

FRIEDMAN TESTS
APPEAR FAILURE
AT QUEEN CITY

Beneficial Results Expected
From "Cure" Have Not
Materialized.

Several of the Patients Have
Been Placed on the Old
Treatment.

[Canadian Press.]
Toronto, April 11.—That in some, at least, of the tuberculosis cases treated by Dr. Friedman in Toronto there has been a failure to produce the beneficial results expected, is practically admitted at the Toronto General Hospital.

One of the much-heralded physician was hailed with joy coming of health to those who become the prey of the white plague. With eagerness they crowded his clinic, and felt the stimulation of hope. But the passing of the days for some the hope has not been realized, and they find themselves struggling again through the slough of despond.

No Change.
Dr. Clarke, superintendent of the General Hospital, is preparing a report on the results of the Friedman tests. His attention was called this morning to the reports of the collapse of patients in Montreal and New York, who had apparently made a start towards recovery after treatment.

"What is the condition of the patients here?" he was asked.
"There has been no change," he answered.

"No change one way or the other?"
"No."

"There were some who made temporary progress here?" he was asked.
"It seemed so," was the not too hopeful answer, "but I will have the whole report on the matter shortly."

It is known that some of the patients whose former treatment had been abandoned after the Friedman injection have again been placed under the old treatment.

MONEY SHORT IN
CANADIAN WEST

Editor Chipman Thinks Too
Much Money Put Into
New Buildings.

HE SUPPORTS PUBLICITY

Finance Minister Has Provision to
Permit Farmers to Raise Loan
on Grain.

[Special to The Advertiser.]
Ottawa, April 11.—This was western day in the banking committee, George F. Chipman, editor of the Grain Growers' Guide, the official organ of the Western Canada, was the first witness and stated that he was in touch with western farmers, who read his paper and corresponded with him extensively. He thought that bank charters should not be renewed for ten years. With rapidly changing conditions in Canada, especially in the west, there should be opportunity for revision of the banking act often than once in ten years.

"Do you favor a system of smaller banks?" asked Chairman Ames.

"The present system would come to be more economical," replied Mr. Chipman, who on further questioning did not seem to have considered the question or have definite views upon it. He stated that each branch bank should, at regular intervals, publish a statement of its business showing loans of all deposits.

Mr. Nesbitt wanted to know what benefit the public would get from this. "Publicity is always useful and beneficial," said Mr. Chipman.

"Would that not lead to the disclosure of the business of one bank to its competitors?" asked Mr. Sharpe.

Good for Public.
"I think the advantage to the public would be greater than the disadvantage to any bank. If the banks were loaning an undue proportion of loans to the agricultural communities that condition could be remedied, and probably would be," said Mr. Chipman.

"What is the effect on the public of big and expensive branches in western towns?" asked Mr. Ames.

"Money is short in Western Canada and the public thinks that the more money a bank puts into its building the less it will have to loan," said Mr. Chipman.

In describing the financial operations of the average farmer settling in the west, Mr. Chipman intimated that he did not think that changes in the law would test to farmers being unable to obtain more money on loans from banks.

EPIDEMIC IN CITY
SCHOOLS CAUSED
BY CARELESSNESS

Authorities Complain That
Parents Do Not Appear to
Realize Danger.

Chickenpox and Measles Said To
Be Spreading Among
Children.

While the physicians and school authorities of the city are trying in every possible way to stop the epidemics of infectious diseases, it will need more co-operation upon the part of the parents of school children before the diseases are completely stamped out, so they state.

As an example of the carelessness of some parents in connection with these diseases, an encounter that Misses Gilchrist and Burdick, the nurses employed by the school board, had this morning is worthy of mention.

The two ladies, who were on a belt line going to Victoria School, saw two little girls on the car, and in answer to Miss Gilchrist's query if they had been sick, they answered in unison: "Oh, yes, we have the chickenpox." They would not give their names, but stated that they were pupils of Colborne street school.

Distributing Milk.
It was also stated today that a boy who was engaged in distributing milk in the southern part of the city, resided in a house where there was another youngster ill with the measles.

The principal of a local school had considerable difficulty in explaining to a boy that he could not come to school as he had the chickenpox.

On Monday last the teacher of the boy noticed symptoms of the disease and sent him home, but this morning he returned with the boy marks all over his face. The teacher sent him to the principal who was told by the boy: "It's all right, mother says I'm not sick," but the master was firm and the boy returned to his home.

At the same school the pupils upon dismissal at noon and 4 o'clock are met by a lad who lives in a home where another child is ill with the measles.

CLOSURE A NIGHTMARE
SAYS OTTAWA PAPER

Measure Sweeping, Monstrous,
Revolutionary and a Serious
Menace to Canada.

[Canadian Press.]
Ottawa, April 11.—The Ottawa Free Press (Liberal) says tonight:

"Liberalism has exhausted every means to compel the Borden Government to appeal to the country for a mandate on its navy bill. It has failed. That fact might be faced first as last. If the Senate were to throw out the bill the Government would drop it. There would be no election. The closure is a nightmare. Analysis of it proves that it is revolutionary. No Liberal had the right to assume that any Canadian Government would dare to prepare so sweeping, so monstrous, a measure. Liberalism cannot help throwing up its hands at the proposed closure."

"In face of it, and rather than that it should become law forever, Liberalism can afford to transfer its fight against the navy bill from Parliament to the public platform in the constituencies. In order to save Canada from a measure of two evils, the Free Press earnestly suggests that the closure is now come for Liberals to abandon its demand for an immediate election, and permit the Borden navy bill to be passed on condition that the closure is dropped."

"If that offer is accepted, then the people of Canada will be able to understand the motives of those responsible for the introduction of the closure."

London South Liberals
Hold Meeting Tonight

The London South Liberal Club will hold its weekly Friday night gathering in Shaw's Hall this evening. Progressive eucure will be played by the members, and liberal prizes are being offered to those who are successful in the contest. A live program of events is planned, and all who attend are assured of a good time.

Charles Daw Will Train Fast Horse
for the Grand Circuit.

[Special to The Advertiser.]
Dorchester, April 11.—Mr. Charles Daw left recently for London, where he has obtained a position. He took his horse, Woodpoints, there lately, to be trained by Mr. Dan McEwen for the Grand Circuit. Mr. Daw recently refused an offer of \$1,200 for the animal.

Five Ancient Volumes in
Library of Rev. Dr. Ross

In reference to the statement from Rev. S. Salton, of Arva, a few years ago that he possessed a book of devotion two hundred and twenty-four years old, Rev. James Ross, D. D., pastor of St. Andrew Church, writes:

I have five books older than the one mentioned by the Rev. S. Salton, namely:

Summa Theologica, Thomas Aquinas, 1224
Shop Davenant's Commentary on Colossians, 1639
Cession of Faith, 1658
Professor Allotree's Sermon Before the King, 1684
King's Antiquities of the British Church, 1685

These are all in the original binding and well preserved.

FEDERATION OF MEN OF ALL THE PROTESTANT BODIES
ORGANIZED FOR GREAT ONWARD CHRISTIAN MOVEMENT

AT THE organization meeting Thursday night in St. Andrew's Church, Rev. Thomas Mitchell described the faith that inspires the movement in these words: "One thousand men standing together for the Master's Kingdom can transform this city, and that is the object of this federation."

HENRY MACKLIN,
Treasurer of Men's Federation.

How Rev. J. McNeill
Sees Many of Those
In Churches Today

There was nothing uncertain about the way in which Rev. John McNeill, of Cook's Church, Toronto, denounced the apathy that prevails among churchgoers, when he addressed the meeting in St. Andrew's Presbyterian Church Thursday night, at which the Men's Federation was inaugurated. Here are some of his remarks:

From the 12th chapter of First Chronicles he read: "They were armed with bows, and could use both the right and the left."

"So many people today can do neither. In the familiar speech of the day, they are a lot of mutts," commented he.

"These men could use both the right hand and the left. When you were expecting a blow from the right you got a stinger from the left. The pulpit needs just that."

"God help us in the pulpit to say the things that you expect us to say, and also what you did not expect us to say."

"How in the name of all that's true, did some names ever get on the communion rolls of the church? When were they ever soldiers? When were they ever on the firing line?"

"They are just a lot of Chinese fire-works, guaranteed not to burn."

Reading again from the eighth verse: "Fit for the battle"—not the hospital. You'd almost think the church was a hospital—a hospital for incurables, for some people never die or get better. They are nursed and molly-coddled by the church, and I don't think half of you are worth the trouble."

"Instead of going 'Onward, Christian Soldiers,' they should be singing 'Backward Christian Soldiers,' backward from the war."

"Stop playing like children in a nursery—stop playing at Christian soldiers."

"Haven't we landed in a day of irresolution? How many Christian people today have that look which indicates helplessness, resolution? Do not we too often see that puzzled look—a look that says: 'Lead me gently home?'"

"They don't seem to know that the battle is on, or what is the issue."

"God take away from us all softness and flabbiness, and thread us with a backbone. Then we'll get on. Then the world will cease to say that the church is an organized hypocrisy."

Reading again in the fifteenth verse: "These are they that went over Jordan in the first month when it had overflowed its banks."

"Everybody said: 'You can't go over Jordan in the spring. We never did it, and our fathers never did it—it can't be done.'"

"These men took a hoary old saying and proved it to be a hoary old lie, and it's the greatest thing you'll ever do."

"You say certain things cannot be done because they are impossible, and you say, 'You may not have the word here, but you have the thing.'"

"There's no use in bravely holding the fort when there's nobody attacking it. Hold the fort! No; say out and attack the enemy."

"The Word of God is forever up-to-date—ringing."

C. P. R. Locomotive Off
Track at City Station

Traffic on the C. P. R. was delayed for a time Thursday evening when a locomotive was derailed at the city depot about 11:30. The engine was backing up to couple on to train No. 17, when the accident happened. It was pulled back out of the way so as not to delay traffic, and was not replaced on the rails until about nine o'clock this morning.

JOHN M. GUNN,
President of Men's Federation.

REV. JOHN McNEILL SPEAKS
AT INAUGURATION OF MEN'S
FEDERATION AT ST. ANDREW'S

Noted Presbyterian Divine Delivers Message of Exhortation to
Congregation of All Denominations—"Be a Follower,"
He Urges, "You'll Soon Get Out of the Doldrums Into a
Life of Glorious Experience."

"Fire won't burn you, water won't drown you, death won't kill you, and sin won't damn you, if you make Jesus Christ your peace," said Rev. John McNeill, formerly of Liverpool, and now pastor of Cook's Church, Toronto, at the conclusion of an eloquent sermon in St. Andrew's Church Thursday evening. Despite the inclement weather the church was completely filled with people desirous of hearing the noted divine, who enjoys the reputation of being one of the ablest preachers of his day. The purpose of the service was the inauguration of the Men's Federation of London, an organization having for its object unity of effort among the men of all the churches of all denominations throughout the city, along lines of social service. The service was given an enthusiastic send-off at a well-attended meeting of delegates held immediately after the service.

Source of Salvation.
Mr. McNeill chose as the subject of his discourse, St. Mark's account of Christ's stilling of the tempest—first the great storm and then the great calm. The first lesson that we learn from the story is that it's Christ's presence that is our salvation, he said. "He with us and we with Him—that is salvation for the individual, and it is salvation for the whole company. There never was any other, there never can be any other, and we do not want any other."

Referring to the text of the story, he pointed out that in some quarters today there was a tendency to dignify the boat, as if it had something to do with saving the disciples on that night of peril. "They even call it the barque of St. Peter," he said. "One would almost think she was an ocean liner, instead of a miserable little insular fishing boat."

The Church a Boat.
From thinking along such lines as that, he averred, the idea of salvation by the church crept in. "Salvation by the boat—especially our boat, the doctrine taught by some denominations. The boat that night saved nobody—it needed saving—it was sinking. And the church herself saves nobody—she herself needs to be saved. It was Christ's human, divine, living presence with them that saved them."

He read further from the text. "You must have noticed this painful anticlimax," he said, referring to the fear that was aroused in the disciples by the miracle. "They all shivered and shook. Not a soul said 'Hallelujah!' that's over and we're saved. These men were accustomed to sing psalms, the psalms of David. Of course, they hadn't the Scotch meter version—but then they couldn't have everything."

Didn't Have Hymn-Books.
He quoted a psalm which would have been suitable to the occasion, and remarked on the fact that not one of them thought of singing it. The reason was, that it wasn't in the church and it wasn't Sunday. They were caught outside without their hymn books. And some people today, away from church, are wonderfully empty. They don't seem to carry with them even some of the small change of religion."

USE RESIDENCES
FOR CITY HALL

Suggestion Made That Hueston
and Moore Houses Would
Be Suitable.

EFFECT A BIG SAVING

Messrs. John Hayman and William Bernard are given credit for a suggestion regarding quarters for city hall employees that finds favor among the aldermen.

Their idea is that instead of fitting up quarters for the different staffs in the Spencer Block, the city should sell that property at once, and secure the Moore and Hueston residences for city hall quarters.

There are fine large rooms in both the Moore and Hueston residences, and they would afford ample quarters for all the city hall employees without expense to the city.

It has been estimated that it would cost \$12,000 to fit up the Spencer Block so as to provide suitable quarters for the city employees.

Would Pay Claims.
Messrs. Hayman and Bernard believe that the money secured from the Spencer building would pay the claims of Dr. Moore and Mr. Hueston. It is understood that expropriation proceedings will be proceeded with in a short time to acquire the property not yet decided to the city for the Federal Square.

MILITANTS APPLY TORCH
TO FAMOUS GRAND STAND

Great Damage Done to Cricket Grounds at Tunbridge Wells—
Miss Emerson Very Ill With Appendicitis Following
Forcible Feeding.

[Canadian Press.]
London, April 11.—Militant suffragettes started on their work of destruction at a very early hour this morning, when they set fire to the grand stand of the great cricket grounds at Tunbridge Wells. They left behind them a photograph of Mrs. Emmeline Pankhurst, as an indication that the women had taken this means of protesting against her imprisonment in Holloway Jail. The fire started in the dressing rooms of the members' pavilion, in which large quantities of tarred netting used in cricket practice was stored. The building was extensively damaged, and the loss caused by the fire amounts to several thousand dollars.

Miss Emerson Very Ill.
Miss Zeile Emerson, the militant suffragette from Jackson, Mich., is in a serious condition, having developed appendicitis. Dr. Mansell-Moulton, her physician, said this morning: "Inflammation undoubtedly has developed an attack of appendicitis. The pain suffered by Miss Zeile Emerson is responding somewhat to local treatment, but it will be impossible to correct her condition permanently without an operation which is unthinkable at present, because of her extremely weakened condition. The nervous symptoms have improved somewhat today, my patient having enjoyed a comparatively restful night. She is still, however, unable to see anyone."

PARKS EXPERT NOT

BRIDGES IN LONDON

Superintendent Dilger Wants
Concrete Structure at Wharfedale Road.

Thinks Present Steel Structures
Are Unsightly and Not
Durable.

Superintendent Dilger, of the parks department, cannot understand why the city should spend \$25,000, probably a good deal more, to erect what, he considers, another unsightly steel bridge across the Thames. He considers it to be directly opposed to the materialization of the idea of the city beautiful.

An all-cement bridge would last a century or more, and would not require annual repairs as will a steel bridge. In his opinion London is already disfigured by too many bridges, which are anything and everything other than things of beauty.

Couldn't Estimate Cost.
Mr. Dilger would not estimate the cost of a cement arch bridge across the Thames on the Wharfedale road, but he thinks that such an estimate might well be secured by the works department.

Rocky River, a small municipality near Cleveland, has a single span, 600-foot cement bridge crossing the river of the same name.

Mr. Dilger has himself completed in connection with the permanent plans for parks improvements, the design and plans for a 342-foot, three-span, all-cement bridge across the Thames over the Springbank dam, and connecting the park south of the river with the proposed golf grounds on the north.

May Tie Up Work.
There is possibility of the West London bridge project being tied up unless ways and means are found to secure the additional ten thousand or more which the actual construction of the bridge, judging from tenders already received, will cost above the \$25,000 for which debentures are authorized.

Elaborate Preparations Made for Arrival of Morgan's Remains.

[Canadian Press.]
New York, April 11.—The steamship La France, bearing the body of the late J. P. Morgan passed Nantuxet lights at 4 o'clock this morning, and was expected to dock about 8:30 o'clock this afternoon. The body will be immediately removed from the ship and taken under strong police guard to the Morgan library, where it will rest until Monday morning when funeral services will be held in St. George's Church. It will then be conveyed by special train to Hartford, Conn., and placed in the family mausoleum.

J. P. Morgan and his son, Julius S. Morgan, obtained permits to go down the bay in a revenue cutter and board the La France at Quarantine.

Extra details of police have been assigned to guard the pier, and no one will be permitted to enter the shed without a special customs pass.

No Dividend This Year For
Shareholders of the York Loan

Delay Is Due to Getting In Payments on Real Estate
Assets. Which Will Total in the Neighborhood of Two Million Dollars.

[Canadian Press.]
Toronto, April 11.—The next dividend will be a final one, and you may say that there will be no dividend this year," was the announcement at the National Trust Company, liquidators of the York County Loan and Savings Company.

The delay is due to getting in the payments on the real estate which formed the greater part of the assets. These will not be in till July, and there will then be more than six months figuring to be done.

The result of the sale of the real estate is a vindication of the official referee's decision not to sell the property in a block to a syndicate. An offer was made in 1906 of \$600,000, but George Kappeler, K. C., refused to entertain it, and the liquidator proceeded with the sale, with the result that the receipts will be in the neighborhood of \$1,800,000, or three times as much as was offered.

The checks for the first dividend, declared in November, 1909, continue to trickle in. In March 36 of these checks were presented for payment. In the same month about 350 checks of the second dividend sent out on Dec. 1, 1911, were returned. They amounted to \$1,586.48. In the first ten days of April second dividend checks a year and a quarter old, amounting to \$2,700, were cashed.

AMUSEMENTS

"Uncle Tom's Cabin."

The Grand tour tomorrow offers its patrons Kibbles & Martin's spectacular revival of "Uncle Tom's Cabin." This attraction is classed as the biggest scenic production of this well-known story. The American states have ever seen, it being necessary to utilize two special 70-foot cars to transport the 50 people, scenery and equipment. No such amount of money as Kibbles & Martin have spent on this production has ever been expended on this neglected and much-abused, but still most successful of American dramas.

"Passers-By."

A gilded youth of London's upper strata of society and the strange philosophy of a tramp are two of the many interesting characters in "Passers-By," the C. Haddon Chambers' comedy drama, which returns to the Grand on Tuesday evening. The play is in four acts, and is replete with human and humorous situations from the rise to the fall of the curtain. No work from the pen of Mr. Chambers has been presented so effectively to the theatre-going public as his "Tyranny of Tears." A specially selected English company from London will present the piece here. Seats on sale tomorrow at 9 a.m.

"Hamlet, Prince of Denmark."

Montague Flowers is a great attraction in the Lyceum world. His "Hamlet" is a new and extremely apt message. He has made this great masterpiece perfectly clear, interesting and attractive for the masses, and provided an evening's entertainment of intellectual and spiritual joy. He will be heard in the Auditorium on Saturday evening, the closing number of the Affiliated Society Course.

LADY THOMPSON DEAD

Widow of Late Prime Minister Dies After Operation.

Toronto, April 11. — Following a serious operation, Lady Annie E. Thompson, widow of the late Right Hon. Sir John Thompson, prime minister of Canada, died yesterday afternoon about 5 o'clock at the General Hospital. Lady Thompson had been ill for a very short time and was taken to the hospital only a day or two before her death.

Lady Thompson was the daughter of the late John and Catherine Affleck, of Halifax, N. S., and was born and educated there. In 1870 she was married to the late Sir John Thompson, who died in 1894. On her husband's death a fund, to which the Canadian Parliament contributed \$25,000, was established for her benefit. She was presented to the late Queen Victoria and also to the late King Edward and Queen Alexandra.

She was very well known throughout Canada and was closely identified with several women's organizations, having been president at large of the National Council of Women for Canada. She assisted in founding this body. During recent years she had lived a rather retired life at her home, 18½ St. Joseph street.

A son and a daughter survive. The funeral will take place on Saturday.

DIED IN THE WEST

Miss Edith Hamilton Left Forest a Year and a Half Ago.

[Special to The Advertiser.] Forest, April 11.—Word was received here yesterday of the death of Edith, second daughter of Mr. and Mrs. John Hamilton, who moved from here to Winnipeg a year and a half ago. Miss Hamilton died near Summerland, B. C., where she had gone for her health, and the remains will be brought to Winnipeg for interment. Mrs. McCosh, of Bonanquet, an aunt of deceased, left yesterday for Winnipeg. Miss Hamilton was 20 years old.

MORE SMALLPOX

Another Michigan Central Man Is Ill at St. Thomas.

[Special to The Advertiser.] St. Thomas, April 10.—Albert Lacey, an employee of the Michigan Central Railway, who was at the boarding-house at Montrose when the outbreak of smallpox first occurred about March 17, has developed a mild case of smallpox. He resides just outside the city limits here, and is under strict quarantine.

MONEY TO BURN BUT NO MATCHES

Some Consider It an Envidable Position to Have Wealth, Others Satisfied With Small Income.

One man said he had money to burn, but he didn't like the smell of smoke, and another one believed if he had money to burn he would be so unfortunate as not to have any matches.

Some want wealth for position; they want the honors that money can buy, not realizing that such in reality are but empty honors. The really happy individual is the one that does not care for wealth, but is able to get the fullest enjoyment of life without the so-called "money to burn."

Here is a quotation you have probably heard: "Wealth gotten by vanity shall be diminished." This is a Bible quotation and should be familiar to all. If you haven't got a Bible, The London Advertiser can supply you with one. The London Advertiser's Bible is a "different" way, all the pictures except the beautiful color plates being printed in with the type. So even if you have others, you will want this one, for these illustrations make plain the verses which they accompany.

Speaking of wealth, one need not be a millionaire to come into possession of one of these Bibles, for they are within the reach of all. Only six certificates are required, which, together with a small stated amount to cover the necessary items of expense, will give you your choice of the several bindings either in the Catholic or Protestant editions. See the certificate on another page of this issue.

This great offer will not be presented much longer. Those wishing to take advantage of it should attend to the matter at once.

WANTS TO MAKE STUDY OF ANTI-TREATING

Mr. Hanna Explains Position of the Whitney Government on Matter.

[Special to The Advertiser.]

Toronto, April 10.—The position of the Whitney Government on anti-treating was announced to the Legislature yesterday in a statement by the Provincial Secretary. When the orders of the day were called Mr. Rowell inquired if any further amendments to the liquor license act were proposed other than those included in yesterday's bill.

"Of course my hon. friends refer to anti-treating," replied Mr. Hanna, smiling. "In the House last year it was declared that if the treating habit was overcome one of the greatest evils of the liquor traffic would be done away with. Since last session we have taken considerable pains to put ourselves in touch—and we did it before last session—with the places that had adopted or were considering or seeking to put in operation anti-treating laws."

"Having regard to that," continued the Provincial Secretary, "the decision we have come to is that it is a matter of sufficient importance, of sufficient moment, that there is sufficient involved for this province to move slowly—if you see fit so to call it—to be sure that we have when we adopt it, a law that will be capable of being enforced. That was the difficulty that was met with in some of the places that adopted it. The law itself is good but in the very nature of things one difficult of enforcement. In Iowa they report very favorably upon the results of the enactment of that law a year or so ago."

"I hope, and I shall be a disappointed man if my hope is not realized that under my guidance some legislation may be passed to do away with the treating habit," said Sir James Whitney.

GIVEN GOLD WATCH

John Robinson, of Forest, Is Leaving for the West.

[Special to The Advertiser.] Forest, April 11.—John Robinson, who leaves here shortly with his mother for the west, was presented with a gold watch last evening at the home of George Beatty, where a number of his friends had gathered. The address was read by Miss Irene Kennedy, and the presentation was made by Alex. Frome.

WHAT EVERY WOMAN WANTS TO KNOW

Katherine Leslie Chats
on Linens and Laundry.
Woman's Institute Notes.

KATHERINE LESLIE'S HOME CHAT

Household Linens at the Laundry

"People are not nearly so fastidious as they use to be over their bed and table linen," said the man in charge of the linen at one of the big shops. "Formerly women used to buy the best that was to be had in linens. Their pillow cases could not be fine enough, their sheets were carefully chosen, and they bought both in abundance. Now they are not at all particular; any sort of linen seems to answer; and indeed they are buying cotton instead of linen." I asked the salesman how he accounted for this. "O, said he, 'it is easily accounted for. The laundries are wholly responsible for this deterioration in taste. Their methods are such that no linen will stand them. They use chloride of lime and other bleaching stuffs that eat out all the vegetable matter in both linen and cotton. With their hot rollers they rip off their starch borders, tear apart initials and embroideries from the linen, pull off ordinary hems and very soon reduce bed and table linen to rags, and its owners to despair. One of our oldest customers, who has

been a great buyer of linens has taken to buying cotton bed linens, and not the most expensive at that; for, as she very properly declares, she has no intention of feeding the tubs and hot rollers of the laundries any longer with fine linen. There does not seem to be any help for this state of things. The modern maid does not wash and iron, the 'washerwoman' has become as extinct as the dodo, and the laundress who has taken her place asks prohibitive prices for her name too excellent work." This is all true. We all suffer from steam laundry methods. We groan over the wreck of our household linen, and tear our hair when our fine shirtwaist and lingerie dresses come back to us looking the wraith and wreck of what they were. Even in those places such as convents and reform homes for women where the take limited supplies of linen to launder, the steam laundry methods seem to prevail, and what one sends there in hope one receives in despair. One sometimes wonders if there is absolutely no money to be made by enterprising women in just old-fashioned laundry work, when the clothes were washed well, boiled, hung in the sweet air and then brought in and ironed?

PROBLEMS OF THE FAIR SEX SOLVED BY CYNTHIA GREY

[Correspondents are requested to make their inquiries as brief as possible, and to write on one side of the paper only. It is impossible to give replies within a stated time, as all letters have to be answered in turn as they are received. No letters can be answered privately.]

The Old Question.
Dear Miss Grey: This is the first time I have written to you, and as I am a constant reader of your column I thought I would ask a question or two. 1. Will mercerized wax injure the skin, as I saw where it would improve the complexion and take off freckles. 2. I have dark hair, which is very short and thin. What do you advise to make it grow, as there is a lot of short hair always around my forehead? Hoping to see this in print soon, I remain,
ANS.—1. Personally I have had no experience with the article, but one of two correspondents have written this column stating that they had not obtained satisfactory results from the use of it.
2. You should keep the scalp thoroughly cleansed and the roots of the hair stimulated by frequent brushing and occasional massage. This should in time insure you a thick growth of hair.

Help For Grace L.
IRIS writes a very kind letter in reference to a request made by Grace L. for a remedy for thick neck. While I prefer not to publish the contents of Iris' letter in this column, if Grace L. will send me her address, I shall gladly send on the information to her. Iris says, "I hope you will not think me officious in writing this." Not at all, it is extremely kind of you, and I am sure that Grace as well as myself appreciate your help.

Has an Unhappy Home.
Dear Miss Grey—As I have received many helpful hints from your column, I am going to ask a few myself. As this is my first letter to you, please do not be too hard on me.
1. Is a girl under 18 years of age privileged to leave an unhappy home, where there is a stepfather who is unwilling to let her go?
2. In the warm weather many times through the day my face and nose will begin to burn and become very red. What is the cause of this, and what will prevent it?
3. Could you obtain for me a copy of the poem called "The Face Upon the Barroom Floor"? I have tried very hard to get it, but so far have failed.
4. Can you give me a recipe for cold cream that will help to remove blackheads and flesh worms?
Hoping to see these in print soon, I am,
ANS.—1. A girl is not considered of age until she is 18. I hope you do not think your home unhappy simply because your stepfather wishes you to remain there. Remember, he is considerably older than you, and without doubt believes it is wisest for yourself to stay under his protection until you are really able to fight your own battles in the world. There is another side to the matter, too—you should be glad that he is not anxious to push you out into the world to get rid of you, as some men have been known

you suggest. It sounds foolish for me to write it for you, as such a note should come direct from the heart of the writer, but something along this line might answer: "Dear Mr. and Mrs. Blank: My husband and I are looking forward with great pleasure to meeting you at the marriage of Mary and John on the 29th inst. While we regret the thought of losing our daughter we are pleased indeed that she has won the affections of such an estimable man as your son. The ceremony is arranged for 3:30, but we trust to see you much earlier in the day. Sincerely yours," If the young man's parents live at a distance, a postscript might be added with information regarding trains, etc.

TO A MOTHERLESS GIRL.
"A MOTHERLESS GIRL"—Since you started "keeping company" with the young man knowing that he was going with another girl I do not see that this should be a reason now for breaking your friendship.

Keep on being your own sweet, lady-like, self. If he prefers you, he will say so before long, no doubt, and if he does not, you are young enough to form other friendships. Probably he simply regards you both as friends. In the meantime, you have the privilege of accepting the attention of other young men.

REMOVING FOREIGN BODY FROM EAR

[By a Physician.]
Children frequently put into their ears pebbles, beans, cherry stones, coffee, etc. Some insects find their way into the ear passage and create severe pain by their struggles. The insect is no respecter of age and frequently finds its way into the ear of a grown-up. Smooth, non-irritating bodies do no particular harm for some time. The most serious damage results often in the hurried, unskillful manner of attempting to remove such by persons who act immediately and incautiously in the belief that the removal must be made at once. Insects, of course, should be killed without delay. The simplest remedy is sweet oil, which should be dropped into the ear. Castor oil, linseed or even glycerine may be used. Then the insect should be removed in half an hour by syringing. When trying to remove a solid body turn the ear to be treated downward. Pull it outward and backward, rubbing the skin just in front of the opening into the ear with the other hand. The object may fall out. If this is not effective syringing may be tried. Supposing this second method does not prove successful, then get competent medical assistance at once.

Complexion remedies that most women recommend they wouldn't use themselves. The girl who has a chronic case of the ideal is apt to develop into a spinster.

The Strictly Tailored Girl Is Still Here

1. Personally, I think it better to purchase a cold cream at a drug store, but since you ask for a formula, I have pleasure in giving one herewith: Sweet almond oil, one ounce; rosewater, one ounce; spermaceti, quarter ounce; white wax, quarter ounce. Break the spermaceti and white wax into tiny bits. Put them into a china bowl and place over a pan of hot water. As they soften, pour in the almond oil slowly, incorporating it with the other two ingredients. When the mixture has softened well, lift the bowl from the water, and stir in the rosewater, constantly and evenly. Add a little perfume and place in jars. Do not at any time let the cream become hot.

Pleating a Skirt.
Dear Miss Grey: I. Would you advise accordeon pleating for a silk skirt? I have been told that the heat necessary to do the pleating will cause the silk to cut in a short time.
2. My hair is fairly long and thick, and is not too dry at the roots, but lately it has been splitting badly, one hair sometimes forking in several places. If I cut the ends, in a few days it is as broken as before. Can you advise me what to do for it?
A. A. A.
3. I am of the same opinion, that there is the danger that the fine pleating will cause the silk to cut much sooner than it otherwise would. Why not follow one of the pretty draped styles which are being used so much now? Silk can be made up quite readily in some of these styles of draping.
4. If your hair is in a healthy condition it should not behave in this way. Try faithful brushing and massaging once or twice daily to stimulate the scalp and hair follicles. I trust this will help to remedy the trouble.

Grease on Leather.
Dear Miss Grey: Do you know of anything that would take a grease spot out of the leather lining of a handbag?
A.—You might try rubbing the stain with a soft rag dipped in spirits of wine, or make a paste of ammonia and either benzoin or ammonia; lay it on the stain and let remain overnight. In the morning remove with the finger and wipe clean with a soft cloth moistened in ammonia.

For a Home Wedding.
Dear Miss Grey: When a girl is being married at home in travelling suit should she wear her coat, hat and gloves, where it is a quiet wedding, with only the parents of both parties present?
2. When the two families are not acquainted it is necessary to send printed invitations or should the mother of the bride-to-be write a little informal letter to the parents of the groom-to-be? If so, would you please put a suitable letter for the occasion in your column (not too formal)?
3. Would you please tell me something nice to serve at a wedding luncheon (cold)?
Hoping I have not taken up too much of your time, and thinking you for your kindness, I remain,
A.—1. I think it would be better for her to appear without the coat, hat, etc., as it is a quiet affair.
2. A better way would be for the groom to bring his parents to call upon the bride and her mother some weeks before the marriage. However, if this is not practicable, then the bride's mother might write the note as

Notwithstanding the many draperies that are worn in the spring there still is seen the strictly tailored girl. She is usually young, for only a young woman can stand the plain lines of the correctly tailored suit.
This season they are wearing the coat different from the skirt, and the stunning suit pictured is of blue and white check for the skirt and of plain blue for the coat. A white vestee with dark blue buttons and binding, with a white collar and blue choker, with a large sailor hat, make this a stunning rig for an outdoor girl.
A new fashion wrinkle is the side-pockets on the skirt. You find them in all the strictly tailored suits this year.

WOMEN'S INSTITUTES

COLPOY'S BAY

[Special to The Advertiser.]

Warton, April 11.—The Colpoys' Bay Women's Institute held a very interesting meeting in Bell's Hall yesterday afternoon, the following program being carried out in a very efficient manner: Opening chorus, "The Maple Leaf"; roll call, responded to by every member giving some use of salt; paper on "Worrying," by Mrs. Bandy; Smith; address by Mrs. Arthur Wait, Warton, on "Home-Making," solo by Mrs. Bell. Mrs. Post, president, and Mrs. Weir, secretary, had charge of the meeting. Afternoon tea was served at the close of the program.

FLORENCE

[Special to The Advertiser.]

Florence, April 10.—The Women's Institute met on Wednesday afternoon at the home of Miss Carrie Corbett, when a very interesting meeting was held. A large number of members were present, also several visitors, and the meetings were full of more enthusiasm every month. Miss Davis presented to the ladies a paper, that was indeed well worth hearing, the subject being "Spring and Its Beauties." Mr. C. P. Kennedy, manager of Northern Crown Bank, Florence, was present to address this meeting. He directed his excellent speech to the ladies along the line of institute work, and all went away with the desire impressed in their minds that they would come to the institute every month. The roll-call was responded to by the exchange of seeds and bulbs. As the day was advancing, the meeting came to a close, to assemble again in May for the annual business meeting.

Hats and Plumes

The straws par excellence for the spring are Tagal, Yedda in a very soft and rather fine description, and, above all, the fine, close English straws. This latter might be said to represent a certain amount of altruism on the part of the modiste, for no straw wears so well or suffers so many things in the matter of packing, and one shape in this redoubtable paille will outlast three or four cheaper straws.

Ostrich plumes are far from being ruled out of count. As a matter of fact, the quantities of these plumes which will be worn this season are likely to be as great as ever, but the plumes are more or less uncured on the lower part nearest to the base of the stem. Shaded feathers will be immensely popular, and the gradations by which one tone melts softly into another show any amount of artistic talent on the part of the manufacturers, and prove very becoming to the wearer.

New Tableware

Among the new tableware is a gravy boat especially designed for Mr. Jack Spratt and his wife whose preferences as to food have been familiar to us since childhood. This gravy boat has a tiny silver skimmer inserted in it such a way that when the gravy is poured from one side of the boat the fatty portions of it are skimmed off, while if poured from the other side the fatty portions are retained, and so, between them both, you see—Jack Spratt and his wife will both be satisfied.

Racks of Sheffield plate somewhat like muffin racks come now filled up with individual silver pie-plates. The racks are made to carry three plates at a time. There are some new silver basket-shaped carriers for jars of marmalade. They have the flexible handles and the sides are formed of a very lacy pattern in silver filigree. Grape dips are new and attractive bits of tableware. They are tall egg-shaped crystal bowls set in silver holders. They are to be partly filled with iced water into which the grapes are to be dipped.

Daily Healthogram

STOMACH GAS is frequently caused by fermentation of foods not properly digested. Intestinal fermentation causes intestinal gases. Sour milk and cheese diet diminishes it. Over-eating, hurried eating and too long waits between meals are all common aids to the formation of stomach gas.

The Poet's Corner

MOONSET.

Idles the night wind through the dreaming firs,
That wailing murmur low,
As some lost melody returning stirs
The love of long ago;
And through the far, cool distance,
zephyr fanned,
The moon is sinking into shadow-land.
The troubled night-bird calling plaintively,
Wanders on restless wing;
The cedars, chanting vespers to the sea,
That comes in wash of waves along the strand,
The while the moon slips into shadow-land.

O, soft responsive voices of the night,
I join your minstrelsy,
And call across the fading, silver light,
As something calls to me;
I may not all your meaning understand,
But I have touched your soul in shadow-land.

CANADIAN LEAGUE RECRUIT TRYING TO OUST VETERANS
IN AN EFFORT TO LAND TORONTO SHORTSTOP POSITION

Three candidates for the position of shortstop on the Toronto team. From left to right: Charlie Isaacs, Eddie Fitzpatrick and Rube Marquard. Isaacs is a 19-year-old Toronto boy; Fitzpatrick has been with the Leafs for three years but has never caught a regular place on the lineup. He may get his opportunity this season if Holly, whose retention is somewhat doubtful, does not come up to the mark.

LONDON'S PITCHING STAFF
WILL BE MADE UP OF GIANTS

Manager Deneau Signs Up Another Twirler Who Measures Six Feet Two Inches in Height—Club Now Has Three Heavers Over Six Feet Tall.

[BY JINX.]

Knotty Lee's claim of having the tallest team in the league is open to question. After reading that Mr. Lee had corralled a few tall and lofty gents for his Kolts, Mr. Deneau, who pilots our home hopes, went out to get Mr. Lee's record, and, judging from the men the Rube is signing up at present, he has the rangy Hamilton aggregation looking like a row of little Jeffs beside the Londoners.

Another Giant Signed. The latest "giant" to tick his John Hancock on to a London contract is Frank Talbot, a pitcher, who reaches into the atmosphere six feet two inches. Mr. Talbot has had two years' experience as a baseball pitcher, and according to Mr. Deneau, his records are just as mighty as his stature.

Three Tall Gents. The London Club now boasts of three pitchers who exceed the height limit. They are Nicholls, Schaub and Talbot. This rangy trio all measure over six feet, the last two going two inches over that distance. An idea of the size of these latest acquisitions to

the London pay roll can be gleaned from the fact that Osborne, the Peterboro pitcher, who was the tallest in the league last summer, was just six feet two inches in height.

Big Ones Are in Demand. Manager Deneau apparently believes that the tall fellows make the best pitchers, and in this belief he is borne out by the fact that the best pitchers in the big league are all tall men, some of whom go over six feet. Another important qualification the big fellows possess is that they generally have the physical requirements to go the full distance, and can stand the gaff better than the little fellows. If they have the rest of the stuff that goes to make good pitching, they eventually land in the big leagues. The fact that Manager Deneau has signed up such big fellows as those mentioned above should be welcome news to local fans.

Deneau has predicted that he will have one of the best pitching staffs in the league. Already he has signed up eight pitchers, and another one, Ray Mallen, will also get a try-out. Then there is Sammy Smith, who is still on the suspended list.

For the benefit of baseball fans, among whom many disputes are sure to arise as to best results in baseball, the following records have been compiled and compactly arranged for pasting purposes in the crown of one's fedora. The most important—in the big show—are:

Pitching records—Marquard (New York) and Keefe (New York), nineteen straight. In American League—Wood (Boston) and Johnson (Washington), sixteen straight.

Consecutive wins—Providence (National League), 1884, 23; Boston (American League), 1906, 20.

Consecutive defeats—Pittsburgh (National League), 1890, 23; Boston (American League), 1906, 20.

Stolen base record—Harry Stovey, 1888, 156 steals.

Greatest number of runs scored in a single season—Hamilton (Philadelphia), 1894, 196.

Strikeout record—Hugh Daly (Chicago), 1884, 20; for a season, Kilroy (Baltimore), 1884, 505.

Home run record—Buck Freeman (Washington), 1899, 25.

Record of victories—Chicago Cubs, 1906, 116.

Greatest number of games pitched—Raddbourne (Providence), 1884, 72.

Greatest attendance—New York, Oct. 14, 1911, 28,281.

Longest game—Boston vs. Athletics, 1906, 24 innings.

San Francisco, April 11.—Jack Lester, the Washington heavyweight, offered to the public two years ago by Tommy Burns, will be introduced to an audience of San Francisco fight followers for the first time tonight, when he steps into the ring to meet Al Kaufman, the local blacksmith, in a four-round bout.

Jimmy Howard, the Chicago middleweight, is scheduled to meet Willie Mehan, of San Francisco.

Realizing the value of newspaper space, Rube Marquard, who since he won a couple of games in the last world's series has been in vaudeville, a divorce and a wedding, never overlooks a chance to get his picture in print.

After pulling a lot of the haughty, "I guess McGraw can't know who I am" stuff in the winter, while doing one week stands with Blossom Seeley, now Mrs. Marquard, his rubelets almost broke his wrist signing the contract shoved at him by Dick Kinsella, acting for the Giants. Here the ex-Cleveland semipro is showing in some old stuff—catching a ball dropped from the tenth floor of the Call building in San Francisco. The patent for this act was issued in the name of Charlie Street, of the Washington Club. It's a good stuff though.

HATS FOR HOMERS
AT TECUMSEH PARK

Manager Ely, of the Oak Hall, Makes Attractive Offer to All Sluggers.

Manager Ely, of Oak Hall, is a great believer in the promotion of sports, and encourages them in every way possible. It has been the custom of Oak Hall each year to extend to the baseball players a prize for some particular feat in the progress of the game. This year he is out with an offer of a new hat for every home run made on the home grounds during the season, by either a visiting or home club player. The official scorer is also to be presented with a hat, because upon this official is placed the responsibility of issuing an order to the Oak Hall management that the run was properly made in a regular schedule game.

NUMBER OF PLAYERS

Meeting Will Consider Reduction of Players on Team and Shortening of the Field.

[Canadian Press.]

Montreal, April 11.—According to present arrangements a meeting of the N. I. U. will be held tomorrow when applications from the National Athletic Association of Ottawa, the Sherbrooke Lacrosse Club, and French Canadian Club, in Montreal, will be considered.

There are two amendments to be brought up at the meeting. The first is to reduce the size of the playing field and bring it nearer to the standards. The second is to reduce the number of players on a team from twelve to ten.

The union officials will probably pass a formal resolution reintroducing the amateur game.

SMALLPOX SCARE

Minneapolis Player Has Only Slight Attack of Disease—Will Not Prevent Team From Playing.

Minneapolis, Minn., April 11.—The smallpox scare among the ball players of the Minneapolis Club of the American Association has died out. Late today physicians of the city health department made a thorough investigation of the team and declared there was no cause for apprehension. Ralph Comstock, the pitcher, who was taken to the pest house early today, has a very mild attack of the disease. He had not been with the other players since Friday night, coming away from Hickman at the same time the remainder of the team left for Memphis. One or two players who had accompanied Comstock are under observation and the vaccination of the players will be confined solely to those who have been in contact with the sick man.

All of the baggage of the team was thoroughly fumigated at the clubhouse this afternoon.

Ladies' Golf Club
Elects Officers for Summer of 1913

The annual meeting of the London Hunt Ladies' Golf Club was held at the Kennels on Wednesday, April 9, and the following officers and committees were elected:

President, Mrs. Hume Cronyn; first vice-president, Mrs. Thomas Marshall; Mrs. Basil Sterling; Miss Lillian Moore and Miss K. Betts.

Secretary-treasurer, Miss Smart.

House Committee—Messdames Hale, Beddome, Hodgins, Fritz Beck, George Brown, Smallman, Scattergood, G. B. Patterson, Frank McCormick and Miss Harris.

Golf Committee—Miss Belton, Mrs. Drake, Mrs. Smith, Miss Marshall, Mrs. Basil Sterling, Miss Lillian Moore and Miss K. Betts.

Tennis Committee—Mrs. Bowker, Mrs. Innie Carling, Miss Davis, Miss Zimmerman, Miss Dorothy Gunn and Miss O. Williams.

Pitcher Jack Frost, of the Reds, is said to be the tallest pitcher in the National League. He stands 6 feet 9 inches. The Reds have nine pitchers who are 6 feet or taller, but some of them will have to be cut down.

THREE TEAMS LEADING
IN ALASKA DOG RACE

Covered 140 Miles in 11 Hours and 15 Minutes.

[Canadian Press.]

Nome, Alaska, April 11.—Having covered 140 miles in 11 hours and 15 minutes, three of the four teams competing in the 412-mile all-Alaska sweepstake race from Nome to Candle and return, drove through Boston last night. The teams were those handled by A. A. (Scotty) Allan, John Johnson, and Fay Dalzene. Tommy Ilavok's sled was not in sight.

Allan's and Dalzene's dogs were in excellent condition, but Johnson's had not fared so well. He was carrying two of them on his sled. One wrenched a leg before reaching Council, 85 miles out, and probably will be carried the remainder of the journey.

Weather conditions are favorable, and fast time is being made. The winner will receive 60 per cent. of a \$5,000 purse.

George Ade tells a story of himself which has a real Mark Twain flavor. A Chicago woman tourist came to the old Cheshire Cheese Inn in London, where Ade was dining, and asked to see Dr. Johnson's autograph, supposed to be pencilled on the wall. On being told it was not known to exist, she began a vain search for it. "A warm glow of benevolence rose in my breast," says the humorist, "and with a pencil I wrote on the wall behind me, 'Sam Johnson.' The woman finally espied the autograph and was overjoyed. How much happiness we can give to others by these little acts of kindness!"

Breakwater Is Needed To Protect Front Street Land

Mr. R. Smith Writes Board of Works Asking That Some Action Be Taken Immediately—Engineer Instructed to Make Report.

Mr. Raymond Smith, front street, wrote to the board of works Thursday, complaining about the condition of front street and the absolute necessity of a breakwater to protect the property of the ratepayers in that section. He said that he had spoken to Mayor Graham about the matter, but had been informed by him that nothing could be done for front street on account of a lack of funds.

Should Have Protection.
The people of front street, he contended, should have the same protection as any other section of the city, and he asked why money to build a

permanent breakwater over there had not been incorporated in the amount asked for the West London breakwater.

Mr. Smith pointed out that the story in The Greater London Section of The London Advertiser about the condition of the river bank in that section of the city was quite correct, and he urged that the board take some steps towards providing protection for the people.

After considerable discussion the city engineer was instructed to inspect the river front and make a report.

CENTENNIAL ORGANIST TO TENDER RESIGNATION

Mr. Bert Weir Appointed Organist of Wellington Street Methodist at \$550 Year.

Mr. Bert Weir, organist and choir-leader at the Centennial Methodist Church for the past six years, is about to resign, having accepted a similar position at the Wellington Street Methodist Church.

The managers of the Wellington Street Church met Thursday night and accepted Mr. Weir's application, deciding to pay him \$550 a year.

Considerable regret is felt by the congregation of the Centennial Church as the choir under Mr. Weir's direction has always been kept in a satisfactory condition. His successor has not been decided upon yet.

ENTERTAINED CHOIR AND USHERS OF CHURCH

Mr. and Mrs. J. Macpherson Hosts of Knox Church Choir.

The members of the choir and the ushers of Knox Presbyterian Church were the guests of Mr. and Mrs. John Macpherson, Elmwood avenue, on Thursday evening, and the guests to the number of forty greatly enjoyed the hospitality of the hosts. The evening was spent in games and music, and a vote of thanks was tendered Mr. and Mrs. Macpherson for their kindness.

HOLDS SUCCESSFUL CONCERT IN CHURCH

Entertainment in Aid of Baptist Mission Held Thursday Evening.

An entertainment in the basement of the Adelaide Street Baptist Church in aid of the Lorne Avenue Baptist Mission on Thursday evening proved a decided success. The funds will be used to further the work of the mission.

The following program was much appreciated, and many calls for encores were given during the evening: Piano solo, by Sousbois, Miss Dangerfield; reading, "The Mansion," by Van Dyke, Miss G. Newbury; violin solo, "Vision," by Berdia, Miss Dewey; solo, "Happy Days," Miss Shaw, with violin obligato by Miss Dangerfield; violin duet, "Message of the Red, Red Rose," Miss Dewey and Miss Dangerfield, with piano accompaniment by Miss Shaw; ensemble reading, "Out to Old Aunt Mary's," Miss Newbury, with duet violin accompaniment by Misses Dewey and Dangerfield.

Rev. D. N. McCamus' Brother Dead.

Rev. D. N. McCamus, pastor of the Colborne Street Methodist Church, received word this morning that his brother, Rev. J. A. McCamus, had died at his home, 48 Glendale avenue, Toronto. Deceased was formerly in the Bay of Quinte Conference. Two years ago he had a complete breakdown in health and was superannuated. He is survived by his wife and two children, Rev. D. N. McCamus left for Toronto on the receipt of the news, and will be away until the beginning of next week.

Progressive Euchre Party Held in New Church Proves Success.

Although it rained heavily all Thursday night, a record number of members and friends of the congregation of St. Michael's Parish attended a social evening and dance which was held in the basement of the church.

Progressive euchre was played during the evening, and Mrs. Ferguson won the first prize for women, while Mr. M. O'Donohue carried off the men's.

After the cards refreshments were served, and the rest of the evening was spent in dancing to excellent music provided by Tony Vitta's orchestra.

POTTERSBURO LANDS SELLING RAPIDLY

Several Important Deals Have Been Put Through During the Past Week.

METCALFE ESTATE SOLD

Man Secures Option on Dundas Street Land for Factory Site.

During the past week real estate has been moving rapidly in Pottersburg, and it is expected that within a short time a number of new houses will be erected in that section.

Mr. W. Jones purchased three lots on Thursday from Mr. John Moore. These lots are located on Dundas street, and it is said that they brought a good price.

Purchased Metcalfe Estate.
It was rumored this morning that a Brantford syndicate had purchased the Metcalfe estate on Hale street from Mr. A. E. Montague and that the price paid for it was in the neighborhood of \$15,000. There are eleven acres of land in the tract, and one of the finest brick residences in the city is located on one part of it. The house, which is of red brick and stone, took about three years to build, and is handsomely decorated throughout.

To Open a Street.
Mr. Wm. Talbot returned from the west several days ago, and it is his intention to open a street through from Hale street west. He intends moving several houses onto it at once and will build several other houses. A representative of a company which intends erecting a factory in that district took an option on some property owned by Mr. W. Hudson, east of the interlocking line. It is said that the price asked is \$5,000. Several large lots were purchased by the same man a short time ago to the rear of the property which he has optioned, and it is quite likely that a large factory will be built out there.

ABATTOIR PROPERTY TO BE PART OF CITY

Railway Commission Decide in Favor of Application for Annexation.

ORDER EXPECTED SOON

Two City Bylaws Will Have To Be Amended Before Work Can Be Carried On in Factory.

Word has been received in the city that the Provincial Railway Commission, after considering the application for the annexation of the Dominion Abattoir property to the city of London, is prepared to grant the request. It is expected that the official order will be issued shortly.

The company was represented by Mr. R. K. Cowan, solicitor, and Mr. E. Rehnitzner, and the county by Miss Mary Grant, clerk.

Bylaws To Be Amended.
In order that the company may do business in the city it will be necessary to amend the city bylaws to prevent the slaughtering of animals within the city limits.

There are two city bylaws which have a bearing on the case. One is to the effect that a slaughter-house should not be constructed within 70 yards of a public highway and within 200 yards of a dwelling, and the other prohibits slaughtering anywhere within the city limits.

The finance committee of the city council will discuss the question at its next meeting and will likely recommend the city council to amend the bylaws.

GARBAGE SITUATION TALKED AT MEETING

Members of West London Progressives Appear in East London To Urge Confederation.

DENOUNCE THE SYSTEM

Market Question Up Again—Members Will Wait on Fire and Light Committee Next Week.

R. A. Y. Stinchcombe and George Churchill, of the West London Progressives, attended a meeting of their sister society in the East End on Thursday night to advocate more thoroughly the necessity of having a central organization for the discussion of municipal matters pertaining to the city as a whole.

At the same time Mr. Stinchcombe secured the endorsement of the East End body to have the Real Estate Owners' Association enter the proposed joint organization.

The triumvirate of progressive bodies, the real estate, board of trade, and labor council now comprise the list of organized associations, who will send representatives to the proposed union body.

Condemned Collection System.
The West London men, who almost took control of the meeting, also condemned the system of pay for garbage collection. Mr. Stinchcombe declared that only people who had garbage for disposal should pay for its collection. He titled it a fraud style of doing business and wanted a resolution passed denouncing it. The East London men did not wholly agree, and Wm. Wain introduced a motion of motion, which holds the matter for further discussion.

To Attend Meeting.
Secretary Fred. Wilkinson announced a communication from City Clerk Baker, requesting the market committee to attend a session of No. 2 committee of the city council on Wednesday next to further discuss the advisability of establishing a market in the East End.

The faces of the progressives were wreathed in smiles at the possibility of their beloved project again taking definite shape. They then waxed warm on the subject, and in Ciceroian oratorical efforts told the West London representatives the ups and downs they had experienced in their long fight for the market.

Wm. Wain informed the meeting that he could collect \$500 more for a market, and that they already had 31,900 square feet of land to give gratis for the market.

Five members were present at the meeting.

ANNIVERSARY SUPPER OF SOUTH LONDON BAPTISTS

Celebrating Twenty-Fifth Anniversary of Church To Be Observed Sunday.

The supper and meeting of the congregation of the South London Baptist Church in connection with the twenty-fifth anniversary of the organization of the congregation, which will be observed on Sunday, was held in the church on Thursday evening.

The ladies of the church provided an excellent supper in the early part of the evening in the school room, and an adjournment was then made to the church where addresses were made by Rev. W. C. Riddford, the recently-inducted pastor of Egerton Street Baptist Church, and Mr. Wilson, who has charge of the mission on Oxford street. Both speakers congratulated

the pastor and members of the congregation upon the condition of the church. During the evening the choir rendered several selections, as also did a quartette composed of Mrs. Kennedy, Mrs. Clark, Mr. Toy and Mr. Moore. Mrs. Moore, the organist of the church, acted as accompanist.

A collection was taken towards the support of a student who will have charge of the mission at Kensal Park, on the Pipe Line road, about a mile west of the city. This mission is under the charge of the London South church, although the other Baptist churches of the city assist in the maintenance.

The ladies of the Mission Circle presented a souvenir card of the occasion.

District Personals

SOUTH DELAWARE.

South Delaware, April 10.—James Henderson, of the 1st concession had his barn and part of the contents destroyed by fire yesterday. The losses are partly covered by insurance. Miss Sarah Heron is improving slowly. Miss Mabel Scott, of Lawrence, is visiting at her uncle's, Wm. Heron. Mr. and Mrs. John Parsons visited recently at Payne's Mills. Misses Gladys Malcolm and Lena McFarlane visited recently in North Delaware. Walter Dunning spent the week-end in London.

HARRISTON.

Harriston, April 11.—Mr. and Mrs. Chas. Thompson are spending a week with friends at Toronto and Aurora. A meeting of the baseball fans will be held on Monday evening, at the Royal Hotel, when the forming of a town league will be considered. The town council has made a

grant of \$50 to the West Wellington Agricultural Society and in return has been given the use of Moore's Park for a year, except on the days of the fall fair. This arrangement is greatly appreciated by the several organizations here, which have been compelled to pay abnormal prices annually for the use of a ground on which to play a game of baseball or lacrosse.

Mr. G. T. Wehrley was in Chicago on business recently. Mr. Leo Blachford, town electrician, has moved here and taken up residence in the Johnson residence on Margaret street.

Miss Bert, of England, is visiting Mrs. (Rev.) Sandmore. Rev. Liddy, a former pastor, will conduct anniversary services in the Methodist Church on Sunday, April 20. Rev. and Mrs. Pearcey entertained Guthrie Church choir on Tuesday evening.

PARKHILL.

Parkhill, April 11.—Mr. Russel Stewart, son of D. W. Stewart, township clerk, moved with his wife to Brandon. Mrs. Stewart was Miss Garnet before her marriage, and resided in Brandon. Regan brothers have moved to the

Green farm in West Williams. They have rented the property for a term of years. Mr. J. H. Morrison and wife were presented with an address and a gold watch on Tuesday evening before their departure for their new home in East Williams.

Mr. Dan Johnson has roofed the barn which was wrecked in the recent gale. The church sheds, which were blown down during the storm at St. Columba, are to be rebuilt.

The people along the Centre road are much pleased with the daily mail service.

Brown & Hoffman's cattle sale in Parkhill was a big success. Cows sold at \$67 per head, calves at \$10. T. F. Hawkins wielded the hammer.

Mr. John Faton, of West Williams, has moved to Parkhill to reside permanently, and has bought a residence on Mill street.

Mrs. N. E. McKinnon, of the Arlington Hotel, Parkhill, underwent a successful operation in Toronto on Tuesday.

Mr. Neil McPhee, ex-mayor, of Parkhill, has returned from Detroit, after a week's visit with his sisters. Mr. James Anderson, auctioneer here for the past 40 years, left for the West on Tuesday.

POPLAR HILL.

Poplar Hill, April 11.—The taffy social and concert held in the Disciples' Church on Tuesday evening last was a decided success, and all had a most enjoyable time.

Mr. Owens and daughter Norma, of Delaware, visited recently with friends here.

Rev. Mr. Saunders, of London, will occupy the pulpit in the Baptist Church here on Sunday next.

An open meeting of the Coldstream Woman's Institute will be held in the hall Coldstream Monday evening, April 14.

Mr. Ray Fletcher, of Watford, spent the week with relatives here.

Mr. and Mrs. Edward McLurg are moving to their new home on the 4th concession of Lobo.

DRESDEN.

Dresden, April 11.—Mr. Walter Hughes, of Kalamazoo, Mich., visited with relatives here yesterday.

Mr. and Mrs. W. H. Drewery were in Detroit recently.

Miss Evelyn Craig, of Detroit, is a guest of her grandparents, Mr. and Mrs. W. G. Craig.

Mr. Carl Lynch, of Detroit, visited his parents here recently.

BELMONT.

Had Rheumatism

WAS CONFINED TO HIS BED FOR FOUR MONTHS.

Mr. W. H. Riley, Ruddell, Sask., writes: "It is with the greatest pleasure that I can recommend Doan's Kidney Pills to all suffering with rheumatism. I was so bad with this terrible disease, I was unable to get up from my bed for four months, and nothing seemed to relieve me until a friend recommended Doan's Kidney Pills. I had my doubts about them, but was so desperate I would try anything suggested to me. After taking half a box I was able to get up, and after taking two boxes could get around quite well. After taking six boxes I was completely cured, and able to work for the first time in five months, and have not had a touch of rheumatism since. Anyone who saw me then would not know me now, as I am strong and active since taking your valuable medicine."

Rheumatism is caused by the presence in the blood of uric acid, the kidneys not working properly is the sole cause of this, and unless you remove the acid by flushing the kidneys, there is no possible chance of getting rid of rheumatism.

Doan's Kidney Pills help the kidneys to flush off the acid and poisonous impurities which have collected, and thus clean out the kidneys, and dispel the rheumatism from the system.

Doan's Kidney Pills are 50 cents per box, or 3 boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

In ordering direct, specify "Doan's."

\$ 4 FOUR DOLLARS \$ 4

A MONTH WITH YOUR GAS BILLS

Four dollars a month with your gas bills certainly puts the best gas range on the market easily within reach of everybody's pocketbook.

We are in the business of selling gas, and it is fair to suppose that we are anxious that you should use gas appliances that are most satisfactory in every way. Two consumers who are happy, because they are getting good service and low gas bills, are worth far more to us than one unhappy consumer, whose bills are high and results poor because he is using worn-out or wasteful appliances.

We recommend and sell only those gas appliances that we know will give the best possible service, and we stand ready at all times to make right anything we sell. Our recommendation behind the gas range you buy is worth something to you. It is the best guarantee you can get of first-class goods and first-class service.

IT WILL PAY YOU TO TALK TO US BEFORE YOU BUY

KITCHEN CONNECTIONS FREE—All gas ranges bought of us will be connected free.

It is worth something to you to have your gas range connected up and put in perfect adjustment by expert gas men who know how.

OUR SALES PLAN—The payments of \$4 only come once a month, and save you time, trouble and street car fare by being attached to your gas bills.

The Fuel Problem

The locomotive fireman feeds his engine the sort of fuel that produces the greatest power and speed.

If you want to develop your power and speed, your food must do two things: (1) replace the used-up energy; (2) replace the used-up tissue.

Energy is used up 5 1/2 times faster than the tissues. So the perfect food fuel for you supplies energy and tissue at the ratio of 5 1/2 to 1.

Oats are the most nearly perfect of any food except mother's milk.

HEALTHY WOMEN SCARCE

Is the Verdict of Scientific Investigation.

How many women do you know who are perfectly well, strong and healthy as a woman should be? They may not be sick enough to lie in bed but they are run-down, thin, nervous, tired and devitalized.

Women are so active nowadays, and so much is expected of them, that they constantly overdo and suffer from headache, backache, nervousness and kindred ills.

Such women need Vinol, our delicious cod liver and iron tonic without oil which will create an appetite, tone up the digestive organs, make pure blood and create strength.

Mrs. W. G. Ritchie, Patchogue, N. Y., says: "Vinol is certainly the best tonic I have ever taken. I was run down and tired all the time, but, thanks to Vinol, I am feeling all right again."

Try a bottle of Vinol with the understanding that your money will be returned if it does not help you.

LICENSE AMENDMENTS ARE TOO MEAGRE SAYS ALLIANCE

Toronto, April 11.—At a meeting of the managing committee of the Ontario branch of the Dominion Alliance, held in the Alliance offices yesterday afternoon, the proposed amendments to the liquor license act, as outlined by Hon. W. J. Hanna, in the Legislature on Wednesday evening, were considered, and the following resolution was unanimously adopted:

"That in view of the declaration by the Government of a desire to pro-

hibit the temperance cause, and to further restrict the liquor traffic and the crying evils connected with that traffic demanding legislative remedies, this meeting expresses its disappointment and regret at the meagreness of the license law amendments proposed by the Hon. Mr. Hanna in the Legislature Wednesday evening, which, while of a desirable character, fail to meet the necessities of the case and the public demand for effective and progressive legislation."

MANY TRANSFERS IN LONDON CONFERENCE

Committee Smstains Transfers of Rev. Richard Whiting and Dr. Flanders.

Several changes of interest to the London Methodist Conference are contained in the report of the transfer committee of the Methodist Church, which closed its session in Toronto last evening. It was announced that of the 99 applications for transfer from one conference to another throughout Canada, 71 had been granted, and in the case of the remaining 28 no action had been taken. Requests for a change had been made by 12 supernumerary ministers, 9 of which will go into effect. Nineteen of the 24 probationers will be transferred, and 43 of the 63 regular ministers will take new charges.

The continual "moving day" of the Methodist pastor is proverbial, and an inspection of the transfer committee's draft shows that in many cases there will be a long way between the stops. Numbers of men and their families will travel from the Maritime Provinces to the far West, and some will even cross the continent to new fields of labor. It is to be noted the number of ministers going westward; especially among the probationers can this be seen, easily two-thirds of whom move from east to west.

Rev. W. E. Pescott, B.A., of Bathurst Street, Church, Toronto, will go to the London Conference.

Rev. Thomas R. Fydel, a supernumerary minister, will be transferred from the London to the Hamilton Conference.

C. G. Brown, a probationer, goes from London to British Columbia.

Among the ministers transferred are Alfred Brown from London to Montreal; W. H. Barracklough from London to New Brunswick; C. R. Flanders from New Brunswick to London; F. W. K. Hagan from Toronto to London; F. W. Hollinrake from London to Toronto; A. J. Johnston from Hamilton to London; W. E. Pescott from Toronto to London; R. Whiting from London to Manitoba; F. M. Wootton from London to Hamilton.

Rev. J. F. Clinton, was among those who attended the meeting.

BRIBERY CHARGES.

[Special to The Advertiser.]

Exeter, April 11.—The hearing of the alleged charges of bribery which was to come up in Exeter, has again been postponed until Saturday, April 12, awaiting the decision in an Ottawa case, but it will be disposed of then in any event.

BELGIUM IS FEARFUL OF COMING STRIKE

Bulk of Population, Who Regarded it as Bluff, Realize Its Imminence.

Brussels, April 10.—All the hopes that the general strike for manhood suffrage would be averted have vanished one by one, and it now seems certain that the most sweeping attempt yet made in the world's history to apply the methods of organized labor for purely political ends will begin Monday.

The leaders in the movement display the utmost confidence and the strike fund now amounts to approximately \$3,000,000 and fresh contributions from home and abroad are pouring in hourly.

The bulk of the Conservative middle class population, who up to the present, because of the assurances of the Government and Clerical press that the strike was a bluff and a hoax, regarded it with unconcern, are now beginning to be badly scared, and their fears are increased by forebodings of disorders and brigandage, with which a certain section of the press is filled.

Stores To Be Closed.

Many storekeepers as a consequence have announced that they would close their establishments and place their valuables in security. The rush to obtain stocks of provisions is increasing.

The Socialists, however, laugh at these terrors. They profess to believe that the measures they have taken are fully adequate to prevent serious trouble. They urge prohibition of the sale of liquors and the closing of saloons, and have themselves forbidden parades and meetings of their adherents.

THE LAND ASSESSMENT

Amplified to Make Clearer Intention of the Law for Use of Assessors.

Toronto, April 11.—Hon. W. J. Hanna introduced into the Legislature yesterday a bill to carry out the recommendations of the special assessment committee which met last fall.

These amendments are three in number: (1) The raising of the exemption on personal earnings in cities from \$1,200 to \$1,500; (2) and from \$900 to \$1,200 in towns and villages. This applies to householders or the heads of families. (3) The repeal of the section providing for the special assessment of farm lands in towns and villages. This will prevent large vacant areas being held at a low assessment waiting for a rise in price, while the adjoining property pays its full share of the assessment.

Another change will be to raise the exemption on income derived from investments from \$300 to \$400. This applies generally, and is not limited to a householder or a family. It will deal with cases where the total income from all sources is not over \$400, but if the income exceeds that amount say \$100 on real estate and \$400 from investments, the assessment must be levied.

Rural telephone lines which do not exceed 25 miles in length, and have no more than one switch or party upon the same circuit are exempt from taxation.

The clause respecting the assessment of land and buildings is amplified to enable the assessors to arrive more clearly at the intention of the law, and declares what elements should be considered in determining the assessment.

The law is to be made clear on the point of exempting property owned by public utility corporations. This will remove any doubt regarding the assessment of municipally-owned franchises like the hydro-electric. The recent case in Toronto is the cause for this declaration.

HOTELMEN OF ONTARIO ARE GOING TO FIGHT

Large Fund Is Guaranteed for Waging War on Further Curtailment of Liquor Traffic.

Toronto, April 11.—Such a large number of hotelmen from all over Ontario answered the call of the Executive of the Ontario Licensed and Allied Trades Association to meet in special convention at St. George's Hall, Toronto, that there was not space to accommodate them, and Association Hall had to be utilized. There were over 1,300 members present, and the speeches were of a uniformly militant character. A strong resolution was passed protesting against further curtailment of business opportunities.

President James K. Paisley, of the Grand Union Hotel, Ottawa, and eleven others were appointed a committee to wait on the Government to-day. They will decide definitely on a course of action, the convention giving them "carte blanche" to do what they thought best towards the general advantage of the trade.

A deputation will approach the Government to-day and present the following resolutions:

"That law be enacted to prevent newsboys and women operating hurdy gurdies from entering hotels.

"That compensation be provided out of the revenue of the Government from the liquor interest for hotelkeepers who lost licenses without costs.

"That all those on the 'Indian list' be photographed and copies sent to bartenders.

"That bars be allowed to remain open until 11 o'clock p.m. Saturdays."

A fund of \$150,000 was guaranteed for the new organization.

WEDDING BELLS

HENDERSON-WRIGHT.

[Special to The Advertiser.] Seaforth, April 10.—Miss Lily Henderson, of Seaforth, and Mr. Alex. Wright, a prosperous young farmer, of Tucker-smith Township, were married at the parsonage yesterday by Rev. A. W. Barker, B. A. Both young people are very popular in Seaforth and vicinity, and received a number of valuable gifts. After a dainty luncheon at the residence of the bride's mother, Goulbuck street, they drove to their home on the Mill road, a few miles from town.

CANN-SQUIRE.

[Special to The Advertiser.]

Exeter, April 10.—The marriage was celebrated on Wednesday, April 9, at the home of the bride, Mrs. Squire, and Mr. Henry Squire, of Zion, of Minnie Elsie, to Mr. Orville T. Cann. The bride was given away by her father, the ceremony being performed by the Rev. T. A. Steadman. During the entrance of the bride couple the wedding march was played by the bride's sister, Miss May. The bride was becomingly attired in a cream silk dress, overhung with a bridal veil and crowned with a wreath of orange blossoms. After the ceremony the guests, numbering about 100, sat down to a sumptuous wedding supper, the tables being tastefully decorated. The happy couple left this morning for Detroit and other points east, the bride traveling in a navy blue suit, with hat to match. On their return Mr. and Mrs. Cann will reside on the groom's farm in Usborne.

WHARNCLIFFE ROAD BRIDGE WILL COST CITY ABOUT \$40,000

Amount About Double Original
Estimate Will Be
Required.
Concrete Work Not Provided
For—Tenders Are Not
All In.

It now appears that the Wharncliffe road bridge will cost nearer to \$40,000 than \$25,000, for which amount tenders have been authorized by act of Legislature and for which the electors voted \$20,000. Tenders were opened at the meeting of the board of works Thursday night, but were laid over, pending the receipt of additional tenders for the cement work, only one being received Thursday night. From the tenders received it would not seem that the bridge with necessary filling, piling and flooring, can be constructed for less than \$35,000.

Will Build Sewers.
On the motion of Ald. Saunders, the board recommended that the recommendation of the board of health for the construction of sewers on Adelaide street, from Simcoe street to the Grand Trunk tracks, and on Chesapeake, from Richmond to Wellington street, be complied with. The Trades and Labor Council recommended that Harry Rymill be appointed inspector of public works this year. Mr. Rymill has not applied for the position as yet this year. Assistant City Engineer Brazier stated, but the board of works will promise his application consideration if he makes one. Contract for court-house repairs amounting to \$41,658 were presented and recommended to the council.

After Street Railway Company.
Messrs. Taylor and Morris of Potteryburg, were a deputation to complain that the London Street Railway Company had, without permission, tapped a private drain on Dundas street east, and allowing branches of trees to be carried into it, blocking it up. On the motion of Ald. Saunders, the city engineer will investigate the conditions and the Street Railway Company will be notified to carry away the water from their track. When the drain was being constructed, Mr. Taylor said, the Street Railway Company refused to contribute one cent towards it.

The city engineer's department will also report on the remaining of streets in the newly-annexed districts where there is a duplication of names.
The question of having the ward foreman inspect the garbage collection was discussed. Assistant Engineer Brazier expressed the opinion that they would be unable to do so.

Hamilton Road Sewer.
Sewers will be laid on Hamilton road, from Drexley avenue to Nelson street, and on Wellington street, from Victoria to Huron streets.

The bylaw forbidding the slaughter of animals in the city will be amended to allow the incorporation of the territory on which the Dominion abattoir plant stands.

A pavement on Bellevue avenue was recommended to be laid on a two-thirds vote of the council.

A recommendation was sent to No. 1 committee to have the boiler at the new incinerator insured.

Laborers Get Increase.
An increase of three cents an hour all round was recommended for the corporation laborers. The minimum, formerly 17 cents an hour, will be 20 cents an hour, and the scale formerly 17, 20 and 22 cents will now be 20, 23 and 25 cents an hour.

The city engineer will report on the drain which zigzag across Huron street, east of William, and from which E. S. Winnett claims the water is backing up on his land.

The Western Fair board asked for a grant of \$5,000, and their request was favorably received. Chairman Bennett suggested that galvanized roofs should be put on the Queen's Park buildings instead of patching up the shingle roofs.

For City Hall Committee.
An account for repairing a leaky roof at 309 Dundas street, now city property, done on the authorization of Mayor Graham, the assistant engineer stated, was not passed. It was not authorized by the board of works, Chairman Bennett pointed out.

Bronchitis Cured By Medicated Air

No Drugs to Take—You Simply
Breathe a Healing Balsamic
Vapor.

Every Breath Carries Healing Bal-
sams to the Sick, Sore Places in
the Nose and Throat.

Montreal this time gives splendid
praise for the modern way of curing
colds, catarrh and bronchitis.

Instead of taking sickening drugs
into the stomach, or using an old-
fashioned spray, the sensible man
nowadays breathes the soothing vapor
of Catarrhose and gets well right
away. This is exactly what Mr. Joseph
Drouin did, and writing from his
office at 57 St. Paul street, he says:

"I suffered for years with the worst
form of chronic bronchitis, throat and
nasal catarrh. I tried all kinds of
syrups, ointments, tablets and washes,
but they proved ineffective. In fact I
could get no relief. I read in the Mon-
treal Witness of Catarrhose and
bought an outfit. In a few hours I got
relief. The air passages of my nose
were cleared out, and I was able to
breathe freely. My throat was
strengthened—my voice improved—
and no longer gagged and coughed.
The effect of Catarrhose was won-
derful. Now I am well—no bronchitis
—no throat distress. I urge every-
one with a weak throat, with a cough,
a cold or a touch of catarrh to use
Catarrhose freely."

Get the Dollar outfit—lasts two
months and is guaranteed. Smaller
sizes 25c and 50c each, all storekeep-
ers and druggists, or The Catarrh-
ose Company, Buffalo, N. Y., and

FORMER LONDONER DIES IN TORONTO

Mrs. Marion Bland, Wife of
Thomas Bland, Well Known
in This City.

The death of Mrs. Marion Bland, wife
of Thomas Bland, 342 Markham street,
Toronto, occurred on Thursday. She had
been ailing for some time.
Mr. and Mrs. Bland were former resi-
dents of London, and while in this city
lived at the corner of Wellington and
Pall Mall streets. Mr. Bland was form-
erly connected with The Advertiser. They
have resided in Toronto for several years.
He has three sons and one daughter
survive—J. A., of Vancouver;
Cyril, in California; Herbert, in Toronto;
Mrs. Thomas P. McCormick, of this
city. A brother, William Black, mayor
of Durham, also survives.

Entertainment at Adelaide Street Baptist Church

An entertainment was given at the
Adelaide Street Baptist Church on
Thursday evening by the Arden Con-
cert Company, composed of Miss
Georgia M. Newbury, reader; Miss
Gladys Shaw, soprano; Miss F. Dewey,
violinist, and Miss Danglefield, pianist.
A large audience was present and
received much pleasure with evident
appreciation. Each number was en-
coured and the ladies responded gen-
erously. Miss Danglefield's piano solo,
"Souls Boats," by Victor Stepanoff, showed
remarkable delicacy of touch, combin-
ed with precision. Miss Dewey's violin
solo, "Vision" (Dreila), was exceedingly
well performed. Miss Newbury read
Henry VanDyke's "The Man-
sion." In two parts, which was well
received. Miss Shaw sang "Happy
Days" (Strickland), with violin accompani-
ment, with voice of clarity and sweetness.
The violin duet, "The Message of the
Red Red Rose" (Luders) was encored
vociferously. Miss Newbury concluded
a fine program with "Out to Old Aunt
Mary's" (J. W. Riley). This number
had musical accompaniment.

Kensington Missionary Auxiliary Meeting

The yearly meeting of the Kensing-
ton Missionary Auxiliary was held at
the home of Mrs. Wells, 86 Wilson
avenue, West London. After the usual
opening exercises the following offi-
cers were elected: Mrs. Wells, vice-
president; Mrs. Box, second vice-presi-
dent; Mrs. Wilson, recording secre-
tary; Mrs. Stephens, corresponding
secretary; Mrs. Whitely, treasurer.
Mrs. Gordon, superintendent of sys-
tematic giving. The interest has been
increasing, and altogether the past has
been far the most successful year since
organization. Three annual members
were added to the roll.

Duchess Connaught Shows Improvement

London, April 11.—The Duchess of
Connaught, wife of the Governor-
General of Canada, after her operation
yesterday for intestinal obstructions,
passed a good night. She continues to
make satisfactory progress towards
recovery.

STROKE WAS FATAL

Mrs. Margaret Clark Stricken After
Being Out Shopping.

[Special to The Advertiser.]
Petrolia, April 11.—The funeral of
Mrs. Margaret Clark, wife of William
Clark, held yesterday afternoon, was
conducted by Rev. Dr. McNair. Mrs.
Clark had been out shopping and on
returning was stricken with a stroke
and died soon after. She came to Pet-
rolia about three years ago from
Brussels.

She is survived by her husband,
four brothers and one sister: Rev.
George McKay, Concordia, Kansas;
William and Edward McKay, Port-
land, Kansas; Andrew McKay, Van-
couver, and Mrs. Mary Stephenson, of
Port Huron.

JAPANESE AROUSED

Protest Against the State of Cal-
ifornia's Land Ownership Bill.

[Canadian Press.]
Tokio, April 11.—Bun Nakano, presi-
dent of the Tokio Chamber of Commerce,
today paid a visit to Arthur Bailly-
Blanchard, chargé d'affaires of the
United States embassy, to whom he out-
lined his views of the Japanese business
community in regard to the Californian
landownership bill. He requested Mr.
Bailly-Blanchard to lay them before his
Government at Washington.
A meeting of the joint chambers of
commerce of Kobe, Osaka, Yokohama
and Tokio has been summoned by M. Nakano
for tomorrow to discuss the question. A
joint meeting also of the Japanese
political parties is being planned to
discuss the situation.
The clause of the Californian bill, pro-
viding for the confiscation of the prop-
erty of present holders, who have been
unable to become naturalized American
citizens, has aroused the strongest criti-
cism here.

AFTER NOBEL PRIZE.

Calgary, April 11.—Ethel Stewart, of this city, announces her-
self a competitor for the Nobel prize
of \$40,000 offered annually to the per-
son doing the most active work in the
establishment of universal peace. Mrs.
Stewart claims to have established a
peace organization here of which all
the prominent men are members, and
she is going to England to carry on
her campaign.

MAY LOSE EYESIGHT.

Regina, Sask., April 11.—A. J.
Broderick and George Kidd, engineers
at Regina College, will probably both
lose their sight as the result of an ex-
position of an acetylene generator,
which they were examining.

BUFFALO CARS RUNNING UNDER MILITARY GUARD

Company Issues Ultimatum, But
Men Say That Strike Will
Be Continued.

[Canadian Press.]
Buffalo, April 11.—With street
cars running under military guard
over only ten miles of the Internation-
al Railway Company's 300 miles of
tracks, and a general strike of all
union labor in the city threatened,
strong influences were brought to bear
today upon the corporation and its
striking carmen to reach an agree-
ment upon which questions of wages
and hours can be arbitrated.
Mayor Fuhrmann sought to reopen
the negotiations deadlocked last night
upon the one issue of recognition of
the strikers' union by the railway
company, and Governor Sulzer, through
the state board of mediation, began
an investigation of the whole
strike situation.

Company's Terms.
The railway company had published
page advertisements in all the news-
papers calling the attention of the
public and its former employees to the
terms upon which the company agrees
to settle the strike. These are, briefly,
the re-employment, unconditionally,
of every man in the service
of the company on the day before the
strike was declared, "whether he be-
longed to the union or not," discussion
of differences upon which this com-
mittee and the company fail to agree.
They also agree to a board of three
arbitrators, to be chosen in the usual
way, instead of having the mayor as
sole arbitrator.

These terms are regarded as the
company's ultimatum.
President Wm. D. Mahon, of the
union, today reiterated his determina-
tion to continue the strike unless the
disputed questions in regard to hours,
wages and re-employment of men are
taken up with a committee of the union.

Stratford Porter Committed for Trial

[Canadian Press.]
Stratford, Ont., April 11.—Harry
Bennett was this morning committed
for trial at the fall assizes on the
charge of shooting with intent to kill
T. J. Merlihan, proprietor of the
American Hotel, Bennett was a porter
at the hotel, but was dismissed. He
came back to the hotel last Thursday
and when Merlihan tried to eject him,
drew a revolver and fired, the bullet
grazing Merlihan's eye.

RHEUMATISM YIELDS TO ZAM-BUK

READ THIS LADY'S EXPERIENCE.

Just at this season many people find
themselves suffering from aches and
pains of rheumatism, sciatica, etc. For
these, Zam-Buk is a sure cure.

Mrs. Mary Harman, Wheatley, Ont.,
writes: "I had rheumatism very badly.
It affected my right arm and leg, and
was so bad that I could not put my
hand to my head or behind me. I was
quite helpless, could not do my work,
and could not even dress myself, but
had to be attended to like a child. The
rheumatism in my leg was so bad
that at times I could hardly walk.
"Naturally I tried various remedies,
but they seemed to do me no good. A
friend advised me to try Zam-Buk. I
obtained some, and had it rubbed thor-
oughly into the affected muscles. Be-
fore the first box was used I was very
much better. I could move around the
house with ease, and dress myself, and
needed very little personal attention.
I continued with the treatment, rub-
bing Zam-Buk in thoroughly every day,
and in a few weeks' time the rheuma-
tism was driven completely out of my
system. The cure was permanent, too,
and since that time I have never been
troubled with rheumatism."

It is just as good for skin injuries
and diseases, eczema, scalp sores,
burns, boils, etc. It is also good for
scalds, etc. All druggists and stores
50c box, or by mail from Zam-Buk
Company, Toronto, for price.

TWO YEARS IN PEN FOR SHOP THIEVING

Woodstock Man Who Beat His
Wife Asked Leniency From
Magistrate.

[Special to The Advertiser.]
Woodstock, April 11.—Two years at
hard labor in Kingston Penitentiary
was the sentence handed out by Mag-
istrate Ball today to George F. Glenn,
convicted of stealing over \$100 worth
of goods from the Oxford Knitting
Company's factory.
Glenn asked for leniency on account
of his wife's health, but as he has as-
saulted her on various occasions this
plea did not carry much weight.
Sentence in the case of Fred Skil-
lings, of Blenheim, for assaulting a
girl with criminal intent, was deferred
another week to allow the magistrate
to hear stories from both defence and
complainant. Sentence was also put
off one week in the case against Chas.
Cutmore, charged with a serious of-
fence against a girl under 16 years, as
the certificate of the girl's age has
not yet been obtained.

BULGARIA AND GREECE ARE CLOSE TO CLASH

Ferdinand Wants Saloniki, and
Claim Is Supported by Triple
Alliance.

[Canadian Press.]
making formal claims to the posses-
sion of Saloniki, now occupied by the
Greek troops, according to an Ex-
change Telegraph Company's dispatch
from Belgrade, Serbia. The dispatch
adds that Bulgaria is taking military
measures to support her claims.
On the other hand, Greece is con-
centrating her army along the railway
leading to Saloniki.

It was announced a few days ago
that Greece had transferred a divi-
sion of her army from the Province of
Ohrus to Saloniki.

Alliance Backs.
Vienna, Austria, April 11.—The
powers composing the Triple Alliance
—Germany, Austria-Hungary and
Italy—advocate, according to the Neue
Freie Presse, that Saloniki should be
given to Bulgaria as compensation for
the cession of Silistria and a strip of
Bulgarian territory to Rumania.
Russia and France, on the other
hand, are of the opinion that Greece
should have Saloniki, while Great
Britain appears to favor the view of
the Triple Alliance.

SEVENTH WILL TAKE A HOLIDAY TRIP

Officers Are Considering Offers From
Several Nearby Places.

Arrangements are under way for a
holiday trip for the Seventh Regi-
ment, over May 24. It has not yet been
definitely settled where the regiment
will go, but a special committee is
considering offers from several places
in the vicinity.

It was stated to The Advertiser to-
day that following suggestions by Major
Gordon-Hall, changes are to be
made in the drills, which are to be
held every Monday night, and that more
company and battalion work will be
done for the rest of the season.

PLAIN STORIES OF THE BIBLE

Told in Such a Simple Manner
That Even a Child May Easily
Comprehend Them—Great
Offer Soon To Be Withdrawn.

A good story is often spoiled in the
telling. The main points are easily
buried in a wealth of words. Good
writers aim to avoid the use of big
words. Simple words more clearly
convey the thought.

The Bible is an example which
proves the force of simple words and
its plain stories, simply told, will
stand as specimens of good literature.
One of the excellent features in the
new illustrated Bible being presented
by The Advertiser is a series of edu-
cational helps prepared by some of
the world's greatest authorities. They
take up the history and geography of
Bible lands and peoples, and are also
written in simple language, that is in-
teresting as well as instructive.

Another unique feature of this new
Bible is the treatment of hundreds of
subjects, with illustrations printed in
numerous Tinted pictures in colors,
and these are inserted in their proper
places throughout the volume.

Did you ever try to pronounce Bible
names without an expensive Bible
glossary at hand? Well, The Adver-
siter's Bible is self-pronouncing, which
makes it easy for you to read aloud
with absolute certainty of correctly
pronouncing all names of places and
people.

Taking it all in all, this is the most
useful Bible ever printed and you
should lose no time in clipping the
certificate on another page.

This remarkable offer will soon be
withdrawn, a fact which should in-
duce intending purchasers to hurry.

Among other places with names dis-
tinctly original and out of the beaten
track, but the meaning of which is
charmingly obvious, is a summer home
down on Long Island known as Laf-
falo, another as The Leftover, and the
Pias-ar-Llyn, owned by George R.
Schiefelin, and "La Chaumiere," at
Oyster Bay, owned by Frederick R.
Coudert; the summer place of Christo-
pher Woodward at Sodus Point, known
as Cobweb, and the summer residence
of Charles E. Haymond, known among
the cottage colony as Wake Robin.

In these latter days a huge ocean
steamship may be held for sale by a
ship-building company as a dry goods
man keeps a valuable piece of calico
on his shelves. Sixteen years ago the
Kaiser Frederick, a 12,000-ton steamer,
was built in Germany. She has been
waiting a buyer ever since, and has
now at last been disposed of, at a
"marked-down" sale, to a French syn-
dicate for the South American service.
She cost her builders \$2,400,000, and
has kept for sixteen years, and was sold
for \$600,000.

TUBERCULAR GERMS

flourish in the most unexpected
places and quickly attack a
body weakened from colds

the lungs are fortified with
SCOTT'S EMULSION
their progress can be prevented and often over-
come. SCOTT'S EMULSION is used in tubercu-
losis camps because its highly concentrated nourish-
ment builds strength and resistive-power faster than
disease destroys. It assimilates without
taxing digestion, and contains no alcohol.

Absolutely nothing equals SCOTT'S

TWENTY KILLED IN WRECK

Mexico City, April 10.—Twenty pas-
sengers were killed and 40 injured in a
wreck today on the Mexican Central
Railway, near Tula, in the State of
Hidalgo, because the engineer yielded to
the importunities of the passengers.
The engineer, fearing to run into rebels,
was moving cautiously. The passengers
were similarly apprehensive, but, believ-
ing that greater safety lay in greater
speed, induced the conductor and en-
gineer to consent to full speed. The
train was derailed on a curve.
The injured have been brought to the
capital.

Death of Archibald R. Patterson.

Archibald R. Patterson, of Dutton, died in St. Joseph's Hospital Thursday night. He was in his 66th year. The remains will be shipped by G. E. Logan on the 7:10 Pere Marquette train to Dutton on Saturday morning. Burial will be made in Dutton, Mr. D. E. Patterson, of Dutton, is in charge of the remains and making arrangements.

Splendid Work Done By Victoria Order of Nurses in London

The entire trend of the annual meeting of the Victorian Order of Nurses, held last night in Wesley Hall, appeared to point towards the need of a third nurse to carry on the work in London. Excellent as have been the labors of the two nurses employed with the recent annexations to the city the field is so large that they are not able to answer promptly the numerous calls received.

The report of the secretary, Mrs. (Dr.) Moorhouse, was a most comprehensive one, showing that some 250 cases had been made during the past year, and 645 cases nursed. Special mention was made of the efficiency and devotion of the nurses, Misses Edwards and Pettit, who respond loyally to all demands. A part of their work lies among the foreign settlers in the city.

Strangers' Friend Work.

A second branch of the work in London is that of the Strangers' Friend and the relief committee in connection with the order, these being the best means to supplement the nurses' attention by visiting needy families and supplying clothing where necessary, and pure milk for sickly babies.

It was pointed out that the aim of the Victorian Order was not charity, as when ever possible a small fee is collected for each visit, but rather to educate ignorant mothers in matters of health and sanitation. The Victorian Order workers are invariably left the warning that the three D's—dirty, disease and death—go hand in hand.

Work in Northwest.

The report also showed where good work was done by Victorian order nurses in lonely districts of the Canadian Northwest among homesteaders, among the Indians, and in many other localities of Canada.

An expression of regret followed the mention of the withdrawal of Mesdames Boomer and Yarker as president and treasurer of the board. These officers will be replaced by Mrs. (Mrs.) Hodgins and Mrs. F. F. Harper, the retiring officers becoming advisors, president and first vice-president respectively.

Other speakers at the meeting last night were Mayor Graham, who presided, Rev. Richard Whiting, Dr. W. H. Hill, of the Institute of Public Health, Dr. Moorhouse and Mrs. Boomer.

Man and Woman Duel With Knives

[Canadian Press.]

Fort William, April 11.—Mrs. M. Benjamine, 18, a Persian, and Sana Jacobs, 29, fought a duel with knives in the woman's home yesterday. Both are in the hospital, the woman with a gash in the abdomen, and the man with thirteen wounds in his chest and stomach. The woman may recover, but the man has little chance. Mrs. Benjamine stated Jacobs attacked her.

Crossing Watchman Meets With Accident

Failing to escape in time from the path of a string of empty freight cars, which had been loosened from a running string from engine 1430, John Campbell, 310 Talbot street, aged about 68, a crossing watchman at the Grand Trunk Talbot street crossing, was struck and seriously injured about 4 o'clock on Thursday afternoon. He is at present in Victoria Hospital, and latest reports state that he is recovering nicely.

The wheels passed over his right foot near the ankle, crushing the bones in that part of the leg. He also sustained cuts and bruises about the head. This is the second accident which has happened to watchmen on the G. T. R. within three months. In January, Henry Mahon was injured at the Ridout street crossing in a somewhat similar manner. Mahon is still in the hospital. He had one of his legs amputated a short time ago.

MANITOBA'S SEEDING.

Winnipeg, April 11.—Seeding will be general in Manitoba by the middle of next week. This would be very nearly the same day as last year, April 15. In a very few districts the snow is still on the ground, but is rapidly disappearing. Seeding operations appear to have been delayed more by wet fields than from weather causes, although in some districts rainfalls have delayed the farmer after the usual spring moisture had dried up.

Little wheat seeding has been done, but discing, harrowing and a general increase in the plowed area reported from some localities.

DOFFERIN PARK BOUGHT BY IMPERIAL OIL CO.

May Be the Site for Big New Oil Stove Factory.

SARNIA BRANCH OFFICE, 222 Front Street, Office hours, 9 a.m. to 5:30 p.m., 5:30 p.m. to 9:00 p.m.

[Special to The Advertiser.] Sarnia, April 11.—The Imperial Oil Company has purchased Dofferin Park in the southern part of Sarnia, and in close proximity to its present plant, from the town for the sum of \$5,500.

The purchase has been contemplated for over a year, but the actual transaction did not take place till this week.

The Indians of the Sarnia Reserve had a title to the property, but this was deemed over the town last year, it is understood, on condition that the proceeds of the sale of the park be used to purchase another park site in some other part of the town. This condition will be carried out by the municipality.

The acquisition of the land by the Imperial Oil Company looks as if the company have further extensive building operations in view, and it is rumored that the construction of an oil stove factory may be erected on this site.

FALSE ALARMS

Fire Department Again Called Out on Useless Quest.

[Special to The Advertiser.] Sarnia, April 11.—Another false alarm of fire was turned in last night, from the vicinity of Milton and the London road. Although the police are keeping their eyes open for the perpetrator of this unnecessary mischief, the alarms keep coming in, and the fire department is getting rather weary of making so many useless runs.

FIXED ASSESSMENT

New Northern Navigation Buildings Will Only Pay on \$7,000.

[Special to The Advertiser.] Sarnia, April 11.—The Point Edward council has levied a fixed assessment on the new buildings and machinery of the Northern Navigation Company, recently erected in the village. The sum decided upon was \$7,000.

Several objections in real estate have been taken place at the Point during the last two weeks, and several residence properties have changed hands.

WAS FINED \$20

Hotelman Sold Liquor to Woman on the Prohibitory List.

[Special to The Advertiser.] Sarnia, April 10.—A fine of \$20 and costs was imposed upon the proprietor of the Arlington Hotel in the police court today for selling liquor to a woman on the prohibited list. The trial consumed about an hour, and the woman's defenses were called. J. Ellison, who runs the Ellison House, was up on a like charge, but this was dismissed by the court, there being no grounds for action.

[Special to The Advertiser.] Sarnia, April 10.—A youth, a maiden and a revolver figured in an amusing case on a local police court last night. The youth, whose name was called J. Ellison, who runs the Ellison House, was up on a like charge, but this was dismissed by the court, there being no grounds for action.

MUST VACATE SEAT

Radical Member of British Commons Victim of Old Act.

[Canadian Press.] London, April 11.—Sir Stuart Montagu, Radical member of Parliament from the Whitechapel division of London, and one of the leading bankers, must vacate his seat in Parliament, owing to his firm having last year become purchasers of silver for the Indian Government.

The judicial committee of the Privy Council today decided that he must give up his seat, basing its judgment on an old act of Parliament under which the seat of a member of the House may not be even indirectly interested in such a transaction or in any Government contracts.

SLIDE AT CULEBRA CUT

Giant Shoulder of Rock and Earth Moves Into Panama Canal.

[Canadian Press.] Washington, D. C., April 11.—A giant shoulder of rock that for the past few years has prevented a mountain of earth from slipping into Culebra Cut, in the Panama Canal, at last has given way, and according to officials reports received today, the slide has moved into the canal prism at that point, and beside this many other shovels were engaged in terracing the banks and in miscellaneous operations.

As a result the obstacle has been so far overcome that the excavator has reached grade in all but 8,000 feet of the ten miles length of the cut. By Oct. 1 five and a half million yards of material will have been taken out by the steam shovels, when the water will be turned on and the shovel will retreat before the dredges, leaving between two and three million cubic yards of material to be removed. Up to Jan. 31 last the United States Government had expended on the canal \$21,702,630.55.

VAST ARMY TO STRIKE IN BELGIUM, MONDAY

Socialists Expect to Call Out Nearly Half-a-Million Workers.

[Canadian Press.] Brussels, Belgium, April 11.—Determination to resist with all its resources the general strike of Belgian workers to enforce the grant of manhood suffrage which has been arranged for Monday, appears to be the intention of the Belgian cabinet which has the support of the monarchy and the conservative interests of the country. On the other hand the Socialists seem to be firm in their decision to call out from 300,000 to 400,000 men. The local strike committees are showing the greatest activity in arranging to feed indigent strikers and in placing the children with sympathizers beyond the frontier. The workmen have been admonished that the best means of demonstrating their fitness for the suffrage is to display restraint and calm and peaceful endurance.

Daily Councils of Cabinet. The members of the cabinet hold daily councils to consider the situation. Two currents of opinion seem to prevail among them. The first is that the general strike will not succeed, as it will be only feebly supported by the workmen. The second is that in case the strike should become general order must be severely maintained and anybody desiring to work must be protected in exercising the right.

The workers' unions in many districts throughout the country took a vote last night on the question of joining in the strike. At Herstal of the 3,000 employees of the National

Arms factory, 2,700 voted in favor of the movement. The metal workers of Vieille Montagne adjourned without voting.

The Typographical Union of the city of Brussels showed little sympathy with the strike, and the members decided to remain at work. In other places, however, the Typographical Union resolved to strike, in some instances by a unanimous vote.

G. T. P. WANTS WORKERS. Fort William, April 11.—Two thousand laborers will be needed by the Grand Trunk Pacific between Cochrane and Armstrong this summer, according to M. W. Burroughs, a railway contractor. Steel is laid 80 miles east of Cochrane, and by the end of the summer conditions will warrant a regular train service between Cochrane and Superior Junction.

"Yes, the engagement is off." "What came between your two loving hearts?" "I hardly know. I told her I was unworthy of her, and she agreed."
