HON. DR. PUGSLEY TAKES A HAND

Leads Attack on The C. N. R. Agreement

MINISTERS ROUTED

Misleading Statement of Hon. Mr. White Exposed — Dr. Pugsley Insists That Mackenzie & Mann Should Pledge Personal Fortunes

Ottawa, May 20.—Hon. William Pugsley, member for St. John, the Liberal hero in the great fight on the naval debate last session, signalled his return to parliament this morning by promptly tangling up the government apologists for the Mackenzie & Mann deal. When the house opened he was there in his seat smiling through the smoke from the Gatineau forest fires, which has hung like a pall in the chamber, throughout the day. And the government smelt trouble as soon as it caught sight of him.

They got it too, for Dr. Pugsley came into the fight at the very start, and throughout the day and night sessions kept the front row of the government busy defending the various points of their proposals. Great strength has been added to the opposition by the addition of the "right" of \$7,000,000 of the Canadian Northern stock, which the minister of finance had secured last session as part return for the \$15,000,000 subsidy to the company. Mr. White had led the house to believe that this \$7,000,000 was part of the then authorized and issued stock of Mackenzie & Mann. He had declared that the country was getting one-tenth of that stock. As a matter of fact the company had simply turned out the extra amount on its printing press and that was what the country had got.

"He misled the country," remarked the member for Pictou. "The minister could stand no more. When the member for Pictou declares that I deliberately misled this house he says what is not true. I am unable, owing to the rules, to say to him here what I would say outside the precincts of this chamber," declared the prime minister.

Mr. MacDonald came back to the attack. "Here is the watchdog of the treasury," he said, "and he admits to this house that he did not know anything about the bargain last year to tell parliament what the amount of stock in the company was. No minister of finance was even in the position before not knowing what he was buying with the country's money. If the statement last year was not an error of judgment, the minister was guilty of the most positive negligence in his dealings with the C. N. R. I am not saying that he deliberately misled the house, but I do say that he was guilty of absolute negligence and did mislead the house, because of that negligence, and because he didn't know what he was getting with the public funds."

Dr. Pugsley held that the finance minister should make an explanation of his statement to the house last year in return for the guarantee then given the government was getting one-tenth of the C. N. R. stock when, as it afterwards turned out, and as already pointed out by E. M. MacDonald of Pictou, they were getting but one-eleventh, since the railway had issued \$7,000,000 more stock immediately.

He criticized the government's attempt to take credit for the routing of traffic over the C. N. R. to Canadian points, and thought it was a dangerous provision by which the C. N. R. was given the right to define over what portions of the government railways they could get running rights.

Hon. W. T. White explained that he had not been in the house when Mr. MacDonald had made statements in this regard. Turning up Hansard of last year he pointed out that he had said the government would obtain "one-tenth of the authorized capital of the company, \$70,000,000." As a matter of fact the authorized capital at the time was \$92,000,000 and he had been in error in rating it as \$70,000,000 when interrupted in the middle of a speech; still it was evident from what he had said that he had meant the house to get the impression that the one-tenth of the \$70,000,000 or \$7,000,000 received, was from the authorized capital of the company. He had not misled the house.

Mr. Pugsley contended that Mackenzie & Mann should put up their personal assets as security. He had information from the best sources that these two men were "rich beyond the dreams of avarice." Why should they not put up their assets, inasmuch as it is sixty per cent. of the common stock they held reached par as a result of government assistance they would realize immense sums thereby. Mr. Pugsley thought the government auditors had apparently been told to be careful not to inquire into the other assets of these two men.

The prime minister replied emphatically that no such instructions had been issued, and the statement of Mr. Pugsley was entirely unwarranted. He pointed out that the Liberal government had not requested Mackenzie & Mann to put up their assets in 1911 when they had guaranteed the bonds of the Canadian Northern Ontario railway. Would securities issued then without the backing of the government have been of any value, he asked.

Mr. Pugsley's reply was that he had not considered the matter at the time. "That is the difference between the two governments," said Mr. Borden. This government had considered the question. Mr. Borden said that the late government had failed in 1911 to secure the safeguards which they demanded now and he was not disposed to attach much importance to their representations.

MARINE NOTES. Steamer Marie left yesterday at 7 p. m. for Preston (G. B.), with a cargo of deals shipped by George McKean.

Schooners Jennie A. Stubbs, Margaret May Riley, and Hattie H. Barbour arrived yesterday at 4.30 p.m. from New York, coal laden, for Fredericton, and tied up at the wharf.

Manchester Mariner steamed from Manchester Sunday morning for St. John direct, with general cargo.

Hints for the Cook

Cream of Tartar Biscuits

Two cups flour, 1 teaspoonful soda, 2 1/2 teaspoonfuls cream of tartar. Sift these together, rub in a piece of butter size of an egg and add 1 cup sweet milk. Bake in a quick oven about 15 minutes. Gooseberry Fool.

Heal and tail 1 quart of gooseberries, put in porcelain pan with one pint of water and cook until fruit turns yellow.

White Cake. One cup sugar, 1/4 cup butter, 1/2 cup milk with 1/2 teaspoon of soda in it, 1 1/2 cups flour with 1 teaspoon cream of tartar; last thing, whites of 3 eggs, beaten. Flavor frosting with lemon or any preferred flavoring. Butter is nice.

Value of Salad Oil. We English folk seldom realize the wonderful properties of salad oil, says Mrs. Orman Cooper in "Everyday Accidents and Ailments." It is a most useful kitchen physic. In that most distressing and sudden malady, croup, a teaspoonful of salad oil mixed with another of vinegar works wonders. It may be administered freely, as often as wished. Oil lubricates the laboring throat, while the acid of vinegar cuts away phlegm. As a laxative salad oil is very useful. A spoonful of it, instead of castor oil, is a favorite aperient for very young children. Adults may take it regularly with benefit, and without nausea, if it be kept in a thoroughly liquid state. I think most of us would do well if we more frequently followed the example set by Esquimaux and other Indians, who rub their children regularly with oil to keep out the cold and to keep off the sun. In severe weather—especially in easterly winds—it is very well to rub a delicate child's chest and back with salad oil every morning. It certainly acts as a breastplate and keeps off chills.

Don't Suffer With Corns Try This Remedy

You can't be disappointed with Putnam's Corn Extract; it is not only the oldest Corn Doctor, but as thousands know, it is the best. Putnam's Extract is not a greasy salve that runs all over the foot and inflames it, no, Putnam's is made to go right at corns—to root them out for all time to come. You can remove your corn quickly with a 25c. bottle, sold and recommended by druggists.

This Removes Hairs Almost Like Magic

(Helps to Beauty.)

Much favorable comment is being made upon the new formula for removing disgusting hairs. One serious objection arises and that is, any woman can employ this treatment in her own home and thus deprive the beauty specialist of her fee. For the benefit of others, the formula is here repeated: Mix some delatone with water; apply to hairy surface and in 2 or 3 minutes rub off and with it comes every hair. The skin should then be washed to free it from the remaining delatone.

**Health and Beauty Hints**  
BY MRS. MAE MARTY

**VERA B.:** Your skin will grow soft, clear and smooth after a few applications of a plain almond jelly-cream, made at home as follows: Put 4 tablespoonfuls glycerine into ½ pint water and dissolve 1 ounce salicylic acid (which you can buy at your druggist's) in a thick coat of this to the skin before retiring, then wash off in the morning and use more of the jelly-cream for massage. This gradually dispels the wrinkles and lines and banishes pimples, blackheads and "muddy," oily look. The almond jelly-cream is greasy and will not grow hair.

**MRS. A. T.:** You may not require glasses. Get from your druggist 1 ounce crystals and dissolve in 1 pint water. Then put a few drops in the offending eye several times a day until inflammation and soreness have vanished. This crystals eye-cream is especially good for granulated eyelids and using it strengthens the eyes and gives them a youthful sparkle.

**ADELINE:** The reason for that dryness of hair after your shampoo is because that kind of soap irritates the scalp's tissues and makes them over-sensitive. Canthrox will correct this, for it is a tonic as well as cleanser and is so stimulating to the blood-vessels and scalp-tissues that the danger is entirely eliminated. To prepare your shampoo, dissolve a teaspoonful of canthrox in a cup of hot water, then pour it slowly on the head as you rub briskly. This dissolves every trace of dirt, dandruff and excess oil, and after rinsing, the hair will dry quickly and evenly.

**LUCY G.:** Loss of weight is a serious matter and calls for prompt action. Get from your druggist 1 ounce karmine and put it, together with ½ cupful of

**EVANGELISTIC**

Instead of holding their regular mid-week prayer service, the members of the Charlotte street Baptist Church, West Side, headed by their pastor, Rev. A. J. Archibald, attended the revival service in Queen's Rink last evening. After prayer had been offered by Rev. Mr. Archibald, Doctor Burrows preached from the text "I'll be kind." Luke xv, 4, the parable of the lost sheep. Mr. Van Horne sang "Jesus is Tenderly Pleading." Several accepted the evangelist's invitation to the better life as found in Christ. Doctor Burrows spoke in the Union Theatre at noon and in the rink this afternoon.

**To Be Sure of Clean Floors Use CREX**

CREX does not collect dust and dirt like fabric coverings and is easily cleaned.

CREX is used for reliable service all-the-year-round in all classes of homes and public buildings.

Patterns, sizes and color effects are numerous. Any floor can be artistically covered in perfect harmony with surrounding.

CREX is so good—it's limited

A salesman may try to sell you something "just as good." It's a sure sign he wants to substitute because his profit is larger.

**MORE HEAT TO THE TON WITH CLEAN COAL**

This Kind Means Economy in Either Stove or Furnace and Now is the Time To Buy.

It is in the fire that a coal shows its true quality. Poor coal is usually full of ash and clinker, hard to keep going and contains much less heat than the clean, clinkerless coal. The Consumers Coal Co. are selling special free burning American Hard Coal, which you might say is absolutely clinkerless and very little of it finds its way to the ash barrel. This is because the coal is high grade and carefully selected in the first place, and is re-screened in their yards before delivery. Just now they are quoting very low prices on both Scotch and American anthracite for summer delivery. Their address is 381 Charlotte street, Phone 2870. If you anticipate stocking your winter's fuel through the summer, you should have a look at this coal and get prices on it. It is a wonderful saving fuel and to get full advantage of the summer price, you should book your order now.

**You can make your skin what you would love to have it**

Your skin like the rest of your body is continually changing. Every day, in washing, you rub off dead skin. As this old skin dies, new forms.

This is your opportunity—make this new skin what you would love to have it by using the following treatment regularly.

**Make this treatment a daily habit**

Just before retiring, rub in gently a warm water-lather of Woodbury's Facial Soap—until the skin is softened, the pores opened and the face feels fresh and clear. Rinse in cooler water, then apply cold water—the colder the better—for a full minute. Whenever possible, rub your face for a few minutes with a piece of ice. Always dry the skin thoroughly.

Use this treatment persistently for ten days and your skin will show a marked improvement. Use Woodbury's regularly thereafter, and before long your skin will take on that greater loveliness which the steady use of Woodbury's always brings.

Woodbury's Facial Soap costs 25c a cake. No one hesitates at the price after their first cake.

Do this today—now! Tear out the illustration of the cake below and put it in your purse as a reminder to get Woodbury's and try this treatment. Tear out the cake now. Take it to your druggist today. Begin tonight to get the benefits of this facial soap. For sale by Canadian druggists from coast to coast, including Newfoundland.

The St. John Evening Times is printed at 27 and 29 Canterbury Street every evening (Sunday excepted) by the St. John Times Printing and Publishing Co. Ltd., a company incorporated under the Joint Stock Companies Act.

DO IT NOW.

The future of the port of St. John is at stake. A delegation from the city council, which best represents the city, should proceed at once to Ottawa and learn definitely whether it is the intention of the government to provide for filling in the space behind the new wharves and erecting the warehouses in time for next winter's business.

vide accommodation at West St. John for the big steamships next winter.

Is St. John not to have a clean-up day or week? Are we to make progress backward in the matters of public health and the general outward appearance of the city?

Because the Labor party put up a candidate in Northeast Derby yesterday, making a three-cornered contest, the Unionists gained a seat. The combined Liberal and Labor vote was nearly 10,000, but because it was divided the Unionist won with 6,469 votes.

RECENT DEATHS

Many will be sorry to hear of the death, last evening, at 9.30, of Mrs. Jennie Elizabeth Cosman, wife of Joseph Cosman, at her late home, 157 Barker avenue. Mrs. Cosman, who was twenty-nine years of age, besides her husband, two young daughters, her father and mother, Mr. and Mrs. James Sullivan, of Gardner's Creek, St. John county; three brothers, William, of New York; James, of Chicago, and Arthur, of St. John, and three sisters, Mrs. David Smith, of 198 Carmarthen street; Mrs. Robert McKay, of 62 City road, and Miss Mamie, at home. The funeral will take place tomorrow afternoon.

The death of Howard D. McLeod, formerly of this city, occurred yesterday in Los Angeles, Cal., after a long illness. He is survived by his wife and three sons and one daughter. The sons are George and Harry, members of the Hammond Lumber Company, California, and Guy, who is employed with the same company, and the daughter is the wife of Rev. Mr. Young of Prince Edward Island. Mrs. W. Odip and Miss B. McLeod of this city are sisters. He was related to Chief Justice McLeod, of this city, by whom the announcement of the death was received yesterday. Mr. McLeod was formerly prominent in local business circles and for many years was deputy receiver general for the New Brunswick branch of the Dominion Savings Bank. He took an active interest in public affairs and was prominently identified with the organization of the Victorian Order of Nurses here. He left St. John to seek a more favorable climate on account of his health but he had been failing ever since. The burial will take place in Los Angeles.

John L. Ervin, night watchman for the St. John Railway Company at West St. John, died suddenly last night. He left his home, corner of St. James and Ludlow streets, apparently in his usual health but was suddenly taken ill and was carried back to his home where he expired immediately. He was sixty-seven years old and is survived by his wife, two sons and two daughters.

James Clark, aged ninety-four years, of Centerville, N. B., died at his home there yesterday, leaving a wife and one son, Ludlow B., of that place.

Isaac S. Vanwar, died at his home in Sussex yesterday aged seventy-nine years. His wife and two sons Everett, of Sussex, and Rev. E. Vanwar, of Millville, York county, survive.

RECENT WEDDINGS

A wedding of much interest was solemnized in German street Baptist church at 5.30 o'clock yesterday afternoon, when Miss Helen M. Babbitt, private secretary to H. A. Powell, K. C., member of the International Waterways Commission, and daughter of George Babbitt, of Burton, Sunbury county, was united in marriage to Oscar William Nordin, president of the Swedish-Canadian Lumber Company, Nordin (N. B.) Rev. J. H. MacDonald, D. D., performed the ceremony in the presence of immediate relatives and friends of the principals. The bride looked charming in a traveling suit of brown, with hat to match, and she carried a bouquet of white roses. Frank B. Ellis gave the bride away. After the ceremony a reception was held at Mr. Powell's residence in Queen square, and Mr. and Mrs. Nordin left on the Quebec express to take steamer on a honeymoon trip to the old country. On their return they will reside at Nordin, Northumberland county.

The wedding of Ray Stockton to Miss Nellie, daughter of Mr. and Mrs. Bertman Whelpley, of Sussex Corner, was solemnized by Rev. G. H. McDonald in the Main street Baptist church, Sussex, last evening. On their return from a short wedding trip Mr. and Mrs. Stockton will reside at Sussex Corner.

Mr. Borden has at long last evolved a new naval policy. He will establish a naval reserve. Will it be trained on rafts or wood-boats?

A SIGNIFICANT CONFERENCE

That is a very significant conference which is being held at Niagara Falls, on Canadian soil. Representatives of three South American republics are there, to discuss and to terminate if possible a very serious dispute between two North American republics. This entry of South American countries into the realm of North American politics marks a new departure, and directs attention in a very marked manner to the development that has been in progress during the last quarter of a century in South America. It is said that a cheerful spirit pervades the conference, and it may well be hoped that its deliberations will result in averting war between Mexico and the United States. Even that would not solve the Mexican problem, since the conditions in that country are not such as may be relied on to ensure lasting tranquility; but if the horrors of a greater war may be averted the effect of this conference on Canadian soil will have far-reaching consequences. The people of Canada are reminded by it that nations of growing power are rising in the south, and that the "far" West country has made no serious attempt to cultivate their friendship and establish with them mutually profitable trade relations.

When will the government begin the long delayed work of extending the breakerwater to Partridge Island? Hon. Mr. Rogers told the board of trade when here last year that he was convinced by what he saw while touring the harbor of the urgent need for the completion of this work.

The House of Commons and the country welcome Hon. William Pugsley back to his place in parliament, where his alert mind and long training in public affairs make his services so valuable. St. John, moreover, is glad to have in the house a man who can and will direct the attention of the members and especially the government, to the imperative need of prompt action to pro-

BIRTHDAYS OF NOTABILITIES

THURSDAY, MAY 21.

Hon. Edward Gawler Prior, who held office as controller of inland revenue in the Bowell and Tupper ministries, was born in Yorkshire, England, sixty-one years ago today, the son of an Anglican clergyman. He took up the study of mining engineering and coming to Canada at the age of twenty was appointed engineer and surveyor for the Vancouver Coal Mining and Land Company, a position he held for five years. He then became a government inspector of mines for a short time and later went into the hardware business in Victoria, B. C. His interest in the militia brought him into some prominence and he rose to be the commanding officer of the British Columbia Brigade of Garrison Artillery, also acting as commandant of the Canadian Bisley Team in 1910. He entered the House of Commons in 1888 and held a seat there until 1904.

Also born today—Hon. J. H. Barry, puisne judge of the Supreme Court of New Brunswick, born in Maugeville, N. B., 1858.

His Honor T. T. Macbeth, county court judge of Middlesex, born London, Ont., 1853.

Thomas McDougall, former general manager of the Quebec Bank, born at Three Rivers, 1843.

LIGHTER VEIN.

An Unreasonable Demand "I say, old man, you've never returned that umbrella I lent you last week."

Keeping Company "What can that young fellow find to talk about for three hours every night?"

Sleepless The fellow in the berth above Doth snore like horses neigh. All night the porter calls the towns We stop at on our way.

Willie's Curiosity "Miss Butt, how do people in your house ever know what time it is?"

The Only Way To Do It "Willie, you've been fighting again after I warned you not to."

BORDEN'S NEW POLICY; A NAVAL RESERVE

Ottawa, May 20—The government is arranging for a Canadian naval service without warships. An order in council has been passed to create a Canadian naval reserve similar to that in New Zealand and Cape Colony. The cost of the new scheme is estimated at about \$2,000,000 a year, and this will be sufficient to organize some twelve naval reserve companies of 100 men each, with three divisions, one at Halifax for the Atlantic coast, another at Toronto, for the Great Lakes, and a third at Esquimaux for the Pacific.

Provincial Appointments. J. Lester Smith, of St. John; J. G. Haylett, Euseba Comeau and James W. Clarke, of Moncton; Charles G. Baird and J. W. Jaffrey, of Queens county, have been appointed justices of the peace.

Heart Pains, Headaches and Dreaded Insomnia

Fenian Raid Veteran Tells of the Terrors of Sleepless Nights from Exhausted Nerves—Dr. Chase's Nerve Food Cured.

If the nervous energy expended during the day in work, worry and the activities of life is not restored by restful sleep at night there can be only one result to the nervous system—nervous collapse. This letter tells of the terrors of long nights spent in tossing and fro in the vain effort to sleep. For three years Mr. Weaver battled on, only to find himself growing weaker, and with heart pains and headaches which almost drove him wild.

Doctors did not succeed in overcoming the terrible sleeplessness, but he fortunately heard of Dr. Chase's Nerve Food, and states in this letter that eight boxes of this great restorative cured him.

Mr. James Wesley Weaver, a veteran of the Fenian Raid, Port Dalhousie, Ont., writes: "For years I was afflicted with

ST. JOSEPH'S JUBILEE

THE LEFEBVRE STATUE The cut presented herewith is of the statue of Rev. Camille Lefebvre, founder of St. Joseph's University. The statue, which is a beautiful bronze memorial nine feet high, is to be erected on a granite base in the gardens in front of the institution and is to be unveiled with grand ceremonial and appropriate addresses at two o'clock on Wednesday, June 17.

Some of the prominent men of New Brunswick's political, educational and clerical life will deliver addresses at the unveiling of this monument which will be one of the important features of the celebration of the golden jubilee and the formal opening of the new building.

The Modern Realities Company has been incorporated. W. D. Belyea, of St. John, is one of the principal stock holders. Other companies which have been incorporated are the Sild Suspender Company and the Silver Black Company.

YOU'LL NEED 'EM. How about your khaki, white duck, flannel or striped serge trousers for the holiday? Snappy, stylish outing togs that give you that don't-care-what-geta-come-look might a day of pleasure. Gilmour's show a large range in all materials. Drop in at 68 King street, as you'll need a pair for the holiday.

Great three-part feature "Robinson Crusoe," Gem, Friday and Saturday.

Ladies' Suits worth from \$16 to \$18 and selling at \$10.98, that's what you get at Wilcox's, Charlotte street, corner Union. Our only store for ladies and men's clothing.

A GOOD REASON WHY A lady asks why it is that other stores want so much for ladies' suits when you can get such nice ones at Wilcox's, Charlotte street for \$10.00 and \$12.00. Because they're samples. If

In St. David's church school room yesterday the closing exercises of the private kindergarten conducted by Mrs. Matthews was held before a gathering of interested spectators who followed the programme given by the little ones of the school with appreciative attention.

MONEY IN YOUR POCKET. It will save you money if you have a two-piece suit for the holidays, of neat patterns, in new materials; they look well for any occasion. You can get one for \$12.50 up to \$23.00, at Gilmour's, 68 King street.

QUALITY PRINTING At McGowan's, 35 Church street. 11871-5-24

Rummage sale in Glad Tidings Hall, Brussels street, Tuesday, May 26.

LOOK HERE. "Look here, Tom, you know just how much I am earning. Well, how do you think a fellow can save up enough money to buy a suit for himself or his wife?"

"No need to save up at all, old fellow; all you have to do is to call round to Bragers', Clothiers, 185-187 Union street and they will fit you or your wife up with a suit, ready or custom made, for just \$1 a week.

S. L. T. Peters of Queens county interviewed the St. John Board of Trade yesterday to seek the assistance of the

THE WORD "SAUCE"

What are the first essentials of a Sauce? Many professors of cookery and eminent chefs have, from time to time, set forth their views on this subject. Many solid varieties of food, soluble only by digestion are not rarely dry in substance, but are somewhat unattractive and insufficiently flavored. A sauce is intended, amongst other things, to lubricate dry food, and thus increase its palatability, by the addition of flavors or the production of contrast. A sauce is intended to stimulate the organs of taste, and to promote the salivary secretion. Thus, by enhancing the appetite and augmenting the juices capable of digestion, it increases the pleasure of eating, meanwhile assisting the mechanism of nutrition. The preparation of a sauce suited to one special dish is, in general, a simple affair, but the making of a bottled sauce, capable of fulfilling scores of demands, and happily allying itself with hundreds of dishes, is a matter necessitating great experience and elaborate skill. Such a sauce is now obtainable. It is imported from England, where it is produced in the largest Malt Vinegar factory in the world and is known as "H. P. Sauce" and takes its title from the initials of the "House of Parliament," where it is used on the dining tables, both in the home country and in Canada. The makers tell us that its delicious flavor is obtained by blending together the choicest oriental fruits and spices with pure Malt Vinegar by a secret process, and we are sure our readers will find that a personal trial will confirm all the good things that are said of H. P. Grocers over here are already selling it freely.

board in conjunction with the city commissioners to bring before the government the advantages of the Hog Island route for the Valley Railway, which he estimated would save the government \$180,000 in the erection of two bridges as compared with the present route.

WILCOX & CO. STORE. Beginning Friday morning we will place on sale 100 ladies' suits, worth from \$15 to \$30, sale price \$8.98 to \$13.48. See our ad. in tonight's papers. Wilcox & Co., 40 Dock street.

Commissioner Wigmore announced yesterday that the survey of Metcalfe street extension is practically completed and the grading figures are now available. The sewer for Metcalfe street will be joined to Adelaide street and the necessary elevation in Metcalfe street will be attended to at once.

See It! Robinson Crusoe at Gem, Friday and Saturday.

The Hilyard mill property of 880,000 square feet on the straight shore road here was purchased by the St. John Harbor Properties, Limited. The price is understood to have been in the vicinity of \$125,000. Part of the property is under lease. Messrs. A. H. Likely, G. G. Murdoch, J. Roy Campbell, W. Hamilton and W. E. Anderson are directors of the new company which has a capital of \$199,000.

At the annual meeting of the directors of the Royal Mail Steam Packet Company, a report of which has been received, it was announced that, while

the company had met with a set-back, they had paid a dividend, and confidence was expressed that the West Indian service & St. John and Halifax will be a useful addition to the company's operations.

MAKE THINGS BRIGHT. We re-silver old knives, forks, spoons, teapots, cake baskets, castors, butter coolers, trays, etc., nickel plate automobile fittings, re-finish and lacquer brass bedsteads and fixtures, gold plate old jewelry, repair and silver-plate old mesh bags—J. Grondines, 28 Waterloo street.

BIG SHOW AT THE STAR. Four bright photo-plays were shown at the Star Theatre last night. A two-act Pathé feature war drama, "In Love and War," is a magnificent film and portrays a beautiful story of the Balkan War. "The Abandoned Well" is a Biograph feature rural drama with spirited acting and beautiful scenes. "Pat-

men's shoes bear the ear marks of custom made shoes, but they cost much less, \$2.95, \$3.45, \$3.85 to \$5.—Wiesel's Cash Store, Union street, near Brussels.

absorbs skin, chases wrinkles—Young Again

"The shock at beholding myself in the glass after nine long weeks alone, nearly caused a collapse. My dear little Cousin in Home Queen. "The faded face, with its lines of illness and worry, seemed twenty years older. Now, I thought, I could not attend my own wedding, eleven days off, to which I had looked hopefully forward. "She herself came to my rescue. She procured an ounce of ordinary unperfumed cream, spread on like cold cream, washing it off, morning and evening. This apparently absorbed the withered skin, so that I was able to go to my wedding in my own way in one of youthful color and loveliness. "And now I was a wrinkle. This due to a wash lotion made by dissolving an ounce of powdered alum in a half pint of water. My facial bath had disappeared every line."

Keep Down the Cost of Cooking Fuel

There is neither pleasure nor profit in toiling in a hot kitchen, over a hotter coal stove—besides working with dirty coal and dusty ashes—in summer weather, when it is so easily possible for you to have a

McClary's Gas Range

which will cook your food quicker and better, lightening your labor and reducing fuel bills to the minimum. The Low Oven Style, shown here, is a favorite for private homes and apartments. It is finished in baked enamel, has porcelain enamel broiler and match tray and McClary adjustable valves.

WANTED—Lady of refinement, experienced as saleslady or teacher, to travel. Expenses advanced. State age, experience and nationality. Address: S. Times Office. 11912-5-22

**GETTING READY FOR THE ECLIPSE IN AUGUST**

**Astronomers Prepare for Journey to Asia to Study Phenomenon**

Washington, May 21—The eclipse of the sun on August 21 next—total in part of Europe and Asia, and partial in north-eastern America—is attracting the widespread attention of astronomers and scientists, various expeditions being arranged to witness this phenomena. On August 21, 1914, the moon will pass exactly between the earth and the sun, and it will be a total solar eclipse. It will not be observed in America, except as a small partial eclipse at sunrise in the Northern States and Canada, but in Persia, Russia and Scandinavia the full effect will be seen. Many European and American parties propose to observe the coming eclipse. Russians and Scandinavians, being on the ground, will be most numerous, but all the other principal European nations will furnish both government and private observing parties. No official expedition is proposed to represent the United States government. The Lick Observatory of California, will send an expedition in charge of Director W. W. Campbell to Russia, and Professor Todd, director of the Amherst College Observatory, proposes to observe in Persia.

Kenora's experiment with daylight saving by moving the clocks forward has not been a success, and retail merchants recommend a return to the old system.

TRADES AND LABOR CONVENTION committee will meet Thursday evening after regular council meeting for the purpose of winding up business of fair. 5-22

FOR THE HOLIDAY. The usual excursion rates will be given on the St. Martins Railway. Train leaves St. John 1.15 p. m., Saturday, 23rd, and returns on Tuesday morning, 26th, arriving St. John 9 o'clock a. m.

WEST END RESIDENTS Get your fresh, salt and smoked fish, also oysters, clams and lobsters at Buchanan's Fish Market, corner Duke and Ludlow streets, west; phone West 804.

'PRENTICE BOYS' MEETING All members of the 'Prentice Boys' Association of this city are requested to meet in 'Prentice Boys' Hall Guildford street, west, tonight, at 8 o'clock. By order of the W. M., R. D. Jones, assist. secretary.

MISSION ADDRESS Interesting addresses on missions were given in the Robesay Presbyterian church last evening. Mrs. Robert Jamieson and Mrs. Wentworth were the speakers. The meeting was attended by a large number and several musical selections were given. Members of the mission band taking part. Rev. John Mortimer, pastor of the church, presided.

LAST CHANCE FOR "CLASS-MATES" The Klaw & Erlanger four-act production "Classmates" made a very fine impression upon yesterday's large crowds at the Imperial. It is certainly an especially good play, having among its players Blanche Sweet, Henry Walhall, Lionel Talmage, Thomas Jefferson, Gertrude Robinson and the very flower of the leading people in the larger film companies, both licensed and independent. The photography is superb and the dramatic climaxes of the most tense character. "Classmates" is, as most people know, the play that made Robert Edeson famous and enjoyed a tremendous run on Broadway.

State of Ohio, City of Toledo, vs. Frank J. Cheney makes oath that he is sole partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State of Ohio, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every copy of the said newspaper published by said firm in violation of the provisions of the Act of October 3, 1917, known as the Espionage Act, and that he is not a resident of the State of Ohio, and that he is not a citizen of the United States.

CONFIRMS OIL STRIKE BUT ISSUES WARNING Montreal, May 21—The C. P. R. today issued an official statement regarding the oil strike at Calgary. It confirms the strike but warns the public against speculation saying much work has to be done before the oil fields are proved.

SMOKE KEEPS SHIPS AWAY FROM MONTREAL Montreal, May 21—There were no arrivals at this port today. The smoke from the woods fire in the Laurentians made the air so thick that no craft could come up or down the river.

On last Wednesday Windham Center, Me. was visited by a heavy fall of snow which remained until well along in the afternoon. The mercury registered between 82 and 86. A report from Howe Brook, in the same state, says that on May 7 there was good snowing and skating.

Every time we see a skiddy lad sit down in a street car and hoist his pants to his knees so that you can see his position, we see a skiddy lad sitting there with women are wearing.

MARRIAGES BEYEA - PETTINGILL—In the United Baptist church at Gondola Point, on May 20, by Rev. J. D. Wetmore of Chance Harbor, N. B., James Andrew Beyer, of St. John, N. B., to Ida Louise, daughter of George Pettingill, of Gondola Point.

Wall Street Notes.

New York, May 21—Ford Motor Co. declares extra cash dividend of 100 p. c. beginning regularly in dividend of 13 p. c.

F. W. Woolworth in London interview says business conditions in United States are absolutely sound.

Westinghouse Electric—Year ended March 31 shows surplus of \$4,088,869, an increase of \$894,777, or 10.72 per cent. on common after pd. dividend, against 8.2 p. c. earned last year.

Bank of Montreal. Montreal, May 20—Larger profits were sacrificed by the Bank of Montreal in the half year ended April 30 in order that a strong position might be made still stronger.

With money commanding six p. c. and higher in Canada, the Bank of Montreal had close to \$80,000,000 out in call loans in London and New York where the rates for such money recently have been two per cent and lower. It was money at ready command in event of any emergency arising in Canadian affairs and so formed a reserve of the highest importance.

What was sacrificed in the matter of profits was more than made up in a strengthened position for the general financial structures of the country at large.

Bank of England rate unchanged.

Montreal Notes. Montreal, May 21—Directors of the National Brick Co. yesterday declared the regularly quarterly dividend of 1 1/2 per cent payable June 15 to stock of record June 1.

Sir Rodolphe Forget, who has been in Ottawa for the last few days, returned this morning.

It is rumored in pulp and paper circles that the Laurentide company is negotiating with the International Paper Co. for the sale of a large block of power.

SHEEP AND GOATS TO BE RAISED IN ALBERTA. Edmonton, Alta., May 21—James E. Buckley, a wealthy live stock grower, lately of New Zealand, announces that he has completed arrangements for a large tract of land fifty miles north of here, where he will establish a sheep ranch, beginning with 10,000 animals. New Zealand capital is interested. It is also announced that three goat ranches will be established in central Alberta this season.

**THREATENING A FASHION STRIKE**

Tyranny of Style Dictators Likely to be Resented

New York, May 21—Are American women about to combine in a nationwide strike against modern styles in dress? Within a month an ultimatum may be issued to Dame Fashion which will cause her more trouble than all the man-made pulp thunderings or sumptuary laws.

The National Federation of Women's Clubs, with nearly a million members, representing every state in the union, will assemble next month in Chicago. And one of the questions to which the convention will give serious consideration is the much discussed problem of modern dress, under the leadership of Mrs. Marshall in the Evening World.

This is the announcement of Mrs. Mary I. Wood, manager of the Federation's Bureau of Information.

"Women have written to me complaining that they were unable to buy skirts which did not hinder locomotion. Men have asked if there was not something that could be done about it."

"It is not time that we should cease to countenance styles set for us by Parisian houses, regardless of the influence of such styles on our comfort, taste or sense of decency? This question must be answered at our next convention in Chicago in June."

When I showed this declaration to Dr. Cecile L. Greil she beamed approvingly. Dr. Greil, who is the examining physician at the Manhattan Trade School for girls, long ago went on a private and individual strike against modern clothes. She never wears anything resembling a corset, and designs all her own frocks, along the lines of Grecian robes and last resistance.

"There never was a better time than the present for women to go on a fashion strike," declared Doctor Greil. "For a year or two a certain latitude in the styles, a wide variation in the designs offered, has made me hope that women would break away gradually from tyrannical dressing. If, instead, they weaken and return to the abject and slavish conformity of the past, the best possible proof that they are not ready for emancipation of any sort."

"You see, as a physician my quarrel with modern dress is the physical harm it does to women. Tight skirts 'are spoiling the naturally fine carriage of the American woman and ruining the effect of bound feet on Chinese women. Instead of a fine natural crests and a swinging free walk, we poke our way along, our heads bent and all our attention focused on the planting of our steps. Walking should be as unconscious as breathing, and there is no such strain on the nerves if one has to think every time just how to put one's foot down."

"Also to anticipate an increase in foot troubles due to the tight skirts. At the time of their inception many accidents to the legs and ankles were reported, particularly in connection with an off-street put her foot on the ground naturally. She bears too much weight on her feet. Tight shoes, another of fashion's frequent dictates, of course increase the damage."

"Beside, I suspect, you would do away with all strings or skirt bindings about the middle part of the body. And even from the point of beauty the long line from the shoulder to ground is so much more effective than the line broken half way down."

"I am not in favor of leaving off clothes indiscriminately, as so many women have done during last season. To go out on a cold winter's day in a thin silk dress cut low in the neck, thin silk stockings, patent leather pumps and almost no underclothing, is to invite pulmonary troubles. The increase in pneumonia and tuberculosis is undoubtedly due in part to the scanty dressing of women."

PERSONALS Harry Holman and John Hipwell left last night for Calgary where they will remain during their summer vacation. Both are students at U. N. B., taking the forestry course.

Mrs. A. E. Prince returned home today after a trip to the south.

Mrs. F. H. Watson came home today from Montreal, called here by the death of her husband.

H. M. Melanson, of the I. C. R., Moncton, passed through the city today on his way home from Boston.

Dr. and Mrs. J. D. Maher, and little daughter, Hortense, returned home this morning from Halifax.

W. R. Fawcett, of Temperance Vale, was in the city yesterday.

Allan H. Adams and Doctor Liverpool of Boston are here on a fishing trip. Adams is a Carleton boy and his many friends are welcoming him.

A. E. O'Leary, chief game warden for the province, is at the Victoria today. Seth Jones of Sussex is in the city today.

These Two-Piece Suits \$12.50 to \$23.00, in cool greys, are always admired, and are what every man needs for a change from the regulation business suit.

It's real economy to keep two suits going.

If grey is not your color, here's a similar fabric in blue and white striped at \$18.00.

Everything for warm weather comfort, soft cuffed negligee shirts \$1.50, \$1.75, \$2.00 and up, in newest pleats, etc.

New lines in cravats 50c., 75c. and \$1.00.

Collars, a little better, Frisbie and W. G. & E. . . . . 3 for 50c.

A GOOD PLACE TO BUY GOOD CLOTHES

**Gilmour's 68 King Street**

**SHERLOCK HOLMES ON A VISIT TO CANADA**

Sir Conan Doyle and Wife to Camp in the Rockies

Edmonton, Alta., May 21—Sir Arthur Conan Doyle, creator of the "Sherlock Holmes" adventures, and Lady Doyle, will camp in the Yellowhead Pass of the Canadian Rockies, west of here, for several weeks this summer, according to London advices received by the Woman's Press Club of Edmonton. Officers and members of the organization will give a reception in honor of the distinguished writer on his arrival in this city.

Sir Arthur and his wife will sail from Southampton on May 26. They will visit various parts of the United States and Canada before and after their vacation in the mountains.

Tickets for this entertainment will be sold at the door. There are 2000 seats, 25c. upstairs, and 60c. for the orchestra floor. All the talent, the theatre, etc., are giving willing and gratis assistance.

DIED SOON AFTER PAROLE. Wilmington, May 21—George E. Swain, who was released last week from the Charlestown State Prison after serving more than twenty years of a twenty-five year sentence under the Habitual Criminal act in North Troy, Vt., where he had gone to pass the remaining days of his life.

Swain, who died at the age of 70, had spent a large part of his life in penal institutions. He was born of a good family here. Although a man of some means he became regarded by the police as an incorrigible horse thief and during his life the police say he had stolen more than 1000 horses and rigs. Often times he would sell the stolen horses or cartwheels for a song or would abandon them if he was not able to make a sale. The police also charge that he frequently purchased at small stores and tendered worthless checks for payment.

In 1876 when he stole a horse in his home town and was sent to state prison for three years. In 1883 he was sentenced to state prison by Judge Sherman for 26 years under the habitual criminal act. In 1901 Gov. Crane became interested in Swain who had fallen heir to \$10,000 from the \$150,000 Trull estate and on Dec. 20, 1901, Swain was pardoned on condition that he would live an honest life. Soon after his parole Swain was left \$15,000 more by his mother. Two months later, however, he was arrested for passing worthless checks and was sent back to state prison for violation of his parole and to serve the remainder of his original sentence.

During his confinement in prison Swain was a model prisoner, and never had a mark against him for misbehavior. His health began to fail two months ago and on last Wednesday he was paroled.

WIFE NOT ENTITLED TO COMPENSATION. Parted From Her Husband When He Was Killed—Massachusetts Court Ruling

Boston, May 21—A wife living apart from her husband is not a "dependent" within the meaning of the Workman's Compensation act and not entitled to the benefits conferred by that law on dependents, according to a decision of the full bench of the supreme court in the suit of Annie M. Forsell, administratrix of Alvin R. Nelson, against the Massachusetts Employers' Insurance Association.

Nelson worked for the Bay State Street Railway Company and was killed on July 1, 1912. He had been separated for some time from his wife. She lived in Nova Scotia. The Industrial Accident Board found the wife was a dependent under the law and entitled to compensation of \$7.88 a week for 800 weeks. The court reverses that ruling.

The court holds that the words of the statute, "with whom she lives," mean living together as husband and wife in the ordinary acceptance and significance of these words in common understanding.

For a widow to avail herself of the benefits of the act there must be a home and a life in it. The matrimonial abode may be a roof of their own, a hired tenement, a boarding house, a rented room, or even a room in the house of a relative or friend, however humble or temporary it may be.

Nearly a Disaster in Falls. The tugs G. K. King and Waring, leading a tow, with the tugs Wasson and Murray pulling on either quarter, experienced great difficulty in taking the

schonner Abbie C. Stubbs through the falls about seven o'clock last evening against a great current caused by the freshet and only the skill of the seamen on the different tugs prevented a catastrophe. When almost under the suspension bridge, the vessel gave a huge lurch forward and her bits were ripped out leaving her with only the two tugs on each side. The craft were spun about like tops in the eddies

SPORT NEWS OF A DAY, HOME AND ABROAD

TENNIS New Club Formed

Some of the members of the East St. John Gymnasium Club gathered together last evening and organized the East St. John Tennis Club, electing the following officers: President, Miss Olga Magee; vice-president, Miss Annie Golen; secretary, Alex. Ross; treasurer, Sterling Stackhouse; members of executive, Miss Bertha E. Forbes, Miss Edith Burditt, F. W. Russell and S. Stackhouse. H. B. Peck has granted the use of a piece of land for the construction of courts and the work will be commenced immediately.

BASEBALL East End League

The Alerts presented a formidable line-up to the Nationals in the East End League fixture last evening and came out victorious by a score of 8 to 1. Donovan, who was on the mound for the winners, was in great form and allowed but three hits for a lone tally. Graves' unassisted double play on second base was a feature of the game. The box score:

Table with columns for Nationals (A.B.R.H.P.O.A.E.) and Alerts (A.B.R.H.P.O.A.E.) showing game statistics.

Six hundred dollars is the price of the Ford runabout; the touring car is six fifty; the town car nine hundred.—(c.o.b. Ford Out, complete with equipment. Get catalogue and particulars from Ford Motor Co., St. John Branch, Phone M 7806

returned last evening from Moncton and announced that games had been arranged between teams representing the two towns. The opening games will be played on Saturday.

A dispatch from Woodstock last night says that it is not likely that Woodstock will be able to enter a team in this league, on account of the fact that the occupations of those interested in the game will not allow them to get away.

Mr. McDonald Disgusted

D. H. Macdonald who has been looking after the Halifax pro. ball interests is in town and says that so far as he can see the pro league is all off. He is thoroughly disgusted with the way Picton acted in the matter and he and the other managers say that what they want now is to forget it. Mr. Macdonald added that there is slight possibility that Picton will put forward a reasonable proposition.

Halifax Will Have Ball

It is to be hoped that some other arrangements can now be made, say the old Standards and Socials. There are going to be thousands of people in the city this year and if ever ball could be a success it would be this year. There are almost enough men in Halifax to make up two fairly fast teams. The local teams would not cost much and with the holidays, Saturday afternoons and so many conventions bringing so many thousands, such a proposition should be a good one. A prominent business man interested in sport was heard to say yesterday that if the Maritime League does not materialize, the fans may rest assured there will be some kind of ball.

Four Teams From Moncton Monday

Besides the team that will come here to play baseball on Monday, the Moncton Transcript announces the following baseball excursions from the Railway Town on the holiday: A team of I. C. R. Office boys is going down to Petticoat, on Victoria Day, to play a double header, with a team representing that town. On Monday, May 25th, Captain Harold Barnett will take a baseball team, representing the Aberdeen High School to Amherst, to play there against the number of A. H. S. boys intend to accompany the team down to Amherst. A strong soccer team will on Saturday travel to Charlottetown, when on Victoria Day they will meet the Abegweit. The locals will take along a strong squad and they hope to be able to de-

feat the Island team. The exact line-up of the Moncton team could not be learned. J. B. Brooks is promoting the trip.

Players We Know

George Winter, ex Rex Sox, ex Toronto Leaf, ex St. John Marathons is team.

Pat Duggan's prowess with the willow was responsible for the fourth straight defeat of Lynn in the New England League on Monday. Of the six hits made by the Haverhill team of Lynn pitcher's delivery Duggan was credited with three. The score was 2 to 0, the pair of tallies being scored off Duggan's two-bagger in the third session. He also accepted eight chances in left field.

Flaherty formerly with the Marathons, has gained a place on the Lynn roster. In Monday's game he was behind the rubber and had eight put-outs and three assists.

Stanley Bates, who was a hold-out, has come to terms with the Worcester management.

Frank Woodbury, last year with the Marathons, got wild for Portland against the Lewiston on Monday and was taken out.

Joe Tarbill has not been a howling success in the box this season. He has had three chances to make good with Pittsfield, but failed, hence his release following last Saturday's game in which Pittsfield was trimmed 8 to 1.

Yesterday's Big League Games.

TUMOR IN THE STOMACH

Completely Removed When She Took "Fruit-a-tives"

Newbury, Ont., April 4th, 1913. "Some years ago, I was sick in bed, and thought I was going to die. I had a growth in my stomach, which the doctors said was a Tumor and they said that the only thing to do was to go to the hospital and have the tumor cut out. I dreaded an operation although both doctors said it was the only cure. I said I would die before being operated on. At this time, my mother in Alvinston sent me some "Fruit-a-tives" and induced me to try them as she had heard of another woman who had been cured of a similar growth in the stomach by taking "Fruit-a-tives." To please my mother, I began to take "Fruit-a-tives" with the happy result that they cured me. I have not been to see a doctor since and my health is first class. I recommend "Fruit-a-tives" every time I get a chance and I will be glad to have you publish this letter as some other woman may now be a sufferer from the same trouble and "Fruit-a-tives" will cure her." MRS. A. McDONALD. 50c a box, 4 for \$2.50, trial size, 35c. At all dealers or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

I recommend "Fruit-a-tives" every time I get a chance and I will be glad to have you publish this letter as some other woman may now be a sufferer from the same trouble and "Fruit-a-tives" will cure her." MRS. A. McDONALD. 50c a box, 4 for \$2.50, trial size, 35c. At all dealers or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

July 1-4. The Union Boat Club of Boston, will also send a crew of Harvard graduates.

RING News of the Boxers.

Harry Foley believes he has a coming champion in Joe Azavedo, whom he took in tow after Ritchie parted with him.

The Johnny Glover and Young Grady bout will take place at North Adams tonight.

Boston Globe—Willie Ritchie has a right to ask for \$50,000 for his services in England, but there is no chance on earth for him to get it. The pro-

Joe Birmingham does not know these days whether he is attending a clinic or managing a ball team.

Ed. Walsh came back in much the same manner Jim Jeffries did.

Tommy Ryan says Gunboat Smith will do, although admittedly he has never seen him. The latter fact explains the former statement.

Five hundred high school athletes are entered in the University of Illinois inter-scholastic meet, May 16.

There Are Many Parents who are fitting out their boys and girls with footwear for some months to come at the slaughter of the shoe stock of Mr. James V. Russell at the Large Store, No. 695 Main Street

These parents will later be able to put their regular shoe money in the bank.

Are You One of Them?

moters of England have been telling what a big drawing card a bout between Ritchie and Walsh would be in that country, and Ritchie evidently figures that if they have such an idea they must come across with the amount necessary to secure him. No champion ever had anything on Ritchie in the way of demands.

The K. O. Brown and Johnny Dundee bout, which was to take place in New York on Monday was called off on account of Brown's poor condition.

Bob McAllister, a California middle-weight, has been convinced by Snowy Baker that a trip to Australia will do him a lot of good financially and otherwise. McAllister will make the trip in three months.

Levinisky Comes Back

Battling Levinisky defeated Carl Lewis of Philadelphia in a ten round go in New York last night. In the semi-final Jimmy Coffey won from Gus Anderson after ten rounds of good boxing.

FOOTBALL

Mt. A. Chooses Leader.

The captain of the Mount Allison football team for 1914 is N. M. Durand, who played forward on the team last year. Carledge, '15, has been elected manager of the team.

WRESTLING

For Championship.

Montreal, May 20.—The bout for the world's heavyweight wrestling championship between Raoul De Rouen and Zbyzsko will be staged at Solmer Park instead of at the arena here, on May 27.

DOPELETS BY FULLERTON

In a soccer contest a kickoff hit a player on the head and bounded into goal, 18 yards away.

This is an unutilitarian world. There are 380 species of orchid and only one fly Cobb.

A dog at a Chicago saloonkeeper's license and the place was closed. Sic'em, Fly!

Charlie White, having yielded to Ritchie as to purse, weight, referee and a few other things, is at least entitled to the yielding championship.

Condition is somewhat better, you are in if you win and out if you lose.

A soft snafu often is the past tense of a tough proposition.

Willie Ritchie is indignant that he should be accused of wanting part of Charlie White's share of the purse. Willie isn't any piker, he wanted it all.

WAS TROUBLED WITH Weak and Dizzy Spells. Heart Would Beat Something Awful.

Those feelings of weakness, those dizzy spells which come over people from time to time, are warnings that must not go unheeded.

They indicate an extremely weakened condition of the heart and a disordered state of the nerves. One dizzy spell may pass off, but eventually they will come frequently, and at the same time more serious.

Those who are wise will start taking Milburn's Heart and Nerve Pills before their case becomes hopeless, for they have no equal for restoring the heart's firm and steady.

Mrs. Len Kinney, Moose Mountain, N.B., writes:—"I was troubled with weak and dizzy spells, and my heart would beat something awful. I got so I had those spells every day. I got so I would try one medicine, and then another, but nothing did me any good until I got Milburn's Heart and Nerve Pills. I can safely say they did me more good than anything I ever took. My heart felt like a very different work. My friends often ask me what I have been taking, and I always say 'Milburn's Heart and Nerve Pills.' I tell all my friends who say their heart troubles them, to take your pills."

Price, 50 cents per box, or 3 boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

BAD OPERATION AVOIDED

By Timely Use of Lydia E. Pinkham's Vegetable Compound.

Mrs. Sowers' Own Statement.

Hodgdon, Maine.—"I feel it a duty I owe to all suffering women to tell what Lydia E. Pinkham's Vegetable Compound did for me. One year ago I found myself a terrible sufferer. I had pains in both sides and such a soreness I could scarcely straighten up at times. My back ached, I had no appetite and was so nervous I could not sleep, then I would be so tired mornings that I could scarcely get around. It seemed almost impossible to move or do a bit of work and I thought I never would be any better until I was taken to an operation. I commenced taking Lydia E. Pinkham's Vegetable Compound and soon felt like a new woman. I had no pains, slept well, had good appetite and could do almost all my own work for a family of four. I shall always feel that I owe my good health to your medicine."—Mrs. HAYWARD SOWERS, Hodgdon, Maine.

If you are ill do not drag along until an operation is necessary, but at once take Lydia E. Pinkham's Vegetable Compound.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

USE THE WANT AD. WAY

Not the way to end Corns

Paring a corn brings only brief relief. And there is danger in it.

The way to end corns is with Blue-jay. It stops the pain instantly. Then it loosens the corn, and in 48 hours the entire corn comes out.

Blue-jay is applied in a moment. From that time on you will not feel the corn.

Leave it on for two days, until it gently undermines the corn. Then lift the corn out. There will be no pain or soreness.

Blue-jay has ended sixty million corns. Nearly half the corns in the country now are ended in this way.

There is nothing else like it. And no man who knows will even suggest any other way for dealing with corns.

Blue-jay For Corns

## Mantel Not in Moha's Class Now

(FROM T. S. ANDREWS)

Milwaukee, May 18 — Bob Moha, a Milwaukee middleweight who seeks honors with the best in that division had a session with Frank Mantel, a New Hampshire 136 pounder, before the National A. C. of Milwaukee recently and won as he pleased, although he failed to stop the easterner. Mantel is an experienced warrior among the middleweights, having met many of the best — among them Jack (Twin) Sullivan, Billy Panker, Jeff Smith, Bill McKinnon and Jack Dillon. He has been good one in his day, but he is past that period when he can battle with the top notchers and hold his own. He did the only wise thing against Moha — fight

and protect his jaw—which he did to perfection. Bob landed at will, but Frank always had his arms high enough to prevent a clean wallop reaching the tender point of the jaw, which usually results in a knockout. Moha was strong as a bull and no doubt would have stopped his man had the latter mixed and opened up a bit to take a chance. Bob weighed in at 164 pounds, but he carried about five pounds too much and would have been still faster at about 158, which he can make without trouble. Bob will probably meet Jack Dillon in Indianapolis on May 29.

## FAIRVILLE LEAGUE

Final Meeting Before Opening Of The Season  
Royals and Cubs to Play First Game on May 26—The Schedule to June 12—Call on Merchants

The final meeting of the Fairville Baseball League before the opening of the season, was held last evening. Considerable business was transacted and plans for the opening game matured. President Geo O'Riley occupied the chair and there was a good representation of local fans besides players. It was decided that the secretary invite J. B. M. Baxter and Councilors J. E. Bryant, John O'Brien and Wm. Golding to the opening of the league on May 26, and that the \$5 in gold put up by Mr. Golding be given to the players making the most home runs. Ray Hanson was authorized to interview the Reach people and see if they would offer a prize cup for competition among the three teams. The names of the players on each team were read and accepted by the meeting, and it was announced that the champion "Royals" (S18) under Captain William Murphy, would initiate the season this year against the "Cubs," captained by Fred Ingalls. These are the two old teams which played last summer and a good brand of ball is looked for in the opening performance. An effort will be made to secure a hand for the first night, as that would

## Keep Down the Cost of Living

Did you ever count the potatoes you throw away as useless? They average one in every five, and you have to pay for them, bad though they are. You needn't keep this up, either.

**CLEMENTS' HAND-PACKED POTATOES** are GUARANTEED GOOD. They are smooth, shal-low-eyed, and carefully selected, being kept, at just the right temperature, in our own special cellars. They come, in Peck Packages, every week, right to the kitchen door, and COST NO MORE THAN OTHER KIND. PHONE Main 2107, or Main 738-11, and our representative will call.

CLEMENTS COMPANY, LIMITED

be quite an attraction in these parts, and draw a crowd to the game. Some of the players also discussed appointing a committee to interview the merchants and ask them to close their stores at least one evening a week no later than 6:30. This will likely be done and would be an excellent move. The boys are spending about all their funds in having the grounds put in shape, benches for players are to be put up next Monday morning and new wire stretched behind the catcher. Umpiring this year will have to be paid for and there is the matter of current expenses for balls, etc., always to be met, so it is felt when the hat is passed round, spectators will be generous in assisting the league. This is really one of the biggest problems to be dealt with. As no score cards have yet been prepared the following schedule of games: May 26—Cubs vs. Royals. May 27—Cubs vs. Athletics. May 28—Royals vs. Athletics. June 1—Royals vs. Cubs. June 2—Athletics vs. Cubs. June 3—Royals vs. Athletics. June 4—Cubs vs. Royals. June 10—Athletics vs. Cubs. June 12—Royals vs. Athletics.

P. E. ISLAND CROPS

Expect 100,000 Bushels of Potatoes For Shipment

DOUBLE THAT IN OATS

Cattle Shipment to Montreal—Hay is Reported Scarce—Crop Bulletin Give Hope For Yield at Least up to the Average

(Special to Times)

Charlottetown, P. E. I., May 21.—The island is now in the middle of spring shipping season. The opening of navigation was nearly three weeks later than last year.

It is estimated that more than 100,000 bushels of potatoes and 200,000 bushels of oats will be shipped this season. This week the farmers will be in the midst of their cropping. The prices for potatoes range from forty to forty-five cents and of oats from forty to forty-two cents.

The island is fast building up a reputation for seed oats and the greater bulk of oats shipped will be for seed purposes. Hay is scarce on the island, there being hardly enough to supply the local demand. The price ranges from \$15 to \$16 a ton.

The Black Diamond steamers, Morwenna and Cocouma, running between Montreal, the island, the Synesys and Montreal, have each made trips to this port. The outward cargo of the latter included 160 head of cattle. The price was about seven cents a pound, five weight. Owing to the scarcity of feed in some sections there are more cattle than usual to dispose of.

The Cascaedia from Montreal took away a large cargo of produce. There is a big rush on the P. E. I. railway and all the available cars are in use. The readjustment of through freight rates took place this spring with the result that there are reductions in some cases and increases in others, but on the whole there will be a decrease.

The local department of agriculture will issue a crop report this week. Replies to inquiries so far indicate that the prospects for a hay crop are fair. The cattle wintered in good condition, but the scarcity of fodder and the fact that the pastures are so late has handicapped breeders. Seeding was started this week but it is about three weeks later than usual. However, there is considerable moisture and the farmers are hopeful that the yield of crops on the whole will be at least up to the average.

ST. JOHN STUDENT AT HARVARD WINS HONOR

W.W. Alward Captures a Scholarship Worth \$150

William Wallace Alward, son of Dr. and Mrs. Silas Alward of this city, has won signal honors at Harvard University where he is a student in the graduate school of applied science. He has been awarded the university scholarship of \$150 for the coming year.

Mr. Alward graduated from Bishop's College, Quebec, in 1912, and is now in the second year of his work in the architectural department at Harvard. He has won one of the thirteen university scholarships granted annually to men who are doing the best work in the graduate department of applied science.

THEY ALL MAY BE SUSPENDED

This Situation Faces East End League Players

C. A. A. U. WARNING

Better Be Registered, Says Representative Covey, and it Costs Nothing—Probably Half Hundred Young Men Affected

All the players in the East End League are in danger of suspension, according to a statement made last evening by W. Covey, local representative of the Maritime Amateur Athletic Union, the Canadian Amateur Athletic Union, the fact that some professional baseball players are figuring in the games on the east end diamond is not the only reason given for the statement, but Mr. Covey said that none of the players had yet been registered, nor had the league received a sanction to play.

As this will affect the amateur standing of about half a hundred young men, it is considered a serious matter. Mr. Covey said that, on account of the fact that it would cost nothing for registration, it was to the advantage of those taking part in the league to insist that the series be run under the wing of C. A. A. U.

There will be no difficulty so far as the St. Peter's League is concerned, it was pointed out, as the players in the league are confined to members of the St. Peter's Y. M. A. and they can play any players without registration or sanction. The same will apply to all leagues formed from associations or societies where the players are bona fide members of the organization.

One or two of the players in the East End League are members of this year's High School track team but fortunately should the C. A. A. U. suspend the East End players these men will not be barred from taking part in the interscholastic events.

FAIRVILLE COMMUNITY COUNCIL

The Fairville Community Council held another session last evening with the president, Dr. J. V. Anglin, in the chair. Reports from committees were well advanced for the collecting and tag day scheme for raising funds.

The following were appointed to wait on the merchants for subscriptions:—Councillor John O'Brien (chairman), A. W. Carten, Norman H. Wetmore, Councillor James E. Bryant, Rev. Gilbert Earle, Rev. W. P. Dunham and W. E. Gunter.

It was decided to add more members to the equipment committee, who will meet this evening and go over the details to decide on details. The following were named:—Dr. Anglin, John O'Brien, J. J. Hennessey, J. E. Bryant, Alex. Donaldson, W. E. Gunter, Joseph L. O'Brien and H. M. Stout, working with the old committee, Eldon Schofield, John Gale and Wm. J. Linton. The next meeting of the Council will be held in two weeks.

GONE TO KINGSTON

Dr. W. S. Carter, chief superintendent of education, passed through the city this morning on his way from Fredericton to Kingston where he has been invited to be present at the exercises of the Consolidated School tomorrow in honor of Empire Day.

VISITS REFINERY

Board of Trade Secretary Studying Local Industries

ONE OF FINEST IN CANADA

Work Going on Vigorously, But Plant Not Ready by June 1—St. John Wants More "Get Together" Spirit, He Says

The secretary of the board of trade is endeavoring to familiarize himself with industrial conditions about St. John. Yesterday afternoon he visited the Atlantic Sugar Refinery Company's new plant and received a very cordial welcome from Manager Seidensticker. This stupendous enterprise is gradually approaching completion. The building contract has been virtually finished and the attention of the manager and staff is now being directed to the installation of the necessary machinery.

In this department considerable yet remains to be done, but the work is being pushed as vigorously as circumstances will permit. It will not be possible to have the plant ready for operation until June 1, and the refinery would not hazard an opinion as to when the company would be turning out sugar, but intimated that there would be no more delay about it than was absolutely necessary.

The company's plant will be one of the finest in Canada, and will be capable of turning out splendid articles. The large ten-story building, with its tall chimney rising many feet above it, is one of the most conspicuous features of the landscape as the port is approached from the sea. It may very fittingly be characterized as the eastern pillar of the great gateway of St. John, while the C. P. R. elevator on the West Side of the harbor makes a splendid western pillar. With these two great pillars of industry in operation—the one supplying sugar for Canada and the markets of the world, and the other emptying its stores of golden grain into the ocean steamers which carry it to the mother and elsewhere, St. John will have every reason to be satisfied with her standing as an industrial centre and as the winter grain depot of Canada.

Let's Get Together

"One of the difficulties that I observe in connection with my work," remarked the board of trade secretary, "is the absence of a co-operative spirit. Every citizen in the city should prosper. He is proud of his city's history and is prepared to throw off his coat and fight for her good name, but in too many instances the interests of the city are not in our mind. We want in St. John more of a get-together spirit, more of the spirit of co-operation. The board of trade offers a splendid field for co-operative effort—undoubtedly the best that is in the city—and yet its meetings are but slightly attended."

"If there was more of the co-operative spirit, our city rulers would know better what the people want, there would be less cause of complaint and less friction among them over city necessities. We would know our city better, we could make a better fight for what we want than we now do. The 'knacker' would speedily find himself out of a job. We could very well do without a lot of the energetic criticism that we hear of every day, if we had a little more active co-operation."

HELP OFFICIALS TO MAKE CITY UP-TO-DATE IN THE MATTER OF SANITATION

"St. John is undoubtedly making substantial progress," remarked the manager of one of the new industries to the secretary of the board of trade, the other day, "but the city is still far behind in many respects. More attention should be paid to sanitation. The small town in New England pays more heed to its sanitary necessities than does the ambitious city of St. John. The stranger who stands upon one of your uplands and looks down into the carelessly kept and fifth-strewn backyards below him, is shocked at the sight and wonders that the city is the healthy place that it is. Providence has undoubtedly been kind to St. John; but it should not be left to Providence. The people should help themselves more. They should support the efforts that are being made by the city commissioners and the board of health to cleanse and purify the city. The breeding spots of disease which exist in so many backyards should be put out of existence. I would not like to see a fire, but undoubtedly a fire would purify some undesirable localities. The Milk Supply

"Then there is another matter that the people here are very careless about, and that is the milk supply. I understand that the board of health is trying to meet this condition, but it should be supplied with more money, so that it could make its work more thorough. I have had a glimpse of some of the farm-yards near the city and they do not appeal to me as places from which a pure milk supply might be drawn. I have wondered whether the tubercular tests were applied as frequently as they should be to the dairy cattle in these barns, or whether the board of health had a sufficient staff of officials to enable it to cope with this milk situation as it should be. We ought not to have any doubt about the purity of the milk we drink. Every pint of it should be certified by a health officer. The board of trade could do no better than to engage in a crusade for improved sanitary conditions in the directions I have mentioned."

As to the latter matter, it should be said that Dr. T. Fred Johnson has been appointed and will take up his duties in a few days.

BANK CLEARINGS The St. John bank clearings for the week ending today, were \$1,484,191, corresponding week last year, \$1,752,208.

Important Notice To Times Advertisers

Beginning this week and continuing for the summer months the Times will be issued at 12 o'clock on Saturdays. Advertisers, please remember that advertisements must be received later than 4 o'clock on Friday afternoon to ensure insertion in the Saturday Times.

OCEAN MAILS

(Canadian Courier, May 16) A matter of considerable importance to Canadians generally is that of the delivery of English mails. The government will soon be called upon to enter into another contract for a winter mail service. The attitude of St. John toward the question differs from the attitude of Halifax in that, while Halifax is asking that their port shall be named as the sole winter mail port of Canada, St. John is asking that St. John and Halifax shall be placed on an equal footing. While Halifax has the shorter ocean haul, St. John has the advantage in a shorter rail carriage to the coast. The final result is practically little difference between the times of delivery of the mails in Montreal. The manager of the traffic department of the Toronto Board of Trade, who has been making tests of the service both ways, says that there is very little difference in time between the two ports so far as Toronto is concerned. St. John wants the matter left open so that the steamship companies might have the right of making their own selection of a port. The board of trade, the city council and the Trade and Labor Council have united in a demand upon the government that St. John should have a fair share of this mail business.

LOCAL NEWS

GOING TO ENGLAND

Miss Winnifred Hall, daughter of the late S. S. Hall, will leave this evening for Montreal, where she will take steamer for England to spend a year or so visiting relatives.

AT ZION CHURCH

Last evening in Zion church the boys' class tendered a banquet to the organized girls' classes of the Sunday school. Toasts to the King, the ladies, the church, the minister and the boys' class and to its business manager, Roy Logan, were honored. Rev. Mr. Lawson, the minister, teacher of the boys' class, gave a farewell address. After dinner a pleasing program was rendered and the happy group separated at a late hour, all declaring it a most delightful evening.

FISHING PARTIES

Many parties of local sportsmen are leaving today or tomorrow for lakes about the surrounding country to try their luck and skill as fishermen, remaining in the woods over the holiday. Owing to the backwardness of the season thus far there has not been a great deal of trout fishing, but now that the weather is finer the holiday will be generally taken advantage of.

PRESENTED SILVER SERVICE

Friends of Miss Ada Campbell gathered last evening at the home of Mrs. David Elison on Sunning street, and tendered her a pleasant surprise. Mr. Elison, on behalf of the gathering presented to Miss Campbell a handsome silver tea service. On having all expressed many wishes for future happiness to Miss Campbell she is to be a principal in a happy event early in June.

GREAT BATTLE TOMORROW

The great battle for the Thompson-Woods players to show their ability will be presented to them on the Marathon grounds tomorrow afternoon, when they clash again with the scribes. This game is far blood as the writers have visions of roast turkey and real cranberry sauce. All the boys have been getting into shape and with the experience gained in last week's contest against the Red Rose Company, the scribes have the game half won already. Clear the decks, here comes the enemy!

NOT SO MANY AS IN YEAR BEFORE

Emergency Hospital Treated Twenty-six Accident Cases During Winter Port Season

Although the Emergency Hospital at West St. John was open this winter for ten days longer than last year, the number of cases treated during the winter just closed was only about one-half of the number during the previous winter. This season the hospital was opened on Nov. 20, 1913 and was closed on May 18, 1914, and twenty-six patients were treated, while last winter the institution was open from Nov. 18 to May 6, and fifty-one injured were cared for. The cases treated during the season just closed included: Hands injured, ten; wounds on head and face, six; foot injuries, three; ankle sprains, two; leg injured, two; contusion of abdomen, internal injuries, and other injuries, one each. The only case of a serious nature was that of internal injuries. The patient was taken to the General Public Hospital. He recovered.

The Emergency Hospital has been in existence for three or four years and has proved to be an excellent institution. Those who have had occasion to be taken there, have spoken in the highest terms of the treatment received at the hands of the doctor and nurses.

J. A. BEYEA AND MISS LOUISE PETTINGELL WED

A pretty wedding ceremony was yesterday solemnly performed in the United Baptist church at Gondola Point, when Rev. J. D. Wetmore, of Chance Harbor, N. B., united in marriage James Andrew Beyea of this city and Miss Ida Louise, daughter of George Pettingell, of that place. The wedding was witnessed by quite a gathering of friends and many invited guests were present. A dainty buffet luncheon was served.

The bride, who was given away by her father, was nicely gowned in white silk with crystal trimmings, and wore a bridal veil with orange blossoms. Mrs. Alvin Charters of Fredericton, was matron of honor, and wore a becoming gown of mauve silk. Little Misses Nellie Hay of Turbun, and Agnes Harrison of Gondola Point, wore flower girls, daintily dressed in white. Many handsome wedding gifts were received. After a honeymoon trip through the province Mr. and Mrs. Beyea will reside in Thorne avenue.
