C. G. I. T. HERE IN CONFERENCE

Nearly One Hundred Girls From all Parts of County—A Splendid Program

A very successful C. G. I. T. Conference was held in the United Baptist church, Hartland, Saturday afternoon and evening, under the leadership of Miss Marjorie Trotter, Maritime Girls' Work Secretary. The first session was opened at 2.30 when about 80 girls registered coming from all over the county. Following is the program:

2.00—Song led by Miss Estabrook.

2.30—Opening ceremony led by Miss Margaret Kennedy, president of the C. G. I. T. department of Hartland Baptist church.

3.45—Ten talks were given on the lives of famous women by the following girls: Ruth by Eva Carter, Esther by Margaret Cluff, Joan of Arc by Myrtle True, Queen Victoria by Kathryn King, Jenny Lind by Amelia Hayward, Sophia Wright by Dorothy Morse, Anne Judson by Helen Rideout, Clara Barton by Glenna Rideout, Florence Nightingale by Clara Kelly, Edith Carr by Mildred Dickinson.

4.15—Pageant—The Gate which leads to womanhood. This was very effective and well rendered by 20 girls of the Hartland group.

4.45—Miss Trotter led a very helpful discussion with the girls on C. G. I. T. work.

5.15—The girls enjoyed games on the hall which Mr. Teddie has very kindly given the girls and boys of the C. G. I. T. and C. S. B. T. groups, the use of for the winter.

6.15—A banquet was served in the vestry of the Baptist church. Over one hundred girls and leaders sat down and enjoyed the good things served by members of the Philanthropia and Junior Philanthropia classes. The following toasts were then given. To the King, proposed by Muriel Miller; responded to by singing, God Save our King. To the Church, proposed by Kaye Seely, responded to by The Church. One Foundation. To the Home, proposed by Inez Smith, responded to by Mabel Nevers. Leaders of Today, proposed by Victoria Irvine, responded to by Mrs. G. F. Bolster. Leaders of Tomorrow, proposed by Miss Kingston, responded to by Elizabeth Hayward.

The various groups had their own songs and yells which were heartily sung and applauded. Miss Trotter held the girls in very close attention while she related the story of the "Three Weavers," emphasizing the need of teen-age girls choosing the highest and best things of life. Sunday morning the girls attended service in the Baptist church and set together in reserved seats. Sunday afternoon at 2.45 the closing session was held. Miss Mildred Orser presided. Miss Doris London read the Scripture lesson followed by a solo beautifully rendered by Miss Elizabeth Hayward. Miss Trotter then gave her closing talk on "The Coming of the Kingdom," and how the teen-age girls can help to realize it. She opened her address with an elaborate picture of Christ growing into young manhood and accepting the call to the establishment of the Kingdom. She then proceeded to show how teen-age girls may help to establish this Kingdom by cultivating the qualities of Truthfulness, Sincerity, Unselfishness, Consecration. She closed by urging the girls to follow ever upward life's high quest and find through knowing God the very best.

Following are the girls who were in attendance together with the names of their hostesses.

HARD TO KEEP A GOOD MAN DOWN

A. W. Phillips, Burned Out at Bristol Week Ago Today Is Open for Business Again

True is the saying that "it is hard to keep a good man down." Just a week ago today the big and widely known store of A. W. Phillips at Bristol with its entire contents was completely destroyed by fire. Undaunted with this disaster, with characteristic courage and enterprise, he has arranged to take over the M. W. Caldwell store and stock and he is now open for "business as usual."

Mr. Phillips carried substantial insurance as every wise business man does, and is able to go ahead restocking the Caldwell store with fresh new goods. On Monday he left for Montreal and other Canadian markets where he expects just at this season to purchase goods at rock-bottom prices. Since the fire Mr. Phillips has taken into copartnership his son-in-law, H. R. Marich, and the new firm will do business under the name of A. W. Phillips & Co. Mr. Marich will also go to Montreal this week to assist in the restocking.

In a letter to The Observer Mr. Phillips states that he wants to thank all the people from far and near for their kind help and practical expression of sympathy. "We certainly never knew we had so many friends until the hour of need and it is certainly a comfort to us." He is hoping his old customers will stand by him, as the new firm will need the help of everyone and will promise to give, as always before, the best trades and values.

Mr. Phillips wishes the people who owe him money to call and pay the old accounts as every cent of available cash is needed right now.

AT THE HARTLAND UNITED BAPTIST CHURCH

"In remembrance of me" or the meaning of the Lord's Supper will be the subject of the sermon at the Hartland Baptist church next Sunday night. Many good people look upon this service of the church as a means of salvation while others regard it with feelings of superstition and so absent themselves from the Lord's Table. What did our Lord really mean by this service? Let us hear about it Sunday night.

Sunday morning the pastor will take for his subject "Withered Fancies."

In connection with the evening service there will be a reception of members and at the close of the service the communion of the Lord's Supper will be observed.

MAY TAKE OVER THE FACTORY

W. G. Briggs of Bristol Looking Over Property of Hartland Manufacturing Co. With View to Operating Wood-working Plant

W. G. Briggs, whose wood-working factory and grist mill at Bristol were destroyed by fire a few weeks ago was here on Saturday conferring with H. H. Hatfield in the matter of taking over the wood-working plant of the Hartland Manufacturing Co. and commencing work this spring. Mr. Briggs informs The Observer that if suitable arrangements can be made he will come here and make the effort of putting the factory on a profitable basis. This would be an excellent thing for the town and Mr. Briggs should be given every encouragement. All the housebuilding materials used here of late years have been brought in from other towns, the product of outside labor and enterprise, while this town should be built up of materials manufactured here. Not only should this be the case, but there is no reason why a properly managed wood-working factory might not be supplying materials to all the surrounding country.

The building which houses the Hartland plant was built through the enterprise of the late R. W. Richardson some twenty-five years ago. Mr. Richardson was a progressive man and was largely instrumental in giving Hartland its first building boom. He built many houses here. Later the factory was operated with J. P. Alcora as manager, but was top-heavy with managerial and clerical force, there being a larger office staff than operating crew. For a number of years the plant was idle and W. H. Keyes became manager for the owners, for a time, and then operated under lease, with fair success. The war came and mounting building costs made business too slow to be profitable. Still in war times Hartland Manufacturing Co., Ltd., with H. H. Hatfield at the head, took the plant over and added machinery for the manufacture of potato starch and flour, but the whole industry died with the closing of the war. For several seasons the wood-working plant has been operated only spasmodically, but there now seems hope that the business may be revived and made to pay.

BARACAS ANNUAL MEET MAR. 4

The annual reunion and business meeting of the Baraca class of the United Baptist Sunday school will be held at the home of Mr. and Mrs. S. S. Miller on the evening of March 4. Besides the members of the large class a few other friends will be invited. The occasion is planned to be a "New Brunswick Literary Evening" and a program made up of the literary work of local and provincial writers will be heard. Mrs. Miller has taught the class for years and these annual reunions are very bright occasions for the members.

Edmund Robinson who was brought to Hartland from his home at Armand suffering from a serious ailment was recently operated on by Dr. Belyea at the home of Mrs. P. C. Barber, R. N.

DON'T DOSE A COLD

—USE VICKS

External Treatment With Vaporizing Salve Is Best

Mr. Alex McDougall, Box 655, Regent St., North Sydney, Nova Scotia, writes: "I had a bad cold in my head. I tried many remedies, but had no relief until I used Vicks. It is also the best salve I ever used for a cold in the chest. Put some Vicks Vapor Rub on your chest, cover with a flannel and you have a sure remedy. For a cold in the head, melt a little Vapor Rub, and inhale the vapors. In a short time your cold will be gone."

Vicks Vapor Rub is an externally applied vaporizing salve. While it acts like a liniment or plaster, it is also inhaled as a vapor, and so gets into the throat and lungs immediately. The cold is often broken up overnight. Vicks is the modern direct treatment for cold troubles, the successor to goose grease, camphorated oil, liniment, poultices and plasters.

Used for croup and children's colds, Vicks gives remarkably quick results and also avoids nauseating internal dosing. Just as good for adults and for skin inflammation, such as cuts, burns, bruises, bites, stings.

At all drug stores 50c a jar. For a free test size package, write Vicks Chemical Co., 344 St. Paul St., W., Montreal, P. Q.

Though Vicks is new in Canada it has a remarkable sale in the States. Over 17 million jars used yearly.

T. A. JONES' LATEST "BREW"

Observer: You said you'd like your readers to be sending Pieces on lines that to them doth appeal;

T. A. Jones: I have lately been intending, For I do like to write just what I feel.

I think it is a step in right direction. I hope that all the manuscript sent in Will tend to make a very good collection.

Will help to free our land from awful sin.

It's in my latter days I've started rhyming; I love to write the Truth all up in verse;

Thus try to help to set the joy bells chiming; Help keep the earth from getting any worse.

I like to write up the good gospel story As we do have in "Testament" called "New";

How God will fill mankind with His great glory, If man God's holy will will ever do.

Not now I'll die, but live and write love's story; Will help a bit to change this "airily scene."

But some day I'll leave here and go to glory, And there I'll see the dear old "Widened Green." Amen!

T. A. JONES.

WHAT THE PACKAGE DOES

Tea growers have found from experience that it is necessary to pack tea in air-tight metal-lined chests as soon after plucking as possible to preserve the flavor and goodness of the leaf. Equally so is an air-tight package necessary for retailing tea, and for that reason, the "SALADA" air-tight aluminum package is the most practical way of preserving tea-flavor that is known. Bulk tea is always poorer in flavor since it is exposed to air.

Here and There

A new record has been established
by the Department of Marine and
Fisheries in the number of white
fish eggs collected for hatchery pur-
poses in the Great Lakes and the
Lake of the Woods. A total of 464-
500,000 eggs were obtained, which
exceeds all previous collections in
the provinces of Ontario.

A new deposit of soapstone has
been discovered on Trap Lake, a
small lake south of Wabigoon Lake,
in northwestern Ontario. The quality
of the stone has been reported as ex-
cellent for various industrial uses,
and practical trials are under way.
Water transportation is available
direct from the deposits to Wabigoon
and Dryden, on the main line of the
Canadian Pacific Railway.

It is announced by the Canadian
Pacific Railway that two free
scholarships, covering four years' tu-
tion in architecture, chemical,
civil, mechanical or electrical en-
gineering at McGill University, are
offered, subject to competitive ex-
aminations, to apprentices and other
employees enrolled on the permanent
staff of the company and under 21
years of age, and to minor sons of
employees.

Canada's fisheries' production dur-
ing 1923 is estimated to be worth
\$40,000,000. At the beginning of the
year it was not thought that any-
thing like this mark would be reach-
ed, for the Fordney tariff had cut
deeply into exports to the United
States. But as the year wore on the
demand and prices generally im-
proved, thus giving fishermen along
the Atlantic coast, especially a much
better market.

Approximately \$5,000,000 will be
spent by the Dominion Coal Com-
pany to open up a new mine and
colliery at Lingan, Nova Scotia, and
construction of a branch line of rail-
way to the new site has already been
started. The new colliery will be
equipped with every modern device,
and a model town will be planned in
its vicinity. It will have a capacity
of some 2,000 tons daily.

The tenth annual Ski Tournament
will be held at Revelstoke, February
4th and 5th, in connection with which

Canada in 1922 produced more
coal, lead, cobalt and asbestos than
during any other year since mining
records have been kept. The output
of coal was in the neighborhood of
17,800,000 tons, or 685,000 tons bet-
ter than the best previous record,
and 2,000,000 tons over that in 1922.
The output of copper, nickel, cement
and asbestos was also much above
that for the preceding years. Gold
production was down somewhat, but
this was due more to a power short-
age than anything else.

As a result of efforts on the part
of Hon. J. A. Robb, Minister of Im-
migration and Colonization, a 20 per
cent preference rate on Atlantic
passage for all British immigrants
settling in Canada has been ar-
ranged to come into effect on March
1 and continue until the end of the
main immigration season at the end
of November. It will apply only
to British immigrants coming direct
to Canada from the British Isles,
and will affect all lines coming to
Canadian Atlantic ports.

LOCAL AND PERSONAL ITEMS

"The Day of Faith," a film developed
from the fantastic story of the same
name by Arthur Somers Roche, was
given at the local theatre on Wednes-
day evening. The story itself was sim-
ilar in type to "The Miracle Man" and
founded on the maxim that "My
Neighbor is Perfect." This platitude
was carried along as a context
throughout the piece. Eleanor Board-
man was pretty and clever in the
main role and was ably supported
by the old tragedian Tyrone Power
and others. On Saturday evening the
management put on the film drama,
"Trimmed with Scarlet," a delightful
play with stage settings extending
from Monte Carlo to New York. A
Western reeler was added to the
program. Read this week's advertise-
ment in another part of this issue.

The boys of the local high school
are most cocky now, since they gave
a bunch from Perth such a merry time
at the local gym. on Friday evening.
They gave the Perth high school five
an absolute waxing. The first period
ended Centreville 15, Perth 4. The
latter team scenting disaster in the
second half were then persuaded to
play a big rank outsider at centre as
substitute. Even the manager sat by
and hung out long and loud for the
change. Centreville stuck to their
guns however and refused to play un-
less they confined the game to high
school students. After much impor-
tunity the Perth boys went on the
floor again and the second period saw
a total score of 39 to 12 run up in
favor of Centreville. A good crowd
witnessed the game. The Perth team
returned home on Saturday morning.
Eric Brown refereed the game most
capably.

On Sunday, March 2nd, Rev. H. R.
Bell will preach at Centreville 11 a.
m. and 7.30 p.m., Carvell at 3 p.m.
At the evening service the Baptist
choir from East Florenceville under
the leadership of Mrs. Lorne Simon-
son will have charge of the musical

part of the service. The hymns will
be interspersed with solos, duets,
quartets, etc. On Thursday evening
the annual roll call of the church will
be held. Mr. Bell will be assisted by
Revs. Bolster and McLatchey of Hart-
land and Woodstock respectively. Ev-
eryone will be cordially welcomed to
these services. At the Sunday morn-
ing service Mr. Bell tendered his res-
ignation, subject, of course, to the ap-
proval of the church board.

GRADUATE NURSE FINDS

"THE PERFECT REMEDY"

Graduate of National Temperance Hos-
pital. Tells of Remarkable Cases
Where Tanlac Has Proved
Effective

"From my long experience as a pro-
fessional nurse, I do not hesitate to
say I consider TANLAC the most ef-
ficient and natural stomach medicine
and tonic to be had. It is undoubtedly
Nature's most perfect remedy," is
the far reaching statement given out
for publication, recently by Mrs. I. A.
Borden, Seattle, Wash., a graduate of
the National Temperance Hospital, of
Chicago.

I have used TANLAC often in treat-
ment of my patients and my experi-
ence has been that for keeping the
stomach, liver, kidneys and bowels
functioning properly, and for toning
up the system in general, it has no
equal.

Tells of Case

"About a year ago I had a lady pa-
tient who could not keep a thing on
her stomach fifteen minutes, not even
water. I prevailed on her to try TAN-
LAC and after the sixth bottle she
could eat absolutely anything she
wanted without the slightest bad after
effects.

"I had another patient who simply
could not eat. I got him started on
TANLAC and by the time he finished
three bottles he was eating ravenously
and had regained sufficient strength
to return to work.

"These two instances are typical of
my experience with TANLAC. My
confidence in TANLAC is unlimited.

EASTERN STARS PUBLICLY INSTAL

On Friday evening a large number of Masons and friends of Friendship Chapter No. 8 of the Order of the Eastern Star assembled by invitation to witness their second public installation of officers which took place at the K. of P. hall. The beautiful ceremony was most impressively carried out, Worthy Patron A. W. Kyle being the installing officer. During the ceremony Past Worthy Matron Evelyn Tedlie and Past Worthy Patron Kyle were decorated with golden stars, gifts of appreciation from the members. At the official bidding of goodbye to the retiring Worthy Matron and Worthy Patron, Kenneth Keith sang most effectively Tolstol's "Goodbye."

After the close of the official ceremony some of the guests were invited to make brief addresses and Dr. Belyea was a thunder of applause with his recounting some of the Past Worthy Patron's "past worthy acts." Readings by Mrs. Wright (Lakeville) and a solo by Dr. Coysch added much to the interest of the evening.

Most inviting refreshments of sandwiches, cake, tea and coffee were served as only the Eastern Stars know how to serve, and the whole evening was one of great enjoyment.

The new officers are: Worthy Matron, Clara B. Kyle; Worthy Patron, Gordon McBurney; Associate Matron, Myrtle Dickinson; Secretary, Emma Kelley; Treasurer, Vella P. Aiton; Conductress, Martha M. MacCallum; Associate Conductress, Lillian O. Laakey; Chaplain, Ruth Mallory; Marshall, Sadie J. Seeley; Organist, Elsa S. Keith; Adah, Abbie D. McBurnie; Ruth, Myrtle N. Belyea; Esther, Janet M. Aiton; Martha, Lou C. DeWitt; Electa, Ella M. White; Warder, Maude M. Miller; Sentinel, Kenneth W. Keith.

Florenceville Facts

Our community has been saddened this past week by the death of two young men. Jack Schriver died on Tuesday at the Royal Victoria Hospital, Montreal. His remains were brought to Florenceville and on Friday Rev. K. Vallis conducted the service in the Baptist church and he was laid to rest in the lower church yard. On Friday Gene McCain, only son of Mr. and Mrs. Edward McCain, passed away very suddenly. He seemed to be gaining and his sudden death came as an awful shock to the family and friends. The funeral services were conducted on Sunday by the Rev. G. C. Pringle of Kincardine, assisted by the Rev. Mr. Vallis. The sympathy of the community goes out to the bereaved ones.

James Johnston of Woodstock is visiting at the home of Chas. N. Boyer. The Rev. G. C. Pringle spent the week-end with Mr. and Mrs. A. D. McCain.

Mrs. Harley Boyer spent last week visiting her sister, Mrs. Lee Canan of Somerville.

Miss Fie Armstrong of Portland, Me., and Mrs. Electa Delano of Fort Fairfield spent the week-end with Mrs. W. P. Hagerman.

A. D. McCain returned from St. John on Thursday.

Miss Marjorie Boyer spent Saturday with Mrs. C. W. Boyer.

On Saturday morning the house occupied by Sam Jones was burned.

"LEGALLY DEAD"

Will Campbell, a newspaper reporter, after a quarrel with his wife, leaves home and determines to disappear, using the period to prove a theory that circumstantial evidence is responsible for many men being unjustly executed. He commits a minor crime and is sent to the penitentiary. There he meets a girl who is serving a term to protect her roommate. They fall in love. Campbell and the girl frustrate a jail break and save the warden's life, winning pardons. In the girl's home town Campbell is given a chance to make good and does. However, he is recognized by the detective who had first arrested him. One night the detective is shot and Campbell is blamed. He is tried, convicted and sentenced to die. The girl pal of the real murderer confesses at the last minute to the governor, but it is too late. Campbell has been hung. Doctor Gelsner, a former friend, gets the body and through the use of adrenalin restores life. Will goes back to his old home to find his wife divorced and remarried, and he returns to Minnie and happiness.

The photo-drama will appear at Hartland Thursday, Feb. 28, and Centerville on Saturday, March 1.

HARRY COOK

Harry Cook of Upper Brighton died on Friday evening after a brief illness of pneumonia. He is survived by his widowed mother and a number of brothers and sisters, most of them of a helpless age. Since his father's death he has been the mainstay of the family and his death is sad not only for the reason that it is sad to see the passing of a young man—he was hardly 24 years of age—but the leaving of the family to whom he meant so much. The afflicted ones surely have the deepest sympathy of all. The funeral was held on Monday afternoon at Upper Brighton, the service being conducted by Rev. P. J. Quigg.

FIRE AVERTED AT LAKEVILLE

Heater Car Burns and Potato House is Threatened—Other Notes of Lakeville

It looks as if the ground hog knew a thing or two. We certainly are getting some cold weather this month.

Rev. Hugh Miller held his Bible Study Class at W. F. Anderson's on Tuesday night. Quite a number were present.

The Valentine Party on the 14th drew a good crowd. The address by Rev. Joseph Hays, S. S., was appreciated. His closing words were from Shakespeare "To thine own self be true, and it must follow, as the night the day, thou canst not then be false to any man."

Quite a bit of excitement took place here on Wednesday night. A heater car that was ready to be loaded the following day caught fire and it looked for a time as if W. F. Anderson's potato house might go too. A large crowd soon gathered and pushed the burning car down the track and saved the situation.

In this school district there are 42 large houses with 144 inmates. Surely there is an overcrowding in this place.

A large amount of produce is being shipped from this station now.

Several persons are suffering from colds. Helen Tracey among those who have the most serious attack.

Stanley Wilson is away working in the woods and expects to be gone until spring.

The Detroit fever has not reached here yet although it is quite prevalent in the surrounding districts.

Mrs. Geo. Smith's health continues much the same.

If you think there are any people in New Brunswick who are out of a job read the social page of The Telegraph-Journal, Gleaner or Carleton Sentinel and you will find the women especially are setting a pace.

LIKE ROBIN HOOD FLOUR
Hartland United Farmers Store has received the following testimonials regarding Robin Hood Flour:

"In expressing my opinion since using Robin Hood Flour I can truly say it makes very nice bread and rolls. Your other flour, Cream of the West, is also very good. It is hard to say which flour makes the best bread."

Mrs. Wm. D. McLeod.

"You asked me how I liked Robin Hood Flour and I am writing to tell you I can say it is the very best flour I have ever tried for bread or cake. I had one barrel of Cream of the West and thought it good but since I tried Robin Hood I do not want any other kind when I can get Robin Hood."

You may freely use this letter for a testimonial if it will help you.

A KING CAN HELP HIMSELF

By M. QUAD

Copyright, 1924, by the McClure Newspaper Syndicate.

His royal ulbs of Perola, finding that his treasury was empty again and that a prima donna would soon visit his capital to sing for him and would expect a sunburst as big as a dinner plate, called Murphy, his royal treasurer, to him and said:

"Murphy, thus far you have been a fat failure. Your suggestions about how to raise money have not been worth peanut shucks."

"Your highness, can a man make money out of nothing at all?" replied Murphy. "When I came here you had a full treasury; you had horses and carriages; you had a few diamonds left. Where have they gone? Excuse my plain speech, but you have wasted them in spite of all I could do. If they are gone, is it my fault?"

"Of course it is your fault," said the king. "It was your business as treasurer to keep my coffers supplied as fast as I emptied them. I am a king and must live as a king, and my treasurer must be constantly planning new ways to uphold my dignity. As a king who is almost dead broke can I have dignity? You know I can't. You don't seem to care a red cent whether I am humiliated or not."

"But I do care, O king. I care so much and have planned so much that my head is buzzing all the time. Just now it would be a relief to part with it."

"But I rather like you, after all, Mr. Murphy, and I shall let you keep your head on your shoulders for a while and try to teach you something about finance. It is true that I spend large sums of money and that I have the reputation of being a waster, but I know how to finance and get the rhino back. For instance, bring hither a poker deck."

Murphy disappeared for two minutes and then came back, bringing a pack of cards and a face that showed dejection and despair. He had had that trick worked on him before, and it was coming again.

"Now, then, Murphy, I owe you about \$5,000 back salary, don't I?" asked the king.

"It's all of that, your majesty," was the reply.

"Well, I'll give you a chance to win some more. Cut for deal. I take the first deal. How many cards do you want?"

"None, O king."

"Ah-ah! You have got a pat hand, eh? Well, what is your bet?"

Murphy replied that he would go \$10, and when the king saw him and raised him \$10 more he had to keep it up. It finally came to a showdown with \$500 in the pot, and the king showed a straight, while Murphy showed a flush.

"I take the pot!" exclaimed the king. "Not on that hand, your majesty. I have a flush here, and a flush beats a straight every time."

"It used to, but I changed it some time ago. Mr. Murphy, don't look so amazed."

"Now, then, I have got a scheme to work. You ought to have thought of it long ago, but haven't enough wit to. I want you to issue a royal edict that on next Sunday evening all my subjects who can gather here will witness a strange phenomenon. At the time the moon rises a second moon will rise also and there will be two moons in plain sight at one and the same time."

"But how can you make a second moon?" asked Murphy.

"I can't," replied the king. "Then the people who come to see it will call you a faker, won't they?"

"They may call me anything they feel like, but they will have to pay cash for it. My little scheme is like this: The next day after the moonlight excursion I will notify all who were here to let it be known whether they saw one moon or two. They will be divided. While all will have seen only one moon, a part of them to flatter me will claim to have seen two."

"You are right there, O king," admitted Murphy.

"And I shall be right about other things, my old has been. I want you to see about bottling up about 5,000 bottles of clear water and labeling each bottle 'King's Eyewater.' I will proclaim to those who didn't see but one moon that something is wrong with their eyes and that they must use this eye water. The price will be \$5 per bottle. I will also proclaim to those who say they saw two moons that something is also wrong with their eyes, and they must buy a bottle and pay the same price. Now, then, can you see the point after I have thrown it at you?"

"By George, but it is great," exclaimed Murphy.

"Well, not so very great, but it will do—it will do," said the king. "If it don't bring in at least \$10,000 then I will admit that I don't rule the sun, the moon, the stars and the seven seas. Now, Murphy, we will have another hand at poker. Poker is a very pleasant and instructive amusement. You may win back all you have lost and \$5,000 with it. I sincerely hope you will, for you are good hearted even if you don't understand finance. I will take a deal, and I hope you get a straight flush the very first hand."

But Murphy said, he heard riot going on in the street and that his presence was badly needed out there, so he placed his hand on the table, and he hurried away and thus saved the balance of the little fortune that he kept tucked up in his trunk.

THE ROAD FROM CAMPBELLTON

Editor, Observer:

Permit me to express my opinion concerning an article in your paper Feb. 13, with reference to the proposed highway road between Campbellton and Madawaska, county. I have been doing an extensive lumber business on the head waters of the Tobique river with head quarters at Five Fingers on the I. N. R. for the last seven years and pretend to know a good deal about this country.

In the first place it would cost considerably less to build this road from St. Leonard's, as there is already a level country, while if this road should

start from Edmondston across country there would be Green River, Quibb, St. Sigas, the head of Grand River and the head of Restigouche river to bridge.

This would also mean an up and down hill road, more costly to build, on account of so many bridges, besides being twenty or twenty-five miles longer.

Now is this road built to Edmondston instead of to St. Leonard's, any party coming up the St. John from Woodstock, Fredericton, or any point south, or from the State of Maine, would have to drive this twenty-six miles from St. Leonard's to Edmondston to make the turn towards Campbellton, or if a party were coming to any of our down-river towns, they would have to drive this extra twenty-six miles again.

This road if started from Edmondston would be a great convenience for the people of that town and adjoining districts, but what about St. Leonard's and our towns south of St. Leonard's?

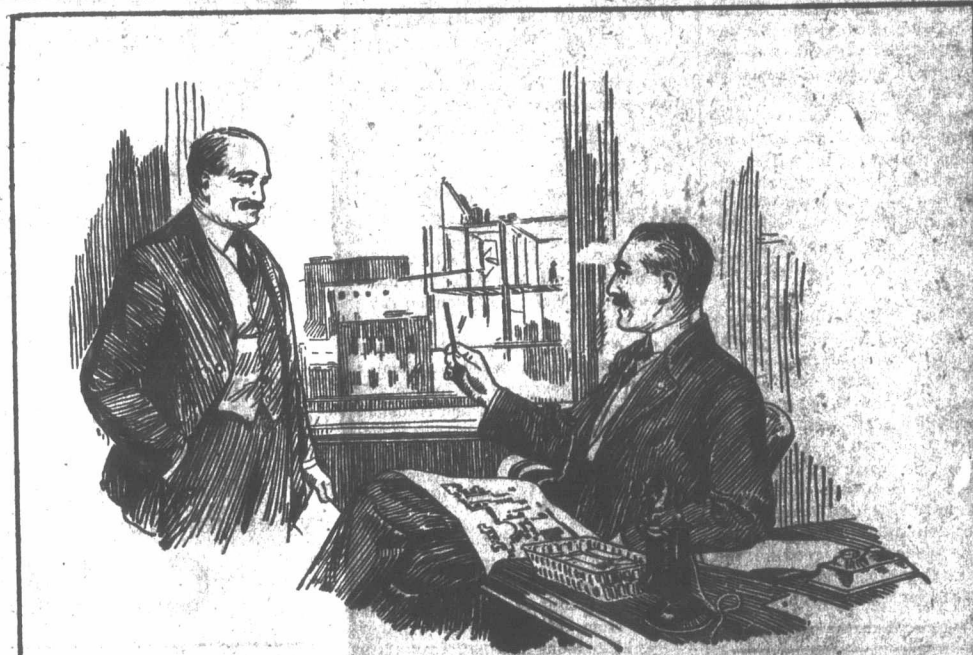

I would like to hear from some of your readers concerning this question, and hoping you will find space in your valuable paper to publish this letter, and thanking you in advance, I remain,

J. E. WAUGH, Andover, N. B.

Panama Bathing Beauties

Twenty of these twenty-two children are girls whose ages range from seven to fourteen years, and they are not mere bathing beauties. From their infancy they have played in and around the water at Panama, and they now give regular exhibitions of their aquatic skill. The girl on the left of the rear row is a back-stroke and crawl champion of the Panama Canal Zone and she is to take part in the Olympic Competitions. The photograph was taken after an exhibition before the passengers of the Canadian Pacific S.S. Empress of Canada, now on World Cruise.

"Health Is After All Your Biggest Asset"

EXCESSIVE mental strain—worries and anxieties consequent on the ups and downs of business—

The difficulties in estimating what the future holds in store—

These are some of the causes which have hastened the end for many prominent men during recent years.

Employer and employee alike have been subjected to greater strain of brain and nerves than ever before.

Too often the value of guarding the health has been overlooked and the results are a warning to the survivors to remember that health after all is our biggest asset.

It is comparatively easy to restore the exhausted nerves by the use of Dr. Chase's Nerve Food provided treatment is begun in reasonable time.

When digestion breaks down—when you cannot rest or sleep—when you find yourself nervous and irritable you may be sure it is time to ease up and begin the use of this restorative treatment.

The brain and nerve cells are not getting proper nutrition. Nor will they so long as too much nervous energy is wasted in worry and anxiety and too little left to control the organs of digestion.

There is no magical way in which the depleted nerve cells can be restored.

They must be patiently nourished back to health and strength.

This restorative process is best brought about by the use of Dr. Chase's Nerve Food. This has been proven in so many thousands of cases that evidence is to be found in almost every community. Ask your friends and be master of your health by using Dr. Chase's Nerve Food.

You will notice that while the price of Dr. Chase's Nerve Food has been increased to 50c the box now contains 60 pills instead of 50 as formerly.

Likewise Dr. Chase's Kidney-Liver Pills are 35c for 35 pills, instead of 25c for 25 pills.

SEWING CIRCLE GOSSIP

There was some discussion at the Sewing Circle this week about the respective merits of local and western beef. The wife of the new Bank Manager said that she had no preference; she would just as soon have one as the other. The only thing on her table she said about which she was very particular, was her coffee. She insisted on LUKOR ORIENTAL COFFEE, and would take no other kind. If the grocer sent her any other kind she sent it back. The new Bank Manager's wife is a strong-minded woman and a sensible one too.

BACK AGCHED TERRIBLY

Mrs. McMahon Tells How She Found Relief by Taking Lydia E. Pinkham's Vegetable Compound

Chatham, Ont.—"I took Lydia E. Pinkham's Vegetable Compound for a run-down condition after the birth of my baby boy. I had terrible pains and backache, and was tired and weak, not fit to do my work and care for my three little children. One day I received your little book and read it, and gave up taking the medicine I had and began taking the Vegetable Compound. I feel much better now and am not ashamed to tell what it has done for me. I recommend it to any woman I think feels as I do."

—Mrs. J. R. McMAHON, 168 Harvey St., Chatham, Ont.

Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has for nearly fifty years been restoring sick, ailing women to health and strength. It relieves the troubles which cause such symptoms as backache, painful periods, irregularities, tired, worn-out feelings and nervousness. This is shown again and again by such letters as Mrs. McMahon writes, as well as by one woman telling another. These women know and are willing to tell others, what it did for them; therefore, it is surely worth your trial.

Women who suffer should write to the Lydia E. Pinkham Medicine Co., Coburn, Ontario, for a free copy of Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women."

- The Engineers of the N. B. Electric Power Commission, Mr. Stevens in charge, will begin next week making a detailed survey of the storage possibilities of Temiscouate Lake and Big Squat Lake. The party will be made up at Edmundston with chairmen and helpers from there.

The New Paige

Try to Match Its Performance or Its New Price

HERE'S the New Paige—unmatchable in performance and value. You cannot buy more sure ability on the road or delightful docility in traffic. So flexible is the big 70 h.p. Paige motor.

You cannot buy a more comfortable car, for Paige has the 131-inch wheelbase, the 5-foot spring suspension, the balance, that give utmost comfort.

Never Before So Fine a Paige

The big 70 h.p. Paige motor—with its silent, automatically adjusted timing chain—is the motor of the New Paige. Refined for even greater service. The clutch and transmission which made Paige so famously easy to handle are also retained with additional smoothness and efficiency in the New Paige.

Paige Timken axles; ball-bearing steering spindles; the tremendous, unyielding frame—all of which added to Paige reputation for ruggedness—are found improved.

Here's What the New Paige Will Do

Think of what it means to have a car that will do 70 miles an hour. You can climb hills in high while others shift and stall—dash ahead of the crowd.

Think of what it means to have a car that takes you in unjolted comfort at good speed over roads which other cars hesitate to travel.

Think of having a motor so silent that you sometimes wonder whether it is running until the pressure of your foot brings instant response. So smooth that a pencil may be balanced on the radiator cap—so flexible that you can drive from 2 to 70 miles an hour in high gear.

New Low Prices Create New Value

Last year the Paige Phaeton cost \$3825Windsor. Today, the New Paige—still the same big, powerful

quality car, refined in many ways, improved in style, bettered in performance—costs many hundreds of dollars less. You will be astonished when you inspect the New Paige and learn its low price to find you may now possess so fine a car so economically.

How Can We Do It?

How can we offer so much at such a price? The answer is simple! Three years ago our business was 15,000 cars a year. Now, with the Paige-built Jewett, our capacity is 500 cars a day. The saving in overhead is important, as you can see. This saving is applied to bettering the Paige—and reducing the price.

An Exclusive Car

There are no smaller, cheaper Paige models. You need never explain which Paige you own.

Drive the New Paige. We'll be glad to have you. Telephone or call today for a demonstration. There's no obligation, of course.

FORD TOURING
CAR Free!

to be given to the salesman who has the most points to his credit for Automobile Sales from date to June 30, 1924 inclusive

Having found it difficult to secure the services of enough experienced salesmen to properly canvass our territory during the short automobile season we are open to appoint a large number of special representatives for the next four months. These special representatives will be paid on our regular

commission basis and in addition will have an opportunity of competing for the FORD TOURING CAR which will be given to the salesman scoring most points.

The points will be figured on the following basis:

	For the Sale of	In March	In April	In May	In June
FORD SEDAN	1200 points	1100 points	1000 points	900 points	800 points
FORD COUPE	1000 "	900 "	800 "	700 "	600 "
FORD TOURING	800 "	700 "	600 "	500 "	400 "
FORD ROADSTER	600 "	500 "	400 "	300 "	200 "
FORD LIGHT DELIVERY	400 "	300 "	200 "	100 "	0 "
FORD TRUCK	200 "	100 "	0 "	0 "	0 "
FORD TRACTOR	0 "	0 "	0 "	0 "	0 "
*Any LINCOLN Model	8000 "	3000 "	3000 "	3000 "	3000 "

*The LINCOLN is a FORD Product.

Sales that are strictly cash on delivery will score an additional twenty-five per cent of points over above schedule.

At the present time we are being urged to accept the distribution of a line of medium-priced cars of most exceptional value. As our policy for twelve years has been to push one line only we will give the matter very careful consideration before reversing our policy. At the same time we realize that most successful dealers are selling several lines and we may have an announcement to make in this respect very soon.

Should we take on this new line credit for sales of the various models will be given on a basis about double that given for the sale of the same Ford model.

Salesmen with experience or other qualifications may register for above competition at most any point in York, Carleton and Sunbury Counties.

In some localities societies of any kind will be allowed to compete as one individual. Our own salaried salesmen or salesmen selling other makes of cars will not be allowed to register.

Any salesman cutting the price or violating any rule of good business will be disqualified in the competition.

Salesmen selling new cars and turning an approved second-hand car into our stock on account of same will only receive credit for half the number of points which he would receive for a clean sale of a new car.

On the other hand, salesmen selling second-hand cars out of our stock will receive credit for half the number of points they would receive for the sale of a new car.

Any salesman may bring a prospect to our show-rooms and we will be glad to help him close the sale and give him credit for same.

CASH DEPOSITS, NOT LESS THAN FIFTY DOLLARS, REACHING US IN MARCH, APRIL, MAY OR JUNE WILL BE CREDITED AS SALES IN THE MONTH IN WHICH THE DEPOSIT IS RECEIVED, PROVIDED, DELIVERY AND SETTLEMENT ARE COMPLETED BEFORE JUNE 30TH, 1924.

We trust that the competition will develop one or two salesmen of sufficient ability to be taken on to our permanent staff and this is practically our sole reason for offering such an expensive prize.

If you wish to enter the competition please call and see us or correspond.
