THREE MEN INJURED BY FALL OF SCAFFOLD

John Barr in Serious Condition—Crown Point Residents Will Petition for Annexation.

HAMILTON, Aug. 13.—(Special).—By the falling of a scaffold to-night, three workmen were injured. John Barr, 40, of the "Huron" was rendered unconscious, and it was thought at first that he was fatally injured, but after going to St. Joseph's Hospital, it was found that his injuries are not likely to prove fatal.

He was injured about the head and chest. Contractor J. J. Plunkett, who was on duty at the time, received a severe shaking up.

The Crown Point residents this evening decided to get out new petitions for annexation to the city. The Crown Point people are badly in need of city water and other advantages. Two new cases of scarlet fever were reported this evening.

Eight drunks were arrested this evening.

City Clerk Denies.

City Clerk Kent denies some of the charges that R. S. Morris makes in his statement of claim in connection with his suit to prevent the city council from signing a contract with the hydro-electric power commission.

John T. Glasco has bought a one-third interest in the Wood, Yelland Company's store property for \$12,000, or at \$1500 a foot frontage.

R. B. Gardner, proprietor of the Waldorf Hotel, is laid up at his Burlington residence with inflammatory rheumatism.

Constable Thomas W. Emerson and Miss Ethel Beattie, daughter of Constable Thomas Duncan, were married quietly at Toronto yesterday.

John Taglieria, an Italian, was fined \$50 this morning for selling and giving away stolen goods. The stolen goods, Herbert Clayton of the Crystal Palace was fined \$5 for allowing the alphas of his theatre to be blocked.

W. H. Hewlett received word of the death of his brother, Godfrey Ralph, at Winnipeg.

Went Bring Him Back.

Mrs. J. H. Marshall, wife of the Ninety-First Regiment Bandman, who left her, called on the mayor and magistrate this morning and said she knew her husband was in Winnipeg. The magistrate offered to issue a warrant for his arrest, but the mayor said the city would not foot the bill for bringing him back.

Rev. T. Albert Moore was in the city this morning, and said the Lord's Day Alliance would carry the appeal in the Sunday ice cream selling cases to the higher courts. The police decline to bring any more charges until they get a judgment sustaining their action.

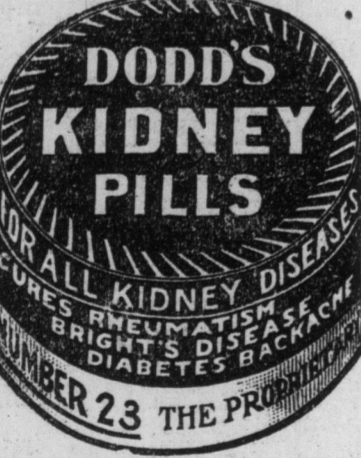

President Mould of the Beachland Realty Company, Cleveland, is at Grimsby Park seeking to close the deal for the park.

Herbert Wait, 182 North Victoria-avenue, had his toes crushed by a circus wagon while watching the parade this morning.

Early this morning the police tried to round up a gang of 25 rough characters who have made their home in a barn near Hendrie's farm, and who have been terrorizing the people in the district, holding up pedestrians and thieves. Only four apparently harmless tramps were gathered in.

The Fruit Crop.

There will be an immense fruit crop in the Niagara district this year. The factories are buying the Crawford at 60 cents a basket, which means that they will cost the public about 75

cents. Unless rain comes soon, the plum crop will be badly damaged. Government Inspector Lewis says that the San Jose scale is running riot on all kinds of trees. F. Butler, chairman of the Immigration Information Department, London, Eng., is inspecting the district.

There is talk of building a new police station on Sherman-avenue. Corner Barton and Catherine-streets. Hamilton, modern, strictly fire-proof. Rates \$1.00 to \$2 per day. Phone 1167.

The Lake Route to Western Canada.
The palatial steamers Sarnia, Hamilton and Huron of the Northern Navigation Co. sail from Sarnia, Sarnia, Mondays, Wednesdays and Saturdays. The "Huron" is a new steamer put in commission this year, and is the finest and most up-to-date vessel on the upper lakes. The fresh water passenger line through Lakes Huron and Superior to Sault Ste. Marie, Port Arthur, Port William and Duluth is a magnificent trip and unequalled in America. Tickets and other information at Ticket and Tourist Office, northwest corner King and Yonge-streets. Phone Main 4208.

VICE ALWAYS UNPROFITABLE

Every Municipality Should Strive to Stamp It Out.

When a man asks if crime or vice of any kind pays, he shows his ignorance of the progress of the human race. There never was a crime that "paid." There never will be a crime that may be the means of getting a lot of money into circulation for the time being, in certain sections if a lot of burglars were to break in the United States treasury and steal all the millions stored there, it might promote "trade" if we were to organize in this country a band of pirates to prey upon the high seas, and give them harbor when they returned with their spoil. It might cause a revival of business to turn all of the churches into dance halls and to reveal the sacredness of all shrines. Certainly money would be much easier gained by a great many people.

But such code of morals would not "pay." It would not create any manly race. It would not create any wealth. It would not add to the comfort of humanity. It would not settle any industrial question. Vice, organized or unorganized, is a waste, whether the vice consists of immorality or graft in public office. "Vice," if there is no such thing as vice being profitable, certainly its abolition, or the prosecutions that are directed for the purpose of stamping it out, pay. The prosecutions may be improperly undertaken, of course. The crime of graft may not be combated in the right way. But there can be no doubt that the attempt upon the part of a city to punish those who have been guilty of corruption in government is bound to have a wholesome effect, and that it will pay.

BIRD, CAT AND HAT

Cats Cost More Birds Than Hat Trimming.

The great cause for the depletion of our song birds, where it exists, is the lack of food and farm cat. When we introduce such a perpetually hungry and inveterate hunter, nocturnal and diurnal, as the house cat, breed them by thousands and turn them loose on the world, we are really doing a serious injury to the bird life of the country. They are a gratuitously introduced force against which nature never intended the struggle, and the balance has been entirely disturbed by their presence. Man has some restraint over every other domestic animal, but cats are turned plumb loose to do as they please, and they are surely going to vastly reduce many species we cannot adequately protect, just as the mongoose has exterminated, actually, nearly all the species of ground-nesting birds in the West Indies and other islands where it has been introduced, but cats are just as wild, as lawless and subsist all summer on birds and mice, with a strong preference for the former. I think we must safely ignore the effect of the millinery demands for them. Cats and sparrows do more injury to them in a year than a century of such persecution as the trade now inflicts.

Vessels of the German navy have been equipped with a new life-saving apparatus resembling a huge basket with its sides made of rope ladders. Lowered over the sides, several persons can climb it at the same time.

Carry Stylish Looking Luggage on Your Holiday Trip

It will hardly pay you to start off on your vacation trip with a shabby looking TRUNK, BAG or SUITCASE, when you can purchase one for a mere nothing during our VACATION SALE. Everything reduced by at least one-third.

NORTH TORONTO'S TAX RATE WILL BE LOWERED

Council by Hard Work Got It Down to 19 Mills—County Happenings in General.

NORTH TORONTO, Aug. 13.—(Special).—North Toronto's tax rate for the year 1909 will be 19 mills on the dollar, instead of 22.5 mills, as struck by the finance committee a week ago. This rate has been secured by the council practically to the almost single handed fight put up by Councillor Burnaby, chairman pro tem. of the committee. Supported only by Councillor Irwin, they fought the proposal to levy for interest, etc., for the new sewerage and parallel roads debentures on the present assessment. That they have been successful is a striking tribute to the two councillors, and will prove a boon to the town of North Toronto.

Mayor Brown and the rest of the members were strongly of the opinion that the charges should be met out of this year's rate, and the matter was referred to Mr. Werrett, executive officer of the committee. He received this afternoon from Councillor Burnaby and Irwin.

With the marvelous growth of North Toronto, and splendid future in store, the imposition of a 22.5 mill rate at the present time would have undoubtedly wrought injury to the town at a crucial stage. North Toronto will ere long double its population, and the present time would have undoubtedly wrought injury to the town at a crucial stage.

The opinion of Mr. Werrett was also obtained with reference to the rumors current around town that the parallel roads bylaw would be upset. The executive officer stated that no fears need be entertained along that line. The bylaw is good and will stand in any court. All of which is good news to North Torontonians.

At the meeting of the board of works committee to-night, Mayor Brown and Councillors Irwin and Burnaby presented the report of the committee who interviewed Dr. Sheard, M.H.O., of Toronto, relative to the oiling of the streets. They have all imbibed Dr. Sheard's views, and the town limits will be experimented upon.

The hydro-electric commission submitted an exhaustive report on the cost of street lighting, placing the total expenditure including cost of trunk line from the high level station on Poplar Plains-road to St. Clair up Yonge-street at \$21,000. For house lighting \$10,000 would be needed. The street lamps would be 1500 feet apart, and the electric station would be at the corner of the street. In order that an engineer could attend to water and lighting plants.

"Stand a lot of digesting that," said Councillor Burnaby. So said they all. A number of other matters were taken up.

Mr. and Mrs. W. G. Ellis leave in the morning for a two weeks' holiday. The death occurred to-night of David Mulholland, of the 2nd concession of West York, after a short illness from inflammation. Deceased was the only son of Thomas Mulholland, and is survived by a widow and daughter. He was about 50 years of age.

Sir William Mulock has notified Mr. Abbott, the lessee of the McCormick estate, lately bought by Sir William Mulock, that the front 10 acres on Yonge-street will require to be vacated by August 17th. The property was bought for \$30,000, and contains about 70 acres. The German property has been sold to a city firm but the price paid has not been made public.

F. Burnaby of Dallas, Texas, is visiting his brother, Councillor Burnaby here.

Councillor Parke is making slow but satisfactory progress, and was to-day for a short time out on his lawn.

WEST TORONTO

WEST TORONTO, Aug. 13.—John McClure, 70 Pacific-avenue, is lying at his home with a sprained back and badly crushed finger as the result of an accident which befell him while driving a horse and buggy about 3 o'clock yesterday afternoon. With him in the buggy was Isaac Nattress, 72 Pacific-avenue, and all was going smoothly until a horse and buggy belonging to Kinneir & Co., wholesale grocers on Front-street, drove in sight. The Kin-

Piles CURED at HOME by New Absorption Method

If you suffer from bleeding, itching, blind or protruding Piles, send me your address, and I will tell you how to cure yourself at home by the new absorption treatment; and will also send some of this home treatment free for trial, with references from your own locality if requested. Immediate relief and permanent cure assured. Send no money, but tell others of this offer. Write today to Mrs. M. Summers, Box P65, Windsor, Ont.

near horse got frightened and bolted, with the result that in passing the West Toronto turnout, the dray struck the buggy, throwing both men onto the road. Mr. Nattress was uninjured, but Mr. McClure, who is 72 years old, was seriously hurt. The buggy was badly smashed and a carriage taken home, where he is under a doctor's care.

Ray. W. Clarke of Quebec, a noted Canadian divine, will preach at the Wesleyan Church in Victoria, Presbyterians Sunday in Victoria.

A son of Patrick J. O'Donnell, 24 Franklin-avenue, was bitten in the leg this afternoon by a dog belonging to J. Nelands, 38 Franklin-avenue.

In spite of the fact that telegrams were sent to-day to both Elk Lake City and Gowanda to notify Edward Crabtree of his son having been drowned in the Humbler, efforts to locate the father have up till a late hour to-night been unsuccessful.

RICHMOND HILL

RICHMOND HILL, Aug. 13.—(Special).—The village is taking on all the airs of the city, the latest being the sprinkling of the streets with crude petroleum.

E. E. Williams of Elgin Mills shot a ground hog 28 lbs.

Mr. and Mrs. J. H. Sanderson and J. N. and M. E. E. have been spending a few days at W. H. Fugate's summer home on Lake Simcoe.

Mr. and Mrs. Bernal Proctor and Mrs. W. Proctor and Miss Kathleen Proctor of Toronto made a short visit here during the week.

EAST TORONTO

EAST TORONTO, Aug. 13.—Miss Mary Ellis of Wryatt-avenue is spending a few days with her friend, Miss Carrie Gallagher of Danforth-avenue.

Mrs. Chas. Teo of Galt, Ont., is spending a few days with friends in East Toronto.

Owing to the efforts of Aldermen Chisholm, Hilton and McMillin the city council have voted that a band be sent to the big flag day to be held under the auspices of the East Toronto Y.M.C.A., which will be held on Aug. 25.

Mr. A. J. Benson of York Township won the first prize for a field of oats from a large field of competitors.

On Sunday, Aug. 15, C. J. Bell of the East Toronto Y.M.C.A. will occupy the pulpit of the Methodist Church in the morning, and Rev. Dr. Perrin in the evening.

Mr. and Mrs. Harvey and daughter Ethel have returned from a pleasant trip to the west.

Mr. E. H. Gibson, of Munro-street, is spending a few days with his friend, Miss Carrie Lloyd, of Danforth-avenue, East Toronto.

Departmental Examinations.

1. Entrance to the normal schools (junior teachers) 1 Agnes Annan, 2 Harold, 3 Thos. McMullen (honors), 4 Alida Sproule.

2. Full matriculation—1 Agnes Annan, 2 Agnes Annan, 3 Isabel McMullen, 4 Samuel Newland (honors), 5 Chas. Sloan.

Matriculation to the School of Science.

1. Chas. Sloan, 2. Roy Atkin, 3. Chas. Sloan, 4. Roy Atkin, 5. Chas. Sloan, 6. Roy Atkin, 7. Chas. Sloan, 8. Roy Atkin, 9. Chas. Sloan, 10. Roy Atkin.

Football Game to-night.

The Green River football team will play a sudden death game with AM Saints of East Toronto on Little York street to-night at 8 o'clock. The game will be an interesting game as the past deadlock will be broken.

WOODBRIDGE

WOODBRIDGE, Aug. 13.—Miss Esther McBride, daughter of John McBride of this town, has secured a position as teacher in the Huntsville Public School. Her duties begin on Monday next.

Jos. J. Watson of Franks & Watson, hardware merchants, is erecting an up-to-date house on Wallace-street, Arthur Mulholland of Kleinburg has the contract.

E. H. Rowntree, representing the Cowan Co. of Toronto at their Winnipeg branch, is here on holiday with his sister, Mrs. Ed. W. Brown.

Miss Bee Wallace, youngest daughter of the late N. C. Wallace, is confined to her room with a cold and pleurisy. The funeral of the late James J. took place at Kleinburg on Thursday afternoon. Mr. Orr had been lying for some time, and was as well as usual on the day of his death. He had asked for a drink and when his sister returned she found him dead upon the floor. He was a lifelong Conservative.

Business Hours.

Elsie had been very bad. In a violent temper, she had thrown a fork at her little brother, Willie, had smashed the teapot, torn her pinafore, and kicked nurse. Wherefore, her mother marched her upstairs, with the object of administering "toko."

Matters were at their most exciting time when little Willie, attracted by the yell and the chance of escape, fled in the direction of the door and peeped in. But this was too much for Elsie. In her prone position across mamma's knee, she managed to twist round her head.

"Willie," she cried, "go out! Can't you see we're busy?"

Ladies' bathing "Island Bath" suits allowed on chutes free. The lagoons and the swimming to the baths is safe. The temperature of the water is 72 degrees. J. B. ATKINSON, Manager.

POOR LITTLE PERSIAN SHAH

No Canadian Parent Will Envy the Lot of This Royal Child.

The average small boy would much prefer a hoop, his marbles, or a baseball and bat to a crown. To be a king is not all it is cracked up to be, especially when one, like the little shah of Persia, must leave his father and mother and be cooped up in a palace and be denied the undignified sports that delight the uncrowned youth of every land. When told he must be king, little Sultan Ahmed Mirza cried bitterly at the thought, and it was not until he was told that tears were not allowed in the Russian legation that he checked his sobs. His royal father and mother, wept at the prospect of relegating him to the state, and the fourteen-year-old for a time refused to leave his mother. Finally he was comforted, and promised to be a good boy and to do his duty, and the hard propositions for him to live up to. His coronation will shortly take place.

No Canadian parents will envy the lot of this royal heir, nor will any healthy, active youngster yearn to change places with him. There will be one high author has restrictions of a little, and little pleasure in later years in sitting on a rocking throne. The barefoot Canadian boy playing ball on a back lot has a better chance for getting more out of life.

British Novel Markets.

It is a curious fact, and one that none of the many connected with the making and selling of British books will, I think, deny, that while the nation as a whole seems to be fast drifting toward the protection, those who make their living by literature are being asked, for the first time, to consent to the extreme cheapening of their wares. The vain author—and the type of writer whom I have in mind is almost invariably a man and not a woman—is being "got at" on the pretext that if his work is offered to the public at a very low price it will reach an immense number of readers thirsting for the message he has to convey. Within the last week or two the publisher of a book of his has been asked to publish it at, say, threepence a copy, there would be a shelf of them in every cottage in England! Then there is the writer who is told that cheapness spells circulation, and who is reminded that it is better business to earn fifty thousand pence than a thousand shillings.—"A Woman Novelist" in London T. P.'s Weekly.

96 PAGES, FOUR CENTS

NEW ONTARIO PRIMER

No Trace of Ancient Passwords to Knowledge—An Excellent Production.

A, b, ab and a, ba are out of date. The new Ontario primer issued yesterday has no trace of those ancient passwords to knowledge. The common-sense plan is followed of teaching children to read in the same way as they learn to talk. Any child who can talk and use its eyes can begin at once to identify its spoken words with those printed on a page. As a result the child learns to read without any of the alphabetical torture that used to drive some in the past generations to idiosyncy. There will be more people in the future who can read, as one or two here and there now can, that they do not remember any time when they were unable to read.

In this new primer, admirably prepared, printed and bound by the T. Eaton Co., utility and beauty are combined to an extent almost incredible when it is remembered that the price of the volume of 96 pages is four cents. There are 118 illustrations. The type is great primer; a condensed 15-point, very clear and bold. The contents are delightful and must be interesting even to the grown-ups as they recall the old forgotten things. And yet great liberties have been taken with the text. Higher criticism even would revolt at the emendations in some of the familiar rhymes, "Ding, Dong, Bell," for instance, has been severely dealt with.

Ding dong bell.
The cat's in the well.
Who put her in the well?
O Long Tom Thin.
Who took her out?
Short John Stout.
This is not as it used to be. Nor is this:

Little boy blue,
Come blow your horn.
The sheep are in the meadow.
The cows are in the corn.
But no doubt the object is to vary the vocabulary. In the venerable British classic that narrates the fate of Henny-Penny Cocky-Lokey is Americanized to Rooster-Pooster and Ducky-Daddies and Goosey-Poosy are omitted. There are some beautiful verses, including that exquisite foundation of child romance, "Star Light, Star Bright," the lovely lines on "The Dan-dellion," and four stanzas of the evening hymn, "Now the day is over." R.

L. Stevenson's verses follow the pattern:
Happy hearts and happy faces,
Happy play in grassy places.
That was how in ancient ages,
Children grew to kings and sages.
The preface states that the primer is simply a reading book, and it is noted that every teacher in Ontario, trained in methodology, which is the longest word in the book, and intended for the scholar. Methodology is that branch of logic whose object it is to show how the abstract principles of the science are the application to the production of knowledge, that every teacher is expected to use the primer in the way that does most good.

Every book of the series has frontispiece a splendid colored plate of the Union Jack, with the motto "One Flag, One Fleet, One Throne." This is imperial and patriotic politics, and Hon. Dr. Payne, Dr. A. H. Colquhoun, Dr. Smith and Dr. G. O. are to be complimented on the amount of this practical contribution to imperial efficiency.

CAPITALS HERE TO-DAY

Play Toronto at Scarborough—Lacrosse
News and Gossip.

The Toronto will leave nothing un-
done to pull out a victory at Scar-
borough Beach against the Capitals this
afternoon. The Senators have been
keeping very dark during the past
week as to the probable make up of
the team to meet the Beachers, and at
the present time it is almost impos-
sible to arrive at the line up from the
east. It is quite possible that some new
faces will be seen on the team. The
club picked up a star in young La-
ville, who has been the sensation at in-
side home, this season, and they have
two more boys who will likely break
into senior company on Saturday, in
Frank Friel and Jimmy Dooley. These
boys have been playing in the City
League, and have been picked out as
ripe for senior company.

A big crowd should witness the game
at the Beach grounds this afternoon.
It will be a great day for the children
as all boys and girls under 15 years
of age will be admitted free. This will
give young Toronto a chance to wit-
ness a game with two senior clubs.
The game will commence sharp at 3
p.m. with E. St. Pere as referee, and
Dr. Lachapelle of Montreal, judge of
play. The line up of the teams for the
game will be as follows:

Toronto—Atton, goal; Harshaw,
point; Menary, cover point; Powers,
Stagg, Braden, defence field; West,
centre; Carter, Fitzgerald, Barnett,
home field; Kalls, outside home; War-
wick, inside home.

Capitals—Hutton, goal; McDonald,
point; March, cover point; Shep-
herd, Stagg, defence field; Dooley,
centre; Eastwood, Butterworth, Gor-
man, home field; Schmitt, outside
home; Lavelle, inside home.

Lacrosse Goals.

There will be no local C. L. A. games
to-day as St. Kitts has defaulted to
Multitude, and Seattle, West
Toronto. This leaves these
two teams to fight it out for the cham-
pionship of this district. The Multitude
have an advantage at present
over the Toronto as they can
afford to lose the next game and still
have another chance. These two teams
meet next Saturday, August 21st, at
Scarborough Beach, and despite the fact
that Toronto and Multitude meet at
Rosedale on the same day, no doubt
a large crowd of lacrosse enthusiasts
will go to the beach to witness the
struggle between these two teams.

The Woodgreen Lacrosse Club will
meet at the corner of Broadview-ave-
nue and Queen-street, before going to
Exhibition Park for their game with the
Stirlings not later than 2 o'clock.

Multitude, and Seattle, West
Toronto. This leaves these
two teams to fight it out for the cham-
pionship of this district. The Multitude
have an advantage at present
over the Toronto as they can
afford to lose the next game and still
have another chance. These two teams
meet next Saturday, August 21st, at
Scarborough Beach, and despite the fact
that Toronto and Multitude meet at
Rosedale on the same day, no doubt
a large crowd of lacrosse enthusiasts
will go to the beach to witness the
struggle between these two teams.

There will be no local C. L. A. games
to-day as St. Kitts has defaulted to
Multitude, and Seattle, West
Toronto. This leaves these
two teams to fight it out for the cham-
pionship of this district. The Multitude
have an advantage at present
over the Toronto as they can
afford to lose the next game and still
have another chance. These two teams
meet next Saturday, August 21st, at
Scarborough Beach, and despite the fact
that Toronto and Multitude meet at
Rosedale on the same day, no doubt

BIG CHANGE FOR THE
BETTER IN AUTOMOBILES

Remarkable New Motor Which Has
Been Adopted by the
World's Leading Cars.

An interesting visitor in Toronto this
week was Mr. F. Lomas, formerly of
Chicago, but now of London, England.
Mr. Lomas is associated with Mr. Chas.
Y. Knight, the inventor of the now
famous "Silent Knight" engine. This
engine has many entirely new features
in construction and has undergone
more wonderful tests in automobile
work than any other motor yet placed
in an automobile.

The patents for Great Britain were
first taken up by the celebrated Daimler
Company in England, the pioneer
manufacturer of automobiles in Great
Britain, as they were the first in En-
gland to manufacture engines of this
original Gottlieb Daimler type. The
original Gottlieb Daimler car was ob-
tained from the Knight motor firm
so wonderful that the well-known firm
manufacturing the "Silent Knight" car in
Belgium acquired the patents for that
country.

Then the "Panhard" who like the
"Daimler" were the original manu-
facturers of automobiles in France,
considerable energy to a denunciation
of the Roman Catholic doctrine of
works, and took the Mosaic authorship
of the Pentateuch and Usher's bib-
lical chronology as a matter of course.
"The more you trust reason," he said,
"the further you get into the woods.
God calls His children and the char-
acteristic of children is to believe what
their parents tell them. The Spirit of
God cannot give an unbelieving soul
joy."

Mr. Newell will preach in Knox
Church on Sunday.

Huge Frauds in Alaska.

DENVER, Colo., Aug. 13.—Within a
month a hearing will begin in Seat-
tle, Wn., that government officials here
assert will disclose proof of gigantic
frauds in connection with coal lands
in Alaska.

That more than 200,000 acres of rich
coal lands in Alaska, some of them
having veins 65 feet in thickness, have
been filed upon by dummy entry, pro-
posed to be made by six large cor-
porations, the land office has evi-
dence to prove, according to informa-
tion made public.

No Longer Serious.

F. H. Keefe, K.C., of Port Arthur,
who was at the parliament buildings
yesterday, stated that the situation at
Fort William was no longer serious.
The rioting of Thursday, he said, would
satisfy the people of the twin cities
that it was a wise move to organize a
militia regiment. The volunteers qui-
etted the trouble promptly and it would
have taken days to bring troops from
elsewhere.

Tried It Once.

At the police court the other day a
young hooligan was charged with as-
saulting an old man.

"Young man," said the magistrate,
"I'm surprised at a big fellow like you
always getting into trouble. You
seem to be continually wanting to
fight. Why don't you go for a soldier
or a sailor?"

A smile illuminated the magistrate's
face when the youth replied:
"I did once, your worship, and he
nearly killed me!"

During the total length of this test,
there were no stops of any kind in
the contest. During the running test
on the road the 35 h.p. car averaged 22
miles to the gallon and the 22 h.p. car
20.55. One of the remarkable features
of the test was that the engines de-
veloped more horse power during the
last five hours they were run than
during the early hours of the contest,
showing that they gained more horse
power rather than lost.

After the test was over, the engines
were dismantled and the award of the
judges stated that "there was no per-
ceptible wear noticeable on any fitted
surface," the judges basing their re-
marks not upon the engine, but upon
micrometer measurements made after
the tests.

This test took place in March of this
year and while it was being run, the
Daimler company issued a challenge
of \$250 to any manufacturer of engines
of the present poppet valve type, to
obtain from the Royal Automobile Club
a certificate attesting in merit either of
the two Knight Slide Valve Engines. Three
months was the time stated for the
challenge and the period elapsed with-
out its being accepted by any manu-
facturer.

Another recent success which was
achieved by this motor was the win-
ning of the Scottish cup during the
Scottish Reliability Trials by the Min-
erva 38 horsepower Knight engine car
against 58 competitors of the leading
cars of the world. It was awarded the
Scottish cup for economy in fuel con-
sumption, making an average of 23
miles to the gallon with 38 horse-
power loaded car over Scottish hills,
or a record of 45 ton miles to the gal-
lon.

Mr. Lomas was ready to go into any
of the technical points about the motor,
explaining the mechanical reasons
which lead to the supremacy of the
Knight motor, but the tests which he
narrated were more convincing to the
average person than any technical
explanation.

Mr. Lomas is now in the United States
and is likely to close arrangements dur-
ing his visit, for the making of the
engines under the Knight patents in
the United States of America and also
in Canada. These arrangements have
already well under way, but it was
stated that no announcement would be
made as to firms at the present time.

Collecting a Fare.

"Fare," the passenger gave no heed.

"Fare, please," said the conductor.

Still was the passenger oblivious.

"By the ejaculatory term 'fare,'" said the conductor, "I imply no refer-
ence to the state of the weather, at
the complexion of the admirable blond
you observe in the contiguous seat no
even to the quality of service vouch-
safed by the railroad nor the corporation
I merely allude, in a manner perhaps
lacking in delicacy, but not in con-
science, to the momentary obligation
set up by your presence in this car,
and suggest your celerity with enun-
ciation, you liquidate."

At this point the passenger emerged
from his trance.

ONLY TWO FAVORITES
WIN AT WINDSOR

Bookies Enjoy a Good Day—Alice
Wins the Feature Race From
Emperor William

WINDSOR, Aug. 13.—(Special.)—
Track conditions were somewhat im-
proved this afternoon and very
good time was made, considering the
conditions. The 31 layers who put in
got the money again today, as only
two favorites passed the winning line
in front. The other coin annexers were
but lightly played and the books to
some extent recovered the losses of
previous days. The feature of the af-
ternoon was the fourth race, a condition
stake for three-year-olds and upwards,
in which that old campaigner, Martin
Dillon, was installed the favorite.

Chaley Ray's Palamon was well thought
of and heavily backed, while the old
contingent went to Alice. The
start in this race was a splendid one.
Emperor William went at once to the
front, and opened a wide lead which he
first half. Then he began to tire and
Martin Doyle and Alice moved up at
the turn for home, but the former quit
after reaching the lead and Alice, who
had been the lead and Alice, who had
been the lead and Alice, who had been
the lead and Alice, who had been the
lead and Alice, who had been the lead
and Alice, who had been the lead and

Baseball Toronto 6 West Trim Ontario Has Baltimore 4 the East 100 Run Lead

Leafs Take First From Orioles Grays Grab Another From Leaders

Newark Outplays Montreal, While Jersey City Nose Out Buffalo—Two Games at Baltimore To-Day.

BALTIMORE, Aug. 13.—(Special.)—Toronto had little trouble in defeating Baltimore here to-day, winning by 6 to 4. Both McCloskey and Rudolph were touched up for ten sacrifices, but Rudolph tightened better in pinches. McDonald's and Strang's hitting were the features.

Another World's Record.
GRAND RAPIDS, Aug. 13.—(Special.)—Hedgecock Boy and Lady Maud C. broke the world's record to pole here to-day by making a mile in 2:31.34. The former record was 2:35.12, made by Prince Direct and Direct Ham in 1902.

Baseball Notes.
ROGER BRENNAN, manager of the St. Louis National League team, was yesterday suspended for three days by President Hays of the National League. Brennan's suspension was the outcome of a fight between him and a player of the New York and St. Louis, in St. Louis on Wednesday.

LEWIS KNOCKED OUT BURKE.
NEW YORK, Aug. 13.—(Special.)—Willie Lewis definitely put a quietus on the championship aspirations of Sator Burke tonight in the sixth round of what was to have been a ten-round bout at the Fairmount Athletic Club. Burke barely got under the middle weight limit of 155 pounds, and had the advantage of some ten pounds over his opponent.

Breakwater at Port Arthur.
PORT ARTHUR, Aug. 13.—(Special.)—Hon. Wm. Pugsley passed thru Port Arthur this afternoon on his way east after an extended tour in the west. He gave assurance that the government had considered the breakwater needs of the city and intimated that they would be extended as fast as required to protect the commercial port. Special consideration was being given to plans for the protection of the dry dock and ship-building plant and also the new elevators to the south.

The best hotel in Brockville, Ont., is "The Stratheona," 100 modern rooms (20 with bath) furnished and equipped complete in every detail. Special rates to commercial men. W. H. BROWN, Prop.

NEW RACING ASSOCIATION.
OTTAWA, Aug. 13.—(Special.)—The Metropolitan Race Association of Canada has been incorporated with a capital of \$100,000. The incorporators are: W. A. Cotton, A. E. Melhuish, A. J. Rattray, A. C. Morris and E. E. Callen, 33 of Toronto, and John McBean of Georgetown.

WARSHIPS OFF TO CRETE
MALTA, Aug. 13.—The British warship Swiftsure has left here for the island of Crete. It is understood other protecting powers, Russia, Italy, and France, also will send warships to Crete, as an intimation to the islanders that they are resolved to enforce respect for the rights of Turkey.

Ontario Cricketers Pile Up a Lead On Quebec

In the first day's play of the annual interprovincial cricket match between Ontario and Quebec yesterday, in which each eleven played an innings, Ontario were ahead by 287 to 137, and to-day to bat for the second innings with an even 100 runs to the good.

Quite a gallery watched the play, among them being His Honor Lieutenant-Governor Gibson and Mr. Wm. Southam of Hamilton, both of whom had seen playing the game, but yesterday was not their day, both boys being retired with a duck, an unusual thing for the two hard-hitters.

Beil, for Ontario, was the brilliant batsman of the day with the top score, 84, but those who witnessed the batting of H. J. Heygate, the former Sussex player, later in the day, have no hesitation in saying that Heygate was the best bat on the field.

The feature of the day, however, was the wicket-keeping of Corder for Ontario, the former Gentlemen of Ireland player convincing many that he is one of the best wicket-keepers Ontario has ever had.

Play will resume this morning at 11 o'clock, with Ontario going to bat first. Quebec being all out yesterday ten minutes before the time scheduled to stop. Scores:

Ontario—First Innings—
A. H. Gibson, bowled Wallace..... 21
H. J. Heygate, bowled Wallace..... 84
J. Beil, c. Johnson, b. Godwin..... 12
F. C. Evans, c. and b. Godwin..... 40

Friends v. Riverdale at Riverdale.
The above teams meet this afternoon at 2 o'clock at the Riverdale Cricket Ground for a friendly encounter, and a very keen game should result.

Cricket Notes.
St. James' Cathedral C. C. will play Mimico Aug. 15, at 2 o'clock at St. James' Cathedral. The team will be represented by the following: A. J. Dive, J. Hall, W. Poinsett, G. Carey, E. Grace, C. Tomlinson, E. W. Melville, L. J. Hendricks, C. Brownings, E. J. Tucker and H. F. Kirkpatrick.

One of the best lacrosse matches in District No. 7 will be played at Woodbridge on Saturday afternoon. Both teams practised hard all week and a good close game is expected. Woodbridge are bound to retrieve their defeat at Brampton on Aug. 4th. This game will either decide the district. E. Doyle, Newmarket, referee.

COUNTRY JAY REDUCES THE WORLD'S RECORD

Trots a Mile Under Saddle in
2:10.1-2—Star Patchen Wins
\$1500 Stake

CLEVELAND, Aug. 13.—Country Jay reduced the world's record of 2:10.4 for trotting a mile under saddle to 2:10.1-2 at the last day of the meeting at North Randall to-day. The record until to-day was held by Charlie Mack, ridden by C. K. Billings, at Glenville, in 1904. San Francisco's attempt to break the station record of 2:02.4, held by Crescendo, was a failure. Ed. Geers drove the stallion a mile in 2:04.4.

Star Patchen won the \$1500 stake for 2:17 paces in straight heats, after Annabelle Lee, The Bosun and King Cole proved strong contenders. Summary:

Star Patchen, b.s., by Onward Silver, dam Sarah Ann, by Theodore Shelton (Burch)..... 2 2 3
Annabelle Lee, b.s., by Redwood..... 2 2 2
Estel Boy, b.s. (Lagel)..... 3 2 4
Ethel Mc. bkcm. (Murphy)..... 4 4 6
Naomi, blk.m. (Byrnes)..... 6 4 6
Time—2:11.2, 2:12.2, 2:11.4
2:17 paces, purse \$1500—
Star Patchen, blk.m., by Jos. Pat-
cher, dam Sarah Ann, by Thistle
(Snow)..... 1 1 1

A Morning Newspaper Published Every Day in the Year.

BRITAIN AND IMPERIAL DEFENCE.

Britain just now is being weighed in the balance by critics both of her own and foreign households, and is being with wonderful unanimity described as wanting in almost everything that makes national greatness. But the self-appointed censors are curiously inconsistent, not only with each other but often with their own postulated principles. Some affirm that Britain by refusing to adopt conscription, and to maintain a navy more than equal to the two next highest maritime powers, is definitely renouncing her place, and preparing for destruction. Others are just as insistent that Britain is infested with the virus of militarism, insists on bossing the high seas and everything on them, menaces every other nation, and is insidiously endeavoring to seduce her daughter states to emulate her bad example. These judgments are plainly contradictory, and most people of common sense will incline to believe that the truth lies with neither.

Critics of what is called the jingo type are mostly found in Britain, though there are specimens elsewhere. Here in Canada the opposite extremists are more numerous, but even more strikingly self-contradictory than in the corresponding product in the old country. Canadian "anti-militarists" are full of the proposal to commemorate the coming hundred years of peace between the Dominion and the neighboring republic, and dilate eloquently on the lesson it affords to Europe. They dwell with rapture on the unguarded thousands of miles of frontier, on the absence of warships from the Great Lakes, and so forth. But for every one of these things, Canada has to thank the mother country. It was Britain that refrained from building forts, from turning the country into an armed camp, from placing warships in the lakes, and secured this hundred years of peace. It was Britain's action that avoided war over the Alabama claims and over the Venezuelan boundary question, the two most dangerous crises of the last half-century.

Britain may be, and indeed has been, accused of sacrificing Canada for the sake of peace with the United States, and that, too, by the same people who now accuse her of "militarism." Both cannot be right.

Take again this question of Britain's claim to sea supremacy which is said to be so supremely provocative of conflict. Is it not merely a question of form rather than of fact? The same commentators who denounce Britain's naval predominance admit that under present circumstances she is entitled to make preparations for adequate defence against invasion or against any hostile attempt to disrupt the empire. What then is the meaning of adequate defence? That is, after all, what the problem comes to, and does it mean anything more or less than was recently put by Mr. Asquith, when he described it as readiness to meet and repel any possible and reasonable combination of adversaries. But the moment the admission is made that Britain is entitled to be stronger at sea than any other power, the matter of sea predominance becomes only of degree. At the present moment the United Kingdom is not strong enough to meet at sea any possible adverse combination, and, as for that never has been, and never will be. Is all this kind of talk, therefore, not wholly beside the mark, and its own best refutation? Britain in these latter days has done much for peace, and no reasonable citizen of the empire can honestly believe that the mother country desires war, or will provoke war. Defence, not defiance, is the motto of the British volunteer forces, and it will be the motto of the imperial volunteer forces. It is safety, not militarism, that has called the empire into conference.

STILL TO COME.

Four hundred sets of words have recently been composed to the magnificent tune written by Calixa Lavallée, generally known as "O Canada." Three gentlemen were deputed by an enterprising journal to adjudicate upon the merits of the 400, one of these being at last selected as worthy of the prize of \$100 offered in competition. Two of the gentlemen decided the matter. The third, a professor of literature, "desires to be dissociated from this choice, and no doubt the professor, Dr. Pelham Edgar, will have many to adopt his view. Perhaps it would be to the credit of Canadian authorship if some of the verses Dr. Edgar preferred had been submitted to the public. Would it not indeed have been better for the whole 400 to have been printed and the public, which is to sing the anthem, permitted to make its own selection? As a matter of fact the public will do this in any case. The tune has already been adopted, and some day the words will follow.

In no spirit of carping criticism or punctiliousness should judgment be passed upon the verses which received the award. Faults of many kinds might be found, just as faults can be found with "God Save the King" and "America," and "The Maple Leaf" from a literary point of view. But in spite of their literary defects these anthems catch and hold the popular heart and mind. The qualities that

enable them to do this are almost intangible, but it is the combination of these qualities that gives them their place in national literature.

The last great national utterance that moved the empire and sank indelibly into the patriotic heart was Kipling's "Recessional." It had all these intangible qualities in a supreme degree. The people recognized the inspiration at once, and its literary quality did not prevent it reaching the most remote among gentle and simple. It rose out of a great occasion. Canada's national anthem might have arisen out of the Quebec celebration last year, a wonderful and memorable holiday. It may arise out of the Selkirk Exhibition of 1912 with its military associations. But when it comes it will not need a committee to adjudicate upon its inspiration.

The appeal of an inspired scripture is self-evident. It is the interpretation of the people's will. This might be a hint to critics, lower or higher. All the authority in the world will not impose a national anthem on an unstruck people. But when the proper chord is struck the responsive note rings out from the national heartstrings in fervid harmony. After a week's eager listening we do not hear any vibrations of this description following the publication of "The Homeland."

After all, a little literary quality is not amiss in a national anthem. The magical charm of the "Recessional" depends upon an extraordinary degree upon the distinguished simplicity of its language. Dune and Shand are the only words in the poem which are not familiar to the most illiterate. In both these instances the effect is transcendent. The whole poem is a triumph of linguistic art. Consisting of five stanzas of six lines each, in the thirty lines there are, omitting the eight repetitions of "forget," but 36 dissyllables, four trisyllables, and three compound words. Taking the compound words as two units, there are 195 words, of which 159 are monosyllables, or 81 per cent. Here is the secret of the verbal power of the "Recessional." "The Homeland" in this respect, so far as mere figures go, is not apparently widely different. With three stanzas of nine lines each, or 27 lines, and 174 words, 137 words are monosyllables, or 78 per cent. Six of the lines are repetitions as against four in the "Recessional."

What then do they lack? There is the simplicity but not the distinction. Color and variety is the first consideration, and this requires freshness of treatment and avoidance of commonplace. A picture in every line, was the suggestion of one teacher to young poets. National feeling is necessary and it must be distinctive national feeling. It is not an international nor a cosmopolitan anthem, but a Canadian anthem that is required.

"Queensland Heights and Chateaugay," to those who know Canadian history, has more inspiration than all the fertile plains or echoing hills or forest domes in creation. You can have those landscape features almost anywhere. Toronto indeed has no echoing hills, and a Toronto man would have to go to Hamilton to appreciate this touch. The anthem must make a personal appeal. "My Country," "The King," "The Maple Leaf," these ideas are intimate and of a man's own hands and heart. Lakes and rivers and righteous laws are too vague and next-door-neighborhood.

There is a divine warmth required that the poet cannot kindle by himself. He must feel it and reflect it from the souls of his people. The embers perhaps only smoulder in their hearts, but when he strikes it into flame they rejoice at the brightness and take fire with the song.

AERIAL NAVIES AND WAR.

Altho the distance between the British and French coasts is not great and far more has been covered on land during the recent wonderfully rapid advance in the construction and management of airships and aeroplanes, the achievement of M. Bleriot had not been discounted by the public. Every one was prepared for the announcement that the channel had been crossed by an aerial voyager and yet when it did come, it had all the effect of a dramatic surprise. The wings of imagination were again opened and prophetic voices were once more heard proclaiming that Britain's insular advantages were departed and that henceforward invasion could no longer be deemed impossible. Naval supremacy, according to some of these sanguine believers in the resources of modern invention, would soon cease to protect and dreadnoughts

soon be relegated to the scrapheap, whitherward, if other naval pessimists are to be accepted, they are already tending. People now-a-days appear to be living in the faith that progress is no longer to be a march—it is to advance with the swiftness of a thunderbolt and with results as sudden and disastrous.

No doubt the science of aviation is making surprising progress in these times and will continue to be perfected. But this has happened after many years of disappointment and evidently much has to be accomplished before airships or aeroplanes can be relied on to fulfill all that is required of them. They are still very much open to disaster from stress of weather and it would be a curious circumstance if the partial conquest of the air were again to restore to Britain the protection given by storm and tempest of which the advent of steam navigation and its vast advance had done so much to deprive her. Again and again England has been saved from invasion by gale and storm, notably in the case of the great Armada and often before and since. The weather has been emphatically the friend of Britain in the past, and that too at critical times when the suggestion of providential intervention could scarcely be considered unnatural or unjustified. But whatever the future may hold, the British Empire has no reason to regret the arrival of aerial navies and there is no reason on the surface to hold that they will diminish its capacity for self-defence. Rather will war be certain issue to the assault. In that way aerial navies may assist the cause of peace.

THE TORONTO CONSERVATORY OF MUSIC.

From the twenty-third year book of the Toronto Conservatory of Music just received, a good idea can be gained of the progress made by this admirable educational institution. It has grown not only in the number of its students but in the character and variety of its curriculum, and in the strength and efficiency of its staff, particularly in the senior branches. This of course means that the conservatory is achieving more closely and thoroughly its dominant purpose to furnish, at moderate cost, a thorough and artistic musical education in all branches of the art.

The Year Book, which is very clearly arranged, gives full information on every division of its subject matter, and is indispensable to those intending to pursue a course in the numerous courses provided by the conservatory. We observe that a notable advance was made in the organ department last season by the installation of a new organ of the most modern character, and in other respects that every effort has been made to extend the efficiency of the conservatory.

ASBESTOS CONSOLIDATION

Properties in Black Lake—Theftford District Taken Over.

MONTEAL, Aug. 13.—(Special.)—

It is announced that the organization of the Black Lake Consolidated Asbestos Company, Limited, has been finally completed and that the following properties located in the serpentine belt of the Black Lake, Theftford Mines district, in which the most important asbestos mines in the world are situated: The Union Asbestos Mines, The Southfork or Belle Mines, The Black Lake Chrome & Asbestos Company, and controlling interest in the Imperial Asbestos Company.

THE ST. LAWRENCE RIVER TRIP

to the 1000 Islands, Rapids of the St. Lawrence, Montreal, quaint Old Quebec and the wonderful Saguenay River is the delightful summer outing of the month. The magnificent steamers of the Richelieu and Ontario Navigation Co. Low rates in effect including meals and berth. Reservations can be made in advance and full particulars obtained at ticket office, 2 East King-street, Toronto.

HEROLIC POLICE "GRAFT."

OMAHA, Neb., Aug. 13.—When Policeman Horner recovers he will find that he is wearing the skin of eight men on his back. Some two weeks ago, while arresting a burglar, Horner was shot in the back by Horner, succeeded, however, in knocking down and handcuffing the man and then collapsed. In locating the bullet the surgeons used X-rays and the flesh around the wound was so badly burned it would not heal, necessitating the grafting of new skin.

BRITISHERS GET CONTROL OF 70 RUSSIAN BANKS

An Important Result of Czar's Recent Visit to England and a Reason for German Wrath.

NEW YORK, Aug. 13.—The Marquis de Fontenay writes in The Tribune:

Next to China there is no such great market in the world for foreign trade as the immense Russian Empire. The English government realized this, and its de facto alliance with Russia, contracted eighteen months ago, is not only political but also economic.

While the czar enjoyed himself at Cowes like a boy, entirely free from care, sailing in the Britannia, the yacht of his uncle, King Edward, with a merry family party, the ministers whom he had brought in his train, were busy engaged in conference with the British secretary of state for foreign affairs, Sir Edward Grey; Sir Charles Hardinge and other English statesmen, and also with English financiers.

One of the results of these conferences has been that a group of London financiers, with which I understand Sir Edward Grey and Lord Revelstoke are connected, has acquired control of a string of about seventy or eighty of the most important banks in Russia, banks that have branches in all parts of the empire; in the Asiatic as well as in the European portion thereof.

This means the influx of much British and foreign capital, for there are plenty of capitalists who, while they would hesitate to advance money to Russia independently, would be delighted at the opportunity to do so with the backing of the powerful syndicate of London financiers and that of the British government. Indeed, it will have the effect of reopening once more the purse strings of France and Holland, also of the United States, to Russia. It means also the introduction of English banking and business methods into Russia, which cannot fail to improve the latter's national credit abroad.

Of course, this has all been done in the face of tremendous German opposition. German financiers, first and foremost the great house of Mendelssohn, at Berlin, have been all-powerful in Russia until now, and the new arrangement means an end of their reign. Perhaps this economic victory won by England may account, in part at any rate, for the recent manifestation of unfriendliness between the courts of St. James and those of Berlin and Vienna, including the failure of King Edward to pay his customary visit to Emperor William and to Emperor Francis Joseph on his trip through their dominions, to Marienbad this week.

Come With the Crowd
and spend Sunday at Olcott Beach, N. Y. The steamer Argyle leaves the city at 10 o'clock this evening for this beautiful park, giving Torontonians the opportunity of spending Sunday in Olcott Beach or visiting friends in Buffalo, and returning to the city at 10 o'clock Sunday evening. The fare is only 75 cents, so be one of the many to enjoy Sunday away from the heat of the city.

Lost Girl is Found.
ST. CATHARINES, Aug. 13.—Fifteen-year-old Lillian Allen did not succumb after all. Last Sunday the girl left her home, leaving a note in which she said she intended to drown herself in the canal and bidding an affectionate goodbye to her family. Late last night, Chief Greene received a telephone message from the chief at Niagara Falls, N.Y., stating that the girl had been found in that city. Her parents were notified at once.

TO THE MOTHERS OF PALE GIRLS

A Case Showing How the Tonic Treatment Restores Lost Health.

Anaemia is simply lack of blood. It is one of the most common and at the same time most dangerous diseases with which growing girls suffer. It is common because the blood so often becomes impoverished during development, when girls often overstudy, over-work and suffer from lack of exercise. It is dangerous because of the stealthiness of its approach and because of its tendency to grow so steadily worse, if not promptly checked, that it may run into consumption. Every growing girl should take an occasional tonic to ward off the insidious troubles, and in all the world there is no tonic that can equal Dr. Williams' Pink Pills. Every dose of this medicine helps to make new, rich blood, which promptly makes weak, pale, listless girls lighter, rosy and strong. Miss A. M. Dugay, Lower Cove, N. S., says: "I believe I owe my life to Dr. Williams' Pink Pills. My blood seemed to have turned to water. I was pale as a sheet; I suffered from headaches, and floating specks seemed to be constantly before my eyes. As the trouble progressed my limbs began to swell, and it was feared that dropsy had set in and that my case was hopeless. Up to this time two doctors had attended me, but notwithstanding I kept growing worse. It was at this time that I began using Dr. Williams' Pink Pills, and after taking a few boxes I was much improved. I kept on using the Pills until I had taken eight boxes, when my health was completely restored."

Dr. Williams' Pink Pills cure cases like this because they go to the root of the trouble in the blood. That is why they cure rheumatism and indigestion, nervous headaches and racking neuralgia and all these troubles from which growing girls and women of mature years so often suffer in hopeless silence. If Dr. Williams' Pink Pills are given a fair trial they will not disappoint you. Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from the Dr. Williams' Medicine Co., Brockville, Ont.

IN SOCIETY

Mr. and Mrs. Robert Peel of Winnipeg are visiting Mr. and Mrs. Melton, Miss Peel's parents, 112 Ossington-avenue.

Miss Jessie S. Mitchell, general secretary of the Young Women's Christian Guild, has returned to Toronto after spending a pleasant vacation at Port Dover.

Miss Evelyn Sykes of Hayden-street is staying at Bethesda for a time.

Dr. and Mrs. W. J. Corrigan and their little daughter, Beatrice, of Wychwood, have returned to the city after a pleasant vacation.

Mrs. W. E. Struthers of 558 Bathurst-street, with her two children, left on Wednesday for Regina on the three-months visit to her mother, Mrs. E. Irving Brown, formerly of 35 Bellevue-avenue, Toronto.

Miss Jennie McLaughlin is visiting the Misses Sullivan of East Peterboro. The Mrs. Alex. Milne and Mr. George Milne of Brunswick-avenue have just returned from a pleasant trip to Scotland.

Mr. Watson Neely and Miss Neely of 222 Dovercourt-road have returned home after spending their holidays in Chatham and Kent, England.

Mr. and Mrs. W. H. Hurd of Big Rapids has returned home with her son and daughter after spending a month with her aunt, Mrs. James J. Woods, Lansdowne.

Mr. and Mrs. H. S. Mara and Miss Mara are in London.

Miss Ethel Morrison has returned home after a visit at Woodlawn, Lake Rosseau, Muskoka.

Dr. and Mrs. Roberts, nurse and children left for their summer home, Algonquin Park.

Mrs. A. D. Townsend of Toronto is the guest of Mrs. J. C. Salter at the "Solitaire" Cottage, Washago.

Among the Toronto people who attended the Dickie reunion held on Victoria Park, Galt, on Wednesday, were: Mr. and Mrs. J. K. Cranston and son, Fred, 125 Penbrooke-street, and Mr. and Mrs. Dickson, 607 Sherbourne-street.

Mr. and Mrs. D. H. McLean of Oakville were also at the reunion, which was a very big affair, over 150 descendants of the original Dickie family coming from all parts of the continent.

Next year it is proposed to hold a joint reunion of the Dickie, Cranston, Vetch, McDougall clans at Galt.

Mr. T. M. Fenson of Kingston and the Misses Jack of Belleville are spending a few weeks in the city.

The Misses Robinson of 689 Euclid-avenue are at Mattawa with their aunt, Mrs. Alex. Ross.

Mr. and Mrs. Rowan Kirtland have left for the seaside on the Maine coast. The Misses Cayley have returned from Murray Bay, and are staying at Mrs. Edward Cayley's, St. Simon's rectory.

Dr. and Mrs. Primrose are visiting London.

The Rev. S. H. Mathews and Mrs. Mathews left last night for Quebec, whence they will sail on the Empress of Britain for Liverpool and will spend some time in London, Paris, Edinburgh and Ireland.

A party composed of Mr. and Mrs. R. E. Gibson, Miss Gibson, Albert and Charlie Gibson, Mr. Ashton Deane, Mr. and Mrs. George A. Kingston, and Mrs. George A. Kingston, are cruising this week in their motor boats Red Wing and June Bug from Lake Simcoe to Rice Lake and return thru the Trent Valley system.

Miss Kathleen McMullen of Montreal was in the city Tuesday on her way home from Muskoka, where she had been spending her holidays.

Mrs. J. C. Stewart and Miss Hazel Stewart have returned from Muskoka and gone to Atlantic City for a few weeks.

Mr. Douglas Burns and Miss Marjorie Burns have gone to Windermere.

THE SWIMMING SEASON
East End Lake Front Alive With Bathing Parties.

The late bathing season is at its height just now and Scarborough Beach is the Mecca for hundreds of swimmers. The tiers of dressing rooms which have been built at the west end of the park are in competent hands, and the stock of bathing suits is said to number one thousand, many of which have never been used as yet. The lake water after the hot spell is admirable for bathing, and in the early evening hundreds of people may be seen sporting themselves on the smooth sand amid the breakers of old Ontario. Many people come down from the city and enjoy a dip before taking dinner on the veranda of Scarborough Inn.

During the past two evenings the swimmers at the Beach have been entertained by the sensational diving of Sadie Knowlton, the heroine of the current park thriller. Miss Knowlton is a professional swimmer and diver, and although she is not engaged in that capacity at Scarborough, she is taking the opportunity afforded by the splendid beach, of practicing various varieties of high dives. Her appearance each evening is eagerly awaited by the swimmers and other patrons of the park. Among the most enthusiastic devotees of the beach are the members of the Toronto Lacrosse Club, who have a good swim twice daily as a part of their training.

STOLEN MAIL BAG FOUND.
BRIGHTON, Aug. 13.—The mail bag stolen from Brighton depot on June 2 was found to-day on Johnson's farm, about a mile east of Brighton, by Thomas Kenny. It had been cut open by a fox, and the contents, which included a gold watch and diamond ring, were found in this particular mail, but no trace of them, except the wooden box, was found.

ALLEGED MURDERER KILLED IN ASSAULT ON GUARD.
NEWARK, N. J., Aug. 13.—After a murderous attack on Matthew Smith and John Bryant, two keepers in the county jail here to-day, Angelo Caprio awaiting trial here on a charge of murder, was shot and instantly killed by John Corby, another keeper, who had come to the rescue of his comrades.

FAMOUS PHILATELIST SUICIDES.
SYRACUSE, N. Y., Aug. 13.—John F. Seybold, world-famous philatelist and well-known merchant of this city, shot himself to death in his store early this morning. He suffered a nervous breakdown three weeks ago and has been despondent ever since. Mr. Seybold's stamp collection is said to be worth \$100,000.

Pianos rented.

Amusements

Princess Opens on 30th.

The theatrical season will open at the Princess Theatre on the evening of Aug. 30 and the thousands of patrons of the old-time favorite house are promised a surprise in the appearance of the interior. An army of decorators and painters have been at work all month, and have effected a complete transformation. The entire house is being done over in white and gold, and the artistic combination, along with the dark-colored furnishings, gives a beautiful effect that will be appreciated by the art-loving theatriques of the city. The ladies' retiring room has also been entirely renovated and will be a real rest room with its soft-coloring and luxurious equipment. The house has been re-erected through with a rich Persian design, calculated to further the restful effect induced by the color scheme of the decorations, and it is believed that the Princess will still be voted the most attractive and comfortable house in the city. Manager Sheppard has been giving personal attention to every detail of the plans of renovation and nothing is being left undone that would tend to the enjoyment of the playgoers. He has been equally keen in looking after a splendid line of attractions for the coming season, and has assurances that Toronto will get its share of the greatest theatricals now under rehearsal that make the New York producers enthusiastic over the outlook. Contracts are now being given as soon as the dates are fixed.

Grand Opening Aug. 23.
The Grand Opera House will open the season on August 23, with George Primrose and his Big Minstrel Company, said to give one of the most elaborate productions of minstrelsy in the world. The company includes the most popular singers, dancers and musicians associated with Mr. Primrose. It is safe to say that this is no idle boast. Theatrical King, who opens the season of to-day will not content himself with the minstrel performances that have been presented in the past, consisting of a few ordinary musicals, singings and vaudeville acts. Mr. Primrose, being aware of this fact, has therefore selected the best vocal talent in the country, as well as an operatic orchestra of picked musicians, and in the minstrel world, including a star program of vaudeville features. The opening first part is said to be a first-class, handsomely mounted and put on the stage, being done in green and gold. During this part, all the latest comic songs, jokes and ballads will be rendered by the comedians, singers and dancers. The second part will contain many new pleasing features, rendering inspiring pictures of the south, with new and up-to-date novelties.

Four Idians at Shea's.
The headline act for next week at Shea's Theatre will be Eva Taylor & Company in the delightful one-act comedy, "Chums." Miss Taylor has not been seen in Toronto for a while, and she is sure of a warm welcome. She is a beautiful woman and an actress of great ability. Her playmate is one of the best in the city, and always a welcome addition on any bill.

The special attraction on the bill for the week is the Four Idians, who have been on this continent only a few months. They have been a sensation wherever they have appeared, and in the great halls of London, Paris and Berlin, they are well-known for their marvelous acrobatic and dancing feats. They are four dainty girls and attractively costumed. Lenna Thurber, who has been making an enviable name for herself for the past two seasons in the vaudeville field, has come back to her old love, vaudeville, once more, and will be seen with Harry Madison in a novelty act, "A Shopping Trip."

Cats, an act that was brought over a few weeks ago, and the marvels performed in the training of these felines is the talk of every city in which they have been seen. There are little cats and playful kittens and mammoth cats and all are wonders. The "diving kitten" is one of the big sensations of the act. Julia Freery, the singing comedienne, is a new comer at Shea's. She is a dainty and pretty woman, has a well-trained voice and a number of delightful up-to-date songs. Sidney Baxter, the witty Scotchman, assisted by Beatrice Southwick, will be making a hit with their vaudeville act. Lillian Leville and Robert Sinclair have a dancing act that is always the feature of any bill on which they appear. The bill will close with new pictures in the Kinetograph.

Moulin Rouge Burlesquers.
Commencing on Monday the famous Moulin Rouge Burlesquers will be the attraction at the Star Theatre. The Moulin Rouge has had a certain amount of newspaper notoriety given it from the fact that the mayor of Boston, when he censored a number of shows in New York City, included the "Moulin Rouge" in his list, as not being refined enough to play at the classic City of Boston, while he was the chief executive. The patrons of the Star Theatre will have an opportunity the coming week to judge for themselves. The critics of other cities where the "Moulin Rouge Company" has been this season are unanimous that it is a very handsome, well-equipped company as regards scenery, costumes and electric effects, and that something is doing every minute that keeps the auditor on the qui vive, as to what is coming next.

There has been introduced in the opening dance that takes place in the Cafe au Rouge of Paris, and is said to be full of dramatic situations. (Miss Sinclair, who portrays the feminine role in this act, is a very large and handsome blonde. She does a Spanish dance in the closing burlesque, that is full of fire and life.

The Point Next Week.
Hanlan's Point is now as pleasant a place for those who wish to enjoy a day's outing, as it ever was. In fact, it is much more enjoyable for those who did not care for the Austle and bustle of the past. Thousands of new lights have been placed in position and at night much of the brilliancy of Hanlan's is still in evidence. Since the many buildings were destroyed, the park is deliciously cool and comfortable, as it is now continually swept by gentle and refreshing breezes, from both lake and bay.

This Sunday afternoon and evening will offer the last opportunity of hearing the Italian Juvenile Band, conducted by Angelo Virile, the youngest band director in the world. For a special program of free attractions has been arranged. One of the special features will be the first appearance in Toronto of Europe's greatest sensational marvel, the "Jack" expert, who is acknowledged by all hippodrome and circus managers to be the most amazing and daring performer of thrilling feats living today. Holden is not only a high diver of note, but he also introduces such astonishing and phenomenal feats as leaping the gap, looping the loop and many other hazardous acts now in America.

For the convenience of the public, refreshments can be procured. So that, take it all in all, Hanlan's Point is still an ideal spot for the amusement-seeker, and Captain "Jack" expects to have his air ship repaired so that he can resume his afternoon and evening flights around the point on Monday.

The bill at the Scarborough Beach Hippodrome for next week has been considerably diversified and the little summer theatre will look more like a circus than ever when the new acts are installed. The Barlows will perform what is known as a break-away ladder act. They are probably the most popular performers who appeared at the Beach during its opening season, and they are back again from London on another short tour of America.

Another circus feature in the hippodrome will be La Belle Rose, the high trapeze performer. Rose Wentworth, the dashing equestrienne, and a number of other features. The outdoor circus will attract a great deal of attention next week, the most interesting feature of course being the marvelous bicycle riding and diving exploits of Sadie Knowlton, the most widely discussed thriller which ever appeared at Scarborough Beach. Miss Knowlton, who is an expert diver, as well as a professional bicyclist, will perform at Scarborough Beach every afternoon and evening next week.

Band in High Park.
The Queen's Own Band, under the direction of Bandmaster G. J. Timmon, will play the following program in High Park this afternoon.

1. March, "Transition".....Voelker
2. Overture "Rosamunde".....F. Schubert
3. Characteristic piece, "Howdy-Hi-ram".....L. Freidman
4. Cornet Solo, "Naukaev" polka.....J. O. Casey
5. Musical Band, "Sergeant Savage".....Musical, S. Elton

6. Grand Selection from Bellini's "Opera I Puritani".....Kerry Mills
7. Piccolo Solo, "Thru the Air".....Musical, S. Elton
8. Potpourri, A Musical Tour Thru Europe.....Copradi
9. Zephyron Solo, "The Gladiator".....H. L. Blunkenberg
10. Harry Lauder's Song, "My Mar".....Musical, W. Marr

11. "Smuggling" of Presses.....Arr. by G. J. Timmon.

"SMUGGLING" OF PRESSES
Dominion Customs Officials Think They've Found a Case.

WINDSOR, Aug. 13.—The customs officials here will make a test case of seizing a press at the office of The Citizen Printing Company in an attempt to collect duty from the firm which made the sale.

The customs officers have been informed that a Canadian agency, which does a large business selling American presses to job printers, has been evading duty by entering them as newspaper presses. The Canadian customs law admits newspaper presses free, but imposes a duty on presses used in job work alone.

"Turbinia's" Popular Excursion to Rochester, N.Y., Aug. 14, 15.
You leave Toronto 10:30 p.m., arrive Charlotte (port of Rochester) Sunday morning. Return leave Charlotte 10 o'clock Sunday evening. Only \$1.50 return.

Grand Trunk Surplus.
LONDON, Aug. 13.—(Special.)—Accounts of the G. T. R. for the half-year to Jan. 30 show a surplus of £278,800, and with £12,500 brought forward, this will admit payment of the full dividend on the 4 per cent. guaranteed stock and on the first preference stock, leaving about £5,000 carried forward.

Accounts of the Grand Trunk Western, including the balance brought forward, show a surplus sufficient to provide interest on the first mortgage bonds and leave a balance of about £15,000.

Eighty Miles For 50c.
Turbinia leaves 2 p.m. to-day, home 9 p.m. Marsicano's Orchestra.

It is not the Low First Cost of a Furnace that Counts

ALWAYS INSTAL A PEASE "ECONOMY" FURNACE

so much as its low cost for fuel and repairs, and the length of life it has after it is installed. That is where the "Pease" has always made good—and why you have never met a user of a "Pease Economy" who said anything but good words—in fact our customers are the best advertising we have.

Write for Illustrated Catalogue.
"Pease Economy" hot water heating system is as strong a leader in its line as the "Pease Economy" warm air furnace has been for twenty-five years.

TWO NEW STREETS
Block of Five Acres Off Palmerston-Avenue to Be Opened.

The building activity in the northwest section of the city is to receive a further impetus in the opening up of a block of five acres bounded by Manning-avenue, Palmerston-avenue, Vermont-avenue and Olive-avenue.

The block in question was formerly a portion of the Hubbard estate property, and is owned by Mrs. Beatrice Nesbitt. Application has been made to the city for permission to open up two thoroughfares thru the property from east to west, and Assessment Commissioner of the City and City Engineer Rust are recommending to the city council that the desired power be given.

The thoroughfares will be known as Yarmouth Gardens and Olive Gardens. The property will be split up into building lots.

A Long Roam Back Home.
KINGSTON, Aug. 13.—(Special.)—John Welch, aged 60, walked from Toronto and was arrested for being drunk and disorderly on the street. He said he would hoof it back to Toronto, and was allowed to go.

CORRUPTION IN N. Y. ON A STARTING SCALE

Extraordinary Discoveries That
Have Been Made in Metropolis
Laid Bare by Journalist

In Pearson's Magazine there is a companion article to Judge Gurnoy's treatise of the month preceding, on the traction trust and the "Looting of New York," by James Creelman, in which Creelman shows how "Little Old New York" is still the home of extravagant expenditure and the graft.

"Little Old New York," thru its officers, spends more than \$200,000,000 annually, which is nearly one-third as much as the United States Government spends. Of the amount \$150,545,148 is raised by direct taxation, with the deficit met by bonded indebtedness. During the last ten years bonded indebtedness has increased \$4,025,000 annually, and but \$108,000,000 remains bonded indebtedness. The constitutional limitation of debt. For the last three years a citizens' bureau of municipal research has been delving into the records. So careful are the methods employed in this great municipality that time and time again has been shown that the situation was not as the methods of purchase and accountancy that distinguished experts have examined the situation within a few months, declare that a private business conducted in such a way would bankrupt itself.

Thru the bureau of research and the controller an endless chain of graft and extravagance has been found, "with all most unbelievable illustrations of primitive and complicated accountancy and an artillery-like bombardment of figures concerning the results of crookedness and mismanagement revealed in the increasing budgets and mountainous municipal debt." Among the grafts exposed was an attempt to install meters for measuring the city's supply of water to itself, bearing in mind that New York owns its own water plant. Four hundred and ninety-eight meters were installed, at \$20 each, before the thing was unmasked, and had it not been exposed \$20,000 would have gone in this way. A man without a business office was found to be selling the city goods valued at \$200,000 annually. He gave a false address when called upon for a bill of particulars, but he was finally traced to headquarters of a Tammany leader. A "no-dust" preparation, for which the city was paying \$7 a barrel, proved to be simply sawdust saturated with cheap oil. Of the \$25,000 to \$30,000 annually paid for disinfectants and insecticides, one preparation costing 3 cents a gallon, was sold to the city for \$1 a gallon. Disinfectants were charged to the city at \$1.20 a gallon, but the seller gladly accepted fifty-five cents. It required \$200,000 annually to maintain 130 city automobiles, for which the city originally paid but \$138,386. A pool between fruit and vegetable dealers cost \$250,000 annually, in excess of the supplies cost in the open market.

But all of these minor grafts, multitudinous and excessive as they may be, pale in comparison with the building of the new Croton waterworks, by which a supply is drawn from the Catskills. The board of water supply, authorized by legislative enactment, worked out a scheme for a gigantic reservoir in the Catskill mountains, and a conduit leading to the city. The project cost \$15,735,000, but many engineers now will exceed \$20,000,000. It is alleged that syndicates of politicians bought up the land needed for condemnation, which was resold to the city at exorbitant rates. The project was pointed to acquire land by condemnation for \$50 a day for services, and in many instances, the condemnation was paid for by the city. The project was awarded to a firm which bid \$2,354,425 in excess of its lowest competitor. It was given out at the time that the water from the Catskill was needed with water to supply Brooklyn, but already the mayor of New York has indicated the suggestion that a reservoir costing \$4,000,000 will have to be built for the needs of Brooklyn alone. Many other things are cited by Mr. Creelman in support of the proposition that "Little Old New York" has fallen among the Philistines, and that it makes little difference in the general result whether the mayor and the leader of Tammany harmonize in the future or not.

CANADIAN NATIONAL HYMN

By Mercy E. Powell McCulloch.
O Canada! In praise of thee we sing,
From echoing hills our anthems proudly ring,
With fertile plains, and mountains grand,
Eternal beauty thou dost lend our land,
Thruout the changing year,
Lord God of Hosts! we now implore,
Bless our dear land this day and evermore,
Bless our dear land this day and evermore,
Dear Canada! for thee our fathers wrought,
Thy good and ours unselfishly they sought,
With steadfast hand and fearless mind
They fought the battles of our kind,
Content at last to leave behind
A heritage of homes,
Lord God of Hosts! we now implore,
Bless our dear land this day and evermore,
Bless our dear land this day and evermore,
O Canada! the homeland that we love,
Thy freedom came a gift from God above,
Thy righteous laws, thy justice fair,
Give meaning to our lives,
We thank our God that we may share
Thy glorious destiny,
Lord God of Hosts! we now implore,
Bless our dear land this day and evermore,
Bless our dear land this day and evermore,
167 College St., Toronto.

SLEPT AT BRINK OF DEATH

Policeman's Vigilance Saves the Life of Tired Excursionist.

NIAGARA FALLS, Ont., Aug. 13.—(Special).—As he lay asleep on the river bank last night, a movement of two inches would have hurled Patrick Whitney to a horrible death over the precipice. He was prevented from making this move by Constable F. Bell who dragged him back from his perilous situation. Of the fact that Whitney came here to spend the day and feeling tired sought rest on the river bank. During his sleep he rolled over the edge and was about to fall when the policeman saw him. A note inside a straw hat found at the foot of the bank had been committed suicide. "I am tired of life," (signed) C.H.K., the note read.

Great House Bargain

We have been asked to sell at once six houses, just completed, on West Lodge-avenue, Parkdale. These have been taken over by a lumber company, and must be disposed of at once. They were not built for speculation. Will be sold at \$30.00 on very easy terms. Semi-detached, nine rooms, solid pressed brick fronts, colonial verandahs, five-foot side entrance. Best of material used throughout. Water on each floor, so that houses could be rented as apartments. Also some splendid locations in West End, in a beautiful suburb. Branch Office in Weston.

TIN STRIKERS SUED

U.S. Steel Subsidiary Asks \$200,000 in Unique Action.

NEW CASTLE, Penn., Aug. 13.—Fifty-six striking employees at the American Sheet and Tin Plate plants in this city were summoned to-day to appear before the United States Circuit Court at Pittsburgh in September. The company has asked for \$200,000 damages, entered by the American company, subsidiary of the United States Steel Corporation. The bill of particulars states that the American Sheet and Tin Plate Company has \$10,000,000 invested here and employs three thousand men. The company charges that the fifty-six defendants have conspired to prevent the company from operating its plants. The action of the company is unique in the annals of Pennsylvania labor troubles.

PRAYER TELLS OF TRAGEDY

Child Appeared For Little Comrade Drowned After Playing on Raft.

ASHTABULA, Ohio, Aug. 13.—His little playmate's prayer being overheard by the child's mother last night to-day resulted in the finding of the body of eight-year-old Sammy Walker, who was drowned in the Ashtabula River Wednesday while playing on a raft with other boys. Searching for the boy on the river after hunting there the night on the alarm sounded by the mother of the child, who had offered this prayer:

"Dear God, be good to Sammy. Forgive him, God, because he fell in the river; he was only a little boy and couldn't help it. And please forgive me, too, God, for being with him when he drowned."

FAREWELL TO MISSIONARIES

Interesting Service at the China Inland Mission.

A farewell service to a party of outgoing missionaries was held at the China Inland Mission, Church of the Holy Trinity, last night. Rev. H. W. Frost, home director, presided. Rev. F. A. Steven addressed the meeting on the Christian debenture to the heathen.

W. S. Horne reviewed his 20 years' mission work in China. He and his wife are going to take up the work of the Bible school in the Province of Szechwan. Mrs. Horne also spoke of the great joy with which she goes forward to a third term of service.

Miss Dairch, from Scotland, told the story of some of the native Christians at her station in Kiang Si, and of their faithfulness under persecution. Many of them walk 24 miles to worship each Sabbath. The women are very illiterate and depend upon teaching by the voice.

A Plot to Injure Heinze.
NEW YORK, Aug. 13.—The part taken by the Windsor Trust Co. in the case of \$50,000 on the stock of the F. E. Heinze & Co. Copper Properties was investigated to-day by the grand jury for New York County. The sale of the \$100,000 worth of stock at a time when M. H. Joyce, its owner, declares he believed it was held as security by the Windsor Trust Co., has already resulted in the arrest of Donald G. Pirsch and W. L. Clark, note and loan brokers, who were charged with the larceny of a portion of the proceeds of the sale. The grand jury has been investigating the case since yesterday in an effort to ascertain whether there is an effort to finance of higher standing than any in the case who were making use of other men to embarrass Mr. Heinze.

Esperantists' Officers.
CHATEAUGUAY, N. Y., Aug. 13.—The Esperantists of the North American Association, in session here, to-day elected these officers: President Dr. D. O. Lowell, headmaster of the Roxbury Latin School, Boston; vice-president, Dr. W. H. Yemans, Detroit, U.S.A.; Arthur Baker of Chicago will attend the Barcelona Congress as representative from the United States on the International committee which controls the evolution of the language.

Port Cobalt Lots

THE GREATEST BARGAIN TO-DAY IN TOWN LOTS THAT WILL TREBLE IN VALUE

PORT COBALT is the coming centre of the Northern Silver Fields, and the centre of the electric road connecting Haileybury, Cobalt, Port Cobalt with the silver mines of Coleman, South Lorrain, North Bucke, and the navigation of the Ottawa and points in Quebec.

Port Cobalt will be the centre by water and rail of the great agricultural clay belt to the north of it. The gold mines of Larder Lake and vicinity will be reached from this point.

You're not asleep, are you? Well, here is your chance.

Prices, and only one price:

Lots west of Giroux street (also west and north of the Temiskaming and Northern Ontario Railway) \$100 each; \$25 down, balance on delivery of deed within 10 days.

Lots on west side of Main street, \$150 each; \$25 down, balance on delivery of deed within 10 days. The trolley line is already graded on Main street past these lots.

Lots on Station street \$125 each; \$25 down, balance on delivery of deed within 10 days.

Lots on Cross Lake Road \$150 each; \$25 down, balance on delivery of deed within 10 days.

All the lots in the two full blocks between Birch street and Spruce street \$80 each; \$20 down, balance on delivery of deed within 10 days.

Buildings are going up in every direction in Port Cobalt. Buyers welcome to visit and see the town for themselves.

You will not be able to get these lots for double the money in 10 days.

First come, first served.

Greater Cobalt (Haileybury, Port Cobalt and Cobalt) will be a great city on Lake Temiskaming (Ottawa River) and the wealthiest and most productive city of its size in the world. Port Cobalt is to be the hub of the Cobalt mines, as it will have trolleys to all the districts.

The Queen City of Silverland on the Beautiful Lake Temiskaming, the centre of the Silver camp of the world
Lots are going rapidly. Wire, write or phone. Send money with application

BACKBONE BROKEN BY RUNAWAY

MARKSTAY, Aug. 13.—(Special).—Victor Lefebvre, a strapping young man, was killed on his father's farm near here. A fractious team of horses ran away with a load of hay. In attempting to stop them he was knocked flat on his face, the heavy load passing over his back, breaking it. He lived three hours.

THE STERLING BANK OF CANADA

Notice is hereby given that a dividend of one and one-quarter per cent. (1 1/4 per cent.) for the quarter ending July 31st instant (being at the rate of five per cent. (5 per cent.) per annum on the paid-up Capital Stock of this Bank, has been declared, and that the same will be payable at the Bank Office and Branches of the Bank on and after the 14th day of August next. The Transfer Books will be closed from July 17th to July 31st, both days inclusive. By order of the Board.
F. W. BROCKHALL, General Manager.
Toronto, July 8, 1909.

Twin City Advances to 109 1-2
Other Issues Continue Firm

Union Pacific Makes Another High Record on Wall Street—Investment Securities Are Strong.

World Office, Friday Evening, Aug. 13.
The continued strength exhibited by Twin City was the one outstanding feature of the Toronto stock exchange to-day. The shares opened at 108, nearly a point above the highest figure reached yesterday, and advanced 1/2 points during the session, closing strong at 109 1/2. Rumors of larger dividend disbursements are generally taken into account for the sharp advance in this issue, which has taken quite a spurt on all markets. In New York, the shares sold up to 108 1/2, but eased off at the close.
The other listed issues were generally dull to-day, but quotations were decidedly firm. The Steel and Coal shares were strong. Nova Scotia Steel sold up to 7 1/2, a gain of over a point, during the day, but weakened later. Dominion Steel was fractionally higher at 4 1/2.

Detroit United advanced to-day nearly two points above yesterday's prices. Reports of the earnings of this company continue to show up exceptionally well from time to time. McDonald was up half a point at 7 1/2. St. Paul was fractionally easier. There was little alteration in quotations for the other listed issues.
In the investment end of the market, Imperial and Dominion Bank shares were more active than usual, and both these securities advanced during the day. Imperial sold up to 2 1/2, a gain of over two points, while Dominion, which was bid for yesterday up to 2 1/2, sold to-day at 2 1/2, and closed only fractionally lower.

The Toronto stock exchange will be closed all day Saturday.
Wall Street Pointers.
Samuel M. Pelton, head re-organized Chicago Great Western.
Lake Superior corporation has no funds to meet income bond interest.
President Clowry says the Western Union receipts are decidedly better than for some time.

Union Pacific available holdings equal to \$750,000. A sale would enable a cash dividend of \$125 per share.
Western Electric continues to show a gain over last year.
Net earnings American Light and Traction increased 36.7 per cent. during first half year.

B. R. T. earns about 4 1/2 per cent. on the stock.
The known movements of money for the week ending the 12th inst. of business Thursday indicate the local banks broke about even, actually they gained \$183,000 net cash.

Joseph says: Both Amalgamated and Argonauts should be held. C. & O. at any price under its full face value must surely be acknowledged as a bargain. Its possibilities are marvelous. On any further little recessions buy Southern Pacific. Hold some Union Pacific.

Southern Railway earnings continue to increase at a rate that suggests nearly the resumption of dividends on the preferred stock.

During July there was undoubtedly an increased consumption of copper by domestic brass foundries, but there has not been any such increase in consumption as would be imagined from the Copper Producers' Association figures. The largest consumers are in shape to very closely approximate the real condition in their estimate of actual melting, and they figure that the home consumption last month was between 50,000,000 and 55,000,000 pounds. Leading stocks have been going ahead pretty fast, but the undertone is strong, and important settlements which have barely begun will continue until on a scale up if bullish plans are consummated. In view of prospects of record-breaking earnings in the northwest due to the wheat outlook, and the natural growth of population, the rails benefiting seem particularly attractive both from the investment and speculative points of view.—Town Topics.

In banking circles it is which there is reason for believing definite information has been received regarding what- ever plans Mr. Harriman and his associates have under consideration with respect to Union Pacific common and preferred stocks, it is intimated that it will be safe to assume that a very large part of the latter issue is now held for the account of the most powerful interests in the company. In the same circles the opinion is expressed with more than ordinary confidence that the preferred stock will "disappear" from the market altogether.—News Bureau.

It is estimated that Union Pacific has \$216,000,000 in up-ped stocks and bonds of other companies at present market prices. This is independent of securities of the Oregon Short Line, Oregon Railroad and Navigation Co., or proprietary companies amounting to over \$111,000,000, according to the latest annual report. This estimate takes account of the sale of Southern Pacific convertible, Atchison preferred and the Hill stocks, for which something like \$16,000,000 was received.—Town Topics.

Scotia Bonds.
The Nova Scotia Steel and Coal Co. have made arrangements with the Metropolitan Bank to receive all the outstanding bonds of the company at 110 and accrued interest up to Aug. 16th.

THE DOMINION BANK
LEE AVENUE BRANCH
Temporary Premises
2158 QUEEN STREET EAST
Four Doors East of Wheeler Avenue
A GENERAL BANKING BUSINESS TRANSACTED
SAVINGS DEPARTMENT
In Connection With the Branch

These bonds are part of the old issue made by the company.
Bradstreet's Trade Review says: Toronto reports to Bradstreet's say the general trade movement holds a steady trend. While there is a tendency to ease off somewhat the holiday season there is still a good normal movement in all branches of trade. Harvesting reports show up well and it would appear that farmers here, as well as in the west, will be in a good position financially by the end of the year. Some crops are not looking so well as might have been expected, but the average result is likely to be more than satisfactory. Manufacturers here are all busy and orders for fall and winter are likely to keep them so for several months.

Increased Capital.
MONTREAL, Aug. 13.—It was reported this morning that the Montreal Bank of Canada had increased their capital stock by a million dollars. The present capital of the bank is \$10,000,000. The bank refused either to confirm or deny the rumor.

On Wall Street.
Erickson Perkins & Co. (Beatty & Glassco) wired:
What was not very clear to many persons yesterday, that prominent interests were selling stocks heavily on the rise, was very apparent to-day. No disguise was made of the sales to-day, and the market was at a premium in large blocks, with only the boom in Union Pacific to steady the list. But this did not succeed. Just when Union Pacific was at its highest price, other stocks were about bottom. Much further break would catch many stop orders, and there is no telling just how far the market might run. But a setback of 3 to 5 points would serve to clear the air. We can only advise great caution in buying stocks. We would wait for a further substantial setback.
Finley, Barrel & Co. wired J. P. Bickell:
The movement in Union Pacific preferred was a most surprising feature of the stock market to-day because it practically confirmed all that has been said regarding the Harriman reorganization plans. New York Central and all the other shares involved acted in harmony with the semi-official reports. From now on we would not expect as a matter of routine from day to day as the campaign proceeds. Money on call advanced to 2 1/2 per cent. and many brokers refused to sell at that basis, but took time funds. The situation looks stronger than ever, while more sharp fluctuations must be expected. Just when Union Pacific was at its highest price, other stocks were about bottom. Much further break would catch many stop orders, and there is no telling just how far the market might run. But a setback of 3 to 5 points would serve to clear the air. We can only advise great caution in buying stocks. We would wait for a further substantial setback.

Chas. Head & Co. to R. R. Bond.
The market to-day has been a Harriman affair, the stocks bearing that brand being in the limelight and scoring sharp advances. The reports of the Harriman reorganization plan with valuable rights to both preferred and common shareholders foundered, the stories of an increase in the dividend on the common were scouted in most circles. The mystery served to stimulate trading in the Union Pacific stocks as well as New York Central, which are more closely in Harriman plans, according to a well-informed source. There was rather a heavy tone in other securities, but the indicative of realizing under cover of the strength in the Harriman. A policy of conservatism is advisable and good profits should be neglected on vulgar reactions are likely to occur any time in the present excited market.

R. B. Lyman & Co. wired R. B. Holden.
The market opened active, and weak as a rule, and has been quite irregular throughout the day, although stocks have fluctuated below yesterday's close. The most conspicuous strength was in Union Pacific, and the buying in this province, as compared with very aggressive. The insiders are keeping their secret very close and while one guess is as good as another it is best to wait until the market is preferred will advance to very much higher prices. Of course, these are not going up without sharp reactions, and it is best to wait until the market is accordingly. On any further depression to-morrow good stocks should be bought.

Railroad Earnings.
Ches. & Ohio, 1st week August, \$700.
Central of Georgia, 1st week August, 4,200.
Chicago & Alton, 1st week August, 10,000.
Standard, Hamilton & Dayton earnings for twelve months, net operating revenues, increase, \$329,413.

Dominion Failures.
Dun's Bulletin says the number of failures in the Dominion during the past week in provinces, as compared with those of previous weeks and corresponding week of last year is as follows:

GRAIN AND LIVESTOCK MARKET

Alsike Clover Market Is Uncertain Yet

Buyers of Canadian Seed Are Holding Off Till Demand Strengthens in Germany—Interviews With Dealers and Some Prices That Have Already Been Paid.

Editor World: "I noticed an article in your issue of August 7, regarding the yield of alsike clover seed in Ontario, which is misleading in so far as it infers that the whole Ontario yield is good, because it has turned out well in the Whitby district.

"I live in Halton County, and own a clover mill and thresh in Trafalgar, Nelson and Beesley Townships, in Halton and in Toronto Township, in Peel County, and have reports from other threshers who state that the yield is very poor. One farmer threshed half a day to get a bag of seed. Another farmer got only ten bags off thirty acres. Another received only two bushels per acre. I am interested in the alsike clover seed business as I have 100 acres of my own and I think it will make a difference in the price if the dealers think it is turning out all over the province as it is in Whitby.

"The eastern part of Halton and the western part of Peel County grow large quantities of alsike every year. Charles McGee, of Halton County, writes: 'The above letter has been received by The World, and there are hundreds of farmers in central Ontario who are getting anxious about the price that is to be paid at the opening of the market. Other sections of the country have been heard from, and so far the Halton County correspondents' yields are the lowest on record this year.

"The World did not judge the whole Ontario output by an isolated yield from Whitby, but from general reports.

"Regarding the alsike situation, the following facts are gleaned. Messrs. Wm. Hennie Company, upon being interviewed, say: 'Last year Ontario buyers started out with big figures from new alsike and went ahead with the market prices, so that when the German markets opened we were not able to unload easily at those prices. Thus large quantities of alsike were left in the hands of Ontario buyers rather than being sold at high prices this season.

"We are receiving samples daily and as yet we can not announce a market price. It may open at six dollars, at six and a half, or at seven dollars. It is hard to say, but so far we cannot quote a figure for alsike yet and we have not bought a pound. We can go out to one section and buy 10,000 bushels tomorrow."

"Big Yields in Some Parts.

Mr. Crossland of the Steele-Briggs

Wheat Rallies at Chicago On Heavy Covering By Shorts

Large Percentage of Wheat in Inferior Condition, Says Modern Miller—Liverpool Cables Lower.

Friday Evening, Aug. 13.—Harvesting will deplete the forces on railway construction work because the better wages paid while crops are being gathered will tempt hundreds of men from grade to fields. In the course of a few days, harvesters from the east will be making their appearance and will relieve the present labor situation.

In the principal grain growing districts the farmers say that if the frost should now occur very little injury would be done as grain is pretty well matured.

Whitby, Ont., Aug. 13.—State that there will be no frost until the first week in September.

CATTLE MARKETS

Cables Firm—Hogs Higher at Chicago and Buffalo.

CHICAGO, Aug. 13.—Cattle—Receipts, 20,000; market, steady; medium and common do. slow to a shade lower; bulls and cows, dull and unchanged. Steers, 10.75 to 11.00; bulls, 10.50 to 10.75; cows, 10.25 to 10.50. Sheep, 10.00 to 10.25; lambs, 10.50 to 10.75. Hogs, 10.00 to 10.25; pigs, 10.50 to 10.75. Yearlings, 10.00 to 10.25.

VARICOCELE CURED

NO NAMES USED WITHOUT WRITTEN CONSENT. Confined to His Home for Weeks.

"Heavy work, severe straining and evil habits in youth brought on a double varicocele. When I worked hard the aching would become severe and I was often laid up for a week at a time. My health more and more deteriorated, but soon found out all they wanted was my money. I commenced to look upon my life as a failure and I was very miserable. One day my boss asked me why I was off work so much and I told him my condition. He advised me to consult Dr. Kennedy & Co. as he had taken treatment from them himself and knew Kennedy & Co. was a good doctor. I wrote them and got The New Varicocele Cure. My progress was somewhat slow and during the first month's treatment I was somewhat discouraged. However, I continued treatment for three months longer and was rewarded by a complete cure. I could only earn \$12 a week in a machine shop before, now I am earning \$24 and never lose a day. I wish all sufferers knew of your valuable treatment."

HENRY C. LOUDET.

HAS YOUR BLOOD BEEN DISEASED?

BLOOD POISONS are the most prevalent and most serious diseases. They sap the very life blood of the system and unless entirely eradicated from the system will cause many complications. Beware of Mercury. It only suppresses the symptoms. Our NEW MEDICINE Cures Blood Poisons. (Illustrated) on Diseases of Men.

READER: Are you a victim? Have you lost hope? Are you intending to marry? Has the doctor told you you are diseased? Have you any weakness? Our NEW MEDICINE will cure you. What it does for others it will do for you. Free of Charge. No matter how long you have been diseased, it will cure you. (Illustrated) on Diseases of Men. Books sent free on request. Write to Dr. Kennedy & Co., 112 Yonge Street, Toronto, Ont.

FALL WHEAT DID WELL

SAYS THE GOVT. REPORT

An Average of 23 1/2 Bushels in Ontario—July Estimates of Spring Wheat Yield.

The census and statistics office reports field crops and livestock not uniformly good, but they denote on the whole a very satisfactory condition for all parts of the Dominion. Timely rains at the end of June and frequent showers throughout July proved to be very helpful, and there are only a few localities where all crops are under the average.

Fall wheat has done well in parts of Ontario where it is chiefly grown; it was cut early and gathered in fine condition. Reports of threshings already made show an average of 23 1/2 bushels per acre, and the estimated average for the province is 23 1/2 bushels per acre, and the estimated average for the province is 23 1/2 bushels per acre, and the estimated average for the province is 23 1/2 bushels per acre.

Good Export Trade In Light and Heavy Cattle

The Shipments Out of Toronto This Week Have Been Heavy—The Union Yards Are Concentrating Trade in Cattle at That Centre.

That Toronto is growing as a centre of live stock markets is evidenced in the returns this week from the city and Union Stock Yards, as compared with those of one year ago.

The following are the receipts at the Union Stock Yards for this week, and for the corresponding week of one year ago.

	1909.	1908.
Cattle	209	102
Hogs	477	158
Sheep	375	842
Calves	666	535
Horses	149	23
	85	147

SATURDAY MORNING

HANDBOOK MEN RAIDED 32 IN POLICE DRAG NET

Successful Coup Executed by
Police After Months of
Silent Work

Friday the thirteenth! Is it unlucky?
Ask 32 alleged handbook makers who
were gathered in yesterday noon by
an army of detectives in what promises
to be the most successful anti-gambling
raid yet executed in the city.

After a foundation laid by two
months of underground and secret
operation the police have made their
pounce, and the dragnet is full of
overflowing. A list of the fish, big
and little, follows:

John and Fred Allison, 20 East Queen-
street, barbers, arrested by Detectives
Mackay and Little. Alleged keepers.
Frank Burroughs, 103-7 Victoria-
street. Arrested by Detective Alchi-
bald and Chapman. Alleged keepers.
Lawrence Manove, Leslie Hall, same
address. Alleged frequenters.

Alex. Levinsky, 273 West Queen-
street, pool room. Arrested by De-
tectives Moffatt and Liffey. Alleged
keeper.

William Watt, St. Lawrence Market,
butcher. Arrested by Detective New-
ton. Alleged keeper.

George Dockerty, 952 East Queen-
street, cigar store. Arrested by De-
fective Cronin. Alleged keeper.

Mr. Mair, 26 1-2 East King-street,
tailor, arrested by Detectives McKin-
ney and McJury. Alleged keeper.

Richard A. Savignin and William
Clark, tailors, 26 East Adelaide-street.
Alleged keepers.

Thos. Johnson, barber, 127 East
Queen-street. Arrested by Detective
Mitchell and constable. Alleged keep-
er.

Walter Massey, butcher, 375 East
Queen-street. Arrested by Detectives
Guthrie and Kelly. Alleged keeper.

Henry Perkins, flour and feed store,
1520 East Queen-street. Arrested by
Benjamin Shaw, real estate office, 95
Victoria-street, arrested by Detectives
McKinnley and Sockett. Alleged keep-
er.

J. J. Honan, grocer, 125 Jarvis-street.
Arrested by Detectives Armstrong and
Irwin. Alleged keeper.

Thomas C. and James Smith, part-
ners, 832 East Queen-street. Arrested
by Detective Murray.

George McSweeney, cigar store, 209
Colborne-street. Arrested by De-
tectives Sockett and Anderson. Alleged
keeper.

Henry Wingate, clerk, at same ad-
dress.

Gardiner Norris, butcher, 106 Shuter-
street. Alleged keeper.

Geo. Keen, Chas. Grimdale, Roy Mc-
Leod. Arrested at same address as
frequenters.

M. Clark, 187 Belfair.
W. Locke, 125 East King.

Geo. Munro, 128 University-avenue.
John Greenwood, 1240 East Queen-
street, private house. Arrested by De-
fective Young and Inspector Miller.
Alleged keepers.

George Capps, 786 East Queen-street.
Arrested by Detective Mahony and
constable. Alleged keeper.

McCartell, flour and feed store, 932
East Queen-street. Arrested by De-
fective Montgomery and constable.

William Lackey, fish dealer, 125 East
King-street. Arrested by Detectives
Tipton and Cathers.

Alfred W. Wright, 8 Shuter-street,
butcher, arrested by Detective Guthrie.
James Ward, 75 East King-street,
barber, arrested by Detective Geo.
Sokett.

Inspector of Detectives Duncan di-
rected the strike, and his force of
pussy-footed sleuths was supplemented
by a squad of police supplied by Staff
Inspector Stephen.

There had any notion of the wrath to
come and fell easily into the net.
Telephones were torn from walls and
connections cut in some cases, while in
others incriminating messages came in
over the wire only to be received by
the cops.

The gathering of evidence, which
has been underway for two months,
was in the hands of James E. Stein of
the Thiel Detective Agency, who had
a number of operatives making bets
with the prospective quarry.

All were evidently baited, and will
appear in police court this morning.

LICENSE INSPECTOR, CRITICIZED,
ATTEMPTS TO END HIS LIFE.

NORTH SYDNEY, N.S., Aug. 13.—
Despondent over continued bitter cri-
ticisms of his work as license inspec-
tor by a local paper, the temperance peo-
ple and the liquor dealers, L. C. Mus-
grave late last night attempted to end
his life by shooting himself in the head.

The report brought Mrs. Musgrave
instantly to the side of her husband,
whom she found, standing on the kit-
chen floor with the smoking revolver
still in his hand. The bullet entered his
forehead a little above the eye.

B. & O. Will Get It.

NEW YORK, N.Y., Aug. 13.—The
plan of Cincinnati, Hamilton and Day-
ton Reorganization Committee, involv-
ing the turning of the road over to the
Baltimore and Ohio, will shortly be
declared operative, according to ap-
parently authentic reports in the finan-
cial district here to-day.

A Boy Killed.

UNDERWOOD, Aug. 13.—A sad ac-
cident occurred near here this morn-
ing in which William, the 15-year-old
boy of Harry Roppel, was killed. He
was leading a horse back to the farm
and tried to get on its back and in
some way got caught in the har-
ness and was dragged a distance, when
it was found that life was extinct.

Capt. John Bridges of the Anchor
Line steamer "Italia," died on the
voyage over to New York.

PRIVATE DISEASES

Impotency, Sterility,
Nervous Debility, etc.,
Regularly treated by
Dr. W. H. Graham.

Hours:
9 a.m. to 5 p.m.
SUNDAYS:
9 to 11 a.m.

DR. W. H. GRAHAM,
No. 1 Clarence Square, Cor. Spadina

H. H. FUDGER,
President,
J. WOOD,
Manager.

AUG. 14.

The Hosiery Sale Pleases Every One

"I THOUGHT the 'Sales' always meant there was
something wrong with the goods," said a customer
"but I think these Stockings are just as good as regular
stock in all the best stores."

The remark was addressed to a friend, so our sales-
woman didn't feel justified in breaking into the conversa-
tion to explain that our August Sale Stockings are regu-
lar goods as sold at most good stores, and as sold at
this store too. We bought them as "Mill Oddsments"
but there is nothing odd about them in a retail sense.
They are beautiful goods and at the August Sale Prices
just Scandalously Cheap.

Women's Imported Lisle Thread
Hose, plain, silk embroidered,
check, stripes, spots, a large variety
of colors and patterns. Regular 50c
and 60c values. Monday Hosiery

Boys' Suits Clearing Cheaply all Right on Monday

WE always do Call Monday Boys' Day, but we don't
always feel justified in giving boys and their
mothers such good values as we quote for this coming
Monday.

\$7.00 Suits for \$2.98
\$2.50 Suits for 59c

You see it's getting on in the season—for us.

Boys' Russian and Sailor Blouse Suits, made from fine English navy blue
serges and fancy colored tweeds, in brown, light and dark greys, and fancy
green mixtures, in stripe and check effect; pants plain and bloomer styles.
Sizes 2 1/2 to 9 years. Regular prices \$5.00, \$6.00, \$7.00 and \$8.00. To clear
Monday \$2.98.

CLEARING ALL THE ODDMENTS OF OUR WASH SUITS AT 59c.
Boys' Russian and Sailor Blouse Wash Suits, in white duck, blue and
white stripe English prints and galateas, and white linen, with neat blue
and red checks, made with sailor collars and detachable shields; pants
plain and bloomer style. Sizes 2 to 9 years. Regular prices 90c to \$2.50.

NEW ARRIVALS IN SUITINGS.
New Black Broadcloths, New Suit-
ings, New Black Voles, New Wor-
stedes, New Colored Broadcloths.

Paon, Chiffon, Glove and Suede
Belted Black Broadcloths, always a
leading line with us, made in France
and Austria from finest picked Bot-
any yarns, and dyed and finished by
the best dyers and finishers in Eu-
rope. Always reliable, they are the
"Simpson quality."

New and Fashionable Suitings, the
pick of the London and European
markets. A display that is unsur-
passed for variety, quality and value.

New Black Voles, in a large var-

ety of weaves, fine, medium and
coarse mesh, absolutely unfading
dyes, guaranteed to give excellent
wear.

New and Fashionable Worsted
Suitings from the best looms in Eu-
rope, in stylish line and two-toned
stripes, new colorings in taupe and
dark grey. We have the most com-
plete and exclusive range of these
smart suitings in Canada.

"Simpson's" Broadcloths are the
product of the world. This season
we are making a larger display than
ever before. It is impossible to ask
for any shoe that is not represent-
ed in our Broadcloth Section.

Household Savings Count up as Quick as any Other Kind

THE Furniture Sale gives housekeepers a semi-annual
opportunity to do one of two things. One may save
big substantial amounts on household necessities—a new
bedroom suite for instance or a set of dining room chairs.

Or one may add a premium to one's original intention
and, by the aid of August Furniture Sale Prices, procure
a degree of quality otherwise beyond one's means.

Our enlarged Furniture Department is filled with in-
stances. Come in on Monday and see.

12 only Sideboards, quartered oak,
golden, hand carved and polished,
