## RUSSIANS OUTFLANKING THE ARMY PROTECTING LEMBERG

### GENERAL RETIREMENT OF TEUTON FORCES A STRONG PROBABILITY

**Austro-German Armies Protecting Lemberg on the East Have Been Outflanked by the Russians, Who Have Crossed the River Lomnica and Captured City of Kalusz—British Drive Back Germans Near Belgian Coast.**

Another step in the outflanking of the Austro-German armies protecting Lemberg on the east has been achieved by the Russians, who have crossed the River Lomnica and captured Kalusz. Beyond the Lomnica and south of the Dniester, west of Halicz, General Korniloff's advance continues.

When the Russians occupied Kalusz after forcing a passage of the Lomnica, they had advanced twenty miles northwestward from Stanislaw in five days. In the same time the eighth Russian army took Halicz and crossed the Dniester there and began an advance between Stanislaw and Bohorodzyan.

A great wedge has been torn in the Austrian-German lines south of the Dniester and the army headquarters in that region was occupied in the taking of Kalusz.

How to Continue

The taking of Stanislaw Tuesday was a threat against the Austro-German line northward through Brestany along the Zlota Lipa and the crossing of the Lomnica and an advance beyond in a blow to the security of the line protecting Lemberg. Should the Russian advance west of Stanislaw continue unchecked and should large Russian forces be thrown across the Dniester in the region of Halicz, the Zlota Lipa line, unbroken by the Russian onslaught of July 1 would be turned, making a general retirement inevitable.

On the southern end of the Stanislaw front, which is the foothills of the Carpathians, the Russians are not advancing as rapidly as on the northern end. The enemy is taking advantage of the hilly country and has checked momentarily attacks west of Bohorodzyan.

British Successful

In France the British have driven off German raiding parties near the Belgian coast and west of Quenast, southeast of Arras. The aerial activity on this portion of the front has been more pronounced and ten German airplanes were driven down, six out of control, by British airmen, three of whom failed to return to their base. Behind the German line near the coast in Flanders, British airmen have attacked military objects, causing fires and explosions.

Russian Statement

Petrograd, July 12.—Official announcement that Kalusz, in Galicia, had been occupied by the Russians, was made today, coupled with the statement that the occupation was effected after a sanguinary battle.

Western (Russian front): Yesterday our operations along the Rivers Dniester and Lomnica continued to develop. After a stubborn and sanguinary battle the enemy was forced out of the town of Kalusz, which was occupied by us.

To the west of Bohorodzyan, on the Grabovka-Rossina-Krivica front, the enemy, taking advantage of the extremely intricate terrain, is holding back our advance.

There were no changes elsewhere on this front.

### INTEREST IN CASE IN SUNBURY CO. COURT

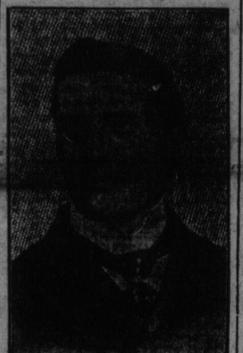

Special to The Standard.  
Oromocto, July 12.—A case that has been proceeding in the Sunbury county court during the last two days, and which has attracted considerable interest came to a close today. The action was brought by Harry Venn of Sheffield against Abe Levine, of Fredericton for the alleged breach of a warranty in the sale of a horse in March last. The jury after three hours deliberation returned a verdict, standing four to one for the defendant. (Albert J. Gregory, K. C., for the plaintiff and Hon. A. B. Ship, K. C., for the defendant.)

Strong Protest.  
This at once evoked a strong protest from Sir Wilfrid Laurier, who denounced the amendment as a vague one, which contained nothing more than was already provided for in the act itself. He declared such a clause seemed to him a little right nor just.

In reply to further objections by Sir Wilfrid Laurier Hon. Mr. Doherty said that as regards the objection of

### RT. HON. AUSTEN CHAMBERLAIN IS THROUGH

Resigns as Secretary for India Because of Disaster at Kut-el-Amara, Mesopotamia.

London, July 12.—J. Austen Chamberlain, secretary for India, has resigned. He resigned as a result of the revelations of the commission which investigated the first British Mesopotamian expedition.

Mr. Chamberlain was one of the group of civil and military officials on which fell the most scathing criticism in the report of the commission which investigated the ill-fated Mesopotamian expedition. The report found that the India office in London was responsible for the policy pursued, although the report attaches less blame to Mr. Chamberlain's part in the enterprise than to that of the others concerned.

It was announced yesterday that all the officers involved had ceased to exercise any function in connection with the government and that a judicial inquiry into their conduct would be made.

Indefiniteness no man would ever be charged on a general matter. When he was charged it would be on a specific contravention of the act.

The section was finally changed to make the minimum penalty 110. Below that Mr. Meighen declined to go. The House took up the important added clause announced by Mr. Meighen yesterday, providing penalties for agitators seeking to obstruct the administration of the act. Sir Wilfrid Laurier asked if there was any possible offence which had not been covered in the section, but the solicitor-general refused to rise to the bait.

"I would like to ask from what source has the solicitor-general drawn this amendment?" asked Mr. Oliver.

"From a source that would commend itself to any man of common sense," replied Sir Meighen.

Sir Wilfrid Laurier objected to the phrasing of the act which made it an offence to advise a man not to go before a tribunal for exemption. He thought it strange that there should be a penalty for a man not to claim exemption but to be a soldier.

Sir Robert Borden put him right, however, by pointing out that the section was intended to curb those who urged men not to recognize the act at all by offering exemption.

Freedom of Speech.  
Mr. Devlin wanted to know about the story that Le Canada had been threatened with suspension if it did not stop circulating a certain military official.

### WAR MEASURES ACT MAY BE APPLIED TO HIGH COST OF LIVING PROBLEM

Ottawa, July 12.—(Leased wire)—Thorough investigation is being made by Food Controller Hanna and his staff of food prices and food supplies throughout Canada. The data as to cold storage companies and operations gathered by the high cost of living commissioner, W. F. O'Connor, during the past six months will be supplemented by further information brought to the present time, and filling in some links still required to demonstrate whether or not combines are forcing up the prices to such a degree as to require immediate government action demanding the disposal of surplus stocks and lower prices for the necessities of life.

The report on cold storage supplies given out by Mr. O'Connor was only a tentative one and until all the facts are known it is considered unwise by the food controller to take any precipitate action.

It is intimated, however, that before long Mr. Hanna will be in a position to recommend to the government definite action towards reducing prevailing prices by order-in-council under the War Measures' Act. This will be in addition to the movement towards bringing prices down as a result of the campaign against food waste thus increasing supplies and consequently reducing prices.

### MANY ORANGEMEN CELEBRATE THE BATTLE OF THE BOYNE, THROUGHOUT THE PROVINCE

Notable Occasion at Middle Sackville, Where There Were a Parade, Speechmaking and Picnic—East Kings Orangemen Observe Day with Memorial Service.

### MAINE AND UP-RIVER CELEBRATION HELD IN VICTORIA COUNTY

Orangemen of Charlotte County and Adjacent Places Assemble at Wilson's Beach—Nova Scotia Brethren Hold Celebration at Kentville.

Special to The Standard.

Sackville, July 12.—Westmorland County Orangemen celebrated the Glorious Twelfth at Middle Sackville today in a fitting manner. The scene of the observance was at Morices Pond, one of the most beautiful spots in the county. Orangemen gathered from all parts of the county and during the afternoon the grounds were crowded with one of the largest assemblies seen there. The day was ideal and the proceedings passed off in a manner most pleasing to Orangemen and all friends in attendance. A special train of ten cars from the western end of the county brought Orangemen and friends to the number of about 500, the deputation from Moncton being especially strong.

The Moncton Orangemen were accompanied by the Moncton City Silver Band.

Parade Held.

After dinner the usual parade was held, the route of march being through Middle Sackville. About four hundred Orangemen marched, and the lodges represented included Westmorland and Royal Black Preceptory, Westmorland Royal Scarlet Chapter, Lodges 8, 39, 62, Moncton 197, Sunny Brae 103, Berry's Mills 97, Petticoil 68, Salsbury 66, Middle 102, Sackville 119, Middle 43 and Rockport. The procession was headed by County Master D. H. Charters of Sackville, mounted on a white charger. After the parade short speeches were delivered by County Master Charters, who presided, Grand Master H. G. Wadman, Dr. O. B. Price and Leonard Gay, ex-county master. Grand Master Wadman pointed out that sixty thousand of the Orangemen of Canada had responded to the call of the Empire.

Many had fallen and many more would likely yet fall. He paid a deserved tribute to the royal response of the members of the order.

Ex-County Master Gay in the course of his address referred to the province of Quebec not being up to the mark in the matter of enlistment and paid a tribute to the noble response of the English-speaking portions of the Dominion.

Dr. O. B. Price.

Dr. O. B. Price expressed his pleasure at being able to be present and say a few words to the people of the county on such an important occasion. Referring to the great war he said he knew many of those present had seen

at the front and he realized their anxiety. He pointed out what the government was doing to send assistance to the brave boys who were fighting our battles and contending all loyal Canadians must stand behind the government in passing the military service bill.

The proceedings broke up with cheers for the King, grand master and county master, the bands playing the National Anthem. The attractions on the grounds continued, until ten o'clock tonight.

Held Memorial Service.

Sussex, July 12.—Owing to war conditions the Battle of the Boyne was not celebrated by the E. O. L. of Kings East in the manner of previous years, but instead a memorial service in memory of brethren who had fallen at the front was held at Riverdale Park. The front was held at Riverdale Park. Admiral Nelson, O. L. No. 124 of Sussex and visiting brethren from Norton, Millstream, Newtown, Penobscus and Markhamville lodges marched in procession to the park, Past County Master A. E. Pearson acting as D. of C. where an impressive memorial service was held conducted by Rev. F. B. MacDonald, assisted by local clergymen. About one thousand five hundred attended the service. The afternoon was fine and many visitors were in town.

At St. Martins Last Night.

There was no celebration in St. Martins during the day, but last night the members of the Orange Order, with their friends, crowded the hall on Orange Hill and all spent a very pleasant time.

At eight o'clock J. Wesley Brittain, Worshipful Master of the St. Martins lodge, in a short address, introduced Dr. J. B. M. Baxter, K.C., of St. John. Mr. Baxter spoke at some length on the principles of British Liberty, tracing it from the Magna Charta of King John, and said that British principle of freedom is now endorsed by all the Allies who are fighting in this great struggle against despotism.

Mr. Baxter congratulated the Orange Order on the fact that 85,000 of its members have gone from Canada to fight the battle of freedom, and that in this war they are fighting shoulder to shoulder with men of other races and other creeds, which must broaden our views.

S. B. Bustin of St. John was the

### Serious Crisis in the German Government Over Peace Policy

Berlin Telegram to Berne Says Intervention of Crown Prince Induced Chancellor Von Bethmann-Hollweg to Resign—Entire Government May Quit Office—Reichstag Will Assemble Today.

Berne, July 12.—A telegram from Berlin today says that it was the intervention of the Crown Prince that caused the chancellor to tender his resignation.

Entire Government May Quit

Amsterdam, July 12.—Rumors have reached Holland that the entire German government will resign with Imperial Chancellor Von Bethmann-Hollweg, the main committee of the Reichstag having refused to vote a war credit unless the government declares its policy regarding peace and reform which the government has declined to do. An imperial proclamation is considered imminent.

The Vossische Zeitung and Lokal Anzeiger, both of Berlin agree that the chancellor resigned owing to a letter from the centre or clerical party declaring that the conclusion of a peace would be rendered more difficult if he retained his office.

most speaker and he spoke of England as a nation that was always for liberty. Cromwell fought for liberty, and in his time the flag floated over England only, while now it floated over one-sixth of the world and one-quarter of the world's population.

Mr. Bustin said he thought that the number of Orangemen leaving Canada to fight for freedom, while being placed at \$5,000, might be doubled, as sons of Orangemen, who are not members of the order, could be well counted as such in this contribution.

The two St. John speakers were loudly applauded at the conclusion of their addresses.

The large number of ladies who were in the audience brought ples with them to the hall and when the addresses had finished Worshipful Master Brittain called on Hon. Mr. Baxter to act as the auctioneer, which position he ably fulfilled. Every pie was sold at a good figure in a very short time and the gentlemen who purchased the same adjourned to the banquet room with the ladies and supper was served.

About ten o'clock the tables were cleared, the music started and the ladies and gentlemen present enjoyed dancing until an early hour this morning.

In Carleton County.

Perth, July 12.—About one thousand Orangemen from various parts of Maine and New Brunswick assembled at Perth today to commemorate the Battle of the Boyne. Speeches were made at the new school house and dinner and supper were served on the grounds by the ladies of the Perth Baptist church.

There was a sporting programme and music.

At Wilson's Beach.

St. George, July 12.—The Orangemen of this section of the province spent the day at Wilson's Beach. There were a ball game, other sports and dancing. The Deer Island brass band furnished music. A number of motor boat trips were enjoyed and the day was a complete success.

BOY DROWNED

Charlottetown, July 12.—Clarence McLean, the twelve-year-old son of William McLean, of Northam, was drowned while swimming in the river near his home. He got across but sank attempting to return.

P. O'BRIEN, M.P., DEAD

Dublin, July 12.—Patrick O'Brien, who has represented Kilkenny in the house of commons since 1895 died in a private hospital here today. He was a Nationalist and whip to the Irish party.

Barries Are Higher.

Very few strawberries came down the river yesterday and prices advanced four cents a box in consequence. It is expected that large shipments will be brought down on the river steamers today which will probably cause the price to drop to a lower level. The weather has been kind to the berry pickers lately and they are gathering in large crops of this juicy fruit.

Amsterdam, July 12.—A Berlin dispatch says the Reichstag inter-party committee has concluded its deliberations in regard to the text of the joint resolution on the question of peace which is to be moved in the Reichstag.

The National Liberal members of the committee requested that their party be given an opportunity to come to a decision regarding the resolution, but this decision has not yet been reached.

Reichstag Meets Today.

London, July 12.—The plenary session of the Reichstag, which was to have opened early in the week, will sit on Friday, the Exchange Telegraph's Copenhagen correspondent cables. He reports that a great political debate will be begun on Saturday and that a liberal peace formula, declaring Germany is fighting a defensive war, is expected to command a large majority.

72 LODGES OF TORONTO IN CELEBRATION

Thousands of Ontario Orangemen Observe the Anniversary of the Battle of the Boyne.

Toronto, July 12.—Seventy-two Orange lodges of Toronto and several visiting lodges made the usual July 12 march from Queen's Park past the City Hall to the exhibition grounds this morning. The weather was threatening, but the rain held off and for part of the day the sun was out. Pears that the lack of transportation facilities due to the street railway strike would thin the parade were not realized. Banners carried by several lodges, bearing names of members who had fallen in France, were a feature of the parade which absorbed the attention of on-lookers. A banner carried by August Rose of Derry lodge bore the names of eight who have made the sacrifice from Ypres in 1914 to Vimy Ridge in the present year.

5,000 at Kingston.

Kingston, Ont., July 12.—Five thousand Orangemen of Kingston and district are celebrating "the glorious twelfth" here today. There was a big parade to Victoria Park, where speeches were delivered and a programme of horse and bicycle races at the fair grounds.

Schooner Coral Leaf Set on Fire, but Subsequently Towed to Irish Port—Crew Safe.

Special to The Standard.  
Parrboro, July 12.—A cable received today announces that the tern schooner Coral Leaf, Capt. McEade from Port Greville for Barry with deals was torpedoed and set on fire by a German submarine, that the crew landed safely and that the vessel was subsequently towed into an Irish port. The Coral Leaf registers 374 tons. She was built at Spencer's Island, but was registered in Barbadoes. She sailed from Spencer's Island thirty four days ago.

# RUSSIANS CAPTURE OF KALUSZ, IN GALICIA

## GEN. BRUSILOFF'S OFFENSIVE CONTINUES WITHOUT LET-UP

### Russians Push On Beyond Lesiuvka, Southwest of Stanislau, and Occupy Kalusz, City of Eight Thousand People—Germans Were Repulsed in France.

General Brusiloff's offensive in Galicia is developing into a drive with little or no let up, at least so far as the part in it played by General Korniloff's armies is concerned. Yesterday's news of the capture of Halicz was followed today by the announcement that Korniloff's troops had pushed on beyond Lesiuvka, southwest of Stanislau and reached and occupied Kalusz, a city of 8,000 people, seven miles to the west of the Stoka river. The Austro-German headquarters in this sector was situated here. Kalusz was stubbornly defended, but after a sanguinary battle the Russians pushed into the town and, according to advices from Petrograd, they are continuing their advance after having taken a large number of prisoners.

### Germans Fail to Advance.

The German attack on Monday on the Belgian coast ceased with the capture of the small sector east of the Yser which the Germans had devastated with their intensive gun fire. Neither last night nor today's British official announcement records any further fighting of moment in this region, although the artillery is continuing active. A German raid near Lombray-Zyde was driven off by the British.

### Official Announcement that Kalusz Had Been Occupied by the Russians.

Official announcement that Kalusz had been occupied by the Russians was made today, coupled with the statement that the occupation was effected after a sanguinary battle.

The witness gave strong evidence against Tapley, claiming that he met the prisoner at Houlton July 4 and hired with him to work on his farm. They went by train to Bridgewater and walked the remaining few miles to the Tapley farm. On the way Tapley is alleged to have said that the Shannons had burned his barns and that he was determined to exterminate the family.

### PUNISHMENT FOR MILITIA BILL ENEMIES

(Continued from Page 1)

Mr. Graham returned to his criticism and was met by a lengthy reply by Hon. Mr. Doherty in which the minister clearly showed that criticism alone was not enough to bring down a government. "The people we want to get at by this section are a class of people whom everybody agrees ought to have condign punishment," he said. "This country should be appraised," continued Hon. Mr. Doherty, "that those who incite others to unlawful resistance to this law will do so at their own peril, and will commit an offence which will entail at least a year's imprisonment."

### Ontario's Splendid Record

Since September 16, 1916, Ontario has enjoyed good enforcement of Prohibition in all but a few districts. Not the most daring anti-prohibitionist hopes for a return of the curse of the traffic in Ontario. Here are some figures showing results in Ontario's largest cities for the last three months of 1915 and 1916:

	ARRESTS FOR DRUNKENNESS	
	Under License 1915	Under Prohibition 1916
Toronto	2,908	983
Ottawa	286	234
Hamilton	498	61
London	367	144
Brantford	152	16

Note.—"It will be noted that Ottawa has not much reduction in arrests for drunkenness. It is perhaps strange that it should show any reduction in the drunkenness record, inasmuch as it is separated only by the river from the license city of Hull."—PIONEER, Toronto.

Speculation as to the next financing operation of the Dominion Government was stimulated towards the end of the week by the stronger tone of the old loans and the greater attention that is being given to the Government's financial requirements.

### Credit Unimpaired.

The credit of the Grand Trunk has always been maintained unimpaired in London. Mr. Smithers asserts, and it has been able itself to finance the many requirements of its work in Canada. In June, 1916, in the midst of war and on a day when Scarborough was being bombarded and telegraphic communication between London and the north of England was interrupted for several hours, the Grand Trunk was able, with the consent of the British Treasury, to raise a credit of \$12,500,000 in five hours.

### CONSCRIPTION TO TRIBUNALS WILL BE SCIENTIOUS OBJECTIVE PARTY

Ottawa, July 12.—On again resuming the on the military service section providing for the of local tribunals was altered.

### Many Improvements.

Mr. Smithers summarizes the improvements that have had to be made in the sixty-five years of the company's existence, and points out that during the incumbency of the present board every bridge on the system has been rebuilt, 1,100 miles of the line have been double tracked, heavier rails have been installed, locomotives of ever-increasing power have been put in use and new and larger freight and passenger cars have been provided continually.

### Amendment Made.

The amendment was a discussion of the tribunal McCreary of Saskatchewan, the question of the appointment of judges to the tribunals supported by Sir Wilfrid Laurier.

### Conscientious Objectives.

# CANADIANS IN U. S. CANNOT EVADE MILITARY DUTY

## CANADIAN GOVERNMENT WILL BRING SLACKERS FROM UNITED STATES

Hon. Mr. Doherty Announces That Arrangements Would Be Made With United States Government to Get "Fraid Cats" Who Have Crossed Border to Evade Military Service at Home.

## CONSCRIPTION PROCLAMATION TO BE PUBLISHED BROADCAST

Tribunals Will Pass Upon the Claims of "Conscientious Objectors," Such as Members of Socialist Party and of Certain Sects.

Ottawa, July 12.—On the House again resuming the committee stage on the military service bill the subsection providing for the appointment of local tribunals was briefly considered.

Hon. Mr. Meighen suggested the subsection should again stand a further consideration. Sub-section five was again considered. This, which in the bill provides a penalty not exceeding \$500 for any person duly appointed a member of a local tribunal who shall, unless relieved in writing by the authority appointing him, without reasonable excuse fail to perform duties by the members of the local tribunals was changed to imprisonment on summary conviction for a term not less than three months, and not more than two years, without the option of a fine.

Amendment Adopted. The amendment was adopted. The committee then turned to a discussion of the tribunals, George McCraney of Saskatoon again raising the question of the appointment of judges to the tribunals. He was supported by Sir Wilfrid Laurier.

Conscientious Objectors. Hon. Mr. Meighen accepted a suggestion made in committee earlier in the week by moving an amendment that allows exemption only to conscientious objectors who were on or before July 6th members of a recognized religious order or denomination, the tenets of which prohibited its members engaging in combatant service.

Mr. Meighen thought that this could safely be left to the tribunals. To fix an arbitrary definition might shut out denominations that had never

troubled to take out letters of incorporation or had never considered that necessary, yet would justly be entitled to exemption.

The discussion then veered to subsection (A) dealing with agriculture and similar essential occupations. After some talk Hon. Mr. Meighen refused to amend the clause by mentioning specific industries, remarking that the clause as it stood had worked very satisfactorily in England and there was no reason why it should not here.

Mr. Boulay broke in with a quotation from a report which stated that something like 17,000 men had left Ontario for the States in order to avoid military service.

Mr. Doherty, in the same language, replied that arrangements would be made with the United States government to get the slackers back, but the details as to this had not been settled on.

Mr. Lapointe, Montreal, attacked the whole bill.

The chairman reminded Mr. Lapointe that it was clause 11 they were considering, and the Montreal member then asked Hon. Mr. Meighen if he had any idea of the length of time that would elapse between proclamation of the act and the working of the exemption clauses.

Hon. Mr. Meighen replied that as soon as the act was called into operation the preparation of regulations would be undertaken followed by the selection of tribunals under the regulations. Then a proclamation would issue calling out men and he assured the House that this proclamation would give ample time to everybody who desired exemption to secure an opportunity of appearing before a tribunal.

The date for reporting would also be fixed subsequent to the tribunals so that the work might be over before the men reported. That was his personal idea of how the bill would work.

As to advertising it he said the proclamation would of course appear in the Canada Gazette to establish legal evidence, but it would also be thoroughly published in the newspapers and perhaps by posters, so that everybody would have full knowledge of what was required of him.

## Better Roads

We must have these if we wish to attract tourists—if all the users of the highways like to travel in comfort and without danger. No one thing will improve the farm property as much as Better Roads. Roads are more important to the average inhabitant of New Brunswick than anything else. The business methods of the Administration—the establishing of a patrol system—the joining of the Automobile Association by all motor car owners will bring Better Roads about. If you are not a member of the Association you should join it. Maine spends a million dollars a year on roads—uses six hundred and fifty patrolmen—and gets ten million dollars of revenue out of automobilists. The question of Better Roads is more to the Province than the largest of its present industries.

Smithers summarizes the limits that have had to be made in the construction of the line, and points out that every bridge on the system has been rebuilt, 1,100 miles of line have been double tracked, and that the new line, which has been installed, is of a higher standard than any put in use and new and light and passenger cars are provided continually.

Mr. Smithers added that the undertaking of building a Trunk Pacific line from the Pacific Coast to the transcontinental line by the government line Atlantic to Winnipeg. The cost of this line, which is a big boom, which resulted in cost of land, labor and the expense of the line, was increased far beyond original estimates.

Mr. Smithers insists that there is an in the proposal of the Railway Commission to the Pacific Coast, as one of the construction of the line, on terms which is characteristic amounting to semi-concessions to the British Government. Mr. Smithers contends that the Grand Trunk, with less than any other line, has with its own resources, far service to Canada, than any way, having not only carried traffic during the street three years, but also handled all the traffic of the line, in munitions work.

## COLD STORAGE PLANTS HOLD UP LIVING COST

Cost of Living Commissioner W. F. O'Connor, K. C., Gives Figures to Show Where One Evil Lies.

Special to The Standard. Ottawa, July 12.—The increase of holdings by the cold storage companies of Canada compared with the stocks one year ago of beef, bacon, ham, mutton and lamb, are not justifiable and are speculative. This is the statement made tonight by Mr. W. F. O'Connor, K. C., the cost of living commissioner, as the result of returns which he has received from two-thirds of the cold storage companies of the country. "The price of these commodities should forthwith drop," he states. On July 1 the quantity of beef on hand was 6,616,435 pounds, as compared with 4,478,106 pounds on the same date last year, an increase of 48 per cent. The supply of bacon on July 1 was 9,493,865 pounds, an increase of 46 per cent. over the year before; ham 1,519,235 pounds or a 10 per cent. increase.

## CANADA CANNOT QUIT.

An issue of the St. Louis, Mo., Times directs attention to a phase of the recent conscription debate at Ottawa which had been overlooked in this country but which, nevertheless, was the subject of much comment elsewhere. St. Louis is one of the largest German centres in the United States and it may be that the Times, in its attitude toward Canada, is influenced by prejudices. As to this it is impossible for any one in Canada to pronounce. At any rate the St. Louis paper, under the heading "Canada's Alarming Attitude" comments upon the opposition which developed to the conscription measure at Ottawa and after claiming that a revolution is threatened in this country remarks that "a year ago this Canadian course would have meant nothing to us of the United States. Now it means much."

The St. Louis paper then continues: "There is no wisdom in refusing to face facts. Washington should see, and see quickly, that Canada must do for her own and England's cause, all that we are doing. If the United States, in coming into the war to save England and her dominions, cannot have the undivided support of Canada, probably the largest of British possessions, the people will become restive. They will ask why we draft our citizens for a foreign war while the chief western victim of that war refuses to do the same."

Of course the St. Louis paper talks rubbish when it declares that the United States is coming into this war "to save England and her dominions." England and her dominions would and could save themselves if the great Republic to the south of us had continued in its position of neutrality. It might be more correct for our St. Louis friends to admit that since the war broke out England and Canada have been fighting the battle of the United States as truly as our own, but the subject is much too serious to quibble over. The Times has really raised an important point, but fortunately the conscription measure has passed its second reading and it is now well assured that Canada will do her full duty.

For this, however, the Laurier reformists cannot be thanked. If their counsels had prevailed, Canada would have quit and in the United States and other countries that fact would have been open to but one interpretation—that our interest in the war had waned and we had reached the conclusion that what our men had fought and bled for, was, after all, not worth while.

The United States has just entered this struggle. She has not commenced to fight and does not yet know the meaning of sacrifice. But once she gets fairly underway her sacrifices will grow in number and extent very rapidly, while, of necessity, Canada's will decrease, because we shall have less to give. We have already given 400,000 men and to do as well the United States must contribute at least 5,000,000, but even with this fine showing we cannot become laggards, nor lose what we have gained. To cease or slacken our activity now, as suggested by Mr. Pugsley, might be more fatal to our cause than if we had been less active at first. As the Times puts it: "If Canada is to be a quitter WHEN MOST NEEDED, American enthusiasm over the war will be speedily dampened."

The Times need have no fear. Canada will not quit. The sentiment of Parliament and of the country is overwhelmingly in favor of supporting our boys at the front to the utmost, no matter what sacrifices may be necessary to attain that end. But the very attitude of the St. Louis publication illustrates the sorry figure we would cut before the world if the anti-conscriptionists at the capital had been of sufficient strength to defeat the government's proposal. Canada has voluntarily engaged to bear her full share of the burdens imposed by this war. That engagement must be kept at all costs if we are to preserve our standing with the other nations and maintain our own self-respect.

## THE GERMAN HARVEST.

Reports from apparently reliable sources are to the effect that the prospect for the German harvest is very gloomy. In Germany this year the condition of cultivation was said to be such that only the most favorable weather would serve to bring the crops to maturity, and the weather was far from favorable. Germany has had a huge crop production in the past but that attainment marks the climax of a long period of scientific agricultural development. Her agriculture was distinctively intensive as she had virtually no means

soon as the necessary preliminaries have been completed with. Those who oppose conscription hold that the very word "conscription" is distasteful to any democracy. Well, why wait to become a conscript? Why not be a volunteer?

A gentleman named "Hau" has been appointed Premier of China. Poor China. She has had many troubles in the past, and now has to put up with a Prime Minister whose name looks like a typographical error and sounds like a sneeze.

The Orangemen assembled in Gagetown yesterday were true to the very best traditions of their order when they passed a resolution endorsing the Dominion Government's measure for selective conscription.

The most recent news of the Russian offensive indicates that the soldiers of that great Empire have commenced to fight like men who have tasted the sweets of freedom and are prepared to make sacrifices to secure it for the world.

## MCADAM

McAdam, July 11—The members of St. Gertrude's Roman Catholic church held their annual picnic on the grounds of the church on Monday, July 2. A large number of people came from St. Stephen, St. John, Woodstock, Debec, Canterbury and other places, and although the weather was frowned several times yet a most enjoyable day was spent. Captain Hamlington, who was recruiting for the Forestry Battalion, made a very earnest and appealing address in the afternoon.

Mr. and Mrs. John Hurd and children of St. John are guests of Mr. and Mrs. Bert Hurd.

Mr. and Mrs. Ross Thornburn of Alberta have been visiting Mr. Fred Thornburn for the past week.

The ladies of McAdam have been holding a series of Red Cross teas during the last few weeks which has added quite materially to the Red Cross fund, besides furnishing very pleasant afternoons for the ladies.

Mr. and Mrs. George Rothwell and children of St. John were visiting friends here and had a most enjoyable time.

Councillor Douglass of Stanley is visiting his daughter, Mrs. Raymond Wood.

Miss J. B. Manchester of Winnipeg was the guest of Mrs. Geo. Green a few days last week.

The Rev. Mr. Grant and family have moved into the manse. Mr. Grant has recently become pastor of the Union church.

Mrs. W. Lister, Mrs. DeWitt Lister and Miss Muriel Lister spent the week-end in St. Stephen.

Miss Phyllis Lister of Fredericton gave a very interesting recital with her pupils in the Orange Hall last Wednesday. Every number received a hearty encore and the children showed very decidedly the careful training they had received from their teachers.

Miss Lister was assisted by Miss Ruth Green, Miss Helen Green and Mr. McDonald of Fredericton. The proceeds, about fifty dollars, were given to the Children's Aid in Fredericton.

Miss Bessie Embleton and her cousin, Miss Dunbar, of Ontario, have come to spend the summer with Miss Embleton's mother, Mrs. M. Embleton.

Misses Dora and Alice Moffatt of Toronto are spending the summer with relatives here.

The ladies of the Red Cross are preparing to hold a food sale on Saturday, 14th to raise funds for the wounded soldiers in France.

Through the kindness of Mr. and Mrs. George Wise the ladies of St. George's church W. A. were entertained with a motor sail and picnic on Saturday, 7th. Mr. George Humphrey kindly assisted with his motor boat.

The party landed at Mrs. G. Green's cottage on Wankiehegan Lake, where a most enjoyable afternoon was spent. Those who attended were Mr. and Mrs. Wise, Mr. and Mrs. Wood, Mr. and Mrs. Fitzsimmons, Rev. Mr. Fenton and Mrs. Fenton, Mrs. J. Golding, Mrs. H. Harris, Mrs. L. White, Mrs. Dunphy (Fredericton), Mrs. H. Cleland, Mrs. Batis, Mrs. Gallagher, Miss E. Gallagher, Mrs. Strange (Montreal) and Mrs. Geo. Green.

Miss Phoebe Hood of Bangor is the guest of her cousin, Mrs. Hugh Little.

Mrs. Fred Strange of Montreal is visiting her parents, Mr. and Mrs. Geo. Wise.

Miss Ruth Green has just received a letter from Rev. Capt. Hooper in receipt of fifty dollars sent him for the wounded soldiers' fund by the Soldiers' Comfort Association of McAdam. Chaplain Hooper spoke of how deeply he appreciated the gift and the blessing it would be in helping him to carry on the work among his eleven hundred "sons" as he calls his wounded boys.

In speaking of his work he says: "First of all comes the spiritual, but closely allied with it the ministry to body and mind; smokes for all who need them, drives and teas for the poor lads without legs or having to go on crutches and those too weak to walk. All sorts of things for bed pa-

## Little Benny's Note Book.

This afternoon me and Puds Skinkins was setting on Pudsess front steps, just setting there, and Puds sed, Ill bet you a sent anything, and I sed, All rite, Ill bet you a sent the next horse that comes down the street will be wite.

Ill bet you a sent it will be wite, sed Puds. And we legg on setting there waiting, wich no horse any culler came down for a long wile, and then Puds yelled, I win, I win, heer comes one.

Wich one was, being a brown horse with big wite scries all over him like a scrik horse, and I yelled, I win, I win, theres more wite on him that wat there is brown.

Go on, theres twice as much brown, sed Puds, and I sed, Lets ask the man, the man avt to know. Meening the man in the waggin, being a fat man with a red face, and me and Puds ran out in the street just as the waggin was going past pritty fast, yelling, Hay, mister, hay, mister, hay, mister.

Wich the man looked scared and tried to stop the horse, and the horse didnt act as if it thavt it avt to stop and the man yelled, Wo, wo, gooh, shang it, wo. And he kepp pulling on the raneas and the horse stopped, and the man leened away out the side of the waggin, saying, Wats the matter, wat do you want, wats the matter?

He wants to say your horse is more wite than wat it is brown, is it? sed Puds.

Wate a minnit, sed the man. And he jumped out of the waggin waving his wipp, with his face even redder than it was before, looking pritty feare, all rite, and me and Puds skinned up the street so fast it wasent hardly possible. Wich wen we got up to the corner we looked around, and the waggin wasent there, and me and Puds quick ran down again, thinking maybe he was riding around the block after us. Oh he wasent, and we sat down on Puds steps agen. Puds saying, O well, I didnt have a sent, enyhow.

## ARSON CASE WAS REOPENED CIRCUIT COURT YESTERDAY

### Witnesses Tell of What Happened on the Night of the Fire—Mrs. Mary Lyden Fails to Identify the Prisoners as the Men Who Called at Her Place on that Occasion.

The arson case was resumed yesterday morning before Mr. Justice McKeown. At the morning session W. J. Crawford, David McCrossin, William Gibson, Arthur Horsford, Clifford Paddock, Kenneth Shillington and Helen Lyden testified. At the afternoon session Detective William Duncan, Howard Sudebear, Beverly Stevens and Mrs. Mary Lyden gave evidence.

**Morning Session.** When the court met at ten o'clock W. J. Crawford was recalled to the stand and cross-examined by Mr. Sinclair. He was at his home the Sunday before the fire. He had traced the wheel marks from his room to the main road and for one hundred feet along the main road. He saw four wheel marks and two automobile tracks. The shoe looked as though it were broken.

David McCrossin told of Hughes asking him for a horse about 7.30 on the night in question and of refusing to let him have one. Later the witness was in Gibson's stable and heard Mr. Gibson refuse to let Hughes have a horse to go to Mayall's.

William Gibson corroborated the previous witness. This witness said it was raining at the time and this was nearly his reason for refusing. Arthur Horsford said he worked in Donnelly's stable. On the night of June 15 he had given Hughes and O'Brien the mare Kitty. They said they wanted the rig for a couple of hours. This was about 7.30 in the evening. Kitty's shoes were quite narrow. The night was dark and foggy.

Clifford Paddock was at Lyden's about 8.30 on the night in question but did not see any horse. Kenneth Shillington was at Mrs. Lyden's about 8.15. He returned about 9 and left for home about 10 o'clock. He did not see the prisoners while he was there.

Helen Lyden testified that she knew O'Brien. Had known him about four years. He was at her place the night of the Crawford fire and left about ten minutes to ten. Hughes was with him. O'Brien had introduced Hughes to her. The Harris case was mentioned and Hughes did not seem to be very sympathetic about it. There was a road from her place which leads to the three mile house.

Cross-examined by Mr. Sinclair the witness said O'Brien had been a frequent visitor at her house. She had seen him about 11 o'clock. O'Brien was being seriously ill. Mayall's was about three miles further out the road.

**AFTERNOON SESSION.** William Duncan. At the afternoon session the first witness was City Detective William Duncan. On Sunday, June 17 he had seen the prisoners. Had brought them to police headquarters and asked them for a statement of their doings on the night of the Crawford fire.

He and Officer Saunders had gone first to the residence of Hughes on Exmouth street and the witness had told the prisoner that he was wanted at police headquarters on a matter of investigation. When they came out of the house they met Sgt. Journey and asked him to take Hughes to the police station and the witness impressed on Sgt. Journey that Hughes was not under arrest. He and Officer Saunders then went to the home of O'Brien on Brussels street and the same procedure gone through. When they arrived at headquarters the prisoners were taken into the detective's room and asked for a voluntary statement.

O'Brien said he and Hughes hired a horse and drove out to Thomas Lyden's, stayed there about an hour, went from there to the three mile house, stayed there about half an hour and then came back to the city, left the horse at Donnelly's and went home, arriving at home about 11 o'clock. They had left the city at 9 o'clock. Hughes' statement was the same except that he fixed the time of leaving the city at about 7.30 and he said they had a chowder at Jackson's before going home. While they were at Lyden's the horse was tied to a fence.

Cross-examined by Mr. Sinclair the witness said he had not told the prisoners that they could accompany him to headquarters or not but he did not consider them under arrest. Neither had he told them that they did not have to make any statement or that it would be likely to be used against them. Officer Saunders was in the detective's office with him when the

statements were made by the prisoners. After the statements had been made voluntarily he considered that he was justified in arresting the prisoners on suspicion and this had been done. He had arrested them without a warrant or without any information being laid. On the way to the police station O'Brien had asked him to be allowed to see Mr. Bruce, but he had told him that Mr. Bruce could be seen later. He had not sent for Mr. Bruce to see the prisoner at any time. He had not laid any information because it was not his case.

**Howard Sudebear.** The next witness was Howard Sudebear who lives at the Mayall place. The prisoners had not been at the Mayall place on the night of the fire. He had gone to bed about ten o'clock on the night of the fire and about ten minutes to ten he had been on the verandah and looked over at the Crawford house. There was no sign of fire at that time. At 11.15 by his clock he was awakened by the cries of W. J. Daley. He got up and looked out of the window and all he could see of the Crawford house was the chimney. He told Mr. Daley telephoning in to the city and of he, the witness, receiving a telephone message from W. J. Crawford. He also told of being with W. J. Crawford and John Coughlan when the hoof marks were measured. He was holding the light and the track measured four inches on the inside and five inches on the outside. The shoe was very narrow. He saw wheel marks coming from the city and crossing the culvert into the road leading to Crawford's. The imprint of the shoe was smooch such as a plate shoe would make. He had worked around a blacksmith shop and on for two years. The witness knew Hughes. He had heard Hughes say at one time Crawford had a pretty nice place but had never seen him on the Crawford property. There was a road at the Silver Falls church which would bring further out the road. The one coming from out the road was in his opinion a steel shoe express.

Mr. Sinclair then produced a horse shoe and asked the witness to illustrate how the hoof prints, as they were measured. His demonstration developed that the toe part of the print was not measured. The witness said that was necessary for shoes to be shorter on the inside than on the outside. The peculiar thing about the track was that it was very narrow. He was a little bit of a horse man and measured so far as he knew. The witness did not know that John Johnston had a horse shod with a bar shoe. Hughes might have been speaking of another property Mr. Crawford owned out that road.

In answer to the attorney-general the witness said the other property of Mr. Lyden was about a mile further up the road.

paid for the beer. At the time these two men came in there were two boys in the kitchen, Charles Tweaney and Edmund Gibbons.

Cross-examined by Mr. Sinclair the witness said that she did not pay any attention to who came in or out for beer. If she knew them she knew them. If they were strangers she did not pay any particular attention to them as long as they paid for their drink. She had only told the truth about the case before the court.

Court adjourned until 10 a. m. this morning.

**No Trouble to Remove Superfluous Hair** (Toilet Tips) It is an easy matter to rid the skin of objectionable hair or fuzz, if you proceed as follows: Mix a paste with some water and a little powdered delatone, apply to hairy surface and in two or three minutes rub off, wash the skin and the hairs are gone. This method of banishing hairy growths, is painless and does not mar the skin, but to avoid disappointment, be certain to get real delatone.

**Cocconut Oil Fine For Washing Hair** If you want to keep your hair in good condition, be careful what you wash it with. Don't use prepared shampoos or anything else that contains too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain mulsified cocconut oil (which is pure and entirely greaseless), is much better than anything else you can use for shampooing, as this can't possibly injure the hair. Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage. You can get mulsified cocconut oil at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.

## WILSON GIVES WALL STREET SEVERE JOLT

### Stocks Fall Two to Six Points on Fair Profits Announcement, but Market Rallies Later in Day.

New York, July 12.—Stocks received a severe jolt at the opening of today's market, leading issues falling to almost six points on President Wilson's warning that fair profits must prevail during the war. Wall Street resumed almost immediately on announcement that equitable arrangements had been effected between the government and the chief industrial interests of the country.

The initial recovery was followed by additional advances, subject, however, to considerable profit-taking. Highest prices were made in the later trading, but quotations eased irregularly at the close, partly because of a hardening of money rates.

Call Loans Advance.  
Call loans rose to four per cent from the opening quotation of 2 1/2 per cent. The sudden advance was attributed to the withdrawal of funds from local banks by the government to meet current expenses. Time money was not affected; if anything an easier tendency was noted.

Shipments suffered more than other shares in the early selling which came mainly from professional quarters. Atlantic, Gulf and West Indies broke almost six points to 105, and Marine crested at 2 1/2. The latter, together with the common stocks soon made up its loss and Atlantic regained the greater part of its reversal.

United States Steel broke 2 1/2 to 125 and affiliated stock declined 1 to 3 1/2 points, but in this division substantial improvement was noted in other equipments, including motors, oils, sugars and fertilizers sharing in the rise. Tobaccos added one to three points to their steady advances of recent days.

Rails were steady to strong throughout, though gains were nominal for the most part. The market was especially Missouri Pacific, Washash and Texas and Pacific were in demand, and Rock Islands were not affected by reports of removal of internal dissension. Total sales of stocks amounted to 890,000 shares.

The New York City bond offering of \$55,000,000 brought out a large number of bids and the average of prices was regarded as very satisfactory in the present state of investment market.

Firmness ruled in the general bond market, but the Liberty issue fell to a new low quotation, the price ranging from par to 99 45/100 for regular lots and 99 14/100 for an odd lot.

Total sales, par value, aggregated \$2,870,000.

United States coupon and registered 3 1/2's rose 1/4 per cent, on call and Panama 3's 6 per cent.

## FURTHER ADVANCES IN DOMINION WAR LOANS

### Locomotive—Stocks of Canada Steamship Continue Quite Strong.

Special to The Standard. Montreal, July 12.—Except for further advances in Dominion war loans and some renewed strength in Canadian Locomotive, dealings on the Montreal stock exchange were devoid of feature today. The 1921 loan, which sold 5-8 higher at 95 3/4, making a net rise of 3 3/8 for the movement of the past fortnight, was the feature among the loans. The 1927 issue opened 1 1/4 up at 95 1/4, the highest price at which it has sold here on a "with interest" basis, but lost the gain later. It was quoted at 94 5/8 bid at the close, or 1 1/4 lower than on Wednesday, while the second bid was marked 3/8 higher. The first loan continued in demand at 97 5/8, but offerings were scarce. Dealings in all three were considerably lighter than recently, but it was evident that the market continued to view the intimation of conversion rights for the second and third as highly favorable.

Canadian Locomotive, which rose 3/8 to 60 on Wednesday advanced to 62 on purchases of 225 shares. The only news accompanying the buying was the statement of the company for the annual meeting. The preferred stock sold at 87, a decline of 2 1/2 from the last board lot transaction on July 8, and was advanced to 89 later in day.

## TOOKE BROS. MAKE EXCELLENT SHOWING

Special to The Standard. Montreal, July 12.—The financial statement of Tooke Bros. for the year ending Dec. 31, 1916, reveals the largest profits in the history of the company. After depreciation, bad debts, etc., net profits equalled 93 per cent on sales. Earnings with comparisons follow: 1917, 1916. Net profit, \$1,118,854 vs \$845,800. Balance, \$7,954 vs \$7,735. Preferred dividend, \$8,950 vs \$7,327. Prev. bal., \$154,019 vs \$73,618. Total bal., \$163,820 vs \$134,016. Div. arrears, \$1,711 vs \$1,550. No. of shares, 113,909 vs 134,016. (a)—Regular 7 p.c. for year. (b)—Payments of 5 1/4 p.c. on accumulated arrears. Total current assets at end of first year, \$1,070,159, against \$886,013 a year ago; current liabilities, \$471,622, against \$264,551.

## EXCELLENT PROSPECTS FOR LARGE U. S. CROPS

Special to The Standard. Montreal, July 12.—By a decision of Judge Auldgate, of the Exchequer Court, the federal government will pay the Quebec Railway, Light, Heat and Power Company the sum of \$275,000 for the property known as Quebec Gas Co.'s land, belonging to Quebec Railway Company, which was appropriated by federal authorities. The government offered the Quebec Railway Company some time ago the sum of \$125,000, or at the rate of \$3 a foot for the land. This offer, however, gave Quebec Railway \$5 a foot, or sum of \$275,000. To this is added a sum of \$30,000 already decided upon by mutual agreement, making a total sum of \$305,000 in all. The Crown pays the costs of all court proceedings.

## QUEBEC RAILWAY WINS AGAINST GOVERNMENT

Special to The Standard. Montreal, July 12.—By a decision of Judge Auldgate, of the Exchequer Court, the federal government will pay the Quebec Railway, Light, Heat and Power Company the sum of \$275,000 for the property known as Quebec Gas Co.'s land, belonging to Quebec Railway Company, which was appropriated by federal authorities. The government offered the Quebec Railway Company some time ago the sum of \$125,000, or at the rate of \$3 a foot for the land. ## PROBABILITY OF ANOTHER LIBERTY LOAN IMPORTANT FACT IN INVESTMENT SITUATION.

(McDOUGALL & COWANS.) New York, July 12.—The market suffered a shock at the opening of the President's manifesto regarding prices. Steel dropped two to three points and similar declines obtained throughout the list. Hurred selling of long stock did not last long and at the end of an hour the market began to pick up a part of the earlier losses. Secretary Baker issued a statement after the second conference of steel men and government officials this morning saying that the manufacturers had agreed to accept all government orders for the price left for determination when the federal trade commission has completed its investigation. This apparently means that the principal obstacle to rapid progress of the government's war programme has been removed.

Evidence of good buying for long account is appearing in connection with the granger list since the government crop report. This indication of large harvests in the fall is being referred to as a strong factor in the investment mind which is held back to some extent however by the probability of another Liberty loan.

Rumors are circulating in Steel circles that a dividend increase is likely in Gt. Nor. Ore. An important operator is reported to be accumulating shares of Gt. Nor. Ore. is attracting outsiders, because of the increasing tendency to buy raw material stock. Large commission houses still appear to be somewhat reluctant to take any strong bull stand at the moment on the industrial list.

A clearing of the atmosphere here in this connection would result in a more bullish sentiment in these quarters. The private borrowing of Maxwell, Gen. Motors, Studebaker and Chandler.

PRESENTATION OF BADGES.

A very pleasing presentation took place yesterday afternoon in the Naval Transport office of Prince William street when a large number of women were given the Lady Grenadier Guards Badges in recognition of the services rendered by them (as the ladies' recruiting committee, during the naval recruiting campaign last winter and in the spring. The badges were presented at 2:30 with the ladies' recruiting committee, during the naval recruiting campaign last winter and in the spring. The badges were presented at 2:30 with the ladies' recruiting committee, during the naval recruiting campaign last winter and in the spring. The badges were presented at 2:30 with the ladies' recruiting committee, during the naval recruiting campaign last winter and in the spring.

On behalf of the Navy and Lady Grenadier Guards.

The badges presented were of gold, and on the face of each was inscribed the following: "I Help To Support the Royal Naval Canadian Volunteer Reserve, Overseas Division." On the back of each badge is engraved the name of the recipient. It was due to the work and efforts of Captain Mulcahy that these badges were obtained. His Worship the Mayor presented the badges, and after the presentation Mrs. Mulcahy moved a vote of thanks to Captain Mulcahy, which was accepted by Mrs. Sturdee, the motion being unanimously passed. Amongst those present at the presentation were Captain J. Mulcahy, Mr. Hallamers, Col. Sturdee and Mayor Hayes. A list of those who received badges follows: Lady Grenadier Guards' Badges: Mrs. Mary I. Hayes, Mrs. Mary Kubring, Mrs. Jean R. White, Mrs. Leah S. Daniel, Mrs. Gertrude C. Sturdee, Miss E. V. Smith, Miss Violet Whitaker, Miss Ermeline Climo, Mrs. M. A. Hallamers, Mrs. M. M. Mulcahy, Miss Hilda Shaw, Miss Edith Skinsae, Miss M. deSoyres, Miss Hazel Edgson, Miss Eileen Knoff, Miss E. P. Millidge, Miss Nan Brock.

Child Irritable From Itching Rash On Face Healed By Cuticura

"The trouble began with a small rash on little boy's face and heched a great deal. It was inflamed and red and he was very irritable. The breaking out disfigured his face for the time being. He scratched the sore eruptions until they would bleed, especially at night. I used ... but it did not heal him. I sent for sample of Cuticura Soap and Ointment and then bought more, and the trouble disappeared." (Signed) Mrs. J. S. Bell, Hope River, P. E. I., Feb. 19, 1916. Cheap soaps, harsh soaps, coarse, strongly medicated soaps, are responsible for half the skin troubles in the world. They make the skin rough, dry, and sore. Stop the use of all doubtful soaps. Use Cuticura for all toilet purposes. Help it with touches of Ointment applied to any redness, roughness, pimples, etc.

LONGING FOR A CHILD

Young Wife Almost in Despair. Now has Beautiful Baby Girl. There is nothing more charming than a happy and healthy mother of children, and indeed child-birth under the right conditions need be no hazard to health or beauty. Lydia E. Pinkham's Vegetable Compound has brought joy to many childless women by restoring them to normal health. Here is a notable case: Omaha, Neb.—"I suffered from female troubles when I was seventeen years old. At eight years I was married and my trouble was no better so I consulted a physician who said that there was not much I could do and I could not have children. I read of Lydia E. Pinkham's Vegetable Compound and decided to try it, and it has proved worth its weight in gold to me for I am not only well but have a baby girl, so when I hear of any woman suffering as I was I tell her of Lydia E. Pinkham's Vegetable Compound."—Mrs. W. Higgins, 19 Madison St., Omaha, Neb. In many other homes, once childless, there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound made women normal, healthy and strong.

"TIZ" FOR TIRED AND SORE FEET

Use "Tiz" for puffed-up, burning, aching, calloused feet and corns. Why go limping around with aching, puffed-up feet—feet so tired, chafed, sore and swollen you can hardly get your shoes on or off? Why don't you get a 25-cent box of "Tiz" from the drug store now and gladden your tortured feet? "Tiz" makes your feet glow with comfort, takes down swellings and draws the soreness and misery right out of feet that chafe, smart and burn. "Tiz" instantly stops pain in corns, callouses and bunions. "Tiz" is glorious for tired, aching, sore feet. No more shoe tightness—no more foot troubles.

No word has as yet been received concerning the whereabouts of James Sheridan who was last seen leaving the home of Samuel Worth, where he boarded, on Friday last after tea. James Sheridan is the man who was found last winter on the Long Wharf with a bullet wound in his head and it was never satisfactorily settled as to whether the wound was self-inflicted or not. Some three months ago he left the hospital and has since been staying with Mr. Worth. Friday night the children saw him leave the house after tea and that was the last seen of him. Mr. Worth made enquiries around the waterfront but no person had seen the missing man. A hat which had been picked up by Mr. Worth was able to identify as belonging to Sheridan and he fears that he may have been drowned. Fox Manager Leaves City. A number of film men gathered in the office of the Famous Players on Union Street Wednesday evening to say farewell to J. J. Mooney formerly manager of the Fox Film Corporation, St. John office. LANCASTER RED CROSS CONCERT AT EMPRESS THEATRE.

"Do your Bit for the Red White and Blue" sung at the concert given by the Lancaster Red Cross Circle, seemed to mean your bit for France. Last night's entertainment, held in the Empress theatre was a very successful affair. Many of the tickets had been sold and the concert received a fine patronage. The proceeds are to be given in aid of French sick or wounded soldiers so that appeal. The War Waif, a tender story of a little French child who was lost and then restored to her father brought tears to many eyes. The views given were some of the official British War Pictures never before shown in St. John, with some excellent pictures of French soldiers. Mrs. J. F. Smith was the convener in charge of the entertainment. The money made was done by members of the Junior Branch of the Lancaster Red Cross Circle. After the programme was over Mrs. J. V. Anglin made a short speech in which she thanked Mr. William Smith of the Empress who had deputed the theatre and arranged the programme giving of his time and donating the theatre. Mrs. Anglin also thanked the artists who had given their services so willingly ever since the beginning of the war and who had contributed to the evening's enjoyment. The films shown were donated to the Red Cross by The Universal Film Company, The General Film Company and the Specialty Film Import Company. The musical programme opened with the singing of the Marseillaise by Miss Katherine Gallivan who was dressed in white with the typical French colour cap and the flag of France about her. She stood against a background of white with a large, red cross, the emblem of mercy. Miss Gallivan's beautiful voice was heard to great advantage in this inspiring anthem. Miss Ermeline Climo sang twice her recruiting song being beautifully given. Miss Grant gave two of the Indian Love Lyrics most sympathetically and Miss Valde Fenton, always a favorite, sang twice. Mr. A. C. Smith's songs were enjoyed and Mr. Girvan had also to respond to an encore. S. C. Hurley, chose an appropriate poem in Robert W. Service's poem of Jean Dupres which he rendered most dramatically. He gave some clever impersonations also. Miss Valde Fenton and Mrs. Landry acted as accompanists. The concert closed with the National Anthem.

Around the City

Disabled Engine Delayed Train. Train No. 17 from Truro, N. S., which was due at 9.30 last night, drew into the depot over two hours and 15 minutes late on account of a disabled engine.

Fish Market. On account of the easterly wind of the past few days fishing has been slack and the markets have only small quantities on hand. Practically no had can be obtained as the season is about over for this fish, and halibut is also noticed for its absence though small quantities can be had at 25c per pound. There is a fairly good supply of salmon, which is priced at 25c, 25c, 25c per pound. Smelts are selling for 15c a pound; fresh cleaned haddock, 12c and 14c a pound; flumm haddock, 15c a pound.

Promotion For Engineer Gray. Chief Resident Engineer is now the title of Alexander Gray, formerly assistant to Engineer Connors of the Dominion Public Works, Ottawa. Mr. Gray formally took over directorship of the harbor on Wednesday. He succeeded Engineer Sweeney on West Side dock work, and has since been promoted to head of the harbor department. Engineer A. R. Crook continues at the head of the public works division, over which he has had jurisdiction for several years, and Engineer F. G. Goodspeed takes over charge of St. John river and St. John county coast, together with Albert and Charlotte coasts.

Pioneer Lodge Installs. W. R. Sanderson, District Deputy Grand Master, and suite of Grand Lodge officers, last evening installed the following officers of Pioneer lodge, No. 5, I.O.O.F.: F. G. Poole, N. G.; Harold Scott, V.G.; J. A. Murdoch, P. G. Rec. Sec.; J. F. Russell, Fin. Sec.; R. Robertson, P.G. Treas.; N. L. Lund, Warden; A. E. McGinley, P.G. Con.; Wm. Murdoch, P.G. Outside guard; F.H. Fowler, P.G. Chaplain; J. H. Lang, I. P.G.

Recruits From New York. A fine husky bunch of recruits came in last evening on two cars attached to the Boston express bound for Alton. The recruits hailed from New York state, and to show that they were inspired by the right spirit they had inscribed apt mottoes on the sides of their cars previous to entering. Some of the remarks were frankly humorous while others had a more serious tone, but they all displayed the invincible determination that actuated the young men in their endeavor to do their bit for the cause of humanity. Some of the phrases were: "New York to Berlin," "Down with the Kaiser," and "Come With Us."

Vancouver Newspaper Changes. The current issue of The Fourth Estate contains an announcement of pending newspaper changes in Vancouver, one result of which will be the absorption of the Vancouver News-Advertiser, of which Mr. S. D. Scott, formerly of this city, is editor, by the Vancouver Sun. The change is stated to take place in September. The Sun is a Liberal newspaper and the News-Advertiser, Conservative. The absorption of the Conservative publication by one published in the interest of the Liberal party may result in Mr. Scott removing from Vancouver to another field of effort, for that gentleman is a staunch Conservative and, unlike some of his former colleagues in this city, cannot change his politics as easily as he does his coat.

ATTENTION CITY SUBSCRIBERS. Owing to the absence of some of the Standard carrier boys on their vacations, new boys are for the time carrying their deliveries and this has recently been the cause of some subscribers not receiving The Standard.

If those who have reason to complain will promptly notify the Circulation Dept., Main 1910, any time, between nine and six o'clock on the first day the paper does not arrive, the matter will be remedied.

RESOLUTION EXPRESSING APPROVAL OF CONSCRIPTION

Resolution from Gagetown Gathering Forwarded to Sir Robert Borden — Excursion on May Queen Successful — Splendid Procession at Lorneville — Plea for Unity of All Classes and Creeds.

Orangemen from various parts of New Brunswick at a meeting yesterday at Gagetown placed themselves on record as favoring the conscription measure of the Borden government. Amid lusty cheers the resolution favoring conscription was passed by the meeting. The following telegram, forwarded to Sir Robert Borden, by Brother John H. Wilson of this city, who was deputed to send it, presents the views of the hundreds of Orangemen who assembled to observe the glorious twelfth: "I have been instructed to send you the following resolution which was passed unanimously at Gagetown, N. B., today: 'Resolved that the Orangemen assembled at Gagetown, N. B. today from different parts of New Brunswick heartily endorse your conscription bill and its principles and will stand by you.'"

Upwards of 200 Orangemen from this city attended the meeting at Gagetown, going to the Queens county village on the steamer May Queen. The excursion was under the auspices of Dominion L. O. L. No. 141. The members of the lodge and others from Simonds street and marched to the boat headed by the Salvation Army Band. Brother Orangemen joined the party at Sand Point, Westfield, Belvoir Point, Hampton, Queenstown and other points en route. The excursion reached Gagetown at 12.30 o'clock, the party being enthusiastically received by the members of the lodge there. Meals were served by the branch of the Red Cross Society at Gagetown throughout the day and a city sum was realized for this worthy cause. In addition to the local excursionists, members were present from the adjoining counties, while an excursion from Woodstock on the Valley Railway brought a large number to the meeting.

Promptly at two o'clock the brethren assembled at the Orange Hall and the procession was formed as follows: Directors of ceremonies—Brothers Wellington Wiggins, Gagetown, and Joseph Daley, Dominion L. O. L. No. 141, St. John. St. John Salvation Army Band. Royal Black Preceptory No. 82. Royal Black Preceptory No. 703. "Frederic Boys' Lodges Nos. 17, 30, 35, 40, 47 and 51. Baywater L. O. L. No. 157. Kingston Champion L. O. L. No. 65. Dominion L. O. L. No. 141. No Surrender L. O. L. No. 18. Westfield L. O. L. No. 98. Johnstone L. O. L. No. 24. Dominion L. O. B. A. No. 18. Cullum L. O. B. A. No. 38. After a short march the procession was halted at the court house, where the meeting was called to order by George W. Diney of Gagetown. The chairman after extending a hearty welcome to the visitors, called on Brother D. G. Atkinson of Olive Branch L. O. L. No. 200.

Mr. Atkinson, who is a theological student at Wycliffe College, delivered the principal speech of the day, referring to the present war and the part Orangemen had taken in it. He said that Orangemen had done glorious work and that they would be prepared to endorse the conscription measure of the government. The home rule question was touched upon at some length by the speaker, who said that the Ulstermen had just claims which should be recognized by the government.

Other speakers included Rev. Mr. Marshall of Gagetown and Brother McIntyre, both of whom were given an attentive hearing. The home rule visitors for the hospitality of the Gagetown Orangemen was extended in an appropriate speech by Worshipful Master Kilpatrick of L. O. L. No. 141. During the afternoon, games and dancing were enjoyed. The excursions left Gagetown on their return at 6.15 o'clock, reaching the city about 10.45 o'clock. The local brethren are loud in their praises of the members of the order in Gagetown whose efforts so largely contributed towards the success of the gathering.

At Lorneville. Several members of city lodges went to Lorneville for the gathering there yesterday. The procession and meeting were under the auspices of Coronation and Mount Purple Lodges. The turn-out of the Orangemen was highly creditable, the success of the procession, the success of the energetic organization committee from the two lodges. The parade left the hall at Lorneville at eleven o'clock. Wallace Galbraith took the part of King William, being mounted on a fiery white charger. Following Galbraith was the Lorneville Pipe and Drum Band, while representatives of the Royal Black Knights of Ireland, the St. John County Royal Sea Lodge Chapter were next in line. The "Pretence Lodges Nos. 27 and 40 followed, while representatives of the local lodges brought up the rear. The parade followed the usual route. After quite a lengthy march the parade proceeded to the picnic grounds, where addresses were delivered. Hon. J. B. M. Baxter, the first speaker, made a strong plea for unity among all races and creeds, particularly emphasizing its importance and necessity in the solution of the great problems which confronted Canada and the Empire at the present time. A. E. McGinley and Wm. Golding also spoke briefly.

In the afternoon games and sports were enjoyed on the grounds, while a programme of dances in the evening brought the celebration to a close. On June 28th, I visited Nany Island, one of the families living there I found five children, proper age for school, who had never been in school. There was one lad of 13 years who was working and who was said to have passed through Grade 1. I may say, however, that in every family I have had occasion to visit in the city I have found similar conditions. In some instances the parents plead poverty, in others they say they try to send their children to school but they play truant instead.

"I have to acknowledge having received during the month a gift of the city directory for 1917 from Mr. M. McAlpine in recognition of the valuable work done by the society. This volume cannot but be a great help to me in my work."

The management of the Raymond and Doherty Company announce that the formal opening of the Royal Gardens will take place this afternoon and evening, July 13th. Part of the proceeds to be donated to the local Red Cross.

EXTRAORDINARY SALE OF REMNANTS AT F. A. DYKEMAN & CO.'S. To be continued today and tomorrow morning. Today is the second day of our great remnant sale, a remarkable event, in which you will find wonderful values, and which is therefore calculated to arouse boundless interest among St. John shoppers.

REACH CITY LAST NIGHT FROM HALIFAX

S. W. Lutes of Moncton, and C. Cullen, Who Enlisted in City, Arrive for Convalescent Home—Two Recruits Yesterday.

HONOR ROLL. S. Williams, Moncton. C. R. Gibson, St. Vincent. 8th Field Ambulance.

A draft of nine will leave tonight for Upper Canada for the Canadian Engineers. Two of the party will proceed to St. Johns, Quebec, for the Engineers. The remainder will go to Ottawa to report to the Signalling Depot. The majority of the party are natives of this city, although they did not enlist here. The men leaving for the Engineers are J. D. Ketchell and J. S. Killam. The recruits for the Signalling are James Alton, J. Gillan, J. Robinson, H. Gibson, H. Allison, R. McGarry and Edward Boyd.

Soldiers Arrive For Parks. Among the passengers to arrive in the city last night on the Halifax train were two soldiers who have spilled their blood in France for the cause of British institutions. They were S. W. Lutes, son of Mrs. Laura Lutes of Moncton and C. Cullen, who enlisted in St. John. Both men were obliged to use crutches, the former suffering from the effects of wounds received in the log, and the latter from wounds in the thigh. C. Cullen went to the front in the 14th Battalion, but was afterwards transferred to the 5th C.M.E. Speaking of the air raids over England they stated that the best of the English aeroplanes are at the front.

BEGIN ERECTION OF THE GRAIN TANKS EARLY-NEXT WEEK

Satisfactory Progress with Work at the New Government Elevator. Fort William Concern to Build Tanks to Height of 90 Feet.

Excellent progress is being made on the erection of the new government elevator on the site to the south of the old Metropole lot between Prince William and Water streets. The first of the week will witness the commencement of the building of the grain tanks which it is expected will be completed to a height of ninety feet within the next three weeks. The whole structure is being made of sliding forms and a representative of the Segies, Bellows Co., Ltd., of Fort William, who have the contract for the superstructure and machinery, said yesterday that everything was proceeding nicely. The super-structure will be built to a height of about 110 feet, the some building reaching upwards of 200 feet in height. A large number of men are employed on the contract. The foundation piers at the site were built by Engineers and Contractors, Ltd.
