MARITIME PRESBYTERY FAVORS PROHIBITION

Strong Temperance Resolution Passed at Halifax Meeting

Report Condemned License System, Also the Scott Act—Motion to Extend Rev. James Ross' Jurisdiction Brings Forth Great Praise for That Gentleman—Rev. Dr. Fotheringham's Work Commended.

(Special to The Telegraph.)

Halifax, Oct. 3.—The Presbyterian synod commenced business today with consideration of the Halifax Ladies' College. There was criticism of the excessive cost, to which President Laing replied that the charges were as low as could be made consistent with efficiency. The synod's standing committee is to confer with the directors on the subject.

Rev. Dr. McMillan expressed the opinion that any reasonable request by the home mission board should be acceded to and was endorsed by a motion by Mr. Sinclair seconded by Mr. Smith's motion.

The proposed extension of the home mission superintendency was taken up. Rev. J. S. Sutherland spoke briefly, intimating that the returns showed that the sentiment of the synod was behind the policy of the home mission committee in extending Rev. James Ross' superintendency. The committee believed such a course to be in the best interests of the work, giving statistics to set forth Mr. Ross' heroic work in New Brunswick. The proposition was to make the superintendency co-terminus with the bound of the synod.

Rev. Dr. Falconer supported the motion in an address in which he clearly set forth the wisdom of the course contemplated by the motion. There would be no material addition to expense. The home mission committee was unanimous in coming to the synod with the request. These two facts had influenced the speaker in supporting the motion. There were other things too in its favor and some of these Dr. Falconer enumerated, taking occasion to pay a high tribute to the efficiency of Mr. Ross.

NO CONFERENCE YET AT MONTREAL

Allans and C. P. R. Haven't Discussed Grain Handling at St. John

(Special to The Telegraph.)

THE MAIL SERVICE

Likely No Change in Arrangements from Last Year—The Corsican and Grampian to Replace Turbiners After Christmas.

(Special to The Telegraph.)

Montreal, Oct. 3.—There has as yet been no formal meeting of the Allans and C. P. R. to discuss the grain handling difficulty at St. John and so far as can be ascertained, the matter is still in abeyance.

No formal request from the committee of the board of works has been received by the C. P. R. for the tug Cruiser to stay one of the floating elevators to St. John from this port. It is pointed out that at this season of the year all the floating elevators are working at full capacity and by the time the rush is over the weather conditions in the gulf might not make it feasible for the carrying out of such a project, even if they were agreed upon.

In regard to the mail service, it is not probable that the programme of last year will be changed. The Grampian and the Corsican, the two new boats of the Allans, will take the place of the Virginian and Victorian after Christmas, in order that the turbiners may undergo the customary winter overhauling.

120 MILES OF GRAND TRUNK PACIFIC NOW OPEN FOR TRAFFIC

(Special to The Telegraph.)

Ottawa, Oct. 3.—Traffic on the first completed section of the new transcontinental railway opens this week. The railway commission's inspector has authorized the company to open for freight traffic 120 miles of the road from Mile 54, Portage La Prairie to Mile 176 at Rae Saskaatoon.

230,000 IMMIGRANTS SO FAR THIS SEASON

Total Number of Newcomers to Canada Since 1897 Now Amounts to 1,148,949.

(Special to The Telegraph.)

Ottawa, Oct. 3.—For the first eight months of this year the total immigration to Canada was 216,865, an increase of 56,038, or 26 per cent, over the eight months of 1906. The total for the eight months is more than the total immigration during the whole six years, 1896 to 1902, and the increase for the eight months alone as compared with last year is nearly three times the total immigration during the first year of the present government's regime.

The immigration via ocean ports was 143,394, this increase being 43,900, or 44 per cent. The immigration from the United States totalled 31,253, a decrease of 2,668, or 8 per cent as compared with last year.

For August the immigration via ocean ports was 16,936, and from the United States 3,683, a total of 20,619.

The figures for September are not yet available, but it is known that the total immigration to Canada to date for this year is over 230,000.

Of the arrivals from European ports during the five months, April to August, 88,248 were male, 28,592 females and 26,644 children under 12 years of age.

Since 1897 the total immigration to Canada up to the end of August last had been 1,148,949.

REBELLION NOW IN ARGENTINE REPUBLIC

Buenos Ayres, Oct. 3.—A revolution has broken out in the province of Corrientes, in the Argentine Republic. The insurgents already have seized several positions, and in the fighting with the government troops many men on both sides were either killed or wounded.

THANK OFFERING OF \$222,000 AT WOMEN'S SERVICE AT EPISCOPAL CONVENTION AT RICHMOND, VA.

Bishop Samuel D. Ferguson

Richmond, Va., Oct. 3.—The second day of the triennial general convention of the Protestant Episcopal Church in the United States passed uneventfully for both the house of bishops and the house of deputies, although excellent progress was reported in the work of organization. The reception of foreign church dignitaries was concluded in both houses. A reception to the members of the house of bishops and their families and to the visiting bishops was given tonight by Bishop Gibson, of the diocese of Virginia.

The New Jersey diocese presented an invitation from Atlantic City inviting the convention to meet there in 1910. The diocese of Los Angeles obtained the endorsement of a memorial that a commission be appointed to raise \$5,000,000 to be added to the general fund for the relief of clergy and members of their families.

Several memorials were received in both houses today looking to the re-marriage of divorced persons. In both houses a concurrent resolution was adopted expressing satisfaction that a high moral position had been taken on this subject since the last general convention and the hope that positive action would be taken at the present convention.

The house of deputies received a message from the women's auxiliary announcing that at the thank offering service to-day the offerings amounted to \$222,833, while at the convention three years ago it was \$150,000.

LOBBYIST BURNED CHECKS TO HIDE NAMES OF BENEFICIARIES

Quigg, Paid Agent of Thomas F. Ryan, Admits Destroying Vouchers for \$43,878.

New York, Oct. 3.—That he deliberately destroyed checks for \$43,878 so that he would not be compelled to say to whom the money represented by them was paid, was admitted by Lemuel Ely Quigg at the hearing on street railway merger matters before the public utilities commission today.

My memory is faulty. I should not like to attempt it," he replied when Attorney Ivin, who is conducting the investigation, asked him if he could tell to whom the checks were drawn.

Mr. Quigg went into details of his various visits to Albany during sessions of the legislature in the interest of the Metropolitan company. He denied, however, that he was a lobbyist.

WILL OPEN NEXT YEAR'S HALIFAX FAIR A MONTH EARLIER

(Special to The Telegraph.)

Halifax, N. S., Oct. 3.—The Nova Scotia exhibition commission met today and decided on the dates for next year's exhibition. It was decided to open it on the last Wednesday in August, and close on the last Thursday in September.

The cold and wet weather has been the means of changing the view of the commission as to the time an exhibition can profitably be held. The date selected does not cover Labor day, as the commission thought it did. In consequence of this the date may be made a week later at the annual meeting about a month hence.

MISS THOMSON AND HER GOLF TEAM LOST AT CHICAGO

Chicago, Ill., Oct. 3.—The representatives of the Western Women's Golf Association defeated the team of ten sent from Canada, seven to three, today.

Miss Sallie Ainslie, runner-up for the Western championship, led the Western Golf Association team and defeated Miss Mabel Thomson, champion of Canada. The scores were not good because of the wet ground.

SPRINGHILL COMPANY WILL NOT CONFER WITH MINERS

Refuses Absolutely to Consider Request of Deputy Minister of Labor

Manager Cowans Declares They Will Abide by Judgment of Conciliation Board—McKenzie King Asks That Intercolonial Be Guaranteed Supply of 60,000 Tons of Coal, But Gets No Promise—Colliery Pumps Manned by Officials of Management.

(Special to The Telegraph.)

Springhill, N. S., Oct. 3.—The officials are still at the pumps and engines in the Springhill mines and the government has, as yet, made no movement which looks like taking hold. The miners' lodge has been in session all the evening and at midnight had not adjourned. Deputy Minister McKenzie King is in conference with the men.

J. R. Cowan is in Halifax and expressed his intention of remaining here till the end of the week. Today he received the following telegram from McKenzie King, dated Springhill:

"I have come to Springhill by direction of the government to ascertain if it is possible for the Cumberland Railway & Coal Company to guarantee the delivery of coal to the Intercolonial Railway. Unless your company is in a position to give satisfactory assurance as to the railway will be obliged, for its own protection, to place during the present week an order for 60,000 tons in the United States. The government is most desirous to obtain its coal from mines in this country, but the shortage occasioned in consequence of the cessation of mining operations at the Springhill mines during the past nine weeks having created an exceptional demand upon available supply of other mines, there appears, failing an assurance by your company, to be no alternative but that of placing an immediate order in the States.

"The loss of this and other important contracts to your company, at the approach of the winter season cannot fail to very seriously affect the interests of the company and its employees, as well as materially increase the embarrassment which has already been felt in many parts of this province and in fact over a considerable portion of eastern Canada. It would appear, therefore, not less in the interests of the parties themselves than in the interests of the Intercolonial Railway, that you should give a definite reply by wire at your earliest convenience.

"W. L. MacKENZIE KING, Deputy Minister of Labor."

Mr. Cowan replied as follows: "To McKenzie King: "We regret to say that this company is not in a position to give any undertaking to fill any contracts for a supply of coal to the Intercolonial. So far as any agreement with the men is concerned my positive instructions from my board are that I am not to rest upon the judgment of the conciliation board and I have no authority to depart therefrom. I would exceedingly regret if your visit here does not accomplish the desired purpose but the company does not see its way to depart from the judgment of the conciliation board established by the act of settling disputes of this nature. (Signed) "J. R. COWANS."

BIG RETURNS ON LUBRICATING OIL

A GREAT MONOPOLY

FOUR HANGED FOR ROBBERY AND MURDER

Lancaster, Pa., Oct. 3.—Anthony Deleo, Stephen Carlu, Sivoletti and Pas Polone were hanged here today. All died from strangulation.

The crime for which they paid the penalty was the murder of Plato Albarnese and was the culmination of a daring robbery. On the night of August 30th, 1906, they entered a slanting street car, occupied by fifteen Italian laborers who were asleep. One of the laborers was stationed as a guard at the door while the other three awakened the sleepers and with drawn revolvers and knives demanded their savings. The amount secured was small because the men had only a few days before sent away their money.

Plato Albarnese, one of the laborers had \$30 on his person which it seemed was known to the robbers and they demanded it. He denied he had any money whereupon they proceeded to search his clothes by force. He seized a razor and fought desperately. In the melee Albarnese was shot and stabbed more than twenty times. The four made their escape and fled towards Philadelphia. The wounds about their heads and faces were so bad that they died in a few days.

A letter written by President Miller, of the Galena Company, in 1905 to Vice-President Marony, of the Pittsburgh, Shawmut & Northern Railway, and placed in evidence today, stated that the Galena Company was supplying 97.12 per cent of the total mileage of the United States, Canada and Mexico.

One of the railroads that the Galena Company did not supply with oil, Mr. Steinbrenner said, was the Tidewater Railway, owned by Henry H. Rogers, vice-president of the Standard Oil Company.

FROM ALL OVER THE MARITIME PROVINCES

FREDERICTON

Fredricton, N. B., Oct. 1.—The local government at their meeting this evening had before them R. H. Conger, of New York, engineer for the Grand Falls Power Co. He submitted plans for the approval of the executive as required by the act of assembly and explained that they had already been approved by the dominion government and favorably reported upon by the provincial engineer.

The executive approved of the plans and under the terms of the charter granted the company it will be necessary for it to begin construction work within sixty days, and expend \$250,000 within a year.

Mr. Conger gave the government to understand that as a matter of expediency the company would be obliged to expend \$200,000 during the first year. He said the company had secured the necessary capital and were ready to go to work on the arrangement of the dam made with the town of Grand Falls in regard to the land required.

A delegation from the Maritime Agricultural Society, composed of Robert Murray, M. P. P.; R. A. Lawlor, and R. A. Snowball asked for a grant of \$5,000 to enable them to hold an exhibition next fall. The matter was gone into quite fully and the government promised careful consideration.

A number of petitions from companies seeking incorporation were considered and business of a routine nature transacted. Tomorrow morning there will be a hearing in the case of the Empire Cream Separator Co. vs. Maritime Dairying Company, A. S. White and A. H. Haslington, the counsel employed on the case are in the city this evening.

The board of education held a meeting this afternoon and among other matters arranged for the appointment of a permanent board of trustees for Hampton Consolidated School. It was announced that the school already had a larger attendance than the separate districts and the outlook for the future is regarded as very bright.

At the regular meeting of the city council this evening a resolution was passed authorizing the finance committee to negotiate a temporary loan of \$50,000 from any bank or person at a rate of interest to be agreed upon. In speaking to the resolution Alderman Everett explained that the financial embarrassment being experienced by the city at the present time was caused by the maturing of \$180,000 worth of consolidated debt debentures. Legislative authority to renew these debentures had been obtained, but owing to the stringency in the money market it had been found impossible to dispose of the bonds at a satisfactory price.

By making a temporary loan it was hoped that the city would be able to tide over the difficulty until such time as the bonds could be disposed of. It was believed that the finance committee will experience little difficulty in negotiating a loan at a reasonable rate of interest.

A rather warm municipal election in Sunbury county was brought to a close this evening. There were contested in Lincoln—Almer Smith, 91; Aubrey Gray, 88; George Patterson, 85; Henry Wilmut, 82.

Following is the result: Lincoln—Almer Smith, 91; Aubrey Gray, 88; George Patterson, 85; Henry Wilmut, 82. Gladstone—Murray, 81; Tracey, 62; Currie, 52; Thomas, 41.

Blissville—Thomson, 106; Patterson, 80; Burton, 64. South—Armstrong and Burnett defeated McLean and True. Northfield—Powers and Dykeman, acclamation.

Maryville—Banks and Perley. In Sheffield, Councillor F. P. Taylor was the only candidate to file papers and another election will have to be held. Fredricton, Oct. 2.—At a meeting of the local government this evening a hearing took place on the application of the Empire Cream Separator Company for license to do business in New Brunswick as a provincial corporation, A. H. Hannington and J. H. Barry supporting the application, and it was decided to postpone the hearing until the next meeting.

The members of the government leave tomorrow morning for St. John and will meet there during the day as hospital commissioners. Edward Currie, of Douglas, employed as fishery guardian on the river disappeared from his home on Saturday last and no trace of him can be found. He came to the city Saturday evening and has not since been seen. His absence is causing his family a great deal of anxiety.

ARRESTED A 2 YEAR OLD BOY

Pittsburg, Pa.—George Shaffer, two years old, was arrested on a warrant and charged with trespassing. A neighbor swore that George tore up his lawn and flower beds. But the Court declined to hear the case. The little son of Mrs. John Cline of Aylmer (Ont.) was only a year older than baby Shaffer when his mother attacked him with severe attacks of epilepsy. He tried everything that he could think of but the boy grew steadily worse. "I cannot praise 'Fruit-actives' too highly," writes Mrs. Cline, "I have had so many different kinds of medicine for my son. He has had bilious attacks ever since he was three years old, and since he began to take 'Fruit-actives' he has been so well. 'Fruit-actives' are the ideal medicine for children, as well as grown folk. They are pleasant to take and do not cause any of the usual effects of fruit juices and tonics. 50c. a box. At all dealers.

NEWCASTLE

Newcastle, Oct. 1.—Miss Ella Parker has returned to New York and her sister, Miss Elizabeth, has come here to spend a month or more vacation at her old home. Mr. and Mrs. W. J. Sutherland left this week to take up their residence in Boiestown, where Mr. Sutherland is manager of the Miramichi Lumber Company's store.

HOPEWELL HILL

Hopewell Hill, Sept. 30.—Mrs. Martha Wilmut, of Lynn (Mass.), who has been visiting relatives at the Hill for a few weeks, left for her home on Saturday. Mr. and Mrs. George Dinmore and two children, who spent a month with Mrs. Dinmore's parents, Mr. and Mrs. R. C. Smith, left on Thursday for their home in Haverhill (Mass.).

SALISBURY

Salisbury, Oct. 1.—The funeral of the late Chris Keohan took place Sunday afternoon from the residence of his father, James Keohan, at Fredericton Road, Salisbury, and in point of attendance was one of the largest funerals ever seen in the parish priest from Sussex, interment taking place in the Catholic burying ground adjoining the church.

Rev. Mr. Lawson of Hillboro, occupied the pulpit of the Methodist church on Sunday. Rev. Mr. Hicks, of the Hopewell church, filled Mr. Lawson's appointments in Hillboro.

Mrs. R. C. Smith spent a couple of days in Moncton at the home of her son, Hiram Smith, of the I. C. R. works. Invitations have been received for the wedding of Miss Lillian Robinson, daughter of Jonathan Robinson, of Riverport, to that of Miss Lillian Robinson, daughter of Jonathan Robinson, of Riverport, to take place Wednesday, Oct. 2.

Arthur Russell, of the I. C. R. works, Moncton, spent Sunday at his home here. Mrs. Young, wife of Rev. H. S. Young, of Kingston, Kings county, visited her sister, Mrs. W. T. Wright, last week.

J. L. Bishop, of Rexton, spent the week with his parents, Captain and Mrs. John Bishop, Lower Cape. Miss Martha Dixon, of Montville, has taken charge of the school at Rockport, Westmorland county.

Rev. Mr. Wagstaff, of Alma, intends moving into the house owned by Captain P. B. Dingley, now a resident of the Isle of Wight.

Rev. Mr. Worden, pastor of the Baptist church, has been visiting in Rexton Sunday afternoon. They were received into the church at the close of the service.

Mrs. G. A. Hoar, of St. John, called on old friends here last week. Miss Ruth E. Milton left last week for the west, where she will engage in teaching.

REXTON

Rexton, N. B., Oct. 1.—Miss Bessie Mitchell left yesterday morning for Boston. John Kennedy, while working in Burns' mill Saturday met with a painful injury. He was struck by a piece of wood from the planer. One of his fingers was split, which necessitated the insertion of two stitches, and he received a blow in the side. Dr. DeOleough attended the injuries and he is doing well.

Dr. F. W. Tozer was called away Saturday to see his mother who is very ill. Wm. H. McArthur was disposed of Tuesday by public auction. The house occupied by James Conway and the adjoining building were bought by E. Hannay. The remainder of the property, consisting of a double cementation barn and a large cant lot of land, was bid in by William J. Braith.

Mrs. Thomas Cantwell, of Campbellton, who is visiting Mrs. W. S. Malley, is confined to her room with an attack of rheumatism.

Mrs. E. Gandout went to Fox Creek, Westmorland county, Monday to visit friends.

Clara Mitchell went to Moncton Monday to enter business college. James W. Smith is on a trip to Halifax (N. S.).

Torbrook, N. S., Sept. 30.—While standing on the station platform among the crowd, waiting for the "Owl" train at Middleton on Friday morning, Dennis Best received a terrible blow on the jaw from a brickbat thrown by an unknown person.

WESTMORLAND YOUTH FATALY WOUNDED BY COMPANION

Fred Melanson shot in Breast Through Accidental Discharge of Gun in Hands of Another.

Moncton, N. B., Oct. 1.—(Special)—A story comes from Cape Bald of a sad shooting tragedy, which occurred at the residence of the late Mr. Melanson, on Friday last. The victim of the shocking accident was Fred Melanson, aged 18 years, and a companion went out in a boat fishing and shooting. Seeing some wild duck, Melanson's companion, whose name has not been learned, hurriedly picked up the shot, the young man was preparing for the shot, the trigger in some unaccountable manner, caught in his coat sleeve and the weapon was accidentally discharged.

Young Melanson, who was sitting only a few feet away, received the charge in the breast and was mortally wounded. The wounded young man was taken ashore as quickly as possible by his companion but only lived about three hours. An inquest was held and the coroner's jury, after hearing the evidence of the dead boy's companion, returned a verdict to the effect that the shooting was accidental. The funeral of young Melanson took place on Sunday.

EDWARD ROSS, KILLED IN WISCONSIN WRECK, NATIVE OF FLORENCEVILLE

Hartland, N. B., Oct. 3.—(Special)—Edward Ross, a railway fireman, reported killed in a collision yesterday in Wisconsin, is a son of Stephen Ross, a blacksmith at Florenceville. He has been in the west for about ten years and leaves a widow and children. The parents and friends at Florenceville were shocked when the sad intelligence of his death reached them today. It is expected that burial will take place in the west.

NO CHANGE IN THE MORGUE AT PRESENT

County Council Sends This and Jail Repair Question to January Meeting

GIVE EXEMPTION TO WOODEN WARE CO.

Some Opposition to Taking This Action Without Further Consideration, But 15 Years' Exemption is Granted, Coroners' Back Bills Ordered Paid, But Fee for Views to be Reduced to \$2.

The question of repairs to and changes in the jail and the removal of the morgue to some other part of the city was again the principal matter of discussion at the quarterly meeting of the municipal council Tuesday afternoon. After giving this question an airing for some time it was finally decided to defer action until the meeting of the council in January.

The report of the committee on finance and accounts was adopted without discussion. According to this report Coroners Berriman and Roberts will be paid their bills which were refused payment at the previous meeting. The fee for coroners holding views is reduced from \$4 to \$2. Several other matters of interest were dealt with.

Warden Hamm presided and there were also present Councillors Frank Kelley, Launham, Baxter, Lewis, Bullock, Sproul, Pickett, Fox, Hooley, Long, Donovan, Adams, Shillington, Cochran, Black, Connelley, Dean and Corcoran, with Secretary Vincent, Auditor Thomas and Marshal Coughlan.

While waiting for the chairman of the finance and accounts committee to arrive, Coun. McGoldrick called attention to the sidewalk on the corner of the court house and later in the afternoon the sidewalk on the corner of the court house was repaired and some painting done. Any repair work that was absolutely necessary would be done.

Coun. Connelly thought this kind of work should not be left so late in the season. Coun. McGoldrick referred to the recent instance when the door of the morgue was left open. The newspapers had a large article on the subject. This condition of affairs should not be. The morgue should be moved elsewhere. He moved that the door be closed in accordance with the plans of Architect Brodie.

It was pointed out that tenders were asked for some time ago and set aside. Coun. McGoldrick then moved that the lowest tender, then submitted, be accepted.

Coun. Bullock was opposed to the motion as it would mean an expenditure of \$8,000 and there was no provision for the building of a new morgue. Some minor repairs, he thought, should be made. Coun. McGoldrick thought the work was urgently needed and the present quarters for the turnkeys were a disgrace.

Coun. Baxter asked where bodies were to be put if the morgue was done away with. Would they put bodies in the fountain at the square or in the market? Where would they put them?

Warden Hamm said one would have to hand the bodies over to an undertaker. Coun. Baxter contended that this plan was not feasible. No one would want the morgue on his property. They had an instance of this when they moved the ash plant. Petitions against it were sent in from all over the city. If an asphalt plant was wanted certainly a morgue would be more objectionable. He thought the stir now to have the work done was more to give to some contractor than it was in the public interests. He said that it was in the public interests to have the work done at once.

Coun. McGoldrick asked that the matter be referred to the committee on the subject. Coun. Bullock contended that the matter was too important to trust through without due consideration. A sub-committee had been appointed at the safety board to deal with the matter and Coun. McGoldrick was in error when he said the sub-committee took no notice of it.

Coun. McGoldrick said he had never heard of any sub-committee being appointed. Nothing had been reported in the papers to that effect but if Aid. Hamm had a squabble the papers would be full of it. He contended that the resolution should be adopted as it would be a good thing for the county.

The warrant also spoke in favor of the resolution and said fifty or sixty men would be employed.

The motion was then put and adopted. Coun. Donovan also spoke in favor of the resolution and said fifty or sixty men would be employed.

The committee on finance and accounts recommended payments to the parish assessors as follows:

Table with 2 columns: Name and Amount. Includes Saint Martins (\$203.20), Simonds (\$38.75), Lancaster (\$64.53), Musquash (\$56.85), For revisors lists the payments were: Saint Martins (\$12.00), Simonds (\$12.00), Lancaster (\$12.00), Musquash (\$10.00).

Other bills recommended for payment were: Barnes & Co. (\$108.58), London Guarantee & Accident Co. (\$38.90), H. E. Gilmore, M. D., coroner, holding inquest \$11.45, view \$4.75, Matthew MacFarland M. D., coroner, holding 4 views, and mileage (\$19.50), W. H. Thorne & Co. (\$2.56), County Secretary (\$10.25), E. G. Nelson, (\$15.00), David White, (\$3.00), Scott Bros. (\$20.00), Bank of New Brunswick, (\$5.00), Evening Times, (\$3.20), Assessor of the City of St. John, 2034.77, George Reinhardt, (\$5.50), D. E. Berriman, M. D., coroner, holding 1 inquest and 11 views, \$67.70.

The committee recommended that the amount of \$1,000 be memorialized to amend section 38 of chapter 124 of the consolidated statutes, 1903, so as to fix the fee for coroners holding views, at \$2; and that the committee on bills be requested to prepare a bill for enactment to amend Sec. 9 of chapter 124 of the acts of 1904 to authorize the council to fix the rate of discount for the payment of rates and taxes in said parishes at a sum not exceeding five per cent. They also recommended that all bills for views held by Coroners Berriman and Roberts, and refused payment, be paid.

Coun. P. moved, seconded by Coun. McGoldrick.

NEW YORK NEWSPAPER PRINTS PRESCRIPTION

Directions to Prepare Simple, Yet Remarkable Home Mixture.

A well-known authority on Rheumatism gives the readers of a large New York daily paper the following valuable, yet simple and harmless prescription, which any one can easily prepare at home: Fluid Extract Dandelion, one-half ounce; Compound Karger's, one ounce; Compound Syrup Sarsaparilla, three ounces.

He states that the ingredients to be obtained from any drug prescription pharmacy at small cost, and, being of vegetable extraction, are harmless to take. This pleasant mixture, if taken regularly for a few days, is said to overcome almost any case of Rheumatism. The pain and swelling, if any, diminishes with each dose, until permanent relief is obtained. While there are many so-called Rheumatism remedies, patent medicines, etc., some of which do great harm, this mixture gives permanent relief, and the above will, no doubt, be greatly appreciated by many sufferers here at this time.

Inquiry at the drug stores of this neighborhood elicits the information that these drugs are harmless and can be bought separately, or the druggists here will give the prescription for our readers if asked.

Long, that the report he received and the recommendations carried out. Coun. McGoldrick asked what had been done about the report of the sub-committee on repairs to the jail.

Coun. Lewis said the jail was a public disgrace to the city. Coun. Willett said the motion. Coun. Bullock—"I don't think that is a courteous way for the milliners to be consulted on this matter. He said he proposed to see that something was done.

Coun. Pickett said that, as chairman of that committee, he had brought in a report to have the work done but on an amendment the report was practically thrown over. He was in favor of the morgue being removed and the repairs made. He had intended to have a meeting of the buildings committee yesterday but could not get a quorum. At any rate, he proposed to have the roof of the court house repaired and some painting done.

Coun. Connelly thought this kind of work should not be left so late in the season. Coun. McGoldrick referred to the recent instance when the door of the morgue was left open. The newspapers had a large article on the subject. This condition of affairs should not be. The morgue should be moved elsewhere. He moved that the door be closed in accordance with the plans of Architect Brodie.

It was pointed out that tenders were asked for some time ago and set aside. Coun. McGoldrick then moved that the lowest tender, then submitted, be accepted.

Coun. Bullock was opposed to the motion as it would mean an expenditure of \$8,000 and there was no provision for the building of a new morgue. Some minor repairs, he thought, should be made. Coun. McGoldrick thought the work was urgently needed and the present quarters for the turnkeys were a disgrace.

Coun. Baxter asked where bodies were to be put if the morgue was done away with. Would they put bodies in the fountain at the square or in the market? Where would they put them?

Warden Hamm said one would have to hand the bodies over to an undertaker. Coun. Baxter contended that this plan was not feasible. No one would want the morgue on his property. They had an instance of this when they moved the ash plant. Petitions against it were sent in from all over the city. If an asphalt plant was wanted certainly a morgue would be more objectionable. He thought the stir now to have the work done was more to give to some contractor than it was in the public interests. He said that it was in the public interests to have the work done at once.

Coun. McGoldrick asked that the matter be referred to the committee on the subject. Coun. Bullock contended that the matter was too important to trust through without due consideration. A sub-committee had been appointed at the safety board to deal with the matter and Coun. McGoldrick was in error when he said the sub-committee took no notice of it.

Coun. McGoldrick said he had never heard of any sub-committee being appointed. Nothing had been reported in the papers to that effect but if Aid. Hamm had a squabble the papers would be full of it. He contended that the resolution should be adopted as it would be a good thing for the county.

The warrant also spoke in favor of the resolution and said fifty or sixty men would be employed.

The motion was then put and adopted. Coun. Donovan also spoke in favor of the resolution and said fifty or sixty men would be employed.

The committee on finance and accounts recommended payments to the parish assessors as follows:

Table with 2 columns: Name and Amount. Includes Saint Martins (\$203.20), Simonds (\$38.75), Lancaster (\$64.53), Musquash (\$56.85), For revisors lists the payments were: Saint Martins (\$12.00), Simonds (\$12.00), Lancaster (\$12.00), Musquash (\$10.00).

Other bills recommended for payment were: Barnes & Co. (\$108.58), London Guarantee & Accident Co. (\$38.90), H. E. Gilmore, M. D., coroner, holding inquest \$11.45, view \$4.75, Matthew MacFarland M. D., coroner, holding 4 views, and mileage (\$19.50), W. H. Thorne & Co. (\$2.56), County Secretary (\$10.25), E. G. Nelson, (\$15.00), David White, (\$3.00), Scott Bros. (\$20.00), Bank of New Brunswick, (\$5.00), Evening Times, (\$3.20), Assessor of the City of St. John, 2034.77, George Reinhardt, (\$5.50), D. E. Berriman, M. D., coroner, holding 1 inquest and 11 views, \$67.70.

The committee recommended that the amount of \$1,000 be memorialized to amend section 38 of chapter 124 of the consolidated statutes, 1903, so as to fix the fee for coroners holding views, at \$2; and that the committee on bills be requested to prepare a bill for enactment to amend Sec. 9 of chapter 124 of the acts of 1904 to authorize the council to fix the rate of discount for the payment of rates and taxes in said parishes at a sum not exceeding five per cent. They also recommended that all bills for views held by Coroners Berriman and Roberts, and refused payment, be paid.

Coun. P. moved, seconded by Coun. McGoldrick.

CARLETON COUNTY HAS BUMPER CROP

Potatoes Eighty Cents a Barrel, and Output Greater Than Last Year

HAY ONLY \$8 A TON

Cuts Promise Big Yield and Sell for 40 Cents a Bushel—Farmers Find Tubers in the Ground Are Keeping Better Than Those in Storage.

Hartland, N. B., Sept. 30.—Busy improving the favorable weather to gather the grain crop, farmers have for the present left digging potatoes. Fully 80 per cent of the potatoes in the ground are untouched and it is found that the potatoes do not rot so quickly in the ground as those that were dug early. It is also believed that the good ones dug later will not rot in storage. Some farmers say they hope to have half the average yield, others say they do not expect more than enough for their own use. The price is expected to go high, although at present the dealers are only paying eighty cents a bushel.

An article in Saturday's Sun regarding the crops may have been correct as affecting the lower portion of the province but is erroneous in stating that many hundreds of acres of hay were unharvested in Carleton county. The amount of hay actually spoiled in Carleton county is undoubtedly less than 100 tons, while on the other hand the farmers have an immense crop of first class hay in store.

It is a fact that while harvesting is uncommonly late there is a splendid crop. Threeeers are busy and the yield is big. In Carleton county it has certainly been an "off year," the farmers have had great difficulty in getting their crops, but now, with harvesting nearly done, it is evident that they will not in any sense be a less year except for those who plunged wildly into potatoes. While by this crop they stand to lose several hundred thousand dollars, the farmers have had great gain and indications point to prices out of sight. The market prices today and those of the same date nine years ago are given in the following table, showing an interesting comparison. Truly Carleton county has been in a worse fix.

Table with 2 columns: Year and Price. 1897, 1898. Hay, loose, per bush. \$1.00, \$1.00. Oats, new, per bush. \$1.00, \$1.00. Buckwheat, per bush. \$1.00, \$1.00. Butter, per lb. \$1.00, \$1.00. Eggs, per doz. \$1.00, \$1.00. Live hogs, per lb. \$1.00, \$1.00.

E. Alexander went to Fredericton County on Saturday to spend a few days with his brother, who is ill.

Mrs. D. W. Matheson returned from Moncton on Saturday.

Mrs. A. V. Tabrooks, Rockland, is very seriously ill.

Rev. Mr. Dalback, of Bath, and E. S. Reed, of Upper Brighton, have exchanged farms and residences.

BABY FELL FROM FAST MOVING TRAIN AND WASN'T HURT

Mother Didn't Know It Till Miles Away—Child Picked Up on Track Safe and Sound.

Ottawa, Oct. 1.—The passengers on the "Soo" train were a rather excited lot on Saturday, as reports from Amport, Ontario, a woman with passage to North Bay discovered when about a mile west of Almonte that her baby was missing. The baby was found in the train and was badly mangled, if not killed. The mother was frantic, anticipating the worst. What was her joy in finding the baby had been found, without a scratch, at a point along the road, where the "Soo" moves about thirty miles per hour, and was awaiting a claimant at Almonte depot.

This was followed by a number of inquiries in the registry office to enable lawyers to do business as cheaply as in other courts. The result was also very unsatisfactory. Coun. McGoldrick asked that the figures of the tenders for the work be made known. On receiving the papers he read the figures, which showed the work would cost about \$800 instead of \$6,000, as stated by Coun. Bullock.

After some further discussion the amendment of Coun. Baxter that the matter be left until the January meeting was carried by a vote of 12 to 11. The meeting then adjourned.

SCOTT ACT APPEALS

ADAM J. BEVERIDGE, OF ANDOVER, IS DEAD

Former Member of Local Legislature and Prominent Man in Up-River Section of New Brunswick.

Andover, N. B., Sept. 30.—The death of Adam J. Beveridge took place on Sunday evening at 6 o'clock, at his home in Andover. The deceased has been in failing health for the last year, and had practically retired from business. He spent last winter with friends in the west and was able to attend during the summer. He attended services at the Presbyterian church the Sunday previous to his death, and was taken suddenly ill on the Monday following. He passed peacefully away in the 82nd year of his age.

Mr. Beveridge was well and favorably known in this section of the province. His disposition and a good neighbor. He was born Dec. 28th, 1828, in Fossaway, Kinrosshire, Scot., and came to this country in 1841. He was twice married, and is survived by five children, all by his first wife—Robert K. of Victoria county; Benjamin, Mrs. John Curran; and John, of Upper Brighton. Mr. Beveridge was a member of the Presbyterian church, and was a member of the Andover Baptist church. He was a member of the Andover Baptist church, and was a member of the Andover Baptist church.

CHURCH OF ENGLAND SYNOD HEARS STRONG CHARGE FROM BISHOP

Rev. J. A. Richardson Delivers Forceful Address Urging to Greater Activity and Calling for Sturdier Financial Support—Sees Much to Be Done and Suggests Ways to Do It—The Anglican Position in Church Union—Proceedings of the Synod.

The Church of England Synod of New Brunswick began its annual business session here Tuesday morning in Trinity church with Rt. Rev. J. A. Richardson, coadjutor bishop presiding, and a large attendance of clergy and lay delegates. The bishop's address to the synod, read as follows, Archbishop Foreyth to act as chairman:

Chatham—Archdeacon Foreyth, F. E. Neale, Fredericton—Canon Montgomery, Sheriff Sterling, Kingston—Rev. Scovil Neales, Colonel Montgomery Campbell, St. John—Rev. A. W. Smithers, R. W. Hewson, St. Andrews—Rev. J. W. Millidge, W. C. H. Grimmer, St. John—Rev. Dr. W. O. Raymond, H. B. Schofield, Woodstock—Rural Dean Teed, J. A. Raymond.

The Bishop's Address. The main business of the morning was the address of the bishop, coadjutor of the synod. He regretted that Bishop Kingdon's health did not permit of his presiding at the meeting. He said that the synod had to do with the prosperity and the future of the church in this province. He had held 103 confirmation services and confirmed 1,300 persons of whom many had been brought up in the communion of other religious bodies.

Speaking of the condition of the diocese, His Lordship said the prospects as a whole are bright and hopeful. There is an apparent everywhere and a growing tendency to assume more readily missionary obligations. The clergy are meeting the very real difficulties of their work in a fine spirit of self-sacrifice. "I seem to see here and there a tendency to opposite extremes of thought and practice in relationship to other Christian bodies, and in religious life extremes are almost always a mistake. There are, on the one hand, those who, in their honest zeal for the church, take up a position that inevitably provokes antagonism; and, on the other hand, there is a tendency, in some directions, to so minimize and explain away the differences between us and our separated brethren, that the church is in some danger of losing her distinctive character. Both of these attitudes are wrong. Neither the cold exclusiveness which warns people of our premises, nor that too great liberality which breaks down and treats as non-existent the barriers that do of necessity exist, rightly represents the church. We cannot afford to sacrifice a single principle, but neither can we afford to alienate the sympathy and friendship of those who are working at our side. To do the one is to be false to our heritage, to do the other is to contradict the church's Christian character."

The Problems. Problems to be solved were largely of a missionary character. So far as this diocese is concerned, they are briefly more and more money. The following parishes are, or will be vacant: St. Marins, Grand Manan, Queensbury and Southampton, Woodville, Welford, Harcourt, McAdam Junction, Bathurst, New Bedford, Richibucto and Burton. During the past two years losses both by death and removal have been very heavy, numbering 19 clergymen since 1905, and only nine names added to the list. There are also vacant missionary posts ought to be working without delay. Some have been occupied by students, and in this connection valuable financial aid from the Colonial and Continental Church Society Committee was acknowledged. There is an excellent opening in Chipman and Canning, and he urged the formation of a separate mission there. Derby, Blackville and Gray Rapids should be placed upon their old footing, and served as a single mission. Another missionary ought to be sent into the parish of Aberdeen, Edmundston and Grand Falls ought to be made a centre of separate work. There must be help for the missionaries in Alberta. Assistance is urgently needed in the parish of Addington. Altogether, at least fifteen more missionaries are needed. Queensbury and Southampton have been vacant for years, yet the people there are still clinging to the church. New Brandon is in the same condition. Douglas and Bright missionaries have been little more than intermittent. He said he did not know how to meet the difficulty, but he can afford to do so. He said that he thought that, in the future, we must not wait for men to come to us; we must go and look for them. Then, as there were almost always some vacant fields, I think that it would be well for us to have one or two unattached clergy at the disposal of the bishop. These he could send here and there to keep open missions, in which, for the time being, there are no regular ministrations of the church. An occasion at service would at least prevent people from losing touch entirely with the church. The children would not grow up unattached, as in some parts of the diocese they are in danger of doing now; and the church could not be charged with being heedless of her responsibilities.

Some of the secretaries of the diocese were also needed. The stipends were too small and living expenses were increasing. In almost every direction there is some sort of correspondence between the rate of wages and the cost of living. But the missionary is living today upon the stipend that was too small ten years ago. "My dear brothers of the laity, to you especially I am speaking thus. You are the chosen representatives of all the laymen in the diocese, and to you I affirm solemnly my deep conviction that the church is unjust to her missionaries—yes, and most unjust to her missionaries who are doing their duty to the church if they subscribe a few dollars every year. These are the men whom we must try to reach. We have been talking of it long enough. It is time we did something." He urged larger and more general subscriptions throughout the diocese. As far as he could judge the level of giving was below that of the Presbyterians in the province. "All through the diocese there are men, living on comfortable incomes, who think that they are doing their duty to the church if they subscribe a few dollars every year. These are the men whom we must try to reach. We have been talking of it long enough. It is time we did something." He urged larger and more general subscriptions throughout the diocese. These are the men whom we must try to reach. We have been talking of it long enough. It is time we did something."

The Matter of Plonias. Self-supporting parishes had not fallen away from the standard of the past, but much more could be done by sustained and systematic effort. There should be a systematic canvass in each of the parishes. He also urged effort on the part of the aided missions. He advised his hearers to "think carefully before you teach your people to depend upon subsidies as a means for the church's maintenance. There can be no doubt that incalculable harm has been done in certain parishes by this very questionable method of finance. I can understand that there are certain conditions under which money might be raised in this way, but it must be to depend upon such resources for the church's maintenance, and for the payment of the missionary's stipend, is not only unworthy of the church, but it is simply suicidal. In the long run there can only be one result, the slow but sure drying up of the springs of generosity and addition to the treasury could ever harm a parish for the commission of such a crime. The bishop suggested the use of the envelope system in every parish. More of the parishes must learn to depend upon their own feet. There was little doubt some being aided now were well able to support themselves. In such cases the bishop suggested withdrawal should be enforced by the synod. The bishop suggested need of a traveling secretary to give him time to this special work. He said that so long as a mission is dependent upon the board the appointment of the missionary to them should not rest in the hands of the people of the mission, and that it might be a move in the right direction, if a missionary should not be made on the fact that in some places relinquished all aid from the board. The application, to aid missions, of a system of graded stipends would bring some measure of relief. The bishop also suggested the advisability of devoting the Christmas or Easter offerings for the incumbent. Comment was made on the fact that in some places week day services were held very few and that in other places there are few Sunday school scholars and few communicants. A strong appeal for mission work in the west and elsewhere was also made by the bishop and he trusted the work of the committee and it needed strength. Words of commendation for the Brotherhood of St. Andrew was praised.

Sunday Schools. In reference to Sunday schools Bishop Richardson said it was proposed to enact legislation to make it lawful for the standing committee on Sunday schools to send to their members persons of either sex, who are engaged in, or interested in, the practical work of Sunday schools. This ought greatly to strengthen the work of the committee and it needed strength. From certain standpoints the Sunday schools of some other churches were in a measure of great weakness. There was lack of unity in the work. There should be organization so that each school should be an integral part of a whole and under the direct supervision of the diocesan department, primary department, kindergarten work and Bible class work. He further favored, also, a general secretary for Sunday schools and the Diocese of Quebec had asked this diocese to cooperate in appointment of a field secretary for the two dioceses. The bishop urged careful compliance with the canon on registers and spoke especially about keeping a record of the church services, held and said also that every parish priest ought to keep careful records of all families and communicants under his care. For a general parish record he suggested the individual card. The communicants' list, too, should be carefully revised from time to time. Speaking of the cathedral, he told of what he considered ideal there and said they were far from reaching it. During the last few years there had been a steady loss in membership and money and there were more grave financial problems before the power of the congregation. Organ, heating and lighting needed attention. A new organ will be ready soon, but heating and lighting would have to be attended to soon. The chapter had asked him to appeal to the diocese.

King's College. Nothing could be much more disastrous, the bishop said, than that the hold of the church here should be relaxed for want of missionaries. It is vitally important that the Divinity College should receive all the support they could give to it. Under the able presidency of Dr. Bond, conditions are being rapidly improved, and there is every reason to hope that, in the not distant future, King's col-

lege will be able to claim, and occupy, a foremost place among the colleges of Canada, so that it may look for their candidates for holy orders. The work of the Church of England in this province was warmly commended by his lordship.

Church Union. On church union, Bishop Richardson said a committee of both houses, appointed for that purpose, has prepared a report for presentation to the general synod. It seemed to him to make two serious mistakes, it conceded too much, and it ignored the real relationship of the church in Canada to the various branches of the Anglican communion all over the world. It conceded too much, because it proposed to compromise a principle by suggesting that the requirements of the Fourth Article of the Lambeth Quadrilateral would be met by the acceptance of

the matter of the treatment of some of the reports, a split took place. Departing from the regular custom, the reports have all been embodied in print. A motion was made that these be received without reading. This passed, and several of the reports had been treated accordingly, when Mr. Justice Hanington took exception, saying that the reports did not receive due consideration. With this the bishop coadjutor and others agreed. F. J. G. Knowlton, M. H. Hanington and others spoke in favor of the reports not being gone into in detail. The members would be able to read their booklets, and if the enclosure anything to which they wished to object they could protest when the reports were brought up for final adoption.

Justice Hanington, on reading his own report, as trustee of the Edgehill Girls' School at Windsor (N. S.) He spoke of the excellent work done during the past year, under the principality of Miss Gena Smith. The school will open its new year with about eighty-five resident pupils beside about twenty day boarders and day students, and it is thought that there will be 103 taking lessons in music.

To his printed report, the board of education made the verbal appeal that of \$20,000 from James F. Robertson upon the Robtshaw School for Boys, and recommended that the school be purchased. A notice of motion was given by Ven. Archdeacon Newham for the appointment of the bishop coadjutor as a member of the board of education. Mr. Justice Hanington gave notice of a motion that \$400 be granted for the traveling expenses of the bishop coadjutor. \$200 was ordered paid to Mrs. Neales. At the meeting on June 5 it was announced that the synod would pay \$100 annually for the cathedral chapter for the control of the new strong room, the payment of which \$200 had been paid in. The sum of \$200 received from the sale of an old rectory was ordered paid to St. Paul's church, Upper Kewby, toward the erection of a new rectory. Rev. J. E. Robinson was appointed secretary, and a committee was appointed to consider combining the offices of treasurer and secretary. A resolution of regret at the death of Ven. Archdeacon Neales was passed March 21, and an annuity of \$200 was ordered paid to Mrs. Neales. Other Matters. The bishop supported action in the great thank-offering to be presented to God in St. Paul's cathedral at the Pan-Anglican congress next June. He spoke in favor of the synod purchasing the Robtshaw School for Boys. "The school is the property of James F. Robinson, and the country should be under his efficient care, and I should like, in the name of the church, to take this opportunity of tendering him our warmest thanks." On Sunday evening, he said the day was fairly well kept in the province and he commended the Lord's Day Alliance for its work. He regretted that some country rectors reported "that the greatest hindrance to the observance of a quiet Sunday in the country districts is often the godlessness of summer visitors." As to glebe lands, he advised that they should be kept by the registrar and published from year to year in the Synod Journal a complete list of all these lands. In addition to this there might well be appointed a standing committee on "Glebe Lands," whose duty it would be to keep the synod informed as far as possible of all transactions affecting glebe lands, and to see that the church suffers no loss in vacant parishes.

The bishop entered a protest against what is known as "padding for a call" or preaching of trial sermons, which he declared unchurchly and unedifying. A welcome was extended to the bishop of Nova Scotia and in closing Bishop Richardson spoke of Rev. Thos. Neales, who had died since the last synod. The bishop's charge was referred to the standing committee for consideration and Rev. Dr. Campbell spoke of the charge as of wonderful practical import, such as he had never before listened to in the synod. It was decided on motion to send a despatch to Bishop Kingdon expressing all the sympathy in his ill health and a happy issue out of all his affliction. Rev. G. F. Scovil was appointed to assist Archbishop Newham in his duties as secretary of the synod.

Afternoon Session. The afternoon session was taken up in considering the amendments, alterations and additions to the constitution and canons of the synod as proposed by the diocesan representatives. The work was completed when the synod adjourned, and will be resumed this morning. The bishop coadjutor took the chair at 2.30 p. m. The diocesan representatives of the committee, moved the adoption and enactment of each canon. The constitution and canons were adopted as amended by the diocesan representatives. Canon 3, dealing with the appointment and election of a bishop coadjutor, contained a number of changes and additions. Some discussion took place on the section in which the committee recommended that "whenever at the request of the bishop of the diocese or whenever by the diocesan representatives a three-fourths vote of the clergy present and a three-fourths vote of the lay representatives present at a meeting of the synod, duly called, the synod shall by resolution declare it to be advisable that

a bishop coadjutor for the diocese should be appointed, the election of such bishop coadjutor shall, either at the meeting of the synod at which such resolution shall have been passed, or at any subsequent meeting, or at a special meeting to be called for that purpose, be proceeded with in the manner hereinafter provided and presented." A. H. Hanington moved an amendment that the appointment should follow a two-thirds vote expressing the opinion that it might be difficult to obtain a three-fourths majority. Other speakers contended that such an important matter as taking steps to appoint a bishop coadjutor should only be taken with a majority such as the committee recommended. The amendment was not seconded, and after further discussion on several minor details, the canon was adopted.

A new canon No. 9, dealing with the election of delegates to the general synod, was adopted. It provided for six clergy men and six laymen or their substitutes with the greatest number of votes should be entitled to attend. A former canon, No. 9, entitled Corresponding Canon in Connection with the Board of Management of the Domestic Foreign Missions, was amended. It struck out as unnecessary on account of the general synod having taken over the mission work of the provincial synod. Canon 12, dealing with the standing committee on Sunday schools, provided as amended that in addition to the bishop of the diocese the bishop coadjutor, six clergymen and six laymen or their substitutes on the committee six communicants to be appointed by the members of the committee.

Other changes in the canons dealt with were for the most part a verbal nature merely changing the phraseology. Wednesday Session. The consideration of the amendment of canons and constitution was resumed in the morning and a number of alterations made. In one of the canons it was provided that should a clergyman, whose wife had died, remove to another parish and marry a second time, the wife and children of this marriage should not come in for the clergy benefits. After considerable discussion, in which Mr. Justice Hanington figured prominently, this section was withdrawn as unjust. would have a year of great prosperity. The reverend gentleman's remarks were received with much applause.

Resolution of Thanks. Archdeacon Foreyth expressed the thanks of the synod for the privilege of hearing an address of such power and moved the following resolution: "That the thanks of the synod be tendered to Rev. Dr. Campbell not only for his interesting and instructive address in regard to the work of the Canadian Bible Society, but also for his address on the subject of the work of the Canadian Bible Society."

Mr. Justice Hanington, in seconding the resolution, said he hoped before the synod concluded its work that a resolution calling attention to the claims of the society on the church would be brought before them. The resolution was carried unanimously. Bishop Richardson in conveying the thanks of the synod to Rev. Dr. Campbell added that no word from him was necessary to assure the reverend gentleman of his personal sympathy with the work of the society.

The report of the committee on statistics and state of the church was read by Rev. Dr. Raymond, the secretary, who moved its adoption. The report contained the following remarks on the necessary incompleteness of the information owing to full returns not having been received from certain parishes: "The deficiencies of some returns which have been sent in are found to interfere very considerably with the completeness of this report. This is particularly evident in the Sunday school statistics. Only partial returns are given and in many instances neither scholars nor teachers, it is plain, have been reported. It is to be hoped that returns are for purposes of comparison."

Bishop Richardson said it was to be regretted that the work of the committee had been hampered by the incompleteness of the returns. Judge Hanington Critical. Mr. Justice Hanington characterized the state of affairs as disgraceful and a libel on the church. More money was expected, he said, from the laymen but some of the clergy would not give him an hour to make their returns complete. He appreciated what his lordship had said, the absence of full returns placed the church in a wrong, deceptive and misleading position. Their church was a live church but it was not so set forth owing to erroneous information. It made it appear that they were going behind and not doing good work. The clergy, he ventured to say, were no better than some of the laity and he felt it his duty as a representative to speak as he had done. Archdeacon Newham said, amid laughter, that it appeared they were catching up on the clergy. He could say, however, that as regards the board of missions reports had been received from every occupied parish. Mr. Justice Hanington—"Because it was compulsory."

Archdeacon Newham—"Well," they came after a little correspondence. Mr. Justice Hanington suggested that some responsibility rested on the laity as a vestry clerk kept the books. Mr. Justice Hanington said he had an answer to that. The laity did not control the vestry clerk. The bishop (smiling)—"I hardly intended my remark to bring forth so much rebuke." Mr. Justice Hanington—"It won't hurt."

Mr. Justice Hanington—"As you say it won't hurt and if the returns are more complete in future it will be to the credit of the church." The report was then adopted. Rothsay School Purchase. On motion of F. J. G. Knowlton the purchase of the Rothsay school was read and adopted with the exception of the report of the board of education. Rev. Scovil Neales, secretary to the board of education, having read the report, the first six clauses were discussed without discussion. The seventh and last clause was as follows: "The board of education has received from Mr. James F. Robertson an offer of the property known as the Rothsay College, building, equipment, etc., strongly recommending that the school be purchased by the board of education. The purchase price is \$10,000. The board of education has received from Mr. James F. Robertson an offer of the property known as the Rothsay College, building, equipment, etc., strongly recommending that the school be purchased by the board of education. The purchase price is \$10,000. The board of education has received from Mr. James F. Robertson an offer of the property known as the Rothsay College, building, equipment, etc., strongly recommending that the school be purchased by the board of education. The purchase price is \$10,000."

The trust fund was at the disposal of the synod for educational purposes and he considered the school well worth the money. It consisted of 163 acres, \$50,000 had been spent on it by former owners and during the last six years \$18,000 had been devoted to improvements. The board of education was unanimous for the purchase and he trusted the synod would accept their recommendation. Rev. Mr. Neales then moved the adoption of the section. In reply to questions by Mr. Knowlton, Rev. Mr. Neales said most generously and would allow \$15,000 to remain on mortgage at 4 per cent interest and the remainder would be set aside for the purchase of the school. He understood it was Mr. Robertson's desire that the college should remain a Church of England school for ever and he had for that reason made most liberal offer.

In reply to W. B. Wallace, H. B. Schofield said the \$18,000 spent in improvements was included in the account and that the \$1,000 income was net revenue. Mr. Schofield added that he had at first been opposed to the proposal but was now thoroughly satisfied the college would be a valuable purchase. Sheriff Sterling objected to such slender information being forthcoming in the transaction of such magnitude. He was not prepared to vote, he said, on a sudden motion. He did not consider they were pursuing business methods. Facts and figures should be set before them on paper and in detail. He was not prepared to spend \$15,000 on short notice. G. O. Dickson Otty said it was not the intention of the board to attempt to force the matter through without giving every opportunity for discussion. In reply to Mr. Knowlton the bishop said definite action had not been taken to close the Frederick school. Replying to Mr. Sterling's remark, his lordship said the proposal was not new. Mr. Robertson having given him a verbal opinion last winter. The board had engaged Mr. Bates of St. John's to appraise the property and his report was at the disposal of the synod. Dr. Bonden, principal of King's College, had also inspected the school and reported it one of the best he had ever had to do with. Canon Cowie gave some particulars of

the Frederick school, explaining that owing to increased applications it would be necessary to spend \$10,000 and that the board considered greater good could be done with the money at Rothsay. Mr. Bates' report was then read. Sheriff Sterling raised an objection that the building were not built for a school, and that their value would be reduced on that account. W. M. Jarvis replied that some length in the course of his remarks referring to the generosity of Mr. Robertson to the church in the past. A. C. Kirkweather endorsed the opinion expressed by Rev. Mr. Neales and others on the value of the property. On motion of Mr. Justice Hanington the meeting adjourned to resume the discussion after routine business this morning.

A 8 o'clock in the evening the members of the synod attended a choral service in Trinity church. More than fifty clergy, including Right Rev. Dr. Worrell, bishop of Nova Scotia, occupied seats in the sanctuary. A large congregation was present. Evensong was intoned by Rev. E. B. Hooper and Archdeacon Newham acted as soloist. Rev. Scovil Neales, rector of Sussex, preached a eloquent and forcible sermon from the text: "Therefore, my beloved brethren, be steadfast, immovable, always abounding in the work of the Lord." I Corinthians, xv-58. Rev. Mr. Neales in the course of his sermon spoke of the hope of the resurrection of the dead and the strengthening and extension of the church as being the subject of his message of our Lord, and urged upon his hearers the great need of men who would consecrate their lives to work in their own diocese.

The service closed with a prayer and the benediction by Bishop Richardson. HARRY VAIL QUILTS AS HARVARD COACH. New Brunswick Oarsman Angered by Interference of Students. Boston, Oct. 1.—Harry Vail, the well-known professional sculler and for many years coach of the Weld (Harvard) boat club, has resigned, and E. J. Brown, connected with the Jeffries Point rowing association of East Boston, with two undergraduates, a class crew captain and a varsity crew candidate who had been dropped during the eliminating process last spring. It appears that Vail found the undergraduates interfering with his business, and plainly told them that and those that they were totally ignorant of the subject matter, and that it would be far better for Harvard rowing if undergraduates attended more strictly to their own business. During the summer vacation the students, it is said, contacted the fight they were making against Vail, and another professional at Harvard was trying to secure Vail's place for a relative, William S. Youngman stepped in, and after finding that the breach between Vail and the college rowing authorities was beyond healing he named E. J. Brown, with whom he had been associated in amateur rowing many years. Vail has no definite plans, but can have his choice of several clubs, who are eager to secure his services. He has a fine reputation throughout the country, and was regarded as a fixture at Cambridge, where he was to have charge of the new Harvard Weld boat-house, which is the finest in the world.

NEW BRUNSWICKER KILLED IN WRECK. E. Ross, of Florenceville, Train Fireman, Scalded to Death in His Engine. Green Bay, Wis., Sept. 29.—One was killed, two were badly and slightly injured in a rear-end collision on the Chicago, Milwaukee & St. Paul road one and one-half miles north of Hilbert Junction at 1:30 o'clock this morning. The man killed was E. Ross, of Florenceville (N. B.), fireman on the passenger train in the collision. Five freight cars, a caboose, and three cars on the passenger train were derailed and damaged to the extent of thousands of dollars. The freight was standing on the main track when the passenger train struck it full speed, crashed into it. The caboose was crushed to bits. Fireman E. Ross was so badly injured and scalded by escaping steam that he died of injuries before medical assistance could be given him. His death was particularly terrible. He was carrying a position that escape was impossible and the steam scalded him to an awful end.

SERIOUS STATE OF AFFAIRS AT SPRINGHILL MINES. Springfield, N. S., Oct. 2.—The officials of the Cumberland Railway & Coal Company are manning the pumps and doing their best to carry on the work abandoned by the 300 members of Mechanics' Lodge who struck work this morning. The strike is the third time in the year that the pumps as a large quantity of water is running. MacKenzie King, deputy minister of labor, arrived tonight and had a conference with some of the men. John Moffatt, grand secretary of the P. W. A., also arrived in Springfield this evening. The company will do their best in the meantime to keep the pumps at work and engines going, but the government will doubtless soon have to take hold as they have said they would do, but where they are to get the men unless the members of the Mechanics' Lodge undertake the job is a serious problem. The union act provides that the government shall step in where it is necessary to save property and heavy penalties may be imposed on men who refuse to work, when called on in such a case. "I wonder why it is that we don't have an income tax? The majority favor it." "But the majority don't happen to be in power"—Lifé.

MARITIME PRESBYTERY IN SESSION AT HALIFAX

Lively Discussion About Pine Hill College Affairs--Appointment of Rev. Donald McGill Held Up--Next Year's Meeting at Truro.

Halifax, N. S., Oct. 2--The first business of the Maritime Presbytery this morning was the presentation of the claims of the Presbytery Witness, Rev. S. S. Carson, the manager, reported that in respect to his appeal at the last meeting of the synod there has been a very material addition to the number of subscribers, which is at this time the largest in the history of the paper.

Dr. MacMillan moved the following resolution, which he supported in an earnest speech, and which was seconded by Mr. McGillivray, and passed, however, only after an interesting and vigorous discussion: "Recognizing the very great service of the Presbytery Witness to the people of our own church and the churches at home and in foreign lands, and rejoicing in its increasing circulation and consequent usefulness, the synod cordially commends it anew to all of our congregations in the maritime provinces, and urges all our members and sessions to endeavor to introduce it into every family."

Several members of the synod spoke briefly in favor of the resolution, Judge Forbes, while appreciating the paper, expressed the opinion that the office of the publication should be in some larger and more centrally located place than Pictou. Dr. Sedgewick stated that he must say that he agreed with Judge Forbes in the opinion which he had expressed as to the removal of the office of publication from Pictou to Truro. He would earnestly urge the wisdom of a reversal to the former arrangement.

Dr. Pidgeon, convener of the General Assembly's committee on temperance and moral reform, was then introduced to the synod, and with admirable force and point reviewed the action of the General Assembly in the important matters dealt with by his committee.

A motion to refer the matter to the committee on temperance was vigorously and successfully opposed by Rev. Principal McGill and resulted in a decision to appoint a committee to be known as the committee on temperance, social and moral reform. In pressing for this Dr. McGill made a spirited and beautiful plea in support of the General Assembly's effort in the direction of reform, showing how wide and noble its purpose.

Pine Hill College matters, notably the appointment of Dr. Donald McGill, of Glasgow, to the chair of church history in the Presbyterian College was next discussed, following a report read by Dr. MacMillan on behalf of the board of governors. Dr. McGill and the Rev. Thomas Fowler both addressed the synod in excellent addresses, setting forth the wisdom of the choice of an old countryman, managing to get in some remarks on a certain gifted Irishman brought out to the college and now its principal. "I approve of getting the best man we can get," said Dr. MacMillan. (Applause.)

The fixing of a time and place for the next meeting of the synod was the first item of business. The General Assembly, Presbytery, moving that the meeting be held in Truro, and the motion was passed.

A communication from the Nova Scotia conference of the Methodist church was read, passed at its meeting, looking to a consolidation of church work.

Dr. Sedgewick moved a resolution reciprocating the sentiments expressed in the communication, and the appointment of the committee. In speaking of the resolution Dr. Sedgewick stated that he was not going into the question of church union, (cries of hear, hear), but that he would say in the communication was the kind which he, for one, heartily sympathized.

RAIN HOLDS BACK RAILWAY WORK

Thomas Malcolm, Contractor for International Line, Speaks of Operations. Thomas Malcolm, the contractor who is building the International Railway from Campbellton to St. Leonard's, is at the Royal, accompanied by his wife and her sister, Mrs. McKay.

Asked as to the progress of the work, Mr. Malcolm said it was probable the railway would be completed next fall. It would have been nearly finished this year if the weather had been favorable but since June practically nothing but a succession of rain storms had prevailed and had greatly interfered with operations. The labor question had also been a feature in the situation. While as many as 2,000 men had been on the payroll at wages ranging from \$1.75 to \$2 a day, they had been continually going and coming and at no time had more than 800 or 900 been at work at once. He had now about 900 men engaged.

Construction work, Mr. Malcolm mentioned, was now being carried on at both ends from Campbellton and St. Leonard's. Some of the sections on the line, he added, were difficult from a construction standpoint, one being an example, which was very winding in its course, having to be crossed sixteen times. A good grade, however, had been secured.

Successful Hunters. Frederickton, N. B., Oct. 2--(Special)--John J. Bolton, and his son-in-law, J. M. Melton, returned this evening from a hunting trip to Cain's River, bringing with them a moose and caribou as trophies.

Consumption Begins With a Cough. The cough racks and the tender tissues of the throat, the inflamed mucous membranes and the inflamed lungs, are the first signs of consumption. It is an insidious disease, and its progress is slow and sure. It is a disease that is often fatal, and it is a disease that is often preventable. It is a disease that is often cured, and it is a disease that is often preventable.

FAIR AT MOOSEPATH WAS A SUCCESS

St. John Agricultural Exhibition Drew a Large Number

EXHIBITS GOOD. List of Those Who Won Prizes in the Various Classes--Some Fine Horses and Cattle Were on View.

The weather conditions proving favorable, the annual fair of the St. John City and County Agricultural Society held Wednesday at Moosepath was well attended and proved very successful. The classes were well filled and the exhibits were of a high order. The number of cattle exhibited was larger than at any fair in former years, while there was also a good display of horses. The produce was exceptionally fine, the turkeys and chickens were of immense size. Great interest was taken in the bread-making contest and the display was a tempting one.

In the morning a number of city people also attended in large numbers and watched the judging with considerable interest. No sports of any kind were held and the crowd began to move homeward at 5 o'clock. The list of prize winners is as follows:
