## UNITED STATES WARNS ITALY

### UNLESS THE BLOCKADE IS LIFTED ITALY'S FOOD SUPPLIES WILL BE CUT OFF

The British and French Delegates Have Been Outspoken in Criticism of the Blockade Against Dalmatia, Bosnia, Herzegovina, Croatia and Slovenia.

WASHINGTON, March 6—Italy has been warned by the United States government that unless she puts an end to the delays in movements of relief supplies to the newly established Jugo-Slavic and Czechoslovak states, steps will be taken to cut off the flow of American foodstuffs to Italy.

PARIS, March 6—The British and French delegates here have been bitterly outspoken in the supreme war council and the supreme economic council in criticism of the blockade which the Italian government is maintaining against Dalmatia, Bosnia, Herzegovina, Croatia and Slovenia. The new democracies built out of the old Austrian empire are relied upon by the entente as a protection against the Bolshevik wave, and the food shortage in them is creating chaos.

While the American delegates are less outspoken than the British and French regarding the Italian action they are concerned over the situation, which is stopping all American relief work Italy is entirely dependent upon the United States for food staples, receiving credits thru the American treasury with which to make purchases. Italian relief supplies cost \$50,000,000 monthly, while the relief of the Czechs, Jugo-Slavs and Serbians costs the United States about \$20,000,000 monthly. The persistence of the Italian blockade and what is charged as the efforts of Italy to obtain political advantages are creating such bitterness that some of the European representatives are suggesting the possibility of the discontinuance of American relief for Italy.

Early in February an Italian military mission penetrated Jugo-Slav populated territory at Laibach and settled in the town. The Jugo-Slavs feel that since their union with Serbia they are not the enemies of Italy and they resent the occupation of Plume and the Dalmatian coast by the Italian army. Consequently they forced the Italian mission to leave Laibach on Feb. 19th. The Italians resorted by establishing a food blockade against all Jugo-Slav territory. Inasmuch as the railways to Czechoslovak territory cross the Jugo-Slav regions this blockade has also affected the American relief work for both Bohemia and Moravia.

### Big Apple Shipment

Since the lifting of the embargo approximately 212,000 barrels of Nova Scotia apples have been exported via Halifax, as follows: To Great Britain, 205,111 barrels; to the West Indies, 2,637 barrels; to New England points, 4,497 barrels. In addition to these, 86,538 barrels and 15,597 boxes including shipments from Ontario, British Columbia and Nova Scotia, have been exported from St. John up to date.

## Strong Men

The Nation needs strong men and the right time to begin to build up strong manhood is during the growing period of childhood. Many mothers remember, with keen satisfaction, the days when

## SCOTT'S EMULSION

was one of the determining factors in building up the strength of their children. Scott's is a source of nourishment and strength that ought never to be overlooked by the mother of today who is anxious about her fast-growing boy or girl.

## Halifax CAN HAVE This Modern 300 Room Hotel

Propaganda for modern Hotel accommodation in Halifax initiated by the Commercial Club, is entering an important phase.

The publicity given this matter in the press of the Province has borne fruit. Applications for stock are beginning

to arrive from all parts of the Province and an offer has been made to absorb \$300,000.00 of a bond issue. It is fairly well assured that a large amount of money will be spent on trunk highways of Nova Scotia, this means a big automobile traffic heading to Halifax providing there are adequate hotel facilities.

No class of industry in the Province makes so wide a distribution of its income as the hotel and tourist traffic. Not only does our capital city benefit but the entire producing country, and no other thing can make the Province of Nova Scotia more widely and favorably known throughout Canada and the United States.

### CENTRELEA

Our school was closed on Monday last on account of the flu. Mrs. Alto, Messenger left on Wednesday last to visit her sister, Mrs. Roper, at Springfield.

Our community was again shocked Saturday morning on receiving the news of the death of Mr. James Currell. Miss Oleta Messenger spent a few days last week at the home of Mr. and Mrs. W. P. Morse, Lawrencetown, returning home on Thursday.

### Royal Bank at Church Point

The Royal Bank of Canada has opened a branch at Church Point, Digby Co. When a MONITOR representative called one day last week he found in charge, Mr. Lionel J. Robichaud, late of Three Rivers, Quebec, who was being assisted by Mr. L. C. Rudolph, of the Weymouth branch. Both are very genial bank men and are fast becoming popular with the residents of Church Point and the surrounding villages. This branch will be greatly appreciated by the business people of that locality where there is being a lot of cash handled in connection with the shipbuilding industry. We wish the new branch every success.

### A Constipation Cure

A druggist says: "For nearly thirty years I have commended the Extract of Roots, known as Mother Seigel's Curative Syrup, for the radical cure of constipation and indigestion. It is an old reliable remedy that never fails to do the work." 30 drops three daily. Get the Genuine, at druggists.

### A SAD ACCIDENT

#### One Lad Drowned at McEgahan Two Saved by Their Mother

A drowning fatality occurred at Concession, Digby Co., on Wednesday afternoon, when one boy lost his life. About 3 o'clock three boys were attempting to cross Specular, one of the many lakes behind Concession, and on the way to Corberrie, when the ice broke and all the lads were immersed. The older boy, Emile Gaudet, son of Fabien Gaudet, was the first to fall through the ice and he apparently called out and was heard by his own mother and others.

The two younger lads were seen by their mother, Mrs. Phillip Gaudet, who made a successful attempt to save them. She entered the water, breaking the ice as she went, and before reaching her lads was in the water up to her neck. She grasped the water back and got the other boy safe to land. The boy, Amero, was farther from shore and whilst his mother was watching, powerless to act on account of the greater depth of water and became numb and sank. When he was recovered by Camille LeBlanc, who brought the unfortunate boy to the land and carried him home, there were faint indications of heart movement, and Father McCamare, who was early on the scene, together with Dr. Thibault, made every effort to restore animation, but without success. The deceased lad was about fourteen years and the other two several years younger. Much sympathy is felt for the bereaved parents.

### Nova Scotia's Motor Vehicles

In the House of Assembly on Wednesday, Premier Murray said that the registration of motor vehicles had enormously increased the work of the Provincial Secretary's department. Last year 2,514 new vehicles were registered, making a total of 9,996 or practically 10,000 since the Motor Vehicle Act first came into force. The number of chauffeurs registered during the fiscal year was 1,727. The Premier intimated that the Motor Vehicle tax would be increased.

### DEATH OF JAMES R. CURRELL

#### A Prominent Resident of Carleton Corner Has Passed Away

The death of James R. Currell, of Carleton Corner, Bridgetown, on March 7th, removes from our midst the oldest citizen of that section. Mr. Currell has enjoyed good health and his full faculties until stricken with a slight paralysis a few days before his death.

He was born at Lawrencetown in 1834 and removed to Bridgetown with his parents in 1837. His father built up and conducted during his life time a very busy Grist and Carding Mill industry at Bloody Creek and at his death in 1877 his son James succeeded his father and for many years the mill with the waterpower of Bloody Creek furnished a great deal of the flour and feed and yarn used for food and clothing in this section of the County, the mill often having to be kept grinding night and day. The coming of railroads and cheap grains from the west in time spoiled this industry and about twenty years ago this mill was entirely abandoned and the pond emptied.

The deceased was a well read and highly intelligent and respected citizen and in his active years prominent in public affairs of the County. In politics a staunch conservative. For over 40 years he was an official and trustee of Providence Methodist Church and was the last survivor of the Trustee Board that erected that Church edifice in 1872. He is also the last of a family of 13 brothers and sisters. He leaves besides a widow, three sons, Elias, of Reading, Mass., Owen and Reginald, of Bridgetown and two daughters Mrs. Mary Chute residing at home and Mrs. Arthur Cornwall of Hantsport.

The funeral services will be held from his late residence on Wednesday afternoon, burial being at the Riverside Cemetery.

Middleton Outlook: Sunbeam Lodge of Oddfellows has been flourishing the past few weeks. Since Jan. 1st, 14 candidates have been initiated and several more initiations are expected soon.

### GOLDEN WEDDING

#### Mr. and Mrs. Fred L. Shaffner Observe their 50th Anniversary

(From the Middleton Outlook) On Thursday evening of last week Mr. and Mrs. Fred L. Shaffner observed the 50th anniversary of their marriage. Over 100 of their fellow citizens gathered in Masonic Hall to offer their congratulations upon the happy occasion.

Under the supervision of Worthy Master Martin, the room had been appropriately decorated and an arch erected with golden bell suspended. Under this arch Mr. and Mrs. Shaffner received their friends being assisted by Mr. and Mrs. J. H. Potter. The ushers were Mr. and Mrs. A. M. Reed and Mr. and Mrs. T. M. Buckler, while Mrs. W. W. Dodge, Mrs. L. P. Shaffner, Miss Ella Shaffner, Mrs. J. F. Martin and Miss Gladys Reed, served refreshments.

The many golden gifts in goods and coin included three generous purses. One was presented by Rev. Dr. Hutchins, pastor of the United Baptist church whose choir was for years led by Mr. Shaffner; one by Rev. W. S. H. Morris from brother Masons and one presented by Arthur W. Banks of St. John on behalf of commercial men who visit The American House.

Congratulatory telegrams were received from Hiram Lodge, A. F. & A. M. and Union Royal Arch Chapter, Yarmouth; Masonic Grand Master Hay of Truro; P. G. M. Don Fraser, New Glasgow; P. D. G. M. Smith, St. John; P. G. H. Priest MacDougall, Trenton; W. L. Rogers and J. E. Hawkins, Yarmouth; Geo. A. Shaffner Que.; the Poles, St. John; Dr. W. F. Reed Digby; Mr. and Mrs. G. E. Corbett, Annapolis Royal; A. L. Pelton, Kentville; Coun. and Mrs. S. C. Shaffner, Granville Ferry; Mr. and Mrs. C. A. Potter, Sydney and Mayor C. N. Reagh, who was in Halifax at that time.

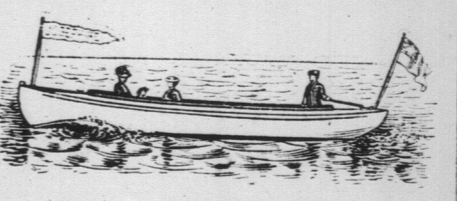

The occasion was very pleasant one and afforded their many friends the opportunity to express their good will toward the jovial groom and amiable bride of fifty years ago.

### BRIDGETOWN'S SHIP BUILDING PLANT

#### The First Launch from the Grand Central Yard

While the big ship building boom was going on in other parts of the province, it was said that for want of united effort or lack of confidence in a manager, it became impossible to build a vessel in Bridgetown. This difficulty was evidently soon overcome in the Grand Central yard where work has been progressing quietly and in the best of spirits for the past few months.

Last Wednesday afternoon when the MONITOR man was present the rebuilt hull which was known as an American bottom (?) before it was placed

THE SPRING FEVER

ed in the yard was fast nearing completion and was at the same time being inspected by the official measurer of the Annapolis and Digby counties, while the painters and carpenters were busily engaged under the superintendence of the managing owner. At this official inspection the town was represented by His Worship, the Mayor, who informed the press that the craft was for use on inland waters only, thus doing away with the necessity of a certified captain and engineer.

This well built craft is of the power boat type and is propelled with a three (3) blade propeller driven by a two cycle single cylinder jump spark Victor motor, capable of running on gasoline, kerosene or alcohol. The launching took place on Saturday and as far as we could learn without even the aid of a special Messenger, she obtained her clearance papers and left in tow of a Ship for Newell's Cove from which point "The Spring Fever" will sail with a general cargo as soon as navigation opens. We wish the new vessel every success and her course steered along the White way with little inconvenience and a safe distance from the navigators a-Long-the-mires in the days of Moses.

The Salvation Army has launched a movement to raise \$150,000 for a Maternity Hospital in Halifax. A site opposite the Medical College has been promised by Dalhousie University. The movement is endorsed by the medical profession and prominent citizens in Halifax.

### SPECIAL MEETING TOWN COUNCIL

#### ESTIMATES MADE UP AND RATE FIXED FOR CURRENT YEAR

Town in Good Financial Circumstances. A Slight Increase in School Expenditures caused by the Increase of Teachers' Salaries High Cost of Fuel, etc.

At a meeting of the town council held on Friday evening, the 7th inst., the estimates for the year were submitted by the Clerk, and after providing for the various items of expenditure, and appropriating the sum of \$1500.00 for streets, over \$1200.00 was put in the contingent account.

When it is considered that the usual amount appropriated out of current account for streets is between \$600.00 and \$800.00, and \$500.00 for contingent, with usually an overdraft at the end of the year, the above showing must be very gratifying to the ratepayers, as it shows the financial condition of the town to be healthy, and in better shape than it has been since incorporation.

After the estimates were considered the rate was fixed for the year at 2.50 the same as last year, with sewer tax to be added where chargeable and Provincial Highway tax of 10c.

It was thought at first the rate might be lowered, but after consideration the council did not think this advisable, as the crusher requires considerable repairs, and it is the intention to complete the missing links on Granville St., with maadam, and to put the streets generally, with sidewalks in good repair which they hope to be able to do with the money on hand.

The amount asked by the school board for school purposes being \$45,000.00, an increase of \$1000.00 over last year, it was found necessary to increase the school rate of \$1.00 per hundred, making the general rate \$1.50 thus leaving the net rate the same as last year with sewer tax and highway tax to be added.

The increase in school expenditure is accounted for by the increase in teachers' salaries, high cost of fuel, etc.

### DEATH OF J. A. BROWN

#### One of the Most Prominent Residents of Lawrencetown Passes Suddenly Away

The citizens of Lawrencetown were shocked on Thursday afternoon when they learned that J. A. Brown, one of the most prominent and most highly respected residents had dropped dead just opposite the telephone office while walking along the street, death being caused by heart failure. The deceased, who was a son of the late James R. Brown, was born in Torbrook 31 years ago. His widow, who predeceased him five years ago, also suddenly expired with heart failure while lying on a lounge in their own home. Mr. Brown was a well known builder and contractor. Acquiring the carpenter trade in all its branches while a boy he became a thorough mechanic.

Following the erection of a church in his native village, he became a church builder of considerable reputation and the majority of churches and warehouses in the Annapolis Valley today were erected under his superintendence, two of which were built in Kings Co., after he had passed his 80th birthday.

The deceased was a deacon of the Lawrencetown Baptist Church and lived a consistent Christian life, honored and respected by all who knew him. He is survived by two sons, William and Leslie at home and an adopted daughter, Mrs. Charles Lovell, of Lawrencetown. He also leaves two brothers, and one sister, Mr. A. D. Brown, Bridgetown's efficient postmaster, James L. and Mrs. Eunice Riley, of Torbrook.

The funeral was held from his late home Saturday, the services which were largely attended being conducted by a Rev. F. H. Bails. The MONITOR extends its deepest sympathy to the bereaved ones.

The town of Clark's Harbor has been incorporated as a town and the Government proclamation has been issued in the Royal Gazette. The election for a Mayor and six Councilors will be held on Wednesday, April 2nd.

## MELVERN SQUARE

Mr. Burpee Ward made a business trip to Halifax last week.

Harold Gates, of Halifax, spent the week end with his family in Melvern quite recently.

Messrs. John P. Morse and J. Abner Phinney made a business trip to Halifax this week.

Mr. Pelton was the guest of his father-in-law, Mr. Edwin Harris, a few days last week.

We are sorry to report Alden Brown again in rather poor health but hope to hear of improvement later.

Miss Esther Cahill, of Avleford, was the guest of her friend, Miss Jean McNeil, a few days this week.

Miss Lilla Goucher, of Digby, spent a few days last week in Melvern visiting her mother, Mrs. Ella Goucher.

Miss Harzette Spurr is visiting her sister, Mrs. Fred Burgess, of Sheffield Mills, Kings Co., during this week.

Dr. Fador who has been the guest of Rev. and Mrs. Roop for some time past, has returned to his home in Halifax.

Our Melvern Square schools is progressing very favorably under the skilful tuition of Miss Troop, of Granville, and Miss Mable Brown, of Melvern Square.

We cannot complain of March (that much dreaded month) so far, for we are enjoying beautiful mild Spring weather, a little premature perhaps but we may as well enjoy it while it stays with us.

Miss Verna Palmer, operator in the Western Union Telegraph Co., Natick, Mass., is spending a month's vacation with her parents, Mr. and Mrs. Howard Palmer, of Kingston, and was the guest of several of her friends in this place during this week who were all pleased to see her looking so well.

A house a short distance west of Wilmot Station and about two miles from here has lately been quarantined for small pox, the family having contracted that disease while living in Halifax. Latest accounts are that the patients are doing well and it is hoped that no further trouble will be experienced.

The marriage of one of our most popular young men, Mr. Earl Palmer, took place last week at Kingston, the bride being a popular young lady of Kingston, Miss Mable Walker, youngest daughter of the late Mr. and Mrs. George Walker and granddaughter of the late Archibald Walker. Mr. and Mrs. Palmer will reside on the Palmer homestead and we gladly welcome the fair bride to our community.

On Saturday, March 1st, a telephone message was received by friends here to the effect that Kenneth McNeil, who has a position in the Prov. Sanatorium, Kentville, had been sent to the V. G. Hospital, Halifax, his case being acute appendicitis and a rather serious case. An operation was performed next day and the patient according to latest accounts, is doing well, but very weak.

A reception is to be held this evening, March 7th, at the home of Mr. and Mrs. John Masters, in honor of our returned soldiers, Pte. Wallace Bennett, who claims Melvern Square, as his birth place and home. Pte. Bennett enlisted when quite young and has bravely done "his bit" for his King and Country, and it is with much pleasure that we welcome him back to his native land.

Miss Nellie Marshall and Ella Buckler spent a pleasant afternoon at the home of Mr. and Mrs. Stanley Anderson's Tuesday.

The young people of this vicinity spent a very pleasant afternoon and evening at the home of Mr. and Mrs. George Buckler, it being their youngest daughter, Grace's birthday Tuesday.

Miss Margaret Shagner left on Wednesday for Saskatchewan.

The funeral of Capt. Alfred Johnson, who died on Monday morning after a lingering illness, took place on Tuesday. Rev. Wm. Penny and Rev. Wm. Brindley officiating. Interment in Port Wade cemetery.

The joy of heaven will begin as soon as we obtain the character of heaven and do its duties.

Notwithstanding the weather conditions were the worst of the winter, a large company assembled at the residence of Pte. Herbert C. Amero, of the C. E. P., who has returned from overseas, on Wednesday evening to extend to him a hearty welcome home. Mr. E. H. Porter occupied the chair and at 8 o'clock called the meeting to order and after "O Canada" had been rendered in excellent style, extended to Pte. Amero in behalf of the company and the people of Granville generally a cordial welcome home again, alluding to the heroism of our boys who had gone at the call of duty to the defence of the Empire and to the wonderful good fortune of the Lower Granville contingent, so few of whom had paid the supreme sacrifice, and such a small number had been wounded. Pte. Amero replied in a very interesting speech, describing the part he had taken and the many places he had seen in France spoke of the excellent treatment he had received on the voyage over and whilst there and the return trip, closing by thanking the people for their kind welcome home once more.

Addresses by Rev. W. Patterson, Rev. W. Brindley, an excellent recitation by Mrs. Fred Parker and a fine dialogue by Mrs. Ralph Hayden, Mrs. Willard Robbins, Mrs. Fed Parker, Mrs. Wm. Westhaver, Mrs. White, Mrs. Wallace Nelson and Miss Mary Kendall. Music was interspersed. Mrs. Wm. C. Shaffner presiding at the organ in her usual inimitable way. The National Anthem, in which all joined, closed the function which was a delightful one. A most excellent lunch was served by the ladies.

Robins have been seen this year in Feb. Does this mean an early spring? Until March is over it is never safe to prophesy about the coming of spring. Easter comes very late this year and we usually find that we have a late spring, when Easter is late, whether the robins come early or not.

HOW MRS. BOYD AVOIDED AN OPERATION

Canton, Ohio.—"I suffered from a female trouble which caused me much suffering, and two doctors decided that I would have to go through an operation before I could get well. My mother, who had been helped by Lydia E. Pinkham's Vegetable Compound, advised me to try it before submitting to an operation. It relieved me from my troubles so I can do my house work without any difficulty. I advise any woman who is afflicted with female troubles to give Lydia E. Pinkham's Vegetable Compound a trial and it will do as much for them."—Mrs. M. M. Boyd, 1421 5th St., N. E., Canton, Ohio.

FIRST CLASS ACCOMMODATION

The Province Sees the Advantage of a Modern, First-Class Hotel in the City of Halifax

From The Halifax Herald The project of the "Million Dollar Hotel for Halifax" has been taken up in the press of the province enthusiastically, and the necessity of such a hotel at the principal terminal of Nova Scotia is editorially "boosted." Such outside papers as The Windsor Tribune and the Amherst Daily News have come out strongly in favor of the idea or project and have sounded a clarion call to the people and to the business men of the larger towns to make the project a part of their business interests.

"Every town in the province," says the Windsor Tribune, is vitally interested in this undertaking for upon its success depends the future of Nova Scotia tourist traffic. One big modern hotel is a necessity to revive this wealthy tourist traffic, which means thousands of dollars to every town, especially between Yarmouth and Halifax. For a big hotel at the principal terminal point is the factor in determining a man to select a country for his vacation. With hotel accommodation at Halifax, these tourists will spread out over the entire province and we are fully convinced that Windsor's share should approximate \$50,000 to \$100,000 per season. So it behooves us all to pull together."

The Amherst conscience is just as awake as that of Windsor to the absolute necessity of a Million Dollar Hotel for Halifax as the only means by which tourist traffic will be attracted to the province, and which will mean as much to other centres of the province as to Halifax. In fact, a modern Million Dollar Hotel in the capital would be a big paying investment for the whole province. Says the Amherst Daily News: "The New Carleton (which will be opened shortly), with its hundred sleeping rooms, may assist somewhat, but it is a fact that no one cares to go to the capital city now unless compelled to go by business.

"The new Million Dollar Hotel would go a long way towards making Halifax a most attractive place for visitors and it will come at a time when more tourist traffic in that direction, by reason of the federal government's good road program, will make its accommodation needed. It is a big project but it is not so big but what some capable company should be able to make it a success."

Nova Scotia Heroes

A late issue of the London Gazette gives the names of the following Nova Scotia heroes who have received a bar to their Military Cross, also the reason for winning each honor:—

From the thirteen officers mentioned we note the following:—Lt. Alexander Wylie Allan, 4th Bn., C. M. G. C., Annapolis N. S. During the period of the attack on the Droichead Quay line, from September 2nd, he showed conspicuous gallantry and initiative. Two hours after zero his battery commander was wounded by shell fire. Although shaken severely by the same shell, he immediately took over command of the battery. He led the battery, and continuously kept it in action until relieved on the night of September 4-5. His grip of the situation and coolness under trying circumstances were undoubtedly responsible for the most efficient support which his battery was able to give to the infantry.

FALKLAND RIDGE

March came in very lamb like. Mrs. Robert Swallow spent the 4th at Springfield. Emerson Wagner is confined to the house with a sore hand. The W. M. A. society convened March 6th, at the home of Mrs. D. Starratt.

Mrs. Louise Mason spent the last week at the home of Mrs. E. Mason. Mr. and Mrs. Arthur Hirle and son John, of Bridgewater, are the guests of Mrs. W. L. Sproule. Mrs. Edgar Mason and little daughter, who has spent the past week with her parents, at New Albany, returned on Monday.

Mr. and Mrs. E. Wagner, Mr. and Mrs. W. Sproule, Rita and Bessie Marshall, Mrs. C. Marshall and Aubrey, Mr. and Mrs. Percy Starratt, and Mildred Starratt, Annie and Church Rood attended the funeral of Mary Wilson, at E. Dalhousie, on March 2nd.

He that sacrifices his ideal to his bread finds, when it is too late, that man does not live by bread alone.

CORRESPONDENCE

To the Editor of the MONITOR, Sir: Within a few days nearly all the storekeepers in the County of Annapolis will be selling Thrift Stamps and War Saving Stamps.

I think it well there fore that it should be understood that these public spirited men are doing this work without remuneration of any kind. They have to invest their own money in the purchase of these stamps receiving from their clients exactly the same as they paid, there being no commission or profit.

They are simply handling these stamps for the convenience of the public and with a view to helping on the campaign of thrift which is so essential at this time.

I would appeal to all to support the Government scheme of Thrift by War Saving Stamps and encourage your children to buy Thrift Stamps. It is absolutely necessary that we should practice thrift if we are to meet the obligations of the war and accumulate capital for the proper development of our Country.

We depend for a market for a substantial part of our agricultural products upon our ability to furnish credit to certain nations purchasing from us. We can obtain a substantial part of the reconstruction business provided the nation is able to turn itself into a banker and give the necessary credits.

Unless we practice thrift to enable us to do this it will become increasingly difficult, sometimes impossible, for men to obtain from the banks the funds necessary to finance business. The Government has now provided an unparalleled opportunity for saving in small amounts at a high rate of interest.

They are conferring a positive and lasting benefit upon a man when they ask him to become a war saver.

With \$4.02 to day one can buy a stamp worth \$5.00 at the end of five years at which time the purchasing power of that \$5.00 is bound to be much greater than to day.

Not only so but they are laying a foundation in character and in the habit of thrift that in the aggregate will be one of the best assets that this Country can possibly have.

Chairman, Annapolis County National War Saving Committee. Yours faithfully, A. E. ADAMS.

Mr. Herbert Williams, who shipped a carload of cattle from Paradise, Monday night, left yesterday for Amherst to purchase another. Mr. and Mrs. Enos Daniels, who have been visiting Mr. and Mrs. Howard Gillis, returned to their home in West Inglisville Monday. Mr. Harver Sabeans, the efficient electrical engineer at the Power House, spent the week end at St. John, returning home Monday. Yarmouth Telegram: Mrs. C. W. Mills and Miss Mills came from Boston on Wednesday and proceeded by the D. A. R. for Annapolis Royal. Among the guests who were present at the Shaffer golden wedding, Middleton referred to in another column was Miss Gladys Reed, Bridgetown. Mr. F. V. Young, of the Halifax Chronicle mechanical staff, spent the week end at his home in Bridgetown returning to the city via Monday's express. Mr. and Mrs. A. D. Brown, who attended the funeral of the late Deacon J. A. Brown in Lawrencetown, on Saturday, returned home via Monday's express. Among the passengers leaving Bridgetown yesterday via the east bound express were: N. E. Chute, for Kentville and Frank Charlton, for Halifax. Hants Journal: Rev. J. H. Balcom, of Liverpool, supplied the pulpit of the Baptist Church on Sunday, preaching very acceptably at both services. Prof. Geo. E. Sanders, of Annapolis left Wednesday for Nictaux and other farming villages to deliver illustrated lectures in regard to fruit spraying values, etc. Mr. Parrish Owen, of Annapolis Royal, of the R. F. C., who was a prisoner in Bulgaria till after the signing of the Armistice, arrived home on Wednesday. Mrs. Charles Marshall, aged 80 years, who resides with her son, Mr. S. L. Marshall, Clarence, fell down stairs Friday night but fortunately escaped serious injury. Annapolis Spectator: Hugh Sloan of Kentville, was a recent visitor with his mother, Mrs. Dan Copeland, this town. Mr. Sloan was many years ago employed in the Spectator office. Mr. and Mrs. J. W. Grant left Yarmouth by the D. A. R. Thursday for Halifax from which port they sailed at 9 o'clock Friday morning on an R. M. S. P. liner on a trip to Bermuda and other West India Islands. Town Councilor Hardwick, of Annapolis, returned from Halifax last Saturday after attending the opening of the Provincial Legislature for the 27th consecutive time. Sunday attractions in the city are of no effect on B. N., compared with his comfortable pew in St. George's. Mr. Charles P. Dunn, the popular president of the Nova Scotia Railway Mail Clerks' Association, was in town Monday, the guest of his uncle Mr. O. S. Dunham. He returned to his home in Halifax via Monday's express, accompanied by his mother, Mrs. Sarah E. Dunn, of Digby. Middleton Outlook: Rev. Mr. H. H. Fisher, who delivered an address in the Baptist Church on Sunday morning and in the Presbyterian in the evening as representative of the Christian Men's Federation of Canada received over \$200 in cash and pledges for the Belgian orphans fund. He is a pleasing speaker. The Kentville Chronicle says: Dr. E. Avery DeWitt has been offered the position of Medical Superintendent of the Queen Alexandra Hospital at London, Ontario, at a large salary. The Hospital is one of the best in Upper Canada and has a capacity of 400 beds. We are glad to hear that Dr. DeWitt has about decided to accept the position, but to remain in Wolfville. The Halifax Recorder of Saturday

last said: Chief Justice and Mrs. R. E. Harris gave a dinner party on Thursday evening, which was the fashionable event of the week. It was made the more delightful by the presence of the fair sex, and the old social custom of which Halifax was once so proud seems to be coming into its own again. The Chief Justice is lavish in his hospitality, does all honor to his high office and is voted on all hands a splendid host. Rev. W. J. W. Swetnam has been invited to preach the Anniversary sermon in the Kaye-Grove Union Church Halifax on the coming Sabbath. This is the first Union Church East of Quebec and is the result of the Halifax explosion, the surviving portions of the two churches forming the present Kaye-Grove Union Church of which the Rev. O. J. Crowdis and the Rev. W. J. W. Swetnam were co-pastors until Rev. Mr. Swetnam's coming to take charge of the Bridgetown Circuit.

ANOTHER SOLDIER'S LETTER

Pte. C. H. Balcom's Second Trip to Scotland

Dear Mother: I got my eight days' pass last Tuesday at four in the afternoon and at 5.30 was on my way to the depot which is a half hour's walk from camp by the short cut. I caught the 6.25 p. m. at the depot and arrived in London at 8 p. m. at Waterloo Station. Then had to go to King's Cross for my train to Scotland. Took the "tube" which runs to all parts of London far below the surface. I had to make one change while under ground. I remembered the way we went last August, and reached King's Cross about 9 o'clock. The Edinburgh train backed in just as I got there so I got a good seat. At 10.15 the train started out for Edinburgh. All night long we sped along. At 8 in the morning we arrived here. I got only a few minutes sleep as the seat was not easy for sleeping. As soon as I got off the train I boarded a street car and arrived at breakfast time. Mrs. Wilson, our former landlady, is still here.

I am by myself, but a few minutes after I got here a fellow of the old 4th draft (who was here last August when I was) rang the bell, and will be here for a few days. I expect to leave Tuesday night for London as I have to be back to camp Wednesday sundown. Last evening I went to the theatre. It was a very good show, the name of it was "Cinderella."

Spent most of yesterday in writing cards and letters. The weather is very foggy most of the time. The sun seldom shines.

I have a room and bed all to myself. It is a great treat to be able to live as decent people should, and feel a lot better after having a good sleep. There were four of us on the first trip and when we left we decided if we got a few days off some time again we would go back to the grand old city of Edinburgh. Everybody used us as though we were near relatives.

I sent you a card of the Forth Bridge. We went to see it on Sunday morning. The old Kirk was open and the bell was ringing as it had many times before. The people were wending their way to worship. Just as we were leaving the place, church was out and as the people came slowly out I was reminded of stories I had read of people, and times of long ago. We went up to see Edinburgh castle. We also had a good many car rides. The cars have two decks. The upper seats give one a grand view of the city. A good ride costs only a penny. Our rooming house was only a short way from the University of Edinburgh.

When a girl speaks to us on the street she says "Hallo Canada". Each soldier is known as "Canada", "Australia", etc., according to the country to which he belongs. The Scottish people are certainly a fine lot of people. They know how to use a person.

We did a little shopping one day. Three of us bought waist length lengths. I got one for you. It is a nice grey silk and wool mixture. Hope you will like it and receive it in good condition. The coat, including insurance and postage, was quite a good suit. The firm, the best store in Edinburgh is sending it for me. They have to get a permit to send the goods out of the country, and the goods have to be insured and all fixed up for shipping.

I have just had my dinner and am now at the Y. M. C. A. headquarters. The writing room is a nice place fitted up with games, newspapers, a piano, etc. As soon as I get settled in Toronto, I am going to join the a. s. o. The central building is near to McGill Street.

It is good to be where one can feel at home. In the dining room there is a coal fire in an open grate, and as the weather is wet most all the time, I generally sit near the fireplace, with several of the boys until after 11 o'clock. There are several Australians at the house four of them were prisoners in Germany during the greater part of the war. They tell some very interesting stories.

I would like to remain here for a long time, but while here my turn might come at Witer to go home. I expect you are having some cold weather. So far we have not seen any snow. It has frozen a little only a few nights but the dull damp foggy days make us all feel out of sorts. We prefer the cold Canadian winter. To-morrow Admiral Beatty is to be in the city, and expect there will be a great celebration. I plan to be on the spot to see and hear all I can. I arrived from my trip to Edinburgh at 11.30 this morning. I left the city on the nine o'clock train last night, and arrived in London at seven this

Proof that Some Women do Avoid Operations

Mrs. Etta Dorion, of Ogdensburg, Wis., says:

"I suffered from female troubles which caused piercing pains like a knife through my back and side. I finally lost all my strength so I had to go to bed. The doctor advised an operation but I would not listen to it. I thought of what I had read about Lydia E. Pinkham's Vegetable Compound and tried it. The first bottle brought great relief and six bottles have entirely cured me. All women who have female troubles of any kind should try Lydia E. Pinkham's Vegetable Compound."

How Mrs. Boyd Avoided an Operation.

Canton, Ohio.—"I suffered from a female trouble which caused me much suffering, and two doctors decided that I would have to go through an operation before I could get well. My mother, who had been helped by Lydia E. Pinkham's Vegetable Compound, advised me to try it before submitting to an operation. It relieved me from my troubles so I can do my house work without any difficulty. I advise any woman who is afflicted with female troubles to give Lydia E. Pinkham's Vegetable Compound a trial and it will do as much for them."—Mrs. MARIE BOYD, 1421 6th St., N. E., Canton, Ohio.

New Head for C.P.R. Demonstration Farms

IN being able to secure the services of George H. Hutton, B.S.A., as Superintendent of its Agriculture and Animal Industry Branch, the Canadian Pacific Railway is to be congratulated in finding a worthy successor to Dr. J. G. Rutherford, who has been appointed to a seat on the Board of Railways Commissioners for Canada. Dr. Rutherford, who has been a prominent figure in livestock circles all over the continent for many years, has been head of this branch for more than six years, during which period he earned the esteem of farmers, stockmen and others throughout the country, and many Western Canada owe a large measure of their success to the advice and assistance given by him. His successor, Mr. Hutton, has had considerable experience in Western Canada, and a few men are better informed than he on the agricultural possibilities of Western Canada, and particularly of Alberta. Since 1906 he has been in charge of the Dominion Government's Experimental Station at Lacombe in Central Alberta where his work, especially in connection with livestock, has been of the utmost value to farmers throughout the province and elsewhere in the Canadian West.

G. H. HUTTON, Superintendent of Agriculture and Animal Industry Branch, C.P.R.

Mr. Hutton has been connected with farming so long that he does not remember when he first began. He is a thoroughly practical farmer. During his boyhood days he did those tasks which usually fall to the lot of a boy brought up on the farm. Later he went to college where he obtained his B.S.A. degree in 1900. After operating a farm of his own in Eastern Canada for about six years, he went West to take charge of the Government's Experimental Station, which is now leaving to take up Western Canada as one of the foremost agriculturists in the country, and from the fact that he is president, vice-president or past president of six different breeders associations, besides holding numerous directorships, among the farmers of Central Alberta. This has done more than he in promoting mixed farming methods in the immense possibilities of the country and by proving in the practical manner how favorable the conditions are for the raising of live stock and these with a view to ascertaining and demonstrating the varieties of grasses, fruits, and vegetables most suitable to local conditions, and the best methods to employ to successful field in all its phases. He has also suggested to the Department of Agriculture that the work of the and other crops, and succeeded in convincing the head of the department of the merits of this suggestion. From small beginnings, Mr. Hutton and his assistants have built up at Lacombe the largest flocks and herds of any farm at present.

The information gained as a result of the experiments conducted at Lacombe have been very valuable to farmers throughout Western Canada. Hog-raising, sheep-feeding, beef and milk production are all subjects that three thousand hogs have been used on the farm in tests of various breeds to ascertain which were the most economical pork producers under local conditions. In a grading-up experiment with sheep now being conducted more than four hundred ewes are included. An excellent herd of Angus cattle has also been established, and the foundations laid for a first class running into many thousands of dollars annually.

Mr. Hutton's work with the Canadian Pacific will be along lines similar to those along which he has previously been engaged. His new duties will include the supervision of the system of demonstration farms operated by this company, at which settlers in Western Canada are given advice based on the experience of many years as to the best methods to employ, thus giving the new settler a chance to avoid many of the mistakes likely to be made by farmers coming from a country where the railway or any other kind—in any country has spent so large a sum of money as great an interest in getting the farmer started right as the Canadian Pacific Railway, and the appointment of a man of Mr. Hutton's ability and experience to be the head of its Agriculture and Animal Industry Branch indicates that no change in this policy is contemplated.

**LENTEEN PASTORAL**

Bishop's Lodge Halifax, February 20th, 1919

The following Pastoral by the Archbishop of Nova Scotia and read in the various churches of the Diocese on Sunday, is well worthy of attentive perusal:

To the members of the Church of England in the Diocese of Nova Scotia:

My Dear Brethren, As the season of Lent is now near at hand, I write to put you in mind of the desirability of carefully considering how you mean to observe it. It is always an opportunity for blessing, and never in our lifetime has this been so true as in the present year.

Consider the position of the world. That there is unrest in every country, and danger threatening law and order is a fact which cannot be ignored. The work of helping back to civil life our returned soldiers, who deserve everything from us, demands sympathetic attention. The problems of labor of the unemployed, of proper housing of temperance and social conditions, of public health and of education must be met and some solution reached if the worst results are to be prevented. The excesses of extreme socialists which are imperiling the stability of nations must be checked and, as far as possible, kept outside the borders of our fair land. Consider all this and ask yourselves which you will do—stand aside and let things drift, or brace yourselves to stem the tide which is gathering volume and may sweep the country with a flood of anarchy with all its foul accompaniments of bloodshed and destruction.

It is said that good must ultimately come out of the evil through which we are now passing. For that we devoutly pray. But what can be done to hasten such an end? As your chief pastor I unhesitatingly answer, let there be a real revival of religion by and through the methods of the Church. Bring the Spirit of Christ to bear upon the lives of all. Make real that power which was promised to the Apostles when they set out on the great work of extending the Kingdom of the Master. They succeeded because they preached the simple Gospel. They practised and urged the persistent use of the Means of Grace which Christ, who was touched with the feeling of our infirmities and knew what we needed, gave to help our weak humanity.

Prayer and fasting, almsgiving and Holy Communion were those Means of Grace, and they are as strong to save to-day as when He warned His disciples to watch and pray lest they enter into temptation, or when He spoke to them of the need of fasting and prayer or when he told them to render unto God the things that are God's to Whom tribute was due as well as to the king, or when He gathered them together at the Last Supper, and bade them "Do this in remembrance of Me."

His whole life was an appeal to the individual that by living truly and unselfishly each one might help to purify and uplift the whole community, for every godly life radiates its godliness unobtrusively to the utmost circumference of the circle of which it is a centre.

What is the difficulty? In the midst of a busy life and met from day to day, with all the trials and struggles which are inevitable in the present age, it is not always easy to take time for consideration of the things that are spiritual. Lent, with its recognized cessation from excessive social activities and the increased opportunities for religious services, gives everyone a chance to look into his own life and make a greater use of his Church, which, as the Body of Christ, exists to save all people from their sins. Is there anyone who thinks or says he is without sin and does not need the saving Grace of the Gospel? Rather is it true to day as ever, "If we say we have no sin we deceive ourselves" for we all like sheep have gone astray.

That is the first step in the due observance of Lent.—To realize and confess our sins and truly repent and turn away from them. Then must follow the determination not to leave the soul swayed and furnished, but to supply it with needful nourishment and activity.

The whole nation cries to day for truth, and we are told by the civil rulers that the only way to recover from the burden which the war has placed upon us is to live carefully and save all we can. The Church appeals to everyone to do the same but for others motives. Self denial is urged because it is the surest way to give the spiritual life room to grow. What ever slurs may be cast upon the duty

**TORTURED BY RHEUMATISM**

"FRUIT-A-TIVES" Brought Quick and Permanent Relief

**MR. P. H. MCHUGH**  
 103 Church Street, Montreal.  
 December 10th, 1917.

"I was a great sufferer from Rheumatism for over 15 years. I consulted specialists, took medicines, used lotions; but nothing did me good. Then, I began to use "Fruit-a-tives"; and in 15 days, the pain was easier and the Rheumatism was better. Gradually, "Fruit-a-tives" overcame my Rheumatism; and now, for five years, I have had no return of the trouble. Also, I had severe Eczema and Constipation, and "Fruit-a-tives" relieved me of these complaints; and gave me a good appetite; and in every way restored me to health."

of fasting, and however that regulation of the Church may be distorted, I am sure that mental, physical and spiritual power is gained thereby. I urge all to consider this carefully.

Need I urge the power of prayer? Its comfort, help and strength in all the changing scenes of life have been the experience of those who have made it a part of their lives. Private prayer as a habit is fed by public prayer. Drop or limit attendance at Church and before long our private devotions will begin to be limited and ultimately dropped. I urge therefore a systematic use of the special services which are provided during Lent.

As to Holy Communion but one opinion can be held by Churchmen. It is the Lord's own service. It was His parting appeal to His disciples to observe it. No greater help for right living can be found than a regular preparation for approach to the Lord's Table. If through Lent we can learn to enter more truly into the spirit of the Holy Communion, we shall rise from the indifference and feeble spirituality with which we began our Lenten discipline to a bright and satisfying participation in the glorious Festival of Easter Sunday, happy in the realization of that greatest joy which mortals can conceive, our affecting set on things above where Christ liveth to make intercession for us, we are one with Him and He with us.

Finally let your self denial lead you, not to a morbid or excessive individualism, but to the larger sphere of service and sacrifice, learning to give generously of time and substance for the cause of Christ, that His Church may carry on the work He left us to do.

May Lent of 1919 be an epoch marking season in the lives of individuals and through them in the heart of the nation. In one word use Lent as the Church directs and you will prove to yourselves and all others that the Church is the one power by which the world can be stilled and saved from the propaganda of those who look only for material advantage and forget that the earth is the Lord's and all that therein is. He has helped us in ages past. Shall we not have faith that He still will guide us if we are true to Him.

"Lead on, O Lord, Thy people still, New grace and wisdom giving, To larger love and purer will, And nobler heights of living, And while of all Thy love below They chant the gracious story, O teach them first Thy Christ to know And magnify His glory."

Very truly yours,

**WHY SPRAYING WILL PAY IN 1919**

By G. E. SANDERS.

For four years the apple growers of the Annapolis Valley have in response to patriotic calls grown all of the field crops as beans, oats and potatoes that they could, but in some way have found time to prevent their big permanent asset, their apple orchard from deteriorating. It is true that they have not sprayed, pruned nor cultivated quite as well as usual, but the neglect has not been enough to influence the trees appreciably from one year to another. They knew that when the war broke out they were slowly winning over their competitors for supremacy in their natural market, the English market. They knew that neglect was common in competing sections, and that if they cared for their orchards, the end of the war would see Nova Scotia stronger in the English Apple Market than ever before. Two things they did not consider, and did not expect, have come to their aid and placed them to day in a stronger position than even the most sanguine dreamed. One is the increase in rail freight rates, which make the cost of transporting of apples from Western America to England almost prohibitive, while Nova Scotia with apples practically at the dock is not seriously affected by increases in rail freights. The other is the low temperature of the Winter of 1917-1918, which killed an appreciable percentage of the trees that are in a position to compete with Nova Scotia.

Events of the past few months have justified those who have advised Nova Scotians to care for their orchards during the past four years. Practically everything that has gone across has brought the maximum price, clearing in Nova Scotia, from seven to ten dollars per barrel and the markets and steamers transporting the apples have called for more and more apples until the warehouses are bare.

All who understand the situation now agree that the prospects are for high apple prices for a long period. Nova Scotians having kept their orchards in condition for just this opportunity, and not being injured by the frost of the Winter of 1917-1918, nor influenced appreciably by the increase in rail freights must benefit more than the growers of any other section by the conditions that have come about.

In order to hold this market for their own, it is now up to Nova Scotia to produce the largest crops of high grade fruit as cheaply as possible. A large volume of apples, moving will attract the fastest and largest steamers, and not only lower charges all along the line from producer to consumer, but will tend toward getting the fruit on the market in better condition. This will tend to prevent such destructive competition from developing, as developed during the 90's; but in order to insure the market for ourselves we must grow good fruit and grow it cheaply.

We know that thorough spraying means the difference, in most years, between 10 to 20% of No. 1's and 60 to 80% of No. 2's. Thorough spraying too means in average years the difference between 20 to 50 barrels per acre and 80 to 120 barrels per acre. In 1913 thorough spraying meant the difference between a good crop and no crop, in practically every orchard in Nova Scotia.

It costs from \$15.00 to \$25.00 to spray one acre of orchard four times, labour, material and depreciation on sprayer included. Either the increase in quality, or the increase in quantity will usually pay the spray bill twice over with No. 1 apples at \$2.50 per barrel. How many times they will pay the spray bill in 1919, remains to be seen. Nova Scotians both individually and collectively need a large crop of clean fruit more in 1919 than in any year since Nova Scotia first shipped apples to England. I do not mean by this that they need the high prices that all are quite confident will rule more than anyone else, although the apple men of Nova Scotia are the exception among farmers generally in being rendered poorer by the war more in order to get the first findings on the market, get a firm hold and get the trade channels developed right and large before unnatural competition again appear.

For the reasons enumerated it would seem good business for Nova Scotians apple growers to spray more and better in 1919 than ever before.

## PARADISE

Ainslie Elliott of the 9th Siege Battery, the son of Mr. and Mrs. Charles Elliott who has been in France since last May arrived home on Monday, March 3rd.

The girls of Paradise High School deserve great credit for the entertainment which they gave on Monday night, March 3rd, in the Hall at Paradise, for the purpose of raising funds for Memorial Tablet for our fallen soldiers. Much credit is due to Mrs. Hardy Layte who assisted in preparing the entertainment. The play "Aunt Deborah's First Luncheon" was well acted and was much enjoyed by the audience. The chorus of girls consisted of Miss Marion Bishop, Mrs. A. A. Jodrie and Miss Eleanor Longley, Miss Evelyn Longley, Miss Charlotte Bowby, Miss Lella Poole, Miss Helen Pearson, Miss Hazel Gillis and Miss Ruth Kempton. The accompanist was Miss Bessie Durling. The program follows:

Chorus—"Home Again."

Reading—Miss Leone Banks.

Chorus—"The Parson's Fee" Miss Sara Longley.

With tables, Miss Edith Longley, Miss Evelyn Longley, Miss Leone Banks.

Chorus—"I Can't Do a Thing With My Hair Since It's Washed." God Save The King.

## ROUND HILL

The St. Paul's Guild gave a very enjoyable supper on Tuesday evening last. Proceeds \$40 for a new organ fund.

Mrs. Bessie Savage was called March 8th, to her daughter, Gladys, Mrs. Char-nock of Boston. Telegram simply stated she was seriously ill.

Miss Marjory Whitman and Mr. Vei-not are visiting at the home of her uncle, the popular postmaster of our village, Mr. I. C. Whitman.

Mrs. Alex Simmonds is with her daughter, Mrs. William Berry, of Sandy Cove. While there the pleasant news came that another granddaughter had come to gladden her daughter's home.

Pte. Anthony Hubley, who went overseas with the 112th and was transferred to the 25th, returned home on the Cassandra after months of waiting in England. His papers went astray. One cannot help but wonder who is to blame in these cases, all too common now and an injury to our men and country as well, to keep them there in England waiting, because some one blundered.

The province of Quebec is going to take a referendum on April 25th to see if the people want beer and wine or prohibition.

Mrs. George H. Chisholm is spending a few days in Kentville.

Pte. Earle Cosman returned Friday from overseas, via St. John.

Mr. Clifford Bowby spent Sunday at his home in Aylesford.

Mr. and Mrs. E. C. Sollows, of Tiverton, were in town Friday.

Miss N. K. Smith spent Sunday in Digby enroute from Yarmouth to Kentville.

Freeport branch of the Bank of Nova Scotia opened for business last week.

H. B. Short was a passenger to New York on Wednesday. He went via Yarmouth.

Misses E. Collins and Leslie Kill-ellee left Saturday for St. John to attend the millinery openings.

Mrs. Gilbert Ellis and Mrs. A. Costly, who spent the winter in Boston returned home Saturday.

Windsor Tribune: Mrs. Ernest Bancroft, Smith's Cove, Digby, is a guest at the home of her father, Mr. John Mosher.

Mrs. A. J. Lutz, has returned to her home in Moncton after visiting her parents, Mr. and Mrs. G. A. Vye, Queen Street.

Sch. Dorothy M. Smart, which sailed from Digby on Friday, went to Beaver Harbor, N. B., for bait, and has now gone to the grounds.

Miss Marion F. Snurr, of the Colonial Arms, Deen Brook, Annapolis Co. spent the week end at Hillside farm, Marshfield, as guest of her friend, Miss Olive A. Morgan.

The fertilizer plant at the Jozgin or what remains of it, rather—was sold recently to Frank A. Woodman, who later disposed of the property to Samuel Woodman. \$40 is said to be the price paid.

Among those leaving Digby, via yesterday's east bound express were: T. B. Chipman, Geo. H. Peters, for Bridgetown; Edgar Warner, William Bacon, for Truro; Pte. Eugene Muise, for Halifax.

Mrs. Frank K. Crosby, of Medford, Mass. left last week on a voyage to Cuba with her husband, who is Capt. on the S. S. Lake Armette. Mr. and Mrs. F. K. Crosby are both well known in Digby.

G. L. McGray, lately of the Bank of Nova Scotia staff at Canning, arrived in town on Tuesday en route to Freeport where he joins the staff of the branch just opened in that town.

Fredericton Mail: D. C. Davidson of Weymouth, N. S., who is to manage the local branch of the Royal Bank during the absence of Manager Taylor, has arrived here accompanied by Mrs. Davidson and children. They are the guests of Mrs. Davidson's parents, Mr. and Mrs. George W. Hodges.

Capt. (Rev.) W. W. McNair returned to Westville, Pictou county, from overseas last Thursday and was given an enthusiastic reception. On Monday evening his church St. Phillip's—held a social in his honor. The reverend gentleman is well known in this county.

The Kentville Chronicle says that the choir of St. Stephen's Methodist Church has been strengthened by the addition of Mr. George H. Chisholm, tenor. Mr. Chisholm, recently of the Courier, is the new proprietor of the Kentville Advertiser and will be found a worthy addition to that town both as a citizen and a newspaper man.

A gloom is cast over the entire town by the sudden death of Mr. O. H. Warne, Digby's well known wholesale and retail confectioner, which occurred at his home on Birch street Monday afternoon. Mr. Warne had good health, and was ill but a few hours, his death probably being caused, it is thought, from eating canned goods. He lived alone since the death of his mother, his father and only sister having predeceased him many years ago. He was a member of the Canadian Order of Foresters, having been the financial secretary of Court Sea View continuously since it was instituted more than twenty years ago. In politics he was a life long Conservative.
