PRESENTED MR. TRUEMAN
WITH CABINET OF SILVER

A Farewell Gathering Today—
Mr. McKeown Expressed
Regret of the Liberal
Party at Mr. Trueman's
Departure

The Liberal executive met this morning at 11 o'clock in the office of the secretary, Herbert Keith, Ritchie building and presented Walter H. Trueman with a handsome testimonial consisting of a costly chest of solid silver tableware. Those present at the meeting were Hon. H. A. McKeown, T. H. Estabrook, Fred J. G. Knowlton, C. V. Allan, T. F. Collins, W. A. Lockhart, W. J. Mahoney and Heber S. Keith. Mr. Trueman, who is president of the executive was absent on an important business engagement.

Mr. McKeown spoke of the great loss felt by the Liberal party in this province by the departure of Mr. Trueman for the west. Mr. Trueman was one of the strongest advocates of the party and it will be hard to fill his place. The executive desire to express the strongest wishes for his success in his new field of labor. Mr. McKeown alluded to the distinction won by Mr. Trueman in this city and hoped he would win still more greater distinction in the west. The presentation was made as a slight remembrance of the kindly feeling held towards him by the Liberal party in St. John.

Mr. Trueman in response thanked the gentlemen for the magnificent testimonial but thought he was not worthy of such a remembrance. His relations with the Liberal party has always been close and for the large number of years, he had been connected with it. He has received nothing but kindness. He never has regretted his connection with that party. He has no grievance whatever because he did not receive the office of premier. He leaves St. John with the utmost kindness of feeling towards the party and will follow with interest the welfare of the party here. He hopes complete organization would be carried out by the executive to bring about the old time success of the party. Mr. McKeown is promoted to the bench someone equally good should take his place. The silverware will be sent to Mr. Trueman's residence. The cabinet bears the following inscription:
Presented to
WALTER H. TRUEMAN, LL.B.
by his friends of
the Liberal Party
at St. John, N. B., 24 April, A.D. 1908.
Mr. Trueman leaves for his future home in Winnipeg this evening.

WEATHERBY INQUEST TO
BE CONTINUED TONIGHT

Alfred Lake, Whose Evidence is Considered of Importance Will
Likely be Present

The adjourned inquest on the body of Abbie Weatherby will be held tonight at seven o'clock. The most important witness, Alfred Lake, who did not appear before and whose story will undoubtedly help to clear the mystery of the unfortunate's death, will be present to all likelihood, but Dr. Barryman could not say for certain. Other witnesses and a verdict will undoubtedly be given at tonight's inquiry.

MISS SHONTZ'S HUSBAND
DIED ON WEDDING TRIP

Cable Briefly Tells of the Death in Paris
of the Duke of Chaulnes.

NEW YORK, April 24—A cable despatch to Theodore P. Shontz, of this city, today announces the sudden death in Paris of his son-in-law, the Duc de Chaulnes. The Duc and Miss Shontz were married in this city recently and were in Europe on their wedding trip.

FIRST CROSSING TODAY

MONCTON, April 24—Steamer Emmons will make her first trip on the Summerside-Point du Chenet route today. The straits are reported to be fairly free from ice but yesterday a quantity backed into the harbor at Summerside.

NEW YORK, April 24—The suspension of T. A. Melnyre and Co., brokers and members of the New York Stock Exchange and of the New York Cotton and Produce Exchanges was announced on the Stock Exchange today. MEMPHIS, Tenn., April 24—A tornado swept over Walls, Miss., at two o'clock this morning and is reported to have destroyed the town. Three persons are reported killed and several injured.

BATHURST PAIR WERE
ARRESTED IN KINGSTON

Alfred Bedore Held on the Charge of
Abducting Annie Thompson
Aged Sixteen Years

KINGSTON, April 24—This morning the police arrested Alfred Bedore and Annie Thompson, both of Bathurst, N. B. Bedore is said to be a married man, and is 45 years of age. The girl is only 16 years old, her father claims, but she says that she is nineteen. They were captured at a hotel. The charge is abduction.

Professor's Explanation of Sacrilege in
Pope's Chapel—His Wife
Was Too Curious.

LONDON, April 23—A Rome despatch to the Telegraph says that Prof. Feilbogen and his family, who yesterday, in the Sistine Chapel, after the Sacrament had been administered to them, spat the sacred wafers on the floor, have left Rome to escape punishment for sacrilege.
Prof. Feilbogen is a man of high character, and he could not have committed the sacrilege voluntarily. Indeed, he is deeply grieved at the occurrence, which he did, when they found themselves among the communicants. The wafers were placed in their mouths by the Pope before they realized what was being done, and they were so taken by surprise they had no time to refuse them. His action and immediately spat them out.

CHARGED WITH STEALING
ANOTHER MAN'S DEALS

Henry Hudson Says It Was a Mistake—
Satisfactory Settlement Was
Reached.

Henry Hudson appeared before Judge Ritchie this morning charged with stealing three deals from the premises of James Burley, Walter McLeod, a driver, stated that Hudson ordered him to bring a number of deals which belonged to him from Burley's yard to his own premises. McLeod made a mistake and carried away more than belonged to Hudson.
James Burley said that there were three deals taken, and after he had informed Hudson they were not returned.
His honor asked the defendant why he had not returned the deals when informed they were taken. Hudson said he was not sure the deals belonged to Burley.
A satisfactory settlement was made by which the deals were returned and Bailley paid the costs.

POLICE COURT

Joseph Smith pleaded guilty to the charge of being drunk at the police court this morning and was fined \$8.
Lena Adams, who was arrested for wandering about drunk at Carmarthen street last night, pleaded guilty and was fined \$8.
Steve Carter, who was working on the Tritonia, appeared for calling Walter Niles an offensive name. James McCormick and Thomas Page gave defendant admitted his guilt when put and fifty name used by Carter and the defendant admitted his guilt when put under oath. He was fined \$8 or two months in jail.

SAYS HANGING IS
VERY UNPLEASANT

Specialist Believes Electro-
cution is Most Humane

He Has Watched Many Men Die and
Feels That the Gallows is
Unnecessarily Cruel

PHILADELPHIA, April 24—The accepted idea that execution by hanging is a painless operation was disputed by Dr. E. A. Spitzka, the eminent specialist, before the annual meeting of the American Philosophical Society, which began in Independence Hall yesterday. Professor Spitzka said that he had witnessed thirty-one electrocutions at Sing Sing, Auburn, in New York and at Trenton, and two hangings at Moyamensing Prison in Philadelphia. Electro-cution was, he said, the most humane method of inflicting the death penalty, because it was the most efficient, the speediest and the least painful, and he advocated its adoption by the commonwealth of Pennsylvania. In every case of hanging, he said, the heart of the victim continued to beat a long time after the fall through the trap, sometimes as long as thirteen minutes, and he believed consciousness lasted from one to one and a half minutes. The struggles of the men indicated efforts to support for their feet as they swung in the noose. Death in many instances, he was convinced, was actually due to strangulation.

IRISH LEAGUE IS
FOR CHURCHILL

Redmond Sends Manifesto to

Local Gaelic Federation Adopted Advice
of Clergy—Government Fears
Loss of Seat.

LONDON, April 23—In view of the announcement of the government that it will, at the next general election, ask the country for authority to deal with the question of Irish self-government, and that it will establish Roman Catholic schools, John Redmond, the Nationalist leader, has withdrawn his appeal to the Irish voters in the northwest division of Manchester not to support Winston Churchill, who is seeking reelection upon his appointment to the presidency of the Board of Trade. He has sent a manifesto on behalf of the United Irish League, stating that as Mr. Churchill had declared, on Premier Asquith's authority, that the government would put Home Rule before the electors at the next general election, the League calls upon Nationalists to vote for him. The Roman Catholic vote, however, will not be solid for Mr. Churchill. The local Catholic Federation has adopted the clergy's manifesto, and the vote is likely to be split between all three candidates.

RUSSIA NOT GETTING
WARSHIPS IN ENGLAND

ST. PETERSBURG, April 24—The report published in England to the effect that the Russian government had ordered five warships from a firm of Clyde ship builders is untrue. The admiralty has adopted the principle that all battleships should be constructed in Russia and it is impossible that any vessels have been ordered either here or abroad for this year. As the Duna intends to reject the estimates on the new battleships, the program for 1909 will probably be small.

TRAIN ROBBERS' NERVE
FAILED AT LAST MOMENT

RAILWAYS DISAGREE
OVER EXCURSION RATES

Some Lines Will Give Big Reductions
While Others Hold Out for
Two Cents.

CHICAGO, April 24—Opposite action was taken by railroads east of Chicago and west of Chicago regarding reduced rates for conventions today. The eastern roads decided to make a rate of 12 miles west of Erie on the line of the Northern Pacific, Rudolph Wenz, Paul Filenius and Albert Tesdale have been arrested for complicity in the attempted holdup and are being held in the county jail here. Wenz and Filenius admit having participated in the flagging of the train, claiming however, to have been forced to act by two armed and masked desperadoes, who, when the train had come to a halt, lost their courage and made a quick get-away. Filenius and Wenz walked to Welch's Spur station where they were arrested. They declared that the bandits had 50 sticks of dynamite and had planned to blow up a portion of the train to secure the money supposed to be on board. A stick of dynamite was found on the top of a low bluff beside the cut in which the train was stopped. What was supposed to have been the report of torpedoes thought to have been placed on tracks, were reports of shots fired at the engineer by the two bandits.

Attempt to Hold Up and Rob
Train Was Not Carried
Out—Two Men Under
Arrest for Complicity

PHILADELPHIA, April 24—Lack of nerve at a critical moment caused the failure of a desperate attempt last night to hold up the westbound North Coast Limited at a point two miles west of Welch's Spur, and about 12 miles west of Erie on the line of the Northern Pacific, Rudolph Wenz, Paul Filenius and Albert Tesdale have been arrested for complicity in the attempted holdup and are being held in the county jail here. Wenz and Filenius admit having participated in the flagging of the train, claiming however, to have been forced to act by two armed and masked desperadoes, who, when the train had come to a halt, lost their courage and made a quick get-away. ANNA GOULD JOINS PRINCE
HELIE AT NAPLES

The Spooky Couple Very Much Excited
Over the Attention Paid
to Them.

NAPLES, April 24—Madame Anna Gould arrived here today from New York on board the steamer Frederick Groese and was met in the harbor by Prince Helie de Segan. The steamer came into the harbor at six o'clock this morning and the Prince and the first men to get on board. He rushed to Mrs. Gould's cabin, met her at the door lifted his hat and kissed her hand. The Prince was much annoyed by the presence of reporters and he refused to be interviewed. Mrs. Gould's children however said: "Just assured that the marriage will occur but nobody can say when or where. My conviction rests on what I have seen and heard from Mrs. Gould."
Prince de Segan made no attempt to conceal either his nervousness or his annoyance at the presence of reporters and finally turned to Captain Hicker, the commander of the Frederick de Groese and begged him in German to make the reporters keep away. One man pointed a camera at the Prince, whereupon De Segan said in German: "If he does not stop I will throw his camera into the sea." Madame Gould was quite pale, but smiling and apparently contented. The entire Gould party, accompanied by the proprietor of the hotel where rooms have been engaged for Madame Gould, landed in a special launch and took an automobile from the dock to the hotel. This was done to avoid coming in contact with the curious crowd.

SUPREME COURT

FREDERICTON, April 24—The supreme court heard the following cases this morning: Ex parte Kierstead in re H. W. Robertson. Mr. Mullin supported the rule, Powell contra. Rule discharged with costs.
Donald vs. Fulton. Mr. Inches for defendant moved for a new trial. Verdict had been rendered for plaintiff for \$70 and tried before Judge Landry. H. V. Belyea contra. This case is now before court.

LATEST WEATHER REPORT
FINE and MILD

Gordon Kay, the west side youthful wanderer, looked into Judge Ritchie's face in the court room this morning for the third time in a few weeks. The character of the youth is exceptional, for sooner than enjoy the comforts of a good home he prefers the filthy pile of refuse, the damp dark cellar, the wet straw pile or the crevices in the rocks, and night after night he has slept in these places rather than in his bed. At all hours of the night he has been seen lurking about the back streets of Carleton, and fruit stands and grocery stores as well as the freight from boats have been preyed upon as a prison and it is said that he is not able to tell his letters correctly. Twice he appeared before Judge Ritchie but on his promise to do better and return to his home he was allowed to go. On Tuesday he solemnly said that he intended to carry out his good intentions, but before a half hour had elapsed after leaving the court room he entered W. C. Wilson's drug store and stole several newspapers. He was captured by an employee on the I. C. R. and forced to throw them back, and later caught, Rose put him under arrest. The residents of Carleton are anxious to see the boy put in a safe place for fear he will commit some serious criminal act. His honor remanded the prisoner until tomorrow to await the presence of his father.

Delegation to Ottawa for Better Pay—
St. John Man Says He
Was Robbed.

MONCTON, April 24—J. Chartered Point du Chenet, A. Fraser, Perron, J. D. Montgomery, Alberton, P. E. I., E. A. Jean, River du Loup, J. A. Therberg, Campbellton, I. C. R. telegraphers, leave on the Maritime express tonight for Ottawa where they will interview the Minister of Railways for the third time in connection with the increase of salary. The telegraphers will push their application for increase of pay and shorter hours to a conclusion. The matter has been urged on the department for a year past, but up to the present no basis of agreement has been reached.
Engine N. 276 became deranged in the I. C. R. yard early this morning. The whole engine with the exception of the tender left the rails. The track and engine received but slight damage. Ground was broken yesterday on the site of the new Bank of Montreal building.
A passenger who arrived here from St. John Wednesday complained to the police that he had been robbed of fifty dollars. The police were unable to assist him, having nothing to work on.
The Ladies' Auxiliary of the International Association of Machinists was organized in connection with the local lodge last night. The officers are Mrs. Charles Blackney, president; Mrs. Samuel Gordon, Vice-President; Miss Gourley, recording secretary; Mrs. E. W. Ford, financial secretary; Mrs. Chester Sullivan, treasurer.

Young Fellow From Carleton Will Not Be
Good—Slays Away From Home
and Lives by his Wits.

The Board of Trade's "Booster" Membership Committee.

A "booster" membership committee of the Board has been organized under the chairmanship of Mr. J. N. Harvey, and has started a campaign to bring the membership of the Board up to five hundred within the year.
The committee is composed of Messrs J. N. Harvey, T. H. Estabrook, H. B. Schofield, W. S. Fisher, S. Walter McCormick, W. H. Nase, J. Hunter White, R. T. Hayes, H. Colby Smith, Alexander Fowler, E. M. Sippell and F. A. Dykeman, so if you meet any of these hustlers on the street, get out your pencil—you'll need it to sign the application form which will be handed you.
The Board of Trade stands for Municipal progress and every man doing business in the City should be a member, but you hear such arguments as these: "I am giving so much money to the M. C. A. and so much to my church and that's about all the charity I can stand just now, so I guess I cannot go in the Board of Trade just yet." Other good citizens have said: "What good is the Board of Trade going to do me? What direct benefit do I get for my ten dollars?" And still others groping about in the atmosphere for reasons to turn down the Board have said: "I am going to wait until you fellows do something before I come in."
Without any desire to make personal reflections, such citizens as these and such arguments as these are the greatest obstacles in the path of municipal progress. It is reasonable to expect that a Board of Trade or any commercial organization of that organization? Is it fair for anybody to sit back and say "Go ahead and do what you can without my support and if you are successful, I will co-operate with you?"
What St. John needs at this time is an awakening of that spirit of municipal pride to the extent that at least five hundred of its citizens will say "Put ME down as a member of the Board of Trade and let US see what WE can do." We must have an immediate realization of the imperative necessity of co-operation.

COULDN'T STAND THE PRESSURE, SO SKIPS
William Hopkinson, who a few days ago mourned the loss of his wife, is now mourned by his creditors, for he has disappeared. About a week ago the wife of Hopkinson suddenly left him and selected Sidney Foster as her partner in life's joys and sorrows. She also took with her the bulk of Hopkinson's savings, amounting to \$250, and the bereft husband found himself in debt with nothing to settle.
Yesterday the restaurant which he owned was locked and a rumor reached his creditors' ears that Hopkinson had skipped out. On investigation they found this was true, and all afternoon household articles, including a piano, which Hopkinson had left another friend, were seized one after another by creditors and removed.
Hopkinson's whereabouts are unknown. It is not believed he will return.

EVANGELINE HOME REQUIRES \$800
The alterations that have been in progress at the S. A. Evangeline Home, are now about completed, and a number of ladies and gentlemen of the city have been invited to call on Friday, the 24th of April, and inspect the home and hospital.
This institution has done a great work among the needy and fallen women of St. John, and is deserving of the most generous support on the part of the public.
The matron, Ensign Burch, announces that \$800 is needed for furnishings and additional hospital equipment. There should be no objection to say more.

AMUSEMENTS.
Shamus O'Brien at the Nickel
A picture-play that will appeal not only to the true Irish people of St. John, but to citizens of all other nations is Shamus O'Brien, The Bold Boy of Glengarry which is the big feature at the Nickel for the remainder of the week. This is a film that measures over a thousand feet and will take nearly twenty minutes to exhibit. It deals with the story of the brave Shamus O'Brien, acting as a secretary, costume and photograph being without fault. The company producing the play before the camera is one of the leading repertoire organizations of Chicago. The next best picture is The Guard's Bride, a romance of Napoleon Bonaparte's time, while Give Me My Dummy, is a ludicrous affair. Twenty-five new Rhine-land views arrived in time for last night's shows and will be produced again today. Mr. Maxwell and Miss Davis are getting unparagoned applause for their rendering of "I'm Afraid to Come Home in the Dark," and "Smarty," Maxwell's local hits caught the crowds.

Princess Has Best Show of Any Today
The amateurs at the Princess last evening were all that could be desired, and the prize winners will all appear at the amateur show next Thursday. At the performance today will be shown for the first time in this city three of the greatest dramatic features yet turned out by the motion picture man.
The Gambling Demon, the first feature on the bill, is an affair. The gambler marries a beautiful woman, she passes a lonesome existence while he indulges in his card games. He is ruined, and steals her jewels, which he loses to his unsuccessful rival for the hand of his wife. The rival returns the jewels to the unhappy wife, who gets a divorce and marries him. The gambler's life along the downward path is shown step by step, until at length he becomes a tramp. His former wife passes him, riding in a carriage with her second husband. The gambler is overwhelmed with a realization of what he has lost and throws himself under a passing train.
The Dog's Snout, the second feature, is a picture telling how the faithful dog of a hunter finds the murderer of his master's wife after a running chase. The picture is brought to a conclusion with an enlarged view of the dog.
The Grateful Tramp, feature number three. He is provided with food by a farmer's daughter, whom he rescues from the hands of a couple of ruffians. He also rescues her from drowning. Mr. Sawyer, who has been confined to his hotel with a severe attack of rheumatism, is brought to a conclusion of his life for the last few days, will sing "Poor Old Girl."
Mr. Fred Crosby, the popular tenor, has something of a novelty in "Smile On."
Every child who attends the matinee tomorrow will receive a bag of candy free.

ACTRESSES FROWN ON EXTRAVAGANCE
Many of Them Exponents of Simplicity Off the Stage.
Wonderfully Elaborate Costumes are Necessary in Many Plays—Leading Women's Views.

A limited sense of vision and a sort of mental depravity appealing to those of you who dare to hope that woman's mission is something higher than the mere requirements of money. The thought makes us despair that our sex will ever be more than mere overgrown children. Adeline Genna, whose stage wardrobe is a costly one, dresses very plainly in private life. Her favorite costume for street wear consist of a shirtwaist, jacket, and skirt, all of the simplest lines.
"I have never recognized or understood the necessity for elaborate and costly dressing on the stage," said Genna. "Presumably, the conspicuous and attractively gaudy is anything but in harmony with the stage. Any one with means may become a social peacock. I regret to say that I have known many who were of the opinion that they really had a position in the world when they blossomed forth in what is styled 'creations'.

At a meeting of H. L. & J. T. McGowan, Ltd. held yesterday, H. L. McGowan, J. T. McGowan, John J. Trainor, W. J. St. John, and J. S. McGowan were appointed directors, and the following officers were elected: H. L. McGowan, president; J. T. McGowan, vice-president; and J. S. McGowan, secretary.
With the approach of spring, making the people once more think of outdoor festivities, the rumor that the Street Railway contemplated an extension of their line to Rockwood Park, has revived. There seems, however, but little prospect of this taking place in the near future, although the Street Railway Company have been strongly urged to take the matter up by members of the Horticultural Association.
The company's reply has been that in the present state of the money market to make the extension is out of the question and could not even be considered.
In other countries there is a class distinction which keeps the various orders of femininity separate and so the fashion of the day is not universal. In England a middle-class woman who uses the fashion of the better social class is immediately set down as a "boudier." The fear of that word doubtless prevents many of them from indulging in expensive excesses. It keeps them within prescribed social bounds which are evidenced in dress just as in anything else.
"Here people are all alike. The servant girl, if she has money, can dress as well as the social leader. The stonographer often shines more radiantly than her employer's wife. I believe the theatre has a great deal to do with extravagant dress. Girls and women see beautiful and costly gowns whenever they go to the average play or musical comedy, and when they next visit their dressmakers they are apt to buy something a little more expensive than they should because it is like the fashions they have seen in the theatre. It must be awfully hard on the men."
"The Worth of a Woman" Katherine Grey expresses the thoughts of a daughter of the west. Some of his frankness seems to have crept into her own views, for she said:
"Extravagance is always unpleasant, no matter in what form it is shown. In dressing it is little less than a crime. In addition to wastefulness it is apt to create envy, and to the average woman envy means the determination to put herself in a position where equality will all away with the reason for envious longing.
"Hence the rivalry among women to outshine each other in dress, equality being but a stepping-stone to supremacy. To those who have the wealth to carry on such a warfare perhaps no real harm is done, but the poorer women face real danger when they are craves adornment such as their more fortunate sisters display. If they cannot hope to wear expensive gowns they are, at least, tempted to copy and cheap imitation is, of course, bad taste."

The death occurred last evening at 9 o'clock at her residence 97 Erin St. of Mrs. Elizabeth Fox. Deceased had been ill with heart disease for about four months. She was twice married and leaves a husband and three sons. The sons are: Sandy in Boston, and Fred and Harry at home. The funeral will take place on Sunday afternoon at 2:30 o'clock.
Trout fishing in Lily Lake will commence on May 3. A large number of fish were placed there some years ago and it is said the fish are of good size. It was decided at a meeting of the committee of the Horticultural Association held yesterday that the following terms should prevail: 50c an hour for catch of fish is limited to twelve any one day to each angler. The fishing hours will be from 5 a. m. to 12 noon, and from 5:30 to 7 p. m. The amusement features of the park will be formally opened on May 24. Frank White, manager of the White Catering Co., is negotiating for several new features. It is understood also that the street railway is anxious to run cars to the park.
At the close of the Wednesday evening service of St. Mary's Church, the Rev. C. W. Townsend, pastor of his congregation on his proposed visit to England, to attend the Pan Anglican Conference, stating that he and Mrs. Raymond and the other delegates would leave on Saturday, and during his absence until the middle of June the Rev. Mr. Cracknell, of the diocese of Saskatchewan, would take the services. After that until his return Mr. Hooper, a graduate of Leuonville, would continue the services. Through the kindness of the city clergy interchanges will be made. The Archbishop's lay reader, Mr. J. N. Rogers, will assist.

ACADIA OBSERVATORY
BURNED TO THE GROUND
WOLFVILLE, N. S., April 23.—The astronomical observatory of Acadia was burned to the ground last night between 10 and 11 o'clock. The fire was evidently incendiary origin, as the door of the observatory was found open and the telescope and other instruments were piled in a heap on the outside. The wind was blowing strongly from the southwest and it was feared at one time that the Ladies' Seminary would fall a victim to the flames.
The observatory was built 23 years ago and was uninsured.
AN EXCEPTION.
"My faith in newspapers has received a sad shock," said the burglar just captured in the act.
"How so?" asked the policeman adjusting the cuffs.
"I had read so often that a copper was never around when needed," rejoined the prisoner, lapsing into sullen silence.
GODSOE-BAXTER.
On April 22nd, a quiet, but pretty wedding took place at the Baptist parsonage, St. Martins, N. Townsend, pastor of the First St. Martins Baptist Church, in the presence of a few friends.
The bride looked charming in a traveling suit of blue, with white hat. The happy couple will reside at Hardford Brook.

STEARLING, AND OTHER CRIMES.

Half a dozen thousand years ago, before Moses was born, there were eleven Commandments. One of them was dropped when the Israelites received the law from Mount Sinai. This one might well be brought into effect at the present day by order of the Christian Church. It could be found useful in St. John. It was, "Thou shalt not get drunk," and a clause might be added to it, "Thou shalt not beat thy wife." Such a commandment if put in the table with the other ten might induce magistrates and others to inflict some fitting punishment on people who now well deserve it. One of the ten commandments is "Thou shalt not steal." A man who steals is committing a very serious crime. A sailor came to St. John a few days ago, got drunk and stole two or three overcoats. He had no use for the coats. He did not want them and he did not know what to do with them, but he was drunk and took them simply because the whiskey made him do so. The chances are that if sober he would never have thought of such a thing. This man was given four years in Dorchester. He will cost the country something over \$100. That is what the taxpayers hand out because of the action of a glass of bad whiskey. Two days ago in the police court a man appeared on the charge of assaulting his wife with a stick and with a flat iron. He had done this before and according to the woman's story he had done it more than once. After according to her story he was not always drunk when committing these assaults. On previous occasions he had been let go. On Wednesday he was again let go. After his first arrest he was warned that if he punched his wife again he would be punished. He did punch her again and he was not punished. There is no guarantee that he will not use the stick or the flat iron today or tomorrow or any other day and get her once more. But if he had taken a glass of whiskey and borrowed an overcoat which he did not want his wife would have been free to draw her tonight before the Detroit Athletic Club. Both men were strong at the finish, Bronson having the better of the milking. It was agreed before the fight that if both men were on their feet at the end of the fifth round the fight should be called a draw.

CARNEGIE PENSIONS.

A few days ago Mr. Andrew Carnegie announced that he had added five million dollars to the original amount set apart by him for the establishment of the system of pensions for teachers. The first gift was ten millions and the trustees of the fund were instructed that professors and teachers in denominational institutions or state aided colleges could not qualify. The additional five millions is given in order that state colleges may be included in the list. Those supported by the various denominations are not yet provided for. This will make very little difference to the Maritime Provinces for some considerable time. A few years ago the trustees of the Carnegie fund who were allowed considerable latitude decided to make an exception in the cases of Dr. Harrison and Professor Bately in the University of New Brunswick which college was not intended to participate in the benefits of the pension system. Hereafter the University of New Brunswick will be among those regularly qualified to receive the pensions. No other colleges in New Brunswick or Nova Scotia will be affected by the new provision and it will depend wholly upon the trustees whether Prince of Wales College in Charlottetown will be included. At any rate there are not now in either the University of New Brunswick or Prince of Wales any teachers who will within the next score of years be in a position to apply for the Carnegie pensions.

MIKE SULLIVAN GOT DECISION OVER GARDNER

At the End of Twenty Five Rounds Fought Last Night at Los Angeles.

LOS ANGELES, April 24.—In the arena erected just outside the city, Mike Sullivan, of Boston, was given the decision over Jimmy Gardner, of Lowell, Mass., last night, after twenty-five rounds that were all in favor of Sullivan. The verdict of James J. Jefferies, the referee, was a popular one. Sullivan had the adroitness and coolness, but lacked the strength to deliver a knockout although several times he had Gardner at his mercy and slugged away at his opponent's unprotected jaw without the power to bring about an earlier result.

TOWN IS THREATENED WITH DESTRUCTION

NEW ORLEANS, La., April 24.—A special to the Picayune from Jackson, Miss., says that a serious fire threatens to destroy Raymond, Miss., about fifteen miles from Jackson. Raymond appeared to Jackson for the first time in the recent years—those of Moultrieux, Patrick and Harry K. Thaw—added several hundred thousand dollars each to the total figures of the cost of crime to New York.

INSURE EMPEROR'S LIFE TO PROTECT THEMSELVES

LONDON, April 24.—A committee of Vienna citizens which is arranging for the jubilee pageant in honor of Emperor Francis Joseph has just insured the Emperor's life with a British company for \$1,750,000, until June next in order to cover the expenses for preparations of the celebration in event of his death before they occur.

CONGO ANNEXATION.

LONDON, April 24.—It is understood that the conditions under which Great Britain is willing to recognize the annexation of Congo Independent State to Belgium, communicated to the Belgian Government by Sir Edward Grey, the Secretary of Foreign Affairs, included the establishment of free trading and the abolition of forced labor. The delay in the receipt of a reply from Belgium is interpreted to mean that Government finds it difficult to comply with Great Britain's demands, probably owing to the attitude of numerous companies holding monopoly concessions.

To Die at Dawn.

At the Opera House tonight the most sensational play of the week "To Die at Dawn" will be presented for the first time by the Harder-Hall Stock Company. The scene of the play is in Kentucky. E. Lawrence Lee, the playwright, has woven a particularly exciting and sensational dramatic story. The interest is increasingly strong from the reading of the will in the first act, the stealing of it and murder of the executor, and the rescue of the heroine from the water-wheel which is seen in operation in the second act; through the prison scene and the escape of the heroine from Diamond Cave in the third act, to the death of the villain at the hands of the man he had wronged in the last act.

The members of the company are fitted with congenial roles: Hazel Carleton, Billy Allen, Otto Oretto, and the Dancing Dames will be seen in new and entertaining specialties. The play "To Die at Dawn" is one of the strongest in the company's repertoire.

CRIME COSTS NEW YORK \$35,000,000 EVERY YEAR

The Country as a Whole, It is Estimated, Suffers an Annual Loss of Fully \$600,000,000 From Weak and Vicious Inhabitants.

The most accurate statistics obtainable show that crime and the results of crime entail upon the city of New York an annual expenditure of \$35,000,000 to build a new subway every year. Last year, for example, the items of expenditure fairly chargeable to this cause alone reached a total of \$30,552,132.24, an amount sufficient to defray the cost of the Fourth Avenue Subway for which some Brooklynites are clamoring so insistently and leave something like \$10,000,000 or \$12,000,000 over to be applied to other needed improvements. State, county, and city authorities in the state, outside of New York, are spending \$100,000,000 for the prevention, detention and punishment of crime, says W. R. Evans. The average citizen, too busy or too careless to regard details which do not come under his immediate observation, is apt to cherish the delusion that the cost of maintaining the police department, the criminal courts, prison and reformatory institutions, represents the cost of crime to the community. As a matter of fact, as he begins dimly to realize when he takes stock of his missing hair, the morning after a successful raid on his cozy flat, they are only a few of the items which enter into the cost of crime. One of the first to be brought to his attention after his own personal loss will be the District Attorney's office, which, with its many assistants and elaborate machinery for bringing the criminal to justice, adds nearly half a million a year to the cost of crime to the City of New York. The figures for 1907 were \$44,130, which should be added to the \$18,848,441 appropriated for the maintenance of the Police Department.

Besides these more conspicuous items it has been pointed out by Eugene Smith, who made an exhaustive study of the subject for the International Association of Criminals, that there is hardly an item of public expenditure that is not directly or indirectly enlarged by reason of the existence of crime that would not be diminished if crime would be eradicated. Existing methods of recording and expenditures afford inadequate means of ascertaining exactly what properties are chargeable to crime. It would be possible to say, for instance, what proportion of the time of our state legislatures is devoted to the consideration of penal statutes, the erection and regulation of penal institutions and appropriations for their maintenance. It is well known that the executive department of the state government, which is charged with the enforcement of the law and listens to appeal from its judgments, is brought into almost continuous contact with the criminal law. The criminal law is charged with the maintenance of the public treasury, but for the reason that in civil cases costs and counsel fees are borne by the parties in dispute, while in criminal cases all charges and fees, frequently including fees for the prisoner's attorney, are a matter of public expense. There are more than 100,000 inmates of almshouses, asylums and similar institutions number approximately 300,000 for the country at large, one-fifth of which are supported by private charity, the other four-fifths at a public expense of nearly \$50,000,000 annually. Crimes more than all other causes combined operate to crowd these public institutions, and it is estimated that at least one-half the expense of maintaining public charities, that means a little more than \$30,000,000 for the City of New York.

The sheriff's office is another institution which is charged with the maintenance of the public treasury, and it has been assigned to crime, and the same proportion is held to be just of various other departments of city and county administrations, including the department of public buildings, lighting and supplies the coroner's office and rents paid for offices and buildings in which to house the several departments of government.

Other items of public expense properly chargeable in part to crime and the results of crime are the maintenance of a good night's rest, than Brown's Bronchial Balsam. It is wonderful in its soothing effects on raw, inflamed hair passages. Better try first than last.

TORN BY A TORPEDO German's Curiosity Caused Him Painful Wounds—Thought He Had Been Shot.

MEDICINE HAT, Alta., April 23.—At 2 o'clock yesterday afternoon Jacob Wenner, a German, reached Irvine and reported at first that he had been shot. Later he stated that he had heard an explosion along the track, though he saw none. He had remained unconscious for a while, and found himself in the middle of the track when he came around. He walked into Irvine, though his hands and legs were badly shattered and a piece of metal had entered his body over the heart. The police concluded that it could not be a bullet wound, because of the nature of the injuries, and conjectured that Wenner had found a C. P. R. torpedo.

TRY 'EM ON, We Have Lots More if These Don't Fit. We would sell more \$5.00 Shoes if we didn't have these for \$4.00. Men come in with the intention of paying \$5.00, see the \$4.00 Shoes, and it's all up with the \$5.00. Sounds pretty rough on the \$5.00 Shoes, but it isn't; works the same way there—the men who usually buy \$6.00 Shoes get them here for \$5.00. Unless all signs fail, we are going to do an immense shoe business this Spring. People get the best shoe satisfaction here and we get the business.

SEVERAL SERIOUS FIRES

TOOK PLACE YESTERDAY

A Dozen Buildings Burned at Cape May—Large Cotton Mill at Fall River Destroyed.

LOWELL, Mass., April 23.—Fire this afternoon destroyed the Elmer E. Cole grain elevator and grist mill at Bennett Station also the residence of Mrs. Nellie Morton in Farmers Lane, Billerica. Burning shingles were carried by the wind a mile across country to a 20-acre wood lot, which was destroyed, threatening three houses. The loss is estimated at \$2,000, partially covered by insurance. The flames are thought to have started from a spark from a freight engine.

FALL RIVER, Mass., April 23.—As the result of a fire tonight in the engine room of the Westman Mills, one of the largest cotton plants in this city, 1,000 operatives will be thrown out of employment for several weeks. The fire started in the boiler room and gained access to the engine room where the immense main belts and wheels were badly damaged. The loss is estimated at \$15,000.

AMESBURY, Mass., April 23.—Two dwelling houses and a large barn on

the farm of George Gove, in Kensington, N. H., four miles from here, were burned today, with most of their contents, including farming implements and vehicles. The live stock was saved. The loss is estimated at about \$10,000.
CAPE MAY, N. J., April 23.—Fire which for a time threatened to wipe out all the property at Cape May Point near here, destroyed about a dozen buildings this afternoon, causing a loss estimated at more than \$100,000. The fire started in the Leankema Villa, the summer cottage of the German Hospital of Philadelphia. Cape May Point is without fire protection and the flames quickly spread to the surf house, a small hotel adjoining. Assistance was asked from Cape May and other nearby points, and when the firemen reached the point they found the Episcopal church and eight cottages also in flames. The firemen succeeded in confining the flames to the cottages and buildings mentioned.

WESTERN IRRIGATION

UNDER CONSIDERATION

United States Wants to Divert at Mary's River

The Water of Which is Needed for Alberta—No Serious Developments Feared

OTTAWA, April 23.—Dr. Barnes, chief travelling inspector of the most important division in connection with the agriculture department has been promoted to take charge of inspectors at work for the Dominion, under the meat and canned foods inspection act passed last session. Dr. Barnes succeeded Dr. S. H. Ward handed in his resignation this week and who has accepted the position of chief meat inspector for the state of Minnesota. Dr. Bruce of the inspector staff, succeeds Dr. Barnes as chief travelling inspector.

Dr. W. F. King, chairman of the Canadian section of the International Waterways Commission and Mr. Campbell, head of the irrigation branch of the Interior Department, left for Washington, D. C., today, to confer with the American authorities in charge of the irrigation and reclamation bureau in reference to an international question of considerable importance to the whole irrigation system of the Canadian west. The matter at issue is in connection with the plans of an American irrigation company to divert the waters of St. Mary's river south of the Alberta boundary to Milk River, which has its source in Idaho, flows northward into Alberta and then enters American territory again in Montana. The intention of the American company is to dam the St. Mary's river and thereby divert enough water to Milk River to make feasible a large irrigation scheme in Montana. The waters of St. Mary's river, however, are now used for a large irrigation scheme by the Lehigh and the Canadian government is anxious to protect the interests of southern Alberta. Farmers by seeing that the source of the water supply for irrigated lands is kept adequate for all present and future needs. It is estimated that the St. Mary's river even if diverted to Milk River would have to flow through Canadian territory and could if necessary be re-diverted to St. Mary's river north of the boundary. It will be seen that the permanency of the Southern Alberta irrigation system is pretty well safeguarded.

TWO LITTLE GIRLS WERE

KILLED IN A MILL WHEEL

La Have, N. S., Children Took a Short Cut on Their Way to Pick Flowers—Were Caught in the Wheel.

HALIFAX, N. S., April 23.—The report of a terrible tragedy came from West La Have Ferry, by which two little daughters of Henry Bernette, aged nine and seven years, lost their lives while on their way to gather Mayflowers. There is a saw mill in the vicinity and the children were in the habit of taking a short cut under the wheel when the mill was running. On this afternoon the children did not heed the warning. Seeing the mill was not running, they thought they were safe and when they were half way under, the wheel started and whirled them around, mangling the children dreadfully. The men noticing the obstruction, stopped the machinery and to their horror found the poor little ones dead, one injured so badly as to be beyond recognition. Much sympathy is felt for the parents as they had but these two children.

HEROIC GIRL TRIED TO

SAVE HER FAMILY

But Her Mother and all the Others Were Burned in Prairie Fire.

BATTLEFORD, Sask., April 23.—Anna Matthews is the only survivor of a family of five burned to death as a result of prairie fires in Trapping Lake district. The father went to fight the flames which were sweeping down on their little home and perished. The house took fire and Anna Matthews, eighteen years of age, with her clothes ablaze, carried her five-year-old brother and sister to safety and returned for her mother, but was too late. She fought her way again through the sea of fire only to find the other children had wandered into the fire zone and perished.

INDEPENDENT FORESTERS

HAVE A HARD PROBLEM

TORONTO, April 23.—Shall the old policy holders in the Independent Foresters pay a vastly increased rate for insurance, which they now have or shall they have amount called for on the face of their policies materially reduced in order to meet actuarial and financial conditions in which the order now finds itself? These are the questions which will be discussed at the coming supreme court of the order to be held in this city on June 16. The new rates of premium which are proposed as an act of necessity by the executive will affect those members who joined previous to 1899 and who are at present paying a rate much lower than those whose policies bear a later date.

LAWYERS HONOR

WALTER TRUEMAN

W. H. Trueman, one of the most popular and prominent of the young lawyers of St. John, was last evening given a farewell banquet at White's on the eve of his departure for Winnipeg, where he will join the firm of Chapman & Green.

W. H. TRUEMAN.

Dr. Elias Alward presided, with Hon. C. N. Skinner in the vice chair. The others present in addition to the guest Keown, E. T. C. Knowles, K.C., H. H. Pickett, C. F. Sanford, J. King Kelly, J. A. Belyes, H. S. Keith, R. G. Murray, E. H. McAlpine, K.C., B. L. Gerow, W. B. Wallace, K.C., W. Mahoney and E. P. Raymond. The toast to The King was honored as usual, and the chairman then in a happy and complimentary speech proposed the health of the "Guest of the Evening."

Mr. Trueman replied in felicitous terms, expressing his appreciation of the honor extended to him, and thanking all present for the unvarying courtesy which had been extended to him by his brother practitioners. The other toasts were as follows: "The Legislature," responded to by Hon. H. A. McKeown and Hon. C. N. Skinner; "The City," responded to by Ald. Pickett and Ald. Kelly; "The Day," responded to by E. T. C. Knowles, K.C., and J. A. Belyes; "Canada," responded to by R. G. Murray and C. H. Ferguson; "The Ladies," responded to by H. S. Keith. Mr. Trueman will leave this evening for Winnipeg, going by the way of Toronto, Detroit, Chicago and Minneapolis. He will spend a few days at each of these cities.

MANY WERE AT WORK

WHEN EXPLOSION OCCURRED

But Only Four Men Lost Their Lives in the Ellsworth Mine.

PITTSBURGH, April 23.—Mine inspector Henry Louttit and the miners who volunteered for some work in mine No. 2 in the Ellsworth Colliers Company at Ellsworth, Washington county, where an explosion occurred early today, have completed their search of the mine and report that only four men were killed. Banks was a widower and leaves seven children. There were over 100 miners at work at the time and owe their escape to the fact that the explosion happened at a point beyond where they were working. The explosion resulted from the victims striking a pocket of gas while at work far back in the mine and ahead of the air supplied by the ventilation system. Fire followed the explosion, but the affected sections have been bratticed and the damage will not be heavy. This was the second explosion in the mine but no deaths resulted from the first. Inspectors regarded the mine as gaseous to a dangerous degree and protested against it being supplied equipped with electrical appliances, but their protests were overruled after the hearing of a suit against the company.

"They're a most affectionate couple. Do you know they've been married twelve years, and she still greets him at the door with a kiss?" "That's not affection. That's her way of finding out what he has been drinking."

ANGLICAN CONGRESS

BEGINS JUNE 15TH

The Pan-Anglican congress opens its London June 15 with a grand reception given by Lord Strathcona at Dorchester House and closes on June 24 with a grand service in St. Paul's cathedral. Bishops to the number of 250 will attend the congress and six delegates will be on hand from each diocese. All about 3,000 men and women will be present. The delegates from the Maritime Provinces include His lordship Bishop Richardson and Mrs. Richardson, Archbishop Raymond and Mrs. Raymond, Archbishop Newham, St. Stephen; Miss Brock, Robbsey; Miss Cartwright, Halifax; Miss Ethel Jarvis and Miss Elsie Jardine. They will sail from St. John Saturday on the Lake Champlain and will spend their time sightseeing until the date set for the opening of the congress. At the congress topics will be discussed under six different sections. One of the topics will be The Church and Human Society. Under this head is included Society of Marriage as the Basis of Human Society. Other topics are Commercial Morality, under which head are The Gambling Methods, Christianity and Socialism, Monopolies and Trusts, Law and Public Opinion. The Church and Human Thought. Under this head is included Christian Religion and Other Modern Forms of Belief. The Bible and How it Should be Taught, Literature and the Press. The Christian Ministry, under which head is the Work of the Laymen in the Church and the Ministry of Women, including deaconesses and sisterhoods. The Work in Non-Christian Lands, including The Relationship of Christianity to Mohammedanism, Buddhism and the Religions of China and Japan. Work in the Newer Parts of the British Empire, such as Canada, Australia, etc. Each delegate will be assigned a topic and all the meetings will be held simultaneously. In the evenings large public meetings will be held in Albert Hall to be addressed by distinguished men. Some 20,000 tickets have already been disposed of for these meetings.

GENTENARY SUNDAY

SCHOOL HAD GOOD YEAR

Annual Meeting Held Last Evening—Statistics from the Reports.

The annual meeting of the Methodist Sunday school was held last evening. At 6 o'clock the teachers and officers enjoyed tea together in the school room and then the business of the annual meeting was taken up. Rev. Dr. H. D. Sprague presided. A very successful year was reported. Rev. McKendrick, the secretary, reported total enrollment of 265, 106 numbers 78. The average attendance was 142 for the year. The attendance in winter is about 200, the low average being caused by the summer exodus. The treasurer, Harold Lyman, reported total receipts of \$484 for the year and expenditures of \$398.44, leaving a balance of \$85.56. The first Sunday of every month is a missionary Sunday and the contributions for the year for missions amounted to \$121.90. In the home department the superintendent, Miss Hea, reported increase in membership from forty to seventy-nine. The librarian, R. P. Fiero, reported the library opened for the first time after the fire, on Oct. 15, 1907. Since then 5,708 books were issued. There are 817 volumes now in the library, including forty-seven books of reference for the teachers. The temperance superintendent, J. Hunter White, reported sixty signatures to the pledge during the winter. The election of officers for the ensuing year resulted as follows: Superintendent, F. R. Murray, Associate Superintendent, Thomas Jenkins; Secretary, Roy McKendrick; Assistant Secretary, T. Albert Linton; Librarian, R. P. Fiero; Assistants, G. Fred Harbour and Frank Smith; Treasurer, Harold Lyman; Supt. Home Department, Miss Hea; Supt. Primary Department, Miss Isabel Harbour; Supt. Cradle Roll, Mrs. George Jenkins; Supt. Temperance Department, J. Hunter White.

FINED FOR ASSAULTING SCOTT ACT INSPECTOR

Case Brought by Guter Was Finished Today—Death of Chas. Benham, at Hartland. FREDERICTON, N. B., April 24.—Word was received here last night of the death of Charles Benham, at Hartland yesterday. Deceased resided in this city most of his life and two years ago removed to Hartland. For many years he was employed by Chief Butler in the harness business and was well known to Frederictonians.

NOTED BANDITS HANGED TODAY AT MANILA

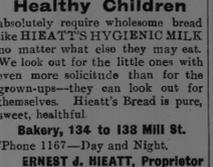

Two Died Together—Two Others Who Had Been Sentenced Were Reprieved. MANILA, April 24.—Cephia Omongo alias Tictu, and Arnon Fernandez, noted bandits and fanatical leaders, were privately hanged at Manila today. Omongo, who was the ringleader in the Pulajano movement in Samar, Fernandez assisted in the attack on Lake and aided in the killing of four policemen and the burning of the municipal buildings. Faustino Abien, founder of the famous Dies-Dios Government, and Esperon Dola, his principal lieutenant, were to have been hanged on the same day, but in response to a petition of a military judge and consular commanders, Smith granted them a reprieve of one month.

CANADIAN PACIFIC ISSUES FREIGHT CIRCULAR

MARKING AND ADDRESSING FREIGHT. The attention of all concerned is again directed to the necessity of fully marking all freight. 1. Each package or piece of less than carload freight forwarded on rail, also each package or piece of carload and less than carload freight forwarded "lake and rail" must be plainly marked with the name or initials of the consignee and the destination in full, so as to ensure prompt delivery, even if separated from the waybill. 2. Marks on packages should be compared with the bill of lading, and correction, if necessary, made by the shipper or his representative. Old marks must be removed or effaced. Packages should not be used when the nature of the goods will permit of the address being stencilled on packages. If this be not possible, some distinguishing mark or brand must be placed upon the goods, and must be shown in the bill of lading, and also on the bill of lading, and also the waybill (and also the waybill) must show so many cases of contents, so many cases of peas, so many cases of corn, etc., as well as the brand and the mark indicating the consignee and destination. 3. The marks on the packages must correspond with those shown in the bill of lading. For example, on a shipment of Winnipeg packages must be marked "Winnipeg" and not some other destination for which the goods may be ultimately intended. If packages are intended for redistribution beyond a specified destination, the bill of lading must be shown on the goods. 4. Frequently in connection with lake and rail shipments, there is on the same boat more than one consignment for one consignee. In order to prevent such consignments from becoming mixed, it will greatly facilitate their correct handling if shippers will also show on packages their name or trade name, if they are two or more of the same name, must not be forwarded under the name of the County and Province he gives. 5. When a shipment is destined to a point beyond the line of the Canadian Pacific Ry. which can be reached by more than one route, either rail or water, Agents must be particular to have destination specify what route the goods are to be forwarded. 6. If freight is consigned to a point reached by any railway line, shippers must specify the railway station at which delivery is required, and the route or if destined to a place reached by a water line, the name of the railway station at which delivery is to be made to such water line. The proper marking and addressing same as much in the interest of the shipper as of the carrier. Neglect in the proper addressing of packages may result in the loss or miscarriage of the goods. Agents must see that these instructions are carried out. W. R. MACINNIS, Freight Traffic Manager.

SILK AT A BARGAIN

Latest Swindle is an Old Trick Modernized.

MONESSEN, Pa., April 23.—In response to newspaper advertisements to the effect that if forwarded to a firm in Morgantown, W. Va., there would be sent ten yards of silk, a large number of persons in this vicinity would be tempted to what looked like a bargain. Today a majority of the customers received ten yards of silk through the United States authorities and police are making an investigation.

REGULAR BARGAIN.

"You refuse me," said the ardent girl. "I do, indeed!" replied the beautiful girl. "And then I shall go off to the war. Suppose I return minus an arm, minus an ear and minus a chin. Suppose I return a mere remnant of a man. What would you say?" "The beautiful girl brightened up. "I should accept you on the spot. I always had an irresistible fascination for remnants."

TORNADO BRINGS DEATH, AND DESTRUCTION OF PROPERTY

Southern States Suffer During Fierce Wind—One Town Was Almost Wiped Out. SIOUX FALLS, S. D., April 24.—Information was received here last night and this morning that a terrible tornado struck Valley Springs, twenty-five miles east of here last night and demolished thirty buildings, killed three persons and injured several others. The Isbell family was at supper when the storm came and the house and were unhurt. Mr. Isbell remained in the house and was crushed to death when it fell. Practically all the residences on the east side of the town were destroyed. The Baptist and Presbyterians scattered over the country in fragments. The Baptist and Presbyterians, including the boiler house, cotton mill, and sheds were blown away. The entire building was destroyed. The storm was several hundred miles wide. MEMPHIS, Tenn., April 24.—Telegraph and telephone wires were down between Memphis and Wall. The roof of the Yasso and Mississippi Valley railroad depot was blown off and the building otherwise wrecked. A relief train has left Memphis for the scene. The Yasso and Mississippi Valley Railroad a few miles below Lakeview.

THOUSANDS WITNESS AUTOMOBILE RACE

BRIAR CLIFF, N. Y., April 24.—Twenty-two automobiles of the finest American and foreign types started at dawn yesterday in a 200-mile race. For just a little over thirty-two miles the course winds through picturesque country. Almost every turn of the course is a danger spot and there are many predictions of serious accidents before the race is run. The danger of the course and the possibility of serious mishaps are tremendously to the interest of the contest and long before the hour scheduled for the start the course was lined with automobiles filled with spectators. About three o'clock this morning it was estimated that eleven thousand automobiles were packed along the course. The start had been scheduled for 4:25 o'clock but it was forty minutes later because of intervals of the rain. At exactly 6:00 the starter's pistol rang out and the race was on. The first car crossed the line and started away on the long treacherous journey. The other cars followed at intervals of a few minutes without the slightest accident to mar it. The veteran Barney Oldfield who braved the fate associated with driving a car bearing that number, was given a rousing cheer when he stood at the starting line. He reached the signal. He accepted the greeting with confidence and sent back a grateful look to the shouting thousands. He crossed the line at 6:43 o'clock, seventeen minutes after the first car had started. One of the four cars which had only 23 minutes on the road. That the drivers found it impossible to maintain this great speed over the entire length of the course. The first round was completed by the end of the first round. Strang in car No. 4, the first to lead, held the lead at the end of the third round which he made in 39 minutes, 18 seconds. Watson in car No. 2 was the first man to come to grief. His machine collided with a post at East View and was so badly disabled that it was three hours after the start before he had made repairs and finished the first round. Strang maintained his place at the head of the line until after the end of the fourth round, when half the distance had been covered. At that time he had a lead of 21 seconds on lapsed time over his nearest competitor. Up between Memphis and Wall, the roof of the Yasso and Mississippi Valley railroad depot was blown off and the building otherwise wrecked. A relief train has left Memphis for the scene. The Yasso and Mississippi Valley Railroad a few miles below Lakeview.

THE COMMON COUNCIL

The last meeting of the present common council is to be held on Monday, May 11th. At this meeting the Mayor will give his valedictory. On the following day the council elected on Tuesday last will hold its organization meeting for the purpose of appointing the chairman and members of the various boards and committees. The council as now constituted will hold their regular monthly meetings as usual not holding over their duties to their successors until next month. JOHNSTOWN, Pa., April 24.—Louis Fleckenstein, a well known German resident of this city, attacked his wife with a hatchet early today fatally injuring her and then hanged himself. He is believed to have been temporarily insane. SUMMARY. Norfolk and Western sells \$5,000,000 note. Leading iron producers of the south have announced on trade conditions have been exaggerated. Light demand for stocks in loan market. Pennsylvania bond issue expected to be heavily subscribed both here and abroad. Success of Pennsylvania bonds expected to clear way for financing of the Harriman roads later. Foreign subscription to P. E. bonds expected to weaken exchange next week and may check outward gold movement. These gold shipments likely to be announced today for shipment by Saturday's boat. Crops in Kansas and Nebraska, reported fully three weeks ahead of this time last year.

MORNING LETTER

NEW YORK, April 24.—The assured success of the Pennsylvania bond issue was the governing influence in the stock market yesterday and it is doubtful if this incident in its wider significance has yet spent its force. Not every railway can borrow money upon the same terms as the Pennsylvania, but the positive assertion that the inquiries thus far received have assured the subscription several times over show conclusively that there is a great investment buying power overwhelming the market which will appear in larger amount hereafter when desirable investments are offered. Sentiment is much more cheerful on the theory that if the railways succeed in borrowing money for needed improvements a gradual revival of trade is sure to follow. LAIDLAW AND CO. Sterling—Demand 487.25 to 50; 60 days 485 to 50; cables 482.50 to 48. LONDON, April 24.—Consols—4 1/2 lower at 86 3/4 for money, and 8 1/2 for the account. American generally heavy and inactive. London settlement begins on Monday. LONDON.—National R. R. of Mexico count short bills 2 1/2 to 2 1/2 per cent, for being announced on Tuesday. Exchange Failure is quite important. N. Y.—McIntyre & Co. large dealers in cotton as producers. Liverpool.—It was assumed before the opening yesterday that pool managers would take advantage of the improved condition of the investment market to advance stocks in which they are particularly interested. It was also expected that the room traders would turn to the long side and help to ad-

The funeral of the late Miss Rachel E. Lockhart took place this afternoon at 3 o'clock from the residence of D. H. Warwick, 23 Stocktonburg St. Rev. Mr. Marr conducted the services. Interment was made in Fernhill cemetery.

Anglers, who own shares in the different fishing clubs, are almost in despair. The late spring has kept the ice as solid in the lakes as it was in early winter. From present indications the season will open as late as it did last year, when little angling was to be had before Victoria Day.—Sussex Record.

At the Pan-American conference St. John churches will make a gift of \$10,000 to the thanksgiving for missions. This will be very nice, but there are a lot of other nice gifts for private persons to be had at Walter H. Irvine's the Jeweler, 55 King street. Watches, Alarm Clocks, that would wake the dead, Pins, and Novelties of all descriptions at very reasonable prices.

Premier Hazen and Surveyor General Grammer will likely return to their homes from Ottawa on Saturday and on Tuesday morning next at ten o'clock a meeting of the government will commence in this city. When the government members arrive for this meeting they will be here to stay for the session of the legislature as their meeting will be for the purpose of completing arrangements for the session and will continue until the opening.—Gleaner.

Rev. T. Albert Moore, of Toronto, secretary of the Dominion Lord's Day Alliance, who was in the city yesterday had an interview with Premier Hazen relative to the enforcement of complaints under the Dominion Lord's Day Act, such complaints having been assented to by the attorney general of the province in which they are made. While discussing matters in connection with the enforcement of the Lord's Day Act, Rev. Mr. Moore stated that he had been offered a salary of \$3000 per annum by the Ontario government to carry on such prosecutions in Ontario. The offer had been so tempting that he almost accepted it.—Gleaner.

The G. T. P. are still rushing things in the vicinity of Plaster Rock. Thirteen houses for the workmen and a large office building are being built about a mile and a quarter from the Sisson Ridge road, in the rear of the J. B. Cliff farm, and thirteen stables are also being put up at another point a short distance away. Some houses will also be built near the John McDougall farm. Speculation is rife about here as to where the permanent divisional point will be, which it is supposed will be located somewhere near Plaster Rock.—Victoria Co. News.

R. H. Arnold Gets the Job—St. John Will Go After the Federal Grant of \$50,000—May Secure Grounds in Lancaster

At a meeting of the Exhibition Association held last evening Mr. R. H. Arnold, of Sussex, was appointed manager of the St. John Exhibition for 1903. Mr. Arnold is a prominent Kings County farmer. He is William Thomson and Co's representative at Sussex, and has a number of years connected with the Sussex Exhibition, being manager last year. He is considered an all round man and one who is fully qualified for the position to which he has now been appointed. Mr. Arnold still, it is understood, open offices in St. John within a few days. Mr. J. F. Gleason will continue to serve as secretary.

The directors intend holding meetings frequently for the next few weeks in order to consider preparations for the coming fair. Last evening the matter of applying for the \$50,000 grant for the Dominion fair was considered. Hon. Mr. Fisher estimated some time ago that New Brunswick and Saskatchewan would both be given a chance before this grant could again go to Ontario. Alberta is having the Dominion fair this year and the grant is divided between 1903 and 1910. Fredericton and Moncton are now after it. St. John will also apply and while the committee has been selected by the directors, it is probable that this grant will be asked for 1910. The hope was expressed that by that time more suitable buildings and larger grounds than those now occupied could be secured. Different sites in the city or at least one good site, in the city proper, it is the opinion of some of the directors that most suitable place of all would be in Lancaster, either in the Clark field where the Barnum and Bailey circus was held, or on the city property above Fairville. The success of an exhibition there would, however, depend upon the completion of a new bridge over the falls. It is felt that with the present suspension bridge it would not be advisable to arrange for exhibits on the other side, but if the government goes ahead with the plans for the proposed bridge the structure should be completed by 1910 in which year the Dominion fair would be held. It was felt that St. John has the advantage in applying for the Dominion grant as against Moncton or Fredericton.

EVERYONE MAY FISH IN LILY LAKE THIS YEAR

Directors Arrange for Sport Under Certain Conditions—Protection for the Trout.

The committee of the Horticultural Society to whom was referred the making of regulations governing the fishing for trout in the waters of Blockwood Park met yesterday, Mr. Geo. S. Fisher in the chair. Mr. Frank White was present representing the Frank White Catering Company.

Subject to the regulations adopted by the committee and which may be changed from time to time, it was decided to place the management of the fishing privileges of the lake, collection of the fees, and charges, etc., in the hands of the White Catering Company.

It was decided to open the lake to fishing on Saturday the ninth day of May next, the fishing to be confined to surface fly fishing, thus securing a slight measure of protection to the trout, fishing to be permitted only between the hours of five o'clock, a. m. and noon, and from 2.30 to 7.30 p. m., thus giving workmen and persons employed in offices, shops, etc., an opportunity of fishing before business hours, and also for a short time in the evening. It was thought inadvisable to keep the fishing open during the day because the fishing might thereby be injuriously affected, and the ordinary pleasure seekers of the lake might interfere with the casting of the fly, and might themselves be inadvertently caught by a careless or unskilled fisherman. One or more persons may engage a boat, for which the charge will be as heretofore, 25c. an hour. Not more than two rods will be allowed in each boat, the charge for which will be 50c. per hour. Not more than one dozen fish can be caught per rod in any one day so that an enthusiastic sportsman who is fortunate enough to catch the limit in the morning cannot repeat the operation at a later hour in the same day. Fishing will not be allowed except from a boat.

No fishing will be allowed excepting upon Lily Lake, it being thought that the other lakes are not yet sufficiently stocked to warrant their being fished for the present. The committee desire to be distinctly understood that they have not as yet decided upon how long they will keep the season open, and these regulations can be changed by them from time to time, much depending upon the result of the fishing.

The funeral of the late Mrs. James Greene took place this morning at 8.45 o'clock from the residence of her father, Thomas Grealy, 45 Main street, to St. Peter's church, where high mass of requiem was celebrated by Rev. Fr. Scully. Interment was made in the North End burial grounds.

TRUANTS THREATENED WITH A WHIPPING

Boys Warned That They Might be Spanked by a Policeman for Staying Away from School

Two brothers, William and James McCaul, and both boys of a minor age, appeared in court this morning charged with habitual truancy. Truant officer, Boyd McMann, said that out of seventy-nine days of school the boys had attended only thirty-nine, and their parents had told him they could not compel them to go.

The magistrate told the boys that he would perhaps adopt the cut-n-nine-tails to inflict punishment. He pictured to the youth a strap several inches in width and said that if used, one of the ablest policemen would deliver the blows. He did not intend to kill them but their backs would bleed and much pain would be suffered.

He also said that the parents should be brought to the court and punished for not sending them to school. The boys were remanded until tomorrow when their mother and father will be called as witnesses.
