Davisville DAVISVILLE CHURCH MAKING PROGRESS

Annual Meeting Methodist Financial Board Shows Good Standing.

The annual meeting of the financial board of Davisville Methodist Church was held Friday evening, and the reports that were presented showed the church to be in a flourishing condition under the pastorate of Rev. C. W. Reynolds, who occupied the chair during the session.

Mr. Ernsaw, recording steward, announced an increase of \$50 over last year's finances. Out of \$2350, \$1650 was spent on missions. Each of the departments showed a good financial standing.

The Sunday school, under the superintendency of G. H. Reed, has recently been divided into primary and intermediate sections, and has raised \$20, \$100 of which was applied to church repairs.

During the year forty-six pupils became members of the church. The Senior Epworth League contributed \$100 to missions and \$50 to church repairs. The ladies' aid raised \$400 during the year, 125 of which was devoted to church repairs.

The stewards for the ensuing year are: C. A. Coles, H. Plumb, G. H. Reed, J. C. Cook, J. Craig, E. G. Powell and M. Ernsaw.

The financial board is made up of J. Craig, H. W. Reed, C. A. Coles, J. C. Cook, H. C. Shephard, J. S. Davis and G. H. Reed.

R. G. Dingman was appointed as delegate to conference, with C. A. Coles as alternate. A meeting of the full church membership will be held at a later date, when further details of business will be dealt with.

NEWMARKET MAN LOSES ARM IN MACHINERY

Charles Collingwood, an employe of the Office Specialty Company, in Newmarket, while operating a boring machine Saturday, lost his right arm. He was badly injured that Dr. Scott and Dr. Hunt deemed it necessary to amputate the arm above the elbow. The muscles and sinews were terribly mangled, and Mr. Collingwood suffered great agony before the arrival of the doctors. Last night he was resting fairly well following the operation.

ARGUMENT WAS STRENUOUS.

An altercation in which an official of the town and a leading hardware man of Newmarket were the chief figures occurred on Saturday. The town official called at the hardware store in connection with town matters and in the course of an argument which followed the hardware man was asked to have a sign removed from his sign which he refused to do. The matter will be ventilated in the local police court.

INJURED AT CANE FACTORY.

An employe of the Cane Manufacturing Company, James Hackett, lost the index finger of his right hand while operating a machine on Saturday. Dr. Dales dressed the wound.

WAR SUMMARY

THE DAY'S EVENTS REVIEWED

About the chief event on the British front in Flanders was the brilliant local success of the French at a point north of Kemmel Village. They captured at a single stroke Godsonne and Hill 44, and thus secured strong points after contention with the Germans during several weeks. Further north British troops checked an attempted enemy raid along the Ypres-Comines Canal, while further south the Canadians along the River Escaut were apparently successful in stopping a hostile raid. The French gave a disastrous blow to a German attack before Malmy-Raineval. The enemy tried to recover some lost positions here, but was unable to achieve this design. The allies, meanwhile, are waiting on Ludendorff to make the next big move. The calculate that his last reserves, he must proceed with this losing venture.

In a few words, the view of the allies is that the enemy is in such a predicament that he must renew his offensive before he can do so without effective preparation, for normally it requires months of preparation for his enormous sledgehammer blows; that the enemy and his allies are upon the verge of quarrelling, for he is robbing them of their proper share of food, and that complete victory for the allies is not so distant as many persons would suppose. At the worst, the battle may become a long drawn-out struggle like the battle of Verdun, with both sides exhausted. Even this would suit the allies, for they have vast powers of recovery, while the enemy is really throwing in his last reserves.

Von Hindenburg, it is said, is draining Germany dry of forces to employ in an early decision; the allies are so confident that they have refused immediate American support for the defence in order that later they may have a powerful American army for the attack. They are continuing the system of defending their positions with the smallest forces capable of standing up to the shock. Their plan is to wear down the enemy so completely that their counter-attack, withheld to the right moment, will restore the situation. Foch is holding the bulk of the French army in reserve, while the British army is withdrawing many times its own weight of enemy masses.

The delay in the offensive imposed upon the Germans by their disastrous check is affording General Foch valuable time for the building up of his reserves. Since the heavy fighting be-

YORK COUNTY AND SUBURBS

Earlscourt

MUCH GARDENING DONE. Earlscourt District Had a Very Busy Day Saturday.

There was no lack of enthusiastic amateur gardeners in Earlscourt and district on Saturday. Nearly every garden patch had its worker and splendid progress was made, as the day was an ideal one for open air work. West of Russell Hill town on that large space of vacant land there were at least 50 men digging and planting potatoes, onions and other vegetables. South of Northcliffe avenue, St. Clair on the north and south side of the avenue, the plow was busy turning up the sod, while men and women were planting potatoes. It is doubtful whether any other section of Toronto can boast of more garden cultivation for its size than Earlscourt, and the beneficial results will be seen later on.

OBSERVE MOTHER'S DAY.

Mother's Day was very fully observed in Earlscourt and district on Sunday, this year's commemoration seeming to eclipse all previous years. There was a greater display of flowers and emblems for departed mothers and for those living. The churches throughout the district made the occasion one for appropriate sermons and special music, and there were large attendances at each service. The churches in Silverthorn, Caledonia, Fairbank, Wyehwood and Oakwood also report good congregations.

MEMBER SALVATION ARMY.

The late Pte. Richard Hearn, C. O. R. who was buried with military honors at Prospect Cemetery Saturday, was a bandman in the Salvation Army. A memorial service was held in the Salvation Army Hall Sunday evening. The late Pte. Hearn leaves a widow and three children.

OPEN TWO-WEEK'S MISSION.

A two-week's mission by the Redemptionist Fathers opened yesterday at St. Clare's Church, West St. Clair avenue, Earlscourt. The services both morning and evening were well attended.

Deer Park

HOLD SPECIAL SERVICES.

In Yonge Street Methodist Church, where Mother's Day was observed in an impressive manner, the morning service was Rev. W. A. Potter, Victoria University, and in the evening Mrs. E. E. Smith, president of the district, presided. In the afternoon the Rev. Mr. Smith assisted in the service at St. Catharines Street Methodist Church.

FRIDAY NIGHT'S FROST DID LITTLE DAMAGE

Friday night's frost, which especially severe in the county, is not thought to have done very much harm. In some places ice of the thickness of a penny formed and early tomatoes were nipped, but spring grain does not appear to have suffered to extent. The great damage has undoubtedly been done to the clover and timothy, which was doing well and very tender.

Riverdale

MOTHERS' DAY SERMON AT RHODES AVENUE

Rev. A. A. Kelley, pastor Rhodes Avenue Baptist Church, preached at both services yesterday (Mother's Day), on "Mother's Place in the War." There were large congregations at both services. Over 50 names of men who have enlisted for overseas from the parish are inscribed on the honor roll, five of whom were killed, and a large number wounded. It is intended to fix the lawn adjoining the church for the use of the children of the parish, where games of lawn tennis and other attractions will be provided for the summer months.

"THE MOTHERS OF BRAZIL"

Riverdale Presbyterian Church Congregation Heard Good Sermon. Rev. J. D. McEwen, Brazil, gave a very interesting talk on "The Mothers of Brazil" at the morning service in Riverdale Presbyterian Church, Pape avenue, yesterday. He also pointed out the rapid strides taken by Brazil in late years in the world of commerce. When the speaker left for South America, between 18 and 19 years ago, there were only five or six passages booked for Brazil. Today you would wait five or six weeks for a berth in any outgoing steamer for that country, he said. Rev. J. A. McKenzie, minister, preached in the evening, his subject was "The Mother and the Sword." There were large congregations at all services.

SHOWER FOR COMFORTS.

Under the auspices of the Margaret Drummond Bible class, Pape avenue, a shower was held to provide comforts for the soldiers overseas. Already 200 boxes of comforts have been forwarded. A splendid contribution to the funds was made by the visitors during the proceedings.

MISS LOWTHER HONORED.

Given Three-Piece Silver Set By Riverdale Presbyterian Church Choir. Miss Minnie Lowther, a member of the Riverdale Presbyterian Church choir, was recently given a three-piece silver set by the members as a token of appreciation of her services.

Miss Lowther, who is shortly to be married, has been a member of the choir for the past nine years. Mrs. Forrest, president, made the presentation in the church hall, Pape avenue, recently. A musical program was contributed and refreshments were served. Among those present were: Rev. J. A. McKenzie, minister, and Arthur Bennett, choir leader, who acted as master of ceremonies.

NEW PATRIOTIC SOCIETY.

The Riverdale Presbyterian Patriotic and Red Cross Society was organized in the church hall, Pape avenue, recently, and the following officers were elected: Mrs. (Rev.) J. A. McKenzie, hon. president; Mrs. E. Smith, president; Mrs. McDonald, secretary. Addresses were delivered by Mrs. McDonald, president of the Association, and Mrs. J. A. Phin, vice-president. There was a large number of women of the district present, and the new society was completely launched upon its good work, with its band of enthusiastic workers.

North Toronto

NORTH TORONTO WILL PROTEST ASSESSMENT

At an executive meeting of the North Toronto Ratepayers' Association held Friday night, it was agreed to make a general appeal through the old town against the assessment for 1918. It was felt that the northern part of the city was being discriminated against and over assessed by comparison, and the individual objections were made there was no concerted plan. This year it is believed the appeals will be general, and the whole matter will be handled in a businesslike way.

HOLD "DECISION DAY."

In Eglington Methodist Church yesterday Rev. Dr. Rankin being unable to occupy his pulpit, his work was taken at the morning service by Rev. Mr. Manning, and in the evening by Rev. Dr. Crews, ex-president of the Methodist Conference. "Decision Day" was held in the Sunday school, and services appropriate to the occasion were held.

UNIONVILLE FARMERS PROTEST TO OTTAWA

From the Village of Unionville alone between 15 and 20 members of the Farmers' United Co-operative Society will go to Ottawa today, where they will be joined by representatives from all over Canada with a view to securing some concessions in the recent amendment to the Military Service Act. The party will be taken by motor to Locust Hill, where they will board the Ottawa train, returning Wednesday morning. At a meeting of the members held during the week the question of financing the trip was settled, the bulk of the members paying their own expenses. It is said that some of those who will attend, while not members of the Farmers' Co-operative Society, are heartily in sympathy with the movement.

RED LETTER DAY FOR BOY SCOUTS

Troop 65 Receives Colors From Congregation of Eaton Memorial Church.

Friday night will be marked with a red letter in the memory of the boys of Troop 65, Boy Scouts, the occasion being the presentation of the colors to the troop by the Eaton Memorial Church. After the ceremony of the dedication of the colors had been read by J. W. Bolus, Judge Denton presented the colors.

The initiation of about a dozen " Tenderfeet " by Scoutmaster John Cowan was an interesting part of the evening. The left hand, as each was received, being rather unusual. The presentation of badges was made by Thomas W. Gibson, provincial deputy minister of mines, after a short address. The winners of these badges require to pass a severe test in each of the classes by expert masters of each art.

In the swimming test nine boys received badges: James Grant, Paul Grant, Wallace Caswell, Russell Naylor, Stanley Duncan, Hume Gibson, Ramsey Duff, Bruce Eyer and Chas. Dinmore. In the firemen's test five boys: James Grant, Paul Grant, Russell Naylor, Donald Easton, C. Dinmore. Electrician's test: Graham Lindsay, Gardening: James Grant, Musician: Jack Oliver, Naturalist: Graham Lindsay, Engineer: Bruce Eyer, Chas. Dinmore.

Second class badges: James Grant, Donald Banton, Graham Lindsay, Allan MacIntosh, Bruce Eyer, Sidney Jones, Jack Oliver, Stanley Duncan, Hume Gibson, Russell Naylor, Ramsey Duff, Thomas Roulston, Percy Maule, Chester Soncl, Paul Grant and Frank Gallacher.

A flag drill was given by three scouts with flags that were honorably stained by the mud of Flanders. Selection on the flute by A. Shephard, assistant recitation by Thomas Roulston, chorus of scouts in "Sussex-by-the-Sea" and the National Anthem, accompanied by Mrs. T. H. Baird, helped to fill an interesting program.

CHURCH ADDS TO ROLL.

Mother's Day was fittingly celebrated in the Timothy Eaton Memorial Church yesterday when Rev. Prof. McMichael gave an inspiring address to an audience that filled the sacred edifice. In the morning Rev. Dr. Henderson spoke and the Sacrament of the Lord's Supper was administered to a large number of communicants. There were 17 from the Sunday school and 16 adults admitted to church membership.

BACCALAUREATE SERMON.

In the Central Methodist Church yesterday morning Rev. E. B. Lancelotti preached a baccalaureate sermon to the students of the National Training School, St. Clair avenue and Avenue Road, at about 10 of the school were present. The centre front pews were reserved for them. Rev. Mr. Lancelotti chose for his subject, "The Highest Idealism of Service," based on the scripture text, "Bear yet one another's burden."

TEMPLARS ELECT OFFICERS.

"Home of Welcome" Lodge, East Toronto, holds Annual Meeting. In connection with the "Home of Welcome" Lodge, I.O.G.T., the annual election and installation of officers was held in the Y.M.C.A. building, corner of Main and Gerrard streets, East Toronto, following the officers elected: Mrs. West, chief templar; Mrs. Moore, past templar; Sister Olive, secretary; Sister Gertrude Rowe, secretary; Sister Mrs. Stroud, treasurer.

The late Erle Brown was taller at the head office of the Bank of Nova Scotia and was very popular among his friends and in athletic circles. He was a past pupil of Frankland School, and held the gold medal for the school jumping contest. He was also a member of the Malver Athletic Club and Broadview Y.M.C.A. He is survived by his parents, four sisters and two brothers. The funeral takes place to Norway Cemetery this afternoon.

ERLE RUSSELL BROWN WAS POPULAR ATHLETE

Much sympathy is expressed in the Danforth district at the death of Erle Russell Brown, aged 17 years, youngest son of County Constable John T. Brown. Mr. Brown, death took place at the family residence, 118 Ferrer avenue, after an illness of only three days' duration, from sleeping paralysis.

Warning to Householders

Householders are warned by the Electric Wiring and Fixture Co. of 241 College street, corner of Spadina avenue, that if you do not get your house wired and fixtured for electric light right away that you may not be able to get it done at all. Material and men to do the work are getting very scarce. This company specializes in wiring houses for electric light, concealing all wires without breaking the plaster or marring the decorations. They also manufacture and sell electric fixtures at prices 30 to 50 per cent below list. The phone number is College 1578.

Featuring Today a Splendid Showing of That Fashionable and Very Practical Accessory

## The Colored Silk Umbrella That Serves Alike for Sun and Rain

**WITH SHOWERS AND SUN-** shine chasing each other as they have been the past week, the charm of these colored silk umbrellas will be readily appreciated. When the rain pours down they afford sure protection. When Old Sol comes out, they may be rolled close and present all the appearance of a smart parasol.

In the big array of new designs to be featured on Monday are umbrellas of purple, navy, taupe, green and brown silk, also some immensely smart plaids in brown and green, and natty black silks with hairline stripe of white, or wider satin stripe of green or blue. The handles are chiefly natural and polished woods, equipped almost invariably with loop of silk cord, leather strap, or celluloid ring, by means of which the parasol may be carried conveniently on the arm. Some boast silver or fancy colored tops, but the majority are strictly plain. A narrow Jacquarded border edging the silk is a new and interesting feature of the latest models. Prices run from \$6.00 to \$17.00.

**Parasols, Too, in Special Display**

These are simple in shape, the covers of some showing a combination of plain and plaid or plain and flowered silks. Others are composed of stripes or of shepherd's checks.

Rose, Paddy green, purple, red, navy, Copenhagen, black and white—the choice of color is practically limitless. Prices run from \$3.00 up.

## Madeira Linens for Old and New Housekeepers

A Superb Showing Featured With Special Thought of the June Bride—Table Cloths, Doilies, Centrepieces and Scarfs, Exquisitely Hand-embroidered and Marked at Prices Surprisingly Moderate.

**F**IRSTLY, they are fine, dainty and delightful as Madeira hand needlework well can be. Secondly, their variety is infinite, ranging all the way from the six-inch doily to the luncheon cloth two yards square. And, thirdly, they are marked, actually, at before-the-war figures.

For, despite the immense advance in the prices of linens, this collection of Madeira, being huge in quantity and procured at the first sign of rising cost, is now offered at practically the same amounts which prevailed three and four years ago.

All pieces show the characteristic eyelet embroidery and fine scalloped edges on fine, pure white linen, some being edged and inset with filet lace. Included are doilies and centerpieces, cloths for trays, tea tables and lunch tables; scarfs for sideboards, dressing tables and dinner wagons, and lunch and tea napkins. Thus:

- Madeira doilies—hundreds of them in simple and elaborate designs: 6-inch size, 17c to 25c each; 8-inch, 25c to 75c each; 10-inch, 40c to 75c each.
- Madeira centerpieces in conventional and floral designs: 18 inches, today, 90c to \$1.75 each; 24 inches, today, \$1.75 to \$3.00 each; 36 inches, today, \$6.50 each.
- Madeira lunch napkins, some with mere scalloped edges, others with embroidered corners—in sizes 12, 13 and 14 inches square, at \$7.00 to \$11.50 per dozen.
- Madeira tray cloths, size 17 by 27 inches, \$1.60 and \$1.75 each.
- Madeira cloths for luncheon and tea tables. Sizes 45 inches, \$6.00 each; 54 inches, \$7.25 each; 72 inches, \$23.00, \$30.00, \$41.50, \$67.00 each.
- Madeira scarfs and runners for sideboards, dinner wagons, dressing tables, etc. Size 18 by 36 inches, \$2.25 to \$6.00; 20 by 45 inches, \$2.50 to \$3.25; 18 by 54 inches, \$2.75 to \$8.00.

**Exquisite Madeira Linen Combined With Filet Lace**

Table sets of Madeira linen, exquisitely embroidered and edged, and inset with fine hand-made filet lace—consisting of 12 doilies 6 inches, 12 doilies 12 inches, and centerpiece 28 inches in diameter. Prices, \$50.00 and \$95.00 the set. Scarfs and runners in Madeira embroidery, edged and inset with filet lace. Size 20 by 36—\$25.00 each; 20 by 54 inches—\$50.00 each.

**Silk Suits for Women, Many Half Price, at \$19.75**

The biggest offering in Silk Suits of the season, so, as quantity is limited, we advise early selection. Half price means something in the purchase of a silk suit, and many of them are half price. They are beautifully made suits, in the smartest styles of the season, and are in gros-grain, taffeta and faille silks and some in charmeuse satin. Styles include Russian blouse, Eton, Norfolk, and other belted and pleated effects. Most of the coats are silk and satin lined. Trimmings consist of vest effects, overcollars in various designs, metallic and cable thread stitchings, rows of buttons, novelty pockets and cuffs. Colors navy, Copen., black, green, sand and brown in the lot. Sizes 32 to 42. 50 suits only. Many less than half price, today, at \$19.75.

**"Resistal" Goggles for Aviators**

Made of "Unshatterable" Glass, the Only Type Endorsed by Aviation Authorities

"RESISTAL" is a name which requires no explanation as far as goggles for flying men are concerned. They have the unsplinterable lenses, which are the only reliable protection against wind, the breakage of ordinary glass in the event of a "crash" threatening a loss of sight.

"Resistal" are the only goggles with non-shatterable glass obtainable on the market at the present time. The Optical Department is featuring them at the exceptionally moderate price of \$10.75.

### POLES DETERMINED TO STAY IN WAR

#### Large Meeting Celebrates Anniversary of Their Constitution.

#### INFLUENCE OF ALLIES

#### Speaker From United States Gives Stirring Address.

"The United States is in the war to the finish, until victory has come to all the allies. We will not be satisfied till the Hun are driven back and beaten as they should be, and till the Poles have secured liberty as we have it," was the message which Mayor Davis of Cleveland brought to any Canadians who might be beginning to feel "war weary." He gave his message in addressing the mass meeting held to commemorate the anniversary of the Polish constitution, at Massey Hall, yesterday afternoon. He said Cleveland was now anticipating what Toronto is now experiencing. It was looking forward to the time when its inviolated soldiers came back, and making preparations for their care. Eighty thousand of the 300,000 people in Cleveland were Poles, and when the United States declared war none had responded to the call for recruits more readily than the Polish citizens, thus showing themselves to be true Americans. All the people of the United States now realized the seriousness of the times. He had attended a Toronto church on Sunday morning and was moved by the sight of the "great flag of Great Britain displayed by the side of the Stars and Stripes, and he hoped the time would never come that would sever the happy relations between Canada and the United States brought about by the present war.

### NEUTRALITY TOWARD WAR IS DENOUNCED

Rev. Dr. Carlile, Folkestone, Preaches in Walmer Road Baptist Church.

#### SOLDIERS OPTIMISTIC

He Says Those In His Congregation, Who Are Wounded, Are Most Hopeful.

"Neutrality towards a battle for the principles of right and justice is damnable," declared Capt. (Rev. Dr.) J. C. Carlile, in a militant sermon at Walmer Road Baptist Church yesterday morning. Holding aloft his right hand, and presenting a striking figure in his khaki uniform, Capt. Carlile declared the time had come for the Christian church to be once more the leading fighting force as it was in the first centuries of Christian era in carrying forward an offensive war against all forms of evil. Neutrality in all cases where the principles of justice were imperilled was based upon selfishness. It was the most deadly of all sins of omission, freely by a nation or an individual. The divine "well done" was awarded for action only, and doom was pronounced for its omission, not for commission of offences committed. Neutrality had many attractions. Its great allurements was that in religious and public affairs the neutral imagined himself setting an example of commendable tolerance, but this was a fatal delusion.

Neutrality in matters of conscience bred pessimism. The men who kept out of the fighting for selfish reasons lost all that was worth living for, while those who entered the conflict found their soul and attain immortality.

There were no pessimists among the fighters. At his church in Folkestone he preached to a congregation which included seventy-two soldiers, who sat on wheeled chairs, everyone having lost either one or two legs. There was not a pessimist among them. They were the most buoyant of the assemblage.

**A Return Sermon.**  
Capt. Carlile stated that he was preaching at Walmer Road yesterday in accordance with an agreement made with Capt. (Rev. Dr.) John MacNeill, who had the matter arranged with him at Folkestone. At that time Walmer Road seemed a long way from Folkestone, but that feeling had passed away as the war had come closer to England and Canada now seemed close together as a consequence of the constant stream of Canadian soldiers to England and their presence there in the training camps, and their heroic part in the great war.

### NEWS OF LABOR

#### MATTER WAS SETTLED SEVERAL WEEKS AGO

Word was received on Saturday afternoon that negotiations between representatives of 3500 G.T.R. employees, including stationmen, baggage-men, clerks and freight handlers and the G.T.R. itself were progressing favorably in Toronto. The company was said to have made a tentative offer of increased wages, and that the general working rules had been practically settled. T. A. Stevenson, secretary of the Trades and Labor Council, was called up in regard to the matter. He denied the report, and stated that all questions in dispute had been settled weeks ago under the auspices of the Trades and Labor Council in agreement with the American Federation of Labor, which association had come under the rulings laid down by the United States Government relative to disputes between railway unions governed by the American Federation. "I may say that this report of a meeting as suggested in the report received by the press is either a fabrication or is the report of a meeting held by an organization independent of the union of stationmen, railway clerks and freight handlers recently organized in Canada," said Mr. Stevenson. "There is said to be a so-called union fathered by a man named Deal," continued the secretary of the labor council. "His organization is not recognized by trades unionism."

#### SHERIFF FOR NORFOLK.

Lincolne, May 12.—Dr. Walter Tisdale of Lyndoch has been appointed sheriff of Norfolk County, succeeding Dr. Fred Snider, who died in February. The new sheriff is a native of Norfolk County and is a nephew of the late Col. David Tisdale, at one time minister of militia.

A thousand of Toronto's Polish citizens, men, women and children, attended the demonstration marking the anniversary of Polish national life. Massey Hall was decorated for the occasion with white and scarlet bunting (Poland's national colors) and the flags of the allies. Polish boys holding large flags were stationed on the platform, one who held aloft the dark, crimson banner of Poland was dressed in national costume. British and Polish patriotic airs were played in spirited style by a band, which rendered a stanza of "God Save the King" at the introduction of each of the chief speakers.

**When Poland Was Free.**  
Alfred Koryzbyzsky, who presided, is a captain in the Polish Legion of the French army. He referred to the days when there was a Poland free as the air, days when the hand of the Hohenzollern was unknown, when the elector, Frederick the Great, was an unknown quantity, and the legislature of the then famous kingdom of the Sobieskis was as constitutional as any in the world.

**Help From G.W.V.A.**  
Capt. Charles Koryzbyzsky, formerly in the employ of the Russian Government, at the outbreak of the war joined the forces, engaging in those great Russian assaults upon eastern Prussia and the Carpathians, which helped much to stem the tide of the Hun invasion in the west in 1914. Finally reaching the western front the gallant captain fought in several of the big battles of 1916, receiving two wounds, each month after the other. He speaks seven languages.

**Rev. Joseph P. Chodkiewicz** stated that the end of the Sobieskis was once again attaining the goal of nationalization, and that this renewed vigor in its political life had in a great measure been due to the influence of the allies. Poland had her national representation in Paris today.

**Mayoral Church** said he brought the kindest tidings of the City of Toronto to the Polish army and its representatives, who had stood by France and the allies in the war. The Polish people had played an important part in the middle ages in the building of civilization and there were patriots in Poland "over there" no matter whether British, French or Polish.

**Rev. Father Minehan** declared that Poland had been dear to him since his childhood, when he heard a recitation of the downfall of that country. It had appealed to him because it was Irish, and because the Irish had fought for independence and liberty. They might be beaten but they would not stand beaten. The people of Poland never acknowledged defeat. Faith and freedom owed a great deal to Poland. He hoped ere long there would be a new and independent Poland.

**LT.-Col. G. H. Williams** expressed his pleasure at being present on the anniversary of Polish national life. Unless the Hun were crushed today, the children of the allied people would have to do it. "The Hun cannot live on God's world, the Hun has got to be overcome. In the accomplishing of this Russia, too, would help, because, he said, the Russians were "going to come back."

#### GO TO PREPARE CAMP.

**Draft of Sixty Leave Exhibition for Niagara Camp.**  
A draft of sixty members of the Canadian Army Service Corps left on Sunday for Niagara Camp to join the Canadian Engineers, already there, making preparations for the coming of the main lot of troops later this month. Lieut. McNair was in charge of the C.A.S.C. men. The Machine Gun Corps will leave Toronto for Niagara on May 20, the first battalion of infantry from Exhibition Park on May 28, and the second battalion on May 29.

## Evidence, Simple and Convincing

Could the Canadian motorist only visit the new Goodyear Tire factory at New Toronto he would quickly see the reason for the lower cost-per-mile of Goodyear Tires. Here is evidence, simple and convincing, of the in-built merit of our product.

The very atmosphere of the giant plant seems vital with sincerity. From the receiving room, where raw material pours through in a continuous stream, to the shipping department, whence leave the tires that uphold the good name of Goodyear—every man performs his task

earnestly. No visitor can escape the impression of multitudinous duties minutely performed. Inspection reaches a maximum here. Raw material—ordered to special Goodyear standards—is keenly analyzed. Men and machines work under argus-eyed inspectors. Because our men believe in the ideal to which they build—"Protect our good name"—they welcome inspection. They believe in making all the tires perfect.

This is the manufacturing policy that has built the largest output of automobile tires in the world.

Goodyear Tires, Tubes and Tire-Saver Accessories can be obtained from Goodyear Service Stations everywhere. Watch for this emblem and enjoy the benefits of Goodyear Service wherever it is displayed.

### PLAYS PICTURES AND MUSIC.

**English Opera Company.**  
Beginning this evening, The Boston English Opera Company will open its week's engagement at the Princess Theatre with the usual matinee on Wednesday and Saturday afternoons. "Il Trovatore" will be sung this evening and also on Thursday night. "The Bohemian Girl" on Tuesday, Friday and Saturday evenings and Wednesday matinee, and "Martha" on Wednesday evening and Saturday matinee. After a four months' season in Chicago, the company made a successful tour of the west, and was most favorably received in Milwaukee, Denver, St. Louis and San Francisco. Among the principals are Joseph P. Sheehan, John W. Warren, Hazel Eden, Florence St. Clair, Elaine De Selles, Alice May Carley, Arthur Deane, Francis J. Tyler, W. R. Northway. The chorus is a well selected and most capable one.

**"Mrs. Wiggs of the Cabbage Patch."**  
A comedy drama saturated with human interest, and which finds the warmest kind of welcome with every kind of people. It is presented by the large New York company of character actors and actresses, together with a number of children. This ever-lasting success seems to grow in prestige season after season, and is destined to live longer than any other play. It will be the offering at the Grand Opera House week May 29, with matinees on Wednesday, Friday (Victoria Day), and Saturday.

**The Bill at Shea's.**  
Commencing with a matinee this afternoon, the management of Shea's Theatre present as the headline attraction of an all-star bill Gus Van and Joe Shenck, the popular song writers, known as the "Permanent-Win-

ning Battery of Songland." Moon and Morris, who have studied their art so diligently that the twin dance is one. "For Pity's Sake," is the title of a melodramatic travesty which will be offered by Charles Wilcox and company. Joyce, West and Moran have an assortment of song and dance numbers, while Mack and Vincent present song sketches at the piano. Connell and Craven in "Moonlight," the Bernivelli Brothers will present "A Night in Venice." The Le Volos, mid-air entertainers, and the British Gazette are also on the bill.

**Loew's Theatre.**  
A thrilling story of the Russian revolution and the fall of the Romanoffs is brilliantly told in "Rasputin, the Black Monk," the feature photodrama of this week's offerings at Loew's Yonge Street Theatre and Winter Garden. It tells the story of the strange way in which Rasputin, the real force behind the Russian throne, the manner in which he disorganized the Russian army and tried to negotiate a separate peace with Germany, his death, and the disposal of his remains. "Don Voyages," a miniature musical comedy headed by Jimmy Gilda, assisted by a Broadway beauty chorus, will top the vaudeville attractions, which will also include: Archie Lloyd and "His Better 'Alf"; Knapp and Cornalia, in a potpourri of vaudeville; Paula, the beautiful singing accordionist; Donavan and Murray, in a laughable skit, "In Clubland"; Billy Purcella and Evelyn Ramsey, in musical comedy offerings, and The Breakaway Barlows, in eccentric aerial and cycling specialties. A new installment of "Mutt and Jeff" and Loew's topic pictures complete the bill.

**The Hippodrome.**  
The incomparable William Fox star, Theda Bara, most popular of all screen celebrities, will headline the Hippodrome this week in "Heart and Soul." The picture is an adapta-

tion of Sir Rider Haggard's wonderful story, "Jesse," and deals with the woman who sacrificed her own life for her sister. "The Isle of Innocence," a musical extravaganza, with a cast of ten people, heads the vaudeville bill. Charles Leonard Fletcher offers a series of new impersonations, while Angle Wymers is a dainty singing comedienne. The Cavana Duo in "A Day at the Circus," have an offering that will please and amuse both the children and their elders. "Patsy With a Past" is the title of a bright comedy playlet, while Franz and La Salle are singers and dancers with a varied repertoire.

**"Star and Garter" Show.**  
Melody, mirth, comedy and beauty are the chief ingredients of the gala offering of the "Great Star and Garter" show, to appear at the Gayety during the week. Such well known players as Bert Rose, James Coughlin, Don Clark, Will Bowie, Jess Weiss, Al Lawrence, Florence Darley, Franky La Brae, May De Lisle, Eitel Woodrow, who all have a hand in the mix-up, and really keep you in the beat of humor for two solid hours and a half with the "Great Star and Garter" beauty chorus, thirty of them. You know what that means.

**"Rainbow Raiders."**  
Lou Powers, Jos. Lyons and Frances Tait head the "Rainbow Raiders" attraction billed at the Star this week. This is the first time this attraction has been seen in Toronto, and from all reports it will be one of the season's best. Others among the cast are Bobby Nugent, Max Hyman, Frank Praung, Mayne Howard, Jennie Hippie and a chorus of twenty girls—billed as the dancing darlings. The latest musical numbers have been interpolated in two brand new satires, entitled "Across the Border" and "A Modern Jail," and some new and startling novelties are introduced among them the illuminated runway. Chaplin Today—Regent.

Today marks the beginning of a big

week at the Regent Theatre. Why? Because Charlie Chaplin, credited with being the world's best known comedian, is here in his newest and most up-to-the-minute comedy, "A Dog's Life." To think of it is to smile, to see it is to laugh awhile. No premium is offered to the one who laughs loudest and longest, nor has any restriction been provided. Never before has Chaplin proven so funny. In addition to this film, Bessie Barricade is seen in a new and thrilling adventure, "Blindfolded." This is one of the most striking pictures she has starred in.

**"Mr. Fix-It."**  
Even more than the usual amount of "fun" and kindly satire is found in the new Douglas Fairbanks picture, "Mr. Fix-It," which will be shown at the Allen all this week. Fairbanks has the role of a humorous, kind Samaritan, whose invincible answer to a difficult situation is that he will fix it. Mr. Fairbanks has ample opportunity to display his bag of tricks, which he does with all the skill and humor that he has at his command. Wanda Hawley makes an attractive heroine, and all the roles are well cast.

**Louise Glauin at Madison.**  
For today, tomorrow and Wednesday the feature at the Madison Theatre will be "An Allen Enemy," a strong Paralta production with Louise Glauin in the lead. The plot deals with the complex problem of a girl with the complex problem of the moment of crisis, finds her heart true to the United States, where she was born.

**Marie Cahill Returns.**  
Welcome is the announcement from the Princess Theatre that Marie Cahill is to return to the stage following a retirement for a few seasons. She will appear at the local playhouse next week in a new comedy entitled "Just Around the Corner," by George V. Hobart and Herbert Hall Winslow.

In the course of the play Miss Cahill sings a group of new songs.

**"The Heart of Wexona."**  
The fascinating western story, "The Heart of Wexona," produced by famous stage artist, David Belasco, will be the offering at the Grand Opera House all this week, with matinees Wednesday and Saturday. This play has a remarkable record in the United States cities, and was probably the most talked about production in recent years. Its presentation at the Grand will mark its first offering at less than a dollar-fifty scale of prices, and should prove an excellent attraction for the late season. It is a play that will appeal to all. It will warm up your heart and make the world seem like a very fine place to be in after all. It has moments that are intensely and satisfyingly dramatic, and moments that are quite heart-warming in the tenderness of their sentiment. It is full to the brim with hearty laughter and sparkling comedy, and the characterization is in the hands of an excellent company.

**TONIGHT'S GREAT CONCERT.**  
The grand operatic concert, tonight in Massey Hall will be a success from every standpoint. The four great vocal stars, Aida, Lazzari, Martinelli and De Luce, with the assistance of Jannaro Paol, the most successful conductor of the New York Metropolitan Opera House, at the piano, will thrill a magnificent audience. A limited number of rush seats at one dollar will be placed on sale at 7.15.

**Summer Resorts in Ontario.**  
The Muskoka Lakes, Point au Baril and Georgian Bay resorts, French and Plover Rivers, Rideau Lakes, Severn River, Lake Mazinaw district and Kawartha Lakes are conveniently reached by the Canadian Pacific Railway. Particulars from Canadian Pacific Ticket Agents.

### OUTLOOK FOR STEEL IS MORE PROMISING

In Meantime Mr. Harris Would Put Rails on Viaduct and Approaches.

### CONFLICTING INTERESTS Ratepayers to Hold Meetings to Discuss Questions Raised.

Works Commissioner Harris is anxious to complete the Bloor street viaduct. As he cannot get street cars by reason of the war he is trying to have any rails now in possession of the Toronto Railway Co. for the construction of its new line from Gerrard up Carlaw, then along Guelph to Pape, and up Pape to Danforth, used for the viaduct line instead. This proposal may be opposed by the people who have been waiting a long while for the Pape avenue extension, and the construction of which was ordered some time ago by the Railway and Municipal Board.

The Toronto Railway Company can get hardly enough rails for this work, but what they have they are willing to give up for the viaduct if the city council and the railway and municipal board consent. There is every probability that in a few months now these mills will be rolling rails for use in Europe in connection with the war, and for urgent railway purposes in the States in connection with the war.

Conflicting interests. The World learned last week that besides the inability to get rails there were more or less conflicting interests in connection with these two propositions. If the Pape avenue line is built it will take business from the municipal lines on Danforth avenue, because when it is built the Toronto Railway Co. will be in a position to land passengers at Danforth and Pape for a single fare; now those who wish to get there will have to pay a fare to the Toronto Railway and two cents additional to the city, or, roughly speaking, six cents against four, and reach tickets in proportion. On the other hand, the city will have chances to lose a portion of its revenue and the Toronto Railway will be forced to carry passengers a further distance for a single fare. Real estate in the immediate vicinity of Pape and Danforth would benefit by this single fare condition, and the crowded cars of the municipal line between Broadview and Pape will be somewhat relieved. So that all the people who live along the Pape avenue extension road are anxious to have it built; so are the people who will get to Pape and Danforth for a single fare; while the city, from a business point of view, will not be so anxious to see its revenue from the municipal lines depleted.

How the matter will work out remains to be seen, but it is evident that the main proposition is to get the Danforth viaduct opened and the cars across it; and with rails that Mr. Fleming has in his yard and some few others that the city may have in its possession enough can be got if the council and the railway board consent, to rail the viaduct system from the head of Broadview across the viaduct to Rosedale and from the west end of the Don viaduct to rail the short intervening street to the north end of the Rosedale viaduct with standard modern rails. But from the west end of the Rosedale viaduct along the new roadway on the south side of the Rosedale road running ordinary steam rails may have to be used to the head of Sherbourne street, and for a while, the road built as an ordinary railway line with ordinary railway ballast and without paving the rest of this new roadway for wheel traffic.

This conflict of interests may have had something to do with the holding up of the proposal before the works committee on Friday last to sanction the construction of a street car line on the Bloor street viaduct at a cost of \$5,000, as requested by Mr. Harris.

What looks to be a solution for the present is that the railway board will consent to the rails being used for the viaduct car line on the condition that the city and the Toronto Railway agree both of them to go to the Dominion Government and ask it to re-tract the government of the United States to let one of the mills in that country roll sufficient modern street car rails to rail the Pape avenue extension from Gerrard street up Carlaw and Guelph and Pape to Pape and Danforth.

Two meetings to be held. The Danforth district is the next few days, one meeting on the early construction of the viaduct car line and the other to urge the construction of the Pape avenue line as ordered by the railway board. In the meantime the works committee, which had the question of the street car line before it on Friday, will visit the spot today and come to some decision at once. Controller McBride says that he wants to be convinced that it is the only way out before he gives his consent, but the majority of the committee and the council are apparently in favor of the viaduct having street car traffic at the earliest possible moment especially in view of the fact that the city has invested over two millions in the viaduct and the concrete has not been completed for eight months and not yet put in commission. The viaduct is the interest on these two millions every day it is delayed.

### SOCIETY CONDUCTED BY MRS. EDMUND PHILLIPS

On Saturday, May 13, the members of the United Empire Loyalists purpose giving a patriotic entertainment at the Margaret Eaton School, to celebrate the anniversary of the landing of the loyalists in Canada. Miss Marie Strong held a recital in her studio on Saturday afternoon for Miss Rehta Morine Brodie. The studio was beautiful with flowers and Miss Strong received wearing a blue crepe de chine. Miss Brodie was in 'heliotrope georgette crepe, Miss Magdalen Moore, the pianist, was in champagne satin, and Miss Helen Hunt, who also took part in the program, wore rose crepe. She played the violin remarkably well. Mr. Earle Newton was the accompanist. There were about 200 people present and a collection was taken up for the members of Paderewski's Polish regiment now training in Canada. Miss Strong is giving another recital on the 20th.

The Canadian Ensign Chapter, I. O. E. of which Mrs. W. R. Jackson is regent, held a most successful all-day entertainment at the Cafe Royal on Saturday. The delicious home-made cakes, under the charge of Mrs. Hugh Martin, found a ready sale in the morning. A musical program was given during the afternoon in which Miss Pearl Brook, Miss Iola Elder, Miss Mae Harris and Mr. Fred Manning took part. Dancing went on to the strains of an orchestra, two little girls, Isabel Beale and Alice Beale, being much admired for their graceful performance. There were nearly 300 people present, among whom were the members of the Robins Stock Company. High tea was served and the proceeds will be used for the wool fund.

### DEPARTMENT MILITIA WILL NOW ENFORCE ACT

Enforcement of the Military Service Act is being transferred from the department of justice to the department of militia. The change, which started to take effect on Saturday, provides that the assistant provost marshal in each military district will be responsible for the plans for apprehending defaulters, absentees and deserters. Major E. F. Osler, A.F.M., Toronto district, is increasing his staff and being allotted larger office space at military headquarters, College street. Under the new regulations the provost-marshal will follow up the information regarding draft act delinquents received in letters from the public, and the Dominion police in this district, under Capt. Tom Flanagan, will take the lead in conducting searches for Military Service Act defaulters. From now on the letters from citizens bearing on cases of delinquents will go to 149 College street.

### LUNCHEONS PAY WELL.

Lady Willison and the National Council of the Women's Guild for Sailors were much gratified by the result of their luncheons at the Cafe Royal. Fifteen hundred and eighty-five dollars was received, with a pretty expense account of \$68. The net result of \$1,527 will be applied to the welfare of the men on the Canadian Patrol Service, and Royal Navy Comforts in Canada.

### A Charming Collection of Women's Smart Suits Will Be Offered Today at \$25. Regularly \$35.00 to \$45.00

The policy of "waiting" has paid—earlier in the season when you looked for a suit at \$25.00 it seemed to be a minus quantity—at least, the kind you wanted couldn't be had for that price, no matter where you searched.

And now things have come your way. The very models that you've admired are to have their prices re-marked for today—and the choice is delightfully wide in this particular collection. The materials are fine wool serges and gabardines with a few black and white checks. They're new models, smartly cut and tailored to perfection. We describe three that are typical:

Navy Serge Suit, made with belted coat, and furnished with a smart little waistcoat and collar of white corded silk. The waistcoat fastens with black and white buttons. The same model may be had in black also. The regular price, \$35.00.

Navy Serge Suit, the belted coat rippling slightly below the waistline, embroidered at lower edge of coat, on belt, collar and cuffs in black soutache braid, with touch of French blue silk. The same model may be had in sand with self embroidery. Regular price, \$37.50.

Sand Gabardine Suit, the cloth of lovely quality, the back of the coat tucked, belt across back, rows of buttons on sleeves from cuff to elbow, the lining of exquisitely soft satin in same shade. The skirt is gathered at the back, belted, and has two patch pockets. The same model in brass shade also. Regular price, \$45.00.

These and a goodly collection of equally smart suits, the regular prices \$35.00 to \$45.00, will be on sale in our 17-21 King and 26-28 King today. Come at 9.30 a.m. for best choice. Each specially marked at **\$25**

### WILD FLOWERS

BY Rachael R. Todd, M.D.

#### THE VIOLETS.

"Kind nature keeps a heavenly door wide open for the scattered poor. Where flower-breathed incense to the skies is wafted in mute harmonies." —Wordsworth.

The blue violets are to be found wherever blow sprays breeze, wherever bloom springs blossoms, and wherever nature poets have sung their beauty, their modesty and their sweetness in verse and song and story. The mystery that hangs about the blossoms spreads a fascination over every human heart. From time immemorial, this wee thing of the wilds has stood for maiden sweetness and innocence, for the shrinking charm of youth, and for the trusting faith of the child.

The ancients of old, old times loved the plant, and the legends that have come down to us out of the past about the blossoms are fragrant with the sweetest, most charming and interesting thoughts.

In later times, our own singers have immortalized the plant. Tennyson, that king of all nature poets, mentions the violet times without number, but his most charming line surely is this one, where he sings of the spirit "that woos to her heart the shining dew." Shelley, Cowper, Wordsworth, Browning, and, indeed, who not, have shown what a mystery the violet possesses for them and the world.

I do not think it is necessary here to describe the plant. Surely it is as well known as the trillium, the hepatica, the clover, and the dandelion. But there are several interesting little points that are peculiar to this plant. Have you noticed, quite early in its appearance, how the ends of each leaf curl inward at the sides—and how tightly and how uniformly they curl? Just look closely down into one of the early leaves, out everywhere now, and note the strange and altogether quaint appearance the curl at either side gives each leaf. No other leaf that I have seen shows this odd little trick. I have seen show their own cunning ways, but surely you have often wondered just why violet curls her leaves thus.

The blue violets are many. There is the common blue violet, deep blue, sometimes pale blue, often striped, of the blossom. There is the bird's foot violet, with its handsome flowers and queer many-toothed leaf, not too common here, but still to be found by alert searchers. The "arrow-leaved" violet, with its short thick flower spur, is peculiar for its long pointed leaves. Then there is the shy, wee, round-leaved variety, which loves to hide in deep cool quiet woods. And the dosing violet, rounding quietly among the grass and short ferns, is well known of most children. The variety called the Canadian violet is latest to bloom, and may be found long into midsummer.

The yellow violets, of which we have two common species, the Halberd-leaved, and the down violet, were supposed by ancients to possess some uncanny power of bringing luck to any who were foolish enough to pluck the blossoms. And the legends growing around them are many.

The sweet white violet is quite common in Canada, and many fine large and very fragrant specimens are to be found near this city. They are the smallest of the violet tribe, tiny fairies roaming unseen amid other spring flowers, and hiding the cunning blossoms often in tall grass. They are very sweet and very lovely, and the children value them dearly.

Many of the species are fairly easy to transplant into the home wild-garden, if care is taken to have the soil cool, moist and loose.

Strength of the British Cabinet

No government could be stronger than that over which Premier Lloyd George presides, after the discomfiture of the hostile forces last week.

There is no evidence to support the Morning Post assertion that a Lansdowne-Asqwith-Henderson government was ready to take the place of the Lloyd George administration.

That policy is centred in the unity of command of the all. General Robertson refused to have anything to do with that policy.

"Peace Beginning to Be?"
Further revelations have been made following the sensational story of the Emperor Karl's letter to "my dear Sixtus," in which the anxiety of the Austrian Government to make peace is a separate peace of any kind of peace, is very evident.

It is stated by a correspondent of The Manchester Guardian that the proposals of the Emperor Karl included the cession of Alsace-Lorraine, the evacuation of all occupied territory, and the restoration of Belgian independence.

The interesting point of the story was the alleged willingness of Emperor Karl to break with the Kaiser if he did not accept the terms arranged.

From all this it cannot be doubted that the leaders of the entente powers are confident of their strength and

of their ability ultimately to dominate the situation. The German army is making, it is believed, its last huge effort, and it can scarcely set this going again after the terrible losses sustained in the attacks, and lastly at Kemmel. The people of the central powers have everything to gain and nothing to lose by surrender to the entente demands.

It is probable that this view has never been brought home flatly and bluntly to the people of Germany and her allies. They are kept in the dark and deceived by their rulers, and unaware of the real situation they are being persuaded to struggle on.

On Parliament Hill
BY TOM KING

Ottawa, May 12.—Paraphrasing an old adage, Mr. Dooley once observed that you could lead a boy to the university, but you could not make him think.

From 11 o'clock in the morning Saturday until 12 o'clock midnight the government kept the bill in committee, and in the end a great number of clauses were adopted.

One strong argument against the bill is that the members of parliament will be more or less held responsible by their constituents for the officials appointed in the bill.

There does seem to be force in the argument, however, that officials like postmasters should be chosen from the localities in which they live.

Mr. T. M. Tweedie, who succeeded R. B. Bennett as member for Calgary, and came here preceded by a reputation, crossed swords with Col. Currie in defence of the bill.

The government is still talking of getting thru this week, but much business remains undischarged on the order paper.

U-BOAT CAMPAIGN TO BE CONTINUED

Reichstag a Unit Against Any Restriction of Submarine Warfare.
SUCCESS AGAIN ASSURED
Claim War Is Developing Into Struggle Between Submarines and New Construction.

Amsterdam, Saturday, May 11.—In a debate in the Reichstag today on the second reading of the naval estimates as reported in a Berlin despatch, Herr Pfleger, centrist, said on behalf of the main committee, that even though there were differences of opinion regarding the political significance of the submarine war, the entire Reichstag was at one as concerned its military achievements.

Between U-boats and Construction.
The submarine war is developing more and more into a struggle between U-boat action and new construction of ships.

Decline in Cargo Space.
America has far below expectations. Even if an increase is to be reckoned with in the future, it will be a constituent asset, yet in Russia with which the allies are negotiating, it must be the government of the nation and not one class only, whether the lowest or the highest.

London, May 12.—In connection with the visit of Prof. Andrew C. Philadelphia Ledger.—It would not be a bad thing if the innumerable government officials, all able and conspicuous personages, no doubt, but some a little too new to be known to everyone the structure of their work, and whether "dictated and not read," or otherwise, with their full name spelled accurately on the typewriter, to which they might add the personal touch of the written signature, no matter how characteristically illegible it might be.

# Leafs Win 2 Out of 3 At Baltimore

## LEAFS WIN SUNDAY; GOUP TWO PLACES

### Orioles Bunched Errors and Achile Tightened Up in the Pinches.

Baltimore, Md., May 12.—The Orioles bunched errors at critical times in the first Sunday game of the season here today and Toronto walked off with the game by the score of 3 to 2. After looking like the veriest amateur against the Orioles yesterday, Freddie Achile came right back this afternoon and easily defeated the Birds today, 3 to 2. The Leaf twirler was out in front nearly all the way and it was not until the eighth inning when Dan Howley's boys had run up a commanding lead that the home team could do anything with the shots of smiling Dan's 18-year-old find.

Something close akin to trouble took place at the end of the seventh inning, and but for the cooler judgment of Manager Dunn, the umpire, Harry Johnson, might have gotten into a real jam. The scorer called Griffin out in the seventh when Warhop made a great play in his ground. While the play was sensational, Griffin easily beat the throw across the bag and made a proper kick. He was put out of the game, but when the Birds went to the field he came back on the job. There was a delay, and he was finally gotten to leave the field, which was a signal to a bunch of Orioles to rush on the field and surround the umpire. A number of policemen escorted behind the stand stand, Manager Dunn, however, appealed to the crowd and Johnson came back and finished the game.

The Leafs will wind up their stay in town tomorrow. Either the Leafs will work for the Leafs, with Worrell the choice for the home team.

## The Leafs Secure Four New Players

President McCaffery announced last night that the Leafs had secured four new players to strengthen their roster. The new acquisitions are: Jacobus, pitcher, from Providence; another pitcher, a left-hander, from the Boston Red Sox; Hartford claims Led, alleging that he accepted terms before coming to Toronto; Second Baseman Wagner, last year with Louisville, was traded to Toronto for a pitcher, and some one will have to pay this. The president has been so notified.

SATURDAY IN INTERNATIONAL.  
 At Binghamton—Shields' three-base hit in the last half of the eleventh inning, followed by a pair of homers and Hanley's single, proved to be the deciding factor in the opening game of the Buffalo series, and broke the pitcher's battle between Devinney and Higgins, Score, 4 to 3.

At Newark—Rochester opened its series with Newark by winning a pitchers' duel, to the relief of the Chicago Cubs. The score in the second inning, in which Eater led off for Rochester with a single to right, he stole second and Led, when Jensen threw wild trying to pick him off second. Lewis was passed. As Lewis was thrown out stealing, Estes scored.

At Jersey City—Syracuse took the first of its series with Jersey City, 5 to 0. Walker kept the Skeeters' hits scattered. Eater, who stole the fifth inning, and Labate, who relieved him, was batted hard in the sixth.

U. of P. Varsity Crew Beat Yale Three Lengths and Freshmen Won by One.

Philadelphia, Pa., May 11.—The University of Pennsylvania freshman eight-oared crew defeated the Yale first year men by half a length over the Henley course of a mile and five-sixteenths on the Schuylkill River late today. The time was seven minutes and twenty seconds.

Pennsylvania also defeated Yale in the variety race over the same course. Time six minutes, fifty-five and one-fifth seconds.

At the start the red and blue blades took the water first and Pennsylvania's shell started almost on the first stroke. Both crews showed forty strokes for the first quarter mile and then settled down to a thirty-four clip. Pennsylvania's length ahead at the half mile post, and as the crews came in good view a quarter mile from the finish line the red crew was more than two lengths. At this point Coxswain Jack called for a "ten" and the response was a burst of energy in the Pennsylvania boat, for at every stroke the leaders opened up a bigger gap between the shells. Yale tried a spurt in the final quarter but was unable to gain anything length between that point and the finish. Yale's time was seven minutes, eleven seconds.

The freshmen contest was close and exciting from start to finish, and it was probably Pennsylvania's advantage that gave the red and blue the victory. Pennsylvania's sweep ahead at the start and at the end of the first half mile the local freshmen led by one stroke after the other had given a decided surge forward as the stroke was raised, but each time Pennsylvania met the last ten strokes and held its advantage. The victory was a surprise to many who had expected Pennsylvania's lead, and just as the water showed between the shells as they flashed across the line.

## BINGOES UNBEATEN WIN AGAIN SUNDAY

At Newark—Newark evened up the series with Rochester on Sunday, winning by a score of 2 to 1. The Leafs were first on their triple and Cather's single, and again in the fifth on a double steal with Griffin. Woodward held Rochester to three hits, all bunts, two of which, coupled with two errors, gave the visitors their only run. The score: R.H.E. Rochester ..... 0 0 0 10 0 0 1 3 3  
 Newark ..... 1 0 0 1 0 0 0 2 3 3

At Jersey City—Syracuse defeated Jersey City by a score of 2 to 1, in a pitchers' duel between Slaughter and McGraw. The score: R.H.E. Syracuse ..... 0 0 0 0 0 0 1 0 1 4 3  
 Jersey City ..... 0 0 0 0 0 0 1 0 1 4 3

At Binghamton—Binghamton took the second game of its series with Buffalo on Sunday, 7 to 6, thereby having a good hold in first place. Gingras was hit hard, but he kept the hits scattered, and aided by good support was able to turn in a win. A large crowd attended the first Sunday game, making ground rules necessary. Score: R.H.E. ## ALBIONS BEAT U.C.C.

The Albions defeated Upper Canada College at Deer Park on Saturday rather handily. U.C.C. batted first and scored 10 runs in the first inning, but the Albions had 97 for seven wickets when time was up. Wakefield made 35 and Smith and Melville 21 each.

## BALL PLAYER BREAKS ANKLE

During the game at Riverdale between Albion and Wellington on Saturday, Alex Hill broke his ankle in two places when his foot caught in the bag and he fell heavily.

## JOE WRIGHT'S CREW CLEAN UP TWO MORE

U. of P. Varsity Crew Beat Yale Three Lengths and Freshmen Won by One.

## REFeree LARKIN IS REINSTATED

The council of the Ontario F.A. met on Saturday night, and among other business transacted, the case of Referee Larkin came up for discussion. It will be remembered that the referee ordered Ted Young of Toronto Scottish off the field for leaving the field without permission in the middle of a game. Larkin, who injured his finger and left the field, was reinstated. The referee did not know till after he had given a decision that Young was injured, and claimed that if he could not then alter it.

After exhaustive hearing the council found that Referee Larkin had been over-officious in his judgment, but that he had given the maximum penalty for the minimum offence; but, in view of the fact that he had been deceived by a game, they thought he had been unfairly punished.

A number of applications for transfers were received, but only one was granted, that of Archie Macdonald, who had moved from the Royal Canadian Yacht Club, the committee of management intend that this will not interfere with the season's program.

The opening was planned for May 22, despite the disaster, it is the intention of the committee to have the season start on that date. The launch service will commence next Saturday on a limited time basis, until such time as the season becomes more advanced.

As the bowler's locker room, the power house, kitchen, annex and grill room were not destroyed, passed away on Saturday night. The sympathy of footballers, both players and spectators, is extended to Adsey and family in the sad bereavement.

## BEST LOOKING LOT OF PLATERS

### BARRIE EVER SENT TO WOODBINE

Mr. Geo. Walker, trainer for the Messrs. Dymont of Barrie, arrived at the Woodbine Saturday with seven head of thoroughbreds. The lot includes a three-year-old and Terra Hera, the contender in last year's plate.

The three-year-olds are the best looking lot of platers the northern town has sent down for some time, and they will no doubt make quite a contest with the best entries on May 24.

They have all worked satisfactory mile trials at their home track before leaving for the city. Terra Hera, a colt, was the best performer last year on the Canadian circuit, seen eighteen months ago. He was wounded at the Somme and finally put out of action at Vimy with a bullet thru his left arm. His left hand is still in bad shape. He is too crippled for farm work, but is glad he can still shake out a bit of hay and used a rub rag.

The horses in training are: Terra Hera (4), by Red Fox—Hera; Blackburn (3), by Red Fox—Hera; May doesn't claim to have any War Cloud in his stable, but thinks that under normal conditions he would get his share on the Canadian circuit. He regrets there is no Maple Leaf Stakes this year, as his filly, May Bloom and Scotia, are the best entry he ever had for that stake.

## BARRE EVER SENT TO WOODBINE

Just what will be done with the Brookdale horses after the plate race has not yet been decided. Trainer Walker thinks the colts are hardly good enough to campaign on the other side, at least in stake handicaps events. The closing of the Canadian track makes a surplus on the New York tracks and so much the harder to win over there.

Eight foals have arrived at the Barrie farm, and will be useful when racing is resumed here, which may or may not be.

Two returned soldiers are in the employ of the stable in Billy Bateman and Alex Davidson. The former was at one time foreman for Mr. Dymont, and has seen eighteen months active service. He was wounded at the Somme and finally put out of action at Vimy with a bullet thru his left arm. His left hand is still in bad shape. He is too crippled for farm work, but is glad he can still shake out a bit of hay and used a rub rag.

## PROVINCIAL LEAGUE

The games in the Provincial League were marred by a very serious accident to Ernie Entfeldt, Davenport-Albion's goalkeeper, resulting in a fractured arm. It is to be hoped that he will have a speedy recovery as he is one of the best goalies in the city and Davenport will be greatly handicapped by his absence.

The league has made an alteration in its meeting times, from Wednesday to meet in McBurn's Hall at the corner of Brunswick and College streets. Will all concerned please note the change.

The games and referees for next Saturday are: Davenport v. R.A.F. Referee Hamilton; Hamilton v. Toronto Scottish, Referee B. May; Wychwood v. Great War Veterans, Referee F. Larkin.

## R. C. Y. C. WILL OPEN SEASON AS INTENDED

Notwithstanding the unfortunate destruction by fire of the main building of the Royal Canadian Yacht Club, the committee of management intend that this will not interfere with the season's program.

The opening was planned for May 22, despite the disaster, it is the intention of the committee to have the season start on that date. The launch service will commence next Saturday on a limited time basis, until such time as the season becomes more advanced.

Real Money Is Needed These Days To Build Up a Baseball Club.

By Ida L. Webster.

The promise of baseball magnates, like those of senators, should never be taken seriously, because usually both the magnates and the senators are in love with the sound of their own voices, and the easiest way for them to get an audience, the only way for them to hold one, is by making all sorts of rash but alluring promises for the future, which either they have not backbone enough to carry out, or the required sense of honor, which is supposed to go with every real man's word. Then again often times these loudly-shouted promises involve the paying out of money, and to many people that is harder than having their teeth ratched out.

Whether it is necessary to magnate intends to go thru with his threat of paying "any" amount of money for a shortstop "any" fielder is not known. The gentleman has made that statement, and naturally the crowd has anxiously awaiting the result. Certainly it is not necessary to have no difficulty in getting a club together which will do him proud, money can buy anything that is worth anything, and if an owner is willing to "spend" no player in the game is too wonderful for him to get, for, what it takes the sort of money of which the government approves—not stage dollars. That is, when the whole trouble arises—trying to get something that is worth anything, it might as well be said right now that it cannot be done.

Who is Bowman? One other fool practice is the signing of players of whom the owner knows less than the whole truth is well worth turning if the club is to be successful, but when the season is on, and are absolute necessities, it is not easy to get away from them. It is at least advisable to know what is in the field they play, and if they ever had a batting average. Players can be shipped from the Cubs, and yet they won't be worth their car fare. Just be for him, and he will be caught on in the south with a major league club. It is not admitted that he will set the world on fire.

Ernie Entfeldt, Fred Mitchell willfully here, is "a little slow on his feet," Toronto president, knows anything of it.

However, it would not be safe for the Leafs to get anything away with the idea for Mr. McCaffery to have "pickups" here to California, and set them grab every man person either coming or going. Problem in this way at least a shortstop knows that we need one who is worth anything, and if they ever had a batting average. Players can be shipped from the Cubs, and yet they won't be worth their car fare. Just be for him, and he will be caught on in the south with a major league club. It is not admitted that he will set the world on fire.

# NIGHT HAWKS WON LEAGUE ROLL OFF

Old World Team Capture Championship of Athenaeum Bowling League.

On Saturday night the Athenaeum Bowling Club staged the finals of the league, when the quartet of winners in the four series that made up the season's schedule met to decide the championship. The contestants were the Stroulers, Athenaeum, Night Hawks and Probables, and they put up a great battle, the result of which was that the torch of honors was carried off by the Night Hawks. This team, which is the old World team of the Toronto Bowling Club League, under a different name, is a new-comer in the Athenaeum League this year. However, they were right on edge Saturday and gave a good example of their rolling, putting up one of their best games. The Athenaeum ranked as the best team on the season's average with the Hawks leading the other two by a slight margin, as shown by the handicaps—Athenaeum, 190; Stroulers, 182; Probables 111 and Stroulers 115. Two winners collected the good total of 3012, an every man on the team was over the 500 mark, a remarkable feature of the contest was that the Athenaeum and Stroulers tied for second with exactly the same score.

St. Cyprian's Beat St. Andrews and Albions Won From Upper Canada—Saturday Results.

St. Cyprian's Club opened its season on Saturday by winning a game at St. Andrews College, 66 to 42. The scoring on both sides was confined to a few moments of the bowling. Lightbourne for the visitors (six wickets for 16 runs) and Mundy (20) and Johnston (19) played a lively game, while Huddleston contributed a superb defence. Headley (19) also batted for the latter especially putting up a superb defence. Headley (19) also batted for the latter especially putting up a superb defence.

## DOVERCOURT BEAT WEST TORONTO

West Toronto and Dovercourt opened their season on Saturday with a friendly game at High Park, which resulted in a defeat of the home team by 46 wickets for 22 runs. # War Garden Bulletin

PRACTICAL DAILY GUIDE FOR VACANT LOT AND BACKYARD GARDENERS ENLISTED IN GREATER PRODUCTION CAMPAIGN.

Very few amateur gardeners have yet discovered the secret of ensuring the proper germination of seed. When things turn our way they are apt to blame the quality of the seed, when a matter of fact it is more likely to be their own lack of experience that accounts for it. Before the seed is put in, the soil should be loose and friable, and the seed should be sown in the trenches it is always desirable to make the soil firm. Experienced gardeners walk along the row, treading it down inch by inch. If this is not done the seed will dry up quickly and, therefore, will not germinate properly. On the other hand, if the soil is too loose it should be, the earth is brought in close contact with the seed and the water has a chance to soak up from the lower layers of the soil. This serves to keep the seed continually moist. After the soil has been properly pressed down it is a good thing to rake a little loose earth lightly over the row. This serves as a shade from the sun and helps to conserve the moisture in the soil.

# YORK BATTALION HAS ADVENTURES

Accomplished Amazing Things in Way of Salvaging Railroad Material.

Ottawa, May 11.—The following article by Roland Hill has been received here: "One company of Canadian railway troops of a York County, Ontario, battalion, had amazing adventures during the British retreat. They were building lines at the extreme eastern limit of the British section, and for days and nights they worked feverishly to connect up with a French system so that the valuable rolling stock could be hauled away. At one place they made a record of over nine miles of construction in one day under heavy shelling from the enemy. By making the connection 27 locomotives and 235 trucks were run out of the danger zone. Offered to Help. "Their wanderings from Chauny took them to Noyon and thence to Apple Court, where a large was retained from the French and their equipment loaded on that and sent down the canal to safety. At Longueuil they came across a huge French engineering dump which they were trying to save. They offered their services and set to work in real Canadian fashion. There is a great shortage of lumber but plenty of huge timbers. The railway men boomed the canal and dumped in the lumber, making long slim rafts that would just fit the locks. Twenty thousand feet of lumber was salvaged in this way, but that was not enough. They loaded steel rails and other engineering material on the improvised rafts, and under the guidance of some French-Canadian lumbermen, who belonged to the battalion, started their adventurous, but completely successful journey down the canal. Lower down another huge timber dump of 50,000 feet and several thousand telegraph poles and wooden ties were salvaged in the same manner. At Compeigne with their miscellaneous freight, they built a huge skidway and safely removed all the lumber and other material. They then started north and joined their battalion."

# IRISH PRESBYTERIANS AGAINST HOME RULE

Belfast, May 12.—The committee on the state of the country, representing the general assembly of the Presbyterian Church in Ireland, has issued a manifesto declaring its strong conviction that Home Rule should not be made in any way dependent on home rule, to which the Presbyterian Church in Ireland has always been earnestly opposed. The manifesto says the committee is convinced "that it would be ruinous for Ireland and supremely dangerous for the whole Empire, and mainly, that it would be simply disastrous to go back on the pledges given by prominent members of the government in an attempt to bring the loyal people of Ulster under a system to which they are conscientiously and determinedly opposed."

# Cloudless Weather HELPS AIR FIGHTERS

Twenty-Seven Enemy Machines Downed, and Twelve Driven Out of Control.

London, May 12.—Cloudless weather on Thursday favored the British aviators, according to an official statement today dealing with air activities, and twenty-seven German machines were downed and twelve driven down out of control. The statement follows: "The cloudless weather on Thursday enabled our airplanes to carry out a full day's work. More than twenty-four tons of bombs were dropped on different targets, including important railway stations at Tournay, Marcoing, Chaumes and Cambrai, and billets at Carvin, Peronne and Chilly and the docks of Zebrugge. Fighting in the air was more or less continuous, and it was particularly fierce towards dusk. "Twenty-seven German machines were downed, twelve were driven down out of control and four hostile observation balloons were destroyed. Six of our machines are missing. "During the night four and one-half tons of bombs were dropped on the docks and at the entrance of the canal at Ostend, and three and one-half tons on Peronne, Chaumes and Bapaume. All of the machines returned."

Disastrous Fire Occurs in Auto and Bus Livery

Bellefleur, May 12.—Fire, which broke out this afternoon in Asselin & Sons' auto and bus livery on Grove street, did damage to the extent of nearly \$10,000 before it was extinguished. The auto shed and two buses adjoining were destroyed and damage done to surrounding property. Some autos were more or less damaged, including a new large delivery auto, the property of R. Oliphant & Son, butchers. A number of fine carriages and buses were also severely damaged. When the fire broke out there were a number of horses in the stables, and all were taken out but two, which were burned. Mr. Asselin's residence, including a new large delivery auto, was also destroyed. When discovered the fire had gained considerable headway and was in a large stable occupied by the horses. The origin is not known. The loss sustained is to a large extent covered by insurance.
