DUFFY LEWIS RATED AS GREATEST MONEY PLAYER IN BASEBALL

New York, July 10.—Billy Murray, former manager of the Phillies and a shrewd baseball observer, seldom misses a game at the Polo Grounds. Almost every day Murray can be found over back of third base with Joe Maxwell, Steve Hurdan, and other cronies from down town. Discussing the afternoon combat. Murray said:

"I can pay Duffy Lewis no higher compliment than to say that he is one of the greatest 'money players' I ever saw. Sporting men know just what that term means, but to those who are not so well versed in the argot of baseball it may require some explanation.

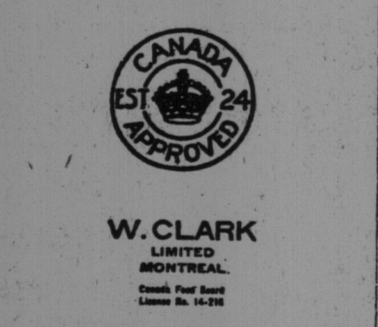

"The idea I mean to convey is that Lewis is one of the nerviest and most successful players I ever saw up at the plate in a pinch. You may remember a few deeds he accomplished in world's championship games. One that I recall was a home run in the Philly park in 1915—the time they said the Phillies might win by hitting the ball over those short fences. But Lewis and Hogget took that stuff right away from them, as I remember it.

"I have seen nearly every game the Yankees have played at home this year, and I don't recall a time when he has not advanced runners when it was up to him to bunt. Two or three times he beat the bunt. And several times he has delivered the badly needed pinch hit as he did yesterday afternoon, when the Yankees were all but out. Duffy made a slow start last spring—but, boy, how he has been playing since! He's a great ball player, take it from me.

INFLAMED GUMS—THE CAUSE OF TOOTH-BASE DECAY

Just as the strength of a building is dependent upon its foundations, so are healthy teeth dependent upon healthy gums. Permits the gums to become inflamed or tender and you weaken the foundation of the teeth. This condition is called Pyorrhea (Riggs' Disease). Loosening of teeth is a direct result. And spongy, receding gums invite painful tooth base decay. They act, too, as so many doorways for disease germs to enter the system—infecting the joints or tonsils—or causing other ailments.

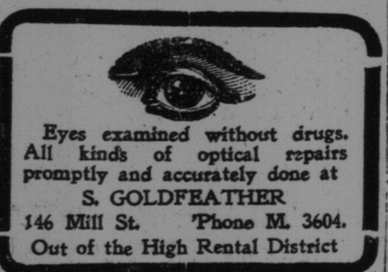

Forhan's FOR THE GUMS

In the police courts of New York state it is getting to be a common practice to sentence minor offenders to a term of saving, and in Syracuse last year \$8,000 was invested in this way in War Savings Stamps, all later returned to the officers or used to help their families. At Niagara Falls, when David Broderick was placed on probation six months ago and ordered to give the probation officer \$12 a week for War Savings Stamps, he complained bitterly. At the end of six months he was handed \$289.50 worth of stamps, and he has voluntarily placed himself on

The Senators and The Prohibition Bill

THE WESTERN TROUBLE

Race Against Time in Commons With Supplementary Estimates and Closing Hour Near—The Railway Deficit

Ottawa, July 7.—Possibly Senator Crosby was right when he remarked, during the discussion of the prohibition bill, that the senate was "a permanent body, selected with special care... able to judge, without bias or prejudice what was best for the country."

That is what the senators think about themselves; what the temperance people think about them is expressed in those resolutions passed in different parts of the country, requesting their abolition themselves as speedily as possible.

In fact, a member of the house, who is a medical man, was summoned before the Medical Society of Ontario the other day to give good and sufficient reason why he should not have his license suspended for exceeding the speed limit in the number of prescriptions he had been issuing.

So while the house has not the courage to kill this prohibition bill itself, the majority was reduced this last time, through the resentment of several senators who were beginning to get into the game the house was playing.

The other instance where the senate has stood as "the bulwark of the constitution" is in the case of clause 374 of the railway bill, of what is known as the power clause, which has been the subject of discussion during the last three sessions.

The Liberal convention for Charlotte county will be held at St. Stephen on July 16 and that for Royal at Hampton on July 17.

SENTENCED FOR BIGAMY. Montreal, July 10.—Five days in jail and a fine of \$80 or three months in jail was the sentence imposed on Paul Henri Larivee by Judge Choquet yesterday.

HIS BIRTHDAY. Master James McCluskey of Durham street was seven years old on July 9 and received many presents.

THE PART OF THE GOVERNMENT OF CANADA.

In the hope thereby to encourage men to defy law and authority and refrain from returning to duty," looked on the one of those small bus-warriors that Stanley discovered in Africa. He was especially noticed among the corridors of Ottawa to get his job back; and he would be content to let the downtrodden and oppressed proletariat stew in its own juices forever more.

The closing hours of the session of parliament were more unproductive than in any previous session. The greater part of the last day was spent in the House of Commons in discussion of the by-elections act.

At length the House had finished everything before it except a few hundred millions of supplementary estimates. There has been much deliberation and discussion in parliament over the advantages of the eight hour day for others; but parliament has had no such contingency for itself.

During the early days of the session the House had listened with weariness to interminable discussion over some trifling appropriation for which a member had insisted that they were to get millions go through without a word.

The total sum we shall have to pay for the proud privilege of government owned railways will be about \$28,000,000. This does not cover everything. There may be a few obscure millions to be mentioned later for some unforeseen contingency. For example, the government may decide on another alias for the system.

Hon. J. D. Reid's manner, as he addressed the House was a mixture of nervousness and defiance. There was no getting away from the awful figures. He had them all on one sheet of paper, and he read them with a tremendous pace, with the idea, probably, that "it is nothing when you say it quick enough."

Some one on the opposition recovered consciousness long enough at this juncture to ask a question about some trifling little matter of four hundred thousand dollars. The minister looked at him as though he had been hit with a cent but candy; tried to shift the clutch and get into low gear, but found he couldn't; and waved him impatiently aside with an air of "Let us return to our millions."

While this war has been going on we have been steadily bumping the life out of our cars and engines; so we shall need twenty millions for new rolling stock. It is an ill wind that blows nobody good. The Canada Car and Foundry Company will get a wondrous big order for sleepers, diners, and first class coaches.

The minister sat down, wiped the perspiration from his brow, looked dejectedly at the opposition and cheerfully at the Press Gallery, where each man was trying to estimate his share. He left the minister of finance just two minutes in which to ask for 162,000,000 to keep the wolf from his official door.

With private individuals, there sometimes comes a point of insolvency where their obligations grow so hopeless that they cease worrying about them. When the real estate boom collapsed in the west, it left many individuals owing hundreds of thousands on agreements of sale, but whose only pressing necessity was to find a loan to pay the butcher—got a good deal of amusement out of the situation. It sometimes looks as though Canada were reaching that point. While the minister of railways knows you can finance anything, in that last mad rush against time parliament was asked for money at the rate of near-

ly \$10,000,000 a minute. Mrs. Anna Hoarman of Bennington, Vt. observed her 34th birthday anniversary by walking two miles on a scorching day to pick strawberries for her birthday shortcake. Thirty-six relatives were present at the feast, including seven grandchildren and 14 great-grandchildren.

RECENT DEATHS

The Late W. A. Branscombe.

Many friends learned with sincere regret of the death of William A. Branscombe of Belleisle Station (N.B.), which occurred at Chipman on July 8, as a result of the tragic automobile accident, as already reported. He is survived by his wife and one son, Harold, also two brothers, Douglas, of Belleisle, and Peter of Norton; also one sister, Mrs. Samuel Barton of Cumberland Bay, Queens county. The funeral took place on Tuesday morning at Belleisle Station and was largely attended.

John Foran.

Sussex, N. B., July 9—(Special)—Mr. John Foran, a well known and respected citizen, died at his home, Essex street, last night, aged eighty-one years. Deceased is survived by his wife and four sons, Frank and Michael, of Boston; William, of Dorchester (N. B.); George, Newark (N. J.); and two daughters, Mrs. James Brown, Framingham (Mass.) and Mrs. Thos. Lane, of Nahant (Mass.). The funeral will be held on Friday at 11 o'clock, service at St. Francis church, Interment in Ward's Creek Roman Catholic cemetery.

SHIP PLATE CONTRACT.

Montreal, July 10.—A dispatch from Ottawa to the Gazette under date of Wednesday says:

The conference over the ship plate contract has reached no definite decision. The contract will be renewed and the question at issue is one of price. The government representatives and those of the Dominion Steel Corporation are confident that a price satisfactory to both will be reached.

MANCHESTER COTTON STRIKE IS SETTLED.

London, July 10.—The Manchester cotton strike which has tied up the industry throughout Lancashire for almost three weeks has been settled. The operatives will resume work on Monday on the basis of a forty-eight hour week and an advance of 30 per cent in weekly wages.

On the arrival of the river boats yesterday about 600 crates of berries were sold at seventeen and eighteen cents a

LAND OF HIDDEN FLAGS. Italian Colors Concealed in Istra Waiting for Freedom. Having recently visited every part of Istra, I have found it the land of hidden flags-Italian flags which had been concealed in nooks and corners, in attic or cellar, for years or decades, in some places for more than a century since the time Napoleon, awaiting the time when they might again be thrown loose from windows and masts to welcome the soldiers of Italy. What Lorraine and Alsace have been to France, the Trentino and Istra have been to Italy. Formerly they were Italian territory, of old under the Roman Empire, later under the Venetian Republic. Austria herself, after annexing them, commonly referred to this part of her domain as Italian Austria. Just as in Alsace I found strong and numerous German elements, so in Istra there are more numerous though far less strong and intelligent Slavic elements. In the country districts of the interior, the peasants are Croats, Rumanians and Slovacs-but the cities and towns and the country districts of the coast are Italian-World Outlook. A pleasant outing was had yesterday by the children of Exmouth Street Methodist Sunday school at a picnic at Rockwood Park.

SCHOOL TO PREPARE SOLDIERS AS TEACHERS. (Toronto Mail and Empire.) The proposed school of instruction to enable returned soldiers to enter the teaching profession promises to be a marked success. Some time ago Hon. Dr. Cody, minister of education, appointed Major Harris, B. A., to arrange for an attendance at the courses and to bring the opportunities they afforded for an educational career to the attention of returned soldiers. Major Harris has done his work thoroughly and well. He has already reported more than 300 applications from mthose who are willing to consider the question of entering the teaching profession. Many of the applicants reside in Toronto, and many elsewhere throughout the province. Down to date seventy-eight applications from candidates have been accepted, and the work of determining the qualifications of the applicants is still going on. The attendance will be larger than was expected, and excellent material for teachers has been secured. Principal Radcliffe of the Toronto

A LITTLE PRAYER.

Where're thou be,
On land or sea,
Or in the air,
This little prayer
I pray for thee—
God keep thee ever,
Day and night—
Face to the light—
Thine armor bright—
Thy scutcheon white—
That no despite
Thine honor smite!
With infinite
Sweet oversight,
God keep thee ever,
Heart's delight—
And guard thee whole
Sweet body, soul,
And spirit high,
That live or die,
Thou glorify
His Majesty—
And ever be,
Within His sight,
His true and upright,
Sweet and stainless,
Pure and sinless,
Perfect Knight!
—John Oxenham, in "Flery Cross."

"BAREBACK" GOWNS.

New York Times: Women in England do not need a Mrs. James Grislando to tell them that there are certain kind of gowns which are not the thing. They have decided unaided, and have given the gown to which they take special exception a name which, while it is suggestive of the circus, is sufficiently descriptive. They call it the "bareback" gown.

Over here it would be decollete with a low-cut back, but the English women are frank. They don't like that kind of gown and Paris itself cannot make them wear it.

Mrs. Wentz, who is a club woman in New York and for many years president of the Women's Republican Club, has been shocked recently by the indecency of the American woman's gowns. She objected to even enter the shop windows and put the shopkeepers in a panic by forming a committee to spy at the windows and see whether there was displayed in them lingerie which had a suggestion of indecency or undue transparency.

Women may look into the windows of English shops without tremors. The shopkeepers themselves speak with high moral tone of these frocks. It is true those now in America have a certain scantiness, and the woman who wears a "bareback" gown to the theatre, if it also chances to be minus even the tiny straps that sometimes serve for sleeves, does not seem to the audience behind to be wearing any kind of gown. Not a thread of textile or lace is visible.

At an exhibition of gowns recently made in England a member of a large firm showing them said coldly:

"English women who wear bareback evening frocks are obviously ignorant of the fact that they are intended for a certain class of women only."

THE PASSING.

The west wind sleeps upon the purple
Butts,
No echo mocks the coyote's moan
cry,
Beneath the silent moon the prairie
creeps
O'er the sage-brush edges of the
sky.

And where are now the thousand mighty
herds,
That long since thundered o'er this
drowsy sod,
Those chaggy monarchs of the desert
plain,
Those grim creations of the prairie
God?

A few remain—and while our wisemen
probe
For some lost tale of their tribes or
Babylon,
This remnant, without protest from the
land,
Heads for the last dim trail and passes
on.

If these must die, in honor to their
state,
Far better let them plunge with burning
breath
In headlong stampede from some barren
faced cliff,
Magnificent as they have lived—to
death.

Filling the Gaps in Your Office Force

A GREAT many firms tell us that not only is it next to impossible to get clerical help, but many of those they do get are untrained and therefore inaccurate in their work. Fortunately in this situation can be greatly relieved by the use of the Monroe Calculating Machine.

One girl and a Monroe can do the work formerly requiring two or three men. She doesn't need to be an expert. With a few minutes' instruction and practice, she can place your figure load on the

MONROE

and you can be assured the work is absolutely accurate because the MONROE Mechanical Check puts a ban on operating mistakes. No rechecking is required. Look at any one of the problems listed at the left and compare the time required by the Monroe to solve it with the old pencil-and-paper method. The Monroe has a range of utility that embraces any figure problem in any business.

Mr. Manager, it is a difficult matter for you to determine the efficiency of the Monroe Machine for your telling you about it. Let us send a representative to demonstrate what it will actually accomplish in your own office.

You can then make your own tests and compare it with any other machine you may have in service. All of which means we have perfect confidence in the ability of the Monroe Machine to "make good." To bring the matter to a head simply mail the attached coupon. No obligation involved.

NO ARRESTS.
There was no business before the police court this morning.

CADET KNOWLTON HOME.
Cadet John G. Knowlton, son of F. J. G. Knowlton, arrived in the city at noon today from Esquimaux, B. C., where he has been attending the Royal Naval College. While en route he spent a few days in Toronto with his sister, Mrs. A. H. O'Brien.

FIRE.
A fire broke out a little after noon today in a lumber pile in Murray & Gregory's yard and an alarm was rung in from box 122. The fire department was soon on the scene and the blaze was extinguished before much damage was done.

PASSENGERS LEFT.
Quite a few of the passengers from eastern points last evening with the Boston train this morning here. The Halifax was about thirty-five minutes late, arriving just about five minutes before the Boston pulled out. Some of the passengers hurried and got the train but the majority were left with their baggage until this evening.

HOME-COMING SOLDIERS.
The S. S. Minnickada, with four officers for St. John and four for Moncton, is expected to arrive in Halifax July 12. The S. S. Carmichael, with five officers and 138 other ranks for military district No. 7, is expected to arrive in Halifax July 13.

CONVENTIONS CALLED.
Hon. W. E. Foster, acting as the New Brunswick representative of the national Liberal committee, authorized to call conventions to elect delegates to attend the national Liberal convention at Ottawa, August 5, 6 and 7, has issued a call for a convention in Charlotte in the town hall at St. Stephen, Wednesday afternoon, July 16, and in the constituency of Royal (Kings and Queens counties) in the court house at Hampton, Thursday afternoon, July 17, at 2 o'clock, daylight time.

HOME FROM WAR.
The home of S. H. Davis is happy today over the return of the second son, R. Wesley Davis, who arrived on the C. P. R., having come overseas on the Megantic. He enlisted with the Acadia College boys early in 1916 and went over with the Nova Scotia Highland Brigade as a signaller in the 219th Battalion. In England he was transferred to the 85th Battalion, going to France in February, 1917. After a year and a half in France he volunteered for the Royal Air Force, successfully completing his course a little after the armistice was signed. Since then he says one desire filled the minds of the boys—Canada and home. He was one of the fortunate few who went through many hard places and came home without a scratch.

FOUR CHILDREN DEAD IN 14 MONTHS; MOTHER NOW TAKEN

The death of Mrs. Amelia Boyd, wife of John C. Boyd of Fairville, at the age of forty-one years, is announced today. She was the mother of fourteen children, of whom ten are living. The other four died within the last fourteen months. Following these other bereavements the mother's death is a terrible blow to the surviving family. Boyd was taken ill on last Monday with a cold that developed pneumonia, causing her death.

She was a daughter of Mr. and Mrs. William Spence of Fairville, and besides them and her husband and five sons and five daughters who are all at home range from four to twenty years of age, she is survived by four sisters and two brothers. The sisters are Mrs. Charles McPherson, Mrs. Melvin Edick and Mrs. William Keating of Fairville, and Mrs. Fred Tibbins of Millinocket, Maine. The brothers are Charles and William Spence of Fairville. The deepest sympathy of the citizens of Fairville and of many other friends goes out to the stricken family. The funeral will take place on Saturday afternoon at 2 o'clock, old time.

THROUGH TWO WARS AND SEVEN YEARS WITH N. W. MOUNTED POLICE

Sergeant James P. Ryan Given
Hearty Welcome Home Yesterday

After three years service in the South African war, seven years with the North West Mounted Police and more than four years in France and Belgium, Sergt. James P. Ryan, son of Patrick Ryan of this city, arrived home yesterday. Sergeant Ryan left home more than fourteen years ago, and his home coming yesterday was a joyous one for his father and his brother, William M. Ryan, and driven to his home, where he was royally welcomed.

Sergeant Ryan resigned from the mounted police and enlisted for service overseas at the outbreak of the war. In the fall of 1914 he left Valcartier with the first Canadian contingent, and since that time has been on active service. Late in 1917 he was seriously wounded and sent to England where he remained in a hospital for a few months. When convalescent he was appointed bombing instructor at Shoreham and remained in that position until the armistice was signed. He was at first attached to the seventh battalion, but was later transferred into the twelfth and again into the fourteenth. It was while attached to the last that he fell wounded during one of the big drives.

COAL SHORTAGE

Further Statement of Conditions
With Added Advice to
Buy Now

That there will be a serious shortage of coal, particularly domestic sizes of anthracite, during the fall and winter, is the opinion of New York experts, according to an article published in the New York Sun recently, and a warning has been issued to householders by the National Coal Association to buy coal now.

According to the American government figures the shortage threatens to be about 25 per cent. Although this shortage is expected to hit the householders rather than the industries, it is figured that unless the production is greatly increased one industrial plant out of every eight in the United States will have shut down this winter. One of the commissioners of the New York Coal Association has advised the people to order all the coal they can get and to take any of the dealer can give them. "If they can't get stove coal, take egg; if they can't get egg, take broken coal," he says.

The present scare is caused to a great extent by the fact that many of the European miners who remained in the United States while the war was on are now returning home. It is estimated that 40,000 foreign miners are leaving the United States this year and there are practically none coming in to fill their places. Another reason for the falling off in the supply is credited to the fact that last winter being mild, with the consequent lower consumption of coal, many of the mines were shut down for a local dealer said that the shortage in the United States would greatly affect the supply in Canada. He had just returned from New York and had a quantity of hard coal and he was given to understand that an improvement in the condition of affairs. He said that the warning to "buy now" was a timely one.

PREMIER FOSTER AND THE LIBERAL PARTY

In connection with a remark made by J. A. Barry at last night's meeting in the Moose Hall that there is no prospect of a Liberal organization, E. S. Carter said to the Times-Star this morning that Mr. Barry was misinformed. Mr. Carter points out that a Liberal convention was held in this city on January 11, 1916, and a platform adopted, and E. A. Smith of Westmorland elected president. W. E. Foster was elected chairman of the campaign committee and was later chosen as provincial leader of the party.

At that time, Mr. Carter points out, not only Mr. Barry but John O'Brien and Dr. Broderick were supporting Mr. Baxter and the Conservative party. In his view, they should therefore not today appear as harsh critics of the Liberalism of Premier Foster, or those for whom he speaks in his capacity as the New Brunswick member of the National Liberal Committee.

WEDDINGS IN CITY

MacLagan-MacLagan.
A wedding of interest took place yesterday afternoon at the home of Mrs. E. N. Rowley, 67 Stanley street, when her sister, Miss Margaret J. MacLagan, was united in marriage to Peter Y. MacLagan. The ceremony was performed by Rev. A. D. MacLeod of South Devon. The bride was costumed in a very pretty dress of fawn headcloth with hat to match and carried a bouquet of cream roses. Following the ceremony a dainty supper was served, after which the bride and groom left on a honeymoon trip to St. Stephen, N. B. Returning, they will reside at Nashwaak Bridge, N. B.

Sears-Cawood.
Mrs. Annie Cawood, formerly of Edinburgh, Scotland, was married to James H. Sears of this city on Wednesday afternoon at the home of Mrs. Harry McCain, 56 High street. Rev. H. L. Eisenor of St. Matthew's, performed the ceremony. The best wishes of many friends in the city will be extended to Mr. and Mrs. Sears.

Gloomy Reports Presented At
Western Meeting

Reports on Crops of Alberta and
Saskatchewan — Better News
From Manitoba — Question of
Fixing Wheat Price

Winnipeg, July 8.—Half a million head of cattle in Southern Alberta are on the verge of starvation and their plight is such that immediate steps on a considerable scale must be taken if they are to be saved. Such is the report of delegates assembled here yesterday for a meeting of the Canadian Council of Agriculture. Continued drought has destroyed all feed and the council had under advisement what relief measures it could recommend to the dominion government.

Delegates from both Alberta and Saskatchewan were gloomy about the crop outlook in their respective provinces and predicted a hard winter.

As to the spring wheat crop, it is a total failure in Southern Alberta and the average yield for that province will be low. In Saskatchewan recent rains have done much to improve the outlook, but most sanguine estimates do not go beyond a fifteen bushel crop for the entire province.

In Manitoba, on the other hand, the crop has never looked better in the centre and northern districts where yields of as high as forty and fifty bushels to the acre are confidently predicted.

Western delegates to the council seem pretty much a unit in desiring that the dominion government should get into line with the United States and other governments in fixing the price of 1919 wheat.

NEW PREMIER OUTLINES HIS PLANS FOR ITALY

Rome, July 10.—(By the Associated Press)—The Italian government intends to maintain order with firmness and without hesitation or weakness, said Premier Nitti, speaking before parliament yesterday. He summarized the programme of the government by saying that it was planned to hasten the peace negotiations so that peace could be concluded at once, with the upholding of Italian national aspirations.

Rapid transformation from a war to a peace footing is to be effected and what was rendered necessary by the conflict and has become superfluous and indeed harmful, in peace, will be abolished. The bitter condition of the people will be alleviated by the government, which is aiming to lower prices without which, he said, "it is impossible to guarantee social peace." Financial and economic reforms rendered necessary by new conditions will be rapidly prepared. The maintenance of public order is indispensable for realization of the entire programme.

Rome, July 10.—The Chamber of Deputies has issued a manifesto saying that having received guarantees that the prices of necessities will be reduced 50 per cent, it invites the people to return to work.

A MATTER OF COLONIAL PREFERENCE BEFORE BRITISH COMMONS

London, July 10.—The House of Commons yesterday adopted an amendment to the finance bill, moved by J. Austen Chamberlain, chancellor of the exchequer, giving the government power by an order-in-council to extend colonial preference to any territory of which any portion of the British Empire may become a mandatory under the League of Nations. The vote was 195 to 58.

During the debate James Myles Joyce, Liberal, contended that this policy would sow dissension among the nations because the covenant of the League of Nations promises equal trade and commercial opportunities in those territories. He asked whether, if the United States should be given the mandate for Constantinople, the other members of the league would be liable, as regards that city, to the United States' fiscal system.

Sir Donald MacLean also protested against the amendment, but Sir Auckland Geddes, minister for national service and reconstruction, replied that what the government would be empowered to do would not be contrary to anything in the covenant.

HAPPY DAYS FOR THE FAIRVILLE CHILDREN

Tomorrow morning at 9.30 the Fairville playground will be opened on the school grounds and it is expected a large number of children will be present. A capable supervisor, Miss Turner, of St. John, who has had experience in playground work, has been engaged and will be assisted by Miss Helen Hennessey of Fairville. The swings, chairs, sand boxes and teeters are all ready for the little folk and it is proposed to erect later a platform for drills, folk dances, etc. Music will be provided by a gramophone. The holidays this year are like a prologue to red letter days for boys and girls who otherwise would have to find their play in the public streets.

GOLIATH OF AIR IS ON WAY HOME

The R-34 Gives New York
Farewell Show

Thousands in Broadway as Dirigible Flies Low and Slowly to Sea — Seventy Miles an Hour When Mid-Ocean Reached

New York, July 10.—The British dirigible R-34 today is well on her way toward home after a stay of eighty-six hours in the United States. Taking the air at 11.05 o'clock last night at Roosevelt Field, Mineola, Long Island, the dirigible passed over New York city, circled over the Times building tower at 12.45 and was in sight of a dense Broadway crowd for five minutes before heading south over lower Manhattan and disappearing easterly at 1.16 a. m. The wireless stations were in communication with her until nearly 4 a. m. when the R-34 radio operator requested that further weather reports be sent from the Bay Harbor, Maine, radio station.

Thousands of persons crowded in Broadway for a glimpse of the airship as she passed through the shafts of light over skyscrapers from scores of searchlights. She flew quite low over Broadway, not being much over 500 feet in the air and proceeding at low speed. The gigantic Sperry gyroscope in Brooklyn and searchlights with penetrating power kept the big gas bag in view until she passed out of range.

"Well out to sea," came the last message from the R-34, picked up by police headquarters at 2.18 a. m. The decision to make the start was reached early last evening when Major Scott received a warning from the United States weather bureau that the strong southwest winds might continue for another day and endanger the big bag on the exposed plain of Roosevelt Field. After reaching mid-ocean Major Scott said, the ship's speed should be increased from forty-five to seventy miles an hour.

New York, July 10.—The R-34 was "going well" at forty-nine knots, according to three wireless messages received today by the naval communications office.

Reflection on Loyalty—Says Anti-Prohibition Forces are Conducting Losing Fight in U. S.

Washington, D. C., June 9.—The statement by Samuel P. Gompers, president of the American Federation of Labor, that the stoppage of the sale of beer in the State of Michigan had served to advance the cause of the Industrial Workers of the World and other radical groups to a point where the nation was menaced, was attacked by Wayne B. Wheeler, general counsel of the Anti-Saloon League of America.

"Mr. Gompers' statement," said Mr. Wheeler, "is a reflection upon the patriotism of loyal, sober working men. It does not represent them. If any group of men put loyalty to beer before country, the people ought to know it. Who that issue is raised the champions of beer will be as loathsome as the Kaiser and his staff after their trial by the allies. The overwhelming majority of this nation is loyal and law abiding.

Cites Michigan Vote
"If every one-hundred per cent. American will read the official report just filed by the senate judiciary committee on the brewers and the pro-German propaganda and the corrupt methods used by the brewers to perpetuate the industry, it will strengthen his determination to be loyal to his country and oppose the selfish, corrupt brewery propaganda to rescue beer from the grave where forty-five states buried it, by ratifying constitutional prohibition. If any answer was needed from Michigan it would be in the 207,000 majority at the last election. It would be interesting to know who made the investigation in Michigan and who cooperated with the investigator in Detroit?"

Mr. Gompers' statement, which was made to the senate judiciary committee, was published in The Globe today.

No Aid From Wilson.
Mr. Wheeler said that the anti-prohibition forces were conducting a losing fight, and that they need not look for aid from President Wilson if Congress passes the legislation which will forbid the sale of beer containing not more than 3 1/2 per cent. of alcohol.

The suggestion that the president will veto the National Prohibition Act if it includes beer and wine is brewery propaganda," Mr. Wheeler said. "Thirty-three prohibition states have passed beer and wine, along with whiskey. The local option laws in fourteen states define intoxicating liquor substantially as proposed by the bill pending in Congress. No state nor local prohibition law the United States has ever included such an absurd proposition as proposed. It would be taken as a recommendation to the thirty-three prohibition states and fourteen local option states to amend or repeal their present prohibition laws defining intoxicating liquor."

This is no time for reaction or surrender to the brewers, who are encouraging defiance of the law at this hour. The president cannot afford to act as a lifeline for the liquor traffic under these conditions."

All Soon To Revert To State At Fair Price

Royalties Have Been Large—An Earl's Great Income From a Mile of Railroad—Breaking up of Great Estates

(Toronto Mail and Empire.) In a short time all the mines in Great Britain are to revert to the state and thus one of the greatest reforms ever put into practice will be accomplished.

A Royal Rate-off. Great Britain is one of the most highly mineralized countries, but with exception of coal, iron tin and copper, few great bodies of hidden wealth have been revealed.

The Golden Mile. When the road was building, it was found that unless a great circuit was made it would have to cut through Tredegar Park, and this the earl permitted on the understanding that he should receive a royalty on all the freight carried.

The breaking up of the great estates is likely to follow the nationalization of the mines, either through government action or increasing taxation.

Here are the names of a few of the good grocers of this city who can supply you with APROL.

Are you one of the down-to-date housewives who is using this "Economy" Oil—APROL—and thus helping to save butter and lard?

If you have not already tried it—the sooner you procure a bottle, the better pleased you will be.

You will wonder just how you ever managed your cuisine without it.

No salad is right, without the delicious nutty flavour—now so popular—which nothing but APROL can impart.

Then, too, it is so convenient—and so really inexpensive—that it is indeed a household necessity.

APROL is the only Fat that is equally suitable—and practicable—for all Table and Culinary use. It is—

The Oil that's Better for All culinary Uses & Purposes in every way

The Oil that so many housewives are now talking about—the Oil that makes delicious dishes more delicious—that saves time and makes cooking a pleasure.

Because of the absolute purity of APROL, the quantity of fat ordinarily used can be diminished by about half, when APROL is employed.

To those accustomed to using Olive Oil, APROL will be a boon, for, owing to scarcity and price conditions, pure Olive Oil is practically out of the question.

REMEMBER! APROL is a pure, unadulterated Table Oil and a perfect "Economy" shortening and frying medium—the Oil that is made from the ripe kernels of Apricots and Peaches.

Now sold by the best grocers—nearly everywhere. You really can't afford to neglect trying APROL.

Let us divide our Profits 50-50 with you. A 1c to 4c Coupon—like the above—with every bottle of APROL. And every APROL dealer redeems these, in trade, at full face value.

And read, here, what your neighbors say:

"I can certainly say that APROL makes the most delicious boiled mayonnaise I ever tasted; I could never use Olive Oil and used butter instead, which oft-times curdled and at all times dried on sides of bowl. APROL keeps perfectly fresh two weeks or more. Try it on Waldorf salad, apple walnut, cherry." SIGNED.

"I was very much interested in the sample of APROL which you gave me the other day. I took it up to the house, and they used it both in salad dressing and in cooking, and we have always enjoyed the rather different flavor very much; it seems to make a perfect mayonnaise and salad dressing; and its nutty taste makes it a welcome variation on the standard Olive Oil, which in other respects it seems to equal in every way. I should fancy that it would find a ready sale as soon as people have tried it." SIGNED.

"I have tasted your APROL in many ways and find it very excellent for cakes, pudding and salad dressing, and would greatly recommend it to anyone." SIGNED.

"I have used APROL for salads, cakes and frying purposes, in using it for salads, I find the flavor much more pleasant than Olive Oil. I have also tried it for cakes, and find that, by using it in the proportion of half the quantity of butter, it produces exactly the same results. For frying purposes, it is an excellent substitute for butter, especially when frying pancakes, etc." SIGNED.

"I am sending a few words to express my appreciation of APROL. Not only have I found it most useful in cooking—for it adds a delicious flavor to the article cooked in it—but it is decidedly better than Olive or Lard for culinary use. During the recent epidemic of influenza I gave it to my young daughter as well as taking it myself and I attribute to its use the curing of us both of an exceedingly bad cold. Neither of us could retain Olive Oil but APROL not only was retained but was also very pleasing to the palate. I now recommend APROL to my friends for culinary, table and medicinal uses and cannot speak too highly of its delicious flavor." SIGNED.

RED CROSS REPORT MOST THOROUGH ONE IN EVERY DETAIL

Miss Clements Compiles Work of Great Value as History of War Effort

\$100,164.98 RAISED BY N. B. BRANCH

During War 170,193 Knitted Garments and 118,915 Hospital Garments Shipped Overseas - List of Life Members Shows 1076.

In a compact and comprehensive report entitled "The Work of the Canadian Red Cross Society in the Province of New Brunswick during the Years of the Great War," all of the records of the province for persevering and successful service under the society have been compiled by Miss Elsie V. N. Clements and

copies of this appropriately and pleasingly gotten up booklet are now being distributed to the different branches throughout the province. The report is a remarkable one for its thoroughness and accuracy of detail and contains records of which the province and all of the great band of workers distributed throughout its confines have just cause to be extremely proud.

On the opening pages are a life-like portrait of Lady Tilley, the organizing president and her message of appreciation and encouragement to the Red Cross workers. The first portion of the report deals with the organization of the provincial branch of the society by Lady Tilley and tells of her untiring interest and her readiness to help and direct with the benefit of her years of experience gained when, during the South African war she was the head of the Red Cross workers in the province and by step all the work of the society is traced down to the part which it took in the procession on Armistice day when its flag had a conspicuous place in the procession in the city of St. John.

The complete financial statement tells of \$100,164.98 received for general and provincial funds exclusive of all special funds forwarded to Toronto. The list of supplies shipped overseas shows totals of 170,193 knitted articles, 118,915 hospital garments, 11,689 surgical garments, 129,456 articles of linen bedding, etc.; 26,102 hospital bags, etc., and many other miscellaneous articles too numerous to mention here are given, as are also particulars of supplies sent during the epidemic of influenza to emergency workers; provided to the port committee and sent to the hospitals in the province.

A list of life members of the society is included and reaches the grand total of 1076. Details of the New Brunswick men who were prisoners of war are also tabulated. The regimental number, battalion entitled with the battalion connected with when captured and dates and particulars are all given and there are seventy-four names found on this list against many of which the word died is written.

So great was the scope of the work done by the society that the report is a book of some size yet there is nothing to be found on its pages that is not essential to the accuracy of the records. The reports of the seventy-nine organized branches are included and full mention is made of contributions from auxiliaries and other patriotic societies while the various committees have also submitted excellent and thorough reports.

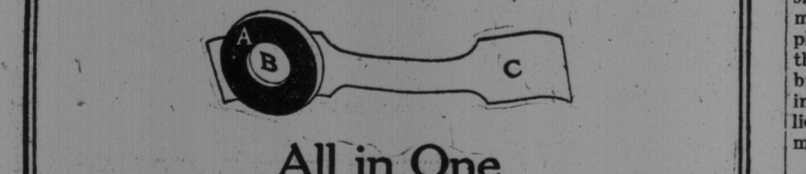

The port committee report is given by Mrs. H. Lawrence; the hospital committee by Mrs. Frank Fairweather; the sphagnum moss committee by William McIntosh and the surgical committee by Mrs. Harding, and a full account of the work done at the time of the Halifax disaster in assisting the relief committee is contributed by Mrs. H. Lawrence. The province endowed many hospital

WAS NEARLY PUT OUT OF BUSINESS, MERCHANT SAYS

Was so Run-Down He Was Forced to Close His Store For a Long Time—Gains Twelve Pounds by Taking Tanlac.

"When I say that Tanlac is the best medicine I have ever seen, I know just what I am talking about, for since taking it all my troubles have been overcome, and I have gained exactly twelve pounds," said M. K. Tanlac, a well known merchant who lives at 12806 123rd street, West Edmonton, a few days ago.

"I had a bad spell of influenza about four months ago," he continued, "and it didn't lack very much of putting me out of business altogether. I pulled through, however, but it certainly left my entire system in a badly rundown condition. My stomach was so weak that bad food that I ate would sour and cause me to be terribly bloated up with gas. Then, at times, what I ate would give me the worst sort of cramping pains right in the pit of my stomach. I was so nervous that the least noise would startle me, and I would go to sleep at night without getting as much as an hour's sleep. I finally got so weak and run-down that I was not able to do any work and had to keep my store closed up for a long time. To tell you the truth, I didn't have an idea that I would ever be a well man again.

"This Tanlac seemed to be doing so many people so much good, so I finally decided that if others got so much benefit from it, it ought to help me, too, and I bought a bottle and commenced taking it. I have taken three bottles of Tanlac so far, and it certainly has done for me a world of good. My appetite came back before I had finished my first bottle, and now I eat just anything I want and I never suffer a particle from indigestion. My nerves are as steady as they ever were, and I go to bed now, and sleep just like a boy all night long. I am as strong and well as I ever was in my life, and I go to my business as well as ever. I have gained a lot in weight, and just feel fine and dandy all the time. That is what Tanlac did for me, and if you find anybody who doubts this statement just send them to my store, and I will soon convince them that every word of it is true, and that Tanlac is the best medicine on earth to build a man up who is run-down like I found myself. Tanlac is sold in St. John by Ross Drug Company and F. W. Munro, under the personal direction of a special Tanlac representative.—(Adv.)

NEW 42-INCH PIPE AT LAKE FITZGERALD NEARLY FINISHED

One week from Saturday night is the time planned to have the connection made with the main water service pipe and the new forty-two-inch pipe that has been laid around the edge of Lake Fitzgerald, which is more commonly known as Dry Lake. Yesterday afternoon a party, including a press representative, was driven to the Dry Lake works by C. Bruce, who represents the Lock Joint Pipe Company who had the contract for making and laying the pipe around the lake.

With the exception of a few feet of pipe yet to be laid at either end the work is about completed and it is proposed that in about a week and a half the connection will be made with the newly laid pipe and the main. The Lock Joint Pipe Company, of which Mr. Bruce is the efficient representative on the job here, had the contract of laying the pipe around Lake Fitzgerald. The main feature of the newly laid pipe is the manner in which it is joined, one piece of pipe to the other which is done, as explained yesterday by Mr. Bruce, as to allow for any contraction or expansion and not cause any leakage. The work of laying the pipe in itself is not an interesting thing to watch. When it is completed and the pipe joined there is no additional charm for the eye but the stability of the work and the fact that it will undoubtedly stand the test is a sure thing.

Some years ago Lake Fitzgerald was drained and when the main was extended to Lock Island the pipe was laid through the drained lake. The boggy condition of the earth, however, caused a tremendous settling of the pipe with the result that numerous leaks frequently occurred and millions of gallons of water were wasted. With an idea of getting

"British Army Won the War"

—Sir Douglas Haig

London, July 9—(Reuter)—Field Marshal Haig, receiving the freedom of Newcastle, deprecated the tendency to minimize the British army's achievements in the war.

"It is right to speak of our Allies," he declared, "but it was the British army that won the war; it was Britain that bore the brunt of the fighting in the last two years. I hope everyone will realize that fact and stick by the fellows who fought and suffered and their dependents."

a more solid foundation and a better service it was decided to abandon the section which penetrates the Dry Lake district and lay a new portion of pipe around the edge of the lake. This was done. Tenders for the work were called in August, 1916. Moses and Tobias were awarded the excavation contract and the Lock Joint Pipe Company were given the contract of making and laying the pipe which measures forty-two inches and is constructed of re-inforced concrete.

The work, is now about completed after many setbacks as difficulty was encountered in excavating. However, the contractors with great loyalty have stuck to the job and much credit is due Messrs. Moses and Tobias for the work they have accomplished.

When the new pipe is all laid it will run from the junction of the old pipe at the far end of Lake Fitzgerald, which now supplies the water service, in an easterly direction skirting the edge of Dry Lake and connecting again with the main, a distance of some 2,000 feet. On Saturday night when the city is peacefully slumbering, it is proposed to quietly break the old pipe and have the new forty-two-inch pipe run into the well, or manhole, yet to be built and a formal connection made. While no and a difficulty is anticipated in making the connection itself, it is no easy task and when successfully made all those satisfied with the work will rest at ease, nestled that a good job has been accomplished.

THE DIVORCE COURT

Frederickton, N. B., July 9—Rev. S. W. Stackhouse, the Baptist minister who left his Donkton (N. B.) pastorate suddenly last winter and was later named by the wife of a soldier overseas in connection with a serious offence, did not appear in the New Brunswick divorce court here this morning to defend his character, as he promised to do in the Maritime Baptist, when the case was tried. Nor was Rev. Mr. Stackhouse represented by counsel when eight witnesses gave their evidence in the case of Captain Ralph S. Holmes vs. May Jacobina Holmes and direct evidence was given of the minister's intimate relations with the wife of the plaintiff while the latter was overseas, first with the 62nd Battalion and afterwards with the 87th Battalion (Grenadier Guards).

The star witness for the plaintiff was Mrs. Margaret Brown who lived with Mrs. Holmes while her husband was overseas. She told of the frequent visits which Rev. Mr. Stackhouse paid to Mrs. Holmes. She gave direct evidence of infidelity on the part of the wife on one of these occasions, telling of scenes which she had witnessed. This was in April, 1918, and Dr. John Wier, of Donkton then gave evidence of attending Mrs. Holmes in January 1919, when she gave birth to a child.

Judgment was pronounced before the present session of the court adjourns. St. John Cases.

This afternoon in the cases of Wilson vs. Wilson and Mason vs. Mason were completed. Court considers in each case the petition of Lena Wilson vs. Thomas Wilson in divorce. Letters to statutory grounds. Jean Tate, being named as co-respondent. The parties to the suit belong to St. John and were married in Halifax in 1915. One child was born of the union. The plaintiff, Mrs. Wilson and Sister Ellen Youngman gave evidence. Letters from the defendant to the plaintiff, his photograph and that of the co-respondent were put in evidence. The plaintiff swore the defendant had served six months in prison in England for forging a pay check in France. Scott E. Morrel was proctor.

Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monacette, a subsidiary of Barmbeier. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitation, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

In the action of Frank Hilyard Mason vs. Margaret Otty Darragh Mason, evidence was given by the plaintiff, Deputy Provincial Secretary R. W. I. Tibbits, Edith Belding and William J. McCann. Divorce is sought on statutory grounds. Among those named as co-respondents are Oliver Basqueaw, Clifford McKennie, Peter Paddock, Charles Kelly and E. L. Black. The parties to the case reside in St. John. The plaintiff served in the 118th Battalion and was a soldier of the 69th Battalion.

FIRST AID—in Emergency

A life may be saved or serious results prevented if you know the right thing to do and the way to do it. What to do under any circumstances, accidents, drowning, broken limbs—almost any contingency, is treated in a comprehensive way in a new book just out, entitled "Nursing," by Lee H. Smith, M. D.

This book is needed in every home. It is well illustrated, and if you want to learn how to nurse, this is a standard work which will teach you all you need to learn in an easily-understood, common-sense way. It is intended for the ordinary reader. Is a handy "First Aid" book to have in the house in case of burns, wounds, broken arms or legs. It teaches you what to do in case of accident. How to bandage; how to take care of fever patients; how to take temperature; how to treat the simple diseases; how to give baths. Contains practical advice for the woman with a family.

This five-hundred page book, nicely bound, can be had at prominent drug stores at the nominal cost of 50 cents, or send that amount to the World's Medical Press, 654 Washington St., Buffalo, N. Y.

WINNIPEG LABOR LEADER TELLS OF ARREST OF STRIKERS

E. G. Tipping Asks Support of East in Securing Jury Trial

Before a largely attended mass meeting of the labor men of the city in the Seaman's Institute last evening, T. G. Tipping, of the Winnipeg Trades and Labor Council, gave the labor side of the recent strike situation in that city. Mr. Tipping said that his mission to the east was in the interests of labor. He said that the west wants assistance from the east and produced petitions to be distributed among the labor unions of the city asking the members to affix their signatures demanding that the five men arrested during the Winnipeg strike be tried by jury in accordance with British justice and fair play.

strike in Winnipeg originated over the fact that recognition of a union of the metal trade workers in the contract shops was refused as well as an advance in wages for the building trades. The question, however, practically was one of the recognition of the union. Speaking of incidents of the strike Mr. Tipping said that the police were not called out in sympathy and the bread workers, milk drivers and many others necessary for the sustenance of life were sent back to work by the strike committee. The water pressure of the city was retained and no hospital workers were interfered with. The speaker declared that the police were locked out by the police commission because they refused to sign a statement that they would not

affiliate with any other organization. All but two men refused to sign the petition, he said. Referring to the shooting which took place during a parade Mr. Tipping assured his hearers that it was done contrary to the strike committee as all those

who were out were well informed not to go against constituted authority. Demand Fair Trial.

Of the arrest of the five men charged with seditious conspiracy he said that the government proposed to deport these men under an amendment to the immigration act recently put through parliament. Mr. Tipping said that one of those arrested was a returned soldier, another was a soldier in uniform, one was a student of the Manitoba University relief fund, and one was an editor of a Russian paper which had been published through authority granted by the dominion government. These men were now refused trial by jury while the labor men of the west with the assistance of those in the east were demanding that trial by jury be given these men. There was nothing extraordinary in the demand as it was British justice and British fair play that was being demanded. It was a natural right that could not be refused. His mission to the east in part was to secure signatures to a petition, which in turn would be handed on to the minister of justice, asking that fair play be granted these five men and that they be granted a public trial. Even an alien enemy, said Mr. Tipping, gets a trial for an offence. The right of bail was also refused, he explained, and which should be allowed.

Helped to Feed Hungry.

He touched on the hardships encountered during the six weeks of strike when more than 2,000 girls were fed by the strike committee. He said that labor men in this part of the country had an opportunity to help the west and help especially to conduct the defence of those under arrest. Mr. Tipping said he would not ask the meeting to endorse the strike but he merely wanted assistance from the labor organizations to bring out the justice of their cause.

He styled it part of the great struggle of the working classes and said that he demonstrated clearly that labor was no longer docile and now instead of saying "Please give us this or that" labor could stand up before the masses and say "We demand the right of recognition."

Mr. Campbell made a few remarks and said that he was glad to hear Mr. Tipping's address as it gave the labor men of St. John the truth of the situation in Winnipeg which had not been received through the daily press. He said the voting of money for the help of western labor was a matter for the local unions to decide themselves. He favored the signing of the petition demanding trial by jury for those under arrest.

In reply to a question from the audience relative to literature being distributed at Fredericton and dated from Winnipeg Mr. Tipping said that he had no direct information but that they must receive any. In answer to another question as to what part the minister of labor took in the recent Winnipeg strike Mr. Tipping said that a year ago he came to St. John and through the whole of the dominion just the same as in the old country.

The vote of thanks was seconded and passed along by the chairman to Mr. Tipping.

The petitions asking that the five men under arrest be tried by jury were passed around and many placed their signatures. The petitions were distributed and will be brought before the local unions. The matter of financial assistance will also come before the unions of the city although some contributions of money were given last night. Mr. Tipping will leave today at noon for Moncton.

O-Cedar Polish
the Wonder Polish for your Motor Car

Why should you let your car deteriorate in appearance. It is so easy to keep an auto body practically like new. It only requires a slight expenditure of money and effort, if you use the right polish.

With the O-Cedar Duster, you can dust your car in a few minutes, every day, and keep it looking bright.

Use O-Cedar Polish in the house as well as in the garage—use it for your furniture, your floors and your linoleum.

O-Cedar Polish is sold in various sized packages, from 25c. to \$3.00. The O-Cedar Duster 75c. You will find O-Cedar Products at any Grocery or Hardware Shop.

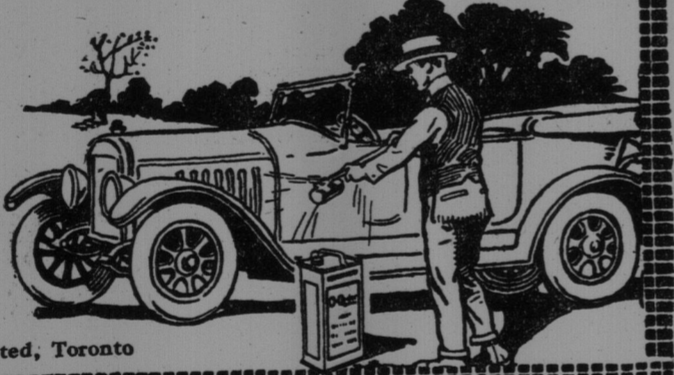

Channell Chemical Company, Limited, Toronto

O-Cedar Polish used the right way, has been found by thousands of motorists to be the correct treatment for any car.

Follow these directions carefully:—

Wet a piece of cheese-cloth with water. Wring out the surplus water. Pour on as much O-Cedar as the cloth contains water. This combination forms a soft, harmless lather that removes dust, scum and grime. Polish with a dry cloth. If there is mud on the car wash it off first—then follow directions as above.

Another way, is to mix half water and half O-Cedar in a sprayer. Before using shake the sprayer, to mix O-Cedar with the water. A light brisk rubbing with a dry cloth produces a hard, dry lustre.

COAL TO COST CONSUMER SIX SHILLINGS MORE

Granting of Miners' Demands Creates Serious Situation in Old Country.

London, July 9—Announcement by Sir Auckland Geddes, the minister of reconstruction, in the house of commons today that the government had decided to raise the price of coal to the consumer by six shillings a ton on July 16 caused a sensation among the members. Andrew Bonar Law, the government leader, intervening in the proceedings, said the government recognized the seriousness of the coal situation and that debate on it would take place Monday next. In making his announcement Sir Auckland said it was hoped that the increase of six shillings would meet the increased cost of the payment of standard wages, shift. This increased cost of fuel, he pointed out, obviously would seriously hamper manufacturing and export business. Its effect undoubtedly would be very serious upon the Lancashire manufacturing concerns, he added. The minister also pointed out that the profits of the colliery owners would be limited in accordance with the report of the Sankey mining commission, to one shilling and two pence per ton.

STAND BY THE ACTION TAKEN

Delegates Chosen at Recent Liberal Meeting

Will Try to Have Convention Tonight Endorse Action of Assembly Several Nights Ago

A decision to stand by the action they had taken and to support the delegates to the Ottawa convention whom they had elected, was reached at a meeting of the delegates to the Liberal convention recently held at the call of J. Fred Belyea, who re-assembled last evening in the Moose Hall, Charlotte street.

In this matter but that, if the Albert county section did not elect delegates, the two substitutes receiving the highest number of votes at the last convention would fill the vacancy.

When the meeting opened the chairman, J. Fred Belyea, announced that it had been called on account of the laxness of the Albert county delegates in not selecting their representatives for the Ottawa convention, and also to consider their attitude towards the convention to be held on Thursday evening.

Michael Kelly objected to this procedure as improper, in view of the right given the Albert county delegates to choose their own representative.

The secretary read the instructions issued from Ottawa and Mr. Kelly remarked that although the premises given general supervision over matters, he did not see that they had any right to call conventions.

J. A. Barry pointed out that there was no provincial Liberal organization in New Brunswick, and it thus became the duty of the chairman of the local organization, in co-operation with the defeated candidates, to call a convention as had been done. The convention had been held and delegates elected, according to the only legal course laid down.

The chairman asked for nominations. Mr. Kelly urged that Albert county men should be selected.

The chairman maintained the right of the convention to name whom it pleased. The chairman said that he was entitled to go by virtue of his office.

John Gorman urged the desirability of a reunion with the party and suggested that action be delayed while the delegates should attend the convention tonight.

Dr. Emery remarked that, if the Albert county delegates did not wish to elect their own delegates for Ottawa, that the two highest substitutes should take their places.

The chairman said that, in that case, Charles Owens and H. N. Coates would be the delegates.

Dr. Emery said his idea was that the matter should remain in abeyance for the present and if no delegates were elected by the Albert county section of the convention, the substitutes should fill the vacancies.

On motion, this suggestion was confirmed. The question of credentials for delegates was then taken up and the secretary said he had written the general secretary in Ottawa and had received in reply the following telegram:

"Our letter June 28. Delegates' certificates go by prime minister June 28. You should have them. Telegram him regarding delay."

"ANDREW HAYDEN, Gen. Sec. Nat. Lib. Conv." Apparently Mr. Hayden did not realize that there was any question regarding the regularity of the procedure here.

The chairman suggested that they should appoint a committee to interview the premier and see what he was doing with the credentials.

Mr. Kelly—"That comes like a thunderbolt out of a clear sky. If the premier received the certificates before July 4 he should have put them in the hands of our secretary. We should take a firm stand to maintain the legality of the steps we have taken. For myself I am in favor of going to the convention tomorrow night. I am in favor of reunion, for we will need every man and every vote. There no longer are any Liberal-Unionists and those who left us are at liberty to come back. We should go to the convention and protest that it is illegal, that June 30 having passed, it is no longer legal to elect delegates. This convention tomorrow night means that our convention is to be ignored, and who has the right to turn down Doctors Broderick and Emery who made such sacrifices in the interests of the Liberal party and those who took of their boats and fought for their principles without hope of victory? Why should we go out of our way for those who deserted us? I am in favor of welcoming the prodigal brethren going farther than the prodigal's father did. Let us go there and if we are defeated we can do as they did last time and get on."

The chairman said that he believed it was the duty of all good Liberals to attend the convention on Thursday night as individuals.

In reply to Thomas Dwyer, Mr. Kelly said they should go to the convention and move that what had been done should be confirmed.

A delegate asked if confirmation by the secretary in Ottawa would improve matters.

Another delegate said they should go and ask Premier Foster his authority for calling a convention.

Dr. Emery.

Dr. Emery announced that he still was staunch with the party. He and Dr. Broderick had called the convention after due consideration. Hon. Mr. Veniot had told him that he thought that the premier had the matter in hand. They had given the premier an opportunity to call a convention and when he delayed they had decided to meet on their own. The secretary had said that he had taken up the matter of the credentials with the premier, and so he doubted the wisdom of appointing a committee to meet the premier. They were now concerned with their own course. The votes accredited to them at the last election showed that they were the Liberal party with few defections. Regarding the coming convention, Thursday night he regarded it as entirely illegal and unauthorized.

Coughs, Colds, Bronchitis

If there is an ailment in the throat or chest, it is surely essential that the remedy be conveyed direct to the affected part. It's because the healing vapor of Catarrhozone is breathed into the sore, irritated throat and bronchial tubes that its balsamic fumes kill the germs and destroy the cause of the trouble. These are the reasons why Catarrhozone never yet failed to cure a genuine case of Catarrh, Asthma, Bronchitis or Throat Trouble.

Catarrhozone Just Breathe It

To permanently cure your winter ills your coughs and Catarrh, by all means use a tried and proven remedy like Catarrhozone. But beware of the substitute. Large outfit lasts two months, costs \$1.00, small size 50c, trial size 25c, at dealers everywhere.

ASK YOUR NEIGHBOR

It has been said that there is no hardy a city, town or village in this country wherein some woman does not reside who has found health in that good, old-fashioned remedy, Lydia E. Pinkham's Vegetable Compound. Therefore, if you are suffering from some ailment, and hardly know what to do for it, and have tried other remedies without help, ask your neighbor if she has used Lydia E. Pinkham's Vegetable Compound. If she herself has never had the need for it, undoubtedly she knows others who were just in your condition and who have been restored to health by its use.

THE CABINET MINISTERS

Various Reports From Ottawa—A Denial by Hon. F. B. Carvell

Ottawa, July 9.—Now that unrest and dissatisfaction with existing conditions has risen until it is agitating the cabinet as erstwhile it agitated the country, one is not surprised to know that Sir Thomas White, minister of finance, has placed his resignation in the hands of Sir Robert Borden and that it is a moot point with others as to whether they follow or not. Sir Thomas White's resignation has been prophesied at regular intervals ever since the last session of parliament began. For a time it seemed that he would head a premier permanent Unionist party when such permanence was first decided upon and it is said that the possibility of Sir Robert heading the court of commerce but he maintains a sphinxlike silence when asked the direct question: "Are you going to resign your portfolio?"

Hon. A. K. MacLean also replied with a witticism when asked if he will attend the Liberal convention. "If not withdrawn, changes the whole cabinet situation some or Sir Robert's difficulties are solved in that he will be able to keep some of his older ministers a while longer. There is little doubt but that Hon. Arthur Meighen will succeed Sir Thomas and it is stated that it is already decided if Sir Thomas does not come back that Hon. J. A. Calder will become minister of the interior, colonization and immigration, the two departments to be amalgamated."

Judge Doherty, minister of justice, decided not to come to Ottawa and has wired officers of the department that he will stay off at Murray Bay for several days for a rest.

Has Nothing in View. Toronto, July 9.—(Canadian Press.)—Sir Thomas White, who is at home in Toronto for a few days, stated tonight that reports which have appeared and are appearing in the press to the effect that he had been offered and had accepted an executive position with some large corporation or bank, or life insurance company were entirely without foundation and were unfair to the men copying the positions which have been mentioned. The minister stated that he had made no financial plans whatever for the future.

Another Report. (Canadian Press.) Montreal, July 9.—A special despatch to The Star, from Ottawa, says: The resignation of Sir Thomas White, minister of finance, was placed in the hands of Sir Robert Borden this morning. The premier has not yet accepted it. The retirement of Hon. F. B. Carvell, minister of public works, before the end of the month is foreseeable.

THE CABINET MINISTERS

The chairman suggested that they should invite all Liberals to join the organization, and he felt it would strengthen the party to elect some of those who would return as members of the executive.

Dr. Broderick said that there was no intention to exclude anybody.

Mr. Kelly said Dr. Broderick and Dr. Emery should be present at the convention on Thursday and maintain their stand.

When Mr. Dwyer returned, he announced that he had got in touch with the premier and the latter had informed him that he had received the certificates. In view of the fact that a convention was to be held on Thursday evening, he could not issue the certificates until after that convention. If other delegates were elected, it would be necessary for Ottawa to decide to whom the certificates should be issued.

Mr. McDonald said that this altered the situation and he moved that the motion to attend the convention be rescinded.

Mr. Kelly opposed this. He said that if they were defeated tonight, their position would not be altered, if they won it would strengthen them.

The chairman said he was in favor of the motion.

Mr. McMurray objected to the chairman making suggestions. He was in favor of going to the convention.

Motion Lost.

The motion was lost by a large majority.

Mr. Barry moved that all present who were willing to go to the convention should support their candidates and their convention should show their intention by standing up.

Mr. McKeown said the delegates should be allowed to use their own intelligence.

The motion was carried, some members not voting.

The chairman remarked that there seemed to be some neutrals present, a remark which called forth several protests. The meeting was then adjourned.

Jockey Club of England Puts Ban On Horses of Enemies

Ostracism of Germany, so far as horse racing and breeding are concerned, is the policy that has been adopted by the Jockey Club of England. The proposition that no entries for races in the future will be received from German, Austrian, Hungarian, Bulgarian, and Turkish subjects has been formally put before the club for a vote and it has been carried. It was also decided that no application for admission to the Stud Book of horses owned by the enemies shall be accepted.

Germany an Englishman, who is the starter of the Belgian Jockey Club, in order to force the hands of the Belgian authorities. The Belgian Jockey Club asked for the return of this official, and were told in reply by the Union Club of Berlin (the German Jockey Club) that a certain prince would have the starter sent back if he (the prince) received a certificate for a valuable mare which had been stolen from Belgium, and which the prince had commandeered for his own private stud.

This Game Protested. In the East End League, last evening, the Rockwells defeated the Roses with a score of 12 to 9 in a seven inning game. The game was protested in writing by Captain Stewart of the Roses on account of players from other parts of the city taking part in the game. The batteries for the winners were Appleby and Doherty, and for the losers McHugh, McKel and Stewart.

The Yankees Enjoy A New Popularity

Have Played to 364,000 People Since June 4—Club is Leading the American League

(New York Times) The charge has been made quite frequently in the past that New York, from a baseball standpoint, was a National League city; that the fans looked upon the Giants as their own and the Yankees as simply a ball club. There is no disputing that the fandom of the big

city has always pulled strongly for the game series with Chicago covering a Saturday and a threatening Sunday. Detroit followed to play before 41,000 fans in four days. The St. Louis Browns, helped along by the Boston Red Sox dropped in for the day, drew 30,000 on the holiday. The Cleveland Indians, finishing a series on Saturday, drew 40,000 on Sunday. Then the Boston Red Sox dropped in for the day, drew 30,000 on the holiday. The low Mackmen, playing four games from Monday to Thursday, inclusive, drew only 20,000, which was not surprising. The Red Sox, with a Saturday double-header, a Sunday game and a Monday double-header, drew a percentage on 66,000 admissions for the three days. The Senators, who finish up today, drew 30,000 on the holiday, a crowd of 25,000 on Saturday, and 12,000 Sunday, a total of 67,000 to date on this series. Averaging close to 15,000 a day on a stretch of twenty-five playing days between June 4 and July 6 is a new sensation for the Yankees. The players have sensed the change in conditions, appreciate the new interest, and may be expected to show the same on the field. Working for a demonstrative crowd is a long call from the silence of nearly empty stands, to which Yankee teams of years gone by have so frequently played. The owners, who literally threw away money in their efforts to get a winner since taking over the club in 1915, appear on the way to being rewarded by a winning club and the appreciation of New York fandom.

LOFTUS WAS SUSPENDED

Set Down For Two Days For Fouling With Ting-a-Ling in Stetch Run. New York, July 7.—Owners and trainers made liberal use of the blue pencil in the opening number at the Aqueduct track today. There were twenty-eight entries originally, but after all the scratches had been posted, ten were left to go. Housemaid was the favorite, with Ting-a-Ling and Sedan heavily played also. A disqualification and a suspension marked the race. Housemaid came under the wire by a narrow margin in front of Ting-a-Ling. The place was

taken from the latter and given to Thomas F. McMahon. This placed Sedan third. The action of the stewards was well justified. Loftus, on Ting-a-Ling, bore in on Housemaid all the way through the stretch, carrying the mare out. The foul was so flagrant that the officials acted without calling either of the jockeys into the stand. The victory lay between Housemaid and Ting-a-Ling from the barrier to the wire. In addition to disqualifying his mount, the stewards gave a two-day suspension to Loftus. Champions Won, 7 to 5. In one of the fastest games ever witnessed in the North End the Champions defeated the Portlandis by a score of 7 to 5. Nine innings were played and one error was made. The victory of the Champions was largely due to the good pitching of Paul Moore. Green made some sensational catches for the

Portlandis. Batteries for the Champions: Moore and Moore; for the Portlandis: Howard and Laskey. ENJOYABLE CONCERT. A very pleasing programme was rendered last evening in the concert room of the Red Triangle Club on Charlotte street, under the patronage of Mrs. H. B. Peck, of the ladies' committee. About sixty returned men were present and enjoyed the following programme: Comic film, Upside Down and All Over; selection, by Mr. Girvan; piano solo, by Mr. Robillard; comic film, Grand Opera in First Century; solo, by Mrs. Ferris; solo, by Mr. Mr. Allan; reading, by Mr. Robillard. All of the numbers were encored and every artist brought a hearty applause from the audience. At the conclusion of the programme light refreshments were served by Mrs. H. B. Peck and Mrs. J. H. Doody.

BASEBALL
National League.
Philadelphia, July 9.—Philadelphia won in the eleventh inning of the second game today 5 to 4, after they had lost the first game to Chicago 6 to 1. The scores:
First game: R. H. E. Chicago.....200000000—6 12 2 Philadelphia.....000001000—1 4 1 Batteries—Vaughn and Killifer; Jacobs and Cady.
Second game: R. H. E. Chicago.....000000000—4 13 0 Philadelphia.....002000201—5 13 3 Batteries—Douglas, Bailey and O'Farrell; Rixey and Clark.

The game in the St. John League last evening was a bit more interesting, but on the whole was quite uninteresting. John White deserves credit for the showing he made considering that he had only one day in which to get a team together. John is a hard worker and will get nothing until he has a strong line-up, able to compete with the best teams. The St. Peter's boys were badly shaken up owing to the absence of three of their best players and were forced to extend themselves to win.
The game between Carleton and St. Peter's, which is scheduled for this evening, promises to attract a record crowd. There is considerable speculation on the result.
The fans are also looking forward to the visit of the baseball team from Calais, Me. A movement of this kind is worthy of support for it will revive the game not only in this city but also in towns in the province and near the border.

The fight for leadership in the National and American leagues is attracting more than passing interest. In the former the Giants are out in front with a five-point lead, and in the latter the Yankees are leading by a small margin of three points. Local fans are pulling for one or the other New York team to win as it will give them an opportunity of witnessing at least part of the world's series games in the fall.
Gravath has started in well as manager of the Phillies. He dropped the first game to the Cubs yesterday but came back strong in the second and won in the eleventh inning.
The big league clubs used up a record number of pitchers yesterday. In the National League twenty-one were worked and in the American fourteen.
Pitcher Ed Walsh has left the Milwaukee team of the American Association. He said his reason was that the spit ball has been banned. As this has been the chief asset in winning games he felt the handicap would be too great.

Brooklyn, July 9.—Pittsburg shut out Brooklyn here today 2 to 0. Score: R. H. E. Pittsburg.....000001000—2 11 0 Brooklyn.....000000000—0 6 1 Batteries—Adams and Schmidt; Grimes, Smith and Krueger.
Reds Keep Up Pace.
Boston, July 9.—Giving Sallee brilliant support Cincinnati defeated Boston three to one today. Score: R. H. E. Cincinnati.....000021000—3 8 2 Boston.....000000001—1 8 2 Batteries—Sallee and Wingo; McQuilgan, Cheney and Gowdy; Truesdell.

New Manager Takes Hold.
Philadelphia, July 9.—Gavvy Gravath, hard-hitting outfielder of the Philadelphia Nationals, entered upon his managerial career Wednesday in the hope of building up a winning team. He said, however, he would have to get some new players in order to do so.
He was appointed manager of the Phillies Tuesday, succeeding Jack Coombs, who resigned.
The Phillies have lost twelve straight games and of the last thirty played they have won four. Since the beginning of the season they have won eighteen and lost forty-four games.
Coombs planned to leave Wednesday for West Kennebunkport. He said he was through with baseball for the remainder of this season, at least.

**St. Peter's defeated Fairville last evening in the St. John Baseball League fixture by a score of 9 to 6. The reorganized Fairville team, under the management of John White, made a very good showing. St. Peter's nine were without the services of some of their best players and had to do considerable changing before they could fill various positions satisfactorily. The game went eight innings and was witnessed by a large gathering of fans.

Stallion Record Lowered.
Chatham, N. B., July 9.—The sensation of the first day meeting in the Maritime Circuit harness racing here this afternoon was the breaking of the stallion trotting record of the Dominion by The Exposer (2:06), owned by H. C. Jewett, of Fredericton. In the first heat of the 2:10 trot and pace class, The Exposer trotted a mile in 2:10 flat, coming within a half a second of the pacing record for the track and lowering the stallion trotting record in Canada.
The tract was fast and all the classes were marked by fast times, there being some surprises. The Exposer won the 2:16 class in straight heats with the Montreal mare, Lady Gratton, second. In the 2:14 class, Roy Volo, owned by W. B. Lint, of Fredericton, won after five heats while in the 2:24 class won by owned by W. G. Fenwick, Bathurst, captured first money, with Singer, owned by Michaud & Faulkner, of Montreal, second.

Duty Bound, b.g. by Duty Bound and Multnomah A. A. At the age of eighteen he entered Stanford University. His record of his athletic ability brought him into prominence. One of the most remarkable feats of his career took place shortly after he won the 100-yard dash, 100-yard dash, including track and field contests, and rowing and swimming races, in several of which he won, and even semi-finals, were required.
It was during his college days that Ross received the record speed in swimming, and set his first international standard by covering 220 yards with six turns in 2:31.5, a mark which remains unbroken to this day. That was in November, 1918. Since then his performances have followed one another closely, so that most of the free style records, from the furlong upward, now stand to his credit.
When the United States went to war Ross joined the aviation corps and was commissioned a lieutenant. As most of his training was done at Kelly Field, in South California, he found little opportunity to compete throughout the year 1918, but a short furlough enabled him to attend a couple of championship meets, and that was enough. He shattered more records in the brief period than did any other swimmer during the entire twelve months.
Ross stands over six feet and weighs in condition about 205 pounds. Clean shaven, with a high forehead, he handles himself with remarkable ease, particularly in the water. He uses an unusually slow, powerful stroke, opening a seventy-five foot pool with half a dozen arm drives. Until a short while ago he affected the four-beat single trudgeon-crawl exclusively, but recently he has taken up the six-beat double trudgeon-crawl experimentally, and it is not unlikely that he will adopt it permanently, as it seems to suit him admirably. Furthermore, he is now a member of the Illinois A. C. of Chicago, whose coach, William Bachrach, is a strong advocate of the latter stroke.

Dwyer Stakes Today.
New York, July 9.—The feature of the week's racing at Aqueduct will be the running of the Dwyer, formerly the Brooklyn Derby. The event will be decided Thursday. It is valued at \$80,000 and is at one mile and a furlong for three-year-olds.
J. K. L. Ross' Sir Barton, winner of the Kentucky Derby, Preakness and Belmont, Samuel C. Hildreth's Purchase, and W. McClelland's Eternal are entered. Loftus will have the leg up on Sir Barton.
Among the other highly esteemed eligibles are Vindex, Be Frank, winner of the Latonia Derby; Over There, Natural Bridges War Pennant and King Plaudit.
If the day is fine and the track in good condition, the race should attract a banner crowd. Racing in Kentucky having closed for the summer, it is likely that many southern and western turf men will come east to see Sir Barton and Purchase measure strides.

RING. No Side Bet.
The Revival of Sport
(New York Times.)
The reaction from what has been brought about what is evidently going to be the greatest sporting season in the history of the country. Even now it has in some respects surpassed all previous records, and in all has surpassed all the years of the war. One has but to turn to the sporting pages of The Times to be impressed with the way in which this country, anxious and depressed for so many years, is going in on a great scale for fun.
Horse racing, for instance, is enjoying greater prosperity than it has ever had, even in what they call "the good old days," when there were "open rings." Thirty-five thousand people at Belmont saw the Suburban, 20,000 saw the running of the Brooklyn Handicap, which is a record for that event during recent years. The daily attendance at all the tracks is greater than at any time since the season of open betting. At Jamaica the average daily attendance used to be 2,500; now it is 10,000.
In baseball both Yankees and Giants have played to larger audiences than in any other spring games on record. More than 20,000 people saw the Yankees open the season. The Giants had from seven to eight crowds which averaged about 25,000 people. These are the greatest records of attendance in the history of baseball for a single club. The Brooklyn club can tell a similar story.
But perhaps even more significant than this is the springing up of minor leagues all over the country, and the fact that they are all prospering. It is well known that it is harder for a minor league to maintain itself than for those from the big cities. During the war, when there were arising in all directions, and even in the smaller towns are doing as well proportionally as the big leagues.
More tennis has been played this year than at any time during the war. A significant indication in the history of the West Side Tennis Club is enlarging its stand for the national championship tournaments of the summer. Now they are arising in all directions, and even in the smaller towns are doing as well proportionally as the big leagues.
The revival in college sports is just as evident. At the Yale-Harvard regatta the attendance was larger than in any past years, even in the years before the war. The same upward trend is noticeable in all the other college sports.
A curious reason given for the great increase in interest in track and field sports. It is that many men are taking part in them who never did before. Discharged soldiers, for instance, learned to take an interest in them in camp, and are now enthusiastic over them.
So it goes all along the line. The nation, released from years of gloom and depression, is expressing the reaction by plunging into sport. It is a thing that has often been seen at the close of a great war.

POUND WATER CONTAMINATED
Dr. J. F. L. Brown, district medical health officer for the southern district, has received a report of the analysis of some samples of water taken from wells in Rothwell and Minto coal mines. It declared the water contaminated.
About a year ago typhoid fever broke out in Minto and Rothwell, and again last month it became prevalent. As this disease is not apt to break out in June, unless there is some particular cause, Dr. Brown investigated. He had samples of the water analyzed by Dr. H. L. Abramson, who reported the water contaminated.
Sanitary Inspector E. G. Brown, of Chipman, was notified and action will be taken to have conditions remedied.

The tobacco with a heart
And the people of Chicago do enjoy the parks; they roam over them, and the pleasant sight is everywhere seen of children scampering over the grass to their hearts' content. This is as it should be.
There is something wrong with the democracy of a city that thinks more of its amusement and health of its people. There are thousands in Montreal whose means will not permit of sojourns to country places, and who depend upon the parks and squares as breathing and recreation spots. It is unthinkable that simple pleasures should be either circumscribed or should entail terrors of the law.
We seem to have forgotten that every open space was purchased with public funds, and the public has the right of their enjoyment. The very worst that can happen to the grass is that it may become worn in spots, and in the name of common sense what are city employees for if not to look after receding, the constant beautifying of the parks and the comfort of the people who visit them?
The administrative commission should lose no time in putting an end to this petty tyranny.

INQUEST INTO DEATH OF CHILD

Jury Finds Negligence in Matter of North End Dump

The inquest into the death of Marjorie Beryl Gibbons, was held in the jury room of the Masonic building, German street, last evening, and the jury brought in a recommendation that the proper authorities be asked to look into the conditions of the Elm street dump, and to compel the owners of this property to supervise the material that is dumped thereon, and that the same conditions apply to all other dumps in the vicinity of the city.

The following is the verdict brought in by the jury: "We, the undersigned, do find from the evidence given that Marjorie Beryl Gibbons, died at her home, Metcalf street extension, on June 29, from burns received from her clothing, which had caught fire on the Elm street dump. From evidence given at the inquest the jury have come to the conclusion that the city authorities and the Board of Health have not been looking after public safety and welfare.

The first witness called was Leo McAulay, of 23 Adelaide street. He said that he saw Marjorie Gibbons on the Elm street dump on the afternoon of the accident. He said that she was picking daisies, and as she was bent down her clothes caught fire. When her clothing caught fire he said that she ran over to him and he tried to put out the flames, but was unable, and then both of them ran up to her home on Metcalf street extension. When questioned by Dr. Kenney the witness said that the fire had been burning on the Elm street dump for about two months.

crietion a Protestant Home for the Aged as a provincial undertaking. The meeting greatly favored the suggestion and a committee of twelve representative ladies was appointed to investigate the matter and report as soon as possible. Opening Session. The opening devotions of the evening session in Centenary hall were conducted by the Rev. J. C. Berrie, the dominion officers and the provincial president and the chairman of the city union supporting him on the platform and at their conclusion a very forceful address on Child Welfare written by Mrs. H. F. McLeod was read by Mrs. C. B. Foster.

An outline was given of the provisions made in the provincial legislature for child welfare. The first to be mentioned was the health act of 1918 with its special clause dealing with this subject and giving authority for the making of regulations, for disseminating information, for medical inspection of schools and for the care of mentally deficient children. It was said in respect to this act that lack of funds was preventing the province from deriving full benefit from it and that public opinion should be aroused to give it the support necessary. The act itself showed that the needs of the children were realized and the time was now most opportune to push its regulations to the utmost in the interests of the children. The law for the protection of children was also referred to. This law was passed at the instigation of the Children's Aid Society and allows for the establishment of juvenile officers, the appointment of protection officers, the arrest of homeless, unsuitably surrounded, delinquent, sick or mentally deficient children.

province would make it easier for similar reforms to be established in others and a basis for co-operation between the provinces would be made and uniformed and spasmodic efforts prevented, each province being urged to greater efforts through comparison with the work of other provinces. The concluding portion of the address urged the women to use their newly given right of suffrage for the betterment of child conditions with the realization that the character, physical, mental and moral of its future citizens must be the first consideration of the nation. Mrs. A. Pierce Crockett sang "If Any Little Word of Ours" very beautifully and was called upon to respond to an encore. When a remarkably fine series of slides depicting the work of the order in Canada from its commencement had been shown and after the closing devotional exercises the St. John city union held a greatly enjoyed reception in the lower rooms of the hall. The social gathering was a pleasant one and refreshments were served by a committee of the following ladies: convenor, Mrs. J. F. Bullock; Miss Gertrude Campbell, Mrs. C. A. Clark, Mrs. E. L. Corbet and Mrs. I. A. MacAlpine, assisted by others. Delegates attending the convention are as follows: dominion officers, Miss A. M. Brown, Toronto, president; Miss E. L. Embarrassing Hair Can Be Quickly Removed

(Beauty Culture.) Hairs can be easily banished from the skin by this quick, painless method: Mix into a stiff paste some powdered detolone and water, spread on hair's surface and in 2 or 3 minutes rub off; wash the skin and it will be free from hair or bluish. Excepting in very stubborn growths, one application is sufficient. To avoid disappointment, buy the detolone in an original package.
