoria of Schleswig-Holstein-Sonderburg-Glücksburg.

THE KAISER'S SON

Members of the Thomas Paine Memorial Association will today celebrate the birthday of the literary patriot by making their annual pilgrimage to New Rochelle, N. Y., where Paine spent the last years of his life.

and where a monument has been erected to his memory. Not long ago the name of the Thomas Paine house was changed to "The Veaux House" by the Huguenot Association, owners of the property, and this has led to indignant protests from the Daughters of the American Revolution, the Paine Memorial Association and other bodies. In the revolution De Veaux supported England, and his property was confiscated and given to Paine in recognition of his services to the republican cause. Paine was the first to give the name of United States of America to the struggling colonies, and by many historians he is believed to have been the author of the Declaration of Independence.

The Best Quality at a Reasonable Price

What Is Your Occupation?

There are many occupations where the eyes are used constantly for close work. With proper lighting and the eyes in good condition, a large amount of this kind of work may be done without injury to the eyes.

But, if there is any eye-strain to begin with, such work aggravates it, in many cases, very rapidly.

The result is often apparent in the worker's loss of efficiency. He works more slowly and his work is not up to standard in quality.

Worse than this working under such conditions for any length of time may injure the eyes permanently.

Relief from eye-strain, ease and comfort at your work, and security from permanent injury to your eyes are what our perfectly fitted glasses secure to you.

Tommy's Complaint.

Tommy heard Mrs. Jones tell his mother that she used sour cream to mask the gingerbread they were eating. He was duly impressed with this piece of information, and turning to Mrs. Jones, he solemnly said, "Mrs. Jones, this is fine gingerbread you've made. I can't taste the sour cream a bit. Did you use bad eggs, too?"

Falling Chris.

Columbus had returned to Spain bringing news of wonderful new lands across the sea.

"How much shall I write on it?" queried the maritime reporter of the Cadiz Evening Bulletin, who had brought in the story.

"Don't write anything," replied the editor. "Let Columbus pay for his advertising if he wants a ny. It's probably a real estate promotion scheme."

The Retort Courteous.

On day a learned professor was accosted by a very dirty little bookkeeper: "Excuse your shoes, sir!"

The professor was impressed by the fitness of the boy's face.

"I don't want a shine, my lad," said he, "but if you'll go and wash your face I'll give you a sixpence."

"A right, sir!" was the lad's reply, as he went over to a neighboring fountain and made his ablutions. Returning he held out his hand for the money.

"Well, my lad," said the professor, "you have earned your sixpence. Here it is!"

"I dinna want it, auld chap," returned the boy, with a lordly air. "You keep it and get your hair cut."

DR. MACDONALD VERY POPULAR AT CAPITAL

Ottawa Evening Journal Says His Congregation Deeply Regret their Impending Loss.

The Ottawa Evening Journal had the following concerning Rev. J. H. MacDonald, who is to assume the editorship of the Maritime Baptist:

The congregation of the McPhail Memorial Baptist church was greatly last night with the announcement that their minister, Rev. J. H. MacDonald, would retire from the pastorate of the church, Dr. MacDonald has been in the city for less than a year, but during that time he has made a deep impression upon his own people, and has proven himself to be a strong and helpful leader.

The relations existing between himself and church are the most cordial, and it is only because, as he has expressed it, he has reached the conclusion that the work upon which he is soon to enter offers a larger opportunity for service that he desires to lay down his pastoral charge here.

The church has been making plans for increased accommodation to meet its growing needs, but the pastor feels that the work in such condition that his retirement will not interfere with its progress and success.

Assume Editorship.

Dr. MacDonald is to assume the editorship of the Maritime Baptist, a religious weekly, published in St. John N. B., whose late editor, Rev. Dr. McLeod, passed away last July.

The pastor of the McPhail Memorial church is a Maritime Province man who knows the genius and ideals of his own denomination in Eastern Canada. He has kept in close and sympathetic touch with the movements of modern thought, and his friends in his province by the sea believe he has the qualifications which make for success in the field of religious journalism.

Before making the announcement to the church, Dr. MacDonald discussed the matter with the Board of Deacons, who, regretting the loss of his services, were able to appreciate his viewpoint. The resignation will be considered at the next meeting of the church, which comes on the 4th of February, and it is altogether likely that the pastor will continue to serve the church till the first of April.

St. Stephen Elections Held Yesterday

St. Stephen, Jan. 28.—The annual town elections held yesterday developed two interesting contests in the upper and middle wards. Mayor W. A. Dinsmore and the councillors for the lower ward, Hugh Love and Fred D. J. Graham, were returned by acclamation.

In the upper ward there were three candidates for two seats, the result being that F. Parker Grimmer, who sat at the board last year lead the poll, with 175 votes. Those, Toal, a new man had 155, and E. L. DeWolfe, a member of last year had 101.

For the middle ward A. D. Ganong and G. E. Hustin were the members last year. The latter declined to run and Mr. Ganong had for a partner on his ticket Geo. H. Budd. This ticket was opposed by Amos A. Malley and J. P. Wry, four candidates for two seats. The result was: Ganong, 100; Malley, 90; Wry, 39, and Budd, 80.

For assessors C. N. Vroom, T. K. McGrath and H. L. Wall were unopposed.

THREE COUPLES OF TWINS, CHILDREN OF COLLEGE GRADUATE MOTHER

THREE PAIRS OF MOSIER TWINS.

Three sets of twins in one family! That is the proud record of the Mosier family, who live on a farm near Charlotte, Mich. The twins are a living challenge to those who declare that a college educated woman will not or cannot rear a family.

Moreover, these six children are all within the limits of seven to eleven years old. Each pair of twins is marked by a strong resemblance between the mates, and they are named as to unite them more firmly in the mind as belonging together. The oldest twins rejoice in the unusual names Oleta and Oena, the next ones are Lela and Lulu, and the third pair, boys, have the names Nolan and Murian.

BURNS' NIGHT OBSERVED BY BORDER SCOTS

Special to The Standard.

St. Stephen, Jan. 28.—Like all the undertakings of the St. Andrew's Society, the observance of Burns' Night in the Mason's hall on Tuesday was an unqualified success. President Andrew Munson conducted affairs with a grace and dignity all his own and the large company present enjoyed to the utmost every minute. Chaplain Wylie's address was not too long and presented the loved bard in an attractive manner. Songs of Scotland were sweetly rendered by Miss Thompson and F. T. McKean of St. John, and Mr. Redpath of St. Stephen, Prof. D. Arnold Fox presiding at the piano.

Musical for the dance was furnished by Lowell's orchestra. Many beautiful gowns were worn by the ladies. Little Miss Ross, daughter of the popular

AMMUNITION DUMPED IN NEW YORK HARBOR

Eighty Thousand Rounds Believed to have been Intended for Revolutionists in San Domingo.

New York, Jan. 28.—Eighty thousand rounds of ammunition which the federal authorities believe was intended for use by revolutionists in San Domingo, was dumped into the harbor today.

Two members of the crew of the Clyde liner Algonquin, on which the contraband goods were seized during a raid at the Innes Brooklyn pier last night, are under arrest, several hundred cartridges having been found concealed in their clothing. Others of the crew are suspected of having hidden the ammunition on board the vessel.

RENEWAL OF TREATIES IS CONSIDERED

Renewal of agreement with Great Britain in Abeyance Pending Negotiations on Panama Question

Washington, Jan. 28.—Renewals of sixteen general arbitration treaties with foreign nations were considered today by the senate foreign relations committee without action and will be again discussed tomorrow. President Wilson has urged that all the treaties be ratified by the Senate as soon as possible.

It was determined to take up first the British treaty which expired last June and was held up in the Senate because some Senators feared its ratification might force arbitration and The Hague over the Panama Canal tolls dispute.

Before recommending renewal of the treaty the committee generally understood and administration leaders are deliberating whether to repeal the exemption or suspend operation of its provisions pending further negotiations.

At a meeting of the city commissioners yesterday afternoon Oscar Hanson applied for the privilege of cutting wood in the rear of Spruce Lake in winter, offering seven-fifty cents a cord.

The mayor—in a few years that spruce may be valuable. 240 acres of land within five miles of the city should be valuable.

The matter was laid over for further consideration.

City Engineer Murgock reported that the water main laid by the Atlantic Sugar Refinery had been put down in a proper manner, and it will be taken over by the city.

Com. Schofield moved that James Carleton be offered the fee simple in lots No. 830-881 at \$500 a piece, and this was agreed to.

Theodore Lockhart was granted a renewal lease of a lot in Dukes ward at an increase of ten per cent. in rental.

The common clerk was authorized to advertise certain bills which are to be submitted to the legislature.

The Single Tax

Com. Azar said it had been suggested that when Mr. Brown, the single tax expert, came here he should be invited to address the city council and city officials.

Com. Schofield thought it might be a good plan to submit the single tax question to a referendum of the citizens.

On motion of Com. Wigmore it was decided to extend such an invitation to Mr. Brown.

Com. Schofield again brought up the matter of building a granite and concrete walk along the face of the North Market wharf. He said the wharf was in a poor condition. He proposed that the matter in shape and ask for a bond issue of \$25,000.

Council then adjourned.

Clean your liver and waste clogged bowels tonight!

Feel bully!

Get a 10-cent box now.

You're bilious! You have a throbbing sensation in your head, a bad taste in your mouth, your eyes burn, your skin is yellow, with dark rings under your eyes; your lips are parched. No wonder you feel ugly, mean and ill-tempered. Your system is full of bile not properly passed off, and what you need is a cleaning up inside.

Don't continue being a bilious nuisance to yourself and those who love you, and don't resort to harsh physics that irritate and injure. Remember that most disorders of the stomach, liver and bowels are cured by morning work while you sleep. A 10-cent box from your druggist will keep your liver and bowels clean; stomach sweet, and your head clear for months. Children love to take Cascares because they taste good and never gripe or sicken.

WOMEN AND GIRLS JOIN MEN IN LONG GRIM STRIKE.

STRIKERS AT THE "BLOCKHOUSE"

Enclosed in the foothills of the Ramapo Mountains is a picturesque little New Jersey village where there is being waged industrial warfare that has attracted the attention of the whole labor world. Grim, but without casuality, the struggle has been maintained through the stifling summer months, and the advent of the chill zero blasts of late found both sides still face to face and obdurate of purpose.

The fact that the one-man police force in Pompton Lakes, for that is where the remarkable fight has been going on since last June, has never been caused to stir from the peaceful tenor of its way by the strikers gives some idea of the manner in which the strike is being conducted. Yet a real state of siege exists in the mills of the German Artistic Silk Weaving Company, where the men and women who are at work there now remain weak in and week out, never passing without the breastworks marked by the wall which surrounds the property of the firm.

The workmen, who are known to the silent shadows that move along the snowbound perimeter of hills around the works as "strike breakers," are housed in a large building adjoining the factory. They never go out save at intervals of two or three weeks, when they leave Pompton Lakes, some to return no more, for they do not care for the confining life within the restricted area of the factory grounds.

FINANCIAL AND COMMERCIAL NEWS AND COMMENT

CONDITIONS UNSETTLED ON THE MARKET YESTERDAY

New York, Jan. 28.—In the absence of new influences to give direction to speculative effort, the stock market today travelled over much the same ground as in the preceding session. Fluctuations were irregular, rising and falling in a purposeless way. The first tendency was downward, after which the market rose above yesterday's close. The upturn lacked stability, however, and a sharp drive at the list in the last hour carried down quotations to a point which showed a majority of small losses on the day. Speculators were uncertain which way to turn. It was the general opinion that a reaction was to be looked for before resumption of the advance could be expected, but the strong demand on recent downward swings made the shorts fearful of offering stocks freely. The effect of the series of strongly bullish developments which attended the rise of the last fortnight apparently had spent itself, and the market was awaiting some new impulse.

Reading held first place in the market, on account of vigorous buying which for a time held the stock well over the general level. Exceptional weakness prevailed in the Rock Island stocks and bonds, leading to discussion of financial problems which the company may be called upon to solve. Tobacco stocks as a group were strong. Reports of improvement in the copper trade gave a better tone to the copper stocks, as after a drop earlier in the day, London reversed its attitude in this market, disposing of about 15,000 shares of the stock purchased here yesterday for foreign account.

There was a further easing of money rates, and for the first time in months commercial paper was placed under four per cent.

The recent upward movement in bonds was checked. Various points of heaviness appeared. Total sales, par value, \$3,450,000. United States bonds were unchanged on call.

CLOSING LETTER ON MONTREAL EXCHANGE

(F. B. McCURDY & CO.)
Montreal, Jan. 28.—The market continued to manifest its healthy state today, prices being generally well maintained in the face of the weakness which developed in New York towards the close of the afternoon. The feature of the local market was the movement in Ames Holden. The common advanced to fifteen, three points higher than yesterday's opening, and the preferred closed at sixty-six, as compared with sixty-two yesterday. Local brokers have been watching the Ames Holden situation pretty closely since the first of the year, and the strength of the market is regarded as somewhat surprising, since there have been no developments of a favorable character, so far as the Canadian shoe business is concerned. The opinion gained strength this afternoon that a fight for control has begun, and that an attempt may be made to displace some of the present directors.

MANN PROPERTY AT GOWGANDA IS SOLD

The annual meeting of the Porcupine Crown Mines, Limited, shareholders, Col. John Carson president, announced that the board would recommend to the incoming directors that the strict be placed on 12 per cent. dividend basis beginning January 1, 1914, and that the first payment be made on the first of April next to holders of record March 15th. The announcement is made of the sale of the Mann property at Gowganda to Mr. Claude Maitland of London, who has been here for some time. Mr. Maitland acquired control of the Mann property for Sir John Graham of Glasgow, Messrs. Hudson Brothers, shipowners of Newcastle, and some other members of an old country syndicate.

The transfer of the property is important in that it means the expenditure of considerable capital upon development in the Gowganda district at once. Mr. Maitland sails for England today.

REDUCTION IN NATURAL GAS IMPOSSIBLE

Special to The Standard. Calgary, Jan. 28.—At a meeting of the dissenting minority stockholders of the Calgary Natural Gas Company, a concern which supplies the city and 15 other towns in Southern Alberta with natural gas, Hon. Clifford Sifton, the principal stockholder, stated in reply to the request of the minority that the price of gas be reduced, that a reduction would be impossible. He said the capacity of the present trunk line running from Bow Island, where the wells are located, to Calgary, was taxed to the limit and that a second trunk main to cost in the neighborhood of \$4,000,000 would have to be constructed. In view of this prospective expenditure he considered a reduction in the price would work an injustice to share and bond holders.

BRIENNE HONORS NAPOLEON.

Brienne-le-Chateau, the little French town where Napoleon received his military education, will celebrate today the centenary of the Emperor's last visit to the village. It was on Jan. 29, 1814, that Napoleon began his campaign against the allies who were storming at all the brothers of France. At Brienne, where he had been taught the grim science of war, he attempted to cut the Silesian army in two by suddenly interposing his forces between Schwartzberg and Blucher, so as to prevent their junction. The chassis of Brienne was the headquarters of Blucher, who escaped by leading his horse down the stairs. At almost at the same spot and on the same day Napoleon had a half-breadth escape from the attack of a Cossack by the prompt assistance of Gourgand.

THIS DATE IN RING ANNALS

- 1905—Tommy Sullivan and Honey Melloy fought 12-round draw at Lawrence, Mass. Tommy, one of the many of the Sullivan clan to win honors in the ring, succeeded Young Corbett as featherweight champion and held the title for four years.

SPORTOGRAPHY BY "GRAVY"

One of the most daring wagers ever made on the result of a boxing bout was that in which Jack Dempsey bet a hundred dollars with a friend that Dominick McCaffrey, one of the cleverest boxers then in the ring, would not be able to land his right during a battle of ten rounds.

Dempsey-McCaffry Bout was Great Exhibition of Skill.

Jersey City on the night of Jan. 30, 1888, McCaffrey was not only twenty pounds heavier than Dempsey, but also had a big advantage in height and reach. It was the general opinion of Jack's friends that he was fighting too big and clever a man, and they considered it certain that he would lose his bet, while the possibility of Dempsey's defeat loomed in their minds.

McLEAN WINS ALL BUT ONE.

Cleveland, Jan. 28.—Robert McLean of Chicago carried off the honors in the second amateur ice skating championships at the Elysum Rink to-night. Following were the winners: One-third mile, McLean, time 52 4/5; one-mile novice, Rundell, Cleveland, time 3m 15 1/2; one-half mile, McLean, time 1m 24 4/5; 1 1/2 mile, McLean, time 4m 11 3/5.

LOVE AFFAIRS OF THE PRINCE OF WALES END UNHAPPILY

The young Prince of Wales is unrepentant, and two of his recent love affairs have ended unhappily. While visiting his grandmother, Queen Alexandra, the Prince saw a photo of Lady Dalkett, immediately fell in love with it and pocketed it. His mother, hearing of this, soundly scolded him.

SESSION OF THE COUNCIL OF THE NORTH-SHERBROOK COUNTY COURTS

The Parish Officers for the Ensuing Year are Appointed.

SCOTT ACT REPORT IS ADOPTED

Legislature will be Asked to Change Act so as to Extend Councillors' Term to Four Years.

Hampton, Jan. 28.—The first item of business in the Municipal Council this morning related to an assessment for roads in Havelock. It was ordered that the county be assessed the sum of \$2,500 for the school fund.

On the motion to reappoint W. G. Asbell as inspector, a delegation from Sussex, consisting of Rev. Mr. Mitchell, Rev. Mr. McDonald, Rev. H. C. Rice, Rev. Mr. Parker and Mr. Weyman, representing the Ministerial Association, the W.C.T.U., and the Temperance Alliance, spoke most highly of Mr. Asbell as a public officer.

Afternoon Session. In resuming business after dinner the council heard the report of the secretary-treasurer of the Municipal Council, which was read by G. O. D. O'Leary, and adopted. A special committee appointed last year reported that a paper luncheon had been assigned to the parish of St. John.

On motion of Coun. McGarrigle certain roads from the school house at Pleasant Lake, O'Leary and Carton roads, in the parish of Waterford, were ordered to be placed under the cattle regulations.

The following committee was appointed to see that the changes asked for, namely:—Wardens—E. A. Flewelling and Couns. Price and Smith.

The following amounts were ordered to be assessed for parishes:—Hammond, \$52; Hampton, \$208; Havelock, \$139.75; Kara, \$52; Kingston, \$104; Norton, \$98.25; Roxbury, \$53; St. John, \$250; Sussex, \$194; Sussex, \$147.75; Waterford, \$52; Westfield, \$104.

The secretary-treasurer was authorized to pay the costs on the heating plant of the court room when certified to be satisfactorily completed by the building committee.

THE NORTH-SHERBROOK COUNTY COURTS

New Court Rooms, at Newcastle, a Great Improvement—No Bill in Criminal Case.

Newcastle, Jan. 28.—North-Sherbrook County court opened yesterday morning in the new court house, Judge McLatchy presiding.

In the criminal case—King vs. Jardine, on charge of stealing oats belonging to J. Schofield, while they were being thrashed at the mill, the grand jury found no bill.

The civil docket included three cases:—D. J. Buckley vs. John Maloney, for quantity of railway ties. L. J. Tweedie for plaintiff, R. A. Lawlor, contra, settled out of court.

Mr. Hay explained all the workings of the system and also gave a resume of the history of the invention from Silva, the Italian, who first conceived the idea, and enunciated it in 1795.

On motion of Coun. McGarrigle certain roads from the school house at Pleasant Lake, O'Leary and Carton roads, in the parish of Waterford, were ordered to be placed under the cattle regulations.

The following committee was appointed to see that the changes asked for, namely:—Wardens—E. A. Flewelling and Couns. Price and Smith.

The following amounts were ordered to be assessed for parishes:—Hammond, \$52; Hampton, \$208; Havelock, \$139.75; Kara, \$52; Kingston, \$104; Norton, \$98.25; Roxbury, \$53; St. John, \$250; Sussex, \$194; Sussex, \$147.75; Waterford, \$52; Westfield, \$104.

TEMPERANCE PEOPLE'S ACTIVITIES IN PROVINCE

Rev. R. H. Stavert Lectures and Eel River—Several Cases of Illegal Selling.

Dalhousie, Jan. 28.—On last Thursday evening Rev. R. H. Stavert gave an illustrated lecture at Eel River Crossing. D. G. Stewart occupied the chair. At the close of the meeting a branch of the alliance was organized.

On Wednesday evening Mr. Stavert lectured at Dalhousie Junction. At the close of the lecture the following officers were elected:—President—James Wright. Vice-President—Rev. J. F. Polley. Secretary—R. H. Wright.

At Perth yesterday the cases against Boyer, Clark, and Knapp and Mallin, liquor license holders at the boundary line for keeping still machines on licensed premises which were to have come up yesterday were settled out of court.

At Campbellton two trials were slated for Saturday in the court house. In the case of first offence against John Doucett the defendant was fined \$10 and costs.

Potato Embargo.

Secretary J. B. Duggan of the provincial agricultural department, has left for Bangor, and it is understood that while at the Maine capital he will confer with Dr. W. A. Orton, an official of the United States department of agriculture in reference to the embargo which has been placed on Canadian potatoes. It is understood also that the matter will be discussed with the intention of having the provisions of the embargo modified to a certain extent.

Home for Girls.

At a meeting of the Women's Council, yesterday afternoon, Rev. Gordon Dickie delivered an interesting address on the proposed Maritime Home for Delinquent Girls. Rev. Mr. Dickie explained the use to which the Home would be put. The necessity of the institution was pointed out. The speaker scored careless parents who allowed their children to wander about the streets at late hours, and instanced the six boys now on trial, charged with stealing, as a case in point. Mrs. T. H. Bullock presided, and a hearty vote of thanks was tendered Rev. Mr. Dickie.

Agriculture in Schools.

An interesting meeting was held on Tuesday evening in Victoria Hall, Welford, when Mr. Stevens, of the provincial agricultural department, addressed a large gathering on the advantages of the elements of agriculture being taught in the schools, in rural districts throughout the province. H. W. Woods, M. L. A., occupied the chair, and the attendance was large. While the speaker's remarks were applauded with the closest attention, addresses were also delivered by Rev. Mr. Gregg, Rev. Mr. Whitley, P. E. Mackenzie, William Howe, John Woods, Bayard and Mrs. Gregg. A resolution was passed placing the meeting on record as favoring the teaching of agriculture in the schools, and especially supporting the idea of school garden work in connection with the new Consolidated school at Welford.

WEDDINGS.

Vaughan-Gallop.

An interesting wedding took place last evening at the home of Mrs. Dorothy A. Gallop, 135 Victoria street, when her eldest daughter, Miss Annie E. Gallop was united in marriage to LeBaron B. Vaughan, of this city. The bride was given away by her brother, F. P. Gallop. She looked charming in a dress of white pallid, Miss Helen Miller, niece of the bride, acted as bridesmaid and wore a dainty dress of bordered marquisette trimmed with pink marabou. R. Allan Christie supported the groom. Miss R. Gallop, another niece of the bride played the wedding march. About fifty guests were present.

Rev. Dr. Hutchinson, pastor of Main street Baptist church, performed the ceremony.

Mr. and Mrs. Vaughan will reside on Sewell street.

Many valuable and useful gifts were received. Among these were many fine pieces of china, glass and silver.

TWO MILLION DOLLAR PLANT FOR McAVITY'S

Plans for Great Industry to Employ 500 Men, Laid before City Commissioners Yesterday Afternoon—Will be Erected on Marsh Road—Arranging for Taxes.

Plans for a manufacturing plant on the Marsh Road, involving eventually an outlay of \$2,000,000 were laid before the city commissioners yesterday by George McAvity and A. P. Barnhill. When the plan of the McAvity interests are worked out, the plant on the Marsh Road will be the home of an industry of great importance, giving employment to probably 1,500 men. The McAvity's are not asking for a bonus, but requested the city to grant them a fixed tax for a period of forty years. The company is willing to pay in taxes the sum of \$5,000 a year. The commissioners seemed to think that in view of the importance of the industry to St. John, and the fact that manufacturers here have to compete with other cities where cheap electric power and lighting is abundant, the request of the company was a reasonable one. The only difficulty in the minds of the commissioners was whether it would be fair to include the company's retail establishment on King street under the proposed agreement in regard to a fixed tax.

The Retail Business.

Com. Agar wanted to know if the company expected the proposition to apply in the case of the retail business on King street.

The Initial Unit.

The initial unit of the plant, to be erected on the property acquired on the Marsh Road, would cost \$200,000, and give employment at the outset to 250 men. Extensions to the plant which the company planned on making would require a further capital expenditure, running up the total to about \$2,000,000. When the company's plans were completed it would employ probably 1,500 men. All department of the company's manufacturing business would be carried on at the plant on the Marsh Road.

At present the McAvity's were manufacturing about fifty specialties, and they proposed to increase the number of lines handled as fast as possible, and enlarge their business generally. "What the company asks," said Mr. Barnhill, "is that the city will fix the amount of taxes it will be required to pay for a period of forty years, which will be the term of its bonds. We consider it a reasonable proposition to ask that our taxes shall not exceed \$5,000 a year, this amount to include water taxes. The company also desires the right to rail connections with the I. C. R. with a level crossing, the right to carry wires along overhead under the Marsh Road, to supply electric lighting and power and telephone service to its erections on Barnhill to see if some solution could be worked out."

Lively Row Last Night On Steamer Heathcote

Swede had Face Torn Open, Nose Smashed and Ear Bitten off by Opponent—Victor in Fight Cleared Everything before Him—Police Notified.

With thrilling stories of a bitter conflict on board the steamer in which a Swede was terribly beaten and cut about the face and head, the mate and captain of the coal vessel Heathcote came complaining to Officer Short-cliff and Sergeant Caples on the Prince William street boat late last evening and asked the assistance of the police in arresting his assailant, who was at large scantily clothed.

The Swede was suffering from many wounds, the side of his face being torn open, his nose smashed and blood coming from it, and his ear bitten off by his ravenous opponent.

ASSAULT IS THE CHARGE

William Seaberry Alleged to have Threatened Life of Wife—Arrested Last Evening.

William Seaberry, who lives at the corner of Duke and Prince William streets, was arrested by Sgt. Caples on a warrant for assault last evening.

It is alleged that Seaberry, who is about fifty years of age, went home under the influence of liquor Saturday evening and assaulted his wife, threatening to kill her. Owing to the actions of her husband Mrs. Seaberry was forced to leave the house and it is understood has not returned. She is staying with relatives in another part of the city.

The warrant was sworn out yesterday and Seaberry will be called on this morning to answer in the police court. It is probable that he will be bound over to keep the peace.

BEST YEAR HISTORY OF CHURCH

Annual Meeting of First Presbyterian Church of Carleton, Last Evening—Elected Officers.

The annual meeting of the First Presbyterian church of West St. John was held last evening, W. L. McDalruid presided, and there was a large attendance of members and adherents.

The reports of the chairman of the different committees showed that the church had enjoyed a year of progress in all directions; in fact the most successful year in its history.

The treasurer's report showed that the income from all sources was \$3,750. This is a considerably larger amount than was raised in any previous year. The election of officers resulted as follows:

Trustees, F. K. Stuart, S. B. Wilson, Alex. Donaldson, Thos. Ripper, Albert Ruddle, W. L. McDalruid, James Bettison, J. A. Holder and Duncan McLean.

Auditors, J. R. Cameron and Wm. Ruddle.

Congregational secretary, James Scott.

Superintendent of Sunday school, J. R. Cameron.

STORY IN TIMES WRONG, SAYS ST. JOHN UNCLE OF N. S. FISHERMAN

Did not Throw Piano Overboard to Make Room for Cask of Liquor from Cobequid.

Under the heading "Music hath charms, but oh ye boozers," there appeared in a recent issue of the Times an article dealing with the rescuing of some of the wrecked Cobequid's cargo, and according to him the higher regard in which a rescuer held liquor over a piano which he had salvaged. According to the article published in the evening paper the Nova Scotia fisherman had the piano on board his gasoline boat when he noticed a cask of liquor floating in the water, then he immediately dumped the piano overboard and trailed it behind to make room for the liquor.

However, the story of Thomas Fauten, resident of this city and uncle of the fisherman in question, differs widely from the circulated report of the incident at Trinity Ledges. The story of securing the piano from the Cobequid was told him personally by the rescuer, and according to him the piano was carried to shore in the motor boat without accomplishing any such difficult feat as was mentioned in the Times. It was two days after the wreck that the same fisherman found five casks of liquor floating in the vicinity of the wreck.
