

British Election Standing--Ministerialists 160, Unionists 121

MINISTERIALISTS IN TUESDAY'S BRITISH ELECTIONS WON MAJORITY OF CONTESTS AND POPULAR VOTE

Results Yesterday Were: Unionists 24, Liberals 19, Laborites 3, Nationalists 13--Several Seats Were Lost to the Government Through Small Change in Votes--Polling Indicates That Scotland Will Go Strong for Asquith--Churchill Elected by a Huge Majority.

LIBERALS SUFFICIENTLY SECURE TO STAND ANY LOSSES IN THE COUNTIES

(Special to The Advertiser.)

London, Jan. 19.—The Ministerialists are well satisfied with yesterday's results. They won a majority of the contested seats and of the popular vote.

Of the 45 seats in which polling took place yesterday, 35 were held by Ministerialists and 10 by Unionists in the last House. The Unionists yesterday won 21, a net gain of 11, and the Ministerialists 24. These figures include the returns from Cork, where the count was not finished until this morning. The results yesterday in detail were:

Table with 2 columns: Party and Seats. Unionists 21, Liberals 19, Laborites 3, Nationalists 2.

BY ACCLAMATION.

In addition, 11 Nationalists and 3 Irish Unionists were elected yesterday by acclamation.

The proportion of net gains by the Unionists yesterday was larger than on Saturday, but the seats won are normally Conservative, and gave relatively small majorities for the Government in 1906. The results indicate that Scotland will again go overwhelmingly Liberal, while there can be little doubt that the Government will make another clean sweep in Wales.

SCOTLAND'S IMPOSING VOTE.

The Ministerialists are amazed at their own successes in Scotland. Even their abnormal vote in 1906 has exceeded in six of the seven ridings heard from. Churchill has a lead of 6,408 votes over the nearest Unionist, compared with a majority of 2,709 in the by-election of 1908. Central, East and South Edinburgh give an aggregate Liberal vote of 20,595 and a Unionist total of only 8,988. The Unionists hold West Edinburgh by 450 majority, against 306 in 1906 and 1,535 in 1900. The Unionists may do better in the counties, where the land-owning interests are a power.

Churchill's majority is a reward for his strenuous services as a campaigner. He is credited with much of the Ministerial success in Lancashire, to which he devoted most of his attention, speaking twice a day for a fortnight just before polling.

UNIONIST HOPES.

The great majority of the English counties are to be heard from, and the Unionists expect greater gains in these because of the powerful influence of the nobility and great landowners in the rural districts. The Ministerialists say that the Government is sufficiently secure to stand considerable losses in the counties.

TWO MINISTERS DEFEATED.

The first members of the Ministry to be defeated are Colonel Seely, under colonial secretary, who yesterday lost his seat in the Abercromby division of Liverpool, and R. K. Causton, paymaster-general, who failed in Southwark West. Colonel Seely is one of the most promising of the younger Ministerialists, and a seat will probably be found for him later.

Sir William Robson, who is re-elected in South Shields, was the attorney-general in the last cabinet. He is one of the most effective debaters and speakers in his party.

Alfred Lyttelton, re-elected in the fashionable district of St. George's, Hanover Square, London, was colonial secretary in the Balfour Government and an Opposition front-bencher in the last House.

T. P. O'Connor will retain the distinction of being the only Irish Nationalist elected for an English riding. He has represented the Scotland division of Liverpool for many years.

The Walton division of Liverpool has again returned F. E. Smith, K. C., who was more in demand during the campaign than any Unionist, except Mr. Balfour. He made his reputation in the last House, and is one of the few very good stump speakers in his own party.

Sydney Buxton, postmaster-general, and Walter Runciman, president of the board of education, are re-elected in the Poplar division of Tower Hamlets and Dewsbury respectively.

KEIR-HARDIE FIGHT FOR SEAT TODAY

(Special to The Advertiser.) London, Jan. 19.—J. Keir Hardie, Laborite, for Merthyr-Tydfil, is fighting for his seat today, not having stood yesterday, as it had been announced he would do.

TO SETTLE WITH LORDS FIRST IF RETURNED, SAYS THE PREMIER

Mr. Asquith Declares That There Will Be No Legislation Considered by Next Parliament Until Question of Peers' Right to Veto Is Disposed Of.

London, Jan. 18.—Premier Asquith, in a question of the House of Lords speaking at Leven tonight, reiterated that he must be settled before one of them his determination to make the question could be approached, but he added: "The House of Lords' right of veto, 'The Liberal party will, in my opinion, be perfectly free in the next Parliament, as it was not in the last, to support a measure giving full effect to the next Parliament until we have settled conclusions with the House of Lords.' It was not the least use, he added, to talk about specific legislation until that permanent obstacle was removed.

In reply to questions as to why he did not mention Ireland and other matters in his election address, Mr. Asquith said he had dealt with them in his Albert Hall address sufficiently to make his policy regarding them plain. He had omitted them from his address simply because the preliminary question of the House of Lords must be made perfectly clear that if the House of Lords again rejected a bill sent to it by a Liberal House of Commons the bill would be sent straight to the throne.

MANY COUNTIES POLLING TODAY 80 CONSTITUENCIES RETURNING

Of These, the Liberals Held 52 in Last Parliament, Unionists 18, Laborites 7 and Nationalists 4--Unionists Expect to Recapture Number of English Counties.

London, Jan. 19.—Eighty constituencies returning 81 members are voting for members of the new parliament today, but few results will be known before tomorrow.

The county divisions have their first innings, and these seldom make their returns until the day following the election, but upon this occasion a half dozen departed from the usual custom and so, with the few boroughs which poll today, there will be about a dozen results known tonight.

THE PRESENT STANDING.

Of the eighty-one seats contested today the Liberals hold 52 in the last parliament, the Unionists 18, Laborites 7, and Irish Nationalists 4. The Unionists, however, expect to make big inroads upon the counties captured by the Liberals in the landslide of 1906.

Among interesting personalities standing for election today are Sir Edward Grey, secretary of state for foreign affairs, Liberal candidate for Northumberland, North Division; Arthur H. Lee, Unionist, Hampshire, South Division; Herbert L. Samuel, Liberal, Yorkshire, North Riding--Cleveland Division; Thomas Mackinnon, Liberal, for Glasgow, Strathclyde Division, and Alexander Ure, the Liberal candidate for Linlithgowshire, against whom the Unionists have made an especially energetic campaign.

Returns From British Elections Today Announce Two Nationalist Members for City of Cork Re-Elected and Twelve Irish Nationalists and One Unionist Unopposed.

London, Jan. 19.—The feature of today's known returns in the general elections for members of Parliament was the election of William O'Brien, Independent Nationalist for Cork City, Augustin Roche, Nationalist, from the same district, was also re-elected. The net result is the winning of one seat for the anti-Redmondites, many of whom are contesting the elections in Ireland.

The rest of today's known returns are from Ireland, and show the choice of twelve Nationalist and one Unionist, all unopposed.

\$2,000 HORSE SHOT BY POLICE AS RESULT OF A RUNAWAY

Mr. Henry Horne, of London Township, Meets With a Big Loss--Cutter Upset in Car Tracks and Animal Dashed Away Breaking Its Leg.

A serious runaway occurred on Dundas street, West London, shortly after 1 o'clock today, when a valuable horse belonging to Mr. Henry Horne, of London Township, was so seriously injured that it had to be shot.

STOPPING OF BETTING WOULD KILL TRACKS

Ottawa, Jan. 19.—At this morning's sitting of the special Commons' committee on Mr. H. Miller's bill respecting race track gambling, Dr. McEachern, of Montreal, and Dr. Webster, of Ottawa, both prominent horsemen, gave evidence along the same line as given yesterday by representative of horse breeding and racing interests. They maintained that the breeding of thoroughbreds would undoubtedly be very seriously affected by the doing away with racing for stakes, and racing associations could not hold successful meetings if betting on races was made illegal.

OLD MAN SAID HE HAD BEEN ROBBED

Two Passengers on a Stratford Train Were Given Uncomfortable Time.

ON HIS WAY TO LONDON

Investigation Showed That the Old Gentleman Had Been Mistaken--Local Police Were Notified.

When the G. T. R. train from Stratford reached Stratford yesterday, there was quite a little excitement, owing to the fact that an aged passenger, found from London, claimed to have been robbed by two men who had been sitting opposite to him across the aisle.

The old gentleman had about \$1,400 in a satchel on his person, and he maintained that the wallet had been taken away, and then given back to him. He claimed that when he opened it \$500 was missing.

The accused passengers denied all knowledge of the affair, and later a young man, who claimed to be the son of the supposed robbed man, came along and said he was following his father, as he was afraid he would come to harm with so much money on him.

The London police were wired to keep an eye on the party, and upon the arrival of the train here Detectives Nickle and Egerton were at the depot. They made a thorough investigation, but found nothing wrong.

SECOND CHARGE BROUGHT HOME HOTEL ROBBERS WERE CONVICTED

WATER MAIN BURST UNDER CAR TRACKS

Result Was That Rails Began to Sink "Wisibly."

The street car tracks on Richmond street, opposite the city hall, showed symptoms of disappearing last night. Shortly after 6 o'clock it was noticed that they were lowering rapidly, and Assistant City Engineer Wright and Foreman Lovelace investigated.

THIEVES LIABLE TO A HEAVY SENTENCE

Men Who Robbed Geo. Baines May Be Given Fourteen Years.

Robert Hibbithwaite, alias Denmore, and Thomas McDonald, the two young men found guilty this afternoon by Magistrate Love are liable to a sentence of fourteen years and a whipping.

It is easily the most serious robbery we have had in London in ten years. Chief Williams told The Advertiser in the court room.

Hibbithwaite is only 22 years old, and is a son of Robert Hibbithwaite, who lived at the corner of Adelaide and King street some years ago, and drove a cab. Both Mr. and Mrs. Hibbithwaite are dead, but the young man has a sister and a brother living in Keene, Wis.

Why the men being around the city should have as they believed, killed Mr. Baines is a puzzle to the police. They had ample time to take them out of London, but the police believe they thought all traces would be watched and their chance of escape would be cut off that way.

Civic Investigation. The investigation into the civic department has not yet commenced. Ald. Richter, chairman of the finance committee, will undertake the work shortly, and will have his report ready probably in February some time.

\$28,000 IN IMPROVEMENTS FOR COUNCIL TO DEAL WITH

Members of This Year's Board Will Find It Practically Impossible to Do Anything to Ameliorate Conditions This Year.

The finance committee of the city council will find quite a problem on their hands if they intend to pursue the policy of cutting down entirely expenditure on local improvements.

At the present time, there are a bundle of petitions in for walks and curbs and gutters. Some of these have passed the council, and the bylaws have received the mayor's seal.

Consequently they are awaiting the action of the board of works to carry them into effect.

Total of \$28,000. From information received at the city hall the total cost of the work already passed will amount to about \$28,000.

Included in this amount are 2 1/2 miles of sidewalk, costing approximately \$10,000, and 6 1/2 miles of curb and gutter, to cost about \$18,000.

Of this the city would have to pay half, or about \$14,000, or, in other words, three-fifths of a mill on the tax rate.

HOTEL THIEVES FOUND GUILTY OF ROBBING A BOARDER

Sentence Has Been Deferred Until Such Time as the Result of a Second Complaint is Known--Story of the Catching of the Thieves.

Thomas Hibbithwaite, alias Thomas McDonald, and Robert Denmore were found guilty before Magistrate Love this morning of stealing goods from Thomas Tipady, a boarder at the Hodgins House, King street, on Saturday last.

Their trial for attacking George Baines of this city, while he was in bed and robbing him of his gold watch and a sum of money, is now going on.

Thomas Tipady, in the box, stated that he was a laborer and boards at the Hodgins House. On Saturday night he missed a number of articles from his room. The things were taken out of his valise just after supper.

Made Murderous Assault on Geo. Baines in a Local Hotel.

TRIED TO KILL THEIR VICTIM

Hibbenwaite and McDonald Soon Brought to Justice by the Police.

A sensational story of robbery and threatened murder, came to light at the police court this afternoon, when Thomas McDonald and Robert Hibbithwaite, alias Denmore, were tried on a charge of attacking George Baines, of Beccles, Suffolk, in his bedroom at the Hodgins House, King street, beating him terribly, and robbing him of his gold watch and a sum of money, on Saturday last.

Mr. Baines is a brother of Mrs. Wesley Scott, who was recently acquitted of a charge of murder, and both Mrs. Scott and her husband were in court this morning, and were keenly interested. They also attracted a great deal of attention.

The prisoners were found guilty, and remanded for sentence. Hibbithwaite has told the authorities that his father lived in London many years ago.

The Evidence. Baines stated that on Saturday afternoon he went up to his room and lay down on the bed, as he was not feeling well. He had slept a while, when the prisoners opened the door and came in. Witness sat up and asked them what they wanted.

One of the men said: "Hand out all you have got."

Witness positively identified the prisoners as the men who were in his room, and said that it was McDonald who demanded his watch, etc.

Witness said he had been told to reply to McDonald's order. He stepped towards McDonald and took hold of him.

Threatened to Kill Him. McDonald has not yet commenced. Ald. Richter, chairman of the finance committee, will undertake the work shortly, and will have his report ready probably in February some time.

Denmore was standing right behind with his hand on the door. He shot probably in February some time.

Many Petitions. This situation is one the finance committee will have to deal with, and it is certain to cause some trouble. There will be many petitions this year, if the rate of other years is any criterion. It is certain to cause some trouble.

City Engineer Graydon has an effective check on the curb and gutter, as he can refuse to allow this work to be done unless he is convinced that there has been provision made for carrying away storm water.

The council can strengthen his hands in this, and it may be that some other method will be discovered for dealing with the sidewalk problem.

At the next meeting of No. 1 committee this whole matter will be dealt with, and some recommendation will be made to the council.

The first thing witness knew of trouble was when Mr. Hall, a painter, who was working there, came down and said that the prisoners had tried to go through him.

"I have no defence to offer," said Mr. Scattered, "except that the thefts may have been committed by the third man mentioned."

Where stolen property is discovered on prisoners, and they can give no satisfactory explanation of how they got it, they must necessarily be regarded as thieves. I find them both guilty," said the magistrate.

Prisoners Arrested. Detective Down stated that he, with Mr. Bastie, went out to look for the prisoners and found them in a Richmond street pool room. When they were brought to the station they were searched and goods belonging to

WM. FRASER DEAD. Detroit, Mich., Jan. 15.—William A. Fraser, president of the Detroit Brass Works, and one of the progressive businessmen of Detroit, is dead at St. Augustine, Fla., following an illness of several months. Mr. Fraser was 52 years old. He came to Detroit in 1892 from Wallaceburg, Ont., and in the year that followed made a large place for himself in the business life of the city. Mr. Fraser and five children survive. J. S. Fraser, of Wallaceburg, Ont., is a brother.

Do You Realize What an Important Work the Kidneys Do?

You do know that every drop of your blood goes to the kidneys hundreds of times every day? Do you know why? To be filtered and purified from its impurities. That is the great work the kidneys have to do. They filter the blood. Then these impurities go to the bladder and are passed out of the body along with the urine.

Do you think it possible for you to be well, unless the kidneys do this work thoroughly? It is these impurities—this unfiltered blood—that causes backaches, headaches, rheumatism, diabetes, Bright's disease, etc. They poison and interfere with the whole system.

Because the demand for machinery is exceeding the product in the domestic market it is likely that this country will soon be buying foreign machinery.

ent useless because of the lack of effective means of treatment.

Electric smelting processes in the investigation of which the Canadian Government had taken the lead, promised enormous development for the iron ore deposits of Cobalt, Collab, and in British Columbia there was failure to save valuable mineral contents, such as zinc, in the treatment of copper ores. Fatal accidents, which mining accidents was one of the worst in the world, and there was urgent need of effort to protect the lives and health of the mining population.

The fisheries commission in assisting to secure the adoption of policies which would more effectively secure and conserve the fish supply.

On the subject of public health it was pointed out that while the Dominion spends great sums on the work of eradicating the diseases of animals, similar attention is not given to the diseases of human beings. The commission might do useful work in developing a national plan in dealing with the prevention of tuberculosis.

The water supply for domestic use, for the promotion of fertility of the soil, for navigation and for power, was a universally necessary national resource. It could be conserved and improved by proper treatment, such as methods of cultivation, etc., intended to prevent rapid run-off, the preservation of forest growth, and the construction of catchment basins and areas similar to those being constructed on a large scale by the Dominion Government at the headwaters of the Ottawa.

Flowing waters need never be exhausted. If a proper policy were adopted for the power and navigation, the people would never be required to pay toll to monopolies upon a continually growing unearned increment. A step in this line had already been undertaken in the Northwest Territories, which makes the water the property of the crown, and only permits it to be taken for irrigation by license. The most progressive policy in this subject in Canada was the hydro-electric policy of the Ontario Government. Further steps in the same direction were necessary.

There should be a fundamental law governing the development of water powers, retaining public control of water, and asserting the right of the governments concerned to participate in the profits, on a small scale at first, but providing for revision and increase in the future.

The water powers of Canada, he said, were roughly estimated as capable of a possible development of 17,000,000 horsepower. Probably the amount was very much greater. The present development was only about 511,000 horsepower. The possible horsepower, if developed, would equal 357,000,000 tons of coal annually.

Forest Reserves. In forestry regulations for cutting, calculated to conserve and improve the merchantable timber, should be adopted, and war should be waged against present destruction of forest. Fertility of soil, regularity and volume of stream flow, climate moderation, as well as timber supply, depended upon the prevention of fire losses. Two great reserves should be created immediately. The first on the east slope of the Rocky Mountains, embracing all the forest land. And this reserve is already in process of formation by the Dominion, which will bring in a bill for that purpose shortly.

A second reserve should be created, embracing all the Provincial Government land south of the Height of Land and extending from St. John's to the neighborhood of Port Arthur, except portions along railways as are fit for cultivation. Prevention of forest fires from railway locomotives was the most important first step in this situation in this respect being intolerable. Protective measures should be perfected now to prevent the destruction of timber along the line of the Transcontinental Railway.

In agriculture the conservation of the fertility of the soil outweighed all other subjects. History showed that the almost uniform decline of agriculture was downward, towards decreasing fertility of the soil and increasing poverty of the agricultural class. Canada could not afford to repeat the experience of other countries, and the abandonment of farms in the New England States. The work of scientific agriculture was still in its infancy.

Dropsy

Given up by Doctor

"I had dropsy, and was told by my family physician that there was no chance for me. My family also gave me up. My limbs and body were swollen one-third larger than natural, water collected around my heart and I had to be propped up in bed to keep from smothering. I took Dr. Miles' Heart Remedy until I was entirely cured. This was in 1902, and I am now able to do any kind of work on my farm. My cure was certainly marvelous."

SECOND SESSION MOCK PARLIAMENT

Large Crowd Listened to Interesting Debates at the Liberal Club Last Night.

SPEECH FROM THRONE

Many Measures of a Progressive Nature Are Contemplated by the Fowler Government.

A large attendance marked the first session of the Mock Parliament at the Liberal Club last night, and a most interesting debate took place.

A large number of speakers took part in the discussion, which at times waxed warm. The House adjourned promptly at 10 o'clock in order that all should be able to reach home in a reasonable hour.

When the House opened, Mr. U. A. Buchner was, on motion, elected Hon. J. H. Fowler, leader of the Government, and Mr. Jared Vliang, leader of the Opposition, elected speaker.

Speech from the Throne. The speech from the throne was as follows: Gentlemen of the House of Commons—It is with much pleasure that I welcome you to the second session of this Parliament, and to the consideration of public affairs.

The large excess of grain produced in Canada, on most of our years, gives us good and sufficient reasons to expect increased trade and prosperity, while the exports for the first half of the year show a marked increase.

The policy of this Government with regard to trade will be towards the extension of our commerce wherever possible, and to the benefit of the mother country, and to this end attention will be taken towards securing a more advanced preferential tariff.

Your consent will be asked to bills to create a navy, to appropriate \$10,000,000 to establish a national system of technical schools, to nationalize the railways of Canada, to establish a legal working day of eight hours, to appropriate \$1,000,000 to further encourage suitable immigration, to appropriate \$25,000,000 to deepen the Welland Canal, and improve other waterways.

Other bills are also to be considered. My ministers deem it advisable to petition His Majesty's Government, praying for: The placing of the election of senators in the hands of the electors of Canada by electoral divisions.

The Cabinet. The cabinet is as follows: Premier and President of the Council—J. H. Fowler.

Minister of Justice—John M. Gunn. Minister of Militia and Defence—E. V. Hession.

Minister of the Interior—E. J. Carty. Minister of Finance—Wood Leonard. Minister of Marine and Fisheries—Gordon Ingram.

Minister of Public Works—Alex. Calder. Minister of Labor—A. E. Poecock. Minister of Customs—Dr. J. B. Campbell.

Minister of Inland Revenue—Thos. Rowe. Minister of Railways and Canals—Andrew Robson. Postmaster-General—Chester Butler. Secretary of State—G. N. Weekes. Solicitor-General—George S. Gibbons.

The Reply. The address in reply to the speech from the throne was moved by Mr. Alex. Calder, and seconded by Mr. Campbell.

Mr. Calder dealt particularly with the naval question and the proposition to establish technical schools throughout the Dominion. These measures were declared, were in keeping with the advanced policy of the Government, and were certain to be productive of great good.

NO PRESIDENTIAL BEE IN HUGHES' HAT

Right Hon. Mr. Fowler defended the Government's procedure, and stated that while certain apparent irregularities were to be noticed, they did not detract from the dignity of the House, nor from the facile transaction of business. He took up the cudgels on behalf of the naval policy, and declared it to be high time Canada got away from dependence on the Munroe Doctrine.

Mr. Charles Hill criticized the naval policy, declaring that it did not go far enough. Mr. A. E. Poecock spoke on the eight-hour bill, and declared it to be a most beneficial measure. Mr. W. V. Gammage declared for no navy, and Mr. R. H. Turnbull vigorously supported the Government policy.

A Conservation Bill. Mr. P. E. Widdicombe criticized the Government for not bringing in a bill for the conservation of the resources of the country. He pointed out that other countries were making rapid progress along these lines, and yet the Government had not brought in a single recommendation along this line.

NOW ON STRIKE

Millions of Stomachs Refuse to Do Their Work Properly. All over this broad land millions of stomach owners are being led in humiliating subjection. Just because they are so stubborn that they will not accept a fair, simple and broad-minded offer.

Life is short for all of us; it will be shorter for those who let their stomachs go from bad to worse. W. T. Strong has a famous prescription called Mi-o-na, and he believes so thoroughly in its remarkable curative power that he says to every owner of a distressed stomach that he will guarantee Mi-o-na tablets to cure acute or chronic indigestion and all stomach ailments or money back, and the price is only 50 cents a box.

And still there are stubborn people, fight in London who won't accept this offer, but continue to suffer from gas on the stomach, belching of sour food, stomach pains, foul breath, dizziness, biliousness, and headaches, just because—just because—that's all there is no other reason.

Mi-o-na Tablets stop dyspeptic agony in five minutes; they cure indigestion, cases of indigestion and turn the old stomach into a new one in a few weeks—or money back.

A POETICAL BOOSTING ACROSTIC ON LONDON

[By William Gurd.] London's days of slumber are now ever o'er. Onward in numbers it is ever bound to soar. Nothing can stop us if Excelsior be our cry. Dauntless we will battle for it as the days go by. Onward let us march, a strong phalanx for the prize, Now a hundred thousand London before a decade dies.

Sir George Henry Lewis, one of the most famous solicitors of the present generation, who has been engaged in all the great legal cases in Great Britain during the past half-century, retired from practice with the new year. He numbered among his clients many noble persons.

James Caruth Has Been Missing From His Home for Several Days.

[Special To The Advertiser.] St. Thomas, Ont., Jan. 19.—James Caruth, a man 45 years of age, who lives near Dutton, has been missing from his home for some days.

He had been discovered. He was traced two miles north in the direction of Cowal, and at this point marks showed that he had climbed out of a snowbank.

He was very icy, and all traces of him were obliterated. His mind is slightly unbalanced, and he has been lost before.

THREE-CORNERED FIGHTS HIT LEADERS. Intervention of Labor Candidate Precluded Government Successes.

London, Jan. 19.—Several of the Liberal losses yesterday, as on preceding days, were caused by three-cornered contests.

EARLY HISTORY OF THE MEDICAL SCHOOL.

Lecture by Dr. H. A. McCallum Before the Historical Society.

A very interesting account of the inception of the Western Medical College, and of the attempted launching of several other similar schools was given by Dr. McCallum in a paper read before the London and Middlesex Historical Society.

There had been two attempts to form a medical school, said the speaker, prior to the formation of the present school in October, 1852.

The first of these was started in St. Thomas, in 1822, under Col. Thomas Talbot. There were only 12 students at the school, and finally, after a very brief career, it was dissolved.

At first the accommodations for the students, which brought the college into disrepute, were Mr. Talbot's private residence, and the school was a barrister, who had cast aside his gown at the London court house.

At a meeting was held at the Town Hall, on May 24, 1851, to try and come to an understanding with the Bishop of Huron, who was then the Bishop of Huron, and arrange for a medical school.

THE BRITISH ELECTIONS.

The British election returns yesterday were not very conclusive. The Ministerialists won a majority of the contested seats and of the popular majority, and the Unionists made relatively larger gains than on Saturday or Monday.

Some of the correspondents appear to be puzzled by the vagaries of the popular vote. Yesterday the Liberals and Laborites had 28,500 more votes than the Unionists in England, Scotland and Wales, yet the latter won 21 out of 42 seats. There is no mystery when the vote is analyzed. The twelve seats which the Unionists gained yesterday from the Liberals showed only an aggregate Liberal majority of 4,764 in 1906. A change of 2,382 votes from the Ministerial to the Opposition column would wipe out this majority. It was a freak election in 1906, and the Ministerialists could not hope to hold normally Conservative ridings which they could barely win four years ago even with a tidal wave in their favor. Eleven of these twelve ridings gave Unionist majorities in 1906 as follows: Mile End, 1,160; Bow and Bromley, 1,845; Abercrombie division of Liverpool, 1,906; Whitehaven, 677; Boston, 553; Warwick and Leamington, 821; Coventry, 1,693; Kidderminster, 140; Brighton (two seats), 1,933, and Chelmsford, 1,521.

The Unionists will in all likelihood improve their position to a greater extent in the counties, few of which have yet been heard from. The great manufacturing centres of the north are inarguably to the assaults of the tariff reformers, but in the villages and rural districts the power of the landlord will be felt more directly. The tremendous social influence of the landed nobility has been exerted as never before for party ends, and there has been organized intimidation in many counties. The letter of the Duke of Sutherland, threatening his employees and dependents with the reduction of wages and pensions if the Government is sustained, is an example of the tyranny which the antiquated land system of England and Scotland enables the aristocracy to wield.

CANADA AND THE IMPERIAL TIE.

A recent address to which a good deal of attention is being given by the press of the United States was that of Professor Wong, of the University of Toronto, before the American Political Science Association and the American Historical Association, in New York. Professor Wong's subject was "Canadian Nationalism and the Imperial Tie." He set forth in a practical way the value of British connection to Canada. He described how the present happy and close relations between Great Britain and Canada have been evolved, and contrasted this satisfactory condition of affairs with the types of relations which were characteristic first, of Greece and her colonial possessions, and second, of England and the American colonies. When the latter began life on their own account they had no powerful neighbor. Because Canada has a powerful neighbor, she is wise in retaining a tie that gives her more weight in a time of difficulty.

In declaring that the old theory of the colonies being subordinate to the motherland is dead beyond resurrection, Professor Wong simply echoed the sentiments of Mr. Balfour, leader of the Unionist party, who, addressing the imperial press conference in London last summer, said there was a time when the relations between Great Britain and its offspring were like the relations between parent and child, but no politician of any party in the old country holds that view any longer. "Everybody recognizes," said Mr. Balfour, "so far as I know, that the parental stage is over; that we have reached a stage of formal equality which nobody desires to disturb." Or, as Professor Wong puts it, something nobler has taken the place of the old colonialism. There is now a league of world states—Britain, Canada, Australia, New Zealand and South Africa—all working together to promote a great destiny for each, and lofty aims for all.

In this great work Canada is nobly doing her share. She has built and is still building great railways by means of which the mother country is brought 700 miles closer to the Pacific coast, and thereby opened a new and shorter route to the antipodes; and India; she has relieved Britain of the burden of maintaining garrisons at Esquimaux and Halifax; she offers free homes to the surplus population of the

British Isles, and is ready to supply the mother country with the food she needs; and last, but by no means least, she has strengthened the imperial bond by granting to Britain a preference in Canadian markets. In return Canada has a preference in the English money market, and is thus able to secure vast sums at a very low rate of interest. Out of total Canadian bond issues of more than \$200,000,000 in 1908, 84 per cent were sold in Great Britain, and the amount and proportion last year were even larger. Upwards of \$800,000,000 is now owing to Great Britain by the Governments and railways of Canada, besides large sums in municipal and other bonds. In addition, our shores have the protection of the greatest fleet the world has ever known—a fleet which will be materially strengthened when Canada's naval plans are carried out.

CANADA'S CROPS IN 1909.

An official estimate made by the department of agriculture at Ottawa places the total value of Canada's field crops—in which are not included fruits and live stock values—in 1909 at about \$523,000,000. Wheat, as usual, heads the list in value of product, sugar beets bringing up the rear. Following are the estimated values, at local market prices, of the different products:

Table with 2 columns: Product and Value. Wheat: \$141,320,000; Hay and clover: \$12,287,000; Oats: \$12,390,000; Potatoes: \$3,209,000; Corn: \$2,875,000; Barley: \$2,543,000; Turnips, etc.: \$1,197,000; Mixed grains: \$1,016,000; Peas: \$722,000; Buckwheat: \$454,000; Flax: \$271,000; Rye: \$125,000; Beans: \$181,000; Sugar beets: \$200,000.

OVERWORKED AND UNDERFERED WOMEN.

[Hamilton Times.]

At the last session of the Illinois Legislature a law was passed which provides for the maximum day's work for women in the factories of the state. The Illinois Manufacturers' Association is fighting this law, and in the attempt to have it declared unconstitutional has filed affidavits made by two women who have worked in factories—the one for sixteen and the other for thirty-two years. In their affidavits these women state that they cannot, at the scale of wages allowed, make enough to live upon in a ten-hour day.

SOON A FULL PARTNERSHIP.

[Toronto Star.]

Canada has now a population of eight millions, and may reasonably look forward to a population as large as that of England. To imagine that such a country, with an area about as large as that of the United States, will remain in a perpetual dependency of childhood is absurd. The relation of Great Britain and this country is changing from one of dependency to one of partnership and alliance.

A KNAVAL PUN.

[Toronto Star.]

Mr. Monk, M.P., is evidently of the opinion that his leader played him a knave's trick.

ANGRY AT MONK.

[Hamilton Spectator.]

If I had my way, I'd drop that man Monk quicker than you could say Jack Robinson. There's something very markedly lacking in his make-up as a member of the great Liberal-Conservative party.

HOOKEIN' EM UP THE BACK.

[Bramford Courier.]

That lone man who spoke to a number of women on the subject of dress might have told them they had driven most of the married lords of creation back to the old scullery game of hooker.

NOT ROOM FOR BOTH.

[Toronto News.]

A horse in London jumped into a cutter. He was scarcely as ambitious as Paddy's horse, who after a series of curvettings got his hind hoof in the stirrup. "Dad," remarked the Irishman, "if you're goin' to get on, wait till I get off."

MR. BLACKSTOCK MISREPRESENTS CANADA.

[Toronto Globe.]

Mr. George Tate Blackstock, in one of his recent election speeches in England, went to the limit in talking nonsense to the electors about Canada. No matter what the result of the elections, Canadians will not be found looking elsewhere for a trade alliance. The mother country will continue to enjoy the present preference undiminished. Canada's prosperity is due mainly not to her tariff, but to her natural resources and to the immigration of people who bring with them the capital and enterprise necessary to develop them.

HOW WECKLESS!

[Indianapolis Press.]

Reckless Reggie—Great heavens! Do I see you speaking in the street to a meek waiter?

Wicked Willie—Dear boy, he used to be a waiter fellow, but now he's a bal-tender.

"Haw! Introduce me when next we meet."

ONE SYMPTOM.

[Baltimore American.]

"Old Moneybags is afraid that prince he bought for his daughter is a bogus one."

"Why so?"

"When it came to settling up he asked for the prince's debts, and the fellow told him he hadn't any."

AMONG THOSE PRESENT.

[London Chronicle.]

Sir W. S. Gilbert, who has returned to comic opera in "Fallen Fairies," is a stickler for correctness of detail at rehearsals. There is a story that on one occasion at a rehearsal of "The Mikado" Mr. Gilbert (as he was in those days) suddenly called out, "There is a gentleman in the left group not holding his fan correctly." A member of the company explained that one gentleman was absent through illness. "Ah!" replied Gilbert, with becoming gravity, "that is not the gentleman I am referring to."

A GENTLE HINT.

[Baltimore American.]

Visitor (at the table)—So you are a good little girl, Mamie, and always mind mamma, your papa says.

Mamie (in the proud consciousness of virtue)—Yeth, sir; the told me not to aith (for another pith of pie, and I ain't never done it.

THE MAN AND THE LION.

[Diagram.]

"When I was once in danger from a lion," said an old African explorer, "I tried sitting down and staring at him, as I had no weapons."

"How did it work?" asked his companion.

"Perfectly. The lion didn't even offer to touch me."

"Strange! How do you account for it?"

"Well, sometimes I've thought it was

rejection of the budget. Yesterday there was no three-cornered contest, and Mr. Dumphy was defeated by nearly a thousand majority. Bermondsey was a false alarm.

There are 234 members to be elected from the English counties. Included in these are many towns, thousands of villages, and the whole of rural England. The village and the country are the special preserves of the nobility and the great landlords. With such allies the Unionists may hope for much. It was the newly-enfranchised farm laborers who returned Gladstone in 1885 after the boroughs had one against him, but today Hodge is being intimidated as never before.

A LIBERAL EDUCATION.

[T. H. Husley.]

That man, I think, has had a liberal education who has been so trained in youth that his body is the ready servant of his will, and does with ease and pleasure all the work that, as a mechanism, it is capable of; whose intellect is a clear, solid logic engine, with all its parts of equal strength, and in smooth working order; ready, like a steam engine, to be turned to any kind of work, and spin the rosemarys as well as forge the anchors of the mind; whose mind is stored with a knowledge of the great and fundamental truths of nature and of the laws of her operations; one who, no stunted ascetic, is full of life and fire, but whose passions are trained to come to heel by a vigorous will, the servant of a tender conscience; who has learned to love all beauty, whether of nature, or of art, to hate all villainy and to respect others as himself. Such a one, no other, I conceive, has had a liberal education; for he is, as completely as a man can be, in harmony with nature. He will make the best of her, and she will give him what get on together rarely; she as his ever-beneficent mother, he as her moulting, her minister and interpreter.

because I sat down on a branch of a very tall tree."

A BARGAIN.

[T.H.H.]

Well—Isn't she a peculiar girl? She wouldn't look at him when he was rich, but now, after he's lost all his money, she's after him.

Belle—Well, you know how crazy every woman is to get anything that's reduced.

DIDN'T STAND TO REASON.

[Lippincott's Magazine.]

Editor—What! Another manuscript? Assistant—Yes. Overheard at the Sewing Circle. It's a good one. The Editor—Nonsense! Return it at once. There must have been many more words than that.

"A Stubborn Cinderella" Tonight.

[Lippincott's Magazine.]

Today there are but two theatrical editions in America that are strictly producing theatres, and they are the Princess Theatre and La Salle Theatre, Chicago. In the past few seasons such great successes as "The Time, the Place, and the Girl," "The Golden Girl," "Honeycomb Trail," "Prince of Tonight" and "The Goddess of Liberty" have been produced in rapid succession. The latest from the pen of these prolific writers has the fascinating title, "A Stubborn Cinderella," and will be seen here at the Grand tonight.

"East Lynne" Tomorrow.

[Lippincott's Magazine.]

It is estimated that more people have witnessed "East Lynne" than have seen any other play that ever was written. This remarkable truth is explainable by the fact that the attack of the play is on the sensibilities of the irresistible—it goes home to the heart. An exceptional presentation of this play will be given at the Grand tomorrow night. The seat sale opened yesterday.

Viola Allen, in "The White Sisters."

[Lippincott's Magazine.]

James O'Neill, the old-time romantic actor, associated for all time with "The Girl," is immensely pleased with the success he has scored in the part of Monsignore Saracinesca with Viola Allen, in "The White Sister," which comes to the Grand opera house Friday, Jan. 21. Messrs. Lippincott & Co., he says, have under consideration a powerful play of native authorship in which he will star. A rumor around the city yesterday was that George Evans had been sold. While a very large advance sale has been had, there are still seats left. It will be a big show.

See This Minstrel Show.

[Lippincott's Magazine.]

The minstrel entertainment presented by Messrs. Cohan & Harris last season, and the flattering reputation scored by their minstrel organization, no doubt, is responsible in a measure for an unusual revival in this style of amusement. Their new organization is now on a tour of the principal cities, travelling in its own special train, conveying a hundred people. George Evans is again the star of the organization, assisted by the famous "Honey Boys." Only this year they are new "Honey Boys." George Cohan has written especially for the entertainment a new one-act minstrel comedy entitled "The Fireman's Picnic," for which he has composed some of his characteristic music. It is described as very funny, and is elaborate and by a cast embracing all the principal members of the company. Two performances will be given on Saturday.

Master Stanbury.

[Lippincott's Magazine.]

A musical treat is in store for Londoners tomorrow (Thursday) evening in the Auditorium, when they will have an opportunity of hearing Douglas Stanbury, the 10-year-old boy of Toronto, who has such a wonderful contralto voice.

The tears that his beautiful hymns produce are balanced by the enthusiastic laughter that greets his humorous selections in concert work. He is simply marvellous, and the sweetness of his modest demeanor brings the audience into sympathy with him at once.

Miss Elizabeth Shea, a clever young elocutionist from Toronto, and Mr. Frank Webster, baritone soloist of this city, are also to take part in the programme.

GERMAN MEAT TARIFF.

[Lippincott's Magazine.]

Berlin, Jan. 18.—The German Government today cabled to Washington in reply to a memorandum recently received relating to the tariff on shipments between the two countries. While it does not accept the American proposals, the German response is especially concerning the importation of meat. The German response is sent in the hope that it will be satisfactory, and as all that the German Government can do.

GERMANY AND U. S. TO HAVE TARIFF WAR

Uncle Sam Put Kaiser on the "Discrimination" List—No Mention of Canada.

Washington, D. C., Jan. 18.—The President this afternoon issued his proclamation, in which it is declared, that under the new tariff law, the countries of Italy, Great Britain, Russia, Spain, Turkey and Switzerland are entitled to the minimum rates imposed by that act.

No mention was made of Canada, where the operation of the British preference is giving the President some thought as to whether it constitutes a discrimination against the United States.

Berlin, Jan. 18.—The German Government today cabled to Washington in reply to a memorandum recently received relating to the tariff on shipments between the two countries. While it does not accept the American wishes in various respects, and especially concerning the importation of meat, the German response is sent in the hope that it will be satisfactory, and as all that the German Government can do.

EX-BANKER WALSH GOES TO PRISON

Chicago, Jan. 18.—John R. Walsh, 72 years of age, after winning his way from newsboy to the control of millions of dollars in banks, railroads, newspapers and coal fields, tonight left for the federal prison at Leavenworth, Kas., to begin a five-year sentence for misapplying the funds of the Chicago National Bank, of which he was president at the time of its failure three years ago. The start for prison following a denial by the United States circuit court of appeals of his petition for a new trial.

To Be DYSPEPTIC Is To Be MISERABLE.

Dyspepsia is the prevailing malady of civilized life. It is largely due to gross errors in diet, over-eating, too free indulgence in stimulants and over-taxing the stomach with indigestible food, eating too rapidly without chewing the food sufficiently, indulging in hot fire, biscuits, pastry, pickles, confectionery, etc.

Burdock Blood Bitters has an established reputation, extending over thirty-four years, as a positive cure for dyspepsia in all its forms, and from all diseases arising from it.

For sale by all dealers. Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

Can Eat Anything Now.

Mr. H. E. M. Dickson, Benton, N.B., writes: "I have used Burdock Blood Bitters and find that few medicines can give such relief in such troubles. I was troubled for a number of years with dyspepsia and could get no relief until I tried Burdock Blood Bitters. I took three bottles and became cured and I can now eat anything without it hurting me. I will highly recommend it to all who are troubled with stomach trouble."

CHAPTER XXXIX.

Among all the hurried and exciting events of the last few days which had fallen to my lot to chronicle, that journey through the pelting rain to Bridgely Norton stands out distinctly.

It was still early in the evening when the wet and steaming horses were pulled up before the door of the Miter Arms, in the High street of Bridgely Norton, and we got out.

"You are Mr. Chavasse, I think?" "Yes." "Then it appears to be you that I most especially wish to see. His most words on recovering consciousness were to see me as quickly as possible."

"Perfectly hopeless. It is physically impossible that he can live for more than a few hours—twelve at most. Whatever he may have to say to you should be said quickly."

"I suppose there is no need to relate in detail what we had come to hear—the confession of Raby St. George. I cannot enter upon it, for it is still too painful, too terrible to me, although it proved the innocence of my friend."

Your physician, pharmacist, banker or any mercantile agency will tell you that Pape, Thompson & Pape, of Cincinnati, is a large and responsible medicine concern, thoroughly worthy of your confidence.

writing-table on that unlucky evening when he had cut his hand, and of his taken him to Redpots—to have it dressed, leaving him alone in Roger's den while I went to find my friend.

According to the gasped-out account to which we three listened, he had in an instant made up his mind that somehow he would get out of his way the master of Holmeadene.

York's pistol, carelessly left in the open drawer, was as a weapon thrust into his hand. He took it, concealing it about his neck in his entrance.

That was the substance of the confession to which we three listened, standing round the great bed, the rector, the capacity of magistrate, taking it down, and the doctor, with his grave attentive face, in the background, out of hearing—a confession made in weak tones, and with painful gasps and haltings.

"I told you that day that you would be sorry, Chavasse." "I know," I returned; "and I am indeed."

Convention Will Be Held in This City January 27 and 28.

The programme for the Men's Missionary Convention, to be held in this city on Jan. 27 and 28, has been finally arranged.

On Friday morning there will be a meeting of the clergy, presided over by Rev. A. J. Vining. There will be three brief addresses, Rev. Dr. Manning speaking on "The Pastor's Place of Leadership"; Rev. J. G. Baker, "The Pastor's Field"; and Rev. Canon Hague on "The Pastor's Force."

For the Congregationalists, in the First Congregational Church, Mr. J. Grove Smith being the speaker. For the Methodists, in the First Methodist Church, Rev. C. E. Manning, of Toronto, being the speaker.

NO LICENSES WILL BE CUT OFF THIS YEAR

Last Regular Meeting of Council Allowed to Pass Without a Resolution.

There will be no license reduction this year. The last regular meeting of the council for the month of January was held on Monday, and it passed without a suggestion of reduction.

Some of the members of the league are said to be agitating for a reduction, but there is not much influence behind them, and consequently little will be done.

CITY ENGINEER WELCOMES INVESTIGATION OF OFFICE

All Other Departments Say They Will Give All the Help Necessary.

The finance committee will continue to investigate the city officials and other officers as was suggested at the council meeting on Tuesday night.

It is probable that they will go through the city engineer's department as well as other offices and make a thorough investigation.

City Engineer Graydon will recommend to the committee that this be done, and his suggestion will probably be acted on.

CITY ENGINEER SAYS IT'S TIME TO CALL HALT

Draws Attention to the Growth of Local Improvement Debentures.

City Engineer Graydon is out with a warning call against the rapid growth of local improvement debentures, and suggests that further work along that line be stopped until the citizens themselves pay the whole cost.

It has been along this line that some of the aldermen have been working, particularly No. 1 committee, and it is quite possible that all petitions for curbs and gutters be submitted to City Engineer Graydon for his approval.

Left to City Engineer. In other words, it was up to the city engineer to say whether or not curbs and gutter should go down.

Engineer's Letter. Mr. Graydon's letter contains quite a bit of information, and it is worth perusing. It is as follows, and is addressed to the council:

"When the permanent sidewalk system was inaugurated it was understood that 10 miles only were to be laid the first year, and after that from five to six miles each year for ten years."

GOVT. MEASURE TO CURB TRUSTS

Provides for Investigation into Alleged Monopolies or Combinations.

TO PROTECT CONSUMER

Special Penalty for Corporations Enhancing Prices When Protected by Tariff.

Ottawa, Ont., Jan. 18.—A Government measure aimed to prevent monopolies and combinations was introduced in the Commons today by the Minister of Labor. The measure provides for a thorough investigation whenever deemed necessary for the protection of the consumer.

In introducing the bill the Hon. Mr. Mackenzie King said: "It is believed that the bill will afford a ready and convenient means whereby parties who have reason to believe that any combination is unduly enhancing prices or unfairly restricting competition, will be able to obtain an investigation, and an effective remedy against any evils which may be found to exist. This it is sought to obtain in the first place by providing that six or more persons who feel that a combination exists, and that prices have been enhanced or competition restricted by reasons of such combination to the detriment of the consumer, may make application to a judge of the high court for an order to grant an investigation of such a combination."

Investigation Board. "The judge may call before him witnesses, but all that is necessary for him to assure himself of before granting the order is that a prima facie case has been made out. When the judge issues an order for an investigation the order is directed to the minister of the department, and the minister then calls upon each of the parties concerned to name a member on the board of investigation."

"The act in this particular proceeds along lines somewhat similar to the procedure under the industrial investigation act. The complainant and the parties accused are called upon to name representatives on the board, and the two men thus chosen confer together with the view of selecting a chairman who in this case must be a judge of the court. The board thus constituted shall have all the powers of a court of record. After due investigation the board must draw up a report and submit that report to the minister, who in this case is required to make it public through the official gazette, and to distribute copies to the press if so desired."

The Penalties. "There are certain classes of evils in the remedying of which it is believed publicity is more effective than penalty. It may not be that publicity will in all cases prove an effective remedy, but in industrial matters it has many times in the past proven to be effective. While this act provides machinery of this kind, it is intended to let in the light on the working of these large corporations the legislation does not rely entirely upon publicity to bring about an effective remedy. There are other remedies proposed and one is the remedy already existing in connection with such articles as are protected by the tariff. The statute in this particular gives authority to the governor-general-in-council, where the reports show that prices have been unduly enhanced, or that competition has been unfairly restricted in virtue of the protection given to a particular article to reduce the tariff altogether."

"Then there is another class of combination which it is hoped this measure may be the means of preventing. I refer to the case of persons holding a patent and in section seven of the act there is a provision that in case the owner or holder of a patent makes use of the exclusive rights he controls so as to unduly limit the manufacture or supply of such article in a manner to injure trade or commerce such patents shall be liable to be revoked."

GROWING GIRLS NEED PINK PILLS

THIS TONIC IS NECESSARY FOR THEIR PROPER DEVELOPMENT AND TO INSURE HEALTH AND STRENGTH.

There are throughout Canada thousands and thousands of young girls who are in a condition approaching a decline. The complexion is pale or sallow. Appetite feeble. A short walk, or going upstairs, leaves them breathless and with a violently palpitating heart. Headaches and dizziness often add to their misery. Doctors call this anemia—which is common English means poor blood. There is just one sure and certain cure for this trouble—Dr. Williams' Pink Pills. These pills, with their rich, red blood, strengthen every nerve and bring a glow of health to pale faces. Do not waste time and money experimenting with other medicines. Do not delay treatment until you are in a hopeless decline. Get Dr. Williams' Pink Pills at once and see how speedily they will restore your health and strength. Here is the proof. Mrs. Joseph E. Lepage, St. Jerome, Que., says: "My daughter Emilia began to lose her health at the age of thirteen years. She suffered from headaches and dizziness. Her appetite was poor. She was pale and apparently bloodless. She had no strength and could neither study nor do any work. The doctors failed to cure her and I thought she was going into a decline. She was in this condition for several months when a neighbor advised me to get Dr. Williams' Pink Pills, and I decided to give them a trial. It was not long until an improvement was noticed and the continued use of the pills for a month or more completely cured her and she has since enjoyed the best of health. I feel sure that Dr. Williams' Pink Pills will cure any case of this kind."

Dr. Williams' Pink Pills will cure all troubles due to poor and watery blood, such as rheumatism, sciatica, indigestion, partial paralysis, St. Vitus' dance, and the ailments that make the lives of so many women miserable. Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from the Dr. Williams' Medicine Company, Brockville, Ont.

and to a penalty not exceeding \$1,000 for each day after the expiration of ten days of the publication of the report of the board in the Canadian Gazette that the parties continue to offend."

PAULHAN'S FLIGHT WINS HIM \$10,000

French Aviator Flies 47 1-2 Miles, Half the Distance Bucking a Heavy Wind.

Los Angeles, Cal., Jan. 18.—Louis Paulhan, in his Farman biplane, today made a remarkable cross-country flight against a wind that other aviators hesitated to face. The Frenchman flew from aviation field to the Lucky Baldwin ranch, 23 miles away, circled the old Santa Anita race track and bucked his way back to his tent. In all he covered an estimated distance of 47 1/2 miles in one hour, two minutes and 42 4/5 seconds. He flew to Baldwin and returned in 30 minutes and came back against it in 23 minutes. When he finished he said that the motor was as cool as when he started, and that he could repeat the trip any time.

Bierlot, Latham, Farman and Cody have made flights, but they did not rate. Cody flew 40 miles. Latham shot in 62 minutes last fall, Farman took a 20-mile run to spend a day shooting with a friend, but he landed at one end of the track. President Cortlandt F. Bishop, of the Aero Club of America, tonight said he did not know of any flight equal to Paulhan's. The prize of \$10,000 will go to him. Paulhan maintained an altitude of from 1,000 to 2,000 feet on his way over the valley. His highest point was 1,500 feet. Under him, spreading over country roads, were autos, equestrians and motor cycles, trying to be near the machine should Paulhan fall or have to descend.

Mrs. Paulhan was in one of the pursuing automobiles, praying and crying. When Paulhan reached the grandstand on his return he was mobbed. The crowd broke through the barriers. The aviator was borne over the field. His countrymen kissed him and wept in joy.

This event was the only one of importance in the day's meet. Curtiss did not fly because at last night Paulhan had been away for half an hour, then he gave a pretty exhibition of fancy starting and retiring.

SARNIA S. A. CITADEL SCENE OF ROBBERY

Arrest of a Supposed Culprit—Wedding of Miss Doble and Mr. Lackie.

[Special to The Advertiser.] Sarnia, Jan. 18.—During the past month Captain Jessie Ross, of the local corps of the Salvation Army here, has been missing money from her private apartments next the S. A. Citadel. The money was a small sum, but she knew where the money went. A close watch was kept on the premises during the past week, and on Sunday night a young lad named Thompson, thinking no person was around, unlocked the door with a key he had in his possession, and on seeing the officers of the corps fled for his home on Cromwell street, where he was later arrested by Police Constable James Forbes. Thompson appeared before Magistrate Gorman on Monday, and was remanded for a week. Bail was refused.

The marriage took place on Saturday evening at the home of the bride's mother, 195 Vidal street south, of Miss Alice Doble and Mr. George Lackie, of Sarnia Township. The ceremony, which was performed by Rev. W. D. Barradough, was witnessed by a large number of friends and relatives of the contracting parties.

At the regular meeting of the town council, held Monday night, by-laws were passed appointing the following town officers: Members of public library board, N. S. Gurd, for three years; assessor, D. M. Card, salary, \$50; market master, Paul and Nebitt, salary \$75 each; members of board of health, D. Morrison and J. P. Fuller; board of park management, Messrs. Frank Thomas and W. Wade. Dr. Bell, who was appointed at the last meeting as a member of the board of works, resigned, and Ald. Ferguson was appointed as his successor.

The report of Engineer McCubin on the fourth line drain was placed on file, and the council, on the suggestion of their solicitor, will discuss the matter at a meeting to be held on Feb. 14.

Messrs. Charles McKenzie gave a delightful dance and party in the town hall last night.

Col. Hodgins, of London, officer commanding military district No. 1, is here, preparing making final arrangements for the building of Sarnia's new armories.

Rev. James Oliver, of Regina, Sask., formerly pastor of Central Methodist Church here, spent Sunday as the guest of Mr. and Mrs. J. F. Fuller, and left on Monday for Toronto.

Mr. James Cox has sold his house and lot on Cromwell street to Richard Simpson, of the town.

POINT EDWARD POINTERS
Lake Huron Covered With Floe Ice—Valuable Horses Drowned.
Point Edward, Jan. 18.—Lake Huron is covered with floe ice, which came from the lake and formed a bar from the Port Gratiot light across to the lake shore at the head of the St. Clair River. The ice was about three or four inches thick when it came down the river. Extreme cold weather congealed the masses together so as to form an ice field of irregular blocks, so rough on the surface that one could not climb them, and the blocks of ice are turned upon edge and every other idly way.

The nurses of Sarnia have, it is stated, been combined to charge \$20 per week for each patient, where there is more than one patient in a family at the same time. This is expected to increase the charges in the General Hospital, which will be cheaper.

COMMITTEE TACKLES ANTI-GAMBLING BILL

Representatives of Racing Association Gather at Ottawa to Defend Tracks.

Ottawa, Jan. 18.—The Commons committee on Mr. Miller's anti-gambling bill, at its first meeting today, found itself confronted by an army of counsel representing the various racing associations throughout Canada. These gentlemen got up one by one and presented the committee with an imposing list of the directors of their associations. W. E. Raney, K. C., Toronto, appeared in support of the bill. F. G. McCarthy, K. C., appeared for the Ontario Jockey Club; G. E. Howell, for the British Columbia Thoroughbred Association; J. L. Council, for the Hamilton Jockey Club; F. J. Meredith and A. Geoffroy, for the Montreal Jockey Club, and C. A. Wilson, M. P., for the Montreal Driving Association.

VAULT SHOCKS CLERKS

Bank Employees Narrowly Escape Death in Peculiar Accident.
Toronto, Jan. 18.—Russell Millard and E. C. Boswell, clerks in the Dominion branch of the Dominion Bank, narrowly escaped death by electric shock this morning when they opened the vault to begin work. Owing to a defective wiring the steel of the vault had been charged with the current in lighting the building, and Millard, who was first, was prostrated. Boswell succeeded in getting away, but was unable to extricate his mate from his position. He is badly burned about the hands, and is generally shaken up. Boswell was not much hurt.

CHARGE NOT SUSTAINED

Grimsby Man Was Accused of Securing Property Belonging to Another.
Toronto, Jan. 18.—Chief Justice Falconbridge gave judgment this morning in the case of Ethel Gibson against Arthur Vandyk, in which the plaintiff, a married woman, daughter of the late Delos Vandyk, of Grimsby, sued her uncle to obtain a conveyance of a half interest in certain property left by her father, and alleged the uncle had converted some of his property to his own use. The chief justice ruled that the personal charges against the defendant had not been sustained, but directed that of Jean Vandyk, a spinster sister, to whom defendant had converted the property in question, the balance of the action should be delivered a conveyance of a half interest in the property to the plaintiff within three weeks, the action shall be dismissed. If Miss Vandyk neglects or refuses to do this, however, an order will be made adding her as a party defendant, and ordering her and the defendant to execute such conveyance without any order as to costs.

TORONTO'S SHARE

Receives \$37,959 of the Exhibition Surplus for 1908.
Toronto, Jan. 18.—Final figures show the city receives \$37,959 from last year's exhibition. The surplus totaled \$47,949, but of this the exhibition association retains \$11,000. The surplus from the exhibition of 1908 was about \$40,000. The total receipts of the association last year were \$249,603, an increase of \$15,465 over the receipts in 1907. The expenditures, however, totaled \$211,643, an increase of \$25,092.

TILLSBURG TEAM BEATEN 14 TO 3 SEAFORTH GAME WAS POSTPONED

LONDON INTERMEDIATES BEAT TILLSBURG SEPTETTE 14 TO 3

Locals Win Burlesque Match Without Difficulty on Pan Drieds' Ice—Losers Went After Ken Casselman and Played Rough All Around While the Referee Looked On.

London Intermediates trimmed the Tillsburg septette by 14 to 3 in a burlesque match on the losers' ice last night, the locals having all their own way in the first half, and blanking the Pan-Drieds in the second.

The Tillsburg outfit, discovering that it could not play hockey, adopted some rather rough tactics and despite the complaint of Capt. Bernhardt of London, the skating and tripping continued.

Half-Time Score, 9 to 3.

The score at half time was 9 to 3. London opened up by scoring three goals in about six minutes, and had no difficulty in lowering down their opponents. The winners did not exert themselves to any great extent, and won in a walk at that.

Bernhardt's rushing and checking featured the game, while the work of McCall, the captain of the junior team who played cover was exceptionally good. Progers was there with the timely rushes and figured in the scoring several times.

After Casselman's Scarp.

The Tillsburg team appeared to be after Ken Casselman, who was surrounded by a couple of men, who instead

of playing the game, devoted their energies to rough work.

The line-up was as follows:

London—Goal, Pearson; point, Casselman; cover point, McCall; rover, Bernhardt; centre, Orr; left wing, McLaughlin; right, Progers.

Tillsburg—Goal, Kimpton; point, Weatherax; cover point, Woudes; rover, Crosset; centre, Hogarth; right wing, Travers; left wing, Pearl.

The Officials.

Timekeepers — Ken Murray, London, and B. S. Britton, Tillsburg; goal umpire—Ed. Heath, Tillsburg, and Sam Logan, London; referee — Duff Adams, of Brantford.

At Port Hope, Ont., a great stable of heavy harness horses will probably be sent to England again next spring for the London International Horse Show.

Charles Barrett, the Parkhill reining man, has made a decided improvement in the trotting mare, Mattie Bryson. This one will be hard to beat in the coming events this winter.

W. K. Smith, the well-known horseman of Tiffin, Ohio, manufacturer of Smith's "Wonder Worker," is the owner of Pierce, 2:19 1/2, the king of the show path at Tiffin.

The trotter Zippo E, that Dan Dwyer of Port Huron, Mich., is racing on the ice in this country, is a bay stallion with a record of 2:27 1/2. He is by Charleston-Cleo, by Peaches.

It is a singular fact that the three great pacing stallions, Star Pointer, 2:29 1/2, John R. Gentry, 2:09 1/2, and Joe Patchen, 2:01 1/2, were all foaled in 1889, and are all hale and hearty at the age of 21 years.

Darkie Hal, 2:02 1/2, the black pacer owned by Star Hedges, by Hamlet, owned by Mr. John E. Swartz, of Wilmington, Ont., won \$5,015 in 1909, and is now owned by Mr. J. E. Swartz. He won \$2,000 in 1908, and \$1,000 in 1907.

McAdrian, son of Guy McKinney, 2:11 1/2, is the first grandson of the stand pacer, He is the sire of Trix McAdrian, that is reported to have raced in 2:23 1/2, in California against time.

The Patchen Wilkes Stock Farm certainly had hard luck when 29 horses were destroyed by fire and then the stallion from which the farm derives its name, Patchen Wilkes, died. The horse, however, died of old age, and his death was expected.

It is likely that Del Coronado, 2:04 1/2, by McKee, 2:11 1/2, dam Johanna Trent, will represent the type of Standard-bred trotters at the Pennsylvania Stock Breeders' Show at the University of Pennsylvania on Feb. 2, 3 and 4.

Fifty-nine Shire draught mares were sold at auction at Bushnell, Ill., a few days ago for \$35,600, an average of \$700 per mare. The Standard-bred mares were sold for \$1,600, the price. Breeders from the Pacific coast were heavy buyers.

"POP" GEERS, VETERAN TRAINER HAS A GREAT STRING READY

Left Shafer, His Second in Command, Gives Out Some Live Dope Says Demarest Is a Wonder and Turned a Mile in 2:07—Put the Harvester Down to 2:02, Marie N. to 2:05 and Watch Green Ones.

Whether during the racing or in winter quarters, the string of the veteran horseman, Ed. Geers, always attracts more attention than that of any other trainer in the country. This has been true for many years past, and will remain so while "Pop" is alive.

As every trotting horseman knows, the Geers string is now located at Billings Park track, Memphis, and contains for the present 30 head, from which are being prepared material for the season of 1910 will be selected.

Second in Command.

The first show information about Geers' stable is from L. S. Shafer, who will be better known to horsemen under his regular name of "Left." For many years Left has acted as second trainer to Mr. Geers, yet even in that secondary capacity he is recognized as a high-class trainer, and in cases of accident has been shown very creditably against the odds.

Left says: "The greatest improvement seen in any horse is in the fast trotter Demarest, and this was brought about by the fact that he has a brand new harness, with shoes as light as silk, and in front, which made Demarest an excellent performer, turning a mile in 2:07, and the last half in 1:09."

FODDER FOR FANS

For the first time since 1880 Pittsburg is to be honored with a major league meeting on Jan. 24.—The joint schedule and rules committees will get together at 10 o'clock to complete arrangements for the 1910 big league season. These spring sessions have come to be the most important of the season by virtue of the many trades that are effected.

Around Carnegie, Pa., they are talking of making a congressman of Hans Wagner. His ambition is forced on the bar by the fact that he is the strongest barrier to real baseball notoriety.

George Stallings' plantation near Haddock, Pa., has been the scene of the most colorful teams of the South. The plantation has cleaned up on every winter for the last eight years in the American League. Mack won two pennants with his Athletics—1902 and 1903—finished second in 1905, 1906 and 1909, was fourth in 1901 and 1905, fifth in 1904, and sixth in 1908.

Buzze Jennings is of the opinion that the best pitcher in the world would be the worst possible power. The leader of the champion Tigers declares the longer playing the pitcher makes the better pitcher, but he is not so commercial as to suit the public's tastes.

INTERCOLLEGIATE REGATTA.

New York, Jan. 15.—Announcement was made today that the intercollegiate regatta this year at Poughkeepsie will be held on June 29, and the contests will begin at 4:30 in the afternoon.

PLAY POSTPONED.

Galt, Jan. 18.—Play in the primary competition of group No. 3, Ontario tankard, was to have commenced here this morning, the teams in it being Galt, Granites, Gals, Ayr, Waterloo and Preston, but it had to be postponed on account of the mild weather.

Silver or Gold—Take Your Choice.

Was ever a road so fortunate as the line extending from North Bay, in connection with the Grand Trunk Railway System? Built as a colonization road, it opened the way to discovery of the richest silver mine the world has ever known, and now bids fair to make like record regarding gold. Train leaving London, 6:53 p.m., connecting with 10:20 p.m. train from Toronto, via Cobalt, Halleybury, Englehart and Charlton, is the established and most comfortable way to reach Gowganda, which avoids arriving at night, and is far safer to rest comfortably at Elk Lake as the experienced know.

For Porcupine Gold Fields, the same train takes you to Matheson, where you stage in. Do not be persuaded to take any other route.

SAID THERE WAS FIGHT RECOVERING TYPEWRITER

Alleged Tell-Tale Letter Produced in the Case of Fitzgerald vs. Monarch Co.

The consideration of the case of Mr. Fitzgerald, of Watford, a well-known lawyer, against the Monarch Typewriter Company and Bailiff Elliott, occupied the whole of the afternoon session of the assizes yesterday.

The evidence. "Was there any fight?" asked Mr. Edmund Meredith of the bailiff. "No, sir."

Mothers Bless Zam-Buk

READ HOW IT GIVES THE LITTLE ONES EASE.

A most important thing for mothers to watch is the treatment of rashes, chafed or chapped places, etc. When you put an ointment on to a child's skin it gets into the blood through the pores just as surely as if you put it into the child's stomach.

Scores of similar cases could be cited. Zam-Buk should be in every home, because it heals sores, stops pain and ends skin disease.

You had a very heavy fall! "Yes, he replied, I hurt myself."

A good deal of medical testimony was adduced regarding the injuries Mr. Fitzgerald had sustained in the fight over the typewriter, and the case was still under consideration when the court adjourned till 10 o'clock.

Sour Risings From Stomach

Those Who Experience Fullness and Pain After Meals, Stomach Disorders and Indigestion, Should Read Below. "When I was working around the farm last winter I had an attack of inflammation, writes Mr. E. P. Dawkins, of Port Richmond, who was weak for a long time, but well enough to work until spring. But something went wrong with my bowels, for I had to use salts or physic all the time. My stomach kept sour, and always after eating there was a pain and fullness, and all the symptoms of intestinal indigestion. Nothing helped me until I used Dr. Hamilton's Pills. Instead of hurting, like other pills, they acted very mildly and seemed to heal the bowels. I did not require large doses to get results with Dr. Hamilton's Pills, and feel so glad that I have found a mild yet certain remedy. Today I am well—no pain, no sour stomach, a good appetite, able to digest anything. This is a whole lot of good for one medicine to do, and I can say Dr. Hamilton's Pills are the best, and my letter, I am sure, proves it."

A "BOOSTER'S DEGREE" FOR ST. JOHN'S CLUB

Committee Formed Last Night to Look Into the Matter.

ICE GORGE SMASHES AND MENACES ALLEGHENY

The Ohio River Is On the Rampage and Pittsburg Expects Serious Floods. Pittsburg, Jan. 18.—Tons upon tons of water pouring into the Ohio from the Allegheny River, which is overflowing above this city, the ice gorge at Freeport, Pa., has broken through its bank full of soft, slushy ice, crumbled into small floes by its tumble over the dam after the gorge set go, is rushing by the city and across the Ohio River up at the rate of two feet an hour.

As soon as the gorge broke, Henry Pennycuik, the local weather forecaster, saw the water rising. He telephoned the police, too, notified the residents and the business men of the downtown districts. For two months the residents and business men of the downtown districts have been looking for a chance to get out of the city. The water is now rising at the rate of two feet an hour.

LONDON AND DISTRICT

Walter Garner Dies.
Walter Garner, the former Londoner, who shot his wife, and then attempted suicide at Buffalo, on Friday night last, died on Saturday. He never regained consciousness after being taken to the hospital. Mrs. Garner is still in a serious condition. She was informed yesterday for the first time that her husband was dead. The body of the dead man was taken to Hamilton yesterday for burial.

A Correction.
Owing to a printer's error, it was stated yesterday that "Mr. James, proprietor of the Western Hotel," is to be arraigned on a charge of selling liquor during prohibited hours. As a matter of fact, Mr. James is proprietor of the Windsor Hotel, and the Western Hotel, which is conducted by Mr. James's son, is not mixed up in the case at all.

Meyer-Taylor.
The marriage took place recently at the home of Rev. A. J. King, of the Talbot Street Baptist Church, of Miss Elsie Taylor, of this city, daughter of Mr. Frank Taylor, to Mr. Joseph David Gordon Meyer. The ceremony was performed by Rev. Mr. King. Mr. and Mrs. Meyer will reside at 127 Langarth street, South London.

Funeral of Mr. Joseph G. James.
The funeral of Mr. Joseph G. James was held yesterday afternoon at the home of Mrs. J. H. King, of the Talbot Street Baptist Church, and was largely attended, the services being conducted by Rev. Dean Davis at 2:30. Interment was made at Woodland Cemetery. The pallbearers were Mr. G. Millison, Mr. E. Sifton, Mr. Nelson Walsh, Mr. Crawford, Mr. A. S. Taylor, Mr. C. Jones. The floral offerings were very beautiful.

Late Joseph Haldane.
Mr. Joseph Taylor Haldane, who died at his late residence, 100 Wharncliffe road, on Saturday evening, was born in Edinburgh, Scotland, Feb. 1, 1830. Mr. Haldane came to Canada with his parents in 1834 settling on concession 2, of Westminster Township, where he lived until ten years ago, when he moved with his family to West London. His wife (who was Sarah Shipley), and three daughters survive to mourn the loss of a kind father. Mrs. J. R. McLaren, London Junction, and Misses Elizabeth and Clara at home; also a sister and two brothers, Mrs. Russell, of London; William, of Westminster, and James, of Stratford. The funeral service was conducted by Dr. Nixon, of St. Paul's Presbyterian Church, of which deceased was a consistent member. The casket bearers were Mr. George M. Haldane, Stratford; Mr. Thomas Hodson, Mr. Charlie Archer, Mr. William Walker, Westminster; Mr. J. Good, Mr. George Rowland, city; and Mr. Henry Nichols, Westminster.

STRENGTH
Without Overloading the Stomach.
The businessman especially needs food in the morning that will not overload the stomach, but give mental vigor for the day.
Much depends on the start a man gets each day, as to how he may expect to accomplish the work on hand. He can't be alert with a heavy, fried meat-and-potatoes breakfast requiring a lot of vital energy in digesting it. A California businessman tried to find some food combination that would not overload the stomach in the morning, but that would produce energy. He writes: "I was unable to find a breakfast food that had nutrition enough to sustain a businessman without overloading his stomach, causing indigestion and kindred ailments. Being a very busy and also a very nervous man, I decided to give up breakfast altogether. But luckily I was induced to try Grape-Nuts. "Since that morning I have been a new man. Can work without tiring, my head is clear and my nerves strong and quiet. "I find four teaspoonfuls of Grape-Nuts with one of sugar and a small quantity of cold milk, make a delicious morning meal, which invigorates me for the day's business." Read the little book, "The Road to Wellville," in packages. "There's a Reason."

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

VALUABLE HINTS AT LIBRARY MEETING
Some Interesting Papers Were Read Yesterday on Reference Works, Etc.
DUTIES OF THE LIBRARY
Show the People the Books—Don't Compel the Callers to Search for What They Should Read.

The first meeting of the London District Library Institute was held yesterday in the Public Library rooms. Representatives from all over the counties of Middlesex, Lambton and Elgin were present, and the papers that were read were of a most interesting and instructive nature. At the close of the afternoon session the officers for the coming year were elected as follows: President, Rev. C. R. Durrant, Melbourne; vice-president, Edgar M. Zavitz, Coldstream; secretary, W. O. Carson, London; executive council, R. G. Moore, Aylmer; Dr. C. J. Hoffman, E. J. Aston, Mount Brydges; John G. Bayne, Newbury; H. A. Winnett, London; Mayor Beattie, London; W. Bishop, Komoka; Edgar M. Zavitz, Coldstream; C. J. Stewart, Inwood; J. C. Dunlop, Springfield; A. D. Hardy, Brantford; J. V. McDonald, Strathroy; N. Matheson, Parkhill; John Currie, Belmont; Dr. A. O. Jeffery, Inspector Edwards.

Mr. Norman L. Gard, B. C. L., of Sarnia, ex-president of the O. L. A., read an excellent paper on "The Small Library, Its Establishment and Its Finances." Mr. Gard's paper dealt with the problem of developing and enlarging the small library, and his practical hints and suggestions were most helpful.

Reference Works.
Miss Mary Gray, of the London Public Library Staff, gave a paper on "Reference Work in the Small Library." "A library," she said, "is a centre for the collection, classification and distribution of books. Its value lies in its completeness." The reference department she termed the heart of any library. People need to be taught not only to read, but to read the best. This is particularly true of young people.

She pointed out that an exceedingly valuable reference book can be made by following closely daily papers, and cutting out, filing away, and indexing matters of this nature. The banquet library, even in the smallest place, can be kept thoroughly up to date.

Fiction and the Library.
Rev. C. R. Durrant presided at the afternoon session. The first paper was read by Mr. M. P. McDonough, chairman of the library committee, who spoke on "Fiction and the Public Library." He pointed out that the fiction department is by far the most largely used of the library, and urged the very great importance of properly conducting it. He showed the importance of cultivating the popular taste in the right direction, as the reading of fiction has a marked power for good or evil.

Assistance to Readers.
One of the best papers of the day was that given by Miss Mabel Dunham, of Berlin, on "Assistance to Readers," and she urged particularly the necessity of training children to read the proper books. Light reading, she said, is worse than drunkenness, because drunkenness kills, while light reading renders its victim useless, and paralyzes his mind for better things.

Some Ancient History.
Judge Hardy, of Brantford, formerly of London, spoke reminiscently of the old Mechanics' Institute, and complimented the city on its new library. He said Librarian Carson is one of the most efficient librarians in the country. Speaking of the best methods of interesting the public in libraries, he made a strong plea for legislation which will provide for the maintenance of the smaller public libraries.

"Things are in such a state in many of the smaller places," he said, "that the system in rural Ontario is practically in a state of collapse."
Show the Books.
Dr. A. O. Jeffery, speaking along the same line, urged the necessity of showing people the books that are in a library, and not leaving them to look for themselves. "Show your goods," he said, "and invite the members of young people's societies and church congregations."

A hearty vote of thanks was conveyed to Librarian Carson for his trouble he had taken throughout, and also to those who had read papers.
Those Present.
Among those who were present were: Frank Hayes, Dorchester; O. A. Smith, Brantford; A. Wilson, Oil Springs; W. Crookes, Colleton; Douglas Gray, Coldstream; R. E. Moore, Aylmer; J. W. Hamilton, Sarnia; Norman Gard, Sarnia; F. V. Chittick, Dorchester; W. C. O'Brien, Maitland; D. Mabel Dunham, Berlin; Josephine Whyte, Ailsa Craig; Mrs. J. Keid, Watford; Mrs. S. E. Jackson, Arkona; Isabella Gardner, Wardsville; W. R. Wainwright, Toronto; A. B. Powell, Thorford; Dr.

BANKER FARSON DEAD.
Chicago, Jan. 18.—John Farson, banker and club man, and one of the best-known figures in the financial and social world of Chicago, died this morning as the result of heart failure. The attack occurred last Sunday when Mr. Farson had been consulting his physician for some time. He was 57 years of age. His father was John Farson, who is in charge of the New York branch, residing here on a special train before his death. Mr. Farson was born in Philadelphia, Pa., in 1857. He was the son of Rev. John T. Farson, a Methodist Episcopal clergyman.

To Remain Deaf Is Inexcusable Since the Invention of the Acousticon.
Just try it, and if it doesn't make you hear, don't buy it.
No one endures an affliction which is so immediately and so humanly relieved as deafness. There's no other remedy for the deafness of these days. But not so with deafness—no other remedy is so immediately and so humanly relieved as deafness. For science has devised an instrument that enables the deaf to hear normally, without strain or effort. This marvelous device is the Acousticon—a miniature sound magnifier worn as part of the dress, inconspicuously and without annoyance. Constant use of the Acousticon keeps the activity of the auditory nerves, thus often permanently overcoming defective hearing. A trial will conclusively prove to you its wonderful efficiency. Mr. Pratt, the general manager of the General Acoustic Company, of Canada, Limited, will be at the Tecumseh House on Friday and Saturday, Jan. 21 and 22, and will be pleased to see any one who is afflicted with deafness. 750
