ENCOURAGING TO DYSPEPTICS. CHARLOTTETOWN, P. E. I., Nov. 11, 1878.

Mr. James H. Robinson, St. John, N. B.

Dear Sir,—By, I may say, almost an accident, early this spring, being "confined to my room for nearly three months," and during this time I was under the combined care of "three" of the "most eminent" physicians of "Charlottetown," and by them and my friends given up as "beyond all power" to help me. Dr. Baxter, of Moncton, having occasion to call upon me on business, very naturally observed my state of health, and after fully describing my trouble, which by the doctors attending me was pronounced Dyspepsia or Indigestion, in fact I was so bad I could only eat brown bread, and that after being made at least three days, while tea, coffee or milk I dare not touch, and a slice of dry toast, would invariably give me the utmost distress. Dr. Baxter recommended "Robinson's Phosphorized Emulsion," and I feel that I owe the public a debt which can only be paid by saying to all similarly afflicted, "Go thou and do likewise;" try "Robinson's Phosphorized Emulsion." To Cay I am hearty and strong, and can, without fear, indulge in all the luxuries of a first-class hotel.
