Sleuths Patrol Canadian Border Seeking Gem Thieves

MILLIONS OUT IN TRAIN ROBBERY

NET IS STRETCHED TO ENTRAP BOLD NEW YORK BAND

Federal Officers Patrol New England Line Seeking 12 Jewel Pirates. STOLE FORTUNE Robbery of \$1,250,000 in Antiques in Piccadilly, Causes Sensation.

(United Press.) New York, June 13.—Scores of federal officers are stalking twelve New York jewel pirates through the lonely wastes of the Canadian-New England border country, to prevent their escape into the Dominion. A picket line extending for miles has been established in an effort to apprehend the men who perpetrated a daylight robbery and kidnapping on Wednesday at a busy New York street intersection and escaped with a fortune in watches and uncut gems. Estimates of the value of the swag put the loss at between \$1,000,000 and \$500,000, but the 29 jewelers to whom the valuables variously were addressed have not submitted complete claims.

Watch Bowsy The Bowery Jewellers Exchange is under special surveillance to detect any sudden movement in the uncut stone market. Such stones may be easily disposed of, it is said, but the watches taken are numbered, and if sold may lead to the arrest of the thieves.

It was at first reported that 10 men participated in the robbery, but eye witnesses told post office inspectors that 12 men were in the two bandit cars.

The valuables were being transported from two post offices to the appraisers' stores. Great Theft in London London, June 13.—(United Press).—Antique jewelry, gold and silverware estimated to be worth \$1,250,000 had been stolen from the almost priceless collection of Lady Ludlow, widow of Sir Julius Wernher, South African diamond millionaire.

Wearing gloves and padded shoes, thieves entered Bath house in Piccadilly and looted the collection, ignoring Lady Ludlow's personal jewels for the rare antiques.

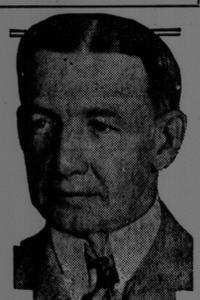

The Daily Express states that a corps of secretaries is still at work cataloguing the loot and quotes an expert as saying that only a portion of the articles stolen have a market value of \$1,250,000. The entire collection is worth more than \$5,000,000.

GEN. CHARLES G. DAWES

MAY HAVE BRITISH ELECTION IN FALL

Warne Says Old Parties May Force Appeal to the Country. (Canadian Press Cable.) London, June 13.—G. H. Warne, Junior Lord of the Treasury, in a speech at Seghill, Northumberland, today, hinted at the probability of a general election in the approaching autumn. He said the other parties had realized that if Labor had two or three years' experience in handling the country's affairs they would become so efficient that there would be a poor chance of beating them at the polls. Consequently the older parties would probably bring about an election for party purposes.

MACKENZIE KING RIGHT SAYS ALLEN

High Commissioner of New Zealand Takes Strong Stand on Imperial Relations. (By H. N. Moore.) London, June 13.—(British United Press).—Sir James Allen, a High Commissioner for New Zealand, in a statement issued here, agrees implicitly with the attitude of Premier Mackenzie King on the Lausanne Treaty.

"The time has come," says Sir James, "when the machinery required for the conduct of a united imperial policy must be considered."

The High Commissioner further says that what is needed is more frequent imperial conferences and a closer cooperation between the Home Government and the high commissioners in London. He also urges that representatives attending the conference should have power to decide the questions at issue on behalf of the nations they represent.

The London Express bitterly attacks the Times, stating that it is fully responsible for "setting the imperial heather on fire, and that by its writings it has prevented British public opinion from doing justice to the Dominions in the position they have taken up, through its perfectly reckless disregard for proved evidence and for the cause of imperial unity."

Newspaper Men Welcomed in Regina Regina, June 13.—Members of the Canadian Daily Newspaper Association and the Canadian Press were given a warm welcome on their arrival here yesterday.

General Manager J. F. B. Livesey of the Canadian Press said that every member of the party was returning east with a greater knowledge of the problems of the west, which would prove helpful to the whole Dominion. He had found that all talk of the west seceding from the east was nonsense.

Ottawa, June 13.—Yesterday in the Senate Sir James Loughheed, proposed to have inserted in a divorce bill a clause permitting all successful petitioners to marry again. Pictou, N. S., June 13.—Vincent Roubiski, charged, along with Sido Lawrence, with murdering Mrs. Chas. Duff, an elderly lady at Stratton last December, was acquitted yesterday. Cornwall Bridge, Conn., June 13.—Two trainmen were killed and several others hurt in the wreck of a freight train on the Danbury-Pittsford division of the New York New Haven and Hartford Railroad here today.

FORTY-EIGHT MEN ARE VICTIMS IN U.S. SHAM BATTLE

Premature Explosion in Turret of Dreadnought Mississippi Cause. STILL A DANGER Another Gun Jammed—Outgoing Steamer Had a Narrow Escape. (Canadian Press.) San Pedro, Calif., June 13.—The United States navy today mourns its dead, three officers and 45 enlisted men, their lives snuffed out aboard the dreadnought Mississippi, in the fleet's greatest peace time disaster, which brought to a tragic climax a week of sham battles and target practice.

Aboard the hospital ship Relief lay the dead and injured, the victims of a premature explosion in the Mississippi's No. 2 turret. Aboard the U. S. S. New Mexico, flagship of Division 4 of the battle fleet, members of a naval board of inquiry prepared to open their investigation of the disaster.

Aboard the Mississippi, anchored outside the breakwater, officers and men watched the flame-shattered turret, where a 16-inch gun with an unexpected charge jammed in its breach meant that the danger of still another explosion—had not passed. (Continued on page 9, fifth column.)

NEW JERSEY YOUTHS KIDNAP LITTLE BOY

Force of Bad Example in Chicago Case Seen in New Outrage. (United Press.) East Orange, N. J., June 13.—Believed to have been influenced by reading details of the Frank-Leopold-Loeb case in Chicago, seven young boys, it is alleged, tempted eight year old Joseph Liaci into a dismal wood, and bound the child and compelled his signature to a note demanding \$100 ransom from his mother.

Joseph escaped from the ropes which bound him and ran home. He described a brutal mauling. When the youths produced a rope, Joseph said he thought he was to be hanged, but instead, he was bound while one of the seven set off with the ransom note to the Liaci home.

Becoming alarmed when the messenger failed to return promptly the satisfied and Joseph went home minus a tooth, suffering from a severely injured jaw, cuts, bruises and exposure. The messenger did not reach the Liaci home.

According to the story that Mrs. Liaci told the police Joseph met three strange boys in the street on Wednesday and consented to accompany them on a hunt for wild cherries and apples in the wood. Four more boys met them soon after the search began and the seven attacked him.

"This looks absolutely like a juvenile effort to duplicate the Frank murder," an official declared when the assault was reported. William Arena, 14, a schoolmate of Liaci, was questioned by the police and detained. He admitted that he was one of the group which met Liaci, but denied that the younger boy was molested.

THE LEFT GROUPS WANT M. LOUCHEUR THIS MAY EXPLAIN LAUSANNE AFFAIR

He May Become President of Reparations Commission—Barthou to Retire. Paris, June 13.—(British United Press).—Revel Du Nord publishes an article today stating that M. Barthou will resign from the Reparations Commission next week, and indicates that he is likely to be named resident general at Morocco. It is believed the left groups plan to appoint M. Louis Loucheur president of the Reparations Commission.

Government Boat Slaughters Sea Lions Vancouver, June 13.—Twenty-five hundred sea lions have been destroyed by the Dominion Government patrol boat Givency during the last two weeks, off North Vancouver Island. The sea lions prey upon salmon and other valuable fish. The boat uses machine guns and rifles. The crew worked along the productive salmon areas in the vicinity of the Virgin Rocks with great success.

Fails to Graduate; Youth Is Suicide

Whitman, June 13.—Earl R. Wood, 17-year-old senior at the Whitman High School, killed himself—heart broken because he was not to be graduated with his class next week. His body was found in a clump of bushes back of a gravel pit off Essex street, a mile from his home, with twelve bullet holes from a nickel-plated target pistol imbedded in his breast. Just above the heart. Nervous and morose from the time one subject had flunked him, young Wood had intimated to his classmates that he might do away with himself. They did not dream that he meant what he said.

"RED" ACTIVITIES AT HEAD OF LAKES

It is Alleged Communists Are Raising a Fund For Propaganda. Fort William, Ont., June 13.—Suspicion has been aroused among the authorities at the head of the lakes by alleged "Red" activities, it being claimed that Communist organizers are here from the west with the avowed purpose of raising the sum of half a million dollars to be devoted to "Red" and Communist propaganda.

The modus operandi is stated to be through raffles for cars and other valuable articles, tickets being sold for far beyond the value of the article to be given away, and even if there should be a car given away the funds of the Reds would be increased by a tidy sum. It is only a blind, all the money from sale of tickets would go to the "Red" treasury. The authorities are presently trying to scrutinize very closely any attempts to organize these drawings.

POLICE SERGEANT MASTERS MAD BULL

Thrilling Encounter Took Place in the Champ de Mars, Montreal, Yesterday. Montreal, June 13.—Champ de Mars was a bull ring of Old Spain yesterday. Police Sergeant Joseph Gauvin proved a torador, depending on his prowess on his eye hands and western skill, and the bull was 1,000 pounds of beef which refused to go to the abattoir.

The torador won. More than 1,000 people had followed the maddened animal along several streets of the city where it charged at the city, billboards, and often sent the spectators scurrying. The sergeant crept up on the bull and it charged at him and seized his horns. The best plucked bull Gauvin directed its head to the ground, and in a short time it was thrown, with the sergeant astride its neck. With other aid it was roped and tied up.

The bull had been disembarked from a canal boat at Colborne street wharf and was being driven to an abattoir in Bellevue street. It broke away from its fellows unnoticed, and was first seen at the corner of St. Louis and Herri streets. New paint on an auto driven by Alexis Legault first madened the animal, and he drove his horse through the side of the car, just missing Legault's legs. Legault rushed away and went to police headquarters, and took Sergeant Gauvin, and other policemen of the chase. The bull fled Champ de Mars street, and from there to a lane, where, snorting and bellowing it plunged at fences, houses and people. The fugitive went back to Champ de Mars street, along Gosford street, plunging at a car enroute, and finally reached the Champ de Mars, where the final combat was staged which ended with its defeat by the courageous sergeant.

ROBBER BAND IN AUTOS HOLD UP CHICAGO FLYER; STEAL REGISTERED MAIL

Guns and Bombs Used in Spectacular Raid—Clerks Compelled to Pick Out Valuable Pouches at Command of Robber Chief—All Make Getaway. (United Press.) Chicago, Ill., June 13.—Forty-two sacks of registered mail, containing cash and bonds estimated at between \$1,000,000 and \$2,500,000, were seized last midnight by a band of between 20 and 25 men, who held up the Chicago, Milwaukee and St. Paul mail train near Rondout, Ill., 30 miles north of Chicago. Gas bombs were used by the bandits on two cars when the mail clerks refused to open the doors. The bandits worked for more than an hour sorting out the mail sacks. The police said one of them was shot accidentally by a comrade. After the robbery the bandits sped away in automobiles.

Hundreds of police and citizens armed with shotguns and other weapons, searched the territory between Chicago and Milwaukee. FUSILLADE OF SHOTS A little before midnight, as the mail train approached Rondout, someone pulled the signal cord. When the train was stopped, a band of men rushed out of the darkness, some firing revolvers. Bullets crashed through the windows of several cars and whistled about the ears of the engine crew.

The train was made up of 11 cars, the third from the engine carrying most of the loot. When the car crew, consisting of Jacob Weiss, T. A. Johnston, F. M. Cunningham and R. M. Peterson, refused to open the doors, a fusillade of shotgun and revolver fire was turned on the car. Then a tear gas bomb was hurled in. The heavy fumes drove the crew out.

Leader Orders Certain Sacks. The pouches sought were found only in the middle coach. The leader of the robbers, a stocky fellow, wearing a gray suit, donned a gas mask and forced one on the chief mail clerk to the car.

"I want the Federal Reserve slip tickets to Milwaukee, Minneapolis, St. Paul, Helena, Butte, Seattle and Spokane," the leader announced. "I also want, for my own special purposes, a sack you have consigned to Round-Up, Montana." Even the mystery bag labelled "Round-Up" was obtained.

As the bandit leader and the chief clerk flung the pouches to the ground, the other bandits forced the mail clerks to carry them to the waiting automobiles. Several discarded masks, a bottle of nitroglycerine and a quantity of dynamite were found discarded at the side of the track after the robbery. These and a deep pool of blood evidently from the wounded bandit, were the only tangible clues the robbers left.

More than 500 armed men quickly were not to work in the robbery. They included every available agent of the Milwaukee road, all the post office inspectors of the Chicago and Milwaukee offices, squads of police from Chicago and Milwaukee and several possees.

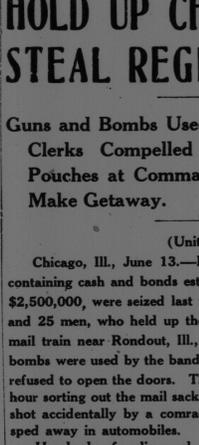

Presentation Is Made To Miss Iva A. Baxter (Special to The Times-Star.) Fredericton, N. B., June 13.—Just before the afternoon examinations on Thursday at the Provincial Normal School, where the teaching license examinations are being held this week, Miss Iva A. Baxter, instructor on manual training, was made recipient of a purse on behalf of members of the school faculty and the student body. The presentation was made by Percy Bishop, who expressed the best of wishes to Miss Baxter, and also the appreciation felt by the students of her efforts.

Miss Baxter made a feeling reply. She has been given six months' leave by the Board of Education, and it is understood that the expiration of the leave will be followed by her retirement from teaching.

Flyer Smith Stalled In French Indo-China Peking, June 13.—(United Press.)—Lieutenant Lowell Smith, Commander of the United States army's round-the-world flight, will be detained several days at Hue, French Indo-China, where his plane was damaged in a forced landing, according to a wireless dispatch picked up here today.

The dispatch quotes Smith as saying he is unable to tell when he will be able to proceed, and says it is impossible to move his plane until a new motor is installed. The motor is now being sent from Saigon on a destroyer, according to the radio, and Lieutenant Nelson may return to Hue from Tourane to assist Smith in repairing his plane.

Watch Your Step! Today Is Friday, June Thirteenth

One of the old vaudeville lyrics, in which the singer catalogued the ill luck which had followed him all of his days, summed up the cause of all his misfortunes in the words: "It was boys on Friday afternoon." On the thirteenth day of June, it is only once in a long time that such a coincidence we have with us today. To the superstitious, this was a day of days, and all sorts of precautions were taken to counteract it. So far as our learned local lady had the nerve to choose this date for her marriage, although she snapped her fingers at the forebodings of her friends, and declared emphatically that she was going through with her wedding service entirely confident that no ill results would accrue.

DECIDE TO VOTE ON STRIKE QUESTION. Toronto Postal Clerks Hold Mass Meeting—Action Elsewhere Expected.

Toronto, June 13.—A decision to take a vote today on the question of whether to accept the new wage schedule announced this week or to launch a strike was reached at a mass meeting of the Postal Clerks' Union held early this morning in the Labor Temple. There were 600 or more men present. They were guided in their course by the advice given by several members of the executive of the Postal Federation of Canada, who were present.

It was said after the meeting, which was a secret one, that similar votes would be taken throughout the various postal centres in Canada within the next few days and that if the majority declare for a strike it will probably go into effect early next week.

Chief Justice H. A. McKeown, who has been conducting the inquiry in the Home Bank affairs, returned at noon today from Ottawa. His Honor said there remained a few details yet before his work was completed. He was uncertain regarding the taking of any further evidence in the matter and added he was not sure if he would return again to Ottawa.

DOUMERGUE IS FRENCH PRESIDENT

Leader of Senate Succeeds to Millerand, Forced Out of Office.

By WEBB MILLER. (United Press Staff Correspondent.) Versailles, June 13.—Gaston Doumergue, president of the Senate, was elected president of France by the National Congress here today. The new president succeeds M. Millerand, whose resignation was forced by the Left parties following the recent parliamentary elections.

The historic chamber of the Palace of Versailles was jammed to suffocation today when M. Doumergue, as president of the Senate, presided at the opening of the National Assembly.

Last minute secret caucuses of the Left group, participated in by nearly 800 members of the combined Senate and Chamber, created doubt as to what course members of the Left would pursue if more than one ballot were required to elect a President of the Republic.

As the regulations provide that there shall be no discussion, the Assembly immediately commenced voting, filling up to the tribune and dropping sealed envelopes in the ballot box.

Verailles, June 13.—M. Doumergue received 515 votes and Paul Painlevé, president of the Chamber of Deputies, 309 votes, with 29 votes for various other candidates, and 8 blank ballots.

FINEST FILLING STATION IN CITY AT UNION AND PEEL. The drab board fence and vacant lot so long undeveloped at the corner of Union and Peel street today shines out in a tawny bit of architecture and utility in the shape of a lavishly outfitted filling station.

It is more than a filling station, with three visible gasoline tanks of the latest type and all lubricating equipment—it is a service station of sorts. Operated by the Alenite Sales and Service Co. Ltd., this buff brick storm-sheltered drive-in offers the motorist the handiest and water stand is found there, as well as a washing stand for car shower baths. Furthermore, the company is Maritime distributor for both Alenite high-pressure lubricants and the Canadian distributor for the Forlberg auto specialties.

With all three gasolines in separate tanks and the wanted oils this trim central station broadcasts that "it is all right to get tanked up here."

RUDYARD KIPLING DEFENDS HIS POEM

Sends Reply to St. John Man Regarding "Road to Mandalay."

Rudyard Kipling has been heard from in his own defence of the accuracy of the statements in his familiar poem, "Mandalay," which has been under fire for inaccuracy. The defence comes in a letter addressed to E. Atherton Smith, of St. John. The Boston Post said recently that the poem perhaps had spread more misinformation than any other single bit of accepted writing.

When on the world cruise on the Empress of Canada, Mr. Smith's fellow passengers were remarking on the supposed inaccuracies of the poem, but Mr. Smith maintained that Kipling was noted for accuracy and must have been accurate in this poem also.

To get proof of his defence Mr. Smith wrote to Kipling and he received the following characteristic reply which was in St. John awaiting his arrival here.

"Dear Sir,—Many thanks for yours of the 28th March, from between Rangoon and Singapore, where I wish I was, too! As to "Mandalay" the British soldier, as he keeps on repeating, was thinking of the road to Mandalay from Calcutta, which runs from the east across the Bay of Bengal, where there are plenty of flying fishes. You don't get them in a river; that's all."

"Wishing you a very pleasant voyage. Sincerely yours, (Signed) 'RUDYARD KIPLING.'"

Furnished Well, 4 Rooms for \$475

A Home interior appears in the Marcus windows that marks a milestone in that old firm's career. It proves a buying power unequalled in their field with the conviction of cold clear facts.

Normal retailing would furnish your home in comfort and plenty for \$600—but the Marcus buyers go shopping for so many, they strike a better bargain with the builders.

\$475 applied on the Marcus method provides complete suites in walnut for both Bedroom and Dining Room, a White Kitchen and a five piece Living Room with Chesterfields.

Let the windows decide.

### WEST INDIES TRADE BOOST IS ADVOCATED IN CANADA'S COMMONS

#### Hance Logan Opens Important Debate—St. John Member Takes Part.

Ottawa, June 12.—A plea for the development of trade between Canada and the West Indies was made by H. J. Logan, Liberal member for Cumberland, this afternoon when the estimates of the Trade and Commerce Department were taken up.

He said that for the year ending March 31, 1924, the total trade of the West Indies with the United States and Canada amounted to \$859,701,689. Of this amount, the trade with the United States totalled \$314,000,000, and with Canada but \$54,998,429.

Imports from the West Indies to the United States in 1923 were valued at \$485,428,475. In the same year imports into Canada from the West Indies amounted to \$36,992,096, while exports from Canada were valued at only \$19,406,283. The increase in United States trade with the West Indies from 1922 to 1923 amounted to \$224,197,699, or nearly 40 per cent., while the increase in Canada's trade was but eight per cent.

#### Urges New Trade Treaty.

"I advocate the cancellation of the present trade agreement between Canada and the West Indies, and entering into a new arrangement of commercial union, such as exists between the United States and her tropical possessions," said Mr. Logan. He stated that the United States maintained more than 70 consular agents in the West Indies, while Canada has only two trade agents in the West Indies.

#### Advocates Free Entry.

Mr. Logan advocated the placing of Canadian trade agents in all the larger islands, and also free admission through the Canadian sea and river ports of all goods coming to Canada from these southern countries.

Canadian boats, he said, should call at more islands and maintain a quicker and better service. He finally suggested that the Minister of Trade and Commerce and the Minister of Railways with representatives of the Canadian Manufacturers' Association and of farmers and producers' associations and newspaper men should visit the West Indies at an early date and become acquainted with the situation and conditions.

#### McLaren and W. A. Black made interesting contributions to the debate.

The former undertakes to prove that even if the rates the Canadian Government Marine charged were fifty per cent. more than they were they would still not pay. He said the company lost nine millions last year, and it was about time that the Government woke up to the fact that they should get out of them. We should have at least 15 knot boats on the route to compete with the United Fruit Company. When the Government built our boats they considered what they were going to do with them. They were no good for Canadian trade and he advocated selling them and investing a few million in ships suitable for this trade.

Mr. McLaren strongly approved of the attitude of Mr. Logan and the Minister of Railways, and other speakers on the opposition side were equally complimentary to Mr. Logan's views. He said the business was waiting for transportation to be provided. "I do not know of the present merchant marine has any direct bearing on the question of the development of trade between the West Indies and Canada," he said. "I do not suppose anyone would suggest that these ships are especially suitable for semi-tropical trade. In the trade ready for development; the consideration of the building of suitable ships of the nature of the West Indies and the powerful American organizations now engaged in it, there is a distinct advantage in the Government carrying on a business of this character. I hope it will be prosecuted with energy and without delay."

Halifax M. P.

W. A. Black of Halifax said he did not think any member of the House would put anything in the way of an arrangement with the West Indies which would be for the benefit of Canada and particularly to the maritime provinces. To carry out what was in the mind of the member for Cumberland would be very expensive. It would require quite a number of lines to trade with Cuba if we coupled another island with it. The same would apply to Porto Rico, to Haiti and to San Domingo. Those islands would probably require two separate lines of steamers. The United States controlled their trade to a large extent and Canada could not obtain any privileges there.

The figures Mr. Logan had quoted referring to the trade between the U. S. and the West Indies included Cuba and all the other islands mentioned which were almost wholly American. The Government had been operating a service to the Windward Islands and Jamaica in opposition to their own subsidized service and the result had been that the company with which the Government had a contract had not been operating at a profit. In view of this there would be no justification for

the Government building steamers and placing them on that route, particularly as their overhead would be much higher than those now running. "It seems to me," he said, "that the proper thing for the Government to do when they complete their treaty arrangements with our friends to the south is to couple with some steamship company and pay the subsidy that is necessary to obtain the service which they will have to give under the terms of the treaty with the West Indies."

He was doubtful how far Government should interfere with vested interests, particularly when there were thousands of steamship companies operating at a loss. The experiences with the merchant marine should be a warning. The Government should not use the money at its disposal to run tonnage at a loss in opposition to private interests.

He estimated that the loss in operations of the Government Merchant Marine to date has been over one hundred million dollars. Taking the value of the tonnage owned by the Government today there would be a shortage. If the fleet were sold at the same rate as those four already sold, of nearly 93 millions. But if they were sold out the loss would be less than to continue to operate them. He advised laying the boats up, then selling them as fast as possible and taking the loss.

The Government boats, he said, had been carrying freight below current rates, although he thought they were carrying at about the same rate as other vessels now. If the Government entered on the owning and operating of large fast steamers on the West Indies or any other route, the result will be disastrous. It would be far cheaper to give a subsidy to some first class English steamship company than to own a fleet of boats at a loss.

The debate was continued until midnight. R. E. Finn spoke at a late hour, emphasizing what he said the enterprise of Sir Henry Thornton had already accomplished for the port of Halifax and supporting Mr. Logan's contentions.

#### CASES COMPLETED.

Digby, N. S., June 12.—The remaining five cases on the docket of the Supreme Court were disposed of very quickly this morning. The court opened with the King vs. Turnbull, but after one or two witnesses the jury was instructed to find a verdict of not guilty. Two colored boys, charged with wounding an ox, pleaded guilty and sentence was suspended. The charges against Adolphe Comeau and Leo Aymar, two of the crew of the Lancelotti, were thrown out of court.

#### TO TAKE STRIKE VOTE.

A strike vote will be taken by the Postal Clerks' Association on the provisions of the new schedule, according to an announcement made last night by G. C. Cosman, president of the local branch. This action is being taken following the arrival of a telegram yesterday from headquarters of the association in Ottawa ordering the vote as a test of the feeling of the employes in regard to the schedule of wages.

ST. JOHN, N. B., JUNE 13, 1924

A LIVE ISSUE.

A question of intense interest to the Maritime Provinces was debated yesterday in the House of Commons, when Hance J. Logan, Hon. Geo. P. Graham and several other members discussed better trade relations with the West Indies, and really made it clear that Canada has merely been fiddling with a question of proper solution of which would bring immense benefit to the whole Dominion.

Mr. Logan, in showing the importance of this trade, said that for the year ending March 31 last the total business of the West Indies with the United States and Canada amounted to \$859,000,000, and of this huge total the trade with Canada alone was only \$54,000,000. The United States imported from the West Indies to the value of \$483,000,000 in 1923, while Canada in the same period imported to the value of \$35,000,000. The United States trade with the West Indies increased by forty per cent. in one year, while Canada's trade increased by only eight per cent.

Mr. Logan, in showing the importance of this trade, said that for the year ending March 31 last the total business of the West Indies with the United States and Canada amounted to \$859,000,000, and of this huge total the trade with Canada alone was only \$54,000,000.

With a proper steamship service, with more liberal tariff arrangements, it is now once more made clear, a great element is progressive enough to go after it. If privately owned ships are to do the business they must be such as will fulfill all the requirements.

NO RINGING MESSAGE.

There is no ringing message for the world at large, or even for the people of the United States, in the proceedings of the Republican National Convention at Cleveland. The nomination of Mr. Coolidge was taken for granted. Something of the caution, which is one of Coolidge's strongest characteristics, has to have affected those who had the framing of the platform.

With respect to international relations the Republican position is marked by limitation or negation rather than by any real promise to contribute to the world's welfare. The keynote speech, delivered by Representative Theodore Burton of Ohio, which serves as a sort of introduction to and expansion of the platform declarations, does contain a few direct, if disappointing, statements, the most conspicuous among them being: "We have refused to join the League of Nations, and this is in full accord with the wishes of the vast majority of the American people."

Mr. Burton says Americans welcome whatever of good may be accomplished by the League, adding: "But that does not mean that we should assume membership. We are still confronted with the fact that Europe has a system of offensive and defensive alliances which are entirely alien to our cherished policies. We cannot relinquish that independence which is the natural result of our detached position. So long as the League remains a political body, inevitably dominated by the larger nations of Europe, poisoned with the tradition of long-age animosities, membership is not for us."

A bee sting caused a motorist to wreck his car. "A good driver," says the Toronto Star, "is one who when stung in the neck applies the brake, turns off the gas and stops his car on the roadside, before proceeding to find out if there are to be any more stings from the same source as the first one."

Out in Westminster, B. C., a gentleman named Buchanan announces that he has left the Provincial Party because he discovered that some members of it were "playing politics." Thus far he is about the only man in all Canada who has deserted any of the political armies for precisely that reason.

Everybody interested in the port of St. John should give a careful reading to yesterday's debate in the House on West Indian trade. St. John is the logical Canadian terminus for the properly equipped steamers necessary to build up the rich trade that is clearly available.

Something on the credit side of the ledger is brought forward in connection with the death of Herbert J. Daly, of the Home Bank. Over him, as over others, the cloud of the Home Bank failure with all its attendant circumstances fell thickly, and the Ottawa Citizen thinks it but fair to recall that in 1918, when the Government had to undertake the work of repatriating the Canadian army, it called in Mr. Daly to organize a national committee and carry on the great work.

Press Comment

JOE HOWE'S NOTEBOOKS.

Joseph Howe's fame rests on his work as statesman and orator. Will a future generation regard him as a writer of the first class as well, and regret that he had not more time for literature? This is the suggestion of Prof. B. K. Sandwell of Queen's University, former secretary of the Canadian Authors' Association, in a letter to "The Manitoba Free Press."

A FOURTH PARTY UNLIKELY.

Ottawa is discussing a sort of rift in the Progressive lute, a new portent in the political sky, but what its significance is will scarcely be known until another general election. It appears from some Ottawa correspondence published in Toronto and Montreal that there is something like a defection from the Progressive party on the part of a group of fifteen or twenty members who are still more Progressive than the Progressives, and who would establish a camp in advance of the main body.

SCIENCE AND THE CRIMINAL.

Science is continually equipping criminals with better tools, and inventing better facilities for making a "get-away" and better means of reaching little-known countries where they may hide in safety. But science is just as busy equipping their pursuers with better weapons, better facilities for chasing fugitives, and better means of convicting them when they are caught.

"Hell an' Maria"

Dawes, as ex-purchasing agent, was called to give his testimony which, some would say, is more of a partisan thought, might cast some reflections on the democratic conduct of the war. "Hell an' Maria" shouted Dawes, as he passed up and down before the committee, answering some question about obvious waste, "we were fighting Germans over there." Thereafter it was "Hell an' Maria" Dawes.

and recommend methods of stabilizing Germany's currency. With Owen D. Young, New York industrial chief, and Henry M. Robinson, Los Angeles banker, Dawes sailed into the task with customary energy and impatience with the hampering conventions of red tape and European diplomacy.

Retiring to the United States, Dawes found himself mentioned prominently as a vice-presidential running-mate with President Coolidge. Dawes, though 39 this year, is wiry, youthful and the typical American "human dynamo."

PRICES OF SOME QUEBEC LIQUOR CUT

Wines, Gins, Brandies and Liqueurs and Some Scotch Cost Less Now.

Quebec, June 12.—A readjustment in prices of wines, gins and brandies is announced by the Quebec Liquor Commission, resulting in a general, though small, decrease in price, except in a few instances, where there is a rise of five cents to ten cents.

Several brands of champagne benefit from reductions, varying between 25 to 50 cents, while Sandeman port wines are reduced from \$3.20 to \$2.80. Some other popular varieties of wines are also decreased.

A general reduction in the prices of fine liqueurs is announced. In the case of Benedictine, for instance, from \$3.25, the price is reduced to \$4.60; green Chartreuse, from \$3.50 to \$3.35; rum, from \$3.50 to \$3.15.

There is an increase of five cents to ten cents in the price of some fine whiskeys and a decrease of ten cents in some quantities of Scotch. For instance, Old Mull is reduced from \$4.50 to \$4.00. It is rumored that a recent purchase of a huge quantity of Scotch abroad on good terms will bring a reduction soon in some of the Quebec Liquor Commission's own brands.

It is also learned that the preliminary report of the commission, containing only a summary of the financial statement, will be available by July 15, and that the surplus of the commission will reach about \$8,000,000, which has been the average of the first two years of operation. A detailed report will be given out late next fall.

VESSLS LEAVE PORT.

The steamer Intombi, with a cargo of deals for Liverpool, sailed last evening, while the schooner Maid of France with a general cargo left port yesterday afternoon for Barbadoes.

REPORTS CAR DRIVERS.

Provincial Constable Robert Crawford last night reported a man driving a car on the Golden Grove road. He said he would prefer charges against this man of being under the influence of liquor while driving and of having liquor in his car. The constable reported two others on a charge of reckless driving in the Roberthay road. These cases will appear in court shortly.

HORSES RUN AWAY.

About 4 o'clock yesterday afternoon a team of horses, owned by A. E. McInerney, took fright on the exhibition grounds and ran away. They were brought to a stop only when the wagon collided with a telephone pole in Wentworth street. The horses escaped injury but the wagon was quite badly damaged.

## WARNS THOSE WHO OPPOSE HANGING

Premier Taschereau Says  
Administration of Justice  
Endangered.

St. Jerome, Que., June 12.—Spread of the mentality that makes a citizen refuse to condemn a murderer because of objection to capital punishment will make administration of the criminal law impossible in Quebec, and raises the question: "Is it time to change the jury system in criminal courts?" the Hon. L. A. Taschereau, Premier of the province, declared here yesterday.

Referring indirectly to the difficulty experienced in securing a jury in the Banque d'Hocheville murder trials at Montreal, the Hon. Mr. Taschereau admitted that every man has a right to his own opinion in a free country, nevertheless took full responsibility as Attorney-General of the province for this statement: "Montreal must be protected. We have a reputation to keep up here and we do not want statistics to show that it is in the Province of Quebec that the most crimes are committed and repression is the least effective." He asked for the support of public opinion to aid the Department of Justice in applying the law.

The Hon. Mr. Taschereau's speech made a deep impression, revealing as it did the official view of the recent experience in the Montreal Court of King's Bench. The Premier spoke at a banquet organized by the County of Terrebonne and the Town of St. Jerome following inauguration of the courthouse erected here, now that St. Jerome has become the chief-lieu of the judicial district of Terrebonne.

The administration of justice generally was Mr. Taschereau's topic, and he dealt with the jury problem in this fashion:—

"Perhaps another reform has to be made. It is not perhaps immediate, but it might be termed a black spot in the administration of justice. Does the administration of criminal justice by juries entirely satisfy public opinion? It is the English system, and the administration of English criminal justice is the finest in the world. It gives to the accused all the necessary safeguards to present his defence and does not expose an innocent to being found guilty.

"But I opened the newspapers this morning and I saw the opinions of the jury yesterday, of men in normal life who are very well versed in things generally, who have an interest in their country, their province and their city, and consequently in the administration of justice. And one says: 'I am against capital punishment and if those people in the box today were guilty I would not bring in a verdict that would mean death.'

"If that mentality—and I take the full responsibility for my words—of that mentality spreads among our population, we can put forth all the good will and all the sacrifice in the world, but it will not be possible to administer criminal justice in our province. (Applause.)

**People Not Blamed.**

"I am not blaming those people. We are in a free country and everyone has a right to his opinion. But if that mentality spreads, pains ground, and gets the upper hand, I ask if the time has not come to change our system.

"Montreal is a big city, cosmopolitan, where there is a great deal of good and bad, a city which draws, and fortunately, a good deal of the floss and jetam of the great country beside us. We must protect Montreal, not only because it is Montreal. It is also because it is in the province of Quebec and we have a reputation to keep up here. We do not wish statistics to show that it is in the province of Quebec that most crime is committed and that repression is the least effective.

"We face a problem. I say that you should not criticize the administration of justice when justice is hampered or powerless. The judge of the magistrate will do all he can. But if we do not have the support of public opinion, if there is not among the people the necessary support and co-operation necessary to administer justice, failure is ahead of us.

"That is our problem today. I, for one, am ready to do all that I can to solve it, but we want public opinion behind us. And we ask public opinion to support us when we denounce theories which are expressed by 'Because we are against capital punishment we will not respect the law of the country.'"

The Premier indicated that his policy was to have justice in the province of

## Quebec honestly administered by good judges and magistrates, justice cheap and easily accessible, and justice decentralized so that rural districts would live the law at their disposal like people in the cities. He also spoke of the proposal that the Court of Appeals should be divided into two parts, so that the many criminal appeals would not hold up hearing of appeals in civil cases.

## GAS IN THE STOMACH IS DANGEROUS

Recommends Daily Use of Magnesia to Overcome Trouble Caused by Fermenting Food and Acid Indigestion.

Gas and wind in the stomach accompanied by full, bloated feeling after eating are almost certain evidence of the presence of excessive hydrochloric acid in the stomach, creating so-called "acid indigestion."

Acid stomachs are dangerous because too much acid irritates the delicate lining of the stomach, often leading to gastritis accompanied by serious stomach ailments. Food fermenting in the stomach creates the distressing gas which distends the stomach and hampers the normal functions of the vital internal organs, often affecting the heart.

It is the worst of folly to neglect such a serious condition or to treat with ordinary digestive acids which have no neutralizing effect on the stomach acids. Instead get from our druggists a few grains of Blurred Magnesia and take a teaspoonful in a quarter glass of water right after eating. This will drive the gas and wind right out of the body, sweeten the stomach, neutralize the excess acid and prevent its formation and there is no source of pain. Blurred Magnesia (in powdered tablet form—never liquid or milk) is harmless to the stomach, inexpensive to take and the best form of magnesia for stomach purposes. It is used by hospital diets and by the best of meals with no more fear of indigestion.

**TEACHERS' CONFERENCE AT VICTORIA, B. C.**

Special Train from Toronto via Canadian National Rys.

Maritime Province teachers will do well to note that in connection with the 1924 Conference at Victoria, B. C., to be held from August 12th to 16th under the auspices of the Dominion Educational Association, special train arrangements have been made by the Canadian National Railways. There will be a special train to the Pacific Coast, leaving Toronto at 1 p. m., on July 26th, and numerous optional trips may be taken for the return journey. The special train will be one of the finest, of all steel equipment, with modern type of compartment-observation cars, library, buffet car, standard sleepers and diners. Nothing will be lacking in the way of entertainment. There will be a radio set in the observation car, and a phonograph will be placed in the diner; this car to be used for concerts, or dancing if so desired.

From all Maritime Province points to Toronto the regular train service of the Canadian National Railways is of the finest. It might be noted that the special train will stop at Jasper Park on Thursday, July 31st, to Sunday, August 3rd, and the educational party will thus have three days in that delightful playground of the Rockies. The cars will be used for sleeping accommodation, while meals will be had at the famous Jasper Park Lodge.

No more delightful trip could be devised for the teachers who are to make their way across Canada by Canadian National Lines. 6-14

## VETERAN'S WEEK AT ST. JOHN'S, Nfld.

Big Celebration by Newfoundland and St. John's, Nfld.

Mr. V. A. Earl Haig will unveil National War Memorial.

The week from June 30 to July 5 will be a gala one in St. John's, Nfld. A celebration to be known as Veterans' Week, will be arranged by the G. W. V. A. and a big programme of parades, sports, etc., has been arranged. Warships of the Allied nations will be in port, and Field Marshal Earl Haig will unveil the Newfoundland National War Memorial.

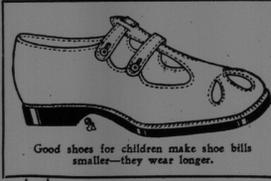

Newfoundland is participating actively in this great celebration, and its people are welcoming visitors and inviting them to participate.

The first week of July is an ideal time for a trip to the ancient colony, where there are many attractions for the tourist and summer visitor.

For fares to St. John's via Halifax or North Sydney, any ticket agent of the Canadian National Railways will give the necessary information. 6-14

## MINISTER'S LETTER CAUSES SENSATION

Motherwell Circularizes Liberal Members in Support of Church Union.

Ottawa, June 12.—A sensation has been created here by the circulation of a letter by Hon. W. R. Motherwell, Minister of Agriculture, to all the Liberal members of the House in support of church union. Mr. Motherwell says if the present amendment to the bill, referring the matter to the courts, which will shortly be before the House, becomes law, it will greatly disappoint the 2,000,000 Canadians supporting the bill, and the Liberal party will be held responsible for the bill not going through as introduced.

A large part of the letter is taken up with an argument in favor of union and the letter continues: "I think we all should carefully ponder over these matters before precipitating a possible maelstrom of litigation and religious strife, equally bad for both church and state and certainly boding no good to the Liberal cause."

The letter has created a great deal of criticism and excitement on the part of the anti-union forces, which include prominent Liberal members.

**DEATHS**

Hedley VanWart.

The death occurred at his residence, 2880 Oak street, Vancouver, on June 5 of Hedley VanWart at the age of 63. Mr. VanWart was a native of St. John, the son of the late Garrett VanWart who conducted a grocery store in the North End and was the owner and purser of the steamer Star which ran on the Washedmoak route on the St. John river. Mr. Hedley VanWart left St. John years ago and went to Seattle where he resided for some time, later removing to Vancouver. He is survived by his wife and one daughter.

Miss Elizabeth Ryan.

St. Andrews, June 12.—The death occurred at Chipman Memorial Hospital on June 6 of Miss Elizabeth Ryan. Miss Ryan's death followed an illness of only a few weeks. She was 50 years of age and had resided here all her life. She is survived by three sisters, the Misses Mary, Katie and Emily Ryan, and four brothers, John, Peter, James and William, all of St. Andrews. The funeral was held on Monday morning at the Church of St. Andrew's, where requiem mass was celebrated by Father M. Johnson. The pall-bearers were her brothers, Peter and Jack Ryan, A. B. O'Neill and J. A. Doon.

Harold Bailey.

Harold Bailey, son of Mr. and Mrs. Walter Bailey, Fredericton, died yesterday at the home of his parents, Argyle street, aged seventeen years. He had been confined to his bed for eleven years, following an accident. Surviving are his parents, three brothers Frederick, John and Murray and one sister Eva.

**HUSBAND OF ALBERT CO. WOMAN DROWNED**

Hillsboro, N. B., June 13.—Mr. and Mrs. Charles Ayer, of Hopewell Cape, have received word that their son-in-law, John Crosby Ward, was drowned in a lake near his home at Victoria, B. C., on May 20. Mr. Ward is survived by his wife and six children. His wife was formerly Miss Maude Ayer, of Hopewell Cape.

**EASTERNERS SPEAK IN B. C. CAMPAIGN**

Mrs. S. D. Scott, Formerly of St. John, States Her Platform

Capt. George Black, M. P. for the Yukon, is campaigning for the Conservatives in British Columbia. He is a York county man.

Mrs. S. D. Scott, formerly of St. John, who is a Conservative candidate in Vancouver, thus states her platform: "I stand for an immigration policy which will be fair to women and to British Columbia; a month's pension board with women on the committee in charge; proper accommodation for school children; relief for the sub-normal child; provincial aid for needy maternity cases; for the best possible educational system and work on the University buildings between elections."

The Province says that Hon. A. B. Copp and Hon. Dr. Beland may speak in the interests of the Liberals.

**WINS CUSHION COVER.**

Miss Ruth Galbraith, 238 Union street, West St. John, was the fortunate holder of ticket No. 27, which won the cushion cover, the work of N. Cronchuk, a returned soldier patient in the Lancaster Hospital. Mrs. A. Patterso drew the ticket.

**BACK FROM FISHING TRIP.**

**How to Keep a Child Healthy**

A GENERATION ago parents thought that sickness was a part of a child's life, but we know better now. The secret is in the food the mother allows the child to eat, and in watching that elimination occurs regularly two or three times a day. Mrs. W. E. Marston, Centerville, N. S., and Mrs. Pratt, 45 Gillson Ave., Runnymede, Toronto, always keep a bottle of Dr. Caldwell's Laxative Syrup Pepsin in the house, ready for use, and avoid many of the ills to which children are subject.

**A Substitute for Physics**

Dr. Caldwell's Laxative Syrup Pepsin is a scientific compound of Egyptian senna with pepsin and suitable aromatics. The formula is on every package. You will find you do not have to force children to take it, and it is much better for them than castor oil, calomel or coal-tar drugs like phenolphthalein even if covered with sugar or chocolate. Laxative Syrup Pepsin is mild and gentle in action and your child will have an easy passage without griping or strain. It does not contain narcotics, and

You can give it with absolute safety to an infant at the breast.

"Magic" in a Teaspoonful

Every store that sells medicines sells Dr. Caldwell's Laxative Syrup Pepsin, and the cost is less than a cent a dose. Give half a teaspoonful to any ailing baby or child at night when you put it to bed and you will find a happy, laughing youngster in the morning. Take Laxative Syrup Pepsin yourself when constipated, and give it to any member of the family young or old, for any ailment due to constipation, such as biliousness, headache, lack of appetite, sleeplessness, bad breath, cankers, fever sores, indigestion, and to break up fevers and colds. Stop that first sneeze or sniffle and you will have a healthy winter.

### Social Notes of Interest

Mrs. Mariner G. Teed and her two daughters, Miss Margaret Teed, B.A., B.L., and Miss Dorothy Teed, are leaving the city next week with Mr. Teed, for Dorchester, N. B., where they will spend a short time at their summer residence before going to Quebec, from which they will sail for England with the Canadian Bar Association. They were the occasion for a very enjoyable tea Wednesday afternoon and a dance in the evening, given by Mrs. J. F. H. Teed, at her residence, 88 Summer street, the former event being for Mrs. Teed, and the latter for the young people. Mrs. Duvernet, of Digby, who is the guest of Mrs. Peniston Johnston, was also a special guest at the tea, as well as Mrs. Robert Ross, of Toronto, who is visiting her daughter, Mrs. Gordon Macdonald. Mrs. King Hasen presided over the pretty tea table, which was burdened with beautiful flowers, many of them brought in from the homes of guests who reside at Rothesay and other suburbs. There were Darwin tulips, apple blossoms, purple violets, white lilacs and dainty greenery all about the house. The ladies serving were charming in their summer frocks. They were Mrs. J. B. M. Baxter, Mrs. Arthur N. Carter, Miss Gretchen Skinner, Miss Marjorie Lee and Miss Margaret Teed.

The dance in the evening, given by Mrs. Teed, was very pretty and greatly enjoyed by about 60 guests. Mrs. Gordon Macdonald assisted Mrs. Teed at the supper hour. They were all delighted to welcome to St. John, Miss Gretchen Skinner, daughter of Mrs. C. S. Skinner, of King street east, who is home from her studies at art in New York. The Misses Teed also assisted Mrs. Teed, who was a delightful hostess, receiving the guests informally.

Mrs. W. L. Robson and Miss Dorothy Robson have returned to Hilldale after visiting friends in Hamilton and Toronto for several weeks.

Mrs. Maxwell Scott, sister of Mrs. E. Atherton Smith, returned with her from Quebec and will be her guest

for the summer at St. Andrews-by-the-Sea, going from here on Saturday. Mrs. Scott has been visiting her son in St. Paul, Minnesota all winter.

Mrs. Melvin Jack, of North Sydney, is the guest of her brother, C. C. Carmichael, 135 Wright street, and will be in the city for a few days. Her daughter, Miss Gwendolyn Jack, is expected to arrive on Saturday from Boston and will spend a short time in St. John before going to St. Andrews.

Mr. and Mrs. L. V. Lingley, 162 Germain street, had as their guests at luncheon yesterday Mr. and Mrs. J. H. Boyle, of Brownville Junction. Mr. Boyle returned to Brownville in the afternoon. Mrs. Boyle will remain to visit Mrs. Lingley for a few days. They will attend the closing exercises at Netherwood School this afternoon.

Miss Margaret Murdoch, superintendent of nurses at the General Public Hospital, leaves this afternoon for Hamilton to attend the annual meeting of the Canadian National Association of Trained Nurses. Miss Alice Murdoch will accompany her sister as far as Toronto. They expect to be away two weeks.

Mrs. DeLong, St. John, accompanied by Miss Hazel DeLong, has arrived in Toronto on a two months' visit to her daughter, Mrs. Douthright, 2990 Dundas street, West.

Mrs. G. B. S. Young, of Quebec, has arrived in the city to visit her son, Rev. J. V. Young, and Mrs. Young, of the St. John Baptist Mission church. Mrs. Young will be here for three weeks.

Mrs. E. M. Sipprell, with her stepson, Mr. Roy L. Sipprell, has arrived in the city and both will reside at Pampden for the summer. They have spent the winter in Kentville, N. S.

Mrs. Stanley Macdonald and little son are guests of Mrs. Macdonald's mother, Mrs. L. Stammers, Waterloo street. Mrs. Macdonald, who is the wife of the manager of the Bank of Nova Scotia in Bath, Victoria county, is being warmly welcomed by a host of friends.

Mrs. Fred Miles, Wright street, was hostess recently for Miss Mildred Wilson, a bride-elect of this month, when several of her friends assembled and tendered her a novelty shower of beautiful gifts. A pretty bell, hung in a

### CHILDREN'S AID HAD BUSY MONTH

At the monthly meeting of the Children's Aid Society last night in the Home, Garden street, with A. M. Belding, president, in the chair, members were named for the executive and general juvenile court committees. Mr. Belding was named for the executive and Rev. George Scott, secretary. Miss Cora Sinclair and Mrs. T. L. Coughlan were chosen for the general committee. Miss Sinclair was the nominee of the society for appointment to the Board of Municipal Home Commissioners.

The monthly report of the agent showed that two children had been taken home by their father since the last meeting. One infant had been admitted, who will be taken out by the mother Monday. The list of cases dealt with showed that the month just passed had been the heaviest by far in a long time. Many applications had been received to take children in but the majority had to be refused because of lack of space.

### Puts Ban on Bare Arms in Church

Brescia, Italy, June 13—Bishop Baggie has determined to put an end to immodest dressing and has had posters placed on the doors of all churches, and also orders read during all masses, stating—

"Ladies and girls are warned they will be expelled from the churches if they dare present themselves with naked arms and low necks; if, in other words, they are dressed contrary to the modesty which any well-bred woman should feel. It is painful to be obliged to adopt such measures in a Christian country among Christians, but the affront of certain women who dare exhibit their nudity, even in temples sacred to the faith, has obliged me to impose the respect which the Church exacts."

The patients and staff of the East St. John Hospital enjoyed a rare treat last night when Mrs. Blake Ferris visited the hospital and sang for them. Mrs. Ferris was assisted by Mrs. Stee and Mr. Kinsella as pianists and both vocal and pianists gave selections of special merit. H. B. Schofield, chairman of the board of directors of the hospital, spoke appreciatively of the entertainment. He also spoke of the good work which was being done at the hospital and said that climate had nothing to do with the treatment of tuberculosis patients. Dr. H. A. Farris, superintendent of the hospital, thanked those who had provided the entertainment.

## 4 Men in 7 Bald at 40

91% needlessly, by tests

Our experience shows falling hair most always due to Infected Sebium. Now quickly overcome.

Written Guarantee to Grow Hair Under Our 3-Bottle Treatment Plan or Money Refunded

This is to offer you, under absolute money-back guarantee, the new VAN ESS Treatment, which, under actual tests, grew hair on 91 balds in 100. It embodies a new principle. A principle heretofore unknown to science. Now high authorities certify that it may be greatly diminished. For hair roots seldom die from natural causes. This method revives them. Test it yourself at risk.

Hair Roots Rarely Die

We estimate that 4 men in 7 are bald or partially bald, at 40. Our investigation shows this to be unnecessary. Proves only about 20 men in 100 need ever be bald. Baldness is a symptom of a disease. Note this fact and mark it. It is most frequently a symptom of infection of the Sebium—the scalp oil.

Remove this Infected Sebium and hair will almost always grow. Under the bald scalp the hair roots are generally alive. We have demonstrated this to be true in about 91% of our cases of falling hair or baldness.

We claim this new method reaches the roots. That it makes hair grow. But the public has often been deceived. So we guarantee it. You take no chance of loss.

Now We Remove It

For years, science has experimented to combat infected Sebium. We found a 91% effective treatment.

It is applied in a new way—a scientific way. (Note the illustration on right.) It penetrates the follicles of the hair. It combats the Sebium and removes it. Results are marked. They are quick. It is safe. It is guaranteed. We have demonstrated that it grows new hair!

We urge you to try this new way. Go today to any drug or hardware store. Obtain the VAN ESS 3-bottle treatment. With it you will get a signed guarantee. Hence it is folly not to try it.

## "I Can't Afford Any New Clothes"

Well there's lots others like you these hard times, but why not manage as they manage?

Search over your wardrobe, have some of it dyed and made over. After all the main features of the new styles today are little tricks about the neck and cuffs. A touch of lace, organdy, pique or embroidered linen and you've worked wonders.

Clever dyeing—a fifty color choice—and surprising economy. Consult by phone the dyeing specialist of the

## Snowy Table Linen

OF all things, table cloths and napkins benefit most from the mild, cleansing Sunlight bath. An ordinary washing wears table linen out even more than table use. How different the Sunlight way! Just soak the clothes, after rubbing lightly with Sunlight Soap, and all dirt is loosened, all grease dissolved—and this without any grinding rub on the wash board. Then you rinse and the dirt just runs away. Result: freshness, purity and snowy cleanliness.

LEVER BROTHERS LIMITED TORONTO

The pure lather of Sunlight Soap cleanses the clothes naturally, NOT chemically. The \$5.000 Guarantee of Purity is stamped on every table-let of Sunlight Soap.

THOUGHT END HAD COME SAYS BROCKVILLE LADY

Mrs. Breakell Suffered Intensely Due to Stomach Trouble. "Four years ago I became so ill with an attack of stomach trouble that I didn't think I could live a week. My nerves became all shattered and between this and my stomach misery it seemed like I would never be able to sleep again."

"My health has been so good since taking Tanlac that it is a marvel to my friends and neighbors," is the striking statement of Mrs. Martha H. Breakell, 4 Franklin street, Brockville, Ont.

Mrs. Breakell is one of Brockville's oldest and most beloved residents. She has just passed her 88th birthday, which she says "was one of the happiest of her life, all due to the health and strength she enjoys since taking Tanlac."

flames, made a complete inspection of the turret and reported no survivors. There went back and brought out the first bodies.

Of the injured there were strangely few. After the explosion, only eight men were numbered among the hurt, and their injuries were comparatively slight, consisting mainly of minor burns and lacerations.

Just how the explosion occurred still was undetermined early today, though from witnesses aboard the Mississippi and other vessels near her when the disaster broke up her scheduled target practice, a fairly comprehensive picture of the accident was given.

The battleships Mississippi, Tennessee, Idaho and California, the latter largest, were the principal participants in the gunnery practice. The Mississippi was the target ship, and the other vessels near her when the disaster broke up her scheduled target practice, a fairly comprehensive picture of the accident was given.

Attempts to communicate with the turret failed. Then came a terse command "load the magazines." In the deck men and officers hastened to the rescue, but it was more than half an hour before any attempt could be made to reach the turret.

CUBS TODAY ARE AT GIANTS' HEELS

Ruth Makes His 15th Home Run, in a Game With Detroit.

New York, N. Y., June 13.—Thanks to the weatherman and the weakness of the Braves' pitching staff, the Chicago Cubs are today snapping at the heels of the Giants.

A detail of the rounds of the Bartley Madden-Harry Wills fight in New York recently leads to several conclusions, says Doc Almy, the two opponents being that either the colored man's hands are in such shape that he did not dare take a chance of injuring them, or else the several postponements of the bout had resulted in his training himself stale.

Seemingly Madden went into the ring to stall out the distance and got away with it; according to the rounds he did very little aggressive work, contenting himself with backing away from covering. Ordinarily, it would be difficult to handle such a chap, but the rounds point that Wills succeeded in landing both hands frequently. His blows, however, had little effect.

The bout will hardly afford bona material for the much-discussed and long-postponed argument with Dempsey and Piro. This is not saying that the Brooklyn challenger for the title will not defeat the Argentinian in the event of their meeting, but it will be a case of outpointing him rather than anything like the decisive job put over by Dempsey. As concerns the champion, unless he deteriorates tremendously and Wills improves wonderfully between now and their slated clash some time in the fall, the chances of their being another colored holder of the world's heavy title are extremely remote.

GEORGE BARBER'S STILL GOING GOOD

The Toronto Featherweight Earns Decision Recently Over College Champ.

George Barber, Toronto featherweight boxer, well known here through his bouts with Louis Donovan, Maritime featherweight champion, appears to be going as strong as ever. In a tournament at Toronto on Tuesday night last, Barber outpointed the intercollegiate champion in an extra round bout. His opponent was Dr. (Goldie) Gray.

Gray, with a reputation as a knockout king, was looked upon prior to the bout as the probable winner, but the durable Barber, in excellent condition, proved his ability to stand up under Gray's heaviest punches in the early part of the bout and finished strongly enough to necessitate an extra round. In the fourth session Barber did more leading than his opponent and earned just enough of a margin to entitle him to the decision.

Gray tried all the way for a knockout, evincing more of a desire to land his "haymaker" than to secure a points decision. In the first round and a half he crashed terrific blows to Barber's jaw and heart, but the latter was not slow to retaliate. The bout was the outstanding one of a good card.

GARRISON TEAM MEETS TROJANS

Second Game in City Soccer League Carded for This Evening.

The second game of the City Soccer League is scheduled for this evening on the Barrack Green when the Trojans meet the Garrison. This is the first league game for these teams and both are keen to win and keep pace with St. Andrews, who defeated the Naval Reserve team early this week by a 2 to 0 score. A good-sized crowd attended the opening game and it is expected as big a crowd will be on hand this evening.

The Trojans will line up with the following: N. Dobbleson, M. Bradbury, R. Warren, A. Clark, A. Bowman, T. McEwan, W. Smith, F. Wilson, G. Hudson, P. Murray, W. Bain, R. McKelvie, W. Collins and P. Evans.

The Garrison lineup will be as follows: Goal, Peacock; full backs, Poston and Bevie; halves, Soutar, Shear and Richmond; forwards, Stegmann, Tupper, McEwen, Beasley and Curtis. E. Parfitt will referee.

CANUCKS DEFEAT ST. LUKE'S 14 TO 4

The Canucks defeated St. Luke's 14 to 4 in the Intermediate League game on the North End Improvement League grounds last night. The heavy batting of the Canucks was responsible for the win. The batteries for the winners were Burgess and Snodgrass; for the losers, McBeth, McMurray and Williams. Linton and McManus of the Canucks pulled off a pretty double play, and the pitching of Burgess was a feature of the evening.

The next game in this league will be on Monday night when St. Luke's meet the Canucks at the Nashwak diamond.

FREDERICKTON DEFEATS MONCTON.

Frederickton walloped Moncton last night at the capital to the tune of 13 to 3. Shields started for the winners and retired in favor of Rouillard and Cole when the team had 12 runs to the good. Leader and G. Swetnam were on the mound for Moncton.

GREB TO MEET STRIBLING.

Benton Harbor, Mich., June 13.—Floyd Fitzsimmons, who promoted the Tommy Gibbons-Georges Carpenter fight at Michigan City, Ind., Memorial Day, announced he has signed Harry Greb, middleweight champion, Tuesday night last, Barber outpointed the intercollegiate champion in an extra round bout. His opponent was Dr. (Goldie) Gray.

Pacific Dairies' Trucks Stronger

"Today this Ford Truck took a drink of Fundy and she skinned up hills she wouldn't look at yesterday on the next best gas."

It was Arthur McKinnon talking, which makes it unanimous for the three Pacific drivers and Mr. Donegani, who has it in his own car.

The wide demand for Country Club Ice Cream takes Pacific Trucks over all roads near and far. All gasolines have had lengthy tests, favoring Fundy every time from every angle. "Steadier—peppier—smarter starting—smarter pick-up and you can cut down the carburetor with it."

Mr. McKinnon found Fundy supreme all winter in Gaskin's Transfer, adding they could never have managed the travel they did with any other.

Fill 'er up with Fundy—stimulating gas.

OBJECT TO CHURCH UNION AMENDMENT

Methodist Conference Says It is a Violation of Churches' Rights.

The New Brunswick and Prince Edward Island Methodist Conference yesterday afternoon adopted a resolution of protest against the inclusion of the amendment to the Church Union Bill...

At the afternoon session John H. Hunt, representing the immigration department of the British Y. M. C. A., explained the scheme of the organization for sending British immigrants to Canada by the aid of the churches.

Dr. McConnell, superintendent of missions for the Maritime Provinces, was officially welcomed to the conference.

Collar Style with Collar Comfort Jocks "KANT-KREASE" FLEXIBLE COLLARS

Board of Examiners. Rev. Dr. Thomas moved the appointment of the following board of examiners for probationers: Rev. F. A. Wightman, chairman, Rev. H. E. Thomas, secretary, Professor W. G. Watson, Revs. J. M. Rice, Samuel Howard, E. S. Young, George Ross, George Morris, J. J. Pinkerton and H. C. Rice. Rev. G. M. Young, of Milltown, appeared for the superannuation fund board at Toronto and gave a detailed report concerning the financial system of the board.

Financial Budget. W. B. Snowball of Chatham presented the report of the finance committee. The budget for the voluntary funds of the whole church this year is as follows: Missionary, \$1,225,000; educational, \$180,000; evangelism and social service, \$75,000; religious education, \$40,000; church and parsonage aid fund, \$5,250. Total, \$1,495,250.

Reference was made to the remarkable liberality by which the funds of the church had been sustained, particularly through this period of financial stringency in some parts of the world. But while the aggregate seemed large, it would be very easily obtainable under the existing system. This system, the report stated, was recommended strongly not only because it would remove friction from the financial machinery of the church, but because it would return in spiritual blessing to those who practiced it.

Appreciation of the splendid management evidenced in the carrying on of the St. John Municipal Home was voiced yesterday afternoon by the visiting members of the city and municipal councils and local legislature, who were the guests of the Board of Commissioners at a luncheon at the Home.

Compliments Management. Councillor R. W. Wigmore, Warden in charge for the excellent manner in which the institution was conducted, and a request for an increased appropriation should be granted, he said. He spoke about better fire protection, and hoped that the Board would take the matter under consideration.

Dr. E. J. Ryan, visiting physician to the Home, stated that he was happy to have the opportunity of drawing to the attention of the councillors the economy with which the Home was conducted. He pointed out the small amount that was allowed for the running of the institution, while the cost of other institutions was greatly in excess of this. The people residing in the Home were neatly dressed, the food served was of the very best, and those residing there were very comfortable.

**WILL MEET HERE AFTER 45 YEARS**

John D. Matheson of Westfield, and Sister, to Have Reunion.

Separated from his sister for forty-five years, John D. Matheson of Westfield, N. B., came into the city today to greet his relative at the Boston train, but was disappointed, as she did not arrive. During that long interval neither has seen the other, and it was only last fall that letter communication between them was established since the time when Mr. Matheson left the old home in Prince Edward Island. His sister is Mrs. Alfred Loftus of Norwalk, Connecticut, U. S. A. A letter which Mr. Matheson showed a Times-Star reporter gave the information that she expected to leave Norwalk on Thursday evening and leave Portland this morning. The brother expects, however, that Mrs. Loftus will reach the city tomorrow. He notified her to report at once to depot officials, and the Y. W. C. A. representative also volunteered to be on the lookout for Mrs. Loftus.

**THIRTY IN ROTARY PARTY FROM HERE**

Will Leave Tomorrow to Attend Great Gathering in Toronto.

St. John will be well represented at the International Rotary convention which will meet next week in Toronto, at which it is expected that between 8,000 and 10,000 Rotarians will be in attendance. This is the first time that the international has met in Canada and the Canadian Rotarians are bound to be there in force. Included in the delegates will be representatives from several European countries as well as Canada and the United States.

The local delegation will number about 30 and the entire party from New Brunswick, traveling via C. P. R., will number about 60 and they will also have 11 from Yarmouth, the Moncton, Charlottetown and Halifax delegates will travel C. N. R. It is expected the Maritime delegation will number close to 250.

**GETTING READY TO SUBMIT REPORT**

Mothers' Pensions Committee Meets Here—Moncton Widows Need Help.

The commission appointed by the Provincial Government to investigate the matter of mother's pensions, sat here this morning and considered evidence taken during sessions here, in Moncton and at Bathurst. The session will be continued this afternoon. The principal work of the commission is to sort and tabulate the information gleaned and get it into order for a report, which is expected to be completed by the end of June.

**LOCALS TAKING VOTE ON STRIKE**

A strike vote now is being taken at the local Post Office in regard to the proposals contained in the new schedule recently issued. No result will be announced until all the returns for Canada have been tabulated. Voting is expected to be finished by tomorrow.

**A SUMMER VISITOR.**  
This morning a large bull moose was seen by passersby in a field adjoining the property of W. A. Nelson in the Matawagish road. After ambling about for a time he turned his head towards the Bay Shore and, traveling in the direction of the Provisional Hospital annex, disappeared in a thicket. While sights of this description are more or less common during the late summer or early fall, the appearance of this monarch of the woods during June so close to the city is rather unusual.

Her husband, who has been employed as manager of the office staff with the Bedford Construction Company, who have been erecting an electric railway near Kingstons, is expected to arrive home in about six weeks. He is a son of Mr. and Mrs. Eugene McBride, Main street.

**PROTEST EARLY CLOSING.**

Marlborough Lodge, Sons of England, at their regular session last night passed a resolution of protest against closing of the stores on Saturday evenings and Sunday selling by merchants. After the business session a social hour was spent. Among the taking part in the program were E. W. Thorne, A. Logan, R. L. Carlous, addresses; D. Olive and A. B. Bawn, duet; A. Philpott, a new covering is also being placed on the wooden bridge where the road crosses the Brayden Brook, about seven miles from the city.

**PORT COMMITTEE MAKES PROGRESS**

Meeting Held Today—C. N. R. Officials Here on Inspection Visit.

The "Port Committee" met this morning in the office of the Mayor and spent some time discussing ways and means of making the port of St. John better known and obtaining a larger share of the Canadian business, which at present goes through U. S. ports. Mayor Potts presided and other present were: F. M. Ross, L. V. Lingley, G. L. Warwick, A. P. Paterson and Commissioner Buelch.

After the meeting His Worship said that some very important data had been placed before the committee and this was quite thoroughly discussed. There was nothing, he said, for publication at the present time, but the committee felt that progress was being made. The committee will meet again at the call of the chair. The letter to Sir Henry Thornton has not yet been fully prepared.

**AUDIT IS BEING ARRANGED FOR**

Mayor Asks Price, Waterhouse & Co. to Send Two Men Here.

Mayor Potts announced this morning that he had written the firm of Waterhouse and Company and instructed them to send two men here for the purpose of making an audit of the books of the Civic Power Commission for the last year and also to make suggestions for changes in the accounting system if they found any were necessary.

**DIED SUDDENLY**

Miss Bessie McLeod Fatally Stricken at Home Last Evening.

Friends in this city will regret to learn of the sudden death of Miss Bessie McLeod, which occurred at her residence, 90 Prince street, last evening. She had been at her office duties as usual and on her arrival home was suddenly stricken. Dr. M. H. Case was summoned, but she was beyond medical aid.

Miss McLeod was born near St. George. She came to this city about 10 years ago. On her arrival in St. John she joined the staff of the Schofield Paper Company and during her years of service won the confidence of her employers and the respect and esteem of her associates. She was a member of St. Andrew's church. Her sudden death came as a great shock to all.

**TO NAVY LEAGUE MEETING.**

R. E. Armstrong, president of the New Brunswick branch of the Navy League of Canada, will leave this afternoon for Victoria to attend the annual convention to be held in that city. At Toronto he will join the Ontario delegates and they will proceed in a body from that city. The entire trip will be made over the C. N. R. line. The meetings are to be held June 24-25 and 26. The British fleet is due at Victoria on June 21 and on June 23 there is to be a reception in which the League will take part. On the return trip Mr. Armstrong plans to meet the Board of Trade officials at Vancouver and Winnipeg and talk over trade problems.

**As Hiram Sees It**

"Hiram" said The Times reporter to Mr. Hiram Hornbeam, "when summer dropped down over the skies on Wednesday it made a hit with me."  
"I bet it made a hit with a hull lot o' folks," said Hiram. "I wouldn't be surprised if them there store keepers that hes straw hats an' summer clo'es felt like goin' out an' dancin' a jig on the sidewalk."  
"What about the folks in the Settlement?" queried the reporter.  
"Wearin' cows-breakfasts," said Hiram. "But you orto see the peas an' petaters jumpin' up—an' the grass, too. The ground's been rather cold—an' we did need a good warm day. But I see it didn't take the brush fires long to get started. I wonder how much young timber growth well be burnt up this year because somebody acted the fool. Don't it beat all how careless a lot o' people is? An' here an' there one is plain devilish—an' sets a fire without carin' who's hurt. I'd like to hev an old mucket loaded with salt an' ketch one of 'em at it—I bet he'd remember it—but I can't stay in here talkin' to you. This is too fine a mornin' to be in the house—an' we may hev snow after the week's out—By Hen!"
