ASSOCIATION AGAINST CITY GAS TAX

ARE IN FAVOR OF PROVINCE LEVY FOR ROAD WORK

Association Urges Continuation of Federal Assistance

ANNUAL SESSION

Question of Road Improvement In Several Localities Is Taken Up

Unanimous opposition to the proposal of the city to impose a tax on gasoline was the attitude of the members of the New Brunswick Automobile Association at their annual meeting held here last night.

The Association went on record as being in favor of a provincial tax on gasoline, provided the funds so derived were earmarked for expenditure on the roads.

The Association also went on record as favoring the continuance of the federal aid to roads for at least four years longer and passed a resolution pledging their support to the Canadian Road Roads Association along this line.

Big Car Increase. The report of the secretary, J. Charlton Berrie, showed a big increase in the number of cars licensed in the province last year over 1923.

Road Improvement. The matter of obtaining new members was discussed, but no definite action was taken.

A committee was appointed to meet the government to take up the matter of improvements of the approach at the Gondola Point ferry, where it was claimed a new float and other improvements were needed.

A delegation from Queens county was heard with reference to a part of the road between Norton and Cady's about eight miles long, which was in bad shape. It was decided to take the matter up with the public works department.

The question of keeping the Robtsey road open in the winter was discussed, and the Robtsey residents offered to keep the road open to June, set out during the year 1924 road signs which are very close together and which is a dangerous spot. It was also decided to ask that the work on the Loch Lomond road be continued this summer.

Free Camp Sites. Free camping sites were freely discussed and the opinion expressed that these should be under the direct control of the Minister of Health.

The meeting went on record as favoring parking lights or dimmers while a car was not in motion.

It was decided to take up with the Government the matter of diverting the road near Westfield, where two level crossings are very close together and which is a dangerous spot. It was also decided to ask that the work on the Loch Lomond road be continued this summer.

108 New Road Signs. The report of J. Charlton Berrie, secretary-treasurer, after reviewing the Canadian Good Roads Association meeting at St. Andrews in June, set out during the year 108 road signs which were created, many of them special signs made at the request of the members. It is worthy of note that the symbol sign was introduced into Canada, first, by the N. B. A., and has been adopted as the standard all over Canada.

There were sent out 2,104 letters giving road information; 6,000 road guides and maps were distributed to members, affiliated clubs and by customs officials along the border, whose names were furnished by the Association.

Delayed Payments. What the British treasury experts endeavored to work out for the benefit of the Cabinet members who drafted the note was a delayed scheme which would bring in annually from the British debtors exactly the same amount of money as England is paying yearly to the United States. It is left to France to work out her own specific proposals for her payments to this country.

Would Kill Bootleggers

OWOSSO, Mich., Feb. 7.—James Oliver Curwood, novelist, has given notice to bootleggers that if any of them furnished liquor to his 12-year-old son they would be killed and he would do the killing. His announcement following his complaint to city officials that bootleggers were selling poison to boys and girls of Owosso.

SHOOTS B. C. NURSE, THEN TRIES SUICIDE

VANCOUVER GIRL VICTIM OF DOUBLE TRAGEDY.

Returned Soldier, Infatuated With Girl May Recover From Wounds.

TRAIL, B. C., Feb. 7.—Miss Mildred Nelson, 25, nurse, daughter of Mr. and Mrs. Nelson, of Vancouver, was shot and killed in the sitting room of the nurses home here today by Patrick Hanley, an insurance man. He then turned the gun on himself inflicting a wound thought not to be fatal.

Hanley had just returned to Trail from Vancouver. He was said to have been infatuated with the girl and while in Vancouver visited the girl's parents to obtain their attitude on his plans of marriage.

When Hanley called at the nurses' home today Miss Nelson and another nurse occupied the sitting room and he cordially greeted them. After the other nurse withdrew a shot was heard and an investigation showed Miss Nelson was in the sitting room with a revolver in her hand. The dying girl was carried into a nearby bedroom, and while she was being attended to Hanley shot himself.

Hanley had often been treated at the hospital here since his return. Four weeks ago he had a nervous breakdown.

L. C. MACFARLANE IS COUNTY MASTER

Officers Chosen at Annual Orange Meeting—Large Number in Attendance.

The largest attendance since before the war marked the annual meeting of the St. John County L. O. L. last evening in the Orange Hall, Germain street. R. G. Magee, county master, presided, and conducted the election of officers for the year. The annual reports showed that the lodge was flourishing that every primary lodge in the city and county, except one, had increased its membership. The treasurer's report showed that the lodge had an excellent financial condition.

The election of officers resulted as follows: County master, Lorne C. MacFarlane; deputy, George C. Queen; chaplain, W. J. Brown; recording secretary, Henry Sellen; financial secretary, John Chard; treasurer, Isaac Mercer; lecturer, George Chasler; marshal, Samuel J. Holder.

NEW CONSUL HERE FOR U. S. ARRIVES

R. Wormuth and Family Reach St. John After Journey of 12,000 Miles.

Competing a 12,000-mile journey over land and sea from Australia, Romeyn Wormuth, succeeding Henry S. Culver, who retired from the service last fall, arrived here at noon today with his wife and two boys and on Monday morning. The new consul was met on his arrival by E. H. Carter, acting consul since Mr. Culver's departure.

To The Times-Star, Mr. Wormuth said he was glad to reach the end of his long journey. A native of New York state, he said he had on several occasions visited Canada, particularly the Muskoka Lakes region of Ontario. He paid a high tribute to the worth of Mr. Culver.

Previous to coming here, Mr. Wormuth was consul for three years at Newcastle, in New South Wales, and was one year in Sydney, Australia. Before going to Australia, he was stationed in Copenhagen, Denmark. He has been in the consular service for many years, and the appointment to the St. John post is a promotion.

Mr. Wormuth and his family left Australia on Jan. 7, coming to St. John by way of San Francisco, New Orleans and Washington. At present they are at the Clifton House.

ADVENTIST BAND STILL HOPEFUL AS DAY BREAKS

Watchers Disturbed By Thousands Flocking To Scene

POLICE ON DUTY

Prayers and Preparation Interfered With By Reporters and Camera Men

Canadian Press Despatch. PORT LEE, N. Y., Feb. 7.—The sun rose in the east today just as it has for untold ages and shone on the rude home of Robert Reid, the "apostle of doom" despite his fervid prediction that at midnight last night would come the beginning of the millennium and the salvation of the chosen few.

Reid and his flock of 13 followers, were confident today that the "promised sign" of the second coming of Christ is still not far off. Just when he would not say although he had declared that the end of the world would take fully seven days.

Watch All Night. Hopeful all through the night that the sign would come "as a cloud bigger than your hand," Reid watched until well into the morning. When nothing started had happened at midnight in the east he felt that the end might come within the next three hours when it would be midnight in Hollywood, which is the home of Mrs. M. Rowen, the leader of the cult.

His night had been full of discord in sharp contrast with his wishes to pray and prepare himself and his followers for the end. Hundreds of curious persons gathered in the neighborhood of his shack, reporters interviewed him, camera men took his picture. Only his chief disciple, Willard Downs, drew away the crowd under a shower of hot water.

Police Guard Band. Police guarded the place all night. This morning Reid was practically alone. The crowd had dispersed. All that was left was his shack and his faithful little band. He has sold his home, his automobile and all his belongings. Neighbors, however, have bought his goods and say they will restore them when the present furore dies down.

Tries Suicide in Fear. OAKLAND, Feb. 7.—An unidentified woman fearing the end of the world, predicted for last night, attempted to jump from a San Francisco ferry boat, it was reported yesterday. Approximately 35 followers of Mrs. Margaret Rowen, prophetess of the day quietly in their homes awaiting the end.

Woman Hangs Self. SHIKSHINNY, Pa., Feb. 7.—Fear of the end of the world at midnight, was declared by members of her family to have prompted Mrs. Andrew Koris to commit suicide yesterday. Her body was found hanging to the rafters in a garage at the rear of her home.

Heat Wave Takes Two Lives in Argentine

BUENOS AIRES, Feb. 7.—(United News)—Two persons died and many were prostrated by the effects of the oppressive heat wave yesterday. Five persons have drowned themselves since Wednesday to escape the sultry weather.

Changes Made In Nfld. Legislature

ST. JOHN'S, Nfld., Feb. 7.—The resignation of Sir Edgar Bowring from his seat in the legislative council has just been announced. Hon. J. D. Ryan, president of the legislative council since 1920, has today been succeeded in office by Sir P. T. McGrath.

Wooden Houses Gaining In Favor in Old Country

LONDON, Feb. 7.—"Experience shows that if the proper class of timber is used there is nothing against the wooden house as regards weather resistance, durability and transmission of heat" is a statement in the third interim report of the committee on new housing methods, issued yesterday.

Last Squeers Scholar Dead

LONDON, Feb. 7.—The death is announced of Edmund Plummer, aged 93, last survivor of the boys under the tyrannical schoolmaster "Mr. Squeers" at Dotheboys Hall, as pictured in Dickens' "Nicholas Nickleby."

Disastrous Blaze Causes Wreck of City Block in Fort Lee, N. J.

PORT LEE, N. J., Feb. 7.—One man is dead, two are reported dying and 18 firemen and employees of the National Evans Film Laboratory on Main street were injured by falling walls as the result of an explosion of an ammonia tank which followed a fire in the two story plant today.

REACH AGREEMENT IN COAL CONFERENCE

Interim Contract and Royal Commission Assented to by Both Sides.

GLACE BAY, N. S., Feb. 7.—At a conference of coal company and labor representatives here last night it was virtually decided that the proposal for a Royal Commission and an interim agreement for four months would be accepted. Dr. Robertson has left for Ottawa to arrange for the formation of the commission and it is expected that an official announcement will be made early in the week. In the meantime the collieries will continue to operate.

NEGOTIATIONS FOR SALE OF FREEMAN'S JOURNAL

BELFAST, Feb. 7.—It is reported here that a syndicate which includes among its members John McCormack, the tenor, has purchased the Freeman's Journal. The price is given as £37,000. The Freeman's Journal, established in 1768 and long famous for its independence of the Irish Nationalist cause, discontinued publication in December.

RELEASED ON BAIL

Brother Umar, Held For Manslaughter, Is Freed on Bond From Quebec Jail.

MONTREAL, Feb. 7.—Brother Umar, one of the Belgian Brothers of Mercy, which order operates the Huberdeau, Que. orphanage, was yesterday released from jail on bail of \$2,000. He was charged with manslaughter by the death of eight-year-old Hector Galerneau, who suffered fatal burns while being bathed at the Home a few weeks ago. Bail was originally fixed at \$5,000.

3 BODIES FOUND

JUNEAU, Alaska, Feb. 7.—Three bodies, caked in ice, and partly covered with snow, were found aboard the gasoline mail boat George Junior on Admiralty Island, southwest of here yesterday. The boat was reported missing January 28. The body of Captain Nick Bystron, master of the vessel was not recovered.

Shot Fiance To End Suffering; Jury Expected To Acquit Her

PARIS, Feb. 7.—Can any circumstances justify taking human life is the question which a jury in the Paris Court of Assize will be called upon to answer today when Mile Stanislawanska, a beautiful and talented young Polish actress, is arraigned on a charge of killing her fiance, Jean Zisnowski, writer and war veteran, last July. The slaying occurred in a hospital and Mile. Umilnska alleges she shot her fiance to release him from his sufferings from an incurable malady.

CHINA FOLLOWS U.S. OUT OF DRUG CONFERENCE

Delegation Withdraws After Failure To Agree

MEETINGS GO ON

By HENRY WOOD. United Press Staff Correspondent. GENEVA, Feb. 7.—China today followed the leadership of the United States and withdrew from the League of Nations drug conference.

When Congressman Stephen Porter, head of the American delegation, made his proposal, which was stamped as "too idealistic" by allied spokesmen, the Chinese delegates supported him vigorously. And when Porter announced the American withdrawal China's voice was the voice raised in regretful protest.

COMING TO CANADA TO ANSWER CHARGE

MIAMI BEACH, Fla., Feb. 7.—Sixty-five year old Jerry Pindar, who was a beach combler on Miami Beach when his desertion would have left it uninhabited, tested the sand off his breeches and went forth to see the first skating ice he had ever seen. It proved to be treacherous stuff. The artificial ice is in a rink at Miami Beach Garden. With a borrowed pair of skates, Jerry tested the surface and found that it was slick, cold and hard in that order.

WISHES OF CANADA LIKELY TO PREVAIL

Amendment to B. N. A. Act Expected to be Asked When Case Considered.

LONDON, Feb. 7.—(British United Press)—Action of the Canadian government to secure an amendment to the British North America Act to give Canada powers which the Privy Council has decided she does not possess, as in the case of the Toronto Hydro-electric dispute, is expected in legal circles here to come about as soon as the situation. It is likely to give rise to long discussion regarding constitutional rights in which the whole question of the powers of the dominions and provinces will be explored. There is a natural disposition here to regard Canada's wishes in the matter as paramount and to carry out her wishes in the matter.

FRANCE HOLDS HIM

Court Refuses to Give up Captain Arthur Until After Trial in Paris.

PARIS, Feb. 7.—Captain Arthur, arrested in Paris at the request of Great Britain as an accomplice in the "Mr. A." blackmail case, is being held for trial in France by the French courts after extradition was refused. It was held that he was incriminated in the blackmail case by the possession of a check for £40,000 of the Rajah's money. Judge Baquet decided that this was a crime under the French laws.

C. N. R. Freight Agent At Sussex Is Dead

SUSSEX, Feb. 7.—(Special)—George H. Warren, C. N. R. freight agent at Sussex, died last night after a brief illness with double pneumonia. He was 69 years of age and is survived by his wife, one daughter, Miss Dannie Warren, R. N., one son, Capt. Harry Warren, one brother, James W. of Lynn, Mass., and three sisters, Miss Ada Warren, of Lynn; Miss Emma Dunkler and Miss Mary Warren, of Hyde Park, Florida.

THOUSANDS OF CATTLE DROWN AND MUCH PROPERTY DAMAGE IN WESTERN STORM

SAN FRANCISCO, Calif., Feb. 7.—Four persons were believed to be dead yesterday as the result of a storm which swept Pacific coast states. Rivers and streams in California, Oregon and Washington were running bankfull. In Oregon thousands of head of cattle were drowned and property losses are estimated at \$250,000. In Stockton, Calif., efforts were being made to recover the bodies of unidentified motorists whose automobile plunged into a channel.

The Weather Report

SYNOPSIS—Pressure is high on the Atlantic coast and has increased over Manitoba, while a well defined disturbance covers the southwest states. The weather is somewhat colder in Manitoba, but continues mild in Alberta and from Ontario eastward.

Forecasts: Fair and warmer. Maritime—Moderate southwest to west winds, fair today and Sunday. Somewhat higher temperature.

Northern New England—Fair tonight warmer in west portion. Sunday cloudy with mild temperature. Moderate southwest and west winds.

Temperatures: TORONTO, Feb. 7.—Highest during 24 hrs. Yesterday: night 40, day 46. Today: night 40, day 46.

OFFICIALS SAY THAT PROPOSED PLAN WILL FAIL

Members of North Atlantic Group Confident Of Result

SECURITY IS KEPT

Declare Rates Now As Low As Economic Situation Will Allow

By H. BAILEY. British United Press. LONDON, Feb. 7.—War to the knife has been declared quietly and without any overt declaration between the North Atlantic Shipping Combine, on the one hand, and the Canadian Government and Sir William Peterson, on the other.

The greatest secrecy is being maintained on both sides as to their strategy and course of action. The combine officials, both here in London and at their official headquarters in Liverpool, maintain silence on the slightest reference to their plans. Sir William Peterson merely smiles when questions are put to him and latently for him to show his plan and intimates that the time is not yet ripe for him to do so.

Obviously he believes that if there is any talking to be done it should properly come from the combine.

Confident Of Result.

The combine directors seem fully confident as to the result and, without indicating what action they will take in the event of a move by the combine, who is one of the best known men in the British shipping world, does not hesitate to say that the combine may just sit back and await developments. "We have only got to give them enough rope" he said significantly.

NEWFOUNDLAND MINISTER IN ST. JOHN TODAY

Hon. M. S. Sullivan Was in England Getting Ship Built.

MONTCLARE IS IN FROM LIVERPOOL

Other Prominent Passengers Aboard—Fancy Dress Ball is Held.

Among the passengers who arrived here today on the Canadian Pacific steamship Montclare from Liverpool, was Colonel the Hon. M. S. Sullivan, Minister of the Interior. He had been to England for three months making arrangements for the construction of a large passenger steamer for the Newfoundland government. The steamer is to be able to make 15 knots an hour and to accommodate 120 cabin and 150 third class passengers and will ply between Port a Basque and North Sydney. It is to be an ice breaker.

Hon. Mr. Sullivan said that the Furness Withy Company, Ltd., recently launched a large new liner named "Newfoundland," which is to be placed on the Liverpool-St. John-Halifax and Boston routes. In addition the W. G. Armstrong-Whitworth Company are building two 6,000 ton liners. They are to be cargo carriers and to be equipped with ice-breaking bows.

Both are for the Newfoundland Power & Paper Company.

Says Credit Good.

Hon. Mr. Sullivan said that since the Munro government took over the reins in Newfoundland, the expenditures have been cut down and the revenue increased, and the credit of the province is good.

Notices of Births, Marriages and Deaths, 50 cents.

the Ancient Colony was exceptionally high in the Old Country.

Arrived This Morning.

The Montclare reached port this morning from Liverpool with 118 cabin and 183 third class passengers, freight and mail.

Last night the passengers enjoyed a fancy dress ball.

Among the prominent passengers was Frederick Hussey-Freke, who is returning to China after a visit to England. He is secretary of the International Commission for the improvement of rivers in northern China.

Another interesting passenger was Dr. F. Glennie who is going to Toronto to visit his mother, whom he has not seen in 20 years. He has been in Singapore for 25 years and is chief health officer there.

Another passenger was J. A. Mann, K. C., of Montreal, who had been to England presenting an insurance case before the Privy Council.

HEAR STORIES TOLD

Children of City Are Entertained In St. John Centres This Morning.

The story-telling hour for the children of the South End was conducted this morning in the armory by Dr. William McTosh. He related Indian legends. The 80 children present listened enthralled.

A large number of children attended the story telling this morning at St. Vincent's and listened with keen interest to Miss Eleanor Chaisson, who related a number of fair tales.

VOLUNTARY LIQUIDATION.

Regret is being expressed that the Wilson Box Co., Ltd., has found it necessary to go into voluntary liquidation for the benefit of its creditors.

This firm has been in business for 15 years and from small beginnings developed a large box and lumber business. It is understood that it is the lumber end of their business which has created their present financial difficulties.

The lumber market for some years being poor and unremunerative, it is being arranged to continue manufacturing at their box factory in Fairville until their present stocks of lumber are worked up, this being in the best interest of all concerned and this will take some time. Then it is hoped a reorganization of the company can be arranged with the introduction of additional capital so that their box business may be continued. They carry on their pay roll some 70 employees.

CONCERT AT WESTFIELD.

An enjoyable and successful concert was held in the Methodist Sunday school in Westfield last night in aid of the Methodist church building fund. There was a large audience and the numbers were heartily applauded. The programme included selections by an orchestra of violin, cornet and piano.

Messrs. Kempton, Blanchard and Wild; piano duet, Miss Hazel Blanchard and Miss Muriel Patstone; reading, Miss Doris Ryan; violin and piano, Mrs. H. H. McMichael and Gerald Wild; songs by Rev. A. J. Patstone, Mr. Young and Rev. Robert Smart; piano duet, Miss Muriel Patstone and Mr. Wild. Mr. Wild was the accompanist of the evening. A sale of candy was also held.

IN THE MARKET.

Supplies in the country market this morning were only fair. Prices, with the exception of eggs, remained about the same. Eggs were scarce and the price for fresh firsts was 70 cents. Among the new vegetables were spring onions and leeks.

Word of Death of Mrs. George Chatterton Comes to Rela- tives Here.

Word was received this morning by Mrs. J. H. Worcester, Metcalf street, of the death of her sister, Mrs. George Chatterton, which occurred yesterday in hospital in St. John following an operation a few days ago. Mrs. Chatterton was formerly Miss Beulah Barton of this city. She leaves, besides her husband, in Salem, one son, Bernard, and one daughter, Muriel, in Salem; also her mother, Mrs. Laura Barton, of 145 Metcalf street, this city; one brother, William Barton, of Portland, Me.; and three sisters, Miss Carrie Barton, of Salem; Mrs. Fred Smith, of Portland, and Mrs. J. BERENGARIA FIGHTS STORM, FOG AND ICE

Liner, Delayed 12 Hours on Voyage, Uses 10 Tugs to Dock.

NEW YORK, Feb. 6.—After being delayed twelve hours by rough weather and fog, the Cunarder Berengaria lost another two hours getting into her slip because of the heavy ice. Three tugboats had broken the ice early in the morning and the ebbs tide had carried the floes out into the river, but the flood tide swept them all back before the big liner reached the end of the pier.

One slab of ice 50 feet wide and nearly two feet thick blocked the way into the slip, and ten tugs, with the great weight of the Berengaria, failed to smash it. The force of the continual crashing against the frozen mass scraped the red paint from the liner's side. Finally three tugboats managed to force the floe to one side, so that the stem of the Berengaria could push ahead, and she moved in slowly, while 1,000 passengers lined the rail and watched the proceedings.

GOOD THINGS COMING TO THE THEATRES OF ST. JOHN

IMPERIAL PROMISES A BIG MONDAY

"Potash and Perlmutter" Comedy-Concert and New Singer.

Monday's programme at the Imperial Theatre takes on a Broadway flavor, the kind of picture show St. John people take in when they go to the big city on a pleasure trip. In "Potash and Perlmutter in Hollywood," a popular comedy of up-to-date character is transferred to the screen with more attention to detail and laughing material than in the original stage version. Anglo-Yiddish dialect is always a source of good-natured fun even among the Jewish people themselves who are great admirers of Montague Glass' comedy stories as found in the Saturday Evening Post and later transferred to the stage and screen. The adventures of Abe and Mawruss as moving picture producers with the vamps, the temperamental actors and putting their own families into the casts is a delicious brand of side-splitting fun.

Musically the Imperial will open the week with a resumption of its full orchestral programmes and the introduction of still another promising St. John singer, Miss Vera Ferris, who will sing (a) In the Garden of My Heart, by Ernest Ball, and (b) The Spanish serenade-song "Lolita" by Dyak. The orchestra will play Adam's overture, "If I Were King," a string quartette arrangement of "Drink to Me Only With Thine Eyes," and a novelty jazz number, "A Drummer's Troubles," by Cook.

QUADRUPLTS TO BE SHOWN TONIGHT

At the Imperial Theatre tonight between shows the Mahany quadruplets will be shown the public of St. John for the first time outside their own home. They will be in charge of Girl Guides, who have just completed their course in the care of infants supported by some Red Cross nurses. The exhibition of the children in this manner is in response to a general request and in deference to a generous public which has assisted the little ones in their first year, which first birthday constitutes a record for quadruplets on this continent.

U. N. B. GIRLS LOSE AT WOOD- STOCK.

WOODSTOCK, Feb. 7.—An interesting game of basketball took place in the armory last evening when U. N. B. girls were defeated by the Woodstock girls, 18 to 20. The game was fast and exciting. Harry Estabrooks refereed the game to the satisfaction of all.

TURN'S FIRST SOD.

LONDON, Ont., Feb. 7.—In the presence of Roman Catholic dignitaries from many points in the London diocese, Rt. Rev. M. F. Fallon, Bishop of London, turned the first sod at Sunshine Park, where a \$800,000 seminary for the education of priests will be erected.

Vienna Suicides Reach Record Mark

VIENNA, Feb. 7.—The Ambulance Association declares January was the worst month for suicides and attempted suicides in its forty-three years of existence.

There were 149 such cases, while the monthly average is about forty. This wave of self-destruction is attributed to the general distress prevalent in Vienna.

RHINELANDER CASE DUE UP IN MARCH

Husband Sues for Annulment, Charging Wife is Negro.

WHITE PLAINS, Feb. 7.—City Judge Samuel Swinburne of New Rochelle, who was here looking up records for the defense in connection with the coming trial of the annulment suit of Leonard Kip Rhinelander against his wife, Alice Beatrice Jones Rhinelander of New Rochelle, said the trial would take place before a jury in the first week of March. Mr. Rhinelander alleges his wife deceived him when she swore she was white, whereas he declares she is a negro.

LAST TIME FOR THE FOOL TONIGHT

There still remains one more opportunity to see "The Fool," the greatest of all the Carroll Players' great successes. Excellent seats are still available for this evening.

"Manselle," the big surprise play for next week, is arousing tremendous interest, and all stock patrons are on the qui vive with anticipation. The versatility of the Carroll Players will be well tested, it is announced, in "Manselle."

CROSS-WORD CRAZE SPREADS

Ladies Make Cross Patch Quilt.

According to last night's "Times" the ladies of St. John are now making cross-word quilts. Some of the stores are advertising cross-word books and shoes, and according to the police news, some ladies and gentlemen are having cross words too, which goes to show that the cross word situation can be carried too far.

However, crazes come and go, habits change, and what we liked a year ago does not appear to us now.

Our mode of living changes, too, but there is one commodity we never tire of. We must have it in fact. Children especially. And that is milk. When Purity cut down the price of this necessity they rendered a great service to the citizens of St. John. They made it possible for poor families to buy all the milk they needed. Purity was criticized and abused by all competitors, but they held out for the lower price, and reluctantly every competitor was compelled to bring down their own prices, to the price set by Purity. This company needs your support in order to keep down the price. Support them by ordering your daily supply from them. Phone main 6900 and do it now.

DAUGHTER LIVES HERE.

The death of Brittle Bursey of Old Perlican, Trinity Bay, Newfoundland, occurred early this morning at his home there. He was a lifelong resident of that place but had friends and relatives residing in this city. He was 73 years of age and had been a fisherman most of his life. He is survived by his wife, three sons, William and John at home, and Herbert of Vancouver, B. C.; one daughter, Mrs. Duncan Jewett, 108 Carmarthen street, in this city; three brothers, Elias, Eleazer and Fraser Bursey; also 16 grandchildren. The funeral will be held at Trinity Bay on Monday.

UNFAIR CIVIC COMPETITION RESPONSIBLE FOR INCREASED PRICE OF STREET CAR PASS

Yet We Shall Continue To Give The Public The Lowest Fare in Canada.

To our many thousands of Street Railway patrons we submit a simple question:

Supposing that an organized minority forced the City to enter your line of business (and it may come to that yet) and, backed by civic funds, tried to ruin you financially—WHAT WOULD YOU DO?

Yet, that is precisely what is being attempted in St. John today. The slogan "Kill the Power Company," is yet being worked overtime.

And This Is Called Business

Selling at less than cost, in order to take business from us, the Civic Power Commission, in its first year, lost more than \$70,000 (see Price Waterhouse report). What the total losses are today, the public does not know.

Presumably, the Civic Power Commission is not a body that makes financial reports. Applications for bond issues seem to cover its activities in that line.

To meet this unfair competition, this Company has been obliged to meet the Hydro rates. Hydro is losing money; and so are we.

What The Figures Show

In a fair, square competition—an open field and no favoritism—this Company would more than hold its own. Despite the fact that the dice are loaded against us, we have retained nearly ONE HALF OF THE ELECTRICAL BUSINESS IN ST. JOHN.

So, when it is said that the people demanded a Civic Distribution System, please bear this fact in mind.

We Have Done Our Best

We have made many offers to work in harmony with the City. We even offered to place this Company under the control of the City; to allow the City to fix our rates.

But all to no purpose. The organized minority have the whip hand over the majority of the citizens. The tail intends to keep on wagging the dog.

We Have No Choice

In plain words, the price of the weekly Street Railway Pass is being advanced from \$1.00 to \$1.25, on Monday, because unfair and unsound civic competition makes it necessary.

But, even at the new rate, the average fare will be the lowest in Canada.

Hydro at Less Than Cost is proving expensive in many ways.

Co-operating with the City, it will be possible for us to restore the pass to its former price of \$1.00.

Hydro versus "GAS"

Under the headline "Fooling the Public a Hydro Pastime," the N. B. Power Co. Ad. on Thursday set out to contradict the statement in current Hydro Ads. that "to operate a Hydro Range costs much less than Gas."

The Power Co. produced figures, theoretical figures—but your Hydro is happy to prove that those figures look pretty in print but mean nothing in practical fact. The only figures that count in St. John Homes are what show on their Gas or their Hydro cooking bills. What do they say? Housewives who have cooked on both have been telling you in these "ignorant or deceitful" Hydro Ads. Hydro Housewives, whose names stand beyond criticism of this or any other sort, have told what Hydro Ranges saved them.

A year's record of Hydro compared to Gas was made by the concern supplying both to these Ontario centres—Oshawa, Peterborough, Napanee and Coburg. The rates for electricity cooking are the same as Hydro—the Gas rates below half what you pay here. On the basis of these figures that took in every size and class of family, the Gas used in cooking (worked out at St. John rates) always cost more than Hydro cooking. It averaged a family of two 88c. extra per month to cook on gas. It averaged families of five \$4.90 per month to cook on gas as against \$3.65 cooking on Hydro. The bigger the family the bigger the saving on Hydro.

Hydro Ranges cook cheaper than Gas Ranges in use here because Hydro Ranges store the heat that Gas Ranges waste. The heat-tight Hydro ovens hold enough heat to cook for hours AFTER the current is turned off. The special Hydro pot covers hold the heat like a hot brick, they keep it right under the pot and cook long after the current is off. Gas Ranges here burn a wide open flame, a lot of whose heat is lost entirely. There again is the dollars and cents difference explained in favor of the cleaner, healthier and handier Hydro Ranges.

Which all goes to inform the Power Co. that it is one thing to talk incomplete theory and quite another to talk proven performance. Also that it doesn't pay to get in a "heat," that wastes "GAS."

\$15,000,000 CLAIMS MADE BY CREDITORS

Canadian Northern Montreal Land Company Forced Into Bankruptcy.

MONTREAL, Feb. 6.—Creditors' claims of nearly \$15,000,000 were laid on the table at the first meeting of creditors of the Canadian Northern Montreal Land Company, held in Practice Court today under the new bankruptcy law. The company was put into liquidation on petition of one of the creditors, James B. Taylor. A long list of creditors' claims contains the following: Lazare Brothers and Company, Ltd., London, England, \$8,552,139.88; Canadian Bank of Commerce, \$1,000,000; Mackenzie, Mann and Company, Ltd., \$2,126,830.29; balance due some fifty land vendors for land sold by them \$1,074,155.29; and Canadian Land and Investment Company, Ltd., \$860,348.94. As no statement of assets and liabilities is produced in such procedure, it was impossible to ascertain the company's holdings.

Deputation Asks Home Secretary to Modify the Immigration Law.

LONDON, Feb. 6.—A Jewish Board of Deputies, including Lord Rothschild, representing Jews throughout Great Britain, today urged Sir William Joynson Hicks, Home Secretary, to modify the present regulations regarding the admission of aliens. The deputation suggested an increase in the number of aliens admitted to Great Britain after the application of the naturalization law. The Home Secretary, who denied that he was anti-Semitic, replied that he could not increase immigration on account of the million unemployed in Great Britain. "Any country has the right to decide whether it will or will not have aliens. That is an inalienable right. The Americans have exercised it very freely in the last two years. The cord around America is now very strict, indeed," Sir William said.

Ends Stubborn Coughs in a Hurry

For real effectiveness, this old home-made remedy has no equal. Easily and cheaply prepared. You'll never know how quickly a bad cough can be conquered, until you try this famous old home-made remedy. Anyone who has coughed all day and all night, will say that the immediate relief given is almost like magic. It takes but a moment to prepare and really there is nothing better for coughs. Into a 16-oz. bottle, put 2 1/2 ounces of Pinex; then add plain granulated sugar to make 16 ounces. Or sugar syrup instead of sugar syrup. Either way, this mixture saves about two-thirds of the money usually spent for cough preparations, and gives you a more positive, effective remedy. It keeps perfectly, and tastes pleasant—children like it. You can feel this take hold instantly, soothing and healing the membranes in all the air passages. Pinex loosens a dry, tight cough, and soon you will notice the phlegm thin out, and the cough disappear. A day's use will usually break up an ordinary throat or chest cold, and it is also splendid for bronchitis, croup, hoarseness, and bronchial asthma. Pinex is a most valuable concentrated compound of genuine Norway pine extract, the most reliable remedy for throat and chest ailments. To avoid disappointment ask your druggist for 2 1/2 ounces of Pinex with directions and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. WANTS BRITAIN TO ADMIT MORE JEWS

Deputation Asks Home Secretary to Modify the Immigration Law.

LONDON, Feb. 6.—A Jewish Board of Deputies, including Lord Rothschild, representing Jews throughout Great Britain, today urged Sir William Joynson Hicks, Home Secretary, to modify the present regulations regarding the admission of aliens. The deputation suggested an increase in the number of aliens admitted to Great Britain after the application of the naturalization law. The Home Secretary, who denied that he was anti-Semitic, replied that he could not increase immigration on account of the million unemployed in Great Britain. "Any country has the right to decide whether it will or will not have aliens. That is an inalienable right. The Americans have exercised it very freely in the last two years. The cord around America is now very strict, indeed," Sir William said.

ST. JOHN, N. B., FEBRUARY 7, 1925

THE PREFERENCE AND THE PORTS

The Conservative resolution, of which notice has been given at Ottawa, and which is to demand an expression of opinion from the House of Commons while the Government's policy is under debate, contains a paragraph which must engage the attention of all Canadians who are interested not only in their ports but in an all-Canadian transportation policy.

The Meighen resolution declares that any preference given by Canada should depend upon a return preference of equal value; but it says, very definitely, that all preferences should apply only to goods entering Canada through its own ocean gateways, and of these it has a magnificent supply, fully capable, when supplied with proper facilities, of handling the export and import trade not only the Dominion to-day but of the immensely greater Canada that is to come.

From any or from all parties sound and courageous action will be welcome. The Meighen resolution refers, also, to the desirability of freight-rate reform, and proposes that the Government, wherever the necessity exists, shall subsidize the railways to an extent sufficient to enable them to serve the whole country, to carry its articles of export to Canadian harbors and to carry from those Canadian harbors, at reasonable rates, the goods we import.

Thus, with respect to transportation, and it may be hoped, with regard to an all-Canadian port policy as well, there is a marked similarity between the policies of the two other parties, and, judged by the reception accorded representatives of The Times-Star and Telegraph-Journal from the Quebec line West, this whole country is highly favorable to an all-Canadian transportation policy.

It may well be thought from the Speech from the Throne and from the Meighen resolution that the transportation ideas set forth in both well represent the sentiment in the House of Commons, and that a straightforward consideration of these issues by the House should produce action of vast benefit to the people of the Dominion.

Real statesmanship to-day would serve Canada greatly. It would transcend mere politics; and, incidentally, it would lift to new heights of appreciation and popularity the man or men who brought it into being.

OUR RURAL LIFE

In speaking in favor of a closer examination of immigrants, Dr. Hincks said he knew of one port where new arrivals passed the examiner at the rate of 240 per hour. "Medical men can't possibly examine people's propriety such a rate," he said.

They are displacing native farm labor. The meeting recommended that a trained social worker be employed to study the children's family history, and make a complete investigation of home conditions in the cases of those who apply for foster children. It was maintained that mentally defective and diseased children "are often brought into Canada, and the dangerous age is reached when they become independent of the homes. The speaker declined to name the agency which had brought out a number of girls who had gone bad." Here, again, more definite speaking might have brought about an official investigation, which, if the report stated facts, is obviously necessary; although it must be kept in mind that natives as well as immigrants do go wrong, and that a reasonable standard of morality is all that can be expected among either class.

Rev. Eric Lewis made the familiar but useful suggestion that the government establish farms with practical farmers in charge to train immigrant boys for one year. He said that many boys of a good class in the United Kingdom are anxious to come to Canada, and that if they could look forward to this training it would be a great thing for them and for Canadian agriculture. To this, Professor A. McLaren, of Ontario Agricultural College, replied that immigration is only a part of the whole problem, and that rural conditions in our country should be made more attractive, as new settlers could not be expected to stay on the farm if the native-born Canadians were leaving. He urged that this country must very closely consider the economic causes leading to loss of native population, and he submitted that the first thing necessary is to deal with the fundamental questions of making agricultural and country life satisfying to those whom we have already here—to our own people. Canon Vernon said that if the farmers of Ontario had devoted the energy they had expended on political organization to organizing co-operative farming they would have done much toward solving the agricultural problems.

The meeting developed not a few interesting features, but none so interesting as the general interest in, and the discussion of, the question of making general rural conditions and the business of the farmer sufficiently attractive and remunerative to spread contentment and to promote a reasonable ambition and confidence in rural Canada, and so maintain a constantly increasing agricultural population. Without that this country cannot reach the proper standard of contentment, prosperity and satisfaction with life.

THEIR WOLVES AND OURS.

See, now, how easy it is to pick up a living in Ontario, particularly North-west Ontario. Comes a wolf story from Cochrane. Two trappers, who had nothing more to do than trudge daily over a trap line thirty-five miles long, came upon twelve mighty timber wolves who were feeding upon a moose which they had cut out of a herd and pulled down. The two trappers shot six of the gorging murderers (why only six we don't know), and they will collect fifteen dollars per wolf, in addition to the price of the skins.

New Brunswick lost a whole lot of wolves fifty or sixty years ago, and very likely Ontario, which grabs off everything at the expense of the Maritime Provinces, may have kidnaped our wolf pack and turned it loose in the great northern stretches of its own territory.

We had some wolf hunters in pioneer days, but they are no more. But not all of our pioneers were wolf hunters. There are still living in New Brunswick old men who tell how they lay, shivering a bit, under the blankets, and listened to the hunting cry of the pack as it raced along the hills. Time has taken the edge off any feeling of uneasiness they suffered at that time, but one still gets the impression from listening to their tales that they felt that they had not lost any wolves, or at least were able to restrain themselves from springing out of bed and rushing out to get some.

Dead at 93 is one Edward Plummer, the last of the boys who were whacked at Dotheboys Hall. Page Nicholas Nickleby. Dickens was born 113 years ago to-day. The scythe of the Reaper cuts down old boy Plummer, but Dickens and Dickens and all the folk of Dickens' creation are immortal.

The action of Local No. 273 of the International Longshoremen's Association in donating \$100 to the Protestant Orphans' Home, and another \$100 to other institutions for the maintenance of Catholic children, shows a fine spirit of philanthropy and citizenship.

Odds and Ends

"You never know what you'll find among the odds and ends."—From "Notes by a Wayfarer."

Quite a Girl.

The girl who was teller of the Union Bank that was held up by robbers in Hamilton the other day is Miss A. M. Sovereign, and if you don't think she has the real metal indicated by her name—or that, in fact, she is all gold—you only have to read about her.

The Toronto Star invited her to speak out in meeting, and although she had just been threatened with having her brains blown out, and subsequently had been kicked in the ribs by the robbers, she rose to the occasion nicely.

The Star says: Miss A. M. Sovereign, the heroine of the hold-up, was interviewed by The Star in the city shortly after the occurrence. A strikingly handsome girl of the brunette type, despite her spindly carriage, she was obviously much shaken, but she was still suffering from the brutal kicks administered by the bandits in their efforts to bend her to their will, and the dreadful fifteen minutes in the stifling darkness of the locked vault.

"Mr. Warren had gone to his lunch," she told The Star. "I was at work in the teller's cage, and Mr. Heiden, the ledger-keeper, was at the counter outside. We had been quite busy, but things had slackened up, and there was no one in the bank. Then the doors opened and two men stepped quickly dressed, and one had the jaw-part of his face concealed with a handkerchief.

"The last man walked over to the cage, pointed a revolver at me, and with a stream of most fearful oaths commanded me to put up my hands. I did not obey him, but I could do nothing, as the revolver I have for my protection was in a drawer on the other side of the cage. The other man covered Mr. Heiden, who first did not realize what was happening, and laughed when ordered to 'put 'em up.'"

"Then the man covering Mr. Heiden leaped across the counter, thrusting his revolver in his ribs and threw him to the ground; afterwards he grabbed me, dragged me from the cage and threw me down beside Mr. Heiden, while the other man rifled the drawers, stuffing the cash in his pockets.

"Then both turned on us again, 'the man kicking me in the side, and at the revolver point they drove us both to the vault. There they ordered me, with another volley of oaths, to open the safe. I knew there was a large sum of money in it, and of course I could have opened it, but I managed to keep enough presence of mind to tell them that I could not, that the manager alone knew the combination.

"For a moment they fumbled with the knob, and then, realizing the task was hopeless, with more oaths flung me to the ground in the vault, and tearing down the electric light wires, slammed the doors and left us in the blackness.

"I shall never forget that awful fifteen minutes before Mr. Warren returned and freed us, the darkness and the atmosphere. It is as if I could lead. I could hear Mr. Warren's voice calling and, shouting him, saw the door swing open again.

"That is all I know about it," she concluded. "I do not feel very well and I think I will go home again."

To a Mountain Spring. (Richard Le Gallienne in "A Jongleur Strayed.") Strange little spring, by channels past our telling, Gentle, resistless, welling, welling, Through what blind ways we know not, when you darling come to dance and dimple— Strange little spring!

Nature hath no such innocence, And no more secret thing— So mysterious and so simple; Earth hath no such fairy daughter Of all her witchcraft shapes of water. When all the land with summer burns, And brazen noon rides hot and high, And tongues are parched and grasses dry, Still are you green and hushed with ferns, And cool as some old sanctuary; Still are you brimming o'er with dew And stars that dipped their feet in you.

So in old years I brimmed the spring on Helicon, Just a little spring like you— Ferns and moss and stars and dew— Nigh the sacred muses' dwelling, Dancing, dimpling, welling, welling.

Letters to The Editor

THE MARITIMES AND SELF-HELP. To The Editor of The Times-Star: Sir,—Your leading editorial in Thursday's Times touching upon remarks made by the president of the C. P. R., in an address made by him at a luncheon recently in Montreal, was entirely appropriate.

Mr. Beatty after conceding the great contributions made by the people of these Maritime Provinces towards Confederation, saw fit to advise and entreat upon them the necessity for more intensified efforts in attaining a more marked degree of progress than is being obtained.

Referring to our manifest lack of population he intimates apparently that we should devote a portion of such "intensified efforts" to securing increase of population.

Yet he must know well that all efforts to add to the population of Canada have been consistently, persistently,

and studiously directed towards favoring all parts of the Dominion, save only these Maritime Provinces. Therefore it has a somewhat ironical sound indeed to hear such admonition from the head of the C. P. R.—a corporation that every year deliberately induces our young farmers to go West on harvest excursions. Is it consistent, or fair, to ask us to put forth strenuous efforts to bring settlers into these provinces from abroad, while the company of which he is head causes a drain annually on our native sons to go West?

Let these provinces to make such attempts while the Federal Government and great railway (and other) corporations devote their energies to the peopling of the West? The writer has commented frequently on the fact to which your apt and timely editorial alludes, namely, the chain of magnificent hotels constructed and operated by the powerful C. P. R. Company, all the way across the continent from Quebec to Victoria, with out any attempt to provide anything of a similar nature (at all comparable with those splendid hotels) in these provinces.

Maritime Provinces were obliged to contribute (and did so cheerfully) to the construction of the C. P. R., and to enable it to get in position to achieve phenomenal success. Your plain editorial on the subject should produce some deep thinking. Thanking you for space, Yours, LOYALTY.

Hurlbut Co. Announces New Prices and Policies

THE Mothers of Canada demand good shoes—the best shoes—for their children, and the objective of The Hurlbut Co., Limited is to see that this demand is fully met and the high standard of values maintained.

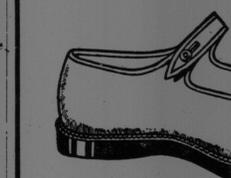

In order that Hurlbut shoes may be placed within the reach of more of these Mothers, the Hurlbut Company has made a radical change in its selling policy whereby these shoes are sold only direct from the factory to carefully selected retailers throughout Canada. There are no in-between profits. Prices have been reduced approximately 12 per cent (except on Pussy-Foots).

With this change, the Company also has extended its lines so that Hurlbut Shoes are now obtainable in each of the following ranges:

- FOR INFANTS - Hurlbut Pussy-Foots, sizes 2 to 5
FOR CHILDREN - Hurlbut Welts, sizes 5 to 7 1/2 and 8 to 10 1/2
FOR MISSES - Hurlbut Welts, sizes 11 to 2
FOR GROWING GIRLS - Hurlbut Welts, sizes 2 1/2 to 7
FOR YOUTHS - Hurlbut Welts, sizes 11 to 2
FOR BOYS - Hurlbut Welts, sizes 2 1/2 to 5 1/2

The retailers who have been authorized to sell Hurlbut Cushion Sole Shoes have been chosen on the general basis of high standing and reliability in the shoe trade of Canada, insuring courteous and helpful attention in the correct fitting of Hurlbut Shoes. Any of them will show you Hurlbut Authorized Price Card on request.

ROOM TO GROW FOR EVERY TOE

Hurlbut Shoes are made only by The Hurlbut Co. Limited, at Preston, Canada. They are the standard by which values in children's shoes are judged.

When Your Income Stops

THE wage-earner or the salaried man does not usually have a surplus to invest. He, himself, is his sole capital, his earnings, his only income.

Think! When you stop, your income stops. What is going to happen then? You are not one of a company in business. You hold no stock. You stand alone. Who will pay an income to your family when you cease doing so?

The Mutual Life of Canada will. The Mutual Life was organized for just such men as you. Mutuality lends the strength of each to the strength of all and the strength of all to meet the needs of each. Let our nearest agent tell you how to insure an income to your family should your own strength fail them.

Write to us today for "The Mutual Book". THE MUTUAL LIFE OF CANADA: Waterloo, Ontario. HUGH CANNELL, Provincial Manager, 124 Prince William Street, St. John, New Brunswick. 815

Large Gain In Building Work In St. John is Made Over 1923

Inspector Carleton's Report to Council Shows \$358,500 Value Increase.

The report of the building inspector, James Carleton, filed with the Commissioner of Safety, shows that during 1924 there were issued 36 permits for new work and 684 permits for repairs. The value of new buildings amounted to \$1,183,265. Last year's total was \$858,500.

Permits For 1924.

During the year says the report, permits were issued for the construction, additions and alterations of buildings within the city at an estimated cost of \$1,183,265.

Thirteen of these were of brick or concrete as follows:

Public School	\$84,000
Hotel, Admiral Beatty	665,000
Infirmary	98,000
Repairs to Court House	68,959
City heating service (Pettin-gill Wharf)	2,100
Garage	1,700
Warehouse	3,000
Laundry	3,500
Office of Supply Co.	2,500
Knox Church	11,000
Hydro Office	7,656
Remodel Dwelling	700
Addition	8,500
Total	\$852,415

Permits were issued for 23 framed buildings, dwellings and tenements at an approximate cost of \$180,850. Miscellaneous work showed:—Repairs, small additions, alterations, foundations: Repairs after fire, 18; alterations, 43; additions, 26; repairs, 430; garages, 33; sheds, 33; workshops, 2; woodhouses, 19; foundations, 36; barns, 9; shop, 1; outhouses, 7; ice-house, 1. Shingle roofs permits given upon order of Supreme Court to all dwellings built and occupied prior to the great fire of 1877, 26.

All in this category were old buildings with small alterations and additions, too small to make any change towards new construction.

The year has been satisfactory as to the amount of work done, through the erection of public buildings, Infirmary and Admiral Beatty Hotel. Mr. Carleton thanks all public officials who materially assisted this department.

Nice Programme Is Much Enjoyed

Under the auspices of the Girls' Mission Circle of the Coburg street Christian church a delightful concert programme was given in the church hall last night. The vocal soloists were Miss Marian Shea, Eugene Mott, Mrs. Knowlton, Miss Lou Barbour and J. E. B. Herd. Piano soloists were Miss Lillian Bromfield, Miss Edith Nutter, and Mr. Kinella. A piano duet was contributed by the Misses Irene and Alberta Browne and readings by Mrs.

E. B. Sprague, Miss Vera Roberts and Miss M. McKim. Harjo and mandolin selection was given by Messrs. Bond and Hopkins and a violin solo by Winford Dalzell.

With Miss R. Cousins as piano accompanist the Rock of Ages was given as a motion song and the hymn was sung in duet by Miss Cousins and Miss Greta Johnston while the following members of the Loyal Daughters class of the Coburg street church gave the motions:—Misses Hazel Currie, Alice Northrup, Florence Manford and Evelyn Arthur. The accompanists of the evening were Miss Lillian Bromfield, Miss Lawlor, Mr. Kinella, Miss Irene Browne and Miss Kientand.

COURSE IS ENDED

Home Nursing Class of C. W. L. Has Been Followed by 17.

The home nursing class held under the auspices of the St. John sub-division of the Catholic Women's League following the Red Cross course held its closing meeting yesterday afternoon and all of the 17 members made a splendid record. The closing meeting was held at the St. John Infirmary, where the course had been conducted with Mrs. John E. Owens, president of the league, and Miss S. Barrington, Dominion organizer of home nursing classes, were special guests and refreshments were served. During the course the members have been privileged to have three special lectures. Dr. W. E. Dr. J. R. Nugent's lecture on communicable diseases, and Dr. H. A. Paris's lecture on tuberculosis. The C. W. L. class was the first of the Red Cross home nursing classes to open in St. John and its members are most enthusiastic regarding the course.

Miss Barrington gave an interesting talk on home nursing and Miss Katherine Lawlor, vice president of the C. W. L. voiced the thanks of the members of the class to the Sisters for their many kindnesses and to Miss Barrington for her instructive address.

At the close of the exercises delicious refreshments were served in the dining room, which was trimmed for the class colors, blue and white. Mrs. Joseph Harrington poured and she was assisted by Miss Mary Doherty, Miss Downing and Miss Moxey.

Completed Course.

The following ladies completed the course of 12 weeks and will receive cards: Miss K. E. Lawlor, Mrs. P. Joseph Gleason, Mrs. L. W. Owens, Mrs. Edward Hogan, Mrs. Joseph Harrington, Mrs. W. E. McDonald, Mrs. John O'Brien, Mrs. T. J. Phillips, Mrs. McGouey, Mrs. Nealis, Mrs. D. J. Doherty, Mrs. Malone, Mrs. William Harrington, Mrs. Maud Clark, Miss Mary Kilron, Miss Agnes McCarthy and Mrs. T. W. Thompson.

WEDDINGS

Sewell-Grey.

Rev. Dr. Charles Freeman was the officiating clergyman for the marriage of Miss Pauline Bambarke Grey, of Fredericton, and Byron Arthur Sewell, of South Devon, at the Charlotte street parlour, West St. John, on Thursday morning, Feb. 5, 1925. Mr. and Mrs. Sewell will reside at South Devon on their return home, after a short trip.

DEATHS

Mrs. Ina Hubley.

Mrs. Ina Hubley, widow of Daniel Hubley, died at her home at Clements-vaie, N. S., on Monday morning, Jan. 29, aged 60 years. Mrs. Hubley was stricken with paralysis and her death, which came suddenly was a great shock to her family and many friends. She was buried in the family lot at Mill-ford near the resting place of her late husband. Mrs. Hubley left one daughter, Miss Frelove Hubley, and two stepdaughters, Mrs. Harry Lee, of St. John, and Mrs. Willie Potter, who lives near the old home. Miss Hubley has been residing in Moncton, where she was employed.

George H. Warren.

SUSSEX, Feb. 7.—George Herbert Warren, an aged and respected resident of Sussex, passed away at his home at 1 o'clock this morning. Mr. Warren was 69 years of age.

A. F. C. Worden.

Allan F. C. Worden passed away yesterday afternoon at his residence, 317 King street, West St. John, and his death is greatly regretted by a wide circle of friends. He was in the employ of the C. P. R. for more than 20 years and for the last eight years had been employed as a well driller by Kent and Kennedy. He is survived by his wife, four sons, George, Walter, Walter and David, and one little daughter, Vera, all at home, and also by one sister and one brother. The sister is Mrs. D. Lang, of Brooklyn, N. Y., and the brother is Isaac J. Worden, of West St. John. Much sympathy is extended to the bereaved. The funeral will take place on Sunday afternoon from his late residence and interment will be made in Cedar Hill cemetery.

Mrs. L. G. Mawhinney.

News of the death of Mrs. LeRoy G. Mawhinney, of Mace's Bay, in the St. John Infirmary yesterday, will be heard with regret by a wide circle of friends. Mrs. Mawhinney had been ill for only a short time at her home. She was brought to this city and was operated on. Complications followed the operation and she passed away yesterday. She is survived by her husband and two small children, her mother, Mrs. Martha Thorpe, of Mace's Bay; six sisters, Mrs. C. M. Brown, Mace's Bay; Mrs. H. W. Calhoun, St. Martins; Mrs. George Alger and Mrs. J. R. Snopley, Boston; Mrs. E. Winchester, Detroit; and Mrs. John Hannah, St. John; and one brother, H. F. Thorpe, Detroit.

Martin Lyons.

CHATHAM, Feb. 6.—The death of Martin Lyons occurred at the Hotel Dieu Hospital yesterday after an illness of six weeks. He was 75 years of age and was a resident of Millbank. He is survived by a wife and four children, living in the west, and two brothers, Alexander and Mich-

THE GIRL AT HOME

C. G. I. T. Girls' Council Has Meeting in Main Street Church.

"Home interests for girls and the responsibilities of girls in their homes" formed the subject of the group discussion at the meeting of the Girls' Council held last night in the Main street Baptist church. There were about 35 present at the meeting and Miss Hazel Fisher, president, was in the chair. The main street group of C. G. I. T. served a dainty supper. The discussion was followed by a number of interesting valentines, one being 60 years old.

Mrs. R. W. Wigmore, who has been patron and very good friend of the C. G. I. T., was the guest of honor and gave a short address to the council. The next meeting of the council will be held in the First Presbyterian church rooms in West St. John on March 6.

ASSIST MISSIONS.

The Women's Missionary Aid of the Ludlow street Baptist church at its meeting this week had a splendid offering for mission. Mrs. J. E. Rupert, president, was in the chair. Mrs. George Hivan gave a reading and the lesson from the study book.

Elevated Road Pays In a Queer Case

BOSTON, Feb. 7.—A queer case is reported in a civil session at the court-house. A man was suing the Elevated road. He said he was standing near a trolley pole improperly charged with electricity. A dog touched the pole, receiving a shock. He evidently figured the man kicked him when he wasn't looking for he attacked the plaintiff, seriously lacerating his trousers and legs. The Elevated will pay damages.

THE SILLY AUTOMOBILE.
 Nancy and Nick and the Fairy Queen came to a place in the road where the new little black automobile would have to pass.

Then they watched and waited. You never in the world would have guessed that it had been a fine race horse not fifteen minutes before.

But it had—and the Fairy Queen's wand had changed it. "This is what it was saying to itself: 'My, but this is nice! But I must not forget what I promised. I promised the Fairy Queen not to race.'

"There's a chicken!—oh goodness, I almost stepped on it—I mean ran over it!"

"There's some mud beside the road. It looks cool and soft. It feels so good on one's hoofs—I mean tires."

"I wonder if my master would mind if I ran over and got into it a little. I think I'll try."

And the first thing you know that silly automobile slid right off the road into a muddy ditch and stopped.

"Huh! Now I can't move. I wonder what's happened!" said the automobile. "And the mud doesn't feel so good after all. Goodness! I'm getting up in the world. My master is pumping something under me and I'm going up and up and up. Huh! I wonder what that's for!"

"Goodness! Chains! Are they going to halter me? Oh, putting them on my hoofs—tires, I mean! How queer! They never did that when I was a horse."

"There! I'm moving! I'm out of the

PUPILS ENTERTAINED.
 About sixty of the pupils of grades seven and eight in the Fairville Superior school had a skating and tobogganing party at Lily Lake last night and thoroughly enjoyed the outing. I. Newton Panjov, principal, and Miss Vivian Fowler of the teaching staff, were chaperones. When the party returned to the school room in Fairville they found a hearty supper waiting for them. The feast had been prepared by Miss Elizabeth MacLean, Miss Day followed and games, music and social enjoyment passed the time very pleasantly.

Awards In Contests Are Made At Big Rally of Local Y.W.C.A.

Large Number at Recreation Centre for Evening of Much Interest.

The opening of mite box collections for the residence furnace fund, the judging in the song competition, announcement of the award of the shield for the membership contest and the playing of two of the House League games of basketball all took place at the Y. W. C. A. recreation centre last night at a big rally of representatives of the members of all the gymnasium classes. The sum of \$875 was needed to pay off the debt on the new furnace competed for in the membership contest each year. Mrs. A. E. Logie presented the awards for the mite box contest.

Wins Prize.

Miss Audrey Magee of the Intermediate class had collected the largest sum and received a pass to the Imperial. The winners in the other classes were as follows: Babies' class, Ruth Gale; senior gymnasium class, Mrs. H. T. Campbell; senior school girls, Miss Elaine Cunningham; juniors, Miss Shirley Van DerVoort; senior dancing, Miss Leonora Belyea.

About 50 more of the boxes have still to come in and it is hoped that

the whole of the required sum will have been raised by the competition. The songs were remarkably clever and the task of the judges in choosing the best was not an easy one. The senior school girls were finally announced as the winners and their song will be adopted as the St. John Y. W. C. A. song.

Members Compete. The gymnasium membership competition between the classes had been conducted for some months and the final winners were announced as the baby's dancing class. Mrs. John A. McAvity made the presentation of the shield which Mrs. R. B. Travis had made and donated as the prize to be competed for in the membership contest each year. Mrs. A. E. Logie presented the awards for the mite box contest.

A large number of the members of the board of directors were present. Refreshments were served but the company was so large that the juniors had their lunch early and the older members had refreshments at the close of the evening.

TRIDUUM FOR WOMEN.

A triduum for the women of St. Peter's parish was begun last evening. Rev. Archibald MacDonald, C.S.R., of the rectory, was the preacher. The exercises of the retreat will conclude on Sunday.

Provincial Constable Crawford Makes Claim To Fortune

Tells Story of Wealth in Great Britain as Related by His Father.

A local claimant for the Crawford fortune has arisen in the person of Robert Crawford, provincial constable. The estate in Great Britain and Ireland, which in 1896 was valued at \$6,500,000 and is reputed now to be worth more than that, has been a subject of contention for years. A group of heirs in New Brunswick, former parts of Canada and the United States, headed by Byron T. Crawford, of Minto, N. B., is now taking steps to gain possession of the estate to which they believe they are entitled. The account of their plans was published this week in the Telegraph-Journal and when Provincial Constable Crawford read the account he recalled the story of the estate, told him by his father, William Crawford.

Located Will, He Says.

Constable Crawford says that his father, who was born in Ireland and baptized in the same church as the original owner of the lands, secured the money, remembered him, Constable Crawford says that his

father was in line for a share of the estate according to the terms of the will. An effort was made to get the money and a Deputy lawyer succeeded in locating the will and was making good progress with the case when he died suddenly.

Lack of funds prevented his father and the others from carrying on the legal battle entailed in getting possession of the estate and so they gave up the effort. That was about fifty years ago.

Third Generation. Constable Crawford says that the original owner was an officer during the Indian mutiny. The terms of the will provided that \$30,000 was to be left to a French woman who nursed him in his illness and the remainder was to go to the third generation of the Crawfords. Constable Crawford says that his father, therefore, entitled to a share of the estate.

Mr. Crawford, who has three brothers and one sister living in St. John, says he recalls quite a bit of information about the estate given him by his father and he is desirous of getting in touch with those concerned in the present effort to get possession of the estate.

RETURNS FROM CONVENTION IN U. S. CAPITAL

Rev. C. T. Clark Tells of Big Meetings in Washington.

FOREIGN MISSIONS WORK DISCUSSED

Prominent Men Are Speakers—Brotherhood Idea is Emphasized.

Just returned yesterday from the Foreign Missions Convention of the United States and Canada, which has been in session in Washington, D. C., Rev. C. T. Clark, of the Fairville Baptist church, spoke with much enthusiasm of the success of the convention and the great inspiration which it had afforded to the 4,000 delegates who had attended its meetings. The convention met in a new auditorium which had not yet been entirely completed and which has a capacity of more than 5,000. The huge auditorium was packed to capacity for every session, Mr. Clark said. The convention had opened on Jan. 28 and continued until Feb. 2 and was conceded to have been the largest of its kind since the Edinburgh convention in 1910 and nothing approaching it had been held on this continent since the council in New York in 1900. The delegates had represented no less than 85 different missionary boards and organizations.

From St. John.

Those from St. John who attended the convention were Rev. S. S. Poole, Mrs. W. E. MacIntyre, Mrs. N. C. Scott, Rev. H. R. Boyer and Mr. Clark and all were representatives of Baptist missionary organizations.

The address of welcome was given by President Coolidge, who delivered an admirable clear cut and statesmanlike speech. The sermon on Sunday morning was delivered by Rev. Canon Cody, of Toronto, whose theme was "The unsearchable riches of Christ."

Noted Speakers.

Amongst the most notable of the many distinguished speakers to address that large concourse of missionary workers were Rev. Robert E. Spear, D.D., secretary of the board of foreign missions of the Presbyterian church in the United States, who as a missionary author and statesman, has a world wide reputation; John R. Mott, general secretary of the National Council of the Y. M. C. A.; Samuel Zwemer, famous missionary and author from Cairo, Egypt, and Bishop Charles Brent, Protestant Episcopal bishop of the diocese of West New York, who was a member of the United States delegation at the international opium conference in Geneva. There were also natives from India and Japan, who spoke of the opinions of the native peoples regarding western civilization and Christianity. Mr. Clark said that these addresses by the native Christians gave the westerners something to think about as they presented as to occasion much surprise to the delegates.

Brotherhood.

Mentioning some of the matters which had been given special emphasis

during the convention, Mr. Clark spoke of the great stress laid on the brotherhood of all men as being ideally of one blood. It was held that racial differences should not be permitted to make a mark of inferiority and that the ideals of brotherhood should prevail internationally. Emphasis was also laid on the heathen world's great need for help in matters of education, medicine and social endeavor. It was confidently believed that the Gospel of

Christ was sufficient to meet all the needs of the whole world.

League of Nations.

Strong appeals were made for the United States to take her part in the League of Nations and it was the general opinion that the United States had no excuse whatever for holding aloof from the problems of the world. All of the workers told of most encouraging advances made in the various mission fields and declared that

the world was open today as never before for missionary enterprise.

Mr. Clark will occupy his own pulpit in the Fairville Baptist church at both services on Sunday and will speak of some of his impressions of the convention. Dr. Poole remained over in Boston for a short time and will not return to St. John until some time next week. Mrs. MacIntyre will probably be away for two months visiting in the United States.

Alberta Behind Maritimes To Limit For Canada's Good

PREMIER BACKS CONTENTIONS OF EASTERN ENVOY

Edmonton Paper Suggests Dominion Share Transportation Costs.

ALL EAGER TO KNOW HOW THEY CAN HELP

Trade Representative Asked to Have Maritime's Case Presented in Detail.

By A. M. BELDING

Special Representative of the Telegram-Journal and Times-Star now touring Western Canada in the interest of the Maritime Provinces.

EDMONTON, Alta., Feb. 6.—It remained for Edmonton to give me the most cordial reception I have met with on this tour.

I had hardly arrived and breakfasted at the Macdonald, when President Mothersill, Vice-President Imrie and Secretary Blue, of the Board of Trade, Howard Stinchbury, trade commissioner for Alberta, and Charles Pratt, fuel engineer, Alberta, came to my room. They were quickly followed by R. V. Bellamy, president of the Canadian Club.

Their question was in effect that which President Beatty of the C. P. R. asked me three weeks ago in Montreal: "What do you want us to do for you?"

meaning of course the Maritime Provinces. They plied me with questions and showed the keenest interest in our problems and placed themselves at my disposal during my stay here.

An Attentive Hearing.

The banquet hall of the Macdonald was filled at the noon luncheon and among those at the head table, besides the presidents of the two organizations, were Senator Griesbach, Hon. Mr. Reed, Provincial Treasurer, Dr. Tory, president of Alberta University, and Dr. Wright, vice-president of the Canadian Club.

I was given a most attentive hearing for more than half an hour, and President Mothersill, in extending thanks, dwelt upon the value of such a tour. I had remarked that I had been taking a traveling course in the grain trade, and came through with views differing from those with which I started, and he said there could be no doubt that, if western men would tour the East in a mood of inquiry, they would more clearly understand claims and representations which perhaps would not otherwise enlist their interest and support.

To Consider Resolutions.

After the meeting quite a number of Maritime Province people greeted me. The executive of the board and the club will each consider resolutions expressing appreciation of my visit and sympathy with the Maritime Provinces.

In conversation, Mr. Mothersill and Mr. Imrie urged that the business men of our provinces get together and make a clear-cut and definite statement of what they believe the Dominion, as a whole, could do to advance their prosperity. They said the points I set forth were valuable but felt that they should be put in more definite and concrete form.

"We see what you want," they said, "but exactly how is it to be done? Give us a programme, clear-cut and in the national interest, and we will back you to the limit."

I put the suggestion on to our Boards of Trade. The West is beyond doubt sympathetic.

Endorses Arguments.

John M. Imrie, managing director of the Edmonton Journal, in reply to a request for his views, said to me this afternoon: "I am right with you on the principle that Canadian external trade by water should be routed to the fullest possible extent via Canadian ports. That is essential to a balanced development of Canada."

"Your argument that Imperial preference should be conditional on the use of Canadian ports is sound and has been supported already by the Edmonton Journal."

"This newspaper has advocated also that, in order to develop inter-provincial and export trade via Canadian ports and promote national unity, the Dominion as a whole should absorb for a time a portion of the transportation costs over the great natural barriers which unfortunately divide this country into four sections."

Backs Plea of East

HON. HERBERT GREENFIELD, Premier of Alberta.

SAYS IT WOULD AID MARITIME PORTS

Meighen Comments on Proposal to Limit Application of British Preference.

OTTAWA, Feb. 6.—"Limiting the application of the British preference to goods entered through Canadian ports should go a long way towards stimulating trade through Maritime channels," said Rt. Hon. Arthur Meighen, leader of the Opposition in regard to one paragraph in the resolution which he made public on Wednesday, and which has been placed on the order paper of the House of Commons.

Will Come Up in Debate.

Beyond that Mr. Meighen did not care to make comment, adding that the people of the Maritime Provinces would be in a much better position to estimate the advantage of such a provision.

The subject will be more carefully dealt with in the debate on the Speech from the Throne and also in the debate which will ensue when the Meighen resolution is reached. In this latter discussion it is expected that the Maritime members of both parties will take an active part.

The paragraph referred to above, was as follows: "That while every effort should be directed toward the establishment of a system of preference for preference within the Empire no preference should be given at the expense of the Canadian workers and all preferences should be conditional on the use of Canadian ports."

est, and we will back you to the limit."

I put the suggestion on to our Boards of Trade. The West is beyond doubt sympathetic.

Local M. P. Says Government Should End Traffic Diversion

Canadian Press Despatch.

OTTAWA, Feb. 6.—"All necessary steps to ensure that traffic originating upon the lines of the Canadian National Railway be not diverted to foreign ports but should, as far as possible, pass through Canadian channels and through Canadian ports, should be taken by the Federal Government," to the opinion of Dr. Murray MacLaren, C. M. G., M. P., (Conservative, St. John-Albert), and he has given notice of a resolution to this effect.

Dr. MacLaren cites the agreement with the Grand Trunk Pacific and the Canadian Northern Ontario Railways to show that grants of money were made for the specified purpose of building up Canadian ports, and that this was one of the express purposes for which the present National system was taken over by the Government.

Dr. MacLaren also asks the Ministry what amount of freight originating in Canada passed over the Canadian National Railway in 1923 and 1924 to Portland, Me., for export.

Dr. MacLaren further asks what ships of the Canadian Government Merchant Marine were employed in carrying freight from New London, Conn., overseas in 1924.

REGINA, Feb. 2.—(By Mail)—It is interesting to note the relative quantity of Canadian and American grain shipped through Canadian ports. In the calendar year 1924 the shipments of Canadian grain through Montreal was 66,000,000 bushels, and of American grain 86,000,000 bushels.

On Jan. 16 of the present year the grain in store at the Canadian Pacific elevators, St. John, was:

Table with columns for American and Canadian bushels, and Montreal Statistics for 1922.

During the open Lakes season millions of bushels of Canadian grain go to Buffalo and then to Montreal; but many more millions find their way from Buffalo to American ports.

The peculiarities of the grain business make a sort of Chinese puzzle for the uninitiated. They say at Fort William the American steamers on the Lakes have a great advantage over the Canadian.

The quantity of grain shipped over the Canadian National Railway to Portland from January to May, 1923, was 13,832,483 bushels and to St. John 3,143,205 bushels. For the like period in 1924 the Portland figures were 6,234,850 bushels, and St. John 2,964,620.

Storage Capacity.

A statement of storage capacity at Lake ports shows:

Table showing storage capacity at various ports like Fort William, Duluth-Superior, Milwaukee, etc.

As an illustration of the magnitude of the grain traffic, more than 600,000 bushels were exported from this continent in the year 1922. The exports from St. John that year were around 19,000,000 bushels.

FEW PAY HONOR TO LATE PRESIDENT

First Anniversary of His Death Passes Almost Unnoticed at Capital.

WASHINGTON, Feb. 7.—The first anniversary of the death of Woodrow Wilson was marked by no memorial services in Washington. There was a slight increase in the number of visitors, which daily averages several hundred, at his tomb in the crypt at the Cathedral of St. Peter and St. Paul on Mount St. Albans, overlooking the city. A number of floral tributes were sent to the tomb, including one from Mrs. Wilson, who did not go there being absent from Washington.

During the regular daily service at the cathedral appropriate prayers were offered. The Rev. Henry Nubeck, D. D. officiated at these services.

Views It As Remedy.

"We in Alberta are convinced that action of this kind by the Federal Government would open competition from the United States in bituminous coal and would help very materially in the development of a wider market both for Nova Scotia and Alberta for their coals."

Barber Is Caught Rifling Poor Box

TORONTO, Feb. 7.—Joe Costello, a hoodlum, was caught as he was rifling for coins in a poor box in front of St. Michael's Cathedral, using a long piece of whalebone and a lump of crude gum as tackle. In his possession was found a marked coin that had been placed in the box several days ago.

NEW METHOD FOR LAW ENFORCEMENT

Jail Sentence Would Mean Only Sundays Behind The Bars.

WASHINGTON, Feb. 7.—Alexander P. Moore, U. S. ambassador to Spain, is in this country to attend President Coolidge's inauguration. His friends always hail his appearance with delight, for he never fails to have a supply of new stories. He came to the White House to pay his respects to the President at a time there was more than the usual agitation regarding prohibition enforcement and suggested to members of the White House staff a new way to make the law effective.

"We'd ought to do it the way they do in Spain," he said. "There a man who beats his wife or gets too drunk gets five or six days in jail. But instead of forcing him to get up his work and thereby punishing his family, too, he is sentenced to five or six Sundays in jail."

"So he has to go on working as usual and is confined only on Sundays when otherwise he could go to the bull fight or enjoy himself. I've no doubt such a system would prove helpful in this country."

STEALS 500 CHECKS FROM POST OFFICE

Swindler Presents Letter and Dividend Payments Are Handed Over.

PITTSBURGH, Feb. 7.—A swindler who represented himself as an agent of the company, duped Pittsburgh post office clerks last Friday into turning over to him a pouch containing dividend checks of the Westinghouse Air Brake Company. The number of checks stolen "will not exceed five hundred," S. C. McConaher, treasurer of the company, declared in a statement. The number, the statement added, affects "only a small proportion of our stockholders."

Present Letter.

The swindler led the post office clerks into believing that he was an agent for the company sent to the post office for the return of the envelopes containing the dividend checks. He presented a letter, written on the stationery of the Westinghouse company and bearing the forged signature of the treasurer. The letter declared that a mistake had been made and asked the post office to return the envelopes.

PUT TOWN ON MAP

Origin of Spook Radio Concerts Baffles Residents For Long Time.

HILL, N. B., Feb. 7.—(United Press).—A radio incident that was inevitable, and which ended in an inevitable manner, has put Hill on the radio map.

It began as a surefire ghost yarn, when first one and then scores of Hillians flocked at night to a point outside the town to listen to a spook-rackling "concert" whose source defied detection. For more than a week Hill buzzed with talk of "spooks."

But eventually an errant Hillian strayed into the hills behind Hill and discovered the cause of it all. Pete Carlson, living in a modest shack and a woodchopper by trade, owned a powerful radio receiver, to which was attached a loud speaker.

Pete's outfit, it appears, was so infernally powerful that he had difficulty in tuning it down. So Pete did the inevitable. He stuck it out the window, where its crackling carried over a valley to a slope of hills which came together in a V—a natural sounding board.

From there the lusty concerts were deflected by the laws of acoustics back into Hill.

So Many Fish That Men Are in Danger

LONDON, Feb. 7.—Such has been the glut sprang on the Kent coast in the neighborhood of Deal that fishermen engaged in catching them have been in peril of losing not only their boats and nets, but their lives as well. "The sea was alive with fish," declared one fisherman, who brought ashore nearly half a million fish in two trips.

ANNA CASE 'BLEW UP' AT BAL MASQUE

Light Bulbs in "Lamp Shade" Costume Burst at Embassy Function.

WASHINGTON, Feb. 7.—All Washington is having a good-natured laugh at the expense of Anna Case, opera star, whose costume exploded in the new Italian embassy on Sixteenth street.

The explosion occurred when a bal masque given by Prince Caetani, retiring ambassador of Italy, was at its height. Miss Case, who was disguised as a lamp shade, ran from the room. Later, with newly adjusted mask and a smile at her misfortune, she returned to the dance.

CROSS-WORDS GOOD

Chicago Professor Uses Them in His Political Economy Classes.

CHICAGO, Feb. 7.—Holding that cross-word puzzles will solve problems of political science, Prof. Leonard Smith has installed the fad as part of his politics curriculum at Northwestern University.

Fifty-two politics students have to turn in ten political science cross-words puzzles every week. Quarterly examinations will consist of cross-word puzzles.

Many words in every day use are not distinctly understood by the majority of college students, Prof. Smith declared, adding: "Most of these students often use words they do not fully understand."

Cross-word puzzles bring a deeper knowledge of language, according to Prof. Smith, who speaks of the results of his puzzle innovation as follows: "The result has been surprising in the excellence of puzzles submitted. I shall now know we will be able to discuss politics more intelligently hereafter because of the puzzles."

PACIFIC TOOK BRIDE

Waltham Man is Given Divorce Decree on Grounds of Desertion.

BOSTON, Feb. 7.—That the sun-kissed slopes of California made an immediate hit with his wife, Nina, and that he made a mistake in taking her to that part of the country, was the substance of testimony in Middlesex Probate Court, East Cambridge, by James D. Small, of Waltham. He obtained a decree nisi.

Following their marriage in 1911, Small said, they resided in Waltham and New Hampshire for a year or so whereupon they visited California. Although he returned to Waltham and set up a comfortable home for his wife, the witness said, he could never induce her to return East.

Although she had property in this section, held jointly with her husband, it developed she was so enamored of the Pacific coast she wrote her attorney to forward her the deeds to sign, saying she would never return.

SPECULATION IS RIFE OVER SHIP SUBSIDY

Rumor Says Government Will Spend \$1,000,000 to Cut Ocean Rates.

IS PART OF WAR ON ATLANTIC COMBINE

Details May Come Out if Preston Tariff Report Tabled Monday.

OTTAWA, Feb. 6.—Speculation is rife as to the extent to which the Dominion Government will subsidize British freight steamers plying between Canada and British ports to carry Canada's products overseas at cheaper ocean rates.

Rumors today place at more than a million dollars the amount which will be included in the estimates this year for this purpose, carrying out the Government's avowed intention of getting control of the regulation of ocean rates. Legislation to this end also will be brought down.

Probably Tabled Monday.

Pending the publication of the W. T. R. Preston report on ocean rates and shipping it is difficult to get official information as to the Government's intentions. Hon. T. A. Low has declined to discuss the matter, while admitting that negotiations are under way with a British line of ships, controlled by Sir William Peterson, to introduce the competitive element into the North Atlantic shipping trade.

The Preston report will be tabled in the House of Commons on Monday.

Situation in Britain.

LONDON, Feb. 6.—Shipping circles here are not disposed to offer an open comment on the proposal of the Canadian Government to subsidize the Petersen Line. There is every reason to believe, however, that the action of the Canadian Government will result in the Atlantic combine using all its influence and powers to institute countervailing measures.

The question of the governmental supervision or control of ocean freight rates may come early into the arena of imperial politics.

WOMEN IN BUSINESS

CHICAGO, Feb. 7.—Marriage is no longer a bar against the woman in business, declared Miss Mary L. Downes, high chief ranger of the Women's Catholic Order of Foresters in an address here. Business men nowadays want women for the "white collar jobs," and they are glad to get them even though they are glad to get gold or platinum band, she maintained.

Canada's Chief Justice Receives Honor From Imperial Government.

LONDON, Feb. 6.—The London Gazette announces that Chief Justice Anglin of Canada has been appointed a Privy Councillor.

Hon. Francis Alexander Anglin, K. C., Chief Justice of Canada, was born in St. John in April, 1865, a son of the late Hon. T. W. Anglin, at one time Speaker of the House of Commons. He was educated in Ottawa and called to the bar in Toronto in 1888. In 1902 he was named justice of the High Court of Ontario and in 1909 he was called to the bench of the Supreme Court of Canada. He was appointed Chief Justice of Canada in September, 1924, in succession to the late Sir Louis H. Davies. The appointment to the Privy Council carries the title of Right Honorable.

HER NERVES SO BAD SHE COULD NOT SLEEP

Mrs. Grace Kitchen, St. George, Ont., writes:—"After having a severe attack of pneumonia I was left in a weak and run down condition. My nerves were so bad I could not sleep nights, and in the day time I had terrible fainting spells, caused by my heart being weak. Finally I got so bad I had to take to my bed for weeks at a time, but one day I read about

LESSON IN FILM

"Broken Laws," by Mrs. Wallace Reid, Given Private Showing in City.

A powerful moral lesson is contained in "Broken Laws," Mrs. Wallace Reid's latest motion picture that was given a private showing yesterday afternoon in the Film Booking Office rooms, Mill street, with a representative body of citizens present. The central character is played by Mrs. Reid, who portrays the part of an over-fond and indulgent mother, who in "sparing the rod and spoiling the child" learns that the seeds of disobedience and lack of respect for authority sown in children reap sometimes a terrible harvest in their later years. The climax of the picture comes when the mother hears her favored son pronounced guilty of manslaughter in the courtroom after he had run down and killed an innocent old woman with the motor car she had purchased for him on his birthday. Mrs. Reid's acting is superb and she is ably supported by an all-star cast, including Percy Marmont, Virginia Lee Corbin, Jacqueline Saunders, and others. The settings of the picture are unusually good, the lighting effects being above the average.

MISSION REPORTS

Annual Meeting of St. Andrew's Church Society is Held in Church Hall.

The annual meeting of the Missionary Society of St. Andrew's church was held on Thursday evening in the church hall with Miss E. B. Homer, the president, in the chair. The C. G. I. T. branch connected with the church conducted the devotional service under the supervision of Miss Alice Murdoch. Letters from Dr. James McVicar, a former minister, who is now a missionary in Honan, China, were read by Miss Murdoch and Miss Magee. Miss Cora Sinclair, Presbyterian deaconess in the city, gave a graphic report of her work among the poor in St. John. Rev. G. D. McLeod, missionary to Minto, gave a very interesting account of his work among the foreigners there. Over 160 children attend Mr. McLeod's Sunday school and what was most needed, he said, was school accommodation. An appreciative vote of thanks was tendered the speakers and the members of the C. G. I. T. Rev. J. S. Bonnell closed the meeting with a brief inspirational address.

Has Depended on Dr. Chase's Medicines for 25 Years. This letter from Mrs. Thompson gives you some idea of why so many thousands of people depend on Dr. Chase in the hour of sickness.

Dr. Chase's Syrup of Linseed and Turpentine has a permanent place in the great majority of Canadian homes because it is the most certain relief from Croup, Bronchitis, Whooping Cough and Asthma.

Mrs. Alex. Thompson, Whitla, Alta., writes:—"When my first baby was born, I think she would have died from croup before we could reach a doctor, if it had not been for a neighbor who had a bottle of Dr. Chase's Linseed and Turpentine in the house. This relieved her almost immediately. That was 21 years ago, and Dr. Chase's Medicines have been friends of ours ever since."

The 5 big features of Canadian Wirebounds

You know the five most essential features of a packing-box—strength—conservation of space—lightness—pilfer-proof—and ease of opening. Canadian Wirebounds fulfill all of these requirements more efficiently than any other case.

Canadian Wirebounds are stronger. They are made of tough, thin, rotary-cut hardwood lumber, bound together with steel wires, spaced properly and anchored to the wood by steel staples. Canadian Wirebounds offer maximum resistance to every shock and strain.

They are pilfer-proof and cannot be opened without detection.

They cut your storage space 85%. You can store seven Canadian Wirebounds where you would store one ordinary box.

Canadian Wirebounds weigh 25 to 50% less than nailed cases of equal capacity, thus saving freight and express.

Canadian Wirebounds appeal to the retailer. They are easier to open and unpack. He simply cuts the wires with pliers at the twists, and raises the lid like a trunk. Goods arrive in good condition with full count. Canadian Wirebounds are easy to re-use. Our folder No. 6 tells how. Our service man is at your call.

Let us Improve Your Shipping

We will design a Canadian Wire-bound Box suitable for your product and you can test it yourself under actual transport conditions. You will not need to buy it. Write now and our representative will call. The pleasure is all ours to serve you.

The Wisest Doctor

Can't Explain Why Most People So Carelessly Neglect Their Eyes. What Eye Specialists Have To Say About This.

People who would consider themselves guilty if they neglected to care for their teeth, usually never even realize that they ought to take care of their eyes. You can get new teeth, or have injured or decayed teeth made as good as new. But not so with your eyes. Once injured, your sight remains impaired. You do not see with your eyes; you see with your brain. Your eyes are mechanical arrangements and, like all such, need constant attention. Exposure to dust, dirt, chemical fumes present in the atmosphere, disease, floating in the air, rough winds, glare of artificial light, all tend to irritate the eyes, causing them to itch, burn, smart, water, pucker, blur; the lids become inflamed and headache or dull or sharp pain results. These danger signals are not only annoying, but they warn you that, if neglected, such external irritation will in time seriously affect the internal mechanism which is necessary to enable your brain to see.

Head such danger signals. Consult your own comfort. Get a package of Bon-Opto, a harmless, helpful, soothing, cooling, cleansing medicine for the eyes. Its composition is not secret. It contains agents which the best eye specialists, as well as wise everyday doctors, prescribe for their patients. Bon-Opto is known by many doctors and endorsed and praised by many experienced and well-known medical men.

Bon-Opto relieves inflammation, soothes smarting or burning, stops "watering" of the eyes, clears the vision, overcomes stinging, and, by removing irritation, helps to strengthen the eye sight. Get a bottle of Bon-Opto tablets at any drug store. Dissolve one tablet in one-fourth a glass of water. Use the eye-cup enclosed in the Bon-Opto pack-

age and bathe the eyes as directed, two to four times daily. You will notice a difference in your eye-comfort at once. You will see better, be able to use your eyes longer and without discomfort. Soon you will come to rely upon Bon-Opto as you do upon your tooth brush, as something necessary to keep you bright and to protect you against future discomfort or serious trouble with your eyes.

Bon-Opto means good eyes, healthy eyes, strong sight. Get the Bon-Opto habit. It helps to make for eye health as well as eye-comfort. Bon-Opto is sold in this city by all good druggists.

Bishop Warns That Paganism Is Now Marching Westward

Chelmsford Anglican Prelate, at Islington Conference, Says Conditions Bad.

LONDON, England, Feb. 6.—(United Press)—"Paganism is marching west!" This is the warning cry to England and America by the Bishop of Chelmsford, one of the most noted of British divines, as he opened the 98th annual Islington Clerical Conference at Westminster.

"The pagan Gods of Britain are fighting us, with the odds in their favor," said the Bishop. "We are on the edge of a precipice."

"The war," he continued, "has changed the whole situation in this country. There has settled on the community a profound distrust with things as they are and a restless, inchoate longing to set them right."

"The great mass of the people of this land have either considered and found no use for religion, or they have accepted it at the hands of others the notion that it is useless."

"From what they have seen of the churches they are disposed to think that the help they need is to be found there. The reason for this lies partly in the failure and incapacity of the church and partly in the materialistic methods in the life of the world."

"Money is scarce. Unemployment seems to have become permanent. Marriage is a problem—or is postponed. The struggle for existence is fiercer than ever, and the result is immorality, immersion in pleasure and callous materialism."

"The pagan gods are fighting for their own again, and they seem to be fighting with the odds in their favor."

SUMMERSIDE HAS JUVENILE COURT

Proclamation Authorizes New Departure For P. E. I. Town.

SUMMERSIDE, P. E. I., Feb. 6.—The last issue of the Canada Gazette contains a proclamation bringing into force the Juvenile Delinquents Act in the Town of Summerside, P. E. I. The act provides for a system similar to that in force in Great Britain, Australia, the United States and Sweden and is based on the following principles: (1) That the probation is the only effective method of dealing with youthful offenders; (2) That children are children even when they break the law and should be treated as such and not as adult criminals.

NOT 'EX-CONVICTS' BUT JUST 'OUTLAWS'

League Issues Correction in Translation of British Note.

GENEVA, Feb. 6.—The League of Nations issued a correction today in connection with the controversy between Great Britain and Turkey over Mosul. It was explained by the League Secretariat that Britain called the Turkish experts attached to the Mosul commission of inquiry "notorious outlaw inhabitants" and not "ex-convicts" as was announced on Tuesday. An incorrect translation of the British communication was held responsible for the mistake.

Threatened Gasoline Investigation Causes Reaction in Oil List.

CONSOLID. SMELTERS ACTIVE IN MONTREAL

Montreal Power and Detroit United Railways Both Register Declines.

NEW YORK, N. Y., Feb. 7.—The upward movement of stock prices was resumed at the opening of today's market. American Smelting advanced one point to 103, the highest price since 1917, and Dupont and Chicago Great Western sold at 148½ and 15 respectively, the highest prices in several years. United Drug also opened a point

higher. Some of the oils were slightly reactionary in reflection of the threatened investigation of gasoline prices.

Smelters Prominent

MONTREAL, Feb. 7.—Consolidated Smelters was easily the most active stock during the early trading on the local stock market this morning, nearly 1,000 shares changing hands in the first 15 minutes. The price rose a point to 68. Montreal Power was off ½ at 168½, as was also Detroit United Railways at 26. Other leaders were quiet.

A MARTYR TO CONSTIPATION

"Fruit-a-tives" brought early relief

MRS. C. W. THOMPSON

"I first heard of 'Fruit-a-tives' through a friend of mine living in St. Johnsbury, and as I was troubled with very high Blood Pressure and Constipation, I decided to try the fruit treatment. The result is that I am feeling very much better, and I am glad to recommend 'Fruit-a-tives' to anyone". Mrs. C. W. Thompson, Lyndonville, Vermont.

All your physical and mental energy is drawn from your blood stream. If the bowels and kidneys do not function properly, poison enters the blood-stream, and the heart, brain and nerves are all affected. "Fruit-a-tives" cleans the system of all waste matter, purify the blood and tone up the whole system. They are made from the intensified juices of luscious healthful fruits combined with tonics. Sold everywhere 25c & 50c.

The Annual General Meeting of Shareholders was held at the Head Office in Toronto, on Thursday, January 29th, 1925, at which the Directors' Report and Statement of the Corporation's Assets and Liabilities as at December 31st, 1924, were presented.

The large number of Shareholders present were addressed by Mr. W. G. Gooderham, President, Mr. E. R. C. Clarkson, Vice-President, and Mr. George H. Smith, General Manager. The extremely satisfactory progress made by the Corporation during the year was commented upon and business conditions in Canada were briefly reviewed. In the course of his remarks the President illustrated the growth of the Corporation during the last twenty years by giving the following figures:—

	1904	1914	1924
Deposits	\$ 2,734,577	\$ 5,250,765	\$ 7,334,483
Debentures payable in Great Britain	8,943,444	13,051,420	14,226,257

Total Assets	24,122,957	32,496,750	45,414,653

The exceptionally strong liquid position of the Corporation was also referred to.

Attention was called by the General Manager to the year of expansion enjoyed by the Corporation's associate institution, The Canada Permanent Trust Company, and to the unusual advantages this Company offers to those requiring the services of a Trust Company by reason of its close connection with the Canada Permanent Mortgage Corporation and its organization extending to nearly every part of Canada. The combined Assets of the two institutions now exceed the large sum of Fifty-five Million Dollars.

A First Mortgage on this Property, Yielding 6.65%

The 6½% First Mortgage Bonds of Montreal Apartments, Limited, are a well secured and attractive fixed-interest investment.

The property on which the bonds are a closed first mortgage is located on Sherbrooke Street, Montreal in the heart of the best central west-end residential section of the city, and diagonally opposite the Ritz-Carlton Hotel. Its completed value is computed at \$3,250,000, as against \$1,875,000 of First Mortgage Bonds.

"The Chateau" Apartments, now in course of construction, will be one of the handsomest and most modern apartment buildings on this continent. There is keen demand in Montreal for apartments of the size and quality that it will contain.

A very conservative estimate, based on records of other Montreal apartment buildings, places the annual net earnings at more than double the Bond interest requirements.

A sinking fund will increase the bondholders' security with each succeeding year.

The borrower has a very substantial cash investment in the property and has a record of success in the operation of large apartment buildings.

We offer these bonds in convenient denominations of \$1,000, \$500 and \$100 at —

98½ and accrued interest to yield 6.65%.

TWO INTERNATIONAL SKATING TITLES WON BY ST. JOHN BOYS

WILLIE AND FRANCIS LOGAN
WIN HONORS AT SARANAC LAKE

Capture Championship In 18 and 12 Year Old Classes—Charlie Gorman Wins 440 Yards—International Title Won By Allen

SARANAC LAKE, N. Y., Feb. 7.—The throne of the International Amateur outdoor speed skating King yesterday was moved from St. John, N. B., to Chicago, Ill., when Francis Allen, of Chicago, wrested from Charles Gorman of St. John, the International crown won here last winter. Three second places yesterday, added to two victories on previous days, were sufficient to give Allen 100 points and the title. Gorman did his best to retain his crown and showed old time form in winning his specialty, the 440 yards, but he lacked the foundation of points upon which to build, and Allen, skating two masterly races, took the diadem for his own. Valentine Blais, of Lake Placid, annexed second place with 80 points, and Joe Moore, of New York, by dint of winning the five mile event, came into third position with 60.

Gorman Wins 440

Gorman won the 440-yard dash yesterday in 40 2-5 seconds, showing speed after he had fallen, and leading the pack around the course, once he found his stride. Allen was second, and Leslie Boyd of New York was third. Moore's victory in the five-mile event was hard earned, although only six of the dozen who started to race came over the finish line. Eddie Meyer of New York won the lap prize, but was nosed out of third place by Blais. Allen trailed Moore to second place. Allen was a consistent winner throughout the meet. On the opening day he won the half-mile event, and on the second day the three-quarter-mile race. He contented himself yesterday with two places, although he tried hard to take the 440 from Gorman.

Lake Placid Meet

The centre of interest in the speed skating world now shifts to Lake Placid, where on February 12, 13 and 14 the American Diamond Lake Placid and American Union Trophies will be contested. By winning 30 points or more in the Internationals, Allen, Blais, Moore, Gorman, Boyd and Richard Donovan of Saranac Lake are eligible to compete in the Diamond Trophy events, where Gorman again will defend his crown.

Junior Competition

Winners in the junior competition were not announced yesterday, and it was said it would be several days before the judges would complete checking. Winners of the junior events yesterday were: One mile, boys of 18 and under, Willie Logan, St. John, N. B.; three-quarters mile, boys of 16 and under, Edward Jacobson, Chicago; 440-yard, boys of 10 and under, Bobby Musson, Saranac Lake; 220-yard, boys of 12 and under, Francis Gorman, St. John, N. B.; and 220-yard, boys of 14 and under, George A. Fowler, St. John, N. B.

Willie Logan had a battle royal for his title. He tied with Dan Van Kirkwick of Saranac Lake, and in two special races at 220 yards and a half-mile he won out. His time for the 220 yards was 30 1-5.

440 yards—Won by Charles Gorman, St. John, N. B.; 2nd, Francis Allen, Chicago; 3rd, Leslie Boyd, New York. Time 40 2-5 sec.

Five-mile—Won by Joe Moore, New York; 2nd, Allen; 3rd, Valentine Blais, Lake Placid. Time 1:57 4-5.

Boys of 18 and under. One mile—Won by Willie Logan, St. John, N. B.; 2nd, Dan Van Kirkwick, Saranac Lake; 3rd, Edgar Snodgrass, St. John, N. B. Time 3:22.

Boys of 16 and under. Three-quarter mile—Won by Jacobson, Chicago; 2nd, Thomas Tebo, St. John, N. B.; 3rd, A. Baisiere, Malone. Time 2:30 2-5.

Boys of 14 and under. 220 yards—Won by George A. Fowler, St. John, N. B.; 2nd, Francis Allen, Chicago; 3rd, Floyd Blassonette, Malone. Time 22 2-5.

Boys of 12 and under. 220 yards—Won by Francis Logan, St. John; 2nd, David Tobin, Lake Placid; 3rd, James Mahoney, Malone. Time 24 3-5.

Boys of 10 and under. 440 yard—Won by Bobby Musson, Saranac Lake; 2nd, Walter Nutter, Jr., 4rd, Chas. Krough, Saranac Lake. Time 1:09 3-5.

SUSSEX BADMINTON CLUB IS ORGANIZED

Officers Elected and Plans Arranged For interesting Season.

SUSSEX, Feb. 6.—Lieut.-Col. G. S. Kinneer was elected president of the Sussex Badminton Club at its organization meeting here recently. The other officers elected were: Secretary, Harry Jonah, treasurer, George G. Roy; executive committee, J. D. McKenna, Major A. J. Brooks, Norman Fraser, J. A. Ferguson and A. C. Gorman; play committee, Miss Grace Kirk, Miss Louise White, Mrs. Agnes King, Capt. H. I. Evans, G. P. Bolton and W. H. S. Cox; tea committee, Mrs. G. S. Kinneer, Mrs. J. D. McKenna, Mrs. L. B. Murray and Mrs. L. D. Moffett.

Have Three Courts

The new club starts under very favorable conditions, having secured quarters in the Army, where three courts have been laid out, open to players four afternoons and two evenings of each week. Afternoon tea will be served by the ladies on Saturday, the first function of this kind having been held a week ago, when about 15 members were present. The guests included six members from the St. John Garrison Badminton Club, who also took part in the opening games.

Carleton Club Rinks Are Congratulated on Curling Triumph

Along the Sport Trail

By RAY HANSEN

WILL the 13th of February prove a lucky or an unlucky day for the members of the St. John senior hockey team? They are scheduled to clash with the fast Sussex sextette in the Arena and they are training faithfully for the encounter. In an effort to offset any jinx they have decided to have 18 men in their roster and are now making a search throughout the city to find some red headed 18 year old youngster who was born on the 13th of any month. This youngster—if one is located—will be given a seat of honor and will occupy the important position of mascot during the game. The local boys will also set out with a determination to score 18 goals as they feel that such a combination of hoodoos and jinxes will be too much for the Maritime champions to face. The Sussex team is one of the best hockey organizations in the Maritime Provinces and when they clash with the St. Johns they will undoubtedly make a strong bid to clean up and retain their position at the top of the league. The St. Johns are not successful in winning they are confident of giving the "Old Grey Mare" sextette a real run for their money. One thing is certain fans will undoubtedly enter into the spirit of the game and await the result of the local's endeavor to put a jinx on the visitors. Superstition plays a big part in sport and it may be a case of the unexpected happening—who knows?

THE BIG racing classic of the season is over and the next feature event on the big circuit will be the meet at Lake Placid. Citizens of St. John have every reason to be proud of their boys. They were conceded to be the sensation of the International meet and in addition were favorites with the spectators, who admired their department both on and off the ice. The Logan brothers won the titles in the 18 and 12 year old classes, while George Fowler, Clement O'Connor, Ed. Snodgrass and Tommy Tebo made a wonderful showing. The St. John contingent certainly won signal honors for their home town and their achievements place this city as one of the leading skating centres in America.

Local fans have been kept guessing by the reports coming from Saranac Lake about Charlie Gorman. The first reports indicated that he was quite badly injured and was not in condition to skate. The second was a report from one of the leading physicians who advised Charlie to withdraw as he was not in condition to do himself justice. However, the St. John star refused to quit and made a plucky fight to retain his title. That he was skating on nerve was apparent; that his leg was injured was evident from his repeated falls and that he was making one of the pluckiest fights of his career was undeniable. That he is the premier 440 yard skater in the world was proven beyond a doubt yesterday when, handicapped as he was, he went out with a determination to win. He fell twice, the first time the starter called the pack back but the second time he had to pick himself up and fight to regain lost ground. He not only caught his competitors but led them to the tape with a magnificent burst of speed. Had he been in condition there is no doubt that he would have retained his title.

A REPORT that Montreal is to be given an opportunity to secure a franchise in the International League is again going the rounds. There is a persistent rumor to the effect that Philip G. Bartelme contemplates making this move and is backed by four other club owners in the league. There seems to be considerable mystery attending the affairs of the Syracuse club, but it is an open secret that it has been a heavy financial loss for some years. Mr. Bartelme is in favor of moving to Montreal providing arrangements can be made. Before this can be accomplished there will have to be a considerable adjusting of territorial claims. When Montreal was in the League some years ago the team did not pay. There were various reasons given for this and one report was that the club directors were not overly popular with the fans. However, times have changed and it is now felt that the city is ripe for minor league ball of the class A variety.

Kicked, Bitten and Tossed From Ring, Lewis Wins on Foul

CHICAGO, Feb. 7.—Ed "Strangler" Lewis was pinned easily for the deciding fall in the world's heavyweight wrestling championship, despite his recent defeat by Wayne "Big" Mann, former University of Nebraska athlete, was tossed from a ring here last night in a rough match with Joe Zickmund. That final indignity gave Lewis a victory on a foul, however, whereas Mann took the championship when he tossed Lewis out of a Kansas City ring and injured him so badly that Lewis was pitched over the ropes last night after Zickmund had struck, bitten and kicked him.

Ribs May Be Cracked. Lewis' back was lacerated badly and it was feared some of his ribs were cracked. The crowd resented Zickmund's tactics and swarmed into the ring when the referee ended the bout, but there was but little disorder.

EDMONTON EKIMOS WIN. EDMONTON, Alta., Feb. 7.—Edmonton Eskimos won their first home game out of the last five last night when they rent the mighty Victoria Cougars down to a 3 to 1 defeat in one of the most fiercely fought games ever played on local ice.

George Fifield Wins Bout From Godfrey

George Fifield of Toronto scored his sixth victory in four weeks when he knocked out George Godfrey in the second round of a terrific 10-round bout in Hamilton, Ont., last evening. A terrific right cross to the chin put Godfrey down and out. Fifield weighed 145 pounds and Godfrey 145.

A. W. COVEY GIVEN IMPORTANT POST

Is Appointed Chairman of The National Registration Committee of A. A. U. of C.

A. W. Covey is the new chairman of the National Registration Committee of the C. A. A. U., announcement of his appointment to this important post by President W. E. Findlay, of Montreal, having been made last night. The chairmanship of this committee was offered to Mr. Covey a few days ago by President Findlay, and the former president of the M. P. B. A. A. U. of C. formally accepted the post last night.

Mr. Covey thus takes over the most important work, with the exception of the presidency, in connection with the control of amateur sport in Canada. The national registration committee is the body which has the final word on all applications for re-instatements, and President Findlay, in urging the St. John man to take over this duties, said that at no time in the history of amateur sport in Canada was the need so great as present for a strong man as chairman of the registration committee of the C. A. A. U. This is the first occasion an official from the Maritime Provinces has been given such an important office in the C. A. A. U. At the elimination races in the South End rink last evening, Landry, one of the entrants in the class for boys 10 years and under, skated 220 yards, against time, in 28 seconds.

SUSSEX WINS GAME

SUSSEX, Feb. 6.—Sussex defeated Fredericton by the score of 9 to 5, tonight. In the first two periods there was plenty of scoring and the 500 fans in attendance enjoyed the fun but the brand of hockey put up was very poor. The locals did not exert themselves to any extent on account of the weakness of the visiting team was short of three of their best men.

ARE IN FAVOR OF PROVINCE LEVY FOR ROAD WORK

(Continued from page 1) co-operation is a great aid to the motorist. There were over 1,200 personal interviews. Sixty cars were supplied for entertaining the Canadian Club convention delegates, also for smaller affairs.

Membership of 457. The present membership of the N. B. A. is 457, being 16 more than in 1923. During the year there was a loss of 125 in membership, through resignations, removals, forgetting to pay dues, and death. One hundred and forty-one new members joined in 1924.

Steady Gain. The following is the list of entries at the different ports on the N. B. U. S. border for 1922, 1923 and 1924:

Table with 3 columns: Port, 1922, 1923, 1924. Rows include St. Stephen, Richmond, Woodstock, St. Croix, St. Leonard, Andover, Edmundston, Centreville, Bloomfield.

Members made more use of the road information service last year. If it were only possible to show the public the amount of work done and the things accomplished by the N. B. A., which benefits the province as a whole, continues the report, every motorist would want to be back of the association.

NEW PAY TELEPHONES. Twenty-five new "pay station" telephones of the most modern type are being installed at various places throughout the city by the N. B. Telephone Company.

Sir Henry Thornton Ready To Meet Port Committee Next Week

Interview to Be Arranged After Delegation Reaches Montreal.

Sir Henry W. Thornton, president of the Canadian National Railways, today sent to Mayor Potts, chairman of the St. John port committee, a telegram stating he would meet a delegation of the committee in Montreal next week. This was in reply to one sent him a few days ago asking if the time was opportune for a delegation to go to Montreal to confer with him on development matters.

President's Reply.

The telegram from Sir Henry read as follows: Montreal, Feb. 7. Expect to be here next week, after Monday, with exception of one day toward end of week, when I shall be in Ottawa. Will be glad to arrange interview you desire when you reach Montreal.

H. W. THORNTON, His Worship said that no date for the committee to leave will be set at once. Commissioner Bullock, Hon. W. H. Foster, A. P. Paterson and himself form the committee. The date will be chosen next week.

GENEROUS ACTION

'Longshoremen of St. John Association Donate \$200 to Help Orphans.

A kindly and thoughtful act by the members of Local 278 of the International Longshoremen's Association, St. John branch, came to light this morning when there were sent to The Times-Star acknowledgments of donations received from the association for the benefit of the orphans under care in institutions here.

The acknowledgments were from H. Usher Miller on behalf of the New Brunswick Orphan's Home and from the Sisters of Charity of St. Vincent's Orphanage. In each case there had been \$100 sent. The money, it is said, was the result of a collection taken up by the members.

Hiram on Tour

Dear Hiram— I only had one letter from you since you left. That's one more than I expected. Silie Jones' wife says the men are all alike when they get away from home they forget how to write. Silie says you having a great time galivanting around the country at some one else's expense. I told him he had been living at the expense of the country ever since I know him, so I guess that will hold him for a while. We got too many Silie Jones' in this country. Now Hiram, don't go and get all swelled up over what them fellers' out west says to you. I see they bin handing you lots of lokays. Just remember that many a race has bin lost by bowin' to the grand stand instead of pluggin' fer home. Remember we're expecting you to bring home some bacon this trip. I note that you didn't see Sir Henry on your way up. I guess he seen 'y'u comin' fast. I hope you'll see him on 'y'ur way back. If you do, get a good hold on him and just sit him when he's goin' to build that T on the rain shed down on Mill street where the trains land. She's full of snow now so you better bring along a good pair of snowshoes to get out of the train with. If you've run out of chewing let me know and I'll send you some good spruce gum fer you. Don't forget to wear your hand socks I knit fer you this fall, there's easier to get than them yaller gloves when you shake hands, and I note 'y'ur doin' a lot of talkin' and shakin' hands. Write often, HANNER.

P. S.—Don't forget to say yer prayers regular ev'ry nite fer I calculate you got a lot of sin to answer fer before 'y'u get back, and some explainin' too. H.

LILY LAKE DRAWS MANY FOR SPORTING

Fifteen Hundred Checks Issued Last Night to Participants in Outdoor Play.

Lily Lake as a centre of recreation in winter for St. John's sport lovers has developed to a wonderful extent during the present season and it is thought to be only a question of time before the great natural facilities there along this line will be exploited more. As it is now, Lily Lake has become the hub around which revolves every form of winter outdoor sport, including skating, tobogganing, skiing and snowshoeing. Every night, weather permitting, the lake is thronged with a happy band of merry-makers, keen on taking full advantage of the sport provided by Canada's zealous winter climate.

1,500 Yesterday.

Last night, fully 1,500 checks were issued at the pavilion, while hundreds more looked on or took part in the fun. The skating game has come remarkably into popularity as has also tobogganing. On several nights, a huge bonfire has been kindled for the tobogganers. Snow-shoeing parties are the order of the day during the afternoons, while the wholesome exercise from skating is not overlooked by thousands.

RETURNS TO MONTREAL.

T. A. Sommerville, vice-president of the E. G. M. Cape Co., Ltd., who has been inspecting the work at the Admiral Beatty Hotel, will return to Montreal this afternoon. Respecting the contract the company has for the construction of an elevator at Halifax, Mr. Sommerville said that a start on that work had not been made as yet.

PANTRY SALE HELD.

The Willing Workers of the Waterloo street Baptist church held a successful pantry sale this morning in the lobby of the Venetian Gardens. The sale was under the sponsorship of Mrs. John Frodsham, Mrs. Hiram Hoyt and Mrs. John Pooley. The proceeds are for general church work.

DEATHS NUMBER TEN.

The local death rate this week was slightly below the average according to the figures secured this morning at the local Board of Health office. There showed 10 deaths from the following causes: Myocarditis, two; endocarditis, two; cancer of liver, carcinoma of throat, carcinoma prostatic, exophthalmic goitre, shock (railroad accident), infantile convulsions, one each.

GOOD TIME AT DRIVE.

A sleigh drive held last evening by the Little River Community Club proved very enjoyable. At 8 o'clock about 40 of the members left the community hall and drove as far as the Three Mile House, returning about 10 o'clock to the hall. There hot coffee and refreshments were served and a social hour enjoyed. It is planned to hold another drive in the near future.

GIVEN NOVELTY SHOWER.

About 45 friends of Miss Marion Hanley gave her a pleasant surprise at the home of Mrs. F. W. Rolston, 40 Canon street, when they tendered her a lovely novelty shower. Beautiful gifts of silver, cut glass and linen were received. The evening was spent in games, music and dancing. Refreshments were served by the hostess. Miss Rose Bogle and Mrs. W. G. Shippee arranged the party.

REPORTS SATISFACTORY.

Final plans for the Valentine tea were made at a meeting of the King's Daughters' Guild yesterday afternoon, with Mrs. Edith Stevens, president, in the chair. The reports of the departments of the work were all very satisfactory and the house report was especially gratifying, showing that the accommodation in the residence was fully taken. Mrs. Stevens gave a very satisfactory report of the Farraline Home board meeting in Fredericton.

LOYAL TRUE BLUE EVENT.

The weekly meeting of the sewing circle of the Loyal True Blue Association was held last evening at the home of Mrs. O. C. Ward. Eighteen of the members were present and were busy sewing on a quilt. A social hour was enjoyed and dainty refreshments were served by the hostess, assisted by Mrs. C. Briden. An invitation to meet next at her home was extended by Mrs. H. V. Curry.

RED CROSS MEETING.

At a meeting of the executive of the New Brunswick division of the Red Cross Society held yesterday afternoon several recommendations were made and these will come before the regular meeting next week. Those present at the meeting were R. T. Hayes, M. I. A., president; C. B. Allan, Rev. J. S. Bonnell, Miss Ethel Hazen Jarvis, secretary, and Mrs. Margaret Lawrence and Miss Jessie Lawson, Junior Red Cross supervisors.

MOOSE FAMILY TO BE SENT OUT TO CALIFORNIA

W. Harry Allen Has Order For New Brunswick Animals.

GOES ON LECTURE TOUR THROUGH U. S.

Prominent Guide Speaks of Slaughter of Ducks on Mississippi.

W. Harry Allen, Fredericton, hunting guide and tourist missionary, has a commission to capture and transport to California a bull, moose, a cow and a heifer. The animals are to be placed in a zoological park at the Golden Gate. New Brunswick moose are especially stipulated by the authorities out there.

For Yankee Banquet.

Mr. Allen was in St. John today, making some arrangements for his trip to the United States on a lecturing tour and for the purpose of drumming up tourist business for this spring's fallings, the summer troutling and autumn moose-hunting. He is to speak and show motion pictures before the Hartford City Club in Connecticut, the Ridgeway, Pa., club, where a banquet will be spread in which New Brunswick moose meat will be the central item of food; then to Cleveland, O., where Mr. Ackerman, eminent hunter-writer holds forth a great booster for New Brunswick—and later on Mr. Allen expects to get as far south as St. Louis.

Will Be Booster.

Boston, Portland and other intervening places are on his books, too, but he has not anything definitely arranged for these cities yet. However, he will not pass up any opportunity to place the N. B. tourist attractions before the outside world. Mr. Allen says that he hoped to visit a number of the Izak Walton Clubs in the United States this spring, but the business of this fast-growing organization are being devoted to seeking legislation for a refuge for migratory birds on the Mississippi flatlands, they not only do not do his voluntary missionary work, as much as they always desire to have him speak to them.

Game Ducks in Danger.

Mr. Allen describes the efforts of the Izak Walton Clubs in one of the greatest game-preserving movements of all time. Ducks and other feathered game of the migratory classification from the north and elsewhere all to this sanctuary and refuge on the Mississippi. Hoggish hunters know this and go in there and slaughter them. The bag limit is 25 birds a day per person—a preposterous license, Mr. Allen thinks, enough to feed a hotel. So, at this rate, the duck, etc., that returns our north and elsewhere all over the continent in warm weather, he says, would soon be wiped out. This is especially true since southern-tripping is becoming so popular in northern wintering.

Busy in Town Today.

While in the city, Mr. Allen called at the Tourist Association office and conferred with Secretary C. B. Allan, launched at the Union Club with E. A. Schofield, and was about town with other friends interested in his efforts.

FORMER SINGER HERE IS DEAD IN BOSTON

Miss Annie Guthrie Was One Time Member of Cathedral Choir.

Many in St. John will be sorry to learn of the death of Miss Annie Guthrie in Boston. She passed away there at 2 o'clock on the morning of February 3, at the home of her cousin, Miss Julia Guthrie. It was from the latter that word of Miss Guthrie's death came to Mrs. Peter C. Sharkey, a relative here.

Miss Annie Guthrie was a member of a family prominent in St. John some 40 years ago. Her father, the late John Guthrie, was proprietor of the old Waverley Hotel in King street, now the Victoria. Miss Guthrie and her brother James took a large share in the musical events of their day here and were members of the choir of the Cathedral of the Immaculate Conception. James Guthrie died a year ago. It is some 27 years since they removed to Boston and Miss Guthrie visited her old home only once in the interim. She held in very kindly memory her friends in this city. The funeral was to be held in Boston today.

NOW IS SOLE OWNER

John O'Regan Purchases Brayley Drug Co. Shares Held by Former President.

John O'Regan now is the sole owner of the Brayley Drug Company of this city with place of business in Mill street. This is learned following an announcement made in The Times-Star some days ago to the effect that G. C. P. McIntyre, president of the company had retired from connection with it. It is now announced that Mr. O'Regan, who has been general manager and vice president of the company, had purchased the interest of Mr. McIntyre and will carry on as sole owner and under the same name as before. Mr. McIntyre is now in Montreal and on his return here next week he and Mr. O'Regan will leave on Friday on a visit to the Old Country.
