

## DAILY STRIKE IN WESTERN STATES FEARED

Over 55,000 Engineers and Firemen Involved in the Dispute.

MEANS TIE UP OF NINETY-SEVEN ROADS.

Vote Taken at Meeting Shows Overwhelming Majority Are Ready to Quit Rather Than Accept Ruling on the Wage Question.

Chicago, July 14.—Representatives of 55,000 engineers and firemen on 98 western railroads today declared that they would not accept arbitration of their wage differences under the Erdman Act, but would continue negotiations with their employers.

Warren S. Stone, grand chief engineer of the Brotherhood of Locomotive Firemen and Engineers, met the general managers' committee of the railroads today. The session was prolonged until afternoon. It was announced by Mr. Carter for the employees that the vote of the Brotherhood of Locomotive Engineers was 97.37 per cent. in favor of a strike, and that the vote of the Brotherhood of Locomotive Firemen and Engineers was 99.2 per cent. in favor of strikes.

The threatened strike was still in the balance tonight, although the employees had announced to the roads today that they had voted nearly unanimously to strike to sustain their demands if necessary, and that arbitration under the federal law would not be accepted.

The railroads, through their general managers' committee, insisted that to grant the employees' conditions would mean an increase of \$35,000,000 annually in wages. The engineers and firemen asserted that their demands were fair and equitable.

It is expected that further conferences will be held. Should the negotiations fail and the employees stand by their announced refusal of arbitration, the resulting strike would directly affect 55,000 engineers and firemen and indirectly a much larger number of workers.

W. S. Carter, president of the Brotherhood of Locomotive Firemen and Engineers, issued a long statement following the announcement of the strike vote to the conference committee in which he said the unions would refuse arbitration under the federal law as the railroads have not lived up to previous arbitration awards.

**HOLD OUT HOPE TO THE SUFFRAGETTES**

Politicians Tell Them Day of Enfranchisement is Near— Militants Attempt to Wreck a Castle.

London, July 14.—That the next government, whatever it might be, "would be obliged to deal with the woman suffrage question as a party measure in some shape or form," was the encouraging message given to a large deputation of international suffragists at the House of Commons today by Francis Dyke Acland, parliamentary under-secretary for foreign affairs.

Lord Robert Cecil, for the Unionists, and James Ramsay MacDonald, for the Laborites, addressing the deputation, expressed the opinion that the time was not distant when the women would be enfranchised.

Mrs. Carrie Chapman Catt, president of the International Woman Suffrage Alliance, in returning thanks on behalf of the visitors, said they were pleased to find themselves within the walls of the House of Commons, which she is stranded have proved ineffectual, and the two boats which had gone to her assistance returned today to Rimouski. Her situation is said to be serious, as she may have to wait for the high tide of the 32nd before another trial can be made, and until then the northeast wind will be dangerous.

**ACTION FOR SLANDER.**

Montreal, July 14.—Because, he says, Dr. A. A. Audet, uttered alleged defamatory remarks in connection with his work in the Ville Emard, expropriations Dr. Leon Dubois, alderman for that ward, has entered action for \$5,000 damages against Dr. Audet.

## FAVORS TAKING AWAY PRESENT RESTRICTIONS

U. S. Secretary Garrison Advocates Removing Limits Placed on Importation of Electric Power for Canada.

Washington, July 14.—Removal of restrictions upon the importation of electric power from Canada and retention of the present limit of 15,000,000 cubic feet per second upon the amount of water diverted for power purposes from the Niagara river above the falls on the American side, were advocated by Secretary Garrison in a letter to the House Foreign Affairs Committee, made public today. With the letter Mr. Garrison sent a report by Brig. General Kingman, chief of the army engineers, declaring that the enormous commerce on the Great Lakes probably soon would demand a ship canal between Lakes Erie and Ontario on American soil.

As to the situation below the falls, Secretary Garrison said there seemed to be no reason for an express limitation upon water diverted there. He endorsed in a general way the pending Smith and Cline bills, which he said close approaches for the legislation needed for the protection of the Niagara river and for the best and most economic use of its waters for power developments not inconsistent with navigation interests.

The secretary's letter will be before the committee tomorrow at a meeting called for a general discussion of the Niagara water division problems, which have vexed congress, the war department, and New York State authorities for years.

## ROOM AFTER HOME RULE IS SETTLED

Recovery in Financial World Equal to Rubber Boom, London Financial Man Predicts.

London, July 13.—Immediately the Irish question is settled amicably there is every prospect of a big recovery in the world of finance, which will equal the rubber boom, declared a well known London firm of financiers of colonial enterprises to the Montreal representative yesterday. Their assertion was supported by the assurance that \$240,000,000 are on deposit in the banks, which investors are afraid to invest.

**FAIL TO HAUL STR. CANADA OFF ROCKS**

Wrecking Tug and Government Boat Gave Up Attempt to Dislodge Stranded Vessel.

Quebec, July 14.—All efforts of the wrecking tug Lord Strathcona and the Canadian government steamer Lady Evelyn to dislodge the steamer Canada, of the Gaspé and Bay Des Chaleurs Line, from the rocks on which she is stranded have proved ineffectual, and the two boats which had gone to her assistance returned today to Rimouski. Her situation is said to be serious, as she may have to wait for the high tide of the 32nd before another trial can be made, and until then the northeast wind will be dangerous.

**FALL OF BASTELLE.**

Montreal, July 14.—The hundred and twenty-fifth anniversary of the fall of the Bastille is being celebrated in the French-Canadian sections of Montreal where the tri-color is conspicuously in evidence. The celebration is planned this year on a more elaborate scale than ever before, and until the clocks strike twelve midnight Sunday, there will be big celebrations here daily.

## LORDS GIVING READING OF BILL FOR VOLUNTEERS TO PREACH SEDITION IN INDIA

Marquis of Crewe Hints at Agreement Regarding Time Limit for Ulster Vote on Exclusion.

A NEW CLAUSE IS ADDED TO MEASURE.

King by Order in Council May Secure Operation of Home Rule Act Pending Report on Ireland's Constitutional Relation to Rest of United Kingdom.

London, July 14.—The House of Lords today passed the third reading of the bill to amend the Irish home rule bill and sent it across to the House of Commons for consideration. In its closing in the upper house the Marquis of Crewe, the Liberal leader, took part in the debate on the bill, and indirectly promised that the attainment of an agreement in regard to the elimination of the time limit by which the votes of Ulster were to be allowed to count on the question of their exclusion for a period of six years from the operation of the home rule bill would not prove difficult.

He said, however, that the area of the portion of Ireland to be excluded had been so greatly enlarged by the Unionists that it would be a vexed and critical question. The Unionists, he argued, had failed to explain how they proposed to meet the objections to exclusion of the Roman Catholic counties of Ulster and their friends elsewhere in Ireland.

The Marquis of Lansdowne, the Unionist leader, retorted that nothing short of the Unionist amendments could avert the imminent peril that was threatening. He said this was his explanation of the demand for the total exclusion of the province of Ulster, and he complained that the government had given the Unionists no assistance whatever in the task of averting civil war.

At the suggestion of the Marquis of Crewe, the bill was read a third time without a vote being taken.

**BRUTALLY ASSAULTED BY NEGROES**

Went to City to See Circus— Attacked and Left Unconscious in Freight Car.

Montreal, July 14.—Gertie Hodge, seventeen years of age, of Valleyfield, Que., was found at noon today in a box car in the C. P. R. yard in Montreal in a serious state as the result of an assault. She was taken to the Western Hospital. The girl says she came to the city yesterday to see the Robinson circus, and after the night performance she was grabbed by two negroes and hurried into a railway car, where she was assaulted and robbed of jewelry and money. The circus was going to Farnham, Que., and she says the two men in question must have thrown her unconscious body into a box car at Farnham on a train bound for Montreal.

**GOV. DINGLEY RUNS INTO A TORPEDO BOAT**

Strikes Destroyer in Portland Harbor En Route from St. John to Boston—Escapes Damage.

Portland, Me., July 14.—The passenger steamer Governor Dingley of the Eastern Steamship Corporation on her way from St. John to Boston today fouled the torpedo boat Rodgers in the harbor here. The steamer struck the torpedo boat, a glancing blow on her port side loosening a plate of the naval vessel and causing her to leak considerably. The Governor Dingley was not damaged and proceeded on her course.

**GREECE AND TURKEY.**

Geneva, Switzerland, July 14.—The Swiss government has officially acceded to the request made by both Greece and Turkey for the appointment of an arbitrator to settle the differences between these two countries in the event of the negotiations, which are now being carried on a Smyrna, failing. A Greece-Turkish commission is endeavoring to reach a settlement on the immigration question, and an exchange of property belonging to Greek and Turkish refugees.

## CALL FOR VOLUNTEERS TO PREACH SEDITION IN INDIA

Appeal Issued in Vancouver—Effort Made to Charter Boat to Bring Five Hundred Hindus to Halifax Via Suez Canal.

Vancouver, July 14.—Negotiations are now being carried on by an East Indian, calling himself Behari Lal Verma, as secretary of the America Indian Colonization Company, with Towler, Jones and Company of Bombay for a vessel capable of carrying five hundred Hind class Hindus to the Suez Canal to Halifax. Verma failed in chartering a boat in Hong Kong for the same purpose. The protector of emigrants, the government official in Bombay, has not yet agreed to issue permits for the proposed five hundred emigrants to Canada.

A call for four hundred volunteers among the Hindu residents of Canada to go to India about the time the Komagata Maru sails back and to preach sedition there with the Maru passengers is now being issued here. Hindus have also gone east, in order, it is said, to get into the United States there and come west to the Pacific coast states to raise additional volunteers there to make the total number 1,000.

## CLEAN-UP OF MONTREAL'S RESTAURANTS

"No. Insects in Food Served Up," Acting Mayor Says— Will Keep After Proprietors.

Montreal, July 14.—Acting on the orders of the acting mayor, Alderman Blumenthal, the city health inspectors are to commence a "clean up" of city restaurants at once.

"We shall get rid of bedbugs, or cockroaches, in the food served at restaurants," said the acting mayor, "and I have written to Dr. Boucher, the medical officer of health, and to Dr. Rene Mallet, head of the milk inspection department, to order them to send inspectors to every restaurant in the city. There they are to inspect the food and the place itself, and if they find any bad food I have told them to seize it; if they find the place is dirty they have orders to make the proprietors clean up. We will then prosecute such people in the courts. It is not right that Montreal's floating population, eating in restaurants, should have food other than that which is perfectly clean."

**WIFE UPSTAIRS WHEN THE FATAL SHOT WAS FIRED**

Dr. Carman Appears Before Grand Jury in Case Against His Wife for Murder of Mrs. Bailey.

Mincola, L. I., July 14.—The grand jury today took up the case of Mrs. Florence Carman, charged with the murder of Mrs. Louise Bailey, one of her husband's patients, who was shot in his office, June 30.

Dr. Carman was the first witness called. He was on the stand nearly two hours. As he left the grand jury room he refused to say anything about the nature of his testimony, but stated that he had not been asked to waive immunity, as had been expected.

District Attorney Smith said he was satisfied with Dr. Carman's story, and had changed his mind about asking him to sign a waiver of immunity.

Neither Dr. Carman nor the district attorney would say whether Dr. Carman had in any important details, although he had the story that he was coroner's inquest. The chief point in this account was that his wife was up stairs when the shot which killed Mrs. Bailey was fired.

The doctor was followed by Geo. Fairfield, a surveyor, who had been called upon to present a diagram of the house where the murder was committed. Among the other witnesses cited to appear were: Wm. Bailey, husband of the murdered woman; Mrs. Jennie Duryea, mother; Miss Madeline Bailey, a daughter, and Mrs. Wm. Kimball, a cousin.

While the grand jury was engaged today in hearing nine witnesses tell what they knew about the mysterious murder of Mrs. Louise Bailey and the actions of Mrs. Florence Carman just before and just after the crime, detectives were running down a clue District Attorney Smith said he believed would lead to the finding of the two women whom Mrs. Carman and her sister, Mrs. Ida Powell, said they saw hurrying away directly after Mrs. Bailey fell to the floor of Dr. Carman's office in Freeport with a bullet hole through her heart.

## WIFE UPSTAIRS WHEN THE FATAL SHOT WAS FIRED

Dr. Carman Appears Before Grand Jury in Case Against His Wife for Murder of Mrs. Bailey.

Mincola, L. I., July 14.—The grand jury today took up the case of Mrs. Florence Carman, charged with the murder of Mrs. Louise Bailey, one of her husband's patients, who was shot in his office, June 30.

Dr. Carman was the first witness called. He was on the stand nearly two hours. As he left the grand jury room he refused to say anything about the nature of his testimony, but stated that he had not been asked to waive immunity, as had been expected.

District Attorney Smith said he was satisfied with Dr. Carman's story, and had changed his mind about asking him to sign a waiver of immunity.

Neither Dr. Carman nor the district attorney would say whether Dr. Carman had in any important details, although he had the story that he was coroner's inquest. The chief point in this account was that his wife was up stairs when the shot which killed Mrs. Bailey was fired.

The doctor was followed by Geo. Fairfield, a surveyor, who had been called upon to present a diagram of the house where the murder was committed. Among the other witnesses cited to appear were: Wm. Bailey, husband of the murdered woman; Mrs. Jennie Duryea, mother; Miss Madeline Bailey, a daughter, and Mrs. Wm. Kimball, a cousin.

While the grand jury was engaged today in hearing nine witnesses tell what they knew about the mysterious murder of Mrs. Louise Bailey and the actions of Mrs. Florence Carman just before and just after the crime, detectives were running down a clue District Attorney Smith said he believed would lead to the finding of the two women whom Mrs. Carman and her sister, Mrs. Ida Powell, said they saw hurrying away directly after Mrs. Bailey fell to the floor of Dr. Carman's office in Freeport with a bullet hole through her heart.

These women, the district attorney asserted, may be able to offer corroboration to the testimony given by Elwood Barstow, the inquest, and the story told today by Miss Coleman, a negro maid in the Carman home, to the grand jury.

The jury is expected to dispose of the case by Thursday evening.

## HOTEL BARS KEPT OPEN ON ELECTION DAY.

Winnipeg, July 14.—Election day infringements of the Liquor Act have resulted in nearly twenty prosecutions being instituted by the provincial licensing department against Winnipeg hotels for having their bars open on Friday last. The Act provides that bars shall be closed all day during federal and provincial elections and contrary to this a number of local bars opened for business when the polls closed on election day last week.

## MEXICAN REBELS SWEEP ON TOWARD THEIR GOAL

SHOOT FOR PALMA TROPHY ON SEPT. 5

Canada and U. S. Will Be Represented at International Rifle Meet—Other Countries Sending their Marksmen to Australian Competition.

Ottawa, July 14.—September fifth has been set aside this year as the date for the Palma trophy competition at Rockcliffe Ranges. Two teams are sure of entering this great international match, Canada and the United States, but the entry of others is very doubtful, owing to the entry of Great Britain and other countries in the Australian matches around that date.

Last year five teams competed, United States, winners with 1,714 points; Argentine Republic, second with 1,684; Canada, third, eight points behind with 1,675; Sweden, 1,494; and Peru, occupying the tall end position with 1,465. The match was held at Camp Perry, Ohio. In 1912 the match was held at Rockcliffe Ranges, in which the United States team was again victorious, winning from Canada by eight points. This match was practically won in the 900 yard range when the Americans secured a seven point lead, which led the Canadians to stroke to overcome to no avail. The visitors sat a new world's record as a team.

The Canadians equalled the world's record up to that time, while Sergeant Russell of the home team established a new individual world's record with 222 points out of a possible 225, or securing 42 bulls-eyes and 3 inches out of a possible 45 bulls-eyes, losing but three points on the day's shooting. Sergeant Russell in this case beat his own former world's record of 219 points on the three ranges.

Notwithstanding the few teams entered this year it is expected that greater interest than ever will be taken in the famous match.

**GIRL PATIENTS AT SANITARIUM ARE DROWNED**

Westfield, Mass., July 14.—Three girls, patients at the State Tuberculosis Hospital, were drowned while bathing in the Westfield river today, in company with about twenty other patients. The drowned were Fannie Gold, 14; and Bella D. Steinhilber, 13, of Boston, and Annie E. Linehan, 13, of Chelsea.

**TO AVOID DANGER FROM VESSELS CROSSING**

Idea Suggested to Have Different Points For Pilots to Board and Leave Steamers in the St. Lawrence.

Special to The Standard.

Ottawa, July 14.—Captain Lindsay, the newly appointed superintendent of pilots, who just now happens to be at Father Point, has been instructed to report on the suggestion that separate points be established for pilots with connection with incoming and outgoing vessels. The idea is to avoid the danger from vessels crossing.

**SHOT IN MISTAKE FOR A BURGLAR**

Montreal, July 14.—Melvin G. Cowie 2050 Park avenue, was shot in the left foot last night while in his own yard by Detective Charette, who mistook Mr. Cowie for a burglar. The detective thinks he was justified, owing to Mr. Cowie acting "mysteriously" at the time, but the latter threatens to sue the city for damages because of the shooting. It is understood the chiefs of the detective and police departments exonerate Detective Charette.

## ATTEMPT TO PREVENT STREET FIGHTING.

Constitutionalists Will Hold Reins of Power in Few Days Say Diplomats—Believe Huerta is Preparing for Last Stand.

Washington, July 14.—Although the resignation of General Huerta is confidently expected by the State Department and Washington diplomats to occur at any moment, the constitutionalists, unaffected by the news are pressing hard their military campaign on Mexico City.

Official despatches revealed that General Villa with 15,000 men, was ready for a rapid advance on the Mexican capital, and that General Obregon's forces at Guadalajara were prepared to sweep onward within a few days. Although officials have not been given much to press on, they now firmly believe the constitutionalists will be in Mexico City in two or three weeks, regardless of what the Huerta government may do.

Diplomats are working hard to prevent fighting in the capital and still hope that the transfer of power to the constitutionalists may be effected without further bloodshed. General Huerta's resignation, it is realized, would not immediately compose the situation, but it would make possible parleys with the constitutionalists through which a change of government could be accomplished peacefully.

The numerous official advices saying Huerta would resign in a day or two, including messages from the Brazilian minister in Mexico City and other diplomats have raised the expectations of official Washington that his exit from power also would signify his flight from the country. Some constitutionalists here think he will go by way of Salina Cruz, a Pacific coast town. Others among them, Fernando Iglesias Calderon, and some high administration officials, are not at all convinced that Huerta is ready to abdicate. They declare that the departure of his family means only that he is preparing to desert to measures, such as a big rally of federal forces, which he himself would command.

**DOUBLE DROWNING AT DUGBY**

Dory Capsized and Three Occupants Thrown Into Water—Two Brothers Lose Lives.

Digby, N. S., July 14.—A double drowning accident took place at Barley this afternoon. Three young men, Kenneth Perry of Barton and Reginald and Claude Miner of Dorchester, Mass., were out motor boating, when returning from the boat anchorage to the wharf in a small punt or tender during a rough sea, it capsized throwing its occupants into the water, young Perry swam ashore. Reginald Miner was a good swimmer, and also swam ashore, but returned to save his brother with the result that both were drowned.

The bodies were recovered tonight and an inquest held before Coroner Hurdford Van Blarcom, resulting in a verdict of accidental death. Reginald Miner was aged twenty years and Claude sixteen. They were sons of the late Dr. Miner, and were summering at Barton, their native village. They are survived by their mother, three sisters, Burtrude, Mildred and Georgie, all of Dorchester, Mass., and one brother, Willis.

**UNVEILS PORTRAIT**

London, Ont., July 14.—A portrait of the late President William McKinley, president of the Wesleyan Methodist central hall in Westminster by Joseph G. Butler, Jr., of Youngstown, Ohio was unveiled today by Walter Hines Pate, United States ambassador. Sir Robert William Perks, son of the Rev. G. T. Perks, former president of the Wesleyan conference, presided, and in his speech referred to the "wonderful influence for good exercised by Methodist in the United States." Mr. Butler received an ovation when he rose to speak, and was also cheered for the tribute he paid to the career of President McKinley.

# BIG FIGHT THIS WEEK

## Carpenter and Gunboat Smith to Clash Thursday—Thousands Cheer Frenchman on Arrival.

London, July 14—Georges Carpenter, the French Champion, who is to meet Gunboat Smith, the American heavyweight, in a twenty-round fight at Olympia on Thursday, came to London today. Arriving at Charing Cross he was the recipient of a tumultuous demonstration, that for size and enthusiasm would not have been accorded a popular foreign monarch. Horaces were unharmed and perspiring French admirers dragged their hero's carriage to a hotel, followed by an immense crowd that cheered most of the way.

# CAN EXCLUDE HOLDERS OF PREFERRED STOCK

Albany, N. Y., July 14—By a decision of the Court of Appeals today the Union Pacific Railroad Company is permitted to grant dividends to holders of common stock on certain hold- ing stock. The action was brought by the Equitable Life Assurance Society to enjoin the defendants from this distribution. The Union Pacific may now distribute about \$80,000,000 among holders of common stock. Of this amount \$58,084,157 resulted from Northern Pacific transactions and \$21,915,843 came from a decrease in liabilities resulting from the exchange of convertible bonds. The Union Pacific officials maintained that these sums were "profits" and liable to distribution under certain provisions of the articles of association, which excluded the preferred stockholders from participating in such "profits."

# CAPTAIN OF VESSEL ARRESTED AT YARMOUTH

## Shippers of Cargo of Lumber Want Money Back—Paid for Demurrage.

Special to The Standard  
Yarmouth, N. S., July 14—The Norwegian ship *Mabella* has completed loading a cargo of 1,104,000 feet of lumber for River Plate. There is it appears a claim for demurrage to which D. R. Saunders, who furnished the cargo, objects. A sum of money however, was paid to the master of the vessel, Captain Carlson. The shipper of the cargo now seeks a return of the money paid with the result that Captain Carlson was taken to jail yesterday. The Norwegian consul at Halifax here would see what is expected that the matter will be amicably arranged.

# A SUGGESTION.

St. John, N. B., July 14, 1914. To the Editor of The Standard,  
Sir—The extent of the sympathy which has gone out from the people of St. John to the bereaved parents of the late Policeman O'Leary, is only commensurate with the sadness of his passing. His death has left his parents without any visible means of support; he was the only bread winner of the family. Might I suggest that his mother, while she lives, she is now nearly sixty years of age, be allowed by the city an amount equal to the earnings of her son, who was taken away from her while bravely doing his duty on behalf of the people of this city. There can be no doubt that citizens generally will gladly agree with my suggestion.  
Yours respectfully,  
GEORGE MCARTHUR.

# What to Use and Avoid on Faces That Perpire

Skinn to be healthy must breathe. It also must perspire. The pores of the skin are the joints of the body's waste material. Perspiring both with elimination and breathing, especially during hot seasons, is necessary for the health of the system. If more waste is understood this, there would be fewer skin-ridden conditions. The remarkable substance actually absorbs the heat from the skin and to the face. It is a source of great satisfaction to the C. P. R. to know that no blame attaches to any of the company's officers and that Canada's great waterway is equally free from reproach. These are the bright features that emerge from the inquiry into a disaster that cast a gloom over the world and left many sad hearts.  
Sir Thomas arrived in Montreal on July 13 from his summer home at St. Andrews, N. B.

# MILLIONS WASTED THROUGH POOR SYSTEM OF ORGANIZATION IN ARMY

## French Senator Starts Breeze in Upper Chamber—Claims Armaments are of Inferior Type.

Paris, July 14.—The Senate and Chamber of Deputies were in session throughout the day, but in spite of all endeavors the senate failed to pass the budget of 1914 before adjourning at 11 o'clock tonight. The two houses will meet early tomorrow morning for the purpose of taking a vote in time for President Poincaré to sign the budget before leaving for Russia at 1 noon.

# ICEBERGS AND FOG INTERFERE WITH DUKE'S PROGRAMME

St. John's, Nfld., July 14.—The Duke of Connaught arrived at St. John's this afternoon on the cruiser *Essex* unexpectedly. He was not due until tomorrow. After leaving Botwood on Sunday night the warship ran into fog which delayed her all yesterday and last night. As the duke's programme contemplated a visit to Bonavista yesterday and Trinity today two of the most important towns on the eastern side of the island, and the approaches to both were difficult in fog or storm. The duke's programme was accordingly cancelled. The duke landed informally this afternoon and visited the general hospital where he saw four survivors of the warship which reached here at ten a.m. The duke landed informally this afternoon and visited the general hospital where he saw four survivors of the warship which reached here at ten a.m. The duke landed informally this afternoon and visited the general hospital where he saw four survivors of the warship which reached here at ten a.m.

# TO REHEAR SATURNIA AND MONTFORT CASES

Special to The Standard  
Ottawa, July 14.—A rehearing has been ordered in the cases of both the steamer *Saturnia* and the *Montfort* which grounded in the St. Lawrence last spring. When the inquiries were held the pilots were suspended. Senator Choquette, however, now claims to have new and important evidence. Capt. Demers and Lindsay will hear the cases in Quebec.

# HON. MR. PERLEY SPEAKS ON QUESTION OF AIDING THE EMPIRE

London, July 15.—An imperial garden party was given at Richmond by Earl Dysart yesterday, when high commissioners and agents general with their families and guests were present. At the marquee meeting Hon. G. H. Perley, acting Canadian high commissioner, said both parties in Canada were agreed that the dominion should join Great Britain in the matter of defence but differed as to how it should be accomplished. That question would be settled at the next general election, he believed to the satisfaction of all Canadians and to the empire. It was realized, when a way of grouping was found, Canada should have some voice in deciding for peace or war, and in directing the foreign policy of the empire. The Hon. Mr. Perley attended a meeting of the imperial defence committee in the morning.

# VERDICT SPEAKS FOR ITSELF, SIR THOMAS SAYS

Montreal, July 14.—"The verdict speaks for itself," said Sir Thomas Shaughnessy this afternoon, speaking of the findings of Lord Mersey's court. It is a source of great satisfaction to the C. P. R. to know that no blame attaches to any of the company's officers and that Canada's great waterway is equally free from reproach. These are the bright features that emerge from the inquiry into a disaster that cast a gloom over the world and left many sad hearts.  
Sir Thomas arrived in Montreal on July 13 from his summer home at St. Andrews, N. B.

# AEROPLANE MADE "FOOLPROOF" BY NEW STABILIZER OF NEW YORK MAN WHICH WON \$10,000 PRIZE IN FRANCE

The "foolproof" aeroplane has arrived. In the future it will be possible for a boy ten years old to operate a flying machine with as much ease and as little danger as would be the case were he riding a bicycle. The minimizing of danger in flying has been made possible by the invention of Elmer A. Sperry and his son, Lawrence, of New York, who won the grand prize of \$10,000 with their safety device in France. Their invention consists of a series of four gyroscopes, which automatically maintain the equilibrium of the aeroplane while in the air. They successfully demonstrated the possibilities of their invention when it was shown that a person could climb from end to end of the machine while it was in the air without disturbing the balance and while the pilot was exercising no manual control over the stabilizers or lateral planes.

# LUKE DILLON WAS A MODEL PRISONER

Special to The Standard.  
Ottawa, July 14.—In view of certain comment that has been made in the release from Kingston Penitentiary of Luke Dillon, who was convicted of attempting to dynamite one of the gates of the Welland Canal in 1900 it may be stated that not only was Dillon a model prisoner both from point of view of conduct and industry, but his previous record was perfectly good and his term of imprisonment was greater than that in a number of cases in Great Britain where life imprisonment was commuted.

# NO MORE CHICKEN FAT MNG N NEW ORLEANS?

New Orleans, La., July 14.—Chickens, probably, will be placed under the ban with rats, by health officers fighting the bubonic plague here, which in the last few weeks has affected five persons and resulted in three deaths. Federal health officials will ask the city council to pass an ordinance making it unlawful to keep chickens within certain prescribed districts in the city. The chickens do not harbor plague germs, the doctor said, but feed them to attract rats, and are difficult to keep clean. More of the 13,000 rat traps ordered arrived today, and were being placed. No new cases developed.

# DIED.

BARNES—At his late residence, Boston, on Sunday morning, July 12th, Henry K. Barnes.  
O'BRIEN—At Banor, Me., on 13th inst., James Andrew, son of Bridget and the late Thomas O'Brien of Brookville.  
Notice of funeral later.

# STUDYING TRADE.

Montreal, July 14.—Messrs. Henry Risley and Marling Lewis, the two British commissioners who have been making a tour of the world in the interests of trade to that port, and at the same time studying the equipment of other harbors, were entertained today by the Montreal Harbor Board of Montreal, followed by a luncheon on the steamer *Sir Hugh Allan*.

# ALLIGATOR STILL FREE

St. Catharines, Ont., July 14.—The four footed alligator which a short time ago escaped and found congenial quarters in the Welland Canal, putting a stop to bathing, is still at large. Today the water was drawn off the roadway, but there was no sign of the saurian, which is now believed to be in the old Welland Canal.

# WALKER-ORMOND.

London, July 15.—The marriage has been arranged to shortly take place of George Arthur Walker, son of the late Alexander Walker, of Montreal, and Katherine, only daughter of Lt.-Col. Selby Ormond, commanding the Lan cashire Fusiliers.

# REGRET DEPARTURE OF REV. C. T. CLARK FROM YARMOUTH CHURCH

Ministers' Institute Passes Resolution Expressing Appreciation of His Good Work.  
Special to The Standard.  
Yarmouth, N. S., July 14.—At a meeting of the ministers' institute the following resolution with reference to the departure of Rev. C. T. Clark was unanimously passed:  
"Whereas Rev. C. T. Clark is closing his pastorate at the Temple U. B. church, which necessitates his severing his connection with the Presbytery of Yarmouth, we the pastors of the town in regular meeting assembled, wish to place on record our high appreciation of him both as a minister and a man.  
"His spirit of fairness and willing co-operation has materially contributed to the harmonious relations which have constantly existed among us. Mr. Clark has efficiently filled the position of secretary of our society for the past year, and whenever he has appeared on our programme it has been with credit to himself and profit to those assembled.  
"We regret his departure and wish him the highest success in whatever field he may be called to serve."  
Mr. Clark will likely go to that province after leaving here.

# SETTLE UP C. N. R. BOND MATTER IMMEDIATELY

Special to The Standard.  
Ottawa, July 14.—Hon. W. T. White, minister of finance, returned to Ottawa this afternoon and it is expected that the trust deed in connection with the C. N. R. bond guarantee will be signed and delivered almost immediately.  
Sir George Foster will return from Dalhousie, N. B., this week for a day or two but leave again to meet the Dominion Trade Commissioner with whom he will spend the next two months in Newfoundland and Canada. Canadian Northern representatives, including Sir Wm. MacKenzie, Z. A. Lash and Judge Phipps, have been in the Capital all day today awaiting the return of the Minister of Finance, in order that the final details of the bond guarantee and the trust deed might be completed, and the company enabled to proceed with its financing. The trust deed contains certain new provisions, providing for the approval by the Minister of Finance of the time and price at which the bonds are to be offered for sale. The trust company, which will be appointed trustee for the bondholders has not yet been named, but the choice is said to be between the National and the Dominion Trust Companies. Hon. Arthur Meighen arrived in the Capital today from Manitoba.

# FIRE CHIEF'S CHAUFFEUR EXCEEDED SPEED LIMIT

Montreal, July 14.—Fireman Chas. Heaney, chauffeur of Deputy Fire Chief Mann's motor car, admitted at the morgue today that at the time of the collision with another motor car early Monday morning, resulting in the death of Arthur Caron and severe injuries to Deputy Chief Mann and others, he was driving his car at the rate of 25 miles an hour, though returning from a fire. He assumed that such speed was safe, as he thought the street was clear. The coroner remarked that the street was not clear, as the car in which Caron and others were riding was coming toward the fire department's car. The inquest was adjourned for two weeks.

# SANITARY ENGINEERS MEET AT ST. STEPHEN

Want Plumber on All Boards of Health—Seek to Have all Inspectors Practical Plumbers.  
Special to The Standard.  
St. Stephen, July 14.—The annual meeting of the New Brunswick Society of Domestic, Sanitary and Heating Engineers, is being held in the Odd-fellows hall today and tomorrow with over thirty delegates in attendance. At the meetings held today it was voted to seek amendments to the laws of the province looking to securing better plumbing by having a plumber appointed on every board of health. They also seek to have every man practicing as a plumber a practical plumber, this to apply in all building construction and that before being qualified as a plumber every apprentice must pass an examination. The election of officers will take place at the afternoon session on Wednesday.

# REHEAR SATURNIA AND MONTFORT CASES

Special to The Standard  
Ottawa, July 14.—A rehearing has been ordered in the cases of both the steamer *Saturnia* and the *Montfort* which grounded in the St. Lawrence last spring. When the inquiries were held the pilots were suspended. Senator Choquette, however, now claims to have new and important evidence. Capt. Demers and Lindsay will hear the cases in Quebec.

# UNCLEAN TEETH CAUSE OF HALF OF THE HUMAN ILLS

Interesting papers and clinics at 25th Annual Meeting of the New Brunswick Dental Association, which opened here yesterday—Good time planned for today.

The 25th annual convention of the New Brunswick Dental Association opened here yesterday morning with Dr. A. R. Currie of Woodstock, the president, in the chair, and Dr. F. A. Godsoe of St. John officiating as secretary.

His Worship Mayor Frink extended a hearty welcome to the visiting dentists in a pleasing address. He was followed by Dr. W. P. Bonnell, vice-president, in behalf of the local dentists, speaking of the pleasure afforded them in being privileged at having the convention again assembled in St. John.

The afternoon session was devoted to clinics. Dr. J. M. Staree, St. John, gave a talk and demonstration on wax inlay patterns.

Dr. W. H. Branch, Ohio, U. S. A., spoke on Wilson's oxide and oxygen in analgesia and anaesthesia.

Dr. L. A. Lanestrol, St. John, gave a practical demonstration of a denture with Gilmore attachment.

A. S. Carman of New York gave a demonstration of the Gyal articulator. Dr. F. S. Sawaya, St. John, gave a clinic on inlay bridges, and Dr. F. E. Burden of Moncton spoke on pulp canal treatment.

At the evening session an interesting paper on "What we owe to public and ourselves," prepared by Dr. G. F. Clarke of Woodstock was read by Dr. Magee of St. John.

"Half the ills visited upon us are traceable to unhygienic mouths," said Dr. Clarke, and his paper went on to point out the importance of clean and wholesome teeth to public health.

"It is the parents whom we sometimes find the greatest antagonism to our well meant advice. We gaze upon innocent mouths which have been marred by a parent's willful ignorance and sometimes criminal indulgence of habits which result in harm."

Dr. Clarke's paper advocated the biannual inspection of the teeth of school children by competent dentists. He also advocated the need of having teachers at the Normal School given some instruction in dental hygiene, declaring that people who took pride in their teeth were invariably people of education and high ideals.

Dr. Clarke said he had consulted Hon. J. K. Flemming with regard to the publication of cheap pamphlets dealing with oral hygiene and had found Mr. Flemming very sympathetic towards the idea.

The good results following a popular educational campaign regarding the value of proper care of the teeth in other places.

Dental Jurisprudence. H. O. McInerney, Esq., M.A., of St. John, gave an interesting address on Dental Jurisprudence. He began by giving a brief historical sketch on dentistry and went on to compare legislation governing dentists adopted in different countries.

"Cases of malpractice," said Dr. McInerney, "have been exceedingly rare in New Brunswick." The speaker too the opportunity to say that cases of malpractice in dentistry should not be brought before a jury as the questions involved were too technical a nature for the layman. He suggested that in this matter it was best to follow the example of France, Germany and Austria, where all such cases are tried by judges and specialists in dentistry.

Dr. McInerney also spoke of the appearance of dental companies, and suggested that there was need of new legislation relating to such companies, as it was not so easy to fix responsibility for malpractice upon a company as upon an individual dentist.

A Matter of Pride. Dr. C. A. Murray of Moncton gave an interesting account of the work and social features of the annual convention of the Canadian Dental Association at Winnipeg, to which he was a delegate. He said it was a matter of pride to New Brunswick dentists that Dr. F. W. Barbour, of Fredericton, had been elected president of this

Important organization, making the second president from this province. Following Dr. Murray's paper there was a discussion by Dr. H. G. Vaughan, Dr. F. W. Barbour and Dr. J. M. Magee. Dr. F. W. Barbour of Fredericton read an interesting paper on office efficiency, followed by an interesting discussion by Dr. J. M. Magee, Dr. F. E. Burden and Dr. F. C. Bonnell.

Dr. H. C. Wetmore of St. John read a paper on "A Case in Practice."

Those Registered. Those who registered at the convention rooms were: Doctors F. E. Burden, C. A. Murray, R. S. Wilby, and W. B. Steves, of Moncton; A. R. Currie, Woodstock; W. H. Wilkes, and J. W. Moore, St. Stephen; F. W. Barbour, Fredericton; H. W. Murray, Shediac; J. M. Magee, W. P. Bonnell, Dr. F. E. Wetmore, D. J. Mullin, W. P. Bonnell, Otto Nase, H. L. Moran, H. P. Travers, J. G. Leonard, H. B. Nase, Ernest Sewell, G. O. Hannah, and F. Gordon Sanello, all of St. John; B. F. Reade, Moncton; Stanley B. Smith, St. John; F. C. Bonnell, St. John; A. D. Smith, St. John; J. D. Maher, St. John; Jasper J. Daley, Sussex; R. C. Colpitts, Moncton; F. S. Sawaya, St. John; A. B. Teakles, Sussex; H. G. Vaughan, Chatham.

Committees. The committees having the arrangements for the convention in hand are composed of—Papers, Doctors W. P. Broderick, convener; F. W. Barbour, J. W. Moore, and H. S. Thomson; clinics, Doctors F. S. Sawaya, convener; H. C. Wetmore, B. F. Reade, F. E. Burden, and A. T. McMurray; exhibits, Doctors J. H. Barton, convener; H. B. Nase and P. A. Godsoe; entertainment, Doctors Otto Nase, convener; W. P. Bonnell, F. G. Sanction, J. G. Leonard and F. C. Bonnell.

Today's Programme. At the session this morning the president and other officers for the ensuing year will be elected. At 1:30 o'clock this afternoon the members, ladies and guests will take motor boats and sail around the harbor front, then proceed up through the Revere Falls to the Royal Kennebecasis Yacht Club at Millidgeville, where water sports will be held and for which prizes have been donated by the Dental Supply House.

Dinner will be served in the Club House and an early return to the city will be made in the evening so that members may connect with outgoing trains if they desire.

Those not wishing to take the motor boats will take the motor trolley to Millidgeville will be conveyed there by motor buses.

The following firms have apparatus and supplies on exhibit at the R. K. Y. C. room: Claudius Ash Sons & Co., London, Eng., and Toronto, Ont.; Goldsmith Bros., Chicago, and Toronto, Ont.

## AN ALABAMA BEAUTY

MISS ETTYBRYNES KENDRICK. Above is shown one of six young women, whose friends declare they are the most beautiful and at the same time the most popular in Alabama.

She was photographed in New York while she was on her way to Europe. They are winners in a beauty and popularity contest. Thus it happens that so many of Alabama's famed stock of feminine beauties are travelling beyond their boundaries.

## FIREMEN HURT IN FREDERICTON BLAZE

Several narrow escapes during fire—Chief and Captain hit by falling bricks—The insurance.

Fredricton, July 14.—In last night's fire which destroyed a portion of the Gleaser building as well as the coal sheds belonging to S. Morrison and parts of the Sharkey estate building, the Whelpley building and the barns belonging to the Howard and Torrens estates. Damage to stock belonging to the Home Company, Lawlor & Cain and Oak Hall, several firemen received injuries and many had narrow escapes.

Chief Butler and Captain Charles Flett were struck by bricks from a falling chimney. Hoseman John Toner was struck by a falling plank after a sensational rescue of some horses and Hoseman Fred Shies was injured in the hand. The origin of the fire seems a mystery.

The part of the Gleaser building which was destroyed included the job printing department, power plant, stock room, mailing room and store rooms and expensive presses were also damaged. The paper, however, was issued as usual today.

The insurance which the Gleaser has on a portion of its plant affected amounts to \$10,000 and is in companies represented by F. L. Morison and Son, while H. G. Kitchen, owner of the building, had \$3,000 insurance on building in Scottish Union and National Company, but only \$600 of the amount was on destroyed portion of building.

S. Morrison's coal sheds were insured for \$600 in Atlas Company and were a total loss, while there was \$1,000 insurance on coal in Home Company, and damage will amount to several hundred dollars probably.

Sharkey Estates' building was damaged to extent of about \$100 and was insured, while Lawlor & Cain's stock suffered about \$100 from water and removal and this loss is covered by insurance.

Whelpley building was damaged to extent of several hundred dollars and is insured.

The Howard Estate and Torrens Estate barns were damaged to extent of about \$200 each and losses are covered by insurance.

## TRAINMEN FOR AN INDEPENDENT LABOR PARTY IN POLITICS

Toronto, July 14.—The Brotherhood of Railway Trainmen at a meeting last night decided to fall in with the movement for an independent labor party in Dominion and provincial politics. They appointed a committee to visit other labor unions and urge falling in line with the movement.

## SOUTHAMPTON RY. TO BE SUED FOR \$40,000

Ottawa, July 14.—Proceedings will be taken by the minister of railways to compel the Southampton Railway to return the amount of \$40,000 which the recent investigation has shown to have been overpaid a subsidy for the construction. The action will be instituted at once.

## STEAMER'S CAPTAIN DIES ON WAY TO PORT

Duluth, Minn., July 14.—Her master being dead in his stateroom, the passenger steamer South American came into port today with flags at half-mast. Capt. Wm. A. McKay who took command of the South American at the opening of navigation this season died suddenly on board the vessel this morning. Death was attributed by the ship's surgeon to heart disease.

## CONTRACT AWARDED FOR AGRICULTURAL SCHOOL

Fredricton, July 14.—Hon. J. A. Murray, Minister of Agriculture, this evening announced that he had awarded for erection of new agricultural school at Sussex had been let to Walter F.

## RESERVES JUDGEMENT IN SD. OXFORD RECOUNT

Woodstock, Ont., July 14.—County Judge Wallace this morning reserved judgment in the South Oxford recount and it is probable that the case will not be decided for some days. Forty-five ballots are under dispute most of the objections are of minor nature, several ballots having been marked in ink, blue pencil, etc. Others are numbered and thus have distinguishing marks upon them which is claimed to be contrary to the act.

V. A. Sinclair, Conservative, candidate has a majority of four and both sides are hopeful that the final decision will be in their favor.

## FUNERALS.

The widespread sympathy for the bereaved family was indicated by the large attendance at the funeral of Miss Adelle, youngest daughter of Dr. A. F. McAvenny, whose body was laid to rest in the old Catholic cemetery yesterday afternoon. The funeral was held from her father's residence, 196 Charlotte street, at 2:30 o'clock to the Cathedral where the service was read by Rev. Miles P. Howland. Dr. H. P. Travers, Don Skinner, Laurence MacLaren, Hugh Murray & Gregory, H. P. Howland, McLean, Don Fisher and Malcolm Mackay were the pall bearers.

The funeral of Joseph Whitley took place yesterday afternoon from his home at Silver Falls to St. Joachim's church where service was read by Rev. A. J. O'Neill. The interment was in the old Catholic cemetery.

## OBITUARY.

John Brown. The death of John Brown, eldest son of the late Neal Brown, occurred yesterday morning at his home, 20 Clarendon street. Ever since he was a boy he had been a steamer with Murray & Gregory. He is survived by his wife, one daughter, Ethel, and two sons, Edward of this city, and Neal of Boston; also four sisters, Mrs. W. Moory of Westfield, Mrs. Thomas Brosnan, Miss Nettie and Miss Mary Brown of this city. The funeral will be held on Thursday morning.

## That Awful Thirst in the Country

When you're away out of town—at your summer home—on a warm, sultry day, with no ice in the house, not a thing that really quenches your thirst; nothing will touch the spot like a glass of Red Ball Ale. Haven't tried it? You'd be surprised how Refreshing and Invigorating it is!

You Can Always Get RED BALL ALE from

Guarding Against Business Blight

SUMMER dullness is more a fiction of the imagination than an inevitable fact. The wants and needs of men and women do not cease when summer comes.

The summer brings its own new demands—for clothing, food, beverages, entertainments, and pleasures and comforts of many kinds.

The summer has its own activities and plans which call for the expenditure of money.

Money is spent as freely in summer as at any other season. Advertisements of merchandise and service of every description are read in summer with undiminished interest and responsiveness.

You can obtain helpful advice on advertising free of cost and without obligation by consulting the Business Department of The Standard.

Had Two Doctors, But No Result

### DR. FOWLER'S EXTRACT OF WILD STRAWBERRY

Mrs. Martin Farraber, Dogberry Corner, N.B., writes: "I strongly recommend Dr. Fowler's Extract of Wild Strawberry for Dysentery and Summer Complaints. My little girl, at the age of two years, had the dysentery very bad. We had two doctors, but no result. My mother brought me a bottle of Dr. Fowler's Extract of Wild Strawberry, and when half the bottle was used the little girl was running around playing with her dolls with great delight and joy to the family, for we did not think she would ever get better."

Imitations have even gone so far as to imitate our wrapper in color and style, and have adopted similar names, such as Strawberry Compound, Extract of Strawberry, Wild Strawberry Compound, etc., which preparations they have been trying to sell as the genuine, at a bigger profit to themselves, but unfortunately not to the consumers, who sometimes have had to employ medical aid afterwards. Do not be led into taking a substitute for "Dr. Fowler's" and thus endanger your life. Price, 25 cents. Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

# The St. John Standard

Pay your Taxes on or before July 15 and save 5 per cent. discount. Immediately after the fifteenth of July executions will be issued for all unpaid taxes.

### SAFETY AT SEA.

The most significant portion of the report of the Royal Commission which investigated the circumstances attending the collision of the Empress of Ireland and the coal steamer Storstad is that which sets forth the recommendations of the commission, made with a view to guarding, as far as it is in the province of man, against the repetition of such an accident in future. These recommendations are as follows:

- (1) That all watertight doors and portholes below the top of the watertight bulkheads be closed when in a fog.
- (2) That the placing of rafts, secure and yet easily loosened, on the deck be considered.
- (3) That the system of picking up and dropping pilots on the St. Lawrence be changed so that incoming and outgoing ships will not have to cross each other.

The accident to the Titanic resulted in the raising of the standard of safety at sea by several degrees and if the suggestions of the Mersey Commission are carried out it may be expected that further safeguards will be instituted. Nothing should be neglected which will tend in the direction of lessening the perils attendant upon marine travel.

At this time it is interesting to note that Senator La Follette, a member of the United States Senate and more than once a presidential possibility, has just introduced a bill dealing with the promotion of safety at sea and the employment of seamen. It is natural that the senator should draw to himself the opposition and criticism of shipping interests but his bill appears to be reasonable.

It has a clause entitling seamen to receive half the wages due to them within 48 hours after arrival at any American port and also abolishing arrest for desertion, a clause prohibiting allotment of wages on pain of refusal of clearance papers, a clause providing that eventually 75 per cent. of the crews of vessels calling at any American port shall understand any order given, a clause that sixty-five per cent. of the deck hands eventually shall be rated under an arbitrary rule as able seamen, and a clause providing that on every ship there must be lifeboat facilities for passengers and crew.

It is quite natural to believe that ship owners should find fault with the sections of the bill dealing with desertion but it is not apparent that they have the right to object to the provisions that deck hands should be able seamen. In an accident a crew untrained in seamanship is worse than useless. They are just so many passengers. In recent ocean disasters much stress was laid upon the fact that the vessels carried crews of from three to five hundred men. It was evidently the intention to show by figures that the ships were not under manned but no information was given as to the proportion of the members of the crew who were rated as able bodied seamen. Not more than fifteen or twenty per cent. of these men were deck hands. A powerful ship like the Lusitania, certified to carry 2,855 persons, including 322 of a crew, had only 68 deck hands. The carrying of a few extra able-bodied seamen would entail but little additional expense each trip across the Atlantic, and it might possibly result in saving thousands of lives.

With the memory of the Titanic and the Empress of Ireland fresh in mind the people are not likely to be greatly influenced by the protests of stockholders in shipping concerns, as against anything that tends to lessen the peril of the sea.

### THE TIMES' POSITION.

The Times now avers that it was "informed" that the "salary of Mr. W. H. Berry for May, was paid on instructions from Premier Fleming." At first that newspaper blatantly, and with display of borders, etc., used first page space to declare that it had "very excellent authority" for its statement to the same effect. Faced by the Standard with a direct denial of the story, and challenged to produce its "very excellent authority," the Times squirmed a little and then fell back upon the old game of evasion. Lately it appears to have discarded the "very excellent authority" and contented itself with stating that it was "informed." Very good, we are prepared to meet the Times on that basis. We are willing to admit, and events have proven our ground correct, that the Times' Authority was not "very

excellent," but was merely ordinary. Possibly Mr. "Dark Lantern Brigade" Carvell or his man "Friday" Carter. At any rate the Times' statement was utterly untrue and was promptly denied by people in a position to speak with authority.

If the Times desires to follow the matter further we are prepared to produce our authority if the Times will do likewise, but we certainly must request to accept a series of obvious evasions as a satisfactory reply to the request that the Times should take its readers into its confidence to the extent of producing its "authority," even if it should not be found to be "very excellent." The Times cannot hope to continue to dodge the question. It gave publicity to a statement which was untrue in every detail. In the interests of simple truth The Standard challenged the Times' authority and the only reply that newspaper makes is to say that no matter how much we persist in our declarations that the Times did not tell the truth that the Times authority "secret." This attitude is significant. If the Times had the slightest shadow of foundation for the remark that Mr. Fleming had interfered to have Mr. Berry's salary paid to him how speedily would it proclaim its "very excellent authority" in its largest type and its most flashy "borders." Continued cheap evasion of the question merely serves to convince the public that the Times was indulging in another entirely unwarranted attack upon Mr. Fleming. But this time the falsehood was promptly named. Hence the uneasiness of the Pugsley newspaper.

### THE CITY'S DEBT.

There is much to commend the suggestion in a city newspaper that a suitable monument should mark the grave of Frank E. O'Leary, the policeman who died a martyr to his duty, but it is sincerely to be hoped that the city authorities will not follow it, if its adoption means that there is to be no other tangible recognition of the dead officer's heroism. If a grateful people desired to record their appreciation of the record and service of a public man who died so well provided with this world's goods that there would be no question of the comfort of those surviving, there could be no better method than the erection of a monument or other suitable memorial. Policeman Frank O'Leary, however, leaves behind a mother to whose support he was the principal contributor and it is to her that the city owes its first debt. That mother should not be called upon to suffer inconvenience because her son died in the performance of his duty.

The Royal Commission enquiring into the Dugal charges will resume its sessions here this morning and again it is in order to suggest that Mr. Carvell's political speeches and grand stand tendencies should be brought out all the evidence, but let it be brought out properly and with due regard to the dignity of the court. Those gentlemen in their desire to be absolutely fair have already allowed Mr. Carvell much latitude. There can be no reason why he should not be held to the facts of the matter under hearing.

Although the St. Lawrence route was abolished from all blame for the accident in which the Empress of Britain was sent to the bottom, the Department of Marine and Fisheries, over which Hon. J. D. Hazen presides, is working actively to make additional improvements to that great water way. The channel will be deepened and a second channel provided by which vessels of smaller size will be enabled to keep out of the way of the great liners plying between Montreal and the sea.

On Monday night the office of the Fredericton Gleaner was visited by a fire which did damage estimated in the vicinity of \$15,000. Notwithstanding this fact the Gleaner appeared on time yesterday afternoon with a twelve page newspaper. The proprietor of our Fredericton contemporary is to be congratulated upon the activity and ability with which he overcame what was a very serious difficulty. The incident also shows the possibilities of the modern newspaper plant.

The South, Ontario, Express, a Liberal newspaper, is now calling upon Mr. N. W. Howell to resign as Liberal leader and asking for a complete reorganization of the party. Can it be possible that the Telegraph's "tide of victory" has already dried up?

In a statement to his constituents in Prescott, Ontario, Mr. Ewart claims he was elected as a "straight Liberal." There is no disposition to doubt that he is a "Liberal" but it has been said that he is not "straight."

## Diary of Events

### HISTORIC DAYS IN CANADA

Trinity College, in Toronto, received its royal charter sixty-two years ago today. The famous Anglican educational institution is one of many monuments to the energy of Dr. John Strachan, bishop, theologian and polemic, who was practically the pioneer of higher education in the Upper Provinces. His school at Cornwall turned out many of the greatest Canadians of the early days. On his conception of education was based King's College, later the University of Toronto; Upper Canada College, and Trinity, which was his favorite institution, as representing the educational center of his cherished church. The provisions of the royal charter of July 15, 1852, the government of Trinity was vested in a corporation, composed of the bishops of the five dioceses of the Province, Toronto, Ontario, Huron, Algoma and Niagara; the trustees, three in number, and the council, consisting of the chancellor, the provost and the professors. In the early days of higher education in Upper Canada Toronto was the great educational center. Besides Trinity College, there were King's College, a sectarian institution which was later secularized as the University of Toronto; Knox College, a Presbyterian institution founded in 1827; McMaster University, a Baptist college, and Victoria University, formed by a federation of Albert College at Belleville and Victoria College at Cobourg, under Methodist control. Bishop Strachan, who began his Canadian career as master of Cornwall Grammar school, secured from George IV the charter for King's College at Toronto, or York, as it was then called. The college had its divinity faculty and its daily religious services according to the use of the Church of England, and this aroused much excited opposition. In the early 60's the divinity faculty and professorship were abolished and a faculty to meet his ideal of sectarian education that Dr. Strachan then founded Trinity College.

### THE PASSING DAY.

ST. SWITHIN'S DAY. St. Swithin's Day, if you do not rain, for forty days it will remain; St. Swithin's Day, if you be fair, for forty days 'twill rain nae mair.

So remarked our ancestors every fifteenth of July, which is the festival of St. Swithin, confessor, bishop and patron of Winchester, England, who lived in the ninth century. As usual, our ancestors were wrong, but superstition has more lives than a cat. Our credulous forefathers might easily have disproved the St. Swithin legend, but they were fond of "signs," and denounced as heretics and infidels all persons who sought to destroy their pet illusions.

It has remained for the sapient and iconoclastic scientists of the present generation to "show up" St. Swithin as the impostor he is. Meteorological records prove conclusively that there is more truth than poetry in the ancient weather forecast. Swithin and his weather and absolutely no truth! On the contrary, statistics show that in both America and England a wet St. Swithin's Day is more likely to be followed by a drought than a deluge.

It is only giving St. Swithin a square deal, however, to say that he never posed as a prognosticator of the weather, and that his reputation was assigned to him after he was dead, and long after his time. According to the tradition which accounts for Bishop Swithin's vogue as a prophet the saint asked that he be buried in the common graveyard, instead of in the church. This request was complied with, but about a century later the clergy decided that the last resting place chosen by Swithin was not in keeping with the dignity attaching to the house of a bishop. When they prepared to dig up all that was mortal of Swithin, the clouds poured forth a veritable deluge, and the rainfall continued, without intermission for forty days. After that the priestly decision that it wasn't safe to disregard Swithin's preferences, and they built a chapel above his grave, where it is hardly necessary to add, many miracles were performed!

This legend is very interesting, and it is an excellent example of the inventive genius of a newspaper writer of the eighteenth century! He was a trifle careless as to the facts, however, for the removal of Swithin's bones was accomplished with much care, and without any interference from the elements. Probably it was very warm and dry, and in any event the weather during the ceremonial feast which marked the translation was described as "most propitious."

Swithin was never canonized by the Pope, so he is not a regular saint in good standing, but only what is called in England a "home-made saint." Many other saints have been popularly associated with the weather. In Scotland and generally throughout Europe it was believed that rain on the festival of the Translation of St. Martin, July 11th, betokened wet weather for twenty days thereafter. In France St. Medard was the "weather saint," probably because of the legend that on one occasion when the saint was caught in a heavy rain an angel ordered him and served the purpose of an umbrella. St. Germain, St. Protas and St. Godolove have their devotees following. Candlemas Day, the second of February, is also alleged to be a prophetic period, but the ground, and not a saint, gets the credit.

### FIRST THINGS WESTERN CANADA.

The first Canadian Province to be carved out of the vast territory formerly held by the Hudson's Bay Company was Manitoba, which was duly constituted a Province of the Dominion by royal and parliamentary enactment forty-four years ago today, July 15, 1870. The Hudson's Bay Company reigned supreme in the American Northwest from its organization in 1670 until Lord Selkirk planted a colony called the Red River settlement near Winnipeg in 1812. In 1869 Canada purchased the territory from the Hudson's Bay Company, but an insurrection of Indians and half-breeds led by Louis Riel had to be suppressed before the Dominion government could take possession. In 1871 British Columbia joined the Dominion, and the country

## Little Benny's Note Book

BY LEE PAPE.

Yesterday was my sister Gladie's birthday, and she gave me 20 cents to get her a birthday present, with I went and did. Reddy Merly and Sid Hunt going with me to help me select it, and after we had looked in a lot of store windows we saw something we all liked and I went in and bought it and went home and put it in the parlor table and went upstairs to Gladie's room, saying, Congratulations, Gladie, I got a birthday present for you.

Wy, Benny, how thoughtful of you, said Gladie, were is it. Down went the parlor table, I said. Then I'll have to go into the parlor and look at it, said Gladie. And she started to go down stairs, me following her, saying, I don't see weather you like it or not.

I'm sure to like it if you selected it, said Gladie. And she kept on going down stairs and I kept on following her and she went in the parlor and there was the package still on the table.

Wat a kewer shape, said Gladie, I'm jest dying to no wats in it. And she picked it up, and I said G, you better not open it.

Wy not, for goodness sake, Izent it mine, said Gladie. Yes, but may be you wont like it, I said. It wont be your fault if I dont, said Gladie. And she started to take the string awf, and I sed, Reddy Merly and Sid Hunt helped me to pick it out.

Did they, sed Gladie, it was very nice of them to take so much trouble, O for mersey sake, was it. And she held it up looking at it, and I sed, Don't you no wats that is, Reddy Merly and Sid Hunt helped me to pick it out, dont you no wats it is.

No, I dont believe I do, sed Gladie, its not sum kind of a trap, is it. No, I sed, its a kewich mask.

A waf, sed Gladie, and I sed, A kewich mask, a kewich awf a base ball team. And jest then I dodged awf akount of Gladie having throo it at me, and today the Invincibles, being our team, used it to play agens the Park Wonders, the Invincibles not having any kewich mask, wich may of bin won resia by Reddy Merly and Sid Hunt thast it wood make a good present.

between the two western Provinces was organized into the Northwest Territories. Out of the latter were carved, in 1905, the Provinces of Saskatchewan and Alberta. Until comparatively recent times Western Canada was believed to be unfit for farming purposes, and the so-called "fertile belt" was restricted to the vicinity of Winnipeg.

### HON. MR. FOSTER BACK TO OTTAWA THIS WEEK

Ottawa, July 14.—Sir Geo. Foster, Minister of Trade and Commerce, will return to the capital this week from Dalhousie, N. B., where he has been holding for the past three weeks. Sir Geo. will spend a few days in Ottawa, cleaning up arrears of his department, and will then leave for Halifax to meet the Dominion Trade Commission. He will spend the next two months accompanying the commission on its tour of Canada and Newfoundland.

**The Man Who Drives a Car.**

He needs keen sight. Poor sight is positively dangerous to the automobilist. It may be responsible for a bad accident. He who had the driver worn properly fitted glasses.

The person with a pronounced defect in vision is compelled to wear glasses—but many eyes that should have help are neglected because accommodation can be forced.

That is dangerous because vision is not so good as it would be if correct glasses were worn, and the strain of forced accommodation wears out the eyes, causing early failure of sight.

If you have even a slight defect in refraction—and almost every one has—you'll be surprised to find how much more pleasure you can derive from running your car when you wear glasses secured at Sharpe's.

Consult our optical department.

## WO OF LEADERS TICK UP YESTERDAY

### Montreal Power and Laur- entide Respond to Better Feeling.

## "RIGHTER TONE IN MARKET GENERALLY

### Repetition of recent viol- ent Bear stampedes—Lot of Tram Power bought.

Montreal, July 14.—Two of our lead-  
ers, namely Montreal Power and Laur-  
entide, showed very satisfactory re-  
sponses to the better feeling this after-  
noon. The market all around closed  
with a much better tone to it. I think  
can safely be said that our market  
is pretty thoroughly liquidated and  
resides quite an extensive short in-  
terest in certain stocks still exists.  
With this in view, I do not believe  
that unless something exceptional  
appears we shall see many more vio-  
lent demonstrations of the bear side  
of the market. A further reas-  
sessment of the C. P. R. was not  
made, but it is believed that the re-  
sponse to it will be in the four-  
fourths, some of our largest houses  
who were heavy buyers at higher  
prices and who paid no attention to  
the stock this morning, began taking  
this afternoon at the low prices  
and in good sized amounts. As a  
result, I believe we shall have a  
good trading market in this stock  
or some time to come, and an inclin-  
ing to think that the stock is now sell-  
ing somewhere near its low price. The  
opinion seems to be that as the  
franchise has not been granted, so  
long that there would be certain con-  
ditions about it, but that when it  
does come it will be found that the  
company has made a pretty good deal.  
There are various rumors about it,  
but the latest is that in order to conform  
to certain conditions exacted by the  
government, it will be necessary to  
liquidate holdings of this stock. This  
is a story that comes from Toronto and  
can be taken as the low price for  
rento apparently are taking it seriously  
as they have been selling stock  
here today. F. B. McCURDY & CO.

## C.P.R. MAY RESUME AUSTRIAN SERVICE

### Government of that country raises ban against the Canadian line in immi- gration activities.

Montreal, July 14.—Confirmation  
was received at C. P. R. headquarters  
yesterday of the action of the Austrian  
government in raising the ban against  
the railway in its immigration activi-  
ties. Owing to the blockade, Euro-  
pean immigration dwindled over 50  
per cent, and the number of boats  
running in the C. P. R. service to  
Rotterdam was reduced.  
Whether the service will be increas-  
ed and another boat put on is a mat-  
ter that is receiving consideration.  
Vice-president Bosworth has given out  
the following statement: "We have  
only received word today by cable in-  
forming us that the Austrian govern-  
ment has given us back our conces-  
sion. We have not decided on our  
future plans."  
The present move of the Austrian  
government is the finale of a dispute  
which at one time assumed political  
significance. Despite the fact that C.  
P. R. servants were jailed summarily,  
no rupture of the relationships be-  
tween the C. P. R. and the Austrian  
government took place. It is now the  
opinion of the Austrian government,  
according to press despatches, that  
the activity of the C. P. R. was not  
directed toward the men eligible for  
conscripted service.

## WILL DRILL FOUR MORE OIL WELLS

### Herron-Elder Company to increase its operations at Galgary—Optimism prev- alent in the oil districts.

Calgary, July 12.—Herron-Elder  
stock has gone up lately. It was  
wondered why. Yesterday the explanation  
is given by the managing director, W.  
B. Oatman, who says that it is the  
intention of the company to drill four  
more wells. This will be done as  
soon as possible. The contract for  
three of the wells has been let to  
T. M. Pythe of the Northwest Drilling  
Company. For one of these Mr. Pythe  
agrees to take stock at par. When this  
contract is placed in B. W. Dunn, the  
supervising engineer. It is his opinion  
that there will be a productive well in  
the near future.  
Those in charge of the operations of the  
various companies express con-  
fidence in the immediate future and  
complete satisfaction with the work as  
far as it has gone. The United Oil  
well is now down 1960 feet. It is  
expected that the oil bearing sands  
reached within a few days.  
At the McDougall-Segur well a  
depth of about 2600 feet has been  
reached. It is expected that a  
rate of forty feet a day  
will be maintained. "While we may  
strike oil at any time," said Mr. Segur,  
"we do not look for crude oil re-  
sults until we reach 3300 feet."

## REACTION ON MONTREAL MARKET

### Buoyant tone of last week noticeably absent from Street—The activity too good to last.

Montreal, July 14.—A more striking  
contrast in the local market yesterday  
and a week ago could hardly be imag-  
ined.  
A buoyant tone was the feature of  
a week ago, but the conceit was pretty  
well taken out of the bulls by the  
weakness in C. P. R., which has so  
long been a market leader that it had  
a marked effect on the rest of the list.  
It is just possible that the bulls  
trained themselves last week in their  
efforts to lift prices.  
At any rate a good many people felt  
sure that it was too good to last and  
that the inevitable reaction would  
demonstrate the thinness of the mar-  
ket and the professional nature of the  
marking up process in most cases.  
The reaction was a good many people felt  
sure that it was too good to last and  
that the inevitable reaction would  
demonstrate the thinness of the mar-  
ket and the professional nature of the  
marking up process in most cases.

## WALL STREET STOCKS WERE IRREGULAR

### Undertone of the market was decidedly firm, how- ever—Bear raids didn't get far.

New York, July 14.—The movement  
of stocks was subject to further  
irregularities today but the undertone  
in the seasoned issues was undeniably  
firm. Several bear raids were at-  
tempted in the course of the session,  
but they were mostly abortive, except  
in the case of New Haven, which fell  
to a new low record of 54 1/4, recovering  
about half its loss. Bonds of the New  
York Westchester and Boston Railway,  
guaranteed as to principal and interest  
by New Haven, added a point to their  
record in disastrous recessions.  
These were the only direct echoes of  
the denunciation of the former New  
Haven management by the Interstate  
Commerce Commission, but that sub-  
ject was uppermost in the minds of the  
financial community, and acted as a  
deterrent in investment circles.  
In addition to New Haven lower  
prices were registered by a few other  
stocks and bonds, including Canadian  
Pacific, in which the previous day's  
liquidation was lacking. There were  
intermittent bear onslaughts against  
New York Central, Baltimore and Ohio  
and other issues of the same class, but  
support was invariably followed by  
sharp rallies. Gold issues, the chief  
cause of the preceding week's unsettle-  
ment, were relatively strong, some of  
these securities gaining from one to  
two and a half points. Some of the  
manipulative securities, such as Pe-  
troleum common and preferred and  
Central Leather, made substantial ad-  
vances, but their market influence was  
negligible. Reduced dividends result-  
ing from poor earnings were ordered  
by the directors of the Pacific Coast  
Company on the second preferred and  
the common stocks.  
London sold a considerable amount  
of the active issues, here but a part of  
the selling was believed to have its  
origin at this centre. Advice from sev-  
eral important trade centres reporting  
curtailment of operations were non-  
realized by word received at the White  
House predicting an early business  
boom in the Middle West.  
Bond dealings covered a wide range,  
with fluctuations of one to three per  
cent. Total sales, par value, were \$1,  
906,000.  
United States bonds were unchang-  
ed on call.

## THE GRAIN EXPORTS FROM MONTREAL

The exports of grain and flour from  
the port of Montreal for the week end-  
ing July 11, 1914, were 3,051,253 bush-  
els of wheat; 574,608 bushels of oats;  
488,209 bushels of barley and 50,389  
sacks of flour.  
The total exports from this port  
from May 1, 1914, up to July 11, 1914,  
were 20,019,153 bushels of wheat;  
3,970,661 bushels of oats; 2,670,249  
bushels of barley; 269,412 bushels of  
rye and 99,064 bushels of flax, a grand  
total of 27,928,429 bushels. Flour ex-  
ports have been 615,028,429 sacks  
during the same period.

## A New Folder on the Partial Payment Plan

### Payment Plan

A little folder which we have  
just received from our printers  
explains the convenient opera-  
tion of our Partial Payment Plan  
so effectively that it is decidedly  
worth sending for.  
It is entitled "How to Invest  
WHILE You Save," and will  
take but two minutes of any-  
body's time to read through.  
But to many—perhaps YOU—  
it will prove of undoubted value  
in pointing out a way by which  
GOOD securities can be bought  
on easy terms.  
There is no charge for the  
folder—nor obligation incurred  
by asking for it. Send us the  
names of some friends that we  
may send them copies as well.

BOMB SHOP DEBRIS YIELDS BODY AND MATERIAL FOR INFERNAL MACHINES

SHOWS WHERE BODY OF CHARLES BERG WAS FOUND Proof that the room occupied by Charles Berg, who was killed, and other anarchists in the building that was blown up by a bomb in New York, was used as a workshop for the manufacture of bombs and the printing of inflammatory literature, was discovered.

When search was made in the debris there were found a hand lever printing press capable of printing a circular eight by eleven inches in size, three fonts of type used in setting up the various "bulletins" which Caron and his friends were in the habit of issuing to their adherents, fragments of manuscript and thousands of blank sheets of white paper.

Free Speech Suppressed in Tarrytown by Policemen's Clubs Our forefathers fought and bled to establish liberty in this country. Shall we allow policemen to rob us of our heritage?

PRINTING PRESS AND ANARCHISTIC LITERATURE FROM DEATH FLAT tion to the "outrageous tactics of the monopolistic class aided by the police." This evidently refers to the clubbing of I. W. W. leaders in New York three months ago, in which Caron took an active part and at which time he was beaten by the police for attempting to rescue friends under arrest.

ALLEGED MISSIONARIES SAID TO BE FRAUDS

Were collecting in Carleton County for Orphanage in Asia Minor—Presbyterian Foreign office sends out warning.

Harland, N. B., July 10.—Information indicates a beautiful crop in all lines of the farming industry. Hay will be a good yield, and operations in gathering this year will commence.

Regarding the solicitations of the two men from Asia Minor for funds toward an orphanage in the east Mr. Lewis J. King, of Plaster Rock, publishes a warning against the foreign mission office of the Presbyterian church in Canada, which stamps the clerical looking collectors as frauds.

Rev. E. C. Jenkins, at the home of Mr. and Mrs. Samuel Buxton, of Durville, on June 29, invited in many of his daughter Elva Fernie to Preston Kirkbride, of Charlottetown. The couple will make their home at White Glen.

This week Mr. J. W. Adams had as guests his nieces, Misses Edna Pace of Tracey's Mills, and Miss Fernie Pace of Williamstown. Mrs. Adams and son were also guests at Mr. Adams's home.

Miss Olsen and children, of Pictou, N. S., are guests of Mr. Potts here. The death is reported from Carleton of Mrs. Frank Orser.

Representatives from the Harland Sunday schools at the S. S. Convention at Woodstock this week were: E. C. and Mrs. Morgan, Clyde Bisset, Claude M. Millin, Mrs. H. M. Hoyer, Mrs. S. Miller, Mrs. G. E. McGinley and Mrs. A. Plummer.

At the home of the bride's parents, Mr. and Mrs. S. J. Page of Rockland, Rev. E. C. Jenkins, in the presence of about 120 guests on Tuesday afternoon solemnized the marriage of Louise Pace and Mr. Edmund Estabrook. The bride wore white with wedding veil and orange blossoms.

At the meeting of the Methodist W. M. S. convention for the Woodstock district, held at Lindsay last week, Mrs. J. T. E. Case, of this place, invited the convention to Harland for next year's meeting, and this was decided on.

At high noon Tuesday at Perth a quiet wedding ceremony was held at the residence of Mr. Geo. Armstrong, when Miss Margaret Bishop, sister of Mrs. Armstrong, became the bride of Mr. Charles H. Elliott, a promising young lawyer of Perth.

NEWS FROM BATH, N. B. Bath, N. B., July 13.—The crop in this section never looked better, but the hay crop is not so large as was first anticipated, as the cold of June seemed to injure the grass. Potatoes are looking fine and at present indications are a bumper crop, the big pest is more in evidence than last year but the farmers are spraying for them.

Celebration of The Twelfth Out of Town

CHARLOTTE AND CARLETON ORANGE CELEBRATION ORANGEMEN KEEP THE DAY AT ST. ANDREWS

St. Andrews, July 14.—Under perfect weather conditions, the Orangemen of Charlotte and Carleton Counties, united in celebrating another anniversary of the glorious twelfth here yesterday.

From the early hours of the morning people began to arrive in town from the surrounding country, to take part in or to watch the ceremonies of all loyal day so dear to the hearts of all loyal Orangemen.

A special train of 15 cars from Woodstock, arrived at noon, bringing the Orangemen and their friends from Woodstock, Houlton and the adjacent country. The regular had five extra passenger cars, and was crowded when it arrived at 11.45.

The steamer St. Andrews brought about 400 people from St. Stephen and Milltown. Steamer Viking brought an excursion from Deer Island and Campbellton.

Many came by automobile and motor boat. In all, there were about three thousand visitors in town, and a more orderly well-behaved crowd, it would have been hard to find. The hotels, restaurants and ladies of the Methodist church had made ample preparation for the accommodation of the large number of visitors.

The parade, headed by the Woodstock band, started at two o'clock. The various lodges were well represented, there being over five hundred Orangemen in line. The procession formed up as follows:

Woodstock Brass Band; James Mann, County Master, on white horse, Woodstock Lodge, Mr. Thomas, Adams, on white horse, Woodstock Lodge, Benton Lodge No. 66, St. Andrews Brass Band, Bailie Lodge No. 19, St. Stephen Lodge No. 17, King Edward Penfield Lodge, No. 92, Bocab Lodge, No. 118, Deer Island Brass Band, Kephra Lord's Cove Lodge, No. 129, Riverside Lodge, No. 117, Friendship, Rolling Dam Lodge, No. 135, Maple Leaf Band, St. John's Lodge, No. 140, Coach, Past and Grand Master, Buckbards with lady representatives, teams, with aged members.

The parade ended at the court house where stirring addresses were delivered. County Master Albert Nesbit, in the absence of the Mayor, Sherman James McDowell, Sr., on behalf of the mayor and town council extended the greetings of the town to the visitors and welcomed them in a pleasing address.

Speeches were then delivered by Revs. Mr. Blackall, Wilson, Sparks, Shaw and by David Hipwell. At the meeting of the Methodist W. M. S. convention for the Woodstock district, held at Lindsay last week, Mrs. J. T. E. Case, of this place, invited the convention to Harland for next year's meeting, and this was decided on.

At high noon Tuesday at Perth a quiet wedding ceremony was held at the residence of Mr. Geo. Armstrong, when Miss Margaret Bishop, sister of Mrs. Armstrong, became the bride of Mr. Charles H. Elliott, a promising young lawyer of Perth.

NEWS FROM BATH, N. B. Bath, N. B., July 13.—The crop in this section never looked better, but the hay crop is not so large as was first anticipated, as the cold of June seemed to injure the grass. Potatoes are looking fine and at present indications are a bumper crop, the big pest is more in evidence than last year but the farmers are spraying for them.

Mrs. E. W. Spilney of Knowlesville is spending a few days here. Mrs. C. H. Phillips of Cranbrook, B. C. arrived here on Saturday last to visit her sister, Mrs. E. D. R. Phillips and other friends.

SKULL FRACTURED IN ASSAULT, WILL LIKELY RECOVER

Assailants held at East, port under heavy bail to appear before Grand Jury

Special to The Standard. Eastport, Me., July 14.—Frank Whalen and Harry Conley have both been held to await the action of the November grand jury on charges of assault with intent to kill, as a result of their encounter with George Ferguson here on the night of July 8.

According to the story told by the two respondents before Judge Pike, Ferguson was in a quarrelsome mood the night before the Fourth. Whalen claims Ferguson assaulted him and that he entered a complaint to the night watchman who referred him to the city marshal. Whalen appeared in court with his head bandaged as a result, he says, of the encounter.

SUMMER SCHOOL AT BEULAH OPENS

The summer school for Sunday school workers, held under the auspices of the United Baptist Sunday school board, opened Tuesday morning 10.45. A goodly number of people are gathering on the grounds.

Formed Pimples and Matter Spread. For Three Months Did Not Go to School. Cuticura Soap and Ointment Cured in Ten Days.

69 Rue Doreville, Ville Emard, Montreal. Cuticura Soap and Ointment cured my little girl, aged eleven, of itchy of the head. It formed a pustule on her forehead and broke and the matter spread and wherever the matter went it formed a pustule. She was so miserable that she could not go to school and I cared for it during that time without any success.

LONG REACH NOTES

Long Reach, July 10.—The district lodge of St. John held a picnic at the lodge on Wednesday. The stims Majestic and D. J. Purdy were chartered to bring the people up. A very pleasant time was spent by all.

CONDITION OF HON. MR. FOY STILL VERY SERIOUS

Toronto, July 14.—Although his physicians have not given out any statements today, it is reported that the Hon. J. J. Foy, attorney-general for the province of Ontario, is still in a very serious condition and that very little improvement, if any, has been noticed. At the parliament buildings Mr. Foy's condition is viewed with concern, it seeming to be the general opinion that he has been teaching school in a serious state of health.

EARLIER CLOSING. On and after July 20 (until further notice) our stores and warehouses will be closed at 6 p. m. except Saturdays and evenings before public holidays, 10 p. m.

ALL THE

Eddie Ainsmith. Catching Walter Johnson's shoot would not appear to be a very soft job but Eddie Ainsmith seems to thrive on it. In fact he says that Johnson is easier to catch than some of the other pitchers, as he is seldom used and usually puts the ball right where he wants it.

Ayers seems to have landed in the place left vacant by Bob Groom's jump to the Federals. Johnson, Boehling and Ayers make a strong trio.

EAST END LEAGUE RESULTS

Last evening in the East End League series the Commercial and Alerts won five innings to 3 and 4 runs each. The official box score and summary follows:

Table with columns for Commercial and Alerts scores across various innings.

Score by Innings: Commercial 11002, Alerts 00022. Summary: Alerts, four; Commercial, four. Bases on balls by Commercial, three; five innings; by Alerts, three; four innings; by Alerts, three in four innings; by Alerts, two in one inning; by Alerts, four. Hits off Alerts, four. Double play, Sterling to Smith. Wild pitch, Aracot. Umpire, D. Currie. Scorer, H. Nixon.

BENEFIT CARNIVAL FOR SOCKALEXIS. Bangor, Me., July 14.—Plans are being made for a big athletic carnival here in August for the benefit of Andrew Sockalexis, the Oldtown Indian Olympic marathon runner, who is now in a sanitarium in broken health. The events will include a full marathon, 12-mile, five-mile and one mile road races, dashes, field events and canoe races. Several Massachusetts runners have agreed to compete in the long-distance races.

CLEVELAND BUYS NEW PITCHER. Vancouver, B. C., July 14.—Fred Brown of the Vancouver club announced today the sale of Pitcher Ed Doty to the Cleveland American League Club. The purchase price is understood to be \$2,500. Doty will finish the season with Vancouver.

By reason of the changing shape when in motion this tire cleans itself of all mud and slime.

**MOTOR BOAT RACE.**  
Among the speed boats which have been entered for the harbor race for the Norton Griffith silver shield on Friday next are: Patricia, Dixie, Cacoc, Bobs, Silver Spray, Whip-poor-will, Glensia Macq, Florence Mack.  
It is expected that the race will furnish some good sport.

**WANT DRAFT CANCELLED.**  
San Francisco, July 14.—In a resolution adopted today, the directors of the Pacific Coast League requested the National Baseball Commission to cancel the draft from the Coast League employed by the National and American Leagues. Too many good players developed in the Coast League are lost to it as soon as they show promise, the directors believe.

## REMARKABLE PHOTOGRAPH OF THE CHALLENGER FOR THE AMERICA' CUP.

THE SHAMROCK IV IN HER TRIALS AT TORBAY. Shown above is a view of the Shamrock IV, Sir Thomas Lipton's challenger for the America's Cup. The view is an excellent one and shows the bowsprit and a scene on deck. The picture was taken in her trials at Torbay, England.

## SPORTOGRAPHY BY "GRAVY"

**Tom Allen's Pugilistic Career marked by many Stormy Scenes.**

Boxing bouts of today are pink tea affairs compared with the contests which were pulled off in the early days of the American ring. To prove the point, one could cite scores of battles in which pistols as well as fists were used. One of these was witnessed on Foster's Island, in the Mississippi, 45 years ago today, July 15, 1869, when Tom Allen fought Mike McCoolle. Allen had all the best of it and at the end of nine rounds was declared the victor, but the followers of McCoolle, mostly toughs from St. Louis, were peeved by the decision and a general ruckus followed. Armed with revolvers and knives, they swarmed around the referee and after a few bullets had whizzed past his head that official decided that Mike was the victor on a foul. Allen was a native of Birmingham, England, and whipped a number of good men and fought a drawn battle, lasting nearly two hours, with Joe Goss before coming to America. He landed in New York, accompanied by Pete Morris, the British featherweight champion, in July, 1867. His introduction to American sports was when he acted as second for Tom Kelly of St. John, N. B., and Billy Parkinson. The latter was easily the better, but Allen backed up by a gang of Baltimore and Philadelphia sports who had put their money on the Canadian, pulled a gun and stuck it in the referee's face, demanding that he award the decision to the beaten Kelly. The official had red gore in his veins and refused to comply with the request, whereupon the festivities broke up in a free-for-all fight, and all present enjoyed a good time. Allen then went to St. Louis, a great pugilistic center, and his first bout on American soil was with Bill Davis, a Californian, on an island near the Mouth City. Tom was the victor in forty-three rounds, but a little later the Englishman was knocked out in the second chapter by Charlie Gallagher of Cleveland. Then came the disgraceful fight with McCoolle, after which Allen fought Gallagher again. Tom pounded the Cleveland man into a bloody pulp, but a pistol stuck in the referee's face resulted in the warding off of the decision and the stakes to Gallagher when he claimed the American title and challenged Jim Mace to battle for the world's title. They fought near New Orleans, and Mace won in ten rounds, winning \$10,000. Jim made a triumphal tour of the States and Canada, and returned to England when Allen again claimed the title. In 1875 he fought McCoolle again and whipped him in twenty-nine rounds. Allen's last battle was pulled off in Kentucky in 1876 when he was whipped by Joe Goss. The men were arrested, but Allen fled to England. Later he returned and settled in St. Louis, where he died in 1904.

## THIS DATE IN RING ANNALS

1852—Jim Kendrick, the English bantamweight, born in London, Kendrick, who was James Groener before he became a professional pugilist, began fighting in 1859, and was for several years the fighting cock of British bantams. He won many of his battles, many by knockouts, but he was defeated by Owen Moran, Young Joseph, Jim Stroud and Jack Guyon. He came to America in 1868, and fought Patsy Bramanian, Johnny Daly, and others in New York and Philadelphia. In 1810 he was matched with Johnny Coulton at New Orleans and lost the decision in 10 rounds. A few weeks later Coulton met him again in a Crescent City ring and knocked out the Britisher in the 19th round. After fighting two draws with Patsy Bramanian in New Orleans, Kendrick was matched with Kid Williams, and the future champion put him to sleep in the 6th round at Baltimore.

1852—Clarence English, light and welterweight boxer, born at Vankton, S. D.

1859—Jim Corbett defeated Joe Chynski in 4 rounds at San Francisco.

## HOW DAVIES "MADE GOOD."

Philadelphia, July 14.—Connie Mack in the second game with St. Louis Saturday sprung upon an unsuspecting public a youthful looking left-hand pitcher by the name of Lloyd Davies. Having lost the first game after a dozen strenuous innings by the score of 4 to 3, the 15,000 fans imagined that either Bender or Plank would be trotted out with the hope of redeeming the fortunes of war.

About every one was surprised when it was announced: "The batteries for the second game are Davies and Lapp for the Athletics."

"Who is Davies?" was asked all over the field. Few knew that Connie Mack had quietly bought a hard-hitting pitcher and outfielder all in one person from the Amherst Agricultural College and planted him among his World's Champions.

After Davies had hit a two-bagger and a single and forced pitcher Wilhelm to give him a pass that forced in the run that actually won the game for the Athletics, Connie Mack explained Davies' presence on the team.

Connie said he had had Davies around for some time. He intended to use him some day in the outfield, a position he played when not pitching for Amherst.

"I did not intend to use him as a pitcher," said Connie, "but wanted him because he can hit. While working in the mornings he did a lot of pitching and looked pretty good to me.

"So when I found myself up against it for a pitcher for the second game I decided to take a chance on Davies. As it turned out, you see I put the cleanup man in the box. Now that Davies delivered the goods I am all

## THE VALIANT FOR CANADA.

Chicago, July 14.—The Valiant, a new class P sloop, owned by "Fred" A. Price, will represent the United States in the international races next month at Toronto for the Richardson trophy, now held by the Royal Canadian Yacht Club. Today she won the last two of a series of trials to select a challenger.

In both trials the Valiant covered a particular course of twenty-four miles approximately two minutes faster than the Olympian. The Michigan, which defended the trophy two years ago, was third. The Valiant's elapsed time was 2h. 23m. 44s.

## LOWELL GETS TWO RED SOX.

Lowell, July 14.—It is announced that Jimmy O'Brien and Osterger, who have been playing with the Red Sox, will become members of the Lowell ball team. Jim Matthews has been suffering from an injury to his leg and may rest for a short time.

## PLAYED A 23 INNING BALL GAME

New Haven, Conn., July 14.—After the greatest pitching duel ever seen in the Eastern Association, Hartford won from New Haven in the twenty-third inning, two to one, this afternoon.

Hartford scored its first run in the second inning when Kennedy tripled sending Barney home. In the ninth inning with two men out New Haven tied the score when an error by Curry let a local man in.

Geist for Hartford outpitched Jensen, but the latter was splendidly backed up in the field at critical times. In the twenty-third inning Jensen tired and walked two men. Curry then got his two-bagger, sending in the needed run. Pope's batting was a feature with six hits out of eight times at bat. Geist allowed seven hits, gave two bases on balls and struck out eleven men. Jensen was found for twelve hits, gave nine bases on balls and struck out eight.

Frank Chance was successful in getting the New York Yankees off to a good start this year, and it was a pleasant surprise to the fans, who feared another disastrous beginning like last season. The main credit for their showing so far is due almost altogether to the pitchers as the team is woefully lacking in hitting and Chance knows it. He is making every effort to get some hard hitting outfielders. He is making every effort to get some hard hitting outfielders. He is making every effort to get some hard hitting outfielders. He is making every effort to get some hard hitting outfielders.

**GOODYEAR BALLOON WON.**  
St. Louis, Mo., July 14.—The balloon "Goodyear" piloted by R. A. D. Preston, of Akron, Ohio, won the national elimination race to determine the third American entrant in the international race for the James Gordon Bennett Cup, which will start from Kansas City in October.

This was determined last night when a message from E. S. Cole, pilot of "San Francisco, 1915," reported that his balloon had landed Sunday morning, eleven miles southeast of McLeansboro, Illinois. Seven balloons had been reported Sunday night but the outcome of the race was not determined until "San Francisco, 1915" was heard from.

The "Goodyear," which landed near Constance, Kentucky, made approximately 300 miles, nearly twice the distance made by its nearest competitor. It also won the endurance record, 24 hours, 45 minutes.

**Ford**  
THE UNIVERSAL CAR

They see the light. Heaviness in automobile construction was thought to be the right thing until Henry Ford build the light, strong Model T. That Fords now outnumber any other car three to one, proves that Henry Ford is right. And so now they're all advertising lightness. Place your order to day.

\$600 for the runabout; \$850 for the touring car and \$900 for the town car—7 o. b. Ford, Ontario, complete with equipment. Get catalog and particulars from Ford Motor Co., St. John, N. B., Branch, Telephone Main 2806.

**A FAMILY SCOTCH**

**WHYTE & MACKAY'S Special Selected Highland Scotch Whiskey**

Enjoys a reputation for quality unique and enviable in the industry.

If you want the best Scotch possible buy **WHYTE & MACKAY'S** for your home.

Get greater satisfaction—Costs no more.

**Royal Arms**  
REMEMBER THE NAME

Easy Isn't it?—just a couple of words, but it means the best drink of fine old Scotch you ever taste. Aged for years to give it that delightfully mellow flavor so highly prized by critical judges. **INSIST UPON ROYAL ARMS.**

**John J. Bradley, Sole Agent for Canada & Newfoundland**

THE WEATHER.

Maritime—Moderate to fresh southwest and west winds. Mostly fair and decidedly warm.

Table with columns: Location, Min., Max. Includes Vancouver, Kamloops, Edmonton, Medicine Hat, Battleford, Prince Albert, Swift Current, Moose Jaw, Regina, Port Arthur, Pelly Sound, London, Toronto, Kingston, Ottawa, Montreal, Quebec, St. John.

Washington Forecast: Washington, July 14—Northern New England—Showers Wednesday; Thursday part cloudy.

AROUND THE CITY

Little One Dead. Mr. and Mrs. Roy Pidge, 41 Marsh street, will have the sympathy of their friends in the loss of their only child, Frederick, aged four months, who died Monday.

Motor Truck Here. The new five ton motor truck for the city public works department was put in commission on Saturday.

Masher Arrested. Last night about 9:30 o'clock Night Detective Lucas placed Harold Abbott, a twenty-five year old Englishman under arrest and charged him with accosting a woman, King and Charlotte streets. This should be a warning for mashers for they never know when a plain clothes man might be near them.

Militia Grounds. T. W. Fuller of the dominion department of public works, Ottawa, arrived in the city yesterday and made an inspection of the work of remodeling the militia grounds at Lower Cove.

Circus Goes to Hartland. The Haag circus showed at Fredericton Junction yesterday afternoon to a fairly good business and left this evening for Hartland in their train of nineteen cars.

Good Apple Crop. A. G. Turney, provincial horticulturist, was at the Victoria yesterday. To a reporter Mr. Turney said the fruit crop of the province appeared to be coming along in good shape, and that the indications were that there would be a good yield this year.

To Report Commission's Meetings. J. D. Black, city editor of the Fredericton Gleaner, arrived on the Boston train last evening. He is here to report the proceedings of the Royal Commission on the Dugal charges for the Gleaner and also for some upper Canadian newspapers.

Decision Tuesday. Otto Brown was in the police court yesterday afternoon awaiting the decision in the case where he is charged with non-support. Owing to the counsel on both sides being absent from the city and requesting a further adjournment the magistrate stated that he would announce his decision in the case on Tuesday afternoon next at two o'clock.

Coal Handlers Meet. There was a large meeting of the Coal Handlers' Union last evening at which President Waters of the Trades and Labor Congress of Canada was present and delivered an interesting address.

The Standard Ltd. The annual meeting of the shareholders of The Standard Ltd. was held yesterday afternoon with the president, George B. Jones, in the chair.

Salvage Corps. The members of No. One Co., S. C. & F. P. will assemble at their rooms, No. Three Engine House, this afternoon at 1:30 p. m., to attend the funeral of the late Frank E. O'Leary.

ARRANGEMENTS FOR FUNERAL OF BRAVE MAN

Frank O'Leary will be buried today—Police and firemen to attend, besides hundreds of citizens.

Thousands of citizens visited the residence of Mr. and Mrs. John O'Leary, 13 Britain street yesterday to take a farewell look at the remains of Frank O'Leary, the brave officer who was shot to death by John Braman, a burglar whom he was placing under arrest. Last evening for hours there was a steady line of men and women going into and leaving the home of the deceased.

The funeral arrangements were completed yesterday and the remains will be removed from the home at 2:30 o'clock this afternoon and will be conveyed to the Church of St. John the Baptist on Broad street where the burial services will be conducted by Very Rev. W. F. Chapman, V. G., assisted by Rev. Walter Donohue.

The time for the remand of John Braman will be up today and he will this morning be taken from the jail to the police court and the charge of killing Frank O'Leary will be read to him. It is thought that he will be remanded to jail again and the preliminary hearing will be taken up later.

The prisoner is being kept in a remote section of the jail, and the only persons allowed to visit him are the turnkeys and his counsel Urban J. Sweeney. Braman was more composed yesterday than he was on the day previous when he learned of the death of O'Leary.

The enquiry into the Dugal charges in connection with the coroner will be resumed this morning at ten o'clock in the court house. It was not known last evening just who would be called to the stand, but it is likely that several witnesses will be examined today.

Hon. J. K. Flemming arrived on the Boston express last evening and will be present at the hearing. E. R. Teed also came to the city last evening. The counsel and others connected with the case arrived yesterday. M. Stevens, K. C., and F. B. Carvell, K. C., also arrived for the hearing.

George W. Fowler, K. C., who was in the city yesterday, went out to Sussex last evening, but will return for the session today. M. G. Teed, K. C., and T. J. Carter, K. C., will also be present.

Wonderful bargains in the white-wear department at F. A. Dykeman & Co.'s store. You will be interested with the values they are there and they can save you dollars on your purchases.

Special Attention given to the laundering of soft and fancy bosom shirts. Ungar's Laundry.

THE MILLION DOLLAR MYSTERY. A large crowd was present at the Armory and on the Barrack Green, last evening, to witness the annual inspection of the 3rd Regiment Canadian Artillery.

THE THREAT TO TIE UP THE POWER HOUSE INTERESTING FACTOR IN SITUATION—SETTLED SATURDAY? According to an official of the Street Railway Union it is now up to the directors of the company whether there will be a strike of the street railway employees.

THE STRIKE WE CAN MAY STRIKE

Some of the principal officers of the Street Railway Company are out of the city, and it is not expected that the company will take any action in the matter till they return.

As previously reported the board made an unanimous report to the Department of Labor, stating that the evidence did not support the ostensible grounds upon which Ramsay was discharged, and recommending that he be taken back in the employ of the company.

No action will be taken by the union until a reasonable time has been allowed the company to either reject or accept the recommendation of the board. But officers of the union say that if the company turns down the recommendation of the board there will be a strike, and they claim to be in a position to tie up the whole street railway service.

A factor in the situation which makes the possibility of a strike of special interest to the city authorities as well as to the travelling public, is that the men in the power house are connected with the union, and if they were called out in the city would be left in darkness.

It is generally believed that the men will be in a position to tie up the board and avoid trouble with its men.

Richard Powers was brought up at the police court yesterday morning on a charge of robbing a man and attempting to rob Fred H. McKie, formerly manager of Bradstreets in this city, on Monday morning.

Mr. McKie said the prisoner accosted him in the graveyard and demanded money. Upon being told to go away he said "Give me your watch or I'll hold you up," at the same time trying to grab it and drawing from his pocket a piece of rubber hose.

John M. Jenkins said he went to the police court yesterday morning with Mr. Williamson, when the prisoner ran away. Policeman O'Neil told of arresting the prisoner and taking from him the rubber hose. Powers, who said he was under the influence of liquor at the time, was remanded.

Last night about eleven o'clock Police Officer Ward while doing his rounds on Brunells street found two men in the doorway of a house, who were questioned and then placed them under arrest and charged them with lying and lurking and not giving a satisfactory account of themselves.

The burglar alarm sounds of the Bank of Montreal poured forth its appeal for help about midnight. Policeman within range of the big gong rushed to the bank but a careful examination failed to reveal the burglar.

A number of the wives of the dentists who are attending the convention of the N. B. Dental Association were given an automobile drive about the city yesterday afternoon.

As the Colwell Fur Farms Ltd. occupies a remarkably favorable position, and is the first in the Yukon, the management confidently anticipated paying as great, if not greater, dividends than has ever been paid by any of the F. E. I. companies.

"SOLD." You often see this sign on an article, but if it is a second rate typewriter you may be sure the purchaser is "sold" as well.
