ONTARIO AMERICAN SYNOD. THIS IS SUPPRESSING NEWS

Business Was Begun in Earnest Yesterday at Kingston With a Good Attendance.

Treasurer's Report Presented. Financial Standing on the Whole is Better than in the Previous Year—Warm Discussions.

Kingston, Ont., June 27.—The 28th session of the Synod of Ontario opened here at 11 o'clock this morning. Archbishop Lewis presided. The chairman of the auditing committee presented his report, expressing satisfaction with the audit.

The capital amount to \$50,000. Chancellor Walken referred to the difficulty of finding suitable investments for the fund. He advocated that a rest fund should be formed.

Chancellor Walken said that such was not the case. E. J. B. Fense corrected a misstatement to the effect that the new house cost only \$12,000, not \$10,000, as stated.

The Synod re-assembled at 3 o'clock. Dr. B. Fense presented a report on the income of \$398,241.90, an increase of \$32,152.22 compared with the year 1889. Total amount received from voluntary contributions for the mission fund \$4270.25, showing a falling off of about \$800, as compared with the former year.

The rules of order were suspended while a vote of thanks was given to the ministering holy confirmation and holy order in the diocese during the absence of Archbishop Lewis.

Proposed Church Congress. A communication was read from Rev. T. C. B. Fense, Toronto, regarding the holding of a church congress in October next or later, and asking the Synod to send a representative to Toronto. The matter was referred to a special committee.

On that of the Finance Committee being received by the Synod, and the Rev. Mr. Tighe proposed that the report should be referred back to the committee for further consideration. The committee was instructed to consider means for increasing the income and reducing the expenses. Synod adjourned until Wednesday morning.

Testimony of Respect. Mr. C. E. McPherson left for Winnipeg yesterday, where he will assume the general passenger agency of the G. T. R. special. From there he was presented with a handsome gold watch, valued at \$100, by a number of his friends. He was accompanied to the Union Station by a large number and given a send-off.

Of Interest to Tourists. The Grand Trunk Railway is known for its pretty advertising designs and up-to-date folders. The latest is in the shape of a book, which contains a description of the mountains of New England. It contains numerous illustrations of pleasure resorts throughout the State. Copies of this attractive booklet can be procured from the local officials of the line.

Customs Officials Suspended. Halifax, June 27.—Robert Rodgers and Charles Booth, two Halifax customs officials, have been suspended in connection with the recent discoveries of irregularities in bonded warehouses here.

THE ORDERS ISSUED YESTERDAY

System of Drill Has Had an Electrical Effect on the Men at Camp Niagara.

Niagara, June 27.—(Special.)—The camp has taken on a new complexion in more ways than one. One by reason of the change of command and the other by the arrival of Major-General Hutton in camp.

All morning the battalions were engaged in brigade drill, in which the different corps of a brigade go through movements at the command of the brigadiers. This is an imposing drill, for each battalion carries its colors and many pretty effects of massed troops are presented. None is more effective than an oblique movement in which the battalions form living steps of a ladder, and then march on keeping their correct distances.

The Artillery Movement. The artillery moved down upon old Fort George, unlimbered, limbered up, and scooted half a mile away only to return at the Fort from a different angle. It is wonderful how a gunner manages to keep his seat when the gun carriage drops into a ditch with a bang, and leaps into the air, and again without perceptible stop. There must be a serious job for the gunners, but they hang on heroically, and are able to permeate the town's streets with their shells.

Attack on Port George. The 16th Brigade was engaged to-day in an animated attack upon Port George. The troops were divided into three columns and the troops closed in upon the position. It was carried, without great mortality.

The week's drill has had an electric effect upon the soldiers. They came supped and halting, but they have learned to walk with a swagger and a swinging of the arms, that speak for the instruction they have received. They are physically than they were before. The uneven slope of the shoulders has disappeared, and the necks are straight and squared shoulder blades. Seven days ago men were seen with their heads slumped, now they strut about moving their legs from the hips, as per squad drill.

The coming tattoo. All day long the masses of bands of the two brigades were playing music and over again the different regimental marches were played. The tattoo was held on Friday night. This tattoo promises to be the best Canada ever saw. More than 1200 men will be present, and the music is excellent, and is due in a great measure to the innovation of having the drills done in the streets. The music is excellent, and is due in a great measure to the innovation of having the drills done in the streets.

And, it may be added, some of the men have changed in facial expression so that they are almost unrecognizable in knowing her own son.

CANADA'S WHOLE PROBLEM

A Black Confession.

St. Thomas, June 26th, 1899.

Messrs. Crothers & Price, Barristers, etc., St. Thomas:

Dear Sirs,—We beg to advise you that Mr. Macnisch has discussed at length with his solicitors the charges contained in the petition which has been filed against his return as member of the Legislative Assembly of Ontario for West Elgin, and that they have to a considerable extent investigated the charges contained therein and other matters which have come to their knowledge in connection with the election.

1. That a large number of persons were specially sent into the constituency by men working on behalf of the Liberal party for the express purpose of taking part on Mr. Macnisch's behalf in the election held January 12th, 1899, and we believe that fraudulent and corrupt means were used by some of such persons to secure his election.

2. That several of the said persons illegally and without authority acted as deputy returning officers at the said election, and in at least three cases so acted in the names of reputable local men, having, under assumed names, been introduced to the returning officer by local agents of Mr. Macnisch.

3. That in many of the polling sub-divisions of the riding there were grave irregularities connected with the return of the ballot boxes and their contents, the voting, and the counting of the ballots thereof.

4. That there were large numbers of persons brought into the riding for the express purpose of personating legitimate voters, and assisted by some of Mr. Macnisch's local supporters such persons did personate qualified voters in voting for Mr. Macnisch.

5. That the declared number of votes for Mr. Macnisch largely exceeded the number of bona fide votes cast for him.

6. That a large number of ballots cast for Mr. McDiarmid were in some nefarious and corrupt manner manipulated, whereby the result of the election was rendered doubtful, and that in this connection the voting at Shedden and Middlemarch and in several divisions in St. Thomas, where said strangers so acted as deputy returning officers, merits special mention.

7. That there are good reasons to believe that there are many specific and well authenticated cases where agents of Mr. Macnisch concealed at their homes some of those strangers, who there paid large sums of money to electors to induce them to vote for him.

8. That Mr. Macnisch will forthwith deliver to the Speaker of the Legislative Assembly his resignation as a member thereof for the said electoral district.

YUKON SCANDALS UP IN THE HOUSE AGAIN.

Continued from Page 1.

CHARGES AGAINST WALSH Made in the Resolution Moved in the House by Sir C. H. Tupper.

How It Was Conducted. The following are the charges against Major Walsh, made in the resolution moved by Sir C. H. Tupper in the House to-day.

Judge McGuire's Advice. Judge McGuire had given Gold Commissioner Fawcett advice on legal matters with regard to his office, and afterwards became interested in gold claims.

A Crack at Landerkin. After recess, Sir Hilbert continued his criticism. Shortly after a very smart little "scrap" between him and Dr. Landerkin took place.

THE HAGUE CONFERENCE Only the Special Drafting Committee Will Be Working the Next Few Days.

CHICAGO LABOR TROUBLES.

Stock Yards Men Have Gone Back to Work, But Have Lines to Wait.

Chicago, June 27.—The demands of the unskilled stock yards workers in several departments have been met and the men returned to work to-day, but in other departments the workers went out this forenoon to enforce their demands.

A PRETTY BAD FIRE.

Barn, Horse, Wagons and Other Property Burned Last Night at Marshville.

Merritt, Ont., June 27.—Fire broke out at 11:20 to-night on the premises of John Bradley of Marshville, occupied by J. D. Hartley.

EIGHT MINERS FROM ALASKA.

They Had \$250,000 Which They Dug Out Near Dawson City.

San Francisco, June 27.—Eight miners have just reached here from Alaska with \$250,000, the result of two years' digging within 20 miles of Dawson.

Scholar's Exhibition. The pupils of the Rosedale School, under the direction of Miss Temple Egan, gave a very entertaining exhibition of fancy drill in St. George's Hall last evening.

THE GRAND AND CONVENTION A FREEZE IN THE SENATE.

An Effort Was Made to Rush the Drummond Counties Railway Bill to Second Reading.

SIR MACKENZIE BOWELL OBJECTED

And Demanded That the Grand Trunk Lease Bill Should Go Along With It.

Some Interesting Discussions. Reports Are Generally Favorable—A Few Exceptions—Appointment of Officers.

Never before has there been such an important gathering of temperance advocates in Toronto as that of the International Supreme Lodge of the Independent Order of Good Templars.

The Supreme Lodge went into session in the Foresters' lodge room at the Temple Building at 10 o'clock.

Lodges in Default. Committee on Credentials reported that the Ontario and Lower Canada lodges were not represented, owing to their being in debt to the Ontario Lodge.

Large Contributions. It was shown that the Canadian and American members had paid in during the past nine years from ten to fifteen thousand dollars for various purposes.

Peace Congress Greetings. The following resolution was unanimously passed in reference to the Peace Congress now in session at The Hague.

Exclusion of Women. The question of admitting women to membership caused considerable discussion, and it was almost unanimously decided that such a measure was inadvisable.

Change in Train Stops. Grand Trunk train No. 3 from Montreal will hereafter stop every day with the exception of Mondays, at the Queen-street crossing for the purpose of letting passengers off on Monday No. 5 from the east will stop at that crossing.

STOOTHOORN IN SESSION.

Large Attendance at the Opening of the Grand Camp in the Temple Building.

REPORTS WERE SATISFACTORY. Many Topics Discussed, But No Important Changes Made in Constitution.

The Temple Building yesterday was the scene of a most brilliant and successful session of the Stoothoorn.

The various reports presented were all highly satisfactory, and showed the society to be in a good financial position.

The membership is increasing wonderfully, and is now 5000. Since the last session, 1000 new members have been added.

The question of admitting women to membership caused considerable discussion, and it was almost unanimously decided that such a measure was inadvisable.

A change in the present form of government of the order was proposed by some of the officers, and after a long discussion, it was decided to refer the matter to a committee.

The afternoon session was devoted to a discussion of the insurance rates, the election of officers and considering amendments to the constitution.

Several propositions were submitted, with a view to the improvement of the order, and all were well received.

The constitution, notwithstanding the discussion, was practically unchanged.

Conducted by Katherine Louisa.

All the year round the habitual wearer of the collar is more or less a martyr to the unaccountable and incomprehensible fashion of walling the neck about with a linen band.

One of the evils of the linen collar, too, is its peculiar and inveterate antipathy to an easy chair or a comfortably reclining position in the victim to this fashion.

Of course, I speak solely of women's collars. Women have not yet reached that transcendent height when they can wear the collar with as much ease as a man.

I have noticed that men only tuck a handkerchief between collar and neck when the weather is excessively hot and they have written to me, therefore, I have concluded that when they do so they wish to preserve their collars a little longer from the laundry.

These and many unspoken evils befall the woman who is addicted to the linen collar when the weather is normal and tolerably warm.

When height is of paramount importance, as it is this season, the wearer of this collar develops an equine fashion in lifting the head, throwing it upwards so that the existing painful prods of the collar points may be taken upwards and then look down directly as she could do were her neck minus a collar.

Then, if it be a round pointed collar, it is this season made like one which is purchased for 18 cents, and worn for exactly ten minutes.

PLEASANT GATHERINGS GALORE

Latest Happenings at Toronto Junction, West and in the Eastern District.

Toronto Junction, June 27.—(Special.)—Mr. J. Toombs was fined \$1 and costs by Police Magistrate Ellis at this morning's Police Court for harboring a dog without a license.

In defence, it was held that the dog belonged to Mr. Johnston of Palmerston-avenue, Toronto, and that it followed a boy living with Mr. Toombs, who had rooms with Mr. Johnston.

The police are strictly enforcing the by-law prohibiting the erection of bar-wire fences, and Mr. Johnston was this morning charged with violating the by-law.

Mr. Webster appeared for Mr. Mitchell and said that only the top wire on the fence was barbed, and this was necessary to keep boys out of the orchard.

The Magistrate, however, decided that a board would have to be put over the bar-wire, or else it would have to be removed.

A week was given, in which the change is to be effected.

The congregation of Annetta-street Methodist Church gave a farewell social to Rev. W. R. Barker, in the basement of the church this evening, and likewise gave a welcome to the incoming pastor, Rev. Dr. Parker.

Addresses were delivered by Rev. J. W. Pady of the Baptist Church and Rev. Bamber of the Church of the Missions, and vocal services were rendered by the Misses Joy, Miss Shepherd and Mr. Parker, son of the new minister.

Refreshments were afterwards served, and speeches delivered by Revs. Barker and Parker.

The West York License Commissioners met in their rooms on Dundas-street this evening, and got through with a lot of business.

Mrs. Lyssaght of New Toronto was granted a license for her motor car, Mr. E. Thornhill was given one month in which to complete repairs to his building.

Mr. H. H. Mians of North Toronto was given a month in which to complete a business, and Frank Addison of the Park Hotel, Annetta-street, was given a month's extension of time in which to complete arrangements for other premises.

A very successful garden party was this evening held in connection with St. Mark's Church, on the lawn of Mayor L. Laughton.

The closing concert of the Toronto Junction College of Music will be held on Thursday evening in Kilburn Hall. The pupils of Miss McMillan, Miss McLean, Miss McMurtry, Miss Burns and G. H. Osburn will be assisted by Miss Winifred Skeeth-Smith, violinist.

Woodbridge, June 27.—(Special.)—The directors of the West York and Vaughan Agricultural Society met at the Inkerman House, with the president, G. F. Wallace in the chair, and a full attendance of officers.

The prize list was revised and judges appointed. The prize was decided to hold the fair on Oct. 17 and 18.

Mr. E. Darling of Toronto left his team in the care of the Inkerman House on Saturday. They backed out, ran away, upset the wagon and did a good deal of damage to the rig.

Weston, June 27.—(Special.)—David Bountray, of the Weston Trading Company was thrown from a horse this afternoon and fell on the back of his head with great force. He lay unconscious for three hours, but to-night regained partial consciousness.

He is still in a critical condition.

Rev. J. Pollett, who is to take charge of the Methodist church pastorate, is expected here to-morrow. Rev. J. Ferguson goes to Woodbridge on Thursday.

Mr. F. C. Miller of Fairbank is inviting his friends to a hot time on June 29, from 4 p.m. to 4 a.m.

East Toronto, June 27.—(Special.)—The members and adherents of Hope Methodist Church to-night assembled to say farewell to Rev. J. D. Fitzpatrick, who has been pastor of the church for the last four years.

The affair took the form of a social evening, during which Fitzpatrick presented with a well-filled purse, and Mrs. Fitzpatrick was the recipient of a silver pudding dish from the members of the Episcopalian church.

Mr. W. E. Massey occupied the chair.

The remains of Mr. Henry Tilly of the Kinkora-road, who died suddenly from heart failure on Saturday, were interred this afternoon at Norway Cemetery, Rev. Dr. Osborne officiating.

The children of Little York public school will picnic at Munro Park on Friday. Eminent Presbyterian Sunday school will hold their picnic at High Park the same day.

Mr. W. E. Massey has purchased the Harvey property on Daves-road. The choir of Our Lady of Lourdes will sing at the service of St. John's Roman Catholic Church next Sunday morning.

One hundred and thirty dollars was realized at the St. Vincent's garden party last week. H. Perkins was the lucky winner of the quilt.

At the corner of Swanwick-avenue, this afternoon, an electric car ran into a Swan Laundry wagon. The car was thrown down and rather badly cut.

North Toronto, June 27.—(Special.)—Mr. George Crown has resigned his position as organist of the Holy Trinity Methodist Church, and the musical plant family, who have recently become residents of the Holy Trinity, have been asked to take charge of the musical portion of the church management.

Joseph Lawless and Levan Selmonski were arrested last night by County Constable Tomlinson for stealing a baker's hot-water bottle from a house at Bedford Park. The pair was valued at \$40, and with other stuff, was taken up by Lawless and Selmonski from the premises from which the goods were taken.

A RUMPUSS AT BRUSSELS.

The Government's Electoral Law Hotly Opposed by Socialists—A Great Uproar.

Brussels, June 27.—Stormy scenes were witnessed in the Chamber of Deputies to-day, in connection with the debate on the electoral law introduced by the Government.

The Socialists accused the Government of bringing legal officers of the Crown to Brussels for the purpose of taking notes of the proceedings.

The Socialists deputy, Furiat, sang portions of the "Marseillaise," and all the Socialists joined in the chorus.

The Chamber later voted, by 88 to 10, to debate the franchise bill July 5, and the House adjourned amid a terrific uproar.

ANOTHER BIG MINING DEAL

Dominion Steel and Iron Company Likely to Buy the Wellington Nickel Mines,

WHICH ARE LOCATED AT SUDBURY.

These Mines Were Shut Down After the Death of Duncan McIntyre, a Large Shareholder.

Montreal, June 27.—(Special.)—There is some prospect of the Dominion Steel and Iron Company of Sydney purchasing the Wellington nickel mines at Sudbury. This mineral deposit, which has the reputation of being the richest nickel mine outside of New Caledonia, has not been worked for several years. The late Duncan McIntyre was a large shareholder in the company; in fact, was the chief owner, and his death, which occurred some four years ago, disorganized the affairs of the company to such an extent that a clean-up was made at the mine and the works shut down.

It now seems that Mr. B. F. Pierson, secretary of the Dominion Steel and Iron Company, has approached some of the shareholders of the company in Montreal, with a view of negotiating for the purchase of the mines. The Sudbury property would, it is thought, be a valuable addition to the Dominion Steel and Iron Company, as nickel enters very largely into steel-making, according to the latest and most improved ideas.

The property before the death of Mr. Duncan McIntyre was valued at about \$750,000. However, it is thought that at present time it could be purchased for considerably less.

All the Crew Saved.

Wilmington, N. J., June 27.—The steamship George W. Clyde, Captain Robinson, arrived here with Captain Ingram and the entire crew of eight coaches, left the West-ern Panace. The Clyde sighted the Panace off Currituck, on the North Carolina coast, but as fumes built on the hold of the ship at midnight Sunday. The Clyde ran alongside and rescued the crew. The ship and general cargo was lost.

Three Hundred Go West.

The Grand Trunk ran a special home-seekers' excursion to the Canadian Northwest yesterday. The train, which was made up of eight coaches, left the Union Station at 1.30 p.m., and was patronized by over 300 intending settlers.

Emigrants for the West.

A number of emigrants passed through the city yesterday morning en route to Western Ontario points. They traveled in a Grand Trunk train and came from Montreal. The majority of them will be taken to the western States.

FOR THIS YEAR'S FAIR.

Meeting of the Industrial Exhibition Board and a number of details agreed to.

A full meeting of the Industrial Exhibition Board was held in the offices, 82 East King-street, yesterday afternoon.

With President Withers in the chair, various matters were taken up and approved.

A letter from Mr. Mark Hall, architect, was read by Manager Hill, saying that the foundation and supports to the tower of the implement building were not approved.

Among other improvements that were approved were the erection of a stand at the rear of the exhibit of a quantity of loam for the benefit of the exhibitors.

Mr. Hill read a letter from Commissioner L. Palmer of the Truck Line Association of the United States, intimating in answer to a letter written by him that his request for an extension of two days to the Labor Day excursion from New York to Niagara Falls had been granted.

It was also decided that the excursionists would leave New York and points along the Detroit line on Sept. 2 and return on Sept. 6, which would give them two or three days in which to attend the Exhibition.

Through tickets of management were issued from New York to Toronto. A departure from the Canadian Organ and Band Manufacturers' Association was heard relative to an extension to the annex in order to furnish better and more complete exhibits of pianos, organs and musical instruments generally.

The delegation hoped that before long the Exhibition would boast a main building capable of accommodating all their exhibits, but the proposition of extension of the annex would temporarily satisfy them.

The Board expressed sympathy for the proposition, but then I. W. Withers, voicing the opinion of his fellow-directors, pronounced that every dollar of power should be done to meet the wishes that had been expressed.

He said that the grand object of the directors had been the erection of a main building capable of meeting every requirement.

He thanked the Board for their attention, in consequence of the adding of better-making competitions to the prize list, and the increase of dairy exhibits, it was decided to put another large refrigerator in the building.

After some discussion regarding needed improvements to the grand stand, the Board adjourned.

Saugen Mineral Water. Mr. John Carey of Southampton was in town yesterday, and that the sale of Saugen Natural Mineral Water is now greater than it has been since the sinking of the well in the Village of Southampton on the shores of Lake Huron.

This well is 1500 feet deep and there is a constant flow of this now famous water. The late Professor Croft of Toronto analyzed the water and recommended it strongly for its medicinal qualities.

Professor Fyffe and several other eminent medical men throughout the Dominion also highly recommend it. This water has been used with great success in cases of rheumatism, gout, neuralgia, nervous affections, hay fever and impurities of the blood.

It is also much used by dyspeptic and persons suffering from liver and kidney troubles, and from the effects of indigestion. It is a most enjoyable table water. It is sold by all first-class hotels and wine merchants. Its sale is constantly increasing and when once a person has taken Saugen he or she will use no other water. A large number of guests are at present dining at Southampton taking this celebrated water, among them being the well-known physician, Dr. J. W. Tilsonburg, and family.

For Summer Resorts. The adjustable display tables are just the thing where space is an important consideration. The reason being, as the hotels find it necessary to handle large numbers of guests, the better the hotel pay. The tables when not in use as such can be quickly folded up and converted into cupboards. This is gained without the space of the whole dining hall being taken up. The guests, especially in inclement weather, as they would not have to report to the hotel apartments, or the hall would then make an admirable ball room; also must be considered the saving expense in doing away with china cabinets and sideboards.

The foregoing applies to private rest benches also, and perhaps more forcibly, as an hotel manager need not accept a private host never knows when he will be called upon to entertain a number of friends. A few of these tables can be converted into cupboards, and you are cordially invited to inspect.

Historical Exhibition. The feature at the Historical Exhibition this evening will be the lecture by Mr. H. J. Wickham on the "The Western Slides with which the lecture will be illustrated have been carefully chosen, and will be of the most interesting portion probably will be the set of views of the famous dunes of the Shannon and the Chesapeake every stage being shown from the Chesapeake's departure from Boston to her entry into Halifax under the white ensign, in the picture illustrating the fighting on the Great Lakes during the war of 1812, in another interesting picture, while others are views showing the rise of steam navigation, comprising pictures of three steamers on Lake Ontario, and a set of slides showing the royal navy of the past and the present.

Iroquois Waterworks Burned. Iroquois, Ont., June 27.—Last night about midnight, and while the caretaker was taking his lunch, the Waterworks Company's building was seen to be on fire in the upper flat. It was found that the cause of the fire was the ravages of the flames, and the building and machinery were soon a heap of ruins. The loss to the Waterworks Company is estimated at \$8000, \$1500 of which was covered by insurance. The building, about \$2000 worth of electric plant belonging to Mr. Keefer, that was stored in the building, was destroyed. This also was insured for \$1500.

Michigan Man Accused as a Traitor. Marquette, Mich., June 27.—Richard Nicholson, a former Marquette County miner, was arrested May 15 at Johannesburg, South Africa, and placed in jail in Pretoria on a charge of high treason against the Transvaal Government. Nicholson was written to County Clerk W. Ross for copies of his own and his father's naturalization papers, through which he secured his American citizenship. He will probably fall in this, as a reference to the records show that neither father nor son had anything more.

League of Royalist Youth Fined. Paris, June 27.—The Correctional Tribunal today fined the members of the League of Royalist Youth. But the First Offenders Act will protect them even from this.

OUTBREAKS AT CLEVELAND.

Again the Non-Union Street Car Men Have Been Stoned and Driven Off

AND CARS HAD TO BE ABANDONED.

The Police Break Up the Mob-Exodus of Non-Union Men Continues.

Cleveland, Ohio, June 27.—The riotous outbreaks of yesterday were repeated today in several quarters of the city, non-union men on big consolidated lines being stoned and forced to abandon their cars.

Only two cars were operated by non-union men on the Broadway line, and those were repeatedly stoned, every window being broken, and the conductors and motormen being repeatedly struck. At Astor-street a mob of several hundred men, who were broken up by the police. The non-union car men look to their heels, pursued by the crowd, and were wrecked by the mob. Similar scenes were enacted at noon at Denison and Rhodes-avenues, and Burton and Clark-avenues. The exodus of non-union men from the city continues.

London, June 27.—The International Council of Women, which assembled yesterday in the convention hall of Church House, Westminster, is divided into five sections, or meetings, which are all crowded. Great interest is taken in the political section which discussed the "Parliamentary Franchise of Women," the honorary vice-president of the Council, Mrs. May Wright Sewall of the United States, presiding.

A Storm Was Raised. Miss Susan B. Anthony, one of the American delegates, detailed the progress of the movement in America, and the announcement that a paper would be read in behalf of an American Woman's Society opposing female franchise was met by a storm.

The paper was then read, punctuated by the intellectual and genuine laughter of the women. Mrs. Francis Scott of Massachusetts.

Women Too Hard on the Men. In the professional section Madame Antoinette Stirling created some excitement by declaring with much emotion that the men, and adding that women only realized the full value of a husband when the latter was lost.

Factories in Ontario. In the legislative section Mrs. Kelly read a paper on the condition of tenement labor in New York, and Mrs. Marty described the operations of the factories and shops in Ontario and Quebec.

Women and the Professions. Mrs. O'Brien Bates of Detroit deplored the fact that the profession of a lawyer was not open to women. Yet, women, she pointed out, were the most competent judges of the law, and the speaker continued, medicine and the church were closed to women. There are three claimed, was not sufficiently advanced to favor women lawyers, though the law colleges are open to both men and women, like Miss Helen Gould, who destroyed to manage their own estates, qualified to enter the profession of a lawyer, and the speaker asserted, more than repaid the outlay.

World's Council of Women

The Five Sections Are Now in Full Swing at Church House, Westminster.

SPEAKERS TOO HARD ON MEN,

Said One Lady, and She Created Some Excitement—Women and the Professions Discussed.

London, June 27.—The International Council of Women, which assembled yesterday in the convention hall of Church House, Westminster, is divided into five sections, or meetings, which are all crowded.

Great interest is taken in the political section which discussed the "Parliamentary Franchise of Women," the honorary vice-president of the Council, Mrs. May Wright Sewall of the United States, presiding.

A Storm Was Raised. Miss Susan B. Anthony, one of the American delegates, detailed the progress of the movement in America, and the announcement that a paper would be read in behalf of an American Woman's Society opposing female franchise was met by a storm.

The paper was then read, punctuated by the intellectual and genuine laughter of the women. Mrs. Francis Scott of Massachusetts.

Women Too Hard on the Men. In the professional section Madame Antoinette Stirling created some excitement by declaring with much emotion that the men, and adding that women only realized the full value of a husband when the latter was lost.

Factories in Ontario. In the legislative section Mrs. Kelly read a paper on the condition of tenement labor in New York, and Mrs. Marty described the operations of the factories and shops in Ontario and Quebec.

Women and the Professions. Mrs. O'Brien Bates of Detroit deplored the fact that the profession of a lawyer was not open to women. Yet, women, she pointed out, were the most competent judges of the law, and the speaker continued, medicine and the church were closed to women.

There are three claimed, was not sufficiently advanced to favor women lawyers, though the law colleges are open to both men and women, like Miss Helen Gould, who destroyed to manage their own estates, qualified to enter the profession of a lawyer, and the speaker asserted, more than repaid the outlay.

The Duchess of Bedford presided at the meeting of the women reformatories in Massachusetts, advocating a system of reform whereby trades might be regulated by the women.
