SATURDAY MORNING JULY 4 1885.

Graveley has just received a letter from Gen. Middleton, which reads as follows:

CAMP NEAR CATHOLIC MISSION, BEAVER RIVER, June 15, 1885. CAMP NEAR CATHOLIC MISSION,
BEAVER RIVER, June 15, 1885.

My Dear Graveley: Just a few words to thank
Mrs. Graveley and yourself for not forgetting
me when sending up the good things for the
Midland and Boulton's scouts, both of whom
ably deserve all they can get. Williams has
behaved most gallantly and the men likewise.
Boulton and his scouts have done true yeoman service and have been invaluable to me;
and I hope he will reap the benefit of it. Give
my compliments to his father, and tell him
what I have said about his son. I sincerely
wish you had been with me. Tell Mrs. Graveley that with true womanly instinct she has
sent me the two things I most wanted in this
land of bulldog flies and mosouitoes, viz.,
"baccy" and eau de Cologne, and I shall often
call down a blessing on her head when I use
them. I came here this morning with my
mounted men and Gatling, after a hard ride
of 60 or 70 miles, in hopes of getting Big Bear;
but I am afraid I shall not catch him. Kind
regards to Mrs. Graveley and yourself.

FRED. MIDDLETON.

Thanking the Ladies for Medical Comf The following letter fully explains itself: The following letter fully explains itself:
FORT PITT, N. W. T., June 16.—Mrs. EdBlake, President Volunteers And Society—
DEAR MADANE: Allow me, on behalf of the officers and men of the Royal Grenadiers, to thank you very sincerely for the medical comforts and supplies forwarded by your society. I can assure you that they are most welcome, and were much needed, as our supplies were almost exhausted. The general health of the regiment, I know you will be pleased to know, is remarkably good. I am informed by telegraph that the wounded of ours are progressing favorably. With many thanks to yourself and the kind people of Toronto, G. BTERLING RYERSON, Surgeon Royal Grenadiers.

History Will Crown Them. The critics in the east who see something wrong in every matter they do not under stand are crying out that Commissioner Irvine and Col. Otter "must be called to account"—the latter for the Cut Knife Creek affair. This is really hard on Col. Otter, for Riel has already arraigned him for the attack on that position, alleging that but for it Poundmaker and his band would have joined the main army. thas but for it Poundmaker and his band would have joined the main army at Ratoche, and that conjunction formed he is confident he could not only have resisted the impromptu charge which proved so disastrous to him at that place but have defeated the whole of Gen. Middleton's column. Just as the charge broke the back of the halfbreed revolt so broke the back of the halfbreed revolt so the visit of the Battleford column to Cut Knife Creek put an end among the Indians to all notion of making a stand. They were started on the run then, and have ever since been afraid to face the troops even in a bush fight. Call to account and belittle the heroes of these fights as you may, history will place the laurels on the brows of those to whom the glory rightfully belongs.

Miss McKay arrived from Prince Albert on Saturday evening. She says that every white settler in the district with the exception of one took part in Riel's meetings, encouraged and sympathized with him in every possible way. They told him they would back him up in all his actions, but when he took up arms they suddenly quieted down. Miss McKay says that if Riel had gained a victory the white settlers of Prince Albert would have joined him. She says everything was quiet when she left Prince Albert and she heard the Winnipeg field battery was on its way

The Relief to Volunteers' Families. Editor World: I am requested by the ladies' committee for the relief of volun-Beers' families to state, for the information of those who have contributed to the fund, that the total amount received to date is \$885.73. Of this amount \$804.92 have been already expended in relieving seventy-eight families dependent for their support on volunteers now on active service in the Northwest. The ladies of the committee have personally visited these families and enquired into their circumstances, and have taken every possible precaution to give assistance only when it was required and merited. In some cases the relief given by the city was found to be sufficient; in many however, owing to sickness, arrears of rent and other causes, further assistance was required. The com mittee will be glad to hear of any families known to be in need who may have escaped

their notice.

FULL DEPOSIT WITH DOMINION GOVERNMENT. COMMERCIAL PLAN OF LIFE INS.

This plan of Life Insurance is simply confined to collecting the Cost of Insurance with This plan of Life Insurance is simply confined to collecting the Cost of Insurance with a fixed yearly fee for expenses.

It is founded upon the same scientific basis as the ordinary plans tested for generations. Mortuary Premiums for this cost are payable quarterly, on the 5th day of March, June, September and December in each year, and increase gradually with the age.

This gradual increase enables the Company safely to omit collecting from the insured the Reserve part of the Ordinary premium.

As paid, 80 per cent. of all Mortuary Payments will be credited to the Mortuary Fund to be used solely in paying losses, and 20 per cent. to a Special Contingent Fund to equalize the cost of Insurance, and divide among those whose policies are kept up for 15 years, and thereafter every five years. At such division the policy-holder may withdraw his share of that Fund, in each, or let it remain to reduce his future payments.

Under the Company's Policy the holder incurs no liability whatever.

It's getting to be the fashion to have the wedding march sang as the happy couple enter the church. In cases where the bride is a widow the groom has it whistled to keep his courage up.

What is Catarrh? From the Mail (Can.) Dec. 15.

Gatarrh is a muco-purulent discharge caused by the presence and development of the vegetable parasite amosha in the internal lining membrane of the nose. This parasite is the simplest living form known that lives upon organs and is only developed under favorable circumstances, and these are: Morbid state of the blood, as the blighted corpusole of tubercle, the germ poison of syphilis, mercury texmoca, from the retention of the effect matter of the skin, suppression, perspiration badly ventilated sleeping apartments, and other poisons that are germinated in the lines. These noisons keep the internal lining the state of the lines of the internal lining the state of the lines.

death.

Many attempts have been made to discover a cure for this distressing disease by the use of inhalents and other ingenious devices, but one of these treatments can do a particle of good until the parasites are either destroyed or removed from the mucus tissue.

Some time since a well known physician of forty years standing, after much experimenting, succeeded in discovering the necessary combination of ingredients which never sary combination of ingredients which levels fail in absolutely and permanently eradicating this horrible disease, whether standing for one or forty years. Those who may be suffering from the above disease, should without delay, communicate with the business managers, Messrs. A. H. It is only the bride who is given away at a wedding. It seems to be taken for granted that the youthful bridegroom has given himself away many times before the day of the ceremony.

day of the ceremony.

—A complete revolution in the state of a stomach harassed by dyspepsia is caused by using Northrep & Lyman's Vegetable Discovery, or great blood purifier, a medicine specially adapted to renew healthful activity in that organ and in those which most closely co-operate with it, the bowels and the liver. Easy digestion, an increase of appetite and a free secretion of bile mark the radical change which it produces.

If a bride at any time during the honey-moon turns her head to see what another woman has on, or if she walks abreast of a feminine companion while crossing a street, her mat imouy will prove un unky.

Singing School Children. The concert given at Horticultural gardens last evening was a complete success in every respect. The hall was well filled children charmed all hearers. Mrs. Caldwell sang in her usual fine style, and waencored after each of her two selections. The singing of Mr. Winters and Miss Patterson was also justly admired. At the conclusion Inspector J. L. Hughes thanked the children for the great interest they had taken in their entertainment and the parents for allowing the children to take part. Taken all in all, the public school masters and teachers may well be proud of the pupils.

More than \$1,000,000 in death claim, have been paid, and it is disbursing over \$2,000 per day to the widows and orphans of its deceased members.

For each day since June 1 its cash receipts exceed \$7000. Its new business since Jan. 1 approximates \$30,000,000. The success already achieved by the Mutual Reserve Fund Life association has no parallel in the history of life insurance. It has succeeded simply because it deserves success. Its losses have been promptly paid, and the insurance furnished by it to its members has never exceeded in cost one-half the rates charged for ordinary life insurance under the level-premium system, and has thus saved for its members over \$5000 per day in cash.
