had been used by the supporters of Mr. Guilbert. Mr. Monk favored a Canadian navy that would remain at home...

Then Dr. Beland proceeded to give to the house a story of the Drummond-Arthabaska campaign.

Armand Lavergne had said at several meetings that the only way to please Sir Wilfrid Laurier was to vote for Guilbert, because, when the Nationalist candidate was elected, he would be able to go to Earl Grey and Mr. Beland and say: "See, the people have declared themselves against the naval policy. We must repeal the bill."

Canada Must Have Navy.

Dr. Beland said that, notwithstanding what had been said in the by-election contest, every member of the man's new music house, 193-7 Yonge-street, under the same auspices. He will conduct gospel services every night in Cooke's Church.

Would Bow to Popular Verdict.

He denied that they had been disloyal. They had urged the right of the people to express an opinion upon the naval policy of the government and they had been scrupulous in advising the electors that, if the people voted in favor of the policy, they were opposed to it should accept the popular verdict.

Accidental Death.

Coroner Orr held an inquest yesterday on the death of Frederick South, who was killed Tuesday by a fall from a beam at the Canada Cycle and Motor Co.'s factory addition at West Toronto. The jury's verdict was that death was accidental and that no blame could be placed on any individual.

SOCIETY NOTES

Public Amusements

Emilio de Gogorza sang before an audience in Massey Hall last night. It is impossible to say why more popular prices are not tried to induce the public to patronize such a great artist as Gogorza unquestionably is. However it be, those who came were enthusiastic beyond measure, and the recalls after each suite were numerous and insistent. Mr. Gogorza only responded vocally to one of these tributes. He had given a generous program, and there was no churlishness in his refusal. He was received with prolonged applause on appearing, and opened the concert with the lovely Handel-like phrases of Gloridan's "Caro mio ven."

Public Amusements

Mrs. Lewis C. Smith, 78 Malvern-avenue, East Toronto, will receive next Friday, Nov. 25, and not again until the fourth Friday of February and March.

Public Amusements

Mrs. Robert A. Wilson, 30 Langley-avenue, will receive for the first time this season Tuesday, Nov. 29, and not again until the first Tuesday in January.

Public Amusements

Mrs. John H. Williamson, 114 Spadina-avenue, will be at home on Thursday, Nov. 24, and not again until the New Year.

Public Amusements

The Toronto Skating Club is holding its annual meeting at the Brown Betty tea-rooms at 5 p.m. to-day.

Public Amusements

Rev. George F. Pentecost, D.D., the distinguished author and minister, who has held prominent pastorates in New York and London, and lately engaged in the laymen's missionary extensive movement, is to spend two weeks in Toronto. Next Sunday he preaches twice in Cooke's Church, and in the afternoon speaks to a mass meeting for men in the same place.

Public Amusements

Miss Flora Zabelle, who is known in private life as Mrs. Raymond Hitchcock, and who is with him in the cast of "The Man Who Owns Broadway," coming to the Princess Theatre next week, does not like to be referred to as an Armenian, or a Turk. She was born in a small village near the City of Constantinople. Her father was forced to leave the country for his advanced political and religious teachings, and came to America when Flora was three years old, and settled in Philadelphia.

COMMISSION TO APPROVE HYDRO-ELECTRIC CITY MAKES A DEAL

Mayor is Quite Emphatic as Regards Situation as to Purchase of T. E. L. Company Plant.

The city will not make a deal for the purchase of the Electric Light Co.'s plant without the consent of the hydro-electric commission. This statement, made by Mayor Geary, is confirmatory of the remarks of Alexander Dow, the city consultant, who, with respect to the city's waiting for an expression of the commission's views before negotiating further with the company. However, Premier Whitney stated yesterday that the responsibility for making a bargain rested with the city, and that it was decidedly not "up to the commission."

The mayor agreed with Mr. Dow that the city, as chief partner in the hydro-electric movement, must consider the interests of the other municipalities in the power union, or, as he puts it, "the city must not be traitors to the commission."

Surprise for London Deputation. An interesting episode occurred at the parliament buildings yesterday afternoon, when a delegation including prominent London and Toronto Electric Light Co. shareholders, waited on the premier. The quietest included W. D. Matthews, W. R. Brook, H. P. Dwight of Toronto, and ex-Mayor Judd and Manager Bruce of the London Electric Light Co. They desired to ask co-operation of the government in an effort to make some arrangement by which the municipality would purchase the London Light Co.'s plant and avoid competition with the civic plant now being constructed in that city.

ST. LOUIS, Mo., Nov. 23.—(Special.)—The dozen or so Canadian delegates attending the Convention of the American Federation of Labor have on several occasions during the past ten days made themselves heard on important matters. At this afternoon's session Delegate Landers, from Hamilton, Ont., on behalf of the Canadian delegation, asked unanimous consent to introduce the following resolution, which was granted, and the resolution was unanimously carried: "Whereas the Russian Government, in endeavoring to extradite one Saeva Fedorenko, a Russian refugee, and a member of the first Russian Duma, now lying in jail at Winnipeg, Canada, seeks to create a precedent, which in effect can be used at any time to seize and deport others who have given the best years of their life for the freedom of their fellows, during the many years the people of Russia have been struggling for political liberty, many of whom have now found an asylum in the American continent, and, whereas organized labor throughout Canada, the press and the pulpit have declared that it would be a blot on the principle of constitutional government if Fedorenko is allowed to be sent back; and, viewing with abhorrence the tyrannical power exercised by the czar, in seeking to punish and exile to Siberia those who have worked for freedom; therefore, be it resolved, that the delegates to the convention of the American Federation of Labor, assembled at St. Louis Nov. 23, 1910, endorse the sentiment and expressions of our Canadian brothers in resisting all efforts of the Russian Government to extradite this member of the first Russian Duma, and one who has worked so faithfully at the cause, and for humanity; and it is further resolved, that the delegates to the convention of the American Federation of Labor, who are assisting the Russian Freedom League, be given the floor for ten minutes, to address the convention on this matter."

Regulate the Bowels

"I have been troubled with constipation for several years, and have tried a great many kinds of pills, as well as medicine from the doctor. Nothing seemed to help me until I began taking Dr. Miles' Nerve and Liver Pills. I found the little pills very effective, and I am thankful that at last I have a reliable remedy."

MRS. F. M. DUNKIN, LeRoy, Ills.

Dr. Miles' Nerve and Liver Pills simply cause the bowels to move in a normal manner, and without the griping effects of cathartics and purgatives. That's why they are so universally used by women and children. The longer they are taken the less are needed. Natural conditions gradually being restored. Price 25c at your druggist. He should supply you. If he does not, send price us, we forward prepaid. DR. MILES MEDICAL CO., Toronto.

GRAND TRUNK TRAINMEN ARE IN AN ANGRY MOOD

Losing Patience With Manager Hays' Refusals to Treat ex-Employees in Righteous Way.

The absurdity of Chas. M. Hays insisting on being the judge of his own case is ranking all the Grand Trunk employees who went on strike last July, including those who were taken back to their jobs, and is very liable to precipitate another and more persistent strike amongst the conductors, trainmen and yardmen of the Grand Trunk system. There is a possibility of another strike, also the leaders of the men's organization decline to say so. It is understood that they are only waiting to see if the government cannot still persuade or force the company to reinstate the 250 men, out of the original 3000 who went on strike, who have been overlooked in the "re-call." The company's promise was to re-engage all the men at their former positions by Nov. 23, unless they had been found guilty of acts of violence or misconduct. In leaving 250 men out in the cold, the company's contention with reference to these must be that they have been guilty of violence or disorderly conduct. But the company will not specifically say so. Mr. Hays has been asked by the government to prepare a list of the men—and the charges against them—who, according to the company's officers, have been guilty of acts of violence or disorderly conduct. Such a list is said to have been promised, but has not been furnished.

THE POSTMASTER JOINS THE ARMY

Who are Shouting the Praises of Dodd's Kidney Pills in the West.

A Neighbor Advised Him to Take Them for His Rheumatism and Gravel—They Cured Him. WEST GRAVELBOURGH, Sask., Nov. 23.—(Special.)—Alexander McCarter, the postmaster here, has joined the great western army that has for its watchword "When ailing, use Dodd's Kidney Pills." And like all others he has good and sufficient reasons. "I was laid up with rheumatism and gravel," Mr. McCarter states, "and was also troubled with my bladder. I was so bad I could not do much work. A neighbor came along who had been troubled the same way, and advised me to try Dodd's Kidney Pills. I did it. I bought two boxes, and, using them according to directions, was soon able to go to work." "Not long after that," he says, "a neighbor who had been troubled the same way advised the postmaster to use Dodd's Kidney Pills. He also had been cured by them. That's why he recommended them." "If you're troubled with Kidney Disease in any form—Backache, Rheumatism, Lumbago, Gravel, Dropsy, Diabetes, or Bright's Disease—ask your neighbors. You'll soon find one who has been cured by Dodd's Kidney Pills."

COCAINE EVIL EPIDEMIC IN CITY OF MONTREAL

Authorities Waking Up in Matter—Strong Language From the Bench in Condemnation.

MONTREAL, Nov. 23.—(Special.)—The cocaine evil is becoming an epidemic in this city. So much so that the authorities are waking up in the matter, and they find that the drugists are to blame a good deal in propagating the evil. His honor the recorder, in speaking of the evil, says: "For a few dollars the druggists are exposing the families of Montreal to complete ruin, and the future of our young people is subject to disgrace thru the cocaine traffic." "They are assassins, I can use no other word to describe their conduct. I declare that there are a certain number of doctors who are conspiring with the druggists to continue this traffic." "Cocaine is the principal cause of the ruin of our young girls in this city, and the principal source of the demoralization of young boys. With the druggists conspiring against us, the police can do little. I am raising a cry of alarm to save the future of our families, and I call upon all public bodies to take all possible means to banish this cocaine traffic from legitimate commerce."

\$30,000 FOR THE WEST

MUST BE PARDONED FIRST

Then U. S. Will Consider Letting Fur Smuggler Return Home.

KINGSTON, Nov. 23.—(Special.)—That he must be pardoned before the immigration authorities of his country can consider an application for his re-entering the United States, is the message the U. S. consul has received in the case of Jacob Gubitzky, fur smuggler, sentenced at Chatham. The Canadian justice department offered to release him, on condition that he be allowed to return to his home in Brooklyn. He is 73 years old, in very feeble health and it is believed will not live long. Appeal for New Trial. The court of appeal will to-day decide whether Thomas McNulty, sentenced in Barrie, Sept. 29, to hang on Dec. 14, for counselling the murder of Mary Dolan's babe, of which he was said to be the father, is to have a new trial.

Rugby Rival Teams at Practice

Note and Comment

As Varsity is satisfied with the officials, so is Hamilton, the referee being the Tigers' nominee.

Regret is generally expressed that the evil of betting could not be eliminated from Rugby football.

Several wagers are reported from Hamilton, the most of those you read elsewhere.

Dr. W. B. Hendry, who officiated in the final game two years ago at Rosedale, when the Tigers defeated Varsity, 21 to 17,

Dr. Barton stated yesterday that the absence of Billy Foulds from practice the other day was due to a cold.

Prof. Charley Wright, who has supervised Varsity's work on the seat and railroad arrangement and takes a fatherly interest in the team,

As the students have elected to entrain together for G.T.R. on the voyage to Hamilton, there will thus be all the more room and less noise on the C.P.R.

The Tigers are ahead of the Varsity team at least two ways. They are about four pounds per man heavier and also have it on the students in age the same number of years apiece.

International Field Trials. The Hamilton Alerts have arranged home-and-home games with Petrolia for the Ontario junior championship.

The Official Route to Hamilton. For the Varsity Rugby game Saturday, Nov. 26, will be via the Grand Trunk Railway system.

REFEREE AND UMPIRE SATISFY BOTH SIDES

Tigers Hold Another Secret Practice and Announce Their Team—Rugby Gossip.

HAMILTON, Nov. 23.—The Tigers practiced this afternoon in the rain and mud, and according to those privileged to see the workout, gave a good account of themselves in the heavy froze, after the practice a team was picked, the selections made may be changed before Saturday.

The second and last rosters practice for Saturday's game will be held this afternoon at 4:30 in Convocation Hall.

Indications are that the number of seats will not be as large as last year.

Dr. Barton's office at the University gymnasium was besieged yesterday afternoon by a crowd of students getting tickets for the white-sweater game, that will be played at the Rogers' stand on Saturday.

In view of the fact that there were sufficient in line to take up the seats placed for sale yesterday, the 400 seats were quickly disposed of.

The public fared better in Toronto than at the other end, the former having the chance of purchasing all of 700 tickets, while at Hamilton only 400 were available.

Prof. Wright received word yesterday that the new stand that is being built at Hamilton will accommodate 400, half of which seats were disposed of in Toronto.

CRESSALTO IN 5 HEATS AND EASTER SUNDAY IN 4

Capture Matinee Harness Races at Dufferin Park—How the Races Were Won.

For some time back the Dufferin Driving Club have not been favored with the best of weather for their matinees, but yesterday was an exceptionally good kind of a day for racing and, altho the attendance was not as large as the officers of the club would desire, still those who are fond of light harness racing were there in fairly good numbers. There were two class races put on, Class B with four pacers and two trotters making a field of six pacers, making a total of nine horses. The first heat of class B was called at 2:15 and Starter C. Woods, president of the Dufferin Driving Club, had quite a time getting them away in line. When they got the word they were all on their stride, except Princess Eleanor, R. J. Patterson's good trotter. She was not acting just right and seemed as if she had some trouble with her mouth, but she settled and came very strong at the finish and would have been second only for an unfortunate break in the stretch. Tony Klock, a nice blue bay stallion, by Tony Klock, was the first to show in front after they rounded the top turn, and he looked as if he would make a runaway race of it, but he made it at the steady pace of the other horses. Mr. Scott's finished first, with Angus Mack second, Spurt third and Shaun Rhue again fourth. In Class C there was not much exciting thing in sight, with Nellie M. and Harry Lee were first around the top turn, with the others all well up. Gay Lottie, a trotter owned by Williamson, her first appearance here at a matinee, went down the outside and passed every thing in sight, winning the race between Belmont Wilkes second and A. C. Hutson's Cressalto third, Nellie M. fourth. The second heat was a race between Harry Lee and Gay Lottie for first place, but the girl was first at the finish with Harry Lee second, Cressalto third and Nellie M. fourth. Time 2:31. In the third heat, unfortunately there was a mix-up, which resulted in a couple of broken stulkes, but happily to one was hurt. P. McCarthy's Miss Lady Watson did some stunts not on the program. Gay Lottie was in the lead, jumping the fence with her hoppies on and also carrying part of the sulky. That of course was not on the program, but it is hoped that the mare was not seriously injured. While all this was going on the first accident occurred at the five-eighths pole. Cressalto, the nice black trotter owned by Geo. C. Tutson, who had been third in the two previous heats, came on, made no mistakes and won the heat quite handily. Time 2:22. The race was split into two heats, each with two heats and Cressalto one. They were all away to a good start, with Harry Lee the first to show in front, followed by Belmont Wilkes third and Cressalto fourth. The latter was third at the half, but going level on the back stretch Gay Lottie took command and Cressalto also moved past Harry Lee and it was a battle royal, with the girl having the last half in 1:12. Now there was excitement, the trotters with two heats each. There was very little unnecessary scoring. Gay Lottie was the first to show in front and had a lead that seemed almost impossible to overcome, but the game daughter of Oyo Wilkes (Cressalto) trotted like a machine and finished full of race in 2:30. Summary follows: Class B, mile heats. Easter Sunday, g.g., R. Scott 2 1 1 1 (owner) 1 2 4 4 Princess Eleanor, b.m., R. J. Patterson (W. Robinson) 3 5 3 2 Shaun Rhue, b.g., J. O'Halloran (J. Big Bicycle Race

NEW YORK, Nov. 23.—A three-cornered match race for the professional bicycle sprinting championship of the world, in which the champions of America, Europe and Australia will compete, was arranged this afternoon to take place at Madison Square Garden on Saturday, Dec. 3, the day before the start of this year's six-day race. Frank Kramer, who has held the title in this country for the past ten years, will compete against the European cracks, and Jack Clark, the little Australian, who has won the world title of trier of starters. The race is to be run in heats, best two out of three, or best three out of four, if a fourth is necessary. The first heat will be at one mile, the second at a mile and the other to be decided by the toss of a coin.

EASTERN BASEBALL LEAGUE AND ITS ALLY TO WAIT A YEAR

CHICAGO, Nov. 23.—Ignoring requests made by the American Association at previous meetings of the National Association of Professional Baseball Clubs, explains the failure of the growing minors to have an official representative at the recent gathering of the big baseball commission in Chicago. President Thomas Chivington of the American Association offered a little light on the demerited attitude of the association toward the national body. The feature of the annual meeting last week was the failure of the American Association to reclassify which would raise the level of the American Association and Eastern League into a class by themselves, to be rated as AA. This had been given out as one of the points which would surely bring up a heated fight during the course of the meeting. The threatened move did not materialize, however, for the simple reason that the American Association magnates regarded the request as hopeless and preferred to wait. The willingness to remain under the same classification for another year at least is explained by the fact that next fall the national agreement under which all the minor league clubs operate expires. It was intimated yesterday by the respective club-owners would consider a long time in 1911 before entering into another compact under the present arrangement. No definite line of attack has been mapped out yet, but indications point toward one thing—a combination of the Eastern League and American Association in a demand for a raise in the classification lists.

Exhibition Basketball

In an exhibition game of basketball between Parliament-street, Baptist and St. James last night, St. James won by a score of 35 to 20. The features of the game were the fast work of Luttrell, he scoring six straight baskets, and six foul shots and the excellent work of Art Hunt. The winners lined up as follows: Luttrell and Art Hunt, forwards; Bennett and Hunt, defence; E. Johnston, centre.

VIADUCT COST UNDER \$50,000 A YEAR.

Toronto people are going to hear one of these days just why The Evening Star is so bitter against the Bloor-street viaduct. The Star declares that "The World is 'particularly annoyed' because Mayor Geary would not go in for a policy of harbor development under a commission. This, of course, is a gratuitous deduction of The Star's. Why should we be particularly annoyed because The Star's candidate follows The Star's lead? Mayor Geary is at least consistent, which is more than The Star is.

The Star announces that it has Mayor Geary with it in opposition to the Bloor-street viaduct. The Star ought to know. It was Mayor Geary who was particularly annoyed with The World when The World pointed out the alliance between him and The Star at the time of his election. The alliance is evidently still existent, and some day the public will find out what the meaning of it. Meanwhile The Star indirectly attacks the whole policy of progressive legislation which Mayor Geary very properly helped to carry thru the council this year. The Star concentrates its opposition upon the Bloor-street viaduct. It piles fiscal Osses on tax-payers in order to scare the ratepayers into the belief that Toronto is going to the extravagant dogs, and that hard-working citizens are going to be taxed out of their bedclothes in order to build the Bloor-street viaduct. It juggles with figures in the approved manner, and would almost make the taxpayer dizzy if he did not wipe some of the rainbow mist out of his eyes.

All the expenditures for the next forty years are lined up by The Star and the ratepayer is solemnly told that Toronto cannot afford to build a viaduct now. Mayor Geary and Controller Spence have decided that it must wait. Toronto has waited for ten years, and the result is that twice the amount has to be paid for the viaduct to-day that would have built it then. All the revenue-producing expenditures are bunched together along with the projects which only produce revenue thru the extra assessment which improved property affords. Exhibition Park, waterworks, electrical system, street railway construction, local improvements, are all put down as the taxpayer had to hand out the money himself for the costs. This is surely disingenuous of The Star, and we do not believe The Star would mislead the people unless it had some good fat interested motive for doing so. Nor would The Star antagonize half of the city as it is doing on this viaduct question but for some special reason.

Perhaps The Star, if it is really so disinterested as it will certainly profess to be, and perhaps The Globe will join in its own frank and straightforward fashion, in pointing out that the cost of the Bloor-street viaduct, and also of the Parliament-street viaduct, which is to run into Rosedale and does not touch the banks of the Don at all, will cost \$879,000, and that the annual charges on this for the life of the debentures will be five per cent, or \$48,550 a year. This desperate sum will pay all the costs and interest and sinking fund and extinguish the debt. Surely The Star does not think it really deadly for the city to assume such a responsibility? The Star knows that the improvement from the viaduct will increase the assessment of the territory across the Don alone in a short time far beyond the point which will cover this amount in taxation.

But The Star, for some purpose, prefers to cloud the issue, and bury the viaduct question under a heap of digressions. Treat the question on its merits, and every ratepayer in the city will see the advantage of the bylaw. All that is needed is the facts.

Dr. Otto Klotz has demonstrated that the tad-pole is the first form of life. Comparatively few of us have got beyond the stage of big head.

When Emperor William gets after liquor and Emperor Robert gets after tobacco together the millennium must be approaching.

A Query Answered.

Editor World: Please answer the following questions: Was the Hon. S. C. Woods member for South Victoria in the Dominion Parliament, or was he Dominion treasurer at any time?

Second, what brought about the Pacific scandal? Who started to build the C. P. R., the Reform government or a company?

Constant Reader.

1. The Hon Samuel Casey Woods was returned to the Ontario Legislature at the general election of 1871, and sat till 1883, holding office under Sir Oliver Mowat, successively as provincial secretary, commissioner of agriculture and provincial treasurer.

2. The "Pacific scandal" originated

thru the charge made in the house of commons on April 2, 1875, by Mr. Huntington, member for Shefford, that the Macdonald government had granted charters to the C.P.R. by Sir Hugh Allan of Montreal, on the understanding that money would be advanced for the purpose of aiding the election of ministers and their supporters.

Ground was broken for the C.P.R. on May 2, 1881, by the company incorporated on Feb. 16, 1881.

THE QUEBEC PUBLIC UTILITIES COMMISSION AND THE MONTREAL STREET RAILWAY.

Montreal Star editorial: We give great credit to the Quebec Public Utilities Commission for the thorough, comprehensive, and vigorous action it has now taken with the object of lessening Montreal Street Railway accidents.

The order just issued by the commission is drastic; but it is thoroughly warranted by existing conditions in Montreal; it is obviously and sensibly based upon the educative experience of other cities; and it covers practically all of the points for which the Star has been contending in this immediate connection.

The old single truck cars are placed on the retired list and are ordered to be replaced at the rate of at least fifty per centum. All cars thirty feet or more in length and weighing 25,000 pounds must in future be equipped with air brakes, in addition to hand brakes. Cars operating on steep grades must also have emergency brakes.

Best of all, every car must be equipped with an automatic mechanical drop wheel-guard of the Hudson and Browning type or something similar. As soon as the wheel-guards are provided, the present fenders must be removed; and projecting draw-bars and bumpers are prohibited.

The speed limit of eight miles per hour, must be rigidly enforced, and full particulars of every accident must be immediately reported to the commission.

Working upon these lines, the Quebec Public Utilities Commission may itself be the greatest public utility in the province; because it will keep all other public utilities up to their responsibilities. It has, as we have always contended, great business powers, analogous to those of the railway commission. To enable it to discharge these responsibilities effectively in the public interest, it will need a considerable staff of assistants; and we feel sure that it has only to ask the provincial government to have its requirements in this direction granted.

It is one thing to issue an authoritative mandate and another thing to see that the mandate is obeyed. We cannot expect the commissioners themselves to do the work of inspectors and engineers and railway experts. They have more important work to do. Working upon business lines, the commission should have all the help it needs from the provincial and civic governments and the hearty support of all good citizens.

RECORD ART RUG SALE.

Yesterday's sale of oriental rugs at Messrs. Henderson's Art Galleries provided many bargains for those who attended. Looking to the real value of the examples offered they brought low prices, in some cases not half the cost price. But all the same, the sale attracted many people more than enough to indicate to show the public interest taken in these examples of high-class oriental workmanship. The record price during the sale was \$280, but at this apparently high price the sale was a decided bargain for the purchaser.

To-day the sale will be resumed in the afternoon at 2:30, and the rugs and carpets to be submitted to public view reserved auction to-day will provide opportunities even more attractive than those of yesterday. There will be offered many of the finest specimens of eastern workmanship in the collection made by His Excellency Sir Sidney B. formerly secretary of the Ottoman embassy at Washington and now general manager. His exceptional position enabled him to secure the collection on very favorable terms. Their intrinsic value is apparent to all who have seen them, and simply because in their number are included the products of the best and most noted of oriental looms.

HAS GONE TO MEXICO

William Mackenzie Investigating Conditions in the Troubled Republic.

Mexico will to-day have, in addition to its lively revolutionary episode, the opening of its racing season at Juarez, and according to reports received from the Mexican agents of the Bank of Commerce yesterday, there is no likelihood to be any prolonged interference with the peaceful occupations or amusements of President Diaz's republic.

H. Ireland of the Bank of Commerce said last night that the advice received from agents of the bank declared the reports of the uprising to be greatly exaggerated, and that the trouble only amounted to rioting in isolated places.

Wm. Mackenzie left Toronto last Friday night for Mexico City, but no message has been received from him so far. W. E. Davidson, secretary of Mexican Tramways Company, established by Mr. Mackenzie, expressed the opinion that President Diaz would be perfectly able to handle the situation.

John Mills, superintendent of Goodenham & Worts distillery, recently received a telegram from his brother, H. G. Mills, Torreon, Mexico, that there was no cause for alarm. Mr. Mills and Reginald Northcote, son of R. Northcote, Admiral-road, are both with the Continental Electric Rubber Company at Torreon.

A CITIZENS' CLUB

Scheme to Look After the Welfare of Chatham Young Men.

CHATHAM, Nov. 23.—(Special).—The citizens' league at their annual meeting, decided upon a scheme to promote a citizens' club, for the purpose of looking after the men of the city. The proposal is from a Y.M.C.A. fellow.

The citizens' club will provide a congenial place for the young men, where they will be given instructions in technical education, and amusements, such as are now provided by the pool rooms and the bowling alleys. The league decided not to "harp" on temperance, but an effort will be made to eliminate the gambling which prevails in Chatham among the young men.

Hewitt v. Patriarche.—P. H. Drayton, K.C., for owner. Motion by owner for an order vacating certificate of his pendens. Order made.

Judge's Chambers.

Before Falconbridge, C.J.

Duryea v. Kaufmann.—S. C. Wood, for plaintiff. D. L. McCarthy, K.C., for defendant. Motion by plaintiff for an order for inspection of premises of defendant and of the proceeds going on there. Judgment (v.v.): This is a separate and distinct application. I think there is no ground for an exactly similar one in our courts. I am inclined to think under the special circumstances of this case that the plaintiff is not entitled to the order. There are apparently preliminary questions (principally questions of fact) which ought to be disposed of before the plaintiff can be held entitled to what he asks. If he holds entitled to a proper case before the judge at trial these matters may then be investigated without difficulty. Costs of the motion to be costs in the cause to the successful party.

Single Court.

Clarkson v. Linden.—T. Hislop, for defendant. A. Lamport, for plaintiff. Motion by plaintiff for an order dismissing action, on the grounds (1) that plaintiff is only a provisional plaintiff, and had no right as such to bring the action, and (2) that the action joins in its own name, and different cause of action, another plaintiff asking leave to amend, motion refused.

Re Graham Estate.—F. Denton, K.C., for applicant. B. N. Davis, for beneficiary. S. W. Field, for remaining executor. Motion by F. Denton, K.C., executor and beneficiary, for an order construing the will of John Graham. Reserved.

Ellis v. Morris.—W. C. Mackay, for plaintiff. S. C. Smith, K.C., for defendant. Morris, W. T. J. Let, for defendant. Ferguson. An appeal by plaintiff from the report of the master in ordinary. Re-arrangement between parties, enlarged for two weeks.

Re Shields Estate.—E. T. Malone, K.C., for executors. A. W. Anglin, K.C., and J. F. Lash, for trustees. Toronto General Hospital. D. E. Thomson, K.C., for Hospital for Sick Children. J. D. Montgomery, for Girls' Home. Motion by executors of will of Jane Shields, deceased, for an order constraining the will. The clause requiring constraining was one giving the residue of her estate to the Toronto General Hospital for the purpose of a site in or near the centre of Toronto, for the erection, equipment and maintaining of an emergency hospital, to cost not less than \$20,000, in memory of her deceased brother, John Shields, the choice of site, etc. to be submitted and approved by her medical adviser, Dr. N. A. Powell. Dr. Powell having approved of a site at the northwest corner of College-street and University-avenue, and the Toronto General Hospital having started the erection of the emergency hospital there, and there being some doubt whether this site, etc. to be submitted and approved by her medical adviser, the motion is made to obtain the court's decision. Order declaring that the work may proceed on the site chosen and approved by Dr. Powell, as fulfilled in the language of the will. Costs of all parties out of estate.

Davy v. Foley.—M. K. Cowan, K.C., for plaintiff. W. M. German, K.C., for defendant. Motion by plaintiff for an injunction to restrain defendant from discharging water in the tall race of plaintiff on his property. By consent of parties pleadings in this action and

Farquharson the Barnard Argue Roth Stearns Oil and Gas Co.—C. H. Ritchie, K.C., for plaintiff. I. F. Hellmuth, K.C., for the Canada Co. M. Wilson K.C., and J. F. Edgar, for the Barnard Co. This is a test case to determine as between the Canada Co. and the purchasers from that company what rights were reserved under a standard form of conveyance adopted by the company in disposing of lands in the oil regions of western Ontario, in which they "excepted and reserved to the said company all minerals and quantities of metals and minerals and all springs of oil in or under the said land, whether already discovered or not, with liberty of ingress, etc., to the said company, to search for, work, mine, and produce the same, and for this purpose to make and use all needful roads and other works, doing no other unnecessary damage and making reasonable compensation for work done by the defendants, but that there is no reservation of natural gas, which remains the property of the land owner. There is no legal difficulty in allocating the same to different owners, and no difficulty in making the legal distinction of ownership as to gas and oil in the same well. With this limitation, however, that when the well is distinctly an oil well and the amount of gas merely a subsidiary concomitant, the whole gas under the reservation, and the whole of the well is distinctly a gas well. The defendants should account for net profits made from all gas obtained from the lot, and the Canada Co. for all royalties of the same. Success being divided, no costs to either side.

Scott v. Merchants' Bank—G. T. Blackstock, K.C., and T. P. Galt, K.C., for plaintiffs. G. C. Gibbons, K.C., and G. Gibbons (London) for defendants.

An appeal by plaintiff from the judgment of the court below, dated July 19, 1910, in an action by plaintiff, former manager of the Dominion Bank at Berlin, for \$10,000 on a cheque for that amount drawn by one C. N. Hughes, a Hebrew teacher on the Toronto public school staff, and to her and Rabbi Jacobs Mr. Hughes has referred the requests.

Chief Inspector Hughes has received a request from a teachers' agency in Syracuse, New York, asking for 20 Hebrew teachers. From Buffalo he got another request for 25 "cottages mothers" for certain Hebrew educational institutions. Widows with only one child will be taken. There is only one Hebrew teacher on the Toronto public school staff, and to her and Rabbi Jacobs Mr. Hughes has referred the requests.

An appeal by the township from a judgment of a divisional court reversing the judgment of Mulock, C.J., annulling the township bylaw to grant a bonus of \$20,000 to the St. Mary's and Western Railway Co. Appeal argued and judgment reserved.

Goodall v. Clark.—F. E. Hodgins, K.C., for defendant. R. S. Cassels, K.C., for plaintiff. An appeal from the judgment of a divisional court increasing by \$1500, making \$2700, the amount of damages awarded plaintiff by Mulock, C.J., on appeal from report of referee who found for plaintiff for \$8000. This action was for a declaration that the plaintiff was entitled under an agreement between him and defendant to receive 20,000 non-assessable shares of stock in the Lawson Mine, Limited, as the absolute purchaser and owner thereof, and the payment by defendant of \$5000 paid in as security by defendant. Appeal partially argued, but not concluded.

GERMANS DISCUSS THE HIGH COST OF LIVING

Government Sanctions Importation of Cattle and Swine From France, But Not America.

BERLIN, Nov. 23.—The Socialist interpellation as to the high price of meats was discussed in the Reichstag to-day. Johann Rupp, Conservative, admitted that prices were too high in many cities, but he blamed the middleman, and was opposed to the opening of the frontiers to foreign importation at the present time, which, he said, was inopportune for such a concession.

Herr Delbrueck, vice-chancellor and minister of the interior, said that Chancellor Von Bethmann-Hollweg, upon the solicitation of the south German governments, had sanctioned the importation from France of a fixed number of cattle and swine weekly. The importation of cattle from America, which was prohibited originally, owing to the prevalence of Texas fever, could not be permitted on veterinary grounds. American fresh beef was also barred, because of Texas fever, but if this prohibition were abrogated the importation would still be impossible, owing to the provision of the meat inspection law, which requires fresh beef to be imported in whole or halved carcasses with the internal organs intact.

Baron Schorlemer, the Prussian minister of agriculture, agreed that in most cities prices had reached a regrettable height, but the situation, he said, was not due to an inadequacy of the home supply.

HEBREW TEACHERS IN DEMAND.

Chief Inspector Hughes has received a request from a teachers' agency in Syracuse, New York, asking for 20 Hebrew teachers. From Buffalo he got another request for 25 "cottages mothers" for certain Hebrew educational institutions. Widows with only one child will be taken. There is only one Hebrew teacher on the Toronto public school staff, and to her and Rabbi Jacobs Mr. Hughes has referred the requests.

SAVED BY INRUSH OF WATER

Skipper and Wife Were in Cabin When Liner Crashed Into Barge.

NEW YORK, Nov. 23.—When the White Star liner Oceanic, in from Southampton, was coming up the bay to-day under reduced speed she ran into a barge laden with coal, and sent it to the bottom. The skipper of the barge, Capt. Herman Countant, and his wife, were in the cabin when the crash came, and their lives were saved because of the quick inrush of water thru the gaping wound in the barge's side, which forced the couple up thru the companion way, and into the bay, where they were picked up.

Captain Dropped Dead.

Sault Ste. Marie, Ont., Nov. 23.—(Special).—Capt. D. Gleason of the barge George B. Owen dropped dead here last night while his vessel was taking on a load of lumber at the saw-mills of the Lake Superior Corporation. Gleason was apparently in good health up to the time he dropped on the deck at 10 p.m.

Gwalior Presbyterian Mission.

The annual meeting of this mission will be held to-night in the schoolroom of Knox Church, Spadina-avenue. Dr. Wylie in Jhansi, will give his impressions of the field.

In addition to encouraging reports an interesting feature of the meeting will be the burning of the mortgage on the valuable property of the mission which is now entirely free of debt.

ENFORCING THE BYLAWS
POLICE CHIEF'S OPINION

M. H. O. Complains of Infractions
of Anti-Spitting and Sidewalk
Cleaning Regulations.

TO-DAY AT THE CITY HALL.

11 a.m.—Board of control.
3 p.m.—Property committee.
4 p.m.—Parks committee.

The works enquiry was postponed yesterday owing to Judge Winchester being occupied with other work. No definite date has been set for its resumption.

Dr. Hastings, medical health officer, yesterday wrote to the chief of police, asking for enforcement of the bylaws prohibiting spitting on the sidewalks and making it obligatory upon merchants to sweep the sidewalks before 9 a.m. The M.H.O. stated that he had seen a theatrical firm sweep out at 12.30 p.m., "filling the atmosphere with impurities."

Chief Graessl says the police must use their discretion as to restraining expectoration. He cannot be held responsible about to see whether they offend, but the police see that the practice is not allowed in places where men congregate. As to sweeping the sidewalks, some individuals do not get up in time to do so before the time specified, and a man cannot be fined for being five or ten minutes late.

The police have some suggestions to do that go beyond the bylaws, but people who do not comply exactly with every one of these bylaws," he added.

Excessive Charges.

The assessment commissioner reported to the board of control yesterday that the prices asked by property owners for land needed for the extension of Ashdale-avenue south of Queen-street were absurd. Mr. Foran's terms are not accepted, and appropriation will have to be resorted to. As an example, the Erie Realty Co. asked \$500 for a piece of land 6 feet by 90 feet, while the commissioner fixed the value at \$30.

The meeting of the civic legislation and reception committee scheduled for yesterday was postponed for a week, one reason being that the opponents of Ald. Phelan's motion to restrict the size and location of signboards have not their written arguments ready.

The legislation sub-committee of the joint committee on civic improvements was, thru a misunderstanding, unable to get a quorum yesterday.

Owing to complaints that the high crown on roadway pavements causes horses to slip, the works department is considering reducing the crown. The present crown is 4 inches for asphalt, 7 for bituminous and 5 for concrete.

Complained of Policemen.

A protest against being charged a \$5 fee by the city in connection with the concert given by the choir of St. John's Anglican Church in the West Toronto College of Music was made to the board of control by Mrs. Burke, proprietress of the college. Complaint was also made that the entrance of the auditorium and a policeman had detracted from the artistic qualities of the event. The fee was refunded, but the board assured her that the blue-coats had only their duty to perform. After about seven weeks of immunity, Toronto has another case of smallpox on its hands, and the Swiss Cottage, which has been closed since Oct. 4, has reopened its doors. Within two hours after the discovery of the fresh outbreak, the medical health officer secured the hospital staff.

The patient is an unmarried man about 25 years of age, who came from Pembroke ten days ago. The records of the provincial board of health show that a case of smallpox was recently found there. As the patient is traveling, there is reason to fear that the contagion has spread. The malady, however, is in a mild form. The house on Parliament-street, where he boarded, has been quarantined. There are eight inmates.

The smallpox hospital was opened on Dec. 4 last year, and was not closed for ten months.

New Parkdale Station.

W. G. Brownlee, general transportation manager of the Grand Trunk, has written the city engineer to say that he will recommend locating the proposed new Parkdale Station at the junction of King and Queen-streets at Roncesvalles-avenue, the site advocated by Ald. McCausland.

PROMISED BIG THINGS

Did a Little High Finance, and Then Skipped Out.

LINDSAY, Nov. 23.—The board of trade and the town council are looking for D. B. Thomas, who entered into negotiations to establish a boot and shoe and glove factory here, to supply 300 hands. Thomas was to get a free site and a fixed assessment for \$20,000 for a term of years.

He also entered into further relations with the board of trade to erect a tannery, which was to give work for 75 more persons.

The Standard Bank, which had advanced him some \$500, having demanded payment of the loan. Thomas went to the Home Bank and secured \$1000 in cash. He paid off his indebtedness to the Standard Bank. A. B. McGill, manager of the latter institution, learning that Thomas had bought a ticket for Toronto, wired detectives in that city to be on the lookout for the defaulter.

Judgment Against Patriarche.

On the failure of P. H. Patriarche or his counsel to appear in the non-jury assize court yesterday, Sir William Mulock gave speedy judgment for \$12,120 in favor of the Sovereign Bank. Patriarche is said to be in the United States.

The bank claimed that the money was due by Patriarche on account of a document he and others signed guaranteeing the indebtedness to the bank of the City Laundry Co.

CRIPPEN PAYS PENALTY
OF MURDER OF HIS WIFE

Condemned Man All But Collapsed
—No Confession Made—Miss
Leneve Avoids Publicity.

LONDON, Nov. 23.—Dr. Hawley Harvey Crippen to-day paid the penalty for the murder of his wife, Belle Elmore, the actress, within a few minutes of the stroke of nine. The hanging was in Pentonville Prison, where the prisoner had been confined since his return to this country, following his arrest in Canada.

The condemned man presented a pitiable appearance, as he was literally led thru the short corridor from his cell to the scaffold. His mental anguish had been too great to be concealed by outward bravado, and it was a broken man whom the warders were obliged to assist up the steps to the drop, which once reached, the shrieking figure all but collapsed.

The first report that Crippen had met his fate calmly was contradicted by persons who were present in the prison during the man's last hours. The doomed man passed a restless night and appeared haggard and worn, when awakened from his fitful slumber. A breakfast was brought in to him, but he left it untouched.

This morning, following the execution, the prison authorities issued an official statement, declaring that no confession had been made. Miss Leneve denies that Crippen confessed. Her story, which she says is as true as his, is that she maintained his innocence to the end. What was said to the priest, preceding abolition, cannot, of course, be known.

The Alleged Confession.

The Evening Times, which publishes the alleged confession, is not connected with the famed London Times, but is a sensational journal published on what is generally called American lines. The confession is declared to have been made orally to a third person who gave it to the Times, which says it is not connected with the London Times. Initial Steps Towards St. Jerome's College, Berlin, Coming In.

BERLIN, Ont., Nov. 23.—(Special.)—Initial steps have been taken looking toward the federation of St. Jerome's College, Berlin, with Toronto University. This was the principal item of business discussed at the annual meeting of the Alumni Association, held in connection with the three days' celebration, which is marking the opening of the new auditorium and gymnasium, just completed.

J. E. Day, of the Toronto law firm of Day, Ferguson & O'Sullivan, was elected president. Benefactors of the college were honored by election to honorary offices, G. H. C. Lang being elected honorary president; Hartman Krug and Rev. Father Foerster, vice-presidents.

The new gymnasium has the largest floor space and running track in the province.

FRAUDULENT USE OF MAIL.

CHATTANOOGA, Tenn., Nov. 23.—A special from Decatur, Ala., says John P. Knight, managing partner of the defunct cotton firm of Knight, Yancey & Company, which recently failed for about \$200,000, was arrested there today by a United States marshal, and taken to Huntsville. The arrest is made upon indictments found by the United States Grand Jury yesterday, charging fraudulent use of the mails.

Will Mayor and Council All Seek
Re-election?—Items of Interest
to Everybody.

NORTH TORONTO, Nov. 23.—(Special.)—With election a little over a month away, more or less restlessness is beginning to diversify among the municipal body and from week to week this will gradually widen and extend. Not even the fact that the ratepayers will be called upon to vote on a multiplicity of big issues, such as annexation, sewage and the electric light bylaws, can detract from the personal element of the separation from the municipality and council vote.

It is reasonably certain that every member of the present town council will seek re-election.

Mayor Brown is giving an excellent example to the town, and no reasonable doubt exists as to his re-election, if not by acclamation, then by an overwhelming vote. The mayor has already presided at the big, outstanding questions in a free open-minded manner, and any captious opposition, whether from within or without or out of it, would probably meet with a short shrift.

Similarly the other members of the council have in the main been giving a good account of their stewardship. The town is full of prospective candidates, and for the council board an election is already assured.

Down in Davenport Frank Grice has already announced to his friends that he will be a candidate for his old position. Mayor Brown connects the name of Councilor James Pears with retiring from the duties of the councillor, with which he has been for a number of years at intervals connected. If he likes to stay on the job nobody doubts his ability to constitute one of the council board for 1911. Similarly gossip connects Councilor D. D. Reid, chairman of the electric light matter, with aspirations for the mayor's chair, but it is not definitely known that he has so far expressed himself along this line.

A number of other possible candidates have been suggested, but the next fortnight will bring more clearly into the limelight the men who are willing to offer themselves on the altar of public service.

Big questions will undoubtedly come up for debate during the coming year, the annexation problem, which now seems practically assured, and other matters, more or less out of the details of the sewage proposition, which bids also to be entered upon. The electric light matter, which is really a new question, and on which little work has yet been done, looks like a busy year along municipal lines.

Don't forget the concert to be given in the town hall on Thursday evening, Nov. 24, in aid of the funds of the North Toronto public library. No more worthy cause exists in town, and the citizens will doubtless manifest their appreciation of the labors of the library staff by a good crowd.

The Citizens' Band had a great audience, but this ought to be even better.

Special anniversary services at Sunday morning services at St. John's Anglican Church, next. There will be three meetings: 11 a.m. and 7 p.m. and 7 p.m. and 7 p.m.

As was thought likely the town council will decline to ratify the resolution passed by the Ratepayers' Association on Saturday night, favoring a general rate over the town for the installation of a sewage system, but passed, instead, another resolution, the sum of \$150,000 to the general rate and \$75,000 as a special loan against the streets where water-mains are to be laid.

Councillor D. D. Reid was the only man to vote against the resolution, as Councilor Brown, who has heretofore strenuously opposed the proposal, consented to a compromise to accept the plan suggested, provided the town would work out the plan as adopted conditionally by the committee last night, differs materially from the local franchise tax in that it is proposed to base the tax on the assessed value of the lands on the side streets instead of the water mains are to be laid.

Solicitor Gibson, however, is not satisfied that the idea is feasible and while the plan is adopted conditionally by the committee last night, differs materially from the local franchise tax in that it is proposed to base the tax on the assessed value of the lands on the side streets instead of the water mains are to be laid.

For Business Use

There are a great many places and occasions when the possibility of getting extra heat immediately effects an economy by decreasing the discomfort of the worker. In the office, in the early morning or late at night, before or after the steam heat is on, it is of importance to have extra heat. In the builder's outside office, in the shipping room, in the checker's shack, on exposed lots, in railroad stations, in studios, the

PERFECTION
SMOKELESS
OIL HEATER
Absolutely smokeless and odorless

is often a necessity. It is safe, smokeless and odorless. Apply a match, and it gives heat quickly. With four quarts of oil it burns nine hours. Has automatic-locking flame spreader, which prevents the wick from being turned high enough to smoke, and is easy to remove and drop back so that the wick can be cleaned in an instant.

It has a cool handle and a damper top. An indicator always shows the amount of oil in the font. The filler-cap it is put in like a cork in a bottle, and is attached to the font by a chain.

The burner body or gallery cannot become wedged, because of a new device in construction, and consequently, it can always be easily unscrewed in an instant for reworking.

The Perfection Oil Heater is finished in japan or nickel. It is strong, durable, well made, built for service, yet light and ornamental.

Baptist Extension in Montreal.
Rev. D. Norton, superintendent of the Baptist home, has just returned from a trip to Montreal, where he has been busy with the advancement of the church work there. He conducted the first anniversary services of the Temple Baptist Church in the annex, where the congregation has grown from 30 to 100 members in a year's time. At the present time the meetings are being held over a bank building, which is being purchased at a cost of \$10,000. The new church building will be started early next summer. A lot has been purchased at a cost of \$4,000 for the building and no services.

Dr. Norton was present at a meeting of the Baptist ministers of the city and discussed the extension of the work in Montreal. As a result of the conference several new meeting-houses will be opened in the near future, and the work among the foreigners will be greatly enlarged.

New Justices of the Peace.
The Ontario Government has appointed the following as justices of the peace: Ex-Ald. R. C. Vaughan, 66 Dunvegan-street; Robert W. Eaton, 123 Walmer-road; Major J. A. Carlaw, Avenue-road; W. A. Dunn, 106 Davenport-road; William E. Johnston, 96 Arthur-street; W. H. Shapley, 209 Jameson-avenue; Dr. A. W. Thorne, 21 Pearson-avenue; Walter Mann, 11 O'Hara-avenue; H. C. Wilson, 25 Gifford-street; R. G. Leaman, 353 Broadview-avenue; and William Fahey, 21 Willocks-street.

Presentation to Bank Manager.
WOLSTOCK, N.S. (Special.)—E. W. Waud, who has been promoted to the inspectorship of the Molsons Bank at Montreal, after managing the branch here for some years, was tonight waited upon by many prominent citizens and presented with a gold watch and chain, and an illuminated address. Mrs. Waud was presented with a cabinet of sterling silver.

Rev. A. E. Armstrong, secretary of the Presbyterian Foreign Missionary Society, is conducting services in Orangeville. He will return the latter part of the week.

ESTATE NOTICES

IN THE MATTER OF THE ESTATE OF Elizabeth A. Scadding, Late of the City of Toronto, in the County of York, Spinster, Deceased.

Notice is hereby given, pursuant to R. S. O. Chapter 129, and Amending Acts, that all persons having claims against the estate of the said Elizabeth A. Scadding, who died on or about the eighth day of May, A. D. 1910, are to deliver to John A. Milne, of 175 Temple Building, the administrator of the said estate, or to the said John A. Milne, at the office of the said administrator, on or before the 15th day of December, 1910, their names, addresses and descriptions, and a full statement of the nature of their claims, and the nature of the security, if any held by them, duly verified.

And that after the said date the said administrator will proceed to distribute the assets of the estate among the persons entitled thereto, having regard only to the claims of which he shall have notice, and the said administrator will not be liable for the said assets, or for any part thereof, to any person or persons of whose claims no notice shall have been received at the time of distribution.

Dated this 11th day of November, A. D. 1910. JOHN T. LOFFUS, Solicitor of the City of Toronto, Collector of the said administrator of the estate of Elizabeth A. Scadding. Nov. 14, 1910.

NOTICE TO CREDITORS—IN THE MATTER OF ROBERT NEELY AND FRANK L. BLOOD, TRADING AS NEELY & BLOOD, Insolvent.

Notice is hereby given that the above named insolvent has made an assignment of his estate to the Receiver in Charge of the City of Toronto, under the R.S.O. 1910, Chapter 64.

The creditors are notified to meet at my office, McKinnon Building, Toronto, on Wednesday, the 23rd day of November, 1910, at 10 o'clock p.m., for the purpose of receiving a statement of his affairs, for the appointing of inspectors for the settling of the estate, and for the order of the affairs of the estate generally.

All persons claiming to rank upon the estate of the said insolvent must file their claims, proved by affidavit, with me on or before the 30th day of November, 1910, after which date I will proceed to distribute the assets of the said estate, having regard only to those claims only of which I shall then have received notice.

JAS. P. LANGLEY, F.C.A., Solicitor, McKinnon Building, Toronto, Nov. 21, 1910.

NOTICE TO CREDITORS.

Notice is hereby given, pursuant to the Statute in that behalf made, that all creditors and others having claims against the estate of Catherine Lochrie, late of the City of Toronto, in the County of York, married woman, deceased, who died on or about the 22nd day of October, A. D. 1910, are required to send full particulars of such claims, together with the nature of any security held by them, to the undersigned executor of the said estate, on or before the 31st day of December, A. D. 1910.

Notice is further given that, on or after the 31st day of December, A. D. 1910, the executor of the said estate, namely James Lochrie, of the said City of Toronto, manufacturer, will proceed to distribute the assets of the said estate, having regard only to those claims only of which I shall then have received notice.

A meeting of its creditors will be held at the head office of the said company, at the said Village of Delhi, on Monday, the 5th day of December, 1910, at the hour of one o'clock afternoon, to receive a statement of affairs, to appoint inspectors and fix their remuneration and for the order of the affairs of the estate generally.

Creditors are requested to file their claims with the Assignee, with the proofs and particulars thereof required by the said Act, on or before the day of "such meeting" as above, and notice is further given that after the 5th day of January, 1911, the assets of the debtor amongst the parties entitled thereto, and which shall not be liable for the assets of any person or persons of whose claim he shall not then have had notice, will be distributed.

GEORGE E. QUANCE, Assignee, HUGH P. INNES, Solicitor for Assignee, Simcoe, Ontario.

NOTICE TO CREDITORS—IN THE MATTER OF ROBERT NEELY AND FRANK L. BLOOD, TRADING AS NEELY & BLOOD, Insolvent.

Notice is hereby given that the above named insolvents have made an assignment of their estates to the Receiver in Charge of the City of Toronto, under the R.S.O. 1910, Chapter 64.

The creditors are notified to meet at my office, McKinnon Building, Toronto, on Friday, the 25th day of November, 1910, at three o'clock p.m., for the purpose of receiving a statement of their affairs, appointing inspectors and fixing their remuneration and for the order of the affairs of the estate generally.

All persons claiming to rank upon the estate of the said insolvents must file their claims with me on or before the 30th day of November, 1910, after which date I will proceed to distribute the assets thereof, having regard only to those claims only of which I shall then have received notice.

G. T. CLARKSON, Trustee, Toronto, November 22, 1910.

WATCH SAVED HIS LIFE.

CHATHAM, Nov. 23.—(Special).—Napoleon Caron, a farmer of Dover Township, was saved from probable death by a heavy gold watch, which he wore in a pocket above his heart. He was working in his stable, when a horse kicked him. The animal's foot struck him about the heart, and the force is at present in a critical condition. He but the doctors state that his life was undoubtedly saved by the heavy case watch.

TRANSPORT PORCUPINE ARE NOT IMPASSABLE

Bad Condition of Roads Has Been Exaggerated—Recent Developments in Camp.

NEW YORK, Nov. 23.—Mr. E. M. Flynn, general manager of the Porcupine Gold Mines Co., and one of the best posted mining experts on the camp, has just reached New York from Porcupine. In an interview with the secretary of the Porcupine Owners' Association, he stated that reports from Porcupine greatly exaggerated the impassable condition of the trails. Although there were a few days in which it was practically impossible to get into the camp, the recent frosts have hardened the ground and later frost and snow have made good sleighing. It is now possible to drive from Kelso, the point of departure from the T. and N. O. Railway, to Crawford's Landing. The lakes and rivers are not yet frozen enough to allow for teaming, but the trails are good from Crawford's to Hill's, and they are now being used for the transportation of supplies. Porcupine is a floating bridge being constructed across the Frederickhouse River, and it is only a question of a few days before it will be possible to drive from Kelso to Crawford's Landing. Mr. Flynn said that there has been so much published regarding the big deals being made in Porcupine, that the public must be more or less familiar with the more important ones. Mr. Flynn stated that the development of the Waldman syndicate, two veins with considerable promise have been discovered. The work at the Red Hill is progressing very favorably and there is every evidence that this is going to make an important producing property. The mill of the Porcupine Gold Mines Co. is being installed, and it is expected that the main ore body will be reached and a station cut at this point within two weeks. Mr. Flynn stated that the development of the Waldman syndicate, which is south of Tisdale, has been exceedingly favorable, and that this district will, with further development, prove up some very important mines. The veins of this district are very similar to the well-known Red Hill veins, and there is every indication that some very big bodies of mill ore will be developed. In fact, the work done on a number of properties has already demonstrated large bodies of mill ore.

Cobalt--No Outstanding Tendering Stocks; Prices Are Steady

Nipissing Shares Turn Strong Little Change in General List

Mining Markets Exceedingly Dull, With Only Small Price Fluctuations—Some Signs of Strength Apparent.

World Office. Wednesday Evening, Nov. 23. Trading in Cobalt stocks continued very dull during today's session of the mining markets, and with few exceptions values held comparatively unchanged from the preceding day.

Nipissing was the only issue to display any outstanding feature. Three shares sold back to \$11 under a small volume of trading, and at the close were wanted around the top figure. This represented an advance of 20 points from the previous sale on Monday last. There was no new development to account for the higher prices, but as usual on an advance, rumors of an increase in return for the shareholders were circulated.

In the cheaper stocks McKinnley-Darragh made a further gain of two points on buying inspired wholly by the dividend return on the 14th. Hargraves was under pressure, selling back to \$11-1/2 and Wetlaufer and Little Nipissing were also easier. Beaver was slightly firmer.

The market throughout was a dull affair and gave little indication of any pronounced tendency. The public are seemingly not disposed to enter into the transactions to any extent, meanwhile trading promises to move along in a rut.

Had Severe Pains In His Back. Could Hardly Work.

Mr. Alfred E. Davis, Gorrie, Ont., writes: "For some years I suffered from severe pains in my back and could hardly work. It was when I was 40 years of age that I began to feel the effects of the disease. I was unable to do any work and was in constant pain. I tried many remedies but to no avail. I was advised to try Doan's Kidney Pills, and after taking two boxes I was entirely cured. I can now do any work I wish to do and am free from all my former troubles. I cannot speak too highly in your favor."

Doan's Kidney Pills are a specific for all kidney troubles. They help the kidneys to flush out the acid and poisonous impurities which have collected, thus clearing out the kidneys, bladder and urinary passages. Price 50¢ per box or 2 for \$1.25, at all dealers or mailed direct on receipt of 50¢ in stamps. Doan's Kidney Pills are a specific for all kidney troubles.
