STRIKING SCENERY FOR BIG STORY IN 'THE MIRACLE MAN'

Crooks in Clover in Dramatic
Paramount-Artcraft
Photoplay

From the sordid slums of New York's Chinatown to the grandeur of high mountains and the majesty of the ocean—that is the range of the setting in "The Miracle Man" a big new Paramount-Artcraft picture, which is coming to the Happy Hour theatre Wed. and Thurs. The same expansiveness of vision is reflected in the absorbing story, written by Frank L. Packard and later dramatized by George M. Cohan and produced with striking success on Broadway.

The central figure is a white-haired patriarch, who lives in the hills near the sea and who has reputed power to heal the sick and crippled. Tom Burke and his band in their haunt in the New York underworld read of his miracles and conceive the idea of capitalizing them for their own gain. So they go to the town where the old man lives and frame up a miracle for him. To their surprise they discover that he really possesses the healing powers accredited to him.

Gradually under the beneficent influence of their new environment there is worked a transformation in the hearts of the crooks that makes Rose, the gangster's beautiful decoy, the charming girl she is at heart, that evolves a farm hand out of a dope fiend, and finally, brings out the better nature of even the hardened, sophisticated Tom Burk himself. In the hands of such capable artists as Thomas Meighan, Elinor Fair, Joseph J. Dowling, Betty Compton, and others of similar merit, this powerful story becomes a vital, living thing and one of the greatest dramatic spectacles the screen has yet revealed.

Big Dominion Day Labor Parade

The Big Labor Parade held Dominion Day in Chatham was highly successful and would have been even more successful but for the rain on Tuesday and Wednesday. The Union men are proud of their big parade, of the interest shown by the citizens and of the orderly manner in which it was conducted.

There were over 3000 persons in the Exhibition Building in the afternoon and evening to enjoy dancing and listen to the music of Moncton's splendid band. Mr. Martin had several special policemen on duty, without any expense to the town, but there was nothing for them to do, as it was a sober and orderly crowd.

LECTURE SUN. EV'G ON TEMPERANCE

Enthusiastic Meeting in the
Opera House.

Mr. W. A. Tice of Toronto enroute to Moncton to attend the National Sons of Temperance Convention which is being held there this week gave a series of Temperance lantern slides in the Opera House on Sunday evening at 8.15 o'clock. The Opera House was filled to its capacity and the address given by Rev. L. H. MacLean and the explanation of the slides by Mr. Tice were thoroughly enjoyed by the large audience present.

Rev. E. A. Kinley presided and after a few remarks opened the meeting with songs entitled "The fight is on" and "Brighten the Corner where you are."

The audience joined heartily in the music, and Rev. J. P. Champion led the meeting in prayer. The chairman then called upon Rev. L. H. MacLean to address the meeting. In his opening remarks the speaker gave some quotations from the most eminent surgeons and physicians in which they all denounced alcohol to be of no benefit whatever for the human system, either as a beverage or as a medicine. He stated that the United States had enacted a Constitutional Prohibition Law and all of the Canadian Provinces had enacted Prohibition Laws except Quebec and N. B. was now being asked if they desire to do so. The speaker said if N. B. did not do so it would be the dumping ground for the liquor traffic and N. B. would not be able to compete with the other provinces as the efficiency of its population would be lessened by the use of intoxicants. He further stated that he was well aware that the present Prohibition Law was incomplete, but even with its incompleteness it had done good work, and gave the audience the statement of Mr. Donald Fraser who said that since Prohibition had come into force he had no trouble with his men, while before he had a large amount of difficulty with them. While the present Act is poor, still they expected to have a referendum, it remained on Sunday July 10th, so that it would give much better results. People claimed that it had made dope fiends who proved conclusively that it had made liquor more difficult to obtain, and while as yet there was no legislation against dope and extracts, if the public sentiment demanded such, the necessary legislation would be obtained. Wine and Beers simply trained the younger elements to want something stronger and even under Government Control, which everyone knew pretty well was not of an ideal nature, would simply mean that within a very short time open bars would be in use which no one wanted to see again.

Temperance meant happier homes and better business, because where people spent money for liquor they now paid their honest debts. Some people argued that the Prohibition Law was against the poor man and in favor of the rich, but if the present law was sustained at the coming referendum, federal legislation would next be asked for and obtained and then the rich man could not stock-up his wine cellar, but would be on the same level as the poor man. He stated that 20% of the army during the world war, was inefficient on account of the liquor traffic and the result was a prolongation of the war and many more casualties than otherwise would have been. In closing Mr. MacLean made a strong plea for his hearers to vote top and bottom of the ballot on Referendum Day, which if they did would protect our homes and country and would wipe out the liquor business. At the close of Mr. MacLean's address the audience sang "Oh, the day has come at last," and Rev. Mr. Kinley introduced Mr. W. A. Tice, who gave a series of lantern slides, explaining each one to the meeting. At the close of the slides, Mr. Tice explained the Ballot and strongly urged everyone to vote "For Prohibition" and "Against Light Wines and Beers," or in other words to vote Top and Bottom on their ballot. The meeting closed with the singing of the National Anthem.

Miramichi Hospital Annual Report

CHAIRMAN'S ANNUAL REPORT

In presenting their report for the year ending 30th April 1920, The Trustee Board have much pleasure in stating, that a most successful year's work has been accomplished.

The number of patients admitted to the Hospital was 339, an increase of twenty per cent. over the preceding year.

The receipts from patients amounted to \$10,959.39, an increase of fifty-four per cent.

The total expenditure by the Trustees was \$14,847.10 an increase of \$1909.35. In addition the following amounts were paid by the Hospital Aid and Auxiliaries:

Hospital Aid	\$1614.73
Chatham Auxilliary	806.69
Millerton "	107.63
Whitneyville Auxilliary	41.30
	\$2570.35

Grants and subscriptions have been liberally given, and our finances are in a healthy condition. Details of the Hospital work and its financial affairs appear by the reports of the Superintendent and the Treasurer.

The Board of Trustees desire to express their appreciation of the great interest, shown in the work by the Medical Staff, the Clergy-men in the vicinity of Hospital, the Hospital Aid and its auxiliaries, the Superintendent and staff of nurses and others, engaged in the work of the Hospital, all of whom contributed largely to the success of the institution. We would also mention particularly, the efforts of the Secretary and the Treasurer, both of whom have done a great deal of work, without any charge for services or contingencies.

The matter of Free Patients, is one that has been receiving the attention of the governing bodies, of many of the larger hospitals, and the contention is put forward, that no Hospital should be called upon to give free treatment to any patient. The principle that people in poor circumstances, are entitled to a living at the expense of the Community, or Parish in which they reside, is fundamentally correct, and should apply with greater force, to the case of individuals in the same circumstances, who are sick, and require the best treatment possible. Legislation on these lines has been passed by the Province of Quebec, and to a limited extent by the Legislature of N. B.

During the past winter it was found that the Hospital was crowded to its full capacity, and that the time had arrived, when further accommodation must be provided, either by an extension of the present building, or the erection of a Nurse's Home. This is a matter which demands immediate attention.

Board of Trustees

The Board of Trustees consists of twenty members. Sixteen of these were named in the act of Incorporation. Four of them retire each year and their successors are appointed for a term of four years. This is done at the annual meeting each year. Under the bye-laws of the Board, authorized by legislation passed this year, all members of the Hospital Aid and Auxiliaries, and all persons, who have donated \$5 to the Hospital in the preceding year, as well as the remaining Trustees are entitled to vote in the election of Trustees. The other four members of the Board, are elected annually by the Municipal Council, the Newcastle Town Council, the Highland Society of N. B., and the Medical Staff respectively.

Medical Staff

The Medical staff is appointed at the annual meeting, and in the month of June in each year furnish the Trustee Board with the names of the Doctors, on duty at the Hospital for each two months. By the death of Dr. Joseph Hayes in November last, the Hospital sustained a great loss. He took a lively interest in the affairs of the institution, and was a very successful instructor to the class of student nurses. His well known ability as a physician, and his many good qualities, will cause him to be held in grateful remembrance for many years.

In conclusion the Trustees desire to express their thanks for contributions by friends, of flowers, fruit and a variety of delicacies, all of which added to the comfort of the patients, and helped materially in the housekeeping department of the Hospital.

On behalf of the Trustee Board,

W. A. PARK, President.

Treasurer's Report

Newcastle, N. B., May 26th 1920

To The Chairman and Trustees of the Miramichi Hospital,

Newcastle, N. B.

Ladies and Gentlemen:—

I beg to submit my fourth annual report as Treasurer of The Miramichi Hospital for the fiscal year beginning May 1. 1919 and ending April 30th. 1920. I have received during the year, from your

THE CANADIAN SINGERS DUTY
There is no question but that every Canadian singer stands ready to help unstintedly in the special field of musical performance for which he is qualified. Singers should make it their business to encourage whatever is good in Canadian song composition. They should also encourage in every possible way the use of the English language in song and speech.

Think what it would mean for Canadian singers to act in a concerted way towards this end! Think what a tremendous stimulus it would prove to Canadian composers and the undreamed results to be obtained in the present great Canadianization movement.

Commercial Recovery The Great Feature

Ex-Ald. R. W. McLellan who returned Thursday after spending several weeks on business in the British Isles states that the most striking thing about conditions is the rapid recovery from the war and the great commercial progress. Mr. McLellan spent most of the time in which he was in England, in London and Manchester. While in Ireland he stayed for the greater part of the time in and about Belfast.

To a reporter of the Daily Mail, Mr. McLellan said today that while he was in Ulster there were minor disturbances at Londonderry between Sinn Feiners and Ulstermen Little significance was attached to them in Ulster as Londonderry is considered the centre of the three Sinn Fein countries of the nine which comprise the province. Commercial and industrial conditions in the rest of Ulster were excellent the country having felt war conditions very little. A noticeable feature of the situation in Ulster was the tendency of population from the south of Ireland which had been attracted by industrial conditions during the war, to remain in Ulster and become assimilated by the native population. This movement during the war was caused by the heavy voluntary enlistment in Ulster and the resulting labor scarcity.

Preparing For Partition
Mr. McLellan said that Ulster is preparing for partition under coming legislation, although the people would prefer that things remain as they are Belfast probably will be the capital of Ulster and organization to produce a strong and efficient administration and parliament has been begun. In the South conditions are confused and the outcome is uncertain. The Sinn Feiners have refused to accept a parliament for the South of Ireland but among them are varying degrees of opinion.

Home Rule Bill Amendment Is Agreed To

London, June 22—In the House of Commons today the government accepted an amendment to the Home Rule Bill proposing that the Irish representation in the Irish universities in the interests of the minorities of South Ireland.

The government opposed an amendment suggesting that Irish representation at Westminster should cease on the Irish parliaments achieving union.

Walter Hume Long, on behalf of the government expressed the opinion that the northern parliament would never consent to be divorced from the imperial parliament. The amendment was rejected by a large majority.

During the course of the discussion Lord Robert Cecil declared his conviction that not a single member of the government had the slightest belief that the Home Rule bill would do anything whatever to solve the Irish question.

C.N.R. Takes Over Caraquet And Gulf Shore Railway

C. N. R. officials in St. John on Friday said that the government had taken possession of the Caraquet and Gulf Shore railway, a line of more than one hundred miles in Gloucester county, and that the operating orders are now sent out from Moncton.

ton instead of Bathurst.

A party of C. N. R. officials went over the Caraquet road on Thursday including L. S. Brown, general superintendent, and M. F. Tompkins, general auditor of government roads.

The Caraquet will now be part of the largest government system in the world, which will embrace a mileage of about 23,000, extending from Halifax to the Pacific, partly by two routes, to Chicago in the southeast to Portland (Me), and New London (Conn.)

The Caraquet road will be improved and the train service brought up to a high standard, it is understood. Hon. P. J. Veniot, minister of public works, and other Gloucester county men have been working hard for months to have the government take over the road.

The government now owns all the branch lines in New Brunswick not owned by the Canadian Pacific, if a small coal line between Beerawick and Adamsville and the Temiscouata extension in Madawaska be excepted.

A PLEA FOR PROHIBITION
Now so many people are talking and writing about prohibition I should like to give my version on the subject.

In the first place it's of no use quoting statistics because one could do so in favor of prohibition and against it.
I'm a man who has travelled the whole world over and I've seen things that would make the hardest adventurer disgusted.

I'm not what one would call a temperance crank. I have been through the mill and if anyone would have asked me a few short days ago what I was going to vote for, I should have said "Against Prohibition" and if you asked me why? my answer would have been, "My love of personal liberty and sociability."

But a change has taken place in me since those few short days and I have weighed those two up and found them wanting.
What is personal liberty when one's personal liberty is a menace to one's self and the community at large, and what does this so called sociability amount to?

When one's personal liberty becomes a menace to the society at large then it's up to the community to step in to save our mothers, wives and children.
Nine men out of ten who drink alcoholic beverages, do so for the effect, not to quench their thirst and in time that surly gets them.

Ask yourself the following questions:
What starts prostitution?
What leads young men to brothels?
What separates wives from their husbands?

What breaks up a happy home?
What keeps people in a state of poverty?
What leads men and women to prison, lunatic asylums and to an early grave?

One thing and one thing only, cursed drink.
Do we want the open bars and gin palaces that we have in London and other large cities and towns where men pile the gin, rum and whiskey down their throats until they are hopelessly drunk?

Do we want to see our wives and mothers with their babies at their breasts struggling with men to get near the bar counter to satisfy their craving for gin, etc? NO! GOD NO! That is what we have in London.
I will now tell you of one true story, I could tell you of scores but they all amount to the same thing.

A friend of mine who's profession was a Medical Doctor got married, had a beautiful home and in time three lovely children. He started to drink. I could see that it was getting him, and I remonstrated with him, but to no avail. Three short years later I visited him, he had moved from his beautiful home which by the way had been taken to pay his debts to a squalid house in the slums of Stepney, London, where he rented one room. I shall never forget—no not if I live to be a hundred—the condition I found

my friend and family in. The furniture consisted of: one mattress on the floor, a couple of turned up boxes to serve as tables and two broken chairs. He was in a state D. T.'s when I arrived on the scene, the children were bare-footed and the whole family were in rags and shtk. My friend had taken the boots and clothes from off his wife and children and sold them to satisfy his craving for drink.

I am happy to say tho' that a few of his college chums found him, got him placed in a home, took the broken-hearted wife and children and placed them also in a good home, and now my friend has sworn off all intoxicating liquor and has quite a big practise. But my readers it took years of struggle and uphill fighting.

Now in conclusion ask yourself what are you going to vote for—the open bars and saloons or prohibition—and follow the way of a'l good and true men and women, mothers, fathers, husbands, wives and sweet-hearts and stick your cross opposite the word—prohibition. ANZAC

Secretary, Board of Trade,
Dear Mr. McCurdy,

The reception tendered to the National Editorial Association of America while guests in your community was one of such cordiality and so strongly expressed your feelings of friendship that we wish you to know we appreciate most heartily he many fine things you did for us.

Your cordiality in particular has had much to do with giving us new ideas concerning the relations of Canada to citizens of the States; it has done much toward cementing a friendship more closely, a friendship which will always endure and will grow more intense as time goes on.

Through your zealous solicitude for us and your pronounced endeavor to show us the advantages and vast resources of the Dominion, we leave for our homes with a far broader knowledge of the industrial and social life in Canada than we possessed before.

We are confident that our sojourn in the Dominion will bind more closely by ties of lasting fraternity the peoples of these two great countries whose interests are so largely mutual. Though we live under separate flags, may our hearts always beat as one.

Dear Sir:—
Yours of June 24th to hand, but as Mr. D. J. Buckley is unable to attend to business, we have been late in making answer to your letter, but I might say for Mr. Buckley that he is heartily in accord with the "Prohibition Law", and that he will give the issue our whole hearted support on July 19th, for we are aware that the Prohibition Law as it stands today has been a great boon to all business, as well as the benefit that our country has derived from it as a whole, and as citizens we feel that this law has been a wonderful benefit to the country and we are proud to give all possible help to the issue.

OBITUARY

DENNIS RYAN
Mr. Dennis Ryan, probably Newcastle's oldest citizen died last Tuesday June 29th. Mr. Ryan was ninety one years of age on Sept. 21st 1919 and was in good health up to about six months ago.

Mr. Ryan was born and has resided his entire life time at the home from which his funeral was held Thursday. This residence, the first erected in Newcastle after the big Miramichi fire, was built by Mr. Ryan's father.

Deceased was a son of the late Mr. and Mrs. James Ryan, and is the last surviving member of a large family. Mr. Ryan received his education in Newcastle, after which he took up surveying and carried on lumber operations and farming.

For a number of years he had the contract for the mail coach service between Newcastle and Bathurst prior to the opening of the railway through northern New Brunswick. In 1855 he married Margaret Scully, a native of Chatham, who passed away on March 9, 1917, after sixty-two years of wedded life.

There were thirteen children born to their union, four of whom have died and nine are living—three daughters and six sons viz: Mrs. J. T. Logan and Mrs. E. R. Curry of Portland, Me.; Agnes at home; James and Clement of Newcastle; Maurice of Stillwater, Minn.; Joseph of Seattle, Wash.; Frank and Ambrose of Portland, Me.; also thirty-seven grandchildren and fifteen great-grand children.

The funeral was held from his late residence Thursday morning, July 1st at nine o'clock to St. Mary's Catholic church. Requiem High Mass was sung by Rev. Fr. Michaud, assisted by Rev. P. W. Dixon. Interment was in the family lot in St. Mary's cemetery.

JOHN CORNEY
The death of John Corney, took place on June 23rd at his home in Blackville, N. B. after a very short illness of heart trouble, the end came quite sudden and proved a great shock to the members of his home and also to his friends. He was born at Charlottetown, P. E. I and was sixty-five years of age, he came to Blackville when quite young where he spent the rest of his life throughout the community.

He was highly esteemed his kindly disposition, obliging nature and sterling character, always interested in the welfare of the place. He was a member of Coart Blackville of which he was Chief Ranger for years and also a member and chaplain of the Orange Lodge at Blackville, he was the Superintendent of the Sabbath School at Underhill Baptist Church, of which church, he was a faithful member, a liberal supporter and whose place will be very difficult to fill. He leaves to mourn the loss of a loving husband and father, a wife, three sons, Thomas Ward of Underhill, Frank of Blackville and Lloyd at home and also five daughters, Mrs. Edgar Crawford of Underhill and Mrs. Thomas Vickers of Blackville also five brothers, George of Summerside and Joseph of Charlottetown and one sister Mrs. Hannah Balf of Charlottetown.

The funeral services were conducted at the house and church by Rev. R. A. Hopkins assisted by Rev. Mr. Grant of the Presbyterian Church, Blackville. Interment took place at Underhill where the oration was conducted by the service.

WEDDINGS—CASTORIA

RONAN—LEBLANC
At St. Thomas' Catholic Church, Memramcook, N. B., on Wednesday, June 23rd, Rev. Fr. H. LeBlanc united in marriage Thomas Percy Ronan, son of Mr. and Mrs. W. F. Ronan, Newcastle, N. B., and Eloise Marie LeBlanc, daughter of Mr. and Mrs. N. T. LeBlanc, College Bridge. The marriage ceremony was followed by Nuptial Mass. After the ceremony wedding breakfast was served to members of both families, after which Mr. and Mrs. Ronan left on a wedding trip to Prince Edward Island and Nova Scotia. Mrs. W. F. Ronan, Lankin Ronan and Mildred Ronan of Newcastle were among the out of town guests.

JOHN—MORGAN
The marriage of Mrs. Laura F. M. Morgan of Halifax, widow of Rev. A. R. Morgan of Newfoundland, and late of Nova Scotia, and only daughter of the late Mr. and Mrs. W. F. William Dickie of Parrsboro, N. S., and John S. Johnson, the popular blind newsagent, was solemnized Monday afternoon at the home of Mr. and Mrs. H. H. Stuart, Stuart Brae, with Rev. H. S. Stanley officiating. The bride, who arrived from Halifax on the afternoon train, was attired in a suit of navy blue serge hand-embroidered in black and silver and was unattended. Mr. and Mrs. Johnson left on the Maritime Express for their home in Chatham Head.

KANE—WRIGHT
The marriage of Miss May Wright youngest daughter of Mr. and Mrs. Archibald Wright, and Herbert J. Kane, C. N. R. fireman, son of Mr. and Mrs. James Kane of Chatham, was solemnized in St. Mary's Catholic church at eight o'clock Thursday morning, July 1st. Rev. P. W. Dixon, performed the ceremony and celebrated the nuptial Mass. Appropriate music for the occasion was rendered by Miss H. Morris, organist of the church.

The bride was very becomingly attired in a tailored suit of navy blue with blue hat. The bridesmaid, Miss Pearl Wright, sister of the bride, wore a suit of navy blue. The groom was supported by Edmund Gautreau.

After the ceremony a quiet wedding breakfast was served at the home of the bride, only a few of the immediate relatives of the contracting parties being present.

MOLLINS—McEACHERN
In St. Mary's Catholic church, Newcastle, at nine o'clock Wednesday morning, a wedding of interest to a great many friends took place, when Rev. P. W. Dixon, with nuptial mass, united in marriage, Miss Nellie McEachern, daughter of Mr. and Mrs. William McEachern, and Mr. Albert J. Mollins, C. N. R. fireman, Moncton.

The bride was becomingly garbed in a dress of taupe figured georgette with a black picture hat, and carried a bouquet of American beauty roses. She was attended by her sister, Miss Hannah, who wore dark blue messaline satin, black maline hat, and carried a bouquet of sweet peas. The groom was supported by Mr. John Street.

Miss H. Morris played at the organ, and played the wedding march. During the mass appropriate music was rendered.

Following the ceremony luncheon was served at the home of the bride's father, the wedding was very quiet. The happy couple left on the north-bound Ocean Limited on a wedding trip to Montreal and Toronto, and on their return will reside in Moncton.

The bride and groom were the recipients of many beautiful wedding gifts, including a silver service from the bride's fellow employees in the Peter McSweeney Co. Ltd. establishment in Moncton.

The bride travelled in a black satin suit with ermine tie. Mr. and Mrs. Mollins have the best wishes of hosts of friends in Newcastle and Moncton for every happiness and prosperity.

TOUCHIE—PORTER
An interesting event took place at the home of Mrs. Porter, (Ferguson Manner) on Friday evening, July 2, at 9 p. m. when Bernetta eldest daughter of Mrs. Jas. Porter was united in marriage to Edward Touchie of Room Road, North Esk. Rev. Mr. Camp officiated. The bride entered the room on the arm of her uncle Mr. William Barry to the strains of the Lohengrin wedding march looking charming in a gown of white crepe de chene and georgette embroidered in silver threads, her tulle veil which was arranged in Dutch effects was held in place by a spray of orange blossoms. Her shower bouquet was of optulia brktal roses. Miss Hazel Porter, sister of the bride attended her. She wore a frock of pale blue nixon with over dress of ruffled tulle and touches of

silver lace. Her hat was of pink and blue organdy and white carnations. Mr. Thos. Sherrard supported the groom and as ushers were Edward Aylward and Frank Murphy.

Following the ceremony a reception was held. The house was attractively decorated with peonies, ferns and clusters of white roses. The table was centred with wedding cake, surrounded by satin streamers of miniature roses.

Going away the bride wore a smart navy blue suit of tricotine, and Gage Model hat of the same shade faced with sand colored silk, her coat opened over a dainty figured blue and tan georgette blouse, and the groom's gift was a beaded hand-bag which completed her costume.

Mrs. Porter the bride's mother wore a costume of brown chemise satin with georgette tunic embroidered with gold thread.

They received many costly presents among which was a cabinet of silver given by Ben Urquhart, Howard Aylward and Chas. Clark. The out side guests were Mr. and Mrs. Ernest Sherrard, Ontario; Mr. and Mrs. Falter of Flat Lands; Mr. and Mrs. John Underhill, Campbellton; Mr. and Mrs. Thos. Hackett of Athol; Ambrose Regan, Jos. Jardine, Stanley Doran, Robert Harper, Howard Murphy, Anthony Cane, Geo. O. Hopfer, from Restigouche Boom. Miss Douglas, Montreal, Miss Thompson, Athol.

After a very enjoyable evening was spent in dancing and other games, the parties all left for their homes wishing the young couple many happy returns for a happy and prosperous life. McEachern's orchestra furnished music for the evening. Mr. and Mrs. Touchie left the following morning for Newcastle and St. John for a short trip after which they will return to Ferguson Manner where they will reside.—Leader please copy.

Catarrrhal Deafness Cannot be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system. We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Drug F. J. CHENEY & CO., Toledo, O. Lists, 75c.

Hot Weather Rules For Horses

- 1. Load lightly, and drive slowly. 2. Stop in the shade if possible. 3. A sponge on top of the head, or even a cloth, is good if kept wet. If dry it is worse than nothing. 4. Water your horse as often as possible. So long as a horse is working water in small quantities will not hurt him. But let him drink only a few swallows if he is going to stand still. 5. When he comes in after work, sponge off the harness marks and sweat, his eyes, his nose, and mouth, and the dock. Wash his feet but not his legs.

How To Overcome Nervous Troubles
A Returned Soldier Tells How He Regained Health And Strength
Nervous troubles of all kinds, particularly nervous debility, work a remarkable transformation in the patient. The change is both physical and mental. The sufferer loses weight and strength, and frequently becomes irritable and fault finding. Troubles that were once thrown off without any difficulty assume exaggerated proportions. Other symptoms of this nervous condition are poor appetite, headaches, exhaustion after little effort, and frequently distress after meals. The blood, which gives the nervous system its food and power to work efficiently, has become thin and weak, and until the blood regains its tone and strength there can be no improvement in the condition of the nerves. In cases of this kind Dr. Williams' Pink Pills will be found the very best medicine. They make rich, red blood which feeds and strengthens the starved nerves, and in this way restores the sufferer to full health and strength. Proof of this is found in the case of Mr. Fred Sander, London, Ont., who says: "While on service with the Imperial forces in Africa I completely lost my health through continual hardship and shock. I was sent back to the base hospital suffering, so the doctor said, from nervous debility. After spending some time in the hospital I was invalided back to England as unfit for further service. After spending a long time in Netley Hospital, I was given my discharge, but was still a weak and nervous wreck, absolutely unfit for work. I had neither the strength nor ambition to do anything. In London I doctored for three or four months with a civilian doctor, who finally advised a change of climate. I was terribly nervous, suffered from sleeplessness, smothering and sinking spells, and pains in the heart; my hands and feet were always cold and clammy. At this time I decided to come to Canada, and shortly after reaching this country was advised to try Dr. Williams' Pink Pills. After I had taken the pills for some weeks I found myself improving. I continued taking the pills for several months with the result that they fully restored my health. My nerves are now as steady as a rock; my appetite the best, and my eyes and skin, which had turned yellowish, are clear and healthy looking. I feel like a new man in every way, and fit for anything. I have since recommended the pills to several friends, and know of several cases where they were beneficial in the influenza epidemic. I am of the opinion that should any of my returned soldier comrades use Dr. Williams' Pink Pills for shell shock, they would be very benefited by them."
You can get these pills through any dealer in medicine, or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Customs Officer Praises Tanlac

Says Wife and Mother-in-Law Were Both Wonderfully Benefited

G. W. McKay, a Customs Officer at Beaver Harbor, Charlotte county, N. B., called at the Ross Drug Store in St. John the other day for a bottle of Tanlac, and on being asked if he could recommend the medicine said:
"Yes indeed, it's a pleasure for me to endorse Tanlac, for both my mother-in-law and my wife have taken it and after seeing it used with such splendid results in my own family I could not do otherwise than recommend it."
"My mother-in-law was about as badly run-down as people get to be. She had no appetite at all and she could not eat anything but what disagreed with her and causing her great distress. She had become very nervous and restless, couldn't sleep at all well and had lost strength to get around."
"We were so impressed with what others said about Tanlac that my mother-in-law wanted to try it, and it couldn't have done her more good if it had been made especially for her case. It soon corrected her stomach trouble and she can eat hearty and digest her food without distress or pain. Now her appetite is just splendid and she is eating just anything she wants, and, judging from the way she looks, her weight has increased at least ten pounds. She can now sleep well, looks many years younger and is always praising Tanlac. My wife took it, after being poorly for sometime, and it has also done her a world of good, so I am glad to recommend Tanlac as an extra fine medicine and one that I think should be in every home."

Tanlac is sold in Newcastle by E. J. Morris, in Redbank by Wm. M. Sullivan and in Dartmouth by O. Hildebrand.

BABIES AND MUSIC

At birth there is no sense of melody, no apparent consciousness of rhythm. The infant will, however, jump nervously and sometimes cry at loud or sudden noises and will soon begin to smile or coo at soft, sweet sounds. It is very important, therefore, to shield babies from loud sudden discordant noises, and to surround them with melodious sounds that naturally please them. Indeed, a nervous, fretful baby can often be soothed by soft music.
Music, is as natural to the human being as speech. Do not let your child's musical instinct starve in his infancy. Root his babyhood in music, that his manhood may enjoy to the utmost this God given heritage.

GENUINE ASPIRIN HAS "BAYER CROSS"

Tablets without "Bayer Cross" are not Aspirin at all

Get genuine "Bayer Tablets of Aspirin" in a "Bayer" package, plainly marked with the safety "Bayer Cross."
The "Bayer Cross" is your only way of knowing that you are getting genuine Aspirin, prescribed by physicians for nineteen years and proved safe by millions for Headache, Neuralgia, Colds, Rheumatism, Lumbago, Neuritis, and for Pain generally. Made in Canada.
Handy tin boxes of 12 tablets—also larger sized "Bayer" packages.
Aspirin is the trade mark (registered in Canada), of Bayer Manufacturing of Monocaceticacidester of Salicylicacid.
While it is well known that Aspirin means Bayer manufacturing, to guard the public against imitations the Tablets of Bayer Company, Ltd., will be stamped with their general trade mark, the "Bayer Cross."

EDITORS MAIL

We are not responsible for opinions expressed by writers under this heading. Correspondents would oblige by writing legibly, and on one side of the paper only, name and address (not necessarily for publication,) must always be sent. Correspondence should be as concise as possible.

To the Editor of The Union Advocate Sir:—

Be good enough to permit a few observations and quotations.—Thank you.

If Prohibition should be defeated in the vote of July 10th, proximo, I would agree with Premier Foster and have government agencies for the sale of booze rather than the old-fashioned licensed bar. The money then derived from the sale would belong to the Province, Blood money though it would be. The voters who are lukewarm and stay-that way till election day is a thing of the past and they will regret it for the balance of their days.

The anti-prohibitionists are using some advertising, I want to investigate. We will look at one entitled a Matter of Regulations. They claim there is no Moral Issue at stake in the coming referendum. I think there is, but if not there are many Immoral Issues. The next sentence or division misquotes and misapplies a portion of a scriptural text. Turn up the last few verses of I Cor. 9th Chapter to get the correct bearing. The next point they try to make is to bring discredit upon the Prohibition Act, by saying that is "an old crime rather than suppressed it, created Lawlessness and brought misery and poverty to many homes."

We have had crimes in spite of the Law, because doctors, vendors, inspectors and others have not done their full duty, but less in number and seriousness. Because people have broken the law misery and poverty, as with other laws, have followed. The statement is a mere bluff. Here it is Private liquors interests are not interested in the present campaign they have no come-back whatever happens." They know if Prohibition is carried by a big majority the Dominion Government will soon stop the inter provincial traffic. The next and last point under government control which is the second question on the Ballot. The wine, beer, cider, ale and other fermented liquors touch the most vital part and are known as the devil's kindling wood, and the Irishman's advice should be heeded by all our young people—"leave off before you begin." They wind up their advertisement with "Let us have a change in the system." They will vote against the first question and for the last. Will you go and do likewise or the opposite?

Permit now a lengthy quotation from an address of the late John B. Finch delivered at Moore's Opera House, Des Moines, Iowa, U. S. A. April 23, 1882: "Just as we'll build up a man by putting lice on his head as to hope to build up the material interests of a city by opening dram-shops in every business relation the liquor traffic of the country is an institution which receives value without returning it. It lives on society as parasites live on bodies. A saloon bears the same relation to legitimate business that a bed-bug does to a man who sleeps in the bed where the bed-bug lives. You would admire a louse as much as you do a honey bee if it lived in the same way. Some of the parasites are among the most beautiful of insects. It is the way they live-by sucking their life out of other life—that raises the feeling of disgust and leads to their destruction. It is not a liquor-seller's clothes or looks which causes society to detest him and his trade; it is the way he lives in society—a mere parasite on his business life. As the shingles go on his customers, they fall off the house of his customers; as he and his family live easily in idleness, his customer's and his customer's family suffer in rags. For this crime of parasitism he is on trial."

"I do not like to drag anything into a position where it ought not to go, and I feel at this point like apologizing to the bed-bug. You ask what I mean? I will tell you, I never knew one bed-bug mean enough to eat another bed-bug, or one louse mean enough to eat another louse. It remains for the last and highest order which God Created in His Own image, to develop the type which will live on their own kind and of their own species; also will fasten its long and parasitic avarice—in the pulsating flesh of their own kin, their own blood, their own sex and their own race; and grow rich, not by the destruction of individuals who feel the same, who enjoy the same as they do. It is unfair to a parasite, that lives on other forms of life, to compare it with a class low enough, vile enough, to live on its own kind without a feeling of sympathy, without a pulsation of regret."

How does our citizenship treat the wheat midge, the spruce bud worm, the codling moth, the brown-tail moth, the potato beetle, the sheep tick, the sting or gad fly, the mites and slugs infesting the hen roosts and yards, the bed-bug, lice infesting our domestic animals, rats, mice, etc.
Yours truly,
A. G. M. LAWSON

Children Cry for Fletcher's

CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

But remember that Paint Quality varies

You cannot save the surface with a poor paint—unless you re-paint frequently. That is extravagant—so you naturally seek the paint of utmost durability. Your search for such a paint will lead you ultimately to the pure and permanent

B-H "ENGLISH" 70% Pure White Lead (Brandram's Genuine B.B.) 30% Pure White Zinc 100% Pure Paint

Its outstanding merit is primarily due to its white base: zinc white and Brandram's Genuine B.B. White Lead, which for two centuries has been the standard white lead of the world. The purest linseed oil (from our own mills) with best turpentine, aids in giving a tough air-tight coat. You cannot prove these high claims until you've used the paint—but you can meanwhile accept as your guide the experience of your neighbors. Ask any man who ever used B-H if it is not true that it goes farthest—and lasts longest. You will find unvarying conviction among experienced paint-users that the quality and durability of this brand are such as to make it the supreme surface-saver. You will probably find in your neighborhood houses painted with B-H long ago that look as if they were painted but recently.

Save The Baby

Mothers who keep a box of Baby's Own Tablets in the house may feel that the lives of their little ones are reasonably safe during the hot weather. Stomach troubles, cholera infantum and diarrhoea carry off thousands of little ones every summer, in most cases because the mother does not have a safe medicine at hand to give promptly. Baby's Own Tablets relieve these troubles, or if given occasionally to the well child will prevent their coming on. The Tablets are guaranteed by a government analyst to be absolutely harmless even to the newborn babe. They are especially good in summer because they regulate the bowels and keep the stomach sweet and pure. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.
