167,780 PRISONERS TAKEN BY ALLIES SINCE APRIL 9

Of This Number, 102,218 Are Germans—British Prisoners Captured in Same Time Number 43,000

London, Aug. 24.—The British, French, Italians and Russians have captured 167,780 war prisoners since April 9, when the 1917 campaign opened with the battle of Arras, up to August 22, it is stated.

"The number of prisoners captured by the entente allies since April 9, when the 1917 campaign opened with the battle of Arras, up to August 22, is:—

"German war prisoners captured by British, 46,156.
 "German war prisoners captured by French, 43,723.
 "Chiefly Austrian war prisoners captured by Italians, 46,681.
 "Chiefly Austrians captured by Russians, 37,221.
 "Total, 167,780.

"The total number of German war prisoners captured by us since the beginning of the war is 1,022,218.

"The total number of British prisoners, including Indians, captured by the Germans is approximately 4,000, but exact information as to the small captures made by the enemy in recent fighting cannot be given until the necessary information is received from Germany.

"The total number of prisoners captured by us in all the war theatres since the beginning of the war, exclusive of African natives, is 1,311,776.

"The total number of prisoners captured by us since the beginning of the war, exclusive of African natives, but including Indians, is approximately 1,350,000."

Potash Discovered at Muskoka Answer Given to German Boast

Dominion Government Gives Toronto Firm Permission to Extract Mineral From Water.

Ottawa, Ont., August 24.—The German boast that the world would accordingly be starved of potash, appears to be an empty one. Potash has been discovered at Muskoka, Lake, Ont., and the Salt and Potash Company of Canada of Toronto have been granted permission, on the application of J. Ogilvie Cars, to divert water from the lake to extract the potash, and also to lease vacant Dominion lands abutting on Muskoka Lake in connection with the recovery and utilization of the potash and other minerals.

SPLENDID WORK OF CANADIANS IS PRAISED BY PARIS PAPERS

People Would Be Touched and Thrilled if Story of Human Misery, Abnegation and Self-Sacrifice Were Told.

Paris, Aug. 24.—(Via Reuters' Ottawa Agency).—The newspapers of the French capital pay glowing tribute to the splendid work of the Canadian troops, Le Petit Parisien says.

"If it were known what human misery, abnegation and self-sacrifice were involved in those 1500 metres of trenches recently captured by the Canadians in this corner of hell, in which every German soldier fought like a wild beast, the people would be touched and thrilled. An enemy officer remarked of the Canadians: 'Only once have I known a class of soldiers as brave and thoroughly trained, namely Von Kluck's men in 1914.'"

The correspondent of Le Petit Parisien points out that it is noteworthy that all prisoners, even the officers, declare the war is nearing its close because Germany is at the end of her resources.

Sir William Hearst has sent the following cable, thru Sir Douglas Haig, to Lieut.-Gen. Sir Arthur Currie and the forces under his command:

"Ontario heartily congratulates Canadian forces on their inspiring achievements in recent victories under your command."

He has received the reply which follows:

"All ranks of the Canadian forces under my command join with me in thanking you very warmly for the inspiring message of congratulation that you have sent us on behalf of the Province of Ontario."

SOLDIERS' BILL IS READ SECOND TIME

Amendments Incorporated and Liberals Appear to Be Satisfied.

PUGSLEY'S PROTEST

Charges Government With Framing Bill to Swing Doubtful Ridings.

Ottawa, Aug. 24.—The military voters' act passed successfully thru the house of commons tonight and now stands for third reading. The amendments agreed upon yesterday were all incorporated, and the Liberals professed themselves much better satisfied with the bill. There was quite a lively debate, however, upon an amendment moved by Hon. Wm. Pugsley which sought to exclude from the military franchise members in Canadian expeditionary forces who had never lived in Canada. Both he and Mr. German, of Welland, contended that these electors, having the right to vote wherever they pleased, could be so fitted as to swing nearly every doubtful riding for the government. Hon. C. J. Doherty, minister of justice, who was in charge of the bill, refused to accept the amendment, and was vigorously opposed by many government supporters, including Messrs. Bennett (Calgary), Arthur, Edwards and Morphy. A number of the opposition, Liberals also refused to support the amendment, which was finally defeated by a vote of 83 to 15. Those supporting the Pugsley amendment were Messrs. Pugsley, German, Oliver, Murphy, Turgeon, Knowles, Copp, Mackenzie, Mitchell, Marlin (Bago) and Frouz.

When the house got into committee on the bill, Mr. Doherty moved an amendment to make it plain that the

RANK FOLLY TO MAKE CLEANLINESS CRIMINAL

Berlin Newspapers Don't Like Proposal to Prohibit Home-Bathing.

Amsterdam, Aug. 24.—The proposed prohibition of bathing at home in Germany to save fuel and soap is called rank folly by the Vossische Zeitung of Berlin. The paper says many public baths already are closed, owing to lack of coal, and attributes notable increases in skin diseases, dysentery and other disorders to the "bathless" Germans. The Norddeutsche Allgemeine Zeitung also points out the increase in cases of dysentery in Berlin, which, it says, is due to the fact that, while typhoid, which spreading, also is causing uneasiness.

Win-the-War League Not Satisfied With Laurier's Reply to Its Letter

Frank Wise, honorary secretary of the Win-the-War League, has sent the following letter to Sir Wilfrid Laurier asking for a more definite statement of his views upon conscription:

Right Hon. Sir Wilfrid Laurier, G.C.M.G.
 Dear Sir: I beg to acknowledge receipt of your letter addressed to me as honorary secretary of the Win-the-War League.

On behalf of the league, I beg to thank you for the statement of your views with which you have favored us. I am, however, instructed to call your attention to the fact that our communication appealed to you 1. To place a definite time limit on the period you would allow for recruiting.

2. To state that if voluntary effort failed to produce the necessary reinforcements, you would resort to conscription.

The statement of your views does not appear to furnish an answer to this appeal. May we ask to be favored with a definite reply as to your intentions on these two points of policy which we regard as of cardinal importance?

Yours very truly,
 Frank Wise, honorary secretary.

Last Remaining Stronghold of the Germans Fronting Verdun Carried by Storm, and Many Prisoners Are Taken.

By the Associated Press.
 Grand Headquarters of the French Army in France, Aug. 24.—Hill 304, the last remaining important stronghold of the Germans fronting Verdun, fell into French hands at dawn today. The French infantry, who had almost encircled the hill in previous attacks, charged the German positions in a brilliant dash and carried them by storm, capturing the remainder of the Germans entrenched there.

Not content with this splendid achievement, the French advanced a further 500 yards and made possession of the hill doubly secure. Hill 504, together with Le Mort Homme, commands all the ravines and approaches as far as Douaumont. The loss of these positions deprives the Germans of all observatories from which they could watch the French movements.

ITALIANS CARRY LINES FURTHER TOWARD GOAL

Cadorna's Men Have Taken Twenty Thousand Prisoners and Still Advance After Crushing Desperate Austrian Counter-Attacks.

Rome, Aug. 24.—The war office reports that the battle on the Isonzo front continues, and that about sixty guns have been captured. More than 20,000 prisoners, the war office statement says, have been removed from the Austro-Italian front by the Italians. General Cadorna announces that the Italians yesterday stormed the Austrian positions, broke up violent counter-attacks made by the enemy and took a large number of Austro-Hungarian prisoners.

The text reads:

"The battle is continuing. We have carried new positions, broken up the enemy's violent counter-attacks, and have captured a large number of prisoners."

"Altogether, up to the present, we have removed from the battle front more than 500 officers and 20,000 men, about 60 guns, mostly of medium calibre, numerous trench mortars and machine guns, and a large quantity of war material."

"On high our aviators, with unending effort and driving the enemy no truce, have bombarded his mixed troops and have carried destruction into his line of communication by dropping fifteen tons of bombs."

"On the Trentino front, where the enemy persists in his fruitless attempts to create a diversion, we completely repulsed patrols in the Giudicarie and storming parties in the Lagarina Valley and at Monte Croce."

"Albania.—During the night of Tuesday, in a lively encounter of the right bank of the middle Voussa River, one of our patrols almost destroyed an enemy party. The few survivors were taken prisoner."

UNION MINISTRY SEEMS ASSURED

Western Liberals Reported as Favorable to Fifty-Fifty Arrangement.

Winnipeg, Aug. 24.—The Free Press says today:

"The fate of union government depends on the outcome of a conference which is being held between prominent western Liberals, who returned from Ottawa today, and members of the Manitoba Government."

"It is reported that the chances for a union government are bright, and it will be formed on a fifty-fifty basis. It is said that a sufficient number of western Liberals are willing to come into the agreement."

"Those who returned from conferring with the authorities at Ottawa are: Hon. A. L. Blifton, premier of Alberta; Hon. W. H. Martin, premier of Saskatchewan; H. W. Wood, president of the United Farmers of Alberta; and T. A. Crerar, president of the Grain Growers' Grain Company. The party went into conference with some of the members of the Manitoba Government, and the conference is likely to last all day."

FAITH IN RUSSIA REAFFIRMED BY U. S.

Another Hundred Million Dollar Loan is the Concrete Evidence.

NO CONCERN OVER RIGAS City Has Been Evacuated Five Times Since Start of War.

Washington, Aug. 24.—The United States reaffirmed today its faith in the new Russian democracy and gave concrete evidence of its confidence by lending another hundred million dollars to the provisional government.

Announcement of the loan came from the treasury soon after Secretary Lansing, at the state department, had denied formally that reports from Russia were of an unfavorable nature and declared that on the contrary, confidential dispatches to the government were the basis for his belief that the administration at Petrograd was strengthening its position.

"I regard the government of Russia as stronger today than it has been for a month," Mr. Lansing said. "I mean in general, both from political and military points of view. This opinion is upon reports more or less confidential that we have been getting."

"So far as the military situation is concerned the secretary indicated that he felt little concern over the advance upon Riga by the Germans, receding from the place had been evacuated five times during the war."

"Much of the money placed to Russia's credit, bringing her total loans from the United States to \$275,000,000, probably will be spent immediately for supplies and equipment, which must be shipped quickly if they are to arrive before the closing of the northern ports by ice. One of the great needs is railroad locomotives and rails, which American producers are endeavoring to provide."

ALLIES MADE ATTACK ON METZ FROM AIR

Germans Admit Casualties in Fortress and Adjacent Towns.

Amsterdam, Aug. 24.—A semi-official telegram from Berlin says that during an enemy attack Tuesday night a girl was killed at Metz. A woman and five children were injured at other towns.

WANTED BY TORONTO POLICE.
 Winnipeg, Aug. 24.—Stephen Madden, wanted by the Toronto police on a charge of conspiracy, was arrested in Winnipeg tonight.

GERMANS SUCCEED IN MINOR FIGHT

British Advanced Forces Driven From Positions Captured Wednesday.

FIERCE FIGHTS GO ON

Enemy's Losses at Inverness and Glencorse Wood Are Heavy.

London, Aug. 24.—The Germans in violent attacks with fresh effectiveness along the Ypres-Menin road have driven out the British advanced forces from positions captured in Wednesday's fighting, according to the official communication issued by the war office this evening. Fierce fighting continues in this region. The Germans have lost heavily under the fire of the British guns. The communication says:

"This morning the enemy strongly counter-attacked, with fresh troops, the positions gained by us on Wednesday in the neighborhood of the Ypres-Menin road. He repeated his assaults with great violence throughout the day and forced back our advanced troops. Fierce fighting has taken place in the Inverness Copse and the Glencorse Wood, and is still continuing. Numerous concentrations in this area have been dealt with effectively by our artillery. The enemy's losses in the stubborn fighting which has taken place all day are heavy."

"We advanced our lines slightly during the night southeast of St. Julien and took several prisoners. The customary work of our airplanes was continued yesterday, despite unfavorable weather and high westerly winds. The enemy's aircraft showed little activity. In air fighting one German airplane was downed and another driven down out of control. Three of our machines are missing."

CANADIANS HOLD FOSSE FOUR AGAINST SIX HEAVY ASSAULTS

Important Position Near Green Crassier Torn From Germans, Changes Hands Several Times, With Manitoba Troops Winning Fight --- Gas Pours Into Lens Cellars.

By Stewart Lyon.
 Canadian Headquarters in France, via London, Aug. 24.—The operations about Lens assume, more and more, the characteristics of a siege. The city is not encircled by our troops, but as the result of the continuous fighting of the past ten days the Germans in the environs have been driven in upon the thickly built central portion of Lens, which now forms a wedge-shaped intrusion in our battle front, with the point of the wedge almost due west of the cathedral.

The enemy is seeking by the most desperate fighting to secure more room in the open to the north and south of the wedge, because at the present thousands of men who form the garrison of Lens are forced to remain in cellars, mine galleries and wrecked houses, where life is one long horror. This we know from prisoners who have described the conditions under which the Germans in Lens are now living. Night and day they are in imminent peril from huge shells that fall into the city in a never-ending stream. These shells are frequently projectiles from super-howitzers of twelve and fifteen-inch calibres. The bursting power of high explosives in these shells is terrific, and even the deepest dugouts, reinforced with ferro-concrete, cannot indefinitely resist their impact. An officer, recently captured, states that a single company of a battalion which was sent in to strengthen the garrison, lost 35 men on their first day in the city during the bombardment.

Gas Deluge Continuous.
 Gas, in large volumes, is thrown into the city from projectors, and being heavier than air, seeks the lowest places, in which it remains a long time and retains its deadly nature. The Pugsley's instruction to enemy troops regarding the wearing of gas masks, it is stated that in these projectors the British possess a very effective means of projecting upon our trenches large quantities of highly poisonous and dangerously concentrated gas."

Our infantry assaults during the past ten days have given us the high land on the north and west of the city, from which, with the utmost accuracy, both high explosive and gas can be directed upon the enemy in his crowded quarters. The position is entirely satisfactory. The enemy has never before, on the western front, occupied ground where heavy hourly losses have been so inevitable. The enemy never fought with greater determination than during the past week.

After the capture of Fosse Four, St. Louis, and Green Crassier, yesterday morning, our men discovered German order dated the 22nd, saying:

"Whatever happens Fosse Four and St. Louis are to be held."

Throughout the day, in pursuance of this order, the enemy attempted to retake Fosse Four and the Green Crassier.

Bitter Fighting.
 The Manitobans who had taken their positions before daybreak, fought until far into the night, to make good their footing. Hour after hour they resisted bombing attacks by an endless succession of German assaulting traves. At three o'clock our men were drawn back to the western side of

MUNITION WORKERS SHOULD NOT WAIT

Mark Irish, M.L.A., Advises Those Laid Off to Seek Other Work.

CONDITIONS CHANGED

Can Now Maintain Supply Without Risk of Shipping Overseas.

Mark Irish, M.L.A., director of the department of labor, Imperial Munitions Board, interviewed by The World last night on the labor situation in connection with the number of hands lately laid off, and rumors of further releases on the part of munition factories, admitted that there was a slowing down on work in this line.

"I would recommend all who have been laid off," he said, "to seek other employment and not wait for possible re-employment in munition factories."

"Does that mean that the war is drawing to a close?" he was asked.

"That is not the point at all. It is rather that a great surplus of munitions has been piled up, and it is most satisfactory to Canada, that there should be such abundance that the authorities overseas feel capable of maintaining the supply at a sufficient level without the cost and risk of ocean shipment."

"It is very undesirable also," he remarked, "that men who have presumably saved a certain amount out of their good wages should spend this now on an idle time. Thrift and economy are essential in war time."

"I would add also that it is a mistake for a man who has acquired a certain amount of skill in turning out a shell should on that account fancy that he is a skilled mechanic. Let him get into productive work as soon as he can if he wishes to benefit himself and the country."

They have arrived—a shipment of the new fall style English Christy hats for men. This is the stiff hat that leads the world in quality and style—the original, famous "Christy stiff." All the quality and all the style is still here for \$2.65 at Dineen's, 140 Yonge street.

PROF. J. C. MACLENNAN IS INCLUDED IN HONORS

Becomes an Officer in New Order of the British Empire in First List.

Canadian Associated Press Cable.
 London, Aug. 24.—The first list of the new order of the British Empire, which has been expected for nearly two months, was published tonight, with the intimation that after consultation with the governments of the dominions a list for the same will appear later. The present list includes the following of special interest to Canada:

Knight Grand Cross British Empire, Lord Emmott, formerly colonial under-secretary, who visited Canada, a few years back.

Knight Commander British Empire, Charles Blair Gordon, formerly vice-president of the Canadian Munitions Board; Herbert Edward Morgan, previously of the Canadian Munitions Board and now of the English ministry of labor.

Officer of the Order of the British Empire, Professor John Cunningham MacLennan, University of Toronto.

GERMAN STEAMER SUNK BY TORPEDO

Enemy Vessel, Bound for Dutch Port, Destroyed at Sea.

London, Aug. 24.—A despatch to The Daily Telegraph from Rotterdam says the German steamer *Ronald*, bound from Rotterdam for a German port, has been torpedoed off the Dutch coast and sank in deep water.

A News Agency despatch from Amsterdam says the steamer presumably was sunk outside Dutch territorial waters.

The *Ronald* (Lionhardt) was a vessel of 1,125 tons, and was owned in Hamburg.

ASSELSTINE TAKES A NOTE TO LAWYER

Acts as Carrier for Material Witnesses in MacRobbie Mystery Case.

POLICE BAFFLED

Come to End of Tether in Solving Cause of Hamilton Doctor's Death.

Hamilton, Saturday, Aug. 25.—That "Bill" Hynes, one of the new figures introduced into the MacRobbie mystery by Harry Bell, during his evidence at the hearing last Thursday night, would likely differ from the story that of Asselstine's, and the clearing up of the origin of the note, which was briefly referred to by Crown Attorney Washington, were most important developments in the case yesterday.

Considerable comment has been caused through the action of the crown in taking the evidence of the important witnesses before having the medical testimony taken to mean that the doctor died as the result of the fracture at the base of the skull and that it was such an extensive nature that it would not have been caused by fall.

Witnesses Pose for Pictures. Smith, Scott and MacAuliffe were taken to the police station at noon yesterday, where they posed for their pictures. They did not appear to be pleased with the proceedings and showed signs of nervousness when their finger prints were taken.

It is not rising away any secret to say that the police are almost at the end of their tether, as far as cleaning up the mystery is concerned.

Conflicting Testimony. Hynes conflicting testimony called to the witness box he would have to contradict Asselstine's assertion that it was about 11.30 when he saw Dornan and himself at the building. According to Hynes he did not follow Asselstine into the building, as the latter stated, that Dornan, who knew Smith, did not follow him.

"When they came down," said Hynes.

HAMILTON NEWS

Hamilton, Aug. 24.—Frederick B. Hubert, a well-known citizen and a prominent member of the Knights of Pythias, died this morning at his summer home in Fort Nelson.

When Crown Attorney Washington asked Asselstine if he had taken a note to C. W. Bell, counsel for Smith and Scott, a burst of excitement swept through the court room, it being believed that the police had at last shown one of their cards.

It was not a note, but a fake telegram, Asselstine replied.

Yesterday it was learned that the note was written on a telegram and read: "Tell the bearer all you know." It was signed "Harry Smith." The writing, however, was not Smith's.

U. S. WAR OUTLAY REACHES BIG SUM

Allies Receive Daily Allowance of Sixteen Million Dollars.

Washington, Aug. 24.—War expenditures of the United States, including allied loans, have mounted during August to more than \$2,000,000 every twenty-four hours.

The figures, minus \$100,000,000 just loaned to Russia, are contained in today's treasury statement. Two-thirds of the great sum is represented by advances to the allies.

The United States has been spending daily during August for its own needs, an average of \$4,000,000. The allies have been receiving an average daily allowance of \$16,275,000, including cash already paid and the new Russian credit which will be paid shortly.

The total daily expenditure during August thus reaches \$24,468,000.

Director of "Bonnet Rouge" Said to Have Given Enemy Information.

Paris, Aug. 24.—M. Duval, director of the Bonnet Rouge, whose editor committed suicide August 15, after being arrested on the charge of sedition, was today turned over to the military authorities by an examining magistrate.

M. Duval has been charged with the crime of espionage, according to the police, evidence collected in the investigation proved that the Bonnet Rouge director, in fact, had held the death of the Belgian with information. This charge involves capital punishment.

Dr. Edwards (Frontenac) made a forceful speech and created quite a sensation by saying that the military election would quite naturally result in the Huns in Canada as well as the Huns in Europe, and would make it impossible to get Liberal candidates elected.

Mr. Pugsley, who was elected to the House of Commons, said that he had a son at the front, and after the outbreak of the war, he had discarded his uniform, and was now running a garage in the City of St. John instead of a machine gun at the front.

False and Cowardly. Mr. Pugsley denounced the accusation as false and cowardly, and suggested that the charge ought to be at the front himself.

Dr. Edwards retorted by saying that he had a son at the front, and after the outbreak of the war, he had discarded his uniform, and was now running a garage in the City of St. John instead of a machine gun at the front.

SOLDIERS' BILLS READ SECOND TIME

(Continued from Page 1).

soldiers called out under the conscription law will not become military electors until they are placed on active service.

What Could Be Done? Hon. Frank Oliver asked what would happen to a soldier in England or France who made a false affidavit. Suppose a British soldier who was not in the Canadian expeditionary force at all made the necessary affidavit and voted in the Dominion election, what could be done about it?

Judge Doherty said that from a military standpoint the man might be considered to have committed perjury, but there could be no prosecution as the criminal code did not run beyond the boundaries of Canada. We would have to rely upon the moral sense of the soldiers to see that the law was not abused.

Mr. Pugsley moved an amendment to section two of the act, which declares that every member of the Canadian expeditionary force shall be a military elector, whether or not he is ordinarily residing in Canada. Mr. Pugsley moved to strike out the words "whether or not."

He did not think that the franchise should be extended to men who were not in Canada, and knew nothing whatever about the country. He especially objected to these strangers being allowed to vote in any riding they might select.

Outrage, Says German. Mr. German (Welland) seconded the amendment. He said it was an outrage upon the civil rights of Canada to have a Dominion election determined by men who had never lived in this country. He said that such an election coming up to vote would be a disgrace to the name of Canada.

Mr. German said that he was an out-riager upon the civil rights of Canada to have a Dominion election determined by men who had never lived in this country. He said that such an election coming up to vote would be a disgrace to the name of Canada.

A Formal Presentation of Which Will Take Place
On Monday and Tuesday Next
When There Will be Displayed an Interesting and
Extensive Collection of

Suits, Coats, Gowns, Skirts, Blouses, Furs and Hats For Women, Misses and Children

Exemplifying in Wide Variety and Attractive Form the New Vogue of the Narrow Skirt, the Long Tunic, the Close-fitting Sleeve, and the Fashionable Predominance of the Following Shades:

- | | | |
|--------|----------|--------------|
| Mole | Beetroot | Navy Blue |
| Taupe | Burgundy | Balsam Green |
| Madura | Purple | Black |

The New Suits Have Long Coats, Close-fitting Sleeves, and Narrow Skirts

TRIM-LOOKING indeed are the new suits with their long, semi-fitting coats and straight skirts. Some are in mannish, plain tailored styles, other show pleats, yokes and gathers, the belt being an almost invariable feature of the coat. Pockets and collars are considerably smaller than before, and black military braid and black bone buttons are in strong evidence by way of finish. Serge, gabardine, poplin, velours and broadcloth are the fabrics of first favor, with navy blue, taupe, balsam green, Madura brown, Burgundy, beetroot, purple and black as the shades of modish choice. At a price range of \$16.50 to \$35.00 will be shown a splendid selection of suits of this fashionable description, including many models in extra sizes for large and small figures.

Top Coats Show Straighter Lines and New Crush Collar

THERE IS AMPLE FULLNESS in the skirts of these Autumn Coats, but they hang down straight, instead of flaring outward, as in the season just past. Collars are wide and deep, and when fastened, crush into soft folds around the neck, the shoulder-points of many of them crossing over to button in front. The belt is an almost universal feature. Beaver, cheviot, velours, broadcloth, kersey and frieze are the materials of chief use, with Madura brown, beetroot, balsam green, navy blue, purple, black and mole as the favorite colors. There is a splendid variety of styles at \$15.00 to \$27.50.

The New Blouses Are All for Filmy-Daintiness

ALL the filmy becomingness afforded by Georgette crepe and the softest of crepe de Chine belongs to these blouses brought from New York for the early showing of Autumn styles. White, flesh pink and maize still prevail by way of shade, with bead and silk embroidery serving as ornamentation. Collars are flat and broad, and necks for the most part are V-shape. From \$3.95 to \$10.99 is a selection of styles that meets all needs and occasions.

Serge and Satin Dresses Are Immensely Smart

THE TAILORED FROCK of navy serge for informal wear; the softly draped frock of satin for afternoon and evening use — this is Fashion's idea of what your indoor costume should be for Autumn. But she offers other materials, too—crepe de Chine, crepe meteor and messaline in the way of silk, and gabardine and poplin in the way of cloth. And a delightful showing you will find in the Women's Dress Department of gowns of this description, moderately priced from \$30.00 to \$40.00—importations from New York and reproductions from our own workrooms. Black and navy predominate in the serge and gabardine models, while the fancier silk dresses include taupe, mole, Madura, navy, black, beetroot and balsam green.

Suits, Coats and Frocks for Misses

THE vogue of simplicity and the straight line is charmingly embodied in the youthful-looking garments designed for misses' wear. In these, too, is evidenced the fashionable fondness for navy blue, beetroot, nigger brown, balsam green, mole color and black. Serge, satin and Georgette crepe dresses will be prominent features of Monday's showing in the Misses' Department—prices running from \$8.75 to \$35.00. Also many variations of the new top coat with the crush collar, and the suit with the long coat and straight skirt—priced from \$18.50 to \$35.00. For college girls are some exceptionally attractive dresses of the middie blouse type in navy or black serge, priced at \$10.00.

Wolf, Lynx and Fox Are the Leading Furs

IT IS these long-haired petries that La Mode has prescribed for the muff and scarf, without which no fall wardrobe is complete. The same are presented for your wearing in three shades—taupe, Lucile (a soft, dark brown) and black. So far as styles go, the chief novelty is the cape-like neckpiece, sometimes square, and sometimes round, but always worn loosely on the shoulders. Many smart varieties of this may be had in wolf from \$16.50 to \$25.00; in lynx from \$27.50 to \$45.00, and in fox from \$25.00 to \$35.00, with muffs to match in the new round "canteen" shape at equally moderate prices. Hudson seal coats will be shown in all their handsome comfortableness at prices ranging from \$139.00 to \$345.00, the flat cape collars being one of their noteworthy features. Lynx, fox, sable, opossum, and Kolinsky are the furs most popularly employed for trimming. The muskrat coat takes on a new charm this season, being fashioned with particular softness and style. It will be shown in many designs suitable for motoring and general wear, from \$37.50 to \$260.00.

The Fall Mode in Millinery

Will Be Set Forth in a Most Attractive Display of

Dress and Tailored Headwear

Showing Fashion's Infatuation for the Velvet Hat
With the Large Draped or Gathered Crown

Which Will Be Presented With
Large, Small and Medium Brim

The designs ranging in size from the close-fitting urban to the huge picture hat rolling up high at the back or side.

Folds or flaring pleats of the velvet serve by way of trimming, with gaura mounts, ostrich bandings, and jet and metallic ornamentation adding their effective aid. The colors of chief favor are mole, purple, beetroot, mahogany and raisin brown.

The offering includes models from well-known hatters of Paris and New York, but special emphasis will be laid on the splendid collection of reproductions and original designs from our own milliners, at prices ranging from \$7.50 to \$15.00.

For Monday Morning at \$3.00—Smart velvet hats, fashioned by our milliners, for special selling at \$5.50. These include large and small designs, showing the fashionable tan, melon and draped crowns, with a color choice of mole, Cuban brown, navy blue, balsam green, purple and black. Monday morning, special at \$5.50.

Separate Skirts Show Many Pleats

TO ACHIEVE the straight line of reasonable vogue, the new skirts make liberal use of pleats. Tunics and flat draperies are likewise employed on many of those for afternoon use. For the latter, black satin is the fabric in highest favor, while striped faille and taffeta in combinations of green, navy and brown are also approved of La Mode. Of such skirts there will be shown a wide selection at prices ranging from \$15.00 to \$35.00. For knockabout wear is a group of attractive styles in navy and black poplin at \$7.50, and in the ever-popular black and navy taffeta silk are many pleated and gathered effects at \$5.95 to \$13.50.

Everything Goodful and New for Children

THE showing will not be unkindful of the schoolgirls and little tots. In the Children's Department will be shown dresses and coats of new Autumn for little girls of 6 to 14 years old, including such smart blue serge jumper and high-waisted frocks and such wonderfully nice grey chinchilla coats! And in the Infants' Wear Department the Autumn needs of little girls and boys of 2 to 6 years will be met by a most attractive offering of indoor and outdoor dresses, velvet, cloth and washable suits, reefer and full-length coats, and every new variety of romper.

You Are Cordially Invited to Visit the Display and to Take Advantage of the Various Conveniences the Store Affords—The Waiting and Rest Room, Third Floor; The Information Bureau and Post Office, Main Floor; The Free Parcelling and Checking Desk, in the Basement.

THE T. EATON CO. LIMITED

CROP CONDITIONS ARE SATISFACTORY

Hundred and Seventy-Five Thousand More Acres Producing This Year.

PROVINCIAL REPORT

Hundred Thousand Bushels Increase in the Yield of Beans.

Statistics of the field crops of Ontario for the present season, compiled from individual returns by farmers to the Ontario Bureau of Statistics, and the probable yields estimated by an experienced staff of correspondents, were issued in a report yesterday by the Ontario Department of Agriculture. According to the report the crop conditions in the province are highly satisfactory, the acreage under cultivation being much greater than a year ago. It is estimated that including the hay and pasture land there are 275,000 more acres producing this season than a year ago.

A feature of the report is the increased acreage of land devoted to beans, the yield this year being estimated at approximately 100,000 bushels more than a year ago. This crop will be a source of revenue to the farmers, as it is stated that contracts were closed by dealers early in the spring for beans at 35 and 40 a bushel. Potatoes show an increased acreage, and the estimate does not include the vacant lots in the towns and cities devoted to this article of food. The following is the report: Grain Crops. Fall wheat, 555,346 acres, will produce 15,548,287 bush, or 28.1 per acre, as against 704,897 acres, 14,942,080 bush, or 21.2 per acre in 1916 and 24,727,011 bush, in 1915. The annual average for the 25 years 1882-1916 was 21.5. Spring wheat, 182,957 acres, as against 954 bush, or 21.2 per acre, as against 144,205 acres, 2,113,961 bush, or 15.3 per acre in 1916 and 4,439,948 bush in 1915. Annual average 16.1. Barley, 551,298 acres, 19,862,329 bush, or 36.1 per acre, as against 527,886 acres, 12,388,969 bush, or 23.5 per acre in 1916, and 19,893,129 bush, in 1915. Annual average 28.0. Oats, 2,758,458 acres, 118,949,213 bush, or 43.0 per acre, as against 2,689,762 acres, 71,297,520 bush, or 26.5 per acre in 1916, and 120,217,952 bush, in 1915. Annual average 35.7. Rye, 138,077 acres, 2,805,601 bush, or 20.3 per acre, as against 148,738 acres, 2,854,410 bush, or 19.2 per acre in 1916, and 2,310,512 bush, in 1915. Annual average 16.5. Peas, 99,322 acres, 1,626,968 bush, or 16.1 per acre, as against 95,545 acres, 1,248,979 bush, or 13.1 per acre in 1916, and 2,043,049 bush, in 1915. Annual average 19.1. Beans, 114,785 acres, 1,585,483 bush, or 13.8 per acre, as against 103,999 acres, 882,105 bush, or 8.5 per acre in 1916, and 882,819 bush, in 1915. Annual average 15.7. Hay and Clover. (not including alfalfa) 3,258,579 acres, 6,156,340 tons or 1.82 per acre, as against 3,294,429 acres, 6,739,259 tons or 2.04 per acre in 1916, and 3,825,026 tons in 1915. Annual average 16.7. The acreage in other crops for which no estimates as to yield have been made at this date are as follows: Buckwheat, 158,457, against 483,929, 1916; corn for husking, 258,925, against 258,332; corn for silo, 511,329, against 499,411; potatoes, 144,481, against 139,522; sugar beets, 22,039, against 22,738; carrots, 2,920, against 2,391; turnips, 98,084, against 31,670; mixed grains, 48,929, against 48,929; alfalfa, 189,109, against 177,565. Alexander was badly shaken up and removed to the General Hospital. The other occupants were unhurt.

ESCAPED FROM POLICE WHILE AWAITING BAIL

John H. Neve, Who Was Held on Perjury and Fraud Charge, Has Disappeared.

John H. Neve, secretary-treasurer of the Woodbury Milling Company, of Glencoe, Ont., gave the policeman in charge of him the slip yesterday while awaiting the arrival of a man to go bail for him. Police throughout the country are on the lookout for Neve. Neve was arrested on a charge of perjury and attempting to defraud nine insurance companies as the result of an investigation held by George F. Lewis, deputy fire marshal of Ontario. On July the mills of the company at Glencoe, Ont., were burned and the damage to buildings and stock was estimated at \$29,000. An investigation was held and Neve was arrested. He was later taken before P. J. Morrison, J.P., for bail, and is awaiting the prospective bailor's arrival.

NEW IDEAS IN FARM BUILDINGS AT THE EX.

When farm conditions make building on the farm almost out of the question, there is something wonderfully interesting about the modern building ideas demonstrated by the Metal Shingle & Siding Co., Limited, at the fair grounds. This is the company that aroused so much comment a few years ago by the introduction of the steel truss barn—a model of which is at the Ex. This fine type of barn, modern to the last detail, can be built in from ten days to two weeks' time. It is a boon to the farmer with a building problem to face. This year they will introduce another wonderful building idea—the sectional implement building which, as they show at the grounds, can be put up by two or three men in two hours. This is a good-sized building of the highest type of construction. Every farmer should see this. It may save him a great deal of trouble if he has to provide storage for implements, etc. There are sectional garages, too. This company shows some as low as \$70—a complete building of the latest design and ready to set together. An invention of the greatest interest to farmers is the Preston lighting and ventilating rig. This device combines the finest type of lighting with a very complete ventilator. It can be fitted to any type of roof. It is being fully explained by the manufacturers at the Exhibition.

THE GRAND TRUNK AT TORONTO EXHIBITION.

A most attractive display of Canada's beauties and resources is made by the Grand Trunk System this year. Many new ideas have been introduced and the Grand Trunk building is one of the features of the Exhibition. In addition to a comprehensive display of the principal attractions of Eastern Canada, including magnificent views of the direct photographic enlargements from direct taken in the many districts that make up what is known as the "Highlands region" there are a series of handsome views of the Atlantic Coast and other territories that appeal to the eye. In the splendid Western Canada territory served by the Grand Trunk Pacific, are depicted, and there are samples of soil, dairy and farm products and specimens of the mineral wealth of British Columbia. The new route of Alaska is shown in an attractive manner, while the Transcontinental Line, via North Bay, Cochrane and Cochrane, connecting Eastern and Western Canada and affording an opportunity for thousands of homeseekers in New Ontario, has a prominent place. Representatives competent to give all information concerning the territories served by the Grand Trunk System are in attendance.

TWO TEACHERS GRANTED LEAVE TO GO OVERSEAS

J. T. Norris and H. N. Sheppard of Lansdowne and Morse Schools Off to War.

Following half hour sessions of the property and finance committees of the property and finance committees for contracts, the board of education held a fifteen minutes' meeting yesterday afternoon to approve the recommendations of the first two meetings. The appointment of Miss A. L. Cook as teacher of English in the Riverside Collegiate Institute was confirmed. T. Norris and H. N. Sheppard, assistant principals of Lansdowne and Morse streets schools respectively, for overseas service. Miss Yokes, chairman of the board, submitted the reports of the property and finance committees and these were adopted. The property committee, of which F. B. Mundie is chairman, approved the following bids: Two hundred and sixty manual training school stools, \$296, by G. N. I. Race; castings for repairs in schools by Pease Furnace Co. and Rutledge Co.; kindergarten school chairs, \$90 and \$90 and tables \$2.45, by George M. Hendry.

The finance committee, of which C. A. B. Brown is chairman, approved an appointment of a committee to investigate and report the advisability of assuming charge and expense of the Union Stock Yards lot near St. Clair Avenue School. The Tarling Map Mounting Company was awarded the contract for mounting \$500 maps obtained from the Dominion Government to hang on school room walls on its bid of \$450.

VICTIM OF NEW REGULATIONS.

C. S. Simpson, in the police court yesterday, was the first victim under the new traffic regulation requiring a vehicle to give place to one on the right. A staff inspector with a motorcycle claimed that Simpson cut in front of him with a motor car, almost causing a collision. Simpson was fined \$5 and costs.

EXHIBITION WORTHY OF JUBILEE YEAR

Given Good Weather and Support of Citizens Will "Beat the Million."

PARK TRANSFORMED

Workmen Hustling to Complete Scenery for Grand Stand Spectacle.

When the gates of the Canadian National Exhibition open at 10 o'clock Monday morning the visitors will be introduced to the greatest fair yet planned by the directors. It has made wonderful progress in the last decade, but this year it can be truly said it will be greater than ever. No effort has been spared to accomplish this, and no detail has been overlooked that counts in the aggregate on success. The exhibitors and the Dominion and Ontario Governments have given the directors valuable support in making "Confederation Year" historic, and the exhibits will far exceed those of any other year. Good weather and the support of the citizens are all President Marshall and Honorary Manager Kent ask to "beat the million" and keep Toronto in the forefront of annual exhibitions.

With an army of workmen hustling at top speed, exhibitors busily engaged in preparing their show cases and stalls and concessionaries making arrangements to provide for the amusement and the wants of the visitors, the Exhibition is fast rounding into shape. Inside the gates is a hive of industry, and the finishing touches are being given to the numerous buildings, while Parks Commission buildings have excelled himself in arranging the walks and flower beds on the spacious grounds. What recently appeared like a large waste land has been transformed into a veritable flower garden, with beautiful green lawns and well-kept avenues. As the plans are on a greater scale than ever, they are being carried out with greater amount of labor and energy, and in order to have everything in readiness for the opening day the workers have been practically engaged night and day. Hundreds of engaged have been provided with sleeping accommodation on the grounds, so that the least possible delay in the work may be avoided. The work is being pushed harder than Miss Frances Loring and her two assistants, Miss Kingsford and Miss Foster, to continue the great undertaking. The grounds, which symbolize the "Spirit of Canada," it stands 25 feet in height and shows Canada in the form of woman using her arms to battle while at her feet are the lion and cub representing the British Empire. These young women, sculptors' work and bloomers, have been working early and late for about a week to prepare the statue for the opening day, and it is fast nearing completion. Asked if the work was ready to begin, Miss Loring said it would, but they would require to work all day Sunday.

Cully Ross is also in the midst of a huge task in perfecting the grand stand spectacle, which shows the ramparts and fortification of old Quebec with the Indians bow-povving on the banks of the St. Lawrence. None are engaged in the building trade since July last. He came to Canada from Chelmsford, England, in 1910, and his people are in the old country. Major Robert Francis Spence died of wounds August 18. He was the son of the late Mr. E. W. Spence, and was 38 years of age. He was born in Belleville, he had lived nearly his life in Toronto. He was a graduate of Ridley College, and was associated with his father in the firm of Burton, Spence & Co. Subsequently he joined the firm of Bolshy & Co., his business interests necessitating considerable traveling. He enlisted in November, 1914, and took out his commission with the 22nd Northern Pioneer, Parry Sound, Ont., as a company commander of the 37th Battalion with the rank of major. He was transferred to the 2nd Battalion, and was unmarried, and is survived by his mother and one brother, J. Spence.

Sergeant Frank Smith, formerly of Sydenham street, is missing since June 9. He had been twenty-one months in the trenches, and was to have come back from the lines the day after he was reported missing. In order to qualify for a commission, Sergt. Smith enlisted in Montreal, where his wife is now living at 2212 Drolet street. A letter to him from his brother, Wm. J., 1236 East Gerrard street, is returned marked "missing." He is the first of three brothers to meet with mishap. Lieut. A. J. Duncan, officially reported wounded, is only slightly injured, according to a cable received by

DESERTION AND PERJURY; GOES TO PENITENTIARY

George Ellis Deserted From R.C.D. and Married Young Girl by Giving False Information.

Two years in the penitentiary was the sentence imposed upon Pte. George Ellis, wearing the uniform of the United States army, when he appeared in the police court yesterday on a charge of desertion. The evidence showed that Ellis, seven years ago, deserted from the Royal Canadian Dragoons, enlisted in the States, deserted again, and later returned to Hamilton and re-enlisted in a Hamilton battalion. Coming to Toronto he married a 15-year-old girl to fall in love with him. They agreed to marry. On the marriage certificate he gave her age as 18.

FOR THE EMPIRE

Major James Hector Ross Murphy, was killed in action August 15. He was a brother of the late "Glad" Murphy, prominent athlete, who died following injuries received in the big Thanksgiving football game held in Toronto. Another brother, Mr. E. S. Murphy, is a member of the staff of the Imperial Bank, at Queen and Yonge. Major Murphy was a graduate of the Royal Military College, Kingston, and also of Ottawa University. He enlisted in Winnipeg with a Highland unit, and was wounded twice after reaching the trenches. For he was awarded the Military Cross for bravery in action. About Christmas time he was home on furlough. Lieut. W. J. Wright, a student of Toronto University, has been killed in action. He joined a Perth battalion of the one-hundred, and was a recruiting officer. He was in some time before going overseas. He has been for four years principal of the St. George's Collegiate Institute, and previously held the position in a continuation school near Hamilton. Afterwards he was a teacher in classes at Niagara Falls, and principal of High School at Forest. He is survived by his widow, one son and two daughters.

Corp. Robert McAllister, No. 157,634, was killed in action July 31. He was killed instantaneously while saving his gun in his characteristically cool manner. This is part of a letter to his father, Mr. S. McAllister, 555 Dupont street. Corp. McAllister was about twenty years of age. He was born in Belfast, the family coming to Toronto in 1896. Before enlisting he was a checker with the Toronto Harbor Commission. He was twice wounded, and each time he was seriously injured. He was killed in action by his elder brother, Samuel, also a soldier in France.

Corp. T. Skilton, a Military Medal winner, was killed in action after having served in France for seventeen months. Corp. Skilton in civil life was a printer in a London establishment. His parents live in Hastings, England, where he was born 25 years ago, coming to Toronto six years ago. Oakville, who was reported missing November last, has been presumed dead. He went overseas with the 96th, but was later overseas with a London battalion. He was 28 years of age, and came from England a few years ago. His sister, Mrs. Allan Hughes, resides in Oakville.

Pte. Alexander Garden, 2 Tacoma avenue, was killed in action August 9. He was 21 years of age, and a native of London, Ontario. He lived in Canada 11 years. He went overseas with a London battalion. He was a member of L.O.L. 2067, a steamship mechanic with the Royal Flying Corps.

Private K. G. Jordan, 78 West Avenue, was killed in action August 9. The first intimation was received of her husband's death when she saw it in the casualty list. She had been on a visit to England, and the official message had not yet reached an English address. Private Jordan was twenty-two years of age, a native of London, and had been overseas since July last.

Pte. W. C. Cook, who while in Toronto resided with John Clark at 81 Dundas street, was killed in action. He had been overseas for three years ago. He was unmarried, and was engaged in the building trade since July last. He came to Canada from Chelmsford, England, in 1910, and his people are in the old country. Major Robert Francis Spence died of wounds August 18. He was the son of the late Mr. E. W. Spence, and was 38 years of age. He was born in Belleville, he had lived nearly his life in Toronto. He was a graduate of Ridley College, and was associated with his father in the firm of Burton, Spence & Co. Subsequently he joined the firm of Bolshy & Co., his business interests necessitating considerable traveling. He enlisted in November, 1914, and took out his commission with the 22nd Northern Pioneer, Parry Sound, Ont., as a company commander of the 37th Battalion with the rank of major. He was transferred to the 2nd Battalion, and was unmarried, and is survived by his mother and one brother, J. Spence.

Sergeant Major Fred P. Mitchell, was dangerously wounded Aug. 15 and is in the 6th Casualty Clearing Station. He was wounded in June last, but stayed in England, and was for eleven years a sergeant in the 48th Highlanders, and enlisted when war was declared from that regiment, but was transferred to the 19th Battalion, and is 31 years of age, and before the war was with the Gilchrist Clothing Company. He was born in Toronto.

Pte. L. J. Barber was admitted to a casualty clearing station, Aug. 10, suffering from wounds and gas poisoning, according to an official message received by his wife at No. 17 Abernethy apartments, Howard street. He formerly resided at 208 Fern avenue. Before enlisting Pte. Barber was employed by T. Eaton Co. He is 36 years old.

Corp. Sydney Hill, 3 Constance street, has been gassed and is now in the 3rd Canadian Hospital. He went overseas as a sergeant, but after the regiment moved to Belgium he reverted in rank.

Pte. John Thomas Herrington, who was reported missing about three weeks ago, is now believed to be a prisoner of war in Germany. He is the second son of G. H. Herrington, is twenty-eight years of age, and left for overseas in April, 1916. He reached France last August. He was born in England, and came to Canada fifteen years ago. Prior to enlisting he was farming at Emsdale.

LAVATORY BETTING HOUSE.

Convicted of carrying on a betting house in a lavatory at the Palace Hotel, West King street, Alfred C. Holmes and Fred Hansome were sent down for six and two months respectively when they appeared in the police court yesterday. The bets were taken during the lunch hour.

KING HOT WATER BOILERS AND IMPERIAL RADIATORS

By all the tests to which a Boiler can be subjected, the King Boiler makes a record of almost one hundred per cent. The scientific construction of the water channels; the arrangement of the fire chamber and flues; the quickness with which heat is taken up by the water, lessening the amount of fuel required; the air tight joints, preventing waste of fuel by unworkable draughts; the strength of the materials; the convenience of all parts; the ease of shaking and ash disposal; the dust-tight ash pan, and other points, all explained in our Booklet are reasons why you should insist on having a King Hot Water Boiler.

Imperial Radiators. The latest improvements in our Radiators have doubled their power of quick and sustained heating. For graceful lines and beauty of proportion, Imperial Radiators are unequalled.

Write for Free Illustrated Booklet containing all particulars. Our Engineering Department is at your service and will cheerfully furnish full information as to the best method of heating your house, store, factory, warehouse or building of any size or description. ARRESTED AS VAGRANTS.

Three Men Under Suspicion in Connection With Daylight Robberies. John O'Leary, Boydon Mead and James Marshall were arraigned in the police court yesterday on a charge of vagrancy and remanded for a week. On an additional charge of carrying a loaded revolver Mead was remanded for a full period. The arrest of the three men followed reports of various daylight robberies in the east and west end of the city and the exhibition of jewelry by the men in a York street restaurant. Investigation failed to find any owners for the trinkets.

The Exhibition Tickets, six for dollar, are now on sale and can be had from A. F. Webster & Son, 55 Yonge street.
