WINNIPEG CHEERS WHEN BORDEN OUTLINES POLICY

Government Ownership and Control of H.B. Railway and Terminal Elevators

In Meeting Conditions Imposed on Them by Denunciation of Former Reciprocity Treaty, Says Opposition Leader, Canadians First Realized Their Country, and They Have Not Forgotten the Lesson—Sir Wilfrid's Neutrality in Empire Wars an Insult to Empire.

Borden's Policy 1. Permanent tariff commission. 2. Western provinces to control their own lands. 3. Independent commission for Hudson Bay Railway. 4. Government ownership and operation of terminal elevators. 5. Aid to chilled meat trade.

WINNIPEG, June 18.—(Special.)—The Walker Theatre was crowded to the doors last evening to hear the Conservative leader open his western tour. Every one of the nearly three thousand seats in Winnipeg's largest auditorium was filled, and there were large numbers of people standing. It was an enthusiastic audience, too. It seemed a little cold at first, but it soon woke up and there were plenty of cheers, especially when the speakers struck the imperial note. (It was evident that the audience was divided on reciprocity. The "ants", however, seemed clearly in a majority.) Mr. Borden undoubtedly got a warm personal reception. His announcement of policy on western questions, apart from reciprocity, was greeted with rousing cheers. His utterances on reciprocity were all carefully listened to, and again and again he drew applause. Mr. Borden was given a rousing greeting on rising. The audience rose to its feet, and the cheering lasted several minutes. Mr. Borden began by announcing that he had received a cablegram from Premier Roblin in London. Premier Roblin wished "heavy success" to Mr. Borden in his campaign, and a "congratulation" to those who seek the disintegration of the Dominion and the British Empire. Borden's Message to West. Mr. Borden then went on to announce his message to the west. He proposed, if returned to power, to carry out this policy: 1. To appoint a permanent tariff commission, which would form a tariff on the basis of the needs of the country, and not on political expediency. 2. To give the western provinces the control of their own lands. 3. To give the operation of the Hudson Bay Railway to an independent commission. 4. To place the terminal elevators under public ownership and government operation. 5. To provide aid for the chilled meat trade which would put it on a stable basis. Mr. Borden attacked the reciprocity pact on economic grounds, and with some interruptions. But he found some supporters. Then he passed on to deal with the question on national grounds. He declared that the pact meant "commercial union" and that commercial union would mean "political union." This was greeted by loud cries of "No."

Laughter, Silence, Then Cheers. "Edward Blake does not agree with my young friends in the gallery," retorted Borden. The crowd laughed. Somebody called out "Increase the British preference." Mr. Borden did not hear it. Instead, he went on to comment on Sir Wilfrid's attitude in London. The mention of Sir Wilfrid's name drew loud cheers. "Will you see whether you will cheer now?" answered Mr. Borden, and then went on to describe Sir Wilfrid's utterances as meaning that Canada would be loyal in time of peace, but "neutral" in war. "I call that a dishonor to Canada," said Mr. Borden, in reference to Sir Wilfrid's utterances. Then the cheers came. Mr. Borden concluded by asking the people to "let Canada finish her work which she began in 1867."

A Stupendous Task. "At this date," said Mr. Borden, "it is difficult to estimate the difficulties which faced the fathers of Confederation when they attempted to found this Dominion. The task demanded great foresight, determination, patience and interest to the point of audacity. The four provinces which then united comprised only one-tenth of the present area of Canada. The population was then less than one-half of what it is at present. The undertaking was to bind together into one united dominion scattered communities scattered over 400 miles of the northern frontier of a great and powerful nation. The country between the great lakes and the Rockies was an unknown and practically unpopulated wilderness. There was little inter-provincial trade and intercourse, and the segregation of these communities was rendered more complete by prejudice and misapprehension. Yet what remarkable success has attended the performance of that almost impossible task thus undertaken by these men of memorable faith and courage, and encouraged on those who have since taken up the burden. That

Repairing His Diminished Assets

LONDON, June 18.—In the midst of the pro and adverse comments on the attitude of Sir Wilfrid Laurier in connection with the imperial conference and reciprocity, the following opinion of a former Canadian, high in parliamentary circles, comes with some force: "It looks as if Laurier and Ward were captured by the government here to support the Declaration of London, which should truly be defined as the 'Declaration against London,' by a promise of something that has not yet transpired, but which is intended to be carried back as a bribe to the electors in Canada and New Zealand in order to return the aforesaid gentlemen to power. Laurier is bound to repair his diminished assets if he can, and what he wants is something of the boom character, with which to fascinate the imagination of the people, such as material advantages carrying the stamp of imperialism. The bribe I think will take the shape of a subvention of a steamship line between Great Britain and Canada, and another between Canada and the far east, or, more probably, between Canada and New Zealand, with the possibility of getting Fisher of the commonwealth to join in the scheme. A corresponding subvention might be made to the Cape lines. "Once the door was barred, bolted and banged in the faces of the self-governing nations, it always appeared to me that the only escape, such as it is, from that false position, was to grant material aid in the form of subventions to the lines of transportation at sea and the cable and telegraph lines communicating therewith in the form of reduced rates per word for transmitting messages. This would let the government down and hoist Laurier up at the expense of the taxpayers."

DR. WM. OSLER MADE A BARONET

List of Coronation Honors Announced—Knighthood of St. Patrick Conferred on Lord Kitchener.

LONDON, June 18.—The coming coronation of King George is signaled by a free-handed distribution of honors. In the list announced to-night the colonial premier figure prominently. Sir Joseph G. Ward, prime minister of New South Wales, is promoted to a baronet. Andrew Fisher, premier of Australia, and Sir Edward Morris, premier of Newfoundland, are made privy councillors.

Given Power of Attorney. Atlas went into the box and told again of his meeting with the widow of the late Lord Roseberry, which occurred at the earlier trial. He said that she had asked him to dash the house of the man who had slain her husband as he had done hers. The widow asked if he could not get her the money from her husband's estate, and he told her to give some of her relatives in Canada a power of attorney. They said they could not get a better man than Atlas and the power was written out by George and signed by the widow. Later it was attested by the British consul.

Was Perjury Procured. Mr. Dewart was anxious to know how much his client had got for his trip from the government. He asked many questions. "The main point is, interjected his lordship, 'to know whether he procured Charlie Risk to commit perjury.'" He went into the police court charges and declared that they were untrue and most of them were proven so. Mr. Dewart asked: "Were you ever charged with any offence in the United States?" "Yes. I was charged with conspiring against the government. It was an immigration affair," replied Atlas. "Were you convicted?" "I served eleven months in Philadelphia."

Twenty New Baronets. Together with their baronets and forty knights are created. The stage has been recognized by the knighting of George Alexander, the actor-manager.

INOPE REVOVT AGAINST PACT

Republican Opposition in U. S. Senate to Reciprocity—No Adjournment Till Free List Bill Is Dealt With.

COL. HUGH CLARK ANDREW BRODER

WASHINGTON, June 18.—Republican opposition to the Canadian reciprocity bill in the senate reached the stage of open revolt to-day. Led by Senator Dixon of Montana, who again failed in his demand for an explanation or a speech in favor of the bill from some of the Republican leaders who champion the measure, the Republican opponents declared that if the bill passed, many Republicans would join the Democrats in an attempt to lower the duties on all manufactured products.

"When the cornerstones is pulled out of the system of protective tariff," said Senator Dixon, "when the farmers' products are thrown into a free market while the products continue to be protected, there are many good protectionists in the Republican ranks here who will vote to have the duties pulled down on iron and steel, chemicals, cotton, and many other things."

Other northwestern Republicans signified by their approval of the Montana senator's words that the passage of the reciprocity bill, which is admitted will have a majority of the votes in the senate, will be attended with a digit that threatens to throw open the whole tariff subject. "We want to make one killing," declared Senator Crawford of South Dakota. "We find the protectionists from Pennsylvania, New York, Connecticut, Massachusetts and Maine, states that have always repeatedly repudiated the great est favor of protection, advocating the free list every single article raised by the northwest. I want to deal with this matter in its entirety. If Pennsylvania, Massachusetts and Connecticut have joined hands in a new political propaganda, it is time for the rest of the country to strike out on a new tack."

"If you can get enough senators on that side with you," returned Senator Bailey of Texas, "we will take one of these bills now coming over from the house and make a whole new tariff law of it." No Adjournment Till Free List Bill. Senator Bailey declared he would be no adjournment until the senate has acted upon the free list bill and the wooden bill.

HAYFORKS TAKE PLAGE OF SWORD AND BAYONET

Infantry Regiments at Niagara Thinned, But 4,000 Men Are Encamped.

NIAGARA-ON-THE-LAKE, June 18.—(Special.)—The problem of securing men, having commenced in Haldimand County long before July 1, and as a result the young farmers do not care to leave their hay crops for a week to attend the camp. The 31st will probably be one of the weakest regiments in camp.

Want to Be Cavalrymen. The popularity of the cavalry and the better classes of men in the horse regiments seem to have solved the question of the cavalry brigade. Each of the regiments has over 500 men. The 4th Hussars, 2nd Dragoons, 9th Miltisaukas Light Horse, and the Governor-General's Body Guard are all in the southeast end of the grounds. In all, close onto 4000 men have assembled for their annual training.

Children Found on Streets. Three children, the eldest aged 3 and the youngest 5, were found wandering on the streets yesterday morning by the police, and were taken to the Children's Shelter. The tots were hungry and unkempt, and the eldest had been beaten till she was black and blue all over her body. They gave their names as Annie Stead, aged 3; Mary, aged 7 and James, aged 5. They had evidently been deserted and left to spend the night on the streets.

FRENZIED FINANCING

Mrs. Chapman's Cheque Manipulations Led to Trouble. Mrs. Chapman of Markham-street appears to have a mania for cashing cheques. Some few days ago she sold furniture to John E. Beveridge, 33 College-street, and in payment he gave her a cheque for \$56. Next day she returned, bewailing the fact that she had lost the cheque, and Beveridge sympathetically gave her another. She cashed both cheques, and last night was gathered in to the coop by Detectives Twigg and Mitchell, on a charge of fraud.

Kicked the Police Van Horses. Mick Cominsky, in a fit of frenzy, attacked the horses drawing the police van to the court yesterday afternoon, and as a consequence was arrested by P. C. Dunn, who jumped from the seat and collared him. He had no explanation to offer for his conduct.

A Great Crop Expected

MONTREAL, June 19.—Mr. Charles M. Hays, president of the Grand Trunk Railway, has returned from the west, where he has been inspecting the route of the Grand Trunk Pacific and crops adjacent in general. He said that the prospects of this year's crop were distinctly favorable, and everything presented an exceptionally good appearance.

150,000 AMERICAN SETTLERS

Will Probably Cross the Border Into Canada Next Year. OTTAWA, June 18.—(Special.)—W. J. White, superintendent of Canadian agencies in the United States, predicts that 150,000 American settlers will cross the border this year. Mr. White, who has just returned from a tour of inspection in the west, estimates the wheat harvest at 200,000,000 to 225,000,000 bushels on a ten-million acreage. This is an increase in acreage of 50 per cent. The yield per acre is expected to be the best since 1887, the bumper year in Western Canada.

Badly cut about the face and shaken up generally, Charlie Score, a 10-year-old lad is at the Western Hospital as the result of being run over last night by an automobile driven by Wm. Dean, 22 Wilton-crescent. He was playing on the street about 8 o'clock when the accident occurred. Mr. Dean drove him in his auto to the hospital. It is feared he may be internally injured. The little boy's home is at 31 Lynde-ave.

COLBOARNE PRINTER NOT GUILTY OF ARSON CHARGE

Mystery Over Fire in Colborne Express Office is Now As Deep As Ever.

COBOURG, June 19.—(Special.)—Nine weeks ago Leslie Burke, a young printer, was arrested in Colborne charged with arson in connection with a serious fire that originated in the Express printing office, where Burke had been for some weeks employed, and demolished an entire business block. To-night he left Cobourg for his home accompanied by his father, a verdict of not guilty.

In the June sessions here before Judge Benson, the case lasted four days, many witnesses being examined. After the week-end adjournment, court resumed at 1 o'clock this afternoon, when Judge Benson delivered his charge to the jury. They were out an hour and a quarter, when they returned with a verdict of not guilty. The fire was thought at the time to have been incendiary, and the mystery of its origin is as deep as ever.

Some Strong Spots In Montreal Market

But Trading is Too Listless to Be Productive of Much Change.

MONTREAL, June 19.—Trading on the Montreal stock market to-day was extremely dull, the tone of the market being listless, though there were some features of strength.

Hits the High Spots In Railroad Progress

Railway Development in Canada Forces Locomotive Works to Double Its Capacity.

During the past few years railway development in Canada has been little short of phenomenal.

There are to-day in Canada over 25,000 miles of railroad in operation and over 6,000 miles being built.

RESIGNED TO A HOLIDAY WEEK.

The Toronto stock market started out to-day with the evident idea that the present week is to be one given more to holiday than to business.

Wall St. Interests Not Inclined To Keep Stock Market Active

New York Securities Start Off Well, But Reaction Follows—Toronto Market Only Holds Its Own.

World Office, Monday Evening, June 19.

Inactivity on the Toronto market to-day was productive of some liquidation evidently from traders who detect holding stocks when the market does not show much vitality.

WALL-STREET POINTERS.

Americans in London steady.

Stanley Steel investigation commission will hold no session this week.

Panama \$50,000,000 bond offering subscribed several times over and will probably bring average price to about \$102.50 in small lots.

Saturday's bank statement included 15 trust companies, which makes comparisons with previous reports impossible.

In London interview Charles M. Schwab's testimony in Steel investigation.

Twenty increases granted to seamen as result of strike, which still persists, however.

LONDON—Copper close: Spot, 55s 18s; futures, 55s 10s. Decline is 2d for both.

Numerous changes in board of directors of National Railways of Mexico expected to be made by the government.

American Tobacco not expected to file any application for re-hearing of its case by the U. S. supreme court, as it is permitted to do before June 29.

It is expected that bullish operations along specialty lines will be resumed this week.

Steel Reports at Record Height.

Exports of iron and steel from the United States during the present fiscal year will reach about \$235,000,000, against \$184,000,000 in 1908, the former high record year.

GOLD FOR BANK OF ENGLAND.

LONDON, June 19.—Of the 565,000 South African gold available in the open market to-day, 119,000 was ob-

tain for India, and the remainder will go to the Bank of England unless a demand for the metal develops from the continent.

REGULAR DIVIDENDS.

Ogilvie Flour Mills directors have declared the usual 2 per cent. for the quarter, payable July 3.

LONDON MARKET FIRM.

LONDON, June 19.—Money was in fair demand to-day, but the supply was good.

The Bank of England, it is expected, will get the bulk of the \$1,000,000 South African gold consignment available in the open market to-day.

Business was slack on the stock exchange, and no expansion is looked for until after the coronation holidays.

Canadian and American securities opened steady and advanced during the forenoon under the lead of Canadian Pacific, United States Steel and Union Pacific.

STOCKS ARE IN STRONG HANDS.

The situation is clearer in the security market than in the business world, because there is more confidence here.

ON WALL-STREET.

Erickson Perkins & Co. had the following: Stocks were inclined to firmness most of the day, but the advance was checked in the afternoon by the sharp rise in grain.

Commercial Reports, Now It's the South Dakota Crop That Is Going to Be a Failure

Feverish Upbidding of Wheat Prices at Chicago Following Advance Reports from the Crop Belt—Winnepeg Follows the Advance

CHICAGO, June 19.—Wheat was excited to-day and an almost vertical rise of two cents was the result. Coarses grain, too, were on the jump. Corn finished 2-4 to 7-8 to 1-4 up, and oats 7-8 to 1-8 and 1-4 up. The provision list was unaltered, or with gains not exceeding five cents. On the advance all the futures moved in unison and there was active business in union and start up to the last tap of the gong. July ranged from 86 1-8 to 88 3-4, and closed 2-1-8 net higher at the best figure of the day.

Corn rose on account of statements that the whole crop is deficient in moisture, besides the hot weather reports made shorts uneasy. The market was strong during the session. September fluctuated between 55 7-8 and 57, closing 1-8 up at 56 7-8 to 57. Cash grades were firm.

Oats mounted to the highest point thus far this season. Offerings were notably under the demand, even at the outset, and became much more so as the area of crop damage seemed to widen, almost from hour to hour. The price limits reached by the September option turned out to be 40 and 38, with last sales 3-4 to 7-8 net higher at 39 7-8 to 40.

Provisions held firm because of good sized exports, but the quotation was wholly overcast and the market was changed very slightly by the interest in grain.

Receipts at Primary Centres. Receipts of wheat in car lots at primary points, with comparisons, were as follows: Week ending June 17, 1911. To-day, ag. ago. Chicago 25 49 30. Minneapolis 234 234 30. Duluth 43 43 30. Winnipeg 155 155 30.

European Grain Markets. The Liverpool market closed to-day 1-4 to 3-4 lower than Saturday on wheat, and 1-4 to 3-4 lower on the rest of the year. The market was 1-4 to 3-4 lower on wheat, Budapest 1-4 lower, and Antwerp unchanged.

GOOD CATTLE MARKET AT 100 TO 150C DECLINES. Big Cattle, Both Butchers and Exporters, Sell Lower—Light Butchers Steady—Hogs Firm.

Receipts of live stock at the Union Stock Yards were 122 car loads, consisting of 2395 cattle, 18 hogs, 542 sheep and lambs, 78 calves and 2 horses.

The bulk of the fat cattle on sale were of excellent quality; in fact, considering the large number on sale, there was not a better lot offered this season.

There were 10 loads of distillery cattle, ten loads of which were fed by John Sherris and bought by Geo. A. G. The other three loads were fed by James Scott of Waterloo and Company. Both of these shipments were of choice quality cattle, and the market being very fat.

The market for veal calves was firm at 44 to 47. Sheep and Lambs. Heavy ewes were slow sale at \$3 to \$3.75 per cwt. yearlings, \$5.50 to \$6.50; spring lambs, \$5.50 to \$6.50.

Some dealers reported \$7.15, fed and weaned \$7.15. Choice country points, while other points were at \$7.00 and watered, and \$7.00. There were only a few drovers paying the farmer \$7 straight.

Representative Purchases. Wesley Dunn bought 50 sheep at \$4.25 per cwt. 40 spring lambs at 30 per lb. 15 calves at 70 per lb. all of which were of choice quality, none better on the market, amongst which was one of the best and best of the year.
