THE CRITERION

Packard supremacy has become an institution. Car standards change from year to year—but the discriminating buyer is always sure of the Packard. It is his constant criterion.

Packard dominance is perennial and this season it is even more pronounced than usual.

The new Packard sixes—"Thirty-Eight" and "Five-Forty-eight"—reveal a sweeping readjustment of values as applied to road ability, comfort and elegance in motor cars.

ASK THE MAN WHO OWNS ONE

GLAD TO BE BACK IN TORONTO AGAIN

Miss Percy Haswell Returns
for Her Sixth Summer
Season.

LIKES COLD WEATHER
Hopes There Will Be More
Snow Before Winter is
Gone.

Looking younger, and if possible, sweeter than ever, Miss Percy Haswell is back among her many Toronto friends again, and on Monday the curtain of the Royal Alexandra Theatre will rise on her for her sixth summer season.

Seen by a World representative yesterday Miss Haswell could hardly find words to express her delight at being able to return to Toronto. "Am I glad to be back?" she said. "Why I just feel like a cat all snuggled up to a nice warm fire after having had a large bowl of cream."

In speaking of her company she said that she had the sweetest little friend with which she is to captivate her "mañana girls" with this season, and the invitation to inspect them was too much of a temptation to be withheld. That rose cloak—the new "vieux" rose which is all the rage this spring—was a superb little model. Long black fur was generously used as trimming. The cut was perfect, and it flared to perfection.

"I've got my eye on the sweetest little spring model," said Miss Haswell in excitement when talking of hats. "This kind of weather isn't the best for spring hats, but I love any Toronto weather and I do hope we have more snow. I love the cold in spite of the fact that I was born in the south, and I'll have plenty of time for warm weather, won't I?"

MANY BOOTS REJECTED FOUND TO BE BURNED

Lt.-Col. Halleck Discovered No
Fraud in Canadian Army
Shoe Contracts.

Canadian Press Despatch.
OTTAWA, Feb. 24.—It was made evident at the resumption of the inquiry into the boots furnished to the Canadian expeditionary forces that the scope of the investigation would be enlarged and that its functions would be judicial, as well as inquisitorial.

E. M. Macdonald said that the scope of the inquiry extended to the boots furnished the second contingent, as well as the first, to boots now furnished.

A. E. Stephens, a member of the departmental commission, was recalled. He was asked by Sir James what he thought of the Ames-Holden boot, respectively of quality and quantity.

He had charge of the issue of boots at Valcartier. The men had been so hard on their feet, which were in certain cases they could not leave their tents. That rose cloak—the new "vieux" rose which is all the rage this spring—was a superb little model. Long black fur was generously used as trimming. The cut was perfect, and it flared to perfection.

Witness said that most of the complaints of the boots had come from England. In many cases the boots had been found to be burned.

OTTAWA, Feb. 24.—The question of slippers and shoes for the Canadian soldiers came up in the house today.

Hon. Mr. Lemieux was informed that the government had purchased 2,350 pairs of slippers for the Canadian contingents. They were made by the Ames Holden Company of Montreal, at \$1.50 per pair.

Canvas shoes were ordered from seven firms at \$2 per pair. The firms were: Cook & Fitzgerald, 5,000; Dufresne & Locke, 10,000; Dufresne & Galt, 5,000; James Muir Company, 10,000; Brandon Shoe Company, 5,000; Regal Shoe Company, 5,000; E. T. Wright, Co., 5,000; total 45,000 pairs.

Gustavo Boyer was informed that 334 remounts had been purchased by Sir Adam Beck for the first contingent at an average cost of \$186. The average expense for purchasing the horses was \$7.50.

No appointment in sight.
Sir Wilfrid Laurier enquired when the government intended to appoint a successor to Lord Strathcona.

INSPECTION TODAY AT MILITARY CAMP

Major-General Lessard Will
Pass on Infantry at
Exhibition.

An inspection of the 19th Battalion will be made this morning at Exhibition camp by Major-General F. L. Lessard, inspector-general of the eastern Canada forces.

Major LeRoy, chief inspector of heavy and field artillery, visited the quarters of the 4th Brigade, C.P.A., at the camp yesterday. He will probably be at the grounds for several days.

The live-shooting training were again canceled owing to the wet weather. If the weather is fine today and the mist clears from over the lake, the artillery will practise this morning.

A military order of Feb. 18, with reference to the regimental numbers of the artillery, has been changed to read as follows: Divisional Artillery, H. Q., 4th Brigade, Ammunition Column and 13th Battery, 38,001 to 38,600; 14th Battery, 38,601 to 38,650; 15th Battery, 38,651 to 38,700; Eastern Machine Gun Battery, 451 to 650.

The faculty and senior students of the Ontario Veterinary College visited the camp yesterday afternoon and viewed the 1600 horses and their quarters.

WANTS LOST TRUNK OR VALUE FOR SAME.

Pending the delivery of judgment of the court of appeal in the case of Dunsmuir v. N. Y. C. Railway, Judge Winchester yesterday reserved judgment in the action of Dixon v. Allan Lane.

On Aug. 22 Canon Dixon bought a second class ticket for himself and one for his wife on the S.S. Scandinavian from Glasgow to Montreal. A trunk marked "wanted," and which should have been placed in their state room, never arrived, and has not since been seen. Canon Dixon now claims \$500 for the value of the contents and for the inconvenience to which the owners were put.

Gun Practice Will Be Re-
sumed This Morning if

NEWS OF SPECIAL INTEREST TO WOMEN

DELEGATION ASKS VOTES FOR WOMEN

Large and Representative Gathering Waited Upon Premier Hearst.

WILL CONSIDER CASE

Matter Not Likely to Come Up During Present War Session.

A large and representative delegation waited upon the premier yesterday morning at the parliament buildings for the purpose of enlisting government aid in the matter of extending the franchise to married women on the same basis as it is now given to widows and spinsters.

The audience took place in the west reception room, and the matter in hand together with the speakers who were to represent different issues relating to the subject of the vote for women, were introduced by W. Munns, secretary of the Canadian Suffrage Association.

Mr. Munns expressed his delight and that of the delegation at being received for the first time by the Hon. W. H. Hearst, premier of the province. Referring to the last delegation about which some misunderstanding had been made, Mr. Munns said that the delegates had been courteously received and that they had been well satisfied.

Any disturbance on that occasion did not come from their ranks in which there is no militancy. The speaker stated that an appeal had been made to the electors of Ontario and that the delegation was present to give the reasons for their request. The municipalities were then read, showing that in no instance had the appeal met with defeat, and that in other centres had received standing which would petition the government to enlarge the present municipal franchise in order to include married women taxpayers.

In Toronto a referendum had shown a majority of 18,610 in favor. Many societies too, among them the Toronto local council, Women's Christian Temperance Union, the Trades and Labor Council supported the Toronto campaign. Dr. Margaret Gordon, introduced as "mother of the referendum," was pleased to have good reports from Ontario. Mr. Munns, she said had taken a good deal of her time "just like a man," interjected the premier. As a result of the campaign there was one thing at least which could be stated with assurance, that women who knew they did not have the vote, believed they were entitled to it. In London, Fort William, Windsor, Orangeville and Stratford were among the municipalities that had given the vote for married women. Dr. Gordon pointed out that Ontario women had their own provincial referendum. Manitoba and other places had their own referendum. "What's the matter with Ontario women?" said this enthusiastic advocate as she gave place to the next speaker, Mrs. J. MacDonnell Denison.

Mrs. Denison called attention to the world movement going on along the lines in which the delegates were interested. She had the honor to be present at the great gathering in Budapest when 4,000 delegates representing twenty-five countries from all over the world assembled in the cause of the enfranchisement of women, and she was not disposed to look upon Austria-Hungary in the highest light. It can be stated that from Francis Joseph down to the poorest charcoal-burner, all did their share in making the congress a success. Ten states in the union had now given full voting privileges to women. All are now entitled in a real democracy. New York, so long conservative, had now voted unhesitatingly that the legislature should give the franchise to women. It was Lincoln who announced a government of the people, for the people, by the people. Women are part of the people. "All we are asking," said Mrs. Denison, "is freedom."

Dr. Margaret Johnston made a short but incisive speech. She was the grand-daughter of a Tory and the daughter of a dyed-in-the-wool Tory, but she was not proud of it. She was not proud of being associated with any government that placed women in the same category with lunatics, criminals and fools. All civilized nations are now having to face the question. The government that gives married women the vote and benefits the daughters of the country is the one of which the women will be proud.

One of the most eloquent addresses was made by Dr. Stowe Gullies, who was called upon unexpectedly. She had been interested in suffrage since she was sixteen years old. That married women are deprived of the franchise she regarded as a slur upon the judgment of the men who married them. The question is an important one demanding thought. She did not believe that the present barbaric war would have happened if men had placed women everywhere on an equality with themselves. The world today would not have been in the hopeless muddle in which it now finds itself. Hiltner's hopefulness of many nations are giving the vote while educated college-bred women are ignored.

Dr. Gullies raised a laugh when she related that foreigner at a certain election, in reply to all questions asked, answered Hocken, Jimmy Simpson or Tommy Church, the last name being suggested by the premier, as the doctor's memory failed a moment at this point.

GOLDEN WEDDING ANNIVERSARY

Fitzpatrick, of Fitzpatrick & O'Connell, Limited, Toronto; Hillary, who lives near home, and Denis V., at home; Wm. L., who lives in Globe, Arizona, and Joseph J., in Bakersfield, Cal.

The celebration took the form of a banquet. A unique feature was the presence of the bride and groom, and of interest to the many old couples who were present. The family presented a purse of gold with an address and many other very beautiful presents were also received.

The wedding cake was sent by Mrs. W. L. Fitzpatrick, of Globe, Arizona, and was served to over 150 guests during the day.

KENNETH CARRIE CASE POSTPONED ONCE MORE

Crown States Anxiety to Have Trial Proceed at Once.

For a short time in the county criminal court yesterday morning there was a heated argument between Crown Attorney Greer and T. C. Robinette, K.C., when the latter announced that he was unable to go on with the trial of Kenneth Carrie, charged with beating Hilda Williamson, the young domestic, employed at his home on Roseneville avenue.

"This case has been up four or five times, and I am not going to take any further responsibility," said Attorney Greer. "I am going to place a bill before the grand jury and force the case on next week, and if a true bill is found against him I will have him taken into custody."

Mr. Robinette said he could not go on without his material witness, who, he stated, is under the doctor's care. "Not even if the case dragged on for two years can we have any travesty of justice."

MERCHANTS STATE THEIR GRIEVANCES

Hardware Retail Men, Say That Wholesalers Send Un-saleable Goods.

SHOULD COMPLAIN. If Matter Was Laid Before Society, It Would Be Corrected.

About 200 members of the Ontario Retail Hardware and Storekeepers' Association registered at the King Edward yesterday, where their convention is being held.

Fault was found by President McPherson with what he characterized as insufficient inspection of some of the goods shipped by the manufacturers.

In the case of mopheads, shovels, etc., he claimed that in every dozen of these articles purchased by the retailer there would be at least one or two that could not be sold owing to imperfections in their manufacture. "I would prefer to buy my goods in Canada, and I think the manufacturers should see to it that we receive goods that are up to the standard."

Should Be Reported. In reply President Taylor of the Taylor-Forbes Co. threw the blame on the retailer, stating that if imperfections were promptly reported to the manufacturer, a check would soon be put on any overights of this kind. This view of the case was backed up by Secretary Tobin of Woodstock, who also said that imported goods were very often not as represented, and suggested that the retailer forward his complaints to the secretary of the association.

A very successful banquet was held in the evening at Dunning's Hotel, when a number of interesting comments were made by the guests on various aspects of trade conditions.

URGING THE FARMERS TO COMMENCE WORK

Should Co-operate in Regard to Mutual Insurance and Map Out Scheme.

"It is up to you farmers to forget the fact that every farmer thinks the other man is trying to get the best of him," said W. J. Yall, addressing the afternoon session of the Mutual Fire Underwriters' Association at the Carls Rite Hotel yesterday.

"Mutual insurance can be made a great success if you get down to doing business in a co-operative way. Get away from the policy of watching the other company's rates and methods of working, and map out a campaign that will have a comprehensive bearing on insurance as a whole."

NONE HAVE DEFAULTED

Municipalities' Only Responsibility That Debt is Paid in Thirty Years.

Two hundred delegates from the municipalities of Ontario to the Hydro Radial Union of Ontario were addressed for about an hour by Sir Adam Beck in the assembly hall of the Labor Temple yesterday afternoon. Sir Adam told how he and his associates had developed the hydro-electric system and brought it up to its present state of efficiency. The sixty-five municipalities now using hydro power are getting it at a less rate than their contract called for, in spite of the fact that many of them are not using the amount stipulated by a considerable margin.

Purpose is to Prevent Heavy Taxation in Villages and Small Towns.

W. C. Chambers of West Wellington introduced yesterday an assessment bill of unusual character. The purpose of it is to prevent the heavy taxation of farm lands in villages and small towns. The first clause rules in all centres having 3000 persons or under, in which lands are held for farm purposes only, and in sections of not less than five acres under ownership of one man, they shall be assessed only as farm lands, irrespective of subdivision. Provision is also made for exemption from prevailing charges for local improvements and water services. OSGOODE JUDGMENT

Joseph Bennett Entitled to Recover as Active Partner in Silverthorne Co.

Mr. Justice Sutherland at Osgoode Hall yesterday gave judgment in the application of Joseph Bennett, for a declaration that a partnership existed between him and A. Pearce in the working of a gravel pit, known as the Silverthorne Sand and Gravel Pits. The plaintiff declared that the defendant approached him in May, 1914, for the purpose of forming a partnership in the distribution of gravel from the pits, the property for which he had leased. He endeavored to have the defendant put the agreement in writing, but he states that Pearce kept putting it off from time to time. It was verbally agreed that Bennett should have charge of the distributing of the gravel and Pearce was to be supplied of the books. The first week of the working of the pits Bennett supplied horses and wagons to clear the property and Pearce paid the men. This was to have no effect on the partnership.

The rest of the meeting was taken up in the discussion, adoption and arrangement of the by-laws. G. Tower Ferguson presided.

LANDSLIDE DETAINS PASSENGER TRAINS

Yesterday morning about 3 a.m., a landslide in a cut near Westleyville wrecked a number of C. P. R. freight cars. Westleyville is one of the stations on the new division about five miles from Fort Hope. It is thought that the landslide was caused by the rain and melting snow. Fortunately it occurred at that hour as the Montreal train was due to pass that spot a few minutes later. Several trains were held up by the accident, including the Montreal passenger and the Trenton local.

Some 25 railway employees were laid off for several weeks for violating train rules. Fifty men were lined up on the carpet and reprimanded at the Union Station yesterday; the chief offences being running past semaphore signals.

Chronic Indigestion Cured

Mrs. Herbert Arbuckle, Deschene, Que., writes: "I had a bad attack of Chronic Indigestion after the birth of my baby, and though I went to three doctors they all failed to cure me. I read about a lady being cured by Dr. Chase's Nerve Food and began its use. It was only a short time until the trouble was overcome, and I can eat anything I want now without ill effects. My weight now is 130 pounds, and I am writing this so other women may know of the Nerve Food and get well and strong."

Anaemia—Extreme Weakness

Mr. T. Hyndman, farmer, Rupert, Que., writes: "I had been gradually falling in health for two years and had tried many remedies. Among others I used Dr. Chase's Kidney-Liver Pills, and found them doing me good. Some neighbors told me the doctors said they were dangerous, so I quit their use and went to the doctor. Under his treatment I got so weak I was unable to raise my head from the pillow. I read about a man that I had anaemia of the blood and could never be better again, so I sent for another doctor, and he told me that I had anaemia of the blood and he would cure me. I could not take their medicine and was continually vomiting, so I gave them up and said, 'Kill or cure, I will again try Dr. Chase's medicines.'"

Dizzy Spells—Peouilar Feelings

Mrs. T. P. Cullen, Fairview Farm, Shepard, Alta., writes: "My nervous system was so run down and exhausted that terrible dizzy spells would come over me, and I would have most peculiar feelings. Everything appeared as if it was falling on me, and caused me to jump after taking a few steps. While in this frightful nervous condition I heard of Dr. Chase's Nerve Food and began using it. This treatment built up my nervous system and completely cured me, and for this reason I am always glad to recommend it for the sake of those who suffer as I did."

Nerves Exhausted—Feared Future

Mrs. R. J. Billings, nurse, North Bay, Ont., writes: "I am happy to be able to say that Dr. Chase's Nerve Food is fully worth all the praise given it. I have used Dr. Chase's Nerve Food for some time, and would not be without it in the house. I know that if it had not been for Dr. Chase's Nerve Food I would have been out of my mind. My nerves were so far gone that I had gloomy forebodings of the future, and feared the loss of reason. I feel fine now, and do not lose an opportunity of recommending this treatment to my patients."

Nervous Breakdown—Sleeplessness

Mr. E. B. Hillman, Furbrook, Muskoka, Ont., writes: "About four years ago I was all run down, and could not work, and as to writing a letter, I could not do it on account of my hand shaking so badly. My nerves were unstrung and I was troubled with a nervous breakdown. I could not sleep soundly and would start up so suddenly as to almost jump out of bed. My kidneys were bad, too, and I had awful pains in the back all day. I doctored with my family doctor, but he did not seem to know what I needed. I was recommended to try Dr. Chase's Nerve Food, and could sleep well three nights after starting the use of the Nerve Food and Kidney-Liver Pills. I take great pleasure in recommending these medicines, as I have proved that they do all that is claimed for them."

Bad Spells With the Heart

Mrs. A. D. Cameron, Birch Brook, Pictou county, N.S., writes: "For two or three years I was in a run-down condition, very nervous, lost strength, and was drowsy and sleepy. Then I began to have bad spells with the heart, and cold feelings would creep over me until I felt like death and as if I were sinking away. I would smother, and my hands would become stiff and cold, and windows and floors would be thrown open to bring me back to life. A year ago I read about Dr. Chase's Nerve Food and began its use, and can now say that I am practically cured. As I am still gaining strength I shall continue its use for a time. During my illness I had two different doctors, but as I could see little benefit I turned to Dr. Chase's Nerve Food with great advantage. I will gladly answer anyone who wishes to hear direct from me."

Weak Heart—Palpitation

Mr. Stephen J. Leard, North Tryon, P.E.I., writes: "At seventy-five years of age my heart gave out and became very irregular and weak in action and would palpitate. My nerves also became weak, and I could do nothing but lie in bed in a languishing condition, losing strength and weight. In that condition I began using Dr. Chase's Nerve Food, and am cured. Had I not obtained this treatment I would now be in the box with the roof over my nose. At eighty-one I have an energy which I turned to Dr. Chase's Nerve Food with great advantage. I will gladly answer anyone who wishes to hear direct from me."

Blood Weak—Nerves Exhausted

Miss Effie Bancroft, Longwood, Ont., writes: "A year ago I was very much run down in health. The blood seemed to be weak and the nerves very much exhausted. Having heard of Dr. Chase's Nerve Food and of its success in curing cases similar to mine, I began to use it, and was very greatly benefited by continuation of this treatment. Two of my sisters also used this medicine, and found it to be a splendid means of building up the system."

Stomach Trouble—Fainting Spells

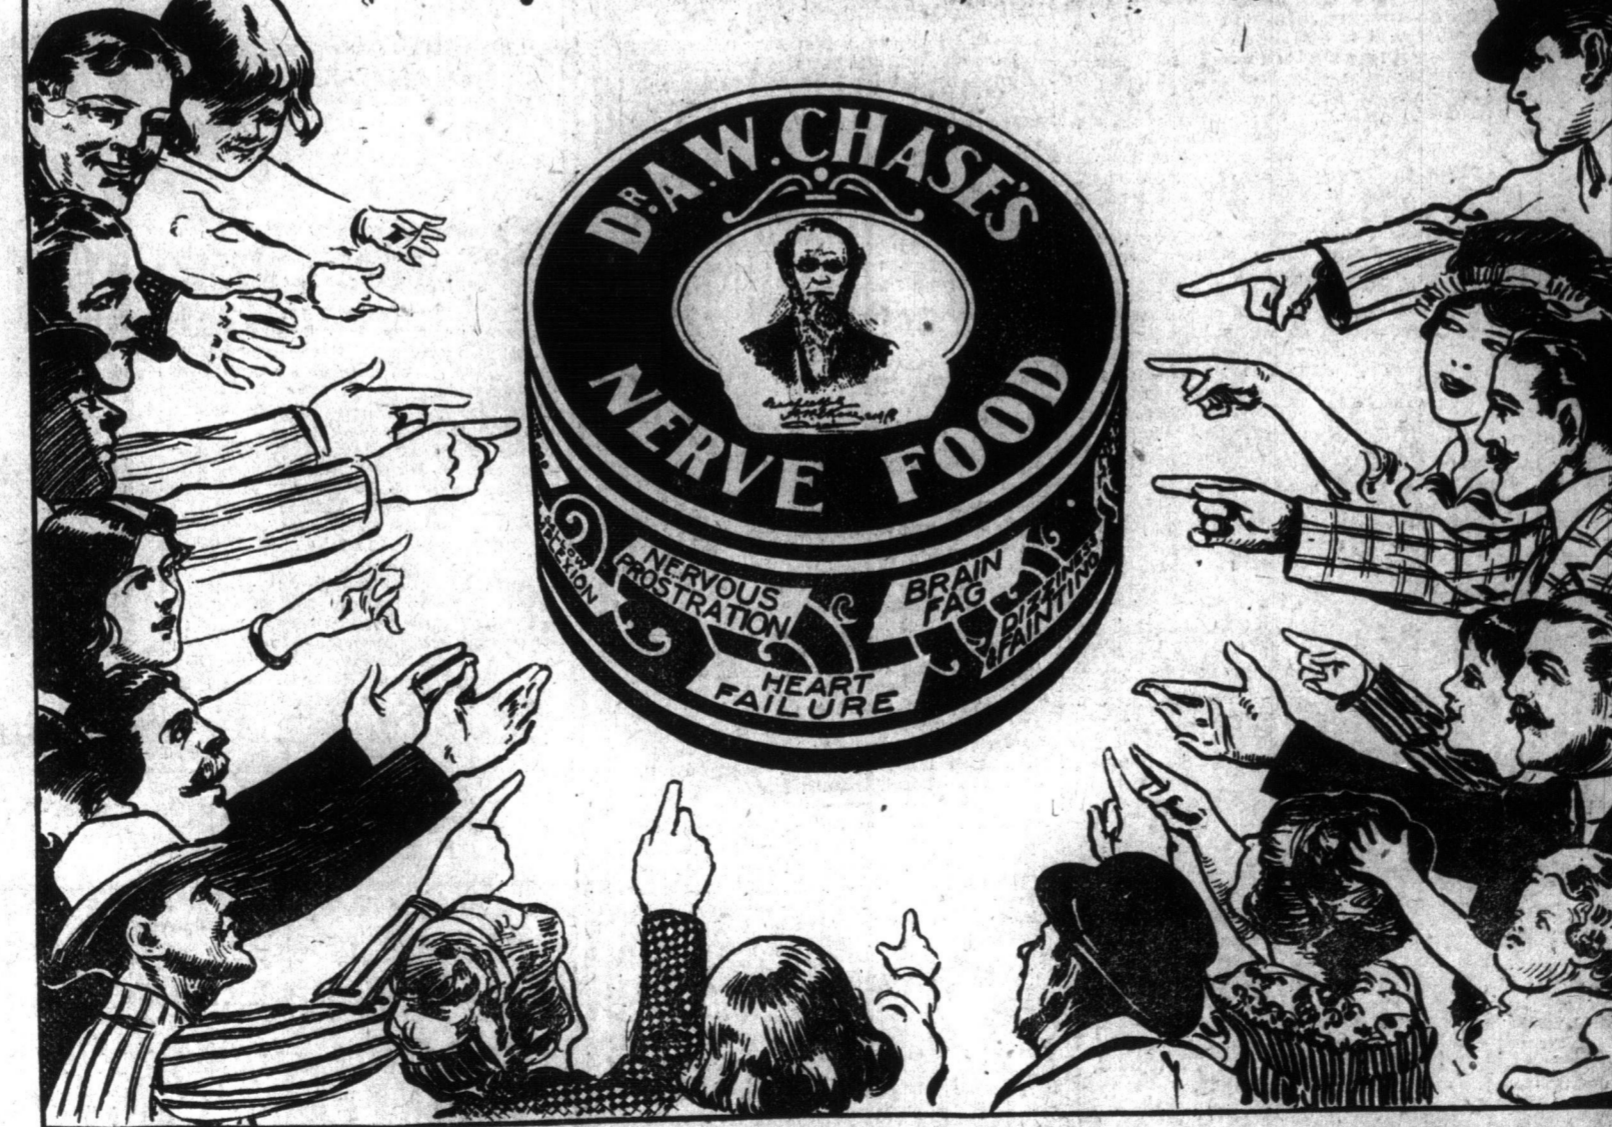

"We have also used Dr. Chase's Syrup of Linseed and Turpentine with good results. One of my brothers had pneumonia twice, and we always use this medicine for him, as we find that it breaks up a cold the quickest and best of anything we can get."

Chorea—St. Vitus Dance

Mrs. A. A. Currie, ladies' tailoress, Bideford, P.E.I., writes: "I had stomach trouble and fainting spells, and the gas would form on my stomach, so that I would feel like smothering. Often I could not sleep at nights without being propped up in bed, as I could not get a breath. For about five years I was like that, and consulted four doctors, without being benefited. By using Dr. Chase's Nerve Food and Kidney-Liver Pills I have obtained the greatest benefits imaginable. No medicine I ever took did me so much good, and I want to recommend them."

Jury Brings in Verdict After Being Out an Hour and a Half.

is imprisonment for a period of from one day to seven years, at the discretion of the court.

Nerlich stated to the verdict with a composed, although his face wore a worried expression. "The ball on which I was convicted was furnished by my brother and himself. The entire sitting of yesterday was taken up with addresses of counsel and his lordship's summation.

Offered No Evidence.

Mr. Hellmuth for the defence offered no evidence and instead made a motion that his client be discharged because of the discharge of Mrs. Nerlich as a co-conspirator coupled with him in the indictment. This being refused by the court, he demanded the right of addressing the jury last, which, he contended, was ready to go to New York.

Chief Justice Mulock declared him this also, ruling that exhibits which the defence had put in should be regarded as evidence.

Mr. Hellmuth in his address declared that the case for the defence was not a little of evidence that the defendant gave a part of information to the enemy.

Had Money Left.

Crown Prosecutor DuVernet, in his address, pointed out that Zirkow had still \$17 left after he had paid all his debts and was ready to go to New York. He had received \$20 from the German Relief Society, and it was found that they had knowledge that he was going back to fight they would answer for it. Referring to the letters received by Nerlich from Carl Hoerl, and not admitted as evidence, he declared, in spite of an interruption by Mr. Hellmuth, that he had a right to show they had been received, and also the right to show that in the statements of disbursements in Berlin, Nerlich was paying money to the woman Uta Von Enden, who was getting his letters across the Dutch border.

He characterized the receipt of the letters as one of the most skillful and clever plans for sending out communications from this country to Germany which had ever been devised.

Chief Justice Mulock made an impartial summation up. He said that the indictment contained two propositions: (1) That the accused entered into a conspiracy to render assistance to the enemy to be effective in the present war, and (2) that the means contemplated were treasonable.

If the object of conspiracy was to commit the indictable offence of treason, the conspiracy must be proved. He went on to define the word "treason" and what it involved. The mere act of rendering assistance did not render a person liable to treason. Before a person could be found guilty of treason the jury must be satisfied that the act committed was treasonable and that the intention constituted the crime.

The jurors must ask themselves if it was Zirkow's intention to return to Germany and join the German army, whether the accused believed that such was Zirkow's intention when he gave him the \$10, and whether the accused, in giving Zirkow the money, was ac-

slating towards the accomplishment of this purpose.

If Nerlich believed that Zirkow only intended to go to New York, then his action, merely as the aid to Zirkow, would be an innocent act. His lordship found no evidence of any trading with the enemy by the Nerlich firm.

Chief Justice Mulock said that there was any evidence of sending information which might be treason of a very grave kind.

only overt act shown against Nerlich was that of assisting Zirkow to leave Canada. Did Mr. Nerlich give the \$10 to Zirkow, the waiter at Kraussmann's, knowing that there might be danger in giving it to Zirkow himself, or was it for honest purposes? If it was given to Zirkow in order to pay him for what Zirkow owed him, in order to facilitate his departure, that would also be aiding the enemy.

The jury retired at 8.30. Attorney-General I. B. Lucas occupied a seat on the bench at the morning session.

ATTEMPTED TO KILL EX-PREMIER COSTA

Portuguese Elections Postponed—Republic Faces Grave Crisis.

Canadian Press Despatch.

PARIS, Feb. 24.—The Havas News Agency has received a despatch from Madrid saying that an attempt was made last night to murder Dr. Alfonso Costa, ex-premier and minister of finance, and now leader of the democratic party in Portugal. The assassin, Senor Costa, was made by Jose Francisco Silva, a student, aged 14 years.

The Portuguese Government has decided to postpone the general elections sine die, and it has ordered a revision of the present census. This is considered a hard blow for Dr. Alfonso Costa and the democratic party.

The newspapers declare that a revision of the census can be made only by Premier De Castro acting as a dictator, which would be "unconstitutional and illegal." They say that the republic is facing a grave crisis.

BATTLE OF CHAMPAGNE GOES IN FRENCH FAVOR

Progress North of Mesnil Recorded in Attempt to Relieve Rheims.

Special Cable to The Toronto World.

(PARIS, Feb. 24.—In the fighting in France the battle of Champagne continues with unabated fury, with the French troops steadily pressing back the Germans and making considerable progress north of Mesnil. Operations near Perthes are calculated to relieve the City of Rheims, which has been suffering terribly from the German bombardment.

Northwest of Verdun the French have gained considerable success. At Les Eparges, where fighting has been violent for the past several days in an attempt to drive back the French from the ground that they gained last week, the French are coming out victorious. They have inflicted serious losses on the enemy, who left 600 dead on a small section of line held by Joffre's troops. Prisoners report that two German regiments, 6000 strong, which were driven from their positions, lost 3000 men, or half their strength.

The forest of Apremont is still the theatre for an extensive struggle in which the Germans have been partially driven from the struggle. Progress is reported from Bois Brule.

Spirited fighting and engagements from the Lyse to the Aisne have resulted favorably to the allies.

OLD BOYS GIVEN FUNNY SURPRISE

Novelty the Order When Former Dufferin Pupils Met.

WANTED THEIR DINNER

Lights Went Out and Piper Appeared, Good Time Followed.

Novelty was the order of the evening when upwards of 200 Dufferin school old boys held their 18th annual banquet at the Caris-Rite Hotel Tuesday night. Fun ran fast and furious, and an amusing practical joke was put up on the guests by Robt. Redford, the chairman, and R. S. Hubble, the manager of the hotel. The guests were allowed to remain seated at the handsomely decorated tables for some minutes without a waiter being in evidence.

Presently appeals for service were made to the chairman, who called upon Mr. Hubble and demanded an explanation of the situation. A lively passage of words ensued, and at a prearranged signal all the lights went out, leaving the dining-room in darkness save for the beams from a spot light, which revealed Piper McIlhenny of the 48th Highlanders, who, amid the cheers of the guests, marched up and down between the tables to the skirt of his pipes, and halted beneath a draped flag, which fell away disclosing an oil portrait of R. Lewis, first principal of Dufferin school, decorated in colored lights.

The guests rose and sang "Old Dufferin Days," which was followed by the national anthem, singing "Facing the Flag," and a series of other patriotic songs. The feature film attraction, "Rainbow June," is proving itself to be the greatest of any serial photo-play stage shown here. That clever trio, Lottie De Long and Brothers, will be seen in their comedy sketches, "The Termination," "Ziegler and Sangster have an unusual offering, that is full of novel surprises.

WAR RISK RATES TOOK A BIG JUMP

Quotations From Thirty to Fifty Per Cent. Higher Than Last Week.

CANADIANS INSURING WILL BE DEPORTED

Inquiries From Nova Scotia Regarding the Insurance of Factories.

Special Cable to The Toronto World.
LONDON, Feb. 23.—War risk rates at Lloyd's today jumped from 30 to 50 per cent. above quotations at the end of last week. While the rate to cover the risk of war between the United States and Germany increased to 40 per cent., no business was offered on the basis of possible war between Britain and America. The continued sinking of neutral vessels by Germany, as well as the mining of the Evelyn, and reports of great activity in United States shipyards and arsenals, are among the elements influencing rates regarding relations between Germany and America. Insurance on property in America is also affected. One broker declared the people of America fearing war with Germany, are insuring a considerable amount of property, including factories, against damage. There also are enquiries from Nova Scotia. The general rate is ten shillings per cent; 40 per cent. was paid today to cover the risk of war between Italy and Austria before March 15, while 40 guineas was paid to insure against war between Italy and Turkey. To cover these risks until June, 90 per cent. is quoted.

CHARGE OF FRAUD AGAINST F. QUIRK

Arrested in Hamilton at Request of Toronto Police.

Three Men Alleged to Have Broken Immigration Act.

Frank R. Quirk of Toronto was arrested in Hamilton yesterday at the request of the Toronto police on charges of fraud and forgery. In January last he is alleged to have obtained \$44 from John Fell, 781 Broadview avenue by false representations and on February 9 was passed a cheque for \$200 to which the name of H. S. Powley, 52 Desborough avenue, was forged. Detective Croome will bring him back today.
Albert Awles, 33 Rhodes avenue, who was removed to the Hospital for Sick Children on Tuesday suffering from meningitis, died yesterday. He was ten years of age. The other three cases in the hospital are progressing favorably.
Immigration Inspector Anketell arrested William Kerr, 356 West King street, Aloya Kenezaker, 30 Sullivan street, and Walter Rowslett, 30 Sullivan street, on a charge of a breach of the immigration act. Rowslett gave his home as Switzerland. They will probably be deported to the United States where they are supposed to have come from.
Albert Kipped His Bail.
George Cheyne, who, with David Dickinson was called in police court yesterday to answer to a charge of keeping a gambling house at 34 A. La Plante avenue, has skipped his bail of \$1000, which amount will be forfeited by Thomas Whiteside. A warrant was issued for his arrest. The case was remanded till Feb. 26.
Two years in the penitentiary was the sentence imposed on Roy Lamb, the young man who broke into the house of C. F. Bolton at 280 McPherson avenue Tuesday. According to the police Lamb has a bad record.
Prof. Granger Fined.
For diagnosing a medical case while he was not a registered physician, Prof. Charles Granger was fined \$25 in police court yesterday. Two witnesses swore Granger diagnosed their cases and sold them medicine and pills to cure them.
Police on Trail.
While returning to his home at 23 Havelock street at midnight Tuesday night, William Whitehead, a druggist, was held by three men, one of whom struck him over the head with a sand-bag, robbing him of \$125 in cash. The money was the day's take at the drug store, and following his usual custom, Whitehead was taking it to his home instead of leaving it in the safe at the store. The police are on the trail of his assailants.

HAS SUPPLIED MEN FOR ACTIVE SERVICE

In addition to its own quota in the third contingent, the new 109th Regiment, commanded by Lieut.-Col. W. Stewart, has supplied a large number of officers and men for other units for overseas service. The 109th has at least eight officers and two hundred and fifty men enlisted from its ranks for active service, with units of the second and third contingents. The regiment is training hard—three nights a week, to be ready for future expected drafts from its ranks. Tonight the left half battalion will parade at the regimental armories, 9 A. Wellington street east, for physical drill and tomorrow night the right half battalion will assemble for the "setting up" drill, which is very popular with the men.

The Zaratzin works will make heavy guns and ammunition. It has orders from the Russian Government to complete and equip the syndicate controlling it will be known as the Russian Artillery Company.

WILSON IS TRYING TO ARRANGE TERMS

Would Stop Threatened Embargo as Well as Submarine Warfare.

NO CHANCE OF SUCCESS

Feeling Against Germany is Stronger Than Ever in England.

Special Cable to The Toronto World.
LONDON, Feb. 24.—President Wilson is endeavoring to mediate an arrangement between England and Germany for an abandonment of the threatened embargo on German commerce on the part of the allies and a cessation of submarine warfare on Germany's part, as is indicated by what is known of his latest communication to the two governments. As Germany blows up one helpless ship after another England's anger grows hotter. The nation is in no mood to bargain with Germany. A hundred ships may be lost, but the nation will not be ready to make a trade even if the government wished to do so. It is virtually certain that the country stands for a retreat of this character.
Has Not Much Chance.
However, there is no indication that the government is likely to abandon its intention of taking drastic measures against German commerce. The note to Britain apparently was delivered yesterday morning. It is now under the foreign office's consideration, but there is little indication that it will have the effect of deterring government reprisals against Germany. The feeling against Germany, which naturally has been the essence of hostility, is now more noticeably bitter than ever. Where before the conduct of the war has been lincured with ideas of Hague conventions and traditional chivalry, there is now a feeling that Germany isn't in the least degree entitled to any of the benefits of being an honorable antagonist.

RAWKA RIVER ATTACK COSTLY TO GERMANS

At Least Fifty Thousand Men Reported Lost in Assault.

Canadian Press Despatch.
PARIS, Feb. 24.—At least 50,000 men were lost by the Germans in their attack on the Russian positions on the Rawka River and in the region of Borjnow and Gumbinnen, according to Ludovic Nagdeck, the journal's correspondent who witnessed the operations. He considers the general situation highly favorable to the Russians, and says:
The Germans are being gradually but implacably worn down. Whether they attack or merely defend themselves their armies melt away from day to day. Their feverish activity and their frightful sacrifice of lives show they realize they are fighting against time.

WAR RISK RATES TOOK A BIG JUMP

Quotations From Thirty to Fifty Per Cent. Higher Than Last Week.

CANADIANS INSURING WILL BE DEPORTED

Inquiries From Nova Scotia Regarding the Insurance of Factories.

Special Cable to The Toronto World.
LONDON, Feb. 23.—War risk rates at Lloyd's today jumped from 30 to 50 per cent. above quotations at the end of last week. While the rate to cover the risk of war between the United States and Germany increased to 40 per cent., no business was offered on the basis of possible war between Britain and America. The continued sinking of neutral vessels by Germany, as well as the mining of the Evelyn, and reports of great activity in United States shipyards and arsenals, are among the elements influencing rates regarding relations between Germany and America. Insurance on property in America is also affected. One broker declared the people of America fearing war with Germany, are insuring a considerable amount of property, including factories, against damage. There also are enquiries from Nova Scotia. The general rate is ten shillings per cent; 40 per cent. was paid today to cover the risk of war between Italy and Austria before March 15, while 40 guineas was paid to insure against war between Italy and Turkey. To cover these risks until June, 90 per cent. is quoted.

CHARGE OF FRAUD AGAINST F. QUIRK

Arrested in Hamilton at Request of Toronto Police.

Three Men Alleged to Have Broken Immigration Act.

Frank R. Quirk of Toronto was arrested in Hamilton yesterday at the request of the Toronto police on charges of fraud and forgery. In January last he is alleged to have obtained \$44 from John Fell, 781 Broadview avenue by false representations and on February 9 was passed a cheque for \$200 to which the name of H. S. Powley, 52 Desborough avenue, was forged. Detective Croome will bring him back today.
Albert Awles, 33 Rhodes avenue, who was removed to the Hospital for Sick Children on Tuesday suffering from meningitis, died yesterday. He was ten years of age. The other three cases in the hospital are progressing favorably.
Immigration Inspector Anketell arrested William Kerr, 356 West King street, Aloya Kenezaker, 30 Sullivan street, and Walter Rowslett, 30 Sullivan street, on a charge of a breach of the immigration act. Rowslett gave his home as Switzerland. They will probably be deported to the United States where they are supposed to have come from.
Albert Kipped His Bail.
George Cheyne, who, with David Dickinson was called in police court yesterday to answer to a charge of keeping a gambling house at 34 A. La Plante avenue, has skipped his bail of \$1000, which amount will be forfeited by Thomas Whiteside. A warrant was issued for his arrest. The case was remanded till Feb. 26.
Two years in the penitentiary was the sentence imposed on Roy Lamb, the young man who broke into the house of C. F. Bolton at 280 McPherson avenue Tuesday. According to the police Lamb has a bad record.
Prof. Granger Fined.
For diagnosing a medical case while he was not a registered physician, Prof. Charles Granger was fined \$25 in police court yesterday. Two witnesses swore Granger diagnosed their cases and sold them medicine and pills to cure them.
Police on Trail.
While returning to his home at 23 Havelock street at midnight Tuesday night, William Whitehead, a druggist, was held by three men, one of whom struck him over the head with a sand-bag, robbing him of \$125 in cash. The money was the day's take at the drug store, and following his usual custom, Whitehead was taking it to his home instead of leaving it in the safe at the store. The police are on the trail of his assailants.

NO SNAP IN TRADE ON CATTLE YARDS

Weather Has Not Been at All Conducive to Good Business.

NO OUTSIDE DEMAND

Exports of Past Month Cannot Compare With Former Shipping.

Receipts of live stock at the Union Yards Wednesday were 47 carloads, 610 head, 84 sheep, 84 sheep and lambs and 82 calves.

The weather for the past two days, in fact for a week back, has not been conducive to the best interests of an already dull beef trade, which showed its effect on the cattle market yesterday.

There was little or no snap in the trade. Talk about a good outside demand has been a thing scarcely all winter. Three or four buyers from Buffalo, here since Monday looking for a few extra carloads to buy.

Why, the trade, we are sorry to say, is slow and drab, considering the lightness of cattle.

And if two or three thousand cattle should be thrown on the market in any one day we fear the worst would be still to come in the shape of much lower values.

Yesterday, two cattle, 1270 lbs. each, of choice quality sold at \$7.50, and we heard of one more at \$7.75, but no loads brought these figures.

There were few good quality cattle on sale; in fact we did not see a choice, well-finished head offered. The bulk of the sales were made between \$5 to \$7, a few and a very few selling at \$7.15, \$7.25 and \$7.35.

Stockers and feeders, milkers and springers sold at steady values.

Veal calves were very firm at steady values, as there were only a few on sale.

Sheep and lambs were hard to buy at even Tuesday's advanced, as the offerings were exceedingly light.

Hog prices advanced.

Butchers' Cattle. Choice butchers sold at \$7.25 to \$7.35, and 3 cattle at \$7.75 and \$7.85; good at \$6.75 to \$7.15; medium at \$6.25 to \$6.60; common at \$5 to \$6.25; choice cows at \$6.75 to \$6.95; good cows at \$5.25 to \$5.60; common and cutters at \$4 to \$4.75; bulls at \$5 to \$6.25.

Montreal Live Stock.

MONTEAL, Feb. 24.—At the Canadian Pacific live stock market receipts of the week ending Feb. 24 were 1025 cattle, 200 sheep and lambs, 1690 hogs and 300 calves.

The supply on the market this morning for choice was consisted of 300 cattle, 100 sheep and lambs, 450 hogs and 250 calves.

There was no important change in the condition of the market for cattle, owing to the fact that supplies were very small, but they were ample to fill all immediate requirements, as the demand was light, and only for small lots, on account of the continued unimproved weather for the season of the year.

The whole was quiet, with sales of a few choice steers at \$7.50 to \$7.75; good at \$7 to \$7.25; fair at \$6.50 to \$6.80; lower grades at \$5 to \$5.50, while butchers' cows brought from \$4.50 to \$5.50, and bulls at \$4 to \$4.75 per hundred pounds.

The trade in canning stock was quiet, at \$3.75 to \$4.70 per hundred pounds.

The tone of the market for small meats is firm, on account of the very limited supplies coming forward for which there is a good demand, and sales of lambs were made at \$8.25 to \$9, and sheep at \$7 to \$7.25.

Hogs—Receipts, 28,000; market strong; light, \$6.50 to \$6.75; mixed, \$6.40 to \$6.70; heavy, \$6.10 to \$6.45; rough, \$5.15 to \$5.30; pigs, \$5.75 to \$6.80; bulk of sales, \$5.50 to \$6.

Sheep—Receipts, 12,000; market strong; native, \$6.80 to \$7.75; yearlings, \$7.50 to \$8.50; lambs, native, \$8 to \$9.50.

Buffalo \$2.70 Return, \$2.75 Return Feb. 27th, Canadian Pacific.

A SMASH that Brings Men Their New Spring Suits \$18.95 (Made to Measure) for

A local importer of woollens at wholesale went broke before his select importations of Scotch and Irish tweeds for the Spring trade reached him. We secured these fine goods at a discount of 40 per cent.—and that's the reason we can now make up these cloths into suits far below market value. Every one of them would be worth ten or fifteen dollars more than this Friday price of EIGHTEEN-NINETY-FIVE.

N.B.—Come and have your measure taken Friday or Saturday. Fit and workmanship guaranteed or your money refunded.
