Biggest Lot of Thoroughbreds Ever Offered in Canada.

Between Fifty and Sixty to be Put Up for Purchase by the Highest Bidder at Grand's Repository To-morrow Week—A Magnificent Opportunity for Farmers to Improve Their Stock.

More than a year ago Mr. Orpen suggested that he should have a sale of his brood mares in Toronto, from which an annual market is forthcoming that would break the long succession of quiet sales in this country.

During the past summer many improvements have been made in connection with the interior of the house, which have been much appreciated and benefited. It would be folly to call the attention of the public to this house, as Mr. Lemon is a well known name in the city, to the farmers and very many of the traveling public.

PHILADELPHIA'S FAIR GOLFERS WIN HANDSOMELY ON THE LINKS.

A Scene of Beauty—An Outing Day for Toronto's Society Folk—Some Clever Putts by Expert Players—Tea-Party After the Game—The Score.

The Toronto golfers were the scene of an interesting international affair yesterday afternoon, when seven lady golfers from the Quaker City played a friendly match against seven of the Toronto Club. It is needless to say that both the scarlet-coated team were a host of lookers-on.

Society in the city was too eager to see the famous Philadelphia players and too anxious about the result to await the tidings at home, and drove, rode and train-ed out to the spot in droves. Accordingly, the Canadian ladies, though they were the fair players and brilliantly arrayed in golf attire, were not the main attraction.

A Royal Match. It was a much enjoyed game, despite the disparity of the two teams. Four of the American girls were championship players, and they came off with the confidence of a professional. The Canadian girls, though they were not so well known, were not to be despised. They were in excellent physical appearance and pluck, yet felt the nervousness of the pink and white debutante about to make her bow to Her Majesty.

A Fair Champion. Miss White, however, was pluck and white with confidence, and maintained her reputation of never having been defeated on the links. She indeed played a splendid international form, and should make a splendid expert against Miss Hoyt, should these two meet. For the visitors, Miss E. Cassell did some brilliant work, making the play known as the bogey.

After the game. After the match both players and visitors resolved themselves into a delightfully gay party on the club veranda. Presently the Canadian girls, who were the most of the well-known golfers of Toronto, went to the clubhouse.

The Score. Philadelphia. Toronto. Miss Griscom.....0 Miss White.....5 Miss Burt.....0 Miss Warren.....0 Miss E. Cassell.....0 Miss Hoyt.....0 Miss Cassatt.....5 Miss Corrie.....0 Mrs. Little.....5 Miss Scott.....0 Mrs. Riley.....0 Miss Solte.....0 Mrs. Patterson.....10 Miss Small.....0

Another New Boat. Which May Eclipse the Past-Famed Turbina. New York, Oct. 25.—If the expectations of Captain Louis N. Towan are realized a boat he is now building at his shipyard in College Point, L. I., will surpass any craft afloat in point of speed. The new boat, which is 70 feet long and 7 feet wide, will be fitted with a 100-horse-power engine, and will be capable of making a run of 40 miles an hour. It is expected to drive her at a forty-five knot gait, and if the Captain's friends are to be believed, she will make the far-famed Turbina look like a ferryboat.

The engine, which is fitted with three cylinders, is to have a working pressure of 2,000 pounds to the square inch, and as there will be no boiler and all the tubing is under the floor no unnecessary space will be occupied by machinery.

MAJOR BAUM OF SAGINAW

In the City After Facts re a Carriage Market—His Impressions of Toronto.

Standing in the rounds of the Iroquois last evening, with his hands deep in his pockets, and busy drinking in the street, was Mayor W. B. Baum of Saginaw, Mich. When aroused from his reverie His Worship jumped into a defensive position with the agility of an Indian-fighter, but finding himself confronted with a reporter stuck out a Fleming-like hand.

A Municipal Palace. Mayor Baum thought Toronto and Detroit looked much like each other to be twins. The buildings were magnificent, but His Worship said that as to the new City Hall, he could only describe it "a world wonder" and "municipal palace."

Toronto Has Spunk. Another compliment the Mayor paid was to say that the city had shown wonderful spunk in putting down so much asphalt pavement. Saginaw too, was trying to keep up in the race, and was now spending \$105,000 on permanent pavement.

Aid. Denison's Proposals Ideal. The Mayor is in to on a mission, as premeditated as a summer tourist's. Saginaw thrives for a market, and to determine on the right sort, His Worship, accompanied by City Councilors have visited Detroit, Toledo, Cleveland, Hamilton and Toronto. His conclusion is that a stall market, in that it competes with the tax-paying merchants, is too barbaric for his city, but he believes in a vegetable and produce market. Aid. Denison's report on the Toronto market, and his way to Saginaw, was furnished Mayor Baum with an evening's good reading. Mr. Baum declared it an ideal proposal.

TRAGEDY BEFORE A CAMERA. Shocking End to a Lover's Quarrel in Omaha. Omaha, Oct. 25.—A lover's quarrel ended in murder and suicide in the parlors of a downtown photographer at noon yesterday.

The couple had made engagements several days ago to have their photographs taken today and met by appointment at the scene of the tragedy. When their turn came to go before the camera they stepped from the large reception room into the artist's studio.

The two had been conversing in a most friendly way for a half hour. The artist arranged them before the camera and stepped into the dark room for plates. A moment later a shot was heard, a girl screaming "My God! don't kill me!" and before the people in the next room could see the door three more shots and two bodies falling to the floor told the story.

POLICE PARAGRAPHS. Magistrate Denison, yesterday sent David Clark of 25 Camden-street to the Central Prison for one year, for the murder of William Allan at 414 Adelaide-street west, on Monday night. Both shots missed, but one of them went through Richard File's hat.

Maggie Murphy was convicted of stealing a purse containing \$10, and a quantity of clothing from Mrs. Maria Barlas of 27 Adelaide-street east. She was sent to the Mercer for 6 months.

Mary Malone of Clinton-street, was drunk on Monday night, and used bad language. She was fined \$1 and costs, and got time to pay it.

Michael Gallagher and Edgar Coleman, the two men accused of passing bad money at Caledon, also appeared in court. Constable Smith of Caledon identified Smith as one of the men, but was not positive as to the other man. Coleman was taken back yesterday, and Gallagher was remanded until Monday, when charge of vagrancy will be laid against him.

Thillie Robinson and John Clayton of Ontario-street had a fight last Saturday night in which Thillie got the worst of it. Clayton was sent down yesterday for 30 days, without the option of a fine.

Dundas and Fairmount. Roseland Miner, Oct. 18. Mr. Parker reports that two car loads of the Dundas machinery are on route to be expected within the next few days. It is thought the concentrator will be ready for operation by the 15th of Nov. Thenceforth the work of concentrating the large reserves of ore in the property will be commenced.

The shaft of the Evening Star, which is being operated by the Ontario Mining Company, is down 40 feet and is looking nicely. The vein is precisely the same as the Dundas at the same depth. In the vein there is about two feet of quartz that carries iron and galena and the remainder is nice looking gangue. Mr. Parker is confident that the Evening Star has the Dundas lead.

PARKDALE'S URGENT NEEDS.

A Correspondent Tells of the Possibilities of This Section of the City—What is Wanted.

Editor World: Your paper is largely subsided by Parkdallians, and as one of the many, I venture to ask that you will, through your columns, direct attention to some of the requirements of the "Flowery Suburb." A few years ago Parkdale was a large waste of farm lands, sloping down to the lake shore, and a charming spot for a town city; but then was laid out houses, streets, sidewalks, churches or schools—it was in fact the country.

Parkdale's Possibilities. Now what do we find? Broad, paved avenues and streets, rich boulevards, planted with delightfully cooling shade trees, whose branches spread from one to another, forming beautiful bowers of Oriental richness, adding greatly to the attractiveness of Parkdale as a residential suburb of our metropolis.

The reliable sites are fast being taken up, as building is rapidly going on. There are some, however, very desirable for such purposes as above mentioned, on King-street, anywhere from Spencer to Dowling-avenue, being decidedly central, and if some of our enterprising citizens will look over the ground on this subject, they will not doubt come to the same conclusion. These suggestions may lead some others to examine the beautiful and attractive, and in a little while the talk will end in good practical results. Parkdallian.

He has worked up a splendid reputation, which is a monument to his zeal for the school. He will be succeeded by Mr. J. W. Dixon.

Proceedings Stayed. The Magistrate's Court yesterday gave judgment granting the application of the O.P.R. for a stay of proceedings in the city's action to recover \$40,000 rental due on the alternative site on the Esplanade, until the suit is decided as to whether the company shall pay taxes. This suit will likely be decided in the next few days in England, which means that no rent will be collected for several years. The city will appeal.
