DOUBLE-HEADER CRASHED INTO GRAND TRUNK CABOOSE ON CITY OVERHEAD BRIDGE

A NASTY CRASH**

Accident on Sunday Afternoon
on the Wortley Road,
South London.

The caboose of a fast eastbound extra way-freight, en route from Sarnia to Toronto, was burned on the Wortley road bridge about 3 o'clock yesterday

afternoon, when a double-track passenger train, carrying 100 passengers, was in charge of Engineers Hugh McGinnis and A. Reunie crashed into it.

The extra freight had been stopped by the semaphore at Tibbet street but was set against it, and the heavy coal train, coming down the grade at a fair rate of speed, was unable to stop in time, and notwithstanding that the emergency brakes were thrown on, the coal train skidded into the passenger train with force enough to smash in the rear end and upset the stove.

REMARKS MADE.

"I think they are very fine," said the collector. "They will be placed in the galleries of the Collegiate."

Conductor Haynes, of Stratford, who was in charge of the extra, happened to be in the cupola of the caboose. Someone called to him, and he made a quick climb out and down the side, escaping just in time to miss a severe shaking-up.

Another Message Telling That He Was Dead Was Suppressed Out of Sympathy For the Lady.

As quickly as possible the city fire department was summoned, and when they arrived on the scene several

streams from the chemical engines were used with good effect.

The caboose, however, was a total wreck.

Its rear trucks were torn completely off by the force of the collision.

Engine Smashed

Engine 2502 had its headlight and cowcatcher torn off.

Superintendent Bowker and Foreman Smith, on hand quickly, and the work of opening the line was rushed forward, and shortly after a single-track switching was removed.

The blazing caboose on the bridge attracted hundreds of citizens, who, from various vantage points, watched the firemen working, and the railroad men clearing up the debris.

The message read:

The manager thought the message over, and decided to tell the girl. When she read the message, she burst

Mrs. John Moore Thrown Against

When Car Traveled Around Corner.

Mrs. John Moore, 191 Lathurst street, was painfully injured Saturday afternoon on a Ridout street car at the corner of Ridout and Keweenaw street. It is alleged, that the passengers thrown from the car, fell against the side of the seat, and two other women were thrown from the car. The driver, John J. McNamee, home, and Dr. Thompson was summoned. While her injuries are not serious, she is unable to get up.

Sir Wilfrid Laurier is hopeful that the situation may be defined sufficiently by May 12 to enable him to leave for the Imperial Conference with the assurance that the final ratification will be laid up for a week.

None of the other passengers hurt, although some of them shaken up considerably.

A Big Battle Is On This Afternoon.
The battles of the Rebels and the Federal troops are being waged in the north end of the city this

afternoon, and unless the loyal crews are able to cope with the difficulty, a swarm of Boy Scout terrorists will invade London before the sun sets.

The whole programme has been arranged, the Scout brigades have been

vided into two sections, the district, which the battle is to be fought is bounded on the north by Broughdale and the river, on the east by Waterloo street, on the south by St. James street, and on the west by the Thames.

Family Compelled to Fight Way to Roof in Night Clothes.

THE FIRE.
Premises—117 Dundas Street.
Cause—Unknown.
Loss—\$3,500.
Insurance—\$2,200.

Clad only in their night robes, Mr. and Mrs. W. C. Wood, and their maid, Miss Eliza Smith, had a thrilling escape from a burning building at 117 Dundas street shortly after 1 o'clock Sunday morning. They had to climb out of the rear window, work along the roof of the next building, and summon aid. The women suffered greatly from exposure. The restaurant and candy shop formerly conducted by Mr. John Friend was completely gutted.

The fire was noticed shortly after 1 o'clock. Mr. Wood, who had been out for a walk, will late retire

Their room was on the third floor. Miss
Smith, who slept on the second floor,
retired previous to Mrs. Wood.

Awakened by Smoke.

So far as Mrs. Wood could see
everything was all right when she re-
tired. About 1 o'clock she was awa-
kened by the dense smoke coming
from the room. She was not sleeping
soundly, and awakened quickly. She
at once awakened her husband. The
couple went to the next floor, and found the
place filled with smoke. Mrs. Wood
went to the door, and saw that Mr.
Wood ran to the maid's room to ca-
shier. The latter was sleeping soundly
and it was with considerable difficulty
that she was aroused. The two women
went to the room where the res-

Took to the Roof.

The party then climbed out on the roof, crossing to the next place where Mr. W. Smith, the leader, was when he ran down six feet where he could reach a window, and told them of the fire.

An alarm was immediately sent and Mr. Wood entered to get the men from the Smith apartment. For five minutes they had been standing on the snow-covered roof, exposed to the biting wind, and were greatly exhausted. Miss Smith was called for, going later to Mr. Wood store across the road.

In the meantime the fire brigade had been called to the central camp. They arrived on the scene early, and so had several lines of hose playing on the fire. The whole interior of building was a mass of flames when they arrived.

Fire Horses Falled.

No. 2 Company started out promptly on receipt of the alarm, but with a mishap on Dundas street. Water was being poured on the horses and when the horses reached a point where there is a considerable slope in the pavement, they lost their footing on the ice. They slipped and the horses were thrown. It was

the merest chance that both were killed.

However, they were not badly hurt. Fireman Gilfoyl had his foot painfully injured in an attempt to get the men out of their feet.

The whole department were soon at work, half a dozen streams being played on the blaze.

An Explosion.

There was an explosion of some sort shortly after they arrived, the plate glass windows being smashed into a thousand pieces. Several firemen were narrowly escaped from being struck by flying glass.

Now they got the water on the fire. It was soon overcome. After a time a half a bottle, they put it out.

Mr. Smith's residence was the first to be smoked and the occupants had to leave. The cellar and back part

"We certainly had a wonderful escape," Mr. Wood stated to The Advertiser. "Had Mrs. Wood been twenty minutes later, we surely would have been smothered. The place was sir-

filled with water also. The danger there will be trifling, however.

We certainly had a wonderful escape. We were all saved. Mr. Wood and the two ladies, I am glad to say, were unharmed. Had Mrs. Wood been alone, her chances would have been very slender. The place was simply a furnace. The smoke was so dense that it was impossible to see one's way out. It was far from a pleasant experience. Had my husband not been there, I am sure I would have got out alive. It is a thing that I was not prepared to do.

The Loss.

Mr. Wood estimates his loss on the building at \$3,000, with an insurance of \$2,200. The building is owned by J. S. Smith, of Portland. The loss on the building is about \$3,000, and the loss on the contents is about \$2,200.

The origin of the fire is not certain, but it is thought that it caught on the roof.

The store will be reopened shortly. "It was a merry blaze for a time."

It was a gas range in the store. A lunch had been prepared shortly before Mrs. Wood read and it is suspected that the blaze had been caused by that.

"The store will be reopened soon. It was a merry blaze for a time," said Fire Chief Aitken. "The store burned up very quickly, but we looked to have a hard fight on our hands. However, we got it under control in good time. The pressure was excellent."

Premier Asquith Favors Idea of Home

Edinburgh, April 17.—Between Glasgow and Edinburgh rivalry has existed from ancient times, which is by no means confined by its age. It finds expression in the fact that the two cities are one city to the projects of the other, or in the fact that the two cities are one city to the projects of the other, or in the fact that the two cities are one city to the projects of the other.

Just now an amusing cross-current, however, is being created by the fact that the two cities are one city to the projects of the other, or in the fact that the two cities are one city to the projects of the other, or in the fact that the two cities are one city to the projects of the other.

Edinburgh looks over its shoulder at Glasgow with a certain amount of jealousy, and Glasgow looks over its shoulder at Edinburgh with a certain amount of jealousy, and Glasgow looks over its shoulder at Edinburgh with a certain amount of jealousy.

Asquith in his reply said that, as a Scottish member of 25 years' standing, he was fully conscious of the growing difficulty of Scottish affairs, and that he was fully conscious of the growing difficulty of Scottish affairs.

DOAN'S KIDNEY PILLS

The kidneys are to blame nine times out of ten.

Mrs. A. H. Hutton, Jr., McIntyre, Man, writes: "Two years ago last spring I had a very severe pain in the small of my back. When I would rise it seemed as if my back would break. My kidneys were very badly out of order, and I would have to get up three or four times during the night. I took one box of Doan's Kidney Pills and they effected a cure."

Doan's Kidney Pills are 50 cents per box or 3 for \$1.25, at all dealers or mailed direct on receipt of price by The T. Milburn Company, Limited, Toronto, Ont.

If ordering direct specify "Doan's." When the blood isn't properly filtered the poisons that ought to be carried out by the kidneys are sent back through the system, and it's hardly to be wondered that backache and lame backs come to make life miserable.

Doan's Kidney Pills are a specific for all kidney troubles. They begin by expelling all the poisonous matter from the kidneys, and then heal the delicate membranes and make their action regular and natural.

CANADIAN DIAMONDS ARE OF HIGH QUALITY

Famous Experts Say They Are
Equal to Those of South
Africa.

[Canadian Press.]
Ottawa, April 17.—The Canadian diamond has been tested by the greatest gem experts in the world and pronounced equal in quality to the famous product of South Africa. R. A. Johnston, mineralogist and curator of the Geological Survey, today declared.
In January last diamonds were discovered in the Ottawa Mountains in British Columbia. It was the first discovery of its kind made in Canada, and Mr. Johnston naturally became greatly interested and sent for specimens of the gems. The discovery soon became known and other mineralogists in different parts of the world also became interested. Among these, in whom the discovery awakened a keen interest was Dr. Kuntz, the Tiffany gem expert, and one of the foremost authorities on precious stones in the world. He wrote Mr. Johnston from New York, and asked him to send specimens of the Canadian diamonds for the purpose of having them tested. Instead of sending specimens, however, Mr. Johnston went to New York himself about ten days ago, and took a quantity of the gems with him. He returned today.
"Dr. Kuntz and others were greatly surprised at the quality of the gems, and they are now singing the praises of them," said Mr. Johnston today.
"Dr. Kuntz made test with a cutting in a dark room. The microscope, however, was able to see the diamond in the rock. This is the first occasion on which this has been done. Inspectors will enter the new diamond fields in great numbers as soon as the snow disappears.
"The quality of the diamond is beyond dispute," he said. "The only certain thing about it now is the size."

AUTO TURNS TURTLE AND DROWNS THREE

Pinned Beneath Machine in Two Feet
of Ditch Water.

[Canadian Press.]
Chicago, Ill., April 15.—Three men pinned under a heavy touring car, which had overturned, were drowned in a ditch containing only two feet of water, near here, last night. The victims were H. J. Blackburn, owner of the car, Cloud Roush, of Glenview, Ill., and Fred Kimbrell, of Lombard, Ill.

FOUR PERISH IN A CESSPOOL

Father, Son and Two Friends Drowned
at Corona, N. Y.

[Canadian Press.]
Corona, N. Y., April 15.—Father, son and two friends drowned in a cesspool here today. The son, an Italian laborer in a factory, was in the pool, was suffocated by gases and sank to the bottom. The father, who was with him, was still struggling, was also overcome and pitched head first into the pool. Two other laborers who attempted to rescue the first two, were similarly drowned. Firemen dragged out the bodies.

AIDS TO WOMEN

British Head Mistresses Will Establish
a New System.

London, April 15.—A letter appears in the Standard from the Incorporated Association of Head Mistresses of Public and Secondary Schools, six members of which were appointed to the Colonial Intelligence League, stating that they propose to establish next month, and be responsible for, paid agents, who will report constantly to the London office on all matters connected with women of the educated class of society. They will not undertake responsibility for any candidate who cannot satisfy the committee on definite points, or any post for which she is recommended.
The standard says that with careful organization, close supervision and adequate funds the scheme to provide satisfactory spheres of activity and happy homes for many women will add one more link to the bonds of sympathy between the mother country and the empire overseas.

FELL BETWEEN CARS

Toronto, April 15.—Freque, an Italian, who is working on the grade separation work east of the Sunnyside crossing of the C. P. R., was killed by falling between the bumpers of two flat cars. His body was taken to the morgue.

LOADED WITH SECURITIES

Cleveland, April 15.—An elderly man found by the police last night while wandering about the streets with a wealth of securities and valuable jewelry in his possession, today was identified as Dr. Halkey J. Howe, a retired dentist, of Dunkirk, N. Y., Dr. Howe, until today, he told the police that when found last night he was hunting for the time of a friend on High street of that city.

CURED OF CONSTIPATION

Mr. Andrews praises Dr.
More's Indian Root Pills.

"Mr. George Andrews of Halifax, N.S., writes:
"For many years I have been troubled with chronic constipation. This ailment never comes single handed, and I have been a victim to the many diseases that constipation brings in its train. Medicine after medicine I have taken in order to find relief, but one and all left me in the same hopeless condition. It seemed that nothing would expel from me the evil ailment that caused so much trouble, yet at last I read about these Indian Root Pills.
"That was indeed a lucky day for me, for I was so impressed with the statements made that I determined to give them a fair trial.
"They have regulated my stomach and bowels. I am cured of constipation, and I claim they have no equal as a medicine."
"For over half a century Dr. More's Indian Root Pills have been curing constipation and clogged, inactive kidneys, with all the ailments which result from them. They cleanse the whole system and purify the blood. Sold everywhere at 25c. a box."

LARGER WATER MAINS TO BE PUT DOWN

Need Is Very Apparent, Says
Chairman Pocock to The
Advertiser.

The water commissioners are now considering where they will extend the large water mains of the city.
In the debenture issue of \$2,000,000 provided for the extension of the water mains, the sum of \$12,000 will be expended in laying some big mains throughout the city.
Whether these will be run to the north end of the city or the east end has not been definitely decided. There is not sufficient money provided to do both.
"There is no question that there is a great need of larger mains," Chairman Pocock informed The Advertiser. "Although we have plenty of water, it is quite probable that the residents of the north end will obtain little more water than last year of the year before. That is not due to any fault of the system, but merely because the mains will not carry any more water. No matter what pressure we may have, it will be impossible to force more water through them than they can carry. The only solution is larger mains. Of course, the east end is not well provided for."
Mr. John M. Moore, formerly engineer for the department, and a score of men in the city, who are well qualified to discuss the water problem, have urged the necessity of larger feed mains. We must have them, but we are doing a little at a time, and we expect that in a few years we will have the city properly covered."
Engineer Willis Chipman, in his report to the water commissioners some time ago, stated that it was necessary to enlarge the capacity of the mains. He pointed out that much of the city was practically without protection in case of fire, and anticipated the commissioners in the strongest terms to provide better facilities for distributing the water throughout the city.

A LONDONER CHOSEN FOR VICE-PRESIDENT

Baptist Young People's Union Elect
Officers.

[Special to The Advertiser.]
Hamilton, April 15.—The convention of the Baptist Young People's Union of Ontario and Quebec in St. James Street Baptist Church concluded this evening. About 200 delegates were in attendance. A new office of secretary-treasurer was created, and he will look after the work which has been in the hands of the ministers. The following officers were elected: W. H. Hinchman, president; Rev. H. H. Bingham, Rev. C. N. Baker (Montreal) and W. L. McKinnon (London), vice-presidents; superintendent of junior board, T. Dale Toronto; superintendent of the Bible readers' course, A. J. McGill of Niagara Falls; superintendent of sacred literature course, Rev. C. H. Shutt, Toronto. A resolution wishing King George and Queen Mary a long and prosperous reign, and the living to the convention's devotion to the King and the empire, carried.

SHOT BY BOARDER

Attacks Landlady Who Had Him
Quoted, and Then Suicides.

New York, April 15.—After being mortally wounded by a bullet today, Mrs. Anna Hertz dragged herself down three flights of stairs from her apartment and fell in the vestibule. Her husband, a man named Herman Hertz, who had been quoted as a boarder for non-payment of his bill. When she appeared at her door today, Hertz directed her to the door and then killed himself by sending a bullet through his brain. At the hospital it was said Mrs. Hertz would probably die.

PORTUGAL'S CONSTITUTION

Assembly To Appoint a President,
Who Will Select a Cabinet.

[Canadian Press.]
Lisbon, April 15.—After reported demands on the part of the Portuguese Provisional Government the Spanish Government has promised to stop the plotting of Portuguese monarchists on the frontier, and especially at Vigo and Tulu. Portuguese suspected of plotting will be asked to move further into Spanish territory.
The council of ministers has commenced to discuss the Republican constitution, which will be presented at the National Assembly.
The Diario de Noticias asserts that the chief points are as follows: The National Assembly, composed of 200 deputies, will elect a president of the republic, whose term of office will be five years. The president will then appoint a cabinet, likewise for a term of five years. There will be no minister of foreign affairs nor plenipotentiary in foreign powers.
The consuls will be charged with diplomatic work, the idea being to avoid unnecessary expenses.

PEANUTS SCATTERED OVER THE PAVEMENT

Portion of the Goobler Trust Came to
Grief.

Roasted peanuts were very cheap on Clarence street on Saturday. In fact, one section of the goobler trust was put out of commission owing to the fact that the peanuts were too much cooked.
One of the members of the trust, with a name that rhymes with society, was busy cutting his wares about 2 o'clock, when one of those charming April zephyrs caught his hat and chased it down the street. The hat landed on the pavement, and the member who had been cutting his wares was so busy trying to rescue the peanuts, he could do little.
A couple of buckets of water saved part of the cart, but not enough remains to make it worth while to repair it.

TAXING JEWELS.

Detroit, April 15.—City Assessor Nargel is on the trail of the society women whose jewels are described in the newspapers. He has saved the clip-pings describing the "glories" and "values" of the jewels, and has sent blank statements to some of the possessors that they may have opportunity to make new disclosures.
He says that he will summon some of the women to appear before the board of review unless they do make disclosures.

BLOOD BAD IN THE WINTER

INDOOR LIFE, TOO LITTLE EXERCISE, BREATHING IMPURE
AIR, EATING ARTIFICIAL
FOODS.

Is it any wonder that the system becomes poisoned with impure waste matter in the winter time, when you think of the artificial life we lead?
With doors and windows tight shut we breathe the stale air over and over again until it is incapable of purifying the blood.
In vain effort to cast the poisons out of the system the liver and kidneys are worked overtime until they become played out. Then comes the pain in the back, the headaches, the attacks of constipation and indigestion.
The quickest and most certain way to overcome this condition is by the use of Dr. Chase's Kidney-Liver Pills. They act definitely and directly on the liver and kidneys, awaken them to renewed energy in filtering poisons from the bowels and remove the cause of indigestion, backache and other body pains.
You are not experimenting when you use Dr. Chase's Kidney-Liver Pills. They are unique in their combined action on the liver and kidneys and for this reason stand without a rival as a means of purifying the blood and cleansing the filtering organs of the system.

A BACHELOR'S BENEFICENCE

Gives \$1,000 to Each of Ten Lady Of-
fice Hands.

[Canadian Press.]
Clinton, Ohio, April 15.—Stanley Rudy, 36 years of age, a bachelor, who is said to be worth \$200,000, and who has no relatives, today drew up a will in which he made the 2,000 American girls employed in the county house office beneficiaries to the extent of \$1,000 each.
Rudy met the girls during the long winter in the courts over questions as to whether he was able to take care of his own property, in which he was finally the victor.

PASS TO BLIND MAN

Permits Him To "Hear" Games in
Ohio State League.

Springfield, O., April 15.—A season pass to a blind man that he may "hear" the Ohio State Baseball League games at the local park, was the novel presentation that has been made by President Watkins of the club. The recipient of the favor is Peter Evans, vocal director in the Whiteburg College Conservatory of Music. Peter Evans enjoys a "hearing" ball game. By means of the unique calls on strikes and balls, the sounds of the batsmen hitting the ball, the shouts of boys or groans of the crowd and with someone to explain the intricate play, he follows the games with surprising accuracy. However, he has to be told when a player strikes a base.

FRENCH POPULATION GROWS

Suburbs Drawing From the Congested
Districts of Paris.

Paris, April 15.—The publication of the first results of the census which recently was taken throughout France, gives a lie to the pessimistic view generally taken of late years regarding the danger of the depopulation of the country.
Two facts stand out from the reports received so far. One is the decided tendency toward a partial abandonment of the land in favor of the suburbs, and the other is the decentralization of the most crowded sections of large cities. The heart of Paris, for instance, is getting less thickly populated, while the suburbs are receiving the benefit of the exodus and are growing steadily.
Throughout France the figures show a slow but general growth in the population. The most notable increase has taken place at Nancy and Toulouse, due, without doubt, to the growing prosperity of the eastern provinces. It is safe to say already that when all the returns will be shown that the population of France has grown considerably since the last census in 1906.

THE ASBESTOS OUTPUT

Ottawa, April 15.—The department of mines here has just issued an excellent report on Canada's asbestos industry. It reveals that 90 per cent of the world's supply of asbestos. The companies operating asbestos quarries and factories in the Dominion capitalized at \$4,200,000. In 1909 only 800 tons of asbestos were produced, valued at \$25,000, whereas in 1909 the production amounted to 2,500 tons, valued at \$2,500,000. In 1909, 2,000 men were employed in the asbestos industry, and received wages amounting to \$1,500,000. These facts and much valuable technical information of practical value to the general public are contained in the report. To give an idea of the enormous reserves in some of the asbestos deposits, the report mentions the case of one, the Black Lake quarries, Quebec, where there are some 4,000,000 tons of asbestos rock in

INTERNATIONAL FRIENDSHIP

A Notable Demonstration of Amity
at a Buffalo Meeting.

A notable demonstration of amity between the United States and Great Britain featured a reciprocity rally held at Buffalo, N. Y., on the evening of April 12. Three thousand citizens heard a severe storm to attend an address on "Buffalo, the World City," by Herbert N. Casson, a Canadian by birth. When he finished, the Americans applauded vociferously. The presiding officer tried in vain to stop the clapping. Nevertheless, now growing faint, and then bursting forth again in full blast, it continued on for three whole minutes.
Finally, when the oration ceased, and as silence contrasted with the thunder of applause just ended, the great organ burst into the strains of "God Save the King," and spontaneous applause greeted the playing of the British National Anthem.
Whereas, the enactment into law of the proposed reciprocity agreement between the United States and Canada will bring about the greatest possible benefit to be derived in both countries from the removal of artificial barriers in restraint of trade and commerce, and
Whereas, Buffalo, a great border city in the past has suffered much by reason of these restrictions, we hail with pleasure and satisfaction the prospect of renewing and reopening the extensive trade relations which we at one time maintained with our Canadian friends. Be it therefore
Resolved, that it is the sense of this meeting of the citizens of Buffalo and the Niagara frontier, here assembled, that we recognize in the proposed reciprocity agreements between the United States and Canada a material and substantial influence toward the natural development of the cordial relations existing between two closely allied and kindred nations; and be it further
Resolved, that we heartily endorse

EMBRO.
Dubro, April 14.—Mrs. E. Shanks and children, Mary and James, left yesterday for their home in Vernon, B. C., after spending two months with Mrs. Shanks' mother, Mrs. Mary McKenzie, John street. Mr. and Mrs. George Gordon have returned to Wexford, where Mr. Gordon has secured a position.
Mr. and Mrs. Shanks, who lately moved to our village, have gone to Bramford to reside.
The Misses Murray, of Rayside, are visiting at Mr. Wm. H. Sutcliffe's.
On Monday evening the many friends of Dr. and Mrs. G. A. Sutcliffe gathered at their home to spend a social evening together before they leave for their new home in Vancouver. During the course of the evening Dr. and Mrs. Sutcliffe were presented with a club bag and golf watch and chain for Mrs. Sutcliffe, and their little son Bruce with a child's set. Speeches were given by several gentlemen present, all of whom expressed regret at Dr. and Mrs. Sutcliffe's departure from our midst, but wished them every success in their new home. After lunch had been served, music and dancing were indulged in until an early hour.
Mrs. S. Wadland and children, of Harrington, spent Sunday with Mrs. Harrington's parents, Mr. and Mrs. William Northey.
At the prayer meeting in Knox Church on Wednesday evening, Mr. Fred Campbell delivered a splendid address on "Peace," which was highly enjoyed by all present.
Miss Agnes Munro, of Dunstable, is spending the holiday at her home.

LOBO.
Lobo, April 14.—A meeting of Lobo Women's Institute will be held at the home of Mrs. Andrew Ferguson on Wednesday afternoon, April 19, at 2 o'clock. Roll-call answered by an Easter sentiment. A good meeting is assured, and all ladies are cordially invited.
Miss Minnie McIntyre is spending the holiday season in London.
Mrs. James McArthur and daughter left for their new home in Strongfield, Sask., on Wednesday. Mr. McArthur will join the family in a few weeks.
Mr. W. C. Booth will preach a special Easter sermon next Sunday evening.

BAINARD-McNEIL.
On Thursday, April 13, a very pretty wedding was solemnized at the home of Mrs. R. McNeil, 42 Myrtle street, St. Thomas, when their daughter, Miss Margaret, was united in marriage to Mr. Charles W. Bainard, of Glenora. At the hour of noon, the bride, assisted by her sister, Miss Sarah McNeil, and the groom by his cousin, Mr. Francis D. Bainard, took their place under a beautiful evergreen arch while the ceremony was performed by Rev. Mr. Elliot, of the Centre Street Baptist Church, St. Thomas. The bride was tastefully gown in cream silk, and she was the recipient of many tender and costly gifts. The groom's attire was a handsome suit of gold and buff. After the ceremony and congratulations a tasteful wedding breakfast was served, and at the hour of 2:15 p.m. they left on the C. P. R. for points east. They will reside on their return at their farm on concession 3, Westminster.

ILBERTON.
Ilberton, April 15.—The Ladies' Aid of the Ilberton Methodist Church, Inc., held giving a "Society" concert on evening of April 17 at the home of Mr. R. Munce, Ilberton. Supper will be served from 8:30 to 9:30 p.m. After supper a good programme will be given. The admission is 25 cents for adults and 15 cents for children. A good time is expected.
Mr. S. Munce, who carried on a successful blacksmithing business here for many years, left last week for British Columbia, where he purposes to make his future home, if he likes the country.
The spring horse and cattle show will be held in the village on Friday, April 28. Capt. T. E. Robson, the noted auctioneer, will be present to sell any thoroughbred pedigree stock.
The congregation of the Methodist Church intend holding a communion social at the residence of Mr. Samuel

WINGHAM.
Wingham, April 15.—Interesting services were conducted yesterday, with special music, in all the churches, the interiors being decorated with Easter lilies and other flowers, making a very fine appearance.
Communion services were held in the English Church yesterday, Rev. Mr. Chubb officiating.
Master Reginald Smith has gone to Seaforth and Trurofield to spend the Easter holidays.
Miss Jennie Stapleton, of Toronto, is the guest of her parents.
Miss Ethel King is ill, and her many friends wish her a speedy recovery.
Mrs. Walter Hinch is visiting her son and other friends in Toronto.
Mr. Roy Mundy, who has been working in Stratford lately, gave Wingham a flying visit last week.
Mr. Annie, formerly fireman of the L. H. and E. running out of here, is preparing to move to London, this week, where he will reside, running from London to Windsor. His friends wish him good luck on his new run and position.
Miss Arlie Bishop, of London, is the guest of Mr. John Rogers.
Mrs. A. Bishop, who has been very ill, is greatly improved, and her friends will be glad to soon see her.
Mr. Dinkov, who was bandmaster for the Citizens' Band here, and an old employee of the Western foundry, has resigned his position and gone west.
Mr. Rouske, of London, is working as assistant blacksmith here, with Mr. W. Holmes, succeeding Mr. E. V. Lett, who is confined to his home in Clinton through illness.
Miss A. Dinsmore, who has been visiting friends in Brantford, has returned home.
Mr. and Mrs. Peter Linklater were visiting friends in Exeter on Good Friday and over Easter Sunday.
A football team is being organized here, and last Friday afternoon an exciting game was played between the English and Canadians, resulting in a score of 1 to 1.
A little three-year-old daughter met with an accident a few days ago by falling downstairs. This resulted in a fracture of her arm, as both the parents have been suffering considerably from illness lately.
The Davies Packing Company representative was in town last week, and it is rumored that they contemplate starting business in this northern territory. The good railway facilities here are an inducement.

SUICIDE AT HAMILTON
Harry MacDonald Found With Bullet Wound in Head.
Hamilton, April 17.—Lying dead in a coal wagon, with empty coal bags for a bed, Harry MacDonald, 21 years of age, 327 Barton street east, was found this afternoon with a revolver containing two empty cartridges still clasped in his hand, and a bullet wound in his forehead.
The body was found by his brother and some friends searching for him, as he had been missing from home since Friday evening. In the band of his hat was a note, the contents of which the police refuse to divulge.
Although it was evidently a case of suicide, Coroner Rennie has decided to hold an inquest.

FINDING IT HARD TO STRIKE RATE

It Looks as Though It May Be 23 1-2 Mills on Dollar This Year.

SOME CUTTING SATURDAY

Another Meeting Will Be Held Tonight to Further Consider Matter—Saturday's Results.

After grappling with the estimates for several hours on Saturday afternoon, the Finance Committee concluded that a rate of 23 mills was quite out of the question. There is a possibility of making it 23, but that is quite remote, they claim. It will be 23 1/2 mills.

The Finance Committee were confident that the estimates of the estimated spending bodies could be reduced sufficient to allow for a lower rate, but when they tried it, it was found absolutely impossible to get them down to any appreciable extent.

The first figures attacked were those of the board of education. Chairman Weston, Trust and J. M. and J. M. Gunn, and Secretary McElhennan were present.

As the result of an hour's conference the estimates were reduced \$3,000 all told.

The receipts of the Collegiate Institute were increased \$1,000. Of this amount \$200 was added to the anticipated receipts from the county, and the remainder from the Government as a grant towards manual training for the Collegiate. The expenditures remained the same. The city will be required to hand \$41,000 over to the board for Collegiate purposes.

The Public Schools.
The city of the public schools was increased \$1,700. Of this amount \$300 came from Government grants for manual training. The remainder \$1,400 is also a Government grant to be applied to the ordinary expenses. However, London's salaries are as high as the Government demands, so they have allowed the board of education to apply the same to ordinary expenses. Three items of expenditure were reduced \$1,500 all told. The amount set aside for stationery, \$2,000, was cut down to \$1,500. The cost of fuel was cut down from \$7,000 to \$5,500, and the item for new seating was chopped from \$1,000 to \$500.

The total estimated expenditure for schools was fixed at \$205,593.31, an increase of \$6,037.76 over last year.

When the estimates were reached, they were reduced \$1,138, the amount necessary to put walks on the market.

The Finance Committee had a great time with the board of works, and slashed \$63,875 off their estimates.

Of this amount \$28,875 was cut off, but against the remainder, \$35,000 additional receipts were put in.

More Franchise Taxes.
The committee decided that henceforth street cleaning must be paid for by franchise taxes, as is the case with street watering, and other local improvements.

"We have no right to pay for street cleaning," declared Ald. Richter. "It should not be paid out of the general rate. The property benefited should pay the cost of this work. We are existing to much out of the general rate as it is."

After some discussion the committee agreed to the change, and it may be carried by the council tonight.

This will mean an additional revenue from the streets of \$5,000, and will mean the payment of from 4 to 5 cents per foot by property owners for keeping their permanent pavements clean.

Parks Cut Down.
The appropriation for parks was slashed considerably, being reduced from \$2,515 to \$3,315. Of this amount \$2,000 was for cable work in the parks to properly light them.

"We cannot afford that," declared Ald. Eckert. "Let the water commissioners do the work as they should out of capital expenditure."

The Finance Committee struck closer when he reached streets and general improvements. The sum of \$24,622 was placed in the original estimates for gravel.

"Just cut that down to \$6,000," said Ald. Richter. "The amount of works this year simply have to fill up holes in order to protect the city. We will do no work of any extensive nature, but we have not got \$20,000. I have mentioned \$6,000, will be sufficient to do all the graveling we will need this year."

The committee agreed with the remarks of the aldermen, and immediately turned their attention to the pay sheets for street works. \$4,000 was cut for this was estimated at \$18,200, and it was promptly reduced to \$10,000. Various other items were cut down, the shaving being particularly scientific.

The estimate for a public comfort station, \$3,000, was removed without an argument.

Board of Works.
When the committee finished, the estimates for the board of works were reduced from \$105,827 to \$86,852, rather a good reduction.

"I am not satisfied," declared Ald. Eckert. "When we started we thought we could get sufficient to reduce the tax rate to at least 22 1/2 mills. In order to do that we wanted \$67,000, but we have not got \$50,000. I do not know where we are to get this money. If we cannot get it, we will simply have to strike a 23 1/2 mill rate."

The estimates for the various committees so far passed are as follows:

	1910	1911
No. 1	\$50,244.00	\$52,000.00
No. 2	62,930.00	66,952.00
No. 3	93,981.30	98,320.53
B. of Education	199,089.00	205,593.31
Hospital Trust	35,000.00	45,500.00
Library Board	12,064.00	12,064.00
Police Com.	47,653.00	47,500.00
It will readily be seen that the estimates are practically all the spending bodies are higher than a year ago.		

In round numbers, there is a difference of \$22,000 on the estimates, as compared with last year's figures, and it is more than does away with the surplus of \$18,000 coming from last year's council.

\$40,000 More Taxes.
Of course there is practically \$40,000 extra coming in taxes, but that is taken by the increase in debenture interest. The Finance Committee is the one upon which to work in lowering the rate.

Among the extraordinary items of expenditure to be met by the council this year are the following: \$12,500 for jail repairs, \$14,500 interest and sinking fund for Niagara power, \$4,000 for new motors at Victoria Hospital, \$2,000 for the Western Fair board, \$1,000 for Old Boys, about \$35,000 all told. There are other items of extraordinary expenditure, but not so important.

In connection with the item of \$14,500 for Niagara power the water com-

MISSONERS INFORMED THE FINANCE COMMITTEE THAT THEY WOULD TAKE THAT OFF THE CITY'S HANDS, BUT CITY AUDITOR JEWELL NOTIFIED THE COUNCIL THAT IT MUST BE PROVIDED FOR OUT OF GENERAL REVENUE. IT HAD TO BE PROVIDED, AND THE WATER COMMISSIONERS COULD NOT BE HELD RESPONSIBLE. HOWEVER, CHAIRMAN POOSOCK IS HOPEFUL THAT HE WILL BE ABLE TO MAKE THAT AMOUNT UP, AND HAND IT TO THE CITY NEXT YEAR AS A SURPLUS.

CROWD CHEERS COBOURG VERDICT

Scene in Courtroom When Matthews Is Acquitted.

JUDGE POINTS A MORAL

Jury Based Decision on the Credibility of Witnesses.

Cobourg, Ont., April 17.—Henry I. Matthews, Jun., was acquitted early Sunday morning on the charge of murdering Josephine Brimacombe, the deaf mute cook of the Teasdale Hotel, Port Colborne, whom he was accused of strangling.

At 1 o'clock Saturday afternoon all the evidence was in and after adjournment for luncheon, the arguments of counsel began. Justice Clute concluded his address to the jury at 6:20, and the jury remained out until after 1 o'clock. The court reassembled shortly before 11 o'clock, and the court room and the halls leading to it were crowded. The prisoner was escorted to the dock from the cells, and the crowd awaited the entry of the jury in profound silence.

The prisoner presented a quiet demeanor and appeared unmoved. When the verdict was announced the throngs in the courtroom and at the entrance broke into cheers that were echoed to the street and told the waiting crowds outside of the outcome.

Justice Clute then said to the prisoner: "The jury has taken what I consider a merciful view of your case. They have decided upon this evidence that you are not guilty. You are still a young man and I have no doubt that you wouldn't be where you are if you followed your better instincts and especially avoided intoxicants. Let me permit me to say with the best intentions I can, that I trust you will emphasize this verdict by the nature of your future life, of your future conduct. You are now discharged."

After the verdict it was said by a jurymen that the case rested on the question of the credibility of the witnesses.

BISHOP FORTHING ON MARRIAGE LAW

Would Have the Hebert Case Taken to Privy Council.

Montreal, April 17.—The annulment of the Hebert marriage drew forth a vigorous protest from Bishop Forthing this evening in Christ Church Cathedral.

He declared that the Roman Catholic Church cannot be allowed to touch the legality of a marriage of a Roman Catholic when performed by a minister of another church, though the church may inflict penance or other ecclesiastical discipline on the offenders.

His lordship called into question the interpretation of the law on the matter, and suggested that it would be in the interests of morality and peace if a test case were taken to the privy council.

The Hebert judgment, the bishop said, struck at the very root of family life, and there must be no more such scandal. Civil and religious equality of all must be sought for by the citizens of Canada.

HAMILTON MAN SUICIDES OUT WEST

Note in His Pocket Declares He Was Tired of Life.

Winnipeg, Man., April 17.—"I'm tired of it all. It's not worth the struggle, and I am going to end it."

Penning these words on a slip of paper, W. H. Blair, of Hamilton, Ont., drew a revolver and blew out his brains.

According to the punch marks on a railroad ticket found in his pocket, Blair had evidently left Toronto for Vancouver on April 10, arriving in Winnipeg, April 12. He had \$125 in cash on him and a valuable gold watch and chain, with the latter of which he had tried to reward a little girl at a farmhouse where he had asked for and received food.

Blair tragically took place on the high road three miles from Rosser. He was identified by his name being tattooed on his right arm.

FOUR KILLED IN BLAST.

Vancouver, B. C., April 17.—Four men were killed in a blasting accident at Pitt Lake, 40 miles from Vancouver, on Thursday evening. The names of the dead are:

Alex. Lowe, 43 years old, superintendent.
Arthur Lowe, aged 19, nephew of the former.
Adam Hein, aged 35.
William Arthur, aged 33.

The men were engaged in blasting, and evidently went back to examine a blast which had not gone off. Apparently they were standing right over when the explosion occurred, and were horribly mutilated.
