REV. MR. A. B. COHOE MAKES EXPLANATION

He Will Help the Authorities
All He Can.

But the Incident of the Little Girl Trading
a Loaf of Bread for Liquor Happened a Year Ago.

14 Richmond St., St. John, N. B.,
Feb. 1, 1905.

To the Editor of the Star:

Sir—In your issue of the 1st ult., you have a report of a statement made by me in an address delivered in Germain street Baptist church on the evening of Monday, the 30th ult. Your report gives the impression that I am in possession of evidence which could at the present time be brought against one of the liquor dealers of St. John. I did say that a gentleman had told me that a little girl had begged money of him to buy bread and that after purchasing the bread and letting the girl go toward home, he discovered that she had exchanged the bread for liquor of some sort for her mother. I did not regard the statement as one to be placed before the license inspector, for the simple reason that it did not refer to present conditions, the incident not having occurred during the past year, and not having come to my notice until some time after it had taken place. Moreover, in my address I did not use the incident as the basis of a charge against the present liquor dealers of St. John. It was used as a man could use any such incident, whether it occurred in St. John or elsewhere, whether it happened this year or twenty years ago, to show to what a stage of inhumanity a man may come by inhuman deeds. Perhaps it may be regarded as an evidence of the health of public opinion in St. John that there has been insistence from more than one quarter that if evidence of the present practice of such illegal acts existed it should at once be placed in the hands of the proper authorities. It is a pleasure, also, to state that the license inspector, Mr. Jones, called at my home to get the evidence immediately after reading your report.

I am not inclined to shield the liquor dealers of this or any town from any misdeeds of which they may be guilty, for I regard the business in its present form as a serious menace to the welfare of our citizens. However, I feel it my duty to correct the impression that may have been created, that I am in possession of evidence of an illegal act by a saloon-keeper of St. John, that could be brought against him.

Yours truly,
ALBERT B. COHOE.

INTERESTING BILLIARD GAME.

CHICAGO, Feb. 1.—The most interesting game of billiards for in the tournament for the amateur championship of America, was played by Edward C. Rein, of Chicago, tonight against Edward G. Gardner, of New York. The final score was 300 to 231 in favor of the local man.

The other winners today were St. George, of San Francisco, and Morris, of New York. Sigourney's opponent was Schmitt, of Racine. The Pacific coast man won by a score of 200 to 230. In the afternoon game between Norris, of New York, and Therslie, of Boston, the score was 300 to 195 in favor of Norris.

VERY COLD IN FREDERICTON.

FREDERICTON, N. B., Feb. 2.—The Trojans and Lessee Hanson have buried the hatchet. An amiable settlement was reached last night. Every one is satisfied and tomorrow evening the Trojans will play the Dawsons at the Arctic rink.

Two rinks of the St. Andrews Curlers arrived this morning and are playing the Frederictons this afternoon. Two more rinks are expected from St. John this evening.

The thermometer registered 28 below here this morning.

BIRTHS

WHITE—48 King square, Feb. 2nd, to the wife of William White, a son.

DEATHS.

LOVE—At No. 5 Short street, this city, on Feb. 2nd inst., Mary, wife of Jas. Love, in the 37th year of her age, leaving a husband and one son and three daughters.

LOST—A hymn book, between Carleton Free Baptist church and the city. Finder will please leave at this office or at the Ferry House, West Side.

MRS. MARY ROGER'S LAST DAY ON EARTH

Attempts to Bribe the Prison
Officials.

Package Enclosing Two Hundred Dollars
and a Poison Sent to a Prison Official With Promise of More.

NEW YORK, Feb. 2.—A Montpelier despatch to the Tribune says:—An attempt to enable Mrs. Mary Rogers to commit suicide and cheat the gallows came to light tonight (Wednesday.) A poison package accompanied by \$200 in bills was sent to the prison by the officers in the prison with the promise that if he delivered the package to the woman and she died before the day of execution he would receive another similar package. The letter was received last week. It was postmarked "Boston," and when he opened it the two \$100 bills appeared together with a folded package. The note inside reads:—"If you will see that Mrs. Rogers receives the enclosed powder and dies before the day of the execution, you will receive another letter containing a like sum."

Mrs. Rogers is under sentence to be hanged tomorrow, Friday, for the murder of her husband. Governor Bell has under consideration a petition for her reprieve.

LATEST WAR NEWS.

GENERAL OKU'S HEADQUARTERS.

TERS, Jan. 23.—(Noon)—via Tien Tsin, Feb. 1.—Japanese field surgeons and field hospitals have accomplished a triumph, according to statistics obtained by the Associated Press from the chief surgeon of Gen. Oku's army.

There have been in the entire army since the landing on May 6, only forty deaths and disease. The figures show that up to December 1, there were treated 24,422 cases of disease. Of these forty resulted fatally, 13,573 patients recovered, 5,699 were sent to Japan, and the remainder were undergoing treatment when the figures were compiled.

It is believed that these figures are unequalled in the history of warfare.

There were only 198 cases of typhoid, and 342 of dysentery, while of berl berl there were 5,070. The other cases of disease were not serious. The casualties in Gen. Oku's army from May 6 to December 19, were killed, officers 210, men 4,917; wounded, officers 743, men 20,337. Missing—Officers 4, men 42.

Sixteen per cent of the wounded died, 19 per cent recovered in the field and 65 per cent were sent to Japan.

Eighty-five per cent of the wounds were inflicted by rifle shots, eight per cent by artillery and seven per cent by cold steel. The largest percentage of recoveries was in the cases of chest wounds. Most of the recoveries were due to the small calibre of rifle bullets.

TOURIST ASSOCIATION.

The annual meeting of the New Brunswick Tourist Association takes place this evening. Premier Tweedie will be present, also two professional guides and a number of the prominent personages who have been attending the meeting of the International Fish and Game Protective Association.

Among the speakers will be J. D. Hazen, M. P., and Robert Maxwell, M. P. The reports to be submitted will be those of the secretary, Mrs. Rupert Olive, and the treasurer, W. S. Fisher.

The report of the treasurer will show the Association in a healthy financial condition, having a balance of \$286.20.

CLEVER YOUNG BARRISTER.

William P. Taylor, of the firm of Corbett & Taylor, barristers, attorneys, etc., of Fredericton, has accepted a position in the law firm of R. B. Bennett, of Calgary, N. W. T.

Mr. Taylor read law in A. K. Silpp's office, Fredericton, he continued at Dalhousie University and was admitted to the bar in 1899. He made exceptionally high marks at his bar examinations and is considered one of the cleverest young men in the profession.

A few months ago he entered into partnership with O. S. Crockett, M. P. Mr. Taylor will leave for Calgary about the first of March and a brilliant future is predicted for him.

FUNERAL OF THE LATE J. J. DWYER.

The funeral of the late John J. Dwyer took place this morning at the Cathedral. Requiem high mass was celebrated by Father Carleton; deacon, Father Coughlin; sub-deacon, Father Holland; master of ceremonies, Father Meahan. Interment was made at the new Catholic cemetery. The pallbearers were: Patrick Higgins, Michael McCarthy, James Kelley, William C. Miles, Edward Haney and W. L. McEwen.

The members of the Irish Literary and Benefit Association walked in a body in the procession, also Branch 131 of the C. M. B. A.

STARVING IN ST. PIERRE.

PARIS, Feb. 1.—The mayor of the island of St. Pierre, Mr. Pichon, has received Paris seeking government assistance for the population of the island who are starving owing to disastrous failure of the fishing season.

Frank Grass, a New Brunswick boy, who has been in the west for some time, is at present in the city visiting relatives. Mr. Grass is enthusiastic of the possibilities in the west. He works at Brandon, Manitoba, which he says is a town of 7,000 people and will some day be a city, so rapid is its growth.

NORTH AMERICAN FISH AND GAME SOCIETY.

Mayor White Delivered an
Address of Welcome.

Several of the Members Favor a Higher
License for the Privilege of
Shooting Big Game.

The morning session of the North American Fish and Game Protective Association was called to order at 11 o'clock. Premier Tweedie introduced His Worship Mayor White.

His worship expressed his pleasure at having the privilege of welcoming the association to the city. This is an international institution, he said, and one which will no doubt be productive of great good. St. John is a game centre; only a few years ago a lordly moose might have been seen in the very streets of the city, a second moose suid among the wires at the rifle range. He referred humorously to the English idea that wild animals could be shot in Wardens from the cabin door. Big game is undoubtedly increasing in this province. Too great an invasion by sportsmen might eventually exterminate the game. This must be guarded against. The fowl of the province should be protected against their natural enemies.

He was glad to see the association here and hoped that this would not be the last visit it would make to the city.

Premier Tweedie said that while the game of the province had increased, he felt that perhaps it would be well to have a close season for large game. One year in five would have a great effect in preventing the ultimate extinction of game. One difficulty the government had experienced was with the people themselves. They felt that they should have the right to shoot game untrammelled by any laws. This has even been made an election issue. Politics also enter in the question of game wardens. Wardens should not be appointed for political purposes. Influence is brought to bear on the government to appoint inefficient wardens. Perhaps it would be a wise idea to have an examination required of wardens. Bonuses had been mentioned as a remedy for the extinction of game wardens. The Premier should not be appointed for political purposes. Influence is brought to bear on the government to appoint inefficient wardens. Perhaps it would be a wise idea to have an examination required of wardens. Bonuses had been mentioned as a remedy for the extinction of game wardens. The Premier should not be appointed for political purposes.

E. T. D. Chambers submitted a resolution to the association embodying a petition to be submitted to the Hon. Raymond Prefontaine, minister of marine and fisheries, praying that certain steps be taken to prohibit sailing in certain parts of Lake Champlain. The resolution was adopted by the association and the secretary instructed to forward the petition to Ottawa at once.

The papers read yesterday were discussed to some length.

Mr. Knight moved that the association approve of the proposed coupon system. The motion was carried.

Mr. Chambers moved that the thanks of the association be tendered Hon. L. J. Tweedie for the tour and the fact which he has conducted the business of the association and his hospitality in entertaining the association.

Hon. A. T. Dunn introduced Mr. Moore, an experienced guide.

Mr. Moore did not think there was any pressing danger of the moose becoming extinct. The moose are increasing. A higher local license would be an excellent thing. He believed that we would have game for a long term without close season. The cat, he thought, was more than the lynx. Half of the full grown bears live on the young moose. The increase is much greater than the amount taken off.

Hon. A. T. Dunn said that the west side of the St. John river had been closed against hunters and now big game are very plentiful there. He would advocate closing a section of the province for two or three years in succession.

Henry Allen said that the "calling" season extended over the month. He would advocate a higher local license. Some of the foreign sportsmen expressed their willingness to pay even more than \$20, the present fee, for the moose are undoubtedly increasing in New Brunswick.

SEWING MACHINES FOR ESQUIMAUX.

MAUX.

A band of eleven Esquimaux from the Aleutian Islands passed through Seattle on their way home from the St. Louis expedition, attired in the garments of civilization, and two of the squaws are taking back sewing machines, which will be installed in their ice huts to supplant the bone needle and gut thread with which they have been wont to sew their garments.

On the down trip the party could not appreciate a bed and all slept on the floor. Now they take to the beds as naturally as they do to seal oil on their native heath, and strange as it may seem, none of them are homesick, and all are anxious to return to this country next year.

One of the articles that are being taken back by the head man of the party is a stovepipe hat. He saw President Roosevelt wearing a high silk hat at the fair, and when told that it was the president who wore it, he at once commissioned Mr. Bates to go out and buy him one. As becomes the dignity of the chieftainship, he will only wear the hat on state occasions.

The four children are also dressed in knickerbockers, shoes and stockings, and are very proud of their American garb. —Seattle Post-Intelligencer.

CONVICTS WILD BREAK FOR THEIR LIBERTY.

Texas Murderers Steal a
Locomotive.

Both Captured After a Five Mile Ride
One with a Bullet Through
His Lungs.

NEW YORK, Feb. 2.—A Houston, Texas, despatch to the Press says:—"Knocking the engineer of a locomotive unconscious with blows with scorp shovels, two life prisoners, by murderers jumped into the cab, pulled wide the throttle and sped out of the yard of the Huntsville Penitentiary today (Wednesday) amid a shower of bullets from wardens. The convicts abandoned the engine after a wild dash of five miles and were caught hiding in a thicket. One of the men was shot through the lungs and his companion would not desert him. The two convicts, Tippin and Wilson, were members of a stone breaking gang. An engine had been used in moving freight cars laden with rocks into the enclosure and in carrying away the broken product. Just when the locomotive had been uncoupled, Tippin and Wilson attacked John Mallory, the engineer.

A SPOT ON THE SUN.

One of the Largest Ever Discovered—
Will be Visible for Several
Days.

CHICAGO, Feb. 2.—A sun spot, believed to be one of the largest and best defined ever observed, has been discovered by Prof. A. H. Cole, a local astronomer. Projected through a small opera glass on a sheet of white paper a disc measuring six inches in diameter was disclosed. Mathematical calculations proved that the spot on the surface of the sun was one tenth of its widest part. The spot is egg shaped and can be easily discerned through a smoked glass. It is situated east of the central portion of the sun and today would be almost in the middle of the luminary. The spot will be visible for seven days.

TERRIBLE TURKS.

CONSTANTINOPLE, Feb. 1.—It is officially announced that the Turkish forces have routed the rebels investing Sanaa and Hodeira, Yemen, province, Arabia, and have relieved the besieged garrison of Sanaa, the capital of Yemen.

WOULD HAVE GONE UP IN SMOKE

PARIS, Feb. 1.—An analysis made at the municipal laboratory has disclosed the fact that the bomb found last night in front of the Hotel Des d'Orleans, on the avenue of Del Opera, was not dangerous. It contained chiefly coal dust.

IN OLD KENTUCKY.

The Colonel—My mother used to make the most delicious apple pies around Christmas time.

The Major—Indeed! I suppose she followed that old recipe: One quart of apples and a gill of brandy?

The Colonel—No, sah. She used one quart of brandy and a gill of apples.

REVISED.

"Did you ever hear that old expression, 'Never look a gift horse in the mouth'?"

"Yes, but there is another version now."

"What is it?"

"Never look a gift cigar in the wrapper."

ST. JOHN STAR.

ST. JOHN, N. B., FEBRUARY 2, 1905

OPEN EXECUTIVE MEETINGS.

The St. John City Council and other
municipal bodies labor under the em-
barrassment of exercising both legisla-
tive and executive powers with full
publicity in both capacities. A provin-
cial or national legislature does not
subject to publicity. Members rather
court it. But executive bodies of these
larger kind in the nation deliberate in
private. For example, the provincial
government was in session yesterday.
Suppose that Mr. Tweedie and his col-
leagues had been fully reported when
they discussed the character and qualifi-
cations of the gentlemen whom they
are about to appoint to offices, or
while they debated the question who
should be surveyor general or when
the writs should be issued for North-
umberland, or when the session should
be held. One would not wonder if the
ministers appear if when "they fight
like blazes" their frangling should all
be reported? Would it be possible for
the council to prepare the supplement-
ary estimates in public or discuss in
the presence of reporters the proposed
budget changes in the tariff? The dis-
cussions in the cabinet on the Grand
Trunk Pacific bill before Mr. Blair re-
signed would probably have been
enough to wreck the government if
they could have been reported ver-
batim.

Within its own sphere the city council
has to deal with similar matters
and to do it publicly. Even the mat-
ters that are referred to boards are
dealt with in open meeting. It is right
that it should be so, since the city
council is not wholly an executive or
administrative body. But if certain
matters appear to be handled in a rat-
her confusing and unsatisfactory way
it is not surprising that the same
things must be occurring in other gov-
erning bodies, only it is done out of
sight of the public.

It is understood that the council has
in the past evaded publicity in mat-
ters of appointment by holding a pri-
vate caucus. There the claims of the
candidates have been presented and a
vote is taken. Having reached a con-
clusion in caucus the aldermen ratify
it in open meeting, and a motion is
made unanimous which may have re-
quired several ballots in the close
meeting. In this way the public is
kept in ignorance of the state of the
poll. But even if this custom has been
continued it applies only to a few mat-
ters with which the council must deal.
In the main the work of the city exe-
cutive is transacted in the full view of
the public, and is therefore more open
to inspection than that of the provin-
cial or federal government.

THE OUTLAW MILLIONAIRES.
The Beef Trust has of late filled as
large a place in the public eye as the
Standard Oil monopoly. It is the lar-
ger institution of the two and its meth-
ods are somewhat the same.

Once there were several large concerns
in Chicago, Kansas City, and other
points, which competed with each
other in the purchase of live cattle
and hogs, and in the sale of beef and
pork. Some of them became opul-
ent and powerful. Others, with less
capital and smaller spheres of opera-
tion, were struggling for a share in the
game.

It occurred to some of the very lar-
gest operators that they could make
more money if the trade were confined
to a few, under conditions which would
enable them to dictate terms to the
men from whom they bought and those
to whom they sold. This was the be-
ginning of the trust or combine. The
Armours, Swifts and others of the in-
ner circle have been able to carry out
their plans to an extent and with suc-
cess that must exceed their most au-
gustine expectations. As they furnish
practically the whole market for west-
ern cattle they are able to dictate the
price of stock. Controlling the whole
supply of beef for sale they are able to
fix the price of meat. There was a
profitable margin when they began.
They have enlarged it by reducing the
price of cattle and raising the price of
meat. Falling off a log is a tiresome
and difficult task compared with that
of gathering in millions under these
conditions.

The one difficulty to overcome was the
suppression of the independent opera-
tors. But this could be managed by
men who gave the great railway com-
panies a large share of their traffic.
The combine simply compelled the
transportation companies to charge
smaller competing concerns impossible
freight rates. It is true that the law
forbids discrimination, but that has not
prevented the Standard Oil corpora-
tion from crushing out competition by
discrimination in traffic rates. There
are private rebates in oil. In meat there
are no storage rates. The combine
furnishes the refrigerator cars on
terms which are not allowed to com-
petitors and the thing is done.

This is the supreme court of the United
States has declared that the meth-
ods of the trust are illegal, as they
violate the inter-state commerce law.
If this were the first decision against
trusts it would be received with great
enthusiasm. But the courts have re-
peatedly declared the Standard Oil
Trust an outlaw, and the decisions
have not as yet done any great harm
to the offenders or much good to the
victims. We shall see how the Beef
Trust revokes this judgment. It is on-
ly necessary to note that as yet it has
not reduced the price of meat in New
York, nor the price of shares in the
outlaw companies.

AN INDUSTRY REVIVED.

The industry of extracting gold from
sea water is not extinct, though it is
not now carried on in the neighbor-
hood of Lunenburg. An English company
proposes to begin operations, and has
secured an exceedingly favorable opin-
ion from Sir William Ramsay, who has
made experiments. Sir William has
no doubt that Mr. J. Snell, the inven-
tor of the process, "has proved that
gold can be profitably obtained from
sea water on a large scale." Sir Wil-
liam has an assistant who figures out
a profit of £7,000,000 a year from deal-
ing with 400 acres of harbor. But as
the company only proposes to deal at
present with 28 acres it must be con-
tent with an annual output of £200,000
won at a cost of ten per cent. of the
value. This is equal to the gains
which were to be made on the Maine
coast. It is said that the company
now taking up the business includes
Lord Tweedie and Mr. Sandeman, former governor of the
Bank of England. Have they been
foiled with doctored plates?

Wendell P. Jones, of Woodstock, is
to be surveyor general. Our own Mr.
George Robertson is exposed to the
chilly atmosphere. Perhaps he will
grow angry and refuse to finish the
deck.

Wine alcohol is still a favorite
though fatal beverage in some local-
ties. Those who once fairly begin
drinking this liquor never recover from
the habit.

JUST A SMILE.

You can drive the clouds away
With a smile,
Just a smile;
Turn the darkest into day
With a smile,
Just a smile;
Oh, there's nothing when a man
Feels the weight of sorrow's yoke,
Or you may live to regret such action.
All distress and grief revoke.
As a smile,
Just a smile.
—Sunset Magazine.

DON'T GO THERE.

Good Advice to Young Men About the
United States By One
Who Knows.

Young Canadian, think twice before
you make up your mind to go to the
United States to earn your livelihood.
Or you may live to regret such action.
Such was the deliverance of a former
resident of Boston, but for some months
past a resident of St. John, to a
reporter. The speaker was a man of
about fifty years of age. Continuing,
he said:
"Half of my life has been wasted. I
went to the States when I was a young
man, a victim of the false impression
that the States was a place to make
money. It took me about five years
to disabuse myself of that impression,
and then when I wanted to go back to
Canada, where I should have remained,
I found myself in the 'hole,' as they
say. I could not scrape together
enough money to buy a ticket, and from
then until quite recently I ground away,
simply earning enough to live on, and
living you know has for a long time
been very high in the States. I am
now back in Canada, and if I had only
had some one to advise me, as I would
advise young men now, I would never
have left this spot.

"To young Canadians I would say
again and again, stay in Canada. If
you want to go away go to some other
part of this big land, but never on your
life step outside of it to earn your liv-
elihood. I am addressing myself to
young fellows who have to work to
live."

HORTICULTURAL ASSOCIATION.

The Horticultural Association held its
annual meeting yesterday afternoon
in the office of the Relief and Aid So-
ciety. J. D. Hazen presided, and re-
viewed the year's work. He announced
that James Reynolds, on account of
ill-health had resigned.
The following directors were elected,
who will later on elect their own offi-
cers: J. V. Ellis, Wm. Pugsley, T.
McKay, J. G. Taylor, H. B. Schifield,
W. W. White, C. P. Clarke, George
Coster, R. J. Ritchie, C. A. Everett,
E. L. Rising, G. S. Fisher, Jas. Rey-
nolds, A. H. Hanington, Geo. Robert-
son, Jos. Allison, J. R. Armstrong, W.
F. Hatheway, Jas. Manchester, J. D.
Hazen, Jas. Jack, J. F. Robertson, F.
E. Barker, G. E. Fairweather, A. T.
Thorne, F. A. Kankine, R. B. Emer-
son, J. G. Forbes, E. J. Everett, W.
J. Jones, G. T. Hay, H. Peters, D.
J. McLaughlin, R. K. Jones, T. H. Es-
tabrooks, Silas Alward.
The reports of the committees were
received and showed considerable pro-
gress in beautifying the city during
the last year.

NEW SUBMARINE RECORDS.

NEWSPORT NEWS, Feb. 1.—With re-
presentatives of the Argentine Repub-
lic and British governments among
others on board, the submarine boat
Simon Lake X was hoisted thirty-
eight feet and returned to the surface
in thirty seconds. This cut in half
the record held by the French type of
submarine, which was hoisted thirty-
four feet in one minute. Another
record was broken in filling the
ballast tanks for the submergence.
The tanks were filled in 91.2 minutes,
the best previous time being 15 min-
utes made by the French submarine.
With decks awash, the Simon Lake
X made a speed of 91.4 knots an hour
and submerged travelled 41.4 knots an
hour.

WHAT MEN WEAR.

Homespun Will Less Fashionable
This Year.

(By the Baron in the London Leader.)
Although not many people order their
clothes before the latter are required
for wear, it would be a mistake to over-
look the importance of forecasting what
is likely to be fashionable. Indeed,
this knack is even more valuable to the
man of moderate means and modest
tastes than it is to the 'curled darlings
of our state,' who are always attired
in the latest mode, because the latter
can presumably afford to discard any-
thing which has outgrown the fashion,
or to give it to their valets, while the
moderate man must wear out his
clothes, suitable or not suitable. He
must avoid mistakes.

Such a man, therefore, should inform
himself of what developments are likely
to occur, and to his own advantage he
may not be out of place. It would be
deplorable for him to come in at the
tail end of a fashion, and see himself
compelled to adhere to it after he had
been abandoned by every one else, be-
cause, though it is not important for
him to be always at the height of fash-
ion, he does not want to be conspicu-
ously out-of-date in his attire.

Just now, a jacket suit is most fash-
ionable in a brown tulle or subdued
pattern. This style is likely to continue
in vogue for a considerable period, but
it is necessary to exercise care in the
selection of materials. The rough-sur-
faced tweeds and homespun so fash-
ionable last year will be less worn in
1905 than worsteds and cashmeres; and,
indeed, homespun, which received an
impetus through the shortage of Aus-
tralian wool, is visibly past the youth
of its career. A jacket suit should not
be chosen with less care because it is
an informal garb; jackets are so much
worn now that they have a distinct
fashion of their own. They are likely
to continue somewhat long, and should
be made with a five-inch opening in
the middle of the back. They should
be single-breasted, and so should all
waistcoats.

The trend overcoat is now exclusiv-
ly an informal garment, and ought not
to be worn with a silk hat. As men of
moderate means generally prefer an
overcoat that can be worn with any
hat, the durable and seemly beaver
Chesterfield, with a velvet collar, is
much the most eligible selection, and
a stock overcoat should be avoided.
It is expensive, and not suitable for all
occasions, while there is absolutely no
occasion for which the plain Chester-
field is better.

In ordering a new suit of any kind,
particular attention should be given to
the trousers, and I always advise
trousers with this spring be worn looser
than they have been of late years, but
it is impossible to judge as yet how
far this fashion will go. Consequently,
a careful man will avoid any extreme,
and tell his tailor to make the trousers
fairly loose, but not excessively so.
Any talk about the abolition of the
trousers may be ignored. Trousers
will be created in front just as they
have been for many years past.

There are a few things which a
man who requires to make his cloth-
ing expenditure 'go' as far as possible
should eschew. They are no doubt
pleasant to have where money is not
an object of solicitude; but they are
not essential. One of these is the fancy
waistcoat. It is never worn fashion-
ably, and a waistcoat that matches the
coat or jacket, but it can very easily
become wrong fashion to wear any par-
ticular kind of fancy waistcoat, though
I found myself in the "hole," as they
say. Even the white evening waist-
coat is quite unnecessary. It costs
money, sells quickly, and can be dis-
tressed with another thing which
can very well be left alone is the din-
ner-jacket. A dress-coat is always
correct when a dinner-jacket is correct;
and a dress-coat must be ordered.
Fancy socks come into the same
category. Plain black ones will not
be out of fashion; any sort of fancy
ones may be. And socks last a long
time. So far as I can see, bordered
dark knitted ones for winter is pretty
safe. A handkerchief, even in the
understand hands of an English
laundry, lasts two or three years, and
the chances for fancy ones will prob-
ably not be equally durable.

THE WILD MAN OF BORNEO.

VICTORIA, B. C., Feb. 1. — A mad-
man ran amuck with a knife in a town
of Borneo and before he was over-
powered by a party of eight men he had
killed seven others had been
wounded. This information was re-
ceived today when the steamer She-
riff arrived in port. The town where
the wholesale killing occurred is known
as Lahad Datu.

WOMAN'S GREATEST ENEMY.
Constipation the Cause of most Women's Troubles—An Easy Way to Permanently Cure this Painful Condition.

There are few women indeed who do not suffer with chronic constipation. Nearly all are slaves to some kind of medicine to correct this trouble, and yet they get nothing but temporary relief. One period of constipation is followed by another, and it's a physical, physiological, year in and year out, till life becomes a burden.

There is now a sure cure for this condition and a cure that does not have to be repeated. It is Dr. Leonard's Anti-Pill.

Dr. Leonard, of Lincoln, Neb., is the author of this prescription. He used it for years with wonderful success in his own family, and as a remedy for dyspepsia, biliousness and constipation.

Many ladies who have suffered for years are now enjoying good health and a perfect freedom from the old constipation through the use of Anti-Pill. Mrs. Tabb, 287 Emerald St. North, Hamilton, Ont., says:

"I am no longer troubled with constipation. I cannot praise Anti-Pill too highly."

CLAIMS AN ENORMOUS GRANT.

Alaska Man Says He Holds Lease for Vast Territory There.

If the statements made by Charles M. Sedgwick, of London, England, are true, there is a chance of his securing for some years the sole right to mine or carry on any other enterprise in a district two hundred miles long by a hundred miles in width, in the Territory of Alaska. He would come into possession, temporarily, of property that would bring him in, if properly worked, something like two hundred million dollars during the next twelve years. His grant includes the exclusive right to operate the Treadwell mines and the fisheries of south-eastern Alaska.

In 1886 the Russian-American Company, which operated very extensively throughout the north-eastern territory, granted to John Sedgwick, father of the present claimant, a fifty years' lease to the entire territory from the Dixon entrance north to Yakutat, on the coast, and inland some seventy-five miles. Sedgwick was then mining for his own account in Alaska, and was supposed to have considerable influence with the officials of the Russian-American Company. This concession was to run for fifty years, with the understanding that Sedgwick was to do a certain amount of development work, and give the company ten per cent. royalty.

Two years ago the elder Sedgwick died, and his son, in going through his papers, claims to have discovered a document granting his father or his heirs the unlimited right to the territory mentioned in the deed. Sedgwick made an investigation through a Russian expert—San Francisco Chronicle.

THE BIGGEST DIAMOND
IN THE WORLD,
just discovered near Pretoria, don't compare in value with these

PURE BLACK DIAMONDS:
Triple X Hard
From Pennsylvania,
From Glasgow,
Scotch Anthracite
Celebrated Old Mine
From Sydney,

MALAGA. Jan. 27—Arr. previously, brig Chantrelle, from St. John's, Nfld.

BIG LAND FRAUDS.

Senators, Congressmen and Ordinary Common People Combined and Beat Uncle Sam.

PORTLAND, Ore., Jan. 31.—After many days of silence the Federal Grand Jury today returned three indictments in connection with the investigation into the land frauds which, it is alleged, have been perpetrated upon the United States government.

The first indictment is against U. S. Senator John H. Mitchell, Congressman Elmer H. Johnson, S. A. D. Futer, Thomas C. McKinley, Emma L. Watson, Daniel W. Tarpley, Elbert K. Brown, Nellie Brown, his wife; Henry T. Young, Frank H. Walcott, Clark E. Loomis and Salmon E. Ormsby.

They are charged with having conspired on February 1, 1903, to defraud the United States government of public lands located in the counties of Clatsop and Range, east, by preparing and signing affidavits as to the occupation and settlement of these lands.

Senator Mitchell is specifically charged with having at Washington, D. C., on March 3, 1902, unlawfully prepared an affidavit for Emma L. Watson to sign, in which she was a bona fide settler on a portion of the lands.

It also charges that Senator Mitchell prepared unlawfully an affidavit for S. A. D. Futer to sign, in which Futer is alleged to have sworn that he knew that the contents of the Watson affidavit were true.

The indictment goes on to state that in pursuance of the conspiracy Senator Mitchell introduced Futer to Wm. A. Richards, the commissioner of the general land office at Washington, stating that Futer was one of the most honorable citizens in the state.

The second indictment is against Henry W. Miller, Frank R. Kincart, Martin G. Hoge, and Charles Nickell, late of Medford, Oregon. It charges that these persons conspired to procure one hundred other persons to commit perjury by making false oaths that certain lands in the Medford land district known as timber and stone lands, were being bought in good faith and not for purposes of speculation.

The third indictment charges Mayor William J. Davis, with having introduced a false affidavit. This is the second indictment against Mayor Davis.

WEDDING BELLS.

A pretty wedding was solemnized yesterday morning at the residence of the bride's father, King Street east, when Miss Beanie Louise Waterbury, eldest daughter of G. T. Waterbury, was married to S. P. Benjamin, of Wolfville, N. S. The ceremony was witnessed by only immediate relatives, and was performed in the parlor under an overhanging floral festoon. Rev. Christopher Burnett officiating. The bride entered the room to the strains of "The Voice that Breathed Ever Eden, and was given away by her father.

The groom was unsupported, but Miss Nettie Waterbury, sister of the bride, was bridesmaid, and carried a bouquet of roses and carnations. The bride was attired in white, with white lace trimmings. After the ceremony a reception was held at the residence of the bride's father, when the bride and groom were surrounded by friends and relatives.

The bride and groom were accompanied on a bridal trip to Halifax, after which they will take up their permanent residence in Wolfville, where Mr. Benjamin is in business. The house was prettily decorated with green for the occasion, and the Misses Hilda Peters, Alice, and Nellie Trisax, all friends of the bride, did much to make the reception a pleasant one. The popularity of the bride was shown in a most tangible way, her wedding presents being valuable and beautiful.

Concluded please find news continued for my office in St. John. I will write to inform you that I am now there. I will write to inform you that I am now there. I will write to inform you that I am now there.

LEFT FOR OTTAWA.

HALIFAX, Feb. 1.—R. L. Borden left for Ottawa last evening, a day earlier than he had expected, so that he might arrive previous to the Carleton conservative convention. He proceeded by the maritime express, which on account of the storm was six hours late in leaving Halifax. The snow blockade is being gradually raised, and belated trains have been coming in today.

WAS NOT AN ACCIDENT.

ST. PETERSBURG, Feb. 1.—A sensational but unconfirmed report was current last night that the commission investigating the incident of January 19 (when, during the ceremony of the annual ceremony of the blessing of the waters of the Neva, the Imperial family narrowly escaped death) has discovered that there was a deliberate attempt at terrorism, and that the responsibility for the insertion of grape in front of a saluting carriage has been fixed upon Bogdanoff, a private of the 17th battery of the First Horse Artillery of the Guards, who was serving the gun. Bogdanoff it is said, is a former student and a member of the revolutionists' Association.

PASSED THE DOUBTFUL PERIOD.

POTSDAM, Feb. 1.—Prince Elitel Frederich has passed the doubtful period and is on the way toward recovery. This morning's bulletin said: "The night was quiet. This morning the prince's temperature was 97.7, pulse 96. The inflammation of the right side continues to diminish, and effusion from the pleura is less. Respiration is still high, but the prince's general condition is satisfactory, notwithstanding his present weakness."

No further bulletin will be issued today.

That the "sure customer" for whatever you have to sell is a reader of the want ads. is one of the safest guesses you can possibly make in an uncertain world.

FISH AND GAME ASSOCIATION.

Another Very Interesting Session Held Yesterday Afternoon.

At the afternoon session of the Fish and Game Protective Association, Premier Tweedie occupied the chair and introduced the Rev. W. C. Gaynor, who read a very excellent paper on big game hunting, and the angling in New Brunswick. He showed the natural divisions of the province for game purposes and pointed out from history that big game is more plentiful now than in early times. Nowhere on this continent is there such a magnificent network of waterways as in New Brunswick. There are three thousand five hundred miles of canoeing waterway, and almost countless lakes in the counties of St. John, Charlotte, Kings, Queens and York. The Rev. Mr. Gaynor pointed out the best streams and lakes for the different kinds of fish, and also the best hunting grounds for deer and moose.

After a series of hunter's tales, during which many narrow escapes from moose and deer were recounted, Premier Tweedie withdrew to attend a meeting of the government and Hon. A. T. Dunn took the chair.

Ald. Bullock was then given permission to make an announcement on behalf of the New Brunswick Tourist Association. He invited the members of the assembled association to attend the hockey game at Queens Rink, which will be held on Friday night. He also arranged to give the visitors a sleigh drive this afternoon across the Suspension Bridge, and to attend a meeting of the government and Hon. A. T. Dunn took the chair.

The secretary read a paper written by L. O. Armstrong, of Montreal, on "How best to form public opinion as to the need of fish and game protective laws."

Mr. Armstrong was greatly impressed with the necessity of educating the public opinion as to the policy which the association was advocating. The voter was the man to get at. He should be reached by letters to the local press, supplemented by talks in school houses and other centres in the districts where the poaching and indiscriminate slaughter of fish and game is generally practiced.

Mr. Armstrong thought that the railways would provide free transportation for a lecturer to visit the districts where poaching was particularly prevalent. He suggested that the local press be supplemented by talks in school houses and other centres in the districts where the poaching and indiscriminate slaughter of fish and game is generally practiced.

SUDDEN DEATH.

Mrs. Jonas C. Morris Passed Away While Talking to Her Children.

A very sudden death took place last evening in the North End. Mrs. Abbie Morris, wife of Jonas C. Morris of 408 Main street, died of heart failure about half-past nine o'clock. Mrs. Morris had been a sufferer from rheumatism for some time, but apart from this was only indisposed by a slight cold. She had been talking to her son and daughter quite brightly up to within a few minutes of the end, and the shock was very painful. Dr. McIntyre was summoned as soon as the fatal change took place, but Mrs. Morris had passed away before he arrived. Dr. McIntyre attributed death to heart failure.

Mrs. Morris was sixty-nine years of age, and leaves besides her husband, three sons, William, John and Leo, all married and residing in the city, and three daughters, Gertrude, Alice and Martha.

ACCIDENT ON MAINE CENTRAL.

FREEDPORT, Me. Feb. 1.—A serious accident to train No. 71 on the Maine Central Railroad, running between Portland and Bangor, was narrowly averted late tonight when a truck under the baggage car broke and dropped the car to the rails. The train was due here at 11.30 o'clock and was but a short distance from the station when the accident happened and was running slowly. No one was injured and a special train was sent from Bangor to carry the stalled passengers to Lewiston, Bath and way stations.

BANGOR LIQUOR DEALERS ARRESTED.

BANGOR, Me., Feb. 1.—On complaint of Sheriff Gilman the police arrested six saloon keepers this afternoon on the charge of maintaining liquor nuisances. When arraigned in the municipal court upon evidence of possession of U. S. tax stamps all pleaded not guilty and furnished \$1,000 bonds for appearance before the grand jury next week. The defendants were: Victor Chaisson, Irving Densmore, Samuel O'Connor, Joseph Johnson, Samuel Foster, Arthur M. Jenkins.

HOUSES TO LET.

TO LET—House occupied by subscriber, 156 Waterloo street. House is in perfect repair. Fitted with modern conveniences. Can be seen Monday, Wednesday and Thursday afternoons. A. R. CAMPBELL, 44 German street.

TO LET—New house, corner Duke and Ludlow streets, Carleton. Self-contained flats, nine rooms, modern improvements. Apply CHARLES W. SMITH, Carleton.

TO LET—A pleasantly situated and convenient house, No. 192, east side of Sydney street, foot of Queen square. Apply at 137 Sydney street, E. L. PERKINS.

TO LET—From 1st May, self-contained house, 10 Dorchester street, now occupied by Mr. W. G. Dunlop. Nine rooms, kitchen and bath room, with barn in rear. Rent \$12.00 per week, day 2 to 4. G. C. COSTER, 126 Prince William street.

TO LET—A comfortable house, containing nine rooms, at 135 City Line (near Tweed street). John W. Wadsworth, 135 City Line. Possession at any time. Apply to GEORGE W. WATSON, 135 City Line.

TO LET—Desk room in office, centrally located, well heated. Apply to Box 82, City.

TO LET—Brick dwelling No. 86 Haven street, at present occupied by Rev. W. O. Raymond. May be seen Tuesday and Friday afternoons 3 to 5. W. M. JARVIS.

TO LET—A two story building, for work shop or warehouse, near 175 Princess street. Apply to H. L. & J. T. MCGOWAN, Princess street.

COTTAGES TO LET.

TO LET—Self-contained cottage, No. 49 Paddock street, at present in occupation of Mr. James Robertson. Rent \$12.00 per week. Possession at any time. Apply to THOS. LUNNEY, 104 Union street, between the hours of 12 and 1.

TO LET—A cottage 155 Duke street. Enquire of THOS. LUNNEY, 104 Union street, between the hours of 12 and 1.

MLLINERY.

COQUE FURNISHES, 156, RIBBONS, all widths, 10c. Wings and Birds in variety. MISS FINE, 63 Broad street.

BOARDING.

BOARDING—Rooms, with board, hot water heating. Terms moderate. MRS. KELLEY, 178 Princess street.

BOARDING—Double and Single Rooms with board. Use of bath. MRS. SHAW, 156 King street, near Carleton St.

MISCELLANEOUS.

SKATE GRINDING by Stones specially made. JOHN APPLEBY, 190 Main street.

NEVER ORDER PRINTING before getting our prices. Bill Heads, \$1.00 per thousand. SUN PRINTING CO., Canterbury street.

LADIES' AND GENTLEMEN'S Calling Cards, 100 for 75c. SUN OFFICE, 27 Canterbury street.

MONEY TO LOAN.

MONEY TO LOAN on city freehold security at low rate of interest. H. PICKETT, Canadian Life Building, Prince Wm. St., 5th floor. Take elevator.

February Furniture Sale

PRICES AVERAGE FROM 1-4 TO 1-3 LESS THAN USUAL.

- 1—Stocks are larger and better than ever before.
 - 2—Assortments are far greater.
 - 3—Everything is absolutely reliable.
 - 4—Every price is a positive revelation.
- All the new Furniture will be offered at wonderfully attractive prices—in many instances practically at cost.
- All the regular stocks on hand will be offered at strikingly reduced prices.

CEO. E. SMITH, 18 King St.

Take an inventory in your attic and cellar now and then; and then make yourself a little richer by using our For Sale column.

SITUATIONS VACANT.

Advertisements under this head, 20 words or less, 20 cents. One week, 25 cents.

WANTED—Carriage workers. Apply, giving references, to JOHN H. MARKS, Moncton, N. B.

WANTED—A nurse st. Apply to MRS. JAMES L. McAVITY, 13 Garden street.

ST. JOHN STAR, THURSDAY, FEBRUARY 2, 1905.

Prefontaine's Action

In Interfering With Capt. Salmon's Judgement Sharply Criticised in the House.

OTTAWA, Feb. 1.—The topic of the current before the house today was the notorious case of collision between the steamer "Canada" and Cape Breton in the St. Lawrence and the conduct of the minister of marine in interfering with the course of justice in the court of inquiry into the matter held by Captain Salmon, who resigned in consequence and whose judgment has since been overruled. This was brought under the consideration of the house by a motion of Mr. Ames for all correspondence in connection with the matter and was the cause of a sharp discussion of two hours, in the course of which Mr. Prefontaine came in for some strong censure.

Prior to this, Mr. Martin asked the government if it was its intention to maintain the fruit division on its own basis, and was informed by the minister of agriculture that it was now and would be continued under the direction of the dairy commissioner.

Mr. Foster was informed that the total Canadian importation of merchandise for consumption in the last six months of 1904 was \$123,045,660, of which \$28,928,464 was from Great Britain and \$74,769,387 from the United States. Total exports of home products from Great Britain was \$113,229,216, of which \$68,972,205 went to Great Britain and \$44,257,011 to the United States.

In answer to Mr. Lefurgey, Mr. Prefontaine said the government had contributed \$50,000 toward the Marine station at Table Head, Glace Bay. The delay in completing the work has been caused by the necessity of changing location and also by the weather.

In presenting his motion, Mr. Ames reviewed the history of the case, showing how the minister of marine, while Judge Salmon was acting as a judge in an important case involving a large loss of life and property, had hampered him, evidently in favor of the Richelieu and Ontario Navigation Co., the owners of the steamer "Canada," who was his former law partner. Mr. Archer, who was counsel, and had finally ordered Salmon to withhold his judgment until he was instructed to deliver it. The result had been to degrade Canadian marine courts in the eyes of England and the whole world, and, by shaking the confidence of these courts, had tended to raise marine insurance rates. The house, he declared, was entitled to a full explanation.

Mr. Prefontaine, while professing his willingness to bring down the correspondence, endeavored beforehand to explain his action. He contended that Captain Salmon was not holding a court, that he had been instructed only to hold a preliminary investigation under sec. 5 of the shipping casualties act, that under that section Captain Salmon had no business to deliver any judgment, but only to report to the minister, and that he was properly under the control and direction of the minister and not independent as a judge.

Mr. Prefontaine justified his action in interfering as he did by declaring that he had knowledge that Salmon was prejudiced against one party. He also said it was the British custom that the action of such boards of inquiry should be deferred if the case was before the admiralty court, as this was until the judgment of that court was delivered. He further asserted that he had returned the certificates of the officers of the steamer "Canada," taken away by Captain Salmon, because the official had no power under the act to take them away.

At present Captain Salmon was in New York out of a job, and with the prospect of getting one in connection with any marine board. Mr. Moak was certain that when the correspondence came down it would be seen that Captain Salmon was not holding a preliminary inquiry, but a formal inquiry under sec. 8 of the marine casualties act, which constitutes such an inquiry a court. Under any circumstances the minister's conduct in interfering as he did was most reprehensible. That a case was pending in the admiralty court was no reason for stopping the investigation, as that case was in settlement of private claims and had nothing to do with the public interests.

Mr. Forget of Charlevoix thought Prefontaine had acted properly and with justice. It might be mentioned here that Mr. Forget is president of the Richelieu and Ontario Company, upon which blame was fixed by Captain Salmon's decision.

Mr. Haggart joined in the censure of Mr. Prefontaine, which, he said, was deserved, whether his interference was with a preliminary or formal inquiry. Referring to the minister's sneer that Salmon was now a vagrant in New York, he said that something like this was the usual fate of any official who tried to do his duty rather than work for interest of the grip machine.

After Ames had spoken briefly again his motion passed.

A motion of Mr. Martin asking for a return showing names, salary, expenses, location and qualifications of all commercial agents of Canada was also passed, and several private bills referred to appropriate committees, after which the house went into committee and discussed the estimates of customs department until six o'clock.

EVENING SESSION.

The evening session was devoted to routine passing of militia estimates, it being agreed at a request of Sir Frederick Borden that a general discussion of the militia affairs be held over for a day to be stated for the purpose. The discussion chiefly centered on the construction of new militia council and duties of its several members.

When the official who is to have charge of a selection of the drill shed sites was under consideration, instances of gross unfairness in such selection, where political pull was allowed to influence public interests, were brought to the attention of the minister, and Mr. Foster pleaded that under the new regime, these degrading influences should be shaken off and militia affairs conducted with a single eye to the interest of the country.

Sir Frederick expressed hearty sympathy. He admitted that in the past too much attention had been paid to political influences, but declared that his chief reason for creating the militia council was to escape these by placing the management of the militia under the management of a selection of rifle ranges, camps or drill sheds, in the hands of an independent body, impervious to any influence save public interest. He declared he was sincere in his desire to establish the militia on a non-partisan basis and appealed to Mr. Foster to assist him in his effort.

"It will be a wrench to stand by you," said Foster, "but if you stick to this policy I will do it."

E. B. Cator protested against the deprecation of the historic plains of Abraham by the erection of an unsightly water tank over one of the most important of the battle sites. The minister promised to see if there was any remedy possible.

Before the committee rose at 10.30, Sir Frederick announced that he felt the time had come for the establishment of another ammunition factory near Ottawa and that as soon as possible the manufacture of everything from raw material to finished product should be made in Canada. He had been endeavoring in the past to interest capitalists in the matter and thought the present was a good time to renew the efforts, as prospective railway construction would cause a great demand for explosives.

Among questions which will be asked Friday are three from Mr. Ganong, who wants to know: Is it, what is the present legal limit of the length for lobsters caught in the Bay of Fundy between Point Lepreau and the United States boundary? What was the limit on October 1st, 1904; if any change, when and on whose recommendation, and when were the local fishery officers notified.

And, how many lobster canning licenses were issued in New Brunswick Nov. 1st in 1904, and who got them; who are the applicants for 1905, and who have been granted licenses.

3rd. Is it the intention of the government to acquire the New Brunswick Southern; have there been any negotiations, and if so, who were the negotiators on both sides, and when did they meet.

DR. BAYARD TALKS FOR CHURCH UNION

On the Necessity of Treatment For Consumptives.

Hon. A. R. McClellan is Ready to Contribute \$2000 Towards Establishment of a Sanatorium.

"If the provincial government had accepted the proposal I made to me a few years ago, hundreds of persons who are now in their graves might still be alive, and many others who are now dying would be enjoying good health."

This was the statement made by Dr. William Bayard yesterday. Dr. Bayard was for years the president of the New Brunswick Association for the Prevention of Consumption, but since the time when the leaders of the local house, as he states, refused to pay any attention to the subject which he brought before them, he has given up the task of endeavoring to instruct the public.

During the latter part of the Hon. A. R. McClellan's term as Lieutenant Governor Dr. Bayard wrote to Premier Tweedie, laying before him a plan for the establishment of a sanatorium in New Brunswick. Dr. Bayard says: "I found myself in a position where I was prepared to secure a place of land in a suitable locality, to build on it a sanatorium of the most modern type and to equip it with everything necessary for the treatment of persons suffering from consumption."

"Different persons had made offers to me of sums of money to be devoted to this purpose. Governor McClellan had offered one thousand dollars, and stated that he 'if confident of being able to raise four thousand more at the very least. I knew of some others myself, and I was prepared to furnish the full amount. This I wrote to Premier Tweedie, and he told me that he had prepared plans for the building. I suggested that it be large enough to accommodate twelve patients, which would be quite enough for a start, especially as the building would be one which could easily be extended."

"In estimating the cost of maintenance I considered the cost of similar establishments elsewhere, and showed that leaving out the salary of a resident physician, the maintenance cost of the province not more than one dollar per day per head for each of the patients in the institution."

"I am not going to ask the people to build this sanatorium and then to support it, so I asked the government to take hold of the matter and run the institution after it was placed in their hands. The cost would not be great, for many of the patients would pay their way. However, the government never even thought of it to answer my letters, and I have about given up the idea of doing anything."

"Mr. McClellan only a short time ago said that he would not only do his original offer still hold good, but he is prepared to put another thousand dollars with it, making two thousand all, which he will give towards the establishment of a sanatorium."

"It is impossible to obtain full and correct returns of the deaths in the province, but in St. John I have found that there are almost seven hundred yearly, and that about one-seventh of these are due to consumption. I also know that in sanatoria from fifty to seventy per cent. of the cases treated are cured. Now a man's life is, in the United States, valued at an average of the state at one thousand dollars. In England the valuation is practically the same, and it should not be any lower here. If that fifty persons yearly die who might have been saved the state is that much poorer. Fifty persons who with proper treatment would have lived every year in St. John, and I think that merely as an asset of the province these alone would be worth the cost of a sanatorium such as I proposed."

"Not only are these sanatoria of value in saving lives, but they are of the utmost importance as educational establishments, where people may be taught how to avoid spreading the disease."

INTERNATIONAL COMMISSION.

Russian Officers Severely Cross-Examined by Counsel For Great Britain.

PARIS, Feb. 1.—The international commission inquiring into the North Sea incident continued its sessions today. Lieutenant Ellis of the circumstantial evidence of seeing a torpedo boat among the British trawlers in the North Sea. He said he first saw the torpedo toward the squadron on a swift boat to intercept the flagship. As the torpedo boat advanced, searchlights made him plainly visible and a heavy canonade was opened on her. The torpedo boat, the witness contended, was evidently damaged and drew off to starboard and the trawler, which was heavily damaged, was opened on her. The Russian officers, who maintained their testimony about the torpedo boats.

Captain Clado explained why the Russians saw the torpedo boats and the fishermen on the trawlers did not see them, saying that the decks of the trawlers were so low that they could not see the boats and those of the warships forty-two.

The captain caused amusement when a British agent asked him if ordinary boats were not sometimes mistaken for torpedo boats. Captain Clado replied: "An English admiral once said: 'When you see seven feet out of the water, you are in trouble and inquire about their nationality afterwards.'"

Captain Clado later testified that he did not see the torpedo boat sink. However, he thought the torpedo boat on the starboard side sank. The other, the captain added, was less damaged. He was ignorant of the ultimate fate of the torpedo boats.

Captain Clado said the version of the North Sea incident afforded by a Russian navy chaplain to the Novor Vremya was erroneous.

BRUSSELS AND LEINSTER ST. CHURCHES APPOINT COMMITTEES

Who Will Look Up Information and Report Back—Meeting on Monday Night.

A meeting was held last evening in the Brussels Street Baptist Church to consider the advisability of appointing a committee to confer with a committee from Leinster street church regarding the matter of meeting the two churches. The discussion on the matter was very brief. The question of the advisability of union was not gone into, but was left for a later date. The congregation were quite unanimous in the matter of having a committee appointed to look into the question and gather such information as they could, bearing on it. Farther than this none of the members have as yet expressed publicly any views on the question.

The following committee was appointed: Wm. Allwood, Jos. A. Denison, L. E. Kierstead, C. E. Vall, A. H. Chapman, G. W. Morrell.

The data which this committee will have to collect will be principally to find the extra expenses involved by the union, and ascertain the general opinion of the congregation of the churches in the matter. The result of their investigation they will report back to the congregation.

A similar meeting was held in the Leinster Street Baptist Church with the same purpose in view. The past, Rev. Christopher Burnett, explained the purpose of the meeting and made a few comments on it. The following committee was appointed to confer with that from Brussels street church: Rev. C. Burnett (pastor), B. L. Rieing, R. G. Haley, A. A. Wilson, Geo. Mitchell, N. Cameron.

The average temperature during the month of January, 1905, was 14.3 degrees above, while in the corresponding month of last year it was 11.6 degrees below. The month was exceptionally cold, and the average for January is three degrees below the average of any corresponding month during the past thirty years.

JANUARY WAS COLD

But Not Quite so Cold as the Same Month Last Year.

The month of January which has just ended was cold, but it was not as cold as January of last year. Director Hutchinson has furnished the Sun with the following table of temperatures during the first month of each of the two years:

1904.	1905.
Jan. 2nd.....15	Jan. 6th.....7
Jan. 3rd.....9	Jan. 7th.....10
Jan. 4th.....15	Jan. 8th.....14
Jan. 5th.....8	Jan. 9th.....15
Jan. 6th.....6	Jan. 10th.....18
Jan. 7th.....4	Jan. 11th.....18
Jan. 8th.....15	Jan. 12th.....18
Jan. 9th.....12	Jan. 13th.....18
Jan. 10th.....12	Jan. 14th.....18
Jan. 11th.....12	Jan. 15th.....18
Jan. 12th.....12	Jan. 16th.....18
Jan. 13th.....12	Jan. 17th.....18
Jan. 14th.....12	Jan. 18th.....18
Jan. 15th.....12	Jan. 19th.....18
Jan. 16th.....12	Jan. 20th.....18
Jan. 17th.....12	Jan. 21st.....18
Jan. 18th.....12	Jan. 22nd.....18
Jan. 19th.....12	Jan. 23rd.....18
Jan. 20th.....12	Jan. 24th.....18
Jan. 21st.....12	Jan. 25th.....18
Jan. 22nd.....12	Jan. 26th.....18
Jan. 23rd.....12	Jan. 27th.....18
Jan. 24th.....12	Jan. 28th.....18
Jan. 25th.....12	Jan. 29th.....18
Jan. 26th.....12	Jan. 30th.....18
Jan. 27th.....12	Jan. 31st.....18
Jan. 28th.....12	
Jan. 29th.....12	
Jan. 30th.....12	
Jan. 31st.....12	

The average temperature during the month of January, 1905, was 14.3 degrees above, while in the corresponding month of last year it was 11.6 degrees below. The month was exceptionally cold, and the average for January is three degrees below the average of any corresponding month during the past thirty years.

In January last the total snow fall was 42.6 inches, which is the greatest during any January in the past sixteen years—as far back as Mr. Hutchinson has records. The only thing approaching it was in 1901, when the fall in the first month was 30.4 inches.

THE BIG PIPE BURST.

And the New I. C. R. Water Tank is Now Out of Work.

The annual I. C. R. deficit will be increased this year by the breaking of a pipe at the new round house. The railway is putting in the heating apparatus very deliberately and during the recent cold spell the building was so chilly that it could not be used. On this account the engines had to go elsewhere and the water tank at the round house was left to its own devices. It promptly froze up and the water in the big pipe leading to the tank also froze. This is a twelve-inch iron pipe, and the water froze just at the valve, which is an expensive casting. The whole thing burst and the outside of the pipe now looks like an overgrown icicle. The pipe and valve will have to be replaced before the tank can be used.

THREE HUNDRED MORE.

The C. P. R. steamer Lake Michigan, from London and Antwerp, arrived yesterday morning about 11 o'clock. She brought about 300 foreign immigrants bound for the west. Her cargo was 2,700 tons. The immigrants went through on a special train last night.

The steamer Wyandotte sailed last night for South Africa. Her live stock consisted of 96 head of cattle and 21 hogs.

To cure Headache in ten minutes use Kilmort Headache Powder, 10 cents.

LITTLE DOING.

Water and Sewerage Board Had Quiet Meeting.

But They Have Not Yet Settled What Is to Be Done With the Hose.

The water and sewerage board met yesterday afternoon, Mayor White in the chair. His worship reported that the surveys for the proposed pipe line to Loch Lomond had been completed, and the plans forwarded to the consulting engineers at Boston. Those engaged in the survey have now been discharged.

His worship also said that a report was being prepared in regard to the Maspit mill property and its feasibility as a source of power for municipal lighting. The report will shortly be presented.

A communication was received from B. R. Chapman, acting on behalf of H. S. Wallace, claiming damages of \$23.35 for injury to stock resulting from an overflow of water at the corner of Water street and Market square. The board decided not to recommend the council to pay the damages.

Director Cushing wanted to have two families on Rodney wharf placed on the water assessment list.—This was agreed to by the board. The matter of the Sand Point hose was then taken up. Aid. McGoldrick contended that the district engineer should inspect the buildings and learn how the fire appliances is situated.

Ald. Christie said the safety board had no right to say what they had said. He declared the board of works had no control over the hose, and wanted none. He wanted the hose locked up and keys given to firemen and watchmen.

Ald. Frink said the chief had told the board there were appliances at Sand Point over which he had no control. Director Cushing said such control had been asked by the fire department.

Mayor White did not think any further discussion was needed. The fire department knew it could use the hose in case of fire and the watchmen would assist the firemen.

Round Trip Tickets at reduced rates. Second Cabin—To Liverpool, \$7.60; To London, \$4.90. Third Class—To Liverpool, London, Glasgow, Belfast, Londonderry and Queenstown, \$3.50. From London, Liverpool or Londonderry, \$27.50. To and from all other points at equally low rates.

SALE OF OTTAWA AND NEW YORK RAILROAD CONFIRMED.

OTTAWA, Feb. 1.—The annual meeting of the D. R. A. was opened this morning in the old railway committee room of the house of parliament and adjourned pro forma until 11 a. m. March 1st. The adjournment was effected on account of the temporary disposition of His Excellency Earl Grey and also of Hon. J. M. Gibson, the president, who is staying for a short time in the south recovering from a severe illness.

The sale of the Ottawa and New York railroad has been confirmed by the American court. The property was yesterday taken over, and will hereafter be operated by the New York and Ottawa Railway Company. The road will be controlled by the New York Central.

A commission of the port of Quebec, composed of J. B. Laliberte, president, and M. Boswell, chief engineer, waited upon Sir Wilfrid Laurier yesterday in regard to the construction of a dock at Quebec. Hon. Chas. S. Hyman and Hon. R. Prefontaine assisted at the interview. Engineers of the marine and public works department were instructed to make a report on the proposed dock, which is estimated will cost in the neighborhood of \$100,000.

The Allan Steamship Company have notified the government that early in March the first turbine steamer will be placed in service between Canada and Great Britain. A second turbine steamer will be operated shortly afterwards. The turbine steamers are, according to reports, a complete success.

AND THIS IN A FREE COUNTRY.

FREDERICTON, N. B., Feb. 1.—George Robinson, one of the leading men in the Gibson factory, has been dismissed. It was learned that Robinson voted today in the last election.

The head of Mr. Robinson's department informed the chief head that Robinson was a most valuable man and his services could not very well be dispensed with. The answer to this was that before they would have a tory in the mill the whole mill would be shut down, and he told Robinson that he could look to Crockett and McLeod for a job. This is another sample of liberalism in York.

TRAIN SERVICE CLEARED.

HALIFAX, N. S., Feb. 1.—The train service of the Dominion Iron and Steel Company was cleared this afternoon. Only one blast and three open hearth furnaces were kept in operation while the shuttling lines were tied up. Cape Breton as a whole is still tightly blocked by snow drifts, in some places 15 and 20 feet deep.

Let your newspaper Do things for you.

When this newspaper has given to you the last word about the events of the day—when it has acted as a sort of Central office in "connecting" you with "all of creation"—it has done much for you, of course. But it can do more than that.

It can help you run your store, your office, your factory, or your house. It can carry your "little worries" for you—and never turn a hair.

You do not fully use your paper if you simply read it.

You don't really KNOW your newspaper until you have used its want advertising columns.

It can dispose of things for you—

It can find lost things for you,

find any kind of help you need,

find buyers for your house, your lot,

your horse, your furniture, your shop or

store, leasehold or interest or equity.

In short, any day, every day, this

newspaper stands ready and able to

DO THINGS FOR YOU.

BARRISTERS MEET.

New Brunswick Society As-
semble at Capital.

Several Important Questions Were
Discussed—Mr. Powell Intro-
duced the Subject of Judicial
Act.

FREDERICTON, N. B., Feb. 1.—The annual meeting of the New Brunswick Bar Association held this evening in the supreme court room. The attendance was large. Among those present were: A. B. Connell, T. C. Allen, M. G. McMonagle, A. O. Earle, H. A. Powell, J. D. Phinney, L. A. Currey, J. H. Barry, W. C. H. Grimmer, G. W. Allen, M. G. Teed, W. B. Jones, T. Jones, C. J. Coster, T. J. Carter, H. G. Fenety, A. R. Fenety, A. R. Slipp, J. King Kelley, R. B. Hanson, G. H. V. Belyea and W. P. Taylor.

President Connell occupied the chair. Secretary Treasurer Allen presented his annual report. The expenses of the society during the past year amounted to \$1,563.87; revenue, \$1,324.09, leaving an indebtedness of \$239.78. A resolution was passed granting authority to the president and secretary to meet the indebtedness either by over-drawing or giving a note of the society.

The question of having stenographers appointed for the county courts and having legislation passed prohibiting registrars of deeds and justices of the peace from practicing as conveyancers, was discussed at length. It was finally decided that it be left to the council of the society to press upon the government the urgent need of both, and that legislation be made to the effect that none but those who are licensed can carry on the business of conveyance and search records.

The society proceeded to the election of officers, with the following results: President, A. B. Connell; vice president, M. G. Teed; secretary treasurer, T. C. Allen.

Members of Council: President, vice-president, G. W. Allen, J. H. Barry, H. A. Powell, A. R. Slipp, J. D. Phinney, A. O. Earle, W. C. H. Grimmer, J. B. Jones, T. J. Carter, H. G. Fenety, A. R. Fenety, A. R. Slipp, J. King Kelley, R. B. Hanson, G. H. V. Belyea and W. P. Taylor.

Mr. Powell introduced the subject of the judicial act and in a lengthy speech advocated its adoption by this province. He produced arguments in favor of the act. He maintained that this province was out of harmony with the rest of the English-speaking provinces and that it was in the best interest of law and equity to have such an act adopted. At the present time this province stood almost alone in its procedure and the decision of the English bench. Ontario and other provinces were already absolutely useless to us. Nearly every member present spoke on the subject and admitted that the stand of Mr. Powell was correct. Though some of the speakers could not agree with him in some of his opinions, yet all agreed that the argument that it would be beneficial to have a uniform practice as far as possible was most desirable. Some asked what will become of the new consolidated statutes, but the answer to this was that the committee gave way if it were in the interests of the profession and the public to have a judicial act. From the opinions expressed there was no doubt that the legal profession is strongly in favor of a judicial act, and now it is said that the profession has the support of the bench, legislation will be sought.

D. A. R. TROUBLE.

Two Engines Are Off the Track at
Hartville.

HALIFAX, N. S., Feb. 1.—Tuesday morning's D. A. R. express from Yarmouth arrived at Hantsport this afternoon, having left Horton Landing, where she had laid 29 hours. The snow on the track is deep and heavy, so heavy that when two engines arrived to the relief of the express this morning the forward engine mounted a drift and left the rails. She was soon replaced and after much work they succeeded in reaching Windsor. Two engines are off the track at Hartville, and the roadbed is considerably damaged. Hartville is a point about two miles from Ellershouse. Help has been sent for, but the engines have not been repaired for many hours. It is not likely that the express will arrive at Halifax until tomorrow sometime, perhaps not until evening.

CHEST OF SILVER

Presented to Hon. Mr. Costigan Last
Night.

OTTAWA, Feb. 1.—During the reception this evening Mr. Costigan was presented by his colleagues in the house with a magnificent chest of silver. The presentation was made by Sir Wilfrid in a neat speech expressing his appreciation and good wishes for one who both as an opponent and supporter had been a good friend and a true man.

Mr. Costigan responded gratefully, taking the occasion to say that since he had been forced by honest convictions to change his allegiance he had been as loyal a follower of Sir Wilfrid as he had been a fair opponent, and had given him as honest a support and as sincere personal admiration as he gave to his great predecessor, Sir John A. Macdonald.

THE HANDMAID-DALLAS OPERA
COMPANY.

The booking for the forthcoming visit of this company to the Opera House has been unusually satisfactory. The box plans for several nights being nearly full, there is every appearance of Mr. Handmaid having a record season this year.

AT THE LONDON HOUSE,
Thursday, Feb. 2nd.

FREDERICTON.

Meeting of the U. N. B.
Senate—Steamer Aber-
deen for Sale.

FREDERICTON, Feb. 1.—The annual meeting of the Fredericton and Woodstock Steamboat Co. was held this morning at the office of J. H. Barry, K. C. Those present were: James S. Neill, W. Fisher, J. H. Barry, M. B. McNally, F. R. Brooks, Robt. Scott, G. T. Whelpley, J. A. Bell, H. W. Shaw and Joseph Walker. The following board of directors were elected: J. S. Neill, W. Fisher, M. B. McNally, F. R. Brooks, J. Palmer, G. T. Whelpley and R. Scott. At a subsequent meeting of the directors James S. Neill was elected president and J. H. Barry secretary-treasurer. The secretary-treasurer presented his annual report. The Aberdeen had made 24 trips to Woodstock last season besides being engaged for a number of parties and excursions.

Police Magistrate Marsh gives a statement of the business done in his court during the year 1904. It is interesting in many particulars. The amount of fines was \$2,522.50, as compared with \$2,662.95 in 1903. There were 40 first offences of the Scott Act and two third offences. Intoxication has 122 to its credit, cruelty to animals 8, violation of board of health 9, disturbing religious worship 9, pickpockets 2, riding bicycle on sidewalk 2, vagrancy 14. The other offences are pretty well distributed.

But one case received the attention of the supreme court this morning, viz., that in the matter of the Shoe Boot and Shoe Co. under the winding up act. The case was one referred by Judge Landry. Mr. Powell, on behalf of the People's Bank of Halifax, moved for an order that certain insurance money be paid to the bank. Mr. Chandler's contra argument was finished shortly after noon. The court considered the case at this afternoon's session. The following cases were disposed of:

Ex parte Henry Dugan—G. W. Allen asked for leave to take the case upon the crown paper at the foot thereof. Granted.

The B. L. Kennedy Co. of Toronto, plaintiff, and John R. Vaughan, defendant, J. K. Kelley shows cause against a summons calling upon defendant to show cause why the defendant pleas should not be set aside and leave granted plaintiff to enter judgment against defendant referred to the court by Judge McLeod. C. J. Coster contra.

The Standard Bank of Canada v. J. H. Vaughan. Mr. Kelley moved for a stay of proceedings. C. J. Coster, contra. Court considers.

The King v. Police Magistrate of Westmorland, ex parte C. T. Legere. Mr. Coy shows cause against an order nisi granted by Judge, C. J. Mr. Barry in support of the rule.

The same v. the same ex parte Henry Gallant.

The same—ex parte Henry Cormier. In all these cases court considers.

The King v. L. A. Miles, police magistrate, St. Stephen ex parte F. Coffin. Mr. Grimmer shows cause against an order nisi granted by Justice McLeod calling upon magistrate to show cause why a conviction for selling liquor should not be set aside as contrary to C. T. A. Mr. McMonagle, K. C. contra. Court considers.

There were sixteen debts in the city of Fredericton during the month of January.

Deposits in the savings bank for January amounted to \$11,668.00; withdrawals, \$7,255.77.

The annual meeting of the senate of the University of New Brunswick took place yesterday. The chair was occupied by Judge Barker and the present was Judges Barker and McLeod, J. D. Hazen, H. V. R. Bridges, H. H. Hagerman, Judge Barry, Dr. Harrison and Registrar Coy. The accounts of the year were passed and there was the regular conference with the faculty. After other routine business an adjournment was made until Feb. 24th.

The Fredericton and Woodstock Steamboat Co. at their meeting today decided to offer the str. Aberdeen, their boat, for sale by tender, and the secretary was instructed to prepare an advertisement to that effect, tenders to close February 21st.

The Royal Gazette contains the announcement of the incorporation of the McParlane, Thompson & Anderson Manufacturing Company, with capital stock of \$75,000.

Sealed tenders will be received for the rebuilding of a bridge over Eel River.

Notice is given of application by the directors of the McParlane Drug Company, Ltd., for supplementary letters patent, extending the powers of the company. Also by the New Brunswick Telephone Company, Ltd., to increase the capital stock of the company from \$250,000 to \$300,000.

Notice is also given of application for incorporation of the company to be known as "Timothy Lynch & Company," by the following: Timothy Lynch of Fredericton, Margaret Lynch of Fredericton, Peter M. Lynch of Glassville, Carleton Co.; Timothy Leo Lynch of Fredericton; Thomas Bernard Lynch of Fredericton; James D. McMillan of Fredericton. The company will carry on a general wholesale and retail mercantile business.

YARMOUTH LADY DEAD.

YARMOUTH, Feb. 1.—Mrs. Millar, wife of Rev. Dr. F. D. Millar, died last night after suffering three weeks from acute bronchitis. She was formerly Miss Morse of Brookfield, Queens county, and leaves three sons, one a physician in Amherst, another in the Bank of Nova Scotia at Montreal and the third attending Dalhousie University.

THE GOLD DIGGERS WON.

Dawson Hockey Team Trimmed St. John Last Night in a
Game That Was Very Tame.

The Dawson have come and conquered. They met the all-St. Johns last evening in Queen's rink and before a fair sized crowd of spectators demonstrated their superiority over the local players by a score of 4 to 2. Tonight they meet a second St. John aggregation.

J. W. BOYLE—Manager.
Native of Woodstock, Ont. Went to Klondyke in 1897 and is a Yukon concessionaire. Mr. Boyle has had remarkable success.

Manager Boyle was eminently satisfied with his team last evening, and declared the game to be one of the pleasantest on the trip. In his own words he "would rather lose a game with such a gentlemanly aggregation than win some other matched they had gone through. The referee was thoroughly impartial, and St. John people are clean sports."

GEORGE KENNEDY—Right Wing.
Native of West Selkirk, Manitoba, and is employed as a miner. He went to Klondyke in 1898.

The game itself was not the hockey that has already been seen on St. John ice. For the Klondykians there is the excuse of continuous playing and resulting staleness in their physical condition. They played in a leisurely manner, and only when making an individual rush did any show snap and vim. Their combination is not of the tight-knit brand, and it was no surprise to those who had seen the then-champion Shamrocks play here five years ago, that the Gold Diggers could not stand against the present holders of the Stanley Cup. Their goal man, Forrest, is strong, and clears his nets smartly. He is credit-

NORMAN WATT—Left Wing.
Native of Ashier, Que. Went to Klondyke in 1898 and is employed in the administration department.

ed with being able to do wonderful work, but he had small chance last evening to display his brilliancy. Johnston, at point, is good both in defence and offence. His rushes were the best features in the Klondykians' game, and he was Yukon's star man in the game. Young is cool and shifty. Of the forwards, McLennan showed up best, using his body with marked effect. Each of the forwards contributed to Klondyke's four points, and

FAKE ADVERTISING.

C. P. R.'s Name Used in Support of
Mythical "Northwest Paper."

MONTREAL, Feb. 1.—The fake advertising agent seems to be abroad once more. The attention of the C. P. R. has been drawn to the fact that the country is being canvassed in the interests of an alleged publication called the "North-West," in which the above railway is supposed to be interested. All the advertisers have got for their money, so far, is a receipt on which the well-known crest of the C. P. R. The matter first came under the railway's notice when letters were received by it asking why it was that

ALBERT FORREST—Goal.
Native of Three Rivers. He went to Klondyke in 1898 and is a printer.

Johnston seemingly scored in the first half, but the judge did not allow the count. St. John was weak to say nothing stronger. The lack of combination was to be expected from their lack of practice, but the players as individuals did not play in the manner their previous showings would lead one to expect. Among the forwards Eric McNeil played the hardest and most effective game. He didn't allow fear of his opponents to get the upper hand, but waded right in. The result was seen in his scoring the only points St. John was accredited with. His man might be bigger, but Eric never shirked his duty. Townsend was against McLennan a hard man, and besides that the speedy Neptune wing was out of his ordinary position, and this accounts a great deal for his poorer form last evening. Sturdee and Mooney did not seem anxious to come to close quarters with the opposing wings and St. John lost many chances to gain ground. Several times when they should have rushed the puck they passed to centre. Brown was back in his old place and showed the benefit of the change. He adorned the bench on one occasion, and while the penalty was unjust as he had not tripped his opponent as the referee imagined, it was inadvisable for him to kick against the decision, particularly as his opponents were a foreign team.

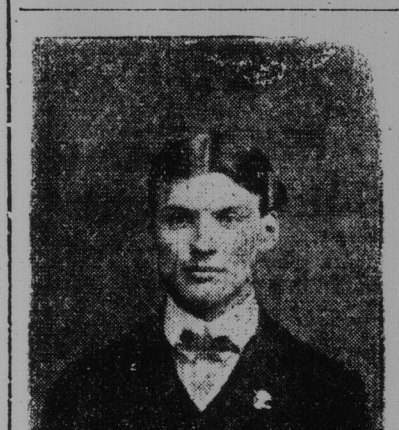

The line-up was as follows:

All-St. John.	Dawson City.
Carlyle.....Goal.	Forrest.....Point.
Coombs.....Centre.	Johnston.....Cover.
Brown.....Right Wing.	McLennan.....Young Centre.
McNeil.....Left Wing.	Fairbairn.....Rover.
Townsend.....Right Wing.	McLennan.....Kennedy Left Wing.
Sturdee.....Left Wing.	Mooney.....Watt

St. John started to rush matters at the opening of the game, but Dawson rushed the puck to "two locals" and Kennedy after a fine rush scored. Johnston soon after made an end to end rush, but the goal judge decided he did not land the disc within the net. The half closed with the score 1-0 in the Gold Diggers' favor. The latter worked harder in the second half. McLennan, Fairbairn and Watt each took a shot into St. John's nets. In this half McNeil secured the puck about the middle of the ice and after a short rush shot clearly beyond Forrest for St. John's first tally. From a face off about five yards in front of Dawson's goal he again found the nets. This completed the scoring and the game ended in Dawson's favor, 4-2.

The junior team athletic contest will take place tonight at the Y. M. C. A. gymnasium.

The basket ball match between the intermediates and the famous Wild

LORNE HANNAY—Cover.
Native of Brandon. He is a miner and went to Klondyke in 1900.

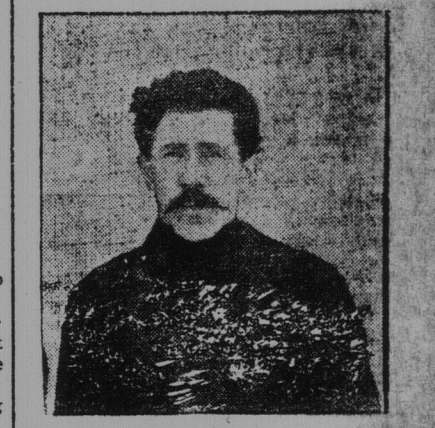

the publication was not appearing. The C. P. R. hastened to reply that they had no connection at all with the "North-West" and that, in fact, it had never heard of such a publication.

The publication is apparently of a very visionary nature, as the requests its patrons have received do not mention where its headquarters are nor whether it is a daily, a weekly or a monthly.

As an evidence that the zone of operations of the canvassers was fairly well extended it was mentioned that queries had been received by the C. P. R. from a number of Toronto merchants and even one from far off East St. Louis.

Job Printing of every description neatly and cheaply executed at the Daily Sun Job Rooms.

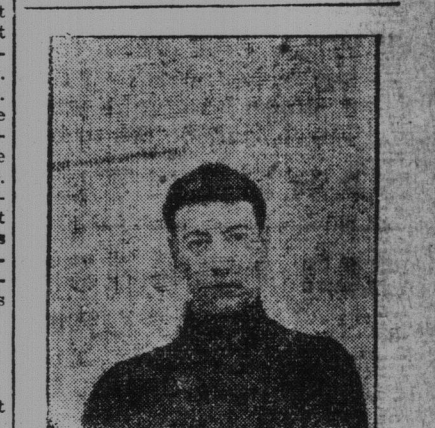

Cat team took place last evening, and the circus adjuncts sustained the blood-thirsty announcement they made previous to the game, clawing their way to their opponents' scalps in a 6-4 points game. The line-up was:

DR. D. R. MCLENNAN—Rover.
Native of Glenagory, Ont. He went to Klondyke in 1897 and is in the administration department.

Stevens.....Centre.
Smith.....Defence.
Anderson.....Burnham.
McIntyre.....Jones Cup.
Brown.....Corham.

The fourth round in the Jones cup competition was played last evening. Skip Barker's rink drew a bye, and the other two contesting rinks played off with the following result:

J. K. JOHNSTONE—Point.
Native of Ottawa. He went to Klondyke in 1900 and is employed in the post office.

Geo. McAvity.....A. L. Dodge.
B. M. Caldwell.....Frank Rankine.
F. C. Jones.....W. A. Lockhart.
C. McL. Troop.....W. B. Howard.
J. U. Thomas.....skip.....18' skip.....11

Today at 10 o'clock a match takes place between the ladies curlers of the St. Andrew's and Thistle clubs.

The St. Andrew's men leave this morning for a return match with Fredericton on the latter's ice.

Friday afternoon a second match will take place between the ladies' gentlemen. The latter's skip is: W. A. Lockhart, W. B. Howard, T. H. Estabrooks, A. S. Bowdoin.

H. M. SMITH—Centre.
Native of West Selkirk. He is a miner and went to Klondyke in 1898.

Record Breaking Predicted at F. M. A. Sports.

What promises to be the best sports held in St. John for some time will take place Feb. 6th at the Queen's Rink under the auspices of the Father Mathew Association. This hustling association held the sports in which Parker skated such a sensational mile (2:43-5) last year. And some of the skaters that have arranged to come here and compete in these sports are after this record, and some lively record breaking is predicted.

SEVENTIETH ANNIVERSARY

Of Birth of Hon. John Costigan,
Father of House of Commons.

OTTAWA, Feb. 1.—Today was the seventieth anniversary of the birth of Hon. John Costigan, the father of the house of commons. Mr. Costigan has been a member of the lower house continuously since confederation, representing the same constituency. He is one of the very few members who have never been defeated. Tonight he held a reception in his room at the house of commons, where a large number of his old friends took the opportunity of offering congratulations. Mr. Costigan's seat in the commons was decorated today with a handsome display of maple leaves and shamrocks.

LOCAL NEWS.

NOTICE TO ADVERTISERS.

All changes of Ads. Must be in Star Office, Not Later than 10 o'clock in the Morning, to insure insertion Same Evening.

A quantity of cents can be had at the office of the Sun Printing Company.

Wellington Green will be a candidate for Victoria ward in the coming civic election.

The Canadian Pacific steamship "Empress of India," arrived at Vancouver, Wednesday, Feb. 1.

A New Brunswick Southern special of two engines and a snow plough started out yesterday morning to clear the road to St. Stephen.

The Y. M. C. A. snowshoe club will have a tramp tonight. The members are requested to meet at the rooms at 7:30 to transact a little business.

Detective John McNeill, of Denver (Col.) was slashed across the face with a knife while arresting Al. Zeno, a contortionist, for assault. McNeill is a St. John man, a brother of James McNeill, Moncton.

Manifests were received at the custom house today for the following United States goods in transit: 22 cars cattle, 6 cars pork products, 2 cars poultry, 22 cars flour, 1 car school furniture for South Africa, and 5 cars corn.

Yesterday afternoon as Mrs. Richard Seely, of Prince street, Carleton, was standing on a platform hanging out clothes, the line broke and the weight of the clothes threw her to the ground, twelve or fifteen feet. Mrs. Seely was badly shaken and received injuries to her shoulders, ankles and feet. Last evening she was resting easily.

Alexander McDermott, the stevedore, was thrown from his sleigh yesterday, but fortunately escaped serious injuries. Mr. McDermott, about 40 years of age, was at the corner of Sydney and Duke streets, was upset. The horse ran away and was afterwards captured in Sheffield street without any damage being done. Mr. McDermott was quite badly shaken up, but was otherwise unharmed.

The February meeting of the board of management of the Home for Incurables was held yesterday afternoon. There are now 23 patients. Two deaths occurred last month. At present four applications are before the admission committee. Several donations were reported. The Women's Auxiliary Society has undertaken to renew the supply of linen without cost to the management.

On Tuesday morning, about 3:30 o'clock, Allan Worden, a C. P. R. yard foreman, fell from a car in the Bay Shore yard and injured his right ankle so badly that he could not walk. He managed to crawl to the round house, and attract the attention of those there. They picked him up and made him comfortable. Dr. McFarland, of Fairville, was summoned and found the outer bone of the ankle fractured and the ligaments torn. The injured man was taken to Sand Point on a locomotive, and then driven to his home in Rodney street, four hours after the accident occurred.

A cheque that has every appearance of being a clever forgery was presented for payment to the Union street branch of the Bank of B. N. A. last Monday. The cheque, amounting to \$83.17, bore the supposed signature of C. McDonald, manager of the St. John Iron Works, but as the firm do not bank at the Bank of New Brunswick and keep no balance elsewhere, the attempted fraud was easily detected and no payment was made. The cheque was tendered in the way of business by the Canadian Bank of Commerce which, it is believed, cashed it at Amherst. When the factory act becomes law they will be suggesting some changes or additions which it will then be too late to make.

The members of the commission visited this morning the Cornwall cotton factory and took the evidence of some of the employees. This afternoon they are visiting the McVitty foundry and the St. John Iron Works.

At the session which is to be held tomorrow morning commencing at 10:30 o'clock a committee of the Sons of Temperance will be heard with reference to the employment of women in connection with the liquor business.

SUPREME COURT.

FREDERICTON, N. B., Feb. 2.

The supreme court this morning took up the special papers in McCutcheon vs. Darrah. The first case on the list occupied the entire morning, and was still before the court on adjournment at noon. In this case Curry and Skinner on behalf of the defendants are moving for a new trial on the improper discussion of evidence. G. H. Beley, contra.

ALL ARE FAKERS.

One of a Gang of Seven Beggars Arrested by I. C. R. Police Officer Collins.

Officer John Collins by the arrest yesterday at the Union Depot of a man giving his name as Charles Harris, has gone far to put a stop to the campaign in the maritime provinces of a gang of professional beggars which landed here from the United States a few days ago.

Yesterday Officer Collins noticed the presence at the depot of the man Harris and immediately spotted him as a suspicious character. He detected him going about different passenger trains as they arrived. The fellow was cute and endeavored to avoid the officer, but "John" was too smart for him and he placed him under arrest.

His person he took a bunch of cards on which were printed an appeal for aid.

Harris this morning was arraigned before Magistrate Ritchie. He said he was a painter and denied the charge of begging. He was remanded.

The gang of which Harris is a member arrived in the city on the steamer St. Croix, coming direct from Eastport. There are seven of them and they are all believed to be working their little begging game in the city. Some more arrests may probably be made.

LETTERS FROM THE PEOPLE.

THE STREET RAILWAY IN CARLETON.

To the Editor of the Star:

Sir,—I respectfully ask the common council to think carefully and slowly before they grant the street railway any extended right to run their tracks down North Rodney Wharf, or along Union street, southeasterly to Sand Point.

The objections to extending down Rodney Wharf are:

1st. This wharf is even now too narrow for its rapidly increasing business. The large quantities of goods coming from the St. John wharf, and also from the C. P. R. warehouses along Rodney Wharf employ many teams. These teams would be seriously inconvenienced by both the tracks and cars on the present narrow Rodney Wharf.

2nd. Many vessels load freight in the vicinity of this wharf, which freight comes from East Side stores and also from warehouses fronting on the wharf. The street railway tracks would interfere with the loading and unloading of such freight.

3rd. It is almost certain that the whole space from North Rodney Wharf to the head of Point St. John, and the next ten years for improved harbor facilities, such as wharves, warehouses, etc. for the Atlantic trade.

If the street railway is now given to the street railway to run down Rodney Wharf, it would probably cost us \$50,000 to \$100,000 to get it cancelled in the future.

I recognize, however, that the numerous passengers by the ferry should be accommodated by the street railway setting near to the ferry boat. This could be done in two ways, either the city could have Rodney Slip so dredged as to allow the ferry boat to come up to the head of Point St. John, or the city could give the right to the street railway to extend its tracks down along-side Rodney Wharf to the ferry.

A strip ten feet wide immediately south of the present North Rodney Wharf could be leased to the street railway at a nominal rent, the railway to build their tracks on this strip. It should be understood that the posts and other supports for this track must be strong enough to allow vessels to moor alongside. There should be a provision in the lease of this strip, so that the city could at any time by a year's notice cancel the franchise and the lease.

Nothing of course, whatever the actual cost of the structure was. Such cost to be fixed at the time of building and a maximum sum mentioned in the lease.

I remain very truly yours,
W. FRANK HATHEWAY.
St. John, N. B., Feb. 2, 1905.

HAPPY HOOLIGAN AND HIS BROTHERS.

Last year in the big ice masques in Victoria Rink, Happy Hooligan was on the ice, but if rumor is at all to be relied upon not only the unfortunate Happy, but his brothers Gloomy Gus and Montmorency will be there tomorrow night. According to the funny side of the New York American these Hooligans are in London, don't know, and Happy is having a peck of trouble with the nobility. Doubtless many of these ludicrous situations will be enacted on the ice tomorrow night. We'll go and see, anyway. Forty dollars for the winners.

HAVE NOT MONEY TO BURN.

The statement published in the Sun this morning in reference to extension and the strong financial standing of James Pender & Co., Ltd., was unauthorized.

James Pender stated to the Star today that while the company have been enjoying and making the best of their prosperity, they do not lay claim to any such flourishing conditions as were stated in the Sun. Mr. Pender says that the shareholder who gave the figure quoted must have spoken from memory, a memory that in this case at least was not accurate.

That the company have considered the extension of the works is true, but beyond that nothing has been decided upon.

TODAY'S FUNERALS.

The funeral of Mrs. Leach took place at three o'clock this afternoon from the residence of her son, 18 Brussels street. Interment was at Fernhill.

Rev. Mr. Graham, of St. David's church conducted the services.

The funeral of the late Florence Purdy took place this afternoon at three o'clock from the residence of Mrs. D. C. Glasgow, corner of St. James and Watson streets, West End. Interment was at Cedar Hill. Rev. R. W. Ferguson was the officiating clergyman.

PERSONALS.

Conductor James R. Dalton and Mrs. Dalton have left for their home in Calgary, N. W. T., after visiting in this city Conductor Dalton's father, Robert Dalton, at No. 25 Victoria street.

Miss Annie Gillen, of Paradise Row, is visiting her sister, Mrs. E. E. Shaw, at Sydney, C. B.

Capt. Robert Carson, of St. Martin's, is at the Park Hotel.

J. A. Patterson, of Grand Falls, was registered at the Victoria yesterday. Thomas Durick, Sr., returned yesterday from New York.

R. T. Gibson, of St. Mary's, was registered at the Dufferin yesterday.

Dr. W. J. Irvine, a popular dentist of Fredericton, is in the city attending the meeting of the Fish and Game Association. He will return to Fredericton tonight.

JANUARY SPARKS.

Following is the local fire record for the month of January:

Jan. 3rd—Box 143. Harness shop of W. L. Bradshaw, Main street. Overheated stove.

Jan. 5th—Box 14. House owned by James McGilvary, Brussels street. Badly damaged. Insurance \$300.

Jan. 5th—Box 14. Some person saw steam coming from windows of McGilvary house, which he mistook for smoke and sent in an alarm.

Jan. 11th—Box 47. Pender's Nail Works, Charlotte street. Damage slight. Hot ashes.

Jan. 18th—Box 125. House owned by D. J. Purdy, Main street. Damaged considerably. Cause, defective furnace. Insurance \$4,000.

Jan. 21st—Box 132. H. Miller's house, Straight Street. Wood on fire.

Jan. 27th—Box 24. Dry goods store of Robertson, Trites & Co., Charlotte street. Insurance \$19,000. This was the first fire for chemical engine.

There were also a number of small alarms.

TONIGHT'S BIG GAME.

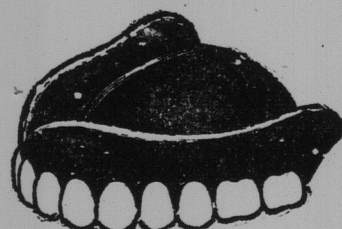

All will be glad to learn that the Danes will play another game in St. John. They will be pitted against another All-St. John seven this evening at Queens Rink, captained by Ken Inches.

So that all can see the visitors play the price of admission has been placed at the low figure usually charged, as will be seen by the advertisement in another column. Following is the probable line up of the All-St. John team:

Goal, Jas. Carlyle; point, Gordon Brown; cover, Ken Inches; rover, Ed. Moorey; centre, H. Sturdee; L. wing, Wm. Murray; R. wing, Geo. Bilzard.

The monthly business meeting of the King's Daughters Guild will be held on Friday at 3:30 p. m.
