EAST FLORENCEVILLE

The Women's Institute met at Mrs. Hagerman Semple's last Tuesday evening. There were 30 present including visitors. Five new members were enrolled: Mrs. S. Darkis, Mrs. B. Rowland, Mrs. J. McLean, Jean Charlton and Marion McLean. A most interesting and instructive programme occupied the time as follows: Paper, Christmas Shopping and Christmas Ideas by Mrs. Roy McCain, which was very appropriate for this time of year and a good many useful hints were given. A paper by Mrs. Manuel on Proper Sanitation in Cold weather. From this article we might take a few very useful hints regarding ventilation which I rather think a few of us lack in doing.

A demonstration on Christmas Cooking by Mrs. Tom McLean who brought a Christmas pound cake and really it was good and tasted like Christmas. It reflected great credit on the cook.

A recitation by Miss Ada Saunders, "Auntie and her cat Willie," which was most comical and well recited.

A solo by Mrs. Percy Semple, "Afton Water," was rendered nicely.

Refreshments were served by Mrs. H. Semple. The following contributed toward the same:

Mrs. Edgar Kilpatrick; Mrs. Aubrey Gaines, and Mrs. P. H. Semple.

Mrs. Stewart Fiske's paper on the care of vegetable and house plants in winter was deferred for another time.

The next meeting is to be held at Mrs. Lorne Siminon's the second Tuesday in Dec. All members are requested to come and bring a basket and a gentleman friend if they have one. And now you young gentlemen it would be well for you to find out which of those young ladies have no gentlemen friends and secure an invitation, for I can assure you that you will enjoy a most splendid evening.

A supper was held in the Baptist church Friday evening, the 13th. The tables fairly groaned under the load of good things and a good sum was realized in aid of the church.

Miss Mary Fitzpatrick attended the Methodist Sunday school convention at Sussex on Monday 9th. She returned home the 16th.

Mrs. I. M. Tompkins was ill last week. We are glad to hear she is reported better.

Mr. and Mr. B. W. Moore and son have been visiting her mother, Mrs. Kitching.

John Trafford is visiting his brother, Riley Trafford.

Rev. James McLuckie, Percy Semple and Stan Carle went to Miramichi on Monday.

GUARD THE CHILDREN FROM AUTUMN COLDS.

The fall is the most severe season of the year for colds—one day is warm while the next is wet and cold, and unless the mother is on her guard the little ones are seized with colds that may hang on all winter. Baby's Own Tablets are mothers' best friend in preventing or banishing colds. They act as a gentle laxative, keeping the bowels and stomach free and sweet. An occasional dose will prevent cold or if colds does come on suddenly the prompt use of the Tablets will quickly cure it. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

For Sale—Everybody should have a copy of that popular war song entitled "Rallying for the Empire". Price ten cents. Address The Colonial Song Agency, Berlin, Ontario.

TOO MANY CHILDREN

are under-size, under-weight with pinched faces and poor blood; they do not complain but appetite lags, they have no ambition and do not progress.

Such children need the rich medicinal nourishment in Scott's Emulsion above everything else; its pure cod liver oil contains nature's own blood-forming, flesh-building fats which quickly show in rosy cheeks, better appetite, firm flesh and sturdy frames.

If your children are languid, tired when rising, catch cold easily or find their studies difficult, give them Scott's Emulsion; it supplies the very food elements that their systems lack.

Scott's Emulsion contains no harmful drugs and is so good for growing children it's a pity to keep it from them.

Vol. VI NOV. 19, 1914 No. 23

There has been something doing in Fredericton today. The Government-in-Council was confronted with the report on the Dugal Investigation. Mr. Fleming has been proven guilty, and his government has asked him to resign. This is a tense moment. Nobody knows what will be done. But one fact is clear—J. K. Fleming is politically dead.

THE DUGAL REPORT

While members of the government are putting off "consideration" of the Dugal investigation report they are storing up for themselves wrath against the day of judgment. It is very well known that the Commission's report finds Mr. Fleming guilty of the charges preferred against him, but how to give him a decent burial is what the government is giving the most "consideration."

Readers of the Woodstock Press will recall that last spring that journal remarked, very sensibly, that if the charges were sustained it would be Fleming's political death blow, while if they were not sustained it would mean oblivion for Carvell.

The latest rumour is that the report will not be submitted formally until the next session of the Legislature, yet every member of the government knows its nature.

About the same time Premier Fleming permitted himself to be interviewed and he stated that "certainly if the charges are proved it means the end of my political career."

The people of the province know what the report should be. The governor in council and a few others, know what it is. The public should have it.

SERIOUS CHARGE AGAINST BERRY

Alleged That W. H. Berry Chief Scaler Accepted Balance Due Government and Altered Account to Conceal Payment

Concealment of the Dugal report for many weeks, and the whisper in certain circles that further concealment is contemplated, will lend additional interest to a new series of charges brought to the attention of Attorney-General Clarke by the Fredericton Mail.

These new charges are either true or untrue. They are specific. The public good demands that they be investigated so thoroughly as to prove or disprove them. Under date November 13 the Fredericton Mail published the following article putting it squarely up to Hon. Mr. Clarke:

The public announcement of the return of William H. Berry to the province seems to have created a sensation. The man who fled from New Brunswick

the very day the royal commission began to work, after a conference the day before with Premier Fleming on the train between McAdam and St. Stephen, the man who refused to obey the order of the royal commission to attend and give evidence; the man who later returned to Calais and remained just across the border line almost listening to the revelations against his premier and the head of his department, as soon as the investigation closed calmly returns to his home and says: "What are you going to do about it?"

It remains to be seen whether he will remain to face the more serious charge publicly made against him by Liberal Organizer E. S. Carter, of having been a party to defrauding the provincial revenues of \$2,903.32. In plain language, this money was stolen from the Crown Land Department and the government cannot refuse to investigate the facts and prosecute the men who are charged with the misdemeanor.

In Mr. Carter's interview with the Mail on Wednesday his statement was broad but without detail. Since then many of these of a convincing character have been obtained.

The Dalhousie Lumber Company, which is a subsidiary company of the International Paper Company, has its headquarters in Restigouche, where it operates, and in July, 1912, received its stumpage bill from the Crown Land Department through the chief scaler, W. H. Berry. The account called for three separate amounts, according to the scale submitted by the woods scalars of the crown lands in that district. These amounts were \$4,488.50, \$5,577.78 and \$12,890.75. Total, \$22,957.03.

The Dalhousie Lumber Company contended that the bills were large—too large in fact—and sent a clerk to the Crown Land Department for \$19,419.07, which they contended was all that was due the province. They received a receipt on account, No. 7844.

The Crown Land Department contended that the Dalhousie Lumber Company still owed the province \$3,537.96. The superintendent of scalars, W. H. Berry, was sent to Restigouche to adjust the matter. Mr. Berry went and after consulting the matter with Mr. Arthur Hilyard manager of the Dalhousie Company, made an allowance of \$634.64 on "pine and pulp wood," and when Mr. Hilyard made out a check for \$2,903.32, making it payable as directed by W. H. Berry and writing in the body of the check "Balance of stumpage account." That check was dated August 20, 1912. Its number was 1480. It was made on the Bank of New Brunswick at Campbellton, was signed by Dalhousie Lumber Company, Ltd., per A. H. Hilyard, and was countersigned by W. F. Comeau, accountant.

The check was cashed in Chatham and the proceeds did not reach the provincial revenues.

Instead of bringing the money to Fredericton, Superintendent Berry sent another account to the Dalhousie Lumber Company and it may be well to put the figures in different columns that they may be readily compared.

1st stump- Scaler age bill	2nd stump- age bill
McBeath \$4,488.50	\$3,749.75
B. C. Beach 5,577.78	4,703.15
Arseneau 12,890.75	10,966.25
\$22,957.03	\$19,419.15

This second stumpage bill, it will be seen, corresponds almost exactly—eight cents difference—with the first check sent by the Dalhousie Lumber Company and on the face of it it appears to be a deliberate falsification of the accounts of the Crown Land Department in order that \$2,903.32, or adding the reduction made by Berry, \$3,537.96 might be stolen from the province.

Now it remains for the acting premier, George Clarke, to investigate this serious charge and

to let the people know what the evidence is, let the investigation be public so that there will be no juggling or covering up of the fact. Premier Fleming was the head of the Crown Land Department when all this was done and Berry was his instrument in carrying out a blackmailing policy. If Berry were arrested and forced to defend this transaction he might give some evidence that has been sought for a long time. It remains to be seen whether Berry's grip upon the members of the government is strong enough to prevent them from prosecuting him for this Dalhousie Lumber Company transaction. If it proves that he is then the people will know that what has been hinted at—that there are more people in government circles afraid of Berry's evidence than Premier Fleming—is too true.

Still, there is one man who must demand a thorough investigation. Colonel Loggie, the deputy minister of lands and mines, whose integrity all will vouch for, owes it to himself to have this matter cleared up and the guilty man punished.

CENTREVILLE ITEMS

(C. A. McBride, Cor.)

Delong & Clark have a large number of men at work building their new store. They have the frame up and enclosed. The building will be about 50 feet long by 25 feet in width, two stories high, with steel covering. The upper part will be used as a tenement and two families have already engaged rooms.

The home of Mr. and Mrs. Burton Clark has been made happy by the advent of a baby boy.

Mrs. E. L. West is visiting her son, C. F. West, at Grand Falls. Mr. and Mrs. Robert White are visiting at East Florenceville.

Miss Colwell, who has been in charge of the Millinery dept. for C. M. Sherwood, Ltd., returns to her home in St. John this week. Mrs. Hannah Harold of Good Corner is visiting friends here.

A crew of men have arrived to build a freight shed for the Valley R. R.

Capt. A. A. H. Margison has enrolled twenty men as volunteers for the Second Contingent in Carleton Co.

Alice Harold has gone to Millville to stay with her aunt, Mrs. Dr. Owens, who is ill.

Ernest Powell has gone to Fredericton to clerk in a store.

Mrs. Bessie Campbell entertained her class of Sunday school boys at her home on Saturday evening.

Mrs. Hoyt of St. John is visiting friends in town.

The Red Cross Society are planning to hold an entertainment in the near future for the benefit of the Patriotic Fund.

Harold Carlton has volunteered for the war and went to St. John on Monday.

Much Pain From Kidney Disease

Doctored in Vain Until Dr. Chase's Kidney-Liver Pills Were Used.

Kidney derangements are often associated with disorders of the liver and bowels, and under these conditions ordinary kidney medicines usually fail to effect cure. It is because of their unique, combined action on the liver, kidneys and bowels that Dr. Chase's Kidney-Liver Pills are so generally successful, even in the most complicated cases.

Mr. Emanuel Bernard, farmer, St. Paul's, Kent county, N.B., writes:—"About eighteen years ago my wife was bad with kidney disease, and suffered greatly from headaches, pains in bowels and stomach, and her heart was affected. For a year she was treated by her doctor, with no apparent benefit. She then used five boxes of Dr. Chase's Kidney-Liver Pills with most satisfactory results. This gave us such a good opinion of Dr. Chase's Kidney-Liver Pills that we always keep them in the house to be used for all derangements of the kidneys, liver and bowels." Dr. Chase's Kidney-Liver Pills, 25c a box 5 for \$1.00, all dealers, or Edmanson, Bates & Co., Limited, Toronto.

cars. Some of their plant is stored for the winter. The railroad company is running a working train between Fredericton and here, picking up ties and fish-plates and all the other paraphernalia which is scattered along the road. All this being stored at Centreville.

We are anxiously waiting for a regular train to carry passengers and haul out the immense quality of freights. In the meantime B. F. Smith is buying potatoes, hay and straw, and loading here. Cars are scarce and heater cars are out of the question altogether. Everyone hopes that "the power that be" will bring along a good service.

Produce brings a good price with the exception of potatoes and the prospect is for higher price for them before long. Hay at \$10, oats 50c, potatoes last week, 65c, butter 28c, eggs 25c certainly must look good to the farmers.

The Centreville Hotel is to remain under the same management for the winter and we are sure Mr. Tweedie will be glad to accommodate the traveling public for a long or short stay.

Mr. DeLong certainly deserves credit for his pluck in building again. He has labored under difficulties since starting business here. Henry Post of Woodstock has the contract for their building and has a large crew at work and expects to have the building completed by Christmas.

Wood is scarce and farmers are asking \$7.00 per cord, which is too high. A lot of coal will be used this winter. Our school had to be closed one cold day on account of the scarcity of wood.

A crew of men arrived here Monday to build the station platform and round house, also loading platform.

Haley Margison started Monday pressing hay for B. F. Smith with A. O. H. Margison's big gasoline press. A crew of four can easily press 20 ton in 10 hours.

GRAND FALLS NOTES

Mr. Charrlette moved his family from Sylvia Martin's house to the Joe O'Regan house for the winter.

T. Mackler and family have gone to the woods for the winter. Miss Amy Sisson who has been visiting in town returned to her home in Plaster Rock Monday.

A number of J. R. Price and wife's friends surprised them on Hallowe'en by meeting at their home for an oyster stew. A pleasant evening was spent with them.

Rev. J. P. Crabtree and family are spending a couple of weeks at Mrs. Crabtree's old home in St. Stephen.

J. J. Evans returned Friday from a visit to his mother in Gibson.

The supper and Whist party in the basement of R. C. church netted \$167.00 although it was a very unpleasant stormy night on Nov. 4.

Mrs. F. W. Olmstead is visiting in Perth this week.

F. L. Dixon and C. A. Estey are home from their hunting trip. Bishop Richardson of Fredericton was in town Tuesday.

Senator Castigan was in town this week.

Pretty Wedding at Perth

A very pretty wedding was solemnized last Wednesday afternoon at the residence of Mr. and Mrs. J. E. Mallory of Perth when their daughter Nellie was united in marriage to Herbert

Dionne of Perth. The ceremony was performed by the brides' Uncle, Rev. J. M. Mallory.

The bride was given in marriage by her father and looked very

winsome in her bridal dress of white silk with chiffon overdress and carrying a shower bouquet of bride's roses and maiden hair fern. Miss Olive Dionne sister of the groom, was bridesmaid and looked extremely lovely in a dress of lemon colored silk. Her bouquet was of yellow chrysanthemums and ferns. Spurgeon Mallory, brother of the bride supported the groom. After a dainty luncheon the happy couple was conveyed to Fort Fairfield by automobile where they took the B. & A. train for Boston.

Many beautiful presents were received by the young couple showing the high esteem in which they are held. Friends in the two villages and vicinity join in wishing them all happiness and prosperity through life.

South Knowlsville

A crew of men has been engaged building a substantial bridge in the Armand road. This long deferred assistance will much improve this section of the highway.

Marion Simms is recovering from a serious illness of several weeks duration.

S. H. Lawson has been cruising the timber preparatory to his annual logging operation.

Several from this settlement attended Mr. London's singing-class at Armand Saturday evening.

Edmund Spinney has returned from a week's cruise on the Nashwaak.

Mrs. John Hemphill is spending

ing a few days with her daughter, Mrs. Geo. Simms. Mrs. Hemphill recently returned from a visit to her daughter, Mrs. O. C. Perry, B.A., Me.

Contributions to the relief of the Belgians are being prepared. Potatoes, knitting and clothing have been freely contributed. Much sacrifice should be made for people who have lost all and but for whose resistance the German arms would doubtless have obtained great advantage.

Robert L. Simms, B.A., is receiving congratulations on having successfully taken his third year examination in law. By studying in vacation he carried the law course along with his college work—extra study, equal to a three-year course at any law school, besides writing the Grammar school examination in June.

EGG AND WOOL DEMONSTRATION CAR NEXT WEEK

As a result of the success, which has attended the presentation of the Wool and Egg Exhibits of the Live Stock Branch of the Dominion Department of Agriculture, at the larger Western Fairs this summer, arrangements have been made in co-operation with the Canadian Pacific Railway to place these exhibits before the people of the Eastern Provinces through the medium of a Demonstration Car. This car will be at Hartland all next Wednesday afternoon, at Perth on Thursday forenoon, and at Woodstock on Thursday evening. The car will be in charge of Egg and Wool Specialists of the Poultry and Sheep Divisions, respectively, and demonstrations will be given at each stop.

The object of the wool exhibit is to assist farmers to gain a more complete and definite knowledge of the character of wools grown in this and other countries, and of the products manufactured therefrom. It will demonstrate how wool may be handled to secure the best advantages to both producer and consumer. Carelessness in the preparation of Canadian wool has resulted in an injury to its reputation upon the markets of the world. In an endeavour to overcome these conditions by aiding the wool growers of Canada to place upon the market a high grade product, the Sheep

Division presents this exhibit to the public.

The principal features of the Egg Exhibit are contained in two large show-cases, and strikingly illustrate right and wrong methods of marketing eggs. In one case, by means of models and appropriate descriptions are careless methods of handling eggs, prevailing on too large a number of Canadian farms and in country stores. In this illustration the eggs are gathered infrequently and from questionable places. They are held until it is convenient to carry them to market and are often traded on a flat-rate basis, for merchandise, at the country store where little or no attention is paid to their preservation. Here they are frequently held indefinitely, in anticipation of a rising market and often are shipped in damp and musty cases to the wholesale dealer where they are candled and graded. The result of the candling is indicated and it is to be noted that but a relatively small proportion grade "select." The manner in which the average retail grocer permits eggs to deteriorate is also pointed out, and if by chance, a portion of the uncandled eggs should have gone direct to the consumer the result is very evident.

The other case shows the results that may be obtained through the adoption of improved methods, not only on the farm and in the country store, but on the part of all those who handle eggs. The models show a flock of pure bred poultry kept in a clean, well ventilated poultry house, provided with clean nests from which the eggs are gathered frequently and regularly. The eggs are kept covered in a clean utensil in the coolest place in the farmhouse and marketed at least once, better twice, a week. In the country store they are packed

in clean, dry cases and forwarded with the minimum of delay. The result of this careful management is apparent in the candling room of the wholesale warehouse where a decidedly large proportion of the eggs grade "select."

An additional and important feature of the exhibit is a large candling booth, in which continuous demonstrations are given in the art of candling eggs. This phase of the work is of particular interest to consumers, for the reason that but few appreciate the fact that the quality of an egg can be accurately determined without breaking the shell.

The candling of eggs is not a difficult process and the small amount of labor entailed in candling presents no valid reason why the consuming public should not candle their own eggs. It should be recognized that as a business requirement the wholesale trade regularly, candles and grades the product which it receives. Merchants generally, however, should acquire facility in candling and every housewife will find it to her advantage to attend one of these candling demonstrations. She will be interested in observing the methods practised and by obtaining one of the simple cardboard candling appliances which are distributed, free, she will be in a position to safeguard her family from many unpleasant occurrences at the breakfast table.

Be on hand to visit this car.

Hello! Is that Nixon's Store?

Have you got your new goods in yet, and will the War make any difference in the prices? I want to stock up on footwear for the winter. And say! Have a few pounds of Nixon's Special Tea ready for me when I come in.

Will you take some of my butter and eggs? The butter is very choice.

Yes, Sir!

This is Nixon's, and we have the new goods right here. We have the best and biggest line of

Gum Rubbers and Shoepacs

that has ever been brought into Hartland. And the best of it is that we will sell them

At the Same Old Prices,

notwithstanding the fact that the price of all leather goods has gone skyward. Our prices will be found lower than any other store in Carleton county, and the QUALITY of the goods you can rely on.

Bring along your Eggs and Butter. They must be first quality, for that is the only kind goods we deal in. We pay you high prices for your produce and sell you goods at the lowest possible figures.

He is manager of the Woodstock Creamery and has closed a successful season's operation, having made about 30,000 lbs of butter which finds a very ready sale. Mr. Ransom is also scout master of the Woodstock Boy Scout's and has a keen interest in the project. He was making enquiries of the likelihood of the movement being established in Hartland and expressed willingness to come and assist organization.

Woodstock has a movement on foot to increase the interest in S. P. C. A. On Sunday all the town pastors preached on cruelty to dumb animals, the Sunday school had the same topics, and the same was especially brought before the children in the day schools. Some action should be taken against the heart-rending cruelty often inflicted on dumb brutes brought to Hartland for shipment or slaughter. Had the person who last week brought in three head of cattle chained fast to a wagon, with blood dripping from the shockingly abused flesh of the poor animals had his just deserts he would for a long time feed on bread and water behind prison bars.

Rev. P. J. Quigg has become the owner of a valuable and nicely located building lot on Brady Hill, just south and adjacent to the lot owned and occupied by Levi Clark. Elder Quigg moved here from York County early in the summer and has been engaged in successful evangelistic work with several Primitive Baptist churches in the sections of country near Hartland. Through the generosity of John Bradley who has recently presented him with a deed to the above building lot, the Reverend gentleman will be in a position to get about building a home in this town early in the spring.

10 CENT "CASCARETS" FOR LIVER AND BOWELS

Cure Sick Headache, Constipation, Biliousness, Sour Stomach, Bad Breath—Candy Cathartic.

No odds how bad your liver, stomach or bowels; how much your head aches, how miserable you are from constipation, indigestion, biliousness and sluggish bowels—you always get relief with Cascarets. They immediately cleanse and regulate the stomach, remove the sour, fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the intestines and bowels. A 10-cent box from your druggist will keep your liver and bowels clean; stomach sweet and head clear for months. They work while you sleep.

Revival Meetings

The revival at Victoria is increasing in interest every day. The services on Sunday will be at 11 and 7:30; also at Lower Wakefield at 3 o'clock. There will be a special revival meeting each evening next week at 7:45. The Primitive Baptist meetings at Upper Brighton are also attracting large crowds. Nine candidates were baptized last Sunday, and a large number more will receive the rite next Sunday. The preachers engaged are Rev. C. H. Orser, the 75-year-old veteran, Rev. P. J. Quigg and Mr. Lockhart.

Women's Institute Concert Tomorrow Night

One of the most pleasing events of the season will be the concert given tomorrow evening by the local Women's Institute, the members of which are striving to raise funds to secure the much needed street lights. So worthy a cause will meet with hearty response.

An excellent program is prepared. There will be introductory address by Mr. Carr, several choruses, several tableaux, readings by M. L. Hayward and Miss Hagerman, a solo by Mrs. Taylor and a duet. "The Reveries of a Bachelor" is a series of tableaux not to be missed; and the comedy sketch "Not a man in the House" is the piece de resistance.

AGR. SOCIETY LIVENING UP

That that Agricultural Society is to ring on a new life was evidenced by the well attended and business like session of the society held last Saturday afternoon.

At this meeting a number of new names were added to the membership, but there is room for many more. The chief topic of interest was the selection of two particular breeds to be purchased by this society in accordance with regulations of the Department of Agriculture.

The Short-horn and Holstein were selected, the society undertaking to give a bonus on the purchase of any other breed to a limited number.

B. N. Shaw and Dr. McIntosh were named as a committee to correspond with different breeders with a view to the purchase of ten or twelve head of cattle applied for at this meeting.

Arrangements were made for delegates to the annual meeting of the Agricultural Societies United, to be prepared to place an order, if possible, for a stated amount of raw material for the home mixing of fertilizer.

Members are requested to leave a statement of the number of tons of artificial fertilizer they purpose using next season and from this information the delegates will be able to form an estimate of how large an order to place.

This list should be complete on or before Nov. 23, and a statement of what is wanted may be left with A. G. Baker before that date.

TORTURED BY CONSTIPATION

"Fruit-a-lives" Cured Paralyzed Bowels and Digestion

ROSEMARY DE SHAUNIGAN, Q.C.
Feb. 24, 1914.

"It is a pleasure to me to inform you that after suffering from Chronic Constipation for 2 1/2 years, I have been cured by 'Fruit-a-lives'. While I was a student at Berthier College, I became so ill I was forced to leave the college. Severe pains across the intestines continually tortured me and it came to a point when I could not stoop down at all, and my Digestion became paralyzed. Some one advised me to take 'Fruit-a-lives' and at once I felt a great improvement. After I had taken four or five boxes, I realized that I was completely cured and what made me glad, also, was that they were acting gently, causing no pain whatever to the bowels. All those who suffer with Chronic Constipation should follow my example and take 'Fruit-a-lives' for they are the medicine that cures."

MAGLOIRE PAQUIN

"Fruit-a-lives" are sold by all dealers at 50c. a box, 6 for \$2.50, trial size, 25c. or sent postpaid on receipt of price by Fruit-a-lives Limited, Ottawa.

APPEAL TO ADVERTISERS

The industry that suffers most in this time of national peril is that of printing and publishing. The newspapers are like the heroes of a battle field, cheering to keep up the courage of those around them, while they themselves are getting the fiercest of the shot and shell. The cost of producing newspapers has practically doubled in three months, and a few months more will see many of them extinct. But from coast to coast the papers, great and small, are shouting courage and preaching hope and optimism to their fellow-citizens.

There is as yet no need for panic in ordinary business. And far from being necessary to curtail expenditures for printer's ink, it is the duty of business men to back up the newspapers, their own home newspapers, in their campaign of good cheer. This can be done through Advertising cheerfully and cheerily, advertising as they never did before, advertising as though they meant business. And they will get business—so will the newspapers. We all need it.

Commencing with Jan. 1 a new tariff of advertising rates will go into effect so far as The Observer is concerned. This revision of prices is the compensation for a dearly bought circulation, a circulation that means that The Observer goes into more Carleton county homes than any other paper in the world. A message printed in these columns goes to 10,000 people within 48 hours. A fact—think it over!

Merchants, we want your advertising; we want your printing; we want your stationery trade; and we want it all mighty bad. Shall we get it—today?

Orders for special space and all copy for full-page or half-page ads must reach us on Monday. We cannot guarantee insertion of any ads, except small new ads that are received later than Tuesday noon.

Locomotor Ataxia, Heart Trouble and Nervous Spells Yielded to Dr. Chase's Nerve Food.

It would be easy to tell you how Dr. Chase's Nerve Food cures locomotor ataxia and derangements of heart and nerves, but it may be more satisfactory to you to read this letter.

Mrs. Thos. Allan, R.F.D. 3, Sombra, Ont., writes:—"Five years ago I suffered a complete breakdown, and frequently had palpitation of the heart. Since that illness I have had dizzy spells, had no power over my limbs (locomotor ataxia) and could not walk straight. At night I would have severe nervous spells, with heart palpitation, and would shake as though I had the ague. I felt improvement after using the first box of Dr. Chase's Nerve Food, and after continuing the treatment can now walk, eat and sleep well, have no nervous spells and do not require heart medicine. I have told several of my neighbors of the splendid results obtained from the use of Dr. Chase's Nerve Food. 50c a box, 6 for \$2.50, all dealers, or Edmondson, Bates & Co., Limited, Toronto.

business men are not surpassed in the province, and we carry the largest stock in the county, bought in case lots, therefore at the lowest prices.

READERS, ATTENTION

The total volume of business done at this office during October last past was barely one-half of that in October, 1913. Yet expenses have increased by nearly fifty per cent.

Now-readers, attention, please. A great deal of our ordinary advertising and printing has dropped off. The cause—war depression. A great deal of new business has come in; advertising and printing for the various Patriotic, Belgian, Red Cross and other Funds. For a week we did this work and contributed the cost to the cause. That Saturday, for the first time, we borrowed money to pay off the hands. The lesson from this is that beyond a certain point we must charge for this work. Very gladly we open our columns to all patriotic appeals, it is our pleasant duty to report all patriotic entertainments and enterprises. But we must charge our ordinary rates for advertising and printing.

Any announcement of any meeting, entertainment, or anything else of similar nature where the object is to raise money, is charged for at the regular rate of 5 cents a line. Where no admission fee is charged or collection taken such announcements may be inserted entirely free. Readers will remember, also, that any thing The Observer can do to assist patriotic or charitable work is done freely and gladly. The Observer is eager to help and would point out that any appeal, announcement, or message may be sent, through its columns, to more than 2000 Carleton county homes in a single day.

All long articles for publication should be at the office on Monday, while short paragraphs may be squeezed in as late as Thursday morning. Work of setting type commences on Saturday, and getting local copy then, and all day Monday, is usually difficult, but by Monday evening we have too much copy, and then comes the boiling down and thinning out process. Often matter of very little importance, set early in the week, crowds out articles of much greater moment that arrives late. Many people defer bringing in copy until the hour of "going to press". Our foreman says "they seem to think we have a press that takes copy through a hopper and delivers completed Observers at a single operation". Six days are just long enough to enable our staff of five to produce the paper and to do the routine work. It may interest readers to know that two columns, set, corrected, and distributed constitutes a fair day's work. Ad-setting and job work requires more skill and girls are rarely employed at such work. Last week a single ad. consumed 14 hours time that actually cost us 80 cents an hour.

TAKES OFF DANDRUFF, HAIR STOPS FALLING

Save your Hair! Get a 25 cent bottle of Danderine right now—Also stops itching scalp.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scourge. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair.

Get a 25 cent bottle of Knowlton's Danderine from any drug store. You surely can have beautiful hair and lots of it if you will just try a little Danderine. Save your hair! Try it!

Bel-Grant.

The home of Mr. and Mrs. G. W. Grant at Centreville was the scene of a quiet but pretty wedding on Wednesday Nov. 4 when their eldest daughter, Lena Maud, was united in marriage to Burton James Bell of East Flo-

enceville. Rev. J. A. McNulty officiated in the presence of the relatives of the contracting parties. The bride was daintily gowned in white satin with chiffon over dress and swans-down trimmings. Miss Viola Bell, sister of the groom, was brides-maid and wore a gown of blue-silk. E. M. Towle of Easton, Me., attended the groom. Immediately after the ceremony luncheon was served. Mr. and Mrs. Bell left on the five o'clock train for St. John and showers of rice and confetti. The bride's travelling costume was of blue granite cloth and French hat of black velvet trimmed with white aigrettes.

On their return to their home at East Florenceville on the following Monday they were given a reception by the groom's parents, Mr. and Mrs. W. S. Bell. About a hundred guests were present and a pleasant evening was spent with music both instrumental and vocal. Lunch was served by Misses Maude Dow, Amy Tompkins, Myrtle Carle, Minnie and Viola Bell. The dining room was tastefully decorated with carnations and ferns. Mr. and Mrs. Bell received many tokens of kind remembrance among which were many beautiful pieces of linen, silver, old ivory and several checks, also dining-room furnishings from the groom's parents.

NERVOUS WOMEN

Can Only Find Relief by Toning the Nerves With New Rich Blood.

The woman who "flies to pieces" over the least noise or excitement soon fades and loses her good looks. Dark rings appear under her eyes, the lines about her mouth and forehead deepen and lengthen, the eyes become sunken, the face drawn and the complexion shallow.

The trouble is nervousness and if the strain is not relieved and the nerves properly nourished, nervous collapse and years of sickness may easily follow. Dr. Williams' Pink Pills for Pale People will save you from this dreadful affliction. These Pills make the new, rich blood that nourishes and tones the nerves and banishes every trace of nervousness. Mrs. Margaret Donley, Amherst, N. S., says: "I believe Dr. Williams' Pink Pills saved me from the grave. I was taken down with nervous prostration, and for months was unable to walk. I slowly recovered until I was able to go about, but there the improvement ended. I was getting weaker and weaker until I could just get from the bed to a couch. The least noise would set me trembling all over, and often when I went to the table I would leave it hungry and yet unable to eat. Sometimes I was taken with smothering spells and felt as if I was going to die. At other times I would be so nervous that I could not hold anything in my hands. I was doctoring all the time, but without benefit, and finally I made up my mind I would try Dr. Williams' Pink Pills. They were the first medicine that gave me any relief, and I was soon able to take a short walk. I continued using the Pills, gradually gaining new health and strength. Until I finally felt as well as ever I did in my life. At the time Dr. Williams' Pink Pills cured me I was living in Sackville, and my illness and cure was known to everyone in that place, and my friends, like myself, believe the Pills saved my life."

These Pills are sold by all medicine dealers or will be sent by mail at 50 cents a box or six boxes for \$2.50 by The Dr. Williams' Medicine Co., Brockville, Ont.

IF YOUR CHILD IS CROSS, FEVERISH, CONSTIPATED

Look Mother! If tongue is coated, cleanse little bowels with "California Syrup of Figs."

Mothers can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again. Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups.

GOING TO MOVE A RIVER.

Chicago is Now Contemplating a Big and Costly Job.

Chicago, which conquers in the sign "we will," now contemplates picking up a river which is in her way and carrying it out west where she wants it, not very far west—only a few city blocks—but the job will cost about \$6,000,000, and that is only one item in the complicated and costly undertaking by which 1,704 of the city's area, where more than twenty railroads handle every day 112,000 tons of freight and 200,000 passengers, must be unmanacled from congestion.

Drains clog the streets, commuters through the ways, and the downtown region has still to build up from an average of eight story structures to the present maximum of twenty stories with a daytime population and traffic corresponding. The present has beggared the dreams of past boosters. Engineers are now asked to provide for the future.

Chicago's appetite for freight cannot be curbed by dieting. Her daily meal will keep on growing. She needs new digestive apparatus. Transference of the river and certain other capital operations will give it to her. Freight wise she must begin life over again. What is true of Chicago is true in one way or another of most of the principal cities of the country—John Findley Wallace in Leslie's.

Life Sentence to Milwaukee.
"I sentence you to Milwaukee for life and if you ever return to Chicago, I'll send you back."
Such was the decree of Judge Sabath in the case of Oswald Markward of Chicago.

Oswald, it appears, had been found by the police "lying on his back in the street and hollering." Being in Chicago is enough to make any man of decent sensibilities "lay on his back and holler." But the extenuating circumstance in Oswald's behavior did not occur to the judge.

So he sentenced Oswald to Milwaukee for life. Happy, happy Oswald! Strange to say, his Chicago lawyer did not enter a constitutional plea against the infliction of "cruel and unusual punishment." Queer folks, those Chicagoans!—Milwaukee Sentinel.

Servia's Area and Population.
Before the recent wars with Turkey and Bulgaria, Servia was divided into eighteen districts. The area of the country was 13,044 square miles, with a population of 2,511,701. Servia acquired as a result of the wars territory to the extent of 14,008 square miles, with a population of 1,451,614. The total area of the country today is, therefore, 27,052 square miles, with a total population of 3,963,315. The new territory has been divided into twelve administrative districts, making a total of thirty administrative districts in the whole country.
