Hon. Martin Burrell Repeats His Assertion That Bovine Tuberculosis Causes Deaths of Children, and Also Is the Direct Cause of Much Consumption Among Adults.

That not only were twenty per cent. of the deaths from tuberculosis of rectly attributable to bovine tuberchildren under five years of age diculosis, but that in a great percentage of the cases among adults the tuberculosis bacilli from milk had entered their system when children and had not taken effect until a number of years afterward and thus not attributed in the records as due to bovine tuberculosis, was the contention made by Hon. Martin Burrell, minister of agriculture, in an address to the

that in view of the criticism which of a house at 177 Jarvis street. had been made of the Dominion Government's action in making it necessary that pure-pred animals must are not, affected by bovine tubercu- flames. losis before being admitted into the Province of British Columbia, it was up to him to defend that action. He would do this not only from the

would do this not only from the point of view of stopping the spread of tuberculosis, but also io challenge the charge that had been made that this change in the Health of Animals Act would hurt interprovincial trade.

Moderate Request.

"British Columbia is the only province in the Dominion to grapple with bovine tuberculosis by destroying animals affected and giving compensation to the owners," said Hon. Mr. Burrell. In order to make their work Burrell. In order to make their work effective they asked the Dominion Government not to allow affected animals into that province. It was a moderate request and one that might well be granted.

is placing restrictions that will hurt hterprovincial trade. If the British Columbian can rest assured that the eattle imported from Ontario and the other provinces of the Dominion are free from infection the imports of Columbia will treble in a very short such into the Province of British

tion of infection of human beings thru milk, and quoted Dr. Schroeder of Washington, Dr. Parkes of New York, and Dr. Von Behring of Germany to bear him out in the statements he had "What about grade cattle?" a mem-

ber of the association asked.

, Cattle for Slaughter.

To this the minister replied that the request had been made that all cattle entering the province of British Columb'a be tested, but that the Govern-ment had for various reasons not consented. The grade cattle entering British Columbia were for slaughter. compared to the purebred was small. the freight rate charged on the grade The restrictions the Govern-

Wainwright Succeeds Fitzhugh

MONTREAL, Feb. 5.—(Can. Press.)—At a meeting of the directors of the Montreal Southern Counties Regimay, held today, the resignation of E. H. Fitzhugh, president of the line, was accepted, and a new president, William Wainwright, elected.

Mr. Fitzhugh's resignation completes the severance of his relations with the Grand Trunk interests.

Mr. Wainwright has been for many years a vice-president of the G.T.R., and was one of those mentioned to succeed the late C. M. Hays. There was no other change in the executive. W. B. Poweil, who has long been vice-president and general manager, retains that position.

Toronto Delegation Left For Ottawa After Participating in Love Feast With Civic Fathers of Eastern City -Race For Leadership Is Friendly, Says Hocken.

MONTREAL, Feb. 5 .- (Can. Press. -The delegation of the Toronto City Council which was in Montreal today on a visit of inspection left late in the afternoon for Ottawa. The object of the visit was to inspect the filtration system of the Montreal Water and Power Company, with the idea of getting first-hand information of certain improvements which Toronto is to make in its system of filtration. The delegation, headed by Mayor Hocken was entertained by the City of Montreal with a luncheon at the St. Regis, at which Mayor Lavallee presided. The gist of the speeches was that, if Montreal and Toronto were rival cities they were rivals for the building of Uncensored Despatch From great corporations and for the deve-

Tribute of Respect. rates prevail in Ottawa as in Toronto "In moving that the house adjourn out of respect to the late Col. Matheson I desire to say but a very few words," said Sir James. "I ask few months. Last year this city made a net profit of \$35,000, which is being the house to take this action as a a net profit of \$35,000, which is being tribute of respect to the memory of a used for the extension of the system. gentleman who for many years, 18 I think, was a member of the legislature for the constituency of South Lanark On the formation of the government in 1905 he was appointed treasurer, W. Rowell, K.C., leader of the opposi-tion, has been unable to attend the which office he had held continuously until his death.

"Col. Matheson's father was an officer in the Highlanders and had fought for his country and distin-guished himself as a member of the Col. Matheson succeeded in carrying with him thru life the respect of his fellowmen. I can trus myself to say very little indeed of his life and splendid character. He was so closely associated with me for many years, and I feel his loss so keenly that the task of speaking about his life and character is more can do. He was a man with definite and clear-cut ideas and beliefs, and he was always ready and determined to live up to them. The lives of such men where government by the people and free institutions prevail can hardly be overestimated, and they are indeed, in my opinion, the salt of the earth. Col. Matheson was my colleague, my comrade, my intimate friend for a number of years, and I will always feel indebted to him."

A Kindly Gentleman. "There never was a member of the house more respected," said Sam Clarke, Liberal member for West Northumberland. "His death was a Northumberland. "His death was a heavy loss to the country. Despite the difference of opinions and the serious arguments in the house. Col. Matheson in opposition was a gentleman and as provincial treasurer he was always kindly, courteous, and just. If parts of the province for a provincial treasurer a man more qualified and just than the late Col. Matheson could not have been found. There was never a blot against the character of the late treasurer. This is a tribute which I am proud to give," concluded Mr. Clarke, who also regretted the death of Robert Sutherland of Mid-dlesex East.

"He was a statesman, a soldier, and honest and conscientious man," the tribute of J. W. Johnson of Hastings. G. H. Ferguson of Grenville said that his life would tend to elevate the standard of public life in Canada. Hon. Thomas Crawford, who was a member of the house in

1894 when the late treasurer entered, spoke briefly, as also did T. Marshall, Liberal member for Monck.

Immediately after the opening of the house, S. H. Armstrong, the new member for Muskoka, who succeeded Judge Mahaffy, was introduced to the Speaker by Hon. W. H. Hearst.
J. A. Ellis of Ottawa West will in-

troduce a bill shortly aiming at reci-procity of automobile licenses between Ontario and Quebec. For some time there has been much agitation by motorists of both provinces, as now there is a heavy tax placed on those passing the boundary.

License Inspectors. Two license inspectors who have not given satisfaction have been discharged. They are: Samuel McDougall of Dundalk, inspector for Dufferin, who has been succeeded by Thomas J. Robinson of Orangeville, and Andrew Inpes of Port Dover, who has been re-placed by John A. McBride. Many complaints against the retired inspectors were received by temperance peo-ple, who declared that they did not carry out the local option laws preperly.

It has been announced by Hon. W. J. Hanna that former Inspector Jno. A. Ayres, who resigned to go west some time ago, will return to his old position in the liquor license branch of the de-

national question and not as a branch of some other government department.

"As the whole is greater than its parts, so must the hygienist dominate and not the educationist, the sanitary engineer, the sociologist, the humanitar-

He deployed the lack of intelligence shown by the public and by municipal and governmental authorities in the true functions of a public health service. He said that the English speaking governments have failed to grasp the importance of the work, as a rule considering it a fifth wheel to some

tion."

A diagram was exhibited showing that the average infant mortality was attacked and co-ordinated in a great and co-ordinated in a great

branch of national, provincial and municipal work."

A National Question.

He stated with some emphasis that the control of this great work should be vested in "public health," as a vital be vested in "public health," as a vital actional question and not as a branch of some other government department.

national question and not as a branch of some other government department.

"As the whole is greater than its parts, so must the hygienist dominate and not the educationist, the sanifary engine," the sociologist, the humanitarian, or this or that minor branch of medicine. On the other hand the public purse should not be made to suffer by the self-assurance of some particular faddist. Success in the conservation of life depends upon wise, discreet and successful conservation of public expenditure."

He deployed the lack of intelligence shown by the public and by municipal and governmental authorities in the succession of a numbricipal and governmental authorities in the investment of the departments; as a construction of a numbricipal and governmental authorities in the investment of a numbricipal with almost stolid indifference."

Must Prevent Disease.

"It is much the duty of a nation to disease at the following appoints are reported at the tume of the termination of disease at the following appoints and the burning of the Town of The foreign foe is by no means so dangerous as the foe at home. It is omnipresent, but so accustomed has man become to it, that many, if not most of us, are still fatalists, accepting what we believe to be the linevitable with almost stolid indifferences of a numbric part of a numbric part of the preventions of a numbric part of the prevention of disease.

The Grand Trunk Railway yesterday and the tume of the turne of the Town of The Grand Trunk Railway yesterday and the following appointments, which are to come into imments, which are to come into imments of the burning of the Town of The departments; but so accustoment in the turne of the turne of the turne of the tur

Disclosures of Police Graft in New York Promise Sensational Devel-

NEW YORK, Feb. 5 .- (Can. Press.) -As a result of further disclosures in The gospel of health is as old as the support of the police graft situation, made to the discovery today by Eugene Fox, the policeman who has confessed to levying tribute as collector for super-location, when he delivered an address to the dispection of children, the decired has a diversed an address to the third a weak police as the city hall yesterday afternoon.

He reminded his listeners that the sort carried on by health departments as the result of the application of self-tife knowledge, acquired by investigators and workers in the broad seld of medicine, and that to this greater army of workers is largely due in credit for the wonderful advances made in the realm of preventive medicine.

Be declared that the scope of medicine worked the support of the sup

Livingstone Centenary

Every Presbyterian Sunday school in the Dominion will this week receive the copy of a call to celebrate the approaching Livingstone centenary. The call is being sent out by Rev. J. C. Robertson, general secretary of Presbyterian Sabbath schools and young people's secieties. It announces that the actual anniversary, March 19, will be celebrated thruout the entire Christian world.

In addition to the anniversary celebration Easter Sunday is to be marked by a Livingstone service, termed the message of light, in which prominence will be given to graphic episodes in Livingstone's life.

COLLEGE COURSES FAILED TO COME

C. R. Lennon Took Money and Is Charged With False Pretences.

that he represented himself to them as ooking for Lennon some time and captured him last night on a charge

told Inspector of Detectives George Kennedy that Lennon had collected \$32.65 from her on the understanding that she was to receive a business course thru his college. She had answered an advertisement in the papers. Becoming curious Mrs. McLeod questioned Lennon at a later date, when he said that she had better act as a teacher. This made the woman suspicious, so she informed the detec-

Several other people have been lo-cated who were offered college courses by Lennon. It is also thought that he probably victimized several more.

He lived at 5 Jean st., Toronto.

WOULD ABOLISH ALL MIDWAYS FROM FAIRS IN ONTARIO

They Are Unnecessary, Says J. Lockie Wilson in Address at Fairs and Exhibitions Association-Wet Weather Insurance Grant Should Be Increased - Standing Field Crop Competitions.

Booming West.

Railroad corporations and land companies were charged with booming the west so that the young people in Ontario are being lured away. Conditions in the west are not always as rosy as representations would make them. Then in some instances wheat lands are becoming blighted from the indifference of farmers in procuring good seed and in neglecting the weeds. The undesirable product is sometimes shipped to Ontario to the detriment of the province. Discussion after the reading of the president's report was of a mixed nature, mainly on points of parliamentary proceedings. The appointment of committees preceded the report of the superintendent, J. Lockie Wilson. The summary of the objects and methods of the fairs and associations as presented by Mr. Wilson was fully of interest. Progress, he said, has been the watchward. There may have been one or two flies among the ointment, where the true objects of fairs have not been served. The midway, described as a

al "rainy day," when the downpoor ould be greater even than ordinary.

In reply to questions, Mr. Wilson in reply to questions. No other resipts are taken into account. Nov. of is the latest date upon which application for insurance may be made. In the field crop competition 153 solutions for insurance may be made. In the field crop competition 153 solutions had been judged and over 3000 armers had been judged and over 3000 armers had been engaged in the ork. No man can enter into the cometition thru more than one society. In your trying to work against this rould leave himself open to censure. At Ottawa and Gueiph centres are stablished for the training of judges of agricultural and other farming roducts, and in the next season as anny of these as are available will eccive the preference in appointments.

The statement was made at the annual meeting of the Canadian Thorobred Association, held at the King Edward Hotel yesterday afternoon, that as a result of the restrictions placed on horse racing in the United State, the number of thorobreds in that country had been greatly reduced. In Canada, under the Miller Bill, which had put racing on a firm basis, the thorobred industry had been greatly reduced. The Canada, under the Miller Bill, which had put racing on a firm basis, the thorobred industry had been greatly reduced. The Canada, under the Miller Bill, which had put racing on a firm basis, the thorobred industry had been greatly reduced. The Canada, under the Miller Bill, which her provided in the Canada and provided the country had been greatly reduced. The first thorobreds in the number of thorobreds in the number of the control o

is required.

Champion McLean to Skate Here.
The speed skating races for the international indoor amateur championships of Americt will be held under the auspices of the Arena Skating Club at the Arena on Monday night next. The open events will include the 220 yards, 440 yards, half mile, one mile and two miles, and among the entries will be the festest skaters in the United States and Canada. There will also be a half-mile and one mile races for Ontario skaters only, with entrants to the open events barred. Champion Bobby McLean of Chicago will be among the United States contingent of flyers.

Central Ontario Curling.

BROCKVILLE, Feb. 5.—(Special.)—

Prescott and Brockville played a match in the Central Ontario League series this afternoon, which went to the visitors by 35 to 22. The rink skipped by Evanson won from Chrysler 20 to 11 and Rook defeated Downey by 15 to 11.

At Ottawa and Gueiph centres are stablished for the training of judges agricultural and othee farming roducts, and in the next season as any of these as are available will exceive the preference in appointments.

Hockey Torontos Win, 2 to 0 Curling Aberdeens Ice Racing Incidents Champions Ice Racing at Ottawa

Torontos Best at All Times and Scored a Shut-Out-Seven-Man Hockey Not Popular.

The Toronto pros. have come into their own. The blue shirts handed Ottawa one of the most decisive beatings of the year at the Arena last night and it was a shut-out at that. Ottawa hever had a look-in at any time. Ridpath's men had the play for 55 minutes out of the hour and the final was 2 to 0.

It was Toronto's first home fixture under the seven-man style and it is safe to say that the crowd were anything but pleased with the brand of hockey offered. Seven-man hockey as played by the amateurs is generally good, but the seven-man stuff as played by the pros is anything but good.

The holyest was in the prosite anything but good.

Seven-man hockey as played by the amateurs is generally good, but the sevenman stuff as played by the pros is anything but good.

The players were in one another's way all night and absolutely no combination was used. The thrilling lone rushes that featured the early season play were impossible with the men bumping each other right and left. Six-man hockey by the pros. Is Toronto's choice.

Torontos played their right game last night and checked from the first gong until the time was up. Ottawa could never penetrate the blue shirt defence, while Toronto kept boring right in to the net from start to finish.

Lessur provided the best exhibition of goa! tending that has been seen here this year and it is due to him alone that Ottawa was not smothered. Holmes at the other end was in good form and cleared the few he had to handle in nice fashion.

Minnie McGliffin was back in the fray and his back-checking was what put the Torontos on their toes. He was like a streak of lightning so fast did he follow the man with the puck and he checked from one end of the ice to the other. Nighbor and Davidson also went after their men in style.

Torontos opened with a great burst of speed and stopped ëvery Ottawa rush before it got past centre ice. Lake tried to get away several times, but he was checked so hard that it was no use. Ronan'showed a nice lot of stick handling and was the most effective Capital City man during the first period.

It was five minutes after the start that the first goal was netted, Marshall broke up a rush and went the full length of the ice all alone. He was skated into the corner, but lifted one at Leseur. It went into the net and hit the top and bounced out again.

Torontos were just as aggressive in the second period, but no goals were scored.

out again.

Torontos were just as aggressive in the second period, but no goals were scored. It was here that Leseur got in his prettlest work and turned aside shot after shat that looked like sure tallies.

Torontos again had the better of the play in the last period and the second score of the game was netted after ten minutes of real work. Wilson shoved in a pass from ..ighbor. The puck was dead on and bounced in off Leseur's skate.

It was the same old story right up to the end. Torontos checked the Ottawa crew off their feet and the much-touted forward line could not get going. The

rward line could not get going. The Toronto (2): Goal, Holmes; point, Mar-dall; cover, Cameron; rover, McGiffin; entre, Wilson; right, Davidson; left,

_Toronto.....

The hockey public have had a look at the seven-man game as played by the pros and it is anything but popular Bring us back the six-man stuff in a hurry.

We are still waiting to hear from The News. Charles, the speed merchant of our Bay street contempories, claims that they will be heard from in style. The sooner the quicker.

Harry Cameron was again the favorite at the Arena last night. His lone rushes are regular things every night the Torontos play at home.

Jack Marshall kept talking to his boys all thru the game and they were full of the real ginger.

Canadiens play Torontos at the Arena Saturday night.

Minnie McGiffin is the ready little mixer. He checked back the whole way last night and was the life of the team.

Kodaks and G.N.W. play a Commercial League game at Ravena Rink tonight at \$1.15.

League game at Ravena Rink tonight at \$1.5.

Friday night's Bank League game will be a great exhibition. Both teams are getting in a lot of practice and are in good condition. The Bank of Toronto have a fast, well-bahanced team and the Deminions will have to play hockey all the way to win. This game will decide the championship of the first series and a big crowd is expected at the Arena. The old time interest in the Bank League is being rapidly revived and for enthusiasm and noise the games have no equal. Much of the talked-of rough work has been cut out, owing to the weather conditions giving teams a chance to practice. Hard close checking will always be a feature of this league. However, each team will line up several O.H.A. players, well-known to the fans.

The Don Rowing Club hockey team will practise at the Kew Gardens on Friday night, from 8.30 to 10 o'clock. A full turnout is requested, if the players expect to make a good showing in their league games, as they cannot win without practice.

Games Saturday: Canadiens at Torono,

Tecumsehs at Wanderers, Quebec al

The Beach Canoe Club Seniors won from Royal Canadians in the Senior Beaches League at Broadview Rink last night. Fast play and great back-checking by the paddlers featured the game. The Beach led thruout—at half time by 2 to 1 and 4 to 1 at the finish. Sanderson was the fastest man on the ice and Stan Reid and Butterworth played spectacular hockey for the Canoe Club. Buett and Hill of the Royals were in the game every minute and were the best of the Royals. The Royals are a good team and will be heard from later. W. Graham refereed a very impartial game. The teams lined up as follows:

Beach Canoe Club (4): Goal, Spicer; point, Sisley; cover, Howard; rover, Butterworth; centre, Treblicock; right, Stan Reid; left, Sanderson.

Royal Canadians (1): Goal, Bayliss; point, Oliphant; cover, Cheetham; rover, Hill; centre, Buett; right, Kelsey; left, Bell.

Umpires: Jimmy Dolan and A. Johnsteine Umpires: Jimmy Dolan and A. John

The Broadview senior hockey team are requested to meet at the Y.M.C.A. at 7 o'clock sharp, as they play Strollers on the Don Flats at 7.30.

Victoria won the Coast League cham-pionship by defeating Vancouver 7-4.

Tecumsehs have signed Longfellow, the lacrosse player, and released Hunt of the Alerts.

The Midland and Toronto Canoe Club teams /have agreed on Gren Caldwell of Barrie as referee of the senior O. H. A. play-off at Or like to-night.

T. C. C. seniors are running an excursion to Ordilla tonight for their play-off with Midland. The ice will not favor either team, as it is about half and half of the area of Midland's lane. The train will leave at 4.30, and will return immediately after the

T. C. C. juniors book considerably crippled for their play-off with Varsity, which will most likely be staged at Oshawa on Friday night. Indians and Frenchmen in Free Fight-Steve Vair Hit Over the Head -The Details.

MONTREAL, Feb. 5 .-- In a game start-Queensberry, with certai na mendments, the Tecumsehs fought their way to a 5-to-4 victory over the Canadiens at the Arena tonight. From start to finish the play was marked with unnecessary roughness, which is best shown by the penalty list. The real fireworks started when Laviolette, after being checked by Vair, rushed across the ice and struck him over the head with his stick, for which he was given a match foul and removed from the ice for the remainder of the game. Shortly after this Vair and D. Smith started another fight by mixing it up at the face-off, and went at it so hard that they were given match fouls and ruled off. Smith was evidently not satisfied with this and decided to continue the fight by skating over to the Tecumsehs' bench, where he again started in with Vair. This brought about a general mix-up, and had it not been for the better judgment of the officials in charge of the match it might have ended seriously. Dubeau rushed to the assistance of Smith and struck George McNamara, who was on the bench, over the head with his stick, after which every player on the ice started in to rough things generally.

Referee Eddie Phillips and his assis-

Referee Eddie Philips and his assis

Referee Eddie Phillips and his assistants rushed among the fighting players and separated them as best they could, while one or two police officers on duty lent their assistance in restoring order, so that the remaining four minutes of the match could be played out.

Both teams started off with a determination to win out. It soon became apparent that the finish would be a warm one. Both checked hard, the local players leading in aggressiveness thruout until the mix-up came in the final period.

The attention paid to roughing it on the part of the Canadiens was responsible for their defeat, for, until the ruling off of Laviolette, they had a chance to win out, little advantage being shown by either team up to that time.

Longfellow, a new-comer to the N.H.A., showed to good advantage and held Pitre down at all stages of the play. At the end of the first period the score was tied, while the Canadiens led at the end of the second session and in the end Tecumsehs evened things up and won out. The game was a poor exhibition of hockey at all times, the players being bunched in the corners, while the offside plays were numerous enough to make it drak tediously thruout. The line-up:

Tecumsehs (5): Goal, Nicholson; point, G. McNamara; cover, H. McNamara; wing, Throop; centre, H. Smith; rover, Gault; wing, Longfellow.

Canadiens (4): Goal, Vezina; point, Dubesu; cover, Laviolette, wing, Pitre; cen-

QUEBEC SECURES LEAD IN N.H.A.

Trimmed Wanderers Last Night to a Standstill-Clean Hockey Was the Feature.

QUEBEC, Feb. 5.—This evening the Stanley Cup holders turned the tables on theri old rivals, the Wanderers, by defeating them with the close margin of one goal, the match ending: Quebec 4, Wanderers 3. The first period was hotly conetsted, the play benig both fast and even, the Wanderers having sfightly the better of it, but in the other periods the Quebec men were certainly well to the fore.

fore.

The match opened with an attack on Wanderers' goal. From a scrimmage in mid-ice, Mummery secured the puck, and, eluding the Wanderer defence, scored the first goal for Quebec. Ross captured the puck, and aftr one of his well-known rushes, scored for the Wanderers.

In a scramble near the Quebec goal, O. Cleghorn shot thru past Moran, securing another goal for the Wanderers. The period ended without further scoring. In the second period, after four minutes of play, O. Cleghorn, following a nice piece of play, scored again for Wanderers.

ers.
In the last period play had hardly started before Boyes was called upon to stop two hot ones in quick succession. T. Smith sent in one from the side and smith sent in one from the side and scored Quebec's second goal. Marks talled the tieing score for Quebec. Boyes was given a major penalty for striking Hall on the head with his stick. After two minutes' play Hall scored the winning goal

two minutes' play Hall scored the winning goal.

Both teams played considerable combination during the match, and, despite the fast pace there was little roughness and few penalties.

Moran, Crawford and Hall starred for Quebec, Boyes, Cleghorn and Ross shining for Wanderers. Line-up:

Quebec (4)—Goal, Moran; point, Mummery; cover, Hall: rover, Crawford; centre, Malone; right, Marks; left, Smith.

Wanderers (3)—Goal, Boyes; point

Ross; cover, S. Cleghorn; sell; centre, Hyland; righorn; left, Roberts.
Referee—John Brennan.

Play Single Rink Semi-Finals Tonight

The single rink semi-finals will be played tonight at Queen City and Tur-onto. There is one team left from Lakeview, Torontos, Granites and Aberdeens a sa result of last night's play, when Granites lost one and the Torontos three. The following is the line:

Berlin Reaches Second Round.
BERLIN, Feb. 5.—The home team defeated Elmira here tonight by the score of 5-2. Over 2500 people saw the struggle, and Berlin now will meet New Hamburg on Monday in the second round. Score at half-time was: Berlin 3, Elmira 2. Referee—F. C. Waghorne of Tospito.

No. 1 District Cup yesterday by big scores. They beat Toronto's rinks in the morning by 19 shots and took Brampton into camp in the afternoon by 28. The In conclusion Hon. Mr. Burrell stated that a start was to be made along educational lines that would bring before those engaged in the live stock business the importance of co-operation among the provinces to stemp out tion among the provinces to stamp out

tion among the provinces to stamp out the disease.

Pure Milk Supply.

Welcoming the convention to the city on behalf of the corporation of the City of Toronto, Aid. Risk advocated that the city assume control of the distribution of milk to the citizens. Dealing directly with the farmers would not only cut out the expense of middlemen, but insure a safe and pure supply of milk to the city as a whole. He added that Toronto had always supported the good roads movement with its contributions, and would continue to do so.

in replying, called attention to the fact that for the first time in the history of the association the members were accompanied at the banquet by

Great Sale of Clydes and Percherons at Maher's

What was probably the greatest sale of high-class registered Clylles and Percherons ever held in Canada took place at Maher's Horse Exchange yesterday, when Mr. T. H. Hassard of Markham, one of the most prominent importers of horses of these classes in Canada, consighed all his very choice stock for absolute sale by auction. Prices were rather low for the class of stock offered, tho the bidding was very sharp at all times. Some of the buyers were: M. T. Stafford shipped a Clydomare costing \$310, a brown stallion \$500, and a bay stallion \$490. R. C. Caswell of Saskatoon secured a highly-bred yearling brown filly, a grant-daughter of Baron's Pride for \$300. David Barr of Renfrew shipped a yearling filly costing \$205. H. Wilson of Oakville secured a massive mare of decided draft character for \$575. Robert Nichol secured a stylish filly of modern upstanding type, combining size and quality, at \$530, for shipment 40 Brussells. Sir Henry Pellatt shipped a splendid Clyde mare, weighing a ton, and possessing great quality and form, to his farm at Whitby; her price was \$675. He also secured a beautiful dark gray Percheron mare, combining size, substance and quality, and a prize win-

\$675. He also secured a beautiful dark gray Percheron mare, combining size, substance and quality, and a prize winner at Torento and London. W. M. McEachren shipped a handsome light brown filly costing \$550. and a high-class brood mare, a prize winner at Toronto and Markham, for \$620. Alex Doherty of Wexford secured the flower of the sale, a brown filly with white hairs, which sold for \$1010. Joseph Russell of Toronto secured a prize mare for \$700. She was successful at the Toronto Exhibition, London and Guelph Winter Fahr in 1912. T. B. Waldreck shipped a bay mare costing \$450 to Thornwill. She is a grand-daughter of the famous Baron's Price. Joseph Kilgour of Sunnybrook Farm secured a brown mare of rare action and breeding for \$800, and a bay mare for \$850. George Elliott shipp d a breedy, fatboned filly costing \$560 to Elliott's Farm, Newtonbrook. J. Wesley Allson of Morrisburg secured a gray Percheron mare weighing 2100 lbs, smooth and of the best quality, for \$750 ;also a Percheron mare team for \$1500, both being heavy, stylish and perfect in harness. These are prize winners at Toronto, London and Guelph, one of the team having taken the championship at Guelph in 1912. Hugh Radford of Londesboro secured a bay mare at \$400. A. T. Church of Arthur secured a bay mare at \$400. A. T. Church of Arthur secured a bay mare at \$400. A. T. Church of Arthur secured a bay mare at \$675. J. T. Moore of Moore Park bought Mr. Hassard's excellent pair of carriage hors. sperfectly matched, and a beautiful team in harness. The price paid was \$550. Without doubt this sale has never been equaled in the Toronto horse market.

vent the Greek fleet from entering the Dardanelles, where, in the opinion of naval officers, it could easily defeat the inferior Turkish fleet. in which case Constantinople would be at the mercy of the allies.

Turkish Success Reported.

The Constantinople correspondent of The Standard sends a strange story, reporting that the remnant of the Turkish army of Monastir, which has never been precisely accounted for, is

never been precisely accounted for, is still operating in that district and has captured the important Town of Ko-ritza, less than 50 miles from Mona-

The statement attributed to the Greek premier, M. Venizelos, that peace will speedily be concluded, tends to confirm the report current in European capitals in recent days, to the same effect, altho there has been not evidence in the shape of fresh diplomatic movements to support it. The Turkish Government, however, is evidently in dire straits for money, even the result of confirmation of the pattern makers, the machinists, the core dye-makers, and the pattern makers, the machinists, the core dye-makers, and the pattern makers, the machinists, the core dye-makers, and the pattern makers, the machinists, the core dye-makers, and the pattern makers, the machinists, the core dye-makers, and the pattern makers, the machinists, the core dye-makers, and the pattern makers, the machinists, the core dye-makers, the machinists, the core dye-makers, the machinists, the core dye-makers, and the pattern makers, the machinists, the core dye-makers, and the pattern makers, the machinists, the core dye-makers, and the pattern makers, the machinists, the core dye-makers, and the pattern makers, the machinists, the core dye-makers, and the pattern makers, and the pattern makers, and the pattern makers, and the pattern makers, the machinists, the core dye-makers, and the pattern makers, the machinists, the core dye-makers, and the pattern makers, the machinists, the core dye-makers, and the pattern makers, the machinists, the core dye-makers, and the pattern makers, the machinists, the core dye-makers, and the pattern makers, the machinists, the core dye-makers, and the pattern makers, the machinists, the core dye-makers, and the pattern makers, the machinists, the core dye-makers, and the pattern makers, and the pattern makers, and the pattern makers are dye-makers, and the pattern makers are dye-makers, and the pattern makers are dye-makers and the pattern makers are dye-makers. dently in dire straits for money, even attempting to dispose of the crown jewels and making despairing attempts to place treasury bonds in Turkey, Egypt and among the Moslems in India. The Ottoman consul at Bombay claims to have applications for bonds amounting to \$5,000,000.

It is announced that the ambassa-dors' conference at London has arriv-ed at an agreement upon the formula settling the plan under which the allies will take over a portion of the Otoman public debt, and settling also the allies' liability with regard to the Otoman railways.

PEACE WITHIN A MONTH.

BELGRADE, Feb. 5 .- (Can Press. The Greek premier, Eleutherios, Venezilos, who had a long conference today with the Servian premier, M. Pachitch, is reported to have declared at a private banquet that peace would be concluded within a week.

shed): ly B., T. Brownlee. Ottawa 6 6 1 ench B., Ward and Shepderoca, N.Y. 2 3 Time 2.23%, 2.23%, 2.23%, 2.23%. Baseball Notes.
The Chance appounced has that he will leave the

Leggue team. He will stop over a day in Chicago.

The signed contract of First Baseman salen has been received by the Chicago Nationals. This diminishes the list of hold-outs, leaving Catcher Archer and Ptorer Chenev as the only players demanding an increase before signing.

William James, star pitcher of the Seattle. Wash., team last year, has sent his signed contract to the Boston National Club. Club.

The Wilkes-Barre Club of the New York State Learne was ordered by the National Baseball Commission in a finding handed down to pay Player Ray Whiteraft his salary from July 15 to the close of the season last year and thereby reversed a decision of the national board. Whiteraft was injured in a game on May I. The Wilkes-Barre Club claims that according to the player's contract it was only required to pay him for a month and a half following the injury. The commission held that this clause in the contract was contrary to the rules of the national agreement.

Mercantile Hookey League.

The result of a game in the Mercantile League Tuesday night at Broadview Rink, between the Canadian Fairbanks-Morse Co, and Alkenhead Hardware. Limited, was a win for Alkenhead's of 2 to 1. The teams:

Alkenhead's (2)—Goal, Simpson; point, Worth; cover point, McKenzle; rover, Jones; centre, Smith; right wing, Jeffrey; left wing, Afkenhead.

Fairbank's (1)—Goal, Dawson; point, McCaul; cover point, Shank; rover, Leonard; centre, Warner; right wing, Saundens; left wing, Edwards.

Referee—McCord.

REGULATING BOXING.

NEW YORK, Feb. 5.—A new rule prohibiting in future bouts between whites and negroes, otherwise known as "mixed bouts," was adopted today by the New York State Athletic Committees which controls boxing in this state.

The commission at today's meeting exonerated the officials of the Washington Athletic Club of Brooklyn from blame for the accidental death of Chick Rose, a nugilist, after a bout there two weeks a new first and geldings met with ready sale. A large number of medium priced horses were It was announced that one week from

today the licenses of all men at present authorized by the commission to act as referees at bouts in this state will become inoperative and that a new list of referees for professional and amateur bouts has been endorsed by the commission. BARBADOS BEAT M.C.C. BARBADOS, B.W.I. Feb. 5.—The Marylebone Cricket Club of London again met defeat in the second match of their tour today. The Barbados eleven won with more than an inning to spare. The Biarylebones scored 65 in their first inning and 222 in their second. Barbados ran up a count of 447 in their single innings, of which Challenor contributed 106 and Tarliton 157.

Galt's Horse Show.

GALT, Peo. 5.—(Special.)—The first meeting this year of the board of directors of the Galt Horse Show Association was held today, and indications point to the horse show of 1613 being the best ever held. A number of enquiries about this year's show have been received already.

HORSE DEPARTMENT.

With a full list of offerings of high order, trade was brisk at the Wednesday sale at the stock yards. A car loud of Percheror bred mares, and geldings met with ready sale. A large number of medium priced horses were sold. Prices are at about the same level as last week.

Among the buyers were: P. J. Brengana, Otawa, a ar load Mr. Dan Bovce, St. John, N.B., bugat a load of extragod heavy draughts. The Industrial School, Mimico, Harry Yates, Soo, Ont., Hudson Usher, Queenston; C. E. Eagl., Weston; Ed. Lougheed, Mt. Dennis; F. Gles, Swansea; Wm. Pears, West Toronto, got an extra good par of gudings; J. E. Smith, city; R. L. Read, Humber Bay; Jas. Stotte's, city, a heavy pair; A. C. McDonad, city, an extra quality heavy chestnut gelding; F. Pringe, city.

Entries are reported as coming in fast for the Clydesda'e and Percheron sale on Feb. 25 and 26.

GREATEST STATION IN WORLD IN USE

Took Ten Years to Build the Grand Central in New York.

ARE NO STAIRS TO CLIMB

Thirty-Three Miles of Track in the Heart of the City.

Every Device and Artifice of Decoration Will Be

Used.

The newly-completed Grand Central terminal in New York City is, without doubt, the greatest railroad terminal in the world. It is over ten years ago since men first commenced boring the hard rock of Manhattan Island for a secure resting place for the great structure, and since then have come the structural steel workers, stone workers, designers, and the hundreds of various craftsmen who must apply their skill ere a big, beautiful and perfect structure of this kind can stand completed. The railroad builders have laid thirty-three miles of track in the lower levels of the terminal. And all this work has been carried on efficiently in the midst of a heavy traffic and in one of the busiest railroad stations in the land.

With 100,000 feet of floor space the

line."

One of the most soul-distressing accidents that can betall one is a bad ankle or wrist sprain. "If I had only known of 'Nerviline' earlier 1 could have saved myself an enormous amount or pain and many agonizing nights of steeplessness." Thus writes P. P.

York City Hall. Here is the heart of the huge station. From the south side are many ways leading to and from Forty-second street, and the many departments and facilities for the traveler. At either end, the low galleries, and at the north a dozen entrances clearly marked, according to the experiment and skill of traffic experts.

No Confusion.

The designers of the Grand Central, preparing for the greatest traffic that ever poured in and out of any master city gate, prepared plans very elaborate, yet simple, for the separation of incoming and outgoing traffic. Outgoing crowds have their own passageways out from the car platforms, and incoming passengers are not hampered in their progress by the periodical crowds from some Central train.

CHARGED WITH CRUELTY. Man Beat His Baby Until Its Life Is Dispaired of.

In Commissioner Starr's court yes-terday the father of a child five months old was charged with having beaten it with such brutality that the baby will with such brutality that the baby will probably die. The mother of the infant gave evidence against her husband, and her testimony was supported by that of several other witnesses. The child has a broken thigh, besides many bruises. The mother showed a badly bruised arm, which she asserts is from heavy blows received in defending her baby from the cruel attacks of its father. The man is being held, the case having been remanded for a week.

THURSDAY MORNING, FEB. 6, 1913.

A very crazy man down in Iroquois wrote an article recently which was evidently considered so good by The Mail and Empire that that paper reprinted it, but whether as a final answer to all tax reformers or as a horrible example of what anti-tax reformers are capable, does not appear.

himself on having successfully heck- already been approved by ten states led Mr. R. Stewart Muir, who had the and many more will this year give temerity to oppose Premier Whitney their adherence. in his own constituency last election. He put a poser to Mr. Muir. We are not acquainted with Mr. Mulr and not concerned about his heckling, but why he should have qualled before the Iroquois man's proposition does not appear very clearly. It is stated as an example of "inconsistency and rank injustice" on the part of the proposed tax reform. Here is the illustration, a somewhat ancient friend:

"The prosperous merchant referred to above builds a \$10,000 mansion on a 25 x 100 foot lot on a desirable street that appeals to his fancy. Alongside of him resides Mr. Smith, an honest, moderately poor man, and father of a large family" (these factors we are to suppose are all carefully considered by the assessment officer under the present system).

is the worst. If there were a worse has increased with is the worst. If there were a worse has increased with its the worst. this is the only one—the poor man with a double frontage next door to the rich man's single frontage.

We would be willing to bet that the be puts a \$10,000 house on a 25 foot lot in a street where poor men with large families live, and we can affirm that rich men do not do this in Tor-onto, whatever they may be a five millions, the company had a plea-sant feeling of pride. Today the comonto, whatever they may do in Iroquois—we would be willing to bet that the rich man put his \$10,000 house on a corner lot and had his eve on the on a corner lot and had his eye on the poor man's 50-feet next door for a one dollar of the policyholders' funds Several Changes Announced by Fire Chief Thompson. Iroquois man says this is no answer,

gets off with about 40 or 50 per cent. assessed value, and then he sheds crocodile tears over the poor man who has to pay on 50 feet at \$10 a foot—

Yesterday.

Yesterday.

The profit and loss statement shows ner by his fellow-members. Mr. Anor let us say \$20, seeing it's Iroquois, while he is paying on \$50 a foot for in addition to realizing a profit on the property that is worth \$200. On his sale of its former head office on Yonge 50-foot store frontage he gets off with \$213,746.50 received on the issue of \$7500 which tax reform would compel \$250,000 of new stock during the year, him to pay, and he does the erocodile act over the poor man who has to

The rich and the poor farmer are another pair of puppers the anti-tary interfered to reserve, and \$84,710.90 miles the anti-tary reformers like to trot out, but we must leave them for another day.

Galt Reporter Deplores Smooth Sailing Given Corporation Bills in Parliament.

GALT, Feb. 5.—(Special.)—The Gait Reporter (Conservative) tonight attacks partisan parliamentarians, who fight on political lines, but join forces in the house at the bidding of the corporations and the "interests." It says editorially:

Parry v. Morris.—W. H. Walibridge, for defendants, moved for order allow-ling payment into court and vacating lien and lis pendens. L. F. Heyd, K.C., for two lien holders, McRuer (Proudfoot and Co.) for another lien holder. Reserved.
Hutchinson v. Pritchard.—Crosthwaite (Briggs and F.) for defendant, obtained on consent order dismissing action without costs.

Murray v. Thames Valley Garden Land Co.—W. J. Elliott, for defendant, moved for order for particulars of statement of claim as fo deceit. Sugarman (Davidson and Co.), for plaintiff. Motion enlarged till 7th out costs and vacating lis pendens.

Canadian General Electric v. Hydro-Electric Supply Co.—H. Ferguson, for defendants, moved to dismiss action for want of prosecution. G. F. McFarland, for plaintiff. Motion enlarged until 10th inst.
Ontario and Western v. H. G. and B. Railway Co.—Macdonnell (MacMurchy and Son), for defendants, obtained on consent order dismissing action without costs.

Murchy and Son), for defendants, moved to dismiss action for want of prosecution. G. F. McFarland, for plaintiff. Motion enlarged until 10th inst.
Ontario and Western v. H. G. and B. Railway Co.—Macdonnell (MacMurchy and Son), for defendants, obtained on consent order dismissing action without costs.

Murchy and Son), for defendants, total first the sent the many poor losers in Ottawa and insinuations across the floor of the house by gentlemen who have a good command of language and the international, in which Frenchmen are interested, as large shareholders.

"There are to many poor losers in Ottawa and insinuations across the floor of the house by gentlemen who have a good command of language and the inclination to vent their spleen upon political enemies they seek to corner. But just watch the contending forces line up when honors contending forces line up when honors

command of language and the inclination to vent their spleen upon political enemies? they seek to corner. But just watch the contending forces line up when honors are even between political factions en-gaged either in promoting some big scheme or defending themselves from the assaults of the radicals of the house. It add depends whose ox is gored. The cohesive power of corporation connection generally manages to stay the hand of the partisan who can fuse with his enemy if common interests are assailed."

FOREST PRODUCT OF CANADA.

From the Dominion Department of the Interior comes a report on the manufacture of "lumber, square timber, lath and shingles for the there is the and shingles for the calendar year 1911," compiled by R. G. Lewis, B. Sc. F., assisted by W. Guy H. Boyce. It gives an account of the quantity of wood manufactured into lumber in the Dominion and the various provinces for that year the the proportions of the total product manufactured in each province. It also differentiates among the different kinds of wood and the character their manufacture. The report moved for an order construing will under C. R. 938, in respect of a bequest to the Roman Catholic Church in Canada for Foreign Missions. T. L. Monahan, for R. C. C., F. McCarthy, for other defendant. Respect of the report reflects the greatest credit on the author and served.

Gueiph to Combine Commissions.

GUELPH, Feb. 5.—Mayor Carter stated today that steps would possibly be taken to have the necessary legislation passed during the present stiting of the Ontario Legislature to enable Gueiph to combine all the civic commissions into one. The city solicitor, it is understood, has the matter in hand at the present time, and all that is required is the passing of the necessary resolution thru the city council.

Y., and lingston, Canada.

MONTREAL, Feb. 5.—A new turn was ta en today in the Libel action of B. A. MacNab, late editer of The Mantreal Star, against Hon. Col. Sam Hughes, when Charles Gaudet, K.C., solicitor for MacNab, filled amendment to his declaration.

The amendment states that, inasmuch as the defendant has denounced the plaintiff since the institution of his action in terms of malicious opprobrium which would have the effect of placing upon plaintiff odium and disgrace, the damages claimed by the plaintiff are increased from \$10,000 to \$50,000.

doctor, and his statement was borne out by a presentation of statistics gathered in the institution over which he presides. The trouble was that, as he presides. The trouble was that, as a general rule, the relatives of an afflicted individual, provided he was not dangerous, allowed his compolaint to become chronic before any action was taken. By such a course the work of hospital staffs was increased, and the chance of the recovery of the patient greatly diminished. Prevention, and not cure, should be the watchword of allenists, and in this matter it devolved upon them to become the instructors of the public. The moralist and sociologist, as well The moralist and sociologist as well as the physician, had here a field for

By providing a mentally deficient individual with occupation and anuse-ment wonders could be worked, and, mbined with treatment, cures in the majority of cases effected.

in this city, paying as much as thirteen dollars and proved of no use whatever.

"One day a sample of Zam-Buk was left at the house. This seemed to soothe the pain almost instantly, and encouraged me to get a supply from the druggist and give it a fair trial. Zam-Buk had a wonderful effect in a very short time. The irritation and the pain were quickly relieved, and gradually the ulcers were cleansed of all poisonous matter. The discharging then ceased, and the ulcers began to show signs of healing. I kept on using Zam-Buk until every ulcer had been completely healed."

JUST THINK OUT THE EXPERIENCE RELATED ABOVE

WONDERFUL WORK FOR DEFECTIVES

Miss Carruthers Is Doing Marvelous Things With Her

PARENTS ARE GRATEFUL

Many of Them Have Expressed Gratitude at Results

Obtained.

Toronto is fairly seething just now with educational enthusiasts who are working out problems along theoretical /lines., and offering all kinds of suggestions for the betterment of things generally. Others are working away, accepting things as they find them, doing the best possible with the resources at hand, leaving theories and 'their solutions to those who delight in them.

Ameng these practical people is Miss Carruthers, who is doing such wonderful things with her class of 'diefectives' at 23 Grace street. The word "wonderful" may seem extravagant, but when one witnesses big, overgrown, dull, listless boys, and nervous, frightened little-girls transformed into active, happy children, interested in the work upon which they are engaged, and progress marking every day of their school life with Miss Carruthers, no adjective seems too complimentary to the results in evidence.

In her class of between fifteen and a score of pupils, Miss Carruthers has found problems right to hand. Patience and a real, womanly, individual interest in the children of her care are the keys by which she finds her way to their confidence. Some of these children are poor and as a consequence underfed, and Miss Carruthers has actually bearded the board of education for a request for milk for these anaemic little ones. Could motherly interest itself do more?

Somewhat Puzzling.

It is somewhat puzzling why greater interest is not shown in this little woman at Grace street, this teacher of the physically and mentally deficient in the interim of waiting for the larger environment promised our defectives. Encouragement by way of the best equipment possible for her class and the milk she asks for those whom she judges it would benefit, ought one would think to be at her immediate service.

To transform big, listless boys and little nervous girls into interested

service.

To transform big, listless boys and little nervous girls into interested workers on basketry, to teach the hitherto undocile tongue to count, sing and read and to give to all an attraction towards school and class life are no small feats, but these are what Miss Carruthers has been doing for the past two and a half years. Under her patient and systematic management the truant has become a voluntary everyday attendant, little untrained fingers have learned to stitch and to draw, ears thought to be deaf to the charm of sound have been opened, and eyes have observed shape and color which before knew no distinction. The effects on the homes of and color which before knew to dis-tinction. The effects on the homes of these defectives are also worthy of comment. The mothers in several cases have themselves come to Miss Carruthers to express their gratitude at the marked improvement in their little ones, While waiting for the institutions which must come later, Miss Carruthers and her work are de-serving of every support.

Fast Train Service to Montreal, via Grand Trunk Railway.

This line offers every feature pertaining to comfortable travel; it is the only double track route, and makes the fastest time. Three trains leave Toronto daily, at 9.00 a.m., 8.30 p.m., and 10.45 p.m. The 9.00 a.m. train carries parlor-library car and dining car to Montreal, also through Pullman sleeping car to Boston. The 8.80 p.m. and 10.45 p.m. trains carry electric-lighted Pullman sleepers to Montreal. Through Pullman sleepers to Montreal. Through Pullman sleeper is operated on 10.45 p.m. train to Ottawa daily. Health and Beauty Helps

Mrs. B.: "Stringy," unmanageable kardene and dissolve it in one-half Mrs. B.: "Stringy," unmanageable hair is caused by grease and dit, which, if neglected, will produce cland-ruff, the worst of all hair dangers. Keep the head p refectly clean who an occasional shampoo with canthrox. You will be delignted with the result. Get a package of canthrox from any drugs gist and dissoive a teaspoontial in a cup of hot water. This massaged into the scale creats a rich, bland lather. the scalp creat s a rich, bland lather

the scalp creats a rich, bland lather which gently and thoroughly cleanses the hair. After rinsing and drying, the scalp is lett sweet and phant, and the hair is fluffy, beautiful and easy to arrange.

Miss J.: Annoying, itchy scalp can be overcome if you use a tonic made by dissolving an ounce of quinzoin in a half-pint alcohol, then adding a half-pint alcohol, then adding a half-pint waiter. Massaging the scalp with this tonic twice a week slops the itching and rouses the hair follicles to healthy action, and using it regularly cures dandruff and soon induces an abundant growth of brilliant, fluffy dissolves fattissues, without leaving the skin flabby or wrinkled. Prepare it at home by getting four ounces paranotis from the druggist and dissolve in lyp pints hot water, slain and take a tablespoonful before each meal. Use the following simple lotion: Get four ounces of spurmax from your

e blood, which manifest themselv in two or three inhades on the skin and it will be smooth and hair-imples and "muddy" complexion less. This is a quick, harmless way this blood purifier which you to banish hair from the face, neck or left make at home. Get an ounce of arms.

Miss J.: Annoying, itchy scalp car

notis from the druggist and dissolve in 1/2 pines hot water, s.rain and take a tablespoontul before each meal. Use regularly until the proper weight is reach d. When the parnotis treatment is employed the symmetrical sines of the body soon return and no ill offect follows its use.

Ada: You can strengthen your weak eyes and rid them of that overworked look by putting in each eye daily two or three drops of a fine, s.rengthening tonic made by dissolving an ounce of crystos in a pint of water. This eyetonic is very soothing, any by using it regularly you will make your eyes strong, clear and brilliant.

Ira: To regain the velvety so these and healthy, youthful glow to the skin, and healthy, you should discard powders and rouge and use th following simple lotion:

Get four ounces of spurmax from your bothed tisself for your cheash to the face, neck and arms. Using the spurmax lotion clears and tones the skin, overcomes coarseness, sallowness and wrinkles as well as protects the complexion from tan, freckles and inclement weather.

P.X: It is not necessary to use the ctivic needle, because with a single application of delatone you can rid your cheek of every trace of hair. Just make a paste with a little delatone and water; apply to hairy surface, and in two or three minutes remove, wash in two long the skin, overcomes coarseness, sallowness and wrinkles as well as protects the complexion from tan, freckles and inclement weather.

P.X: It is not necessary to use the ctivic needle, because with a single application of delatone you can rid your cheek of every trace of hair. Just make a paste with a little delatone and water;

Marion: You can cure the impurities in two or three minutes remove, washing the blood, which manifest themselv s the skin and it will be smooth and hair-

CARE OF THE TEETH

From the time the first teeth are we. in place they should have the most scrupulous care. At first absoroent cotton and boracic ac.d .s surand good powder or paste may be

A very soft brush is ineffective, while one too stiff will injure the gums and the necks of the teeth. By anowdig warm water to run on a meurum will lose their harshiess and adapt themselves readily to the surfaces of the teeth. For the baby brush, howver, use the smallest and sollest pos-

ine bristles of the brush should in length so that the longer tufts may reach the spaces be-tween the teeth, and other points inaccess,ble to the straight brush. The up-and-down motion should be used on those surfaces next to the lips and heeks; and the horizontal motion on the broad, masticating surfaces.

Should the teeth become stained at the neck, mix a little finely-pulverized pumice-stone into a drop or two of siycerine, and apply it to the stained parts with a small, flat piece of orange-

GRAND OPERA SEASON

Three Weeks' Engagement of Montreal Opera Company Opens Monday.

Altho there has been a lange sale of eats for the Butt-Rumford concert, with the Toronto Symphony Orchestra, this evening, there are still many good seats available. The program for this concert is an exceptionary interesting one, and Mme. Butt will sing many of ner mest positiar English selections.
Mr. Rumford will contribute s veral
diamatic numbers, and the orcnestral
works will include the Tannauser
overture and other british pieces. Grand Opera Festival.

Despite the columnss of the weather estenday, the seat sale for the Mont-

real Opera Company, which comes to the Ai xandra Theatre next week, opened very strong, and there is every prospect of a most successful engagement. The character of the operas announced for next week shows how successfully it is keeping acreast of the times musically. The Frence and the times musically. The Frence and the times musically. The French and madian operas to be given during the first week represent the most typical works of those countries. Massellet beautiful work "Thais," has only been beautiful work "Thais," has only been done her, twice previously, and then in a very inierior way. It should prove a revelation as done with the lovely Carmen Mich's in the thite role, and will form the opening bill. On Tuesddy "La Tosca" will be given, with the renowned prima donna Louise Edvina in the title role, and the public will find it inferesting to compare her performance with that of Ferrabini, the only previous xponent of the part in Toronto. Edvina will appear again on Friday right in Charpentier's "Louise," a part which she has sung both at the Opera Comique in Paris and at Covent Garden in London. "Herograde" will be given on Wegnesday night with the superb actor, Jean Riddez, in the part of Herod, and a splendid all round cast. An equally well-staged production of Verm's immortal "Aida" will lotrow on Thursday night. Nothing that the company and last year impressed the music-loving public more man Massenet's "Jongleur d Notre Lame," and it will be given on Salur-day afternoon as a double bill with old-timers "Il Trovatore"

suring on Salurday night, with Calenen Mirs, the greatest of all Leono.as At the Princess Theatre all next week "The Cnocolate Soldier" will be he attraction, for which the seat the attraction, for which the seat sale will open this morning. It will be presented by an entirely new company, motioned the charming prima doing, Rena Vivienne, and will be under the direction of F. C. Whitney, who has gathered together an excellent cast of principals and a company of well-utained singers for the concurs. The rained singers for the chorus. scenery is all elaborate and new, and the costumes are best ever seen in this

The President, the Hon. Featherston Osler, took the chair, and Mr. A. D. Langmuir, the Assistant General Manager, acted as Secretary to the

The financial statements, showing the operations of the Corporation for the year ended 31st December, 1912, were submitted, and commented upon by the General Manager, Mr. J. W. Langmuir. The report to the shareholders was then read as follows:

> THIRTY-FIRST ANNUAL REPORT OF The Toronto General Trusts Corpora ion being for the year ended 31st December, 1912.

The Board of Directors have pleasure in submitting the Thirty-first Annual Report of the Corporation, accompanied by the Profit and Loss and Assets and Liabilities Statements for the year ended 31st December,

The net profits for the year, after payment of entire cost of management and all other fees and expenses, amount to \$233,915.93. To this amount the net profit on the sale of the Corporation's old head office premises, corner of Yonge and Colborne streets, amounting to \$25.618.74, must be added, together with the premium of \$213,746.50 received from the sale of the new stock of \$250,000 issued during the year, and the balance of \$71,237.37 brought forward to the credit of Profit and Loss from 1911, making a total of \$614,518.54, which has been dealt with by your Board as follows:—

To payment of four quarterly dividends at the rate of

To Reserve Fund (increasing this fund to \$1,100,000)

To amount carried forward to the credit of Profit and Loss

The Assets and Liabilities Statement for the year shows that the total assets in the hands of the Corporation amount to \$53,852,564.15, an increase over the year 1911 of \$3,765,904.16.

The volume of executorships, administrations, trusts and work of a kindred character which came into the hands of the Corporation during the year ended 31st December, 1912, amounted to \$10,424,764.20, which exceeds the amount of new work assumed by the Corporation in any one year since its incention.

year since its inception.

The Board of Directors regret to announce that during the year no less than four members of the Board have passed away, viz.: Mr. John Laing Blaikie, Mr. Samuel Nordheimer, Mr. Frederick Wyld, and Mr. William Henry Beatty.

All which is respectfully submitted. FEATHERSTON OSLER.

Toronto, January 28th, 1918. The Toronto General Trusts Corporation.

The President, Hon. Featherston Osler, moved the adoption of the eport, seconded by John Hoskin, K.C., LL.D. The President then called upon Mr. J. W. Langmuir, Vice-President and General Manager of the Corporation, to address the Shareholders.

Mr. Langmuir spoke as follows :--First, I may be permitted to congratulate the Shareholders and all associated with us on the completion and entire occupation of our new building. At our last Annual Meeting on 7th February 1912, we were able, by ejecting plasterers and painters, to occupy the Board Room in which we are now in session, for the day only, but our offices and vaults were not Long. W. D. Matthews, Hon. Peter MacLaren, J. Bruce Macdonald, Hon. First, I may be permitted to congratulate the Shareholders and all

ready for occupation until Easter, at which time we took possession of our new Head Office home, and transferred, with a good deal of labor and not a little anxiety, the accumulated contents of our Safe Deposit, Treasury and Filing Vaults. You will be pleased to know that the transfer and lodgment of securities, documents, books and records, the accumulation of over thirty years, was effected without inconvenience to any of our clients, or the loss or misplacement of a single document.

A sale of our former premises was made shortly after we vacated at a net profit over the book value of \$95,618.74.

I have pleasure in reporting that after over nine months' occupation of our new offices we find them in all respects well suited for the Corporation's purposes, both in regard to location, interior arrangement and general equipment.

Although we have received excellent offers for the purchase of the premises on Melinda street east of our present building, and which were included in the original purchase by the Corporation, the Board decided to retain and rent this property, so that it might be available for any future extensions to the Head Office that may be required.

The Shareholders will doubtless be interested to learn that the Corporation has been successful in providing itself with a much-needed Head Office that in architectural beauty and construction is quite up to the best standards, either here or in the United States, and at the same time produces a fair interest return upon the capital expenditure. The entire space on the upper floors was readily leased to high-class tenants at a rent which, added to a sum equal to less than a \$1.50 per superficial foot which we charge ourselves for the ground floor basement and first floor, produces a net return of 5 per cent. on the investment, or a net return of approximately, 6 per cent. if we include the rents derived from our Safe Deposit Vaults.

Winnipeg—Hon. Sir D. H. McMillan, K.C.M.G. (Chairma D. C. Cameron, W. H. Cross, A. L. Crossin, H. H. Smith and Fre Griffin.

MAIL CONTRACT

IMAIL CONTRACT

SEALED TENDERS addressed to the Postmaster-General will be received at Ottawa until noon on Friday, the 14th March, 1913, for the convey-

of 5 per cent. on the investment, or a net return of approximately, 6 per cent. If we include the rents derived from our Safe Deposit Vaults.

So much for our new building.

Coming now to a review of the general operations of the Corporation for the past year, after reviewing the very elaborate statements which have been laid on the table, it will, I think, only be necessary in my remarks to summarize the more salient points in connection with the year's operations.

The Corporation has now passed the fifty-million-dollars record in its assets as the residuum under its care, the actual amount being \$53,852,564.15, or an increase over the preceding year of close upon \$3,000.000.

or an increase over the preceding year of close upon \$9,000,000.

During the year the Corporation made permanent mortgage and debenture investments authorized under the Act, or by the respective instruments appointing the Corporation, of over \$6,000,000, as a ainst \$4,750,000 for 1"12.

It will be cheaved from the atternational appointment of the act It will be observed from the statements placed before you that there is close upon \$1,000,000 cash on hand in the various banks, only a portion of which.

upon \$1,000,000 cash on hand in the various banks, only a portion of which, however, is subject to investment, and for this amount there were sufficient loans in the Solicitors' hands at the end of the year.

The character of our loans in the Province of Ontario may be judged from the fact that out of mortgage investments aggregating \$14.081,723.21 94.40 per cent. of the interest was paid as at 31st December, 1912, and a large portion of the 5.60 per cent. arrears has since been paid. Respecting mortgage investments in the Northwest Provinces, it will be obvious that they cannot be judged on the same lines as Ontario loans, for the reason that interest on farm loans is payable annually, and interest payments depend very largely upon weather conditions and means of transportation. pend very largely upon weather conditions and means of transportation. Even with these conditions, out of \$6,331.067 invested in the Provinces of Manitoba Saskatchewan and Alberta, interest to the amount of 73 per cent. has been paid as at 31st December, 1912, and large collections have been

de since that date.

The interest, dividends, rents and general income collected by the Corporation on the assets under its care during the past twelve months amounted to close upon \$3,000,000, as compared with \$2,643,004.02 in the preceding year, or an increase of about \$350,000.

The compensation received for the management of estates for the year,

as fixed by the courts or by special arrangement with the beneficiaries, amounted to \$195.593, as against \$167.909 in the previous year, or an increase of \$27,684.14. While this compensation in the aggregate may appear considerable, it represents approximately only two-fifths of one per cent. of the value of the Trusts and Agencies under the control of the Corporation. I think I can safely assert that there is no business of a monetary or commercial character which necessitates the employment on its staff of a

larger percentage of skilled and properly-trained employees than a company having the care and management of estates and trusts. A trust company must at all times be prepared to take over and effectively administer assets of every description, which can only be properly done by having in the service men who have acquired through practical experience a thorough knowledge of almost every branch of industrial and commercial activity. During its career the Corporation has been called upon to conduct or supervise and wind up such businesses as, for instance, wholesale groceries, dry goods, general stores, timber limits and mills, cement plants, contracting enterprises of all kinds, manufactories, elevators, hotels, summer resorts, farms, drug

stores, livery stables, stock broking, etc.

Keeping this in mind, I think it will be admitted that the cost,
\$216,007.22, of manazing and administering the large mass of business under the care of the Corporation (now amounting to over \$59,000,000) is quite moderate, it being considerably less than one-half of one per cent, on the business in hand. Of this amount the expenditures for the inspection and oversight of properties alone amounted to close upon \$20,000.

The foregoing figures as to compensation and cost of management very plainly indicate that the compensation allowed for the care and management plainly indicate that the compensation allowed for the care and management will be residued at the company's assets of a fiduciary nature can only show a reasonably of a trust company's assets of a fiduciary nature can only show a reasonably and through the accumulation of a large volume of business. Through the accumulation of a large volume of business. Through the accumulation of a large volume of business. Through the accumulation of a large volume of business. The large through the accumulation of a large volume of business. The large through the accumulation of a large volume of business. The large through the accumulation of a large volume of business and the large through the accumulation of a large volume of business.

of our Trust and Agency business, apart from our investments of capital size.

Owing to the large increase in the volume of business placed under the care of the Corporation during the past five years, the Board of Directors on sidered it necessary to increase the Capital \$3.000,000 (making our total authorized, and to allot the same at 12 to that end a by-law was passed authorizing an additional capital issue of the sametion of the State the sametion of the State these actied, however, to issue during the books of the Corporation on the state of the amount authorized, and to allot the same at a premium, was credited to the Fordit and Loss Account.

From the printed statements which have been placed in the hands of the Shareholders it will be observed that the net profits for the year amounted to \$233,315.93, as against \$198,592.42 last year, and they further whow that we have carried to Profit and Loss Account, the surplus profit on the sale of our old office premises on Yonge street, namely, \$95,613.74; that we have carried to Profit and Loss Account, the surplus profit on the sale of our old office premises on Yonge street, namely, \$95,613.74; that we have carried to Profit and Loss Account, the surplus profit on the sale of our old office premises on Yonge street, namely, \$95,613.74; that we have carried to Profit and Loss Account, the surplus profit on the sale of our old office premises on Yonge street, namely, \$95,613.74; that we have carried to Profit and Loss Account, the surplus profit on the sale of our old office premises on Yonge street, namely, \$95,613.74; that we have carried to Profit and Loss Account, the surplus profit on the sale of our old office premises on Yonge street, namely, \$95,613.74; that we have carried to Profit and Loss Account, the surplus profit on the sale of our old office premises on Yonge street, namely, \$95,613.74; that we have carried to Profit and Loss Account, the surplus profit on the sale of our old office premises on Yonge street, namely, \$95,613.74; that we have carr

\$614,518.54 appearing at the credit of Profit and Loss as at 31st December, 1912. Out of this amount your Directors declared and paid four quarterly dividends, at the rate of ten per cent. per annum, amounting to \$110.892.38; wrote off the entire indebtedness for office equipment, \$17,155.08; and carried to Reserve Fund the sum of \$400.000, leaving at the credit of Profit and Loss the sum of \$86,471.08. It will thus be seen that our paid-up capital now stands at \$1.250,000.00, and the Reserve and unappropriated

profits at \$1,186,471.08, or a total of \$2,436,471.08.

Reviewing the operations for the past year as a whole I feel assured that not only the Shareholders have reason to be satisfied with the results, but, what is perhaps of greater importance in a Trust Company, our elients, comprising many thousand beneficiaries of estates and trusts, and others whose interests we have in charge, will also be satisfied with the financial condition and strength of the Corporation.

At the risk of wearying the shareholders and the public generally with a repetition of the warning given at almost every Annual Meeting of the Corporation of the great danger incurred in the indiscriminate granting of charters and licenses to companies designating themselves "trust" companies, but many of which are really brought into existence primarily for the purpose of selling their stock in order to obtain funds for speculation in real estate and the promotion of speculative enterprises generally. I must continue to place warnings on record. Were it not that many of these companies—more particularly in the northwestern Provinces—have equal, if not greater, powers conferred on them to act as Executor. Administrator, Trustee, etc., etc., than companies that are legitimately confining themselves to the performance of duties primarily and specially devolving upon trust companies, fault might not be found with the improper and misleading designation of "trust" companies. So long as they are not entrusted with the management of estates and the investment of trust funds it rephaps would make little difference with a discerning man in the appointment of the Trustee Trustee Trustee however with ment of an Executor and Trustee. Unfortunately, however, with the marvellous growth and prosperity of the country we have reason to believe that many of these companies are using their charter powers in the flotation of land schemes and other purely speculative transactions of a more or less doubtful character, which undoubtedly will result in loss to many people who can ill afford to lose even the small sums that they are placing in such transactions.

So long as the Dominion and Provincial Governments cannot see their way to place more drastic restrictions on the work and duties of "trust" companies—so designated—I shall consider it my duty to place my views before the public. Speaking for The Toronto General Trusts Cornoration, I again repeat the unalterable decision of this Cornoration to rigidly con-One itself to purely trust and agency business, and the investment, either as agent or guarantor of funds committed to its care, but only in securities authorized by the Trustee Investment Act, unless otherwise directed by the investors, together with the transaction of other business of a purely fiduciary character.

Before closing. I have much pleasure in expressing my appreciation of the excellent services rendered by the Advisory Boards of the Corporation at Ottawa and Winnipeg, and also the faithful performance of the duties devolving upon the respective members of the staff of the Corporation both at the Head Office and its Branches.

AUDITORS' REPORT.

We, the undersigned, beg to report that we have made a full examination of the books, accounts and vouchers of The Toronto General Trusts Corporation to the 31st December, 1912, and find same to be correct and properly set forth in the above Statements of Profit and Loss and Assets and Liabilities. We have examined, and find in order, all the mortgages, debentures, bonds and scrip of the Corporation, as well as those regotiated for the Supreme Court of Judicature for Ontario, and Trusts. Estates and Agencies in the Corporation's hands, and we have checked same with the mortgage and debenture ledgers and registers. The bankers' balances, after deducting outstanding cheques, agree with the books of the Corporation.

We have also examined the reports of the auditors of the Winnipeg and Ottawa Branches, and find that they agree with the Head Office books. \$53,853,564.15

MUCH ALARM OVER

Advices Report Further Damage Daily-Broomhall's International Wheat Review.

Broomhall's weekly international wheat review, issued yesterday in Liverpool, is

n either quotations or market factors. world's visible large, heavy receipts in the United Kingdom, and pressure to sell new Plate wheat. Against these conditions is the active world's demand, unfavorable political situation and the unsatisfactory conditions in India. The drought in India is still unbroken, but many believe that a moderate crop will be harvested. Advices today are decided by worse and gruph apprehausion is ex-

clining sharply under the weight of heavy shipments.

The demand is bound to continue large, and unless native, United Kingdom and continental wheat is more treely offered than heretofore, the demand will be very large. At the present time the continent is offering more freely, which is usual at this period of the year; but much of the offerings is of poor quality.

MONTREAL GRAIN AND PRODUCE at country points.
Representative Sales.

MONTREAL GRAIN AND PRODUCE

MONTREAL Feb. 5.—Cables on Manitoba spring wheat came weaker at a decline of 3d to 4½d. The demand from foreign buyers was also much quieter, and, outside of a sale of a full cargo of 20,000 quarters, made for spring shipment business, was quiet. There was a little better demand from local buyers for carlots of corn and oats, but the market is still quiet. Flour is steady, with a fair volume of business doing for domestic account. The demand for milifieed is still limited, and prices are easy. Butter and cheese quiet. Eggs fairly active and cheese quiet. Oats—Canadian western, No. 2, 41½c to 0ats—Canadian we Millfeed.-Manitoba bran, \$19 to \$20 per ton; shorts, \$22 to \$23; Ontario bran, \$19 to \$20, in bags; shorts, \$22 to \$23, car lots, track, Teronto.

bearish. Local sentiment continues bullish. With local cash demand so poor, and little or no export business in sight, we cannot consistently advocate anything but sales on the upturns.

Neill, Beatty & Co. had the following:

Neill, Beatty & Co. had the following:

Wheat—After following the early break in corn and the lower Liverpool cable, wheat prices had some rally at the close. There is a timid feeling among short sellers for at least two good reasons, the promptness with which May contracts show congregation on modern and the lower contracts show congregation on modern and the lower Liverpool cable, and the lower Liverpool cable, but the close that some rally at the close. There is a timid feeling among short sellers for at least two good reasons, the promptness with which May contracts show congregation on modern and the lower Liverpool cable, and the close. There is a timid feeling among short sellers for at least two good reasons, the promptness with which May contracts show congregation on modern and the lower Liverpool cable, and the close the condition of the condit

Lard—Compound tierces, 375 lbs., \$9.25; wood paths, 20 lbs. net, \$9.75; pure, tierces, 375 lbs., \$14.50; pure, wood paths, 20 lbs. net, \$15. sellers for at least two cools are the promptness with which May contracts show congestion on moderate declines, and the natural chance of adverse crop news for the later months, at almost any time, altho prospects are fine now. We advise a conservative bull position in wheat futures, resting orders to be executed at moderate depressions, the most

Erickson Perkins & Co. had the following:

Wheat—We can see nothing whatever to encourage holders, altho the market may for the time being rule, as of late, within narrow limits.

Corn—While in no way ignoring the influence of speculative sentiment, we really believe the technical situation of the market at the moment is weaker than for some time past.

Oats—A small part of yesterday's upturn was maintained in this market of a most uninteresting and local character. We see no reason to advise purchases.

Winnipeg Markets.

AUCTION SALES. Hogs, Sheep and Lambs Were Your Opportunity

PUBLIC AUCTION

Firm at Tuesday's

Receipts of live stock at the Union Stock Yards were 67 cars—1007 cattle, 1304 hogs, 131 calves and 20 horses.

Trade in cattle was dull, and the built of offerings sold at from 10c to 15c per cwt. lower.

cwt. lower.

Exporters.

A very few cattle of export weights and quality sold at \$6.75 to \$7.

Butchers

Choice butchers sold at \$6.40 to \$6.75; loads of good, \$5.85 to \$6.25; medium, \$5.40 to \$5.70; common, \$4.50 to \$5.25; cows, \$3.50 to \$5.50; canners, \$2.50 to \$3, bulls, \$3.75 to \$5.75. • OF THE NORTH

\$3.50 to \$5.50; canners, \$2.50 to \$3, bulls, \$3.75 to \$5.75.

Stockers and Feeders

Steers, 700 to \$50 lbs., are worth from \$5 to \$5.40.

Milkers and Springers

Prices for mikers and springers
ranged from \$40 up to \$65, and one or two sold at \$70 each.

Veal Calves.

Calf prices were unchanged and firm at \$4.50 to \$9.50 per cwt., and an extra new milk-fed calf would bring \$10 per cwt.

Sheep and Lambs.

Saturday Afternoon, Feb. 8th. at 2.30, at Nos. 87 and 89 King Street East, Toronto,

Sheep and Lamb prices were higher, when quality is considered. Sheep, ewes, sold at from \$5 to \$5.75: rame, \$4.25 to \$4.75; lambs, \$8 to \$8.75.

Hogs were firm, at \$8.75 to \$8.80, fed and watered, and \$8.35 to \$8.40 f.o.b. cars

Glasgow Cattle Market.
GLASGOW, Feb. 5.—Messrs. Watson & Batchelor, cattle importers, of this city report that moderate supplies are offered this week. A good demand is experienced at the following quotations: Scotch steers, 13c to 16%c; Irish, 14c to 15c.

Five Men Remanded Until Monday-Ballot Stuffing Cases Adjourned.

OTTAWA, Feb. 5.—(Can Press)—
Hearing of the two charges of ballot stuffing in the civic election against Joseph F. Durocher of the customs department was today adjourned for two weeks. Counsel for the prisoner challenged the jurisdiction of the magistrate, and it was agreed to have a high court judge pass upon the point.

Five men charged with "repeating" all pleaded guilty and were remanded until Monday for sentence. They all claimed ignorance of the Election Act as regards this offence. The men are Joseph Phillips, George Mercure, V. Dumoulin, Albert Benoît and Napoleon Lafteur.

PRINCE KATSURA GIVEN CENSURE

WITHIN THE INCORPORATED TOWN OF ATHABASCA, PROVINCE OF ALBERTA, LOTS BEING 50x120. Investigate.

Athabasca is located on the most southerly bend of the Athabasca River, within 25 minutes from the centre of the Province of Alberta, and is the most convenient shipping point connecting the vast series of great north-western waterways with the prairie provinces.

Athabasca is surrounded by highly fertile agricultural land, and already has a population of 1200.

Athabasca has railway connection with the Canadian Northern System, and more roads are in prospect than in any other point in Alberta except Calgary.

Athabasca is spending \$150,000 on a water and sewage system, and by the end of 1913 will have all modern improvements, except street cars and sidewalks. If it centinues its present rate of expansion its population will then be 3000.

Athabasca has an abundant supply of natural gas, which will be dis-OFFICE and basement, with fine ship ping facilities; centrally located; good opportunity for quick action. Box 50, World Office.

Stock Markets Show Easy Undertone--- C.P.R. Down in N. Y. Peter

TORONTO MARKET ON **DOWN GRADE AGAIN**

C. P. R. Was Weak in New York Exchange and Brazilian Followed Suit Here.

INVESTMENTS ARE FIRM

Trust Company Stocks Were in Demand-Talk of Further Dividend Increases.

Financial sentiment was further affected yesterday by the war news and the practical certainty that hostilities had not been renewed merely for effect. Cables early in the day characterized as entirely too sanguine the stories that the resumption of the war would mean an early signing of peace, and with another long drawnout campaign in sight, the stock markets were easily depressed. The most significant development of the day was the fact that values held their own so well. A tightening up of money here was also not without its effect.

In the Toronto market a measure of weakness was shown by practically all of the active issues. C.P.R. was particularly prominent, the early downturn in the London exchange being carried further both here and in New York. In Wall street the shares were quoted as low as 23% at one period, a decline of 1½ points for the day, and a full 4½ under the close of last week. This security naturally bears the brunt of any apprehension last week. This security naturally bears the brunt of any apprehension

last week. This security naturally bears the brunt of any apprehension occasioned by the action of the European markets.

Lowest in Two Weeks.

Brazilian dropped back to 97% here, a net loss of % points for the day, and the close was just a shade better than that, leaving a decline of 1½ points in the two days. The shares were at their lowest in over two weeks. Other stocks to show an easier trend were Spanish River, Tooke, Duluth Superior, Maple Leaf, Canners, and B. C. Packers. Of these Packers, common and preferred, Spanish and Duluth Superior lost over a point apiece. The decline in Packers was the most significant, amounting as it did to some 5 points. There was no news out on the security, and the set-back was attributed merely to the incoming of a few liquidating orders.

The investment stocks were again prominent, with higher prices for Royal Bank, which was up another 2 points to 227½, its highest since last August. It is expected that the institution will do something for its shareholders soon, a new stock issue or an increased dividend being expensed.

stitution will do something for its stitution will do something for its state of the state of th or an increased dividend being expected. Dominion rallied to 234, but Imperial was lower, reaching 220. Ontario Loan sold at 172, up 8 points from the previous sale and a new high record in its history. Anticipations of the company following the expectations of the expectat ample of other trust and loan concerns and increasing its dividends were responsible for the movement. Canada Landed sold at 170, a gain of 5 points on the higher dividend rate.

WHY AND WHEREFORE

Sales Against New Stock Issue Carried Price Down Again in New York.

C.P.R. was the weakest spot in the New York market yesterday, the shares dropping nearly two points at 236%, a full 4% points under the close last week. The decline was due to over the international situation, owing to the resumption of hostilities in the Balkans, and to liquidation by holders who were not in a position to finance subscriptions for the new stock issue. On account of the stringency in the money market considerable difficulty along this line is expected and anticipations of lower prices for the shares are based on that fact. A New York wire yester-day stated that traders were talking 230 for the stock.

RESIGNS PRESIDENCY.

S. H. Ewing has resigned from the presidency of the Toronto Mortgage Investments Company.

Cent., as a result of the biggest year in the company's history. New business amounted to \$4,006,020, an increase of \$1,293,920, or 47 per cent.

Money Tightens Again

One effect of the resumption of hostilities in the Balkans has been a tightening up in the money situation in Toronto. A week or so ago the banks loosened their purse strings somewhat, and brokers hoped the worst of the stringency had passed. During the last few days there has been some calling of loans again, and the situation has become consequently more acute than ever. The present feeling of uneasiness in the stock market may be attributed largely to that account.

count.

"If the Balkan war had been concluded, as seemed likely a fortnight ago, money would have worked considerably easier here," was the information given out by a prominent banking official yesterday.

"As it is conditions will likely remain about as they are unremain about as they are un-til the skies clear."

TOR. RY. ANNUAL

Gratifying Increase Shown in Earnings-Better Things to Come, Says Manager.

As anticipated, nothing beyond the routine business transpired at the Toronto Railway annual meeting yesterday afternoon. The financial statement reported the gross earnings \$2,012.637.57, distributed as follows: heavy

come in the current year. **COTTON MARKET IS DEVOID OF FEATURE**

Erickson Perkins & Co., (J. G. Beaty) wired: Today's market was void of feature. A slight improvement ochada Landed sold at 170, a gain of feature. A slight improvement occurred but the volume of trading was the smallest for the year. Sentiment continues bearish, on the small spot demand and favorable new crop propects, but bear interests do not seem willing to take an aggressive position. to take an aggressive position. Ware not inclined to follow rallies unde

EXPECT WAR WILL BE ENDED SOON

Erickson Perkins & Co., wired J. G. Beaty: The various political considerations here and abroad, make for caution. It is doubtful if formal announcement of the Union Southern Pacific plan would have any consider able effect on prices. Sudden sur-render by Turkey would help senti-ment for a time, but there is no surrender in sight. It may be delayed for many days, but both sides are serious-ly short of cash and it would appear that they cannot hold out long.

RAISED THE DIVIDEND.

Crown Life Assurance Company directors have increased the dividend on the company's stock from 6 to 7 per

Unfavorable Reports of Copper Trade Conditions Exercised Depressing Effect.

BEARS STILL CAUTIOUS

Hesitancy Shown in Putting Out Short Leases-Can Dividends Deferred.

NEW YORK, Feb. 5.—Quotations of stocks drifted downwards today, in much the same deliberate way as on the previous days of the week. Sentiment was more bearish, and also there were no developments of sufficient moment to bring about a decided change in market conditions. Such new influences as were brought Such new influences as were brought to bear helped to spread pessimistic

Disappointment at the failure of American Can directors to take action on the back dividend on the preferred stock, legal obstructions in the way of concluding the subway negotiations, and unfavorable reports of conditions in the copper frade were responsible for declines in the stocks directly concerned, and the heaviness in these shares spread to the general list, altho the railroad stocks for a time resisted the movement. But hear time resisted the movement. But bear traders, altho professing increased confidence, did not put their faith to

the test by venturing upon heavy operations. small and the movement among the bulk of the standard issues was narrow. Some of the specialties and a few of the high-grade railroad stocks at times were lowered a point or more, giving the market as a whole a

Break in Coppers. The copper group was the weak feature, these shares being sold on the break in the metal market in London and reports of unsettled conditions in the home market. Consumers were said to be holding back pending publication this week of the copper producers' monthly statement. It was predicted that the statement would show a further gain in stocks on

WAS VOTED DOWN

COBALT, Feb. 5.—(Special.)—In spite of general expectations the annual meeting of the City of Cobalt this afternoon proved most harmonious. Frank Cody and H. H. Lang, the Toronto directors, who were regarded as rebellious, were movers and seconders of the motions appointing the following board of directors: R. B. McLaren, W. F. Powell, C. A. Richardson, J. H. Black and R. T. Shillington, M.L.A. The new man on the board is J. H. Black, who takes the place of H. H. Lang.

The bylaw to increase the capital stock of the company was voted down. The bylaw authorizing the directors if they thought fit, to borrow as high as \$100,000 with which to instal a concentrator was approved. Another bylaw which authorizes the directors to enter into negotiations for the sale of the mine was passed.

This bylaw allows the directors to open

passed.
This bylaw allows the directors to open up negotiations for a sale and to give an option if they think fit, but any sale or option has to be ratified by the shareholders before becoming valid.

No New Stock Issue

J. M. Smith of the Brazilian Traction, Light & Power Co. last evening gave an absolute denial to the rumors that the company intended to make a new issue of stock.

ENGLISH CAPITAL IN THE COBALT DISTRICT

Practical confirmation of the report published in The World to the effect that a deal was well under way for the purchase of control of the Peterson Lake Silver Cobalt Mining Company, Limited, Mining Company, Limited, was afforded yesterday afternoon, and the shares of the company rose to a new high record at 27 in the stock markets in anticipation of the cleaner of the transaction. It markets in anticipation of the closing of the transaction. It is known that several parties have been endeavoring to clean up a number of big blocks of the stock of late. In this connection it is hinted that interests closely allied to the control have made offers considerably shows the for the control have made of-fers considerably above the market for blocks of 20,000 and 25,000 shares. If the com-pany passes to English capi-talists, as it is believed it will, the transaction will mark the absolute confidence which has developed in London regard-ing Cobalt and its mines. The range in Peterson Lake

SICK MARKET

AT MONTREAL

C. P. R.'s Weakness Communicat- Pres ed Itself to General List-Rally in Brazilian.

MONTREAL, Feb. 5.—Local stocks of interest to heaviness today, and most interest int of the issues at the close of the mar-ket showed net losses ranging from small fractions to about one point. The general factors in the situation remained unchanged, the market with spasmodic efforts here and there to follow its own spirit of optimism, yielding to outside influence, which continue to hold the financial centres of the world in check.

Of immediate influence lower range of quotations for C.P.R. show a further gain in stocks on hand. Pennsylvania was under pressure, and in this connection were re-vived reports which were denied resentiment of that market. The stock continued dull on the decline here. In cently, that a large issue of new stock was contemplated. Declaration of a 5 per cent. quarterly dividend on American Tobacco, with 15 per cent. extra, caused the stock to recover its loss of over 3 points.

sentiment of that market. The stock continued dull on the decline here. In the morning it touched a new low of 237 for the movement, and closed in the afternoon only slightly better at 237 1-2 bid, 237 3-4 asked. The rights were weak at 16. were weak at 16.

Brazilian gave a fairly good

SILVER OUTLOOK IS STILL UNCERTAIN

In their weekly discussion of the silver situation, Messrs. Mocatta & Goldsmid of London point out that the present outlook is uncertain, and much depends on the further requirements of the Indian Government ,the definite satisfactory conclusion to the Chinese loan negotiations and the cessation of Baillie. Wood and Croft report the following quotations from London (Canadian equivalents): the Balkan troubles. They add that they hardly look for much further fall, dian equivalents):

TORONTO BRANCH: {W. K. PEARCE, Manager.

About February 15th we shall begin the distribution of a new (non-promotion) map of the producing area in the Cobalt district, handsomely printed in three colors, mounted on tin, and presenting in addition to properties and their acreage, all available data regarding ore production, earnings, capitalization, dividend payments, price range on stock, etc., of the various companies of the Cobalt district. Requests for free copies of this map, to be mailed when ready, should be filed with us immediately.

COBALTS TO THE FRONT

London is becoming vitally interested in the Cobalt stocks, and the long-delayed upward movement is imminent. COBALT LAKE and CHAMBERS-FERLAND have gone to the British investor. PETERSON LAKE looks as tho it will be next one to cross the pond. GREAT NORTHERN will attract the interest of the astute investor and speculator shortly. All we can see at present is a bigger buying demand, with necessarily rising prices. We ask a share of your business.

Refining COMPANY, Limited.

Under the provisions of The Omterio Companies Act The Island Smelting & Refining Company, Limited, hereby gives public notice that it has passed a bylaw for the purpose of changing its Head Office from the City of Torombo to the City of Ottawa, of which the following is a true copy:

BYLAW NO.

Whereas the Head Office of The Island Smelting & Refining Company, Limited, is in the City of Torombo, in the Province of Ontario, and it has been deemed expedient that the same should be changed to the City of Ottawa, in said province.

Now therefore The Island Smelting & Refining Company, Lifmited, enacts as follows:

1. That from and after the 10th day of February. 1913, the Head Office of the Company be and the same is hereby changed from the City of Torombo to the City of Ottawa.

Passed this 3rd day of January. 1913.

E. B. RAY, Secretary.
