COMMENTING ON THE TROUBLE IN INDIA.

Col. Warburton's Services Declined Because He Was Past Activa Service Age.

His Influence in the Khyber District a Greater Guarantee of Peace Than a Garrison--Heavy Fighting Expected in the Ublan Pass--Rebels Armed With Lee-Enfield and Martini Rifles--Relief at Bombay at the Dispersal of the Tribesmen Who Blockaded the Kohat Pass--Col. Gordon's Troops en Route from Peshawar--Afghans Joining the Mad Mullah--Faure's Welcome Home from Russia.

Bombay, Aug. 31.--Great relief is felt in official circles here at the news that the tribesmen who yesterday blockaded the Kohat Pass have been dispersed. Col. Gordon's troops proceeded this morning from Peshawar towards Kohat. Despatches received from Peshawar to-day say that all is quiet there, though occasional shots are exchanged between the advance posts and the insurgents.

A cavalry reconnaissance was made at daybreak today in the light into the territory of the Khyber Pass, without the discovery of any of the enemy. The notorious Mullah of Haddah, who has been at the bottom of a great deal of the present trouble, is reported to have refused to send assistance to the Afridis who begged him for aid.

The Mullah has been joined by large numbers of tribesmen from Afghanistan. Disquieting news has been received from Quetta, the British troops have assembled on the hills about the Machi-Baluchistan. Tribesmen have assembled on the hills about the Machi-Baluchistan. Tribesmen have assembled on the hills about the Machi-Baluchistan.

Other signs of coming trouble in this region are found in the flight into the territory of the Ameer of Afghanistan of two important chiefs, the heads of the Buzurgabad and the heads of the Pishan villages, with their families.

Two military officers and four coolies who were working upon a road near the Harwar Railway, district of Ghazni, the native lives in that district are generally considered untrustworthy.

The Civil and Military Gazette, a paper of high standing, says: "The Empire is wrapped up in real tape. Col. Warburton, whose influence in the Khyber is a greater guarantee of peace than a garrison, offered his services to-day but he was declined because he was past active service."

The mobilization scheme broke down and the frontier force was stuck for want of transport. Orders to purchase animals are being issued.

"We know as a fact that the Mohmands in the Shabakar field were nearly all armed with Lee-Enfield and Martini rifles, and that the Haddah Mullah paid each fighter receiving eight annas daily."

Heavy Fighting Expected. Peshawar, Aug. 31.--Aswachen, one of the most influential Khans of the Khyber Pass, his house here has been seized by the authorities.

There have been many snuffboxes among the members of the British and British colonies operating against the enemy.

Short Range Rifles Only. London, Aug. 31.--The Government has resorted to a peculiar measure in relation to the arming of the natives in India. The Birmingham gun manufacturers and dealers were notified to-day that no guns sighted at a greater range than 300 yards would be admitted into India, pending the duration of the rebellion on the frontier.

Gen. Low Concesses Patient. London, Sept. 1.--General Low has written a letter to the Standard enjoining the public to have patience and confidence in the military authorities in India. He says that it is useless to order an advance of the troops until the men are properly equipped, Khyber Pass, he thinks, will be easily recaptured, and he is of the opinion that the whole uprising will collapse at the first success of the British arms. He adds that it will take time to collect the necessary troops and to transport the necessary munitions and to secure the scene of the trouble.

BACK FROM RUSSIA. Faure and Hottelard Landed at Dunkirk Yesterday Morning. Dunkirk, Aug. 31.--President Faure and M. Hottelard, French Minister for Foreign Affairs, landed here at 9.45 on their return from Russia. They were met by the premier, M. Meunier, the Minister for War, General Billot, and the Minister of Marine, Admiral Besnard. M. Meunier, in tendering the President

A MOVE IN ROSSLAND.

Markdale, Ont., Aug. 31.--The meeting held here to-night in the interest of the Conservative party was a grand success. Mr. J. P. Whitney, Q.C., M.L.A., accompanied by Lieut.-Col. Matheson, M.L.A., arrived from Owen Sound by the C.P.R. train at 4.30 p.m. They were met at the depot by a number of the leading Conservatives of the town.

The Opposition Leader and His Colleagues Were Received Enthusiastically at a Large Meeting. A reception was held for two hours in the afternoon at the Markdale House, and in the evening there was a large meeting at the Roller King. Motions announced: Welcome to Our Leaders and "Whitney Our Next Premier."

Mr. Thomas Kelly, President of the East Grey L.C., was in the chair, and Dr. Sproule, Col. Matheson and the Opposition leader delivered addresses, which were very warmly received by the large assembly.

The Premier goes to Ottawa to-morrow night for the reception there, and the next morning will start for Arthur's Bay, where he will take a couple of weeks' rest. Sir Wilfrid will not be able to attend the Toronto Fair.

The Canadian Medical Association concluded its labors to-day by selecting and electing the following officers: President, Dr. J. M. Beausoleil, Montreal; Vice-Presidents, Prince Edward Island, R. MacNeill, M.D., Stanley Bridge; Nova Scotia, R. A. H. McKee, M.D., Lunenburg; New Brunswick, P. B. Lynch, M.D., St. John; Quebec, E. S. Parke, M.D., Quebec; Ontario, A. Macpherson, M.D., Toronto; Manitoba, R. Jones, M.D., Winnipeg; Northwest Territories, F. C. Newburn, M.D., Yellowknife; British Columbia, H. Mitchell, M.D., Vancouver.

The Canadian Medical Association decided to-day in favor of inter-provincial registration, except Ontario, which was left out of the record, but, possibly, lower prices, and visitors will be looking up temporary premises.

The British Medical Association opened its meeting to-day. Dr. Rodick delivered the opening address, and this evening a dinner was given to Lord Lister, followed by a reception at Laval University.

Donald McLeod, Telegraph Operator, Struck by a Trolley and Still Unconscious. Following close upon Monday night's fatal trolley accident, another occurred to-day morning, which is likely to prove fatal.

When we picked up McLeod was unconscious and the ambulance removed the injured man to his home. Dr. Lehmann's car was driven to the scene of the accident, and Dr. Lehmann said that McLeod was still unconscious and was suffering from scalp wounds, a saw and rotary instrument had also a badly bruised foot. The Doctor stated that he was likely to die, but would live till morning.

Extending the Glad Hand. When Torontonians are called upon to play the host they are neither slow nor behind the times. To the multitude of strangers who will seek our hospitality during the Victorian Era Exhibition we will extend the glad hand and lead them gently towards Quinn's great microscope will be needed to see the goodness and nervousness of the autumn leaf fixings.

On the return to Adams & Sons Company, 11 and 13 Jarvis-street, Toronto, Ontario, of one wrapper from Adams' Tutti-Frutti Gum, two beautiful paper dolls, with moveable heads and bodies, will be sent free.

At St. Bartholomew's Church, River-street, last night, by Rev. J. Taylor, was solemnized the marriage of Mary T. W. Tobin, youngest son of Joseph Tobin, Collector of Customs, Dufferin-street, to Jane, youngest daughter of the late John and Mary Ann Tobin. The charming bride and her popular young husband were the recipients of many handsome and useful presents.

Montreal, Aug. 31.--(Special.)--Sir Wilfrid Laurier's big reception is now a thing of the past, and the Premier spent to-day talking over the rather serious division which exists here in the party ranks. It is said the anti-Tarte faction insists that the Minister of Public Works must go, but Sir Wilfrid replies: "If Tarte goes I will go also," and he offers to take either Mr. Prefontaine or Mr. Beausoleil in the Cabinet. The rebels favor Beausoleil, but Mr. Tarte prefers Ald. Prefontaine, and so the matter rests till after the fireworks are over in Ottawa.

Lady Kirkpatrick Performs the Opening Ceremonies.

PRESSED THE BUTTON; ENGINES STARTED

The Delightful Weather Brought Out a Record-Breaking Crowd.

Sir George Kirkpatrick, Lieutenant-Governor of Ontario, Was Present and the People Cheered Him to the Echo--A Complimentary Address--The Attractions in Front of the Grand Stand Will Improve as the Show Progresses--The Representation of the Queen's Jubilee--Carrier Pigeons Bring Messages of Congratulation from Ontario Cities--To-day's Program.

Canada's great Victorian Era Exposition and Industrial Fair was opened yesterday afternoon by Lady Kirkpatrick. The weather was delightful and the crowd was the largest that ever attended an opening day since the Exhibition was instituted. The grounds are in splendid condition this year, and exhibitors have spared no expense to make their displays attractive and interesting. In fact, everything points to the greatest possible success for the big Fair this year.

Lieutenant-Governor Sir George A. Kirkpatrick and Lady Kirkpatrick arrived at the grounds at 2.30, and were escorted to the small platform immediately in front of the big grand stand. Their appearance was a signal for loud applause from the thousands in the stand and on the lawn. In the official party were President Withrow, Hon. A. S. Hardy and Mrs. Hardy, Mayor Shaw, Hon. G. W. Allan, the directors and members of the City Council.

The address to Lady Kirkpatrick was read by President Withrow, and was as follows: "Madam, on behalf of the Industrial Exhibition Association of Toronto, we thank you for having on such short notice consented to open the same for us. We are sure that your presence will be a great help to us, and we are sure that you will be able to do us much good by your presence. We are sure that you will be able to do us much good by your presence. We are sure that you will be able to do us much good by your presence."

Every reference to the Lieutenant-Governor elicited warm applause from the thousands in the stand and on the lawn. The cheering was so loud and so long that the speaker was obliged to stop. The Lieutenant-Governor then addressed the people, and said that he was glad to see the people so interested in the Exhibition, and that he was sure that the Exhibition would be a great success.

The opening ceremony will have been performed by the Lieutenant-Governor, and we are sure that no more appropriate occasion could have been chosen for the inauguration of the Exhibition. The new trade have enhanced the city's business section with this beautiful block--and we are sure that the Exhibition will be a great success.

The Exhibition, which you are about to open, will be found a grand display of the resources and industries of the great Dominion of Canada, and it is the last important feature of which is the work of women and children. This department has already been noted for its excellence, and we are sure that it will be a great success.

Little Monte Cristo. The production of "Little Monte Cristo," which will be given at the Toronto Opera House next week, is one of the best of its kind. The plot is scenic, musical burlesque, and affords ample opportunity for the introduction of the latest popular airs, songs and specialties. The engagement commences with a special matinee on Saturday afternoon. Miss Jessie Beahm, the English comedienne, will be seen in the dual role of Edmond Dantes and the Count of Monte Cristo. The company is made up of a number of well-known entertainers.

Both shows are well worth seeing. An Event of Importance. Already many enquiries have been made at the Grand for seats for Margaret Matron's engagement, which promises to be one of the theatrical events of the season. Miss Mather is to present "Cymbeline" which made such an immense hit in New York last season, and is said to be one of the most marvellous scenic productions ever placed upon an American stage. During the engagement Miss Mather will also be seen in "Leah" and "Home and Juliet."

At the Auditorium. An excellent bill of moving pictures, in addition to the Queen's Jubilee procession exhibition, given by the marvellous magnificence at the Auditorium yesterday afternoon and evening, was much appreciated by the audiences in attendance. The amusement seekers of Toronto will do well to pay a visit to the Auditorium during the week. The pictures are undeniably the best and clearest ever shown in Canada. The magnificence is all that the management claim, namely, the highest stage, unlimited photography, and the Queen's most marvellous scenic production is seen in London on June 22. Two performances are given daily.

Expert Ogilvie Talks About the Klondike and Wonderful Wealth. He Says All That is Needed is Easy and Cheap Access to That Land. Believes That the Man Who Stays Home and Plods on His Farm is Better Off Than the Pacer Miner—The Yukon Country the Richest and Most Extensive Mining Area in the World, but the Conditions Are Bad.

THE TORONTO WORLD

Seattle, Aug. 31.—Mr. William Ogilvie, official surveyor in the Northwest Territory for the Dominion Government, has made the following statement to a reporter: In 1887 I was sent in by the Canadian Government to determine the position of the boundary between the Yukon and the Klondike rivers. The result of my observations, he told me, was that the Yukon river is a little further down the coast than I had done. This was any dispute, never was cause for any dispute, and between two civilized, fairly honest people, there can never be any dispute. The two governments concerned, I believe, agreed to split the difference between Mr. McGee's determination and my own, so the question is practically settled, so far as this vicinity is concerned, at least. My line is now plainly marked on the ground, and the commission may move it a hundred feet one way or the other, perhaps to the westward. But even assuming that it were moved eastward the mile from where I have marked it, it would affect no claim or right of interest now known in the country.

THE TORONTO WORLD

Man Who Stays at Home. My interest is, and I have had considerable, in the man who stays at home and plods on his farm, or in the shop or in the office, is in a vast majority of cases, better off, healthier, physically, and more contented, than the man who goes to the Klondike. He has answered the end of nature's law, he has made himself a man, and a man who devotes his life to the calling of a miner, and who goes to the Klondike, is somebody must do it, and let us give all honor to those who do it, as well as to the man who stays at home. A large number of valuable presents were received by the bride and bridegroom. Dogs at Tag-of-War. A most interesting tug-of-war was witnessed by passers-by on Lansdowne avenue, near Queen-street, yesterday afternoon. The contestants were three dogs belonging to residents on that thoroughfare—Tom and Jerry, two fox terriers and Nigger, Newfoundland dog. An ordinary barrel hoop is given to the trio, and the terriers range themselves in opposition to the bigger dog, honor were the Misses Gardner and Chadwick. The groom was supported
