the Utilanders - The Upshot Likely to

noved a kind of moral boom of late, and most people are inclined to give aim credit for all the prudence and magnanimity he can carry. Unluckily, however, Mr. Kruger does not stand alone. Left to himself and his Boers it seems that he would probably have come to England, after which it would nave been difficult for are been difficult alone. Left to himself and his Boers it seems that he would probably have come to England, after which it would have been difficult for any power on earth to interpose between him and further all, at any rate, not yet, and the decision is set down to the prime authors of all the mischlef that has been if and is being wrought in the Transval. The authors are the gans of Dutch and German parasites who have captured the President for the filling of their own pockets. There may be two opinions about the Uitlander leaders, and there may be two opinions about the Uitlander leaders, and there may be two opinions about the Uitlander. The most arrant Jewish capitalist in Johannesburg is after all engred in a legitimate private enterprise, and if he foversteps the proper bounds there is the Government of Pretoria to check bing get in no enterprise; his one business is to conspire with the Governer he to bleed the enterprise of others. He to lis not, neither does he spin, he merely gets the Governer to sign him is to concession. From that concession that he list mate private whole of its expenses by the short line which distributes coalt to the mines of the Rand. This means that the line from Delagog Bay can afford to carry goods into Pretoria for boing German trade in and keep Englishmen at the Capitang which may have their throats cut by German competition. It is no wonder that the line from the result in the englishmen at the Capitang which may have their throats cut by German competition. It is no wonder that the state during which may have their throats cut by German competition. It is no wonder that the state during which may have their throats cut by German competition. It is no wonder that the state during which may have their throats cut by German competition. It is no wonder that the state during the that the las east leaders and the stated that he has the Cabinet pledged to ware a great scale as a last resource.
