BADEN-POWELL AND BOY SCOUTS

Coming to Visit Canada Include All Classes

NO SNOBBISHNESS

Col. Denison Honored — Rev. Mr. McCaughan Slightly Improved — Robson Shatters U. S. Argument — Protestant Alliance and Declaration Bill

Times' Special Cable London, July 28.—Col. G. T. Denison has been elected vice-president of the Royal Colonial Institute.

In the commons, answering Kinloch Cooke, who enquired how the order admitting railway laborers into Canada affected the regulation prohibiting assisted emigrants other than agriculturists, Hon. Mr. Seely thought the order did not apply to assisted emigrants.

Baden Powell's statement that he had visited the regulation prohibiting assisted emigrants other than agriculturists, Hon. Mr. Seely thought the order did not apply to assisted emigrants.

A circular signed to members of parliament by the Protestant Alliance notified the members that if they voted for the resolution declaring that in any way sought to alter the existing declaration they would be sternly opposed by the alliance.

Rev. Mr. McCaughan's Condition Belfast, July 28.—Rev. Mr. McCaughan is still unconscious, but his pulse is improving and he is able to take a fair amount of nourishment. His progress is doubtful, but it is more hopeful today. His wife's condition is very fairly good. She suffers much pain from spinal curvature, but the case is hopeful on the whole.

At the Hague London, July 28.—At the Hague today in accordance with the wish of the court the representatives of Great Britain and the United States handed in statements of legislative and executive acts of which they respectively complain, and on which they desire an expression of opinion from the tribunal.

Mr. Robson dealt with the claim of the United States to rights servant state in the North Atlantic with great force and telling effect, and concluded his argument on this claim by showing from authorities not forward by the United States that the doctrine of a servitude state was unknown when the treaty was made in 1782, and since that time had been mentioned by some international law writers as a doctrine only appropriate for a museum of antiquities.

Cricket London, July 28.—At Folkestone the Zingari, first innings, scored 123. Gibson scored 75, Davidson 32, William Marshall 31, Southam 28. Folkestone in the second innings scored 140 for eight wickets. Henderson took four wickets for 44; Rathbun 1 for 46.

Garment Makers Talk Settlement Strike Involving 50,000 Workers May Be Settled as a Result of Conference

New York, July 28.—Prospect for an early settlement of the garment makers' strike which has involved 50,000 workers and demoralized the women's clothing trade for several weeks past, appeared bright today with the assembling of representatives of the conflicting interests for a conference. The conference comprises ten representatives from the Cloak, Suit and Strikers' Association and a strikers' committee of equal size. Louis D. Brandeis was asked to come from Boston to preside over the conference and readily consented as it was largely through his efforts that the negotiations for a conference reached a successful conclusion.

FATAL ROW IN MAINE Lewiston, Me., July 28.—Napoleon Beau dette died in St. Mary's hospital Wednesday morning, having sustained a fracture of the skull Monday in an affray with Louis Gauthier, who is under arrest, charged with assault. By reason of the fatal outcome it is probable that a more serious crime will be alleged when he is arraigned in the municipal court Thursday. Bail was fixed at \$6,000 and the respondent was unable to obtain sureties and remained in jail. Beau dette was unconscious continually after the alleged assault.

TRAFFIC THROUGH THE SOO CANALS Show Emerge Increase Over 1909 — Former Figures Misleading

Sault Ste. Marie, Mich., July 28.—The figures recently made public by United States engineers on the traffic through the Soo canals for the year ended June 30, 1910, are declared misleading by vessel men here. The criticism is that the figures show only traffic through the American locks. When the figures of both Canadian and American canals are taken the traffic shows an increase of nearly 19,000,000 tons over 1909.

FOLLOWING ARE THE FIGURES FOR BOTH CANALS: Entire tonnage for 1909, 47,535,570 for 1910, 66,184,832. The figures for the American canal alone showed 32,730,489 tons for 1909 as compared with 28,311,144 in 1910.

REV. P. M. MACDONALD CALLED TO DARTMOUTH Halifax, N. S., July 28.—(Special)—The congregation of St. James Presbyterian church, Dartmouth, unanimously decided last evening to extend a call to Rev. P. M. MacDonald, of Toronto. Mr. MacDonald is a native of Pictou county, the province.

THE WEATHER Moderate to fresh southerly breeze; showers; Friday, westerly winds, fair and warm.

A FORMER BAYFIELD HEAD

Joseph A. Wells Passes Away in San Francisco

PIONEER OF STATE

Miss Gass, of Mount Allison Wins Tennis Championship at Muskoka—Sackville Women Making Garments for Fire Sufferers

Sackville, N. B., July 28.—(Special)—In San Francisco, July 14th, there passed away a Bayfield man, who had played a prominent part in the life of the California City—Joseph A. Wells. In telling of his death, the San Francisco Chronicle publishes a photograph of Mr. Wells, and speaks of him as a pioneer of the state.

Mr. Wells is a son of the late William F. Wells, Bayfield, and left there for California when he was twenty-three years old, and made the voyage about Cape Horn, the trip taking upwards of nine months. In addition to his wife, and one son, Norton C. Wells, of Los Angeles, Mr. Wells is survived by three sisters, Mrs. Cyrus Goodwin, Point De Bute, Mrs. Ritchie Copp, Bala Verte, and Mrs. B. Roadie, of Portland, Oregon. His brothers were the late A. Ward Wells, Bay Verte; Allen Wells, Bayfield, George Wells, and Samuel Wells, of Portland, Oregon.

A Mount Allison University girl, Miss Daisy Gass, Shubenacadie, was the winner of the tennis championship at Muskoka. All Canadian colleges were represented in the tennis tournament, and Miss Gass had some hard battles before she won the championship for Mount Allison. In the final she was opposed by a representative of the University of Toronto, but proved too skillful for the Ontario player. Seven Mount Allison girls attended the tournament. Miss Gass, Gertrude Hamilton, Salisbury; Blainie Glendinning, of Dalby, Edna Stewart, of St. John's, Kiburn, Kiburn, N. B.; Ethel Bond, Halifax, and Miss Alice Strathairn, Moncton. J. W. Donohue and his six-year-old son, Oakes, took to R. Robertson of the experimental farm at Nappan. It is understood that Mr. Donohue received a fine price for the heave and was proving an exceptionally fine horse.

The W. C. T. U. has organized a sewing club to make garments for the Campbellton sufferers. Sackville Orange Lodge has voted fifty dollars to the relief fund.

Rev. Aquila Lucas expects to leave for the International summer school and meeting of the Sunday School executive committee.

SEWAGE PLANS NOT APPROVED Rochester, N. Y., Grappling With the Question of Providing for Proper Sewage

Albany, N. Y., July 28.—Plans for the city of Rochester, which provided for a discharge into Lake Ontario, were returned today to the city officials by State Health Commissioner Porter without his approval. They were submitted to the state department for approval as required by law, and a public hearing was held in Rochester where considerable opposition was expressed. They were then submitted by Commissioner Porter to three sanitary engineers.

The pollution of the Genesee river has reached a point where it becomes necessary for Rochester to make an expenditure of \$1,000,000 for a sewage disposal system. The plans do not provide for a sufficient treatment of the sewage and has indicated that when a more complete system of disposal is provided for the plans will be approved.

GEN. BIRTH MEMORIAL London, July 28.—(Special)—Both commenced the work of the Salvation Army, July 1885.

On Mill-End Waste, East London, a large slab of dark grey stone bearing the above inscription has been placed in position by Commissioner Ross, head of the army's international training home.

The spot where General Booth started his great religious campaign now forms part of a long strip of land which has been laid out as a public garden by the London county council, and it is just within the gateway that the memorial stone has been embedded in the green turf. The bettering stands out boldly in lead.

A letter from the general, who was unable to be present, was read at the ceremony. In it he reviewed the inception and operations of the Salvation Army, alluding specifically to the valuable co-operation afforded him at the commencement of the movement by his late wife, and by other members of his family, and by a host of officers and soldiers in many lands. He claims that the Salvation Army has aroused large numbers of religious, benevolent and good-will organizations to see the accomplishment of the same objects as those for which the Salvation Army exists, and adds: "This testimony I take to be the reconstruction of my heart and life to the great work in which I am still privileged to be engaged."

A thanksgiving service was afterwards held in the assembly hall adjoining.

A COSTLY MOVE Chicago, July 28.—Twenty-five million dollars gold, silver and green backs as well as \$85,000,000 in securities will be moved Saturday from the Continental National Bank to the Commercial National. The transfer will necessitate the use of scores of policemen and private guards. Two wagons will be used to haul the money. The two banks have been merged and on August 1st the new Continental and Commercial National Bank will begin business.

POISON THAT WOULD KILL A THOUSAND

Physician Swallows Remarkable Concoction

FEARED PARALYSIS

Decided to Commit Suicide — Doctors Powerless to Save Him — Report Says He Had Differences With Wife Over Her Belief

Bridgeport, Conn., July 28.—Dr. Frederick U. Graves, one of the most prominent physicians of western Connecticut and active member of the First M. E. church of this city, died in the Galien hospital here yesterday, a suicide, from the most remarkable dose of deadly poisons ever introduced into a human system. The doctors frankly state that the dose he concocted for himself, if divided into as many portions, would have killed a regiment of soldiers.

The act was deliberately premeditated and proof of the physician's faith in his diagnosis of his own case—that he was doomed to die from a second paralytic stroke—was given by three sisters, Mrs. Cyrus Goodwin, Point De Bute, Mrs. Ritchie Copp, Bala Verte, and Mrs. B. Roadie, of Portland, Oregon. His brothers were the late A. Ward Wells, Bay Verte; Allen Wells, Bayfield, George Wells, and Samuel Wells, of Portland, Oregon.

A Mount Allison University girl, Miss Daisy Gass, Shubenacadie, was the winner of the tennis championship at Muskoka. All Canadian colleges were represented in the tennis tournament, and Miss Gass had some hard battles before she won the championship for Mount Allison. In the final she was opposed by a representative of the University of Toronto, but proved too skillful for the Ontario player. Seven Mount Allison girls attended the tournament. Miss Gass, Gertrude Hamilton, Salisbury; Blainie Glendinning, of Dalby, Edna Stewart, of St. John's, Kiburn, Kiburn, N. B.; Ethel Bond, Halifax, and Miss Alice Strathairn, Moncton. J. W. Donohue and his six-year-old son, Oakes, took to R. Robertson of the experimental farm at Nappan. It is understood that Mr. Donohue received a fine price for the heave and was proving an exceptionally fine horse.

The W. C. T. U. has organized a sewing club to make garments for the Campbellton sufferers. Sackville Orange Lodge has voted fifty dollars to the relief fund.

Rev. Aquila Lucas expects to leave for the International summer school and meeting of the Sunday School executive committee.

SEWAGE PLANS NOT APPROVED Rochester, N. Y., Grappling With the Question of Providing for Proper Sewage

Albany, N. Y., July 28.—Plans for the city of Rochester, which provided for a discharge into Lake Ontario, were returned today to the city officials by State Health Commissioner Porter without his approval. They were submitted to the state department for approval as required by law, and a public hearing was held in Rochester where considerable opposition was expressed. They were then submitted by Commissioner Porter to three sanitary engineers.

The pollution of the Genesee river has reached a point where it becomes necessary for Rochester to make an expenditure of \$1,000,000 for a sewage disposal system. GEN. BIRTH MEMORIAL London, July 28.—(Special)—Both commenced the work of the Salvation Army, July 1885.

On Mill-End Waste, East London, a large slab of dark grey stone bearing the above inscription has been placed in position by Commissioner Ross, head of the army's international training home.

The spot where General Booth started his great religious campaign now forms part of a long strip of land which has been laid out as a public garden by the London county council, and it is just within the gateway that the memorial stone has been embedded in the green turf. The bettering stands out boldly in lead.

A letter from the general, who was unable to be present, was read at the ceremony. In it he reviewed the inception and operations of the Salvation Army, alluding specifically to the valuable co-operation afforded him at the commencement of the movement by his late wife, and by other members of his family, and by a host of officers and soldiers in many lands. He claims that the Salvation Army has aroused large numbers of religious, benevolent and good-will organizations to see the accomplishment of the same objects as those for which the Salvation Army exists, and adds: "This testimony I take to be the reconstruction of my heart and life to the great work in which I am still privileged to be engaged."

A thanksgiving service was afterwards held in the assembly hall adjoining.

A COSTLY MOVE Chicago, July 28.—Twenty-five million dollars gold, silver and green backs as well as \$85,000,000 in securities will be moved Saturday from the Continental National Bank to the Commercial National. The transfer will necessitate the use of scores of policemen and private guards. Two wagons will be used to haul the money. The two banks have been merged and on August 1st the new Continental and Commercial National Bank will begin business.

THOUSANDS ARE DYING OF CHOLERA

Awful Epidemic in European Russia

16,651 DEATHS

A Daily Average of Forty Cases and Twelve Deaths in St. Petersburg—\$14 are in the Hospitals There

St. Petersburg, July 28.—The extent of cholera epidemic in Russia is revealed in figures made public by the government sanitary commission today. The stricken region now includes forty-two provinces and territories of European Russia, and since the outbreak of the disease last May, there have been a total of 37,632 cases with 16,651 deaths.

Recently there has been a startling increase in the number of victims. During the week ending July 23, no less than 13,374 cases were reported and of these 5,979 terminated fatally. Some time ago the scourge made its appearance in this city and for the past fortnight there has been a daily average of forty cases and twelve deaths in the capital. Yesterday there were 34 cases and fourteen deaths reported here. In the local hospitals there are 314 cholera sufferers, including 28 children.

Friends of the family tonight, however, said that the difference of belief of husband and wife had only provoked academic discussions and that there was no ground for the belief that these differences had anything to do with his suicide. Dr. Graves suffered a comparatively slight paralytic shock on July 5, just while visiting a patient. He finished his round his duties before he became seriously ill. There he announced to his assistant and to fellow physicians that he had suffered a paralytic shock, and that the second shock would come within a month or six weeks and would prove fatal. He was content with his own diagnosis and putting over his practice to other physicians, left Bridgeport on the following day for his summer home at Millport, Conn., where he joined his family. He did not seem dependent; but whenever the subject of a paralytic shock was mentioned he was a doorman man.

Yesterday morning his wife and three sons, the eldest sixteen, returned from an early morning stroll and missed Dr. Graves from the house. Mrs. Graves began a search and found him lying in the shade of the trees in a grove on the place. He appeared to be dozing.

Two Men Killed in Strike Riot Police Clash With Strikers of American Sugar Refining Co. in New York

New York, July 28.—Two men were shot and killed, four dangerously wounded and a score more or less seriously injured, in a riot of strike sympathizers today at the plant of the American Sugar Refining Co. in Williamsburg, where a strike has been in progress for a month.

A crowd of sympathizers threw bricks at the strike-breakers from house tops and when the non-strike men started out with their trucks to deliver sugar a rush was made for the wagons. The police on trucks returned the fire of the crowd and two of the rioters were shot. It is reported that others were hurt in the melee and that a number of friends of the employees of the plant struck a month ago for an advance in wages.

STABBED WIFE IN VIEW OF CHILDREN New York Tailor, After a Family Quarrel, Plunges Bread Knife into Wife's Neck and Cuts His Own Throat

New York, July 28.—In the presence of his five little children, Abraham Roth, a Livingston street tailor, after quarrelling with his wife, plunged a bread knife into her neck today and then slashed his own throat. The woman, her jugular vein pierced with the thrust, died with a shriek to the fire escape and pitched headlong through the opening to the landing below. Picked up unconscious and taken to the Gouverneur hospital, she died there an hour later. Roth was found lying unconscious on the floor of the living room in his apartment, and was taken to the hospital, where he died today. Roth had not worked steadily lately, it was said. The children of the couple and their parents had spent the greater portion of the night in carrying on the quarrel which culminated in today's tragedy. Roth is forty years old, and his wife was slightly his junior.

LEFT \$155,000 TO THE PUBLIC Public Institutions and Charities Well Remembered in Will of Mrs. Champlin

Boston, July 28.—By the will of the late Mrs. M. Champlin, died in the Norfolk county probate court, specific bequests of \$107,000 were made, and from those, either directly or ultimately, approximately \$105,000 will go to public institutions and charities. The residue, which probably will amount to \$50,000, will also go to public institutions and charities. The estate probably will appraise at \$250,000.

The largest bequest is one of \$30,000 to St. Sabas Protestant Episcopal church, a post on Quinpool Road. This morning touched a live wire with his hands and was thrown from the pole. He was burned some, but his worst injury is sustained by the fall. He is in a critical condition.

TELEPHONE EMPLOYEE SERIOUSLY INJURED Halifax, July 28.—(Special)—George Walker, an employe of the Nova Scotia Telephone Co., while repairing a wire on a post on Quinpool Road, this morning touched a live wire with his hands and was thrown from the pole. He was burned some, but his worst injury is sustained by the fall. He is in a critical condition.

HON. DR. PIGSLEY AT CAMPBELLTON

Arrived This Morning to Look Into Needs of People

NO FURTHER WORD ABOUT CRIPPEN

All Sorts of Rumors are Afloat But No Messages from Scotland Yard

Further Point Que., July 28.—(Special)—The arrival of the Montrose and Laurentine and the solution of the Crippen rumors may be further delayed by a heavy fog that is now hanging over the St. Lawrence gulf. Chief McCarthy, the provincial force and ex-Chief Dennis, of Point Lewis are here and a crowd of newspaper men representing the principal journals of North America. The warrant for the arrest of the suspects reads: "for suspicion of murder." Chief McCarthy states that if he takes the prisoners he will bring them to Quebec. The Montrose is not expected until Saturday afternoon. The Royal George had no news of Crippen.

London, July 28.—Scotland Yard has received no message relative to developments in the Crippen case either from Inspector Dew who is on board the steamer Laurentine, or from Capt. Kendall of the Montrose, since the original exchanges with the latter were reported that he believed that Dr. Hawley H. Crippen and his typist Ethel Clara Leneve were among his passengers.

All sorts of stories are afloat regarding the Crippen case. Chief McCarthy states that if he takes the prisoners he will bring them to Quebec. The Montrose is not expected until Saturday afternoon. The Royal George had no news of Crippen.

STOCK MARKET ACTIVITIES DUE TO SYNDICATE Canadian and English Capitalists Tried to Effect a Merger of Big Railroad Interests

Boston, July 28.—(Special)—The fireworks in the stock market this week were largely due to mobility of a group of Canadian and English capitalists who formed this time a new transcontinental railroad system consisting of Rock Island, Lehigh Valley, Wabash, Missouri Pacific, Denver and Rio Grande and Western Pacific. The syndicate is headed by Dr. F. S. Pearson of Great Barrington, Mass., who is well known as an associate in the Mexican and Cuban investments of Sir William Van Horne and by Sir Ernest Cassell. About fifty millions were used in attempting to purchase control of railroads outside the Rock Island system which the Pearson and Cassell syndicate control already.

When the syndicate figuratively bit off more than it could chew, a severe slump occurred an down Kuhn, Loeb & Co., the great New York banking house, has taken from the syndicate its holdings in Rock Island and other roads.

The syndicate's plan to unite these roads appeared feasible but the financial power was not adequate. Kuhn, Loeb & Co., and the syndicate may effect a union of all the properties later.

FARMERS TO ISSUE "DOOMSDAY BOOK" They Are After Legislators Who Will Not Pass Laws in the Interests of Agriculture

Bainbridge, N. C., July 28.—Three million farmers of the United States are being banded together to attempt the defeat of such members of congress and other public officials as are dead to the demands of agriculturists for laws advancing their interests. The announcement was made here last night by Charles S. Barrett, president of the Farmers' Union, who said the organization was working on a list of legislators which will be known as the "Doomsday Book." The book, Mr. Barrett, added, will be issued before November.

CONVERSION GENUINE Death of Boxer Who Cried Over Spurgeon's Sermons

London, July 28.—Daniel Thomas, a man who was once well known as a pugilist, publican, and devout Baptist, is dead at Portcharwell, aged about 82 years. He was at one time the unbeaten light-weight boxing champion of the world, and in 1860 won a valuable belt.

He was converted while keeping a public house in Cardiff through reading the sermons of the late Rev. C. H. Spurgeon, and shortly afterwards he burned his fighting belt.

He engaged in speculation and became very well off, and his conversion being genuine, his services were sought for and wide for laying foundation stones of chapels.

Though dying, it was said, the best trade in Cardiff as a publican, he did not care for the life. He used to describe how on Sunday evenings he attended a certain chapel to be impressed by "a good man's ministry," and then returned to his duties in the tap-room "to be horrified by the foul cursing of triplers." And he would add: "Imagine me, a publican and a professional pugilist, devoting hours after 'stop-tap' to ponder and cry over Spurgeon's sermons."

PROPOSES A SCHEME FOR STATE LIFE INSURANCE

Editor Times-Star: The welfare of the people should be the first care of government. The prosperity of the people, in old age, and their representatives, after death, would build up a young nation like Canada, more effectively than any other means, especially if the people themselves had to contribute a small amount during their younger days toward attaining such an end.

FAMOUS GEMS OF PROSE

IRELAND A NATION By Henry Grattan

From a speech upon the reception, by the Irish parliament, of a message direct from King George III, and exhorting that body to take into consideration the discontents of the Irish people, in the Irish house of commons, April 16, 1782.

You, with difficulties innumerable, with dangers not a few, have done what your ancestors wished, but could not accomplish, and what your posterity may preserve, but will never equal.

You want no trophy now; the records of parliament are the evidence of your glory. I beg to observe that the deliverance of Ireland has proceeded from her own right hand.

Plays and Players

"The Corner Grocery." She was in Seattle last week. Margaret Illington's first appearance on the stage since her marriage to Edward Bowers, of Los Angeles, will be in an adaptation to presenting it.

Miss Emma Curtis and Eddie Roy

Miss Emma Curtis and Eddie Roy, who are among New York theatre goes in a new musical comedy, "Up and Down Broadway," which opened at the Casino Theatre, New York.

Assessed valuation \$3,281,205.00

Net bonded debt only \$75,825.00

Truro is one of the most important Railway Centres in the Maritime Provinces. There are four Railway Lines running from and into the Town.

The manufacturers in the Town are as follows: The well known Stanfield's Ltd., manufacturing underwear; The Truro Condensed Milk Co., manufacturing condensed milk and coffee; Two Hat and Cap concerns and other industries such as Truro Carriage Company, Truro Foundry & Machine Co., etc.

The population is about seven thousand. The growth in population has not been rapid, an increase of about one thousand in the last ten years, but the increase in property valuation in ten years has been from \$2,430,000 in 1900 to \$3,280,000 in 1910.

The town has a sinking fund of \$65,000 on deposit in the Royal Bank of Canada to pay off debentures at maturity.

The future prospects for Truro are particularly bright. The C. P. R. has purchased the D. A. R., which terminates at Truro at present, but will in the future be extended.

Price on application.

SCOTLAND YARD IS DOUBTFUL

(Times Special Cable)

London, July 28.—The opinion has become widespread that Scotland Yard officials are very doubtful as to the identity of the suspected couple on board of the Montrose. Posters containing particulars of the couple are still being circulated throughout France.

LOCAL NEWS

When you have no more home have dinner at White's noon or 6 p.m.

Crowds are increasing daily. Don't fail to visit this great show. C. B. P.

Every day brings its peculiar study and work at Ungar's Lab. To attain the high standard for which this concern is noted. Tel. 28.

Steamer Hampton will run a 10c excursion every Friday afternoon at 2 o'clock. Children 10c, Adults 15c. 3228-1.

Joseph Foley was remanded this morning in the police court on a charge of obtaining liquor under false pretences, and John Johnson (not colored—Swede) was fined \$4 on a charge of drunkenness.

MISSION CHURCH PICNIC

This annual event will be held at Westfield next Saturday, July 30. Trains leave at 9:15 a.m., and 1:10 p.m. Meals and refreshments for sale on the grounds. Tickets will be sold only at the station.

2285-7-30.

THE CHATHAM GAZETTE

Mr. Thomas Sullivan brought action against Norfolk & Western Railway Company for a month's organ which is a matter of dispute between the two. The case was taken up this morning in the police court, and several witnesses heard. Adjudgment was made until more witnesses could be produced.

INDEPENDENCE DAY WAS HER WEDDING DAY

In a baseball match last night a team from Renfrew scored a little against the home team. The game was a close one, and much interest was taken in the match. The bats from Renfrew were strengthened by the presence of two "imported" players, Donnelly, of the Clippers, and Ed. MacIntyre, of the Wanderers.

Wall Street

New York, July 28.—Prices of stocks declined upward again with the opening of the market, gains running in the afternoon. The market was generally active, with a few exceptions. The following quotations of the Wall Street market, July 27, 1910:

Consolidated 104 1/2; American Express 104 1/2; United States Steel 104 1/2; Western Union 104 1/2; American Telephone 104 1/2; General Electric 104 1/2; American Sugar 104 1/2; U. S. Steel Common 104 1/2; Virginia Carolina Chemical 104 1/2.

Montreal Stocks

Montreal, July 28.—(Special)—The stock market continued to display the rebound in price, customary in the market after a lengthy process of liquidation and several good gains were made. Leading figures were: Pacific 184 1/4; Steel 120 1/4; Canadian Pacific 214; Very heavy blocks changed hands in U. S. Steel, Union Pacific and Amalgamated Copper, and the quotations for these stocks showed a spread of a substantial fraction.

Winnipeg Wheat Market.

100% October, 106 1/2; December, 104 1/2.

Bank of England.

London, July 28.—The rate of discount of the Bank of England remained unchanged at 3 per cent, today.

CIRCUS PARADE A CREDITABLE ONE

A Good Performance Promised All Who Attend—Many Features of Interest

The weather today was not exactly what might be termed "ideal" for what has come to be styled "circus day," but in spite of this fact large numbers of people lined the streets this morning to see the big parade of show people, animals, wagons, etc. march by, and the younger element were in their glory as they saw the strange animals, the funny dogs, and the old-looking wagons passing along to the tunes of several popular airs rendered on the steam calliope, or by a brass band.

WILL VISIT BANGOR ON OCTOBER THIRD

Ancient and Honorable Artillery Company of Boston Will Make a Pilgrimage to Maine City

Bangor, Me., July 28.—Mayor Woodman and Pres. Chapin of the Bangor Chamber of Commerce have received official notification that the Ancient and Honorable Artillery Company of Boston has been invited to visit Maine in October. This decision on their part has been expected ever since a committee from this organization came down from Boston to look the ground over for a short time ago. The question of their entertainment during the five hours that they remain in Bangor will be brought up at the meeting of the Chamber of Commerce next Monday night.

TAKING THE CENSUS AT 70 BELOW ZERO

Alaska Enumerators Waded Snow 20 Feet Deep and Ate Frozen "Grub"

Washington, July 28.—Temperature from 30 to 70 degrees below zero; snow from 20 to 25 feet deep; wind blowing a blizzard most of the time; no human habitation in sight; no covering at night except a tent, and no "grub" that was not many times frozen.

SUSPENSION BRIDGE AND CIRCUS WAGONS

When the circus started out on their parade this morning from the grounds in Lancaster, they were held up at the suspension bridge over the Mousam River while he got telephone communication with Premier Hagan as to the advisability of allowing the heavy wagons to pass over. Mr. Burns was told he could use his own judgment in the matter and he allowed the circus wagons to cross one or two at a time.

PERSONALS

Miss Olive Hanson, Park avenue, Montreal, is spending the summer with her brother Paul R. Hanson at Duck Cove, Charlottetown.

George L. Harris, Montreal, arrived in the city on the Maritime train this morning.

RUNAWAY ACCIDENT NEAR ROTHESAY

A very serious runaway accident was narrowly averted last night at a spot on the roadway not far from Rothessay, when a horse and a double-seater carriage attached, driven by Chas. Swanton, was thrown, became frightened of a passing train, and, having thrown the occupants of the wagon out, and badly damaging the vehicle, both horse and carriage were overturned. The driver, the animal and only recently having been purchased.

TWO MONTHS WAS LITTLE ENOUGH

John McIntyre, of Brussels street, will probably regret in the course of a day or more, of the two months which he will have to spend in jail, that he became so angry last night, when he returned to his home and found that his pipe was missing from its accustomed resting place on the windowsill, which, in him, seemed sufficient cause for his grabbing his wife by the throat and giving her a sound beating, for all of which he was fined \$25 or two months' imprisonment this morning by Sitting Magistrate Henderson.

SATURDAY MATINEE AT OPERA HOUSE

Miss Sadie Callahan and the St. John societies have decided to play their success of the first of the week, The Lion and the Girl, in the Opera House on Saturday afternoon. Several requests were received from people living in the suburbs who could not very well get to town to see a night performance, and it is expected that another large audience will greet the performers. The performance will start at usual at 2:30 p.m.

THAT PAVING CONTRACT

There is one feature of the paving contract that appears to have escaped the attention of the aldermen. It is that cheaper work has been accepted by the engineer in place of more expensive work. But the contractor gets just as much for the cheaper work as for the more expensive. If the interests of the taxpayers were properly looked after the city would only pay for what it gets. Suppose Mayor Frink ordered a suit of clothes to be made from a certain material at a certain price and the tailor sent him one made of much cheaper material and demanded the full price—what would the mayor say? Even if he believed the cheaper material to be as durable, would he be willing to pay the price of the more expensive article?

CAMPBELLTON

A St. John business man who has returned after a visit to Campbellton states that what is most needed at this moment is a hand to the affairs of the town. He told of one man who had received his insurance money and desired to rebuild. Before beginning operations he wanted to know where the new streets would be and how the town would be laid out. Nobody could give him that information, and valuable time was slipping away. If this man grows weary of waiting and takes his money to some other town, Campbellton will be the loser to that extent; and doubtless there are many such men. The fact emphasizes the need of executive and administrative ability at the head of affairs, to force matters and find out exactly what is to be done with the bonded debt and to bring about at once such a state of affairs as would enable all who desire to rebuild to proceed at once with the work.

The Times-Star has contended and still contends that the provincial government should have assumed responsibility in this matter, and should have had a special commissioner armed with large powers constantly on the spot. The people of the province would gladly endorse the most generous treatment of the people of the stricken town. The Quebec government has granted \$5,000 and the New Brunswick government \$2,000. The contrast is not flattering to the pride of the people of this province.

So far as the people of the province generally are concerned, they appear to desire fuller information before contributing funds to the extent that is required, to relieve the terrible situation in which citizens of Campbellton are placed. The Telegraph suggests that the lieutenant governor, who has shown a most lively and intelligent interest in the matter, should get the facts in brief and issue a proclamation. Such a course would undoubtedly do much to set the stream of relief flowing, and it may be taken for granted that Hon. Dr. Pugsley's visit to the town will have results greatly beneficial to the suffering people.

THE KING'S DECLARATION

The affair of the bill altering the king's accession declaration has taken a quite unexpected turn. Not only are the words objectionable to Roman Catholics omitted, but it is proposed to omit those which make it necessary for the king to be a member of "the Church of England as by law established." The second reading of the bill was carried without division, after an amendment equivalent to its rejection had been voted down, 410 to 84. Mr. Balfour, though he referred to the too exclusive attitude of the Catholic church, agreed with the government that a change in the accession declaration was

desirable, and said he had no misgiving from the Protestant point of view with regard to the proposed change. The debate appears to have been devoid of bitterness, and the views of the London press are favorable to the change. Most of the papers say the change is a distinct improvement, although the Times expresses the opinion that there will be a good deal of trouble over it in committee. Public opinion, however, is so generally in favor of the change that there will be no really formidable opposition. The people agree with Mr. Balfour that the Protestant religion has nothing to fear from eliminating from the king's declaration words that are grossly offensive to a great number of his loyal subjects.

THE ROYAL COMMISSION

It is stated that 120 circulars were sent out to manufacturers and others asking them to meet at the board of trade rooms yesterday afternoon to make arrangements for the meeting here of the royal commission on technical education, and that only five persons were present. If this may be taken as an evidence of the extent to which St. John people are interested in technical education the outlook is certainly not a cheering one. One of the weaknesses of St. John is the difficulty encountered in overcoming the indifference of citizens to all save that which personally and immediately concerns the individual. There is a lack of public spirit. They do better in the west. The people of St. John should take the fullest advantage of every such opportunity as that presented by the royal commission to give and to get an expression of views on subjects of the greatest importance to the development of the country. It may be hoped that when the commission begins its sittings a more general interest will be manifested. St. John cannot afford to be behind other parts of the country in matters of this kind, which vitally concern the material interests of Canada.

HASSAN HAS TEM.

If the street railway property should be visited by fire, would the company exact fare from the firemen enroute to the scene?

Sir Frederick Borden states that General French's report on the Canadian militia, while suggesting improvements, is, on the whole, a favorable criticism.

The movement to provide sanitariums in public places in the city is late beginning, but should be encouraged. And a better job should be made of it than was done at the market building.

The C. P. R. has established a number of demonstration farms in Alberta. Some United States farmers already have such farms in their territory. It is good business.

It is stated that the transfer of the west side lots will be discussed by the board of trade tomorrow afternoon. If the influence making for delay that have been at work at city hall are permitted to sway the board it will be bad for the city.

The Public Utility Commission still gravely asserts that it has nothing before it that concerns the New Brunswick Telephone Co. This is rather hard on the board of trade. Perhaps that body will give the matter some consideration at its meeting tomorrow.

Everywhere through the west Sir Wilfrid Laurier is receiving a hearty non-partisan welcome. The people recognize his great services to Canada, and appreciate the policy of his government, which has done so much to develop the whole country.

Commenting on the sittings of the Technical Education Commission at Halifax, the Toronto Globe remarks that some points of more than local interest were brought out. "Prominent among them," says the Globe, "is the fact that the province of Nova Scotia as such has gone far ahead of all the other provinces of the Dominion in making provision for a new departure in training young people for industrial calling. The disappearance of the old-fashioned apprenticeship has been frankly recognized and a substitute has been devised. The new system is necessarily crude and is probably inefficient; but it is something to have made a beginning with faces turned in the new direction. It will not be long till other provinces follow, with variations, the example set by Nova Scotia; it will be anything but creditable to Ontario if it is the last to fall into the procession."

The Winnipeg Free Press makes this comparison: "Sir Wilfrid Laurier as he has gone about the Province during the last week, capturing large audiences by his graceful, courteous, persuasive speeches, has been contrasted mentally by nearly every hearer with another Prime Minister who has recently been performing up on Manitoba platforms. The comparison we are sure, has been painful to many Conservatives. The 'you're a liar,' 'skin you alive,' 'make you eat mud,' style of speaking probably never impressed them very favorably and they now recall these masterful deliverances of the Manitoba Boanerges with a sense of nausea."

Indians seldom wear head coverings which probably accounts for the fact that bald Indians are extremely rare.

COMPANIONED

I walked today, but not alone, Adown a windy sea-girt lea, For memory, spiritlilt of her charm, Peopled the silent lands for me.

The faces of old comradeship In golden youth were round my way, And in the keening wind I heard The songs of many an orient day.

And to me called; from out the pines And woven grasses, voices dear, As if from some tipsy woodland hall, The mimicked tones of yesteryear.

Old laughter echoed o'er the leas, And love-lipped dreams the past had kept, From hazy blooms like honeyed bees To company my wanderings crept.

And so I walked, but not alone, Right glad comradeship had I On that gray meadow, wind-swept sky, —L. M. Montgomery, in The Canadian Magazine for August.

IN LIGHTER VEIN

THE NOISY BIRD. "The early bird catches the worm," quoted the moralizer. "Yes," rejoined the demoralizer, "but he would be more considerate and not wake everybody up roosting over."

UNACCOUNTABLE

"Those people who lately moved in next door have every appearance of having moved in good society." "Yes; that's why the language their parrot uses seems so peculiarly shocking."

THE LIMIT

"I'm sorry I married you! You're a brute! I saw you on the corner at two o'clock this morning, hugging a lamp post." "Well, gee-whiz, Mary! Who'd a thought you'd ever be jealous of a lamp post?"

HARD TO SAY

Mrs. Giddy—He is the handsomest dandy you ever saw. I simply love him to distraction. And then he is just devoted to me—he grows really, if anybody looks at me, and I've seen him well trained that he does everything I tell him.

Bonga (aside)—Whom is she talking about? "Jinks (aside)—I'm not sure, but it's either her dog or her husband."

CHAP AT THE PRICE

"Egg shampoo?" inquired the barber. "None." "No?" "No." "Egg on the moustache? Gives you the appearance of having had eggs for breakfast. Only fifty cents."

IDENTITY OF THE DONOR

Lady, who has just received a lobster anonymous by post—"Dear me, I wonder who could have sent it!" French Companion—"Does madame not remember that M. de George was shooting yesterday?"—M. A. P.

RATHER DIM

A tourist, concluding a visit to Ireland, was bidding farewell to an attendant. "Good-bye, Pat!" "Good-bye, yer honour, and may every hair on your head be as white to light you to glory on the last day."

"Well, Pat," said the tourist, lighting a bald pate, "when did you say you won't be much of a torchlight procession?"

FIXES CANADA'S DRINK BILL AT \$76,867,649

Knowlton, Que., July 27.—The temperance convention which was well attended here on Saturday, is being well attended, many delegates being present from Quebec and Northern Ontario. The social, domestic, and "Economic" were the subjects under discussion at yesterday's meetings. B. H. Spence gave an address on "Economic, Bar-rooms, Business, Boots and Boats." Mr. Spence began by quoting Lord Brougham's definition of trade—"Trade is honest, trade is useful, trade is innocuous, trade is humane, and trade is universal and beneficent." Judged by this standard the liquor traffic stands condemned. It is not only a source of loss, but a source of trouble, and what ordinary traders would scorn—a fetid demand by customers for an article they do not need, and which impoverishes them and the community in general. "The following," said Mr. Spence, "are the real items of Canada's drink bill:—Paid for liquor by consumers, \$76,867,649; value of labor lost through intemperance, \$80,515,977; loss by death, through intemperance, \$25,500,000; extra cost of jails, police, asylums, etc., \$4,700,000; grain destroyed in manufacturing liquor, \$2,750,000; work wasted in making and selling liquor, \$6,800,000; total, \$178,292,626. Total revenue received by the Dominion, provinces, municipalities, \$16,940,219; net financial loss, \$168,352,407. The social, domestic, and spiritual loss is beyond all estimate, the speaker concluded. Mr. Spence, in his afternoon address, dealt with "Employer and Employee," and again gave an exposition of the economic aspect of the temperance question. He declared that sobriety made for efficiency and reliability and that no-liquor conditions in a community were therefore all ways best for employer and employee. Less damage to machinery, more and better goods produced—this is testimony of manufacturers as to the advantage of saloon-less towns, over those where the license bar is permitted. Some 3,082 persons are employed by the Canadian liquor traffic and \$214,000 paid in wages, but 27,219 people would be employed in the production of boots and shoes, and receive \$9,817,231 in wages on the same amount of capital, he declared.

CENSUS OF FOREST PRODUCTS

The census of the forest products of Canada, to be taken on 1st June, 1911, will embrace square, waxy or flat timber, logs for lumber and miscellaneous products. In the first class are included ash, birch, elm, maple, oak, pine and all other timbers cut as square, waxy or flat, and the enumeration will be reported for cubic feet and value. Logs for lumber, which are included in the second class, are such woods as elm, hickory, hemlock, oak, pine and spruce. They will be enumerated in the census by quantities of 1,000 feet board measure, with value in the same unit. Miscellaneous products of the forest include bark for tanning, fence posts, fire piling, pot and pearl ashes, railroad ties, staves, stave-poles and heading, telegraph poles (including telephone and other poles for electric wires), wood for pulp, and the fur and skins of forest animals undressed, and they will be enumerated by number or quantity and value. The census of forest products will be taken chiefly from farmers and the lessees of timber lands.

"XXX" Balata Belting

The most important part of every power plant is the Belting—that is where the power expense shows. "XXX" Balata Belting not only saves power, but its long service reduces the expenditure for belting. A satisfied customer is the best advertisement of any product. Those who have used "XXX" Balata Belting say it is the only Balata Belting that has given satisfaction on small pulley or high speed work, and that there is nothing better in this class of belting made.

Give "XXX" Balata Belting a Trial and let it prove its worth. WE WILL GIVE ANY REASONABLE GUARANTEE. T. McAVITY & SONS, LTD., 13 KING ST.

FIND RICHES IN DESERT PLACES

Wild Pampas of South America Annually Produce Wool and Hides Worth Millions. The pampas of Patagonia, famous for their sheep ranches, are great desolate areas, sometimes level as far as the eye can reach, sometimes undulating in graceful monotony, and again a chaos of lava rocks, says Harper's Magazine. A few swift, dangerous rivers have plowed steep canyons. In sligher depressions, where snow melts and water accumulates there are grassy meadows.

Several hundred sheep were brought from the Falklands in 1877 to Punta Arenas, and sheep raising was thus first introduced into the regions of the strait. From this nucleus and shipments which followed the stormy Territorio de Magalanes (of Chile) today carries perhaps two million sheep.

Punta Arenas is its centre and base of supplies. To the north of the strait, south of Rio Santa Cruz (Argentina), the historical and contiguous river valleys support perhaps one million more.

Thus this little, lonely strait settlement, the Mecca of Southern Chile and Patagonia, is one of the great wool exporting ports of the world, shipping away on steamers three years ago more than six million pounds of wool, with a commercial value of more than \$1,000,000. In addition to this there was a sale of nearly forty thousand pelts. Thus sheep raising in these regions has been more profitable than gold digging and more profitable than copper.

Although here in Southern Patagonia the few million sheep graze on some of the poorest land in Argentine territory yet they go far toward piling up her enormous total of perhaps 70,000,000 head of sheep, making her first as an exporter of frozen meat and second only as a shipper of wool, justifying her maintaining in her healthful capital the Central Producers Market of Buenos Ayres, the largest wool and hide market in the world.

The census of forest products will be taken chiefly from farmers and the lessees of timber lands. People ordinarily find it easier to complain than to explain.

Clearance Sale on Low Shoes

Owing to the unseasonable wet-ther of the past few weeks we will clear out the balance of our Low Shoe stock at Bargain Prices. Men's \$5.00 Patent Velour Call and Colored Oxfords, \$4.00 per pair. LACE FRILLS MUCH USED ON SUMMER HATS

This charming "little girl's hat—a model for midsummer—shows the use of lace frills, a feature of the summer millinery. Black chianti and white valencien- nes edgings, pleated in small side pleats, encircle the crown while the brim is covered with closely shirred white net drawn into a band of azules pink ribbon.

The Evening Chit-Chat

By RUTH CAMERON

OUR neighborhood is buzzing with disapproval of one of its members. And I am in despair because I refuse to buzz and insist on approving.

The cause belli is this—Mrs. M. has decided to send Eleanor to a co-educational college.

"We don't mind education for most girls," buzzes the neighborhood, "but for Eleanor we think it is perfectly insane. Aren't there enough girls' colleges in the country where a girl like Eleanor would be very much better."

Eleanor, aged seventeen, and just graduated from a segregated preparatory school—be it explained—is boy mad. All girls along about that age have the boy craze more or less.

Every one who knows her thought her mother—a most sensible woman—would send her to a girl's college to get over it.

On the contrary, Mrs. M. is going to send her to a co-educational college, and in defiance of the neighborhood, I am ready to cheer for Mrs. M.

It is the girl in the candy-shop who looks at sweets from morning to night and has free license to eat all she pleases, on the girl to whom candy is a holiday indulgence who is the most apt to get sick on sweets?

If you want a girl to have common sense ideas on the subject of boys, is it better to put her away from them in a boyless place where she will dream and idealize and think about them most of the time, or to let her live in daily companionship with them where she may find out that they are just ordinary human beings like herself?

"You will notice that the children of co-educational schools walk home together and part quite simply at their homes with no thought of boys' and that sort of nonsense. It is the little girl unaccustomed to meeting and studying freely with little boys who meets them on the street corners after school," says a well-known lecturer on education.

Perhaps so. But let me give you the opinion of a woman who, having been educated at a co-educational college and then been president of one of the greatest girls' colleges in the country, ought to know both sides of the question.

The woman is Alice Freeman Palmer, the great president of Wellesley College. Of her feelings on the subject of co-education her husband writes in his book about her:

"The natural association of girls with boys in interests of a nobler sort, she believed, tends to broaden their vision, to solidify their minds and TO REMOVE MUCH THAT IS HECTIC AND UNWHOLESOME FROM THE AWAKENING INSTINCTS OF SEX. She did not think that made boys boyish or girls girlish, but that it brought good sense and a pleasant companionship to the place of giddiness and sentimentality. She used to say that CO-EDUCATIONAL MARRIAGES SELDOM APPEAR IN THE DIVORCE COURTS."

THE SECRET

All true success is the outcome of your personal interest and genuine endeavor. You may be designing a battle-ship or you may be thinking out a bright idea for a new toy, something a commensurate or puzzling and experimenting with fruits and spices in order to perfect a new recipe for the home table, but the real road to success is just the same in one case as in each of the others. It is not what you are doing, but how you are doing your work that really counts.

You cannot know, unless it were told you, how much personal interest was shown into the manufacture of H. P. Sauce before its name began to be a household word. The manufacturer, who has the world of make-vinegar brewers, she would determine upon first making a name for herself, and then she would make a name for herself and bring success to the maker.

The Midland Vinegar Company of England are proud of their H. P. Sauce, proud of the reputation it has earned of being the richest, most piquant, fruity sauce obtainable. Choicest Oriental fruits and spices and purest malt vinegar are the constituent parts of this sauce—but the manner of blending, the "knack" of converting so many different flavors into one delicious whole—that is the secret of H. P. You had better test it for yourself, it's easy. Grocers over here are all ready selling it freely.

Howell Hill, Albert county, N. B., July 27.—In re: the application of George W. Fowler, counsel for the prisoner, Judge McKeown granted bail today in the case of Thomas Connolly, committed for trial on the charge of the murder of James Power, the amount being fixed at \$20,000, \$10,000 by the prisoner himself and two securities of \$5,000 each. The bondsmen were Fred W. Sumner and Murdoch McLeod, of Moncton.

Canada to be Represented Ottawa, July 27.—The brotherhood of the dominions beyond the seas will be recognized by Canada by sending a minister of the crown to the opening of the first parliament of united South Africa in November next. The name of the cabinet minister who will represent Canada will not be announced until Sir Wilfrid Laurier returns to the capital next month.

REMEMBERING THE BOYS. If baseball magnates only were philanthropists, the boys' lives with care. To build the fences round their parks. With knotholes scattered here and there.

Water and Sewerage Board

City Engineer Will Receive \$750 Damages—Douglas Avenue, Public Sanitaries and Other Matters Receive Attention

At a meeting of the water and sewerage board yesterday afternoon it was agreed to recommend to the council that the sum of \$750 be paid Engineer Murdoch in full of all claims against the city for damages in connection with the Loch Lomond excavation. This includes three and a half acres of ground at \$88, which was Judge McLeod's valuation; \$100 for the right of way for a new road that has been built, and a valuation of twenty cents a ton for the material earth in the dry lake which cannot be taken on account of the pipe line. The unanimous opinion of those present was that the claim was a moderate one, especially as it had been removed that it would amount to anywhere between \$5,000 and \$15,000.

Seeing Things at Night

Peculiarities of Vision and Impressions Made on the Senses in Dim Light

Every one must at times have asked himself why familiar objects in the dim light tend to assume fantastic and often times alarming appearances says the British Medical Journal.

The explanation is to be found in the special conditions of night vision. The pupils are widely dilated and, as in the photographic lens with a large diaphragm, the apparatus of accommodation can only focus for the plane. As the faculty of estimating distances is in great measure lost in the obscurity we cannot focus with precision, and a blurred uncertain outline is thrown upon the retina.

Then, too, colors varying in a fading light, lose until a point is reached at which everything becomes of one uniform gray tinge.

It follows that the images which are transmitted to the visual centres are profoundly modified in color and outline, and as they enter the eye through the widely dilated pupil at an altogether unusual angle the movement of locomotion gives them a peculiar mobility.

Now, one relies on experience for the interpretation of sensory impressions, and when these present themselves suddenly in an unusual form they create a feeling of insecurity which finds expression in mental perturbation and more or less violent motor impulsion. In fact, the subject finds himself in the position of a horse which sees a rapidly advancing automobile for the first time and does not know what to make of it.

Imagination adding these blurred, mobile and uncertain images are susceptible of the most phantasmagoric interpretation, and in persons who are not accustomed to control sensory impressions by the exercise of the intelligence, the impressions are accepted as realities and acted upon accordingly.

Gatekeepers and others who are accustomed to night work make allowance for phenomena of this class and correct the visual deficiency by the aid of other senses such as hearing which are not dependent on light.

WEDDINGS

Reed-Vanart.

Hugh H. Reed agent for F. W. Bird & Co., in this city, was married yesterday in New York to Miss Fanny Tibbits Vanart, daughter of Sheriff Vanart, of Calgary. After the wedding trip, which will include a visit to Ontario, Mr. and Mrs. Reed will return to St. John to reside.

Kennedy-Reynolds.

Yesterday afternoon at the residence of Herbert A. Reynolds, Rockland Road, Miss Eva Gettridge Reynolds was united in marriage to William Leslie Kennedy of Debec Junction. Rev. H. D. Mart performed the ceremony. Mr. and Mrs. Kennedy left last night for Boston and New York and other places of interest. They will reside in Debec.

Humphill-Lee.

At the home of Mr. and Mrs. Rodwick Lee, Carleton county, on Wednesday, July 15 their daughter, Miss Elizabeth was united in marriage to William Wallace Humphill of Knowlesville. Rev. F. W. Alarney, of Glasville, performed the ceremony.

Stinson-MacPherson.

On Wednesday afternoon at 4 o'clock a quiet and pretty wedding took place at the home of Mr. and Mrs. David MacPherson, Sr., of South Bay, when their daughter, Jennie St., became the wife of George M. Stinson, of Lorneville.

The bride, most becomingly attired in white mull and carrying a handsome bouquet of roses and carnations, was given away by her father, and was attended by her sister, Miss Margaret MacPherson, while the groom was supported by Stephen A. Schofield, of Fairville.

The numerous wedding presents were both useful and beautiful, the groom's gift to the bride being a gold watch and chain and to the bride a handsome gold bracelet. A sumptuous supper was followed by an evening of social enjoyment, after which the guests dispersed and the happy couple drove to their future home in Lorneville.

TIRED FEET

It's not the job of the foot that tires you, it's the shoe. You just put a pair of feet in your shoes and you're out. You just put a pair of feet in your shoes and you're out. You just put a pair of feet in your shoes and you're out.

The shoe that tires you is the shoe that is not made for your feet. It's the shoe that is not made for your feet. It's the shoe that is not made for your feet.

The shoe that tires you is the shoe that is not made for your feet. It's the shoe that is not made for your feet. It's the shoe that is not made for your feet.

The shoe that tires you is the shoe that is not made for your feet. It's the shoe that is not made for your feet. It's the shoe that is not made for your feet.

The shoe that tires you is the shoe that is not made for your feet. It's the shoe that is not made for your feet. It's the shoe that is not made for your feet.

Dr. Pierce's Favorite Prescription

It is the best of all medicines for the cure of diseases, disorders and weakness peculiar to women. It is the only preparation of its kind devised by a regularly graduated physician—an experienced and skilled specialist in the diseases of women.

It is a safe medicine in any condition of the system. **THE ONE REMEDY** which contains no alcohol and no injurious habit-forming drugs and which creates no craving for such stimulants.

THE ONE REMEDY so good that its maker is not afraid to print its every ingredient on each outside bottle wrapper and attest to the truthfulness of the same under oath.

It is sold by medicine dealers everywhere, and any dealer who hasn't it can get it. Don't take a substitute of unknown composition for this medicine or know your own danger. No counterfeit is as good as Dr. Pierce's is either mistaken or trying to deceive you for his own selfish benefit. Such a man is not to be trusted. He is trifling with your most precious possession—your health—may be your life itself. See that you get what you ask for.

SPORT NEWS OF A DAY; AT HOME AND ABROAD

To Retain Interest in Baseball.

Looking ahead to the close of the club season in the two major leagues there is the problem of keeping up enough interest in the cities hopelessly out of all first division possibilities, to pay salaries and to meet expenses. Ordinary everyday baseball reckoning, be it known, is built on a false basis; on a foundation of sand. The average fan—no indisputable statistic show—does not go to the ball park to see a game of ball but to see the home team win, and so long as the playing season is made up of 154 straightaway games—seventy-seven in each city—there are sure to be many instances of impaired fortunes, of investments that bring no return.

What is the answer? Perhaps it may be found in Stanley Robinson's suggestion, which he will again before the managers at their next annual meeting.

"Such a series would mean extra money for every club owner; extra money for every player and would give every fan a part in a series that would give the fan a chance to see every major league player in action.

"Twelve cash prizes should be offered ranging, say from \$2,000 down to \$500, so that there would be something in the series for every team and every player.

"Such a series would be something in the nature of a 'world's one game' series for every club owner; extra money for every player and would give every fan a part in a series that would give the fan a chance to see every major league player in action.

"Moreover the players on the team winning in any game which had the most other major league nine and would, indeed, be world's champions."

Forty Years a Ball Player.

New Haven, Conn., July 28.—Expressing a desire to retire after forty years of professional baseball playing, James H. O'Rourke, pitcher, Bridgeport, lawyer, former owner of the Yankees, with Wagner league team, and one of the oldest, if not the oldest, professional players in the country, will probably play his last game for New Haven during the present season.

O'Rourke and Manager Cameron of the New Haven team, when the Bridgeport manager referred to his desire, Mr. Cameron said he would be pleased to have him play in any game which had the most other major league nine and would, indeed, be world's champions.

With the Big League.

Manager George of the Rochester Eastern League Baseball Club has announced that he has sold Pichler Ed Little to the New York Americans for cash and other considerations. Little will finish the season with Rochester.

Pitcher Shantz and First Baseman Gowdy of Duluth, Minn., have been bought by the New York Yankees, according to Manager McGraw. They will report at the end of the Texas League season.

Jimmy Murray, formerly of Buffalo and Toronto, who has been the manager of the Smith of the American Association, has been purchased by the St. Louis Browns. On the other hand, the St. Louis Browns are at present playing the outfield for the St. Paul team, of which Mike Kelly is the pilot. Murray is expected to work brought over from several big league clubs.

The Giants are hard to beat, because they fight right up to the finish, can hit the ball and vary their attack with great intelligence. If they can't hit they bunt; but they usually can hit. Their defense is not so strong, but they have a knack of getting the runs around. They are a struggling crew, which will put it over any weak-hearted team, possibly explaining why they have such a cinch in beating Brooklyn.

Clippers Trimmed St. John's.

On the Every Day Club grounds about 8:00 p. m. Tuesday evening, the St. John's and the Clippers in which the latter team won 12 to 10.

The game was full of excellent playing and in this respect the Clippers were better. A. H. Gibson, who was in the game from start to finish and played the quick snappy kind of ball that wins. On the other hand, the St. John's were loose in places and the six errors made by them were in some respects responsible for the large score made against them.

NEVER SUCH SHOTS AS IN KOLAPORE MATCH

Canadian Scores Broke World's Record, But Mother Country Had the Necessary Bullets at the Pinch

Of the great contest this year at Biele for the Kolapore Cup, the London Standard says: "It was Canada and the Mother Country under the jurisdiction of the Ontario branch of the A. A. U. The writer was assured this morning by a gentleman who holds high official position in both the Provincial and Dominion Amateur Athletic Unions that the case of Corkey and Lakeman have been looked into, and everything found to be square and above board. The case of Fred Johnson has not yet been decided and the A. A. U. of Canada is still awaiting a report from the Maritime Provinces. A. A. U. in short the promised athletic upheaval looks likely to go the way of the Cobalt miners, who have been waiting for the chain of rinks, not to say the almost impossible 823 for the hundred on snowshoes, and various other stunts."

HOW MANY REALIZE THE MARVELLOUS VALUE OF FRUIT IN CURING MANY DISEASES?—Wonderful Success of "Fruit-a-tives," the Famous Fruit Medicine

Fruit juice consists of about 81 per cent water, 8 per cent of sweet matter and only 1 per cent of an immensely bitter substance. Careful experiments show that it is a bitter principle, which is the active or medicinal material of fruit juice.

Under certain conditions, the bitter principle can be made to replace or transform some of the sweet atoms in the juice, thus making a new compound which is much more active medicinally than the ordinary juice.

Many fruits were tested and it was found that the juice of apples, oranges, figs and prunes gave the best results. These fruit juices, having been made more active by the secret process of changing the sweet principle into the bitter, are combined with tonic and antiseptic and made into tablets. These tablets are the famous fruit medicine—"Fruit-a-tives"—known in every part of Canada for their wonderful curative qualities in diseases of the stomach, liver, bowels, kidneys and skin.

"Fruit-a-tives" is the only medicine in the world made from fruit. 50c a box, \$ for \$2.50 or trial size, 25c.

NEW SONG. NEW MUSIC.

AMUSEMENTS FOR OURSELVES AND OTHERS
SPLENDID PROGRAMME AT THE "LYRIC."

The new picture bill at the "Lyric" last evening was loudly enjoyed by the usual summer crowds. The four subjects submitted were found to be the very best of the picture market. "Melody," "The Seal of the Church," with scenes laid in the ancient city of Mexico seemed to hold the audience spell-bound, so realistic was it in its intensity. Some of the principal scenes of Vienna were exhibited in Commemorative Cinema, while "A Father's Heart" and "The Miser's Daughter" seemed to please mightily.

The musical offering of Bert Smith, which is full of original ideas on novelty and standard instruments, came in for a good share of well earned applause. Mr. Smith will change his entire act today, offering a Rube musical turn, introducing various imitations, the most interesting of which will be the church organ on the violin. For next week the attraction is Van Camp and his trained pig, dog, canary, rabbit and other animals. The pig will undoubtedly prove a funder, as it has created a sensation wherever it has performed.

NEW MUSIC AT NICKEL TODAY.
Today at the Nickel the vocal music programme will be entirely changed. Miss Betty Donn will make her debut the remaining three days of the week, in the EXHIBIT ballad, "The Last Rose of Summer." From Fikow's delightful opera Ma-tia. Miss Mildred Prescott, whose rich contralto voice is pleasing every body, will sing a diast novelty entitled "The Italian Rag," and the orchestra will have the following picture will be shown: Edison's film de luxe, "A Piece of Lace," in which Mile. Pilar Morin will have the lead role; the Esnany western picture, "The Cowboy and the Squaw," and the Sell-fare-comedy, "The Hall-Room Boys." On Monday the Nickel will introduce still another distinct novelty in presentation, Miss Sadie Calhoun, the talented actress and associate players in Little Moments from Big Plays, the opening number of which will be Peggy's Dilemma—a tabloid version of one of Henrietta Greenwood's comedy successes.

The highest and lowest points in the United States (exclusive of Alaska) are in the same state—California—and within 100 miles of each other. They are Mt. Whitney, 14,500 feet above the sea level, and Death Valley, 459 feet below the sea.

LOCAL BASE BALL CALENDAR

Every Day Club Grounds.
Monday evening—Local Notes League.
Tuesday evening—C. R. League.
Wednesday evening—St. John League.
Thursday evening—Com. League.
Friday evening—St. John League.
Saturday evening—C. R. League.
There is no admission fee on Monday, Tuesday, Thursday and Saturday evenings.

Shamrock Grounds
Society League games on Tuesdays, Thursdays and Saturdays.

Score by innings:
St. John's 0 0 1 0 0 0 0-1
Clippers 1 3 2 0 0 0 3-9

Summary: Victoria grounds, Wednesday evening, July 27—Clippers, 9; St. John's, 1; three base hit, E. Ramsey; home run, Chase; bases on balls, off Nesbit; five struck out by Nesbit; five hits; Long (2), G. Finnimore, Chase (2); by McGovern, three; by Copeland, Cregan; left on bases, Clippers 5, St. John's 3; wild pitch, Nesbit; pass ball; Rootes; first base on error, St. John's; 1; play the Victoria on the Wilson lot.

The teams are playing the best number of thirty games for the championship, and a succession of wins recently by the Clippers is giving them a good race. The league standing is as follows:

Acadias Are the Winners.
The Acadias defeated the Rockwoods last evening in an interesting game of ball, by a score of 5 to 3. The batteries were: For the Acadias, N. Bryson and R. McEchtern; for the Rockwoods, H. McEchtern and Lawlor. Bryson pitched a winning game. J. Gillespie was umpire.

The Champlains, formerly the Queen Street Stars, defeated the Wentworths by a score of 6 to 1 in a fast game last evening. The batteries were: Killen and Mooney for the winners, and Evans and Dunham for the losers. The Champlains play the Victoria on the Wilson lot tonight.

Queen Street Stars defeated the Wentworths last night, 6 to 1. The batteries were: For the winners, Shibus and Mooney, and for the losers, Smith and Oughlin.

National League.
At Cincinnati—Pittsburg, 8; Cincinnati, 6.
At New York—Philadelphia, 2; New York, 6.
At St. Louis—Chicago, 6; St. Louis, 8.
American League.
Boston, July 27—New York and Boston divided honors in a double header today. The Yankees won the first game 5 to 2, and the visitors taking the second, 6 to 3, in 11 innings. More than 20,000 people witnessed the contests.

At Philadelphia—Washington, 5; Philadelphia, 4.
Eastern League.
At Rochester—Providence, 3; Rochester, 1.
At Buffalo—Baltimore, 3; Buffalo, 4.
At Toronto—Newark, Toronto, postponed, wet grounds.
At Montreal—Jersey City, 2; Montreal, 3.
American League Standing.

Chicago, July 27—(Special)—A summary of the races at the speedway this evening is as follows:
First race, four and a half furlongs—C. A. Moran (Robinson), lat; Florence (Diamond), 2nd; Leon B. (Crowley), 3rd. Mile race, four and a half furlongs—Bel, 1st; Time, 39 P4.
Second race, four and a half furlongs—Quilled (Martin), lat; Adoration (Crowley), 2nd; King Guinea (Walter), 3rd. Time, 39 P4.
Third race, five furlongs—Rose (Johnson), lat; Johnny Wise (Martin), 2nd; Emboden (Robinson), 3rd. Time, 1:04 1/4.

Tennis.
McAvity and Partner Lost.
Toronto, July 27—(Special)—In the national tennis championships today Burns and Smith beat McAvity and Hall, 15-13, and 6-4.

McAvity plays Webster in the men's handicap tomorrow.

Yachting.
American's Won Second.
Manchester, Mass., July 27—So decisive was the victory of the defender Massachusetts over the challenger St. Lawrence, in the second race today for the Seawanhauk cup, that several of the Canadians have made arrangements to go home after tomorrow's race. There was eight minutes and twenty-eight seconds between the boats at the finish today.

To Investigate Runners.
(Montreal Herald.)
Sensational stories and mysterious hints in that section of the local press most given to sensational hints without any particular foundation regarding conditions in athletic circles north of the border, have been the cause of the career of Fred Cameron of Amherst, N. S., and Jim Corkey of Toronto, both of which were gone into at considerable length in this column some months ago.

It appears that the sensational rumors have about as much real foundation as such things usually have. A meeting of the A. A. U. of the Province of Quebec was held recently at the residence of Fred Corkey and Frank Lakeman, run the latest story quite regardless of the fact that the three athletes mentioned the

local provincial branch of the A. A. U. has jurisdiction over but one of Lakeman. Cameron comes under the jurisdiction of the Maritime Provinces A. A. U. branch of the A. A. U. The writer was assured this morning by a gentleman who holds high official position in both the Provincial and Dominion Amateur Athletic Unions that the case of Corkey and Lakeman have been looked into, and everything found to be square and above board.

The "Unknown" Who is Trim Johnson.
Canadian sportsmen believe that the "unknown" who has been picked by Hugh D. McIntosh and Jim Corbett to wrest the heavyweight title from Jack Johnson at "Canaan" Leopold MacLaglen, the American jiu jitsu champion.

MacLaglen is a close friend of Dr. Rolfe, the wrestler, who helped train the American and has wrangled in the United States and Canada. His friends say he is a better boxer than most workers in the country, and is well known to the American jiu jitsu champion.

MacLaglen is a close friend of Dr. Rolfe, the wrestler, who helped train the American and has wrangled in the United States and Canada. His friends say he is a better boxer than most workers in the country, and is well known to the American jiu jitsu champion.

CLEANLINESS IN DENTISTRY

If people knew the thoughtful risk they run of infection from unclean dentistry they would better realize the awful chances they take and what a mighty important factor cleanliness is.

No one has ever disputed the fact that there are no cleaner offices in Canada than ours. This is worthy of consideration.

BOSTON DENTAL PARLORS

LOCAL NEWS

James Gardner, of McAdam, and H. L. Crocker, of Moncton, have been appointed provincial constables.

There isn't a vacant house in all St. Andrews. More houses are needed and at once, says the Beacon.

Ernest Bushman and John Nairn have been reported for loitering habitually in the lobby of the Opera House.

A receipt book found in Carmarthen street, and a key found in Prince William street, await owners at central station.

George O'Halloran, deputy minister of agriculture is in the city and was a visitor at the Mayor's office this morning.

The Baptist Church at Second Falls, Charlotte county, was struck by lightning last Friday night. Little damage was done.

Joseph McCarthy has been reported by I. C. R. Policeman Collins for violating the rules applying to hackmen at the Union depot.

Rev. John Lennox and Rev. F. J. Haldy, of York county, and Rev. Kenneth McLennan, of Victoria county, have been authorized to solemnize marriages.

A meeting of the members of Sapphire Lodge, I. O. F., is called for tonight in their rooms in Simonds street, and as delegates are to be chosen for the convention in Turin, Annapolis (next month), a full attendance is looked for.

Rev. Dr. Crowell, who for the past four years has been pastor of the United Baptist church in Canimac, has resigned his charge and will take up work in the interests of the denomination. Rev. Dr. Crowell will probably reside in Wolfville, where he will educate his children.

The council of the board of trade met this morning. The telephone matter came up for considerable discussion and was referred to a full meeting of the board tomorrow afternoon. The west side transfer will also come before the meeting, and it is expected that there will be a lively meeting. A full attendance of the members is desired.

Today was flower day at the Centennial playgrounds and large masses of bloom came in on the C. E. R. to gladden the hearts of the children. An flowers sent in from the suburbs in care of Mr. Henderson before the baggage room will be looked after. Sewing material, such as print for patchwork would be gratefully received at the grounds. Viewers are urged to go to the playgrounds and see the work done.

Mrs. E. Vroom, of St. Stephen, gave a delightful bridge last Saturday afternoon in honor of Miss May Powers of St. John and Mrs. Thompson of Moncton. Among those present were Mrs. L. Abbott, Mrs. Flewelling, Mrs. Cunningham, St. John, Mrs. Walter Stevens, Mrs. H. Graham, Miss Powers, Mrs. Thomson and Miss Branscombe who won the first prize. Dainty refreshments were served by Mrs. Vroom and Miss Branscombe.

FIREMEN INDIGNANT

An indignant fireman said things to the Times-Star this morning about the decision of the street railway company to make firemen pay their way on the cars. Most of them are call men, and receive very little pay. If a fireman gets out at midtown or the extreme south end, and the firemen had to run all the way they would be tired out before they began to fight the fire. Moreover, said the fireman, the company itself has valuable property and is as much concerned as anybody in having an effective fire fighting force. He adds that the firemen have always done all it was possible to do to clear the hose from the tracks and permit street cars to pass. Hence the members of the fire companies resent the action of the company.

NEW SHIP BRAKE

Capt. Watt, of Halifax, inventor of the Watt ship brake, is in the city in the interests of the Halifax Steamship Brake Co., Ltd., which proposes to exploit his invention, a model of which may be seen at the board of trade rooms. It is claimed for this brake that it will enable a vessel to stop in her own length, and to turn clear around with equal ease, and that it will also take the place of a disabled steering gear. In other words, it gives the captain a control of his vessel that he could get in no other way. It is proposed to fit one steamer with this brake and so demonstrate its value. Capt. Watt hopes to have his use made compulsory on British vessels. He is going to Ontario to interest lake shipping men in the device. He will spend some days in St. John.

CHANCERY DIVISION

Argument in the case of Shaw et al vs. Robinson et al, was presented before Chief Justice Barker in the chancery division this morning at eleven o'clock. Mariner G. Teed, K. C., appears for the plaintiffs and Hon. H. F. McLeod, K. C., and W. Watson Allen, K. C., for the defendants.

The Treasury Board meets this afternoon at 3 o'clock. A communication has been received from the teamsters of the city with reference to the license fees, and they have asked that a delegation be heard before the board this afternoon. The Sherwood matter will also come before the meeting and Constable Sherwood has been asked to be present.

Saturday, July 30th

we publish the first chapters of one of the best and strongest detective stories of recent years. It tells of certain Turkish diamonds of fabulous worth, of their disappearance, and of the unraveling of a mystery that upset all Europe. It is absorbing, it is ingenious, it is thrilling. Don't miss reading

"THE ALBERT GATE MYSTERY"

By LOUIS TRACY

POLICE THINK RIJ A BAD ONE

Believe He Has Been Guilty of Many Petty Thefts

Developments in connection with the arrest of Arnold Reid, a sixteen year old lad, by Policeman James Ross last night, are being awaited with interest. The police for some time past, have been keeping an eye on the youngster, who, it is said, has not been sleeping home for weeks, and who is known to have been connected with several petty thefts about the city. Policeman Ross found him last night in Water street about 9 o'clock, and as he considered the boy was acting suspiciously and could not give a satisfactory account of himself, placed him in custody. On being searched the youthful prisoner was found to have in his possession a silver watch, two cakes of toilet soap, and a harmonica.

This morning the policeman made enquiries concerning the ownership of the watch, and found that it had been the property of Rupert Guest, a seaman on board a schooner lying at Simon & Carter's wharf, Indiantown, but that through an exchange the lad had gotten it. Guest at first, said that he had bought the timepiece from young Reid, but later admitted that he had traded it, receiving a rowboat, to all appearances, quite new, in return. Reid helped himself to two cakes of soap which were on board the Adorns before leaving. He was remanded to jail this morning, and the police would like to hear from any person who has missed a rowboat lately.

WOMEN'S COUNCIL SENDING CLOTHING

More Donations Received Today for the Campbellton Fund

The Women's Council opened their receiving depot for the Campbellton fire sufferers this morning in Kerika's Assembly rooms. The response had been liberal and quite a lot of clothing has been sent in. The ladies hope to be able to send away a case this evening to Campbellton. New clothing is being purchased also, and intention is to send away a case tomorrow night.

The following additional subscriptions to the Campbellton fire fund have been received at the Mayor's office—M. G. Teed, \$100; Tapley Bice, \$10; Misses McLean, \$5.

Miss Grace W. Leavitt, secretary of the local Council of Women, begs to acknowledge the following subscriptions to the Campbellton fire fund—M. T. Peter, Gagetown, \$2; Mrs. James Gerow, \$5; Mrs. James Dever, \$5.

BOARD OF HEALTH IS TAKING ACTION

On Saturday next in the police court several citizens will be called upon to present to a committee a report made against them that their premises are not in the condition required by the ordinances of the board of health, regarding the premises. The board's inspectors have now finished their work, and on their final inspection they found that there are many people who have not, as yet complied with the law in having patent closets installed. The members of the board are determined that in every dwelling house such accommodation will be made, and for this reason are taking the cases to court.

BANK CLEARINGS SHOW BIG INCREASE

Bank clearings, again show an increase over last year. Figures given out today show that on July 28th, 1910, \$33,234,871, corresponding week 1909, \$1,283,871. Increase \$14,453.

PROBATE COURT

In the matter of the estate of James Halrow, trader, the last will was proved whereby the deceased gives to his aunt, Miss Rhoda Sophia Cooke, and his nephew, Lindley R. Roberts, all his estate in trust to invest the same and to pay the net income to his said aunt for life and after her death the principal to go to his nephew, subject to the annuity or yearly sum of \$150 to his sister, Helen Jane Balcom, wife of William Balcom, of Nova Scotia, who, however, predeceased the testator, and he nominates the said Rhoda Sophia Cooke and the said Lindley R. Roberts, executors, who are duly sworn in each. Real estate \$2,000, personal estate \$4,000. Edmund G. Kaye, K. C., proctor.

FUNERALS

The funeral of Miss Isabel D. Brown was held from her late home, Cranston Avenue, this afternoon at 2.30 to St. John (Stone) church where service was conducted by Rev. G. A. Kahring. Interment was in Fernhill cemetery.

The funeral of Mrs. Eliza Hatfield was held from her late residence, Erin street, this afternoon at 2.30. Service was conducted by Rev. Wilfred Gjezt and interment was in Fernhill cemetery.

The funeral of Thomas Moore was held from his late home Watson street, West End, this afternoon at 3 o'clock. Service was conducted by Rev. H. R. Reid and interment was in Cedar Hill cemetery.

Stores close at 6 o'clock. St. John, July 28, 1910

When You Buy a Glenwood Range You Buy Satisfaction

Our Glenwood Ranges sell on their merits. If you are looking for a range and take time to look carefully over the different lines of ranges you will find at your disposal you will then see that the Glenwood Ranges are superior in their construction. Look carefully into the draft, the fine strip, the oven bottom, the clean-out door, the sectional top, etc., and you will then see why the Glenwood takes with the people. We have hundreds in and about St. John and every one we sell sells another. You don't have to go out of St. John to get the best when you want a range. Ask any one that is using a Glenwood. Made, Sold and guaranteed by
