"The original articles of agreement for the fight," said Kearns, "contain the names of five men—James J. Corbett, James J. Jeffries, James Dougherty, Robert Edgren and Bill Brown, who have been agreed upon by Rickard, Dempsey and myself as the list of men for which whom the referee should be selected.

C. N. R. TO USE SOME MINTO COAL

Fredrickton, N. B., June 15.—Contractors for the first coal from the Grand Lake area for use on the C. N. R. have been awarded to members of the Minto Coal Operators' Association. The contract calls for delivery of 10,000 tons during the next six months and 5,000 tons later. John Henderson, chairman of the association, said today that he regretted the awarding of the contract as important because it meant the entering wedge and the recognition of justice of the claims of the Minto operators. C. N. R. trains operating in this province. In return, the Minto mine operators have agreed to ship over the C. N. R. a proportion of the product of their lines going out for commercial purposes. Mr. Henderson said that one of the matters discussed at a Toronto conference which he attended was the construction of a spur line from the National division of the C. N. R. to Minto. At present coal had to be sent from Minto to Chipman by the Fredericton and Grand Lake Coal and Railway, which placed an almost prohibitive rate of seventy cents a ton for the haul of twelve miles; the proposed spur line would be only six and a half miles, and it was believed its construction would eventually prove a profitable investment for the C. N. R.

ADDISON QUILTS BRITISH CABINET

Revolt of Government Followers, Say Enemies. Declare Stability of Lloyd George Rule May Be Endangered—M. P.'s Protest Against Spending Without Commons' Sanction.

London, June 15—Dr. Christopher Addison, formerly minister of health and since last April minister without portfolio, in the British cabinet, has resigned his post. It was declared by the Daily Mail today.

This latest development is described in anti-government quarters, the newspaper said, as "a revolt of the government's followers." It was declared this alleged revolt is likely to endanger the stability and even the existence of the Lloyd George cabinet, and cause a general election. A manifesto signed by about 150 coalition members of the house of commons, presented the government yesterday, protesting against the expenditure of public money without the previous sanction of parliament. It was made because of the appointment of Dr. Addison at a salary of five thousand pounds annually without submitting the matter to the commons, but many who signed the manifesto declared their action was prompted by a desire for general economy and not a desire to force the government to incur inevitable expenditures.

Match and mole fur stole and carried a bouquet of American beauty roses. As Hiram Sees it

"Hiram," said the Times reporter to Mr. Hiram Hombree, "the editor has asked me to interview you on the question of church union." "What church does he mean?" queried Hiram. "That has nothing to do with the case," said the reporter. "I am honored by you asking my views, but I am not giving to the public as yet. I am just giving to my fellow citizens. Mr. Hiram Hombree." "What does he say about it?" queried Hiram. "Oh! Was we?" said Hiram. "What was we say?" queried Hiram. "What objection," demanded the reporter, "do you have to giving your views on church union?" "Well," said Hiram, "as we've had a mighty dry season, as it'll soon be hayin' time, I calculate I've got the hornet's nest to get to into this year—yes, sir!"

BIG NEW LABOR TROUBLE FEARED

Would Affect a Million and a Half of Men.

Negotiations of Employing Engineers and Men Fail—Miners are Voting Today and Result Will be Known on Friday.

London, June 15—Negotiations between the Engineers Employers Federation and the trade union representatives on the proposed wage reductions have broken down, National stoppage is threatened this afternoon, when the employers' notice reducing wages becomes operative. More than 1,600,000 men are affected.

London, June 15—British miners today voted on the proposals of the mine owners for the settlement of the coal strike. The proposals include establishment of a minimum wage of 10s. 6d. per week in the case of piece workers, by twenty per cent. It was provided that this percentage would be calculated on the output for March, 1921, and would continue in effect for twelve months.

The owners offered to surrender their profits proportionately to the assistance received by the various districts, and new district boards would, if the proposals should be accepted, re-distribute the districts on an economic, instead of a geographic basis. A national wage board would then determine the ratio of profits to wages in each district.

The owners suggested as an alternative that the new standard be settled by a national wage board or by arbitration. The result of today's voting will be announced on Friday.

Twenty-two Horses in Hunt Cup Races.

Ruth's Smashing Work is Kept Up and Others Hit Ball Hard. Some Records Yet to be Equalled.

Ascot Heath, June 15—Illustrator, owned by E. Short, won the Hunt Cup, run here today. Lord Londonderry's Glamisra was second, and F. Hardy's Beaufort was third. Twenty-two horses ran.

King George and Queen Mary came over from Windsor and took part in the semi-state cavalcade across the course. The Royal hunt cup is valued at two hundred and fifty sovereigns, with about two thousand pounds added.

New York, June 15—The 15,000 persons at the Polo Grounds yesterday afternoon, saw a slam-bang game of baseball, teeming with excitement and noise, winding up the series between the Tigers and the Yankees. The local team won, 9 to 6, thus gaining a clean sweep of the four games.

Babe Ruth was certainly there. Unhappily for George Davis, pitcher for Detroit, the Babe was not able to get his hit. He had with him his most awful cudgel, which is supposed to be made of steel springs and gunpowder. With this frightful weapon he carved the heavens with a brace of his four base balls.

Bellet, French woman champion, who tossed was wound up. Frank Baker got one with a line drive into the lower stand with two on, in the seventh, and Cobb got the other in the sixth. One of Ruth's was estimated at 475 feet.

Ruth's two home runs yesterday placed him sixteen days ahead of last year's season. They marked, so far as it is recorded, the only occasion on which he has hit two home runs each in games.

DIED OF BROKEN HEART.

Mrs. Richard Howard's End Hurred by Grief Over Brother's Sudden Death Last Week.

(Fredericton Gleaner.) The home of Miss Julia Connors, South Devon, has been doubly bereaved during the last three days, her brother, Richard Connors, passing away on Saturday after a short illness, and this morning her sister, Mrs. Richard Howard, who made her home with her, passing away.

Mrs. Howard was taken ill a day or two after her brother was brought home ill, and had almost recovered when her brother died on Saturday. Grief over his death caused her to relapse, and despite the best attention and medical skill she passed away this morning, apparently from a broken heart.

She was about seventy years of age and was a woman who made friends with everyone on account of her genial disposition. She was a prominent member of St. Anthony's church, and her death will be sincerely regretted. She is survived by one daughter, Mrs. Raymond Richardson, of Japan; one brother, Philip Connors, of Sackville, and two sisters, Miss Julia Connors, at home, and Mrs. Wm. Hanson, of Waltham, Mass.

The funeral will take place on Friday morning at 9 o'clock, with high mass of requiem at St. Anthony's church by Rev. Father Conway, and interment at Sunny Bank cemetery.

MARGARET FORD MAKES BIG HIT

Famous Singer Heard in Choice Selections at Opera House—Other Good Vaudeville Numbers.

Margaret Ford scored a distinct triumph in the Opera House yesterday afternoon and evening in an unusual feature singing offering. Possessing a sweet soprano voice she sang a choice number expensively and then songs in a deep rich bass. Her dual voice caused considerable speculation, and many waited until she terminated her act thinking that the star must be a male impersonator. Instead of being disappointed they were evidently charmed and the prolonged applause was so insistent she had to appear several times to acknowledge the appreciation.

OIL SHARES TAKE PLUNGE

New York, June 15.—(10.30.)—Oil shares registered sensational declines in the early trading on the stock exchange today as a result of reports that the Mexican oil supply was dwindling. A block of 2,000 shares of Mexican Petroleum changed hands at the opening at 120, representing an overnight loss of seven points. Pan-American Petroleum, which controls Mexican Petroleum, opened at a moderate loss, but this was immediately extended to three points. Royal Dutch, General Asphalt and Atlantic Gulf featured the other reactionary shares of that group. Baldwin, Fullmer, American Sugar, Crucible and numerous other industrials and specialties. Ralls were only moderately changed, but mainly downward.

NOON REPORT

Oils overshadowed the market during the active forenoon. Mexican Petroleum made an extreme loss of 7 3/8 points, and Pan-American "B" fell 5 1/2. Most other oils increased their early losses, especially Atlantic Gulf, Common and Preferred, Royal Dutch, Steel, equipments, sugars and numerous miscellaneous issues continued to lose ground. Weakness was most pronounced in Crucible Steel, Baldwin and American Locomotive, American Sugar, U. S. Rubber, Sumatra Tobacco and International Paper. These and sundry shares were two to four points down. Virginia Carolina Chemical preferred lost eight points.

Amdur's Make Record; Plan For Another

Hosiery Sale to be Followed This Week by One of Ladies' White Shoes

A total of \$400 pairs of hose, 675 dozen, were sold by Amdur's in three days, during their "Hosiery Millennium" of last week. For this class of goods the quantity disposed of established a record for the city.

The prices, ranging from 19 cents a pair to 39 cents, for ladies' and men's hose of excellent quality, and from 98 cents to \$1.49 cents a pair for higher grades, also have established a new standard of quotation for the remarkable values.

The sale was probably the most successful in the history of the Amdur institution and the response of the public was prompt and most flattering.

In view of the overwhelming evidence that the people of this city are anxious to co-operate in the movement to get prices back to a pre-war basis, Amdur's has arranged for this week a sale of women's white canvas hose, white canvas pumps and white kid Oxfords. Details will be arranged on Thursday, and Amdur's will endeavor by low prices and excellent values to repeat their success of last week.

SOURCES OF GOLD IMPORTS

Countries Which Have Sent Gold to the United States. (N. Y. Sun.) The government's complete summary of our foreign commerce in April shows that out of the \$864,800,000 gold imported by the United States during the ten months ending with April, \$291,829,841, came from England, \$105,249,848 from France, \$81,573,792 from Sweden \$27,488,215 from Canada, \$12,024,298 from Colombia and \$11,921,632 from Hongkong. Amounts ranging from \$1,000,000 to \$7,500,000 were received during that period from Peru, Central America, Mexico, the West Indies and Australia. The exceptionally wide diversity of the sources of import is shown by the fact that the item "Imports from all other countries," which amounted to only \$1,641,989 in the same ten months a year ago, reached \$45,164,304 in the ten months ending with last April.

THOSE MEETINGS.

It is announced that arrangements will be made by the mayor to have meetings in different parts of the city to discuss harbor commission. It is assumed, of course, that at each meeting a clear statement will be made of the provisions of the harbor commission act, for it is upon acceptance or rejection of this act the plebiscite is to be taken.

All the Same.

IDEALS NOT FORGOTTEN

The Churchman, which is an American journal, strongly denounces Ambassador Harvey's remark in London that the United States was not impelled by idealistic motives in entering the war, and declares that the whole body of right-hearted citizens "disavow his cynical portrayal of the American mind." Continuing, the Churchman says: "It may be that America will have nothing to do with the League of Nations. We have no wish to discuss that matter here. It may be that Europe in this time so hopelessly mired in tribal, social and national animosities, antipathies and hatreds, that even an association of nations can accomplish nothing. Be that as it may; but the America which abstains from foreign entanglements is not a purse-proud, complacent people, planning itself in the sunshine of its prosperity and strength and contentiously crying 'America first!'

Have you filled out a census form? After the census has been taken, if St. John should appear to have lost instead of gained population, and you had not had yourself or family counted, how would you feel about it? Do you want St. John to be shown to be a growing city? Then get a census form and fill it out. After the last census there was an outcry that it was a false because it did not show a large enough population. Will that be said this time, because numbers of people neglected to see that they and their families were enumerated?

**LADY CHURCHILL'S  
FOOT AMPUTATED**

Slipped on Stairs in Country and Fractured Bones in Her Ankle.

(Special Cable to the New York Times and Montreal Gazette.)  
London, June 12.—Lady Randolph Churchill had her right foot amputated on Friday night as a result of an accident almost a fortnight ago. While she was stopping in the country she slipped on a stairs and fell down three steps, fracturing her ankle in two places. The injury caused her great pain, but it was hoped that she would get over it in a few weeks. It was found necessary, however, yesterday to operate.

In spite of her sixty-seven years, Lady Randolph Churchill stood the operation well and your correspondent was informed today that she had passed a fairly comfortable night and was doing as well as could be expected.

Lady Randolph Churchill was born an American and, as she has always kept some ties with that country, she is probably better known to American women than any other woman in the British aristocracy. She is a politician, a musician, an editor, a writer, an artist, and an amateur actress of distinction, and has figured largely in the career of her son, Rt. Hon. Winston Churchill.

Lady Randolph Churchill has been married three times. She was Miss Jennie Jerome, daughter of the late Leonard Jerome of New York. In 1874 she married Lord Randolph Churchill, second son of the seventh Duke of Marlborough, having met him in France while on a trip around the world on her father's yacht. She became interested in politics and her husband was soon one of the most successful of British politicians. He was a leader in the House of Commons until shortly before his death in 1895.

Five years later, Lady Randolph Churchill caused a sensation in London society by marrying Lieutenant George Cornwallis-West, a son of one of her closest friends and a friend of her son,

Winston Churchill. There was a great difference in their ages, Cornwallis-West being much the younger. The marriage did not result happily and in 1914 a sensation only second to that of the marriage was caused by the divorce obtained by Mrs. Cornwallis-West, who resumed here name of Lady Randolph Churchill. On the day the decree was granted, Cornwallis-West was married to Mrs. Pat Campbell, the actress.

Lady Randolph Churchill's third marriage was to Montague Porch, an officer in the British army and a member of an old English family, in 1918. Lady Randolph Churchill has always been known as a woman of wit and humor, and some of her writings have been clever satires of English life. She has had several plays produced. She was at one time proprietor and editor of the Anglo-Saxon Review. She has also published her reminiscences and several essays.

THE DIFFERENCE—When compared with other coals, RADIO shows a big percentage less ash; a big percentage less stone and a lot less bother in as much as it burns cleanly.

THE REASON—The quality of Radio, the efficiency with which an order is handled and the prompt and courteous way in which it is delivered.

NEWS NOTES ABOUT PROMINENT BAPTISTS

(Maritime Baptist) Dr. C. E. Rockingham, who has completed the English Theological course at Acadia, has accepted a call to the Digby Neck First field, and will take up his work there at once.

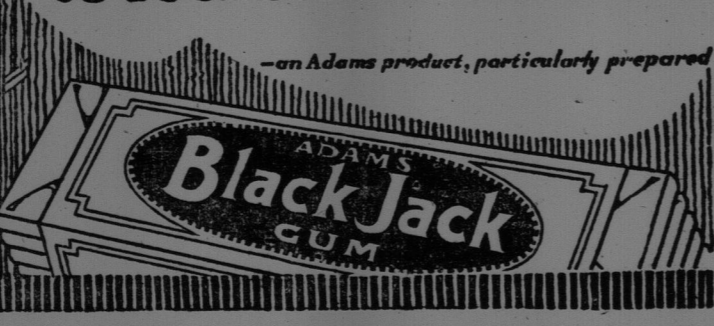

Our heartiest congratulations are extended to Rev. J. Stanley Millett of Clark's Harbor, N. S., whose marriage to Miss Eleanor M. Robinson took place in Chester on June 8. May long life and abundant happiness be theirs.

Dr. J. H. Shakespeare has announced that he will retire from the position of secretary of the Baptist Union of Great Britain next year. He will then have served in that capacity for twenty-five years.

Rev. W. J. Hamilton of Chester, accompanied by Mrs. Hamilton, left for Boston last week to be present at the marriage of his daughter, Ada, who has been attending the Gordon Bible Training School, to Rev. Charles Welch, formerly of Westport. Mr. and Mrs. Hamilton will return about the last of June.

Rev. G. M. Wilson has resigned at Kentville, Yarmouth county, to accept a call to the Scoble River field in Slickeburne county. He will begin his labors with his new charge about the middle of July.

To relax nervous tension - to feel clean-mouthed

Lowther favors London minister (Canadian Press Despatch) Toronto, June 14.—Rt. Hon. James W. Lowther, former speaker of the British House of Commons, addressing the Empire Club here today, expressed the opinion that each of the dominions should have a minister resident in London, England, for the purpose of advising the British parliament of conditions and movement in the dominions.

TO RAISE ESPERANTO. New York, June 14.—A party of engineers and divers left tonight for Boston where they will organize an expedition to raise the fishing schooner Esperanto, winner of last year's North Atlantic fishing fleet race.

The pastor and members of the Temple church, Halifax, are looking forward with keen anticipation to the dedication of their new house of worship, which is to take place on Sunday, June 20. Pastor Boyer has recently enjoyed a respite of ten days in P. E. I., whipping the stream of that fair province for speckled beauties.

The good people of Tanook gave their pastor a genuine surprise a few days ago. Finding out the date of his birthday, they gathered in force at the parsonage, bringing their baskets and gifts and wishing the pastor many happy returns of the day. Deacon William Stevens, on behalf of the people, presented a well-filled purse. We extend our congratulations to Pastor Pineo and wish for him many more years of active service.

\$11,000 FOR A SHAKESPEARE. London, June 15.—A first folio of Shakespeare was sold at auction here for \$11,000.

PUBLIC MEETINGS FOR DISCUSSION OF COMMISSION ACT

When asked yesterday what steps were being taken in regard to enlightening the people in regard to harbor commission, Mayor Schofield said that it was the intention, commencing next week, to have one meeting a week on the subject. They would be held in different sections of the city, such as the north end, west side and the Seaman's Institute. He would welcome the names of any persons who would care to address the meetings, either for or against commission. N. P. Fennel, secretary of the Montreal Harbor Commission, would be here on July 7 and would address meetings at 3.30 p. m. and at 8 p. m. The afternoon meeting was to give those who live in the country during the summer a chance to hear his views on the subject.

GETS WIFE BY ADVERTISEMENT.

Cove, Ont., June 13.—Glen Lincoln, a prosperous farmer, widower for two years, wanted a wife. Business affairs were too pressing for him to undertake the time to find one by the customary method, so he advertised. A committee of neighbors was appointed to advise the young farmer in making his selection. He found a mate.

The cost per pound is only slightly higher than ordinary Tea, while the increased pleasure you get from every cup you make is worth many times the difference. "DEAD" MAN'S HEART MASSAGED, RENEWED LIFE LASTS 14 HOURS

Stethoscope Detects No Beats After Patient Collapses Under Ether—Surgeon Makes Incision, Manipulates Organ With Fingers Into Normal Working.

New York, June 15—An extraordinary case of a man apparently dead 10 minutes being revived and living 14 1/2 hours through skillful surgery was recorded in an operation performed on William Carrigan, 59, of River road, Belleville, N. J.

Surgeons, resetting a broken hip, and placed Carrigan under ether in St. Michael's Hospital, Newark. In the midst of the operation, they became alarmed when they could not detect a pulse.

There was a response. After two or three strokes the pulse at once "picked up" the beats gradually became normal, and within less than 15 minutes they were counted slightly above normal.

Carrigan had been first taken to the operating room at 9:30 and placed under the anesthetic. It was then 10:20 a.m. The incision was closed and the patient was taken to his room about 11:30 a.m. with surgeons and the hospital attendants eagerly watching over him, he came out of the anesthetic.

JAPAN MAKES SUGGESTION TO U. S. RE YAP

London, June 15—Reuter's learns that while fully maintaining her rights as mandatory over certain Pacific islands, Japan is ready to agree to the U. S. exercising complete control over the U. S. cable traversing the island of Yap to Menado and to Guam, and hopes that this will be acceptable to Washington.

Japan, according to Reuter's, considers that as her mandate is one of the provisions of the Versailles treaty no special islands or mandate can be selected as an exception without altering the treaty itself, and that therefore, internationalization is out of the question.

GIRL IN MAN'S GARB DROPS DRUG IN RACE

\$8,000 Worth of Cocaine Found Where She Boards Taxi and Escapes Customs Men—Shot Fails to Halt Her.

(N. Y. Times.) Cocaine with a wholesale value of \$8,000 was picked up by customs guards yesterday after they had pursued a young woman dressed as a man up Eleventh avenue from Pier 61. The young woman escaped in a taxicab which appeared to have been waiting for her.

Shortly after ten o'clock, as passengers were arriving at Pier 61, to board the Lapland, a small "man," dressed in overalls and a smock hat, who looked as if he might have been a ship's engineer, left the pier head, and started for the street. Eleventh avenue was congested with trucks and motor cars.

A guard at the pier gate saw the "man" and became suspicious. He ordered the stranger to halt, asking where he was going. Paying no attention to the order, the "man" ran to the edge of the sidewalk and plunged into the traffic jam. The guard started in pursuit, firing a shot into the air.

Up Eleventh avenue, the "man" fled. Just as he stepped on the running board of the machine, which started almost instantly, a gust of wind blew off the hat and revealed a wealth of black hair, which stretched down the back to the waist.

The taxicab sped up Eleventh avenue turning into Twenty-first street, where it was lost to the pursuers. Near the point where the girl boarded the automobile the customs men found packages which, Inspector Edward Mallon thought contained cocaine. Mr. Mallon thought the packages had dropped from the girl's pocket as she leaped aboard the taxicab.

Customs officials believed the girl was a member of a gang of drug smugglers.

BLAMES GERMAN LABOR FOR CAUSING WAR

In an address to the American Federation of Labor at Denver yesterday President Samuel Gompers placed the blame for the recent world war on the shoulders of organized labor in Germany. W. F. Bush, representing the Canadian Trades and Labor Congress, told the delegates that despite many difficulties, organized labor in Canada was at least holding its own. He predicted the early death of the "one big union" movement. James H. Thomas, British labor leader, told the convention that it could not solve the Irish problem. He said British labor stood for Irish freedom but insisted that Ireland should not be allowed to become a menace.

**POLICE COURT**  
 The case of Joseph Elliott, charged with passing worthless checks was continued in the police court this morning. J. Benson Mahoney told of the accused being in his store about the middle of May and asking him to cash a check for \$4. He said the accused told him if the check was not good he would be responsible. The check was returned from the bank with a memo that there were no funds. Cross examined by E. C. Weyman, counsel for the defense, the witness said he was suspicious of the accused when he first entered the store but had a certain amount of confidence in him as he had been in and out of the store on other occasions. He said that he did not know the maker of the check, E. H. Hoyt, but he thought the defendant would be good for \$4. Another witness had been ordered by the prosecution to appear but failed to show up so the case was postponed until this afternoon. Sergeant Detective Power conducted the prosecution.

The case against George Stanton, charged with having liquor in the cellar under his beer shop, near the Marsa Bridge, was to have been continued this morning but the defendant failed to appear and a deposit of \$200 was forfeited. Henry Brittaney was before the court late yesterday afternoon on a charge of stealing a pair of rubber boots, valued at \$8.50, the property of D. Bassen, from the doorway of the complainant's store in Charlotte street on the evening of June 8. No evidence was taken and the accused was remanded.

One man charged with drunkenness was fined \$5 or two months in jail.

**COMPANY IS NOT WILLING TO MAKE ANY AGREEMENT**

**Manager's Statement Before Arbitration Board.**

Union Men Agree to All Sections of Proposed Agreement Except Those Relating to the One Man Car, Wages, Loyalty and Control of Employees—Effort to Settle Outside Board.

A board of arbitration authorized by the minister of labor to take up the matter of dispute between the New Brunswick Power Co. and its employees opened its sittings in the rooms of the board of trade here this morning. Hon. W. B. Chandler, of Moncton, presided, and the other members were Frank Hatheway of St. John, representing the men, and C. W. Burpee, of McAdam, appointed to represent the company. Percy W. Thomson, the general manager appeared on behalf of the company and the local union of street railway employees was represented by Magnus Sinclair, an officer on the international executive board. Others present were Ira D. Paris, president; Thomas Frost, vice president, and Percy Moore, secretary treasurer of the local union, and Fred A. Campbell.

Mr. Sinclair went over the proposed amended agreement between the two parties and pointed out the sections which were objected to by the men. Mr. Thomson said that the company was not willing to make any agreement. At 1 o'clock the meeting adjourned until 2:30 p. m.

Mr. Sinclair went over the 1920-21 agreement, noting the changes asked by the employees in the proposed new agreement. All the clauses were agreed to by the men, he said, except the following:

**Hours.**—The employees asked for a continuation of the clause in the old agreement, while the company wanted some changes. The proposed agreement provided for payment for not less than three hours for call after nine p. m. The men objected to the words "after nine p. m."

**Choice of Runs.**—The men objected to a portion of this clause, which provided for giving the company "great latitude" in working out this article. The article provided for five days' notice before change of time-table was put into effect.

**One-Man Cars.**—This clause provided that the company may operate all or any of its cars with one man if they so desired. This was objected to by the men.

Mr. Sinclair explained at this point that since the application for a board of negotiations had been instituted between the parties through the mayor, and some concessions had been made on both sides.

**Wages.**—This clause was not satisfactory to the men, but a new proposition of \$1.25 was submitted by the company through the mayor was an improvement on the original, but had not yet been put before the men. It would likely be presented to them today.

**Duration of Contract.**—The proposed amended agreement provided for its cancellation at one month's notice by either party. The union was of the opinion that it should stand for at least one year. Mr. Sinclair said that the element of suspense in this clause would affect the men.

**Control of Company Over Employees.**—This clause was not considered necessary in the opinion of the men, as the company would be expected to have the privilege of hiring and dismissing.

**Loyalty Clause.**—This was also considered unnecessary by the men, and was taken as an intimation that they were not giving faithful service.

Percy W. Thomson.

Mr. Thomson said that none of the clauses in the proposed amended agreement was satisfactory to the company, which was not willing to make any agreement with the men.

Judge Chandler said that the employees had submitted the clauses which were satisfactory, and the company was not willing to make any agreement. It seems to me," he said, "that unless an agreement can be reached there is little for us to do."

He suggested that the members of the board get in touch with both sides to see if some settlement could be reached. The court went into private session to discuss the situation, and later went into consultation with Messrs. Thomson, Sinclair and Paris.

**DANIEL MICHAUD DIED THIS MORNING**

Conducted Stage Service in Days Before River Railway—Later of the Three Mile House.

Daniel Michaud, who before the days of the railways in New Brunswick conducted a stage service from St. John along the river route as far as Grand Falls, passed away at an early hour this morning at the residence of his only surviving daughter, Mrs. David Corkery, Paradise row. Mr. Michaud was well and kindly known by a great number of people throughout the province and his death will be learned with regret. He was a native of the upper St. John and came to the city when a young man and established the stage service. Later he became the proprietor of a livery business in the city and conducted it for several years, after which he was owner of the Three Mile House at Coldbrook. Through his public activities he became one of the best known men in the city, and his genial disposition and genuine hospitality endeared him to many friends.
