leilmann Breaks Distance Record in Boston—Four Bouts for Pal Moore in the Next Three Weeks—Location of the Olympic Games.

Rich Brewer's Son Given Up for Count.

Bride That was Soon to be Taken Zichy and Title Few Days Before Date Set for Marriage to George Burton.

(Canadian Press.) New York, May 10—Just a few days before she was to have become the bride of George Burton, Miss Charlotte Gardner Denham, sister of the widow of Lord Alastair Lennox-Gower, heir to the dukedom of Substrad, started quietly away to city hall and became the wife of Count Edward George Zichy.

Countess is well known in society and has spent several seasons in Europe. Her husband also is well known in New York society. His mother was formerly Miss Mabel Wright, who as a girl was considered one of the most beautiful of the city's younger set. She became the wife of Count Bela Zichy, a young Austrian nobleman, after divorcing her first husband, Fernando Xanaga, brother of the late Duchess of Manchester.

Lord French

British Commander-in-Chief in the early part of the war, who has arrived in the United States on a visit which may include several points in Canada.

As Hiram Sees It

"Hiram," said the Times reporter to Mr. Hiram Hornbeam, "a little maid came to me yesterday with a bouquet of white violets. They brought back to me the odor of spring blossoms of years long gone, and the memory of moments of disquiet in sunny days of early May beside the brooks and in the groves and meadows of childhood. For a brief period I was no longer the callous reporter who always writes the wrong thing and gets always in hot water, but the curly-headed little squatter who owned the earth by right of possession and all human joys and triumphs by right of a child's simple faith. Hiram, the way is long and rough. He is fortunate who can forget, even for a brief space, the falls, the bruise, the bitter disillusionment of the years."

Russian Reply Is Ready But Held Up

Last Minute Changes in the Text of It.

Indications Regarded as Favorable in Some Quarters—Lloyd George Sends Home a Ringing Message "Genoa Has Sounded the Tocsin of Peace."

Genoa, May 10.—The Russian reply to the allied memorandum, which was ready for presentation this morning, but not delivered to the Allies, as expected, at the last moment, after a conversation between Foreign Ministers Tschitcherine's visit to Signor Schanzer of Italy, it was decided the reply would have to undergo some alteration.

BELVEA NOW A SON OF THE SEA

Hilton Signs On With Manchester Importer.

"Off to Philadelphia in the Morning"—Send-off Tonight as He Boards Ship—Race Will be on the King's Birthday.

Champion of the British merchant marine will be another of Hilton Belvea's titles if he succeeds in wrestling the international palm from Hoover and the other topnotch Yankees at Philadelphia on the king's birthday. Today he signed articles down in the shipping office, Customs House, as a member of the crew of the freighter "Manchester Importer" upon which he leaves port possibly between bedtime tonight and sunrise tomorrow en route to the most momentous struggle of his brilliant career.

PRISON TERM FOR MILLIONAIRE

Mays of New Haven Convicted of Bigamy.

Light and Airy in Action in New York Court as He is Dealt With—Throws Kiss to Present Wife and Daughter.

(Canadian Press.) New York, May 10.—George Gordon Mays, a New Haven manufacturer, was prepared today to enter an appeal from a decision of the supreme court which yesterday sentenced Mays to three years in the penitentiary following his conviction on a charge of bigamy.

MAKE \$700,000 CUT IN ESTIMATES

Militia Expenditures Dealt With in Canadian Commons—Franchise Bill in the Senate.

(Canadian Press.) Ottawa, May 10.—(Canadian Press.)—Yesterday in the Commons Hon. George Graham, minister of militia, announced an amendment to the amendment of Major C. G. Power, member of Quebec South, when the militia estimates came before the house in committee of supply.

TWO POLICEMEN IN CHICAGO KILLED

Disorders Attributed to Labor Warfare.

Third Member of the Force Wounded and Two Buildings Bombed—Chief Orders Every Man on Duty and Directs All Labor Leaders to be Taken.

(Canadian Press.) Chicago, May 10.—Two policemen were shot and instantly killed and another wounded and two buildings bombed early today in disorders which police attributed to labor warfare.

THREW HER BABY FROM CAR WINDOW

Thought it Dead, Says Girl Mother, at Ontario Inquest.

(Canadian Press.) Lindsay, Ont., May 10.—The coroner's inquest into the death of a two-week-old baby found beside the C. P. R. tracks on Saturday, brought in a verdict that the child came to its death by being thrown from the window of a moving train by its mother, Beatrice Nicholls.

STEAMER HITS NEAR CAPE RACE

Likely to be a Total Loss—Schooner Wrecked on P. E. I. Coast on Way to Port Elgin.

St. John's, Nfld., May 10.—The steamer Abasco, Liverpool for Quebec, without cargo, was on Kennebecs rocks two miles north of Cape Race, today, she had struck during the night, and fishermen went out to her at daybreak. The captain and crew landed safely at Cappahayden. It was believed the vessel would be a total loss.

THREW HER BABY FROM CAR WINDOW

Thought it Dead, Says Girl Mother, at Ontario Inquest.

(Canadian Press.) Lindsay, Ont., May 10.—The coroner's inquest into the death of a two-week-old baby found beside the C. P. R. tracks on Saturday, brought in a verdict that the child came to its death by being thrown from the window of a moving train by its mother, Beatrice Nicholls.

SAVING MUCH IN EXPENSES IN THE OLD COUNTRY

London, May 10.—(Canadian Press.)—St. Eric Geddes, speaking at Sheffield yesterday, with regard to the note he is chairman, said that the government had already given effect to a reduction of £20,000,000 on £100,000,000 in the estimated expenditures which in its report to the government.

DEBS WOULD RETURN TO PRISON IF WAR LAW

Washington, May 10.—Eugene V. Debs, who was released from Atlanta Federal Penitentiary last November on commutation of sentence by President Harding, has written to leaders of the "Children's Crusade" that "if the fathers of these children deserve to be kept in prison with convicted murderers I have no right to be at large."

OWES LIFE TO FREAK HEART
Student's Organ Out of Place—Bullet Pierces Proper Location.

Charleston, W. Va., May 10.—Newman Neff, a student, owes his life to an anatomical freak. He was shot through the chest where his heart ought to be. At Kanawha Valley hospital here an X-ray photograph of his chest was made.

"The photograph revealed Neff's heart to be located vertically," said Dr. George A. McQueen, chief surgeon. "It leans slightly to the right of his breast. If his heart had been located where hearts are usually found, Neff would have died instantly."

As Neff, with Lester Molohan and

two girls, was automobiling in the suburbs a volley of shots was fired at them. A glancing bullet hit one of the girls. When Neff rushed to her side another shot was fired and he fell to the ground.

Disgruntled miners or illicit distillers did the shooting, authorities think. Surgeons decided an operation now might prove fatal and that the bullet would probably not cause further trouble if left where it is.

The Key To Comfort says—There's none more comfortable

Your bed should be a thing of great concern when you come to buy this important item of furniture. Your rest and comfort depends upon the sleep you get. It is impossible to sleep well in an uncomfortable bed. Our beds are for comfort and beauty.

E. ARMSTRONG
AGAIN PRESIDENT

Re-elected at Annual Meeting
of Navy League—Reports
of a Successful Year.

A year of much success was reviewed
at the annual meeting of the New Brun-
swick branch of the Navy League held
yesterday afternoon. All the former of-
ficers were re-elected.

The secretary, C. B. Allen, reported
major membership through the activi-
ties of W. A. Smith, and referred to the
school essay competition, in which Miss
Margaret Hamilton, of St. John, had won
the \$25 prize for an essay on "Why
Canada support the Navy League?"
Nine essays had been sent in from
various parts of the province, and
Miss Hamilton's had been judged the
best. Her principal, W. J. S. Mylchreest,
also had received \$25. Vacancies in the
naval service having been reported, J.
E. Bingham, of St. John, was secured a
place in the service. Four relief cases
were aided. Announcement was made
that, through the action of the domina-
tion branch, instructions had been issued
to all shipping masters to give the prefer-
ence to British subjects when employing
seamen. Assistance had been given in
providing certificates to seamen who had
lost theirs.

The membership figures were given as
follows—Life, nineteen; annual, 286;
associates, 329; and several juniors. It
was announced that there was a possi-
bility of having the boys in the Boys'
Naval Brigade listed in the navy list, and
if this could be done it would greatly
encourage the boys. The Ontario
division had given notice that it would
seek autonomy when the annual meet-
ing of the domination branch was held
in June.

The treasurer, H. C. Schofield, reported
total receipts, \$12,981.82, including mem-
bership fees, \$784.50; interest, \$240.80;
donation council, \$1,200; balance for-
ward, \$10,756.52. The balance
remaining was \$3,817.25, and the larger
expenditures included relief, \$913.50;
grant for the Davidson building, \$5,042;
and Nelson day campaign expenses in
1920, of \$2,440.

Correspondence read included a letter
of regret at inability to attend the meet-
ing received from Mrs. Fitzsimmons,
president of the provincial I. O. D. E.,
and a letter from the domination secre-
tary explaining that the British board
of trade had written in regard to the
awards for the crew of the Melmore
Hull, as the rescued were Norwegian
and the Norwegian government had
a system of making grants to those
who rescued Norwegian seamen, infor-
mation was being sent direct to the
government of Norway. The announce-
ment of the dates of the domination coun-
cil annual meeting was also received.

Relief and Entertainment.
Captain A. J. Mulcahy presented the
report of the relief and entertainment
committee telling of the various enter-
tainments given visiting sailors and of
aid given in two cases, one a contribu-
tion towards burial expenses and the
other assistance in securing passage to
England. He thanked Mrs. Edwards
and the ladies who had assisted in the
different entertainments.

The manager of the Seaman's Institute,
Walter Brindley, reported that much
relief had been given through the Navy
League in the season. In all 4,048 free
meals and 1,400 free meals had been pro-
vided and the total cost had been \$606,
a low figure because of the economical
methods used that year. Grants and
loans were made for distressed cases.
The election of officers resulted as fol-
lows: Honorary president, E. A. Sco-
field; president, Captain A. J. Mulcahy;
secretary, C. B. Allen; treasurer, H. C.
Schofield; executive, the president of
each branch of the Navy League in the

Epstein Has Moved
From Union Street

All business for Messrs. K. W.
Epstein & Co. will now be concen-
trated on one centre, namely, 4 King
Square. This up-to-date optical par-
lor was opened last September under
the management of K. W. Epstein &
Co. The premises at 193 Union
street which they have occupied for
so many years have been vacated and
all efforts will be directed towards
their more modern store on the Duf-
ferin Hotel block.

SAY INFANTICIDE IS
BECOMING MORE GENERAL

Fredrickton, May 9.—After hearing the
evidence of nine witnesses and being out
fifteen minutes, the jury in the coroner's
inquest conducted tonight at Marysville,
as a result of the discovery of the dead
body of a male infant in a sand pit in
the eastern section of that town on Sat-
urday, April 22, brought in a verdict of
murder at the hands of a person or per-
sons unknown. The jury recommended
that the department of the attorney-
general take note of the case, as it was
the opinion of the jury that infanticide
was becoming a widespread crime.

BETTER THAN HARD COAL
Soft coal so free from soot that it does
not make whistlers on stove covers or pipe
and does not mat or cake when burning, is
far better than Hard Coal for general
household use. Quicker to light, takes
less to make a fire, cheaper in price and
can also be used for open fires and
small heating stoves. Such a coal is
Broad Cove soft coal. The main thing is
to insist on getting the genuine article.
No other soft coal burns just like Broad
Cove. You will know it by the above
characteristics.

a delegation representing business men
of Tacoma, Wash., appeared yesterday
at a session of the Atlantic inter-coastal
conference to protest against the decision
to eliminate Tacoma as a port of call.
The conference, which is composed of
several lines operating between Atlantic
and Pacific ports, also issued a have de-
cision to eliminate San Diego, Astoria,
Vancouver and Victoria as ports of call.
The conference adjourned until Monday
without giving a decision.

The Evening Times and Star

The St. John Evening Times is printed at 27 and 29 Canterbury Street, every evening (Sunday excepted) by The St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

THE COMMERCIAL CLUB.

The fact that fifty-five members of the Commercial Club met at luncheon yesterday and decided with enthusiasm to have fortnightly luncheons hereafter, at which the club's work would be discussed and the interests of the members kept alive, shows that this organization retains the confidence of its members, who see in it an agency for valuable community service.

TUBERCULOSIS

The tuberculosis case-finding campaign in this city revealed 70 positive and 178 suspected cases, of which 30 will probably turn out to be positive, making 100 in all. Many cases of disease other than tuberculosis were discovered. The campaign was well worth while, and has shown the great need of a health centre in this city.

Montreal Gazette.—When Gandhi the Indian agitator went to prison as an alleged martyr in March it was generally predicted that grave and dire consequences would be the result.

THAT HOUSING VENTURE.

The affairs of the county housing board were again discussed at great length in the municipal council yesterday. The housing venture was not a success. At the time it was popular and the establishment of the board generally approved.

AN IMPORTANT PRINCIPLE.

Yesterday's meeting of the municipal council was for the most part a friendly duel between the city and Fairville councillors. The return of Mr. McLellan to the council adds interest to the discussions. The question raised in two resolutions was whether the municipality should enable the parish of Lancaster to raise money by bond issue in advance of legislation to authorize this issue.

POPULATION DENSITY.

A gratifying decrease in the densely populated sections of New York City has been noted in the last ten years, according to a statement yesterday by Dr. Walter Laidlaw, executive secretary of the New York 1920 census committee.

Use the Want Ad. Way

THE POOR MAN'S SOLILOQUY.

I have no coin to speak of and no fame, And I've decided, too, that is the game. Nobody forges my name on a check, Nor tries to sell me mine shared by the pack.

LIGHTER VEIN.

A young Australian reporter was left in charge of the news room one evening. Suddenly he was confronted with, to him, an inexplicable cable from England.

Can Be Modified Later.

Secretary Hughes informed the senate committee on foreign relations last week that it was apparent the Stanley bill, or similar legislation, could not be enacted by May 11, and that the revival of the pre-war patent treaty could not be held up pending action on the Stanley bill.

BRIDELESS STUDENT APPEALS TO COURT

Married on Thursday, He is Unable to Find Her, Husband Tells Magistrate.

Bertrand Harold Pegg, twenty-one years old student at Columbia University and writer for The Spectator, son of a patrolman attached to the Fifth street station, and Miss Dorothy Ruth Lincoln, nineteen years old, high school graduate, daughter of L. A. Lincoln of 888 West Eighty-fourth street, wealthy cigar manufacturer, were married on Thursday in the Post home at 112 East Eighty-fourth street by Rabbi Samuel Schulman, and yesterday afternoon Pegg went to the West Side court, brideless, with a pathetic story.

He told Magistrate Thomas F. McAndrews that after the wedding the young couple had gone to the bride's home for the night, and blessing of her parents. Mr. Lincoln, he said, invited them in. Argument followed, but Pegg, who was alone, before he could realize what was happening, he had been escorted to the door and invited to leave the house. When he had been escorted to the door and invited to leave the house, he had been escorted to the door and invited to leave the house.

Canadian Finance, Winnipeg.—Are you one of those who think there is no money in this country? If so, watch the crowds at the movies; see how easily money can be obtained by those who cater to the desires of the public.

The permanent map for the taking and tabulating of the population of New York City on which the 1920 census was enumerated, said Dr. Laidlaw, has 3,427 sanitary district areas.

"Sixty-six of these in 1910, whose average totaled 2,866, then had a population of 1,298,637, an average of 463 persons per acre." he said. "If the whole area of New York in 1910 had been populated as densely as these 2,866 acres, the equivalent of the whole population of the United States and then some, as in 1910, could have been packed within the limits of Greater New York."

"It is therefore most gratifying to find that fifty-eight of these sixty-six sanitary districts lost population between 1910 and 1920 to the extent of 172,827 persons, and that the acreage of this same group of sanitary districts now populated to the extent of more than 300 persons per acre has been reduced to 2,827 acres, or almost exactly four square miles.

"In 1910 there were 146 acres of this area which was populated between 800 and 900 to the acre.

"Five districts then populated between 600 and 700 per acre have lost 24 per cent. Nine districts of between 800 and 900 have lost 16 per cent. Eighteen of between 400 and 500 have lost 12 per cent, and districts between 900 and 400 in 1910 have lost only 8 per cent.

GERMAN TREATY ON PATENTS REVIVED

Hughes Instructs Houghton to Notify Berlin That Pre-War Convention is Continued.

Washington, May 10.—Announcement was made by the State Department that Secretary Hughes has sent instructions to Ambassador Houghton at Berlin to notify the German government that the terms of the patent treaty, under which the Patent convention entered into with Germany in 1909 will be revived.

Under the terms of the separate treaty of peace with Germany it was stipulated that any of the commercial treaties, including the patent treaty, in effect upon the declaration of war against Germany might be revived within six weeks after the signing of the separate peace treaty. The time limit for serving such notice of revival would have expired on May 11.

The administration asked the senate for its assent to the revival of the pre-war patent treaty with Germany and that consent has been given, but delay in sending instructions to the American ambassador to formally notify the German government resulted from the opposition of Secretary Weeks and the War Department to such a revival until the enactment of the Stanley Patent bill for the correction of certain abuses growing out of German acquisition of patents in this country.

Secretary Hughes informed the senate committee on foreign relations last week that it was apparent the Stanley bill, or similar legislation, could not be enacted by May 11, and that the revival of the pre-war patent treaty could not be held up pending action on the Stanley bill.

Secretary Hughes explained last week that the demand for the revival of the pre-war patent treaty had been largely from American business men affected by the curtailment of German rights in Germany and in the United States. The opposition of the War Department was based largely on the fact that a number of patents have been issued, or applications for such filed by German citizens, many of which related particularly to articles pertinent to national defense.

"Two years prior to the entry of the United States into the war," Secretary Weeks explained in an official statement of the attitude of the War Department in favor of enactment of renewal legislation before revival of the pre-war patent treaty of 1910, "a number of industries with serious difficulties in establishing the production of numerous materials which had theretofore been imported from Germany, but which were then shut off by reason of the British blockade of German ports, turned their attention to the United States, and controlled the United States patents which were unlicensed and unworked in this country."

Found Patents Were Useless.

"Most of the American corporations concerned the German ownership ceased the manufacture of articles necessary for our use in preparation for and in anticipation of the war, and it is possible that the United States patents, after its entrance into the war, to seize the plants, in the absence of patents under which to operate, in many instances it was found that these corporations had nothing more than an oral license to use the German-owned patents and, in some cases the patents were so skillfully ambiguous and otherwise lacking in a full disclosure of the invention as to be practically useless to any one except those who were advised of their practical application."

"The War Department is thoroughly conversant with the industrial situation as it existed at the beginning of the war, and the fact that it is possible to obtain the patent and purchase unprecedented quantities of supplies of the most varied character, and that the situation with respect to the German monopoly of the various classes of supplies was brought to its attention in a very marked degree, it thought to emphasize the necessity for legislation looking to the prevention of such a condition again arising."

In this day and age national defense is viewed largely as a matter of a highly developed, well-balanced industry, and it is somewhat due to the lack of such a situation that the United States was so long delayed in effectively getting its army into the field of operations after the declaration of war. The question of establishing new industries to supply men with tools with which to fight and the various other supplies incident to a properly fed and equipped army, was a most stupendous one, and, while we were ultimately successful in acquiring the end sought, it is not thought that we should now or ever stand passively by and permit such as condition to again arise."

The position of the War Department was brought clearly and forcibly to the attention of Congress, but it proved impossible to obtain enactment of the Stanley bill or similar legislation prior to May 11. Secretary Hughes made it clear to the committee on foreign relations that if the pre-war treaty, which could be revived merely by serving the necessary notification on Germany prior to Thursday, were not put into effect, American patent rights and interests in Germany would be seriously jeopardized.

In spite of occasional lapses, Canada appears to have recovered from the depression of the early winter and to be in a better position as far as her purchasing power is concerned. That is no reason, however, why she should relax her vigilance over her resources or countenance extravagant purchases abroad.

We shall not be far off the mark if we regard the line of our import number as reflecting world conditions, and the relations of our export number to that of imports as indicating the advantage or disadvantage, as the case may be, at which Canada finds herself in comparison with the rest of the business world.

WOMAN BROKER LEFT \$500,000

Mrs. Helen M. Knickerbacker Remembers Relatives, Employees and Friends in Will—Several Gifts to Charity.

New York, May 10.—The will of Mrs. Helen M. Knickerbacker, member of the brokerage firm of H. Knickerbacker & Co., has been filed in the Surrogate's Office. Mrs. Knickerbacker lived in New York City and Saratoga Springs. She died on Jan. 30 last. The amount of the estate will not be known until it is appraised, but the bequests enumerated approach \$500,000, besides the residue.

To Robert Gibson, Mrs. Knickerbacker's partner in the firm, she left \$125,000. His wife receives \$25,000, and each of the four Gibson children get \$5,000. Several of the old-time employees of the company were remembered in the will. They were: Boris F. Brennan of 329 East Thirty-second street, Brooklyn, \$25,000; Lillian L. Southerland and John H. Knapp, \$5,000 each, and William Fortmeyer, \$1,000.

Dr. George F. Constock of Saratoga Springs receives \$10,000 and an aunt of the decedent, Eliza Rockwell of Saratoga Springs, \$15,000. To these cousins of the decedent \$10,000 each is left: George W. Burr of Round Lake, N. Y., and his wife, Bella Burr. To her "faithful servant," Sarah Frapp and Anna McDowell, Mrs. Knickerbacker left \$15,000 each. To Lavina E. Knickerbacker of Ballston Spa, N. Y., the widow of the testatrix's son, William Knickerbacker, \$10,000 was bequeathed, but under a codicil dated April 29, 1915, this provision for the daughter-in-law was revoked, and the legacy reduced to \$5,000, without any explanation for so doing; \$20,000 is bequeathed to Emily Wood, a \$15,000 to Grace Carlin. A legacy of \$10,000 was made for decedent's butler, Sidney Bunn, but by subsequent codicil this is revoked, and his care and future wants are left in the care of Robert Gibson, the principal legatee under the will.

The following benevolent legacies of \$20,000 each was made: Hawley Home for Children, Saratoga Springs; Saratoga Hospital, Church Aid of the Protestant Episcopal Church of the Bethesda Protestant Episcopal Church at Saratoga Springs. To the Saratoga Care and Infirmary \$10,000 is left, and a like sum goes to St. Luke's Hospital in this city and \$5,000 to St. Thomas' Protestant Episcopal Church of this city with which to purchase two good chairs in memory of decedent's son, Harry. The will also leaves the testatrix's diamond necklace, earrings and diamond neck.

RECENT WEDDINGS

Hickman-Young
On Thursday last at the Church of St. Andrew and St. Paul, Montreal, Rev. George Duncan married Catherine Jane, daughter of Mrs. William Young of Kentville (N. S.), and Joseph Douglas, son of the late Mr. and Mrs. H. Hickman, of Dorchester.

RECENT DEATHS

Alfred Searle
Alfred Searle, the oldest resident of Godstock, died there yesterday at the age of ninety-two. He is survived by three sons, of whom one is Albert Searle of this city. He was one of the last of the soldiers of the Crimean War.

MISS C. TALMADGE WANTS A DIVORCE

Los Angeles, May 8.—Quintana Talmadge, motion picture actress filed in the superior court a suit of divorce from John Talmadge, a native of Turkey, subject of Greece and a cigarette manufacturer of New York, according to the complaint. She charges "cruel and inhuman treatment."

They were married September 26, 1920, at Greenwich (Conn.), and separated April 5, 1922, the complaint states.

GIRLS! LEMONS

BLEACH SKIN WHITE

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, which any drug store will supply for a few cents, shake well, and you have a quart pint of harmless and delightful lemon bleach. Massage this sweetly fragrant and astringent into the face, neck, arms and hands each day, then shortly note the beauty and whiteness of your skin.

Famous stage beauties use this lemon clear, rose-white complexion, also as a freckle, sunburn, and tan bleach because it doesn't irritate.

The Happy Event of June Calls For a Resplendent Trousseau

This store is admirably ready to supply all the clothing needs of the early summer bride. Gifts in abundance too may be suitably selected from our well chosen, well assorted varieties.

Frocks For Warmer Days

She may choose from an assortment of dotted Swiss and Voiles. Among them: A combination dress of voile and sponges in Nile green and fancy striped, a rose and white dotted Swiss with skirt composed of ten narrow frills; a navy blue spotted Swiss with underleaves and inserted band of tonato shade—and there are many others.

\$14.75 and up

Two of Her Hats

To wear with her suit she will like this sand colored toque of fancy hemp braid. It has little points of self braid placed flat over brim and two long fancy quills in variegated colors tacked on right side and falling almost to shoulder. It's very smart.

\$18.00

A Felt Sport Hat

A jaunty crushable shape with rolled brim and very little trimming. Can be turned down in back or up on sides—just as desired. She may choose from navy blue, grey or some of the new bright sport shades.

\$7.00

She'll Need a Coat

For a dressy affair this wrap style of Jade Bolivia cloth with loose cape sleeves will be practical and lovely. It is lined with jade colored silk and is embroidered in self shade.

\$70.00

A Storm Coat, Too

An English Burberry is exactly the thing for stormy weather or for traveling. They are made in full length, especially weather and finished with big pockets, leather covered buttons and strap sleeves. They're showerproof. An exceptionally nice model in grey is priced at

\$65.00

Wonderfully Lovely Bridal Sets

Made from flesh colored crepe-de-chine in fine quality. Set consists of Nightgown, Envelope Chemise, Knickers, Camisole and Boudoir Cap. These are in very newest shapes and are attractively trimmed with two-toned ribbon, Oriental and fillet laces and insertions and tiny hand-made French bouquets.

\$53.25 set

Another set also consists of five pieces and is developed in ivory wash satin. This is trimmed with narrow georgette folds, Val lace and fillet insertions. Hand-made orange blossoms are also used to ornament.

\$42.25 set

Pongee Pullman Sets—Silk and satin breakfast coats, colored undermuslins and silks; boudoir caps, satin corsets, fancy brassieres, plain and brocaded corselettes; undershirts in dainty shades, etc. All included in our underwear stocks.

A Wedding Dress of Becoming Lines

That's what she'll say of this smart little frock of white Canton Crepe fashioned with kimono sleeves and round neck. It is a straight line dress with knife pleated side skirt panels finished with heading and white rosettes. Three narrow panels fall from above the waist line to almost the bottom of skirt. Each panel is finished top and bottom with a pretty hand-made rosette of self material.

\$31.50

Bridal Veils in Juliet, Coronet or any style desired made to your order in our millinery department.

Petal Dresses For the Bridesmaids

Developed in soft satins in exquisite shades of pale blue, green and orchid. Skirts are in petal shapes with bouffant effect. Dainty French flowers and silver ribbon rosettes are skillfully used to decorate.

\$59.75 each

A Beautiful Afternoon Frock

Periwinkle blue Canton Crepe is used for this charming creation. It is decidedly out of the ordinary with its loose panels caught underneath the hem of skirt. This dress is effectively embroidered in silk of self shade.

\$37.75

A frock of coral Canton Crepe with disc trimmings is equally interesting.

Homespun For a Sports Dress

Among the season's vagaries is a yellow and white checked homespun sport dress trimmed with white braid and narrow white kid belt. It has big pockets and is embroidered in yellow wool.

\$30.00

A Very Dressy Suit

This is made from light sand gabardine and is massively embroidered in cable silk of slightly darker shade. Coat is in one button style and is lined with tangerine silk. Skirt is plain and well tailored.

\$65.00

A Homespun Suit, Too

She'll find this very serviceable and handy. It's a blue-grey color and has belted coat with big pockets. Skirt is plain and should be worn pretty short.

KING STREET GERMAIN STREET MARKET SQUARE

SAVE DAYLIGHT, BUT CHANGE NO CLOCK

Govt. Officials and Washington Business Heads Agreed to Start Work Earlier.

Washington, May 10.—Daylight saving time will go into effect in the District of Columbia on May 15, but no liberties are to be taken with the clocks which will point to eastern standard time. Everybody will be supposed to get up an hour earlier, go to work sixty minutes ahead of time and, presumably, shut down their desks an hour before the usual closing hours.

This was made known after a secretary of Commerce Hoover and representatives of various Washington commercial organizations. When the old hours will be resumed has not been determined, but Secretary Hoover, who took part in the conference as representative of the Federal departments, intimated that Oct 1 would be the date. He explained that department heads are convinced from inquiries they have made and a pleasant evening finished with the singing of "Auld Lang Syne."

LAST CAR CLUB

Miss Rankine and T. Sibley were the winners last night at the weekly wheel drive which was held at the home of Mr. and Mrs. Nickson, 188 Paradise row. During the evening daily refreshments were served. After the games a short musical programme was enjoyed and a pleasant evening finished with the singing of "Auld Lang Syne."

ALL BUT ONE MEMBER OF PERSIAN CABINET RESIGN

Tehran, Persia, May 10.—The members of the cabinet, with the exception of the minister of war, yesterday telegraphed their resignations to the Shah.

Chiming Clocks

For Presentation and Wedding Gifts

You will be agreeably surprised indeed, when you see the unusual beauty of design, in the new Chiming Clocks just placed in our stock.

The chime is the well known Westminster, and they come in both Oak and Mahogany cases. A Clock, becomes a faithful servant, depended upon, to regulate the family routine.

These Clocks are fully guaranteed for accuracy, and durability.

PROBATION FOR
RICH YOUTHS

Kalamazoo, Mich., May 10.—John Duval Dodge, young Detroit millionaire, and Rex Earl of Kalamazoo were placed on probation for one year when they appeared before Circuit Judge Weimer for sentence, following their conviction on a charge of illegal possession and transportation of liquor.

Judge Weimer announced the usual terms of probation would be rigidly enforced, chief of these being the requirement that the probationer shall contribute to the support of those dependent upon him.

Dodge also was directed to pay \$300 probationary fine and reimburse the county treasury for the expense incurred in prosecuting the case against him, the amount being \$500. Earl was directed to pay a fine of \$100 within ninety days, in addition to the year's probation.

Other terms of the probation order require Dodge and Earl to observe the laws of the state and ordinances of the city in which they may be; strictly to abstain from the use of intoxicating liquor and to report at least once a month to the probation officer, without whose consent they may not leave the state.

ST. DAVID'S CLUB
IS GOING AHEAD

Election of officers to fill the places caused by the resignation of the president and vice-president, Dr. D. C. Malcolm and Leslie Kerr, took place last evening at the regular meeting of the St. David's A. A. A. James W. Britain was elected president, and Ronald W. Shaw was elected vice-president.

CHILDREN SING CANTATA.

The Main Street Baptist church children's choir, under the leadership of Mrs. J. D. Hunter, gave a cantata entitled "The Children's Messiah" in the Central Baptist church last evening. Every part was excellently taken and the entire programme was a delight.

FACES 50 YEAR SENTENCE
FOR THEFT OF HALF A
PACKAGE OF CIGARETTES

A week ago Frank Lynch, 29 years old, of New York, was arrested for the hold-up of Irving Greene in the hallway of a tenement house at Eighth avenue and 129th street. Greene told the police that Lynch held a pistol to his head when he took from him "all that he possessed," half a package of cigarettes. Lynch was indicted by the grand jury in connection with the hold-up, and pleaded not guilty to robbery in the first degree, assault in the first degree, grand larceny in the first degree and an originally receiving stolen property in the first degree, the maximum punishment for which calls for fifty years' imprisonment. Lynch was remanded to the Tombs for trial.

A MISSION OF MERCY
Money Needed to Save the
Little Boys and Girls of
Troubled Russia.

The Canadian Committee of the Save the Children Fund has received so far a little more than \$800,000 in response to its appeal. This is indeed quite a splendid contribution to this worthy object, but it would be inhuman to relax our efforts while there are still many thousands of children to be saved.

The obligation of the people of Canada to their fellows is not by any means met when they have subscribed three hundred thousand dollars. Those who have not yet subscribed should remember that a good Canadian doesn't give a long way in Russia. They will supply the bare necessities of life to a million children who are waiting for help.

MACHINE GUN
AWES LIQUOR
RAID CROWDS

Merely Happens to Pass as
Jersey Agents Seek Dry
Law Violators.

New York, May 9.—Although merely a coincidence, the presence of a machine gun in the district raided by the prohibition agents in Jersey City, awed the large crowd, including students of the Lincoln High School, assembled to watch the government detectives at work.

When the dry agents started their raid on the cafe of John Clements, Communipaw and Arlington avenue, near the Lincoln High school, the machine gun was mounted on a truck passed the cafe in Communipaw avenue.

Large groups quickly gathered and excitedly discussed the probable use of the machine gun and of the damage it would do if turned on the throng. Another circumstance regarded as significant was the presence of a crowd of twelve policemen. The police had been assigned as guard on request of the dry agents by Lieutenant Conroy of the Communipaw avenue police station.

ENTERTAINMENT BY
TRINITY SCOUTS

Trinity troop of Boy Scouts and Wolf Cubs gave an excellent entertainment programme last night in the school hall and a capacity audience showed their appreciation of the entertainment.

WORK FOR SEAMEN
MOST ENCOURAGING
DURING LAST YEAR

The twenty-eighth annual meeting of the Seamen's Institute of St. John was held yesterday afternoon in the Institute's building with H. C. Schofield, president, in the chair. The reports received were exceptionally encouraging.

Mr. White said that the league was out to fight for amateurism and that this season would see heavy competition from its opponents. The league would have to attract the fans to the games by the brand of ball they put up and the difference in the admission charges made between the league and its opponents.

AT WORK ON PLANS
FOR EXHIBITION

The exhibition directors held their monthly meeting last night at the association's office in Prince William street with the president, E. J. Terry, in the chair. The reports of the various committees showed that everything was progressing well.

THREE TEAMS IN
THE CITY LEAGUE

The City Baseball League was organized last evening in the Commercial Club rooms in Prince William street. Three teams were entered.

THE EVENING TIMES AND STAR, ST. JOHN, N. B., WEDNESDAY, MAY 10, 1922

**MEMBERSHIP OF
Y. M. C. A. NOW MORE
THAN A THOUSAND**

The annual report of the board of directors was submitted, new directors and trustees were elected and other business carried out at the annual meeting of the Y. M. C. A. in their building last evening. Devotional exercises led by S. E. Fisher followed the opening of the meeting.

F. T. Barbour, president, who was in the chair, read the annual report. It reviewed the work done in each department during the last year. The last two years, the report said, were the best in the history of the association. The total membership of 1,088 on April 30, made up of 609 senior and 474 junior members, was the largest up to date.

It would be necessary to fill the places of Herbert Morton, boys' work secretary, and of Homer Smith, assistant boys' work secretary, who were leaving. R. A. Pendleton, acting general secretary, was also leaving and the appointment of A. M. Gregg to the position of general secretary was announced. He

will begin work about the middle of September. Thanks were expressed to the employed staff and to Miss McLennan for the manner in which they carried out their work.

The religious, physical and social policies of the association were enunciated. The senior social activities were summarized. Mention was made of the boys' work done on the basis of the Canadian standard efficiency training programme in co-operation with the churches. It was felt that the churches were not showing the interest in this work that was expected of them but with the formation of boys' work committees in many of the churches, it was hoped that a renewed interest in boys' work would be shown during the coming season. The total attendance at Tuxis and Trail Ranger monthly meetings within the building was 680.

Reference was made to various phases and sub-divisions of boys' work. The success of the physical department was considerably in advance of any previous year. The work could not be enlarged until an addition was made to the gymnasium. The success of the last season was due to the energy and leadership of Mr. Bowie.

The various physical activities were briefly reviewed. Under the head of basketball, it was said that the policy would have to be changed next year and all championship games arranged for earlier in the season.

Open competition in boxing had been discouraged in view of the experience of the association last year and the class

BREAD IS THE STAFF OF LIFE

WHY NOT HAVE THE BEST STAFF?

SAMPLES SENT ON REQUEST

conducted by Oliver W. Wood was purely for the benefit of the instruction and the exercise. In wrestling the Y. M. C. A. had won the maritime club meet.

International Honors Won.

Mention was made of the local association's winning the senior national and international hexathlon championships and of the junior Canadian hexathlon

championship in the class to which they belonged.

During the year fifty-six boys learned to swim, including sixteen who learned during the swimming campaign. George Burton won a first, a second and a third at the maritime championships. One crippled boy learned to swim using only his arms.

The work of the junior and senior leaders' corps was outlined. Members of the senior leaders' corps were conducting ten church groups in the community. Leaders' corps had been organized at the East End and South End Boys' Clubs, the Y. M. C. A. standard of organization being emulated in these places.

The total attendance at classes and special activities during the year was

23,261, as compared with 23,240 for 1921 and the number of spectators at games, exhibitions, etc., 8,000 as compared with 10,000 in 1921.

Religious Work.

Mention was made of the religious work and of the money raised by the local association to support the missionary work being done by the association in China and other foreign countries.

The directors acknowledged the support given by the Ladies' Auxiliary and the Young Ladies League and the courtesies received from the press of the city. Thanks was expressed to the volunteer leaders and to several others.

The New Directors.

The new directors elected were as follows: G. L. Warwick, W. H. White, W. S. Allison, R. S. Stephenson and Paul B. Cross; trustees, Hon. H. A. McKeown, T. H. Estabrook, W. C. Allison, R. A. Pendleton, W. Bowie and H. Morton, of the employed staff, gave short speeches. Votes of appreciation were passed as follows: To F. G. Spencer and A. R. Crookshank, the retiring directors, moved by S. E. Fisher, vice-president; to the Ladies' Auxiliary, moved by W. C. Cross; to the press, moved by A. R. Crookshank; to Rev. R. P. McKim, conductor of teachers' training class, moved by A. M. Gregg; to the paid staff, moved by G. L. Warwick, and to the volunteer leaders, moved by W. Bowie. W. C. Cross pronounced a benediction, with which the meeting closed.

The New General Secretary.

Mr. Gregg, who will take over the post of general secretary in September, is at present boys' work secretary of the Maritime Religious Education Council. He is a St. John man and was formerly a boys' work secretary at the local Y. M. C. A.

Radio Announcement

As owners of a large number of Canadian patents and patents pending, prominent among which are the entire DeForest and Squier groups, we wish to announce:

CANADIAN INDEPENDENT TELEPHONE COMPANY, Limited, 212 King Street West, Toronto, operating under said patents, is now manufacturing a full line of radio receiving and sending equipment for both telephone and telegraph purposes and is prepared to accept orders for reasonable delivery.

Our patents pertain to Vacuum Tube Oscillators, Multi-Stage Amplifiers, Regenerative Receivers, Non-Regenerative Receivers of one or more stages of amplification, Wave Coil Antenna, Wired Wireless or High Frequency Multiplex Telegraphy and Telegraphy, Honeycomb or Duo-Lateral Inductance Coils and coil mountings, Single Plate Vernier Air Condensers and other lines of equipment relating to the art.

We wish to call attention especially to the following Canadian patents owned by our Company. These patents give us the sole right to make, use, and sell in the Dominion of Canada.

**The Greatest Asset
Of Any Business**

The leading men in control of any organization are the most valuable asset of the concern—the power to plan, build and execute.

Therefore, it is quite logical to place a definite property value on such brains, in their relation to the particular organization, and it is business wisdom and propriety to insure this against loss.

No one disputes the advisability of Fire Insurance for property. Life Insurance on the individual—for the benefit of the business—is even more important. Fire may never occur. Death must come. And there is no salvage to human life. Is your business protected against the inevitable?

Ask any Life Insurance man to advise you with regard to Business Life Insurance.

The Women's Missionary Society of the Methodist church at Silver Falls held a most successful parlor concert last evening at the home of the pastor, Rev. J. J. Watson. Several friends from the city assisted at the entertainment, which was greatly enjoyed by the large number present. The following took part: Mrs. W. Arthur, Miss E. Magee, Miss B. Hemmery, Miss M. Cooper, Miss E. Crump, Miss M. Bustin, Miss H. Joseph, Mrs. W. L. Beville, Miss Crockett, E. J. Punter, Geo. Lanyon, and the Father and Son Male Quartette, J. R. Hopkins, H. F. Hopkins, E. E. Thomas and J. W. Thomas.

POLICE SEARCH OF BEER SHOPS

Reported Find in Only One—Chief Lifts Deposit Limit to \$58 After Recent Experience.

Several local beer shops were treated to surprise raids by the police force last night in an attempt to discover where the "88 or two months" men were getting their supplies. Only one of these raids was successful and a receipt of the proprietor of the store has been notified to appear in court this afternoon to answer to a charge of having liquor in his shop.

The chief of police said this morning that on account of the large number of men arrested over the week end on drunkenness charges the police had turned special attention last night to the local beer shops to see if they were supplying liquor. Seven or eight places were visited by the police during the evening but only one place was found to have any liquor. This was in Prince William street, Alexander McInerney, was notified by Sergeant McLeese and Policeman McAuley to appear at 2 o'clock this afternoon.

The chief added that he had allowed six of the seven men arrested for drunkenness over the week end out on deposit of \$8 each on their solemn promises to re-appear on Monday morning in the police court. Not one of them showed up, he said, and as a result no one would be allowed out on deposit in the future on a deposit of less than \$58.

BELYEA NOW A SON OF THE SEA

(Continued from page 1)

And so everything is ready for the Manchester Importer's departure. A late flurry of freight held her over today but she surely will steam off to sea tomorrow. It will take until Saturday afternoon or Sunday morning before she warps in at Philadelphia. As she is expected to arrive on Sunday, she will be in Philadelphia until after the thirteenth. Then with two and a half days of training he will still have two days' grace before the eventful day, June 8. That is King George's birthday and as good Britisher Hilton proposes to do his best to celebrate it by putting another big splash of red on the sporting map of America.

Belyea will be given a royal send off this evening preparatory to his departure on the Manchester Importer tomorrow. The Carleton Cornet band will assemble at his home this evening at 8 o'clock and will escort the champion to the steamship dock. Although the steamship will not sail before tomorrow evening between 10 and 12 o'clock the official send-off will be held this evening so that his scores of friends and admirers will be given an opportunity of being present to bid him "bon voyage" and success in the great rowing classic of America.

Hilton had a good workout in his new shell "St. John" last evening. The rigging was properly arranged and according to his own words he is "riddled to death with it." Owing to the high wind and rough water this morning he had no opportunity for a spin, but anticipated taking a final one this afternoon or early this evening if conditions were favorable.

Hilton will be accompanied to Philadelphia by his brother Harry who will act as his trainer. The latter said that Hilt. is in splendid condition, taking everything into consideration, and with a couple of weeks' rest climate and used to the course in Philadelphia he is confident his brother will either win the coveted championship trophy or make any one who beats him row the race of his life. He says the "St. John" is faster by three lengths than any other shell Hilton ever rowed and this in itself should be a big factor in giving him a chance for the title.

Moncton, N. B., May 10.—At a meeting here on Tuesday evening, the Moncton Amateur Athletic Association voted a sum of money to be forwarded to the secretary of the St. John Commercial Club to aid in defraying the expenses of Hilton Belyea, veteran St. John oarsman, who will soon row at Philadelphia. The M. A. A. members spoke in very appreciative terms of Belyea.

PRESENTED CLAIMS OF NEW BRUNSWICK

Premier and Hon. Mr. Veniot Discussed Valley Railway and River Wharves.

Also Asked for Hearing on Natural Resources Question—Were Well Received by Government at Ottawa.

Many matters of interest to the Province of New Brunswick were taken up with the dominion authorities at Ottawa by Premier Foster and Hon. P. J. Veniot, minister of the provincial railways, during their visit to Ottawa, from which place they returned yesterday. Amongst other subjects discussed were federal aid for provincial roads, the taking over by the government of the St. John and Quebec (Valley) Railway, the transfer of natural resources to the dominion and the transfer of wharves in tidal water.

Mr. Foster, in conversation with a Times reporter this morning said that the dominion premier, Hon. W. L. Mackenzie King, sent a message of goodwill to the people of this province and asked to be kindly remembered to all the good friends he met when he toured New Brunswick last fall.

While they found all the ministers at Ottawa busily engaged, the provincial representatives were given a courteous hearing in the matters which they had to bring before them. They met with a sub-committee of the council and asked that the proposal of the transfer of the natural resources of any of the provinces be not crystallized by order-in-council before New Brunswick had the opportunity of presenting its case.

The transfer of provincial wharves in tidal waters was also brought up and was pointed out that, although the transfer was arranged during the term of the late government, no order had been passed. It left the matter of ownership of responsibility for these wharves uncertain with the result that they had been receiving little attention.

The matter, it was shown, affected many wharf properties, at least twenty-five being situated in Kings county alone. A strong case was made for the provincial government and the premier expressed the view that New Brunswick might look for a favorable answer in a few days.

The Valley Railway.

The matter of the Valley railway was also taken up with this sub-committee, of which the minister of railways is a member. A resolution passed by the last session of the local legislature was presented and in reply the minister said that there were other provinces asking to have railways taken over by the dominion, mentioning in particular British Columbia.

Premier Foster pointed out that Valley Railway was in a different position from that of the other railways, as it was being operated by the government; that the route of the road was changed at the request of the then minister of railways and the Dominion of Canada was saved some \$200,000 which had been offered for the construction of bridges over the St. John river. He also stressed the fact that when the route of the railway was changed by the government under the leadership of Hon. Mr. Murray, it was understood by the dominion government that when the road was completed it would be taken over.

The premier spoke highly of the consideration shown himself and Hon. Mr. Veniot during their stay in Ottawa and carried away the impression that the federal authorities would do all in their power to meet the wishes of the representatives of this province.

Asked regarding business conditions in Upper Canada, Mr. Foster said that there was very little evidence of improvement. He was of the opinion that nowhere were conditions any better than in New Brunswick.

To look your most delightful best choose one of our New Gingham Dresses, designed for service, but very cleverly styled nevertheless

Gingham dresses are in for a season of great popularity. The many interesting new styles make that quite clear. Our stock is most interesting and the low prices will certainly surprise you.

\$5.50 For These Fine Spring Hats

The shades are browns, pearls and slates, in the new spring shapes. You're sure to find a shape and shade to exactly suit your personality.

New Neckwear \$1.15

Brighten up your appearance with some of these fine new ties, with neat colored spots woven right into them. They are made in narrow shapes to comfortably slide under the new low band collars that are so popular this season. \$1.50 would be a low price for these ties. So here's your chance to economize.

OAK HALL

SCOVIL BROS., LTD. ST. JOHN, N. B.

SAID A LOT OF THINGS STOLEN

Chas. LeLacheur Tells of His Losses and Ralph Corning is Sent up for Trial.

The preliminary hearing in the case of Ralph Corning, charged with breaking and entering the house of Charles LeLacheur on the Red Head road and stealing clothing, bed clothes, dishes, cutlery and other articles, was taken up this morning in the police court before Sitting Magistrate Henderson and the accused was committed for trial at the next sitting of the circuit court.

Mr. LeLacheur testified that he had left the house securely locked and shuttered. When he visited it early this month he found that entrance had been forced. The things inside the house were thrown around in disorder and articles were missing. He identified dishes, blankets, quilts, pillows and cutlery in the court room as part of what was taken. A supply of food, which he said was enough to last him for a month, had been stolen. He said he could not replace the goods taken for less than \$200.

Detective Sergeant Power and Detective Biddiscombe told of finding the articles in court in the possession of the defendant at the residence of Charles Carter, on the Red Head road, where the defendant had been staying. He was committed for trial.

One man pleaded guilty in the police court today to a charge of drunkenness. Policeman Sheehan said that the man had been interfering with people. He had entered a house and taken a gramophone out of it, policeman said, and he had to return it. A fine of \$8 or two months in jail was imposed.

ST. JOHN AND HYDRO.

Toronto Globe.—"The people of the premier city of the province of New Brunswick, are alive to the importance of hydro-electric energy, and determined to try to make the most of that energy under a scheme amenable to their direct control. It used to be supposed that east of Ontario there was little enthusiasm for public ownership of public utilities, but New Brunswick is waking up."

Couch Hammocks

The fine, out-of-doors weather will soon be here, and you should be prepared to enjoy it to the utmost.

Probably the most important item for verandah, lawn or even the back yard, is the couch hammock, and we are showing these in a splendid variety. With chains ready to hang to roof of verandah, or suspended from steel stand, or complete with both stand and canopy as shown in illustration. Some have the usual flat mattress over a link spring, others can be raised at one end to provide a sloping head, while others have comfortable, adjustable upholstered backs. See them now, so that you will be prepared to take advantage of the very first good weather.

MANY TENDERS IN

About forty tenders have been received by the New Brunswick Electric Power Commission for clearing the right-of-way of the St. John to Moncton transmission line. These bids closed yesterday and will be considered at a meeting of the commission to be held in the near future.

OPEN VERDICT

Woman Killed, Brother Held and is to Go Before Magistrate.

Aston, Ont., May 10.—An open verdict was returned by the coroners jury attending the investigation conducted by Dr. Drummond, by coroner Craig of Ottawa. The woman's death, on Friday, April 28, caused intense excitement in this district which was intensified when her brother, Berrick Drummond, was placed under arrest by the county police charged with murder. After hearing evidence for four hours a verdict stating that the "cause of death was a fractured skull produced by a blow received in an unknown manner" was brought in.

WOMAN LEADS THE CHASE.

First Tries to Halt Man With Her Fur.

Entering her home at 947 Park avenue, New York, Mrs. Patrick Dowd saw a sturdy young man with a cardboard suitcase and a taxi cab from the doorway. Mrs. Dowd thought she recognized the box as one in which she had put furs before she started on a shopping trip. She hurried to her apartment on the fifth floor and found the door had been forced. Hurrying to the street she saw the man entering the taxi cab.

"Police!" "Robbers!" Mrs. Dowd shouted as she jumped on the running board of the taxi cab and grabbed the driver inside. "Don't you dare drive away with this fellow," she warned the chauffeur. "Or I'll have you arrested with my confederates."

"Don't mind her," said the man inside. "That's my sister, and we've had a quarrel. Drive away as fast as you can."

"Nothing doing," replied the chauffeur. "You don't look like her brother."

"You don't look like her brother," Monahan took his prisoner back to

MORE STRENGTH IN TEXTILE PRICES

(Bradstreet's)
Further strength in raw materials, notably cotton, had a pronounced effect upon the textile markets in the United States this week. Prices of print cloths, sheetings and many constructions of gray goods were advanced 1/4 to 1/2 cent a yard, and more in some instances. Mills were reluctant to sell except for spot and nearby delivery, and early in the week several manufacturers of print cloths and sheetings temporarily withdrew offerings pending further developments in raw cotton. Trading was fairly active. More lines of woollens and workcloths, both suitably and overcoatings, were advanced by independent producers, owing to the higher cost of wool, and the American Woollen Company revised prices upward on all its worsted lines, the increases ranging from ten to twenty cents a yard on a few lines. Its numbers, while on a few lines the advances ranged from twenty-two to thirty cents a yard. A few weeks ago the company raised woollen goods prices fifteen to forty-five cents a yard. Raw silk has advanced sharply under heavy buying, especially in Yokohama, said to have been largely for the account of American manufacturers of broad silks. Reports indicate some improvement in the volume of forward business reaching broad silk mills. The rise in raw silk has materially stiffened prices for silk goods yet to be made; one prominent silk hosiery manufacturer has advanced prices for his goods a dozen, and other lines of knitted goods generally are expected to reflect the increased cost of cotton and silk if their present levels hold. Burlaps have likewise advanced fully 1/2 cent a yard this week in sympathy with a vigorous rise in Calcutta, which was attributed to the short jute crop. Bag houses bought freely, but a large part of the trading was speculative. With the exception of an active demand for fall lines of men's wear woollens and for worsteds, there has been a larger extent than heretofore, trade in finished goods, particularly cottons, has continued rather quiet in primary markets, purchases in most quarters still being of a hand-to-mouth character.

OPERATING ON CHILD IN BURNING ROOM

The Dallas, Ore., May 9—While fire swept the walls of an operating room, two surgeons here completed an operation on a child's appendix. Drs. C. C. Staats and L. A. Bolman had made an incision when the flames were noticed behind an overhead sterilizer. One piled fire extinguishers, while the other completed the operation. Dr. Staats was overcome by smoke, but the child was removed in safety.

Necessities of Life

Light, heat, power, gas, transportation. They are all necessities. In good times and bad the public demands such services and most profit-adequate resources to the producer. An investment, based on the certainty of returns from a public utility corporation, is an investment you can purchase with confidence. Nova Scotia Tramways and Power Company 50-year 7% Bonds will appeal to you after you have read the circular listed in connection with our purchase of a new issue of \$1,250,000. The Bonds are offered at 97 1/2 and accrued interest to yield 7.20 p. c. Write for our Circular describing this issue.

USED A CROWBAR AS DIVINING-ROD

Police Turned Up Barrel of Whiskey in a Backyard in Toronto.

(Toronto Mail and Empire)
A head switch is generally considered by diviners to be the correct thing when hunting for water or other liquids in the earth, but Sergeant P. S. Alexander and Policeman P. C. Appleton and McCaffrey, of West Dundas station, had excellent luck last night with a homely crowbar when they explored a backyard in Chestnut street and turned up a barrel of whiskey that had been hidden in the earth there. As a result of their "divination," Sylvester Kaputo, Chestnut street, was taken into custody on a charge of having illegal possession of liquor.

The Age of Alloy Steels

ALLOY steels first came to the market in commercial form about ten years ago. The idea of obtaining at once a steel lighter, stronger and having greater wearing qualities affected and appealed to every line of industry. But alloy steel was then new. It had to prove by actual test over a period of time that it was not only lighter and stronger, but that it was equal or superior to any steel in the world. These facts have been proven beyond any question of doubt. The sales and uses have grown faster in proportion than any other type of steel, with new uses being discovered every day.

Alloy steels today represent the greatest single advance made in the steel industry.

The most significant fact about the unprecedented success of alloy steel is its wide diversity of uses. From the most expensive to the cheapest automobile, from the tool in the workman's hands to the most intricate piece of machinery or farm implement, its use is imperative. Wherever unusual stress or strain, wear or tear is anticipated, alloy steels are essential and supreme.

To partially meet the requirements of Canadian manufacturers, the Dominion Alloy Steel Co., Limited, will erect a modern electric alloy steel plant at Sarnia, having a capacity of 100,000 tons per year, to meet Canadian requirements in alloy steels and sheet steel specialties that are now imported. Practically no alloy steel is manufactured in Canada, the tonnage imported from the United States each year being greater than the capacity of this plant; therefore this company will experience no competition.

A descriptive circular, giving complete information regarding the above industry, will be mailed upon request.

LANCASTER PROPOSALS SENT BACK TO FINANCE COMMITTEE

Municipal Council, By Majority Vote, Refused to Anticipate Legislation to Authorize Firewall and Sidewalk Construction—County Housing Board to Continue to Exist, But Work Will Be Done By Trust Company.

A resolution asking that the council authorize the highway board of the parish of Lancaster to undertake the immediate construction of concrete sidewalks, to cost about \$6,000, was voted down at the quarterly session of the municipal council yesterday afternoon. The resolution provided that the sidewalks should be ultimately paid for by bond issue, assessment to be made for interest and sinking fund on the parish, and that the work be financed out of the contingent account, provided that the provincial government would guarantee to pass legislation at the next session, confirming the action of the council. Councillor H. R. McLellan, speaking as the city's finance commissioner, took strong objection to the proviso about anticipated legislation, and was supported in his stand by the other city commissioners present. Councillor O'Brien, speaking in favor of it, said that it was needed to relieve unemployment. Councillor Campbell said that all the parish was asking was that, if the government gave such assurance, the council approve the financing. "The parish of Lancaster will pay the interest. It has never defaulted yet," he said. The resolution was lost by one vote.

commendations were adopted with little discussion: That the secretary and treasurer be authorized to make an order-draft to meet county school purposes; that six blank registry books be supplied to the registry office; that an amount of \$400 be paid the Sisters of the Good Shepherd for maintenance of a young girl; that \$200 be advanced for police purposes in Lancaster, to be assessed for the year 1922; that George McCarthy be reimbursed to the extent of \$55 for use of horse and wagon for police purposes; that the sum of \$24,842 be financed and advanced to the commissioners of the General Public Hospital for an addition to the epidemic hospital, in place of the sum of \$14,218; that bonds amounting to \$5,000 be issued and sold to pay for improvements at the St. John County hospital; that bonds to an amount of \$2,000 be issued and sold for a sewerage trunk line and septic tank in the Green Head or Milford Road; that a discount of 5 per cent be allowed on all taxes assessed in the parish to St. Martin's, Simonds, Musquash, and Lancaster, for year 1922 paid on or before August 29; that an amount for winter fuel not exceeding \$1,500 in excess of the assessment of 1922 be authorized for payment to M. E. Agar, vice-president of the hospital commissioners, appeared and explained satisfactorily the amount needed for improvements at the epidemic hospital. In reply to Councillor Mosher, the secretary, J. King Kelly, K.C., explained that there were twenty houses in Lancaster. The municipality owned the land. There was some \$47,000 outstanding in mortgages. When the people occupying the houses redeemed these mortgages, the titles would be conveyed to them. The title was still in the municipality and thus there was no need for any talk of foreclosure. After selling smoothly over three sections, the meeting got into troubled waters again. This time it was over the recommendation for the payment to B. Mooney & Sons, contractors who had built the nurses' home, the sum of \$1,486.25, which was the amount they had expended in paying sales tax on material supplied in the construction of the home. This amount had not been included in their tender as there was no sales tax at the time and the tax had been made retroactively. Several councillors objected on the ground that there was no legal obligation and that the commissioners of the hospital had declined to recommend the payment. Councillor Frink told of a similar occurrence with the Stephen Construction Company. Councillor McLellan thought it was up to the hospital commissioners. He did not think the municipal council was a board of arbitration for humanitarian treatment. There might be ground for moral obligation but he and the other councillors were there representing the taxpayers. The motion was lost by an 11 to 8 vote. Councillor Campbell presented a motion that the highway board of the parish of Lancaster be authorized to undertake sidewalk construction to the cost to be \$5,484.95, to be paid for by assessment. Councillor McLellan said that this was the amount he had already and Warden Thornton was not clear in his own mind that it rightly should be included in the assessment. Councillor O'Brien moved, after the first motion had been withdrawn, that the chairman of the parish of Lancaster, the secretary and treasurer, and the three councillors be appointed a committee to look into the matter of sidewalks and also its financing and that it be given power to act. After further discussion, the motion was settled by an amendment by Councillor Frink that further consideration be left to the finance committee. Councillor McLellan said that the matter be heard at the same time as the fire walls matter. This carried and the meeting adjourned.

BANNER PIPELESS FURNACES

Proper Circulation Saves Fuel Immediately after starting a fire in the Banner Furnace, air in all parts of the house starts in motion—drawn through the register, past the hot casting and returned heated to the rooms above. Hundreds of users of Banner Pipeless Furnaces tell us that this complete circulation is saving them from 15% to 25% of the fuel they used formerly.

MORE HEAT FROM LESS FUEL

A Life for A Dollar

NEVER was human life so cheap as it can be bought today in the famine districts of Russia. \$1 will save a child's life by providing food for a month. \$10 will save ten children from starvation. \$500 will establish a kitchen and feed 100 children until the next harvest. Will you save a life with a dollar? Could any other dollar you have—or ever hope to have—bring such soul-satisfying returns? Wouldn't you sleep better—feel better—be better—if you knew that a dollar of yours saved a child's life? Only—anything you do to save the children of Russia in their desperate fight against death from starvation, must be done at ONCE. Won't you send the dollar NOW? A child's life depends on it.

Cheques and money orders may be forwarded through your bank or local committee or sent direct to Sir George Barn, Treasurer, Save the Children Fund, Elgin Bldg., Ottawa.

REV. DR. SLATTERY ACCEPTS ELECTION

Boston, May 9.—Rev. Dr. Charles L. Slattery, of New York, has accepted the office of bishop coadjutor of the Episcopal diocese of Massachusetts, to which he was elected at the recent diocesan convention here. Dr. Slattery's acceptance was announced tonight in a message to The Association Press from Bishop Lawrence, now in New York.

WAS THE GUEST OF CLUB EXECUTIVE

A delightful luncheon party at the Royal Hotel yesterday afternoon was arranged by the executive of the Women's Canadian Club as a welcome to the president of the club, Mrs. W. Edmond Raymond, who had returned from attending the Pan-American convention in Baltimore, Washington and Boston. Mrs. Raymond, as the guest of honor, was cordially welcomed by Mrs. Leonard Tilley, the honorary president of the club, who in a charming speech expressed the pleasure of the executive in the return of its president. Mrs. J. H. Doody, vice-president, was the chairman for the occasion. As it was Mrs. Tilley's first appearance at a gathering of the executive since her trip to Europe, greetings were extended to her by Miss Grace W. Leavitt, Mrs. Mercer, of St. Stephen, as an invited guest, was welcomed by Miss A. Thigley. Those present besides those already mentioned were Mrs. H. A. Powell, Mrs. Gordon MacDonald, Mrs. D. C. Dearden, Miss Katherine Bell, Mrs. F. C. Beal, Miss Mary L. Harrison, Mrs. W. P. Bonnell, Mrs. H. B. Feck and Mrs. C. B. Allan. After the luncheon Mrs. Raymond gave a brief sketch of the events of her trip. She was the St. John Women's Canadian Club's delegate to the convention and the official observer for the Associated Canadian Clubs. Her description of the convention, which was attended by 2,000 delegates, greatly impressed her hearers and what especially pleased them was her announcement that, at the reception at the White House, she had had most cordial personal greetings from President Harding, who had sent his good wishes to the St. John Women's Canadian Club. Several of the distinguished women whom she had met had promised to visit St. John and it was hoped that some of the most prominent might address the club on some later date. The luncheon tables were prettily decorated with red flowers and her address, he flowers, were presented to Mrs. Raymond as the gift of the executive.

ANOTHER BOSTON DOUBLE TRAGEDY

Boston, May 9.—A man and woman who had registered at Mr. and Mrs. C. J. Fowler, of Brockton, were found dead tonight in a room in a Back Bay lodging house. The gas had been turned on and the woman's throat was cut. The police believed the man had murdered the woman and then committed suicide by gas.

GRACE CHURCH

Grace Church until the middle of next October or November when a new rector will be elected. He will not be consecrated until that time. Mrs. David Hipwell Declines Re-Election as Head of W. C. T. U.—Mrs. Hope Thompson Succeeds Her. After seven and a half years in office as president of the W. C. T. U., Mrs. David Hipwell declined re-election at the annual meeting of the union held yesterday afternoon and her retirement was regretfully accorded, to hearty thanks being tendered her for her faithful service in office. Some generous grants were made to worthy causes. Mrs. Hipwell presided and led the opening devotions, giving a helpful paper on "Thinking Our Faults." Mrs. A. C. M. Lawson, the provincial treasurer, wrote concerning the coming convention and the finances of the provincial organization. Provision was made for refreshments for the taggers for the Salvation Army and a pleasing occurrence was the presentation of a life membership to Mrs. H. M. Lawson, of 84 Wright street. In her report, Mrs. Hipwell reviewed the seven and a half years in which she had been president. Mrs. I. Hoare, as treasurer, submitted the financial statement showing the standing to be about normal. Mrs. R. D. Christie gave the secretary's report, reviewing the year's work. The election of officers resulted as follows: President, Mrs. Hope Thompson; vice-presidents: Anglican, Mrs. W. H. Humphrey; Methodist, Mrs. J. E. V. Herd; Presbyterian, Mrs. Massey; corresponding secretary, Mrs. A. Berglund; recording secretary, Mrs. R. D. Christie; treasurer, Mrs. I. Hoare; auditor, Miss N. Keith; pianist, Mrs. Berglund; hospital visitor, Mrs. J. D. Seely; parlor meetings superintendent, Mrs. David Hipwell. Sums of money were voted to the Labrador missions, to the Shantymen's Christian Association and to the Seamen's Institute. It was decided to hold only one meeting in each of the three summer months, June, July and August.

The makers of Lifebuoy guarantee its perfect PURITY. They manufacture their own unbleached RED palm oil in Central Africa. They test every other Lifebuoy ingredient for purity and quality. Lifebuoy is the purest, most wholesome soap that can be made.

SPORT NEWS OF A DAY, HOME AND ABROAD

BOWLING.—Two-men League. Three games were rolled last evening in the Two-men League on Black's alleys. Team No. 18 took three points from Team No. 12; Team No. 14 captured three points from Team No. 1; and Team No. 8 captured all four points from Team No. 10.

Team No. 12—Total Avg. O'Brien 88 86 88 262 87.3 McGuire 88 88 80 254 84.9

Team No. 14—Total Avg. Whittaker 77 87 88 252 84 Gornley 112 89 70 271 90.1

Team No. 18—Total Avg. Kinnister 86 118 86 290 96.2-3 Blisworth 89 86 88 278 91

Team No. 1—Total Avg. C. Galbraith 82 78 108 268 89.2-3 J. Galbraith 83 111 83 274 91.3

Team No. 8—Total Avg. Cook 101 89 81 275 91.2-3

Headwise Juniors Roll.—The Junior team from Robertson, Foster and Smith took all four points from a Junior team from Emerson & Fisher. The winners totaled 1018 against 1006.

Second Game of Series.—On the Y. M. C. I. alleys tonight the Hawks and Robins will stage their second battle for the supremacy of the Y. M. C. I. House Bowling League.

If this game should go to the Robins, it will take another match to settle the championship, the Hawks having one win to their credit.

The custody of the silver candlepin donated by P. J. Fitzpatrick accompanies the title. The Hawks announce no change in their line-up.

TENNIS.—Pacific Tournament. Berkeley, Cal., May 10.—Billy Wales, tennis champion of Canada and a student at the University of California, yesterday defeated Ray Cassey of San Francisco, 8-5, 6-4, 6-2, in what proved to be the feature match of the preliminary rounds of the Pacific coast tennis championship tournament yesterday. U. S. nationally ranked players had no difficulty in winning their first matches.

William T. Tilden, world's champion; Wm. M. Johnson, second ranking, and Vincent Richards, third ranking, did not renew their sweaters during the day.

BADMINTON.—Stone Church Team Wins. In a badminton tournament last night on the St. John (Stone) church courts the home team defeated the representatives of St. James' church by a score of nine to one after a hard evening's play.

Although there is rather a one-sided appearance to the final score, the play for the evening was much closer, many of the games being decided by extra points.

Stone will play a match with Mission church tonight and has accepted a challenge from Trinity, probably for next week. Refreshments were served by ladies of Stone church.

RING.—To Test Fate Again. Meriden, Conn., May 10.—Louis "Kid" Kaplan, who has not lost a decision in his last twenty-two fights, has been matched with Kid Wagner of Philadelphia for a twelve-round contest here on May 18.

Carpenter and Lewis.—London, May 10.—The fight between Georges Carpentier and Ted Lewis in the Black Friar's road arena on Thursday evening is causing such great interest that the managers of the project have been compelled largely to increase the seating accommodations.

There has been considerable quibbling between the managers of the fighters, but all the difficulties have now been satisfactorily overcome. Lewis has been accused of being desirous to wear a "blood absorber" in a rubber tooth protector. This he has shown to the people of the Carpenter camp, and Carpentier, finding that it was not so, has refused to accept it.

Congratulations from Fargo to the Local Y. M. C. A.—The following letter has been received from the physical directors of the North Dakota Association and the junior and senior hexathlons:—

"Fargo, D., May 8, 1922.

"Physical Director, St. John, N. B., Canada:

"Dear Sir:—Congratulations on beating the local Y. M. C. A. in the senior hexathlon this year! You are good, and we admit it—but we have to smile when we think of the boys' hexathlon reports that have just come to hand. We have to admit that we aren't so rotten, either.

"Seriously, the entire Fargo physical department would like to meet all of your men and boys and get acquainted; but since this is hardly possible, just pass the word to them for us that we are both proud to be licked by you in the men's hexathlon and equally proud to return the compliment in the boys' hexathlon.

"Greetings from the second place.

"FARGO, N. DAK., Y. M. C. A. (Signed) 'N. C. Greiner.' 'Chas. S. Brown.'"

Capt. Wm. Bowie, the local Y. M. C. A. physical director, says that Fargo, N. D., were noted out by the St. John boys by a scant fifty-six points margin. They also defeated our boys in the junior hexathlon—hence this dig at the St. John boys.

\$10,000,000 HEIRSS WED MOVIE 'EXTRA'

Mrs. James Campbell, Widow of St. Louis, Secrely Married Henry K. Vanheli in San Diego.

Los Angeles, May 10.—Henry Elias Vanheli, formerly of Holland and for a time an "extra" in a motion picture company here, was married secretly to Mrs. James Campbell of St. Louis, in San Diego, on April 18, according to information here. Vanheli, who gave his age as 42, gave his address as New York. Mrs. Campbell received half of \$20,000,000 from her late husband, who was a St. Louis traction magnate. She gave her age as 48. They have been living in seclusion in Pasadena since the wedding, and it is understood that they intend to leave for New York.

formidable an affair as had been rumored, has withdrawn his objection to it. The withdrawal, however, carried with it the proviso that the protector to be worn the night of the fight must be shown him in the ring before the bout.

McTigue and Robson Signed.

Mike McTigue Irish middleweight who is seeking a world's title match against Champion Johnny Wilson, will endeavor to demonstrate his qualifications to a crack at the title against Tommy Robson, of Malden, Mass., next Saturday night at the Queensboro A. C. of Long Island City, N. Y. Joe Jacobs, McTigue's manager, announced he had closed arrangements for his middleweight to box Robson at the Long Island Club for twelve rounds. The weight will be 160 pounds, the recognized middleweight limit.

Danny Frush, Baltimore featherweight who knocked out Tony Caponi at Madison Square Garden last week, and Johnny Reiser, Harlem boxer, are slated for another twelve-round battle.

THOROUGHBREDS BURNED TO DEATH

Twenty-eight Die in Fire at Racing Stables at Lexington Track.

Lexington, Ky., May 10.—Twenty-eight thoroughbreds, valued at least a quarter of a million, were burned to death in a fire which destroyed the racing stables owned by former U. S. Senator Johnson N. Camden and J. C. Molana, prominent breeder at the Lexington race track last night.

The fire is believed to have been caused by lightning.

The blaze had gained great headway before efforts to rescue the horses could be started. Six of them were saved, however, by Track Superintendent Keegan and attaches of nearby stables. Miss Humphrey, two-year-old; Louis Adair, three-year-old, and three unnamed fillies were rescued. Molana, which finished second in the Life Hour Stakes run here yesterday, was badly burned, although the extent of his injuries is not definitely known. Rangon, Bettina and Darjeeling, a horse of the older division of the stable, were among those which met death in the fire.

Fair Agnes, Golden Apple and Senator Ernest are among the list of two-year-olds which were burned to death.

Mojave and Miss Humphrey, which were rescued, were considered the fastest youngsters in the stable.

The latter had not yet started in a race.

SEES STAGE MORALS BEST OF ALL TIME

President of Drama League Believes Producers and the Public are Improving Plays.

S. Marion Tucker, president of the Drama League, New York, believes the theatre was never so moral as it is today, and that the people of this country, with their societies for the improvement of the stage and the co-operation of the intelligent public with the producers, are pursuing the right method of correcting any backward tendency in production by remedying the condition from within. Mr. Tucker was the principal speaker at the annual luncheon of the Alumni Association of the Packer Collegiate Institute at the Biltmore Hotel.

Government censorship, Mr. Tucker believes, would not effect any important reform, for the publicity given such a procedure would create curiosity for the plays in question and defeat of the enterprise. According to a new plan which is gradually being put into practice through the co-operation of various organizations, theatregoers and managers, a play which is below standard, will be taken off immediately.

"If one is familiar with the plays of the contemporary writers of Shakespeare's time or of the earlier Restoration days," and Mr. Tucker, "he will agree that the plays of the present day are a decided improvement. Opinions vary so in different countries and among different individuals as to just what is moral and what is not that it is difficult to reach an agreement as to a standard.

"With all the recent discussions—and I think they have done good—nothing very sensible has been said on the subject of immoral plays. In my opinion, morality is not a matter of sex relations of business life; the portrayal of hideous things and the exploitation of false sentiment. These things should be censured as carefully as immoral sex plays. After all, it is the method in which an idea is presented, and the objectionable plays of this season have been objectionable because the standards are all wrong.

"If there were official censorship certain objectionable features in plays would be debarré, of course, but this censorship would be certain to crush new ideas. We want plays that are true to matter, what the plot may be and that have been written by sincere, thinking playwrights.

"It is the playwright who is so anxious to commercialize his product that he strives to appeal to the baser side of people who must be censored. And such censorship must come from within."

160 TAKEN IN RAID ON BARN GAMBLERS

Fifty Police Storm Big Building and Find Cards and Paraphernalia.

Passaic, N. J., May 10.—Fifty policemen under County Detective Nathaniel Shane and Captain of Detectives Benjamin Turner raided an alleged gambling establishment in a two-story barn on Brook avenue, which netted them 160 prisoners. Fines of \$25 and \$15, and a few instances suspended sentences, were meted out to the defendants when they were arraigned before Recorder Thomas Costello. Three alleged operators of the gambling house were held for the Grand Jury.

The property on which the barn is located is owned, the police said, by Thomas Foxhall Sr., former Passaic fire chief and one-time member of the city council.

Shane and Turner set out with their men in automobiles to raid the place.

MILK For Young and Old Alike

Nature first gives the infant milk. Why ever stop it? Why defy nature?

For the growing child, for the young man and woman, and for the mature years, milk is a needful food.

Drink it slowly—eat it. That insures complete digestion. Consider milk in the place of heavier slowly digestible foods. Use milk as a substantial part of your meal.

Begin today to drink more milk. Teach every member of the family to know its value.

Pacific Dairy's milk is good milk. "It's Pasterized."

"LAVENDER AND OLD LACE"

Have you ever known—or heard—of the sort of devotion that could keep a woman faithful to a memory over a very long period of years? Myrtle Reed made a woman's devotion the theme of this her best-loved novel. Every critic who has previewed the production is unanimous in declaring it to be one of the sweetest, cleanest, finest, most entertaining pictures ever brought to the screen. And the comedy worked into it will give you many a hearty laugh.

COME EARLY

They parked their machines some distance away from the property and approached on foot. As they entered the walk leading to the barn, a man littered in front of the entrance dropped a cap. This the police believed was a pre-arranged signal for instantly a window on the second floor closed and sounds of scuffling were heard.

The raiders, all armed, surrounded the barn while some of their number entered through the two doors. Warning all inside to remain where they were and not attempt to get outside, the police walked into the spacious interior of the barn. Here, according to their story, they found a complete gambling layout. Roulette wheels, card tables, racing charts and six telephones confronted the police. Everything was topsy turvy, evidence the police said that the players had been warned of their approach.

"When the last card table had been loaded into a row of patrol wagons one of the players spoke up:

"Well, may we go now?"

"I should say not," responded Detective Turner. "Just hop out those patrol wagons. You're all under arrest."

BOY FALLS INTO 3-FOOT HOLE; DIES FROM SUFFOCATION

Ashbury Park, N. J., May 10.—Falling head first into a hole three feet deep, George Sharin, three years old, of 508 Lake street, died from suffocation a few minutes after being pulled out.

The boy wandered from his home to a vacant lot, where he apparently stumbled into the hole, which was a little larger than his body. A passerby

saw the struggling child trying to force his way out and pulled him out, but he died while being taken to the hospital.

DEVELOPING SECRET WIRELESS SERVICE

Marconi and Franklin Can Defy "Listening in" on 100 Mile Distance—Seeks Martian Message.

London, May 9.—C. S. Franklin of the Marconi Company, speaking before the Institute of Electrical Engineers, said that experiments in sending messages by short-wave directional wireless apparatus showed that twenty-meter wave-lengths were capable of providing point-to-point directional commercial service over very wide ranges. Such service, he said, would be comparatively secret as compared with the usual non-directional type of transmission.

William Marconi, interviewed by The Daily Mail on the subject, sounded a note of warning.

"Scientists," he said, "cannot employ the words 'absolute' or 'finite' to their investigations and discoveries. What we do not know today we may know tomorrow. That is why I am not prepared to say that absolute secrecy can be guaranteed with regard to wireless. It was twenty-five years ago that I experimented with regard to communication being picked up elsewhere; but then there came the fascinating development of speaking to the world at large by broadcasting, and I dropped the experiments."

"During the war I took them up again for the benefit of the Italian Navy. Mr. Franklin assisted me, and we were able to communicate over a distance of six miles without being heard. Since then Mr. Franklin has carried on his experiments, and today we can communicate in this way over 100 miles, and I see no reason why in the course of time we should not be able to speak by this method across the Atlantic. I will not say that the conversation will be absolutely secret as between speaker and listener; but today only a station directly in line between the two points and tuned up to the proper wave-length could intercept the message."

As to ordinary wireless telephony across the Atlantic, Mr. Marconi said: "That is quite near—much nearer than some people think. Some time ago we got a few words across, and since then the wireless stations on both sides of the Atlantic have been improved, and as they have been improved for telegraphy, so we have carried on experiments for telephony. More than that I cannot say."

There is yet another development to which Mr. Marconi is looking forward with open mind. Next month Mars comes comparatively near the earth, and he has determined to "listen in" for what he described in 1920 when they were heard by him, as those "very queer sounds and indications which come from somewhere outside the earth."

Mr. Marconi said Wednesday: "I shall be in America next month and shall certainly 'listen in' for these mysterious sounds. They have not been

OLD CUSTOM AT WESTMINSTER

The Distribution of "Maundy Money" to 114 Aged Persons.

London, April 18.—(A. P. by mail.)—Westminster Abbey was the scene today of one of those quaint medieval customs of which many still survive in some form in London. This was the annual distribution of the king's "Maundy money" by the lord high almoner, the Dean of Wells.

Custom decrees that the number of recipients of this bounty shall be twice the king's age, and as King George is now fifty-seven years old there were fifty-seven old men and a similar number of old women seated in the choir stalls to receive the money, surrounded by a number of the Yeomen of the Guard in their picturesque costumes.

At the beginning of the service a procession was formed in the nave. Necessity was carried in medieval days to counteract unsavory smells from the lack of sanitation and to keep off the plague. Flowers were carried today, but only to keep up old custom and not for the original purpose.

At the head of the procession came the sergeant-major of the Yeoman, carrying a gold dish on which were 114 red and white kid purses containing the Maundy money, which consists of small silver coins, one current coin of the realm, but which now are minted specially for the occasion.

The high almoner and his assistants were dressed in white instead of the usual towels which their predecessors used in Queen Elizabeth's time when they washed the feet of old persons on Maundy Thursday.

PROHIBITION IN UNITED STATES

John A. Nicholls Cites Evidence of Beneficial Results All Over the Country.

To the Editor of the Times.—Sir—The 18th amendment to the constitution of the United States went into force January 16th, 1920. The liquor forces claim that it has been a failure. Let us examine the facts, and answer the question: Can prohibition be enforced? Do the results of prohibition justify the continuation of this policy? The facts here set out have been very carefully verified and are taken from the official records. In spite of the federal enforcement department is making headway in checking up violations. The amount expended in enforcement last year was \$8,250,000. The fines, taxes, and other penalties amount to over \$63,000,000. During the year 29,114 criminal cases were commenced, 16,610 offenders pleaded guilty, 17,909 were convicted, and 765 were acquitted.

What has been the effect of prohibition on crime, alcoholism, bank deposits, employment and home life? Let the facts speak for themselves. Murders decreased 51 per cent, burglaries 10 per cent, robberies 6 per cent in Chicago, according to the report of Director Chamberlain of the Chicago Crime Commission. In Boston in 1917, the last year of unrestricted license the arrests for drunkenness were 72,897. In 1921 under prohibition 30,409. In the State of Massachusetts in 1917 arrests for drunkenness were 129,485. In 1921 under prohibition, 56,982. Four prisons have been closed—Lowell, Newburyport, Taunton and Pileburg, also the Ipswich House of Correction. In Milwaukee, the city which made beer famous, the arrests for drunkenness decreased 69 per cent. Governor Brown of New Hampshire reported in July 1921 that there had been but forty-three jail inmates in that state since December 1920.

The wet city of New York under license in 1916 had 687 deaths from alcoholism, in 1917, 609. In 1920 prohibition ninety-eight. Dr. Horatio M. Pollock, statistician of the State Hospital Commission New York, said in a recent article that within two years after the 18th amendment became operative there are no state hospitals for incurables left in the United States.

Labor conditions.—Two-thirds, 345 of 520 labor leaders, as published by the Literary Digest, March 1920 as to whether prohibition had been a benefit to the workmen and their families, replied, "Yes," many emphatically. The commissioner of banks of Massachusetts reports that the increase in deposits in 1920 were over ninety-two million dollars, the largest increase ever made. The report of Superintendent Scott of Ohio, June 30th, 1921, shows a gain of nearly \$30,000,000 in savings deposits in that year. Notwithstanding business depression and unemployment, returns from 623 savings banks, located in New

STATE OF TRADE IN THE DOMINION

Western Provinces are More Hopeful—Revival of Retail Business—More Confidence Generally.

(Bank of Commerce Letter.)

Normal weather and the satisfactory condition of the soil have enabled more seeding to be completed than has been usual on this date in recent years. Farmers are encouraged in their arduous spring labors by the higher prices prevailing for wheat, which are inducing heavy deliveries at country points. The probability now is that the recorded receipts of wheat produced last year will exceed the official estimates of production. The attitude of the farmers as well as of the commercial public in Western Canada is decidedly more hopeful at present than it has been for some months.

During the past few weeks a steadily increasing number of reports from industrial centres indicate that orders are satisfactory, necessitating operations on a larger scale. At the same time in all the provinces there has been a revival of optimism and confidence that has not been in evidence for some time. In many districts of western Canada farmers are returning to the farms which they had abandoned in discouragement at the heavy fall in the prices of farm products and the exceptionally unfavorable weather conditions. Difficult as was the position of the farmer towards the end of last year, it was not more difficult than the position of those engaged in many other lines of business. It would appear from the evident determination to maintain the acreage under crop and herds of live stock at the level of past years, and to cultivate the minor sources of farm revenues, that altogether a more hopeful view of the future is now held. An official statement indicates that the acreage prepared for this season's crop in Manitoba has actually increased, and unofficial reports indicate that there has been no decrease in other western provinces. It is noteworthy, however, that purchases are, as a rule, still confined to necessities, and that the volume of business, and of the credit required to provide for them, contract enormously during periods of adversity.

Although commercial payments throughout Canada, and particularly in the prairie provinces, are still far from being satisfactory, the demand on the part of farmers for short-term credit and mortgage loans is not as insistent as in the close of last year, and the request for seed-grain loans from the government or the municipalities are much less numerous than anticipated. The improvement is due to the rise in prices of farm products for instance, No. 1 Northern wheat (Port William basis) sold on April 15 at \$1.45 per bushel as compared with \$1.07 in January last. The heavy-footed steels lurched in the danger zone. Whether the color of the wool, which was red, alarmed the moment no indication, so far as I

RECOMMEND 23 FOR MEDICAL DEGREES AT DALHOUSIE UNIVERSITY

Halifax, May 10.—Twenty-three final year medical students at Dalhousie were recommended for degrees at a meeting of the medical faculty of the university yesterday. It was announced that Dr. G. H. Gossie of Newfoundland would be awarded the university medal in medicine and that Frank F. Chute was second in standing.

UNRULY PUPIL PROBLEM

The St. John Deane Sunday School Teachers' Association had an interesting subject for discussion at their meeting last night. Rev. Canon R. A. Armstrong, the president, was in the chair, and the subject for the evening was the "Unruly pupil in the school." The paper presenting the subject was given by Mrs. Barber of St. Paul's church, and Mrs. Lester Mowry, of St. Luke's church, led in the discussion. Refreshments were served by the members from Trinity church and a pleasant social hour was enjoyed.

BEWARE OF THE MOTH

MAGEE'S Fur Storage is SAFE

Would You Leave Your Pocketbook With \$200.00 in It Lying Around?

Would You Ensure the Safety of Your Money by Banking It? Then Why Not Ensure the Safety of Your Expensive Furs.

It's self interest that prompts many of your friends and the same self interest should prompt you to have your furs cleaned, locked up and insured.

MAGEE'S dry, scientific storage system guarantees to protect your furs against moths, fire, burglars, wear, tear and dust—all for 3 per cent. of the value.

We call for all city furs. Phone us today just as many are doing.

Out-of-town furs are fully cared for the day we receive them.

TRANSFERS FREE OR NO TROLLEYS

Windsor, Ont., Objects to Transfer Charges on Trackless Buses.

Windsor, Ont., May 9.—One cent is being charged for transfers on Windsor's new trackless trolley, although assurance was given by the city council and transportation committee, that no such charge would be made. While Windsor is without jurisdiction over the trolley because it operates wholly within Walkerville limits, several of the aldermen declare that the railway system is possessed jointly by the several municipalities, and as such Windsor is well within her rights in offering a formal protest against the charge for transfers.

The transportation committee asserted its unwillingness to grant permission for the erection of poles for trackless trolleys unless positive assurance is given that transfers will be free. "Whatever Walkerville may do in regard to the matter is no concern of Windsor's, but we will not permit any such arbitrary charge here," one alderman asserted.

WINDSOR, ONT., OBJECTS TO TRANSFER CHARGES ON TRACKLESS BUSES

Windsor, Ont., May 9.—One cent is being charged for transfers on Windsor's new trackless trolley, although assurance was given by the city council and transportation committee, that no such charge would be made. BALL OF YARN TIES UP LONDON STREET TRAFFIC

London, May 9.—Knitting caused a tie-up in the heavy traffic at Notting Hill gate, reports the Daily Express. A woman caught an omnibus after a gallant sprint, unaware that her handbag was open. Out of this a large ball of wool fell in the road, the end remaining firmly attached to the bag. Just as a police passerby was bending to pick up the ball the omnibus started, the ball gave a giddy little leap and things began to happen.

A small boy on a bicycle rode right through it, became startled and fell off. A motor cyclist, travelling quickly, found that he was hopelessly involved, slowed down and stopped. Those who heard him hurried on swiftly.

Then a large lorry drawn by two heavy-footed steeds lurched in the danger zone. Whether the color of the wool, which was red, alarmed the moment no indication, so far as I

LADY ASTOR DECLINES PROHIBITION DEBATE

New York, May 10.—(Canadian Press)—Lady Astor said last night by telephone from her home in Virginia that she would decline a challenge from Miss Elizabeth Marbury, national democratic chairman of the women of the State of New York, to a public debate on prohibition. The challenge was telegraphed her by Miss Marbury, vice-president and treasurer of the Association Against the Prohibition Amendment.

All along the line the word broke. The omnibus stopped and far down the road the police passerby was seen running hard, holding in his outstretched hand a very small piece of the wool, all that was left intact of the tiny red line.

Politeness was not rewarded. The owner tried to look as though she had never seen red wool in her life and was not addicted to jumpers.

Babb's Anniversary Sale

The Most Important Sale of the Year

Thursday, May 11, will be the opening of our Anniversary Sale, the most important event of our commercial year. This sale will offer unequalled economies and will be continued all this month. Each day will bring new bargains, which will surprise and convince you that at all times you buy at our store at the very lowest prices. The bargains will be numerous.
