

MEIGHEN MAY CHOOSE SEVEN CABINET MEN

West Peterboro Result Leads to Decision to Reorganize Cabinet at Once.

SITUATION REQUIRES IMMEDIATE ACTION

No Change to be Made in Cabinet Representation of the Maritime Provinces.

(Continued from page 1) While cabinet organization is on the order of a business transaction, it is a transaction of some importance, and the course to pursue afterwards, whether to simply vote supply and appeal to the country or to retain office and give effect to the party platform, some politicians do seem an immediate appeal and would even court defeat believing that loss of power would be a relief. They figure an early defeat would mean an early return to power with a long tenure of office assured. It is certain that the Liberal and Farmer parties are unprepared for office.

Only Two Big Ones. In the parliamentary ranks are only two men of cabinet calibre, and these, Hon. W. S. Fielding could not assume the burden of a portfolio, and Hon. Rodolphe Lemieux would not be permitted if the Bureau-Lapointe-Bland faction could prevent him. At best even a coalition cabinet of Farmers and Liberals would be incompetent and inexperienced, doomed to disaster from internal dissension and external dissatisfaction.

The Case of Lapointe. Ernest Lapointe is a provincial constitutionalist and will never broaden, while Hon. W. L. Mackenzie King lacks personality to hold and harmonize the diverse elements. From the Farmers party could come only Hon. T. A. Cramer, and his record as a Federal administrator did not indicate great statesmanship. It would be a hopeless combination and would soon disappear. If this combination succeeded to office it would face a period of falling revenue and intensified railway and soldier problems.

Taxation Problems. Even if they did not change the fiscal policy they would have to increase other taxation, but if they gave effect to either the Farmer or Liberal fiscal policy direct taxation would be doubled. If they failed to make toward the free trade goal they would be discredited in rural Canada. It is in the light of these conditions that many government supporters would like to see the Farmer-Liberal group in power. They would not last two sessions.

The Tariff Question. Then many Government supporters do not believe a pre-election tariff revision is good politics. Any revision will not be satisfactory to either farmers or manufacturers. Lowering the tariff will disorganize industry and will gain no support from the farmers who want power more than they do free trade. A revised tariff would take the rest out of an election campaign and might remove the incentive to aggressive government support. There is no doubt a strong element in the government ranks that would defer tariff revision until after an election, and then if the government won it could act with a freer hand and if it lost its successors would be forced to take immediate action. But the majority favor retaining power, revising the tariff, consolidating the railway systems and making an electoral redistribution. Much will depend, however, on the attitude of the opposition. If the leaders of the Farmers and Liberals are insistent on an election at once the new cabinet may meet their demands, but if they do it will be conditional that the present session does not last thirty days, so that the country won't be muddled one and a half million dollars for an abortive session.

BAR SCENES OF CRUELTY FROM FILMS

Believing that scenes in motion pictures which show sufferings on the part of animals have a depressing and harmful effect upon the theatre patrons, and children in particular, Special County Judge Frederick L. Dutcher in his annual report as president of the Rochester Humane Society for the Prevention of Cruelty to Animals, recommends that some action be taken to bar such scenes from the screen. Judge Dutcher said that some action should be taken by the society advocating the discontinuance of such pictures and their censorship by the proper officials. He further said: "In moving picture shows there are frequently exhibited pictures concerning the treatment of animals, such as the branding of stock, ferrets attacking rabbits, bull fights and so forth, depicting animal suffering, which are revolting to those of humane instincts and I believe to the public in general, and which certainly must have a very harmful effect upon the minds of children."

MAY ABOLISH COMMISSION. Ottawa, Feb. 10.—Abolition of the commission of conservation is understood to be under the consideration of the government. "The commission of conservation was created by Sir Wilfrid Laurier, its first chairman being Sir Cliffordifton. Sir Clifford resigned the post about two years ago, since which time the post has been capably filled by James White."

ALLEGED REDS COMMITTEE. Hamilton, Ont., Feb. 10.—Sir John Ross, Oliver Fry, Evan Simons and Stanley Mariner, under arrest in connection with the alleged "red" movement in Hamilton were all committed for trial by Police Magistrate Jahn.

Held Funeral For The Holy Books

Old Testament Copies Mutilated by Huns Interred—Burial Recalls Ancient Story

(Copyright 1921, by Cross-Atlantic) Prague, Czechoslovakia, Feb. 10.—Thousands of people attended a Jewish ceremony at Prague, where the Chief Rabbi of Brody and the clergy in their clerical dress carried through the streets portions of copies of the Old Testament which were mutilated when the Jewish synagogue was stormed on November 17. The books were interred in the oldest European Jewish cemetery near the grave of the famous Rabbi Loew. Prague is one of the oldest Jewish congregations in Europe and Rabbi Loew, who lived in the middle ages, is still the object of veneration by orthodox Jews. According to tradition, he was one of the few elect who had mastered the secrets of Kabala, the Jewish "Black Art."

"Golem" Ran Amuck. Kabala, according to the Jewish belief, imparts supernatural powers and its disciples can press the angels into their service. Rabbi Loew, says the legend, had created out of dust and clay a sort of human being, "Golem," who acted as his man-servant, did chores and made himself generally useful. This Golem, as an unholly being, was not allowed to "live" on the Sabbath, and every Friday at sunset the Rabbi turned him into a heap of dust, to revive him again on Saturday night. Unfortunately the Rabbi, absent-minded like many great men, forgot to scrap his Golem one Friday night and the Golem ran amuck. He demolished houses, and threatened even the Synagogue. The Jews fled in terror, but the learned Rabbi did not let Kabala exercised and tamed him. "Black Saturday" is still a day of penitence, fasting and prayer in Prague, strictly observed by all orthodox Jews.

COMMITMENT IS POSTPONED. Montreal, Feb. 10.—Commitment for trial of Major Robert William Griffith, charged with the murder of William A. Holland, manager of the stock-broking firm of Macdonnell Bros., in this city, on January 14 last, was postponed at today's hearing of the case on request of the prisoner's counsel, to February 17.

DIED. SHANNON.—In this city on the 10th instant, Ralph A. Shannon, son of Frank M. and the late Ellen C. Shannon, in the 18th year of his age, leaving his father, three brothers and three sisters to mourn. Funeral on Saturday afternoon from his late home, 64 Wright street, service at 2:30 o'clock.

Hens Are Breaking High Living Costs

Retail Prices Across the Border Drop as Low as Forty Cents.

Boston, Feb. 10.—The earnest efforts of the hen to lower the cost of living were noticed here today when the best eggs reached a new low price of 65 cents a dozen. Fresh dairy butter was quoted at 62 cents for a one pound print.

Down Five Cents. Toledo, O., Feb. 10.—Wholesale prices for fresh eggs were cut five cents here today, making a total decline of 20 cents within a week. This brings the price to 38 cents for select, and 35 cents for candied grades. The retail price is 40 to 43 cents a dozen.

Forty Cents Retail. Louisville, Ky., Feb. 10.—Eggs dropped seven cents to 38 cents a dozen at wholesale, and forty cents at retail in Louisville today, the lowest price in six years. Importations from foreign countries, an over-supply and lessened demand were given as contributory causes.

Professor MacMechan At Authors' Meeting

Convention Will be Held on March 11 and 12 to Discuss Literary Problems of Canada

Montreal, Feb. 10.—Professor MacMechan, of Halifax, has apprised the committee of McGill University that he will be present at the convention of authors to be held here March 11 and 12, and is forming a sub-committee in that Maritime Province to ensure the active interest of all writers in that locality. Isabel Eccleston MacKay will also be among the visitors. Those directly responsible for the summoning of the conference who are the local committee, Professor Stephen Leacock, J. M. Gibson, F. W. Wallace, J. J. Arpell and B. K. Sandwell, are hopeful of a permanent Canadian author's organization resulting from this gathering.

HERE'S MORE WORKERS. Detroit, Mich., Feb. 10.—Coincident with announcement of the regular quarterly dividend to preferred stockholders today, the Packard Motor Car Co. announced re-employment of an additional 1,000 men effective immediately. The company has been operating with a force of about 3,000 men for several weeks.

Held Up Countess For Vaccination Paper

En Route to St. John Dower Countess of Minto and Party Had to Produce Documents.

Montreal, Feb. 10.—Inspection of trains between Ottawa points and the Province of Quebec has its little amenities, and one of these occurred today when the vice-regal car bearing a distinguished party from Ottawa to St. John, N.B., was visited by a vaccination official. At first the portier who guards the vice-regal portier refused him admittance.

Had Documents Ready. The passengers being notified it appeared that the Dower Countess of Minto, Miss Joan Oxbold and Lord Richard Nevill had the necessary documents and were duly certified as legally entitled to travel. The party are on their way to board the Empress of Britain which is sailing from St. John to England.

Soldiers Feel Pain In Amputated Feet

London, Feb. 10.—Reports that they feel pain in amputated limbs are being made to English doctors by men disabled in the war. Dr. George Riddoch, of London, declares that he has had frequent complaints of this character. "A man wearing a cork leg often has a feeling that the foot is still there. Sometimes the pain is acute, and we are asked to give relief."

RADIUM GIFT FOR FRANCE. (Copyright 1921, by Cross-Atlantic) Paris, Feb. 9.—Madagascar, the French island colony, has sent a welcome New Year's gift to France in the shape of a large consignment of radium-bearing crystals. Ten tons of this mineral will yield one gramme of radium.

GOLD WATCH FOR JOURNALIST. Ottawa, Feb. 10.—Members of the Ottawa press gallery gathered at the new parliament buildings this afternoon to wish good luck to S. W. Dufoe, who is leaving the gallery after 25 years' active membership to take up fruit farming in British Columbia. In the name of the gallery, H. E. M. Chisholm, acting president, presented Mr. Dufoe with a gold watch and chain, expressing the good wishes of all the "old comrades."

JAP RESERVISTS REVOLT. Tokyo, Feb. 10.—A special despatch to the Jijo Shimpo from Muroran on the Island of Yezo, says that 1,200 army reservists have revolted in criticism against the attitude of the authorities with regard to the shooting of the States cruiser Albany at Vladivostok.

But Few Passengers On The Pretorian

Liner Made a Good Run from Glasgow, Bringing Passengers, Mail and Whiskey.

The C. P. O. S. liner Pretorian docked Thursday morning at No. 3 berth. The liner arrived off Partridge Island Wednesday night and waited for the morning tide before coming up the channel.

The Pretorian had a small passenger list, there being in all only 198 on the list, there being 87 cabin and 111 steerage passengers. The greater portion of the cabin passengers were ticketed to Canadian points, a small number going to the States. The steerage were all Scotchmen and were en route to Western Canada.

The Pretorian left Glasgow and made no intermediate stops. She had a very fast trip across and was one day ahead of scheduled time. Monday the liner encountered a strong westerly gale when off Sable Island. The voyage was devoid of any unusual incidents.

The steamer brought 607 bags of mail and 1,882 tons of general cargo, among which is a large consignment of liquor.

Hon. Henry William Newlands was born and educated in Nova Scotia.

SOVIET THREAT TO START WARS ON LITHUANIA

Action Claimed to be a Direct Challenge of the League of Nations.

ALLIED ARMY IS BASIS OF ACTION. Poland Appealed for League Army and Russians Send the Ultimatum.

London, Feb. 10.—The Russian Soviet Government has notified Lithuania that it will be considered a definite act of hostility on the part of Lithuania if a League of Nations army is allowed to occupy the Vilna district, pending the plebiscite, according to a report in official circles here. The report is considered as constituting a definite Bolshevik threat against the military authority of the League of Nations.

Challenge to League. The Soviet warning is a result of Poland's appeal for League troops at Vilna, on the plea that the forces of General Zeligowski, the insurgent leader, have been disbanded on the request of the League of Nations and that the three Lithuanian armies now on the borders will occupy the district and render a impartial plebiscite impossible.

Lay Unconscious During Five Hours

Mrs. Elmar Lavalle Was Victim of Hysteria—Taken to Hospital and is Recovering.

Special to The Standard. Montreal, Feb. 10.—Dropping unconscious on the floor of a St. Catherine street departmental shop at 10.30 o'clock yesterday morning, Mrs. Elmar Lavalle, 1812 Boyer street, remained that state nearly two hours in the rear room of the store, despite efforts to revive her, and recovered consciousness at 4 o'clock yesterday afternoon in the Montreal General Hospital, where she had been taken in an ambulance.

The seizure which was diagnosed as a peculiar and pronounced case of hysteria lasted over five hours. When the woman dropped to the floor, it was thought she had suffered a fainting spell, and she was immediately taken into the rear room where the ordinary methods of restoring consciousness were tried. After all efforts had proved unavailing, and it had been ascertained that she was quite rigid, Dr. T. R. Wilson, of 255B Bleury street, was called in, and an ambulance was sent for. Dr. Wilson, diagnosed the case as a case of hysteria and administered a hypodermic injection. The woman was then taken to the hospital. It had been unable to obtain her name as there was nothing in her pockets that could serve as means of identification. It was only after the patient had revived at the hospital that she was able to give her name and address. It was reported at the hospital last night that she would be able to return home in a day or two.

Philippine Volcano To Become Garden

Governor General Harrison Sets Aside Mount Makiling for Botanical Development.

By ROY G. BENNETT. (Copyright, 1921, by Puerto Ledger) Manila, Feb. 10.—Governor General Francis Burton Harrison has set aside Mount Makiling, a picturesque volcano near Manila, for national botanical gardens. The district has natural advantages over that at Baguio, where the Dutch have developed one of the modern wonders of the world in botanical beauty. The volcano itself is more perfect than Fujiyama, in Japan.

Tropical growth abounds at the base of the volcano and in the broad valleys around it. Typical Malayan forests with more than a hundred varieties of giant hardwood trees skirt the lower slopes. Above these oaks are found the smaller growth that the cooler air of such heights favor. Still higher the mountain is covered with pine and spruce growth, and the summit there are so-called "dripping forests" of peculiar beauty and a peculiar interest to botanists. Botanical experts agree that on this reservation it will be possible to develop

Campbellton Enter Two Pro

Failure to Play With Referee and Having in Uniform Charges

Special to The Standard. Fredericton, Feb. 10.—The hockey club will carry over last night's loss at Campbellton through to a demand that discipline a new method of conducting maintained by the New Brunswick League.

Two Protests Filed

The Campbellton club, of the New Brunswick Hockey League, has filed two protests with the league, one against the referee and the other against the club's failure to play with the league's uniform.

Secretary's Statement

The Campbellton club, through C. A. Alexander, secretary, states that the only protest he has received is one against the referee's decision to award the game to the Campbellton club.

Bathurst Will Sit

Chatham can leave the wick Hockey League and Independent Association and Bathurst will continue to the A.A.U. of C., even to do it alone, and I am sure the rest of the North Shore will follow suit.

Campbellton Team Enter Two Protests

Failure to Play With Official Referee and Having Veno in Uniform Charged

Special to The Standard. Fredericton, Feb. 10.—The Campbellton hockey club will carry their protest over last night's hockey game at Campbellton through to a final in a demand that discipline and recognized methods of conducting sport be maintained by the New Brunswick Hockey League.

Two protests were filed by the Campbellton club, and were presented to Sandy Staples, of Fredericton, the only referee the local club recognized in connection with last night's game. One protest is based on the failure of Chatham to play with the official referee, named by the league and the holding up of the game by a demand by the Chatham club that Frank Brown act as referee; the other protest is that "Shorty Veno, who has been named ineligible both as uniform with the Chatham club, worked out with them in the preliminary practice, was in the list of Chatham players handed to the Campbellton club before the game, and that he remained in the box with the Chatham club's spare players throughout the game all equipped and ready to play upon the ice.

The Campbellton Club officials through U. A. Alexander, the secretary, state that the only reason they did not demand that Referee Staples go upon the ice and award the game to their team, was because there were hundreds of people in the rink to see a hockey game and they felt they were entitled to some consideration and protection.

"We are not taking into consideration the matter of winning or losing a game, but we intend to carry our protest through on a question of principle," said Mr. Alexander. "If any one club is going to be allowed to defy the league officials, the A. A. U. of C. in all the regions, then we want nothing more to do with it, but in the meantime we intend to find out where the other clubs in the N. B. H. L. stand by following up our protests to the end."

Chatham will leave the New Brunswick Hockey League and go to the Independent if they want to, but the Balthurst will continue to play under the A. A. U. of C., even if we have to do it alone, and I am quite confident the rest of the North Shore will stand behind us in such a decision, declared G. A. Schryer, of Balthurst, a member of the N. B. H. L. executive, who has been here this week.

Mr. Schryer said that the Balthurst club would stand for straight amateur hockey, and would play nothing else, while he believed Campbellton would also take the same stand. "Clubs have got to understand that they must live up to the rules and accept decisions of the recognized officials of the A. A. U. of C.," said Mr. Schryer, "and until they do so there will always be trouble. I am pleased to be able to say that the New Brunswick Hockey League has been whipped into shape until it is a much better organization than it was than it was last year. Balthurst will vote to have the league continue up to the same direction as this year."

Amherst Won Over Moncton

Amherst, N. S., Feb. 10.—Amherst defeated Moncton in an Independent Hockey League game here tonight, 2 to 1. It was a close contest, and somewhat rough. The first period was scoreless. In the second period, after nineteen minutes of play, George Carroll made Moncton's lone tally. At one time during this period the visitors had only three men on the ice, and the others of the sextette being in the penalty box. Nine minutes after the third period, Jackson edged the Moncton net for Amherst's first score and four minutes later Lester netted the winning goal.

Still something to do. "Has Canada done her duty?" was the question of Armand Levesque at a Kingston gathering. Well not to Amherst.

Gorman Will Race In New York

The Local Speed King to Participate in Plattsburg Championship Contests

Plattsburg, N. Y., Feb. 10.—The New York state championship ice skating races will take place here Monday, Tuesday and Wednesday, and some of the best amateur skaters in the country have signified their intention to compete.

Among these are several of the speed kings who have been at the Saranac Lake and Lake Placid, including Charles Gorman of St. John, N. B., Charles Jewtraw of Lake Placid, Joe Moore of New York, and Mike Goodman of Winnipeg.

Bowling Tourney At Border City

St. Croix Team Won All Three Games—St. John, Houlton and Presque Isle Even.

Special to The Standard. St. Stephen, N. B., Feb. 10.—Great interest was taken here today on the St. Croix alleys in a bowling tournament in which teams from Houlton, St. John, Presque Isle and St. Croix competed. Although the scoring was not as high as in some of the previous tournaments some fair strings were hung up. Games were played afternoon and evening with the result of the final that the St. Croix team won all three games played, while the other teams each captured one game and lost two. JEWTRAW BEAT ST. JOHN SKATER BY ABOUT AN INCH IN 2.20 YARDS

Gorman in Second Position Made Great Fight for Race at Lake Placid—Moore of New York Won Mile in 2.48 1-5 Belyea Not Mentioned.

Lake Placid, Feb. 10.—The highest number of points awarded today to any individual skater on the opening of the International skating championship meet here today went to Miss Gladys Robinson, of Toronto, who finished with sixty per cent. She won the women's events in both the 100 yards dash and the half mile, defeating Miss Rose Johnson, of Chicago, present holder of the women's international championship.

Charles Jewtraw, of Lake Placid, and Joe Moore, of New York, tied for honors in the contest today. Jewtraw won the 200 yards race an inch or so ahead of Chas. Gorman, of St. John, N. B., and Moore took the mile race after Jewtraw had fallen over Geo. Thompson, of Chicago, who fell directly in his path.

Moore also took a tumble in the semi-final of the 200 yard race when he attempted to cut in on Russell Wheeler, of Montreal, and struck a sidewalk block. Moore and Jewtraw ended the day with thirty points each. The skaters were graded according to places in the races, first place counting thirty points, second place twenty points, and third place ten points.

Charles Gorman, of St. John, N. B., and Wm. Stelmets, of Chicago, were tied with 20 points each.

Final 200 Yard Dash Senior. GLEANINGS FROM SARANAC LAKE NEWSPAPER REGARDING RACES

The reports received by the wire regarding the championship skating races held last week at Saranac Lake were rather brief and Charles Gorman was mentioned because he made such an excellent showing in the finals. It is a fact, however, that Gorman's showing is wonderful, when it is taken into consideration that the St. John speed skater has been suffering from a sore foot ever since he went to Montreal, and to finish with the leaders in the different events only goes to show his game when handicapped so badly.

A Raw Deal. The press report from Lake Placid last night says that Jewtraw only defeated Gorman by an inch or so, which is certainly very close, but a private dispatch received from a person from St. John who witnessed the finish of this race states that Gorman was handed out a raw deal and should have been given the race, or at the least, a dead heat.

Notes on Events. The Adronack Enterprise, a tri-weekly published at Saranac Lake, N. Y., has been received, and in its reports shows that Russell Wheeler, the Canadian champion, lost his chance to enter the 200 yard final when he was tripped by McWhorter in the semi-finals.

Thirteen men started in the one mile event in the first two heats, and twelve men in the third heat. Jewtraw was the fastest, but sprinted in the sixth lap and missed his chance for a few feet from the tape Charles Gorman.

Fredericton Won From Marysville

Six to Nothing Was Score at Capital Last Night — Are Tied in Standing.

Special to The Standard. Fredericton, N. B., Feb. 10.—With two of their regular players laid up with heavy colds, and one or two of those who were in the game complaining they were sick too, Fredericton won from Marysville tonight in the last game to be played here of the New Brunswick Hockey League schedule by a score of six to nothing. Fredericton's makeshift team provided a regular surprise for the Marysville team, they had the breaks with them, always had the game fairly in hand, although unable to score often in the early stages because of the excellent exhibition of goal tending by Peeney in Marysville's net.

Another Squabble. The game was three quarters of an hour late in starting because of squabbling over the referee question until finally Blaine Pugh, a former U. N. B. player and coach, was agreed upon. He got along fairly without a ripple of trouble until the final period. Then Marysville claimed that two goals scored by Fredericton in rapid succession making the score 4 to 0 were both from plays in which there had been offsides. They left the ice in protest and for some time it looked as if they would not resume play.

Finally better judgment prevailed, the Marysville team came back on the ice again and Fredericton netted two more goals before the remaining 6:15 minutes of play were completed.

Accurate Shooting. The Fredericton team's shooting was accurate and they lost few opportunities. Fred McLean and Jewett started in rushing the puck and Flett at centre put up a whale of a game. The prettiest play of the game was a two man combination on which McLean and Jewett carried the puck the length of the ice, passing the puck back and forth several times until finally Jewett scored from right on top. The Marysville goalie, Bidlake, played a wonderful game in the Fredericton net, making many stops that were tough ones to handle and was repeatedly cheered. The whole Marysville team played below their usual standard, several of their players also being sick.

Gagetown Races Held On Creek

R. R. Reid's New Montreal Trotter Did Not Take Part in the Contests.

Special to The Standard. Gagetown, N. B., Feb. 10.—Two miles and a half of snow, ten inches deep, was plowed from Gagetown Creek on Monday morning to prepare the race course for the horse races postponed from Saturday afternoon. There were five parallel tracks a measured half mile in length and the spectators were numerous and enthusiastic, remaining until the last race was run, under trying conditions.

The entries and results were as follows: Free For All. Queen Earl, owned and driven by H. W. S. Allingham, 1 2 Native Worthy, owned and driven by Dr. W. M. Jenkins, 1 2 Oakley H., owned and driven by Gilbert Stockford, 3 4 Barney Mack, owned by Wm. P. Fox, driven by Frank Fox, 4 4 3 Time—1:14, 1:12. Time not taken in third heat, as it was raced after it was too dusky to see flags clearly. Rather than hold the race again to decide the winner in this class, at a meeting held during the evening in the office of the president of the club, the judges decided the positions as Native Worthy 1st; Queen Earl 2nd; and Oakley H., 3rd, and the purse for this race was divided accordingly.

Three Minute Class. Silver Wings, owned by T. Sherman Peters, driven by Jas. W. Hamilton, 2 2 2 Lou, owned and driven by Frank Hayden, 1 3 3 Trampwell, owned and driven by Thane Belyea, Oak Point 1 1 3 Slick, owned and driven by Ernest Nutt, Sussex, 4 4 4 E. S. Brodie, 5 5 5 Time—1:15, 1:20. Time not taken in third heat. As the above class was to be decided as three out of five, and the final heats were not run, the judges also decided at the evening meeting as follows: Trampwell, 1st; Silver Wings, 2nd; Lou, 3rd, and the purse was divided accordingly. The officials of the course were: Judges, H. B. Bridges, E. Perry, Harry Burt and C. Forest Kline, Timor, Martin G. Fox, Starter, Fred L. Corey, Patrol Judges, Thomas Allingham, George McKay and Wm. C. Brooks. At the meeting of the Driving Club, held on the evening of the race, in

the office of the president, F. M. O'Neill, it was planned to hold the fourth race of the season on Saturday afternoon, Feb. 19, on Gagetown Creek. The race will include the Free For All and Three Minute Class, and a handsome purse has already been made up for the event. The handsome new trotter purchased by R. R. Reid arrived this week from Montreal, but owing to a cold contracted on the trip did not take part in the contest on Monday, but no doubt will be one of the entries in the next race. The Gagetown Driving Club has now a large membership, including members from Hamperstead, Oak Point, Maseg and Upper Gagetown.

Drive First Spike In The Mayflower

Fishing Race Contestant Looks Like a Real Cup Challenger in Claim Made.

Essex, Mass., Feb. 10.—A spite driven through the stout oak timbers that will form the keel of the schooner "Mayflower" marked the beginning today of construction of the craft intended to represent Boston in the races at Halifax, N. S., next fall for the International Fishing Schooner trophy, won last November by the Gloucester man "Esperanto." Townsfolk made holiday, school children flocked about and grey-beards of the Gloucester and Boston fishing fleets came here to see the latter-day "Mayflower" begin to take form. The first spikes were driven in by Lieutenant-Governor Alvan T. Fuller, by W. Starling Burgess designer of the vessel, and by a child, Mildred Lantz, daughter of one of the shipbuilders.

The grizzled old fishing captains rubbed their eyes when they saw the drawing of the Mayflower that designed by Burgess unfolded for the first time. Looks Like a Racer. A yachtsman remarked that it looked like the America's Cup yacht Resolute, he clean were the lines, so great spread of sail, and the designer agreed that so far as it was practical to make a fishing schooner like a yacht, the Mayflower had been modelled with a fineness unusual in fishing craft.

A long spoon bow, a shortened stern and a yacht trim amidships were the features that appealed to the discriminating fishermen. Mayflower will be three feet longer than the new schooner now building at Lunenburg, N. S., as Canada's challenger, but will spread approximately 900 square feet less canvas. Her finer lines are carried out also in the beam, which is a foot less than that of the new Canadian boat.

The handsome new trotter purchased by R. R. Reid arrived this week from Montreal, but owing to a cold contracted on the trip did not take part in the contest on Monday, but no doubt will be one of the entries in the next race. The Gagetown Driving Club has now a large membership, including members from Hamperstead, Oak Point, Maseg and Upper Gagetown.

TWO TRAIN WRECKS NOT FAR FROM TOLEDO

Pennsylvania Cars Jump Track—Engineer Badly Hurt—Passengers Escape.

Toledo, Feb. 10.—G. C. Finley, 42, engineer on Pennsylvania passenger train No. 411, was scalded so badly that he is not expected to recover, and his fireman, W. E. Ritter, was injured severely when their locomotive jumped the track at Bloomville, fifty miles east of here, at 2:30 o'clock this afternoon.

on the tracks. The passengers were unhurt aside from a shaking up. The train was westbound from Mansfield to Toledo and was traveling about fifty miles an hour when the locomotive left the rails. Engineer Finley was taken to a hospital at Toledo, where it was said that he will lose his sight even if he recovers. Fireman Ritter was brought to Toledo. An eastbound train due at Toledo at 4:17 p. m., carried physicians and other forms of relief to the scene of the wreck. New York Central express train No. 45, bound for Chicago, also was in a wreck at Swanton, 15 miles west of here, at 5 o'clock this morning. E. B. Labadie, engineer, 1024 South Main street, Elkhardt, Ind., and his fireman, William Batum, 501 Higley street, Elkhardt were brought to a hospital here badly injured.

HAS BEEN FINE FOR HIS WIFE, HE STATES

Hubley Says Tanlac Restored Him Last Winter and is Doing His Wife a World of Good.

"You can tell them that Tanlac has certainly been a fine thing for my wife, too, and we just think it's the greatest medicine in the world," said Robert Hubley, of Waverly, N. S., an employe of the Canadian National railroad, while at Kenley's drug store in Halifax recently. "My wife was in such a weak, run-down condition that she couldn't get out of bed without help, and for over three years she wasn't even able to walk about the house. She suffered terribly from stomach disorder and a complication of other troubles. Indigestion and bloating caused her so much of worry, and she had no appetite whatever. She was so nervous and restless everything seemed to annoy her, and a good night's sleep was simply out of the question. Although we tried everything in the way of medicine we know of, she could get no relief at all.

"Well, it's certainly wonderful what Tanlac has done for her. She has only taken three bottles so far, but even this has helped her so remarkably that she can get up without help and walk about the house, and, on pleasant days, even go out in the yard. Her appetite is greatly improved, and she is not so much improved in every way that I believe a few more bottles of Tanlac will restore her health entirely. "Last winter I had influenza and lost my appetite altogether, but it only took Tanlac a little while to set me eating good and hearty again. It is certainly a great medicine."

Tanlac is sold in St. John by Ross Drug Co., E. W. Munro and by T. H. Wilson, Fairville, N. B., and R. D. Wotmore, Perry's Point, N. B., under the personal direction of a special Tanlac representative.—Adv't.

SKY PILOT LEADS FLOCK TO THE STARS

Upton, Mass., Feb. 9.—The Rev. William Poor became sky pilot to his parishioners of the First Congregational Church tonight in a liberal as well as a fraternal sense. As an added attraction to Sunday evening services he gave first lessons in astronomy, making a spiritual application to each. His reference to the moon, for example, was supplemented by a suggestion to young couples that they do some of their Sunday night mooning in the church instead of in the park.

EXCHANGED HIS WIFE FOR \$500 BUILDING LOT

Attempt to Regain Transferred Spouse Causes Riot Call to be Sounded.

FOUR MIXED UP IN THE TANGLE

Woman Says New Husband's Safe Contains All the Signed Papers.

Special to The Standard. Chicago, Feb. 10.—To have and to hold, to love and to cherish, for richer or poorer, in sickness or in health, for better or for worse, till someone of them a \$500 vacant lot. That, in substance, is declared to have been the marriage vow of Eric Johnson of Rockford, and had lived up to it. "In consideration of a vacant lot valued at \$500," Eric is alleged to have "relinquished all claims to a wife, Marie, 20 years old, value not stated," to Berger Peterson, a butcher. That August Peterson, had a half interest in the lot made the purchase more intricate. The police, who captured all four principals in the transaction after a night episode with fist fights, riot calls and hotel raids, attempted today, with little success, to solve the marital real estate tangle. Johnson's attempt to regain possession of the transferred wife brought the transaction to the blotter of the Sheffield avenue station with humorous embellishments. Johnson traced the woman and Berger Peterson to an apartment, but was met by "Gus" Peterson. "I am looking for Mr. Peterson," said Mr. Johnson. "The Row Begins. "This is Mr. Peterson," said Mr. Peterson, punching his visitor in the eye. "The wrong Mr. Peterson," said Mr. Johnson. "In the argument that ensued a riot call was turned in by the neighbors and the matter was referred to the police station. Later Berger Peterson and Mrs. Johnson were located at a hotel and arrested. Berger, the woman told of the vacant lot transaction and said the papers, signed by all parties to the agreement, were in the safe in Peterson's butcher shop in Rockford. "We were married in Rockford during the war while I was working as a fireman in a machine shop," said Johnson. "We were very happy until one day I saw my wife casting longing glances at the butcher shop across the street. I asked her what the attraction was and she said that the dressed pig looked so good to her. I found later that the real attraction was the beautiful butcher."

The police are holding the principal pending an investigation of Mrs. Johnson's "sale" by which she was transferred to Berger Peterson.

Jaunty Bandits Served Customers

Sold Goods in Broadway Store After Binding Salesman and Rifling Register.

Special to The Standard. New York, Feb. 10.—Entering a United Cigar Store at 2945 Broadway, corner of 118th street, this afternoon at 2 o'clock, two young men, dressed in soft felt hats, pulled down over their eyes, asked the salesman, William Einhorn, to hand them a package of cigarettes. The salesman reached for the package and the thief and as he turned around he found himself facing the muzzles of two well-polished revolvers. One of the hold-up men ordered Einhorn to get into a back room in a hurry, which he did. The two young bandits followed close at his heels. While one held a revolver close to his body the other bound him securely with wire for hanging pictures. Having tied up the salesman, one stood guard over him while the confederate went to the store and started to rifle the cash register. Waited on Customers. Several customers entered, and the highwayman, doffing his hat, assumed the part of the salesman and made several sales, which he rung up on the cash register. As the customers departed he called to the other bandit, standing guard, saying: "Everything's all right." His confederate then joined him and the two took \$150 from the cash register. They sauntered jauntily out of the store as Malcolm Levy, a Columbia University student, living at 532 West, 114th street, entered the store. He heard the salesman in the back room crying for help and went there and unbound him. Einhorn then notified the police of the West 125th street police station, and detectives from there were sent to make search for the bandits, who are believed to have escaped in an automobile, perhaps waiting a block away.

FOUND JOB AT LAST; FELL DEAD AT TASK

Special to The Standard. New York, Feb. 10.—Joseph Samichanski of Perth Amboy, N. J., lost his job two months ago. He made every effort to obtain employment, but failed. Yesterday morning, when he had spent his last quarter for bread, he was walked over to the foreman of an excavation job located not far from his home and asked for work. "Sure," said the foreman. "Here, take this shovel." "Thanks, You're a regular guy," Samichanski told him, and then, as he fitted the first shovel of earth, he toppled over. He was dead from heart failure before an ambulance could be called.

Fined For Impeding Street Car Traffic

E. S. Buchanan Paid Ten Dollars for Holding up Five Cars Fifteen Minutes.

A fine of ten dollars was struck against E. S. Buchanan in the police court yesterday afternoon for impeding traffic at the corner of Sydney and Union streets. John Woods, motorman for the N. B. Power Co., was the only one to give evidence. On being recalled to the stand, he stated that he saw the defendant get out of his car and go to the curb with a notebook, looking for witnesses from amongst the bystanders. The witness stated that, according to the city by-law, street cars had the right-of-way over all traffic, except the fire department, ambulance and the company's own emergency repair cars. The company's employes were all supplied with copies of the by-law and instructed to govern themselves accordingly. The tie-up resulted in the loss of from ten to fifteen minutes to four, Haymarket, cars running on a job minute schedule, and a West St. John car. In reply to the request of H. S. Keith, who appeared for the defendant, Magistrate Ritchie said that he could not consider allowing the fine to stand, in view of the great inconvenience the general public had been put to by the action of his client. A second charge of failing to carry a 1921 license tag was allowed to stand. J. B. Dever conducted the prosecution for the N. B. Power Co. One drunk, an Indian from Nova Scotia, was brought before the court and was remanded to jail. Nine protectionists spent the night at the police station. Wm. P. McDonald, of Kane & McDonald, paid a \$2 fine for smoking in the city market. Five men were reported for violating this market rule, but not fined. Under new conditions, the fine imposed may be as high as \$20.

Missing Girl Returns Only To Disappear

Refused to Answer Questions in Her Half Hour Stay at Home.

New York, Feb. 10.—Grace Elva Anderson, a fourteen-year-old high school girl, who had been missing more than a week from her home in 32 Sterling place, Brooklyn, returned home yesterday afternoon, but left again in an hour and the next night the police again were searching for her. During her short stay she talked with a neighbor, but refused to say where she had been or why she had returned. She left the second time when the neighbor went to notify the police. The girl, who had been attending Manual Training High School in Brooklyn, walked into the house yesterday carrying the same suit case she had when she disappeared last Tuesday with \$150 belonging to her brother. When she went out again it was without the suit case, but with a dollar bill she had found in a bureau drawer. Mrs. Catherine Dooley, who talked with her, said that the girl was apparently healthy and happy, but would not answer questions. Miss Grace Cole, a school teacher and aunt with whom the girl has made home since the death of her mother, said she believes Grace is acting under the "influence of a master mind of the criminal world." "I think," she said, "that this master mind sent her back to get more money." Miss Cole was not at home when her niece appeared.

Billie Burke Takes A Bath

A modern shower bath complete in every detail, with a hot water heater, every modern Artcraft motion picture studio in New York for Billie Burke. Not that the pretty star in the Paramount apartment in New York, her latest picture, "Wanted—A Husband," requires her to shiver and dance under an ice-cold shower-bath of realism. Moreover, she insisted that the water be really cold, and grimaces she makes on the screen are heart-felt. It is all in the interest of beauty. Miss Burke has the role of a slovenly little wallpaper designer, living in a Bohemian apartment in New York. She is indifferent to her appearance and is altogether impossible as far as men are concerned until the engagements of her two girl companions to male charmers and their gibes arouse her to action. She not only feigns a fiancé of her own, but goes through a course of training that so beautifies her that the improvised sweetheart is quite willing to become a real one.

Church of England Institute Annual

The 45th Annual Report of Council Called for More Support.

The annual meeting of the Church of England Institute was held last night and was largely attended. The report of the council was submitted by the secretary as follows: The Treasurer's statement disclosed an annual report showing that success has crowned each event and activity of the year and the work has gone on with unabated vigor.

The anniversary services were held in Trinity Church Oct. 24, the Bishop was the celebrant at the Dominion service at 11 a. m. and the anniversary preacher at 8 p. m. was the President, Canon Armstrong.

The Treasurer's statement disclosed an unsatisfactory condition and support from every parish is needed. Increased membership is the most satisfactory solution of the financial problem.

The annual conversation was held in November and thanks is extended to W. H. Thorne & Co. for the pleasing programme, to Ladies' Association for refreshments, and to G. Heber Veecom for successful sale of papers. In December Christmas boxes were packed, splendid work being performed by the Ladies' Association.

Rev. R. Moorhead Legate delivered an interesting lecture in January on "Fili and Its People." The close of the Institute year is shadowed by the death of James F. Robertson. He was interested in everything that was for good in the community and gave the Institute generous support.

The following officers were elected: President—Canon Armstrong. Vice-presidents—Dr. J. Roy Campbell, Dr. Thomas Walker, Mrs. Alfred Morrison, Mrs. George F. Smith, Mrs. W. D. Forster.

Members of Council—R. E. Coupe, P. Frith, Col. W. E. Harrison, J. Rogers, H. Usher Miller, Rev. L. Thompson, J. A. Coster, Mrs. J. H. McAvity, Mrs. Thomas Walker, Mrs. J. M. Hay, Mrs. W. S. Neales, Mrs. E. G. Armstrong, Mrs. John K. Schofield, Mrs. Orchard.

Notes of thanks were passed to the Librarian, treasurer and secretary.

Officers Elected.

King's Daughters' Opportunity Circle

Deeds of Kindness and Assistance Shown in Reports Received—Officers Elected.

Many deeds of kindness and much assistance given where there was need were recorded in the reports of the Opportunity Circle of the King's Daughters' held yesterday afternoon at the Guild, Chapman Hill.

In the secretary's report, she told of garments sent to the North End Free Kindergarten and to Miss Eskey's Kindergarten, a donation of \$39 for milk to the North End Kindergarten, several gifts to poor families of \$5, \$4 and \$6, and comfort bags made for soldiers.

The Circle tagged for the Salvation Army, assisted at the Child Welfare booth at the exhibition and contributed a chair to the Paraline Home, as well as taking part in all activities of the Order as a whole.

The following officers were elected: Mrs. H. W. Robertson—President. Mrs. J. J. Gordon—First Vice-President. Mrs. C. O. Posa—Second Vice-President. Mrs. S. M. Cole—Secretary. Mrs. Pheasant—Treasurer.

FLAPPERS LEAVING THE WAR OFFICE

A farewell social and dance was held at the Pen and Sword Club, Regent street, to commemorate the passing of women clerks from the War Office, where their places are being filled by men, over 200 being present.

"As a body," one who worked in Whitehall throughout the war and is still employed there said "we quite appreciate that many of us had easier times towards the end of the war than at the beginning; but, even so, our work was far more arduous than the cartoonists and humorists of the day would have you believe."

"We were not all 'flappers' either. In my own office a young 'red tab' worked side by side with his own mother. Still, he was a hero and she was a 'flapper'."

MRS. SOLOMON SAYS:

By HELEN ROWLAND (Copyright, 1920, by The Wheeler Syndicate, Inc.) Being the Confessions of the Seventh-Hundredth Wife.

My daughter, consider the wall of the Disgraced Wife, who weeps because all life is not like unto a movie-picture drama. For lo, in her heart, she singeth a Miserere, saying: "Alas, alas! All my days are dullness, and all my evenings dreariness!"

"And there is nothing new, or thrilling, or diverting, under the sun. "Behold, one day goeth and another cometh, but the housework goeth on remorselessly, forever!"

"The breakfast dishes are cleared away, and the mop and the duster appear; the ice-man goeth and the laundryman cometh; one meal is like unto another meal; one night servant is as rotten as another; one gas-range is as temperamental as another; and one day is exactly like unto those that have gone before."

"And all is emptiness, and sweeping, and dusting, and marketing, and economizing, and monotony!"

"Oh, would that I were a motion-picture heroine! "For, whatsoever she weareth, it is never a dust-cap and rubber gloves, but always a 'confession'!"

"And whatsoever her lover may be, whether a housebreaker, a murderer, or a dancing man, he is NEVER hungry! Whatsoever he may do, he never loseth his collar-button, nor kicketh concerning the coolness of his morning coffee, nor goeth to sleep after dinner!"

"NAY, though he may be wracked upon a desert island for weeks, he is ALWAYS freshly-shaven, and always tender, and always fascinating. "His nose is Greek, and he hath heavenly eyes; his hair is plentiful, and he hath NO bald-spot, whereon he rubbeth hair-tonic. "He loseth his heart without a struggle, and maketh love like unto an angel, without complaining."

Entertainment At Old Ladies' Home

Large Party Entertained Excellent Programme—Presentations Made.

A very pleasant entertainment, which included motion pictures, was given last evening at the Old Ladies' Home, Broad street, and was greatly enjoyed by all present. The affair was arranged by the ladies' committee with Mrs. J. Morris Robinson as convener and each of the ladies at the Home were asked to invite several friends.

Members of the board of management, and the ladies' committee, were present. Refreshments were served by the ladies' committee.

Private showing was given yesterday at the Famous Players' Projection room, Union street, of the Goldwyn Special, "Earthbound." The picture, which has some most wonderful photography, shows the struggles of a soul after death to attain the heavenly heights.

Large numbers of people visited for the first time the royal mausoleum of Queen Victoria's death, no admission tickets were required.

Wreaths were placed on the tomb from the King and Queen, Queen Alexandra, and other members of the Royal Family.

It was reported that grants of \$87,000 had been asked for. Ven. Archbishop McElligott assisted by Rev. T. B. R. Westgate, D.D., officiated at the opening service Monday evening.

The sermon was preached by Rev. Canon Gould, of Toronto, who took for his text, "Behold the Kingdom of God is Within You." His grace, Archbishop Matheson, gave the benediction. The service was attended by 125 out of town delegates as well as members of the Women's Auxiliary of the city churches and visiting clergy.

Music And Mirth At Seamen's Institute

Empress of Britain Entertainers Kept Large Crowd in Good Humor Last Night.

With a merry mixture of mirth, music and nonsense, the entertaining troupe from the Empress of Britain served up a programme of jollity at the Seamen's Institute last night which was all to the navy. They have splendid vocalists, both male and female, natty stagers and mirth provoking comedians.

The solo numbers by Mrs. Silk, Messrs. Gray and Smith, were pleasingly rendered and provoked merited applause.

The various comic skits put on kept the crowd, and it was some crowd, in roars of laughter. F. Addison was the bright and particular star in the comedy line. His witticisms and stage antics were never drawn, and the kind that leave a good impression.

Patrons of the Seamen's Institute hope to again hear the popular entertainers from the Empress of Britain.

The programme: Part I. Vocalist, Mr. H. Gray. Rag-time Artists. Messrs. Hayes and Warner. Sketch—"Mr. Woods". Messrs. Addison and Huxley. Soprano Mrs. A. Meers. Vocalist Mr. W. Smith. Sketch entitled The Window Cleaner. Cast—Lord Ronald, J. Hayes; Window Cleaner, F. Addison; Housekeeper, Mrs. Silk; Gardener, P. Mustart; Chef, W. Smith; Housemaid, Miss Huxley; Chauffeur, A. Meers.

Part II. Manager, Mr. F. Addison; Interlocutor, Mr. J. Hayes; Accompanist, Mr. S. Houton. Cast—Mrs. Silk, Miss Edwards, Messrs. Addison, Hayes Huxley, Meers Smith, Mustart and Warner. God Save the King.

How You Can Make Hairs Quickly Disappear
(Helps to Beauty)

Brown a stubborn growth of hair will quickly vanish from the face, neck or arms after a single treatment with delatone. To remove hair from areas, neck or face make a stiff paste with a little powdered delatone and water, apply to hairy surface and after about two minutes rub off, wash the skin and it will be left free from hair or skin. To avoid disappointment, be sure you get real delatone and mix fresh.

Why Girls Prefer To Earn Salaries

One Who Stays Home Frequently Becomes a Family Drudge is One Reason.

By L. K. COMMANDER. (Copyright 1921, by Cross-Atlantic.)

London, Feb. 10.—Women are still being recruited by the Government jobs to make room for ex-service men. Women in uniform, except the police, have almost disappeared, and there seems to be a general belief that this is just and right and best for the country and all concerned.

It seems to be supposed that all these women who go back home, though many of them may have no home to go to. They will "resume their domestic duties" even though they have none to resume, and they will be supported by their male relatives, though those relatives may have been lost in the war.

No Home For Her.

The other day I induced one of the war workers who refuses to quit to tell me all about it. "I wouldn't stay at home for anything!" she declared. "I can't see myself losing \$30 a week. Besides, if I did, I'd be nothing but a slave to everybody. Fancy! I'm one of a family of eleven."

"We are not well-off, and cannot afford to keep a army of servants. Therefore, the main burden of the housework falls upon mother and a companion-helper. But the latter has just announced her intention of leaving. She can get more money for less work elsewhere. If she goes, mother will be left in the lurch. Maids and companions are hard to get nowadays, especially for a difficult place like ours."

"Two boys and four girls are in business—three little ones are still at school. You will say surely it is the duty of one of the girls to give up her position and stay at home to help her mother."

Family Drudge.

"It seems so but we all fight shy of the honor! Can you blame us?"

"The experiment has been tried by a good many girls, but they soon get 'fed-up' and go back to business rather than remain the family drudge."

"They find that the girl who stays at home is treated as a servant, at the beck and call of everyone. From morning till night she slaves away, attending to monotonous housework, and yet she is always supposed to be having a soft time."

"If any little job wants doing, the business girl says: 'Oh, let Maggie do it. She stays at home all day and has plenty of time. I'm working hard from nine till five, and when I get home I'm fagged out. It isn't fair of you to expect me to start again as soon as I get in.' And off she goes to the pictures, leaving poor Maggie to do the job and receive no gratitude."

"It is hard lines on mother I know. She can't leave and go into business. But until the girl at home gets a fair deal, independence, respect for her work and a proper salary, she won't stick to it. And certainly the girl with a good job is not going to give it up and stay at home on the old terms."

WOMEN'S AUXILIARY IN WINNIPEG MEET

Raised More Than \$77,000 Last Year — Over 4,000 Members.

Anglican women of the diocese of Rupert's Land raised more than \$77,000 in 1920, it was reported at the thirty-fourth annual meeting of the women's auxiliary to the missionary society of the Church of England in Canada, being held in Holy Trinity Church, Winnipeg.

It was reported that grants of \$87,000 had been asked for. Ven. Archbishop McElligott assisted by Rev. T. B. R. Westgate, D.D., officiated at the opening service Monday evening.

The sermon was preached by Rev. Canon Gould, of Toronto, who took for his text, "Behold the Kingdom of God is Within You." His grace, Archbishop Matheson, gave the benediction. The service was attended by 125 out of town delegates as well as members of the Women's Auxiliary of the city churches and visiting clergy.

The president, Mrs. R. B. McElligott, reported that half of the \$87,000 in grants will be spent outside the parishes, the other portion remaining for parish work, she said.

Mrs. J. S. Erskine, recording secretary, reported this afternoon a membership of more than 4,000.

TIPS TO HOUSEWIVES.

Don't try to force your bread dough to raise. It will surely spoil it. Just let it take its own time and unless the yeast has been scalded it will come up all right.

When making cream tomato soup, add a pinch of soda to the tomatoes before pouring in the scalded milk. This will prevent scalding.

To prevent baked apples looking wrinkled when cool, boil them till they are full enough to crack, then put them in the oven and bake them. They will remain round and smooth and be more tender and juicy.

Note—Only one entry blank will be accepted for any one candidate.

SECOND CAPITAL PRIZE

The contestant who has the 2nd highest number of votes by midnight, on the closing night of the contest, will be given this elegant 5-passenger \$1,455 Gray Dorr Touring Car. The Gray Dorr which will be given away is the very latest model, and fully equipped with the regular factory equipment.

See The Standard's magnificent 2nd prize on exhibition at the Gray Dorr Agency (Wm. Pirie, Son & Co., 42 Sydney St.), from which firm it was purchased.

The automobiles which will be given away in connection with The Standard's big \$15,000 Prize Contest will not be driven around the country or city by members of the Contest Department or any other persons. We are giving away NEW cars in this contest—not second-hand machines.

THE OBJECT OF THE PRIZE CONTEST

The object of this big undertaking is to secure new prepaid subscribers to The Morning and Semi-Weekly Standard; also to secure renewals, and collections of back subscription accounts, and while doing this to ascertain who are the most ambitious, persevering and determined men and women of this section of Canada. It costs nothing to participate in the competition. We furnish valuable prizes, while you furnish the new subscribers, renewals or collections in your spare moments.

THIRD CAPITAL PRIZE

Third Capital prize in the big prize competition will be a five-passenger Ford Touring Car, latest model, fully equipped with all the latest factory equipment. This handsome prize will be given to the contestant who secures the highest number of votes by midnight on the closing night of the contest.

The Ford was purchased from and is on exhibition at The Universal Car Co., Dealers in Ford cars and Ford parts, 55 Prince William St.

The automobiles which will be given away in connection with The Standard's big \$15,000 Prize Contest will not be driven around the country or city by members of the Contest Department or any other persons. We are giving away NEW cars in this contest—not second-hand machines.

RULES OF THE SUBSCRIBERS' GUESSING CONTEST

1. A subscriber may enter into the Barley Guessing Competition, provided he or she gives a subscription to a candidate in The Standard's Big Prize Contest, or pays a subscription into the Contest Office of The Standard for the benefit of a candidate.

NOTICE—Read rule 1 carefully. Notice that the subscriber must pay direct to a candidate or to the contest office. A subscriber will NOT be allowed an estimate if his or her subscription is paid to an agent who deducts a commission on the subscription.

2. One guess will be given for each dollar paid on subscription under the above conditions.

3. The Free Prizes for the subscribers' Guessing Contest will consist of the following:

- 5 Passenger Ford Touring Car.
- \$215.00 Graphophone.
- Five \$10.00 Cash Prizes.
- Five \$5.00 Cash Prizes.
- 10 Orders for 1 Year's Subscription to The Standard.

4. Either the candidate or the Contest Department of The Standard will supply you with the necessary blank or blanks to fill in your guesses.

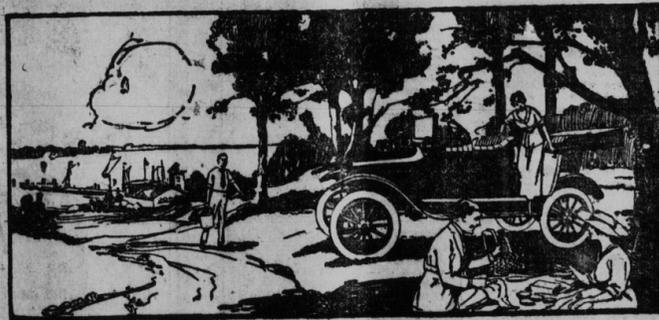

5. A subscriber or candidate may send subscriptions to boys at Military Hospitals or to other friends, and be entitled to send in guesses.

6. In the event the person subscribing does not wish to take advantage of the Subscribers' Guessing Contest, the candidate who secured the subscription may enter guesses on the subscription, provided said subscriber gives the candidate written permission to do so. In a case of this kind the following is to appear on the back of the guessing coupon: "I have submitted this guess as subscriber did not wish to take advantage of the Guessing Contest," the candidate's signature must be attached. Then, also, this article must follow: "I relinquish all claims to any prize in your subscribers' contest which this coupon may win, in favor of the above signed candidate." Subscriber's signature must be attached.

7. In the event of a tie, priority will be the deciding factor, and the tying guesses which reached us first will be given the preference. If the tying guesses reached the Contest Department simultaneously, the subscriber who gave the longest term subscription will be given the preference. If the tying guesses arrived simultaneously and the same amounts were paid by the parties tying, new subscribers will be given the preference over renewals or arrearsages subscriptions.

8. A subscriber may give his or her subscription of subscriptions now and send in his or her guesses any

First Prize in Subscribers' Guessing Contest

Every person who assists one of the candidates by giving a subscription, for which the candidate is entitled to votes, will be eligible to compete in a Guessing Contest for Subscribers. One guess as to the number of kernels of barley in an officially filled Small's Peanut Butter jar will be given with each dollar paid for a subscription.

First prize in the Subscribers' Guessing Contest will be a 5-Passenger Ford Touring Car, purchased from the Universal Car Company, 55 Prince William street. Second prize will be a \$215.00 Phonograph. Five \$10 Cash Prizes will follow, then five \$5 Cash Prizes then 10 orders for one year's subscription to The Standard—22 Free Prizes in all.

The automobiles which will be given away in connection with The Standard's big \$15,000 Prize Contest will not be driven around the country or city by members of the Contest Department or any other persons. We are giving away NEW cars in this contest—not second-hand machines.

time before the close of the subscribers' Guessing Contest, which will be the same night as the close of the Candidates' Big Prize Contest.

9. We would suggest that you get a jar similar to the officially filled Small's Peanut Butter jar. Fill your jar with Barley, and count the kernels in it, and then arrive at some sort of an estimate.

10. The winners of the Subscribers' Contest will be announced with the other prize winners at the close of the Big Auto Contest.

One year's subscription to The Standard may cause you to win this elegant 5-Passenger Ford or one of the other valuable prizes offered in connection with the subscribers' Guessing Contest. You will be assisting yourself and a candidate as well by subscribing.

Marines Arrested For Wrecking Newspaper

Rear Admiral Bryan Sent to Nicaragua to Take Charge of Menacing Position.

Washington, Feb. 10.—Twenty-one United States marines attached to the legation guard at Managua, Nicaragua, have been arrested by American military authorities as a result of the wrecking of the plant of the newspaper La Tribuna at Managua yesterday.

John J. L. Underhill, commanding the guard, reported to the United States Navy Department that a man attacked the newspaper establishment as a result of the publication of what they considered "abusive and libellous" articles regarding the marines.

Sends An Admiral Mr. Daniels has ordered Rear-Admiral H. F. Bryan, commanding the special service squadron in Central America waters, to proceed to Managua and take charge of the situation.

He said a court of inquiry and court martial undoubtedly would follow. The naval secretary characterized the attack on the newspaper plant as "heinous and awful," and declared that he had no patience with men in uniform who took the law into their own hands, regardless of the provocation.

The legation guard at Managua consists of a company of 103.

Patrick And Michael Floated Undamaged

Yarmouth, N. S., Feb. 10.—The Knockabout schooner Patrick and Michael, the Queen of the Nova Scotia fish fleet, Captain William Murphy, which went ashore yesterday afternoon just south of "Ships Stern" in Yarmouth Sound while out for a trial run, was floated at high water last evening and brought up to the dock.

She fortunately escaped damage of any kind and this noon sailed on her first fresh halibut trip. Captain Murphy, Yarmouth's clever fish killer, was very high pleased with the working of the new vessel which left yesterday and his many admirers are anxiously awaiting his doings in his new command, as his records in his previous vessels are enviable ones.

The Patrick and Michael carries twelve dories and has a crew of twenty-eight men all told. Fred Robichaud, of Yarmouth has joined her as engineer. As she sailed down the harbor this noon, she did yesterday, she showed considerable speed and her owners feel they have a most valued addition to the Yarmouth fishing fleet.

Typhus Breaks Out Among Steerage

New York, Feb. 10.—Twenty cases of typhus were found among steerage passengers arriving here today on the steamship San Giusio from Trieste and Naples. Three passengers died of the disease during the voyage.

The vessel was ordered held up indefinitely at quarantine and the typhus victims removed to Swineburne Island. Immigration officials said that the 1,137 steerage and 238 cabin passengers on San Giusio probably would be detained for several weeks before being allowed to land.

This was the second ship on which were found victims of the dread disease, cases having been discovered on the steamship Presidente Wilson, which recently arrived here.

To Develop Newfoundland Trade

Thomas Nagle, of the firm of Nagle & Wigmore, returned yesterday from a business trip to Montreal. It is the intention of the Canada Steamship Co. of which Nagle & Wigmore are agents to develop a summer trade this year with Newfoundland.

MEN AND BUSINESS (By Richard Spillane)

That is a wonderful idea with which Lenine is credited of developing the water power of European and Asiatic Russia, harnessing 30,000,000 horsepower of Brookhaven energy so it may be utilized to the fullest in industrial and agricultural enterprises.

But it is only a dream, and while the dreamer in the Kremlin dreams Russia rots. Its cities are falling in decay, its urban population hangs and dies, its industrial establishments are idle and its railroads are becoming streams of rust.

Where is Russia to get the mighty creations of machinery and masonry necessary and prison and impound the 20,000,000 horsepower of hydro-electricity the investment is total and spread over years of effort before there is the smallest beginning of a return on the expenditure.

Where are the master minds of the engineering world to be found to install and carry through this grandiose project? Bolshevism gives no recognition to class, to science, to leadership in industry or finance and denies the reward necessary to spend and stimulate invention and creation. It levels classes and deadens enterprise.

Lenine is reported to believe he can put his scheme into effect in ten years. Whatever else may be said about him, it must be acknowledged he makes every suggestion an open one for dreaming in Russia. Also for dry rot, destruction and death.

WERE ENTERTAINED
The officers and teachers of the Charlotte street United Baptist church were very pleasantly entertained by their Superintendent, J. M. Perry, at his home on Prince street, West St. John, last evening. Games were indulged in and addresses on Sunday school work were given by Rev. Mr. Jenner, and the former Superintendent, D. C. Clark. After light refreshments and a toast to the host, Mr. Perry, a very pleasant evening was brought to a close.

LETTER FROM SPEAKER LOWTHER
The following is a letter received by the Secretary of the Canadian Club from the Rt. Honorable J. W. Lowther, Speaker of the House of Commons, London, England:—
House of Commons, London, Jan. 25, 1921.
Sir:—I am directed by the Speaker to acknowledge the receipt of your letter of 8th January. With his best thanks he wishes me to say that for the present his proposed visit to Canada is quite undetermined, and therefore he begs for you to excuse him from entering into any engagement to address the club until his plans are more settled.
Yours faithfully,
J. W. LOWTHER,
Secretary to the Speaker.

Housing Board Failed To Appear

Had Not Been Notified of Proposed Meeting With Municipal Housing Committee.

The meeting of the Housing Committee of the Municipal Council with the Housing Board, scheduled for last evening at the office of the secretary of the municipal council, failed to materialize. The City Commissioners, Councillors O'Brien, Maher and Campbell were present ready for the discussion.

The Housing Board was not present. They had not been notified of the proposed meeting, and therefore could not be expected to show up for a discussion of the momentous questions that were to be propounded. An effort was made, by the use of the 'phone, to assemble the Housing Board on a hurry-up call. Some said they couldn't report on that late summons, while some others didn't know what they might be able to 'drop in'.

Held Profitable Discussion.
The committee waited for two hours, but none of the members of the board arrived, and at 10 o'clock the councillors and commissioners bade each other good-night and went home. The committee spent the time profitably, however, in the discussion of the uncertainties incidental to house building.

There were many suggestions offered as to the best way of disposing of the houses in Lancaster, built by the housing board.

Takes Shot At Centenary Leads

Gunman Attempts to Pay for Meal at Asia Cafe With Shots.

A revolver shot was fired at Charlie Fong, a Chinese waiter, on Mill street at a quarter to one yesterday morning when local attempts to secure payment from a man who had eaten a meal in the Asia Cafe and passed right by the cash register without offering to pay.

As the man neared the door, Charlie demanded payment and was answered by, "Just a minute," and walked out onto the street followed by Charlie. After looking up and down the street, the fellow turned to the Chairman, who held out revolver, fired, and then took to his heels.

Police Gave Chase
Policeman Alexander Chisholm, who was patrolling Mill street, and Inspector Campbell, who was on duty at the time, heard the shot while at the juncture of Mill and Dock. They turned an drun towards the sound of the firing and saw a man running across the railway crossing towards Paradise Row. They were unable to overtake him, but got a good view of him under the street lights.

Last night James Corvey, learning the police were looking for him, gave himself up at the police station. He is being held on suspicion of discharging a revolver on Mill street, and also of ordering an eighty-five cent meal at the Asia Cafe and refusing to pay for the same.

Corvey was tried before the circuit court in January on the charge of stealing some \$300 from the Royal Mail. There was not sufficient evidence to secure a conviction and he was given his liberty.

The local Chinese waiters appear to be the special prey of would-be gunmen. On New Year's eve two of them were held up at the point of revolver in the King Cafe, while a couple of early diners reimbursed themselves at the cash register, getting away with \$70.

Endorse System of Mothers' Pensions

Children's Aid Society Send Resolution to Legislature—Agent Presents Report.

At the monthly meeting of the Children's Aid Society last night, the chair was occupied by Rev. J. C. B. Appel. A resolution was passed endorsing the system of Mothers' Pensions, effective in Ontario, British Columbia and in some of the states of the union. It was urged that legislation looking to the inauguration of the scheme here be passed at the coming session of the local legislature of New Brunswick. A copy of this resolution will be sent to Premier Foster.

The usual monthly report of the agent, Rev. George Scott, dealt with a large number of cases which he had investigated since the last meeting. Most of these turned out to be cases of temporary destitution caused either by the sickness or unemployment of the bread-winner. One child was admitted to the Home, and four had been placed in the care of another institution. A total of 93 visits was made during the month, and 45 letters and post-cards had been sent out.

Tour Through Westminster Abbey

Archdeacon Crowfoot Lectures on the Art Treasures of the Historic Church.

The beauties of the art treasures of Westminster Abbey were pointed out in a most interesting way at a lecture given last evening by Ven. Archdeacon Crowfoot at the St. John Art Club rooms. The room was filled and all present were delighted with the beautiful slides shown and the completeness of the descriptions given by the lecturer.

Trip Through Church.
Introduced by the president, W. F. Brandt, Archdeacon Crowfoot took his hearers through the doors of the Abbey and made with them a tour of the wonderful church explaining the wonders wrought by the ancient builders who realized that they were erecting a house of God and felt the glory of their task. The building was planned as a place where services were to be held to the praise of God, and by an especially trained body of men, the monks. This fact accounts for the absence of a font, the wideness of aisles and other peculiarities of the edifice. The lay people were supposed to attend St. Margaret's which is close at hand.

The Chapel of King Edward the Confessor, the magnificence of Henry the Seventh's chapel, the quiet beauty for private devotions, St. Paul's chapel, and the various styles of tombs were all shown with comments made. In the older tombs the dead lie in majestic grandeur, the figures subordinate to the beauty of drapery and ornamentation. In others the stances of the departed is more in evidence, with a distinct loss of beauty.

Curious Features.
A curious feature of the Abbey is the position of the doors, some of which were for the use of the monks, others for pilgrims, while the King had his own private entrance. A fine view was given of the main door of the Abbey used by Kings on ceremonial occasions, and through which recently the body of the Unknown Soldier passed. Tracery, gilt work, Gothic architecture, Tudor ornaments, cloisters and the high altar were all described.

The Abbey is a glorious heritage of the British people, the speaker said, and emphasized that the many feats of engineering skill and marvellous art was the product of English workmanship.

Two delightful violin solos were given by E. C. Brown accompanied by Mrs. Brown. The president expressed his deep thanks of the audience to Archdeacon Crowfoot for his admirable lecture and thanked Mr. and Mrs. Brown for the musical selections.

Daylight Saving Plebiscite Feb. 28

The plebiscite on daylight saving will be taken on Monday, February 28, on the last used in the last civic election, and everyone will have a vote whether their taxes are paid or not.

The purchase of two Venturi meters and four recording devices for the water and sewerage department, and one thousand feet of hose for the fire department, and a further report on the work necessary to be done at Newman Brook, and the providing of a repair shop on the west side were some of the decisions arrived at yesterday morning at the meeting of the council.

Purchases Approved
In the absence of Mayor Schofield, Commissioner Frink occupied the chair. Commissioner Jones asked for authority to purchase two Venturi meters and four recording devices, the meters and two of the recorders for use at Spruce Lake, and the other recorder at a cost of \$6,539.20, plus the sales tax of one per cent. The request was complied with.

Commissioner Thornton was authorized to purchase one thousand feet of hose, the business to be given the three companies doing business in the city.

Commissioner Bullock submitted the report of the superintendent of ferries on the accident which occurred on Wednesday night. The cause was the refusal of the engine to reverse in time and was unavoidable. The cost of the damage would be in the vicinity of \$1,000. Report received.

Commissioner Bullock presented the report of the city engineer on the old market building on west side. The building was in bad condition, with the exception of the frame and would cost as much to move and repair as a new building, and he would not recommend the use of it for the proposed repair shop. The report was received.

Commissioner Thornton stated he would look into the matter of putting a roof on this building and report later.

Daylight Saving
The report of the mayor setting aside Monday, February 28, as the day on which the plebiscite on daylight saving would be taken, was received and adopted. The vote will be taken on the 1st used in the last civic election, and all persons on that list will be entitled to vote, irrespective of whether their taxes are paid or not.

Gave \$20,754 to Mount Allison Endowment Fund

Total City Amount \$27,762

A total of \$27,762 was collected in subscriptions to the Mount Allison University Endowment Fund by teams representing the different city churches since the opening of the campaign last Monday. Centenary church led with \$20,754, a large amount of which was subscribed by one individual.

Cheering reports have been received from the campaign headquarters at Sackville, who announce that the \$20,000 mark has been passed in the last three days, many names going well over their allocations.

Meeting at Bond's
An enthusiastic meeting of the different church teams appointed to secure funds for the endowment fund was held at Bond's last evening.

R. T. Hayes, M.L.A., the group leader, presided at the luncheon table. Following the meal, short and optimistic addresses were delivered by Rev. and P. Robinson, some chairman, and by Rev. Harry B. Clarke.

Amounts Reported
The chairmen of the different church groups reported the amounts subscribed since the opening of the campaign on Monday last, as follows: Centenary church, \$20,754; Queen Square, \$2,794; W. Grant Smith, Centenary, \$20,754; Rev. George D. Dawson, Exmouth street, \$580; J. A. Kennedy, Portland street, \$1,150; C. B. O'Leary, Carlton church, \$550; Walter Brindley, Carmerthen, \$65; F. S. Purdy, Zion, \$120; David Linton, Fairville, \$150; E. F. Jordan, Silver Falls, \$85; Charles Dearborn, Special Mt. A. team, \$1,464. Total for St. John, \$27,762.

Old "Mt. A." Boys
The old "Mt. A." boys are much pleased with the success being attained in their campaign. The \$20,000 amount reported on Wednesday did not include the P. E. I. zone, nor another which is yet to be heard from.

Towns which have already attained their target are: Bathurst, Westfield, Woodstock and Lindsay, all in New Brunswick; and Canning and Kentville, Nova Scotia.

Gunman Attempts to Pay for Meal at Asia Cafe With Shots.

Police Gave Chase

Policeman Alexander Chisholm, who was patrolling Mill street, and Inspector Campbell, who was on duty at the time, heard the shot while at the juncture of Mill and Dock. They turned an drun towards the sound of the firing and saw a man running across the railway crossing towards Paradise Row. They were unable to overtake him, but got a good view of him under the street lights.

Last night James Corvey, learning the police were looking for him, gave himself up at the police station. He is being held on suspicion of discharging a revolver on Mill street, and also of ordering an eighty-five cent meal at the Asia Cafe and refusing to pay for the same.

Corvey was tried before the circuit court in January on the charge of stealing some \$300 from the Royal Mail. There was not sufficient evidence to secure a conviction and he was given his liberty.

The local Chinese waiters appear to be the special prey of would-be gunmen. On New Year's eve two of them were held up at the point of revolver in the King Cafe, while a couple of early diners reimbursed themselves at the cash register, getting away with \$70.

Ordination Service Waterloo St. Church

Licentiate L. B. Gray Ordained to the Ministry—Interesting and Impressive Service.

An impressive ceremony took place at Waterloo street Baptist church last evening when Licentiate L. B. Gray was ordained to the ministry. Rev. F. S. Poole, was chairman, the ordination sermon, being preached by Rev. F. S. Bone.

Mr. Bone outlined the primary duties of a minister, pointing out that they were not organization, financing, community work or diplomacy, but that preaching is the most important duty. As Christ gave the command to His disciples to preach, and as the Apostles, in following their Lord's example, held the change an example to others, so a minister must give the Word of God as found in the Holy Scriptures, in nature and in experience.

Rev. Isaac Brindley uttered the prayer of ordination. Rev. G. D. Hudson gave the charge of the church, Dr. David Hutchings, president of the candidates, and the welcome to the ministry was spoken by Rev. Mr. Finco of Tanook Island, N. S.

Special music was rendered by the choir under the able direction of H. E. Hoyt. Miss Madia Hoyt presiding at the organ. The music was excellent and much credit is due Mr. Hoyt as choir leader.

ST. LUKE'S CHURCH MEN'S BIBLE CLASS

For several years it has been a custom for meetings for men to be held on Thursdays during Lent at St. Luke's church. Last evening was the first of the series which are held under the auspices of the Men's Bible Class, and was very largely attended.

Fred Whelpley, president of the Bible class presided. A solo was sung by C. Dennison.

The address, given by F. S. Dowling, was an excellent one, the speaker pointing out the duty of each Christian to measure up to God's plans for him.

Report of the city engineer on the Newman Brook matter. The engineer recommended that if the bridge was to be taken down and a fill made over a culvert, and the brook be deepened, another seven feet for a distance of 1,000 feet at an estimated cost of \$9,000. The cost of the proposed culvert was estimated at \$3,700.

The report was received and it was decided to have each commissioner furnished with a copy and take the matter up again on Monday.
