The Honourable the Speaker presented to the House, a communication from the Governor General's Secretary.

The same was then read by the Clerk, and it is as follows:—

GOVERNMENT HOUSE,
OTTAWA, 12th March, 1894.

SIR,—I have the honour to inform you that His Excellency the Governor General will proceed to the Senate Chamber, to open the Session of the Dominion Parliament, on Thursday, the 15th instant, at 3 o'clock p.m.

I have the honour to be, Sir,

Your obedient servant,

ARTHUR GORDON,
Governor General's Secretary.

The Honourable
The Speaker of the Senate.

The House was adjourned during pleasure.
After some time the House was resumed.

His Excellency the Right Honourable Sir John Campbell Hamilton-Gordon, Earl of Aberdeen; Viscount Formartine, Baron Haddo, Methlic, Tarves and Kellie, in the Peerage of Scotland; Viscount Gordon of Aberdeen, County of Aberdeen, in the Peerage of the United Kingdom; Baronet of Nova Scotia, &c., &c., Governor General of Canada, being seated on the Throne.

The Honourable the Speaker commanded the Gentleman Usher of the Black Rod to proceed to the House of Commons and acquaint that House,—“It is His Excellency's pleasure they attend him immediately in this House.”

Who being come with their Speaker,

His Excellency the Governor General was then pleased to open the Session by a gracious Speech to both Houses.

Honourable Gentlemen of the Senate:

Gentlemen of the House of Commons:

In the Queen's name I greet you, for the first time since assuming the high functions intrusted to me by Her Majesty; and it is with feelings of the liveliest satisfaction that I thus meet you assembled for the labours of another session of Parliament.

This feeling of satisfaction is enhanced by the opportunities which I have already enjoyed of visiting, and in my official capacity renewing acquaintance with, several of the chief centres of the enterprise and activity of this Dominion; nor need I refrain from assuring you that I have been deeply impressed by the heartiness of the reception accorded to me as Her Majesty's Viceroy and Representative, a reception which has once more manifested the loyalty, the cordiality and the public spirit of the Canadian people.

My predecessor was able to express gratification to you last year, on an increase in trade and on the continued progress of the Dominion. It is gratifying to me to observe that the expectation which was then formed—that the volume of trade during the then current year would exceed that of any year in the history of the Dominion—has been fully realized and that Canada's progress continues, with every mark of stability and permanence.

It may be observed with satisfaction that a large proportion of this increase is shown to have been due to an extension of our commerce with Great Britain.

It is a cause of thankfulness that our people have been spared in a very great degree from the sufferings which have visited the populations of some other countries during many months past, and that while the commercial depression prevailing abroad could not but affect the activity of business in the Dominion, we have been free from any extensive financial disaster or widespread distress.

The revenues of the year have been ample for the services which you provided for, and have met the expectations on which the appropriations of last year were based.

The peaceful conclusion, by the award of the arbitrators at Paris, of the controversy which had prevailed so long, with respect to the Seal Fisheries in the Pacific Ocean and the rights of British subjects in Behring Sea, has removed the only source of contention which existed between Great Britain and the United States with regard to Canada. There is every reason to believe that Her Majesty's Government will obtain redress for those Canadian subjects of Her Majesty who were deprived of their property and liberty without just cause while the controversy was in progress.

At an early date a measure will be laid before you having for its object a revision of the Duties of Customs with a view to meet the changes which time has effected in business operations of all kinds throughout the Dominion. While my Ministers do not propose to change the principles on which the existing enactments on this subject are based, the amendments which will be offered for your consideration are designed to simplify the operation of the tariff and to lessen, as far as can be done, consistently with those principles and with the requirements of the Treasury, the imposts which are now in force.

There will also be laid before you a measure on the subject of Bankruptcy and Insolvency which will, it is hoped, make more adequate provision than now exists on that subject for the increasing trade and commerce of the country and for the greatly expanded trade between the several provinces of Canada.

Measures will also be submitted to you making more effective provisions for our lines of steam communication on the Atlantic and Pacific Oceans, for improving the law with regard to Dominion Lands and with regard to the management of Indian Affairs; also a Bill respecting Joint Stock Companies, another with respect to the Fisheries, and several less important measures which experience has suggested with regard to various matters under your control.

Gentlemen of the House of Commons:

The Public Accounts will be submitted to you at an early date and also the Estimates of the expenditure which has been considered necessary for the ensuing year.

Honourable Gentlemen of the Senate:

Gentlemen of the House of Commons:

While it is hoped that the public measures which will demand your attention will not be very numerous some of them will be of great weight and importance, and it is my earnest hope and prayer that the care and zeal which you will apply to the deliberations of the Session may be aided by the abundant blessing of the Almighty.

His Excellency the Governor General was pleased to retire, and the House of Commons withdrew.

The Honourable Mr. Bowell, Minister of Trade and Commerce, presented to the House, a Bill intituled: "An Act relating to Railways."

The said Bill was read for the first time.

The Honourable the Speaker reported His Excellency's Speech from the Throne, and the same was then read by the Clerk.

On motion of the Honourable Mr. Bowell, seconded by the Honourable Mr. Angers, it was

Ordered, That the House do take into consideration the Speech of His Excellency the Governor General, on Monday next.

On motion of the Honourable Mr. Bowell, seconded by the Honourable Mr. Angers, it was

Ordered, That all the Members present during this Session be appointed a Committee to consider the Orders and Customs of this House and Privileges of Parliament, and that the said Committee have leave to meet in this House, when and as often as they please.

The Honourable Mr. Bowell moved, seconded by the Honourable Mr. Angers, That when the House adjourns this day it do stand adjourned until Monday next, at three o'clock in the afternoon.

The question of concurrence being put thereon, the same was resolved in the affirmative, and

Ordered, accordingly.

Then, on motion of the Honourable Mr. Bowell, seconded by the Honourable Mr. Angers,

The House adjourned until Monday next, at three o'clock in the afternoon.

Monday, 19th March, 1894.

The Members convened were:—

The Honourable the Speaker presented to the House,—The Report of the Joint Librarians on the state of the Library of Parliament, for the year 1893.

TO THE HONOURABLE THE SPEAKER OF THE SENATE.

The Joint Librarians of Parliament have the honour to make the following report for the year 1893 :—

During the long recess a further attempt was made to extend our exchange relations with newer States of the American Union.

The latest revisions of the Statutes of the various States were procured at considerable expense.

The reports of the Boards of Trade of the United States and Canada were procured as far as they were obtainable, and all statistical publications have been placed at the service of Members.

The removal of the Patent reports and specifications placed some space at the disposal of the Librarians, and they have utilized it to relieve the shelves of the main Library, and render access to the books more convenient.

The catalogue volumes have been rearranged and rebound; but in view of the fact that these volumes will not last, and are fast filling up, the Librarians propose to extend the card catalogue system already in partial operation in the Library. The Canadian section has received several important additions during the year. This section is now so far complete that the Librarians can submit it for the inspection of experts with some satisfaction. There are, however, some books still beyond our reach. Among other things the earliest newspapers published in Upper and Lower Canada and the Maritime Provinces are not easily obtainable.

Among the additions to the Library the attention of Members is directed to the new edition of May's "Parliamentary Practice," edited by Sir Reginald Palgrave, K.C.B., the Clerk of the House of Commons of England.

The new edition of Todd's "Parliamentary Government in the Colonies," for which a sum was placed in last year's Estimates, will be ready for delivery early in the Session.

The Annual Catalogue of additions to the Library will be issued at an early day.

A list of the copyrights deposited during the year is appended hereto.

All of which is respectfully submitted.

The Order of the Day being read for the consideration of His Excellency's Speech from the Throne at the opening of the Fourth Session of the Seventh Parliament.

The Honourable Mr. Ferguson (P.E.I.) moved, seconded by the Honourable Mr. Casgrain,

That the following Address be presented to His Excellency the Governor General, to offer the respectful thanks of this House to His Excellency for the gracious Speech he has been pleased to make to both Houses of Parliament, namely :—

To HIS EXCELLENCY Right Honourable Sir JOHN CAMPBELL HAMILTON-GORDON, Earl of Aberdeen; Viscount Formartine, Baron Haddo, Methlic, Tarves and Kellie, in the Peerage of Scotland; Viscount Gordon of Aberdeen, County of Aberdeen, in the Peerage of the United Kingdom; Baronet of Nova Scotia; Governor General of Canada.

MAY IT PLEASE YOUR EXCELLENCY :—

We, Her Majesty's dutiful and loyal subjects, the Senate of Canada in Parliament assembled, humbly thank Your Excellency for your gracious Speech at the opening of the Session.

We gratefully acknowledge the greeting which Your Excellency has given us in the Queen's name, for the first time since assuming the high functions intrusted to you by Her Majesty; and we rejoice to hear that it is with feelings of the liveliest satisfaction you thus meet us assembled for the labours of another session of Parliament.

We are deeply gratified to feel that this satisfaction is enhanced by the opportunities which Your Excellency has already enjoyed of visiting, and in your official capacity renewing acquaintance with, several of the chief centres of the enterprise and activity of this Dominion; to receive your assurance that you have been deeply impressed by the heartiness of the reception accorded to you as Her Majesty's Viceroy and Representative; and that you recognize in this reception one more manifestation of the loyalty, the cordiality and the public spirit of the Canadian people.

Your Excellency's predecessor was able to express gratification to us last year, on an increase in trade and on the continued progress of the Dominion. It is gratifying to us to observe that the expectation then formed—that the volume of trade during the then current year would exceed that of any year in the history of the Dominion—has been fully realized, and that Canada's progress continues with every mark of stability and permanence.

We hear with satisfaction Your Excellency's statement that a large proportion of this increase is shown to have been due to an extension of our commerce with Great Britain.

We cordially agree with Your Excellency that it is a cause of thankfulness that our people have been spared in a very great degree from the sufferings which have visited the populations of some other countries during many months past, and that while the commercial depression prevailing abroad could not but affect the activity of business in the Dominion, we have been free from any extensive financial disaster or widespread distress.

We are glad to be informed that the revenues of the year have been ample for the services which we provided for, and have met the expectations on which the appropriations of last year were based.

We rejoice that the peaceful conclusion, by the award of the arbitrators at Paris, of the controversy which had prevailed so long, with respect to the Seal Fisheries in the Pacific Ocean and the rights of British subjects in the Behring Sea, has removed the only source of contention which existed between Great Britain and the United States with regard to Canada. We are also pleased to be informed that

there is every reason to believe that Her Majesty's Government will obtain redress for those Canadian subjects of Her Majesty who were deprived of their property and liberty without just cause while the controversy was in progress.

We thank Your Excellency for informing us that at an early date a measure will be laid before us having for its object a revision of the Duties of Customs with a view to meet the changes which time has effected in business operations of all kinds throughout the Dominion; and that while Your Excellency's Ministers do not propose to change the principles on which the existing enactments on this subject are based, the amendments which will be offered for our consideration are designed to simplify the operation of the tariff and to lessen, so far as can be done, consistently with those principles and with the requirements of the Treasury, the imposts which are now in force.

We also thank Your Excellency for the information that there will also be laid before us a measure on the subject of Bankruptcy and Insolvency, to make more adequate provision than now exists on that subject for the increasing trade and commerce of the country and for the greatly expanded trade between the several provinces of Canada.

Your Excellency having been pleased to inform us that measures will also be submitted to us making more effective provisions for our lines of steam communication on the Atlantic and Pacific Oceans, for improving the law with regard to Dominion Lands, and with regard to the Management of Indian Affairs, also a Bill respecting Joint Stock Companies, another with respect to the Fisheries, and several less important measures which experience has suggested with regard to various matters under our control, we respectfully assure Your Excellency that all these measures shall receive our most attentive consideration.

We respectfully concur in Your Excellency's opinion that of the public measures which will demand our attention some will be of great weight and importance, and we sincerely share Your Excellency's earnest hope and prayer that the care and zeal which we will apply to the deliberations of the Session may be aided by the abundant blessing of the Almighty.

After Debate,

On motion of the Honourable Mr. Bowell, seconded by the Honourable Mr. Angers, it was

Ordered, That it be received, and

The same was then read by the Clerk, and it is as follows:—

THE SENATE,

COMMITTEE ROOM No. 28,

FRIDAY, 4th May, 1894.

To the Honourable the Senate of Canada :

As a member of the Standing Committee on Divorce, the undersigned has the honour, under Rule 114 of the Senate, to bring in a Minority Report, dissenting, on the grounds hereinafter stated, from the report of the said Committee upon the Bill (T) intituled: "An Act for the relief of James St. George Dillon."

My grounds for dissent therefrom are as follows:—

1. That on and during the hearing and inquiry into the allegations in the preamble of the Bill by the Committee, on the 3rd May instant, and whilst the Petitioner was under examination, I put certain questions to the Petitioner, as will appear by the certified extract from the minutes of the said Committee hereto appended.

2. That, as also appears from the said certified extract, the Petitioner answered certain of my questions.

3. That, upon the putting by me of each and every of the said questions, it was decided by a majority of the Committee that I should not ask them and that they should be excluded from the evidence; and that the shorthand writer was in each instance directed not to take down my questions; and further, that the Petitioner, then under examination upon oath, was directed and, in fact, peremptorily ordered, as each question was asked by me, not to answer it, of which order and direction of the Committee, the Petitioner took prompt advantage, and did not answer.

4. That the questions answered by the Petitioner were, by the direction of the Committee, excluded from the evidence.

5. That the said exclusion of questions and answers from the evidence by the Committee was improperly made.

6. That I would have asked the Petitioner further questions touching his chastity and fidelity to his marriage vows, but for the determined stand taken by the Committee that I should not ask such questions.

7. And I further dissent from the report of the Committee, on the grounds of the improper admission of and improper objection to evidence.

All which is respectfully submitted.

H. A. N. KAULBACH,

Senator.

SPEAKER'S CHAMBERS, May 19th, 1894.

REPORT OF SUB-COMMITTEE ON THE "ROYAL WILLIAM."

The Sub-Committee charged with the duty of inquiring into the proposition laid before them of commemorating by means of a Memorial Tablet the departure of the "Royal William" from the Port of Quebec in 1833,—the first vessel to cross the Ocean wholly by means of steam,—have the honour to report as follows:—

That the Sub-Committee have examined the documents prepared and laid before them by Mr. Sandford Fleming, C.M.G., whose researches have enabled him to verify the facts contained in the said papers; and that they are of opinion that for the correct statement of a historical fact and to secure for Canada the credit attaching to the initiative in so memorable an enterprise as the first crossing of the Ocean wholly by means of steam, some permanent memorial should be placed in some prominent position.

The Sub-Committee are of opinion that a Tablet with a suitable inscription inserted in the wall of the corridor leading to the Library of Parliament, would be a fitting and permanent memorial of an interesting fact in the history of Canada; and they recommend that the subject be referred to the consideration of the Finance

Minister and the Minister of Public Works, in order that the necessary provision may be made for the Memorial.

Copies of the documents laid before the Committee by Mr. Fleming are attached hereto in order that they also may form part of the public record of so important a fact in the industrial development of modern times.

All of which is respectfully submitted.

JOHN J. ROSS,
Chairman of Sub-Committee.

“ 2. If it appears to the court on an application for a receiving order that the proceedings were taken by the creditor without reasonable grounds and merely as a means of enforcing payment of the debt due to him under colour of proceeding under this Act, the court may refuse the application and may order the creditor, in addition to the payment of the costs of the proceedings, to pay to the debtor such sum in the nature of damages as the court seems just and reasonable.”

On motion of the Honourable Mr. Lougheed, seconded by the Honourable Mr. Perley, it was

That the fourth amendment appears to have been made in error, inasmuch as there are only two subsections to section 5. The bracket numbers (1) (2) (3) are not numbers of subsections to section 5, but are only subdivisions of subsection one.

The books are kept in a clear and comprehensive manner, each item of expenditure being accompanied by a voucher ; also showing, by a comparative statement, the expenditure for three years, according to the Order of the Senate made on the 29th April, 1889.

2. The vote last year for the supply of stationery was \$5,988, of which sum \$5,740 has been expended, leaving a balance unexpended of \$248, which will on the 30th June next lapse and be returned to the Consolidated Revenue Fund.

Your Committee recommend that the vote for next year be for the sum of \$5,988, the same amount as last year, and that the stationery be ordered according to the list approved by Your Committee and deposited with the Stationery Clerk.

3. Your Committee have had under consideration the Organization of the Staff of the Senate, and after careful examination into the amount and distribution of the work, submit the following recommendations :—

4. The Clerk of the Senate is the recognized Chief of the Staff, with a general supervision over all the officers and employees of the Senate.

5. He shall have power to suspend any officer or employee, pending the decision of the Committee on Internal Economy and Contingent Accounts, or of the Senate,

or (in the case of officers appointed by the Governor General) of the Governor in Council.

6. He shall arrange, after consultation with the Law Clerk or other officer acting as Clerk of Committees, for the summoning of the various committees, the keeping of the minutes thereof, the preparing reports of their proceedings, and the general conduct of their business.

7. He shall, after consultation with the various clerks, make such arrangements, not inconsistent with any rule, decision or regulation adopted by the Senate, with respect to the distribution of work amongst the clerks, as he may deem advisable.

8. The Clerk Assistant is to be relieved of the care of the periodicals and newspapers, which is to be assumed by the clerk in charge of the stationery.

9. With a view to relieving the Clerk Assistant of a part of his onerous work, and to provide for the prompt and satisfactory translation of bills and departmental reports, Your Committee recommends that an additional French translator, qualified to do this work, be appointed, at a salary not exceeding \$1,200 a year. But that he be not permanently appointed until his qualifications for the position have been tested by the Chief Translator and the First French Translator and certified by them.

10. The Clerk of Private Bills shall perform also the duties of Clerk of the Committee on the Restaurant, and render the necessary assistance in the supervision of the Restaurant and in taking care of the furnishings thereof.

11. Your Committee recommend that the salary of Mr. Alexander Soutter, Clerk of Private Bills, be increased from \$1,500 to \$1,650 a year, such increase to take effect on and from 1st July, 1894.

12. Having regard to the long service of Messrs. Alfred Garneau and Charles T. Gibbs, respectively First French Translator and Accountant, and the important character of their duties, your Committee are of opinion that these gentlemen have equitable claims to an increase of salary, and your Committee accordingly recommend:—

13. That the salary of Mr. Alfred Garneau, First French Translator, be increased from \$1,900 to \$2,000 a year, such increase to take effect on and from the 1st July, 1894.

14. That the salary of Mr. Charles T. Gibbs, Assistant Accountant, be increased by \$100, such increase to take effect on and from the 1st of July, 1894, and the annual increase of \$50 to which he is now entitled, to continue until \$1,500 is reached.

15. With a view to improving the discipline in that branch of the Senate service, your Committee recommend that the door-keepers, messengers and pages be placed under the supervision of the Sergeant-at-Arms, who shall have power to suspend any member of that portion of the staff for a fortnight, any longer suspension to be by the Clerk.

16. The Housekeeper or Chief Messenger to continue to direct the staff of messengers, subject to the supervision and control of the Sergeant-at-Arms.

17. The staff of permanent messengers is decidedly larger than is necessary for the performance of the work to be done out of session. Your Committee recommend that no further appointments of permanent messengers be made until the number of such messengers are reduced below five (including the Keeper of the Wardrobe, the Bank Messenger and the Speaker's Messenger), and that thereafter the number of such messengers shall not exceed five.

18. In consequence of the proposed reduction of the staff of permanent messengers, it is recommended that Moise Gagnon, appointed provisionally at the close of last session, be not placed upon the permanent list, but that he be paid at the rate of \$600 a year up to the 30th of June, 1894, and be thereafter a sessional messenger.

19. It shall be the duty of every officer and employee to obey and show respect to all his superiors; and it shall be also his duty to report any negligence or wrong doing on the part of any other officer or employee, so that the same may be dealt with as the case may be.

20. Your Committee recommend that the expenditure of a sum not exceeding one hundred and fifty dollars (\$150) be authorized for the purpose of completing,

as far as possible, the sets of Provincial Statutes passed before Confederation required for use in the Law Clerk's office.

21. Your Committee recommend that, as in past years, the sum of \$100 be placed at the disposal of the Standing Committee appointed to assist His Honour the Speaker in the management of the Restaurant, in order to pay for necessary assistance in the supervision of the Restaurant during the past year.

All which is respectfully submitted.

THE SENATE,

COMMITTEE ROOM No. 2,

In obedience to the Order of Your Honourable House, made on Wednesday, the 4th July, 1894, referring back to Your Committee their Third Report, dated Wednesday, 27th June last, and presented to Your Honourable House on Tuesday, 3rd July last, with instructions to amend the same by providing that the salary of Jean B. Myrand, Postmaster of the Senate, be increased one hundred dollars, said increase to take effect from the 1st July, 1894, Your Committee have reconsidered their said Report, and now beg leave to make their Fourth Report, as follows:—

1. Your Committee have examined the accounts of the Clerk of the Senate for the fiscal year ended 30th June, 1893, and find them correct.

The amounts received during the year are shown by the accounts, as follows:—

| | <hr/> |
| | 6,049 91 |

Total \$182,036 97

The books are kept in a clear and comprehensive manner, each item of expenditure being accompanied by a voucher; also showing, by a comparative statement, the expenditure for three years, according to the Order of the Senate made on the 29th April, 1889.

2. The vote last year for the supply of stationery was \$5,988, of which sum \$5,740 has been expended, leaving a balance unexpended of \$248, which will on the 30th June next lapse and be returned to the Consolidated Revenue Fund.

Your Committee recommend that the vote for next year be for the sum of \$5,988, the same amount as last year, and that the stationery be ordered according to the list approved by Your Committee and deposited with the Stationery Clerk.

3. Your Committee have had under consideration the Organization of the Staff of the Senate, and after careful examination into the amount and distribution of the work, submit the following recommendations:—

4. The Clerk of the Senate is the recognized Chief of the Staff, with a general supervision over all the officers and employees of the Senate.

5. He shall have power to suspend any officer or employee, pending the decision of the Committee on Internal Economy and Contingent Accounts, or of the Senate, or (in the case of officers appointed by the Governor General) of the Governor in Council.

6. He shall arrange, after consultation with the Law Clerk or other officer acting as Clerk of Committees, for the summoning of the various committees, the keeping of the minutes thereof, the preparing reports of their proceedings, and the general conduct of their business.

7. He shall, after consultation with the various clerks, make such arrangements, not inconsistent with any rule, decision or regulation adopted by the Senate, with respect to the distribution of work amongst the clerks, as he may deem advisable.

8. The Clerk Assistant is to be relieved of the care of the periodicals and newspapers, which is to be assumed by the clerk in charge of the stationery.

9. With a view to relieving the Clerk Assistant of a part of his onerous work, and to provide for the prompt and satisfactory translation of bills and departmental reports, Your Committee recommend that an additional French translator, qualified to do this work, be appointed, at a salary not exceeding \$1,200 a year. But that he be not permanently appointed until his qualifications for the position have been tested by the Chief Translator and the First French Translator and certified by them.

10. The Clerk of Private Bills shall perform also the duties of Clerk of the Committee on the Restaurant, and render the necessary assistance in the supervision of the Restaurant and in taking care of the furnishings thereof.

11. Your Committee recommend that the salary of Mr. Alexander Soutter, Clerk of Private Bills, be increased from \$1,500 to \$1,650 a year, such increase to take effect on and from 1st July, 1894.

12. Having regard to the long service of Messrs. Alfred Garneau and Charles T. Gibbs, respectively First French Translator and Accountant, and the important character of their duties, Your Committee are of opinion that these gentlemen have equitable claims to an increase of salary, and Your Committee accordingly recommend:—

13. That the salary of Mr. Alfred Garneau, First French Translator, be increased from \$1,900 to \$2,000 a year, such increase to take effect on and from the 1st July, 1894.

14. That the salary of Mr. Charles T. Gibbs, Assistant Accountant, be increased by \$100, such increase to take effect on and from the 1st of July, 1894, and the annual increase of \$50 to which he is now entitled, to continue until \$1,500 is reached.

15. Your Committee recommend that the salary of Jean B. Myrand, Postmaster of the Senate, be increased one hundred dollars, said increase to take effect from the 1st July, 1894.

16. With a view to improving the discipline in that branch of the Senate service, Your Committee recommend that the door-keepers, messengers and pages be placed under the supervision of the Sergeant-at-Arms, who shall have power to sus-

pend any member of that portion of the staff for a fortnight, any longer suspension to be by the Clerk.

17. The Housekeeper or Chief Messenger to continue to direct the staff of messengers, subject to the supervision and control of the Sergeant-at-Arms.

18. The staff of permanent messengers is decidedly larger than is necessary for the performance of the work to be done out of session. Your Committee recommend that no further appointments of permanent messengers be made until the number of such messengers are reduced below five (including the Keeper of the Wardrobe, the Bank Messenger and the Speaker's Messenger), and that thereafter the number of such messengers shall not exceed five.

19. In consequence of the proposed reduction of the staff of permanent messengers, it is recommended that Moïse Gagnon, appointed provisionally at the close of last session, be not placed upon the permanent list, but that he be paid at the rate of \$600 a year up to the 30th of June, 1894, and be thereafter a sessional messenger.

And Your Committee also recommend that any amount paid by Moïse Gagnon, on account of superannuation, be refunded to him by the Treasury Board.

20. It shall be the duty of every officer and employee to obey and show respect to all his superiors.

21. Your Committee recommend that the expenditure of a sum not exceeding one hundred and fifty dollars (\$150) be authorized for the purpose of completing, as far as possible, the sets of Provincial Statutes passed before Confederation required for use in the Law Clerk's office.

22. Your Committee recommend that, as in past years, the sum of \$100 be placed at the disposal of the Standing Committee appointed to assist His Honour the Speaker in the management of the Restaurant, in order to pay for necessary assistance in the supervision of the Restaurant during the past year.

23. Your Committee recommend that the waste paper of the Senate be disposed of in the same manner as that of the House of Commons.

All which is respectfully submitted.

"The Commons of Canada have voted certain Supplies required to enable the Government to defray the expenses of the Public Service.

"In the name of the Commons, I present to Your Excellency the following Bill:—'An Act for granting to Her Majesty certain sums of money required for defraying certain expenses of the Public Service, for the financial years ending respectively the 30th June, 1894, and the 30th June, 1895, and for other purposes relating to the Public Service,' to which Bill I humbly request Your Excellency's assent."

To this Bill the Clerk of this House, by His Excellency's command, did thereupon say:—

"In Her Majesty's name, His Excellency the Governor General thanks Her Loyal Subjects, accepts their benevolence, and assents to this Bill."

His Excellency the Governor General was then pleased to deliver the following Speech:—

Honourable Gentlemen of the Senate :

Gentlemen of the House of Commons :

In bringing to a conclusion this laborious session of Parliament, I have to thank you for the assiduity and zeal with which you have attended to the various matters which have been brought before you.

I congratulate you upon the notable fact that the invitation which my Government extended to the Governments of the other Colonies to send representatives to Canada to confer on matters affecting their mutual interests was so promptly accepted; and that Her Majesty's Government also enhanced the dignity and usefulness of the Conference by sending a representative to assist at its deliberations. It is confidently hoped that the results of the Conference will be found beneficial to the Colonies and to the Empire generally.

The ratification of the Treaty of Commerce with France will lead, I hope, to a large increase in our exports and an extension of friendly relations with that country.

I trust that the arduous work which has engaged you in readjusting the Duties of Customs will accomplish the desired result of adapting the tariff to the present conditions of the various classes of our population.

The Statutes of the session will show that the laws affecting many public interests have been revised and greatly improved by your efforts, and I observe that you have likewise made generous provision for public improvements which are designed to increase the facilities for travel and transportation throughout the country.

Gentlemen of the House of Commons :

I thank you for the liberal provision which you have made for the services of the current year.

Honourable Gentlemen of the Senate :

Gentlemen of the House of Commons :

In relieving you from your present duties I pray that your labours may be fruitful of benefit to the country and that on returning to your homes you will find that a generous harvest is about to reward the toil of our farmers and that the blessing of Providence has been likewise bestowed abundantly on all the other interests of the people whom you represent.

THE SPEAKER of the Senate then said :

Honourable Gentlemen of the Senate, and Gentlemen of the House of Commons :

It is HIS EXCELLENCY THE GOVERNOR GENERAL'S will and pleasure, that this Parliament be prorogued until Saturday, the first day of September next, to be here holden, and this Parliament is accordingly prorogued until the first day of September next.
