LABOUR BATTLE EARLS ON SHOULDERS OF MACKENZIE KING TO BRING RELIEF FROM HIGH PRICES TO SUFFERING PUBLIC

President Wilson, in Address to Congress Today, Will Suggest Remedies—To Ask That Food Control Act Be Made Peace-Time Measure—Will Prosecute Price Gougers and Hoarders

Washington, Aug. 7.—President Wilson put the finishing touches on his high cost of living address to congress tonight and prepared to deliver it in person tomorrow afternoon at 4 o'clock. One possibility loomed up to threaten the president's plan. It was that the leaders might not be able to round up a quorum in the house and that some member insisting on parliamentary rule, by raising a point, might forestall a joint session of the house and senate. Republican and Democratic leaders, however, expressed confidence that a quorum would be on hand. The address will be confined to laying before congress what measures, in the opinion of the president and of the sub-committee appointed by Attorney General Palmer, should be enacted to bring relief to the public from the existing high prices. All the elements that have helped to create the condition the country finds itself in today, in the view of these men, will be dealt with. These include, it is believed, labor problems and strikes resulting from them and production which would be interfered with by strikes. No recommendation will be made for a licensing system of producers, manufacturers or dealers. No concrete law defining hoarding and profiteering will be asked, although recommendations will be made for laws designed to better the existing laws under which the

London, Aug. 7.—Field Marshal Sir Douglas Haig, who has been raised to the peerage by King George, will take the title Earl Haig of Bemerseyde.

BILL TO REGULATE SALE OF LIQUOR

Announcement Made in British House That Government is Preparing One.

London, Aug. 7.—There is virtually no change in the labor situation tonight. The strike of bakers and Yorkshire miners are still unsettled, but the railway position in Liverpool is resuming its normal condition. The situation in Liverpool is greatly improved, but the tramway strike continues and there is a great scarcity of bread. It was announced in the house of commons today that for the week ending July 26 the coal output was nearly 50 per cent. under the previous average. Other interesting announcements in parliament that the government was preparing a bill for future regulation of the liquor trade, and also that in a few exceptional cases Germans were being admitted to England to trade, under close scrutiny. No indication as to the contents of the bill with regard to the liquor trade was given. In the east end of London where the bread shortage is most acute, queues formed this morning outside the independent bakeries, but were mostly disappointed, for the bakers, after working continuously for thirty hours, displayed signs reading "closed for the day for rest." A rush was made for a shop where a notice appeared that another batch of bread would be ready in the afternoon. The strikes on the Southwestern Railway and in the south London tube are virtually ended.

SURROUNDING TOWNS WATCH GUELPH VOTE ON RAILWAY BYLAW

Citizens of Fergus, Elora and Arthur Much Concerned Over Radial Policy.

Special to The Toronto World. Guelph, Ont., Aug. 7.—The whole country between Guelph and Arthur is anxiously waiting to see what the Royal City will do on Monday when the railway bylaw is submitted to the ratepayers here. Citizens of Fergus, Elora, Arthur and the farmers in the rich and fertile district to the north are deeply concerned in the big question which will decide Guelph's future radial railway policy. When the 1919 Hydro bylaw was carried, the north people saw visions of their dream of years — better railway connections with their county town — drawing nearer. But in the proposition now before the ratepayers of Guelph, they feel that their passing their dream is due for another jolt. This feeling is particularly noticeable in Fergus. The Hydro survey is already made to this thriving village from Guelph, and the people also have the C. P. R. The opinion of the citizens there is that Hydro is sure to come if the scheme is not blocked in Guelph, whereas the C. P. R. is already there and they do not think the latter company will build another line to compete against itself. The people of Fergus are so aroused over the railway question at the present time, that no matter what Guelph does on Monday next, they are going to make a strenuous effort to better their railway connections, and they are going to look to Hydro to assist them. Fergus watches Guelph. George C. Tomlin, the reeve of Fergus is very outspoken in the matter, and said: "We are watching Guelph very carefully, for we realize that if the bylaw is carried there next Monday it will mean that we will never get the connection with Guelph that we desire. If Guelph turns down the Hydro bylaw, we will be glad to see a new Hydro line from Fergus and the north and down through Ermos to Georgetown. We want a radial line to Guelph, and anything else that it will never come if the C.P.R. bylaw is passed there. The time has come when Fergus is going to better its railway connections, and if Guelph turns us down we will link up elsewhere."

VETERANS ASK WHY CANADIAN NICKEL REACHES GERMANY

Call on Both Federal and Provincial Governments for Explanation.

The nickel scandal was a notable feature at a crowded meeting of the Riverdale branch of the G. W. V. A. held in Oddfellows' Hall, Broadview Ave., last night, under the presidency of Comrade A. Jennings. It was put up to the federal and provincial governments to show cause for the nickel from Sudbury reaching Germany, and to furnish the names of owners of the mines before and during the war. The high cost of living was also dealt with, and after a discussion, in which it was claimed that Canada had more trusts and combines than any country in the world, and the suggestion that a co-operative society be formed, further consideration was deferred for a week. Specific instances were given of abnormal advances in rent of restaurants, and an investigation committee was appointed. A letter was read from Earl Haig thanking the veterans for their kind message regarding the action he had taken respecting pensions for soldiers. It was decided to have the letter framed. The Nickel Scandal. Comrade E. L. Cochrane moved, Comrade Starrat seconded, and it was agreed: There has been a great deal of unrest and suspicion among members of the G. W. V. A. Canadian mined nickel exported to the United States during the war has found its way into Germany, where it has been used for war purposes. Reports of representatives of the Dominion and provincial parliaments have at various times asserted that Canadian nickel was not

CANADIAN LIBERALISM'S NEW LEADER

Mackenzie King is in his forty-fifth year, was tall and thin as a youth, blondish and thin-haired with a disposition to baldness. His voice is thin and not very attractive. He is unmarried, but fond of the drawing-room and is supposed to have sat for one of Mr. Humphrey Ward's men in a novel ten years ago. He was always devoted to Sir Wilfrid Laurier, something similar to what a young man from Quebec, Armand Lavergne, failed to be. Mackenzie King is a good deal after Sir Wilfrid, but getting much souter. He is a product of the schools of Ontario and the University of Toronto; also of Harvard. He is well read in economics, including the branches that run to labor and social problems. He has been minister of labor at Ottawa; also a worker in one of the social departments of the Rockefeller Institute. He is well read, but eloquent neither in speech nor writing. But he can argue and present a case. And he will be a matter of fact, however, the Ontario delegation was not up to the strength. His eastern supporters evidently went over to Fielding on the second ballot, thereby reducing the judge's votes from 153 to 60. These 60 votes were mainly from the west, and when Judge McKenzie withdrew they went to King and elected him. The surprising feature of the balloting was the poor showing made by Hon. George P. Graham. His largest vote was 153 on the first ballot, and it is probable that not over 100 of these votes came from Ontario, which was entitled to cast nearly 400 votes. As a matter of fact, however, the Ontario delegation was not up to the strength. Maritime provinces and the west. Graham's Support Light From Ontario Members

Special to The Toronto World. Ottawa, Aug. 7.—An analysis of the vote for leader in the national Liberal convention disclosed the predominant influence of Quebec. On the first ballot Mr. Fielding received 75 votes from that province and this block remained faithful to him. On the last ballot Mr. Fielding received 75 votes from Quebec while Mr. King received 222. On the first ballot some Quebec delegates voted for Graham, and others for McKenzie, but it is evident on the final ballot all these delegates voted for Mr. King. Judge McKenzie's support on the first ballot came mainly from the

WHO SAYS IT DOES NOT PAY TO GO FARMING?

To William Walker of the fifth concession of Markham, near the village of Unionville, probably belongs the record of making the most money from the smallest acreage in the growing of asparagus in Ontario. From less than five acres Mr. Walker thrashed nearly 45 bushels of seedling which he sold to St. Ver Bros. of Unionville at \$25 a bushel, netting in round figures \$1044 cash. The seed was of a superior quality, and this accounts for the high price, from \$2 to \$3 above the market price. When a farmer can more than pay twice over for his land from one crop it's going some.

BERLIN MUSIC FIRM SEEKS KITCHENER TRADE

Special to The Toronto World. Kitchener, Ont., Aug. 7.—The aggressiveness of German business concerns is signified by the receipt in this city by a local merchant of a circular from a Berlin music company soliciting business. The circular bears no date and makes no mention of war. "It is the general belief that there is some ulterior motive beyond the fact that he was only elected for the duration of the war. At the time of his election there was little or no talk of his election simply until the formal termination of hostilities. He was elected as a Unionist candidate, and it is the general opinion that he had his ear to the ground and wishes to be involved in no political debate. When he issues a statement of political faith it will be eagerly read by those who are attempting to appreciate the significance of the present political situation. He is now a Conservative, a Unionist or an Independent, or has been converted to Liberalism in its theoretical implications."

A GENUINE HAT SALE.

Every feature of Dineen's hat sale is genuine. The Panama hats are genuine bargains, and the import of sailor straw hats are from the most exclusive makers in London. PRICES CRASHED IN NEW YORK MARKET IN THE LAST HOUR

Rumors of Coming Strife Against Profiteers, and Railway Unrest Chief Causes.

New York, Aug. 7.—Prices fell with a crash in the last hour of trading on the stock exchange today. Reactions of five to almost 20 points from the best prices of the session were accompanied by many disturbing rumors and led to an orgy of selling. Reports from Washington to the effect that President Wilson's address before congress tomorrow would deal summarily with profiteers were supplemented by rumors that action contemplated by the department of justice would involve many industrial corporations which flourished during the war. Apprehension was heightened also by the attitude of the railroad brotherhoods whose representative before the house introduced a commerce committee bill giving utterance to serious accusations against Wall Street "interests."

Another disturbing feature was the further collapse of French exchange to a point never before recorded in this market, bills on Paris falling to levels where they reported a discount of 33 per cent. from par. Money Was Easy. The one reassuring feature was the ease of money. Call loans were in free supply at less than 2 per cent, while moderate amounts of time money were offered for the first time in many weeks at 7 per cent. Aside from its irregularity, the market gave no hint of demoralization until heavy offerings of U. S. Steel and other leaders caused recessions of one to two points between sales. Other and more speculative issues were hurriedly pressed for sale, as weakly-margined customers. Many such transactions were made "at the market," or for any price that might be offered by the buyer. Transactions amounted to 1,350,000 shares, of which no less than 40 per cent. changed hands in the last 60 minutes. So heavy was the selling that the stock ticker kept busy until 3:25 o'clock recording the day's operations. Calls for Margins. After the market closed countless calls for additional margins to strengthen over-extended bull accounts were sent out by telegraph. The decline was the most severe yet encountered by the stock market, since the inception of the bull market last February and wiped out millions of dollars in "paper profits" made in the last few months. In addition to U. S. Steel, which lost 10 points and related industrial issues, there were several highly speculative features, notably U. S. Rubber, which replaced a six-point early rise with a net loss of nine points; United Cigars, which yielded fourteen, and Edcott-Johnson, with a loss of sixteen points.

SITUATION IS GRAVE BUT NOT BEYOND COMPASS OF RESOURCES OF BRITAIN

If Everyone Will Work Together Nation Will Emerge Triumphant, Says Lloyd George—Will Not Shirk Responsibility Regarding Ireland—Government Has Scheme.

London, Aug. 7.—Sir Donald MacLean, national Liberal, in the house of commons today, raised the question of the government's Irish policy, which he wanted a discussion of it. David Lloyd George, the premier, replying, expressed the belief that a discussion now would not conduce to a favorable settlement. He had an Irish policy in view, he said, but realized that there existed fresh difficulties which might induce the government to modify or alter particular views they might hold. "It is not a credit to the country that after hundreds of years of British rule in Ireland we have failed to succeed in reconciling Ireland to the partition. The premier continued: 'It is the business of statesmanship to bring that condition of things to an end. The rule of force cannot be the last word in the matter. The premier admitted it was the business of the government to propound their scheme of all the circumstances. That was the only course after the failure of all outside schemes, and the government must therefore assume the risk of carrying through the scheme. The house, he declared, could depend that the government did not propose to shirk that responsibility. Replying to the laborite suggestion of withdrawal of the troops from Ireland, the premier thought Irishmen themselves would be the first to protest against such a course. Law and order must be maintained; otherwise there would be anarchy, and the government was responsible for preserving order.

VERY ANXIOUS FOR RADIAL

In the midst of the anxiety which is not so particular as to the company which builds it, but they are very anxious for radial connection with Guelph. The bylaw is carried there next Monday it will mean that we will never get the connection with Guelph that we desire. If Guelph turns down the Hydro bylaw, we will be glad to see a new Hydro line from Fergus and the north and down through Ermos to Georgetown. We want a radial line to Guelph, and anything else that it will never come if the C.P.R. bylaw is passed there. The time has come when Fergus is going to better its railway connections, and if Guelph turns us down we will link up elsewhere."

NICKLE THE SPHINX OF KINGSTON!

Kingston, Aug. 7.—Why did W. F. Nickle resign? This is one topic of conversation here and no one knows the correct answer. Mr. Nickle has issued no statement apart from that he gave when his resignation was announced on Monday, when he stated he was resigning. "Does he want a position in the senate, where he would be a stimulating force and have opportunity and leisure to look after his private and legal interests?" "Has he really tired of public life and is now willing to settle down as a private citizen after being in the limelight for the past eleven years, and the recipient of many honors and honorable positions?" "Does he foresee the downfall of the Unionist party and with the characteristic appreciation of the sentiment of the masses wish to be without political affiliations when the crash comes?" "On the other hand does he think that the Unionist party will become permanent in power, that having carried on Canada's share in the war, which inevitably brought considerable criticism, it will not be favored in the general election by the people?" "In the event of the Unionist party becoming permanent in the sense that it would command support of the section of the voters, who would lead the Conservative wing?" "Has he got his eye on the position which Sir Robert Borden, with whom he is known not to be on the closest terms, would have to vacate if he were prevailed because he was not elevated to a seat in the house of commons, and to contest in this constituency as an independent candidate?" "His action on the titles bill showed that he was not a politician, but a servant as a political creed, and he has steadily been showing more radical tendencies."

NEW LIBERAL LEADER WILL RUN IN ONTARIO

Special to The Toronto World. Ottawa, Aug. 7.—The Liberals of Ontario have offered Hon. Mackenzie King the nomination for the Dominion parliament at the coming election. Hartley Dewar, a member of Ontario Liberalism, and a number of the Toronto train and stayed over tonight for a conference with the new leader. It is thought best that Mr. King should get an Ontario constituency, instead of running in East Quebec.

SNOWP-MILITARY

Berlin Paper Says Documents Prove His Punishment Was Attempted.

Berlin, Aug. 7.—Criticism of the war records of Matthias Erzberger, vice-premier and minister of finance, was met yesterday by The Tageblatt, which was not friendly to Herr Erzberger, with a statement that documents published showed up the military authorities in a bad light rather than Herr Erzberger.
 The Tageblatt made an analysis of reports on various attempts by military authorities to force the withdrawal of Erzberger into military service as a private. The records made public by Die Post recently showed that Dr. Alfred Zimmermann, then secretary for aviation, sent a request to the war ministry for Erzberger's release, on the ground that he was performing foreign propaganda work of incalculable value and that his withdrawal would seriously interfere with the work.
 Later, it was shown, certain military men reputed to be hostile to Herr Erzberger, sought to have him drafted, and General Schafer asked the ministry of war to force him into the army because the vice-premier's civil status "spread discontent and anger that a 44-year-old, seemingly healthy, strong man should not be used in war services."
 All of these efforts by the military authorities failed.
 The Tageblatt, in its comment, said the documents proved the military authorities tried to punish Herr Erzberger, whose political course they disapproved just as they did others.

THOROBRED ASSOCIATION WANT DEVONSHIRE

Montreal, Que., Aug. 6.—Bradley Wilson, representing the Thorobred Horse Association of America, has been in Montreal for the past few days negotiating for the purchase of the Devonshire race track at Windsor, Ont. This plant is controlled by Montreal men, who have Wilson an option for thirty days this afternoon.
 The option calls for the control of the track in the Western Racing Association, which operated the track previous to the order-in-council prohibiting betting on race tracks in Canada. The amount agreed upon for the purchase of the plant was not made public, nor the amount paid for the option, although it is said to be a substantial amount.
 Bradley Wilson left tonight for Saratoga, where there will be a meeting of the Horsemen's Association on Sunday afternoon. In purchasing Devonshire Park, the Horsemen's Association are following out their plans in Kentucky, where they control all of the race courses. The association has the backing of several wealthy men, and recently paid \$100,000 for the control of the track in Havre de Grace race track, which they will operate this autumn.

DEFEAT OF ITALIANS DUE TO LOW MORALE

Rome, Aug. 6.—According to the newspapers the commission inquiring into the Caporetto disaster of October, 1917, when the Italian line was broken by the great Austro-German attack, also admitting the influence in defeat of Socialist and clerical propaganda, especially after the Papal message in August, 1917, proposing peace, attributes the defeat of the Italians chiefly to military cause—depression in the morale of the soldiers and absolute lack of reserves.
 The newspapers add that the commission considers Generals Cadorna, Povo, Capello and Cavaciocchi mainly responsible for the disaster.

Expect Half Million in Taxes From Hudson Bay Company

Calgary, Alta., Aug. 7.—Hon. C. R. Mitchell, setting premier of Alberta, stated last night that he believed the decision of the privy council against the Hudson Bay Company in payment of surtax on lands in Saskatchewan would have the effect of producing payment of the wild land tax in Alberta on the company's lands. Mr. Mitchell estimated this accumulated tax now totaled half a million dollars.

Their employers have now agreed to give them a further increase of \$1 a day, so that the cigar-makers have gained their point completely.

Pay Ten Dollars as Fine For Salters Taken as Joke

Montreal, Aug. 7.—B. W. WOOLLATT, JR., TO OPPOSE TOLMIE

Windsor Conservatives Ask Him to Be a Candidate in Coming Elections.

Windsor, Aug. 7.—It was announced today that the Conservative party has picked William Woollatt Jr. to oppose Major J. C. Tolmie in the Windsor electorate in the coming election, running on a straight party ticket. Mr. Woollatt admits that he has been asked to run.
 He claims he has made no decision, and will not until the convention has been held. "The seat belongs to a Conservative," said Mr. Woollatt, "and I believe it will go to our party this time."
 The Conservative party here do not underestimate Major Tolmie's influence and popularity, but they believe that Mr. Woollatt is the man to return their party to power in this electorate, and are making big preparations for a wide campaign.
 Mr. Woollatt has lived in the border city practically all his life.
 In 1906 he established the Wm. Woollatt coal business, which he conducted until 1914, when he took over the district agency for the Overland Automobile Company. He has also been a Hydro commissioner for Windsor since its inception there during 1914.

ALMEIDA IS ELECTED PORTUGAL'S PRESIDENT

Lisbon, Aug. 8.—Antonio Almeida, former premier and minister of colonies, was elected president of Portugal today by parliament. The election took place on a third ballot. Senator Almeida received 123 votes to 21 for other candidates. Thirteen members of parliament abstained from voting.
 Antonio Almeida is 54 years old, and during the latter days of the monarchical regime in Portugal was considered one of the most violent Republicans, being imprisoned on several occasions in connection with alleged plots for the overthrow of the monarchy. Following the assassination of King Carlos, in 1908, he became prominent in the councils of the Portuguese republic, and was appointed minister of marine in the provisional government there in 1916. Later in that year he was the leader of the socialist radicals in the elections. He became premier in January, 1918, and continued in office until April 21, 1917. He was formerly a physician.

CANNINGTON CITIZENS HONOR THE SOLDIERS

Cannington, Ont., Aug. 7.—The citizens of Cannington turned out en masse and the greater part of the population of the master baker, of the township of Brock was in town to take part in the reception tendered by the authorities of the town to their returned soldiers. No possible effort had been spared by the several committees in charge of the various events, in making preparations for the occasion.
 At the park, in front of the grand stand, a good program of sports were put on. This was followed by a dinner served by the Women's Patriotic Society of Cannington.
 The returned men and next of kin were each presented with a handsome engraved gold watch fob.

BREAD PRICES PUZZLE ST. CATHARINES WOMEN

St. Catharines, Ont., Aug. 7.—When the committee of women chosen at the recent women's mass meeting waited upon the master baker, with an ultimatum to lower the price of bread from 24 cents or they would start a campaign to bake their own bread they were told with all courtesy that instead of decreasing there would be a further early increase in the price of bread.
 The women are today arranging for a larger meeting to be held with a view of combating the situation which is formulated.

Oxford County Reports Out Crop Bad, Wheat Good

Special to The Toronto World.
 Woodstock, Aug. 7.—The out crop in Oxford county is next thing to a complete failure. The total yield this year will not be over thirty per cent. of last year's yield, say farmers, many of whom are pasturing large areas to provide food for their cattle. Both hay and wheat crops, however, have been good, while the corn yield will be excellent in this district, it is reported. At least an average yield is anticipated. Since the farmers have the majority of their acreage in corn, this will make up considerably for the failure of the oats. Mangolds and turnips also look good.

TEXTILE STRIKE ENDS.

Quebec, Aug. 7.—The strike at the Dominion Textile Company mills at Montmorency came to an end today, as employees accepting the company's offer of a ten per cent. raise in wages.

BRANTFORD BACKS REALTY COMPANY

Despite MacBride's Protests, Bylaw for Big Bond Guarantee is Passed.

Special to The Toronto World.
 Brantford, Aug. 7.—Despite Mayor MacBride's protests, filed before the council on the isolation hospital with diphtheria, the city council gave a third reading to the bylaw guaranteeing the bonds of the Industrial Realty Company to the extent of \$400,000. The council was called to award paving contracts for George and Chatham streets and Dufferin avenue, which they gave to the Standard Paving Company of Ottawa, at two dollars for the first two and \$1.85 for the other. Then a move was made to have the council take up the bylaw. It was ruled that the bylaw was called for one specific piece of business, the other could not be taken up. A requisition was immediately filed, signed by twelve aldermen, for another meeting, to be held at once, and the bylaw was taken up. An amendment which would allow the city to take over the company at the end of three years was defeated 12 to 3 and the bylaw was then unanimously carried. It is expected that Mayor MacBride will continue the fight after he leaves the hospital, and he had previously threatened to take out an injunction. The bylaw had been approved by the ratepayers.

Steamer Lake Frolona Has Accident in St. Lawrence

Montreal, Aug. 7.—The steamer Lake Frolona, United States shipping board, which cleared from Montreal on the 5th of August, bound for a Grecian port, has met with an accident, the extent of which has not been reported as yet. It is believed that she touched a boulder at Grosnez, on the night of Tuesday-Wednesday, with the result that she has a leak in hold No. 1. The Lake Frolona is a new boat of 1,615 tons. She has now arrived at Quebec, where an inquiry will be held.

Bring Man From Brantford For Trial on M.S.A. Charge

Special to The Toronto World.
 Brantford, Ont., Aug. 7.—On a charge under the M. S. A. Louis Hary was taken to Toronto today. He had been previously tried on such a charge here and the case dismissed, the magistrate holding that the wrong dates had been given. There was some wonderment that the second charge laid was to be heard at Toronto.

Gunner G. E. Reid, Woodstock, Returns After War Service

Special to The Toronto World.
 Woodstock, Aug. 7.—A well-known local soldier to arrive back to this city in Gunner G. E. Reid, son of W. A. Reid, secretary of the board of education. Gunner Reid enlisted in London with the Army Service Corps while employed in the Bank of Commerce there in October, 1917, later transferring to the artillery, with which he went overseas.

Request Brantford Employers to Use Government Labor Bureau

Special to The Toronto World.
 Brantford, Ont., Aug. 7.—An appeal has been sent by the chamber of commerce to all employers to use the government labor bureau, and the soldiers' re-establishment branch which works with it, in filling their needs for men. It would, they hold, work out advantageously to both the returned men and the employers.

BRITAIN MUST CONTINUE FLAX-GROWING SCHEME

London, Aug. 7.—An interim report of the Empire flax-growing committee declares it is essential that the government's efforts to foster a revival of flax-growing in the United Kingdom and extend its cultivation within the empire, which has achieved a considerable measure of success, should be continued until the full value is derived from the industry. The scheme for the supply of fibre seed from western Canada should continue until such time as owing to the return of normal conditions or the development of other sources of supply the question of a seed supply for the United Kingdom is put on a permanently satisfactory basis.

Report Quebec Ship Strike Over; Five Hundred Workers Return

Quebec, Aug. 7.—The shipyards at the Davis Shipbuilding plants at Quebec and Lauson were reopened this morning without trouble. The National Union workers, over five hundred strong, marched out in a body from their hall to the yards at 7 a.m. and also they met two hundred striking international men, there was no clash. Threats have been made that the militia would be called out to protect the national union workers, but the soldiers were not required.

VETERAN DIES.

St. Catharines, Ont., Aug. 7.—Harry Gunn, a native of St. Catharines, died at the General and Marine Hospital last night from the effects of being gassed in France over two years ago. He enlisted in Toronto with the 124th Battalion.

PITCH AN ITALIAN INTO WELAND CANAL

St. Catharines, Ont., Aug. 7.—Grabbing him, while he was digging in front of his house, 20 Mike, mostly returned soldiers, carried Mike Gasbariana, an Italian, to the new canal and threw him into the water last night. Gasbariana could not swim, but some one threw him a lifebelt, and Alex-Edman Gray went out with a raft and brought him to shore. A doctor was called and worked on him some time to eject the water in his lungs. No serious damage was caused.
 According to Chief of Police Greene, the police heard that a party of men were going to tar and feather Gasbariana, who was stated to have been living with the wife of a returned soldier. It is thought that this was the motive of the assault.

FRECKLE-FACE

Sun and Wind Bring Out Ugly Spots. How to Remove Easily.
 Here's a chance, Miss Freckle-face, to try a remedy for freckles with the guarantee of a reliable concern that it will not cost you a penny unless it removes the freckles; while if it does give you a clear complexion the extension is trifling.
 Simply get an ounce of Othine—double strength—from any druggist and a few applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case. Be sure to ask the druggist for the double strength Othine as this strength is sold under guarantee of money back if it fails to remove freckles.

GERMANY MAY CONSCRIPT REPATRIATION WORKERS

Berlin, Aug. 7.—Better food conditions do not attract German workmen in large enough numbers to carry out necessary reparations work in France, according to The Neue Berliner Zeitung, which estimates that only one-fifth of the men needed may be expected to volunteer. The newspaper said that the remainder must be recruited thru some moderate form of compulsion, probably conscription.
 German metal workers, it was said, are ready to send their members, provided the men themselves have a choice in what they are to do, instead of having the details entrusted to a commission at Versailles, out of contact with the workmen. The situation is said to be causing the authorities anxiety, because they realize the men can obstruct the reparations work merely by refusing to take part in it.

Nearly Commits Murder, Then Suicides in Sight of Police

Edmonton, Alta., Aug. 7.—Murder was at first believed to have been committed on Fraser Flats when the police found Mrs. Tina Madams, not dead, but in an unconscious condition, suffering from a blow in the face by a smoothing iron thrown at her by Bill Stefuk.
 The woman recovered consciousness and stated to the police that after Stefuk struck with the iron he jumped on her with his feet and demanded money. When both pursued by the police he made for the river. Stefuk himself is dead, having flung himself into the Saskatchewan River, drowning in sight of the police.

PASSED IN AIRPLANE THRU TRIUMPHAL ARCH

Paris, Aug. 7.—Lieut. Godetroy, a French aviator, today performed the feat of passing under the Arc de Triomphe in an airplane flight.
 The aviator had been training several months in preparation for the feat. His practice work was done at Villa Couderc, where the frame of an arch of the same dimensions as the Arc de Triomphe had been erected for the purpose.
 Godetroy flew a machine with a wing spread of eight yards, which left him a margin of about seven yards to get thru the arch. He cleared the opening cleanly, gliding thru with his motor stopped. After clearing the arch, he turned on the power again and flew over the Champs Elysees.

Strike Menace is Serious On Trans-Siberian Railway

Peking, Aug. 6.—A strike which broke out recently on the Trans-Siberian Railway is becoming a serious menace. All traffic, including military trains, are at a standstill. The strikers demand the payment of their wages in the old currency, refusing the Siberian note issue.
 In some quarters here the belief is expressed that the strike also has a political significance.

GRATUITY READY IN FEW WEEKS? RUMOR RIFE TO THIS EFFECT, BUT CONFIRMED NOWHERE.

Gratuity rumors are the ripest of the fruits of the narrative season, and yesterday afternoon rumor was rife in one quarter that gratuities would be paid immediately in monthly payments, \$100 to every man with active service record. Rumor was also busy with the intimation that a gratuity of \$600 in a lump sum would be paid right away, and that this would suit all returned men. Official confirmation of either rumor is lacking. However, all Veterans is agog with suspense. Many returned men would accept \$600 where they might accept \$2000, although the opponents of the Calgary resolution are of the opinion that they would accept the lovely sum.

RAISING SOLDIERS' RENTS

A letter was read from Com. A. B. Black, 31 Enderby avenue, stating that when he went to pay his rent he was told that it would be raised from \$35 to \$45, and that he thought the case should be shown up. He thought that these landlords were trying to put up on returned soldiers.

MILITARY FUNERALS

All military funerals having been awarded by the military authorities to Capt. Ross J. Craig, the executive committee reported that a letter had been sent to the military authorities asking that east end funerals be given to a funeral director there, providing he was a returned soldier or had lost a son in the war. The meeting endorsed the action.

REACHES GERMANY

reaching enemy countries. Dr. Macnamara, secretary to the admiralty, replying to General Page Croft in the house of commons said that 12 ships containing nickel were seized and put in the London prize court, 11 of which were from New York and destined to Dutch and Swedish ports. "That it is the belief of the Riverdale branch that the nickel referred to is Canadian; that undoubtedly a large quantity has found its way into Germany thru the criminal negligence of the government; that Sir Robert Borden, when he was in office, should be called upon by the association to show cause for this nickel reaching Germany, and to furnish the names of the shipping companies, nickel mines, both before and during the war."

ADVOCATE REVISION OF GERMAN TREATY

Geneva, Aug. 7.—The international Socialist conference now in session at Lucerne, which is preliminary to the main congress to be held at Geneva in February, 1920, voted yesterday in favor of a German revision of the peace treaty. The congress also adopted a proposal to send a commission to Budapest to study the recent Hungarian soviet administration.

GEN. CURRIE HELD UP

London, Aug. 7.—Many ships are held up by the strike in Liverpool. General Currie was to have sailed on the Caronia today, but the boat is unlikely to leave immediately.

RETRIBUTION

At yesterday's conference of veterinarians, Dr. H. H. Cook pointed out the extreme importance of making thorough tests of all food producing animals. In a pathological demonstration which he conducted specimens were shown which had been thrown out as unfit for human consumption by the inspectors of the City Abattoir. One of these was a perfectly sound looking hog which had been killed and on examination found it to be very badly infected with tuberculosis. In some cases it was difficult to discover whether the animal had had the disease or not without making use of the tuberculin test. Dr. Cook advised his hearers to make a thorough study of the lymphatic system, since it was here that the disease chiefly originated.

DEMONSTRATION

A demonstration of the diseases affecting the cow's udder was given by Dr. T. H. Ferguson, of Lake Geneva. The operation was performed by him on an animal affected with a curable disease of the udder. A demonstration was also given of sterilizing the tuberculin test to horses.

ALL DEMONSTRATIONS WERE WELL ATTENDED

All the demonstrations were well attended.

FOOD STOCKS HELD FOR WORLD DEMAND

Amount in Storage 20 Per Cent Greater Than Same Period Last Year. Washington, Aug. 7.—Altho prices of practically all important foods have shown a substantial increase during the last year, stocks of food held in storage on June 1, this year, were approximately 20 per cent greater than those held on June 1, 1918...

The fact that stocks of many important foods were much larger on June 1 this year than on the same date last year, said the commission's report, showed an increase in storage on June 1, 1918, according to a memorandum showing the relation between storage figures and prices issued today by the federal trade commission...

MRS. DOLLY MATTERS APPEARS IN COURT

With Others Concerned in Kidnapping Case, Pleads Guilty

Ottawa, Aug. 7.—Mrs. Dolly Matters of Chicago, Michael John Jenkins, ex-Dominion police officer, and Elias J. Oatis, chauffeur, both of Ottawa, were arraigned in police court, charged with attempting to take or cause to be taken an unmarried girl, to wit, one Kathleen Ryan, then under the age of 15 years, out of the possession, and against the will of the mother, one Margaret Ryan.

The charge follows the sensational attempt yesterday by the trio to kidnap "Baby" Irene, their attempt being foiled by the heroic conduct of the grandmother of the child, who when the accused visited the Ryan home yesterday took the baby, climbed out of a third-story window and reached safety in the adjoining house, while the mother fought the men and Mrs. Matters on the stairway.

Want Jury Trial. The accused, who did not plead guilty, want a jury trial. Mr. W. T. Harding, of Toronto, and elected for a jury trial, asking that the preliminary investigation be held by a jury.

Mrs. Matters is not a resident of Canada, said the crown attorney, and the charge against her is a move to get her out of the country. If bail is granted, it is not less than \$5,000 each.

Magistrate Askwith concurred with the view that bail accordingly. "This means that my clients will have to be incarcerated," said Mr. Harding, "as I doubt the possibility of my being able to procure bail bonds for this amount."

TO ASK POWER EMPLOYEES TO POSTPONE A STRIKE

John Noble, international organizer for the Electrical Workers' Union in Canada, stated last night that while it was true that the employees of the Ontario Electric Power Company at Niagara Falls had almost decided to go on strike, the appointment of a board of conciliation, which was tantamount to a decision to go out on strike, the employees in Toronto were already appointed their representative in the person of Fred Bancroft, the company's representative being Hon. F. H. Philpott.

Coal Drivers Organizing With Labor Federation

Coal drivers are organizing with the Canadian Federation of Labor, and it is understood that they are joining in large numbers. RESOLUTIONS PASSED AT BIG CONVENTION

(Continued From Page 4.) relations underlying it, and we express our earnest hope that in both countries such principles will be upheld, and that a favorable moment may come when there will be a renewed manifestation by the two governments of a desire to make some similar arrangement.

Demands a Royal Commission On Election Fraud Charges

W. T. R. Preston of Port Hope moved the following resolution, which was seconded by J. E. Adamson of Winnipeg: Whereas it has been openly charged that there was a conspiracy to carry out an elaborate system of frauds in connection with the military voters in part of the 1918 election act for the purpose of overcoming the voice of the honest electorate of the Dominion, in violation of the king's prerogative, and that persons, double voting, personation, ballot stuffing, and the illegal switching or transferring of tens of thousands of military voters, have been perpetrated under the aegis of the military voters act, and that a favorable moment may come when there will be a renewed manifestation by the two governments of a desire to make some similar arrangement.

And whereas it has been alleged that persons were officially known to be immediately implicated in the direction and control of these frauds, and were subsequently recommended by the prime minister for imperial honors in recognition of their services in connection with the military voters act, and that a favorable moment may come when there will be a renewed manifestation by the two governments of a desire to make some similar arrangement.

And whereas it has been openly charged that these frauds would have been impossible without large numbers of the appointees of the crown deliberately co-operating and committing perjury:

TO PROBE CHARGES AT TRADES COUNCIL

Committee Will Investigate Accusations Against Members by James Simpson.

Accusations of a startling nature were preferred by James Simpson last night at the regular session of the Toronto Trades and Labor Council against the honor of Arthur O'Leary and W. J. Hevey in connection with the financing of a new labor journal known as The Labor Leader.

Mr. O'Leary and Mr. Hevey replied vigorously and frankly to the charges, denying them absolutely, and firmly expressing their determination to press the charges thru the civil courts to their depths.

Following a vigorous discussion of the pros and cons of the issues involved, it was decided to elect a committee of the Trades Council to investigate the charges and report back to the council at the earliest possible date.

Another important matter brought up by the council was the case of the alleged lack of common sense on the part of magistrates relating to the arrest and conviction of men and women picketing around the premises of garment factories.

LAVOIE DIED FROM BLOOD POISONING

Returned Soldier Apparently All Right When He Visited Hospital.

That Norman Lavoie, the young French-Canadian returned soldier who died from injuries received in a fight on July 27, had visited St. Michael's Hospital to have his nose X-rayed for broken bones and was then apparently in the best of health, also he died about three days later, was the statement made to the jury investigating the circumstances of Lavoie's death at the morgue last night by Dr. Malcolm Cameron.

Dr. Cameron said that Lavoie had called in a great hurry on July 30 and had asked that an X-ray picture be made of his nose, which was in a badly battered condition.

TO INQUIRY INTO DOUBLE FATALITY

Accident at Riverdale Railway Crossing Subject of Investigation.

Controller Maguire, who was acting mayor yesterday, stated he will make full inquiries with reference to protection at the railway crossing in Riverdale Park where the double fatality took place last Monday.

"I do not know under whose jurisdiction the bridge comes," said the controller, "but there is no doubt that some one is responsible for the lack of proper guards at that point. It is probable that this bridge is under the jurisdiction of the parks department. I intend to see the commissioner at once, and make full inquiries. It is a terrible thing that there should be loss of life due to lack of proper protection, and nothing should be left undone to remedy the defect and place the responsibility for the sad accident where it belongs."

Controller Cameron was also in favor of the matter being investigated.

George A. McCarthy, engineer in charge of the bridge, said that the section of the works department, said, "As I understand the matter, the city is not in any way liable. The watchman was placed at that crossing by order of the Dominion Railway Board, on our application. Therefore, the responsibility for any accident falls on the company owning the engine which does the damage. If it is a Grand Trunk train that causes the accident, the watchman, for the time being, is held to be the agent of the Grand Trunk Railway, and they must bear the liability. The same with the C.P.R. or any other line using the tracks. In any case, the city is not liable."

TO AVOID CRUSH AT TAXPAYING TIME

To obviate the taxpaying crush at the city hall, the city treasurer's department is preparing to inaugurate a system of square boxes in the front corridor of the hall, during the receiving of the different tax instalments, the cheque and an addressed envelope may be deposited there in a hurry. Addressed envelopes will be provided, and taxpayers may drop their tax bills, the cheque and an addressed envelope in these covers, feeling certain that they will be received that day and properly marked off the books.

Decorating Parliament Buildings for Prince

Preparations are now being made for the decoration of parliament buildings on the occasion of the visit of the Prince of Wales. There will also be a battery of high powered search lights and other illuminations. An address will be presented to the prince by the government.

DR. JOHN FERGUSON HONORED

At the meeting of the Alexander Fraser camp of the Sons of Scotland, held last evening in Foresters' Hall, 22 College street, Toronto, the members of the camp honored Dr. John Ferguson, M.A., F.R.C.P., F.D., with a handsome gold, diamond and sapphire ring as a recognition of his many services to the association during the past 27 years. He made a very appropriate reply and recalled the many changes that had occurred in the growth of the association. Hugh Macdonald, the chief of the camp gave a full report of the recent meeting of grand camp.

CLEMENCY FOR COMRADES

Machinists who were in strong force at the district meeting last night expressed the opinion that the dictum of Magistrate Kingdon, that Dr. John Ferguson, a man who was the more dangerous because he was no longer applied in view of the fact that the great war was over, having this in mind the district council unanimously passed a resolution requesting the government to show clemency toward Olshak Goldsch and Molov Trolnow, now undergoing imprisonment for sedition during the war.

CITY WINS APPEAL

A London cable states that the privy council has dismissed with costs the appeal of John McKay and Company against the city of Toronto, being a claim of \$42,600 for services rendered in valuing the Toronto Railway and Toronto Electric Light assets. The city contended it made no contract with Mr. McKay and won in all the Canadian courts.

SENT TO THE FARM

Described by the police as a dope fiend, Peter Thompson, a returned convict, was sent to the jail farm for three months by Magistrate Cohen in the police court yesterday.

STEAMER MOVEMENTS

The S.S. "Canada," which sailed from Liverpool July 28, has been reported off St. Pierre, August 5, at 8 p.m. A later signal service report advises this steamer passing inward at Cape Ray at 3 a.m. Wednesday, August 6.

As the "Canada" has been detained by fog she will not arrive at Father Point before August 7, about 2 p.m. and this should make her due Quebec about midnight Thursday, and Montreal Friday.

The "Canada" has on board the following: Cabin class, 155 civilians, 33 British military or shipping, 4 nurses, 40 military passengers, 60 dependents. Third class: 270 military passengers, 395 dependents.

The S.S. "Dominion" sailed from Avonmouth August 5, carrying general cargo and 266 sheep.

The Dominion line have received advice that the S.S. "Commodore" which has been under government requisition during the war, will be shortly released and will again resume her position in the Montreal-Avonmouth service. This steamer has been carrying food supplies for the British forces at Archangel.

ANOTHER OCEAN-GOING VESSEL TAKES TO WATER

The Skolima, With Nearly Four Thousand Tonnage, is Successfully Launched.

The eighth ocean-going vessel built by the Dominion Ship Building Company was launched yesterday afternoon from the firm's yards at the foot of Bathurst street. The new boat is named the Skolima, and is a canal-size steel cargo freighter, designed for transatlantic service. Her principal dimensions are: Length over all, 261 feet; moulded breadth, 42 feet 6 inches; moulded depth, 24 feet 2 inches; dead weight carrying capacity, 3550 gross tons. Improved Cunard type, and classed to Lloyd's 100 A1; equipped with triple expansion engines, 1200 horsepower; two Scotch marine boilers, 180 pounds pressure.

The boat was christened by Mrs. Edward L. Cousins, wife of the chief engineer and general manager of the Toronto Harbor Commissioners.

The Skolima is the eighth vessel built by the Dominion yard in ten months. Four of the vessels have already been delivered, and the remaining four will be completed before the close of navigation this year.

That shipbuilding business is looking up in Toronto is shown by the fact that the Dominion people have recently received orders from the department of marine and fisheries at Ottawa for the building of two steel, twin deck, mixed cargo carriers, each 3550 tons deadweight, improved Cunard type, for delivery next spring. Two steel bulk freighters for private interests for delivery next spring.

VERA DE LAVELLE MODEL PRISONER

It was generally understood that when Vera de Lavelle was committed to serve her sentence that she would be housed at the jail farm. Such, however, is not the case. She was taken direct to the Mercer home on West King street. Her present guardians cannot speak too highly of her and state she is the best behaved prisoner in the institution. She seldom speaks to the other prisoners and willingly undertakes any duties she is told to perform. The authorities of the Mercer home have no doubts as to her character. Vera has her quarters and her occupation in a part of the home from which it is almost impossible to escape.

ONLY FEW HORSES WILL BE BROUGHT HOME

Captain A. W. Whitehouse of the American veterinary corps, and a graduate of the Royal Ontario Veterinary College, and who has been overseas for six years, arrived in the city yesterday. He says that out of the 90,000 horses sent overseas only about 200 will come back. These two hundred are principally officers' mounts and a long process of quarantine will have to be gone thru before they get back to civilian life. Involving a four month stay under inspection in France, and two months after they return to the United States to make sure that they introduce none of the old horse diseases or none of the virulent new ones which have come with the war. Of these the captain cannot speak at present, but one is a wound infection that never permits a wound to be permanently healed.

GUILTY—ALLOWED TO GO

John Brown, who pleaded guilty in the police court to having stolen \$800 from his employer, the Canadian Express Co., was allowed to go till called on yesterday. His wife had been ill and he had used the money for greasing needs.

JACK MUNRO BETTER

Jack Munro, president of the Toronto Trades Council, who has been seriously ill for some weeks past, is back again at his duties, and was present at last night's session of the council.

Doctor Will Swear To Anything, Says Judge

Mr. Justice Logie evidently has little or no opinion of testimony given by the medical profession. In a case before him yesterday he declared: "I don't get a doctor to swear to anything."

The matter came before the judge in an action for an order declaring Andrew Howell, aged 74, incapable of managing his affairs. There were "reams" of affidavits filed in connection with the matter. Mr. Howell lives in Tynesburg township, Hastings county. Dr. C. K. Clarke will examine him and report to the court. In the meantime the matter stands. Mr. Howell has \$11,662 in the bank, and owns a farm.

WILLS AND BEQUESTS

John Ralph Masecar, a local business man, who died suddenly just recently, left an estate valued at \$12,165. It was made up as follows: \$1,000 household goods, \$3,333 mortgages, \$4,800 stocks, \$3,040 vintage and war bonds, \$75 cash on hand, \$188 cash in bank, \$750 personal property and \$6,000, No. 82 Dorval road. By his will, made January, 1919, his wife receives the total estate, including insurance.

Other wills announced yesterday were: Mary Lockie, \$9,631; John McBurnie, \$9,400; Jane Perry, \$8,600; Catharine Connel, \$2,700; Jane Gunning, \$2,298; Eric MacKay (soldier), \$1,866; Ada Barry, \$670.

LABOR NEWS

O. B. U. CHIEFS ARE CONFIDENT

They Are Not Discouraged by Present Diversified Opinion.

O. B. U. enthusiasts in Toronto are truly enthusiastic, and they have taken great care to point out that the cult had its inception in a purely economic dispute, and that the best feeling in common with the ethics of Bolshevism. James Gill, a returned soldier, from Winnipeg, who with Joe Knight is organizing in Toronto, stated his emphatic opinion that "people generally were acquainted with the beginnings of matters which led to the consideration of the new organization; they could not help being sympathetic toward the cause. He expressed himself as emphatically opposed to the American Federation of Labor as at present constituted."

"Briefly, I will summarize for you the history of those differences which led up to the formation of the O. B. U.," said Comrade Gill (who has seen plenty of service at the front). "You may recall that in May, 1918, negotiations were being made between division 4 of the Railway Shop Employees' Association under the American Federation of Labor, and the Railway War Board in Canada.

"Several strike votes were taken at that time in Winnipeg, and it was decided to vote for joint negotiations between the railway chiefs en bloc and division 4 representatives en bloc, the first time such a conference was ever carried out. However, after these negotiations were concluded, the war board decided that division 4 was only a part of the entire organization and under the ruling of the A. F. of L. and that the Canadian employees would have to abide by the McAdoo award.

"A strike vote was immediately taken upon this matter, and it was decided by a 50 per cent. vote to strike for the original demands. It must be clearly understood that up to this time harmony had prevailed between the Canadian division and the A. F. of L. Our officials now requested strike sanction from the parent body. This was refused, and the A. F. of L. intimated that if the Canadian locals went out on strike their charters would be forfeited.

"Such a move on the part of the A. F. of L. created a delicate situation in western Canada. Canadian members considering it altogether too autocratic. A vote was now taken to repudiate the A. F. of L. and by reason of bad management resulted in the Montreal headquarters notifying the war board that the McAdoo award would be accepted. The localists had, apparently voted en bloc, that is to say, locals voting as one man, either for or against. It was proven that had individual votes been counted, membership in Canada would have been sold to abide by the award.

Convention Called.

"The result of this was a decision to call a convention in Calgary, and also to order the recall of all international representatives on division 4. This, however, was found to be impracticable by reason of the constitution of the A. F. of L.

"The Calgary convention unanimously carried a resolution expressing belief that the American Federation of Labor was too cumbersome and too much subdivided in policy to be of further assistance to Canadian labor, and it was pointed out that it would be advantageous to create a form of organization whereby the workers themselves and not an autocratic executive would hold the reins."

Comrade Gill refused to divulge the name of the executive of the O. B. U., but it is understood that it is comprised as follows: President, W. A. Fitchard, Vancouver; R. J. Johns, Winnipeg; Joseph Knight, Edmonton; Joseph Naylor, Cumberland, B. C.; V. R. Midgley, secretary, Vancouver, B. C.

Both Joe Knight and James Gill state that no matter what the results of organization may appear to be today they will be noteworthy in the not distant future. There is no doubt, they say, that many moderates desire the present cumbersome system of sub-divisions to be replaced by a more modern comprehensive system, and that while certain elements may claim to oppose the movement because of its alleged personnel, all will gradually but surely veer toward the goal set by the organizers today.

BREAD DRIVERS WINNERS BY CONCILIATION AWARD

Unanimous is the award given with respect to the bread drivers in Toronto, and among other things increases have been granted by this award as high as \$10 a week. The minimum (which is to be given to the driver during the first eight weeks in this work) is fixed at \$21 a week. Following the eight weeks' course he shall receive \$24 a week, and for all sales aggregating \$270 or more a week a ten per cent. commission will be given on sales to customers and five per cent. on sales to stores.

This is said to be one of the most favorable awards given in recent years, and in no instance does it reduce wages received before the board was appointed, whereas it increases many others. Before the award was made men were receiving in some cases as low as \$14 a week. Now the minimum is fixed at \$21, a raise of at least seven dollars.

The mass meetings of the bread drivers held last night at Occident Hall voted unanimously to accept the award.

KNOTTY LABOR PROBLEM THAT IS BAFFLING

Opinion in the labor situation yesterday relative to the expected outburst at the trades council meeting against certain officials of the council during the past six months, was summed up in that expressed by a man who is neither a moderate nor so-called progressive. He stated that it was well that such a matter was to be considered because in the first place it would either clear the characters of those most concerned or would bring machinery to bear against their traducers. Secondly, it would tend to generally clear an unsavory atmosphere which had been sulphuretted around the Labor Temple for many months past. If the parties mostly concerned were guiltless they had full redress.

Another official, one of the staunchest among the moderates, stated that in his estimation it was the most puerile thing he had encountered in many years. Had he been concerned himself, that was to say, had been among those accused, he would have taken prompt steps to have his accusers brought to book to be pointed out that equally serious allegations were liable to be presented against the accusers, and deprecated the whole trend of affairs as unseemly and pandering alone to sensationalists. It was the more to be deplored, he said, because accusations might be made which while having no ground might be made plausible to the detriment of those concerned. He advocated the system of leveling straight charges which could be countered in a court of law.

HIDDEN BY TOMATOES

BOARD TO SETTLE STRIKE IN COBALT
Proposal Expected to Be Laid Before Mass Meeting of Miners Tomorrow.
Special to The Toronto World.
Cobalt, Ont., Aug. 7.—The returned soldiers' deputation returns from Ottawa with the proposal that a board of conciliation, consisting of one man appointed by the government and a representative from the Miners' Union and from the managers, be formed to investigate and make a finding on the Cobalt dispute. Such a board would have no power unless the strikers returned to work. The committee of returned soldiers will put the proposal before the men, and a mass meeting will probably be held Saturday night to pass on it. The board would go into questions of collective bargaining, recognition of the union and wage and working conditions.

HOLLINGER SHARES MAKE GOOD RALLY

Davidson Shows Strength Thruout — McKinley-Darragh Has Easier Turn.

While the New York exchange was having a storm-tossed session yesterday afternoon, the local mining market traveled serenely on an even keel, and stocks finishing the day with substantial gains, while the losses here and there were unimportant. Erstwhile traders in mining stocks who ventured into other fields in quest of more action are certainly getting it, but they are probably convinced by this time that mining stocks, while largely quiescent during the summer months, are less trying to the nerves than are the highly volatile motors, oils and various specialties which are now doing the parachute drop as a sequel to the impressive balloon ascension.

EVERED IMPRESSED WITH MATACHEWAN

N. J. Evered, the Australian mining engineer, now in charge of the Davidson Gold Mine at Porcupine, has just completed a visit of inspection of the Matatchewan Rand gold mines at Matatchewan. Mr. Evered is very favorably impressed with the outlook in this district. He reports considerable activity in Powell township, in the performance of assessment and exploratory work.

ANZAC IS CAPITALIZED FOR ONLY 1,000,000 SHARES

ANZAC OWNS 160 acres directly east of NEWRAY, adjoining FOLEY-O'BRIEN, in Porcupine.
ANZAC OWNS FOUR MINING PROPERTIES IN SHINING TREE, adjoining the Herrick, purchased on the recommendation of Geo. R. Rogers, M.E., president of WASAPIKA, and Managing Director of WEST TREE, on which work will begin at once.

ANZAC will spend the money received from the Sale of its shares at 12c to develop its Shining Tree properties with all possible speed, under the direction of Geo. R. Rogers—and Geo. R. Rogers knows more about Shining Tree and its properties than any other man.

ANZAC HAS NO DEBTS—all its properties are paid for.
To the best of our knowledge this is the first time any brokerage house in Canada ever offered shares in any mine at cost.

We believe in SHINING TREE. We believe SHINING TREE is destined to become Canada's greatest Gold Camp. We have heavy investments in SHINING TREE, and are advising our friends in all parts of the world to invest in SHINING TREE stocks.

CUBAN SENATE PASSES ELECTORAL REFORM BILL

Havana, Cuba, Aug. 7.—The senate last night passed without amendment the electoral reform bill by a vote of 14 to 2. It now wants only President Menocal's signature to become law.
Following are the more important of the bill's provisions: All political parties must be reorganized; employees of the federal government, provinces or municipalities may not be delegates to party assemblies and party assemblies may not make presidential nominations except during the year in which elections are to be held; counting of the ballots must be done publicly and must terminate before midnight of election day; electors who fail to cast their ballots lose their right to vote and must apply for re-registration; each elector is to be given an identification card which must be presented at the polls; ballot tabulators to be considered as public functionaries and therefore may not be pardoned if convicted of election frauds.

FEW LOAN COMPANIES FAIL IN COMPARISON WITH BANKS

In connection with the question of the relative stability of banks and loan companies in Canada, it is of interest to note that while about twenty-five chartered banks have failed in 60 years, only seven loan companies have ceased business. The failure of banks and loan companies has been, in the majority of instances, due to dishonest practices on the part of one or more individuals, who have gone in for lawless speculation, in lieu of conservative and sound business practice. In point of liabilities due the public at time of failure, the liabilities of the Ontario Bank were greater than the liabilities of the public of all the loan companies that have failed here since the year 1897. It may be useful to have in the form of figures the record showing what these bank and loan companies have meant finally, and the evidence is that creditors have not on the whole fared so very badly. The worst recent failure seems to have been that of the Banque Ville Marie of Montreal, which paid only seventeen and one-half per cent. to depositors, although noteholders were paid in full. Of the nine banks failing since 1897, only one was not able to pay both note holders and depositors in full, although this leaves out of consideration two of the nine banks, the Farmers and the Bank of Vancouver, which have not yet terminated their periods of liquidation.

AN OLD STORY

An English traveler has recently related a little known part of Arabia called "the empty quarter." It is a sand waste, and a local legend says it was overwhelmed by hot sandstorms because a king long ago lived there in luxury with two thousand wives and a guard of ten thousand warriors, and God sent destruction upon him as a sign of His displeasure.

DECLINE IN NEW YORK ON RUMORS OF "BIG STICK"

Declines in Final Hour of Trading Are Most Severe in Many Months—President Wilson Expected to Make Sensational Address to Congress.

New York, Aug. 7.—Prices in the stock market tumbled in the final hour of trading today. The decline was the most severe in many months, came unexpectedly when the market opened speculative. When the market opened, the general frame of mind, evidently taking little heed of the recent event, was one of optimism. The ultimate of the railroad brothers and other disturbing developments less optimism was shown, however, by conservative financial circles, which expressed the opinion that the railroad situation and the general trend of affairs at Washington calculated to unsettle commerce.

which have made up a large part of the markets of the past few months, rails displaying comparative steadiness. On Trail of Profiteers. Liquidation was hastened by the circulation of rumors dealing with the proposed federal prosecution of numerous important industrial concerns, particularly the packing companies. It was a matter of board room gossip that President Wilson's address before Congress tomorrow would recommend drastic action against so-called profiteers and that many industrial interests not hitherto mentioned were likely to come under the government's displeasure.

STOCKS AT MONTREAL WEAKEN IN AFTERNOON

Breweries, Spanish River Preferred and Montreal Cottons Are Chief Sufferers.

Montreal, Aug. 7.—The severe setback in the market at New York was not without its effect on the local stock market today and in the afternoon, particularly a general weakness in the market. The strength in the earlier trading finished the day with net losses. Business in the market was not very active. The market was closed at 2:00 p.m. and the whole day's trading was characterized by the local list with the exception of the break in the larger market. Bond business fell off by about \$100,000 to \$219,000, with the trend inclined lower.

DEEP-DYED GLOOM IN WALL STREET

Local brokers received quite a flood of indigo-hued advices from their New York connections yesterday. Some of the opinions given below were expressed before the wide-open break in the final hour, and it is to be expected that before the market opens today, the wires will carry much over-night gossip of a character to prepare the minds of traders for an old-fashioned "black Friday" of the kind pictured by Tom Lawson. Some of the advices which could hardly be called little sunbeams:

CANADIAN CLEARINGS

Reports to Bradstreet's Journal, New York, from sixteen Canadian cities, show a total for July of \$1,376,516,001, a gain of 24.5 per cent. over July a year ago. For seven months of the calendar year ending with July clearings total \$8,246,048, a gain of 18.5 per cent. over the like period of 1918, itself a record period, and of 42 per cent. over the same months of 1914. DAVIDSON CONTINUES TO OPEN UP RICH ORE BODIES

On the 500-foot level, the vein shows a width of more than 40 feet. Ore broken across the entire face in these workings has yielded an average of about \$20 to the ton in actual milling. The shaft has now reached a depth of 600 feet. A station is now being completed at this point preparatory to cross-cutting on the vein. These operations are taking place within a short distance of a 10-foot section indicated by diamond drilling to carry gold values of more than \$200 to the ton. Davidson ore bodies are increasing in width and values as greater depth is being attained. The property has possibilities every bit as good, if not better, than the Hollinger or McIntyre at the same stage of development. Profit possibilities of Davidson make the shares at present prices a most attractive purchase.

Brazilian is Also Lower, But Market in General is Steady.

While the panic into which the New York market was thrown in the final hour of trading brought about the most violent declines of the year, there was no evidence of demoralization on the Toronto Exchange yesterday. There were fairly substantial declines in the steels and in Brazilian, but the recessions were orderly and the losses by no means so striking as on a number of occasions in recent months, when there was a passing breeze of the decline in New York. The local steel-listed stocks will be profitably affected by the outside influence, but there is good reason for satisfaction over yesterday's exhibition of stability.

DECLINES SHOWN BY STEEL STOCKS

In neither Dominion iron nor steel of Canada were offerings in appreciable volume, but in afternoon prices weakened, iron showing at 65 1/2, a loss of 1 1/2, and steel of Canada at 65 1/2, a net decline of 1/2. Considering the abruptness of the descent of steel stocks in New York, Canadian steels made a good showing. Brazilian, in which transactions are 47 1/2 shares, were the largest in the list, declined 2 1/2 to 65 1/2 and closed at 65 1/2. The June statement issued by the company is not as favorable as those of previous months. Brazil at 2 1/2, was also easy. On the other hand, Maple Leaf and Spanish River rallied two points to 40 and 45 respectively. The movement at 175, 174 1/2 and 175, 174 1/2, was also steady. Spanish River rallied two points to 40 and 45 respectively. The movement at 175, 174 1/2 and 175, 174 1/2, was also steady. Spanish River rallied two points to 40 and 45 respectively. The movement at 175, 174 1/2 and 175, 174 1/2, was also steady.

BANK CLEARINGS

This week's bank clearings in Toronto were \$26,000,000 in excess of those of a year ago, and \$26,000,000 in excess of the corresponding period in 1917. Following are the figures:

This week	\$77,848,387
Year ago	\$51,848,387
Two years ago	\$51,848,387

Clearings in other cities include the following:

N. A. PULP EARNINGS

Montreal, Aug. 7.—The gross earnings of the North American Pulp and Paper Company Trust, and its subsidiary companies for the year ended Dec. 31, 1918, aggregated \$4,269,867. Operating expenses amounted to \$2,283,199, leaving operating profits of \$1,986,668. Other income amounting to \$501,699 made a total profit of \$2,488,367. From this were subtracted general expenses, \$287,183; bond and other interest, \$757,301; sinking fund, \$261,730, and amortization of bond account, \$1,482, leaving a surplus carried forward of \$338,005.

FRANC TUMBLES AGAIN

New York, Aug. 7.—The French franc tumbled still lower today on the foreign exchange market, reaching the second lowest level in two days. Demand bills were quoted at 7.32 and cables at 7.40 or a discount of about 35 per cent. from the pre-war rate, when dollars could be purchased for 5 1/2 to 5 1/4 francs.

JULY BOND SALES

According to The Monetary Times' record, bond sales in July, 1919, amounted to \$21,942,108, compared with \$18,292,295 in June. The following is summary:

Municipal	\$3,492,108
Corporation	8,450,000
Railroad	10,000,000
Total	\$21,942,108

Although the total number of municipal bond sales for July was the third highest this year, the unsettled condition of the market owing to the pending Dominion loan, kept it down, many municipalities declining to borrow. The total of \$3,492,108 was made up chiefly of four sales, viz. Ottawa, \$865,694; Halifax, \$761,000; Montreal, \$824,000; Saskatoon, \$232,800. Following is the summary of municipal bond sales last month by province:

Ontario	\$1,907,681
Quebec	759,909
Manitoba	105,000
Saskatchewan	519,777
Alberta	44,750
Nova Scotia	781,000
Total	\$3,492,108
