All Estimates Pass Except Part of Public Works Sum Asked For

Some Hesitancy There Brings Talk Of Resigning

TWO EYES FOR THE VOTE

Two Commissioners Refrain From Taking Action—Result of Session Today is to Increase Estimates of Last Year by \$144,510.56

An increase of \$144,510.56 in the civic estimates was adopted by the city council this morning and this amount represents practically the total increase outside whatever may be needed by the county. The county estimates are being made up at a meeting of the finance committee of the municipal council this afternoon and unless the school fund is appropriated an increase of \$25,000 will be found necessary.

The increase in the city assessment will be made up as follows:—Public works, \$64,001.21; police and fire, \$27,749.85; interest on debentures, \$47,769 and ferry, \$4,000. The only reductions effected on the final reading this morning were the elimination of \$50,000 asked for by Commissioner Potts to be used exclusively for street paving and the division of the \$30,000 expended to provide work last year on the outbreak of war over a period of five years, thus making the charge this year only \$6,000. The \$10,000 spent in Canterbury, Church and Princess streets last year was put in this year's assessment.

Threat to Resign. This morning's meeting was lively and at one stage Commissioner Potts threatened to resign if his estimates were not adopted as first submitted. His motion for adoption was seconded only on request of the mayor as a matter of courtesy to allow for discussion and he actually refused to accept the seconding in this spirit. Commissioner Wigmore explained that he could not support the extra \$50,000 for pavement or the \$50,000 increase in the general estimates if the charge of \$40,000 from last year were also to go in the estimate.

Commissioner McLellan objected to adding any increase until further particulars were given as to how the money was to be expended. The motion for adoption of the public works estimates totalling \$171,761.21 was carried only on the casting vote of the mayor. Commissioner Potts voted yes, Commissioner McLellan nay and Commissioners Russell and Wigmore did not vote.

Police Plan Accepted. The increased police estimate of \$22,210.66 providing for an increased force was adopted almost without discussion as was the \$42,000 increase for the ferry, the latter chiefly to discharge the overdraft of last year.

When the meeting opened Commissioner McLellan moved that the estimates of the safety department be taken up. Commissioner Potts said he understood all the estimates were to be gone over, the county figures secured and if any reduction was then necessary all departments could be treated alike.

Commissioner McLellan said such a proceeding was irregular. Each department should stand on its merits. It was not in order for him to promise support to another commissioner to secure support for his own. The public anticipated the increase in the police appropriation and regarded it as absolutely necessary. He was willing to take the responsibility for his department. In three years he had returned unexpended balances of \$50,000 so that in reality he was not asking for a cent as the increase this year was less than half of what he had saved the city since 1912.

After further discussion the commissioner read his estimates in detail as given in The Times of Monday, the only changes being provision for Chief Clark's retiring allowance of \$800 and a vote for physical drill and gymnasium equipment, \$200. The total was \$78,259.21 as compared with \$56,482.25 last year. On motion of Commissioner McLellan, (continued on page 2, first column).

BARRY-HARKINS

A pretty nuptial event of local interest was solemnized in St. Peter's church this morning at six o'clock by Rev. Father Walsh, C. S. S. R., when he united in marriage William J. Barry of Fredericton and Miss Alice Elvina Harkins, formerly of Peterville, but now of this city. The bride was becomingly attired in blue silk with white trimmings, wearing a blue plush hat with ostrich plumes and black wolf fur. She was given in marriage by her brother, George Harkins. Her sister, Miss Mary Harkins, assisted her, neatly dressed in blue broadcloth with hat to correspond, and wearing black wolf fur. Leon L. Jackson, Oliville, supported the groom. Numerous and costly wedding remembrances were received. The bride received a substantial check as the groom's present, the bridesmaid a handsome engraved gold pin, and the groomsmen a gold tie-clip. DESERTION AND DISEASE HIT GERMANS HARD

Typhoid Epidemic Among The Army in Flanders

DOCTORS ALARMED BY IT

War Must End if Ravages Continue Until Summer—Advent of Italy and Balkans Into World Conflict Feared by Kaiser's Men

London, Jan. 13.—The Daily News correspondent telegraphs: "Interesting particulars about the condition of the Germans in Flanders is supplied by a trustworthy eye-witness who, a week ago, was allowed to leave Belgium. He said that, owing to the heavy losses in the German trenches, there is a lack of prompt medical attention and, in addition, the sanitary conditions of the improvised hospitals, where filthy straw has been used over and over again until it is completely rotten, are responsible for a large number of Germans dying from exposure.

Typhoid Epidemic.

"Typhoid fever now is epidemic, having raged since November. This is mainly due to the Germans acquiring a habit of eating too much raw minced meat spread over bread. Physicians admit that the typhoid epidemic is alarming, but console themselves with the reflection that its spread is rendered difficult by the cold weather. Should it continue until summer, the war soon will be stopped.

The Germans are utterly tired of war, but still are determined to fight to the bitter end. What the Germans fear most is Italy's intervention, which of the Balkan states."

Marty Desert.

Paris, Jan. 13.—The real reason for the strict guarding of the Belgian-Dutch frontier is the Austro-German desertion, which began in the German ranks after the battle of the Yser. From November 15 to December 15, there were 11,000 desertions from the garrison of Bruges alone."

PARIS GETTING READY IN CASE ZEPPELINS COME

No Fear, Says Abbe Director of Weather Bureau

SAME AS TO LONDON

Says, in Present Stage of Ability to Defeat Weather, Large Airship Raid is Out of Question—Germans Missed the President

Paris, Jan. 13.—While Paris is not having the perpetual zeppelin scare which London indulges in, there has been great activity because of reports that the air will be full of aeroplanes and dirigibles dropping bombs just as soon as weather conditions permit. Therefore the inhabitants have been warned not to be alarmed if they suddenly get ordered to turn off their lights and be prepared to read by lamps behind screened windows.

A fleet of aeroplanes circled over Paris all yesterday on the lookout for hostile air men.

Abbe Maraux, director of the observatory at Bourges, says a Zeppelin attack on Paris and London need not be feared. It is impossible so long as science is unable to predict the weather for several days with certainty, he says, for a squadron of Zeppelins starting from different points all at a considerable distance away, to reach their goal at the same time, and that any attempt to do so in the present state of meteorological science is bound to result in failure.

London, Jan. 13.—A Daily Mail despatch from northern France says:—

"The importance of the great German air raid on Dunkirk on Sunday is the greater by reason of the fact that the raid was intended to do harm to the French president, who was expected to be in Dunkirk to present a flag to the famous French marine fueller."

The president did not arrive until Monday morning, but that the German aviators were misinformed by their spies is evident from the fact that they threw down their bombs dropping their heavy bombs.

Legation in London Issues Call To Press and Public

London, Jan. 13.—The Serbian legation in London has addressed a letter to the press and public, urging the adoption of the spelling "Serbian" and "Serbia" instead of "Servian" and "Servia."

ANTI-TYPHOID VACCINATION HAS BEEN PROVED EFFICACIOUS

Practice in French Army Strikingly Demonstrates Its Utility

Paris, Jan. 13.—The war has demonstrated beyond all question, according to members of the medical commission, the efficaciousness of anti-typhoid vaccination. Most of the members of the active army had been vaccinated before the war, but the reservists and territorialists sent to the front later, had not, and towards the end of October, a large number of cases of typhoid developed.

The medical commission sent doctors to the firing line and they vaccinated an army corps of 40,000 men. By the end of December the good results became apparent as typhoid had practically disappeared, the only cases remaining being among the men of two regiments which the doctors were unable to reach.

GOOD FOR BRITISH FARMERS

TURKS' CRUISER BOMBARDED OWN ARMY'S POSITION

Russians Then Stepped in—Fighting on the Black Sea

Petrograd, Jan. 13.—The following details of the naval engagements in the Black Sea during the first week of January, have been received. The scene of the activities was between Sinope and Rezaib, Turkish ports on the southern coast.

The Russian ships came up at the Turkish cruiser Medjich conveying a steamer, the Maria Rosetta, with a cargo of naphtha for Trebizond. They opened fire on the Turkish ship and did considerable damage. The cruiser escaped, but the Maria Rosetta was sent to the bottom.

On the night of January 6, the Russian fleet came up with the cruisers Breslau and Hamidieh. A spirited exchange of shots followed, and finally the Turkish cruisers disappeared in the darkness. In Soudere Bay and in Blash Bay (thirty-five miles east of Trebizond), the Russian warships destroyed fifty-one Turkish boats. The bombardment of the port of Hops, which is the distributing point of the Teheran region, caused fires along the coast.

SPELL IT "SERB"

Legation in London Issues Call To Press and Public

London, Jan. 13.—The Serbian legation in London has addressed a letter to the press and public, urging the adoption of the spelling "Serbian" and "Serbia" instead of "Servian" and "Servia."

The latter spelling is highly offensive to our people, mainly because it suggests the false derivation from a Latin root meaning "to serve." It is a source of hidden pain to Serbians to see that some journals persist in using the corrupt form.

Still In Strenuous Fight In Vicinity Of Soissons

Allies Have to Give Way at One Point—In Another Part of Line French Get Within 60 Yards of Enemy's Line

Paris, Jan. 13.—The French war office this afternoon reported: "The unfavorable weather conditions which have persisted along almost the entire front have hindered operations. In Belgium there has been a sand-storm in the dunes along the coast.

"In the region of Nieuport and near Ypres, the French artillery directed an effective fire on the earthworks of the enemy.

"On the Aisne, to the northeast of Soissons, the fighting around 'Spur 132' continued with great severity during all yesterday. The Germans brought very considerable forces into this engagement. We maintained our position on the crest of the hills to the west of 'Spur 132.' To the east our troops were obliged to give up ground. The fighting here continues.

"Between Soissons and Berry-Aux-Bac shells from our artillery caused explosions at several points in the midst of batteries of the enemy.

"In Champagne, from Rheims to the Argonne, there were, yesterday, exceedingly violent artillery exchanges.

"In the region of Soisson, the advance position covering the blockhouse located to the north of the Beaumont farm is still in our possession, and we have set up a trench sixty yards from the German trench.

"In the Argonne there have been rain and wind storms. No infantry activity has been recorded.

"From the Argonne to the Moselle there have been intermittent artillery exchanges.

Petrograd, Jan. 13.—While the Germans continue to engage the Russians on the left bank of the Vistula, it is reported that Field Marshal Von Hindenburg is sending a German army into Galicia to help the Austrians in that quarter. It is believed that the Austro-German forces will soon undertake a new campaign to drive the Russians out of Galicia.

RUSSIANS CAPTURE REGIMENT OF TURKS

Petrograd, Jan. 13.—An official statement from the general staff of the army in the Caucasus says: "Fighting in the region of Olti, (50 miles west of Kars), continues obstinately, the rear guard of the Turks is the river Olti, and to the west.

"The bitter fighting in the Kara-Urgan region has latterly inclined in our favor. On January 11, we captured the 92nd Regiment of infantry including eleven officers, three surgeons and 1500 men. We also partially destroyed the 102nd Regiment of infantry, a portion of which, consisting of 250 soldiers, and one officer, was captured. We captured a height in Turkish territory and in taking the enemy's camp there, we secured the release of those who are being detained under charges which have not been proven, and which are not serious.

The commissioner also gave directions to Deputy Chief Jenkins pending the reorganization of the force, which is to take place in the course of a few days.

The men in the department are anxiously awaiting further developments, and are looking forward with interest to the appointment of their new chief. It was said today that a member of the mounted police at Edmonton was in mind.

Before retiring from active service last night, Chief Clark spoke to the patrolmen and wished them success. He had been appointed to the office on May 23, 1900, succeeding the late Chief Marshall. His friends will unite in wishing him many years of happiness.

AMERICAN LEAGUE REFERES
Umpire Jack Egan has been dropped by the American League. Egan had been should not worry, according to Bill Brennan, chief of staff in the Federal League. "Big Bill" said that the Providence man had enrolled with Gilmore.
Announcement of the roster of umpires for 1915 was made by President Johnson. His veterans will be Billy Evans, Tommy Connolly, Silk O'Loughlin, Dan Conroy, George Hillbrand and Ollie Chill.
The newcomers will be Jack Nallin of the International and Dominick Mulvey of Jacksonville, who will be assigned to team duty with two of the old-timers in the circuit.
Geneie Black Willing
That Connie Mack has not assumed the entire control of Lajoie is a belief based on the fact that the Cleveland club made that sort of an arrangement with the St. Louis club last season, but Lajoie thwarted the transaction by refusing to go to St. Louis. Cleveland wanted the right of Lajoie, but while there were several clubs that were willing to take him, all balked when they learned the veteran was drawing \$8,000 a year, and that his contract did not expire until the close of the season of 1916.
As a special inducement, Owner Sommers offered to pay \$4000 of the salary leaving \$8,000 for the St. Louis club to pay. Lajoie was agreed upon, but when Lajoie was notified to join the St. Louis team he refused, and the deal fell through.
It is most likely that a similar arrangement has been made with the Athletics, for there is no way to figure that Lajoie at the present stage of his career is worth the salary he is drawing, yet he has a contract which must be fulfilled, and as Connie Mack has been under obligations to Charley Sommers many years, he is willing to help him out.

GOOD PLAYS AND SIX VAUDEVILLE NOVELTIES
Strong Popular Price Attraction For Opera House Next Week
The popular Young-Adams Company, headed by H. Wilmot Young and Margie Adams, comes to the Opera House on Monday next for a limited engagement, presenting a line of standard comedies and dramas. Two good plays will be presented each week, changing on Mondays and Thursdays. The engagement opens with a presentation of the big New York success "The Great John Ganton," a business comedy drama written by H. Hartley Manners, who also wrote that best of all plays, "Fog O' My Heart."
"The Great John Ganton" is a dramatization of the celebrated novel, "Ganton and Co." which runs into several editions and was accounted one of the best sellers. This play will be offered on Monday, Tuesday and Wednesday evenings and Wednesday matinee, followed by a production of "St. Elmo," for the last half of the engagement.
As an additional feature, the company offers six good vaudeville novelties at each performance, making a continuous programme.
Miss Adams is said to possess the finest wardrobe of any actress on the stage today, carrying several trunks filled with the latest Parisian models and takes pride in the fact that she never wears the same gown twice during an engagement.
The prices for the Young-Adams Company engagement will be 10-20-30 for nights and popular matinees on Wednesday and Saturday at 10 and 20c. The advance sale of seats will open Friday morning of this week.

Louis Pieper, who will manage the Lynn team in the New England League next season, has made a proposition to W. W. He said the franchise and players could be purchased for \$8,200.

At Times Thought She Would Go Mad.
Headaches are one of the most aggravating troubles a person can have. They are many and varying, but the headache starts you may be sure that there is some other chief cause of this most painful difficulty. The stomach may go wrong, the bowels become constipated, the blood may not circulate properly, but the presence of the headache clearly shows that there is some other baneful disease which is liable to assert itself unless the cause of the headache is removed. Get rid of the headache and thus perhaps save yourself many years of trying and suffering.
Burdock Blood Bitters has, for the past forty years, been curing all kinds of headaches, and has also proved itself a remedy that cures where all others fail. It does this by removing the cause of the trouble.
Miss Mary A. Roberts, Hampton, N.B., writes: "For about two years I have suffered from bilious headache. At times I thought I would really go mad. Not long ago a friend advised me to try Burdock Blood Bitters which I did, and after taking three bottles I have never been troubled with any kind of headache. I think that B.B.B. is one of the wonders of the world. I can safely recommend it to all who suffer from bilious headache."
Burdock Blood Bitters is the oldest and the best known blood medicine on the market to-day, and is manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

At the station, looking out of his cab, the engineer saw the new brakeman and said with a sigh of relief: "I tell you what, my lad, we had a job to get up there, didn't we?" "We certainly did," said the brakeman, "and if I hadn't put on the brakes we'd have slipped back."

This little illustrated advice book described below, which I gladly send free to all men who fill in the coupon, I beg to say that it represents the very BEST information of a private nature which I am able to offer you as a result of over 39 years' observation and study of my subject, during which time I have personally interviewed many thousands of men, young and elderly, single and married, rich and poor alike, who came to me in sentiment with their confessions of debility, lost nerve force and falling strength.
It is, reader, the vast and unusual opportunity which has enabled me to compile this very popular and valuable little free book (over a million of which have been sent everywhere) to men who wrote me for them, and in a manner to reflect the exact living, breathing experience and needs of real men who sought information as to the new ways of self treatment without the use of drugs.

THIN PEOPLE CAN INCREASE WEIGHT

Thin men and women who would like to increase their weight with 10 or 15 pounds of healthy "stay there" fat should try eating a little Sargol with their meals for a while and note results. Here is a good test worth trying. First weigh yourself and measure yourself. Then take Sargol—one tablet with every meal—for two weeks. Then weigh and measure again. It isn't a question of how you look or feel or what your friends say and think. The scales and the tape measure will tell their own story, and most any thin man or woman can easily add from five to eight pounds in the first fourteen days by following this simple direction. And best of all, the new flesh stays put.

Sargol does not of itself make fat, but mixing with your food, it turns the fat sugars and starches of what you have eaten, into rich, ripe fat producing nourishment for the tissues and blood—prepares it in an easily assimilated form which the blood can readily accept. All this nourishment now passes from your body as waste. But Sargol stops the waste and does it quickly and makes the fat producing contents of the very same meals you are eating now develop pounds and pounds of healthy flesh between your skin and bones. Sargol is safe, pleasant, efficient and inexpensive. Druggists sell it in large boxes—forty tablets to a package—on a guarantee of weight increase or money back.

THE WHOLE BODY NEEDS PURE BLOOD

The bones, the muscles, and all the organs of the body depend for their strength and tone and healthy action on pure blood. Hood's Sarsaparilla makes pure blood. Hood's Sarsaparilla makes pure blood. Hood's Sarsaparilla makes pure blood.

EXTRA WORK PUT CITY IN DEBT

That in Street Department For Benefit of Employes Resulted in Deficit

Actual Loss on Year's Operations \$12,143.17 But Provision For Sinking Fund and Reserve Makes Necessary Adding \$36,143.17 to This Year's Assessment—Balances on Both Sides of Harbor Account—Some of the Savings

A detailed statement of the over-expenditure and the unexpended balances for 1914 has been prepared by Mayor Frink for consideration of the council. The statement shows there was an actual deficit of \$12,143.17, while the amount carried over to be assessed for this year is \$36,143.17, as \$4,000 out of one expended balance and \$30,000 out of another are devoted, respectively, to sinking fund and capital water account.

The items of over-expenditure, mostly due to scant collections, follow: School board, \$2,218.99; bond sales, \$211.18; general revenue, \$4,192.92; ferry, \$88.87; American wharf, \$896.04; C. P. R. wharf, \$1,098.43; streets, \$984.89; waste paper removal, \$407.15; Rockwood Park, \$11.45; fire hydrants, \$318.88; total, \$10,829.48.

In addition to these there was authorized by council a ferry overdraft of \$2,500, and an extra expenditure in the public works department to keep men employed during war time and to pave Canterbury and Church streets, \$89,022.84, making altogether a total over-expenditure of \$58,932.27.

Against this unexpended balance were as follows: Libraries, \$15.07; McLeod wharf, \$678.98; Pettigill wharf and pier, \$4,894.94; South Rodney wharf, \$487.50; fire department, \$2,956.01; lamp department, \$2,494.72; market department, \$4,124.72; police, \$4,884.48; sewerage maintenance, \$118.18; water maintenance, \$20,237.83; assessment for interest, \$19.02; Indiantown fountain, \$25.11; order for 1907, \$86.40; total, \$41,209.10.

From this should be deducted \$4,000 from the market surplus for sinking fund and \$20,000 from the water surplus as a reserve for extensions, making a net total of unexpended balances, \$37,209.10.

Recapitulation. Total over-expenditure, \$58,932.27. Unexpended balance, \$37,209.10. Charge on 1915 assessment, \$6,148.17. Last year's unexpended balance, \$17,209.10. Making possible a reduction of that amount in the interest assessment for 1914.

Dividends at the rate of ten per cent, amounting to \$1,920,000, with extra bonus dividends of 2 per cent, were paid. Eighty thousand dollars went to the pension fund and \$35,000 to the patriotic fund.

The balance carried forward to profit and loss is \$1,117,768.27.

IF HAIR IS TURNING GRAY, USE SAGE TEA

Here's Grandmother's Recipe To Darken and Beautify Faded Hair

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray, streaked and looks dry, wispy and scraggly, just an application of two Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the tonic; you can get from any drug store a 50 cent bottle of "Wyeth's Sage and Sulphur Compound" ready to use. This can always be depended upon to bring back the natural color, thickness and lustre of your hair and removes dandruff, stop scalp itching and falling hair.

Everybody uses "Wyeth's Sage and Sulphur" because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy, lustrous and abundant.

Great Victory for Vinol Over a Severe Bronchial Cough. Vinol Succeeded After Everything Else Failed.

Bogalusa, Ala.—"I am a housekeeper and have three in my family, and I had a terrible cough and pains in my chest for so long I was discouraged. I coughed almost constantly and would almost lose my breath. My trouble interfered with my work because I was so weak and run-down from continual coughing. I took cod liver oil emulsions and other medicines which did me no good. Finally our druggist told me about Vinol. I tried it and noticed an improvement almost immediately and its continued use has completely cured me. Vinol is certainly wonderful and I praise it wherever I go."—Mrs. W. E. CARLISLE, Bogalusa, Ala.

The reason Vinol is so successful in curing chronic coughs, colds and bronchitis, is because of the healing and tissue-building influence of the medicinal principles of cod liver oil, assisted by the tonic and blood making properties of tonic iron, all contained in Vinol.

If Vinol fails to benefit any person in this vicinity who suffers from chronic coughs, colds or bronchitis, or to build up the weak, run-down or debilitated, we will pay back their money.

SWOLLEN, ACHING VEINS

A Common Cause of Disorder The army of people troubled with swollen veins is a large one and is steadily on the increase until the discovery of a few years ago that a germicide-liniment of marked value for other ailments gave prompt relief from this aggravating trouble.

Since this accidental discovery hundreds of sufferers have proven its efficiency—it has made good even in cases of long standing.

Mrs. R. C. Kellough, Becket, Mass., before using this remedy, suffered intensely with painful and inflamed veins; they were swollen, knotted and hard. He writes: "After using one and one-half bottles of Absorbine, Jr., the veins were reduced, inflammation and pain gone, and I have had no recurrence of the trouble during the past six years."

This germicide-liniment—Absorbine, Jr., is made of herbs and safe and harmless to use, which in itself makes it distinctive. Most druggists have it or send \$1.00 to the manufacturer, W. F. Young, P. O. 817, Lyons, N. Y., Montreal, Canada, and a bottle will be mailed to you promptly. Safe delivery guaranteed.

HEADACHES

Thousands of men and women suffer from headaches every day, other thousands have headaches every week or every month, and still others have headaches occasionally, but not at regular intervals. The best Doctor is often unable to find the cause of many of these headaches, and in most other cases, knowing the cause, he does not know what will remove it, so as to give a permanent cure. All he can do is prescribe the usual pain relievers, which give temporary relief, but the headache returns as usual, and treatment is again necessary. If you suffer from headaches, no matter what their nature, take Anti-Kennia Tablets, and the results will be satisfactory in the highest degree. You can obtain them at all druggists in any quantity, 10c. worth, 50c. worth or more.

SICK-HEADACHES

Sick-Headaches, the most miserable of all sicknesses, lose its terrors when A-K Tablets are taken. When you feel an attack coming on, take two tablets, and in many cases, the attack will be ward off. During an attack take one A-K Tablet every two hours. The rest and comfort which follow, can be obtained in no other way.

Anti-Kennia Tablets bear the AK monogram. At all druggists.

SPORT NEWS OF A DAY, HOME AND ABROAD

AQUATIC

Power Boat Club Meeting. At the annual meeting of the St. John Power Boat Club last evening, Commodore S. F. Gerow gave a lengthy report on the progress during the year, and also thanked the members, who elected him to the office of commodore for the sixth year, for their confidence and support.

The treasurer's report showed that the club is now out of debt, having liquidated more than \$1,500 liabilities. The following were elected officers for the current year:

- S. F. Gerow, commodore. J. C. Chesley, vice-commodore. F. W. Tapley, rear commodore. John Thornton, treasurer. R. A. Jameson, secretary. Herb Roberts, Ed Fisher, Fred Robertson, Geo. E. Day, Henry McIntyre, executive committee.

The commodore appointed Walter Bagnell, retiring secretary, his fleet captain and Dr. D. E. Berryman, fleet surgeon.

Commissioners H. R. McLellan and H. W. Wignour were added to the list of honorary members. John Thornton was the recipient of a testimonial for his valuable services as treasurer. Plans for the summer were discussed. The club has now more than 280 boats in the fleet.

Western N. S. Yacht Club Meeting. At the annual meeting of the Western Nova Scotia Yacht Club in Digby last night the report of the management committee showed the club to be in the best financial condition since organization in 1912.

The annual cruise will take place on Goat Island on August 10. The ladies' day cruise will take place on July 20. O. S. Dunham was elected commodore.

ICE RACING

Nellie A Wins. At Brown's flats yesterday Nellie A., owned and driven by T. Belyea, won the star event of the day, the fee-for-all taking two out of three heats.

Starters were E. C. Johnston and George Hines; judges, Howard Belyea and Daniel Richards.

A skating race for men was won by Alban Patterson of Grey's Mills, with Roy Patterson second.

In the evening a basket and pie social was held and the sum of \$25 realized. Then came dancing. The proceeds will go toward the fund for the erection of the new hall.

RING

Corbett Has "White Hope." James J. Corbett has branched out as a fight manager. His protegee is Joe Bonas, a heavy weight of Pacoma, Wash., who, the former fighter believes, is the king pin of the "white hope" crop.

Smith and Morris Matched. Gunboat Smith of New York and Carl Morris of Sapulpa, Okla., heavyweights, are matched for an eight-round bout in Saint Louis on Jan. 25.

ATHLETIC

Canadian Runner Off to War. Jimmy Duffy, Canadian Marathoner, has shouldered his musket and gone to fight for Britain. He leaves a worthy substitute, however, for a young lad whose name is Arthur Jamieson, sailing from Hamilton, Ont., is reported to be much faster than Duffy. Jamieson is already putting endurance in his frame for the Boston Marathon next spring, and plans to enter the Panama-Pacific exhibition races.

GOLF

U. S. Championship Dates. Data for the three big golfing events of the 1915 season, announced by the U. S. Golf Association in New York, are as follows:

National amateur championship—Beginning Saturday, Aug. 29, and continuing for one week, at the Country Club at Detroit.

Women's national championship—Week beginning Monday, Sept. 6, at Ononensis Club, Lake Forest, Ill.

National open championship—June 10-15 at Baltusore Country Club, Short Hills, N. J.

SKATING

U. S. Championships. The amateur skating championship of the United States will be determined at tournaments in Cleveland, on January 29 and 30 and at Saratoga Lake, N. Y., on February 2, 3, and 4. It is announced by President A. L. Blanchard, of the International Skating Union of America. The title will go to the skater making the greatest number of points in the various races scheduled, 30 points being credited for a victory, 20 for taking second and 10 for winning third.

Note:—There was time when St. John sent representatives to these meets and on several occasions had them return with championship laurels. St. John has several excellent young skaters, who if properly trained would make the fastest skaters in America go to beat them. It seems a pity that some club does not take hold of them and give them an opportunity to display their talent and incidentally reflect credit on St. John.

THE AUTO

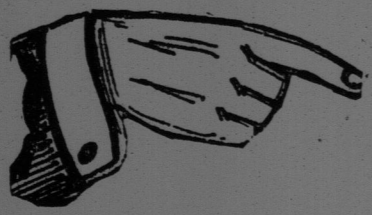

Wins San Diego Race. Earl Cooper on Saturday won the San Diego exposition road race over the Point Loma course, making the 308 miles in 4:40. W. H. Carlson finished second, one minute and a half behind Cooper. Tom Alley finished ten minutes behind Carlson. Cooper's average for the race was 65.3 miles an hour.

Barney Oldfield, who had been driving a consistent race, was forced out by engine trouble in the 89th lap. He had been running in sixth place.

A feature of the race was the large number of minor mishaps and the absence of serious accidents.

AMUSEMENTS

report that he had been transferred from the White Sox to the Highlanders was said, Comiskey agreed to let Collins go to the Yankees.

According to the report, Ben Johnson will put through this new deal. When Walter Johnson jumped organized baseball and signed to play with the Chicago Federals, Charles Comiskey of the White Sox realized that he would need a counter attraction. He secured Collins. He paid a sum reported to range from \$25,000 to \$50,000 for Collins, and also contracted to pay Collins \$15,000 a year under a five-year contract.

When Johnson jumped back to organized baseball, it placed an entirely different light on the matter. Comiskey needed a player of Collins' calibre, but he figured that he didn't need such an expensive one, except in a case of emergency such as Johnson playing with a rival team.

Just about that time the Ruppert-Huston crowd began bidding for the Yankees. They wanted some good ball players and one real star. They asked for Collins. They were ready to reimburse Comiskey for what he paid and also assume Collins' contract.

Comiskey according to the report held back on the Collins deal until such time as he could feel sure that Johnson would not go to the Chicago Federals. It is said "the old Roman" waited until lawyers had looked thoroughly into Johnson's case, and assured Comiskey that Johnson's contract with organized baseball would hold during that time the
