

DR. L. SECORD DIED TODAY AT HOSPITAL

Had Been Ill Only Since
Wednesday With Pneumonia

Was Mayor of Brantford
Two Years—A Splendid Citizen.

It is with much regret that the Courier records the comparatively sudden death of Dr. Levi Secord. He was around as recently as Wednesday morning, but in the afternoon complained of a chill and examination showed that he had contracted pneumonia. He was at once taken to the Hospital where he peacefully passed away this morning.

The doctor, who was born at Niagara on the Lake, came, at an early age, to Brantford with his father, who by the way, lost his life in the Desjardine canal accident, when a train went through a bridge into the water. After the usual school education deceased studied medicine at McGill University, Montreal and graduated with honors in 1876. He first of all practised in the village of Bright, Oxford County, and came to Brantford in 1884.

He speedily built up a good practice and also entered actively into political and municipal life. He did platform work for the Liberal party in more than one contest and became a member of the Public School Board. Later he entered the City Council and it was while he was Chairman of the Fire, Light and Sewers committee that the paid fire department was installed and a sewerage system established. In both essentials he did arduous and successful work. In 1892 and 1893 he occupied the position of Mayor and discharged the duties of that office with much tact and assiduity. He was very prominent in Fraternal Societies, having been a Past Master of DeLoe Lodge, A. F. and M. N., Past Grand Senior Warden of the Grand Lodge, and High Court Medical Examiner for many years of the Ancient Order of Foresters. In 1878 he was married to Miss Emily Howell daughter of the late Wesley Howell of this city.

Dr. Secord was a man of exceptional mental equipment ready in debate, keen in argument and of great determination in connection with any cause which he sought to espouse. As a physician, he ranked high, both in the estimation of the members of the Medical profession and of the public. To mourn his great loss, he leaves a sorrowing widow and three sons, Dr. E. R. Secord, Brantford, Dr. W. H. Secord, Winnipeg, and Arthur O. Secord, Brantford. They are in the kindly thoughts of very many friends during this time of bereavement.

Mayor Spence, as a mark of respect, will request the members of the City Council to attend the funeral in a body.

Col. Hughes

Strongly Opposed Against Use of Liquor in Drill Halls.

OTTAWA, May 8.—During the debate last night on the militia estimates there were several references to the temperance question, F. B. Carvell, of Carleton, claiming that liquor was to be found in every camp and in every officers' mess in the country. He said that he had been in the militia himself in the past and did not regard its moral uplift as very great. He charged the minister with sailing under false pretences on the temperance question.

Col. Hughes said that he was not "running clubs." He was "administering the militia department." If he were informed that officers were using liquor at their mess there would be an enquiry. If he was informed that liquor was used in drill halls he would soon put an end to it.

Not in Half, But in Three

The Hydro Electric bills for April were issued this week and users of the municipal current were more than pleased. One customer reports to the Courier a net bill of \$1.25 for the month. This included generous lighting of his house, electric iron, electric toaster, and other conveniences. He claims his bills have been cut in three by the Hydro tungsten lights.

SIMPLICITY MARKED THE SECOND WHITE HOUSE WEDDING TO TAKE PLACE WITHIN A YEAR

MISS ELEANOR R. WILSON
© BY MARCEAU

Simplicity marked the wedding of Miss Eleanor R. Wilson, the youngest of the President's three daughters, to Mr. William G. McAdoo, secretary of the Treasury, although the second to take place at the White House within a year.

The President's wishes and those of the bride and bridegroom coincided exactly when it came to desiring a simple ceremony, with the home feature emphasized above everything. Therefore it was a "home wedding," with only the nearest relatives and the members of the President's "official family" in attendance.

Two little girls who had a distinctive part in the day's event were Miss Sallie McAdoo, the schoolgirl daughter of the bridegroom, and Miss Nancy Lane, the little daughters of the

Secretary of the Interior, and Mrs. Franklin K. Lane. These two were flower girls. They walked before the bride's sisters, Mrs. Sayre and Miss Margaret Wilson.

So, although the simplest ceremony in the annals of the White House, Miss Wilson's wedding was not devoid of picturesque detail. The guests gathered in the Blue Room. The smallest of the State apartments, this room is the central one of the tier of three which connect the East Room with the State dining room. Many an envoy has been received there when he presented his credentials to the chief executive. The wedding followed in essential details that of June 21, 1884, when Mr. Cleveland married Miss Frances Easton in this room during his first term as President.

SLOW WORK IN GETTING NEW JURY

Six Vacant Seats in Jury
at Becker's New Trial.

Confession of Gunman
May Not Be Admitted.

[By Special Wire to the Courier] NEW YORK, May 8.—The third section of 100 of the 300 talsmen drawn or the second trial of Chas. Becker, former police lieutenant, charged with having instigated the murder of Herman Rosenthal, reported in court to-day when the third day's session began. Meanwhile another panel of 100 names was being drawn at the order of Justice Starbuck. This will make a total of 400 talsmen, fifty more than were drawn for the first Becker trial.

From the remaining 200 talsmen it was expected that the six vacant seats in the jury box would be filled out, and that District Attorney Whitman would make his opening address on Monday at the latest, and possibly to-morrow.

While the work of obtaining the jury drags slowly on, the possibility of sensational testimony is rumored. Process servers for the defense yesterday subpoenaed Warden Clancy and the Rev. William Cashin, the Catholic chaplain at Sing Sing prison. This action gave rise to the supposition that Warden Clancy and Father Cashin have been summoned to tell of the eleventh hour confession of "Dago Frank" Cirofici, in which the condemned man was credited with having declared that "Becker had nothing to do with the murder of Rosenthal." Cirofici made this statement, it is said, in the presence of the Warden, Father Cashin and his mother and sister, only a few minutes before he was led to the electric chair.

Whether or not the Cirofici confession will be admitted in evidence is problematical. It was not written down and to be of value to the defense it would have to be proved by those who heard it, and even in that event it might not be admissible unless held by the court to be a dying declaration. District Attorney

DECORATE AND BLOW, THE DUKE IS COMING

Mayor Spence again issued an appeal to citizens to decorate their residences and places of business with flags to-morrow on the occasion of the visit of the Duke of Connaught. His Worship is most anxious that Brantford will show its best front. In every town and city which the Duke has visited in Western Ontario recently, there has been a great display and a great welcome has been extended His Royal Highness. Brantford's welcome should be none the less spontaneous. Factory whistles and bells throughout the city will mark the Duke's arrival at 4.30.

All Ready For The Reception of Duke In City Tomorrow

The special committee re the visit of the Duke of Connaught and Princess Patricia's visit to the city to-morrow afternoon, held their final meeting this morning in the City Hall when Mr. W. F. Cocksbutt, M. P., was present to go over the programme with them.

The address which is to be presented to his Royal Highness at the Grand Trunk depot, was presented to the committee for approval. The address itself has been made out by Mr. D. G. Husband of this city, and the work is especially well done.

The address will be read to his Royal Highness by His Worship Mayor Spence.

The following are the exact details of the visit to the city. The Royal train will arrive at the Grand Trunk station at 4.30 p.m. His Royal Highness' private secretary, A. F. Sladen will then step to the platform, and Mr. W. F. Cocksbutt will present Mayor Spence to him. The Mayor will then be presented to His Royal Highness and Princess Patricia. The party will then inspect the guard of honor, consisting of 110 members of the Dufferin Rifles and a body of boy scouts and the cadets, and a royal salute will be given. After the inspection the party will retire to the inside of the station where Mayor Spence will read his address of welcome to His Royal Highness and the Duke of Connaught, Princess Patricia and Mayor Spence. The second car will contain Col. Faloner, Hon. Catherine Villiers, lady-in-waiting on Princess Patricia and Mr. and Mrs. W. F. Cocksbutt. The third car will contain J. H. Fisher, M. P., A. F. Salden, private secretary to the Duke and Messdames Brewster, Fisher and Spence.

The Mayor requests that every citizen and merchant along the route of the parade decorate their premises, and also he asks that the factories blow their whistles and the churches ring their bells at the time of the arrival at the station at 4.30.

MAY MARCH RIGHT ON TO MEXICO CITY

War Department at Washington is All Excited To-day.

[By Special Wire to the Courier] WASHINGTON, May 8.—It has been learned on high authority that the war department had under consideration to-day early and adequate reinforcement of the command of General Funston at Vera Cruz to carry out, any movement that might be necessary into the interior of Mexico. The question of placing a large force of Americans in Vera Cruz that would be strong enough to defend that port against any attack, or to undertake a possible campaign against Mexico City was later laid before the president and his cabinet by Secretary of War Garrison.

Huerta is Dogged. WASHINGTON, May 8.—Secretary Bryan admitted early to-day that the United States Government had received a note from the South American mediators seeking to solve the Mexican crisis, in which complaint is made by the Huerta Government that American operations at Vera Cruz are in violation of the armistice.

Asked as to the details of the mediating envoys note, Mr. Bryan said: "It simply sets forth what Huerta says. A reply to the note will be made."

To Get Big Force. WASHINGTON, May 8.—A long cipher telegram from General Funston at Vera Cruz that stirred the general staff of the army into a conference that did not break up until nearly midnight, was to be placed before the president and his cabinet to-day by Secretary Garrison. While details of the despatch were not given out, it was understood to contain reports taken to General Funston by refugees from Mexico City. Secretary Garrison said to-day no aggressive movement of any kind by the American forces was ordered, yet it was known that high officials of the war department were anxious to station at Vera Cruz or on ships within striking distance of that port, a force powerful enough to make a swift descent on Mexico City if that became necessary. Probably fifty thousand or sixty thousand men would be required.

Dr. J. W. S. McCullough told the Ontario health officers that the slaughter houses of the provinces were in a scandalous condition.

300 MILES PER HOUR BY NEW R'Y INVENTION

Wonderful System is Invented by a Frenchman.

British Railway Experts Are Greatly Interested.

[By Special Wire to the Courier] NEW YORK, May 8.—A cable to The Tribune from London says: A new and wonderful system which, it is claimed will revolutionize high speed traction throughout the world was demonstrated in London yesterday before the mechanical experts of the most important British railways. This new system which is the invention and discovery of a French scientist, Emile Bacheke, has at once elicited an offer of a great railway chief to lay down a special five mile circuit track in that the enormous speed claimed for it (300 miles an hour) may be tested. The system, as demonstrated yesterday by a model of the largest size did all that was claimed for it. A speed of 300 miles an hour was attained, the automatic propulsion and stopping of the car at any point during the journey was indicated by an electric signal and an almost absolute absence of all vibration was obtained.

The train travels through space without visible means of support, either above or below. At a wizard touch it is away like a flash, defying distance at the terrific speed of five miles a minute, defying all laws of gravity. M. Bacheke's system is made possible by the discovery that the effect of a magnetic coil on certain metals is to repel instead of attract. One of these metals is aluminum, and the effect of magnetic electricity on aluminum is a great factor in working the air train. As soon as the electric influence is set in motion coils, instead of attracting can push away, with the result that it is immediately raised and held suspended in the air clear of the track, the only connection between the car and the track being the brushes used for contact purposes.

Linus Woolvortson, of Grimsby, one of the most prominent fruit grovers in Canada, died after only four hours' illness, at the age of 68.

PARKS BOARD IS OPPOSED TO THE NEW PLANS

Vigorous Fight Will be Launched Against R'y's Demands.

A very important meeting of Parks Board was held last night in the mayor's office, at which a large amount of business was transacted.

The matter of the final laying out of the L. E. & N. along Jubilee Terrace was the chief matter considered. In effect the railway company want all the vital points settled by the Dominion Railway Commission at their sitting in Brantford, completely reversed in the railway's interest. Instead of an undercrossing for the railway at the boathouse, they wish to erect a flight of steps from the new roadway over the top of the railway tracks, thence down to the fixed wharf. The Parks Board are totally opposed to this change being made.

Another matter was that the railway company want to take possession of the whole of the strip of land along the said new driveway, solely on the plea that they want it for station ground. The board are of the opinion that a better location for the station is the one ordered by the Railway Commission, at the foot of Church St., extending to Waterloo. Many other matters in connection with the road were discussed.

The following resolution was unanimously carried by the board: Moved by Geo. F. Matthews, seconded by F. Grob, that the chairman of the board and chairman of the Grounds committee and the movers have given notice of their opposition such action from time to time as may, in their opinion, be wise or necessary to protect the interests of this board in all matters pertaining to the dealings of this board with the Lake Erie & Northern Railway Co.

The Railway Company have appealed to the Dominion Railway Commission to hear all these matters and the Board of Park Commissioners have given notice of their opposition to any changes proposed. Their stand is based now on the former decision of the Railway Commission, which the whole matter was dealt with by the commission a few months since in this city.

A letter was received from the Dufferin Bowling Club, thanking the Parks Board for enabling them to be made so fine a place of attraction and offering to do everything in their power to co-operate with the board. The secretary was instructed to reply suitably.

On invitation of the Conversation committee to attend the Congress on city planning and improving, to be held shortly at Toronto, the whole board were appointed to attend.

One of the local ball clubs was represented, asking for several dates at the park not yet appropriated.

Secretary Hawkins and Supt. Walker were appointed to close an agreement with this and other clubs for the disposal of all other dates. Accounts amounting to \$825 were passed.

A committee of the board was appointed to meet with the railway committee of the city council at Jubilee Terrace to-day at 4 o'clock, to look over matters that are in contention with both the city council and the Parks Board with the L. E. & N. Co.

Those in attendance were Chairman E. L. Gould, and Messrs F. Cocksbutt, F. Grob, Wm. Glover, Geo. S. Matthews and Secretary J. J. Hawkins.

Drugged With Whiskey.

Investigations are now proceeding which may result in a serious charge being laid against some man. Late last night a young woman was found drunk beside one of the subways on Grey street. She was helplessly intoxicated, but from her rambling talk it appears that a married man took her out for a drive and supplied her with whiskey. She refused to state the man's name and as it is surmised that he had ulterior motives the police are actively engaged hunting him up.

Victorian Order

The Victorian Order of Nurses held their regular meeting in the Public Library on May 6th. The work of this Order has grown to such an extent, that a third nurse, Miss Sanders, has been engaged, and arrived in the city Wednesday afternoon. The following is an extract from the Nurses' report:

Number of new cases nursed during April 52

Total cases nursed during month..... 63

Average daily hours on duty 9 1/2

Total number of night cases 23

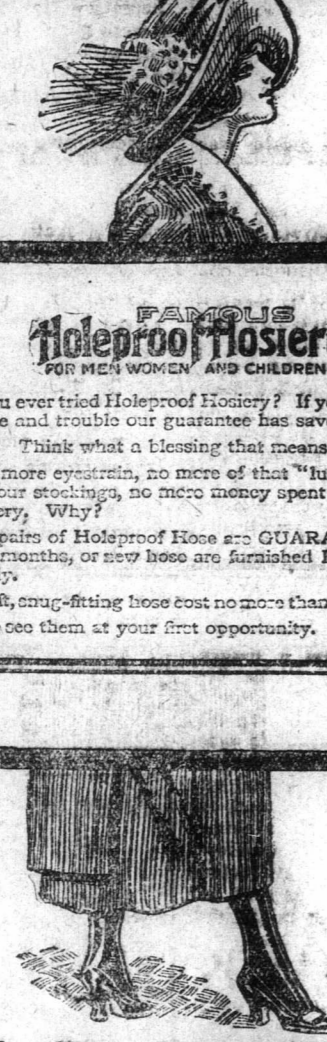

Out-lying visit during month 263

Casual visit during month 11

Miss Stuart also reported having received infants' clothing and two night dresses from Mrs. Whitaker, and one pair of blankets from Benevolent Society of Brant Avenue Church.

Late Fanny Harley.

The sad death occurred yesterday at the hospital of Fanny Harley, a young woman 20 years of age. She was very popular in the city and came from Elk City five years ago and resided at the home of her grandmother, Mrs. Mary A. McMeans, 30 King St. Many friends, who mourn the untimely end of a brightly disposed girl, will attend the funeral, which takes place to-morrow to Mt. Hope cemetery from the late home.

WESLEY CONCERT

Dixie Quintette Delighted a Large Audience Last Evening.

Opinion was unanimous that the last of the course of concerts given last night at the Wesley Church, was undoubtedly the best. For this, the fourth and last concert, the Dixie Quintette appeared before a large audience, which was held completely by the talent of the colored performers. They show great versatility and rocked their hearers with laughter, and accomplished much in the art of a harmonizing quintette. They have also their serious side, and not for a long time has anything finer than their homely heart songs been heard in this city.

The group is composed of five dark gentlemen, Messrs. Saunders, Johnson, Conley, Joseph and Turner, each of whom is especially clever in his own particular line. Opening with a united chorus "Comrades in Arms" the singers immediately had the attention of the assembly and that attention was kept on the performers without intermission. Among the greatly appreciated numbers was a selection on the banjo by Mr. Joseph, who proved himself a born player of this instrument.

A most fine reading was given by Mr. Johnson, taken from the works of Paul Lawrence Dunbar. The artist responded to an encore with encouragement.

A very sweet and melodious lullaby "The Sand Man" followed and an amusing encore "Me-on" resulted. The rendition was excellent and well merited approval accorded to it. A sketch of the old days of the Slaves was portrayed, illustrating the life of a darkie as it was at that day. Mr. Johnson made a good and amiable, but emphatic preacher. He was capably supported by a congregation of four but he nevertheless delivered a sermon which was somewhat a burlesque pattern. The services included an invocation from the works of Paul Lawrence Dunbar and they were well dealt with by Mr. Johnson.

Perhaps nothing heard in Brantford has excelled the richness and tone of Mr. Turner's basso voice and his songs, "Poor Black Joe" and "Rocked in the Cradle of the Deep" were intoned with great sympathetic feeling. He sings superbly and encores were demanded. "Sweet Salutee" was the name of a pleasant little song given in English as spoken by the incoming Spaniard. The closing number, "Buckwheat Cakes", was a fine effort and upheld the reputation already established of the Quintette, and giving the audience the best of good wishes the artists brought their performance to a close and the most successful concert of the season was over.

SLEPT 32 YEARS.

Swedish Woman in Trance From Fourteenth Year Until Forty-Sixth.

There are many cases on record of people remaining in a sleep-like trance for several years, these trances being often caused from injuries to the head, but no one has had so long a sleep as a woman named Caroline Allison, who lives in the little island of Okuo, off the coast of Sweden.

The sleeper of Okuo was born in 1811; she was a perfectly normal child, and for the first fourteen years of her life she was strong and healthy. She did not go to work till just before her 14th birthday. One day she came home complaining of toothache, and went to bed. Soon afterwards she fell into a deep trance, which lasted from 1875 to 1907, a period of 32 years.

While in this state she did not seem to see or hear, nor did she show any trace of feeling, for though her arms were pricked with pins, needles, and other sharp instruments she was not once observed to wince. Only once or twice did she seem to wake from her lethargy. On one occasion, in response to a cry from her mother, she moved her lips as if to try and speak. When her mother died Caroline must have been conscious of the fact, for the burial tears, though there was no other change in her condition. Two years later, when her brother was drowned, she also had a fit of weeping. For thirty years and more her mind consisted of two cupfuls of milk a day.

After the death of her brother she was left to the care of a housekeeper, and then gradual signs of awakening intelligence began to dawn. One day she was near her, and the food was seen to have gradually disappeared. There was no doubt that her trance had been broken. A few months later she regained consciousness, asking for her mother. She did not recognize her brothers at all, for she only remembered them as tiny boys. Gradually she regained possession of her faculties, until, at the age of 46, she had completely recovered from her trance, being in perfect health and well and hearty in every way.

She only remembers her early life, but nothing that happened during her long illness.

The Dignity of the Hammer.

"By hammer and hand all arts do stand," was the ancient motto of mechanics' guilds or associations. In the hammer lies the wealth of nations. Its many clear points on the anvil of industry and labor. By it are alike forged the glittering sword of contention and the dusty plowshare of agriculture; the ponderous engine that shakes the world and the tiny needle which unites alike the costly silks and satins of a queen and the rough homespun of the laborer.

Not a house is built, not a ship floats, not a carriage rolls, not a wheel spins, not an engine thunders, not a press speaks, not a bugle peals, not a spade delves, nor a banner floats without having endured the blow of the hammer. The hammer teaches us that great ends and large results can be accomplished only by good, hard, vigorous blows; that, if we would attain usefulness and reach the full perfection of what we are capable of becoming, we must not shrink from the hardships, buffetings and hard knocks of life, but early learn to cultivate the power of patient endurance.

Duty Performed.

"I'm glad to see you home so early," said the lady of the house. "Now, you remember I told you to be sure and stop in and inquire how poor Mrs. Brown was getting along. How is she?"

"Why, really, my dear, I—"

"Aha! So you didn't stop to see? I never saw such an absent-minded!"

"You wrong me. I did stop and inquire. But for the life of me I can't remember what they said about her. I'm forgetful, as you say, and—"

"Oh, never mind about that, darling. What do I care about what they said? Just so you stopped and asked, that's all that makes any difference."

Physiognomy.

Physiognomy—the art or science of telling a man's character from the cut of his face—is very old. The first systematic treatise on the subject is that attributed to Aristotle. The first printed works on the subject came out in 1470, since which time innumerable books on physiognomy have appeared. As to the comparative merits of physiognomy and phrenology, it is perhaps not too much to say that, as a key to character, the former beats the latter "all hollow."

Art Defended.

They were in a picture gallery. The man was from out of town and rather inclined to be critical. The girl was from the city and filled with civic pride.

They paused in front of a striking picture.

"Ah, that's an old master!" exclaimed the man.

"Maybe it is," defended the girl, "but you can see for yourself that the frame is perfectly new."

Overtime.

"Look here," said the office boy, "I think the boss ought to gimme a bit extra this week, but I guess he won't."

"What for?" asked the book-keeper.

"For overtime. I wuz dreamin' about me work all las' night."—London Mail.

Onions.

Garlic, onions, shallots and leeks have long been cultivated in almost all countries, and their origin is very uncertain. That of the scallion is better known. It grows spontaneously in Siberia.

Permanent exclusion of Ulster is admitted by the British Unionists to be dead and buried.

Social and Personal

The Courier is always pleased to use items of personal interest, Phone 781

Mrs. Banham and Miss May Banham left this morning for Vancouver.

Among the social events for next week is a farewell dance at the Golf Club on Thursday night for two popular brides to be.

Mr. and Mrs. Lloyd Harris and party are attending the opening of the Caldon club to-morrow. Guests will be present from Toronto, Hamilton and other cities.

Mr. and Mrs. Fred Frank announce the engagement of their daughter, Constance Nora, to Mr. William Ingram Mair, of Buffalo, N. Y. The wedding will take place quietly early in June.

Miss Cora Gould, who has resigned her position as physical director of the Y.W.C.A., is to-day visiting friends in Toronto. She has not, as has been erroneously stated, left for her home in Stratford.

The choir of Oxford St. church were last night entertained at the home of Miss O. Robinson, 158 Oxford street. The evening was enjoyably spent in music and games after which refreshments were served. The party broke up in the "wee sma' hours."

The presentation by the Collegiate pupils of "The Cricket on the Hearth" in the Opera House on Monday night next promises to be a notable, artistic and social event. Mr. Carter Troop of Toronto University, will give a short address on Dickens between acts.

"Of course it is not true," said Commander Evans, smilingly, when on his arrival in Winnipeg yesterday he was shown a despatch from London, England, to the effect that it was rumored that he had been secretly married to Lady Scott. Its contents at once amused and amazed him, and he asked for a copy of the despatch as a memento.

In a Precarious Position

A man standing on a platform suspended from one of the lifting cranes on the new post office, caused some comment from pedestrians along Dalhousie street this afternoon. The man was swinging in mid-air about 75 feet above terra firma.

Mayor Got Sore Arm

Mayor Spence this morning explained his inability to get the ball over the pan yesterday, from the fact that he had a "sore arm."

Laid At Rest

Late William Irwin.

Scenes of deep mourning marked the last obsequies attendant upon the death of the late William Irwin, when the Rev. R. D. Hamilton conducted the last solemn rites, which were largely attended by a very representative gathering of citizens.

Flowers in abundance testified the esteem and respect in which the deceased was held. They were sent in from all quarters, and were as follows:

WOMAN DIRECTS HOME PURCHASES

Quick to Recognize Genius and Sensitive Men.

Women have more strength in their looks than we have in our laws and more power by their tears than we have by our arguments.

It is assumed that the Almighty made man as his masterpiece, and conceived being that he is, man accepted this statement as a piece of truth.

That the earth and all its contents were made for his special benefit, that woman was created solely for his comfort, that the sun was made to give him light by day and the moon to enable him to find his way home at night, that the heavens were hung with a resplendent curtain of stars and the planets sent whirling through space in a majestic dance about the god of day simply to afford him matter for wonder and amusement—ideas of this sort evince an egotism that can only be accredited to man.

Masterpieces indeed! Why, God made man and, finding that he could not take care of himself, made woman to care of him, and she is discharging her heaven ordained duty in an artistic and capable manner.

Are Women the Weaker Vessels? Men are fond of alluding to women as "the weaker vessels," and Pope calls man the "great lord of things."

Men rule with a rod of iron the creatures of the earth, the sea and the air. They hurt defiance in the face of kings and presidents; they tread the ocean's foam beneath their feet; they harness the imperial thunderbolts to the jaunting electric car and even succeed in mounting the storm and flying upon the wind, but the bravest of them tremble and lie like Cretnas when called upon by their wives to explain some of their extravagant purchases, and for this reason many men delegate their wives as the official "family shoppers" and thereby shift the responsibility to them.

More Good Sense Than Men. Women have more good sense than men. They have fewer pretensions, less impatience in opinion and judge of values more from their immediate and involuntary impressions on the mind and therefore more truly and naturally. It is said "men have eight, women insight" For these and many other reasons women make better shoppers than men.

Women regulate their purchases altogether by the amount they have to spend, men by the amount of credit they can get. Women like to put their money where it will do the most good, men where it will explain the greatest show. Men are usually "broke," women very seldom. All of which goes to show that women are the "stronger vessels" after all.

Women Are Prone to Bargains.

Woman's weakness as a purchaser lies in her pronounced susceptibility to bargains. No man ever followed freedom in a big city for petroleum with half the enthusiasm that woman will trail the red, white and blue that constitute the banner of the bargain counter. And therein lies her temptation.

This trait of woman's nature is recognized by the mail-order and retail catalogue houses to the extent that nearly all of their misleading circulars and pictorial catalogues are addressed to the women. And the women, true to their natures, respond with many orders.

Their Spirit of Loyalty. Women are prone to bargain in the same way as men are prone to patriotism and spirit of loyalty to their own town and community when once they come to a full realization of the injury they are working both to themselves and their home merchants by sending their money away to some large corporation in a big city for goods that they can buy as cheaply and of much better grade at home and without the inconvenience necessitated by long delays when ordering from out of town merchants.

The Slogan of Woman. Women not only make the home worth while, but they make the local town, the countryside and the whole community worth while. Whenever there is found a movement on foot for the uplift and betterment of community interests and conditions women are the ones who are the most active and woman's influence can always be found behind it. Woman's slogan is, "Purity of home, purity of community and the home town and home merchant forever."

The mail order patrons are not willfully and consciously in the wrong; they are misled by the merchant. They are to use the language of a jocosmith of a dead century—trying to skin a fatted pig with a nickel and spilling a jack-knife worth a dollar.

Principal H. D. Coleman of Milverton Public School left that town on Friday and has not returned.

King George and Queen Mary opened the new wing of the British Museum.

Alabastine

THE interior of the most beautiful homes and other buildings are decorated with Alabastine. Alabastine gives tone, elegance and brilliancy to the walls. Alabastine is easily applied. Just use water and a flat brush. Alabastine colors are permanent, and will not rub off. It is a cement, and dually becomes harder and harder with age. An Alabastine wall can be re-coated without moving the old coat. Alabastine walls are a room lighter and more cheerful. No wall is so sanitary as an Alabastine wall. No disease germ or insect lives or breeds in Alabastine walls. We have in stock many beautiful specimens of Alabastine beauty.

THE ECHO PLACE IMPROVEMENT SOCIETY MEETS

New Cement Sidewalks Are Not For Use of Bicycle Riders.

The regular meeting of the Echo Place Improvement Association was held in Mohawk Park School last evening. Reports of all committees were received, and judging from the reports there will be quite a number of improvements in Echo Place, such as opening of new streets and extensions of cement sidewalks. It was moved by H. Fitness, and seconded by J. J. Burke, that Constable Kerr be asked to prosecute the bicycle riding on cement sidewalks in Echo Place. In the past few weeks there has been considerable riding on the sidewalks by people from Brantford, who are none too careful in passing the pedestrians. There have been several accidents. While the residents who are riding wheels find it a necessity of riding on sidewalks during bad weather, the residents of Echo Place, are not the ones who do the careless riding. There is a number of workmen in Echo Place who find it necessary to ride wheels to get to their place of employment, and while the Association do not wish to affect the careful

OUR ROYAL VISITOR

Arthur William Patrick, Duke of Connaught and Strathearn, K.G., K.T., K.P., G.M.B., G.C.S.I., G.C.M.G., G.C.I.E., G.C.V.O., P.C., Field Marshal and Governor-General of Canada, whose visit to St. Thomas is being loyally celebrated to-day, is the third son of the late Queen Victoria, and brother of the late King Edward VII.

He was born in Buckingham Palace, London, England, on May 1, 1850, so that he entered his 65th year on Friday last. Besides his position as Duke of Connaught, he is Prince of the United Kingdom, Duke of Saxony, Earl of Sussex and Prince of Cobour and Gotha.

Entering Woolwich Military Academy in 1866 when 16 years of age, His Royal Highness has proven himself both at home and abroad, in peace and in war, one of Britain's foremost soldiers. He became a Brigadier General of the British army in 1880.

In May, 1874, he was created Duke of Connaught and Strathearn, and took his place in the House of Lords in June of that year. In March, 1879, he married Princess Louise Margaret of Prussia.

He succeeded Lord Roberts as Commander-in-Chief in Ireland in 1900, and in 1901 was given command of the Third Army Corps. He has three children: H. R. H. Crown Princess of Sweden, H. R. H. Prince Arthur of Connaught and H. R. H. Princess Patricia of Connaught.

His Full Title.

Here is His Royal Highness' full title:

His Royal Highness, Prince Arthur William Patrick Albert, Duke of Connaught and of Strathearn, Earl of Sussex, Prince of the United Kingdom of Great Britain and Ireland, Duke of Saxony, Prince of Saxe-Coburg and Gotha, Knight of the Most Noble Order of the Garter, Knight of the Most Noble and Most Ancient Order of the Thistle, Knight of the Most Illustrious Order of St. Patrick, One of the Most Honorable Privy Council, Great Master of the Most Honorable Order of the Star of India, Knight Grand Cross of the Most Distinguished Order of St. Michael and St. George, Knight Grand Commander of the Most Eminent Order of the Indian Empire, Knight Grand Cross of the Royal Victorian Order, Aide-de-Camp to His Majesty, Governor-General and Commander-in-Chief of the Dominion of Canada.

riders, something must be done before any serious accidents happen.

A letter received from the Department of Agriculture, Toronto, stating that arrangements could be made to have one of their staff give a lecture on Gardening and Poultry. This matter was left in the hands of the Chairman of the Social Committee, and in the near future the residents of Echo Place will hear a lecture on Scientific Gardening and poultry-keeping. It was moved by Mr. Williams, and seconded by H. E. Craddock, that the secretary

write the Township Council re by-law of disposing of debris in the highway.

The trustees of the Elm Avenue Methodist Church have extended an invitation to the officers and members of the Improvement Association to attend the laying of their corner stone on May 16. This invitation was gladly accepted by the Association. Moved by Fitness and seconded by Mr. Thomas, that the secretary prepare a report of the Association and members to be included in the corner stone of Elm Avenue Methodist Church.

The officers presiding at last night's meeting, Morley Myers, President; F. T. Morrow, Vice-President; A. Edmondson, Treasurer. H. C. Thomas, Secretary.

BEAUTIFUL ADDRESS

Mr. Dave Husband Has Completed Very Artistic and Creditable Piece of Work.

The illuminated address to be presented to the Duke of Connaught is the production of Mr. D. G. Husband and both in design and execution it is a magnificent work of art. In the top centre is the Royal coat of arms with the coat of arms of the Province in the right hand corner and those of the city at the left. The border is of maple leaves with two miniature Union Jacks flying, and inserts of a Bell phone and Mohawk Church. The lower centre contains a picture of a Canadian beaver. In the right hand corner is a picture of Brant on horseback crossing "Brant's Ford" and in the left hand corner a splendid portrait of Alexander Graham Bell.

Local News

Many Visitors
Many fans from Paris, Berlin, Woodstock and other places as well as Hamilton came into the city yesterday for the ball game. Mr. D. B. Wood, ex-Mayor of Brantford, was among the Hamilton delegation.

Gas Main Repaired

The shortage of gas predicted by officials of the gas company as a result of the break in the main near Ingersoll, did not come off according to schedule yesterday. Many people went out of their way to take precautions in the event of a shortage, but the gas company effected repairs more quickly than expected. The high pressure got down to ten pounds, but to-day everything is alright.

The Cast

The following is the cast for The Players production of "The Sisterhood of Bridget," to be held next week at the Opera House, under the direction of M. E. Squire, M.O. Fred Trumper, Neil R. PLAYERS AT THE GRAND.

From present indications, the production on Monday evening next at the Grand, "The Cricket on the Hearth," by the graduating students of the Collegiate Institute, will be the best amateur production ever witnessed in this city. Under the direction of Mr. A. W. Burt, B.A., aided by suggestions from Mr. Bell-Smith, the director of the Toronto Dickens Fellowship Players, who last week presented this play at Toronto and Oshawa. The students have been practising earnestly for over two months. An added attraction is the address to be given by Mr. J. E. Carter Troop on "Charles Dickens." Mr. Troop, who is lecturer for Trinity College, has a well known reputation for being one of the best speakers on subjects of this kind on the Continent, and a splendid treat is promised. It is expected that a large and appreciative audience will be present. The play is being held under the auspices of the B.C.I. Literary Society.

AUTO WAS STRANDED.

Mayor Allan and his auto party were unsuccessful yesterday in making the trip by auto, which became stalled in a bad hole just east of Langford. The party, however, got radial connection and arrived here at 2.20. The spot in question has caused a lot of trouble to motorists in general.

Mayor Allan Was Surprised

Mayor Allan of Hamilton, when he arrived at the ball park yesterday afternoon, was struck dumb with amazement at the size of the crowd. "They cannot do this in Hamilton," said his Worship, "I don't care what they say. This is a mighty big congregation, and I am more than surprised at the wonderful interest taken in the game in Brantford. Hamilton might do better on a holiday, but on an ordinary week-day like this I have my doubts."

Thus spoke the head of our progressive suburb, the Ambitious City.

Will Attend in Body.

There will be a special meeting of the city council Monday afternoon at 2.30 when rigs will be provided for the members who will attend the funeral of the late Ex-Mayor Dr. Secord.

Will Represent Musicians.

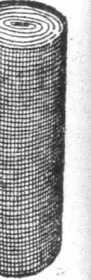

John McHutchison of the Dufferin Rifles Band leaves this evening for Des Moines, where he will represent the local musicians union at the Convention, which is being held in the American city.

Laid at Rest

The Late Mrs. Curtis.
The funeral of Mrs. David Curtis took place yesterday afternoon from the residence of her son-in-law, Judge Hardy, Hazel Brook farm to family burying ground at Greenwood cemetery. A very beautiful and impressive service was conducted at the house by Rev. C. C. Purton, rector of St. James' Church, pastor, who also read the committal service at the grave. The pallbearers were: Messrs. E. L. Gould, J. E. Waterous, E. Henwood, G. Hately, F. Leonard and F. J. Bishop. Many beautiful floral tributes from near and dear friends testified to the love and esteem in which Mrs. Curtis was generally held. Thus was laid to rest one who will be greatly missed not alone in the home circle but by many old and sincere friends throughout the city.

MEXICO'S PRESIDENT, WHO DARED THE U.S.

According to the Federalists in Mexico, and in agreement with the opinion of Great Britain and other European nations, the President of Mexico is General Victoriano Huerta. The United States has only conceded to him the right to the title of Provisional President at the outside, preferring to consider the country as being in condition of "revolution," of which the issue is still in doubt.

It makes this difference; if the United States have the rights of it, Huerta is merely a factional leader, only superior to Carranza and Villa, who are at war with him, because occupying a superior position as head of a government in control of the treasury. In that case Carranza and Villa are not rebels against constituted authority, but rival partizan leaders.

His own contention is that he has been elected President by the votes of the Mexicans, and President he is and means to be, notwithstanding the warring of Carranza and Villa—which is rebellion—and notwithstanding the opinion of the United States.

Whether Huerta instigated the assassination of the unfortunate President Madero, or not, is difficult to determine. He profited by his death at any rate. Felix Diaz may know all about that affair, and we shall probably be told the truth some day.

But Mexico is a land of bloodshed and treachery, and perhaps Huerta must not be held too strictly to account according to our standpoints. There appears to be no doubting the fact that he unblushingly manipulated the last election to secure his appointment to the Presidency.

Those who know him, declare that he has a grim sense of duty, and an undying devotion to Mexico, which makes him believe that he is intended to be the military Moses who shall lead Mexicans out of their disturbances and blood-lettings into the peace and comfort of a strong paternal government.

Oliver Cromwell had much the same

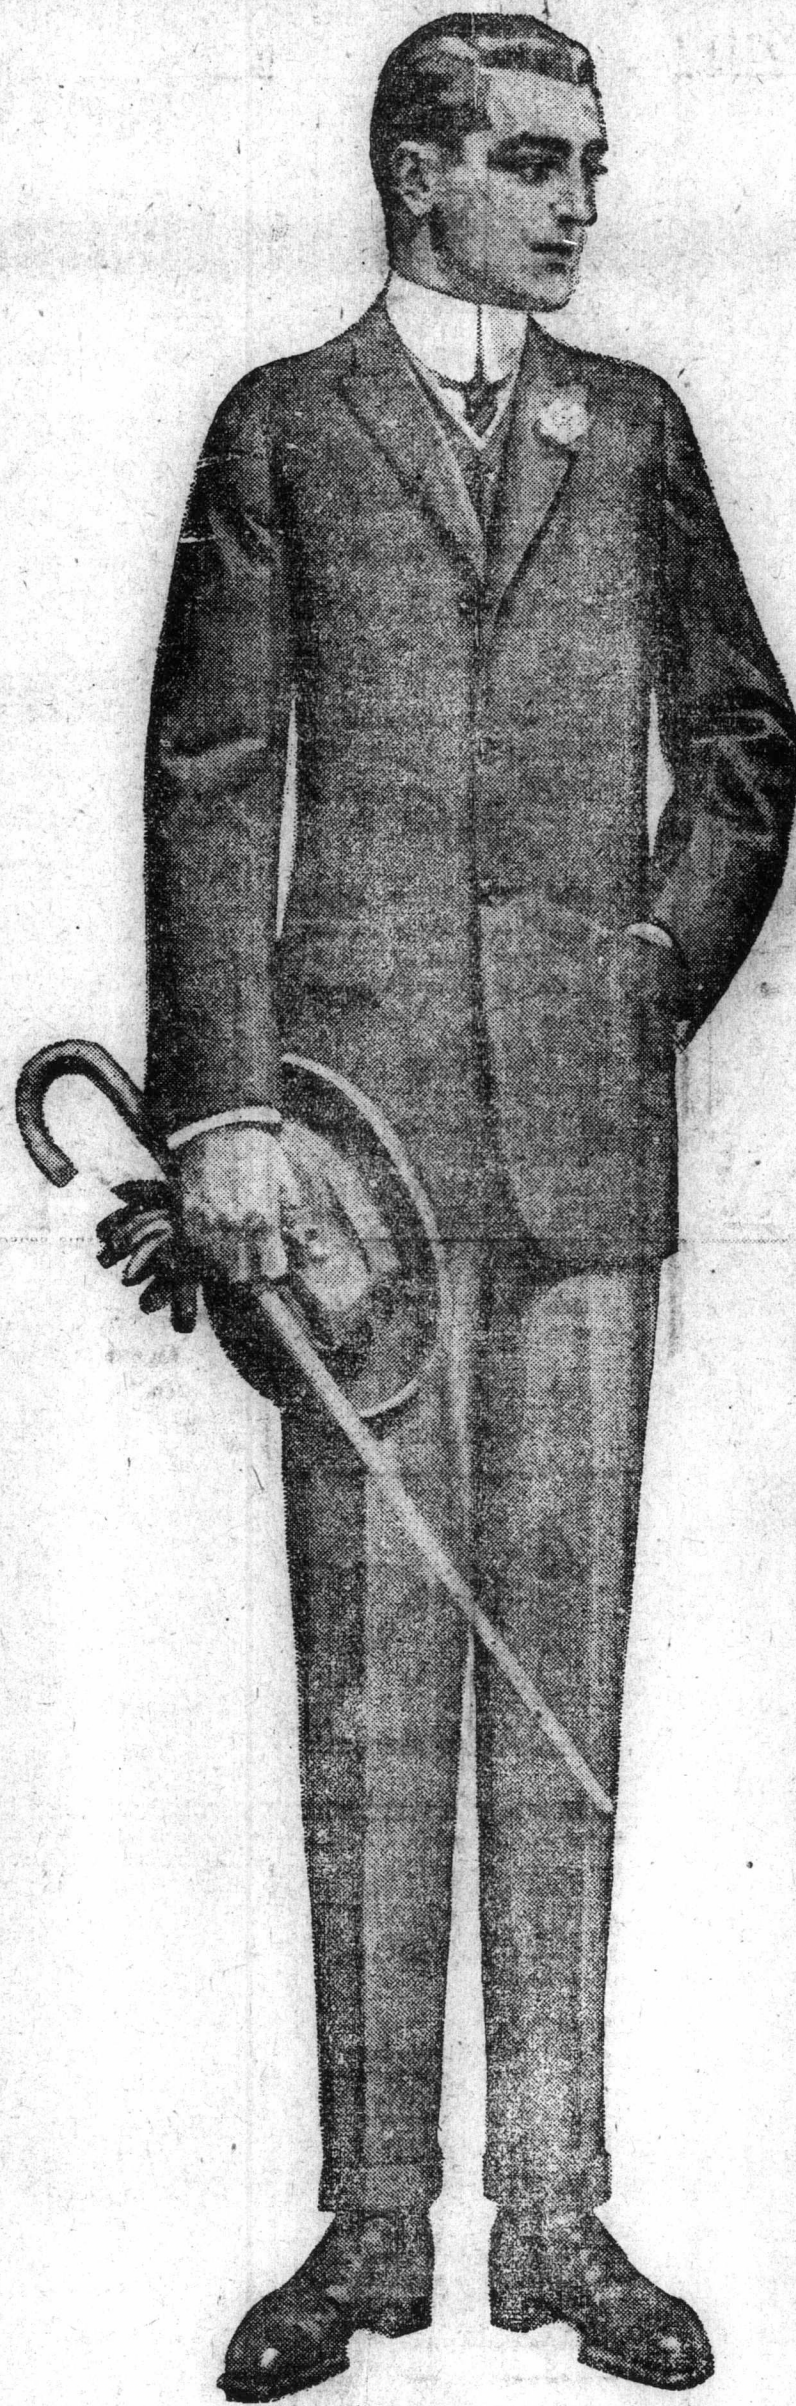

temperament, and held the same belief in his day. He, too, was accused of destroying his predecessor in the government. But his life was dominated by something higher and finer than the slippery sort of revengeful strategy which animates Huerta.

The strong-faced President has perhaps deliberately intended to involve his country in a war with the United States, in order that Mexico might combine its forces against a common foe. Possibly he is careless regarding his own disposition, provided he can save Mexico from further civil war. It may be charitable to think so.

As a matter of fact, however, he has certainly imperilled the political independence of his country, and the future is hardly likely to class him among the patriots of highest rank.

Hundreds Turned Away!

The Greatest Welcome Ever Given to Any Tailoring Establishment in Brantford. Hundreds of Men were Measured for New Spring Clothes, and Hundreds Could Not Get Waited Upon!

The fact that the men of Brantford know and appreciate an honest effort to give them real value for their money was demonstrated in our store last Saturday and Monday, when we measured hundreds of men for their new Spring clothes, and hundreds had to go away without getting waited upon.

No need to puzzle as to whether you'll buy custom-tailored clothes or pulled from the pile ready-mades, when you consider that you can get a faultless-fitting made-to-measure suit for \$14. They are guaranteed, too.

We found after opening our store in Brantford that the reputation of our famous \$14 Suits and Overcoats-to-measure had reached the city ahead of us. Many men living in Brantford had been wearing our clothes for some time, having ordered them at our Hamilton branch. This, no doubt, was to some extent responsible for the splendid reception that was given us on Saturday and Monday.

We want the confidence and goodwill of every customer who came to us on the opening days, and we are determined to hold it by giving these men better clothes than they have ever had before, at a saving of from \$5.00 to \$10.00

We know that some are skeptical about our being able to give clothes of perfect style, fit and all-wool material at this price. To those men who are in doubt, we point to our cast-iron guarantee of perfect satisfaction, or your money back, protects absolutely. We have been doing business on this method in Toronto, Hamilton, Edmonton and Regina for some time, and all you have to do is to ask any of our customers in these cities what they think of the Tip Top Tailors' clothes to ascertain that we are giving by far the greatest value in the Dominion of Canada to-day.

ORDER YOUR SUIT FOR THE 24th OF MAY NOW TO INSURE DELIVERY ON TIME

AN APOLOGY

The over-whelming response to the announcement of our opening on Saturday caught us with a service not quite adequate to wait upon all who came. To those who were unable to get waited upon, we wish to apologize and assure them of our best service and attention on their next visit. Additional salesmen and cutters will be on hand this Saturday and Monday.

Beware of Impudent Knockers!

Knockers usually live in glass houses—tailoring firms that sail under false colors from one year's end to another, by calling themselves something that they are not, should be the last to throw stones.

We want to say right here that no tailoring firm in Brantford owns any mills, in Scotland or England. When we commenced business we could have called ourselves Irish Woolen Mills, English Woolen Mills or French Woolen Mills, but we prefer to tell the truth.

We stand for clean advertising. Where are the Ad Clubs that want to clean up the advertising columns—let them get after the crooked tailors who are pretending to be something they are not.

We would not waste space to talk about these matters if it were not that silence is sometimes misunderstood, and when jealous competitors begin knocking we think it good business to set the public right "on a few things."

We go into the open market and buy our materials for the best price obtainable, the same as any other up-to-date tailoring firm. We employ the best Union labor to make our clothes, and all the work is done in our own tailoring shops. That we have been giving satisfaction to the men of Canada is well proven by the increase in our business since we opened our first store in Toronto.

Without being egotistical, we wish to state that, so far as we know, we are giving the greatest value for the price in tailored Suits and Overcoats that is given to-day in this country. If you wish to prove this, come to our store and see our woolsens, and let us make you a Suit or Overcoat. You take absolutely no chances, because if the garments we make for you are not perfectly satisfactory, we do not ask you to take them.

LAND APPEARS.
 The moving picture film, beginning
 with the far-off days when chaos lay on
 the waters, is depicting for us how God
 called the earth into being from the
 void and how He has upheld it and
 sustained it and carried it onward and
 upward toward its divinely appointed
 goal. All this is done while machinery,
 reproducing synchronously the
 tones of the human voice, helps in en-
 tertaining, enlightening and instruct-
 ing the auditor.

All this is being accomplished and
 will be accomplished by the marvelous
 photo-drama of "Creation," produced
 by the International Bible Students
 Association. This body of earnest and
 active supporters and disseminators

the hidden, mechanical lecturer, speak-
 ing in tones of eloquence and might,
 explains clearly each picture.

Scenes Staged in Holy Land.
 The preparation of the films used in
 the exhibitions has involved a consid-
 erable expense and activities conduct-
 ed in all parts of the world. The cam-
 eras have been carried into the Holy
 Land, and there on the Mount of

Olives and in Jerusalem have been
 found the backgrounds for re-nacted
 tragedies. Nature has not changed the
 face of the land of Palestine much for
 so many centuries, and the houses and
 the customs and dress are much as
 they were before the Christian era.

The Ordeals of the Martyrs.
 Some of the most graphic representa-
 tions of the films have to do with the

"DID YE THIS IN MY NAME?"
 of God's Word is planning to place in
 many large cities the photo-drama,
 which tells in interesting, easily un-
 derstandable picture and word the sto-
 ry of the early struggles of the Christian Church.

The International Bible Students

 charter and has offices at Lancaster

Military Notes

The Dufferin Rifles guard of honor for the Duke of Connaught will parade to-night at 8 o'clock in full dress.

They will be inspected by Col. Howard and will without a doubt be the finest guard ever made up from the 35th. Dress, black uniform, leggings, Wolsley helmets.

The Recruit class will parade at 8 o'clock for inspection by the Adjutant.

The N. NO's class will have their squad drill examination also, to-night. G. Co's have so far this season obtained 14 recruits and have several more in line.

Ontario has the largest representation for the Dominion of Canada on the Bisley team as will be seen by the following:

OTTAWA, Ont., May 8.—The twenty men who have accepted positions on the Bisley team represent the Provinces as follows: Ontario 11; Quebec 2; Nova Scotia 5; Alberta 2; Toronto has four representatives, Hamilton 2, Montreal 2, Guelph 2, Halifax 2, Ottawa 1, Calgary 1, Edmonton 1, Dundas 1, Bowmanville 1, Toronto 1, Alma N. S., 1.

The 48th Highlanders, with three representatives, has more than any other military unit.

An old crack shot and a familiar figure on Wimbledon Common, has received news of his selection.

Bowmanville, May 8.—Major W. C. King, paymaster 46th Durham Regiment, has received a message from Major R. J. Birwhistle, Secretary of the Dominion Rifle Association, Ottawa, stating that Capt. C. R. Crowe, 30th Regiment Wellington Rifles, having resigned his place on the Canadian Bisley team for 1914, he has been selected to fill the vacancy, being the first waiting man. Major King is postmaster here, but hopes to obtain leave of absence to accompany the Canadian team, Major King is a familiar figure at the Bisley meet, having been there once as adjutant and several times as member of the team, so that this year will be his

Jottings From Parliament Hill

The Liberal majority in the Senate is dwindling with gruesome speed. If as is pretty certain, Mr. Borden appoints Conservatives to succeed Senators Cox, Ross and Gibson, it will be down to 15, and when the nine new senators are appointed it will be but six.

Only two and a half years ago the Liberal majority in the Upper Chamber was 47. The composition of the Senate at the 1911 election was: Liberals 66, Conservatives 19, vacancies 2. One of these Liberals, Sir Lyman-kin, has resigned his seat. Mr. Melvin-Jones has changed his views. The oldest Senator is a Conservative, on C. E. Boucher de Boucherville, a former Premier of Quebec, who is 92. It is curious that the next oldest, Sir Mackenzie Bowell, who is

90, is also a Conservative. They are youngsters compared with Senator Wark who died a few years ago at 102.

The long list of Government legislation which Mr. Borden announced this week would be brought down this session fairly made the House gasp. Visions of prorogation on May 20, or even June 1, faded away.

When the Marquis of Lorne was governor-general from 1878 to 1883, Sir Wilfrid Laurier and Dr. Sproule were youngsters in the House. They are the oldest members of the Commons to-day who were members then. Several of the Senators were in the Commons at that time, however: Hon. Jas. Bolduc, Hon. Wm. McDonald, Sir Mackenzie Bowell, Hon. James Donville, Hon. George Taylor, Speaker of the House, and Hon. John Gosigan, Senators W. J. Macdonald, L. G. Power and Boucher de Boucherville were in the Senate.

Two British subjects were killed by a bomb during fighting on the Pacific coast of Mexico.

Prince Alexander of Teck will succeed the Duke of Connaught as Governor-General of Canada.

GRAY HAIR BECOMES DARK, THICK, GLOSSY

Look Years Younger! Try Grandma's Recipe of Sage and Sulphur and Nobody Will Know.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also ends dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Hair Remedy." You will get a large bottle for about 50 cents. Everybody uses this old, famous recipe, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger.

MOTOR CYCLISTS

FINED TODAY

P. C. Stanley Catches Two Speeders—Other Police Cases.

Judson Shuert jumped his bail on a drunk charge last September, and this morning he again appeared before Magistrate Livingston on a similar charge and was fined \$6 and costs—\$3 for each offence.

Wilson Standon and Roy Butler pleaded not guilty to speeding upon a motor-cycle. P. C. Stanley testified that they had been parading the principal streets on their cycles and were going 30 miles an hour at times. Complaints had been received by the police of defendants' conduct, and the magistrate said that as they had been warned to stop speeding, he would have to do his duty and impose a penalty of \$5 and costs each.

Lively scenes occurred outside of the New American Hotel on Saturday, April 3rd, and to-day John Longbottom and Barney Lake were charged with being disorderly on that occasion. They pleaded not guilty. A dozen men set upon him when he took the part of his pal and tried to get him away from a noisy squad with whom he was having a few words.

P. C. Stanley arriving upon the scene just upon the conclusion of the affray noted defendants were the centre of the crowd and he took their names. The Chief said they were further investigating the charge as they thought there were many more men concerned and he asked a remand, which was granted.

C. N. Sanderson was charged with keeping a vicious dog, but the animal appeared docile enough at the court. Dog-like it had chased squirrels at the Alexandra Park and a baton had to be used to scare it away. The owner pleaded that it was not vicious, and had got loose without his knowledge. It was young and playful. In view of its warnings that had appeared the Magistrate said he would be neglecting his duty if he allowed the dog to roam at large. It would have to be taken out of the city, or done away with.

ANOTHER LEAGUE
Employed Boys of Paris, Galt, and Brantford Will Play Ball This Season.

An employed boys' baseball league is formed and a first-class team will be entered from Brantford, Galt and Paris. Boys must be members of the Y.M.C.A. and be between an age limit of 15 to 18 years. Six games will be scheduled, and if the league is a success championships will be played off for the honor of Western Ontario, with the result of the league now formed in London, Woodstock and Ingersoll. The reason that these cities have not been incorporated into a six team league is because of the expense of travel. The schedule as drawn up for the local team is as follows: May 16—Paris at Brantford. May 23—Galt at Paris. May 30—Brantford at Galt. June 6—Brantford at Paris. June 13—Paris at Galt. June 20—Galt at Brantford.

BEACHVILLE'S WELCOME WOODSTOCK, Ont., May 8.—The Duke of Connaught received a hearty welcome this morning in the village of Beachville, west of this city, where his train stopped over night, the citizens turning out en masse to greet their royal visitors just before the train left for Woodstock. One hundred school children led by mounted marshalls paraded to the station and sang patriotic songs and waved union jacks.

DUKE AT STRATFORD. STRATFORD, Ont., May 8.—A vast crowd, far exceeding even that at the opening a few months ago, jammed Stratford's new Grand Trunk depot as the Duke of Connaught's special pulled in at 8 o'clock this morning. Mayor Stevenson and the City Council welcomed the party at the depot, where the Duke inspected a guard of honor from the 28th Perth regiment.

SLOW WORK
(Continued from Page 1)
Whitman, it is known, will contest the admission of the order of the commissioner of corrections, denying Becker the privilege of consultation with counsel except in his cell, District Attorney Whitman has arranged for a room in the criminal courts building, where the accused, his wife and counsel may meet during recesses and after adjournments. The action on the part of the commissioner of corrections followed the receipt of a petition complaining of conditions in the Tombs, which was characterized as a plot to discredit the prison administration. Becker, according to the alleged confession of a fellow prisoner, was leader of the movement.

BRANTFORD, CANADA, FRIDAY, MAY 8, 1914

FIRST GAME PROVED A REAL PITCHERS' BATTLE

Gero Distinguished Himself Against Hamilton.

Won the Opening Game 2-0, Before Record Crowd.

Before a crowd of some 3,500 wildly enthusiastic baseball fans, the 1914 Canadian League ball season was ushered in at Agricultural Park.

Prior to the commencement of the game, a monster parade of automobiles, headed by the 38th Dufferin Rifles band, left Victoria Park at 2:45 p.m., and proceeded down George street to Colborne, thence to Agricultural Park. The streets were lined

two balls, retired amid great cheering. Gero took care of Sheppard's slow roller, getting him at first.

For Brantford, "Biddy" Burns struck out after fouling some. Rickart popped to Dudley at third but Deneau looked at four bad ones and went to first. With two balls and one strike on Gaby Ivers, the Chief at-batter, the autos were abandoned and the band proceeded to the centre field fence with the Hamilton team on the left field line and the Brantford team on the right field line.

Hamilton threatened in the second, but Gero's masterly pitching saved the game. White got his shoulder in front of a fast one and went to first. Fisher laid down a perfect sacrifice and White went to second. Rubie took care of the next two all by himself, getting Dolan's grounder close to first and Unick's skyscraper.

For Brantford Honeck got the first hit of the season. After Ivers and Sandusky had been disposed of, the youngster beamed one into left field for a clean single. Beltz could not advance him and was out at first.

Barrows opened the third for Hamilton by hitting into centre field for a single, but Gero got him a minute later on a close decision at first. Gero struck Donohue out and Burns made a grand running catch of Gilhooley's liner. The hit had all the earmarks of an extra base clout, but "Old Reliable" was in front of it and stabbed it with his gloved hand. "Biddy" got a great hand from the crowd as he came in.

There was something doing in Brantford. Gero had been retired at first. Biddy Burns poled a hit along the right field foul line and then pilfered second. Red Fisher threw to centre field in attempting to get him and Biddy kept on but Sheppard on a great peg to Dudley at third got the runner cold, cutting off Brantford's chances to score.

Hamilton came near scoring again in the fourth. Dudley opened up with a single to left and passed ball and Sheppard's out worked his way to third, but the next two men went out.

Brantford started things in their half of the fourth. After Rickart had been retired, Deneau whaled out to deep field and then stole second. Fisher threw to second to catch him, but Anick dropped the ball, and Rubie kept right on, reaching third in safety, from where he scored a few minutes later on Gaby Iver's sacrifice fly. The play at the plate was close, but Fisher dropped the ball and Manager Deneau scored the first run of the Canadian League season. Sandusky kept up the good work with a hard rap to right field which counted for two bases. But there he stayed as Honeck went out at first. The crowd was wild with the joy of witnessing such a pitcher's battle as Gero and Donohue were putting up.

Hamilton went out in order in the first of the fifth, as did Brantford, two of their number fanning. In the sixth, both teams were again retired in order.

In the seventh, after two were gone Red Fisher smashed one into right field, but died at first when Beltz took care of Dolan's fly.

Gaby Ivers smashed one at Dudley, to start for Brantford, but that gentleman heaved wild to first and

Gaby was safe. Sandusky sacrificed him to second and Gaby then proceeded to pull a bonehead. Perhaps the coaches were to blame, but the play made Gaby look foolish. Honeck was at bat and he poled a line drive to left which White easily grabbed. Gaby at the crack of the bat started for home and had rounded third when White pegged to second completing a double play.

Unick started off the eighth by a line drive a little to the left of first base, which Deneau knocked down. Gero covered first but dropped Deneau's throw and Unick was safe. However the next three men went out, including the pinch hitter Baldwin, who batted for Donohue.

Manager Yates made a change at this stage of the game which proved disastrous. Donohue, who had been going good, was taken out and Doherty, a southpaw, was sent in. He proved easy for the Sox, who banged in a run in short order. Beltz hit a screamer through the pitcher and was sacrificed to second by LeCroix. Gero was safe on a fielder's choice, and only one man was down, and Beltz was on third. Gero stole second and Beltz scored on Biddy Burns' sacrifice fly to White, the throw hitting him on the back going home. Rickart fouled out, and Brantford's scoring was over.

Things looked bad for the Red Sox in the first of the ninth. Two errors placed men on first and second with only one gone, but Gero tightened up and retired the next two men.

It was a splendid game, and the ideal day made playing right. The diamond was heavy, but the fielding was good.

Unick looked good. He let go a couple of bad ones, but in the whole his work was very satisfactory.

TORONTO LOST TO KOCKNEYS

Murphy's Error Paved Way For a London Victory 4-3.

LONDON, Ont., May 8.—The opening game of the Canadian League here yesterday could not have been more ideal from the standpoint of baseball, weather and enthusiasm. Coupled with this ninth inning victory by the locals over the Toronto Beavers by the score of 4 to 3 made it a fitting finale.

London led with a two-run lead for five innings, when the visitors crept up and nosed them out by tallies in the fifth and seventh, only to be tied by the Tecumsehs in the seventh. Then, with two men out in the ninth, an error by Murphy put Lamy on first who then purloined second and scored on Bierbauer's hit along the third base line with the winning run.

The contest was a pitcher's battle between Kirley and Heck, although the latter received slightly poorer support as he kept the seven hits secured by the Beavers well scattered.

What You Don't Read In Box Score

It was some game! It was some crowd! There were 360 paid admissions and about 400 complimentary.

The receipts of opening day were \$790.25, grand stand in addition, making the total over \$1,000. Certainly a record for baseball in Brantford.

Rickart had a bad day for the opener, and some of the fans hold it against him. Some will do so all summer, but it will be unjustly.

Honeck got the first hit of the day, a beauty over second and the fans cheered the popular kid to the echo.

All the infield got into the hit column but Rickart.

Biddy Burns showed the fans some reason why Deneau brought him to Brantford this year. His fielding was sensational. In fact Burns was the only one of the club to have a chance to show.

Sandusky, Burns and Ivers all binged safely.

It was a light hitting game. Both teams were up against some swell pitching.

Things looked bad in the ninth, when two got on with only one out. Both should have been retired at first, but Gero showed some pitching and Fisher and Dolan were easily retired.

Gero was not looking for a shut-out in the ninth when he took Fisher's grounder and threw to first. He could have had a double play, but decided wisely with a two run lead that it was better to play it safe. At that a hit in the ninth would have tied the score.

Better pitching will not be witnessed in the Canadian League this year than that pulled off yesterday.

Belz played second in an experienced manner. He covered first on the bunts in first class style.

The players of both teams were guests of the management of the Brant Theatre last night.

their own team. Certain it is that the Hamilton fans are very strong for the bunch this year.

Mayor Spence will go to Hamilton next Thursday when Brantford opens up there.

Make no mistake about it, we've got a good ball club and we've got the pitchers.

Bobby Robinson, Sporting Editor of the Spectator, was very sweet on the Red Sox catcher, LeCroix. Bobby believed that Gero's success was helped a great deal by the real display of brains by LeCroix.

Bravo Peterboro! Beating the Yanks is felt to be some tough job.

Deneau has vanished Doc Yates, but Doc Reising is still even with him yet. It's a long while ahead before

comes Mutt and Jeff." It was some time before one could hear one's self think.

The first kick of the season was registered by Deneau, when Umpire Dudley called a strike on him which appeared to the Rubie to be close. A minute later when the chief tried to steal second and was called out, there was another grunt. That was all there was during the entire game.

Pitcher Donohue tried to pull off a childish trick when he ran away inside the first base line in an endeavor to interfere with Gero's throw. He was called down for it by the umpire. A blind fan could have seen it, it was so raw.

We will not refer to Deneau as the official steam-roller any more. He showed the younger lads how to run bases yesterday. Make no mistake about the snow plow.

Catcher Red Fisher had some pegging to do, and he missed about every chance he had.

Deneau pulled off a neat piece of work in Hamilton's third when he and LeCroix caught Barrows off first. Barrows was the first man up at that and it helped some to get him. It looked as if the Rubie pulled the runner's foot off the bag and then tagged him. A new way.

Biddy Burns' running catch in the third off Gilhooley's bat was a beauty. The smash was labelled for a couple of bases anyway.

Fans should not forget that we won the opener last year and there was a sorrowful tale to tell before the season was half over.

we get a chance at that cocky London bunch.

Hamilton fans invaded the box seats set aside for Mayor Allan and party. The result was that Hamilton's Mayor had to sit it out on the grass for the game. It was unintentional, but nevertheless should have been avoided.

Cricket The St. Georges' Cricket Club held an enthusiastic meeting last evening, a large number of players being in attendance, which promises well for the success of this club during the coming season.

A general practice will be held at the Club grounds of all members of both the Grace Church and St. Georges Clubs on Saturday afternoon next at 2:30 p.m. Captains of both teams particularly request every possible player to be on hand as the season opens the following Saturday.

The grounds, under the supervision of Chairman West and his committee, are in beautiful shape, in fact doubtful if ever they looked better this season of the year.

A general meeting of all members of the St. Georges Club will be held at the Borden Club rooms on Wednesday evening next at 8 p.m.

They were held at bay by one policeman, with drawn revolver until reinforcements came. The attack on Miller grew out of a condition following Behan's two-base hit in the ninth.

The crowd had swarmed on to the field and Miller called to Manager Blount that a hit into the crowd would go for three bases. Behan thought he was motioning him to third and left the second bag, only to be tagged out. At the end of the game a few minutes later, the crowd made an attack upon Miller. **Funeral of Mrs. George
Aitken—Other News
Items.**

(From our own correspondent).
PARIS, May 7.—The funeral of the late Mrs. George Aitken took place from her home, South Dumfries, this afternoon, to Genmorris cemetery.

Mrs. Aitken, whose maiden name was Johanna McKilgan and lived in this community most of her life, and was beloved by every one with whom she came in contact with. Mrs. Aitken leaves to mourn her loss two sons, Robert of South Dumfries and Jas. on the homestead. Mr. Aitken just pre-deceased his wife two months ago and their only daughter, Mrs. Sam Foulds, died two years ago.

The engagement is announced of Miss Vera Elkington of Paris to Mr. E. A. Wheeler of Medicine at, Alta. The wedding will take place about the end of the month.

Some persons visited the old market building the other evening, where Mr. Chas. Pelton, has his office, but after breaking in, they were not paid for all their trouble as the only things obtainable were a few stamps and cards. It is well for Mr. Pelton that he did not leave any money in the drawer.

The P. S. A. Brotherhood of the Congregational church are holding their last meeting of the season on Sunday afternoon. A full attendance is requested as certain prizes will be given to those who have been successful during the last quarter.

During the early morning some one went into Mrs. Willett's garden, corner of Banfield and River streets, and tore up a number of her flower beds. Then again the next day, in day light between one and two o'clock, her bed of hyacinths and one of pansies were pulled up by the roots. It is supposed to have been the work of school children during the day, and Mrs. Willett is trying hard to find out who the guilty parties are, and has asked Chief Felker to investigate.

The community was shocked when the news was sent from Brantford of the death of Frank Reed. Mr. Reed was well known in town, having lived here before moving to Brantford. His father, Mr. Wm. Reed Sr., and a brother, William, are still living here. Mrs. Kennedy Stewart of Toronto, is a sister, as also another brother, Fred, living in Winnipeg. The funeral takes place in Brantford on Sunday afternoon from his late residence to Mt. Hope cemetery.

Mr. Chas. Wells will conduct the "U and I" class next Sunday morning at the P.M.C.A. Assembly Hall. Boys are invited to come and bring their friends. A bright song service will be conducted before starting.

All that was mortal of Miss Jane Scott were laid to rest in the Paris cemetery. The deceased was in her 80th year and had been ailing for some time. Miss Scott had always made her home with Mr. Robert Carrick of Glenmorris. The funeral took place from his residence and was conducted by the Rev. Mr. Pettigrew.

At the meeting of the Board of Education, a letter was read from Mrs. Oliver, teacher of the Household Science class, resigning her position, which was accepted. Principal Dixon's report for the last month showed that there were 518 pupils on the Public school roll with an average attendance of 456. The receipts for the Penny Bank during April were \$60.25. The school trustees will ask permission from the Town Council to cut down some of the trees in front of the High School. The fence in front of the building will also be removed.

Dr. Dunton spoke in favor of the pupils of the 4th Form being allowed to enter the High school on a certificate. He considered it would be fairer to the pupils to pass them on their terms work than by an examination. It was decided to have the management committee confer with the entrance board with a view of accepting pupils on the certificate of the principal.

Birthdays of Note

FRIDAY, MAY EIGHTH

The Hon. Henry Joseph Cloran, K.C., Dominion Senator, is celebrating his fifty-ninth birthday to-day. He comes of Irish parentage and was born in Montreal. A lawyer by profession, he was for some years editor of the Montreal Post and True Witness. He then became Crown prosecutor for the city. Later he removed to Hawkesbury where he served for several years as mayor. On at least three occasions he ran for the House of Commons in the Liberal interest, but without success. Finally he was summoned to the Senate by the Earl of Minto in 1902. Senator Cloran was one of the founders of the Montreal Trades and Labor Council and has been president of several fraternal and sporting organizations in the city. He is a man of erudition and considerable popularity and is to-day one of the most prominent members of the Senate.

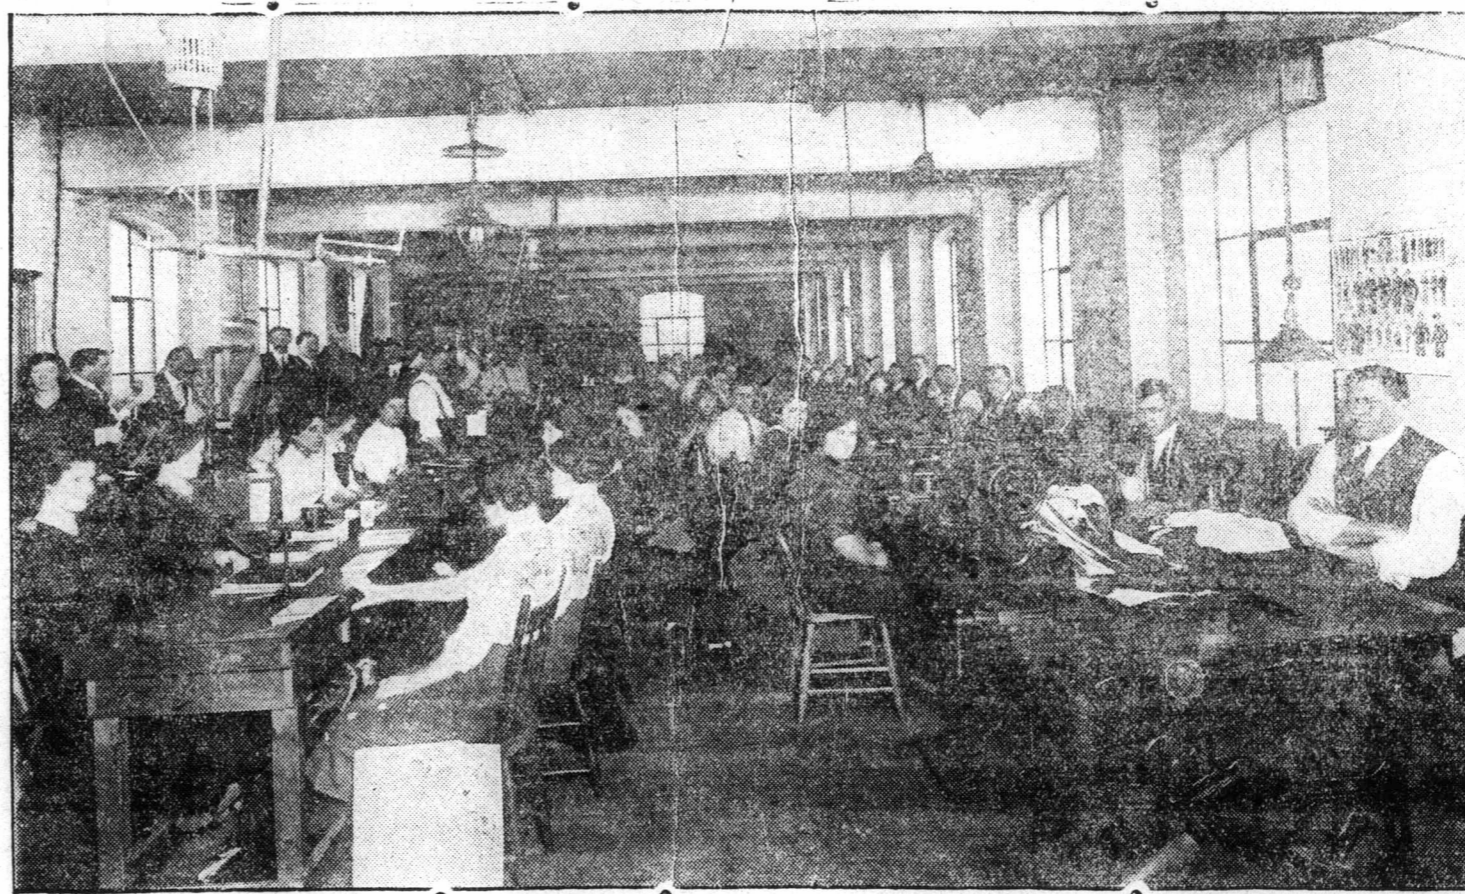

Also born to-day:—
Donald Guthrie, Guelph, born Edinburgh, Scotland, 1840.

Henry Miles, Montreal, born Lennoxville, P.Q., 1854.

Rt. Hon. Sir E. P. Morris, premier of Newfoundland, born St. John's, Newfoundland, 1859.

Hon. Sir A. B. Routhier, Quebec, born 1829.

WHERE GOOD CLOTHES COME FROM

One of the Workrooms Where Scotland Woolen Mills Clothes Are Tailored

We want you men of this city to see exactly where these wonderful Suits and Overcoats are tailored. Here is a view of the "Coat" room on the sixth floor of our fine new building at 50 Richmond St. East. Every one of the workrooms are equipped with the most modern process for producing garments of superior standards. Here our tailors do their work amidst the most sanitary and cleanly surroundings---in sunlight flooded tailor shops. Do you realize that hundreds of garments are made in foul smelling, badly ventilated workrooms, dark and gloomy, amidst disease germs and disease laden atmosphere.

WON CASE, LOST IT AGAIN

Lawyers in Witness Box in Case of Barber.

Two lawyers throwing off their oaths and testifying in the witness box, one lawyer winning action and losing it again, and a statement by the judge that the Crown Attorney might be instructed to take forged and perjury proceedings. The above were a few of the unique happenings in the course of an action tried by Judge Winchester in the County Court at Brantford on Monday.

The action was an echo to a suit disposed of in the County Court at the last sittings on a repudiated note, the costs amounting to \$75, and giving Altman a note for \$275 for 75 days.

Altman signed a release of all claims he might have against Wilder. Altman's claim was that Wilder was to get Sam Rosenberg to endorse the note as security, but the release contained no such condition. Rosenberg denied having endorsed the first note or having promised to go security for the second.

Counsel for Joseph Wilder arrived just in time to hear his honor dismiss the case against Rosenberg and give judgment against Joseph and Percy Wilder.

"I want to hear the whole story," said his honor, time and again, when questions were objected to, "because somebody is going to the criminal court over it."

Announcement

Having had our store thoroughly remodelled and newly decorated, equipped with the latest and most handsome designs of store fittings and fixtures, we have no hesitation in informing the public that Brantford now boasts a confectionery store unsurpassed by any in Canada.

We cordially invite you to be present at our

Grand Opening Saturday May 9th

There will be an orchestra in attendance throughout the evening. We intend to maintain the enviable reputation we have always enjoyed for the excellence of our Ice Creams, Fountain Drinks and Confectionery, and have installed every modern device for the proper making and serving of all those delightful drinks and frozen delicacies that have made this store famous.

Special attention will be given to the manufacture of our unrivalled chocolates, which we will sell at prices from 30 cents to \$1.00 per pound--every one of the countless varieties deliciously dainty.

Our cake department will sell over 83 different kinds of rich cakes of exquisite flavor, many of them specialties of our own. We will make a specialty of wedding cakes, as in the past, supplying always the finest procurable at the usual prices.

Don't forget the day--Saturday

Worth Saving? A bar of N.P. SOAP costs 15¢. It takes from four to five 5 cent cakes of other soaps to come near the same weight. That's a difference of at least 5¢. On a dollars worth of soap it amounts to from 25¢ to 40¢. And N.P. SOAP is better soap. Try it and see.

CHINESE GOLF LINKS IN BIG GRAVEYARD

Grave Mounds Serve as Bunker's and Burials Take Place While Play Goes On.

The most gruesome golf links in the world are in Tientsin, China, where a course is laid out in an immense graveyard. "And it is a mighty good course, too," declares Major Palmer E. Pierce, an American, who recently returned from two years' infantry service in China. "The grave mounds serve as bunkers the course is pretty level all the way round and some mighty good scores are turned in. "The custom in China is to place the coffins just below the surface of the ground and form the dirt that was dug out of the grave into a mound on top of the coffin. These grave mounds count as bunkers on this course, and because there are bunkers everywhere around the 18-hole course, it takes some good playing to get a good score. "Very often during the course of a game burials take place. Of course, in such cases the golfers try to keep their balls away from the funeral party, but occasionally a player gets a poor drive, and the ball bounds into an open grave. In cases where the ball falls into the grave

it may be taken out without penalty. "The greens are constructed between graves, and they are as fine as on any course in America or England. "The caddy charge is five cents for eighteen holes, and nearly every day there are numerous fights between hordes of Chinese boys for the caddy privilege. The boys have learned the caddy business and are just about as good at it as the American boys. "Our club house in one corner of the cemetery, is practically surrounded by a foundation of human bones, and not in any way referring to that which we eat."

FUNSTON CHAFES AT THE DELAY

Admiral Mayo Also Anxious to Get Into Action at Tampico.

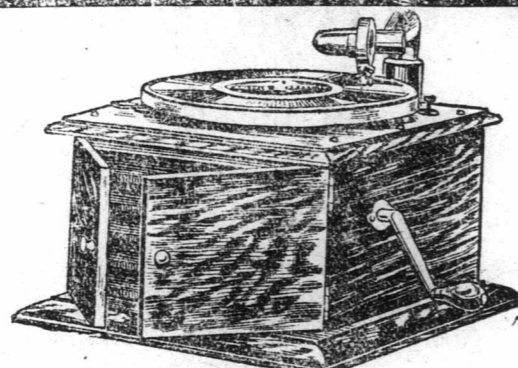

WASHINGTON, D.C., May 8.—With the virtual elimination of the Constitutionalists from proceedings aimed at a general settlement of Mexico's ills, the South American envoys began plans to compose differences between Huerta and the United States Government that led to the seizure of Vera Cruz. The mediators left open to Carranza the opportunity to enter the proceedings whenever he was ready to fix an armistice.

In official circles it was declared unlikely that the mediators would hold their sessions in Canada; some quiet New England resort is more likely.

The delegates will simply transmit the proposals of the mediators to their Governments and deliver the replies. **Funston is Chafing.**

Information came from Vera Cruz to the War Department recently that the Mexican Federal troops have mined the railroad tracks in preparation for the utter destruction of the road in the event that the American forces attempt a march on the capital. These preparations and the throwing up of defences are known to be a source of worry to General Funston, who would welcome orders to start for the Mexican capital at once.

Admiral Mayo at Tampico has informed the Navy Department that he would have no trouble in taking Tampico with his present forces, and it was learned that he has more than once hinted in his despatches that it would be advisable to take such action. He has now his flagship, the Des Moines, two cruisers and a torpedo boat fleet of nine.
