BRITAIN RESOLVED TO END INVASION OF POLAND

Lloyd George and Asquith Cross Swords Over Irish Crimes Bill

ACRIMONIOUS DEBATE ON IRISH CRIMES BILL PREMIER DEFENDS IT

Heated Scene Between Lloyd George and Asquith, Who Criticize Measure—Proposes Dominion Home Rule—Measure Passes Second Reading by Vote of 289 to 71.

Ottawa, Aug. 5.—Speaking before a gathering which included the Premier, the Governor-General, members of the government and of parliament, from the four corners of the empire, and others prominent in the Dominion, Premier Lloyd George tonight denounced the principle which, in his opinion, should govern the writer and distributor of news. "The distribution of news is now the greatest trust in the whole body democratic," he declared. "The opportunities for good are infinite, the abilities of mischief are just as vast. In my way of looking at it there is only one motto an editor need to bother much about and that is to tell the truth. For a good newspaper man I think there is only one proverb, 'The truth shall make you free.'"

Mr. Meighen explained to the gathering that the number of ways in which newspaper men might fail to live up to the spirit of this principle. Misstatements might be made, understatements or overstatements published, but the favorite method, he declared, was the half-truth.

Lord Buxton's Assurance. Mr. Meighen's speech was made at the official dinner tendered by the government to members of the Imperial Press Conference, at which the government-general presided. He took advantage of the toast, "Our Guests," to direct the attention of the gathering to his views, and gave to the delegates a hearty welcome to the Dominion. Lord Buxton, president of the Empire Press Union, responded to the toast. He emphasized the importance of co-operation between the various parts of the empire, and between governments and press. The press, he said, would do all in its power to assist in arriving at a solution of the grave problems of the day.

Hon. Arthur Meighen, prime minister, in welcoming the delegates, remarked that the influence and permanency of the press was a factor which could not be overlooked by the members of the conference might have in common, as by the public advantage to be derived from a press which is independent and free. He continued: "There can be no institution in a democratic country—and the British Empire is the most thoroughgoing democracy on earth—no institution with the possible exception of government itself, which is of such close and vital concern to the whole population as the press. This has always been true and as time goes on, it becomes increasingly and predominantly true. I said with the 'possible' exception of government, because ultimately in a country like ours, we are governed by public opinion and the press has more influence than any other body."

RAILWAY INSPECTION REPORT BY DR. REID
May Bring West's Coal to Ontario—Repairs Needed on G.T.P. Line.
CROPS EXTRA GOOD
Ottawa, Aug. 5.—(By Canadian Press).—Hon. J. D. Reid, minister of railways and canals, has returned from a trip over the Canadian National Railway system in western Canada. The minister traveled over the Grand Trunk Pacific to Prince Rupert, thence by steamer to Victoria and Vancouver. He states that the grand trunk Pacific will require considerable expenditure to bring it roadbed up to standard, including the rebuilding and filling in of a number of wooden bridges. The Canadian Northern he found to be in good condition. The work of coordinating the two government lines is in process, and within very short time the two systems will be operated under one management.

Dr. Reid states that the crop prospects are excellent and western farmers are looking forward to a prosperous year, and are very optimistic as to the future.
Western Coal for Ontario.
The minister believes that it is in the interest of Ontario and Quebec that some action should be taken to supply these provinces with coal from western Canada, as well as from British Columbia, for industrial purposes, in view of the possible shortage of that commodity this coming winter. He is of the opinion that the grand trunk Pacific coal cars and locomotives may have to be supplied by the government to the Canadian National and Canadian Pacific railways for the purpose of carrying that commercial coal may be desired in Ontario and Quebec at the lowest possible price. The long haul adds to the cost, and Dr. Reid feels that every effort should be made to reduce this cost to the minimum.

London, Aug. 5.—After a debate which developed great heat and a personal scene between Mr. Lloyd George and Herbert H. Asquith, the government at 11 o'clock tonight defeated the motion of John Robert Clynes (Labourite) for rejection of the new Irish crimes bill, and the measure passed its second reading by a vote of 289 to 71. The voting was carried out under a motion moved in the house early today by Andrew Bonar Law, providing for passage of the bill by 6 o'clock tomorrow evening.

At the very opening of debate, the days of Parnell were recalled. Mr. Asquith started an angry duel with the premier by declaring the situation in Ireland needed Cromwellian treatment, but that he could see no Cromwell in the government. The premier retorted by describing Mr. Asquith as Cromwell when he was in power.

Sir Hamar Greenwood, chief secretary for Ireland, opened the discussion by explaining it was not intended for the bill to supersede the ordinary courts; it would only apply to disturbed areas at the discretion of the Irish government, and would not be operated in a revengeful spirit.

Mr. Asquith then spoke, blaming the government for the present position in Ireland. This met with angry cries of dissent. He declared he was not assayed by the spectre of an Irish republic, because he believed to concede dominion home rule to Ireland would cast the cry for a republic to dwindle away.

Reheated protests were made that Asquith (Continued on Page 11, Column 1).

SOVIET REFUSES DEMAND TO HALT RED ADVANCE
Claims That Army Would Refuse to Obey Order, Having Been Promised Looting of Warsaw.
London, Friday, Aug. 5.—The Russian soviet's reply to Great Britain's call for a halt of the Bolshevik advance in Poland is a refusal, according to The London Times. The newspaper says the ground taken is that the armies would not obey an order to halt, and will only be content when they reach Warsaw, which has been promised to them for loot.

The Times says the note to the British government was received by M. Kameneff, one of the Bolshevik delegates here, Thursday night, and will be handed to Premier Lloyd George this morning. According to The Times, the note says the Bolsheviks are entitled both by military and international law to continue their advance until an armistice is concluded. They are, however, prepared to sign an armistice and cease hostilities immediately if the Polish delegates return to the appointed place with power to arrange an armistice of peace.

LOYD GEORGE TELLS COMMONS

Germany Is Prepared To Resist Sending Troops Thru Territory
Berlin, Aug. 5.—The German government is determined to prevent by all means the entente from sending troops thru Germany to help Poland, according to a declaration made in the reichstag today by Dr. Walter Simons, the foreign minister.

Dr. Simons intimated that if the necessity arose Germany would fight to prevent such a "violation" of German territory.

POLISH ARMY IS FIGHTING WITH BACKS TO THE WALL
Defence Stiffening Against Red Invasion—Bolsheviks Are Virtually at the Gates of Warsaw—Transport Is Imperfect—Advance Stopped in Places.

Paris, Aug. 5.—Inspired by a wave of patriotism in the rear, and encouraged by the arrival of arms and munitions, the Polish army seems to be stiffening in its defence against the invasion of the Bolsheviks, who are virtually at the gates of Warsaw, Poland's capital.

SEEKING TO BREAK LINE.
Berlin, Aug. 5.—Fighting is now going on virtually on the plains before Warsaw, says The Tagblatt's special East Prussian frontier correspondent. The Poles were reported to be making a stand at the latter place. The communists reports fierce fighting along the Bug, the Reds having forced the stream in the region of Orshchyn, and the Polish troops endeavoring to throw the Bolsheviks back across the river.

No Ultimatum Sent to Soviet, but Britain is Pressing for Immediate Armistice—No Truth in Report that Arms Are Being Rushed to Poland and that British Divisions Have Been Warned.
London, Aug. 5.—A statement on the Russo-Polish situation, made in the house of commons today by Premier Lloyd George, showed that the report that Great Britain had sent an ultimatum to the soviet government in Moscow was unfounded. The statement showed also that the real situation at present is that the British government is still pressing the soviet government to conclude an armistice with Poland on fair terms, and agree to negotiate for peace at the conference already proposed by the allies to be held in London.

Mr. Lloyd George was closely pressed by questioners, who were securing assurance that Great Britain will not become involved in war with Russia without the consent of parliament, but he could not be farther than to promise a full statement of the situation Monday. He added the hope that it would not be necessary to act, but said that the government certainly would take action if this were found to be necessary.

Polish Delegation on the Way.
Meantime news had reached London, to the effect that Poland's armistice delegation had started for Moscow to meet the soviet representatives, and it may be assumed that the Poles now have the necessary powers to discuss the principles of peace, which the Bolsheviks demanded. An official statement, issued tonight, declares there is no truth in the report printed in the newspapers, that a large quantity of war materials are being sent to Poland, and that the war office would be sent four divisions of troops there in the next few weeks.

VERY DISASTROUS FIRE AT COQUITLAN, B.C.
Vancouver, Aug. 5.—The business section of the town of Coquitlan, 17 miles east of this city, is reported destroyed by fire. Several stores, a hotel and the firehall are said to have been burned, and a considerable amount of the Canadian Pacific Railway freight sheds were burning. The loss is estimated at over \$200,000.

CHARLIE'S SOCIALISM SPOILED HOME LIFE
Mrs. Chaplin Says He Preached Theories and Made Her Prostrate.
New York, Aug. 5.—(Special J.)—Charlie Chaplin's socialistic theories did as much to wreck his home as ever his astute pie did damage in the kitchen of the film. This was the statement made by his wife, Mrs. Mildred Harris Chaplin, who admitted yesterday at the Hotel Chatham that she had brought suit for divorce on the grounds of "mental cruelty" in the Los Angeles courts.

"I wouldn't say anything to hurt Charlie," she said. "But it is true. I thought everybody knew that he is interested in socialism. He brought his radical friends to the house, and I didn't like them. I wouldn't eat with them."
"The trouble with Charlie's socialism was that he wanted to do the preaching and let me do the practicing. He talked a lot about how wrong it was to spend money on luxuries. That was why he wouldn't let me have a car. But he had a big machine himself. I had to take taxis, and then he found fault with the bill."

NOTHING LESS THAN REPUBLIC

De Valera Writes Irish Leader He Never Sanctioned Dominion Home Rule.

Washington, Aug. 5.—Eamonn de Valera, self-styled "president of the Irish republic," made public here today a cablegram he has sent to Arthur Griffith, acting head of the republic, characterizing as "absurd" reports that de Valera had written to associates in Ireland that he would accept colonial home rule.

"From cable despatches published here," his message said, "it is evident that an attempt is being made to fool the Irish people into the belief that I have written a letter indicating that I would accept colonial home rule. I have, of course, never at any time written any such letter. Anyone in possession of a letter of mine, no matter how confidential, on any such topic, is free to publish it."

"Surely no one can think that now, when the republic is established, I would counsel a course which I refused to stand for when the republic was yet a hope. The whole thing is absurd."

Dublin Will Confer Freedom On Mannix on His Arrival

Dublin, Aug. 5.—The freedom of the city for Archbishop Mannix, Australia, was voted unanimously at a special meeting of the Dublin corporation today. A committee was appointed to make arrangements to meet the archbishop on his arrival.

Today's meeting of the corporation did not excite unusual interest. There was no crowd of visitors in the galleries and less than 40 of the 80 members attended.

A cablegram was read from Archbishop Mannix, in which he expressed his appreciation of the corporation's decision to grant him the freedom of the city. He also expressed his confidence in the corporation's decision to prevent him from going to the States.

BURGLARS' BIG HAUL IN MONTREAL JEWELER'S

Montreal, Aug. 5.—When S. Ross Vineberg, diamond merchant, 51 Craig street, went to his place of business today he found that burglars had visited the premises during the night and made away with jewelry worth \$5,000. All the doors and windows were fitted with burglar alarms, but the burglars had made their entrance from a room above by cutting a hole thru the ceiling.

WHEN A MOTOR-CAR MEETS A MOTOR-TRUCK

The pictures show the effect of a violent collision yesterday morning at the corner of Dundas street and Brock avenue between a large touring car and a truck owned by the William Davies Company. The motor car came off second best, as can be seen, and the driver, J. Tushingham, was injured and removed to a hospital.

SAFE AND PROFITABLE FOR EXSEX FARMER

It's the Wicked Agent of Montreal Liquor Men Who Takes Risk.

Windsor, Ont., Aug. 5.—(Special).—A milk producer near Windsor today said it was most unfair to a lot of well-to-do and practically innocent farmers to say that they brought in the floods of whiskey that keep coming to the border here for sale in Detroit. Montreal dealers or their agents do the bringing in; all the farmer does is to let them use his name as the consignee of the goods and let it be stored in his house. They pay for the goods, arrange for the discharge of the freight or express packages and delivery to the farmer's house, and they also do the raiding or running of the stuff over to the States. The farmer takes no risk, handles nothing. Any fines or seizures are not at his expense. All he does is to get a decent royalty or toll on every package that comes to his name and to his cellar. But he gives no orders and he takes no risk.

SEARCH FOR CAPTAIN'S SON

Sarnia, Ont., Aug. 5.—A search is being conducted on this side of the river for Fred K. Finnegan, 15-year-old son of Captain and Mrs. Fred Finnegan of St. Clair, Michigan, who mysteriously disappeared from his father's ship, the Sir William Sidmans, while it was docked in the river.

IMPORTANT ADDRESS BY MEIGHEN ON AUG. 11

Ottawa, Aug. 5.—(By Can. Press).—The picnic in West Hastings, represented in parliament by Guss Forter, at which Hon. Arthur Meighen, on Aug. 11, will deliver his first address dealing with political subjects since becoming prime minister, will be held at the town of Sterling, sixteen miles from Belleville. Posters announcing the event received in Ottawa this morning indicate that the gathering will be of mammoth proportions.

The speech-making will take place in the afternoon, and, in addition to the prime minister, Brig.-General A. E. Ross of Kingston and members representing all adjacent constituencies who support the government, will be heard.

Western Ontario Towns Roast Union Gas Co.

Windsor, Ont., Aug. 5.—Representatives of some 35 western Ontario municipalities met in this city today and wrestled with the natural gas question. The delegates placed themselves on record in no uncertain way in both the matter of taking the necessary steps to obtain more adequate supply of gas and as opposed to the "clubbing" methods adopted by the Union Gas and Oil Company to compel consumers to pay a considerably higher price for what gas they did receive.

Prince George, B. C., Aug. 5.—Capt. Street announced today repairs of the damaged airplane are proceeding so readily it is likely the flight of the four U. S. aviators on their journey to Nome, Alaska, may be resumed Monday.

Honor Deputy Chief Gunn At Meet of Firemen

Gravenhurst, Ont., Aug. 5.—A very successful tournament under the auspices of the Northern Volunteer Firemen's Association was held here today. The towns in the association are Barrie, Bracebridge, Burk's Falls, Gravenhurst, Huntsville, Midland, Orillia, Pennington and Parry Sound and all were represented. About 3,000 people attended. The tournament took place at the Agricultural Park.

Deputy Fire Chief Alex. Gunn of Toronto acted as judge in the firemen's events. He was presented by Mayor Vanstone, on behalf of the local fire brigade, with a valuable shaving brush. Huntsville proved victors in the three principal events.

BRITAIN READY TO ACT IF NEEDED

(Continued From Page 1).

Labour parties thru the country, to rally the Labour party into organizing demonstrations against intervention in Russia, or supplying men or munitions to Poland. The circular favors the immediate raising of the blockade against Russia and resumption of trade relations with that country.

In view of the known intense hostility of the Labour party to military aid for Poland, it is believed here that the government will limit any useful action to economic pressure on Russia.

Lloyd George's Statement.

In his statement Mr. Lloyd George said he and Mr. Bonar Law made it clear to M. Krassin and M. Kameneff that the immediate conclusion of an armistice on fair terms was the only course which would remove suspicion that the Soviet government was insincere in its professed desire for peace and in its declaration that it intended to respect the liberty and independence of Poland.

Mr. Lloyd George added that he and Mr. Bonar Law also made it clear that in view of the fact that ethnographical Poland had been invaded, "we would take effective steps to remove obstacles in the way of transmission to Poland from Danzig of military supplies, which could be obtained from that quarter."

Blames Last Commission For Conditions at Portsmouth

Kingston, Ont., Aug. 5.—(Special).—"If the last commission had been diligent in its work there would be no necessity for another investigation at the Portsmouth Penitentiary," said Dr. J. W. Edwards, M.P., just home from a trip to Western Canada. It was due to the action of Dr. Edwards in the house of commons that conditions were under investigation by a royal commission in the fall of 1913.

No Reply From Soviet.

Premier Lloyd George stated that the Soviet had not yet replied to Great Britain's note of July 23, proposing the London peace conference. He read the text of another note, which Great Britain sent to the Soviet government last Tuesday after the Soviet demand that the Polish armistice delegates be empowered also to sign fundamentals of peace. This note said that if the Soviet insisted on making peace with Poland to the exclusion of other powers, then the project for the London peace conference would have fallen thru.

Application of Pressure.

He was asked whether pressure was being applied by the allies or Great Britain to Czechoslovakia to assist Poland with men, an army or munitions against Russia. The premier replied: "Everything depends on the answer we receive. If it is unsatisfactory, of course, we shall bring pressure to bear on everybody to give the necessary support to Poland."

Former German Raider Sold For World Cruise

Washington, Aug. 5.—Sale of the liner Von Steuben, formerly the German commerce raider Kronprinz Wilhelm, to Ferd Eggen, New York, for \$1,500,000, was announced today by Chairman Benson, United States Shipping Board.

"If the answer is unsatisfactory and if it becomes quite clear that the Soviet authorities mean to destroy Poland, I certainly could not give any undertaking of that kind."

The premier's reply brought out cheers.

Blames Last Commission For Conditions at Portsmouth

Kingston, Ont., Aug. 5.—(Special).—"If the last commission had been diligent in its work there would be no necessity for another investigation at the Portsmouth Penitentiary," said Dr. J. W. Edwards, M.P., just home from a trip to Western Canada. It was due to the action of Dr. Edwards in the house of commons that conditions were under investigation by a royal commission in the fall of 1913.

COAL SITUATION BECOMES MORE ALARMING

Coal is quoted in Toronto this week at \$17.50 per ton. Railway freight rates are booked for a considerable increase on the 28th inst., and it is computed that this will affect the price of anthracite to the extent of some \$4.50 per ton...

Citizens who are against such high prices should endeavor now to protect themselves against this high cost of their winter's fuel.

The Oakdale plant situated at the foot of Booth avenue, will commence production next month, and is a startling surprise to the many who visit it.

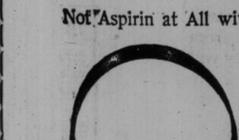

The company are now booking orders for fuel, and their stock is appealing to all who are wise enough to investigate. Get in touch with them at their offices, 48 Scott street.

HOME OPENED FOR WORKING WOMEN

Future Guests and Friends Meet—Venture Starts Free From Debt.

The comfortable and spacious Home for Aged Working Women, at 32 River street, was opened last night, when the future guests of the home and their friends crowded into the large room which takes up one side of the first floor and overflowed into the hall, the room opposite, and onto the stairway. A dedication address by D. S. Johnston and the reading of Scriptures opened the program. J. S. Close, who, with his wife, will be the resident guardians, gave an address.

It was announced by Mr. Johnston that there was not a cent owing to anyone, and that the hope was that the home will be self-supporting. A program of music given by the Howley family, Dr. Palmer, Mrs. Cullen and Mr. Simpkins, and an address by Brother Grey.

The home is under the auspices of the King's Mission, and the fund for purchasing it was raised thru two tag days. Those for whom it is intended are women who go out to work by the day. Twenty will be accommodated at first, and as the lot on which the house is built is large, being 95 feet by 225 feet, it is expected that from 60 to 100 will later find a home in an addition to the house.

Comfortable Furnishing. The first and second floors are comfortably furnished, and the upper storey is being prepared to give additional bedrooms. The grounds in front present smooth green lawns, and at the back there is also a large and attractive lot, and a stable that will be changed to do service as a good-sized garage. Cash was paid for the house, costing in all \$23,473.84. It was purchased from Mrs. Thomas, who left an organ, carpets and some furniture. The rent for each room will be only \$1 a week, and, with this rental of \$104 a year, it is hoped to keep the place running. Breakfast may be prepared in the basement, where individual tables have been arranged and cooking facilities provided.

FOR OPENING NEW PANTAGES THEATRE

Initial Performance Will Embrace Many Striking Features.

A large number of theatrical managers and representatives of various branches of the amusement world are expected to be in the city for the opening of the new Pantages Theatre. N. K. Miller, who has arrived from New York to become resident manager, stated yesterday that a delegation of no small size would be here.

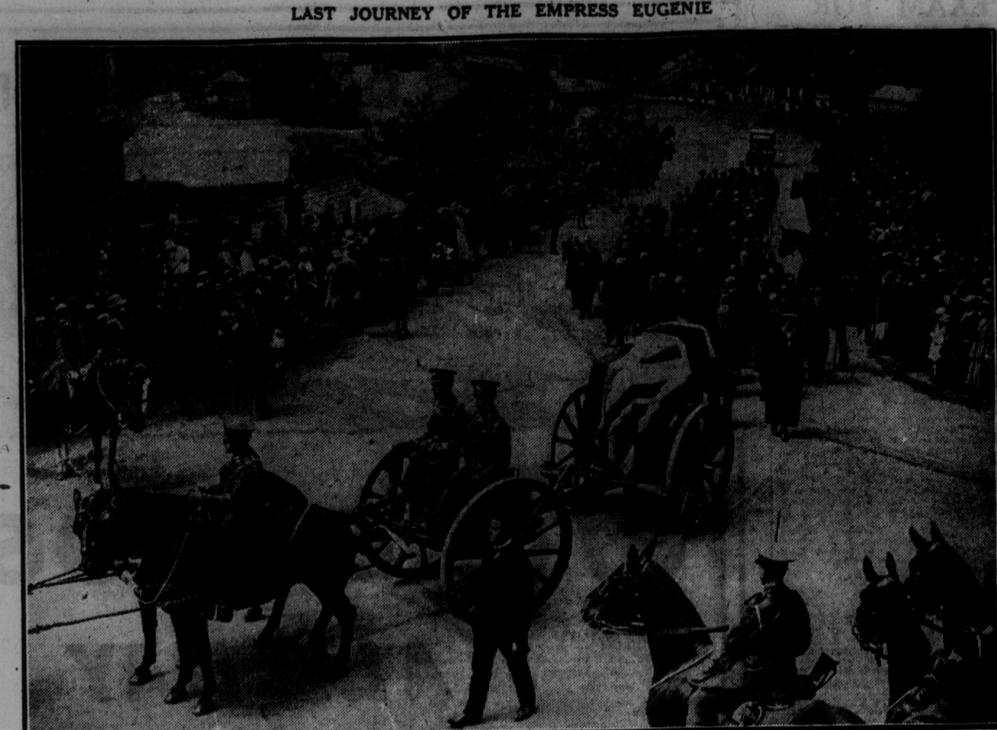

There has been a good deal of talk in New York regarding the Toronto Pantages, in view of the fact that it is one of the finest and most expensive theatres in Canada, if not throught the continent. The opening will take place Saturday evening, August 28, and will embrace many striking features. The bill for the opening performance will be retained for the following week, and will comprise six big-time vaudeville acts and feature pictures. For an hour previous to the rise of the curtain, there will be a promenade concert, when the guests will be invited to thoroughly inspect the theatre and see just what a million dollar theatre looks like.

STAR THEATRE REOPENS

Distinctive Entertainment is Promised Patrons of Popular House.

An entertainment distinctive and quite different from the usual run is promised to the patrons of the Star Theatre at the opening matinee, Saturday, August 26, when Barney Gerard's "Some Show," with Tommy "Bozo" Snyder, "The Man Who Never Speaks," "The New Offer of Barney Gerard, whose attractions are so well-known in burlesque circles. Mr. Gerard is said to have made another ten strike in "Some Show," his latest undertaking. To head "Some Show" Tommy "Bozo" Snyder of "Piano Mover" fame has been secured. Snyder is conceded to be the world's greatest silent comedian. Keeping an audience in an uproar for three hours without uttering a word, is a feat never before accomplished. Snyder is seen as an auto wrecker, affording him more scope than the "piano mover."

Mr. Gerard has written a very funny book for Snyder and the advance reports claim it is even better than last season and is filled with ludicrous situations, containing, it is said, a laugh a second. The scenery and costumes are quite pretentious and compare favorably with the usual Gerard productions. Barney Gerard has had the reputation of picking a wonderful chorus and it is claimed for "Some Show" that Gerard has outdone himself. The box office is now open.

VOKES PROTESTS TO EDUCATION BOARD

Objects to Tenders From the Firm Being Rejected—No Action Taken.

Oliver Vokes, vice-president of the Vokes Hardware Company, enlivened the meeting of the board of education last night by making a vigorous protest against the tenders from his company being turned down.

Mr. Vokes stated that his tenders, \$22 lower in all than the next highest, were ignored by the property committee. He asked for fair play and square dealing. His firm was a big one, employed a large number of men who were ratepayers, and the people's money should be thrown away.

Should Be Bygone. Rev. E. E. Powell said the board of control had asked for action on the Judge Lennox report, but if there was anything legally against the Vokes Company Hunter said the feeling was that Miles Vokes, when a member of the board, appeared to be voting money into his own pocket, which was against public sentiment, and he hoped Mr. Vokes' firm would never tender for school contracts again.

The trustees decided to take no action in the matter. On the vote to refer the matter back to the property committee, the ayes were Powell, McClelland, Rawlinson (2), Nays, Noble, Douglas, Hamblly, Hunter, Bell, Beer, Dr. C. Brown, Stanley Brown, Boulton and Laxton (10).

Dr. John Hunter gave notice of motion to prohibit granting the use of school grounds to soccer teams for events at which charges for admission would be made. Dr. Hunter endeavored to have the rules suspended for the immediate action on his motion, but failed to get over a second.

Trustee Douglas, who was announced as seconding the motion, said that he could not do so as he had supported a permit for the G.W.A. Dr. Noble made a strong fight against further building on the present Dewson street school site. He said the proposal, if carried into effect, would mean that the pupils would be robbed of their adequate playgrounds. Architects' fees had already reached \$2,500. He should be paid up and released.

Trustee Bell declared that the playground would continue to exceed the regulation playground area. The Dewson street building and site muddle was referred back to the property committee.

CHARGED WITH FRAUD.

Joe Doust of Hanlan's Point, for whom a warrant has been out for some time, was arrested last night by Detective Waterhouse on a charge of fraud. Full particulars are not yet in the hands of the police, but they understand that he did some funny business with a couple of cheques which did not belong to him.

INQUEST AGAIN ADJOURNED.

The inquest was resumed and re-adjourned last night into the death of the unknown man, whose body was found buried under a cellar on Darcy street last June. No new evidence came to light and the affair remains shrouded in mystery.

LABOR NOTES

DELEGATE HEVEY STILL EXCLUDED Labor Council Tables Letter Asking for Assistance on Referendum Vote.

A spirited controversy, in which the question of the sovereignty of various labor bodies was hotly debated, and in which the Labor Leader was denounced as a camouflaged organ of organized labor, featured the meeting last evening of the Toronto District Labor Council. The dispute raged as a result of the action of the credential committee in recommending the refusal of the credentials from the Stage Clearers' Union of W. J. Hevey, in accordance with a resolution passed in January last by the council, and which requested the withdrawal of all delegates officially connected with the Labor Leader.

Messrs. MacBrien and Weller of the Stage Clearers appeared before the council to present the attitude of their local in regard to the matter. They were determined, they stated, to have Mr. Hevey as their representative, and believed that they had the right of free choice in the matter of their delegates. As regards any claims to Mr. Hevey being technically unqualified, they were, they declared, unfounded, as he had worked some years ago in a London theatre.

Delegate O'Donnell, also a theatrical man, further affirmed the local determination to appoint Mr. Hevey, and declared that the locals were sovereign in their right to select their delegates. The district council was, he declared, purely a deliberative council, and could not refuse the properly accredited representative of any local.

It is not a question of what this body has the power to do, it is a question of what they want to do," declared Delegate McDonald, in supporting the right of the council to exclude delegates. Various delegates supported this view, and the question was raised as to the function of the committee on credentials if the council is to have a deliberative character.

Further discussion centered around The Labor Leader, and Delegate Phillips characterized it as "an organ delivered free and camouflaged as a labor journal, with the object of splitting the labor ranks."

Following the expression of opinions by almost every delegate present, the recommendation for the exclusion of Delegate Hevey was put to vote and carried, 24 voting in its favor and eight opposing it.

Referendum Request

The referendum question became a live issue as the result of a communication from Rev. Peter Bryce inviting the labor council to appoint delegates to a committee of laymen to work in the interests of a bone-dry province. "I certainly object," declared Delegate Todd, in opening the discussion, "to this attempt to range labor on one side of this question prior to the date of voting."

Delegate W. J. Storey maintained that to comply with the request of the committee would be to place the labor council in a ridiculous position, as delegates had been appointed some months ago to the Citizens' Liberty League.

Delegate James Simpson headed the faction which avowed that for this reason the council should appoint delegates in order to maintain their neutrality. The importance act was then subjected to strong criticism by various delegates, who condemned it on the ground that it fostered bootlegging and filled the rich man's cellar at the expense of the poor man. Upon Delegate Simpson's contention that the delegates to the Liberty League no longer hold office, owing to their appointment having been made over twelve months ago, the communication was tabled by a large majority.

A call from the Windsor housing commission for 20 carpenters to fill positions at one dollar an hour has been received by Business Agent John Cottam of the Carpenters' Union. Mr. Cottam is receiving names of those wishing to respond to the call, and expects to fill the vacancies by men released thru the closing of the Dominion Shipbuilding plant.

A meeting of the International Freight Handlers and Railway Clerks was held last evening in Victoria Hall, when the new wage schedule was explained by Vice-President Hayes, International Organizer Flannery and local Secretary James Miller.

Fifteen per cent. increase has been awarded to the electrical workers of the Toronto Suburban Railway Company by the board of conciliation which recently investigated the grievances of these men. This is only for the hour men. All those paid by the month will receive an increase of ten dollars, if this award is carried out. Seniority, coupled with efficiency, is to be the basis of promotion. Louis Braithwaite, in a minority report, recommends an increase above the award suggested.

When the board of arbitration sitting on the wage dispute between the Toronto and Niagara Power Company and the Toronto Street Railway Company met yesterday, a debate as to who was responsible for the long-drawn-out proceedings of the board took place. In answer to a query from Mr. Hubbard, Mr. Bancroft stated that

the men were not responsible. "The reason we have been here so long," said he, "is because the board has not had full information concerning the classification of the men, from the company. The chairman and I were on a board in Montreal involving thousands of men, and we had the full co-operation of the company."

CANADIANS FAVOR RAILWAY AWARD

With much enthusiasm, several hundred members of the International Brotherhood of Steamship Clerks, Freight Clerks and Freight Handlers last night heard Alec Hay, vice-president of the International, F. J. Flannery, general organizer in Canada, and James Miller, business manager for the Toronto district at Victoria Hall, present the report of the United States railway board upon wage increases and working conditions, operative in the United States almost immediately and in Canada in the near future. The decision of this board, which adds \$600,000,000 to the payroll of employees of the railroads in the United States, to which reference has already been made in the press, is favorably received in Canada, the only exception made being that it should be made retroactive not to May, 1920, but to May, 1919, when negotiations commenced.

Among the international and other bodies affected by this board's decision are the machinists, masters, mates and pilots, railroad trainmen, locomotive engineers, switchmen, railway employes' department of the A. F. of L., railway conductors and other notable organizations. The increases noted are all the way from one cent to 10 cents an hour, with an increase of 18c for engineers, firemen and helpers, and also from 25c to 30c a month increase for conductors. Adjustments along the lines suggested will be made thru the medium of negotiations between the Canadian representatives of railroads and those of their employes.

PENALTY BOOSTED FOR O.T.A. OFFENCE

Law-Breaker Fined \$1,000, Plus Three Months, and Liquor Confiscated.

In the police court yesterday Col. Denison fined Harold Lagrosse \$1,000 and costs or three months, plus three months, and ordered that the liquor which he had in his motor car be confiscated for B.O.T.A. Accused was returning to Windsor from Toronto with 111 bottles of whiskey when he was arrested on West Dundas street. Along with accused were two other men and a woman who were in the car were placed under arrest.

The woman swore she was Lagrosse's wife, but it transpired that his wife was living in Hamilton with three children, whom he had deserted. Mr. Corley asked that the motor car in which the liquor was being carried be confiscated, but the magistrate ruled that he had no power to do so under the O.T.A. Mr. Corley said the inland revenue people had power and would probably take steps for confiscation.

Lagrosse's counsel, W. B. Horkins, argued that accused was an innocent victim, that he was to receive \$50 for driving the car from Toronto to Windsor, and that he had no knowledge of the contents of the parcels. The woman in the case was discharged and the other two men were remanded for a week.

MAY START WORK ON UNFINISHED BOATS

Creditors of Dominion Shipbuilding Company Have Vessels on Stocks.

"No, the company assignees are not paying out any arrears in wages today," replied Oslar Wade to a query from The World respecting a rumor to the effect that the Dominion Shipbuilding Company was paying out some of its arrears in wages. Replying to a question as to whether the company would soon reopen its gates to the employees, Mr. Wade stated that there was not a chance that it would do so. While this was true, however, it was equally true that several of the creditors of the concern who had boats already on the stocks would take every means to have the boats completed at the earliest moment. Among these creditors is the Canadian government.

Therefore, work on the boats might be recommenced at any moment, and the gates might soon again be opened to the men. "You will have the matter of the arrears in wages settled within a week or ten days will you not?" asked The World. "Oh, yes, I believe that matter will be adjusted very shortly," was Mr. Wade's reply. Opinion generally among labor men most interested is that the gates at the yard will be opened within a few days, and that work will proceed as usual.

RANEY FIXES LOCALITY FOR MOUNTED POLICE

Hon. W. E. Raney, attorney-general, notified Ottawa yesterday exactly how long he will require the services of the Royal Canadian Mounted Police to suppress the liquor runners in the border cities. Mr. Raney has also defined the locality in which he expects the Dominion police to co-operate with the provincial police. He declined, however, to make public the nature of his report to Ottawa.

Also Asks Cancellation of Patents of Lands and Seeks Damages.

Following the report submitted by the commissioners engaged in the timber probe, the province of Ontario has entered action against W. H. Russell and the Russell Timber Company of Port Arthur. The province asks for the cancellation of certain patents of land in the vicinity of the Black Bay peninsula and elsewhere in the district of Thunder Bay wrongfully obtained by or on behalf of the defendants or one of them; for the value of all pulpwood and other wood cut or removed by or on behalf of the defendants or either of them from other lands in the said district not belonging to the defendants or either of them; for damages to the lands herein mentioned, whether patented lands or crown lands; for an injunction restraining the defendants and each of them from cutting or removing pulpwood and other wood from any of the said lands, whether patented lands or crown lands, and from further trespass thereon; and for an account of all pulpwood and other wood cut or removed by or on behalf of the defendants or either of them in the said district of all amounts owing to the province of Ontario in respect thereof.

SEES NO "DICTATION" IN RANEY'S LETTER

Col. G. T. Denison does not regard as a "dictation" Hon. W. E. Raney's letter to Ontario magistrates, intimating that more severe penalties should be imposed on offenders under the O.T.A. "And it might not be a bad idea for the government to take from the magistrates the power of discretion to impose a fine and leave only imprisonment as the penalty for breaking the law in this regard," said Col. Denison. "Just as I succeeded in having them do in the case of men who drive cars while intoxicated."

PROFESSORS AMONG WORST PAID PEOPLE

In the opinion of Sir Edmund Walker, chairman of the board of governors of the University of Toronto, university professors and their associates and assistants will still be among the worst paid people in Canada, even if the salary increases asked for by the board of governors are given. Sir Edmund made this statement in response to a published interview with members of the staff of the university were asking high salaries. Sir Edmund denied that anything like \$15,000 salaries were recommended for any members of the staff.

URGE MORE ATTENTION TO STUDYING FRENCH

Following up their presentation to the minister of education in regard to an extension of time for the teaching of French in the high and continuation schools, J. S. Lane of Ottawa and Miss Grant of Fort William were yesterday upon Dr. Merchant, inspector of commercial schools, to further urge that more attention be given to studying French.

PROSPECTIVE CITIZENS ARRIVE IN TORONTO

A C.P.R. special from Quebec yesterday carried 350 passengers, who crossed the Atlantic on the C.P.O.S. liner Empress of France, which left Liverpool July 28. Of these 156 were booked for Toronto, 89 for Hamilton, and 49 for the London district. Railway travel continues heavy to and from Toronto in all directions.

CLAIMS CUSTODY OF SON

Judgment was reserved by Justice Orde yesterday in the application of Walter Woodyard, driver of Fruitlands, for the custody of his seven-year-old son, at present in the care of W. H. Halfacre, his maternal grandfather, who is a fruit-grower of Bowmanville. The child was taken by his mother, prior to her death, to the parents, with whom she expressed a desire that the child should be brought up. The grandparents pleaded that the father had no fixed place of abode. He, however, states that he has been married again, and has a home to which to take his boy.

LICENSE AUTHORITIES DISGRACE, PIONEER SAYS

"There has been too great a disposition upon the part of magistrates and prosecuting authorities to seek to secure convictions rather than to prevent wrongdoing," said The Pioneer yesterday. "Credit is taken by the license authorities that within a short time \$200,000 was collected in fines in a certain district in the province. This fact stands to the everlasting disgrace of the authorities—not to their credit. It means the condoning

FUNERAL OF FORMER TORONTO CLERGYMAN

The funeral took place at St. James' Cemetery yesterday afternoon of Rev. John Maclean Ballard, who was one of the oldest Anglican clergymen in Toronto and who until February last was for many years rector of St. Anne's, Dundas street. A service in St. John's Church was conducted by Rev. W. L. Baynes-Rood, D.S.O., assisted by Bishop W. D. Reeve, M.A., D.D., Archdeacon Warren and Canon Davidson of Regina. There were many clergymen present.

made good progress. They are still discriminated against by an educational test, but the time is not far distant when the bulk of them may take an active, intelligent part in politics.

As a matter of fact, women already have votes in the great majority of the states, and millions of them will take part in the coming presidential election.

The New Commission.

The city council last night acted in the best interests of the public and of Hydro development in confirming the recommendation of the board of control for the appointment of Messrs. P. W. Ellis, George Wright and Fred Miller as the transportation commission for the city.

The commissioners have important problems of a far-reaching character to face and that they will zealously apply themselves thereto is assured by their record in other branches of public work in which they have been engaged.

We think everyone will agree that a public utility should first of all pay for the cost of operation. People who actually use the railway and get the service should be charged enough for that service to pay wages, to pay for the coal and all the other ordinary working expenses. It is also desirable that such a public utility earn enough to carry its fixed charges.

There are numerous matters of detail with which the commissioners will be confronted before the Toronto Railway is actually taken over.

OTHER PEOPLE'S OPINIONS

The World will gladly print under this heading letters written by our readers, dealing with current topics.

TRAILERS A SOLUTION

Editor World: In connection with your remarks in today's paper regarding the service on the Danforth line, it seems to me that instead of ordering 25 motor cars, the commissioner would have been very much better advised had he ordered a good proportion of trailers, which would have cost a great deal less money.

CARRUTHERS MAKES UP TO DRURY TO ANSWER TO SPENCE CLEAN UP ONTARIO TO SEE MEIGHEN ON O.T.A. REFERENDUM

False Impression that Referendum was First Fixed for October 25.

T. L. Carruthers, general secretary of the Citizens' Liberty League, writes The World as follows:

On my return today from Ottawa, criticisms have been brought to my attention regarding the date for holding the referendum vote, which require some reply.

Regarding proclamation fixing date of taking the vote in Ontario on the highest of the bill, section 152A, states: "The said proclamation may be issued within three months after the receipt by the secretary of state of the copy of the resolutions referred to in the previous sections."

Referring to the request of Rev. Ben Spence for a revision of the voters' list, bill No. 12, section 101, sub-section 3.

By the table above the Drury government has over eight hundred thousand dollars coming in this year from its race track licenses.

Attorney-General Raney, on behalf of himself and the Drury government, is making the Meighen government to assist in putting down these violations of law and order.

UP TO DRURY TO CLEAN UP ONTARIO

(Continued From Page 1).

Prohibition Commissioner Kramer of Washington has of late turned loose practically his entire force of agents in an effort to put down the whiskey trade.

All of this may or may not be true. But here are some facts that Attorney-General Raney can verify for himself if he cares to go seriously at it.

That nearly all the whiskey run across the Detroit River is legally brought to the border by residents, or in the name of residents, of Ontario, many of them farmers and members of the United Farmers of Ontario.

That the Ontario referendum committee would continue their efforts to have the Ontario vote taken on that date also.

Mr. Grant wired Premier Meighen last night requesting him to fix a date for the reception of the deputation. In the meantime, the personnel of the deputation is being recruited chiefly from amongst citizens of Toronto, Ottawa, Hamilton and Kingston.

TO SEE MEIGHEN ON O.T.A. REFERENDUM

Was Assured Vote Would be Taken in October, Rev. Grant States.

Rev. Andrew S. Grant of the Ontario referendum committee said yesterday that his organization intends to send a deputation to Ottawa to protest against the postponement of the referendum on the question of the importation of liquor into Ontario from Oct. 25 of this year until April 15 of next year.

Referring to an Ottawa despatch published in yesterday's Toronto papers, to the effect that Oct. 25 had never been officially announced as the date of taking the referendum, Mr. Grant stated that although that date had not been officially published, nevertheless he had private correspondence, in which he was assured that the referendum would be taken on that date, not only in Ontario, but also in Manitoba, Alberta and Saskatchewan.

Mr. Grant further stated that the referendum in the other three provinces would be conducted on Oct. 25, and that the Ontario referendum committee would continue their efforts to have the Ontario vote taken on that date also.

Mr. Grant wired Premier Meighen last night requesting him to fix a date for the reception of the deputation. In the meantime, the personnel of the deputation is being recruited chiefly from amongst citizens of Toronto, Ottawa, Hamilton and Kingston.

CHAPTER XX.

THE FIGHT AT THE JAILBIRD.

As Steve fired his shot into the lamp, Bud Lee understood just what would be Steve's next play; the bartender had given his friends brief respite from the deadly fire of the Blue Lake man, and now would turn his second shot thru the flimsy wall himself on the man standing there.

Steve fired. His bullet ripped into the wall, tearing a hole thru the partition where a brief instant ago Lee had stood. The light out in the barroom was extinguished, the room was utterly impenetrable.

DEATHS. BAKER—On Thursday, Aug. 5, Frederick Baker, beloved son of Mrs. Thos. Baker, aged 27 years.

TRANSPORTATION BOARD APPOINTED. (Continued From Page 1). hearing the criticism of Mr. Bradshaw, expressed by Ald. Nesbitt, he had decided to switch. The criticism referred to was a speech by Ald. Nesbitt in which it was said that as Mr. Bradshaw, with a member of the firm of A. E. Ames & Co., had compiled a report on the stock of the Toronto Railway Company, holding it up as a good investment, he could not consistently negotiate for the city in taking over the road.

Control of the road. The controller, in going to stand or fall by his service to the community, and Mr. Bradshaw had stood high as a public servant. A man who had given his best thought and effort to the city's service should take precedence over the soothsayers and spellbinders, who never did anything of value for public ownership.

These remarks riled Ald. Nesbitt, who declared that Mr. Cameron had gone one hand in hand to the editor of the Telegram asking for support, and had told him that he could not have the Telegram's support because he was a pro-corporationist. The controller replied that the files of the Telegram would show the Telegram had supported him in 1915, 1916 and 1917.

For Public Ownership Men. The outlook was not any too bright for public ownership and hydro, the mayor said, owing to the activity of the corporations, and it was the duty of council to assure the appointment of a public ownership commission.

The Telephone in the Readjustment Period

A STEAM-SHOVEL might survive an earthquake uninjured. An astronomer's spectroscope fixed on a star would be thrown out of focus by the first tremor. The telephone system in this city, as in any other city, is like the astronomer's spectroscope, a delicate and highly-sensitive creation. It is a net work of nerves, human and electric.
